PETITIONS AND COMMUNICATIONS.

No. 466.

South Brooklyn Board of Trade, Office of the Secretary, 511 5th Ave., Brooklyn, New York City, February 16, 1912.

Board of Aldermen, City Hall, Manhattan:

Gentlemen—The South Brooklyn Board of Trade had a regular meeting held on February 2, 1912, adopting a resolution requesting your honorable body to report favorably upon any resolution that had for its purpose an increase in the number of Policemen assigned to the Borough of Brooklyn.

This Board believes that the present Police protection in this Borough is not adequate to meet the present needs. It feels that a substantial increase to the number of Police assigned to this Borough is absolutely necessary. Very truly yours,

EDWARD CASSIN, Secretary.

No. 467.

Resolutions Passed by Woman Suffrage Study Club, February 5, 1912.

Whereas, The growing uncleanliness, littered and disorderly condition of our streets is a menace to public health and decency; and

Whereas, A large part of said disorder is caused by the ignorance and carelessness of the public in throwing papers and other rubbish into the streets; and

Whereas, The existing City ordinances if enforced would vastly improve the condition of our streets and at the same time greatly diminish the work and trials of the Street Cleaning Department; and

Whereas, The Police Department does not enforce the ordinances pertaining to order and cleanliness; and

Whereas, Other sanitary ordinances, such as the expectorating nuisance, have been enforced by the Police to the great good of the public; be it therefore

Resolved, That we, the members of the Woman Suffrage Study Club, as housekeepers, do everything in our power towards seeing that the City ordinances pertaining to order and cleanliness be obeyed; and

Resolved, That we ask the proper authorities to see that the public, both householders and citizens, be effectively instructed in said ordinances in order that full cooperation may be brought about between the public and the Street Cleaning Department; and

Resolved, That we call upon the Police Department to enforce said ordinances on which the health and decency of the City depends; and

Resolved, That we further call upon the Police Department to provide fifty sanitary officers to carry out said instructions; and be it further

Resolved, That copies of these resolutions be sent to the Mayor, the Board of Estimate and Apportionment, the Board of Aldermen and to the Police and Street Cleaning Departments. LILIAN H. OLZENDAM, Secretary.

Which was referred to the Committee on Street Cleaning.

No. 468.

The Legal Aid Society, 25 Broad St., New York, February 20, 1912.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—As President of the Legal Aid Society, I respectfully represent to your honorable body that in disregard of the provisions of section 549 of the Code of Ordinances, grown persons and boys are now regularly engaged in throwing or casting missiles, more particularly hard baseballs, from streets of the City on to and against persons lawfully engaged in the use of said streets. The ordinance in question was adopted by your honorable Board and approved by the Mayor. At the present time, however, it has ceased to be effective. I understand that through an order of the Mayor the playing of ball on the public highways has been specially permitted. Whether his Honor the Mayor had the power to brush aside your honorable body's ordinance is a matter which I do not at this time desire to discuss. But the fact is that the Police Officers refuse to interfere with boys and grown men who endanger life and property by their use of heavy balls, such as baseballs. I have before me the particular case of Mrs. Mary Ettenborough, a poor wage-earner, who, a few days ago, while walking on the sidewalk of 145th st., between 7th and 8th aves., was violently struck by a baseball, which hit her in the eye, almost blinding her and disfiguring her to such an extent that she feels that she is disgracing herself by exhibiting her condition in public. I have it from another source that the wife of one of our most respected citizens, while walking in broad daylight on the sidewalk of E. 28th st., had her veil touched by just such a baseball, with which grown men were playing on the street. When protesting to the Police Officer, this lady was informed that under the Mayor's orders they were not to interfere in any manner with the efforts made by boys in the matter of ball playing or with the efforts made by any one in that respect, whether they hit or did not hit the citizens, whether they destroyed or did not destroy their property.

I fully realize that the children should be given a fair opportunity of having open-door exercise, but I also realize that by abusing that privilege to the extent above indicated a spirit of lawlessness and of disregard of the rights of others is being engendered in the young, most dangerous to our City. We should see to it that the young respect the life, the personality and the property of others. By preach-

ing the opposite policy and by carrying it out in the manner in which it is now being done, we will have a large and irrepressible element before we know it.

I wish to state that this letter is written by me to your honorable body as President of the Legal Aid Society, to whom Mary Ettenborough came to seek redress for the wrong and for the great injury done her. But I also desire to inform you that the Womans' Municipal League is in full accord with this, my protest, and in full sympathy with all who should wish to use the public highway without risk of injury at the hands of those who should still be under reasonable restraint. I shall ask your honorable body to take up this matter and to decide whether the ordinance above referred to, section 549, is still in force, or whether it has been abrogated by lawful authority, and, if so, by what authority. Very respectfully,

ARTHUR V. BRIESEN, President of the Legal Aid Society.

Which was referred to the Committee on Laws and Legislation.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Weights and Measures.

No. 469.

Mayor's Bureau of Weights and Measures, City Hall, City of New York, February 21, 1912.

Clerk, Board of Aldermen:

Dear Sir—I respectfully request that the enclosed amendments to the City ordinance be submitted to your honorable Board at its next meeting.

Yours very truly, JOHN L. WALSH, Commissioner.

Sec. 391A. No person shall sell or supply any coal, coke or charcoal in baskets or bags unless said baskets or bags used for the delivering of coal, coke or charcoal shall be of such capacity as to hold stricken full approximately one hundred pounds of anthracite coal, but baskets or bags of other sizes used for delivery may be used if the amount of anthracite coal they will contain stricken full is indelibly marked on the outside thereof in solid Roman capital letters at least three inches in height. When coal, coke or charcoal is sold in quantities of less than one hundred pounds in baskets, bags or pails, the provisions of section 391 shall not apply, and such baskets, bags or pails shall have the net weight of the contents plainly marked on the outside thereof in solid Roman capital letters at least one inch in height, but charcoal or coke in quantities less than one hundred pounds may be sold by standard dry measure, and in such cases the bag, basket or pail shall have plainly marked on the outside thereof the capacity in terms of standard dry measure in solid Roman letters at least one inch in height.

Any person violating the provisions of this section shall forfeit and pay for every such offense the sum of twenty-five dollars.

To amend section 384A, which is to read as follows:

Sec. 384A. No person, firm or corporation shall sell, offer for sale or give away any weights, scales, beams, measures of any kind or the tools, appliances or accessories connected with any and all instruments or mechanical devices for weighing or measuring intended to be used within The City of New York, until a type or types of the said weights, scales, beams, measures of every kind or the tools, appliances or accessories connected with any and all instruments or mechanical devices for measurement or public weighing, with specifications as to construction, shall have been submitted to and approved by the Commissioner of the Mayor's Bureau of Weights and Measures. The Commissioner shall, when said types are approved, designate a serial number, which serial number shall be used in identifying the type approved. A record of the serial numbers and to whom furnished shall be kept in the office of the Commissioner of the Mayor's Bureau of Weights and Measures.

Any person, firm or corporation who sells, offers for sale or gives away within The City of New York any weights, scales, beams, measures of any kind, or the tools, appliances or accessories connected with any and all instruments and mechanical devices for weighing and measuring, intended to be used within The City of New York, that do not comply with the specifications and types submitted and approved by the Mayor's Bureau of Weights and Measures, as provided in this section, shall be liable to a penalty of one hundred dollars for each and every such offense.

Sec. 2. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

Sec. 384C. The Commissioner of Weights and Measures of The City of New York shall have the power of regulation as to the manner in which all weights, scales, beams and measures of every kind shall be used or employed within The City of New York by any proprietor, agent, lessee or employee in determining the weight or measure of any commodity or article of merchandise sold or offered for sale within The City of New York.

No person shall violate any of the provisions of this section under a penalty of twenty-five dollars for every such offense.

To amend section 395A, which is to read as follows:

Sec. 395A. No person shall manufacture, construct, sell, offer for sale or give away any dry measure or liquid measure, or any barrel, pail, basket, vessel, container, intended to be used in the purchase or sale of any commodity or article of merchandise which shall not be so constructed as to conform with the standards provided by statute. Nor shall any person use any barrel, cask, pail, basket, vessel or container in the purchase or sale or offer for sale of any commodity or article of merchandise which does not conform to the standards provided by law, under a penalty of one hundred dollars for each offense.

Which was referred to the Committee on Laws and Legislation.

The Vice-Chairman laid before the Board the following communication from the District Attorney of Kings County.

No. 470.

District Attorney's Office, Kings County, N. Y., Brooklyn, New York City, February 24, 1912.

Honorable Board of Aldermen, City of New York:

Gentlemen—I hereby request the authorization of the sum of seven hundred and twenty-five dollars and thirty-six cents ($725.36), to meet deficiency in appropriations in the office of the District Attorney of Kings County for years 1910 and 1911, as follows:

December 31, 1910 Patrick Dougherty, ice supply	$60 40
September 30, 1911, New York Telephone Company, telephone service	12 20
October 31, 1911, New York Telephone Company, telephone service	89 14
November 30, 1911, New York Telephone Company, telephone service	87 11
December 31, 1911, New York Telephone Company, telephone service	31 51
October 12, 1911, Joseph J. O'Connell, M. D., expert service	275 00
November 13, 1911, W. E. Dennis, expert service	170 00
	$725 36

Respectfully, JAMES C. CROPSEY, District Attorney.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Comptroller:

No. 471.

City of New York, Department of Finance, February 24, 1912.

The Honorable The Board of Aldermen, City of New York:

Gentlemen—I would respectfully ask that you request the Board of Estimate and Apportionment, in the manner provided in section 188, subdivision 8, of the City Charter, to authorize the Comptroller to issue special revenue bonds in the sum of $41,750, to provide means for the employment of Accountants, Searchers and Clerks to complete an examination of the arrears in taxes, assessments and water rates, to establish a property register and ledger and for other necessary accounting work incidental to the preparation of a capital balance sheet for The City of New York. The purpose is to place the accounting of the City affairs on a basis that will permit making a statement periodically of the amount the City owes and what it owns.

The disordered and confused condition of the City's accounts was forcibly brought to light when an attempt was made in 1910 by a Committee of the Board of Estimate and Apportionment to prepare a corporate stock budget. So many discrepancies were developed in the credit balances in the hundreds of open funds between the records of the outside departments and those of the Department of Finance that the attempt at that time was abandoned.

Since then a great deal of work has been done by temporary Accountants in the employ of the Department of Finance toward the reconcilement of accounts, but there are hundreds of old accounts now on the books of the Department of Finance which, because of the system of bookkeeping prevailing prior to the adoption of the new accounting system, do not represent a true condition of offairs. Different elements, which should have been treated separately, have been so mixed in various accounts that the resultant balances are practically meaningless. To arrive at the correct facts will necessitate an exhaustive analysis, and as some of these accounts run back fifty years it is evident that to accomplish the desired results in the near future will necessitate a considerable additional force of temporary men.

The accounts representing arrears in assessments show an amount due the City of more than $25,000,000, of which it is estimated at least $15,000,000 is uncollectible. This is due to the fact that a large part of the arrears represent assessments levied against property owned by the City, State and Federal governments, as well as religious and charitable institutions, all of which are exempt from taxation. It is necessary to determine how much of the total arrears are due to assessments of this character and this will require a careful search of the records of the different Boroughs. This work will include an examination of the arrears of taxes and water rents, there being many millions of these also uncollectible because levied against property of the City and other exempt corporations or institutions.

The temporary help, provision for which is now requested, is also to set up on the books of the City, at proper values, the property which it owns. This will require a careful analysis and search of records, not only in this Department but in the various Boroughs as well.

It is absolutely necessary for a correct statement of the City's financial position that the accounts showing doubtful balances be examined sufficiently to determine their exact status, and also that the value of the property holdings of the City be established. It is also greatly to be desired that the work necessary to accomplish these results be done promptly, and to depend upon such time of the regular force as can be spared for this work will mean that the desired results cannot be secured for years.

For the reasons herein previously stated I would request that you give this application your favorable consideration at as early a date as may be practicable.

Very respectfully, WM. A. PRENDERGAST, Comptroller.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 472.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, February 26, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of four resolutions adopted by the Board of Estimate and Apportionment February 21, 1912, relative to the establishment of positions and additional grades of positions as follows:

Cal. No.	Department and Position.	Rate Per Annum	No. of Incumbents.
46	Office, President, Borough of The Bronx, Inspector of Plastering	$1,200 00	6
47	Office, President, Borough of Manhattan, Expert Accountant	3,250 00	1
48	District Attorney, Queens County, Investigator	1,500 00	1
52	Office, Chairman of Finance Committee, Board of Aldermen, Secretary	1,500 00	1

I also enclose copies of reports of the Committee on Salaries and Grades relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Borough of The Bronx of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	No. of Incumbents.
Inspector of Plastering	$1,200 00	6

A true copy of resolution adopted by the Board of Estimate and Apportionment February 21, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—The President of the Borough of The Bronx has appointed six Inspectors of Plastering, at the rate of $1,200 per annum, under the direction of the Superintendent of Buildings, pursuant to the provisions of section 60 of chapter 166 of the Laws of 1911, as follows:

> The building department of every city of the first class shall have jurisdiction over all plastering except where it conflicts with the duties of any other department or conflicts with any law conferring on any other department supervision of any portion of plastering. For such purpose there shall be appointed in each building department in a city of the first class by the head thereof a sufficient number of inspectors to perform such work as is necessary in the enforcement of this article, who, in addition to such qualifications as may be required by Civil Service Law, shall be competent plasterers of at least ten years' practical experience.

To pay the incumbents establishment is necessary, pursuant to the provisions of section 56 of the Greater New York Charter.

We recommend the adoption of the attached resolution approving the establishment of the $1,200 grade, for six incumbents. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Select Committee.

No. 473.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Manhattan of the position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	No. of Incumbents.
Expert Accountant	$3,250 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment February 21, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 12, 1912, the President of the Borough of Manhattan requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Expert Accountant, for one incumbent, at $3,250 per annum. In connection therewith we report as follows:

A new system of accounting has been installed in the office of the President. Until recently the work has been carried on under the supervision of an Expert Accountant from the Department of Finance. The Expert Accountant has been withdrawn and the President states that there is no one at present employed in his Department sufficiently skilled in accounting to carry on the work. The position, if established, will be filled by appointment from an eligible list of the Municipal Civil Service Commission.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Select Committee.

No. 474.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of District Attorney of Queens County, of the grade of position, in additional to those heretofore established, as follows:

Title.	Rate Per Annum.	No. of Incumbents.
Investigator	$1,500 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment February 21, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 2, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 27, 1911, the former District Attorney of Queens County requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Investigator at the rate of $5 per day, for one incumbent. On January 18, 1912, the request was amended by the present District Attorney to make the rate $1,800 per annum. In connection therewith we report as follows:

The District Attorney states that the establishment is for an incumbent to take the place of John A. Butler, who was a County Detective in the office, and paid $5 a day out of the Contingencies Account. Mr. Butler has been transferred to the County Court. There is now no County Detective or Investigator in the District Attorney's office, and there has been no establishment for the same. Chapter 598 of the Laws of 1911, provides for the appointment by the Judge of the County Court of two County Detectives in Queens, and the title of Investigator, therefore, is now proposed.

The District Attorney states that there has been such a position as County Detective or Investigator in the office for twelve years. He also states that the work in his office is of considerable volume, and that, having no police officers on detail, he is forced to rely in all cases upon meagre police reports, or such slight information as process servers may obtain.

In the Budget for 1912, provision is made for three Process Servers, at $1,000 per annum each, the only employees for outside work in the office.

In New York County the District Attorney details nine or ten Process Servers, at $1,200 per annum, to do all confidential work. In the County of Kings there are twelve County Detectives, at $1,500 per annum, several of whom are detailed as Investigators. In the Municipal Civil Service Commission Investigators are paid at the rate of $1,500 per annum.

In view of the foregoing, we recommend the adoption of the attached resolution approving the establishment of Investigator in the office at the rate of $1,500 per annum, for one incumbent. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Select Committee.

No. 475.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, February 26, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment February 21, 1912, relative to the issues of corporate stock, as follows:

Cal. No. 50—Amending resolution adopted July 17, 1911, which authorized the issue of $200,000 corporate stock for the construction of a foundation for the southeast wing and court building of the American Museum of Natural History, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, by adding thereto the words "and for Architects' fees for designing, planning and supervising the work of constructing the entire southeast wing and court building of the American Museum of Natural History."

Cal. No. 51—Authorizing the issue of $3,000 corporate stock for fire protection work in various buildings under the jurisdiction of the Department of Public Charities, and for the employment of expert engineers or architects to study and report upon the best system of fire protection of these buildings.

I also enclose copies of reports of the Corporate Stock Budget Committee relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That, subject to concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen on July 31, 1911, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred thousand dollars ($200,000), to provide means for *the construction of a foundation for the southeast wing and court building of the American Museum of Natural History,* under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be amended to read as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred thousand dollars ($200,000), to provide means *for the construction of a foundation for the southeast wing and court building, and for Architects' fees for designing, planning and supervising the work of constructing the entire southeast wing and court building of the American Museum of Natural History,* under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 9, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 13, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested amendment of a resolution adopted July 17, 1911, authorizing an issue of corporate stock in the sum of $200,000 to provide means for *"the construction of a foundation for the southeast wing and court building of the American Museum of Natural History."* In connection therewith, we report as follows:

The amendment is to include architects' fees for designing, planning and supervising the work of the entire structure, which, when completed, is estimated to cost about $720,000.

The Commissioner states the following:

"This amendment appears to be quite necessary as a preliminary, for the reason that it does not seem practicable to limit the employment of the architects to the foundations, which will be a part of the entire structure, and must necessarily be considered and planned in connection with the work as a whole."

In view of the foregoing, we recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

No. 476.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of an issue of corporate stock of The City of New York to an amount not exceeding three thousand dollars ($3,000), for the purpose of providing means for fire protection work in various buildings under the jurisdiction of the Department of Public Charities, and for the employment of Expert Engineers or Architects to study and report upon the best system of fire protection for these buildings, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

A true copy of resolution adopted by the Board of Estimate and Apportionment February 21, 1912. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On July 11, 1911, the Board of Aldermen adopted a resolution requesting $200,135 in special revenue bonds to provide for the installation of fire alarm systems, up to date fire escapes, standpipes, hose and other equipment in all the hospitals and buildings under the jurisdiction of the Department of Public Charities.

An investigation of the proposed improvements showed they were planned as permanent betterments, and if provided at all, should be charged to corporate stock instead of special revenue bonds.

Also, it appeared from the investigation that the proposed fire escapes and other protective equipment would be entirely inadequate, and, in some cases, might be worse than useless.

The Corporate Stock Budget Committee made a partial study of the situation and came to the conclusion that fire protection should be provided as quickly as possible; but that it should not be of a makeshift character and of doubtful value, but should be in accordance with the most modern ideas on this subject.

The buildings under the jurisdiction of the Department of Public Charities are so many, so scattered and vary so greatly in construction, that it is a difficult problem to devise satisfactory fire protection without a thorough study by experts. The Commissioner has no funds to employ experts. We believe that this study should be made before any appropriation is authorized, otherwise the Board of Estimate will not know how much to appropriate.

We recommend the authorization of $3,000 corporate stock, to be used by the Commissioner for the employment of expert engineers and architects to study the needs of the various hospitals and buildings and plan a comprehensive system of fire protection.

Attached hereto is a resolution, which, if adopted, will carry this recommendation into effect. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 21, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Board of Aldermen in the Office of the Chairman of the Finance Committee thereof, of the position and grade of position in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Secretary	$1,500 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—Under date of February 9, 1912, the Hon. Ardolph L. Kline, Acting President of the Board of Aldermen, transmitted a request to the Board of Estimate and Apportionment for the establishment of the position of Secretary to the Chairman of the Committee on Finance of the Board of Aldermen, at the rate of $1,500 per year. The request states that the incumbent is to be elected by the members of the Bard of Aldermen. The matter was referred at the meeting of February 15, 1912, to the Committee on Salaries and Grades and we report thereof as follows:

An investigation shows that the Chairman of the Committee on Finance has great need for some one to assist him in conducting the work of his office. The duties of the Chairman are very heavy. For several years he has been handicapped by the lack of help. The work in the office is increasing and unless some assistance is provided the Chairman cannot continue to perform his duties in a satisfactory way. At present the Chairman is paying for an assistant out of his personal funds. The nature of the work in the office requires considerable correspondence, investigation, the compilation of figures and facts and many other important duties.

We recommend the establishment of the grade of position as requested. The adoption of the attached resolution will carry this recommendation into effect.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Committee on Salaries and Grades.

Alderman Dowling moved the adoption of this resolution.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Cummuskey, Davis, Delaney, Devine, Dotzler, Dowling, Downing, Eichhorn, Folks, Gelbke, Gilmore, Hagenmiller, Hamilton, Hannon, Kenney, McCann, McCourt, McGrath, Moore, Mulligan, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Walsh, Weil, Willard, Wilmot; President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, by Lewis H. Pounds, Commissioner of Public Works, and the Vice-Chairman—43.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Health:

No. 478.

City of New York, Department of Health, Office of the Commissioner of Health, February 19, 1912.

Hon. P. J. SCULLY, City Clerk, the Board of Aldermen, City Hall, New York:

Dear Sir—I am in receipt of your notice of the meeting of the Committee on Finance at 1.30 p. m. to-day, with reference to Calendar No. 315, the application of the Board of Health for $5,000 special revenue bonds for the expenses of an exhibit at the Fifteenth International Congress on Hygiene and Demography, to be held at the Army Medical Museum at Washington in September, 1912. I regret it will be impossible for me to attend the committee meeting at this hour and desire to submit the following supplementary data in regard to this application as requested in a recent letter addressed to me by the Chairman of the Finance Committee.

In accordance with an invitation extended by the Congress of the United States and accepted by the Internantional Congress in session at Berlin in 1907, the Fifteenth International Congress on Hygiene and Demography will be held at Washington, D. C., September 23-28, 1912.

The President of the United States will be the Honorary President of this International Congress.

The object of the Congress is to extend the knowledge and improve the practice of hygiene, public health and vital statistics in the countries which participate. Naturally, these benefits accrue in largest measure to the country which is for the time being the host of the Congress.

An important feature of these Congresses has always been the exhibitions of the recent progress and the present condition of the public health movement in the co-operating countries.

Assurances have already been received that the various large European cities will be well represented in this exhibit.

The Board of Health strongly feels that it is the duty of New York, as the leading city of the United States, to make on this occasion a proper and adequate representation of the progress which has been made in its public health administration. The Board of Health has therefore prepared tentative plans of the exhibit, showing the work of the Department of Health and has made this application to your Honorable Board for funds to meet the expenses of this exhibit.

There can be no question concerning the great educational value of such an exhibit, and the Board of Health has, therefore, planned to subsequently use this same material at the Budget Exhibit, and also in its new quarters as a permanent museum of public health.

To cover the expenses of such an exhibit the Board of Health asks for $5,000, to be used for the preparation of models, tables and charts, illustrating the various activities of the Department; for installation and packing, for the printing of circulars, and for the expenses during the Congress of the necessary demonstrators and supervisors.

It is perhaps unnecessary to add that all expenditures from this fund of $5,000, if appropriated, will be made in the same manner as other expenditures from funds

available to the Department of Health subject to the usual audit by the Comptroller of The City of New York. Very truly yours,

ERNST J. LEDERLE, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 479.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, February 21, 1912.

Hon. JOHN PURROY MITCHEL, President, the Board of Aldermen, City of New York:

Dear Sir—In the departmental estimate for 1912 I requested that salaries of Clerks receiving less than $900 in the several Bureaus of Lamps and Lighting and Electrical Inspection of this Department be rated at $900 per annum for the year 1912. This involved increases, but by the ruling of the Board of Estimate and Apportionment none of these increases were allowed in the Budget for 1912.

It has been my policy in the past to increase the interest in the work by promotion for merit and to place salaries on a uniform basis with respect to the character of the work performed, and the Board of Estimate and Apportionment has already acceded to my requests for increases in the salaries of Clerks receiving less than $900 in Bureaus of Water Register and the Chief Engineer's Bureaus, whereby the salaries have all been raised to $900. At that time the Clerks in the Bureaus of Lamps and Lighting and Electrical Inspection were not included in the said request for increases.

The character of the work performed by these Clerks has been equally good, but the salaries have remained at $600, or less, and the efficiency of the said Bureaus has been very much impaired by transfers, etc., into other Bureaus of this Department and to other departments where they have been able to obtain $900 per annum, thereby compelling the said Bureaus to replace Clerks trained in the routine of the different offices by the addition of new and untrained Clerks.

It has been proven expedient and for the betterment of the service that Clerks should receive at least $900 when proven competent. This also precluded the disadvantages of having Clerks, trained in departmental workings, transferred to other departments where the salaries are on a higher plane than paid in this Department.

This standardization of salaries for Clerks in these grades also appears to me to be very necessary, and I would respectfully request that sufficient additional funds be provided by the Board of Aldermen, so that I may put all the Clerks in these grades on a standard basis.

In order to provide the moneys for the increases involved in the said standardization, I would respectfully request that special revenue bonds be authorized and issued to the amount of $3,097.67, the same being the actual funds that would be necessary, in addition to the present salaries, for the period March 1 to December 31, 1912.

I am, respectfully, HENRY S. THOMPSON, Commissioner.

No. 480.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, February 23, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—At a meeting of the Board of Estimate and Apportionment held February 21, 1912, a resolution was adopted authorizing the issue of $3,000 corporate stock for the purpose of providing means for fire protection in various buildings under the jurisdiction of the Department of Public Charities.

In accordance with the direction of the Board I transmit herewith copy of the report of the Corporate Stock Budget Committee recommending said issue, for the information of the Board of Aldermen.

The said issue of corporate stock was authorized in lieu of an issue of special revenue bonds, as requested by the resolution of the Board of Aldermen adopted July 11, 1911, in the sum of $200,133, for the installation of fire alarm systems, fire escapes, etc., etc., in all buildings under the jurisdiction of the Department of Public Charities, for the reasons set forth in the report of the Corporate Stock Budget Committee. Yours very truly, JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On July 11, 1911, the Board of Aldermen adopted a resolution requesting $200,133 in special revenue bonds to provide for the installation of fire alarm systems, up-to-date fire escapes, standpipes, hose and other equipment in all the hospitals and buildings under the jurisdiction of the Department of Public Charities.

An investigation of the proposed improvements showed they were planned as permanent betterments, and if provided at all should be charged to corporate stock instead of special revenue bonds.

Also, it appeared from the investigation that the proposed fire escapes and other protective equipment would be entirely inadequate, and, in some cases, might be worse than useless.

The Corporate Stock Budget Committee made a partial study of the situation and came to the conclusion that fire protection should be provided as quickly as possible; but that it should not be of a makeshift character and of doubtful value, but should be in accordance with the most modern ideas on this subject.

The Vice-Chairman laid before the Board the following communication from the Coroners, Borough of The Bronx:

No. 481.

Coroner's Office, Borough of The Bronx, No. 531 Tremont avenue, corner 3d avenue, New York, February 26, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—The Board of Coroners, Borough of The Bronx, hereby make application for the issue of Revenue Bonds for the sum of $369.84, to cover the deficiency in said office for the year 1911 in their contingent account. Yours truly,

A. F. SCHWANNECKE, JACOB SHONGUT, Coroners.

The Vice-Chairman laid before the Board the following communication from the Public Administrator of Kings County:

No. 482.

Office of Public Administrator, Kings County, 44 Court St., Temple Bar Building, Brooklyn, N. Y., February 26, 1912.

To the Board of Aldermen:

Gentlemen—On January 23, 1912, the President of the Borough of Brooklyn addressed a communication to your Board, requesting special revenue bonds to the extent of $1,600, to provide for the equipment of furniture, etc., for the office of the Public Administrator, created under a special act of the Legislature (chapter 774, Laws of 1911).

Included in his estimate were items, which, in my opinion, seem to apply directly to my administration of the office of the Public Administrator. There are elements of necessity which were not included in the President's estimate, but which are absolutely essential at this time.

I would therefore suggest that the request of the President be reduced to $1,195.45 and that your Board take action upon an individual request of this office for $1,666, making a total of $2,861.45.

The sum of $1,666 is made up as follows:

Salary Confidential File Clerk	$350 00
Salary Confidential Stenographer	500 00
Telephone	200 00
Law books	116 00
Contingencies, consisting of carfares, truck hire, etc., postage, etc	500 00
	$1,666 00

The Board of Estimate and Apportionment having recommended the establishment of the salaries and grades of the incumbents of the office in accordance with the provisions of section 56 of the Charter, the matter is now before you for concurrent action.

I would be pleased to support my estimate either personally or by submitting data at any time your Board requires justification of the items.

We are annexing hereto a list of the items and their approximate prices, which we calculate will aid you in reaching a conclusion. Very truly yours,

FRANK V. KELLY, Public Administrator, Kings County.

Office of Public Administrator, Kings County, 44 Court St., Temple Bar Building, Brooklyn, N. Y., February 26, 1912.

Board of Aldermen:

Gentlemen—The following is a list of the furniture and equipment required by us, for the purchase of which we are seeking an appropriation.

At the outset, we wish to say that each and every item of furniture is absolutely essential to the proper equipment of this office.

Public Administrator's Office.

One flat-top desk	$75 00
One rotary chair	21 75
Five chairs, $12 each	60 00
One rug, 12 by 15	50 00
One hat rack and one cuspidor	6 00

Counsel's Room.

One low roll-top desk, No. 209, 60-inch	62 40
One rotary chair, No. 924	20 75
Three chairs, No. 1409W, $9 each	27 00
One rug, 9 by 12	25 00
One hat rack and one cuspidor	6 00

Clerk's Office.

One low roll-top desk, No. 99, 66-inch	63 70
One rotary chair, No. 986LL	15 75
Three chairs, No. 1409W, $9 each	27 00
One rug, 9 by 12	25 00
One hat rack and one cuspidor	6 00

Outer Office.

Two typewriter chairs, No. 1492, $4.87 each	9 74
Two typewriter desks, No. 373, 50-inch, $23.40 each	46 80
Two Smith-Premier No. 10A typewriters, $80 each	160 00

You will probably observe that we have but one Stenographer and the natural query is why two typewriters? The answer is that the File Clerk is also a typist and typewrites many of her records and fills in on the machine many of the blank forms used by us, and we find by the experience of our predecessor that the second machine is indispensable.

Linoleum floor covering, 10, 6 by 8	25 00
Six chairs, No. 957W, $5.63 each	33 78
One clock	10 00

Library.

One rug, 9, 6 by 15	40 00
Library table, 3 by 7 or thereabouts	30 00
One hat rack	5 00
Six chairs, No. 957W, $5.63 each	33 78
Two four-drawer flat filing system cabinets to contain envelopes 10 by 15	40 00
One large cabinet containing drawers or compartments to contain stationery, blanks, etc	40 00
Drinking water service, towel supply	50 00
One large safe to contain private compartment, drawers and room for books	150 00
One revolving book rack	15 00
Relettering on doors and painting of floors	15 00
	$1,195 45

The items representing the individual request of the office of the sum of $1,687.68 are as follows:

Law Books.

Jessup's "Surrogate's Practice"		$9 00
Redfield's "Surrogate's Practice"		9 00
Fowler's "Personal Property Law"		5 00
Birdseye-Cumming and Gilbert "Consolidated Laws," six volumes and two supplements		54 00
Andrews' "Transfer Tax Law," annotated		6 50
"New York Annotated Code of Civil Procedure," five volumes		32 50

The item, "Law Books," is based upon an estimate from the Lawyers' Co-operative Publishing Company and represents rock-bottom figures.

Telephone service of at least 4,200 local messages per annum		200 00

This item is based upon an estimate from the contract department of the telephone company for the following service:

Switchboard	$36 00	
Two trunk lines	48 00	
Three extensions	18 00	
4,800 calls	144 00	
	246 00	

The local calls being subject to a City discount of 25 per cent. and other calls 40 per cent.

Incidentals, including postage		300 00

This item is made up approximately as follows:

Stamps (an average of 30 letters per day and not excessive)	$210 00	
The remaining ($90) is made up of incidentals, such as law blanks, open market orders for articles not supplied by the City Record, subscription to the "Law Journal" and other minor expenditures	90 00	
	$300 00	
Carfares, trucking, etc		200 00

This item is calculated to reimburse us for carfares, trucking, etc., in cases which are called to our attention and of which we are temporary custodian, but never qualify as Administrator; or in which property is delivered at the office and subsequently removed, or matters in which, after an investigation and the expenditure of carfares, etc., local next of kin are found. It is difficult to estimate the amount required for this purpose and it depends entirely upon the character and location of the matters under attention. It is safe to say, however, that this item alone represented in the past from 75 cents to $1 per day.

The salary of the Stenographer to the Public Administrator, as fixed by the Board of Estimate and Apportionment, $600 per annum (approximately)	500 00
The salary of Confidential File Clerk, as fixed by the Board of Estimate and Apportionment, $420 per anuum (approximately)	350 00
	$1,666 00

The prices of the items of furniture have been taken from Pearson's catalogue for your guidance only, although they bespeak our choice of furniture.

Very truly yours,

FRANK V. KELLY, Public Administrator, Kings County.

Report of Committee on Laws and Legislation—

No. 85—(G. O. No. 85).

The Committee on Laws and Legislation, to which was referred on January 9, 1912 (Minutes, page 82), the annexed resolution in favor of requesting City officers

using automobiles to attach speedometers and tabulate daily mileage records, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be advisable. This resolution, which is merely a request, is in line with recommendations made by a Special Committee, of which Alderman Smith was chairman, and which rendered a report to the last Board (page 417, Minutes of July 25, 1911, and page 433 of recommendation No. 2). The Committee recommends that the said resolution be adopted.

Resolutions Relative to Speedometers and Mileage Records of City-Owned Automobiles.

Whereas, No mileage records are kept of many automobiles owned by The City of New York, owing to the fact that proper speedometers have not been provided; and

Whereas, An accurate mileage record is necessary to determine whether or not an automobile is being run at an excessive cost; therefore be it

Resolved, That any officer of The City of New York having an automobile not equipped with a proper speedometer be and he hereby is requested to provide a proper speedometer, properly sealed, for every machine not so equipped, the cost not to exceed the sum of twenty-five dollars ($25), including the cost of installation; and be it further

Resolved, That each officer having an automobile under his supervision be and he hereby is requested to have tabulated in the future the daily mileage records of each machine, the speedometer reading to be recorded at the end and the beginning of each day, together with a detailed statement of expense for each car so owned and operated.

Reports of Committee on Salaries and Offices—

No. 265—(G. O. No. 86).

The Committee on Salaries and Offices, to which was recommitted on February 20, 1912 (Minutes, page 622), the annexed resolution in favor of establishing grade of Photographer, Department of Education, at $1,500 per annum, respectfully

REPORTS:

That this is a matter which the Committee previously reported upon adversely, and which was, at the last meeting of the Board, recommitted to this Committee after an explanation upon the floor by Commissioner McGowan, on behalf of the Board of Education.

Mr. McGowan has favored the Committee with a letter on this subject, which is hereto attached, and it has also heard from Chief Clerk Douglas of the Building Bureau, who appeared before the Committee and explained the very material need for a Photographer, who had work enough to keep him busy all the time. Mr. Douglas also stated that if this Photographer was allowed the position of Mechanical Draftsman at $1,830 per annum, which was the title of the place held by the man who formerly did this photographic work, would be abolished.

The Committee was not furnished with such positive statements from representatives of the Department of Education when it made its former report, and acted at that time on the best of its knowledge and belief. After the information now accorded it the Committee concludes that such an employee is needed, and it therefore recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held December 14, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Department of Education of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Photographer	$1,500 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

No. 321—(G. O. No. 87).

The Committee on Salaries and Offices, to which was referred on February 6, 1912 (Minutes, page 404), the annexed resolution in favor of establishing grade of Assistant Director of Bacteriological Laboratories, Department of Health, at $3,000 per annum, respectfully

REPORTS:

That it has received attached letter from the Commissioner and that Dr. Park, Director of Laboratories, appeared before the Committee and stated that before his promotion he held this position, having been appointed as a Medical Inspector and assigned to laboratories. This position went to the First Assistant a year ago, and this request is to establish a similar position and have the title correspond to the work. There is no increase in salary involved; the proposition is simply that the work is entirely laboratory work and is now performed by a Medical Inspector at the same salary.

The Committee recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 1, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Health of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Assistant Director of Bacteriological Laboratories	$3,000 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

City of New York, Department of Health, Office of the Commissioner of Health, February 10, 1912.

Hon. P. J. SCULLY, Clerk, Board of Aldermen, City of New York:

Dear Sir—I am in receipt of your notice to attend the meeting of the Committee on Salaries and Offices at 11 o'clock to-day, in relation to the application of the Department of Health for the establishment of the grade of Assistant Director of Bacteriological Laboratories at $3,000 per annum for one incumbent, your calendar number 321. I regret that my duties make it impossible for me to attend your meeting at this time, and trust that the following explanation of the request will enable your Committee to take favorable action.

Among the positions provided for the Division of Laboratories for the year 1911 and 1912 was that of one Medical Inspector at $3,000 and one Assistant Director of Laboratories at $3,000. The duties of the two positions are similar in many respects, and the Department is now desirous of having the title of Medical Inspector changed to that of Assistant Director of Bacteriological Laboratories, so that the titles will conform to the character of work performed. The Municipal Civil Service Commission have stated that they will permit the appointing of persons from the list established for Medical Inspector with a knowledge of bacteriology, with salary at the rate of $3,000 per annum, to fill vacancies in the position of Assistant Director in the same grade. While the position of Assistant Director is already established in the Department, as above indicated, it is only established for one individual, and it therefore becomes necessary to make this further request to permit the employment of an additional person in this position and grade.

Very truly yours, ERNST J. LEDERLE, Commissioner.

No. 323A—(G. O. No. 88).

The Committee on Salaries and Offices, to which was referred on February 6, 1912 (Minutes, page 406), the annexed resolution in favor of establishing the grades of Forester, at $1,650; Assistant Engineer, at $2,250, and Clerk, at $1,050 per annum, in the Department of Parks, Borough of Queens, respectfully

REPORTS:

That this is a matter into which the Committee has gone very carefully, having had the representatives of the Department before it on two occasions. Commissioner Eliot came before the Committee and made an urgent plea for all the positions mentioned in the resolution passed by the Board of Estimate and Apportionment on February 1, 1912. This is an entirely new Department, created by act of the Legislature in 1911, which divorced the Borough of Queens Park Department from that of the Borough of Brooklyn, of which it had so long formed a part, principally on account of the immense area of park property in Queens. On account of this new establishment, it is difficult for both the head of the Department and your Committee to reach an absolute standard for the needs of the Department as regards the superior employees. However, considering the fact that a Chief Engineer was allowed in the Budget, and that at the time of your Committee meeting (February 23) had not been appointed, the Committee feels that the position of Superintendent cannot be imperatively needed, especially as the other positions contained in the resolution, Forester, Assistant Engineer, Draftsman and Clerk are in the opinion of the Committee essential to the proper care of the parks, and are designed by their very titles to uphold the hands and assist the Chief Engineer by taking off his shoulders the many details which would now crowd upon him.

The Committee recommends that so much of the resolution submitted as is covered by the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in so much of the resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 1, 1912, recommending the establishment in the Department of Parks, Borough of Queens, of certain grades of positions, in addition to those heretofore established, as relates to the following:

Title.	Rate Per Annum.	Number of Incumbents.
Forester	$1,650 00	1
Assistant Engineer	2,250 00	1
Clerk	1,050 00	1

No. 323B—(G. O. No. 89).

The Committee on Salaries and Offices to which was referred on February 6, 1912 (Minutes, page 406), the annexed resolution in favor of establishing grade of Draftsman at $1,800 per annum, Department of Parks, Borough of Queens, respectfully

REPORTS:

That the Committee has examined this subject carefully, and after consulting the Commissioner has come to the conclusion that, while a Draftsman is needed, one may be secured at a lower rate who will be competent to perform the work expected of him. It, therefore, recommends that the grade be reduced, and that the accompanying resolution calling for a Draftsman at $1,500 per annum be adopted.

Resolved, That so much of the resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 1, 1912, recommending the establishment in the Department of Parks, Borough of Queens, of certain grades of positions, in addition to those heretofore established, as relates to the following position:

Title.	Rate Per Annum.	Number of Incumbents.
Draftsman	$1,800 00	1

—is hereby amended so as to read:

Title.	Rate Per Annum.	Number of Incumbents.
Draftsman	$1,500 00	1

—and as so amended, is hereby approved of and concurred in by the Board of Aldermen.

No. 328—(G. O. No. 90).

The Committee on Salaries and Offices to which was referred on February 6, 1912 (Minutes, page 409), the annexed resolution in favor of establishing grades of Consulting Expert on Filtration, at $6,000 per annum, and Division Engineers, at $5,000 and $4,500 per annum, respectively, Department of Water Supply, Gas and Electricity, respectfully

REPORTS:

That this resolution is one of those recertified to this Board by the Secretary of the Board of Estimate and Apportionment after the 1st of January, 1912, it having been certified to the last Board in 1911, and failed of passage. The Committee held that subsequent action of the Board of Estimate and Apportionment and the Board of Aldermen in passing the Budget for 1912, this resolution having been passed in the former Board on September 21, 1911, covered the places sought to be established by this resolution. The Deputy Commissioner of the Department, who appeared before the Committee, did not at first agree with this stand, but after consultation with the Finance Department he again appeared before the Committee and acknowledged the correctness of its position.

These grades, having been placed in the Budget, require no further action, and the Committee recommends that this resolution be placed on file.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the position and grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Consulting Expert on Filtration	$6,000 00	1
Division Engineer	5,000 00	1
Division Engineer	4,500 00	1

The Committee on Salaries and Offices to which was referred on February 23, 1912 (Minutes, pages 511), the annexed resolution in favor of establishing grades of Chemist, at $1,800 and $1,500, respectively, Department of Water Supply, Gas and Electricity, respectfully

REPORTS:

That it believes the number of incumbents in these grades should be stated in the resolution, in order to conform with the provisions of section 56 of the Charter, and it, therefore, recommends that the said resolution be returned to the Board of Estimate and Apportionment for this purpose.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity, of the grades of position, in addition to those heretofore established, as follows:

The Committee on Salaries and Offices, to which was referred on February 20, 1912 (Minutes, page 516), the annexed resolution in favor of establishing grade of Assistant Secretary to the Public Recreation Commission, at $1,200 per annum, respectfully

REPORTS:

That Secretary Johnson appeared before the Committee and stated that this is not an additional position, but is created in lieu of the position of Stenographer at the same salary, it being requisite that a man with somewhat different qualifications than those of the ordinary Stenographer be secured; one who knows something of recreation needs and who is able to act as a Supervisor and Inspector of the four public gymnasiums under the care of the Commission.

As no change of salary is involved, the Committee believes that the work of the Commission can be performed more advantageously to the interests of the City by enabling it to obtain the services of a man versed in the kind of work coming within its jurisdiction, and it, therefore, recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 15, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Public Recreation Commission of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Assistant Secretary.....	$1,200 00	1

Resolved, that the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

The Committee on Finance, to which was referred on February 6, 1912, (Minutes, page 409) the annexed resolution in favor of amending issue of $15,000 corporate stock for museum cases for Metropolitan Museum, respectfully

REPORTS:

That this amendment is desired by the Museum authorities so that they may construct these cases in their own shops, and make them as wanted. Superintendent Hewitt, who appeared before the Committee, claimed that more satisfactory cases could be secured in this manner.

The Committee recommends that the said resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 1, 1912:

Resolved, That, subject to the concurrence herewith of the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen on July 25, 1911, as follows:

Resolved, That, subject to the concurrence herewith of the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen on July 25, 1911, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding fifteen thousand dollars ($15,000), *to provide for the purchase of museum cases* for the Metropolitan Museum of Art, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid,"

—be amended by making the words *"to provide means for the purchase of museum cases"* read *"to provide means for the purchase of materials for, and the construction of, museum cases."*

No. 333.

The Committee on Finance, to which was referred on February 6, 1912, (Minutes, page 412) the annexed resolution in favor of an issue of $60,000 corporate stock for altering buildings for the College of the City of New York at southeast corner of 23d st. and Lexington ave., Manhattan, respectfully

REPORTS:

That the Committee has gone into this matter very thoroughly, having heard from the Borough President of Manhattan, the Trustees of the College of the City of New York, and a representative of the real estate and property owners of the neighborhood of this proposed alteration. This appropriation is for the purpose of making such alterations and repairs to that portion of this building which is located on 23d st. that it may be used for the purposes of the college instead of that portion now in use for such purposes located on 22d st.; it also proposes to make arrangements for the use of the basement on the 23d st. side for a permanent municipal museum for budget exhibits. The main object of this change is to release the 22d st. side of the building to the Borough President of Manhattan as a site for the location of the Children's Court, now situated at 11th st. and 3d ave. Efforts have been made for several years past to secure a new site for this Court, and in 1911 a corporate stock allowance was made for a site in E. 35th st., which was rejected by the Board of Aldermen on the ground that the City was at the time in possession of property not in use which was just as conveniently located, and an assignment of which for court purposes would result in a saving of the corporate stock issue for a site, which was $150,000. Under the proposed arrangement this question will be solved and the saving of the cost of a site will be effected.

The property owners of this vicinity made a strong objection to this appropriation, arguing that the proposed appropriation was not nearly sufficient to place this building in such shape that it could be utilized for the reception of pupils, owing to the vast amount of repairs necessary to meet all scientific requirements for proper light, ventilation, temperature, plumbing, roofing, etc., and that instead of the City expending $60,000 in an attempt to make the building habitable it either sell the property for what it was claimed would be an excellent price, or else make a large appropriation for the erection of a modern building which would enhance the value of the surrounding property.

The Trustees of the College replied that their experts, together with those of the Borough President, had made careful examinations of all the features of the proposed change, and were positive that the allowance of $60,000 would fit up the building in such a way that the uses to which the City proposed to put it could be made thoroughly effective.

The Committee believes that this appropriation is an entirely proper one, and that it will enable the City to put into effect several rearrangements of judicial and educational departments which will prove a benefit to all citizens, and it, therefore, recommends that this ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock in the sum of sixty thousand dollars ($60,000) to provide means for making certain structural alterations to the building occupied by the College of the City of New York, at 23d st. and Lexington ave.

Be it Ordained, by the Board of Aldermen of The City of New York as follows:

Section 1—The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment February 1, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves the issue of corporate stock of The City of New York to an amount not exceeding sixty thousand dollars ($60,000), for the purpose of providing means for making certain structural alterations in the building situate at the southeast corner of 23d st. and Lexington ave., occupied by the College of The City of New York, and that when authority shall have been obtained from the Board of Aldermen the Comptroller be and is hereby authorized to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding sixty thousand dollars ($60,000), the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

The Committee on Finance, to which was referred on February 13, 1912, (Minutes, page 464) the annexed resolution in favor of amending resolution for $48,020 corporate stock for Fire Department by making amount $48,100, respectfully

REPORTS:

That, having examined the subject, it believes the proposed change to be necessary. It releases $80 of an amount heretofore rescinded, to pay a bill not then presented. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 8, 1912:

"Resolved, That, subject to the concurrence of the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment June 3, 1910, and approved by the Board of Aldermen June 28, 1910, which reads as follows:

"'Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding fifty-seven thousand dollars ($57,000), to be used as follows: Twelve thousand dollars ($12,000) for the acquisition of a site at High Bridge, Ogden avenue, adjoining Engine Company 68, and forty-five thousand dollars ($45,000) for the erection of a new building thereon for the use of the Fire Department of The City of New York for quarters for hook and ladder companies, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty-seven thousand dollars ($57,000), to be applied to the purposes aforesaid.'

"—be amended to make the amounts read *three thousand and twenty dollars* ($3,020) *for acquisition of site, forty-five thousand dollars* ($45,000) *for the erection of a new building, and the total forty-eight thousand and twenty dollars* ($48,020)."

—be further amended to make the amounts read *three thousand one hundred dollars* ($3,100) *for acquisition of site, forty-five thousand dollars* ($45,000) *for the erection of a new building, and the total forty-eight thousand one hundred dollars* ($48,100).

The Committee on Finance, to which was referred on February 13, 1912 (Minutes, page 467), the annexed resolution in favor of amending an issue of $570,649.25 corporate stock by making the amount $572,649.25, for the purposes of the Fire Department, respectfully

REPORTS:

That, having examined the subject, it believes the proposed change to be necessary, so that $2,000 previously rescinded may be appropriated for bills not presented at the time of the prior reduction. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held February 8, 1912:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on August 3, 1911, and concurred in by the Board of Aldermen on October 3, 1911, as follows:

"Resolved, That, subject to the concurrence herein by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on June 3, 1910, and concurred in by the Board of Aldermen on June 21, 1910, which reads as follows:

"Resolved That the following resolution adopted by the Board of Estimate and Apportionment June 7, 1907, and approved by the Board of Aldermen July 23, 1907:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one million dollars ($1,000,000), for the purpose of providing means for the acquisition of sites, the erection of buildings thereon and for additions and alterations to buildings already erected for the use of the Fire Department of The City of New York, as follows:

In the Boroughs of Manhattan and The Bronx.....	$600,000 00
In the Boroughs of Brooklyn and Queens.....	400,000 00
	$1,000,000 00

"—and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding one million dollars ($1,000,000), the proceeds whereof to be applied to the purposes aforesaid.

"—be amended to read as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding five hundred and sixty-seven thousand nine hundred sixteen dollars and sixty-nine cents, for the purpose of providing means for the acquisition of sites, the erection of buildings thereon, and for additions and alterations to buildings

already erected for the use of the Fire Department of The City of New York, as follows:

In the Boroughs of Manhattan and The Bronx	$374,872 40
In the Boroughs of Brooklyn and Queens	193,044 29
	$567,916 69

and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five hundred sixty-seven thousand nine hundred sixteen dollars and sixty-nine cents ($567,916.69), the proceeds whereof to be applied to the purposes aforesaid.

"—be further amended to make the amounts read:

In the Boroughs of Manhattan and The Bronx	$377,605 05
In the Boroughs of Brooklyn and Queens	193,044 20

—making the total of the new authorization *five hundred seventy thousand six hundred forty-nine dollars and twenty-five cents* ($570,649.25).

—be *further amended* to make the amounts read as follows:

In the Boroughs of Manhattan and The Bronx	$377,605 05

No. 391—(G. O. No. 96).

The Committee on Finance, to which was referred on February 13, 1912 (Minutes, page 475), the annexed resolution in favor of requesting the Board of Estimate and Apportionment to furnish the Board of Aldermen with certain information in relation to special revenue bond issues, respectfully

REPORTS:

That, having examined the subject, it believes the request to be one which should be approved, as it will place in the possession of the Board of Aldermen data which will be of material assistance in determining future action.

It therefore recommends that the said resolution be adopted.

Whereas, Subdivision 8 of section 188 of the Charter limits the annual issuance of special revenue bonds under that subdivision to the amount of $2,000,000 a year, but places no limitation upon the yearly amount that may be authorized as therein expressed; and

Whereas, It appears to be possible under the law for appropriations vastly in excess of the amount of the limitation upon issuance to be authorized from year to year; and

Whereas, On January 1, 1912, there were in existence such authorizations to the amount of over $2,400,000 against which such special revenue bonds had not up to that time been issued; and

Whereas, It appears to be possible for future expenditures to be made under said authorizations of prior date to January 1, 1912, for which expenditures the special revenue bonds must be issued in the year 1912 or thereafter, whereby the authorizing bodies in the City Government are confronted with an unbusinesslike lack of co-ordination between the appropriations authorized and the bonds issued under this section and subdivision, resulting in constant uncertainty as to how much may be wisely authorized in any one year; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to furnish to the Board of Aldermen a complete detailed statement of every unencumbered authorization and balance of authorization concurred in by said Board of Estimate and Apportionment prior to January 1, 1912, under this section and subdivision, to the end that exact knowledge may be had of the status of the City's account under this section and subdivision as of January 1, 1912; and be it further

Resolved, That the Board of Estimate and Apportionment is further requested to rescind by resolution, as soon as possible, all such unencumbered authorizations and balances of authorizations of prior date to January 1, 1911, and also all those of date in the year 1911 against which it does not appear to be imperative in the public interest that expenditures be made and audited in the year 1912; and be it further

Resolved, That when such rescission shall have been made, if made, the Board of Estimate and Apportionment is further requested to communicate to the Board of Aldermen a detailed statement of such unencumbered authorizations and balances of authorizations of prior date to January 1, 1912, which still remain outstanding on the said first day of January, 1912; and be it further

Resolved, That the Board of Estimate and Apportionment is further requested to take the steps hereinabove requested, so far as practicable, with respect also to each other subdivision of said section 188 of the Charter, but, if possible, in such a way as not to prevent the utmost expedition as to the matters under subdivision 8 aforesaid.

The Committee on Finance, to which was referred on February 13, 1912 (Minutes, page 500), the annexed resolution in favor of authorizing the Comptroller to advance moneys on account of Memorial Day observances, respectfully

REPORTS:

That this procedure is the same as has been approved in former years. The only organization, however, which was represented before the Committee was the Spanish War Veterans, and the Committee, therefore, only approves of that particular release of appropriation, and recommends that the accompanying substitute resolution be adopted.

(SUBSTITUTE.)

Resolved, That the Comptroller be and he is hereby authorized to pay to the Treasurer of the Memorial and Executive Committee of the Spanish War Veterans, upon his requisition, countersigned by the Chairman and Secretary, the sum provided in the Budget for 1912, as follows:

Two thousand five hundred dollars ($2,500).

(ORIGINAL.)

Whereas, The Board of Estimate and Apportionment, with the concurrence of the Board of Aldermen, has provided in the Budget for 1912 certain sums of money for Memorial Day observance in the various Boroughs in accordance with the provisions of law; and

Whereas, It is deemed necessary that said sums of money be advanced to the Memorial and Executive Committees of the Grand Army of the Republic and kindred organizations of the various Boroughs for the purpose of defraying the expenses as they may arise; therefore, be it

Resolved, That the Comptroller be and he is hereby authorized to pay to each of the Treasurers of the Memorial and Executive Committees of the Grand Army of the Republic and kindred organizations in the various Boroughs, upon his requisition countersigned by the Chairman and Secretary of each of the various Committees the sum provided in the said Budget, as follows:

Two thousand five hundred dollars ($2,500).

The Committee on Finance, to which was referred on February 20, 1912 (Minutes, page 626), the annexed resolution in favor of authorizing the Borough President of Brooklyn to draw $500 at a time from contingency account, respectfully

REPORTS:

That this is the customary resolution, granting permission to draw funds for a petty cash account, which is extended to all departments which apply for same. The Committee recommends that the said resolution be adopted.

"Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the President of the Borough of Brooklyn, he may, by requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars ($500), and may, in like manner, renew the draft as often as may be deemed necessary to the extent of appropriation set apart for contingencies in his office during the year 1912, but no such renewal shall be made until the money paid on the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the President of the Borough of Brooklyn, covering the expenditures of the money paid thereon."

The Committee on Finance, to which was referred on February 6 and 13, 1912 (Minutes, pages 399, 458), a request from the President, Borough of Brooklyn, for $50,000 special revenue bonds for experiments at 26th Ward Disposal Plant, and an endorsement of the project by the Board of Estimate and Apportionment, respectfully

REPORTS:

That Commissioner Pounds twice appeared before the Committee and urged this appropriation. He submitted the list hereto attached showing how these proposed expenditures are to be made, together with a letter containing further details in regard thereto, which is also attached. The present plant has a capacity of but 300,000 gallons daily, whereas it is called upon to handle 1,800,000 gallons. The details are fully set forth in the application, and the letter from the Board of Estimate and Apportionment. The Commissioner assures the Committee that this series of experiments will be a benefit to all the boroughs, particularly that of Queens. The Committee believes that this is a matter of great importance, and should be advanced by all means possible so that operation may commence. It, therefore, recommends that the accompanying resolution be adopted:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fifty thousand dollars ($50,000), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of continuing the sewage purification experimental work, at the 26th Ward Sewage Disposal Plant, in the Borough of Brooklyn.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, February 16, 1912.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen:

Dear Mr. Curran—I have not been able to give your favor of the 8th inst. attention until today on account of the press of other matters.

I enclose herewith detailed estimate of the cost for the experimental work at the 26th Ward Disposal Plant. This estimate is very carefully worked out and has been gone over by competent parties acquainted with such matters, and it seems to us the least amount with which it is safe to undertake this work.

As to why it was not applied for in the 1912 Budget, will say that at the time that Budget was made we thought possibly this experimental work might not be necessary and that the work done already might be sufficient. It is the judgment of the Engineer of the Board of Estimate and Apportionment, however, that we ought not to go ahead with the construction of these works without further experiments, and this recommendation was made to the Board of Estimate and Apportionment, and said Board concurred in the report. The whole matter has been taken up carefully by the Borough Presidents of the various boroughs of the City, and it has been determined that the work to be done with this plant will be of very great value to all the boroughs. Each one is now confronted with this important question of sewage disposal; hence the matter has taken on a more important aspect than we have previously accorded it. In some way the City must provide for this work, and perhaps there is nothing or very few objects more important just now. All of this has occurred since the Budget for 1912 has been made up. By reference to the Minutes of the Board of Estimate and Apportionment you will see that at a regular meeting on the 8th inst. said Board passed a resolution requesting the Board of Aldermen to make this appropriation.

Respectfully yours, L. H. POUNDS, Acting Borough President.

Estimated Cost of Sewage Disposal Experimental Plant at the 26th Ward Disposal Works, Including Supplies, Apparatus and the Salaries of Employees.

Much of the apparatus used for the tests will also be of permanent value and may be used at the Disposal Plant after the tests are completed. The estimate is therefore given in two parts so as to show the value of those portions of the plant which will be available for permanent use.

The Committee on Finance to which was referred on February 13, 1912 (Minutes, page 461), a request from the Department of Education for an issue of $10,000 special revenue bonds for the purpose of making a study of population and conditions incidental and necessary to the location of school premises, respectfully

REPORTS:

That Commissioners Metz and Thomas appeared before the Committee in support of this request. Commissioner Thomas stated that after nine months' investigation he found that 70 out of 89 recommendations for sites were useless and not needed, and as a result the Board of Education rescinded those 70 recommendations, leaving 19 before the Board of Estimate and Apportionment, 17 of which have been acquired, and 2 deferred until 1912. Of the sites owned by the Department of Education 4 were not needed, although title was vested in 1909 and 1910, and these were turned back to the Sinking Fund. 24 sites are now owned by the City for which no funds have been provided for construction of buildings. Three of these should go back to the Sinking Fund Commission. There are now under consideration 24 sites for new buildings and the question is whether or not they are needed in these particular localities. This appropriation is required to secure this information. Heretofore this information has come through the City Superintendent, and the proposed appropriation provides for a much more scientific and sensible means of securing this very vital information.

Commissioner Thomas filed with the Committee the attached memorandum showing how it is expected that this money will be expended if allowed.

The Committee believes that proper and reliable information as to the trend of population, the character of buildings erected or proposed to be erected, the transit facilities and the number and ages of prospective pupils is essential to the selec-

tion of sites and erection of school buildings, and believes, further, that the proposed method will go a long way towards solving this problem of proper selection. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars ($10,000), the proceeds whereof to be used by the Department of Education for the purpose of making a study of population and conditions incidental and necessary to the location of school premises.

Memorandum.

The sum of $10,000 requested by the Board of Education for the purpose of establishing a scientific method of locating school property, and determining the usefulness of present plans, is in the nature of a tentative amount. It is not possible, when entering upon an entirely new problem, to fix beforehand, the exact features of cost.

It is known that the services of an expert will be required who is familiar with the necessary means of following the trend of population throughout the City, and who can apply such information in both geographical and topographical sense. It will also be necessary to employ one or more persons temporarily, whose business it would be to visit some locations with the object of settling by means of visual examination, any disputed points, or points upon which there might be some doubt in connection with the choice of locations of property for school purposes.

It will also be necessary to employ the services of one or more Draftsmen, whose duty it would be to plot locations on maps provided for the purpose.

It will also be necessary to employ some temporary clerical assistants for the purpose of computing population as applied to areas, with the view of ascertaining pivotal points, on or near which school buildings should be erected.

It will also be necessary to purchase one or more complete sets of atlases for the purpose of information, and exhibiting the type and class of houses and properties in or near some projected school site purchase.

It will also be necessary to purchase some special stationery for use in connection with computing machines already installed, for the purpose of analyzing, collating and massing statistics of population covering various areas and for the purposes of making various other arithmetical tests as to trend of population.

Doubtless it would be necessary to purchase some incidental stationery in the shape of paper for map making, diagrams, and many other small items of expense too numerous to mention.

As to exactly how much would be expended for each of these purposes it is not possible to state at the present time, but it may be safely asserted that an expenditure of even twice the amount asked for in any one year would probably lead to resultant savings many times greater than the expense of investigation and at same time produce correct results, where there is now a tendency at times to err.

Nos. 381 and 427—(S. O. No. 35).

The Committee on Finance to which was referred on February 13 and 20, 1912 (Minutes, pages 462 and 517), communications from the Commissioner of Weights and Measures asking for an issue of $5,000 special revenue bonds for wages of Inspectors (snow removal), respectfully

REPORTS:

That the Commissioner appeared before the Committee and stated that in addition to his regular force the exigencies of the severe winter have compelled him to hire men for measuring to such an extent that he has expended his budget allowance of $5,000 and about $1,700 more. He suggests that inasmuch as there remains unused $3,500 of a $5,000 special revenue bond issue for this purpose made in 1911, that authority be granted for the use of this balance to meet the present deficit. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That so much of the issue of special revenue bonds authorized by the Board of Estimate and Apportionment, in pursuance of request of the Board of Aldermen, passed July 11, 1911, to the amount of $5,000, "the proceeds whereof to be used by the Commissioner of Weights and Measures for the purpose of hiring special Measurers in connection with such snow removal work during 1911," as remains unexpended, be and the same is hereby, with the approval of the Board of Estimate and Apportionment, authoried as an expenditure for the same purpose.

The Committee on Finance, to which was referred on February 20, 1912 (Minutes, page 509), a request from the Surrogates of New York County for $250 special revenue bonds for telephone service, respectfully

REPORTS:

That, having examined the subject, it believes the proposed issue to be necessary. Attached is a letter of explanation from the Chief Clerk of the Court. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred and fifty dollars ($250), the proceeds whereof to be used by the Surrogates of New York County for the purpose of paying for additional telephone service.

HENRY H. CURRAN, BRYANT WILLARD, ROBERT F. DOWNING, THOS. J. MULLIGAN, FRANCIS P. KENNEY, C. A. POST, JOHN DIEMER, HENRY F. GRIMM, JOHN S. GAYNOR, Committee on Finance.

Chambers of the Surrogates Court, County of New York, New York, February 24, 1912.

To the Honorable the Board of Aldermen, New York City:

Gentlemen—In 1910 we had only one telephone in the office, that of Judge Cohalan. We were allowed in the Budget $125 for this purpose, but the expenditure amounted to $132.54, the deficiency being made up by transfer from another fund.

For 1911 we were allowed $150. After the appointment of Judge Fowler a telephone was placed in his chambers, with an extension to the desk of his Secretary. This was installed on March 27, 1911, a contract for 600 calls having been made with the telephone company, to be paid for out of $75 transferred by the Board of Estimate and Apportionment from another fund.

The contract for Judge Fowler's telephone has proved entirely too low. The January bill has not yet come in, but the November and December bills showed 251 and 288 calls, respectively. We ought to renew the contract for this year at a much higher number of calls, as this not only enables us to get the service for 1912 at a cheaper rate per call, but the new contract will also have a retroactive effect, and our bills for 1911 will be adjusted at the new rate and a rebate be paid to us.

A telephone in the Law Department, for the use of the three Law Assistants and the Chief Clerk, is desired by the Surrogates partly that they may communicate in this way from their chambers at times (their quarters being separated by the entire length of the building); partly to enable them to communicate with the Department when absent from the building, and partly that the business of the Department may be facilitated by obtaining from attorneys information in regard to matters pending in the court, for the use of the Surrogates. The Assistants are now obliged to traverse the entire width of the building, to Room 5, in order to send or receive any messages.

The telephones in the Judges' chambers are private wires, and to save time when they desire to call up the Law Department, it is highly important that the wire in that Department should also be a direct one, and a direct wire, of course, facilitates all other business, as well.

It is estimated that a contract for not less than 4,500 messages per annum will have to be made for the Law Department. We believe that an additional amount of $250 would enable us to make the new contract for Judge Fowler on a proper basis, and also to furnish the telephone for the Law Department.

We have already been allowed for telephone service for 1912, $225. Proposed increase of fund by issuance of revenue bonds, $250. Totals for telephones for 1912. $475. Respectfully submitted, WILLIAM V. LEARY, Chief Clerk.

The Committee on Finance, to which was referred on February 20, 1912 (Minutes, page 509), a request from the Surrogate of Queens County for an issue of $180 special revenue bonds for increasing salary of a Copyist, respectfully

REPORTS:

That the details of this subject are fully set forth in the letter of application. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred and eighty dollars ($180), the proceeds whereof to be used by the Surrogate of Queens County for the purpose of increasing salary of a Copyist from $720 to $900 per annum.

Office of the Surrogate, Queens County, N. Y., Jamaica, February 14, 1912.

Honorable Board of Aldermen, City Hall, New York:

Gentlemen—On October 10, 1911, a resolution was adopted by you approving of and concurring with a resolution adopted by the Board of Estimate and Apportionment at a meeting held July 6, 1911, establishing in this office the title of Copyist, at the rate of $900 per annum.

The object of having this grade established was to permit the increase of the salary of William J. Mahoney, a Copyist, at $720 per annum. Mr. Mahoney has been employed in this office since November, 1907, and has been rated as a Copyist, at $720, since December, 1910. He is a young man of exceptional ability and not only performs the duties of Copyist but also acts as office Stenographer and Typewriter. He is a hard-working and capable employee and worth much more than he is now receiving.

Under these circumstances I wish to increase the salary of Mr. Mahoney from $720 to $900 per annum, and therefore hereby apply for an issue of special revenue bonds in the sum of $180 for that purpose. I shall be pleased to attend any hearing you may set for this purpose and trust the application will be passed upon favorably.

Yours respectfully, DANIEL NOBLE, Surrogate.

No. 419—(S. O. No. 38).

The Committee on Finance, to which was referred on February 20, 1912 (Minutes, page 509), the annexed request from the Borough President of Richmond for $1,250 special revenue bonds for employment of additional Clerks in his office, respectfully

REPORTS:

That Commissioner Tribus appeared before the Committee and explained that this request was made because of a largely increased volume of work caused by a reorganization of the filing system. The Committee believes that more help should be furnished, but finds, upon inquiry, that the grade for Junior Clerk is not yet established. It recommends that the accompanying resolution covering the salary of the $1,200 per annum Clerk for nine months be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of nine hundred dollars ($900), the proceeds whereof to be used by the President of the Borough of Richmond for the purpose of paying the salary of an additional Clerk, at the rate of $1,200 per annum, for the nine months commencing April 1, 1912.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, February 15, 1912.

Honorable Board of Aldermen, New York City:

Gentlemen—I would request the issue of special revenue bonds to the amount of $1,250, to provide for the employment of a Clerk at $1,200 and a Junior Clerk at $300, in this office for the remainder of this year.

We find it absolutely necessary to have this additional force in order to keep the records of the office up to date, as we find with our present force the work of the office is running behind. This is additional to the extra force allowed in the Budget for 1912, which was especially allowed in connection with the stores and expense classification records.

I would request that the matter of the issue of the special revenue bonds be acted upon as soon as possible, so that we will be enabled to obtain the services of the men in question from the first of March. Yours truly,

GEORGE CROMWELL, President of the Borough.

Note—The sum of $1,250 is based upon the proportionate amount to meet the salaries of the Clerk and Junior Clerk for the remainder of the year.

Which were severally laid over under the rule.

The Rules Committee, to which was referred on the 16th day of January, 1912, a resolution, introductory number 134, introduced by Alderman Marks, relative to an investigation of the taxicab question and all matters germane thereto, respectfully

REPORTS:

That it has given careful consideration to the question involved and finds that there is apparently insufficient information at hand to establish rates of fare which would be upheld by the courts. The Commttee beleves that the recommendatons of the Merchants' Associatoin and other civic bodies, that a special investigation should be made of this subject, should be respected.

The Committee also reports that in its opinion any proposed ordinance should be supported by a written report covering all facts in the premises.

The Committee further reports that it has appointed a committee of seven members of the Board of Aldermen to investigate the entire subject in accordance with the aforesaid resolution, the committee to consist of the following Aldermen, which committee is requested to report on or before May 1, 1912:

✓ Alderman Willard, Chairman; Alderman Bolles, Alderman Marks, Alderman Grimm, Alderman Coleman, Alderman McCann, Alderman Meagher.

ORDINANCES AND RESOLUTIONS.

Alderman Dowling asked and obtained unanimous consent to introduce the following:

No. 489.

Resolved, That the ordinance adopted by the Board of Aldermen February 6, 1912, and received from his Honor the Mayor February 20, 1912, without his approval or disapproval thereof, entitled and which reads as follows:

AN ORDINANCE, Relative to emblems of identification for City-owned automobiles:

Be it Ordained, By the Board of Aldermen of The City of New York as follows:

Section 1. The words "City of New York" shall be painted plainly visible on the outside of the back of the body of each automobile owned by The City of New York. The letters of said words shall be at least five inches in the least dimension, and the color shall contrast with the color of the body of the car.

Section 2. Any person or officer using an automobile owned by The City of New York not lettered as prescribed in this ordinance shall be subject to a penalty of ten dollars ($10) for each and every offense, provided, however, that automobiles used by the Department of Police in the detection and the suppression of crime shall be exempt from the provisions of this ordinance.

Section 3. This ordinance shall take effect March 1, 1912.

—be and the same is hereby annulled, rescinded and repealed.

Alderman Folks moved that this resolution be referred to the Committee on Laws and Legislation.

Pending discussion on the motion of Alderman Folks, Alderman Nicoll requested that it be noted in the Minutes that, in his opinion, the action proposed by the resolution was not a proper one, and that it should be referred to a committee for consideration under the rules of the Board.

The Vice-Chairman put the question whether the Board would agree with said motion of Alderman Folks.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Curran, Davis, Devine, Diemer, Dotzler, Downing, Eichhorn, Esterbrook, Folks, Gaynor, Gelbke, Grimm, Hagenmiller, Hamilton, Herbst, Lieberman, Marks, Martyn, Moore, Morrison, Muhlbauer, Mulligan, Nicoll, Pendry, Post, Stevenson, Weil, Weston, Willard, Wilmot; President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, by Lewis H. Pounds, Commissioner of Public Works; President McAneny, by E. V. Frothingham, Commissioner of Public Works, and the Vice-Chairman—40.

Negative—Aldermen Carberry, Cole, Cummuskey, Cunningham, Delaney, Dixson, Dowling, Drescher, Dujat, Eagan, Fink, Gilmore, Hannon, Kenneally, Kenney, Loos McCann, McCourt, McGarry, McGrath, Meagher, Molen, Nugent, O'Connor, O'Neil O'Rourke, Reardon, Smith, Stapleton, Walsh, Wendel and President Connolly—32.

SPECIAL ORDERS.

No. 24—Int. No. 318.

The Committee on Finance, to which was referred on February 6, 1912 (Minutes, page 402), a request from the Commissioner of Parks, Manhattan and Richmond, for $50,000 special revenue bonds for regenerating Central Park lawns, respectfully

REPORTS:

That the details of this request are fully set forth in the letter of application heretofore published. In 1911, when this matter of lawn regeneration was first agitated, it was decided that it was not properly a corporate stock charge, and application was made for $150,000 special revenue bonds for this work, to be expended at the rate of $50,000 a year, so that too much of the lawns would not be barred to the public at any one time. In 1911 the first installment of $50,000 was authorized, and the Commissioner now applies for the second part. Upon inquiry from the Committee, however, he stated that with the unused balance now on hand, $40,000 would suffice for 1912, and the Committee, believing that this work should be continued, feels that this allowance should be made. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of forty thousand dollars ($40,000), the proceeds whereof to be used by the Commissioner of Parks, Manhattan and Richmond, for the purpose of regenerating the lawns of Central Park.

HENRY H. CURRAN, C. AUGUSTUS POST, ROBERT F. DOWNING, BRYANT WILLARD, FRANCIS P. KENNEY, JAMES HAMILTON, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Cole, Cummuskey, Cunningham, Curran, Davis, Delaney, Devine, Diemer, Dixson, Dotzler, Dowling, Downing, Dujat, Eagan, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hagenmiller, Hamilton, Hannon, Herbst, Lieberman, McCann, McCourt, Marks, Martyn, Molen, Moore, Morrison, Muhlbauer, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Stevenson, Weil, Weston, Willard, Wilmot; President Miller, by Thomas W. The Committee on Finance, to which was referred on January 30, 1912, (Minutes, page 260) a request for $3,800 special revenue bonds for salaries made by the Trustees of Bellevue and Allied Hospitals, respectfully

REPORTS:

That the reasons for this request are very fully stated in the letter of application. Dr. O'Hanlon, General Superintendent, appeared before the Committee and explained that the Mechanic mentioned is to take the place of an Oiler, listed at $3 a day. The Stenographer and Clerk are civil services places necessary at Bellevue Hospital because of the increase in capacity and consequent increase in work. The grades mentioned are all established.

The Committee believes this bond issue to be necessary, and recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand eight hundred dollars ($3,800), the proceeds whereof to be used by the Trustees of Bellevue and Allied Hospitals for the purpose of meeting salaries of additional employees as follows:

Hospital Helper-Mechanic	$600 00
Trained Nurse	800 00
Resident Physician	600 00
Stenographer	900 00
Clerk	600 00
	$3,500 00

—and also to meet the following increase in salary:

Chief Investigator	300 00
	$3,800 00

The Committee on Finance, to which was referred on January 30, 1912 (Minutes, page 268) a request from the Commissioner of Water Supply, Gas and Electricity for $3,150 special revenue bonds for deficit in salary appropriations, 1912, respectfully

REPORTS:

That the Committee has made careful investigation of this subject, and finds that the Assistant Engineer at $2,100 and Clerk at $1,050 are both employees of long service in the Department, and that through a series of errors their salaries were omitted in preparing the Budget for 1912. The Department in its estimate asked for the Engineer's salary, but did not mention the Clerk, he having been transferred from Manhattan to Queens just at the time the estimate was in course of preparation and in this way overlooked. The Budget makers in some way failed to include the Engineer. These men are regularly employed; there is plenty of work for them to perform and they must be paid. The Committee recommends that the accompanying resolution be adopted:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand one hundred and fifty dollars ($3,150), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of paying salaries from January 1, 1912, to December 31, 1912, of two employees whose compensation was inadvertently omitted from the 1912 Budget, as follows:

Assistant Engineer, Manhattan and The Bronx	$2,100 00
Clerk, Queens	1,050 00

The Committee on Finance, to which was referred on January 30, 1912 (Minutes, page 383) the annexed resolution in favor of an issue of $4,000 special revenue bonds for equipping Fourth District Municipal Court, Manhattan, respectfully

REPORTS:

That Judge Blake, of the Court, appeared before the Committee and stated that this was the building that had been recently rented for court purposes and was without furniture of any kind. That estimates of the furniture needed had been made by the Judges and Clerks and submitted to the Bureau of Public Buildings and Offices and agreement as to what was needed had been reached and came to about the amount asked for. This statement was confirmed by Deputy Commissioner of Public Works Patterson, who further stated that the figures received on bids for these fittings were the lowest his Department had ever obtained. A list of same is hereto attached. No funds were asked for in the Budget, the premises not having been rented in time. The Committee believes this work should be proceeded with at once, and recommends that the said resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of four thousand dollars ($4,000), the proceeds whereof to be used by the Justices of the Fourth District Municipal Court for the purpose of equipping and furnishing the premises at 207 E. 32d st., in the Borough of Manhattan, for the uses of said Fourth District Municipal Court.

The Committee on Finance, to which was referred on January 30, 1912 (Minutes, page 383) the annexed resolution in favor of an issue of $5,000 special revenue bonds for fitting up quarters in new building for Fourth District Municipal Court, Manhattan, respectfully

REPORTS:

That in November, 1911, the City hired the premises at 207 E. 32d st. for the purposes of this Court, its present quarters in E. 57th st. being required entirely for the Magistrates' Court and night court. Estimates as to the partitions and other stationary fixtures have been carefully prepared by the Bureau of Public Buildings and Offices, and Deputy Commissioner of Public Works Patterson has furnished the Committee with a list of same, which is hereto attached. Inasmuch as these prem-

ises were not formerly used for court purposes, the Committee believes the sum involved to be a moderate one, and recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of five thousand dollars ($5,000), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of renovating and fitting up the premises at 207 E. 32d st. for uses of the Fourth District Municipal Court.

The Committee on Finance, to which was referred on February 6, 1912 (Minutes, page 399) a request from the President, Borough of Brooklyn, for $4,200 special revenue bonds for fitting up quarters for the Appellate Term of the Supreme Court, Second Department, respectfully

REPORTS:

That the Supreme Court in the Second Department has decided to open a new part known as the Appellate Term, and under the provisions of chapter 834, Laws of 1911, the Borough President must furnish and equip same. The decision of the Court to open this new part was made too late for request to be made in the departmental estimate for the current year for the needed funds. A list of the furniture required and the estimated cost of same has been submitted by Commissioner of Public Works Pounds, and is hereto attached. The Committee believes this work to be imperative, and recommends that the accompanying resolution be adopted:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of four thousand two hundred dollars ($4,200), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of fitting up quarters for the Appellate Term of the Supreme Court, Second Department, in the Offerman Building, Brooklyn, N. Y.

The Committee on Finance, to which was referred on February 6, 1912 (Minutes, page 402), the annexed request from the Commissioner of Parks, Manhattan and Richmond, for $13,518.40 special revenue bonds, for constructing pipe rail fences around the grass plots in Washington Square, Madison Square and Union Square, respectfully

REPORTS:

That the letter of request sets forth in detail the reason for these fences, the cost per linear foot, and the amount of railing needed for each park, as well as the reason for its not being granted under corporate stock. Every resident of this City is familiar with the need for some efficient protection of these lawns, particularly those in Union Square, and it seems to the Committee that this is the best and cheapest method of safeguarding them. It, therefore, recommends that the accompanying resolution be adopted:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirteen thousand five hundred and eighteen dollars and forty cents ($13,518.40), the proceeds whereof to be used by the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the purpose of providing means for the construction of pipe rail fences around Washington Square, Madison Square and Union Square.

HENRY H. CURRAN, C. AUGUSTUS POST, ROBERT F. DOWNING, BRYANT WILLARD, FRANCIS P. KENNEY, Committee on Finance.

Department of Parks, The City of New York, Arsenal, Central Park, February 2, 1912.

To the Board of Aldermen, The City of New York:

Gentlemen—I respectfully request an issue of special revenue bonds to an amount of $13,518.40, to provide means for the construction of pipe rail fences around Washington Square, Madison Square and Union Square. The requested amount is figured upon the basis of the number of linear feet required to complete the work at a cost of 70 cents per linear foot, which was the average bid for this style of fence at the last letting.

In my estimate for the Corporate Stock Budget for 1911, an amount sufficient to enclose these parks and others was requested. The Corporate Stock Committee were of the opinion, however, that the construction of pipe rail fences was not a proper Corporate Stock charge, and, therefore, no allowance was made in the Budget for the same. The three parks mentioned are in a very congested location and it seems impossible to properly protect the lawns, especially during the dinner hour when thousands of people of both sexes congregate and trample the grass.

I am particularly anxious to put these parks in first-class condition out of the maintenance appropriation provided in the Annual Budget, but any expenditure upon them, if the lawns are not protected by fences, is thrown away.

I submit the following statement showing the number of feet of fence required for each park and the estimated cost of construction:

Washington Square, 5,930 feet, at 70 cents	$4,151 00
Madison Square, 8,800 feet, at 70 cents	6,160 00
Union Square, 4,582 feet, at 70 cents	3,207 40
Total	$13,518 40

There is no doubt in my mind that the proper protection of the lawns in these three parks by fencing will decrease the annual maintenance cost by at least 20 per cent.

As I am particularly anxious to complete the work during the early spring, I respectfully request that you give this matter your immediate attention.

Respectfully yours,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Finance, to which was referred on February 13, 1912 (Minutes, page 462), the annexed resolution in favor of an issue of $3,500 special revenue bonds for the purchase of an automobile for the Superintendent of Highways, Borough of Queens, respectfully

REPORTS:

That Superintendent Leavitt appeared before the Committee and stated that because of the large extent of territory he was required to cover an automobile was an absolute necessity. That the Borough President had no car to place at his disposal, and that at present he was using his own personal machine. The Committee believes that this officer should be furnished with an automobile and that the work expected of him demands such a facility. It feels, however, that a competent car can be purchased for $2,500, and therefore recommends that the accompanying substitute resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand five hundred dollars ($2,500), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of purchasing an automobile to be used by the Superintendent of the Bureau of Highways, Borough of Queens.

The Committee on Finance, to which was referred on February 13, 1912 (Minutes, page 462), a request from the Trustees of Bellevue and Allied Hospitals for $450 special revenue bonds to pay the salary of an additional Chaplain at Gouverneur Hospital, respectfully

REPORTS:

That General Superintendent O'Hanlon explained that this amount was for the salary of a Hebrew Chaplain to be assigned to Gouverneur Hospital, where there was an average of 175 patients, 50 per cent. of whom were of this faith. The Committee believes this request to be a reasonable one, and recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of four hundred and fifty dollars ($450), the proceeds whereof to be used by the Trustees of Bellevue and Allied Hospitals for the purpose of paying the salary of a Hebrew Chaplain to be assigned to Gouverneur Hospital.

HENRY H. CURRAN, C. AUGUSTUS POST, ROBERT F. DOWNING, BRYANT WILLARD, FRANCIS P. KENNEY, JAMES HAMILTON, Committee on Finance.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, February 7, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize the issue of special revenue bonds to an amount not exceeding $450 to provide for the appointment of an additional Chaplain at Gouverneur Hospital. Dr. Blum, the Hebrew Chaplain who visits Bellevue, Gouverneur and Harlem Hospitals, has complained of the amount of work which this involves, and has pointed out that 50 per cent. of the patients at Gouverneur Hospital are of the Jewish faith, and that he would need the service of an assistant to properly carry out

his duties. The Trustees endorse this request and ask for the salary of an additional Chaplain accordingly. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

The Committee on Finance, to which was referred on February 6, 1912 (Minutes, page 400), a request from the Chief Clerk of the Court of Special Sessions for authority to draw upon Contingent Account for a sum not exceeding $200 at any one time, respectfully

REPORTS:

That this authorization is an annual one, and is favored by the Department of Finance, which does not renew the draft until vouchers are furnished for the original amount drawn. The Committee recommends that the accompanying resolution be adopted.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the Court of Special Sessions of The City of New York, the Chief Clerk of such court may, by requisition, draw upon the Comptroller for a sum not exceeding two hundred dollars ($200), and may in like manner renew the draft as often as he may deem necessary to the extent of the appropriation set apart for Contingencies, 1912, in said office, but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the Chief Clerk covering the expenditure of the money paid thereon.

Court of Special Sessions of The City of New York, Office of the Chief Clerk, Criminal Courts Building, Cor. Franklin and Centre Sts., New York, February 1, 1912.

To the Honorable the Board of Aldermen of The City of New York, City Hall, New York City:

Sirs—I hereby request your Honorable Body to adopt the necessary resolution to enable me to secure the sum of $200 for the purpose of defraying minor and incidental expenses, to be accounted for by vouchers subsequently submitted for approval, out of the appropriation for Contingencies in the Budget for the year 1912. Respectfully,

FRANK W. SMITH, Chief Clerk.

No. 78—Int. No. 332.

The Committee on Finance, to which was referred on February 6, 1912 (Minutes, page 411), the annexed resolution in favor of an issue of $950,000 corporate stock for the extension of the high pressure fire service in Manhattan, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. This is to place the high pressure service in District No. 10, lying between 23d st. and 34th st., North River and Madison ave., an area of approximately 456 acres, being the next section north of the present establishment of this service. It is expected that this section will be completed by the end of the year 1913. The Committee recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of nine hundred and fifty thousand dollars ($950,000), to provide means for the improvement of the water supply system of the Borough of Manhattan by the extension of the high pressure fire service in a district north of 23d st.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1—The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment February 1, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 178 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding nine hundred and fifty thousand dollars ($950,000), to provide means for the improvement of the water supply system of the Borough of Manhattan by the extension of the high-pressure fire service in a district north of 23d st. in said Borough, under the jurisdiction of the Department of Water Supply, Gas and Electricity, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

HENRY H. CURRAN, C. AUGUSTUS POST, ROBERT F. DOWNING, BRYANT WILLARD, FRANCIS P. KENNEY, JAMES HAMILTON, Committee on Finance.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 21, 1911, the Commissioner of Water Supply, Gas and Electricity requested an issue of $1,000,000 in corporate stock, pursuant to the provisions of section 178 of the Greater New York Charter, to provide means for the extension of the high pressure fire service system in the Borough of Manhattan.

In connection therewith we report as follows:

The districts now protected by high pressure service cover an area of 2,221 acres, bounded by the North River, 23d st., Madison ave., 24th st., Lexington ave. and Irving place, 14th st., Bowery, Houston st., East River, Maiden lane, Park Row and Chambers st. These districts are known as Districts Nos. 1, 3, 5, 6, 7 and 8.

The districts south of 23d st. still unprotected by high pressure service are as follows:

District No. 2, bounded by 14th st., Bowery, E. Houston st. and East River. The Commissioner states that this district is now provided with good fire protection through the installation of new 12-inch mains of the low pressure distribution system.

Districts Nos. 4 and 9, bounded by Chambers st., North River, Battery, East River, Maiden lane, Nassau st. and Park Row, an area of approximately 291 acres, plans for which are completed and in which construction will be begun shortly.

The Commissioner proposes gradually to extend the system to Districts Nos. 10, 11, 12 and 13, an area of approximately 1,707 acres, bounded by 23d st., Madison ave., E. 24th st., Lexington ave., E. 33d st., Madison ave., 59th st. and North River.

The present request for $1,000,000 is to provide for the extension of the service to District No. 10, lying between 23d st. and 34th st., North River and Madison ave., an area of approximately 456 acres. The Commissioner states the following:

It is my intention, as soon as the necessary appropriation is granted, to proceed actively with the preparation of plans and specifications for the installation of the high pressure service in District No. 10, so that the contracts will be advertised toward the

BOARD OF ESTIMATE AND APPORTIONMENT.

Minutes of Meeting of Board of Estimate and Apportionment, Held in Room 16, City Hall, Wednesday, February 21, 1912.

FINANCIAL AND FRANCHISE MATTERS.

The Board met in pursuance of an adjournment.

Present—Ardolph L. Kline, Acting Mayor; William A. Prendergast, Comptroller; George McAneny, President, Borough of Manhattan; Aldred E. Steers, President, Borough of Brooklyn; Cyrus C. Miller, President, Borough of The Bronx; Maurice E. Connolly, President, Borough of Queens, and George Cromwell, President, Borough of Richmond.

The Acting Mayor, Hon. Ardolph L. Kline, presided.

After disposing of the Public Improvements Calendar, the following Financial and Franchise Matters were considered:

The minutes (Financial and Franchise Matters) of the meeting held February 15, 1912, were approved as printed in the CITY RECORD, February 21, 1912.

FRANCHISE MATTERS.

RAPID TRANSIT RAILWAYS, BOROUGH OF BROOKLYN.

In the matter of the construction, maintenance and operation of additional rapid transit railways to Fort Hamilton, Coney Island and Staten Island and the elevation, depression or extension of lines in South Brooklyn.

At the meeting of February 15, 1912, a report was received from the Conference Committee, consisting of the Presidents of the Boroughs of Manhattan, The Bronx and Richmond and the Public Service Commission for the First District, and consideration was deferred until this day.

Resolutions were received from the Brooklyn League in favor of the proposed extensions to Fort Hamilton and Coney Island.

The President of the Borough of Manhattan, as Chairman of the Conference Committee, offered the following:

Whereas, The Committee of this Board appointed to confer with the Public Service Commission of the First District upon pending plans for the construction of rapid transit railways, in a report dated February 13, 1912, joins with the Public Service Commission in recommending that there be included in the general system of lines approved by the Board in the resolutions adopted June 21, 1911, the following:

(1) An extension of the present 4th avenue line, from Forty-third street as a four-track subway to a point to be later determined, where connection can be made with an extension to Staten Island and thence as a two-track subway (so located in the street that at a later time and when necessary two additional tracks may be added) to 86th street;

(2) An extension of the 4th avenue subway through 39th street as a three-track subway to New Utrecht avenue and thence as a three-track elevated line to Coney Island, by way of New Utrecht avenue, 86th street and Stillwell avenue to Surf avenue.

Whereas, It appears that the additional lines proposed may be operated as extensions of the present 4th avenue subway, title to each to be vested in the City and each to be recapturable, at the option of the City, under the terms of the Rapid Transit Law, after ten years from the beginning of operation; and

Whereas, The building of the said lines will carry out the frequently expressed purpose of the Public Service Commission and of this Board to provide an adequate system of transit for the South Brooklyn district; therefore, be it

Resolved, That the Board of Estimate and Apportionment approves the recommendations of the report of its conference committee and the Public Service Commission; and be it further

Resolved, That, in pursuance of the recommendations aforesaid, the Board of Estimate and Apportionment requests the Public Service Commission to include the said lines in any contracts prepared for the construction, equipment and operation of rapid transit lines serving the South Brooklyn section, subject to such modifications of detail as may be necessary for the connection of such further lines as may be proposed by any operating company from which bids for construction or operation may be received.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

FINANCIAL MATTERS.

The Secretary presented a resolution of the Board of Aldermen, requesting the issue of $2,900 special revenue bonds (subdivision 8, section 188 of the Charter), the proceeds to be used by the President of the Borough of Brooklyn for the purpose of furnishing supplies for the use of the Supreme Court, Second Department, and communications as follows:

From the Commissioner of Weights and Measures, requesting the issue of $5,000 special revenue bonds, to provide means for paying the wages of Inspectors (snow removal), to measure vehicles for the removal of snow during the year 1912;

From the Commissioner, Department of Water Supply, Gas and Electricity, requesting that an additional appropriation of $90,000 be made from the water revenues of the Borough of Brooklyn for the year 1912, to be credited to account S-331, to provide for the purchase of coal.

Which were referred to the Comptroller.

The Secretary presented communications requesting the establishment of new positions, additional grades of positions (pursuant to the provisions of section 56 of the Charter), and retirements (pursuant to the provisions of chapter 669 of the Laws of 1911), as follows:

From the Board of Health, requesting the establishment of the grade of position of Medical Inspector, at $2,250 per annum, for two incumbents;

From the Commissioner of Public Charities, requesting the establishment of the following grades of positions:

	Per Annum.
Medical Superintendent of Hospitals	$5,000 00
Deputy (lay) Superintendent of Hospital	1,800 00

—for the new Sea-View Hospital;

From the Secretary of the Board of Education, transmitting certified copy of resolution adopted by said Board, relative to fixing the compensation of Janitors of various school buildings;

From the Commissioner of Licenses, requesting the establishment of the grade of position of Law and Complaint Clerk, at $2,300 per annum, for one incumbent;

From the Commissioner of Bridges, recommending the retirement of William Dempsey, Foreman Carpenter in the Department of Bridges, and

(On February 15, 1912, the above report was laid over for one week.)

Department of Bridges, City of New York, 13-21 Park Row, Manhattan, January 31, 1912.

Hon. WILLIAM A. PRENDERGAST, *Comptroller,* No. 280 Broadway, Manhattan:

Sir—I have to request a modification of the schedule of the Brooklyn Bridge, Personal Service, Salaries, Regular Employees, Bridge Revenue Force, effective as of February 1, 1912, as follows:

Drop line items reading:

Bridge Keeper	$900 00	
Typewriting Copyist	900 00	
		$1,800 00

Add line items reading:

Stenographer and Typewriter	$1,200 00	
Unassigned	600 00	
		$1,800 00

This request is to provide for a Stenographer and Typewriter who has been qualified by the Civil Service Commission from Typewriting Copyist to Third Grade Stenographer and Typewriter, and does not require any additional appropriation.

Copy of revised schedule herewith.

Respectfully, WM. H. SINNOTT, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 31, 1912, the Commissioner of Bridges requested modification of a schedule for salaries of regular employees in his Department for 1912. In connection therewith I report as follows:

In Personal Service, Brooklyn Bridge, Salaries, Regular Employees, Bridge Revenue Force, it is proposed to drop a Bridge Keeper, at $900, and a Typewriting Copyist, at $900, and add a Stenographer and Typewriter, at $1,200, scheduling the $600 as unassigned.

This change is stated to be necessary to provide for an employee whose title has been changed by Civil Service from Typewriting Copyist to Stenographer and Typewriter and who has qualified for the $1,200 grade. Since January 1, 1912, individual decreases in rates of compensation have been made by modification to more than offset the $300 increase.

The line item changes, in detail, are as follows:

Line Item.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
Bridge Keeper, 1 at $900	$900 00	.....	$825 00	.....
Typewriter Copyist, 1 at $900	900 00	.....	825 00	.....
Stenographer and Typewriter, at $1,200	.....	$1,200 00	.....	$1,100 00
Balance unassigned	.....	600 00	.....	550 00
	$1,800 00	$1,800 00	$1,650 00	$1,650 00

The attached resolution, if adopted, will grant the request. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Department of Bridges, for the year 1912, to be effective as of February 1, 1912, as follows:

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

$275 from Account No. 829 within the appropriation made to the Police Department for the year 1911, to Accounts Nos. 1416, 1417 and 1418, within the appropriation made to the City Magistrates' Courts, First Division, for the year 1911.

Board of City Magistrates, First Division, City of New York, 300 Mulberry Street, Manhattan, January 29, 1912.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, Manhattan:

Sirs—Having obtained the consent of Hon. Rhinelander Waldo, Police Commissioner, for the transfer of the sum of $275 from the unexpended funds remaining in the account for Contingencies of the Police Department to the use of this Division, application is hereby respectfully made for said transfer from the 1911 appropriation contingency account of the Police Department, to the following three appropriation accounts for 1911 of the City Magistrates' Courts, First Division, divided as indicated below:

No. 1416.	General Supplies	$124 85
No. 1417.	Telephone Service	115 15
No. 1418.	Contingencies	35 00
	Total	$275 00

This transfer is necessary to meet outstanding obligations of this Division incurred in 1911, which have remained unpaid owing to lack of funds.

Very respectfully yours, PHILIP BLOCH, Chief Clerk.

Police Department of The City of New York, Office of the Commissioner, January 26, 1912.

Hon. WILLIAM MCADOO, *Chief City Magistrate,* 300 Mulberry Street, New York City:

Dear Sir—I am in receipt of your letter of January 25. I have no objection to $275 being transferred from the Contingent Fund of the Police Department to your Division. Very respectfully, R. WALDO, Police Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 29, 1912, the Chief Clerk of the Board of City Magistrates, First Division, requested the transfer of $275 from an appropriation to the Police Department for the year 1911 to three accounts in the City Magistrates' Courts, First Division, for the same year. In connection therewith I report as follows:

It is proposed to transfer the $275 from No. 829, Contingencies, Police Department, $124.85 to go to No. 1416, General Supplies, $115.15 to No. 1417, Telephone Service, and $35 to No. 1418, Contingencies, City Magistrates' Courts, First Division.

The following table shows the appropriations, unexpended balances and sums needed in the three accounts to be credited:

Account No.	Appropriation.	Unexpended Balance.	Liabilities.	Deficits and Proposed Transfers.
1416	$2,200 00	$7 54	$132 39	$124 85
1417	1,800 00	109 48	224 63	115 15
1418	1,200 00	84	35 84	35 00

The Chief Clerk states that the deficiency was caused by lack of sufficient appropriations to pay increased charges, under contract, for telephone service, and the cost of law books and extra outlays made necessary by a fire in the West Side Court building. The Police Commissioner has consented to the transfer of the $275 from the Contingency Account in his Department.

The attached resolution, if adopted, will grant the request. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated for the year 1911, as follows:

FROM
POLICE DEPARTMENT.
Administration.

829	Contingencies	$275 00

TO
City Magistrates' Courts, First Division.

1416	General Supplies	$124 85

1417 Telephone Service 115 15
1418 Contingencies 35 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

—

$600 within the appropriation made to the Department of Parks, Borough of Brooklyn, for the year 1911.

The City of New York, Department of Parks, Boroughs of Brooklyn and Queens, Litchfield Mansion, Prospect Park, Borough of Brooklyn, December 28, 1911.

To the Honorable Board of Estimate and Apportionment of The City of New York:

Gentlemen—You are hereby respectfully requested to transfer the sum of six hundred dollars ($600) from the appropriations made to the Department of Parks, Boroughs of Brooklyn and Queens, for the year 1911, entitled and as follows:

Maintenance of Institutions—
Museum of Arts and Sciences (including Taxidermical Laboratory),
Repairs and Replacements by Contract or Open Order 1911—1187 $350 00
Purchase of Furniture and Fittings, 1911—1192..... 250 00

$600 00

—the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the year 1911, entitled and as follows:

Maintenance of Institutions—
Museum of Arts and Sciences (including Taxidermical Laboratory),
Contingencies, 1911—1190 ..... $600 00

—the amount of said appropriation being insufficient.

Enclosed you will please find memorandum of disbursements made from the various accounts compiled by the Brooklyn Institute of Arts and Sciences for the Comptroller's information. Very truly yours,

M. J. KENNEDY, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 28, 1911, the Commissioner of Parks, Borough of Brooklyn, requested the transfer of $600 within appropriations to his Department for the year 1911. In connection therewith I report as follows:

The request is in three accounts for the Maintenance of Institutions, Museum of Arts and Sciences (Including Taxidermical Laboratory). It is proposed to transfer $350 from No. 1187, Repairs and Replacements by Contract or Open Order, and $250 from No. 1192, Purchase of Furniture and Fittings, to No. 1190, Contingencies. The appropriation for No. 1190 was $5,350. On December 1, 1911, there was an unencumbered balance of $1.52 in the account. The Director of the Museum states that the transfer is to provide $250 for the cost of publishing the annual report and to cover expenditures for glass for museum cases constructed in the museum. There are available balances of $1,135.02 and $1,363.99 in No. 1187 and No. 1192, respectively. The charges for glass for museum cases and annual report should be charged to General Supplies, instead of Contingencies.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Parks, Borough of Brooklyn, for the year 1911, as follows:

FROM

Maintenance of Institutions.

Museum of Arts and Sciences (Including Taxidermical Laboratory).
1187 Repairs and Replacements by Contract or Open Order..... $350 00
1192 Purchase of Furniture and Fittings..... 250 00

TO

1185 General Supplies $600 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

—

$800 within the appropriation made to the President of the Borough of The Bronx, for the year 1912.

City of New York, President of the Borough of The Bronx, Third Avenue and 177th Street, Office of the President, February 3, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Request is hereby respectfully made for the transfer of the sum of $800 from the appropriation made to the President of the Borough of The Bronx for the year 1912 entitled Purchase and Original Equipment of Apparatus, Machines, Harness and Vehicles, Except Automobiles, Code 1911, Public Buildings, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said President for said year, entitled Purchase of Furniture and Fittings, Code 1913, Public Buildings, the same being insufficient for the purposes thereof.

This transfer is made necessary for the reason that the appropriation made to Code 1913, viz., $415, is entirely inadequate for the requirements.

The Departmental Estimate for 1912 was $1,244, based on the expenditures for furniture and fittings for the year 1911.

This additional amount will provide a total of $1,215 for said purposes for the current year. Respectfully,

CYRUS C. MILLER, President, Borough of The Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 3, 1912, the President of the Borough of The Bronx requested the transfer of $800 within appropriations to his office for 1912. In connection therewith I report as follows:

The proposed transfer is in Public Buildings and Offices, from Purchase and Original Equipment of Apparatus, Machinery, Harness and Vehicles, except Automobiles, No. 1911, Public Buildings, to Purchase of Furniture and Fittings, No. 1913, Public Buildings. The President states the following:

> The transfer is made necessary by the fact that the $415 appropriated to No. 1913 is entirely inadequate for the requirements. The Departmental Estimate for the account was $1,244, based on the expenditures for Furniture and Fittings for 1911. The transfer will give $1,215 for these purposes for the current year.

The appropriation for No. 1911 was $1,162, and it is estimated that $362 will be sufficient for the year.

I recommend the approval of the request by the adoption of the attached resolution. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the President of the Borough of The Bronx, for the year 1912, as follows:

FROM

Purchase and Original Equipment of Apparatus, Machines, Harness and Vehicles, Except Automobiles.

Public Buildings and Offices—Maintenance—
1911 Public Buildings $800 00

TO

Purchase of Furniture and Fittings.

Public Buildings and Offices—Maintenance—
1913 Public Buildings $800 00

Which was adopted by the following vote:

$660 within the appropriation made to the Department of Parks, Borough of The Bronx, for the year 1912.

The City of New York, Department of Parks, Office of Commissioner for the Borough of The Bronx, Zbrowski Mansion, Claremont Park, February 3, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor and Chairman, Board of Estimate and Apportionment,* 277 Broadway, New York City:

Sir—Application is respectfully made for the transfer of six hundred and sixty dollars ($660) from the appropriation made to this Department for the year 1912.

995 of 1912, Repairs and Replacements by Contract or Open Order, Maintenance, Parks and Boulevards, to the Appropriation entitled 997 of 1912, Housing, Storage and Repairs of Apparatus, Machines, Harness and Vehicles, Except Automobiles, Maintenance, Parks and Boulevards.

The reserves on Code 997 to date are as follows:

Contract.

Repairs to Auto, Horse and Hand Lawn Mowers during 1912..... $2,000 00
Harness and Wheelwright Supplies..... 200 00

Open Market Orders.

Repairs to Carriages..... $67 50
Rainbow Packing 60 10
Repairs to Stone Crusher..... 31 70

$2,359 30

Appropriation 2,500 00
Reserves 2,359 30

February 3, 1912, Unencumbered Balance..... $140 70

The prospective expenditures of the unencumbered balance and transfer total, $800.70, the Superintendent states he is unable at this time to give in detail, but that the same will be necessary to keep the wagons, apparatus, machines and harness (all of which are old) in repair for the balance of the year. Very truly yours,

T. J. HIGGINS, Commissioner of Parks, Borough of The Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 3, 1912, the Commissioner of Parks, Borough of The Bronx, requested the transfer of $660 within appropriations to his Department for the year 1912. In connection therewith I report as follows:

The proposed transfer is from Repairs and Replacements by Contract or Open Order, Maintenance, No. 995, Parks and Boulevards, to Housing, Storage and Repairs of Apparatus, Machines, Harness and Vehicles, except Automobiles, Maintenance, No. 997, Parks and Boulevards. The appropriation for No. 997 was $2,500. The Commissioner states that $3,160 will be needed, estimated as follows:

Repairs to Horse, Hand and Auto-Lawn Mowers..... $2,000 00
Harness and Wheelwright Supplies..... 200 00
Repairs to Carriages..... 67 50
Rainbow Packing 60 10
Repairs to Stone Crusher..... 31 70
Repairs to Wagons, Apparatus, Machines, Harness..... 800 70

$3,160 00

The appropriation for No. 995 was $2,000, and it is stated that $1,340 will be sufficient for the year.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Parks, Borough of The Bronx, for the year 1912, as follows:

FROM

Repair and Replacements by Contract or Open Order.

Maintenance—
995 Parks and Boulevards..... $660 00

TO

Housing, Storage and Repairs of Apparatus, Machines, Harness and Vehicles, Except Automobiles.

Maintenance—
997 Parks and Boulevards..... $660 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

—

$57.26 within the appropriation made to the Commissioner of Jurors, Kings County, for the year 1911.

Office of the Commissioner of Jurors for the County of Kings, Court House, Brooklyn, N. Y., January 19, 1912.

JOSEPH HAAG, Esq., *Secretary Board of Estimate and Apportionment,* 277 Broadway, New York City, N. Y.:

Dear Sir—There was a balance of sixty-nine dollars and fourteen cents ($69.14) left to the credit of "Telephone, Rental of," Code No. 2112, Account of 1911.

I should like to have sixty dollars ($60) of this account transferred to the Contingent Fund, 1911, and nine dollars ($9) transferred to the General Supplies of 1911. This is necessary to pay an ice bill for the year ending 1911, and for the purpose of paying bill due on "General Supplies" account, as the appropriation for same will not be sufficient, in our judgment. Respectfully, etc.,

THOMAS R. FARRELL, Commissioner of Jurors for the County of Kings.

Office of the Commissioner of Jurors for the County of Kings, Court House, Brooklyn, N. Y., January 22, 1912.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City, N. Y.:

Dear Sir—In my communication of January 19th, in reference to having certain funds transferred, the amount stated was sixty-nine dollars and fourteen cents ($69.14), remaining to the credit of the "Telephone, Rental of" account, Code No. 2112. It should have been fifty-seven dollars and twenty-six cents ($57.26), of which amount I would kindly ask to have fifty dollars ($50) transferred to the Contingent Account, Code No. 2113, and seven dollars and twenty-six cents ($7.26) transferred to the General Supply Account, Code No. 2111. This is necessary to pay an ice bill for the year ending 1911; also, to pay bills in General Supply Account, as the appropriation for same will not be sufficient. Respectfully, etc.,

THOMAS R. FARRELL, Commissioner of Jurors for the County of Kings.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 19, 1912, the Commissioner of Jurors for the County of Kings requested the transfer of $69.14 within appropriations to his office for 1911. On January 22, 1912, the request was amended to make the amount $57.26. In connection therewith I report as follows:

The transfer is from No. 2112, Telephone Service, $50, to No. 2113, Contingencies, and $7.26 to No. 2111, General Supplies. The Commissioner states that the $50 is required for payment of an ice bill, and the $7.26 to close the account for General Supplies.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the Commissioner of Jurors, Kings County, for the year 1911, as follows:

FROM

2112 Telephone Service $57 26

TO

2113 Contingencies $50 00
2111 General Supplies 7 26

The Secretary presented the following communication from the Commissioner of the Mayor's Bureau of Weights and Measures requesting, and report of the Comptroller recommending, the modification of Salary Schedule 7, supporting the appropriation made in the Budget for the year 1912, for said Bureau, providing for the elimination of an Inspector of Weights and Measures at $1,200 and the addition of a Confidential Inspector at the same rate:

Mayor's Bureau of Weights and Measures, City Hall, City of New York, January 30, 1912.

The Honorable Board of Estimate and Apportionment:

Gentlemen—Request is hereby made that the salary schedule supporting the appropriations made to the Bureau of Weights and Measures for the year 1912 be modified in order to provide for one Confidential Inspector of Weights and Measures at $1,200 per annum, by reducing the number of Inspectors of Weights and Measures at $1,200 per annum from twenty to nineteen.

Resolution (1) providing for changes in Budget schedule lines as enumerated, in order to carry into effect the proposed modification, is transmitted herewith for adoption. Respectfully, JOHN L. WALSH, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 30, 1912, the Commissioner of Weights and Measures requested modification of the 1912 schedule for the Mayoralty, Personal Service, Bureau of Weights and Measures, No. 7, Salaries, Regular Employees. In connection therewith I report as follows:

The only change is the elimination of an Inspector of Weights and Measures, at $1,200 per annum, and the addition of a Confidential Inspector at the same rate. The grade for the change was established, pursuant to the provisions of section 56 of the Greater New York Charter, on February 6, 1912.

The following schedule shows the line item changes in detail:

Code No.	Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer Increase.	Cash Transfer Decrease.
7	Inspector of Weights and Measures, 19 at $1,200....	.....	$1,200 00	.....	$1,100 00
	Confidential Inspector of Weights and Measures....	$1,200 00	.....	$1,100 00	.....

I recommend the adoption of the attached resolution granting the request.
Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the schedule, as revised, for the office of the Mayor, Bureau of Weights and Measures, for the year 1912, as follows:

THE MAYORALTY.

Bureau of Weights and Measures.

7	Salaries, Regular Employees—	
	Chief of Bureau	$5,000 00
	Sealer of Weights and Measures	1,900 00
	Sealer of Weights and Measures	1,700 00
	Sealer of Weights and Measures, 8 at $1,500	12,000 00
	Inspector of Weights and Measures, 2 at $1,500	3,000 00
	Inspector of Weights and Measures, 19 at $1,200	22,800 00
	Confidential Inspector of Weights and Measures	1,200 00
	Stenographer	1,200 00
	Clerk	900 00
	Clerk, 2 at $600	1,200 00
	Automobile Engineman	1,200 00
		$52,100 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the President of the Borough of Richmond requesting, and report of the Comptroller recommending, the modification of Salary Schedule 2087, supporting the appropriation made in the Budget for the year 1912, for the office of said Borough President, to take effect March 1, 1912, providing for the substitution of a Stenographer and Typewriter, at $900, for a Clerk at the same rate:

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, January 26, 1912.

Honorable Board of Estimate and Apportionment, 277 Broadway, New York:

Gentlemen—I would request modification of the salaries schedule of the Bureau of Highways, Administration, of this office for the year 1912, so that said schedule will read as follows:

2087	Salaries, Regular Employees—	
	Superintendent	$3,000 00
	Chief Clerk	1,800 00
	Clerk	1,320 00
	Cashier	1,500 00
	Stenographer and Typewriter	1,500 00
	Stenographer and Typewriter	900 00
		$10,020 00

The modification consists in the substitution of the position of Stenographer and Typewriter, $900, for the position of Clerk, $900, without any increase in the amount of the schedule. The object of the proposed modification is to provide for the employment of a Stenographer and Typewriter whose services are required in place of the Clerk now employed, whom it is proposed to transfer to our Bureau of Sewers, where provision has been made for him. Yours truly,

GEORGE CROMWELL, President of the Borough.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 26, 1912, the President of the Borough of Richmond requested modification of a salary schedule in his office for the year 1912. In connection therewith I report as follows:

The request is in Highways, Administration, No. 2087, Salaries, Regular Employees. The only change proposed is the striking out of a Clerk, at $900, and the substitution of a Stenographer and Typewriter at the same rate,

The line item changes in detail are as follows:

Code No.	Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
2087	Clerk at $900	.....	$900 00	.....	$750 00
	Stenographer and Typewriter	$900 00	.....	$750 00	.....

I recommend the adoption of the attached resolution granting the request.
Respectfully, WM. A. PRENDERGAST, Comptroller.

The folowing resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised for the office of the President of the Borough of Richmond, for the year 1912, to take effect March 1, 1912, as follows:

Yours respectfully, CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 27, 1911, the Commissioner of Docks requested modification of twelve schedules in the Department of Docks and Ferries for the year 1912.

On February 8, 1912, the request was orally amended to include nine schedules. In connection therewith I report as follows:

The request is in five accounts for Salaries, Regular Employees, one for Wages, Regular Employees, and three for Wages, Temporary Employees. The changes are mainly for conformity with rulings of the Municipal Civil Service Commission in regard to the titles, etc., of incumbents now on the payrolls. The only other changes are for correction of clerical errors. The totals of the accounts remain the same, and the request involves no increases in compensation.

The following schedule shows in detail the changes requested:

Code No.	Title.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer Decrease.	Cash Transfer Increase.

County Court, Queens County, Long Island City, N. Y., February 1, 1912.
Hon. WILLIAM A. PRENDERGAST, *Comptroller of The City of New York,* 280 Broadway, New York City:

Dear Sir—On the 26th day of January, 1912, I promoted two attaches of this Court to the position of Assistant Special Deputy Clerk, at a salary of $2,000 per annum each, to take effect February 1, 1912, as will more fully appear in the certified copies of the said promotions or appointments which are enclosed herewith.

The salary of each of these men for the year of 1912, beginning February 1, 1912, to January 1, 1913, covering a period of eleven months, will amount to $1,833.34, and for the two, $3,666.68. This is a County charge.

I respectfully ask that Special Revenue Bonds for such amount of $3,666.68 be issued in accordance with the provisions of section 188, subdivision 7 of the Greater New York Charter.

Kindly let me know the number of this revenue bond account.

Respectfully yours,
BURT JAY HUMPHREY, County Judge, Queens County.

I, Burt Jay Humphrey, County Judge of the County of Queens, do hereby promote from the position of Court Attendant, County Court, Queens County, Grade A, and appoint to the position of Assistant to the Special Deputy Clerk in said Court and County, Grade B, Eugene J. Clarke, residing at 434 Hopkins avenue, Astoria, Queens County, N. Y., from and after the 31st day of January, 1912, pursuant to section 202, article VI, of the Judiciary Law, being chapter 35 of the Laws of 1909, constituting chapter XXX. of the Consolidated Laws as added by chapter 695 of the Laws of 1910, and to the Civil Service Law and the rules and regulations established thereunder, and further I, as such County Judge, do hereby fix the salary of said Eugene J. Clarke as such Assistant to the Special Deputy Clerk in said Court and County at the yearly sum of two thousand dollars ($2,000), pursuant to section 287, article VIII. of the Judiciary Law, being chapter 35 of the Laws of 1909 constituting chapter XXX. of the Consolidated Laws as added by chapter 695 of the Laws of 1910.

Dated at Long Island City, Queens County, N. Y., this 26th day of January, 1912. BURT JAY HUMPHREY, County Judge, Queens County.

County Clerk's Office, State of New York, County of Queens, ss.:

I, Martin Mager, Clerk of the County of Queens and of the Courts of Record thereof, do hereby certify that I have compared the annexed with the original appointment filed in my office January 29, 1912, and that the same is a true transcript thereof, and of the whole of such original.

In Testimony Whereof, I have hereunto set my hand and affixed the seal of said County and Court, this 29th day of January, 1912.

MARTIN MAGER, Clerk.

I, Burt Jay Humphrey, County Judge of the County of Queens, do hereby promote from the position of Court Crier, County Court, Queens County, Grade A, and appoint to the position of Assistant to the Special Deputy Clerk in said Court and County, Grade B, Edward J. Juster, residing at 6 Ackroyd avenue, Jamaica, N. Y., from and after the 31st day of January, 1912, pursuant to section 202, article VI. of the Judiciary Law, being chapter 35 of the Laws of 1909 constituting chapter XXX. of the Consolidated Laws as added by chapter 695 of the Laws of 1910, and to the Civil Service Law and the rules and regulations established thereunder, and further I, as such County Judge, do hereby fix the salary of said Edward J. Juster as such Assistant to the Special Deputy Clerk in said Court and County at the yearly sum of two thousand dollars ($2,000), pursuant to section 287, article VIII. of the Judiciary Law, being chapter 35 of the Laws of 1909 constituting chapter XXX. of the Consolidated Laws as added by *chapter 695 of the Laws of* 1910.

MARTIN MAGER, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 10, 1912.
To the Board of Estimate and Apportionment:

Gentlemen—On February 1, 1912, the County Judge of Queens County informed the Comptroller of the appointment of two additional Assistant Special Deputy Clerks at $2,000 per annum each, in his court for the year 1912. In connection therewith I report as follows:

Section 202 of chapter 695 of the Laws of 1910, provides as follows:

> The County Judge of Queens County shall appoint and at pleasure remove for the County Court of Queens County a Special Deputy to the Clerk of the County of Queens and as many assistants to such Special Deputy Clerk as may be necessary for the transaction of the business of such court.

Section 287 of the same statute provides as follows:

> The salary of each person appointed Special Deputy Clerk of the County Court of Queens County and the assistants to said Special Deputy Clerk, pursuant to section two hundred and two of this chapter shall be affixed by the Judge of said court, and the same shall be a County charge.

Pursuant to these provisions the County Judge promoted two attaches of the court to Assistant Special Deputy Clerks, at $2,000 per annum each, to be effective as of February 1, 1912. The old positions of the incumbents have been filled by appointment.

The $3,666.68 necessary to pay the Assistant Special Deputy Clerks to the end of the year will be provided by the issue of special revenue bonds, pursuant to the provisions of sub-division 7 of section 188 of the Greater New York Charter.

I recommend the adoption of the attached resolution modifying the 1912 salary schedule for the court to provide for the two new positions. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the County Court, Queens County, for the year 1912, to be effective as of February 1, 1912, as follows:

The Secretary presented the following report of the Comptroller relative to the authorization of $478,292.80 corporate stock to replenish the fund for Street and Park Openings in the matter of acquiring title to lands, etc., required for the opening and extending of a new street adjoining the easterly side of and parallel with the Manhattan approach of the Manhattan Bridge, between Forsyth street and East Broadway, and a new street adjoining the westerly side of, and parallel with the Manhattan approach of the Manhattan Bridge, between Bayard street and East Broadway, Borough of Manhattan:

The City of New York, Department of Finance, Comptroller's Office, February 10, 1912.
To the Honorable the Board of Estimate and Apportionment:

Gentlemen—I have been advised by the Corporation Counsel under date of January 19, 1912, that the report of the Commissioners of Estimate, in the proceeding relative to acquiring title wherever the same has not been heretofore acquired to the lands, tenements and hereditaments required for the opening and extending of a new street adjoining the easterly side of and parallel with the Manhattan approach of the Manhattan Bridge, between Forsyth street and East Broadway, and a new street adjoining the westerly side of and parallel with the Manhattan approach of the Manhattan Bridge, between Bayard street and East Broadway, in the Borough of Manhattan, City of New York, was confirmed by orders of the Supreme Court, dated July 26, 1911, and January 9, 1912, and entered in the office of the Clerk of the County of New York, July 27, 1911, and January 10, 1912, respectively.

The title to the land taken in this proceeding became vested in The City of New York on April 1, 1909, pursuant to the provisions of a resolution of the Board of Estimate and Apportionment, adopted March 26, 1909.

The total amount of the awards is	$470,349 90
Amount of taxed costs	3,513 69
Amount of additional taxed costs	4,429 21
Total	$478,292 80

Pursuant to the provisions of a resolution of the Board of Estimate and Apportionment, adopted June 26, 1908, the entire cost and expense of this proceeding is to be borne and paid by The City of New York, for which corporate stock to the amount of four hundred and seventy-eight thousand, two hundred and ninety-two dollars and eighty cents ($478,292.80) should be issued.

A resolution for that purpose is herewith submitted. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That pursuant to the provisions of section 174 of the Greater New York Charter, the Comptroller be and hereby is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of four hundred and seventy-eight thousand two hundred and ninety-two dollars and eighty cents ($478,292.80), the proceeds whereof to the amount of the par value thereof, to be applied to replenish the "Fund for Street and Park Openings" for this amount paid therefrom, in the matter of acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments, required for the opening and extending of a new street adjoining the easterly side of and parallel with the Manhattan approach of the Manhattan Bridge between Forsyth street and East Broadway, and a new street adjoining the westerly side of and parallel with the Manhattan approach of the Manhattan Bridge between Bayard street and East Broadway, in the Borough of Manhattan, City of New York, pursuant to the provisions of a resolution of the Board of Estimate and Apportionment, adopted June 26, 1908.

Which was adopted by the following vote:
Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following report of the Comptroller supplementing report presented to the Board on February 1, 1912, relative to the rescission of several resolutions authorizing issues of special revenue bonds for the payment of claims, etc., and recommending that the resolution adopted January 29, 1909, authorizing the issue of $2,583.33 special revenue bonds (subdivision 7, section 188 of the Charter), to provide final payment on account of claim of Alfred J. Boulton, former Register of Kings County, be rescinded, as said claim has been fully liquidated:

Department of Finance, City of New York, Comptroller's Office, February 5, 1912.
To the Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—As a supplement to my report dated January 17, 1912, with reference to the examination conducted by the Division of Expert Accounting, of the several accounts created by special revenue bonds authorized for specific purposes during 1910 and prior years, but never issued, I beg to submit the following:

R. R. G.—101, Register of Kings County, Compensation of Alfred J. Boulton, $2,583.33.

Following an investigation instituted to ascertain the status of this account, with a view to determine the disposition to be recommended to your honorable Board, the following facts have developed:

Alfred J. Boulton, formerly a Register of the County of Kings, subsequent to the expiration of his term of office, it appears, rendered services to the City of New York, imposed by chapter 621, Laws of 1903, which provides in part, as follows:

> Section 11. "It shall be the duty of the register, after the close of his term, to discharge all mortgages, and to certify to conveyances and all other papers of record, filed for record during his term; and the Board of Estimate and Apportionment shall determine the compensation of such services and shall make provision for the payment of the same."

A report rendered by the Supervising Statistician and Examiner of the Department of Finance to the Comptroller, dated January 5, 1909, refers to a resolution adopted on April 24, 1908, by the Board of Estimate and Apportionment, providing that payment to Mr. Boulton for services rendered by himself and assistants shall be at the rate of eleven thousand dollars ($11,000) per annum. The sum of $2,583.33 represents the final installment on the sum allowed him for his services and those of his assistants, three payments, each of $2,500, having already been made prior to the date of the report herein referred to and subsequent to the date of the aforesaid resolution. The work was virtually completed on December 1 of the same year, and at the rate provided for in the resolution, amounted in all to $10.083.33.

The report recommends the payment of this balance of $2,583.33 to said Alfred J. Boulton, and in accordance with the approval of the same by the then Comptroller, the Board of Estimate and Apportionment adopted a resolution on the 29th day of June, 1909, authorizing the Comptroller to issue special revenue bonds of The City of New York, to the amount of $2,583.33, to provide means for the final payment on account of said services.

The proceeds of this issue of special revenue bonds were never applied to the liquidation of this account, but the records disclose that on or about February 1, 1909, Alfred J. Boulton was paid in full in the sum of $2,583 33, as per voucher B573, which was charged against the account entitled "Revenue Bond Fund for County Charges and Expenses, County of Kings."

In view of the foregoing facts, I would recommend that the Board of Estimate and Apportionment adopt the resolution transmitted herewith, for the rescindment of

the resolution adopted January 29, 1909, the purposes of which have been fully accomplished in the manner as hereinbefore set forth. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Whereas, At a meeting of the Board of Estimate and Apportionment, held on the 29th day of January, 1909, a resolution, of which the following is a copy, was presented and adopted:

"Resolved, That, pursuant to the provisions of chapter 621 of the Laws of 1903, and in accordance with the resolution adopted April 24, 1908, determining that the compensation to Alfred J. Boulton, former Register of Kings County, for services rendered by himself and assistants after the expiration of his term of office, in the examination and certification of papers filed during said term of office, shall be at the rate of eleven thousand dollars ($11,000) per annum, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue special revenue bonds of The City of New York, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter, to the amount of two thousand five hundred and eighty-three dollars and thirty-three cents ($2,583.33), to provide means for the final payment on account of said services, said bonds to be redeemed from the tax levy of the year succeeding the year of their issue."

--and

Whereas, In conformity with the resolution as aforesaid, a special revenue bond account, for the purpose as designated, was credited with the amount authorized in the said resolution, and up to the present time, the special revenue bonds therefor remain unissued; and

Whereas, In accordance with a report dated February 5, 1912, submitted herewith by the Comptroller, wherein it is found that the above mentioned indebtedness has been liquidated, discharged and paid in full, as therein more particularly set forth, and the purpose of the aforesaid resolution has been fully accomplished, rendering unnecessary the issuance of the special revenue bonds therein authorized for the purpose specified; now, therefore, be it

Resolved, That the resolution hereinbefore set forth in the preamble of this resolution be, and the same is hereby rescinded.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Public Charities requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the forms of contracts (as amended) for services of Frank J. Helmle, as architect, in supervising the construction of the following buildings for said Department:

New Dormitory for Female Help, Metropolitan Hospital, estimated fees, $883.75.

New Dormitory for Female Help, Metropolitan Hospital, estimated fees, $453.25.

Day Rooms for Pavilions F and F2, New York City Children's Hospital and Schools, Randalls Island, estimated fees, $175.66.

Industrial School at New York City Children's Hospital and Schools, Randalls Island, estimated fees, $559.40.

Department of Public Charities of The City of New York, Foot of East 26th Street, January 17, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Enclosed herewith please find final contracts for services of Mr. Frank J. Helmle, Architect, as follows:

Name of Building and Contractor.	Contract Price.	Date of Award.	Appropriation.
Supervision of Construction of New Dormitory for Female Help, Metropolitan Hospital; Richard Carvel Company...	$95,000	Nov. 30, 1910	Department of Public Charities, Building Fund—C.-C.H.-33C.
Supervision of Entire Completion of New Dormitory for Female Help, Metropolitan Hospital; Richard Carvel Company	18,750	Oct. 3, 1911	Department of Public Charities, Building Fund—C.-C.H.-33C.
Day Rooms for Pavilions F and F2, New York City Children's Hospitals and Schools, Randalls Island; Thomas J. Buckley Construction Company.....	16,519	Feb. 20, 1911	Department of Public Charities, Building Fund—C.-C.H.-40B.
Industrial Building at New York City Children's Hospitals and Schools, Randalls Island; Thomas J. Buckley Construction Company	53,983	Feb. 7, 1911	Department of Public Charities, Building Fund—C.-C.H.-40A.

This request is made because the original plans and specifications for these buildings were drawn by our Departmental Architect. There was therefore no necessity for obtaining permission for making contracts with an architect; but our Departmental Architect resigned in November, 1911, and as these buildings were well under way, it was necessary to have at once an architect to take charge.

I therefore submit these contracts for formal approval of the Board of Estimate and Apportionment. You will see they are drawn on the basis of 2½ per cent. commission on the contract price of these buildings.

Trusting that you will take prompt and favorable action on this request, I am,

Respectfully yours, M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 17, 1912, the Commissioner of Public Charities requested approval of forms of contracts for the services of Frank J. Helmle of No. 190 Montague street, Brooklyn, as Architect for the supervision of the construction of the following work:

Construction of new dormitory for Female Help, Metropolitan Hospital, Blackwells Island, estimated fees, $883.75.

Entire completion of new dormitory for Female Help, Metropolitan Hospital, Blackwells Island, estimated fees, $453.25.

Day rooms for Pavilions F and F2, New York City Children's Hospitals and Schools, Randalls Island, estimated fees, $175.66.

Industrial building at New York City Children's Hospitals and Schools, Randalls Island, estimated fees, $559.40.

On January 31, 1912, the Commissioner requested approval of amended forms of contract for the several items.

The cost of the work in connection with the new dormitory for Female Help, Metropolitan Hospital, is to be charged to the corporate stock fund "C. C. H.—33C, Department of Public Charities, Construction and Furnishing of Dormitory for Female Employees, Metropolitan Hospital, Blackwells Island." The appropriation, in the sum of $120,000, was approved by the Board of Estimate and Apportionment on June 3, 1910, and July 17, 1911, amended on December 21, 1911, and by the Board of Aldermen on June 28, 1910, and July 25, 1911, and amended on December 26, 1911. On February 8, 1912, there was an unencumbered balance in the fund of $6,673.31.

The cost of the work in connection with day rooms for Pavilions F and F2 is to be charged to the corporate stock fund "C. C. H.—40B, Department of Public Charities, Construction of Addition to Ward F at Children's Hospital, Randalls Island." The appropriation, in the sum of $40,000, was approved by the Board of Estimate and Apportionment on June 3, 1910, and by the Board of Aldermen on June 28, 1910. On February 8, 1912, there was an unencumbered balance in the fund of $23,576.61.

The cost of the work in connection with the Industrial School is to be charged to the corporate stock fund "C. C. H.—40A, Department of Charities, Construction of Industrial Building at Children's Hospital, Randalls Island." The appropriation, in the sum of $60,000, was approved by the Board of Estimate and Apportionment on June 3, 1910, and by the Board of Aldermen on June 28, 1910. On February 8, 1912, there was an unencumbered balance in the fund of $6,262.85.

The proposed Architects' contracts are for the services of an Architect for the supervision of the completion of the respective construction contracts. The supervision is necessary because the Department Architect, who was in charge of the work, resigned recently while the construction contracts were uncompleted.

The forms of contracts as first presented on January 17, 1912, provided that the Architect's fees should be at the rate of 2½ per cent. of the construction contract prices. The effect of this provision would have been to pay the Architect fees upon work with which he had nothing to do.

The Commissioner of Public Charities, therefore, withdrew the forms and submitted them in their present form, providing that the fees of the Architect shall be 3½ per cent. of the balance remaining after deducting the cost of the work heretofore certified as completed. This provision is reasonable, in view of the fact that in addition to supervising the uncompleted work, for which 2½ per cent. is the usual fee, the Architect will be required to familiarize himself with the plans and specifications and to furnish the contractors with additional detail drawings.

Since the submission of the forms the second time, they have been amended to state more definitely the provision as to the compensation.

I recommend the adoption of the attached resolution approving the forms of contract as amended, and the estimates of cost. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the forms of contract, as amended, with Frank J. Helmle, of No. 190 Montague street, Borough of Brooklyn, for Architect's services, for work under the jurisdiction of the Department of Public Charities, as follows:

For the supervision of construction of new Dormitory for Female Help, Metropolitan Hospital, Blackwells Island; estimated fees, eight hundred and eighty-three dollars and seventy-five cents ($883.75), to be charged to the corporate stock fund "C.C.H.33C, Department of Public Charities, Construction and Furnishing of Dormitory for Female Employees, Metropolitan Hospital, Blackwells Island."

For the supervision of entire completion of new Dormitory for Female Help, Metropolitan Hospital, Blackwell's Island; estimated fees, four hundred and fifty-three dollars and twenty-five cents ($453.25), to be charged to the corporate stock fund, "C.C.H.33C, Department of Public Charities, Construction and Furnishing of Dormitory for Female Employees, Metropolitan Hospital, Blackwell's Island."

For the supervision of construction of Day Rooms for Pavilions F and F2, at the New York City Children's Hospital and Schools, Randall's Island; estimated fees, one hundred and seventy-five dollars and sixty-six cents ($175.66), to be charged to the corporate stock fund "C.C.H.40B, Department of Public Charities, Construction of Addition to Ward F at Children's Hospital, Randalls Island."

For the supervision of construction of Industrial School at the New York City Children's Hospital and Schools, Randalls Island; estimated fees, five hundred and fifty-nine dollars and forty cents ($559.40), to be charged to the corporate stock fund "C.C.H.40A, Department of Public Charities, Construction of Industrial Building at Children's Hospital, Randalls Island."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the amended form of contract, specifications, plans and estimate of cost ($19,753) for the erection and completion of a monument to Carl Schurz, in Morningside Park, Manhattan, under the jurisdiction of said Department:

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, January 20, 1912.

To the Honorable the Board of Estimate and Apportionment, The City of New York:

Gentlemen—Herewith I beg to forward for the approval of your honorable Board, as required, form of proposed contract, plans and specifications for the erection and completion, in so far as specified, of a monument to Carl Schurz, to be located in Morningside Park, at 116th street and Morningside Park West.

The estimated cost is $19,753, and will be chargeable against the fund provided for the purpose by the issue of corporate stock, C. D. P.—20D. Yours truly,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 20, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested approval of form of contract, specifications, plans and estimate of cost in the sum of $19,753, for the erection and completion, in so far as specified, of a monument to Carl Schurz in Morningside Park, Borough of Manhattan.

The cost of the work is to be charged to the corporate stock fund entitled, "C. D. P.—20D, Erection of the Carl Schurz Memorial at 116th Street and Morningside Park."

The appropriation in the sum of $25,000 was approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 31, 1911. On February 9, 1912, there had been no expenditures from the fund.

The contract is to be awarded to Piccirilli Bros., of No. 467 East 142d street. The Board of Aldermen on November 14, 1911, granted permission to award the contract without public letting.

The form of contract, specifications and plans have been amended in several items, and are now satisfactory. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving the amended form of contract, specifications and plans, and the estimate of cost.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the amended form of contract, specifications, plans and the estimate of cost, nineteen thousand seven hundred and fifty-three dollars ($19,753), for the erection and completion of a monument to Carl Schurz in Morningside Park, Borough of Manhattan, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond; the cost of the work to be charged to the corporate stock fund entitled, "C. lamp posts, to be erected in connection with the monument of Carl Schurz in Morningside Park, Borough of Manhattan.

The cost of the work is to be charged to the corporate stock fund entitled, "C. D. P.—20D, Erection of the Carl Schurz Memorial at 116th Street and Morningside Park."

The appropriation in the sum of $25,000 was approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 31, 1911. On February 9, 1912, there had been no expenditures from the fund.

The contract is to be awarded to the Roman Bronze Company, of No. 293 Greene street, Borough of Brooklyn. The Board of Aldermen, on November 14, 1911, granted authority to award the contract without public letting.

The form of contract, specifications and plans have been amended in several items, and are now satisfactory. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving the amended form of contract, specifications and plans and estimate of cost.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the amended form of contract, specifications, plans and estimate of cost, three thousand and forty dollars ($3,040), for furnishing bronze railings and lamp posts, to be erected in connection with the monument of Carl Schurz in Morningside Park, Borough of Manhattan, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond; the cost of the work to be charged to the corporate stock fund entitled, "C. D. P.—20D, Erection of the Carl Schurz Memorial at 116th Street and Morningside Park."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, for furnishing and laying new pavements on the terrace around the Bethesda Fountain in Central Park, under the jurisdiction of said Department, at an estimated cost of $22,000:

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, December 18, 1911.

To the Honorable the Board of Estimate and Apportionment, The City of New York:

Gentlemen—Herewith I beg to forward, for the approval of your honorable Board, as required, plans, specifications and form of contract for proposed new pavement for the Terrace, in Central Park, Manhattan.

The estimated cost of this improvement is $22,000, and is chargeable to the fund provided by corporate stock issue known as C. D. P.—72, for the Construction and Repairing of Drives, etc. Respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 18, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested approval of plans, specifications and estimate of cost in the sum of $22,000, for furnishing and laying new pavements on the terrace around the Bethesda Fountain in Central Park, Manhattan.

The cost of the improvement is to be charged to the corporate stock fund entitled, "C. D. P.—72, For the Construction and Repairing of Drives, etc." The fund was authorized by the Board of Estimate and Apportionment on May 1, 1908, in an amount of $166,666.67, and amended on June 3, 1910, by reducing the amount to $154,666.67. The unencumbered balance in the fund on February 14, 1912, was $35,561.58.

The plans and specifications are satisfactory, and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, plans and specifications, and estimate of cost in the sum of twenty-two thousand dollars ($22,000), for furnishing and laying new pavements on the terrace around the Bethesda Fountain in Central Park, Borough of Manhattan, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond; the cost to be paid from the corporate stock fund entitled, "C. D. P.—72, Construction and Repairing of Drives, etc."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Parks, Borough of Brooklyn, requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract and specifications (as amended) and estimate of cost ($1,034), including architect's fees, for the erection and completion of counters in the Central Museum of the Brooklyn Institute of Arts and Sciences, under the jurisdiction of the said Department:

The City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Prospect Park, Borough of Brooklyn, January 26, 1912.

To the Honorable the Board of Estimate and Apportionment, City of New York:

Gentlemen—I am transmitting herewith for your approval, plans, specifications, bid sheet and estimate of cost for all labor and materials required for the manufacturing, furnishing, delivery, erection and completion of counters in the Central Museum of the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, City of New York.

Yours very truly, M. J. KENNEDY, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 26, 1912, the Commissioner of Parks, Borough of Brooklyn, requested approval of the form of contract, specifications, plans and estimate of cost, including Architect's fees, in the sum of $1,034, for the erection and completion of counters in the Central Museum of the Brooklyn Institute of Arts and Sciences.

The cost of the work is to be charged to the corporate stock fund entitled, "C. D. P.—243, Museum of Arts and Sciences, Erection of Addition, Borough of Brooklyn." The appropriation, in the sum of $131,000, was approved by the Board of Estimate and Apportionment on March 16, 1905, and by the Board of Aldermen on March 21, 1905, for the completion and equipment of the Brooklyn Institute. On February 15, 1912, there was an unencumbered balance in the fund of $24,429.32.

The form of contract and specifications have been amended, with the approval of the Architect, and are now satisfactory. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving the request with the amendments noted. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract and specifications, as amended, the plans and estimate of cost, including Architect's fees, in the sum of one thousand and thirty-four dollars ($1,034), for the erection and completion of counters in the Central Museum of the Brooklyn Institute of Arts and Sciences, Borough of Brooklyn, under the jurisdiction of the Department of Parks, Borough of Brooklyn; the cost to be charged to the corporate stock fund entitled, "C. The Secretary presented the following communication from the Department of Bellevue and Allied Hospitals requesting, and report of the Comptroller recommending, that the resolution adopted January 4, 1912, approving, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of final contract with Raymond F. Almirall, as architect, for the enlargement and enclosure of 6 balconies at Fordham Hospital, under the jurisdiction of said Department, at an estimated cost of $498.04, be amended, by increasing the estimate of cost to $822.55, for the reason that a contract was entered into with the architect at a fee of 7½ per cent., and he was directed to proceed with the plans on said basis, instead of the usual fee of 6 per cent:

Bellevue and Allied Hospitals, Office of the Board of Trustees, First Avenue and 26th Street, New York, January 23, 1912.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, Department of Finance,* 280 Broadway, New York City:

Sir—The Trustees have received a copy of a resolution adopted by the Board of Estimate and Apportionment on January 4, approving final contract with Mr. R. F. Almirall as architect for the enlargement and enclosure of the balconies at Fordham Hospital, provided the compensation be fixed at six per cent. On July 1, 1910, the Trustees asked your advice as to the proper rate of compensation for this work, and on August 15 received your suggestion that the compensation be fixed at seven and one-half per cent. The architect was then directed to proceed with the plans on this basis. It would therefore not seem fair or lawful to reduce the rate of compensation at this date, especially as the work is now completed. I should be glad to receive your recommendation as to the action which should be taken by the Trustees in the premises. Respectfully, J. K. PAULDING, Secretary, Board of Trustees.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1912, the Board of Estimate and Apportionment adopted a resolution approving the form of final contract with Raymond F. Almirall, as architect, for the enlargement and enclosure of six balconies at Fordham Hospital, upon the condition that the total compensation to be paid the architect be reduced from 7½ per cent, to 6 per cent.

In a communication to the Comptroller, under date of January 23, 1912, the Secretary of the Board of Trustees of Bellevue and Allied Hospitals states the following:

> The trustees have received a copy of a resolution adopted by the Board of Estimate and Apportionment on January 4, approving final contract with Mr. R. F. Almirall, as architect, for the enlargement and enclosure of the balconies at Fordham Hospital provided the compensation be fixed at six per cent. On July 1, 1910, the trustees asked your advice as to the proper rate of compensation for this work, and on August 15 received your suggestion that the compensation be fixed at seven and one-half per cent. The architect was then directed to proceed with the plans on this basis. It would therefore not seem fair or lawful to reduce the rate of compensation at this date, especially as the work is now completed.

The communication of August 15, 1910, referred to was addressed to the Secretary and read as follows:

> In reply to your communication dated July 1, 1910, stating that subject to the approval of the Comptroller the Trustees of Bellevue and Allied Hospitals propose to execute a contract with Mr. Raymond F. Almirall for services as architect in connection with the enlargement of the balconies at Fordham Hospital on a basis of ten per cent. of the cost, which is estimated at $27,000, the amount of the appropriations for the purpose which have been made and released in the Corporate Stock Budget.
>
> While there have been instances of an allowance of ten per cent. to architects for their services in connection with alteration work, the common practice of the City for a long time has been to allow seven and one-half per cent. as the fee for this class of work. If there is to be any deviation from this seven and one-half per cent. in this case, it would seem proper to fix the fee at less rather than more than this percentage.
>
> The usual fee of architects for new work is five per cent. of the cost of construction and the practice of increasing this fee in the case af alteration work is based on the fact that generally the architect is compelled to measure up and draw plans of the old building to be altered and make a thorough examination of the construction and strength of the old piers, partitions, walls, etc., before planning the new work, all of which makes the preparation of plans for alteration work more expensive to him than if the work was entirely new.
>
> In this case Mr. Almirall is already familiar with the present building, having been the architect of it, and has in his office the complete plans and details of the building to be altered. It is therefore difficult to see why the work will be more expensive to him than if it were new work.

The Trustees of Bellevue and Allied Hospitals interpreted this communication as an authorization to enter into a contract with the architect at a fee of 7½ per cent., and the architect was directed to proceed with the plans on this basis.

The architect had completed his plans and the supervision of construction before his contract was submitted to the Board of Estimate and Apportionment for approval.

In view of these facts, I recommend that the fee of 7½ per cent. be approved in this case. The increased payment involved is $324.51.

The expenditure is to be charged to the corporate stock fund entitled, "C. B. H. 5, Construction of a New Hospital, Borough of The Bronx, Fordham Hospital." On February 15, 1912, there was an unencumbered balance of $4,761.69 in the fund. The appropriation for the fund was approved by the Board of Estimate and Apportionment on May 13, 1904. No action was taken by the Board of Aldermen, and the appropriation became operative on June 29, 1904, under the provisions of section 48 of the Greater New York Charter.

The adoption of the attached resolution will approve the fee of 7½ per cent., or an estimate of cost in the sum of $822.55 for the final contract.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on January 4, 1912, as follows:

> "Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of final contract with Raymond F. Almirall, as Architect, for the enlargement and enclosure of six balconies at Fordham Hospital, under the jurisdiction of Bellevue and Allied Hospitals, at an estimated cost of *four hundred and ninety-eight dollars and four cents* ($498.04), the expense to be paid from the corporate stock fund entitled 'C. B. H.—5, Construction of a New Hospital, Borough of The Bronx, Fordham Hospital,' *provided that the total compensation to be paid the Architect be reduced from seven and one-half* (7½) *per cent. to six* (6) *per cent.*"

—be amended to read as follows:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of final contract with Raymond F. Almirall, as Architect, for the enlargement and enclosure of six balconies at Fordham Hospital, under the jurisdiction of the Department of Bellevue and Allied Hospitals, at an estimated cost of *eight hundred and twenty-two dollars and fifty-five cents* ($822.55), to be paid from the corporate stock fund entitled "C. B. H.—5, Construction of a New Hospital, Borough of The Bronx, Fordham Hospital."

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Public Charities requesting, and report of the Comptroller recommending approval,

pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract and specifications (as amended), plans and estimate of cost ($100,000), including architect's fees, for the erection and entire completion of a Staff House, Kings County Hospital, under the jurisdiction of said Department:

Department of Public Charities of The City of New York, Foot of East 26th Street, New York, January 22, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Enclosed please find plans, specifications and form of contract for the erection and entire completion of Staff House, Kings County Hospital, Borough of Brooklyn, estimated cost is $100,000, and the expense is to be charged against Department of Public Charities, Corporate Stock Fund, C—CH—39K.

Your approval of the plans, specifications, form of contract and estimate is herewith requested. Respectfully yours, MICHAEL J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 22, 1912, the Commissioner of Public Charities requested the approval of plans, specifications, form of contract and estimate of cost including Architect's fees, in the sum of $100,000, for the erection and entire completion of a Staff House, Kings County Hospital, Brooklyn.

The form of contract and specifications have been amended in many details and are now satisfactory. The plans are complete and satisfactory. The estimate of cost is reasonable.

The cost of the work is to be charged to the corporate stock fund entitled, "C. C. H.—39K, for the Construction and Equipment of a Staff House, Kings County Hospital, Brooklyn." The authorization, amounting to $100,000, was approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 31, 1911. On February 9, 1912, no expenditures had been made from the fund.

I recommend the adoption of the attached resolution approving the request with the amendments noted above. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract and specifications as amended, plans and estimate of cost, including Architect's fees, in the sum of one hundred thousand dollars ($100,000), for the erection and entire completion of a Staff House, Kings County Hospital, Brooklyn, under the jurisdiction of the Department of Public Charities, the cost of the work to be charged against the corporate stock fund entitled "C. Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Docks and Ferries requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract and specifications for furnishing and delivering granite stone to said Department, for a bulkhead and river wall construction, at estimates of cost, for Classes 1 and 2, of $10,516 and $5,857.50, respectively:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, February 1, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor and Chairman of the Board of Estimate and Apportionment:*

Sir—I transmit herewith copy of Contract No. 1320, with specifications, for obtaining supply of granite stone for bulkhead or river wall construction. This contract is divided into two classes, as follows:

Class 1, for 10,516 cubic feet of granite headers and granite stretchers, estimated at one dollar per cubic foot, $10,516.

Class 2, for 5,325 cubic feet of granite coping stones, estimated at $1.10 per cubic foot, $5,857.50.

Each class is to be awarded as a separate contract.

The expense is to be charged to corporate stock funds, C. D. D.—27.

I request approval of the contracts, specifications and estimates.

Yours respectfully, CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 14, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 1, 1912, the Commissioner of Docks requested approval of the form of contract, specifications and estimates of cost in the sum of $16,373.50, for furnishing and delivering granite stone for bulkhead and river wall construction.

The contract is divided into two classes, the award to be made to the lowest bidder in each class.

The estimates are as follows:

Class 1—For furnishing and delivering 10,516 cubic feet of granite headers and granite stretchers; estimated cost, $10,516.

Class 2—For furnishing and delivering 5,325 cubic feet of granite coping stones; estimated cost, $5,857.50.

The cost is to be paid from a corporate stock fund authorized by the Board of Estimate and Apportionment on April 6, 1911, and entitled, "C. D. D.—27, Department of Docks and Ferries, Supplies, etc., for Construction and Improvement of Docks." On February 9, 1912, there was an unencumbered balance of $238,565.35 in the fund.

The form of contract and specifications are satisfactory and the estimates of cost are reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract and specifications for furnishing and delivering, under the jurisdiction of the Department of Docks and Ferries, granite stone for bulkhead and river wall construction, at estimates of cost in the sum of ten thousand five hundred and sixteen dollars ($10,516) for Class One (1), and five thousand eight hundred and fifty-seven dollars and fifty cents ($5,857.50) for Class Two (2).

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented a report of the Comptroller recommending that no action be taken on the request of John T. Hilton, an employee in the Department of Docks and Ferries, for the cancellation of the balance of a judgment obtained by the City against him, for the reason that the Corporation Counsel, in an opinion dated January 25, 1912, holds that the Board of Estimate, nor any other municipal officer or body, has the power to waive an enforcible debt of the City; etc.

Which was ordered filed and the Secretary directed to transmit a copy thereof to Mr. John T. Hilton, and to the Corporation Counsel.

(On June 22, 1911, the request of the above-named employee for the cancellation of said judgment was referred to the Comptroller.)

The Secretary presented the following communication from the Conference of Mayors of the State of New York requesting, and report of the Comptroller recommending, that the Secretary of the Board be directed to draw a warrant in favor of the Annual Conference of Mayors of the State of New York, for the sum of $50, being the City's share in defraying the expenses of the 1912 conference, to be held in the city of Utica, said sum to be paid from the Contingency Fund of the Board of Estimate and Apportionment, for the year 1912:

(On February 1, 1912, a communication from the President of the Annual Conference of Mayors, requesting the above appropriation, was referred to the Comptroller.)

Annual Conference of Mayors of the State of New York, Office of Secretary, 105 East 22d Street, New York City, January 23, 1912.

Hon. WILLIAM J. GAYNOR, *New York City:*

Dear Mayor—At a recent meeting of the Advisory Committee of the Conference of Mayors, the following Budget for the ensuing year was adopted:

Printing Proceedings and distribution	$350 00
Stationery, printing, postage, publicity and incidentals	400 00
Stenographic report	250 00
Salary of Secretary, including his expenses	600 00
	$1,600 00

It was also decided to ask each city in the state to appropriate this year $50 toward defraying the expense of the 1912 Conference, which will be held in Utica this spring, and to pay any other legitimate charges for the maintenance of the organization. Your city now has the authority to make this appropriation. At the last session of the Legislature a bill was passed and signed by the Governor, at the request of the Conference, making such an appropriation legal. A copy of this law is enclosed.

If you attended either of the last two sessions of the Conference you realize the value of the organization to the officials and people of your city; if you did not your predecessor in office will tell you what the Conference has done already for the municipalities of the Empire State.

The Advisory Committee urges you to have your city make the necessary appropriation at once, so that plans for the Utica Conference can be perfected without delay.

May I ask that you notify me as soon as possible what provision your city will make relative to the appropriation. I also solicit from you suggestions for topics to be discussed at the next Conference.

Your assessment should be sent to the Treasurer, Hon. Elias P. Mann, Troy, N. Y.

Very truly yours, CHARLES C. DURYEE, President.

Copy of Law Empowering Cities of New York State to Appropriate Money for Support of Mayors' Conference.

Section 1. Chapter twenty-six of the laws of nineteen hundred and nine, entitled "An act in relation to cities, constituting chapter twenty-one of the consolidated laws," is hereby amended by adding thereto, after section thirteen thereof, a new section, to be section thirteen-a, to read as follows:

13-a. Moneys for maintaining annual conference of city officials; second and third class cities. The common council of any city of the second or third class is hereby authorized to appropriate and expend annually, from moneys raised by taxation in such city, a sum not exceeding one hundred dollars to meet the actual and necessary expenses of maintaining and continuing the annual conference of officials of cities of the second and third class in this state for the purpose of devising practicable ways and means for obtaining greater economy and efficiency in the government thereof. The moneys thus appropriated shall be raised by tax on the real and personal property liable to taxation in any such city in the same manner as other city expenses.

2. This act shall take effect immediately.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 23, 1912, the Mayor referred to the Board of Estimate and Apportionment a communication from the Hon. Charles C. Duryee, President of the Annual Conference of Mayors of the State of New York, requesting an appropriation of $50, as the share of The City of New York in meeting the expenses of the organization for the 1912 conference. In connection therewith I report as follows:

The Annual Conference of Mayors, as described by chapter 622 of the Laws of 1911, is *"for the purpose of devising practicable ways and means for obtaining greater economy and efficiency"* in the government of the cities of this State. The conference is approved by the Mayor of The City of New York. Each city in the State has been requested to appropriate $50 toward defraying the expense of the 1912 conference, to be held in Utica this spring.

I recommend the adoption of the attached resolution making the $50 available in the contingency account of your Board. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Secretary of the Board of Estimate and Apportionment be and he is hereby authorized and directed to draw a warrant in favor of the Annual Conference of Mayors of the State of New York for the sum of fifty dollars ($50), said sum being the share of The City of New York in defraying the expense of the 1912 conference to be held in the City of Utica, State of New York, and to be charged to and paid out of the 1912 Budget appropriation entitled,

Board of Estimate and Apportionment, Contingencies.

1390 For expenses, including Expert Service, for the work of Budgetary Appropriations, Budgetary Publicity, and the Standardization of Salaries, Wages and Grades..... $12,000 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented a report of the Secretary of the Department of Public Charities, relative to communication from Anna G. Dubois, complaining of the existing conditions at "The Poor House," on Staten Island, and stating that the matter has had consideration.

Which was ordered filed and the Secretary directed to transmit a copy thereof to Miss Anna G. Dubois.

(On February 8, 1912, the above communication was referred to the Commissioner of Public Charities.)

The Secretary presented the following report of the Commission on Standardization, approved by the Select Committee on Standardization, consisting of the Mayor, Comptroller and President of the Board of Aldermen, submitting résumé of the work done by the Standard Testing Laboratory since its establishment by the Board.

Which was ordered printed in the Minutes and filed.

City of New York, Department of Finance, Comptroller's Office, January 30, 1912.

Committee on Standardization of Supplies, Board of Estimate and Apportionment, New York City:

Sirs—Your sub-committee on the determination of standards and the preparation of specifications for the purchase of supplies consumed by The City of New York, begs to submit herewith for your information and for the information of the members of the Board of Estimate and Apportionment a short résumé of the work done by the Standard Testing Laboratory since its creation by the Board upon the recommendation of the Commission on Standardization.

The fact developed in the report, that out of five hundred and fifty-one (551) samples of some seventy (70) different kinds of supplies submitted to chemical and physical analysis during the six months the laboratory has been in operation, one hundred and sixty-two (162) samples, or almost thirty (30) per cent., failed to comply with the specifications under which they were purchased, clearly demonstrates the urgent need of the Standard Testing Laboratory in protecting the interests of the City. Respectfully submitted,

EDMUND D. FISHER, OTTO H. KLEIN, HENRY BRUERE, H. RAPHAEL, J. L. PULTZ, Commission on Standardization.

Approved for submission and filing: W. J. GAYNOR, Mayor; WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President of the Board of Aldermen, Select Committee on Standardization.

City of New York, Department of Finance, Comptroller's Office, December 31, 1911.

STANDARD TESTING LABORATORY, CITY OF NEW YORK.

Hon. EDMUND D. FISHER, *Chairman, Commission on Standardization, New York City:*

Dear Sir—At the suggestion of your commission I am forwarding herewith a short résumé of the work done by the Standard Testing Laboratory since its creation by the Board of Estimate and Apportionment upon the recommendation of the Commission on Standardization.

The laboratory was opened during the month of June, 1911, with a staff of three chemists, three coal samplers and one stenographer. The resolution of the Board of Estimate and Apportionment, under which the laboratory was established, provided that it should be so organized and equipped as to supply present needs of the various City Departments, especially in the making of coal tests under the new specifications

for the purchase of coal, and should be planned so as to form the nucleus and ultimately become the new Standard Testing Laboratory, manned and equipped in such a manner as to provide adequately for all the City's needs. The original intention that the laboratory, as at present organized, should be principally a coal testing station, had to be entirely changed owing to the demands for analytical tests of other supplies and materials made by the various City Departments. Although reports giving analyses of coal samples form an important feature of the work, and are generally made within twenty-four hours after receiving the samples, the analytical work upon other supplies and materials has been greatly in excess of what was expected.

Since its establishment six months ago, the laboratory has received for chemical and physical analysis, 580 samples of some 70 different kinds of supplies and materials used by City Departments. Of these samples 389 represented deliveries of supplies and materials which complied with the specifications under which they were purchased. 162 represented deliveries of supplies and materials which did not comply with the specifications under which they were purchased, and 29 samples are still in the laboratory awaiting analysis.

The accompanying schedule shows the number and kind of samples received at the laboratory, the number of each kind of sample which tested up to specification requirements, the number which failed to test up to specification requirements, and the number which still remains to be submitted to analysis.

The total number of coal samples received and tested was 310. Of this number 221 represented deliveries which complied with the new coal specifications, and 89 represented deliveries which failed to comply with such specifications, and were consequently subject to monetary deductions from the bid price for such deliveries.

The total number of samples of supplies and materials other than coal subjected to analysis was 270, of which 168 came up to specification requirements and 73 which failed to come up to those requirements. There are now 29 samples of supplies and materials at the laboratory awaiting analysis.

Samples of coal analyzed were received from the Inspection Division of the Finance Department, the Department of Bridges, the Department of Public Charities, the Department of Docks and Ferries, the Police Department, the Borough President of Manhattan, the Borough President of Brooklyn, the Borough President of The Bronx, the Borough President of Queens, Department of Correction, Fire Department, Borough President of Richmond, Armory Board, and College of The City of New York.

Samples of supplies and materials other than coal analyzed were received from the Inspection Division of the Finance Department, Department of Correction, President of the Borough of The Bronx, President of the Borough of Queens, Police Department, Department of Bellevue and Allied Hospitals, Department of Parks, Manhattan and Richmond; Department of Docks and Ferries, Fire Department, Department of Public Charities, Department of Bridges, Borough President of Manhattan, Borough President of Richmond, Commissioner of Accounts and Commission on Standardization.

The urgent need of this work which is being done by the laboratory in protecting the City's interests is amply proven by the facts given in this report and its accompanying schedule. Constant and increasing demands for tests of samples of supplies and materials from City Departments are severely taxing both the staff and the facilities of the laboratory, and it is the intention to secure the transfer, wherever possible, of Chemists now employed by City Departments, with the appropriations to cover their salaries, to the staff of the Standard Testing Laboratory, to enable it to meet promptly and efficiently the constantly increasing demands made upon it by an ever-increasing number of City Departments.

In addition to the supervision and laying out of the entire analytical work, the head of the laboratory has been consulted in various instances by Department heads and officers in the preparation of specifications for supplies and materials of construction.

The laboratory has cooperated with the Commission on Standardization in the preparation of such specifications for supplies as required special chemical or physical tests. Respectfully submitted,

OTTO H. KLEIN, Director, Standard Testing Laboratory.

The Secretary presented the following report of the Corporate Stock Budget Committee recommending amendment of the resolution adopted by the Board of Estimate and Apportionment on January 18, 1912, selecting certain property in the Borough of Manhattan as a site for a court house for New York County, the omitting from the description of the property, Paradise Park and a small park, apparently unnamed, and sections of Centre, Worth and Pearl streets, and Mission place, to comply with the provisions of section 2 of chapter 336 of the Laws of 1903, as amended by chapter 556 of the Laws of 1910, and to avoid possible proceedings for damages, said amendment being in accordance with the opinion of the Corporation Counsel:

Department of Finance, City of New York, February 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 18, 1912, the Board of Estimate and Apportionment adopted a resolution selecting certain property in the Borough of Manhattan as a site for a court house for New York County. On February 8, 1912, a communication from the Corporation Counsel suggesting that certain changes be made in the resolution was referred to your Committee. In connection therewith we report as follows:

The property selected for the site is described in the resolution of January 18 as follows:

Bounded on the north by Leonard street, on the west by Lafayette street, on the east by Baxter street and Park street and on the south by the open space at the intersection of Lafayette street and Park street.

The description includes Paradise Park and a small park, apparently unnamed, located at the southeasterly corner of the block bounded by Leonard, Centre, Worth and Baxter streets. It also includes sections of Centre, Worth and Pearl streets and Mission place.

In the opinion of the Corporation Counsel the park properties should be omitted from the description in order to meet the requirements of section 2 of chapter 336 of the Laws of 1903, as amended by chapter 556 of the Laws of 1910. He is also of the opinion that the sections of Centre, Worth and Pearl streets and Mission place, should be omitted from the description, in order to avoid possible proceedings to have damages assessed for the closing of the sections.

The changes suggested by the Corporation Counsel have the approval of the Court House Board.

In view of the foregoing, we recommend the adoption of the attached resolution amending the resolution of January 18, 1912, to comply with the opinion of the Corporation Counsel. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on January 18, 1912, as follows:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 336 of the Laws of 1903, as amended by chapter 112, Laws of 1905, chapter 9, Laws of 1910, chapter 556, Laws of 1910, and chapter 880, Laws of 1911, hereby selects, locates, designates, sets apart and approves of the following described property as a site for a Court House in the County of New York:

"Bounded on the north by Leonard street, on the west by Lafayette street, on the east by Baxter street and Park street, and on the south by the open space at the intersection of Lafayette street and Park street."

—be amended to read as follows:

Resolved, That the Board of Estimate and Apportionment of The City of New York, pursuant to the provisions of chapter 336 of the Laws of 1903, and the various acts amendatory thereof and supplemental thereto, does hereby select, locate, designate and set apart as a site for a new court house for the use of the Special and Trial Terms of the Supreme Court in the First Judicial District and of the City Court of New York, and of the County Clerk of the County of New York, and of the Commissioner of Jurors, the following described lands and premises, situate, lying and being in the Borough of Manhattan, in The City of New York.

Parcel A.

All the lands and premises contained in the block bounded by the southerly side of Leonard street, the easterly side of Lafayette street, the northerly side of Worth street, and the westerly side of Centre street.

Parcel B.

All the lands and premises contained in the block bounded by the southerly side of Worth street, the easterly side of Lafayette street, the northerly side of Pearl street, and the westerly side of Centre street.

Parcel C.

The Secretary presented the following communication from the President of the Borough of The Bronx requesting, and report of the Comptroller recommending, the approval of a modification of the Schedules for Salaries and Wages 1859, 1860 and 1869 in the office of said Borough President for the year 1912, involving a transfer of $684:

City of New York, President of the Borough of The Bronx, 3d avenue and 177th street, Office of the President, January 8, 1912.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

Dear Sir—The Board of Estimate and Apportionment is hereby respectfully requested to approve the following modifications of the schedules of salaries and wages supporting the appropriations in the Budget made for the President of the Borough of The Bronx for the year 1912 and also a transfer of funds in connection therewith:

Code 1859, Salaries, Regular Employees, to be modified to meet the present payroll of the forces employed in the Engineering Division (including Topographical and preparation of drainage plans) and also to provide for additional positions, as follows:

Assistant Engineer, one (1) at	$1,650 00
Topographical Draftsman, seven (7) at	1,500 00
Rodman, one (1) at	1,050 00
Rodman, two (2) at	900 00
Axeman, ten (10) at	720 00
Clerk, one (1) at	600 00
Clerk, one (1) at	300 00
Searcher, one (1) at	1,500 00
Engineering Inspectors, four (4) at	1,200 00

No additional appropriation is requested. The establishment of the grades of Searcher and Engineering Inspectors is now before the Board.

Code 1860, Wages, Regular Employees, to be modified to the extent shown, in order to provide for two instead of one, as allowed, of Laborers at $2.25 per day (300 days) at $675. This provision will require no additional funds (but rather a decrease), as the Laborer required is now included in the schedule line of Laborers in Code 1869 (304 days at $2.50).

In providing for this Laborer a transfer of funds is therefore necessary, and request is hereby made to your Honorable Board for the transfer of the sum of $675 from the appropriation entitled "Code 1869, Sewers," to the appropriation entitled "Code 1860, Engineering," in accordance with paragraph "third" of the resolution adopting the Budget. This transfer will necessitate a modification of Code 1869, as shown on the attached list.

Other changes in Code 1869, to meet the requirements and tend to a better organization of the sewer cleaning and labor force, are the rate of compensation of three Laborers from $3 to $2.50 per day for 304 days, and a reduction in the total of Laborers for 304 days from 26 to 24, a reduction in the rate of seven Sewer Cleaners, 304 days, from $3 to $2.50 per day, and an increase in the total number of Sewer Cleaners for 304 days from 23 to 25.

In connection with Code 1860 your attention is called to the fact that in the appropriation for the 1912 Budget ten Laborers at $2.50 per day (304 days) were evidently by oversight not provided for, as my departmental estimate called for twelve, whereas only two were allowed. The wages for these ten Laborers must be provided for, as they are regularly working daily, and I have therefore made request to the Board of Aldermen for an issue of special revenue bonds to the extent of $7,600 to supply the deficiency.

The following schedules are presented in support of the preceding request.

Respectfully, CYRUS C. MILLER, President, Borough of The Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 8, 1912, the President of the Borough of The Bronx requested modification of three schedules for salaries in his office for the year 1912. In connection therewith I report as follows:

In the Engineering Force Schedule, No. 1859—Salaries, Regular Employees, Tax Levy, Corporate Stock and Special and Trust Fund Force, it is proposed to add fourteen positions at a cost of $15,340 per annum. The following schedule shows the increases and decreases in line items in detail:

Title.	Schedule Transfer. Increase.	Decrease.
Assistant Engineer, 8 at $2,500	.....	$5,000 00
Assistant Engineer, 4 at $2,400	.....	2,400 00
Assistant Engineer, 2 at $2,250	$4,500 00	.....
Assistant Engineer, 9 at $1,950	3,900 00	.....
Assistant Engineer, 4 at $1,800	.....	3,600 00
Assistant Engineer, 3 at $1,650	1,650 00	.....
Transitman, 4 at $1,350	.....	1,350 00
Computer, 2 at $900	.....	1,800 00
Topographical Draftsman, 15 at $1,650	3,300 00	.....
Topographical Draftsman, 17 at $1,500	6,000 00	.....
Leveler, 4 at $1,350	.....	4,050 00
Leveler, 7 at $1,200	.....	7,200 00
Engineering Inspector, 1 at $1,200	4,800 00	.....
Rodman, 10 at $1,350	4,050 00	.....
Rodman, 8 at $1,200	7,200 00	.....
Rodman, 7 at $1,050	.....	1,050 00
Axeman, 9 at $900	.....	900 00
Axeman, 1 at $750	750 00	.....
Axeman, 3 at $720	5,040 00	.....
Searcher, 1 at $1,500	1,500 00	.....
	$42,690 00	$27,350 00

Included in the request in this account are the following positions and grades which have not been established under section 56 of the Charter:

Engineering Inspector, 4 at	$1,200 00
Searcher, 1 at	1,500 00
Axeman, 7 at	720 00

No action, therefore, can be had at this time.

The total annual cost of these positions would be $11,340, the balance of the increase recommended amounts therefore to $4,000, which the President states will be paid from assessment bonds and other non-budgetary funds.

In No. 1860, Wages, Regular Employees, Tax Levy, Corporate Stock and Special and Trust Fund Force, it is proposed to add one Laborer, at $2.25 for 304 days, the money necessary to be provided by a decrease in No. 1869, Wages, Regular Employees of one Laborer, at the rate of $2.50 per day. Several small irregularities as to number of days are adjusted.

It is further proposed to modify No. 1869, which is for the sewer maintenance force, by reducing the per diem pay of three Laborers from $3 to $2.50, and dropping two positions of Laborers at $2.50, for 304 days. As the dropping of one position will provide the necessary money for transfer to 1860, it is recommended that the other position remain in the schedule. It is also proposed to reduce the rate of per diem pay for seven Sewer Cleaners from $3 to $2.50, and to add two Cleaners at $2.50.

Ten additional Laborers are requested in the Schedule No. 1860, Wages, Regular Employees, Tax Levy, Corporate Stock and Special and Trust Fund Force. Revenue bonds for this proposed additional force have been approved by the Board of Aldermen. The modification, therefore, cannot be made pending action by your Board on the revenue bond request.

The following table shows the line item changes in Nos. 1860 and 1869:

Code No.	Line Item.	Schedule Transfer. Increase.	Decrease.
1860	Laborer, at $2.25 per day (304 days)	$684 00	.....
1869	Laborer, 3 at $3 per day (304 days)	.....	$2,736 00
	Laborer, 23 at $2.50 per day (304 days)	1,520 00	.....
	Sewer Cleaner, 7 at $3 per day (304 days)	.....	6,384 00
	Sewer Cleaner, 16 at $2.50 per day (304 days)	6,840 00	.....
	Unassigned balance	76 00	.....
		$9,120 00	$9,120 00

I recommend the adoption of the attached resolutions approving the request, with the exception of the positions and grades which have not been established, and the Laborers for whom revenue bond funds have been approved by the Board of Aldermen. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, as amended, hereby approves transfer of funds within appropriations made to the office of the President of the Borough of The Bronx for the year 1912, as follows:

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented a resolution of the Board of Aldermen, requesting that a copy of the weekly calendar of the Board of Estimate and Apportionment be sent to each member of the Board of Aldermen.

Which was ordered filed and the Secretary directed to comply with the request.

The Secretary presented the following report of the Committee on Salaries and Grades, recommending the establishment in the office of the President of the Borough of The Bronx of the grade of position of Inspector of Plastering, at $1,200 per annum, for six incumbents:

(The establishment of the above positions is necessary to make effective the modification of Salary Schedule 1877, for the office of the President of the Borough of The Bronx, approved by the Board on February 18, 1912, page 1416 of the CITY RECORD.)

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—The President of the Borough of The Bronx has appointed six Inspectors of Plastering, at the rate of $1,200 per annum, under the direction of the Superintendent of Buildings, pursuant to the provisions of section 60 of chapter 156 of the Laws of 1911, as follows:

> The building department of every city of the first class shall have jurisdiction over all plastering except where it conflicts with the duties of any other department or conflicts with any law conferring on any other department supervision of any portion of plastering. For such purpose there shall be appointed in each building department in a city of the first class by the head thereof a sufficient number of inspectors to perform such work as is necessary in the enforcement of this article, who, in addition to such qualifications as may be required by Civil Service Law, shall be competent plasterers of at least ten years' practical experience.

To pay the incumbents establishment is necessary, pursuant to the provisions of section 56 of the Greater New York Charter.

We recommend the adoption of the attached resolution approving the establishment of the $1,200 grade, for six incumbents. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the President of the Borough of The Bronx of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	No. of Incumbents.
Inspector of Plastering	$1,200 00	6

Which was adopted by the following vote:

The Secretary presented the following communication from the President of the Borough of Manhattan requesting, and report of the Committee on Salaries and Grades recommending, the establishment in the office of said Borough President of the position of Expert Accountant, at $3,250 per annum, for one incumbent:

(On January 25, 1912, the request of the President of the Borough of Manhattan for the establishment of the above position was referred to said Committee.)

City of New York, Office of the President of the Borough of Manhattan, City Hall, January 19, 1912.

JOSEPH HAAG, Esq., *Secretary of Board of Estimate and Apportionment*, 277 Broadway, New York City:

Dear Sir—Request is hereby made that the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommend to the Board of Aldermen the establishment of the following position and grade under the jurisdiction of the President of the Borough of Manhattan:

Title.	Rate Per Annum.	Number of Incumbents.
Expert Accountant	$3,250 00	1

The purpose of this request is that this Department may have an opportunity of employing a man fitted to carry on and complete the new system of bookkeeping and accounting prescribed for this Department by the Department of Finance and installed here by the Comptroller's experts. The installation of this system has occupied almost an entire year, and a complete new system of accounting and cost records has been established. As the result of the work done to date the departmental accounts are now under control for the first time in its history and its resources and liabilities definitely known. It is of the highest public importance that this work be kept up to the existing high standard and not allowed to lapse into the condition of former years. From its inauguration the new system has been supervised by experts from the Department of Finance and since their withdrawal by the Comptroller by an expert employed under a special rule of the Municipal Civil Service Commission. The employment of this expert will soon expire by limitation, and unless provision is made for the appointment of his successor the Department will face the contingency of being unable to operate the system which has been installed at the expense of a great deal of time and trouble, as there is no one at present employed in the Department who is competent to carry on this work.

It is accordingly requested that you place the matter on the calendar at the earliest possible moment. Very truly yours,

GEORGE McANENY, President, Borough of Manhattan.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 7, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 12, 1912, the President of the Borough of Manhattan requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Expert Accountant, for one incumbent, at $3,250 per annum. In connection therewith we report as follows:

A new system of accounting has been installed in the office of the President. Until recently the work has been carried on under the supervision of an Expert Accountant from the Department of Finance. The Expert Accountant has been withdrawn and the President states that there is no one at present employed in his Department sufficiently skilled in accounting to carry on the work. The position, if established, will be filled by appointment from an eligible list of the Municipal Civil Service Commission.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:

The Secretary presented the following communication from the District Attorney of Queens County requesting, and report of the Committee on Salaries and Grades recommending, the establishment in the office of said District Attorney of the grade of position of Investigator, at $1,500 per annum:

(On November 27, 1911, the request of the former District Attorney of Queens County for the establishment of the above grade of position, at $5 per day, was referred to the Committee on Salaries and Grades. The request was amended by the present District Attorney to make the rate $1,800 per annum.)

District Attorney's Office, Queens County, N. Y., Long Island City, November 27, 1911.

Hon. JOSEPH HAAG, *Secretary Board of Estimate and Apportionment*, 277 Broadway, New York City:

Dear Sir—I respectfully request that a resolution be presented to the Board of Estimate and Apportionment at its next meeting, pursuant to section 56 of the New York Charter, creating the position of Investigator to the District Attorney of Queens County, at a salary of Five Dollars per day.

There has been such a position in this office for upwards of 12 years, the incumbent being paid at a per diem compensation at the above rate out of the Contingent Fund appropriated for this office. This has been done up to August 1 of this year, when the matter was taken up with the office of the Comptroller and it was found the position had never been created pursuant to the provisions of the Charter, although the incumbent had been paid regularly.

I had always understood that the position had been created either by the Board of Supervisors before consolidation, though I cannot find any minutes of that Board covering it, or by the Board of Aldermen after consolidation and before my incumbency to this office.

The present incumbent has been performing the services, without pay, since August 1. I would, therefore, request that the position be created as of August 1, 1911.

The position is necessary in view of the fact that heretofore this office has had a detail of three Policemen, which has been discontinued several months now; but we have no County Detective attached to this office, the only employees here, outside of the legal staff and the Stenographers, being three Process Servers.

Very truly yours, FRED G. DEWITT, District Attorney.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 2, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 27, 1911, the former District Attorney of Queens County requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Investigator at the rate of $5 per day, for one incumbent. On January 18, 1912, the request was amended by the present District Attorney to make the rate $1,800 per annum. In connection therewith we report as follows:

The District Attorney states that the establishment is for an incumbent to take the place of John A. Butler, who was a County Detective in the office, and paid $5 a day out of the Contingencies Account. Mr. Butler has been transferred to the County Court. There is now no County Detective or Investigator in the District Attorney's office, and there has been no establishment for the same. Chapter 598 of the Laws of 1911, provides for the appointment by the Judge of the County Court of two County Detectives in Queens, and the title of Investigator, therefore, is now proposed.

The District Attorney states that there has been such a position as County Detective or Investigator in the office for twelve years. He also states that the work in his office is of considerable volume, and that, having no police officers on detail, he is forced to rely in all cases upon meagre police reports, or such slight information as process servers may obtain.

In the Budget for 1912, provision is made for three Process Servers, at $1,000 per annum each, the only employees for outside work in the office.

In New York County the District Attorney details nine or ten Process Servers, at $1,200 per annum, to do all confidential work. In the County of Kings there are twelve County Detectives, at $1,500 per annum, several of whom are detailed as Investigators. In the Municipal Civil Service Commission Investigators are paid at the rate of $1,500 per annum.

In view of the foregoing, we recommend the adoption of the attached resolution approving the establishment of Investigator in the office at the rate of $1,500 per annum, for one incumbent. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of District Attorney of Queens County, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Investigator	$1,500 00	1

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Mayor, and report of the Committee on Salaries and Grades recommending the retirement, pursuant to chapter 669, Laws of 1911, of Matthew Betts, Assistant Engineer in the Department of Water Supply, Gas and Electricity, on an annuity of $1,383.33:

(On January 25, 1912, a communication from the Mayor, recommending the retirement of the above employee, was referred to said committee.)

City of New York, Office of the Mayor, January 16, 1912.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—Pursuant to authority vested in me as Mayor of The City of New York under the provisions of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, I hereby recommend to your Honorable Board the retirement from active service of Matthew Betts, Assistant Engineer in the Department of Water Supply, Gas and Electricity. I further recommend that the Board of Estimate and Apportionment grant to Matthew Betts the annual sum or annuity of Fourteen Hundred Dollars ($1,400), as provided in chapter 669 of the Laws of 1911, such payments to continue during the lifetime of the said Matthew Betts.

Mr. Betts has been continuously employed in the Department of Water Supply, Gas and Electricity since November 12, 1877, over 34 years. By reason of physical disability Mr. Betts now applies for the annuity provided in the Charter for the retirement of employees in the City service after a period of thirty years or more. He has submitted a request that this recommendation be made to your honorable Board, and that his retirement be made effective February 1, 1912.

His request is as follows:

"Valhalla, New York, December 8, 1911.

Mr. HENRY S. THOMPSON, *Commissioner, Department of Water Supply, Gas and Electricity, New York City:*

Dear Sir—I wish to retire from service as Assistant Engineer in Department of Water Supply, Gas and Electricity, because I do not feel able to properly attend to the duties of my office.

I was appointed by Allen Campbell, Commissioner of Public Works, on the 12th day of November, 1877, and have continued, uninterruptedly, in the service of The City of New York for 34 years.

My age is eighty-one and a half (81½) years, and I would respectfully ask to be retired on the first of February, 1912. Yours respectfully,

MATTHEW BETTS, Assistant Engineer."

This request is accompanied by the certificate of his physician, a copy of which is given herewith:

"December 13, 1911.

"I have known Matthew Betts, both socially and professionally for about 20 years, having been his family physician during that time. I have treated him for minor ailments but, of late years, I have wondered at his persistence to his duties, incident to his age. Have advised him many times to 'slow up,' but with little result. He applies to me at this date to meet your requirement as to a physician's certificate. In reply I would state that Mr. Betts is, and in my judgment has been for the past few years, physically unable to perform his duties. He is in good health, but has developed those changes in resistance power, through a dilated heart, that in my judgment renders him unfit to perform *any work;* especially such as his position demands. I remain, respectfully, I. G. V. DE HART, M. D."

I am convinced that Mr. Betts has justly earned the mark of appreciation of long and faithful service to The City of New York which was contemplated by those who inaugurated the provision for retirement in the City Charter. I, therefore, offer the attached resolutions. Respectfully,

W. J. GAYNOR, Mayor.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 9, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 16, 1912, the Mayor, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter as amended by chapter 669 of the Laws of 1911, recommended the retirement from active service of Matthew Betts, Assistant Engineer in the Department of Water Supply, Gas and Electricity, on an annuity of $1,400. In connection therewith we report as follows:

The Mayor's communication contains a copy of Mr. Betts' application for retirement, dated December 8, 1911, and a copy of a certificate of I. G. V. de Hart, M.D., dated December 13, 1911, relative to the physical condition of the applicant.

Mr. Betts states that he received his appointment in the service of the City on November 12, 1877, and has continued uninterruptedly in service since that date. In a communication to the Mayor from the Commissioner of Water Supply, Gas and Electricity, under date of January 12, 1912, relative to the employment of Mr. Betts, the following is set forth:

The earliest record which I have been able to locate containing the appointment of employees of the old Aqueduct Board and of the Department of Public Works, shows Mr. Betts' appointment as Assistant Engineer on May 1, 1879, at a salary of $2,000 per annum. Two years later his salary was increased to $2,400, and on January 1, 1885, was increased to the grade of $3,000 per annum.

Mr. Betts is now nearing his eighty-second year, and in December, 1910, he asked to be relieved of some of his duties as he felt that on account of his advanced years he was not able to accomplish as much or to undertake the duties which he had formerly performed, and agreed to a reduction to $2,400. Since January 1, 1911, he has been paid at the rate of $2,400 per annum.

Dr. de Hart states in his certificate that Mr. Betts for the last few years has been physically unable to perform his duties, and has developed "changes in resistance power, through a dilated heart, that in my judgment renders him unfit to perform any work, especially such as his position demands."

The actual compensation for Mr. Betts for the three years prior to March 1, 1912, amounts to $8,300, an average of $2,766.66 per annum. The maximum annuity permitted is one-half of this total.

We recommend the adoption of the attached resolution retiring Mr. Betts from active service and granting him an annuity of $1,383.33. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by Chapter 669 of the Laws of 1911, and upon the recommendation of the Mayor, the Comptroller and the Acting President of the Board of Aldermen, hereby retires from active service Matthew Betts, Assistant Engineer in the Department of Water Supply, Gas and Electricity, for the reason that he is physically incapacitated to further perform his duties as Assistant Engineer, and that the interests of the public service require such retirement, and hereby awards and grants to said Matthew Betts an annual sum or annuity of one thousand three hundred and eighty-three dollars and thirty-three cents ($1,383.33), to take effect March 1, 1912; and be it further

Resolved, That the Comptroller of The City of New York be and is hereby directed to pay said annuity to said Matthew Betts, during his life time, in monthly installments out of the receipts of excise money or liquor taxes belonging to The City of New York.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond, requesting, and report of the Corporate Stock Budget Committee recommending, that the resolution adopted July 17, 1911. authorizing the issue of $200,000 corporate stock to provide means for the construction of a foundation for the southeast wing and court building of the American Museum of Natural History, be amended by including therein Architects' fees for designing, planning and supervising the work of the entire structure:

(On November 16, 1911, the request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the above amendment was referred to said Committee.)

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, November 13, 1911.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—By resolution of your honorable Board of July 17 last, and concurred in later by the Board of Aldermen, an issue of corporate stock to the amount of $200,000 was authorized to provide means for the construction of the foundations for the southeast wing and court building of the American Museum of Natural History.

I now beg to request the amendment of that part of said resolution stating the purpose of the bond issue, in order to include in the expenditures to be made thereunder, provision for Architects' fees for designing, planning and supervising the work of the entire structure which, when completed, is estimated to cost about $720,000. This appears to be quite necessary as a preliminary, for the reason that it does not seem practicable to limit the employment of the architects to the work for which the bond issue in question is to provide, namely, the foundations, which will be a part of the entire structure, and must necessarily be considered and planned in connection with the work as a whole. Yours respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 9, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 13, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested amendment of a resolution adopted July 17, 1911, authorizing an issue of corporate stock in the sum of $200,000, to provide means for *"the construction of a foundation for the southeast wing and court building of the American Museum of Natural History."* In connection therewith, we report as follows:

The amendment is to include architects' fees for designing, planning and supervising the work of the entire structure, which, when completed, is estimated to cost about $720,000.

The Commissioner states the following:

This amendment appears to be quite necessary as a preliminary, for the reason that it does not seem practicable to limit the employment of the architects to the foundations, which will be a part of the entire structure, and must necessarily be considered and planned in connection with the work as a whole.

In view of the foregoing, we recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, subject to concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, and approved by the Board of Aldermen on July 31, 1911, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred thousand dollars ($200,000), to provide means *for the construction of a foundation for the southeast wing and court building of the American Museum of Natural History,* under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be amended to read as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two hundred thousand dollars ($200,000), to provide means *for the construction of a foundation for the southeast wing and court building, and for Architects' fees for designing, planning and supervising the work of constructing the entire southeast wing and court building of the American Museum of Natural History,* under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following resolution of the Board of Aldermen, requesting an issue of $200,133 special revenue bonds (subdivision 8, section 188 of the Charter) to provide means for installing fire-alarm systems, up-to-date fire escapes, stand-pipes, hose and other necessary equipment in all hospitals and other buildings under the jurisdiction of the Department of Public Charities, together with a report of the Corporate Stock Budget Committee, recommending the issue of $3.000 corporate stock for the purpose of providing means for fire protection work in various buildings under the jurisdiction of the Department of Public Charities, and for the employment of expert engineers and architects to study and report upon the best system of fire protection for said buildings, and stating that an investigation of the improvements proposed showed they were planned as permanent betterments and should be charged to corporate stock instead of special revenue bonds, but that it would be a difficult problem to devise satisfactory fire protection without a thorough study by experts:

(On July 27, 1911, the above-mentioned resolution of the Board of Aldermen was referred to the Comptroller.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two hundred thousand one hundred and thirty-three dollars ($200,133), the proceeds whereof to be used by the Department of Public Charities for the purpose of installing fire-alarm systems, up-to-date fire-escapes, stand-pipes, hose and other necessary equipment in all hospitals and other buildings under the jurisdiction of said Department.

Adopted by the Board of Aldermen July 11, 1911, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor July 25, 1911, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On July 11, 1911, the Board of Aldermen adopted a resolution requesting $200,133 in special revenue bonds to provide for the installation of fire alarm systems, up-to-date fire escapes, standpipes, hose and other equipment in all the hospitals and buildings under the jurisdiction of the Department of Public Charities.

An investigation of the proposed improvements showed they were planned as permanent betterments, and if provided at all should be charged to corporate stock instead of special revenue bonds.

Also, it appeared from the investigation that the proposed fire escapes and other protective equipment would be entirely inadequate, and, in some cases, might be worse than useless.

The Corporate Stock Budget Committee made a partial study of the situation and came to the conclusion that fire protection should be provided as quickly as possible; but that it should not be of a makeshift character and of doubtful value, but should be in accordance with the most modern ideas on this subject.

The buildings under the jurisdiction of the Department of Public Charities are so many, so scattered, and vary so greatly in construction that it is a difficult problem to devise satisfactory fire protection without a thorough study by experts. The Commissioner has no funds to employ experts. We believe that this study should be made before any appropriation is authorized, otherwise the Board of Estimate will not know how much to appropriate.

We recommend the authorization of $3,000 corporate stock, to be used by the Commissioner for the employment of Expert Engineers and Architects to study the needs of the various hospitals and buildings and plan a comprehensive system of fire protection.

Attached hereto is a resolution which, if adopted, will carry this recommendation into effect. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of an issue of corporate stock of The City of New York to an amount not exceeding three thousand dollars ($3,000), for the purpose of providing means for

fire protection work in various buildings under the jurisdiction of the Department of Public Charities, and for the employment of Expert Engineers or Architects to study and report upon the best system of fire protection for these buildings, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary was directed to transmit a copy of the report of the Comptroller to the Commissioner of Public Charities and to the Board of Aldermen.

The Secretary presented the following communication from the Acting President of the Board of Aldermen requesting, and report of the Committee on Salaries and Grades recommending, the establishment in the office of the Chairman of the Finance Committee of the Board of Aldermen of the position of Secretary, at $1,500 per annum, for one incumbent:

(On February 15, 1912, the request of the Acting President of the Board of Aldermen for the establishment of the above position was referred to said Committee.)

The City of New York, Office of the President of the Board of Aldermen, 51 Chambers Street, New York, February 9, 1912.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* No. 277 Broadway, Manhattan:

Dear Sir—I herewith transmit to you the enclosed communication from Alderman Curran, Chairman of the Committee on Finance of the Board of Aldermen, requesting the establishment of the grade of "Secretary to the Chairman of the Committee on Finance of the Board of Aldermen, one incumbent, at the rate of $1,500 per annum."

In my opinion the request of Alderman Curran is a reasonable one, and I would like to have the matter placed upon the calendar of the Board of Estimate and Apportionment at the meeting to be held on the 15th inst., for the consideration of that Body. Very truly yours,

A. L. KLINE, Acting President, Board of Aldermen.

City of New York, Board of Aldermen, City Hall, February 2, 1912.

Hon. ARDOLPH L. KLINE, *Vice Chairman, Board of Aldermen,* 51 Chambers Street, New York:

My Dear Colonel Kline—I write to ask if you will be kind enough to introduce in the Board of Estimate and Apportionment a resolution recommending the establishment of the grade of Secretary to the Chairman of the Committee on Finance of the Board of Aldermen, one incumbent, at the rate of $1,500 a year, the incumbent to be elected by the Members of the Board of Aldermen. The position would require expert stenographic and examining work and will be of such an essentially confidential nature that, if created at all, it should be exempted from the classified Civil Service.

I submit to you and your honorable Board this request only after careful deliberation, and in the light of a month's experience in the work incident to the Chairmanship of the Committee on Finance. There is a very substantial amount of correspondence, compilation and investigation, in addition to other secretarial duties that must be done if the Chairman is to render efficient service. As you know, I am devoting my entire time and attention to the work of this Committee, and that is the least that can be given for a proper performance of the work. I am now paying out of my own pocket for the services which would be performed by the proposed Secretary and am not in a position to continue this indefinitely. I believe that the method suggested for the establishment of the grade is the proper one, in view of the statute and the cases, and is the method that should be adopted in all fairness to whomsoever may at any time succeed me in this Chairmanship.

I shall be most appreciative of favorable action on this request and, if this step may be taken, it will be my endeavor to make it of more than compensating benefit to the City. Very truly yours, HENRY H. CURRAN.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—Under date of February 9, 1912, the Hon. Ardolph L. Kline, Acting President of the Board of Aldermen, transmitted a request to the Board of Estimate and Apportionment for the establishment of the position of Secretary to the Chairman of the Committee on Finance of the Board of Aldermen, at the rate of $1,500 per year. The request states that the incumbent is to be elected by the members of the Board of Aldermen. The matter was referred at the meeting of February 15, 1912, to the Committee on Salaries and Grades, and we report thereon as follows:

An investigation shows that the Chairman of the Committee on Finance has great need for some one to assist him in conducting the work of his office. The duties of the Chairman are very heavy. For several years he has been handicapped by the lack of help. The work in the office is increasing, and unless some assistance is provided the Chairman cannot continue to perform his duties in a satisfactory way. At present the Chairman is paying for an assistant out of his personal funds. The nature of the work in the office requires considerable correspondence, investigation, the compilation of figures and facts and many other important duties.

We recommend the establishment of the grade of position as requested. The adoption of the attached resolution will carry this recommendation into effect.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Board of Aldermen in the Office of the Chairman of the Finance Committee thereof, of the position and grade of position in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Secretary	$1,500 00	1

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The following matter, not upon the Calendar for this day, was considered by unanimous consent:

The Secretary presented the following communication from the Department of Street Cleaning relative to, and report recommending, the transfer of $28,000 within appropriations made to said Department for the year 1912:

Department of Street Cleaning of The City of New York, 13-21 Park Row, New York, February 15, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment, City of New York:*

Sir—The Department of Street Cleaning in the Boroughs of Manhattan, Brooklyn and The Bronx is seriously handicapped in its work of collection of ashes, garbage and rubbish, in that the weather conditions in the past week have made regular collections impossible. Some dumps have been closed down and others have been tied up for several hours at a time, owing to the fact that it has been impossible for a tug boat to place empty scows under the dumping boards. An abandoned contract for the final disposition of ashes and rubbish has placed this Department in a serious predicament, there being some 100 loaded scows at Rikers Island and Newark Meadows. Scows as a result are very scarce. The Department of Street Cleaning is at present making arrangements for sea dumping. All this delay has caused a serious accumulation of material, not only on the streets and sidewalks, but much material is being held in the basements of buildings. The money allowed me in the Budget for hired trucks has for some time been exhausted, and the special revenue bonds voted by the Board of Aldermen for this purpose have also been exhausted. This work has to be done, and I desire your permission to put on as many hired trucks and men as are necessary to relieve the situation, and ask that I be allowed to charge this expense against Special Contract Obligations, said account to be reimbursed later, if necessary, through the issue of special revenue bonds, said expense not to exceed fifty thousand dollars ($50,000), in the Boroughs of Manhattan, Brooklyn and The Bronx.

Respectfully, WM. H. EDWARDS, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 21, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On February 15, 1912, the Commissioner of Street Cleaning requested that he be allowed to charge against budget appropriations for Special Contract Obligations an amount not exceeding $50,000, for the hiring of teams and trucks necessary to relieve conditions due to the accumulation of ashes in Manhattan and The Bronx. In connection therewith I report as follows:

The Commissioner states that the exceptionally severe winter has affected the final disposition to such an extent that it has been impossible, at times, for tugs to get scows under the dumping boards. This has necessitated hauling to the next nearest open dump. There also has been a scarcity of scows, and ice and snow in the streets has prevented the carrying of full loads. He also states that in both Manhattan and The Bronx there is a shortage of horses, and that the inefficiency of Drivers, due to the reorganization of the carting force, has hindered the regular ash collections.

The appropriations in the 1912 Budget available for the hire of horses and vehicles with Drivers amounted to $22,500. The allowances were under the heading of Vehicular Transportation, $7,500 being apportioned to each of the Boroughs of Manhattan, The Bronx and Brooklyn. The status of these accounts on February 15 was as follows:

	Expenditures and Liabilities.	Appropriation.	Deficiency.
Manhattan	$28,681 00	$7,500 00	$21,181 00
Brooklyn	3,089 10	7,500 00	.....
The Bronx	13,658 60	7,500 00	6,157 40
			$27,338 40

The amount necessary to make up this deficiency and finish the work is estimated at $52,838. The Commissioner states that if the weather continues favorable the work will be finished and regular collections resumed on March 10. The amounts estimated to be necessary in excess of the deficiency are $10,500 for Manhattan, and $15,000 for The Bronx.

The Board of Aldermen has approved of the issue of $24,500 in special revenue bonds for the emergency collections in Manhattan and The Bronx. The transfer of $28,000, therefore, within appropriations to the Department will be sufficient for the two Boroughs. This amount is available for transfer in the accounts for Forage, No. 819, The Bronx, and Special Contract Obligations, Manhattan, No. 821, Disposal of Ashes, Street Sweepings and Rubbish, Including Towing and Unloading and Hired Scows; $14,000 to be transferred from each account.

I recommend the adoption of the attached resolution transferring $28,000.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Street Cleaning for the year 1912, as follows:

FROM

Forage—
819 The Bronx $14,000 00

Special Contract Obligations, Manhattan—
821 Disposal of Ashes, Street Sweepings and Rubbish, including Towing and Unloading and Hired Scows..... $14,000 00

TO

Vehicular Transportation, Horses and Vehicles with Drivers—
803 Manhattan $14,000 00
805 The Bronx 14,000 00

Which was adopted by the following vote:

Affirmative—The Acting Mayor, the Comptroller, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

On motion of the Comptroller the Board adjourned to meet Thursday, February 29, 1912, at 10.30 o'clock a. m. JOSEPH HAAG, Secretary.

DEPARTMENT OF HEALTH.

Report for the Quarter Ending September 30, 1911.

Department of Health, City of New York, Southwest Corner Fifty-fifth Street and Sixth Avenue, Borough of Manhattan, New York, January 22, 1912.

Hon. WM. J. GAYNOR, Mayor of The City of New York:

Sir—I have the honor to transmit herewith, pursuant to the provisions of section 1544, chapter 466, Laws of 1901, the report of the Board of Health, of the Department of Health of The City of New York, for the quarter ending September 30, 1911.

Very respectfully, EUGENE W. SCHEFFER, Secretary.

*Several specimens may be examined at a single inspection. †Samples taken and analyzed. ‡The technical definition of adulteration is found in section 53 of the Sanitary Code, the chief items being "containing less than 12 per centum of milk solids" and "containing less than 3 per cen tum of fats." In enforcement a distinction is made between samples whose milk solids are found between 12 per cent. and 11.4 per cent.; the former are made occasions for warning only, the latter for prosecution. **For criminal actions see table 25.

Orders Issued by the Board of Health.

Orders of the Board for the abatement of nuisances are issued under the supervision of the Assistant Sanitary Superintendents in the various Boroughs, upon the facts and evidence contained in the written reports of the Sanitary Inspectors, the result of personal inspection of premises complained of. These orders call the attention of owners, lessees and agents to violations of the Sanitary Code and Health Laws in each case, and require the necessary alteration, repairs, cleaning and improvement of the premises named within three days from the receipt of the order. If, upon reinspection, it is found that the requirements of the order have not been complied with, a suit for penalty is commenced against the delinquents under sections 1172 and 1222, chapter 466, Laws of 1901.

Summary of clerical work performed in the various Boroughs in connection with the issuance of Board Orders, negative reports filed, and fees paid and certificates issued, the result of searching for sanitary violations against premises; also written references forwarded to other City Departments, as follows:

Searches and Transcripts of Births, Marriages and Deaths.

Certified copies of the records of Vital Statistics as may be found to be on file in the Bureau of Records are furnished to applicants authorized to receive same, namely, interested parties, next of kin, legal representatives, etc., upon payment of the fee in such cases prescribed by the Board of Health. Written orders are signed by the Assistant Chief Clerk in the various Boroughs and issued to the Assistant Registrar of Records, authorizing the search and issuance of a transcript of the record, which, in accordance with the regulations of the Board is authenticated by affixing the seal of the Department of Health, and attested by the signature of the Assistant Chief Clerk of the Borough. When search is made and the record is not found to be on file, an official certificate is issued to that effect.

Summary of applications for searches made to the Assistant Chief Clerks in the various Boroughs showing fees received and work performed in connection with searches and transcripts of the records of births, marriages and deaths on file in the Bureau of Records in the Department:

By order of the Board of Health.

ERNEST J. LEDERLE, Ph.D., President.

EUGENE W. SCHEFFER, Secretary

THE BOARD OF ALDERMEN OF THE CITY OF NEW YORK.

(Continued from Page 1749.)

end of 1912 and the bulk of the work done in 1913 and completed, either at the end of that year, or in the first part of 1914.

The Departmental Engineers have submitted a memorandum showing in detail the estimated cost of the proposed extension:

In view of the prices paid for similar work in the districts already completed, and the possibility of additional rock excavation being required in the district north of 23d st., the estimate of $989,000 does not appear to be excessive.

The memorandum, however, includes an item of $47,000 for salaries and wages of the Engineering Force of the Department. The engineering expenses in connection with the work have either been provided for in existing appropriations or will be taken care of in the 1912 Corporate Stock Budget. An appropriation of $950,000 at this time appears to be ample to provide for the proposed extension.

The method of extinguishing fires by means of high pressure water pipes has proven successful and the extension of the present system should be made without unnecessary delay.

We recommend, therefore, the adoption of the attached resolution approving of the request to the extent of $950,000. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Bosse, Carberry, Cummuskey, Cunningham, Curran, Davis, Delaney, Devine, Diemer, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Folks, Gaynor, Grimm, Hamilton, Hannon, Kenney, Loos, McCann, McCourt, McGarry, Marks, Meagher, Molen, Moore, Morrison, Nicoll, O'Connor, O'Rourke, Pendry, Post, Shipley, Stapleton, Stevenson, Walsh, Wendel, Weston, Willard, Wilmot; President Cromwell, President Connolly, President Miller, by Thomas W. The Committee on Finance, to which was referred on February 6, 1912 (Minutes, page 415) the annexed resolution in favor of authorizing the Chief Clerk of the Seventh District Municipal Court, Manhattan, to draw upon contingent account to a sum not exceeding $25.00 at any one time, respectfully

REPORTS:

That this permission is customarily extended to such Departments as make application therefor, for the purpose of establishing a petty cash fund for office use. The Committee recommends that the said resolution be adopted.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the Municipal Court of The City of New York, Borough of Manhattan, Seventh District, the Chief Clerk of such court may, by requisition, draw upon the Comptroller for a sum not exceeding twenty-five dollars ($25), and may in like manner renew the draft as often as may deem necessary, to the extent of the appropriation set apart for supplies and "contingencies" in his office; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the Chief Clerk covering the expenditure of the money paid thereon.

HENRY H. CURRAN, BRYANT WILLARD, C. AUGUSTUS POST, ROBERT F. DOWNING, FRANCIS P. KENNEY, JAMES HAMILTON, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Bosse, Carberry, Cummuskey, Cunningham, Curran, Davis, Delaney, Devine, Diemer, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Folks, Gaynor, Grimm, Hamilton, Hannon, Kenney, Loos, McCann, McCourt, McGarry, Marks, Meagher, Molen, Moore, Morrison, Nicoll, O'Connor, O'Rourke, Pendry, Post, Shipley, Stapleton, Stevenson, Walsh, Wendel, Weston, Willard, Wilmot; President Cromwell, President Connolly, President Miller, by Thomas W. The Committee on Finance, to which was referred on February 13, 1912 (Minutes, page 460) the annexed resolution in favor of authorizing the Commissioner of Bridges to transfer a horse to the Department of Health, respectfully

REPORTS:

That this horse now being in a crippled condition is unfitted for any further work, but can be utilized by the Department of Health. It is necessary, however, to obtain an authorization for the transfer of City property from one Department to another, hence this request. The committee believes this transfer to be for the City's interest, and it therefore recommends that the said resolution be adopted.

Whereas, The Department of Bridges is in possession of a horse, which is unfitted for the work in that Department; and

Whereas, The Department of Health can use an animal of this character; and

Whereas, The sale of this horse at public auction would not be advantageous nor humane; therefore be it

Resolved, That the Commissioner of Bridges be and is hereby authorized to transfer from the Department of Bridges to the Department of Health the above mentioned horse, no longer fit for service in the Department of Bridges.

HENRY H. CURRAN, C. AUGUSTUS POST, ROBERT F. DOWNING, BRYANT WILLARD, FRANCIS P. KENNEY, JAMES HAMILTON, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Bosse, Carberry, Cummuskey, Cunningham, Curran, Davis, Delaney, Devine, Diemer, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Folks, Gaynor, Grimm, Hamilton, Hannon, Kenney, Loos, McCann, McCourt, McGarry, Marks, Meagher, Molen, Moore, Morrison, Nicoll, O'Connor, O'Rourke, Pendry, Post, Shipley, Stapleton, Stevenson, Walsh, Wendel, Weston, Willard, Wilmot; President Cromwell, President Connolly, President Miller, by Thomas W. No. 81—Int. No. 386.

The Committee on Finance, to which was referred on February 13, 1912 (Minutes, page 465) the annexed resolution in favor of amending issue of $200,000 corporate stock for payment of Architect's services in preparation of plans and specifications for Penitentiary Buildings on Rikers Island, respectfully

REPORTS:

That the intention to erect new Penitentiary Buildings on Rikers Island was abandoned, and in 1910 an appropriation of $2,248,990 corporate stock for this purpose was rescinded. A contract had been entered into on December 24, 1908, with Trowbridge and Livingston for plans and specifications for these buildings, and this firm performed work amounting to $76,750 and have received payment for same. This resolution is to cover this amount, allowing the remainder of the $200,000 originally appropriated to be released. The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a meeting held February 8, 1912:

Resolved, That, subject to the concurrence of the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on September 20, 1907, and approved by the Mayor on November 11, 1907, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding *two hundred thousand dollars* ($200,000), for the purpose of providing means for the payment of Architects' services in the preparation of plans and specifications for the erection of new penitentiary buildings on Rikers Island, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding *two hundred thousand dollars* ($200,000), the proceeds whereof to be applied to the purposes aforesaid."

—be amended to make the amount read *seventy-six thousand seven hundred and fifty dollars* ($76,750).

HENRY H. CURRAN, C. AUGUSTUS POST, ROBERT F. DOWNING, BRYANT WILLARD, FRANCIS P. KENNEY, JAMES HAMILTON, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Bosse, Carberry, Cummuskey, Cunningham, Curran, Davis, Delaney, Devine, Diemer, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Folks, Gaynor, Grimm, Hamilton, Hannon, Kenney, Loos, McCann, McCourt, McGarry, Marks, Meagher, Molen, Moore, Morrison, Nicoll, O'Connor, O'Rourke, Pendry, Post, Shipley, Stapleton, Stevenson, Walsh, Wendel, Weston, Willard, Wilmot; President Cromwell, President Connolly, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, by Lewis H. Pounds, Commissioner of Public Works; President McAneny, by E. V. Frothingham, Commissioner of Public Works; the Vice-Chairman—55.

No. 82—Int. No. 387.

The Committee on Finance, to which was referred on February 13, 1912 (Minutes, page 466) the annexed resolution in favor of amending issue of $50,000 corporate stock for erection of a music pavilion, comfort station and refreshment pavilion in Central Park, respectfully

REPORTS:

That this resolution does not contemplate any addition to the amount already appropriated, but is amended so that the music pavilion and comfort station be at a more suitable location at the head of the Mall, instead of at Mount St. Vincent, as originally intended, while it provides for the erection of the refreshment pavilion at the latter place. The Committee believes this change to be advisable, and, therefore, recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a meeting held February 8, 1912:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment on June 3, 1910, and approved by the Board of Aldermen, on June 28, 1910, as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding fifty thousand dollars ($50,000), to provide means for the *erection of a music, refreshment pavilion and comfort station at Mount St. Vincent, Central Park*, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and he is hereby authorized to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars ($50,000), the proceeds whereof to be applied to the purpose aforesaid"

—be amended to read as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding fifty thousand dollars ($50,000), to provide means for the *erection of a music pavilion and comfort station at a cost not to exceed forty thousand dollars* ($40,000), *and for the erection of a refreshment pavilion at a cost not to exceed ten thousand dollars* ($10,000), *in Central Park*, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars ($50,000), the proceeds whereof to be applied to the purpose aforesaid.

HENRY H. CURRAN, C. AUGUSTUS POST, ROBERT F. DOWNING, BRYANT WILLARD, FRANCIS P. KENNEY, JAMES HAMILTON, Committee on Finance.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 19, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 6, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested amendment of a resolution adopted by the Board of Estimate and Apportionment on June 3, 1910, and by the Board of Aldermen on June 28, 1910, authorizing the issue of $50,000 in corporate stock "to provide means for the erection of a music, refreshment pavilion and comfort station at Mount St. Vincent, Central Park." In connection therewith we report as follows:

The proposed amendment is for a change in location, the resolution to provide for "a music pavilion and a refreshment pavilion and comfort station in Central Park." It is planned to erect the music pavilion at the head of the Mall instead of Mount St. Vincent. The present music stand is in the Mall and this location is more convenient to the public than Mount St. Vincent. The present music pavilion is in a dilapidated condition and should be replaced. No increase in appropriation is involved.

We recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST Comptroller; A. L. KLINE, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Bosse, Carberry, Cummuskey, Cunningham, Curran, Davis, Delaney, Devine, Diemer, Dixson, Dotzler, Dowling, Downing, Drescher, Dujat, Eagan, Eichhorn, Esterbrook, Folks, Gaynor, Grimm, Hamilton, Hannon, Kenney, Loos, McCann, McCourt, McGarry, Marks, Meagher, Molen, Moore, Morrison, Nicoll, O'Connor, O'Rourke, Pendry, Post, Shipley, Stapleton, Stevenson, Walsh, Wendel, Weston, Willard, Wilmot; President Cromwell, President Connolly, President Miller, by Thomas W. The Committee on Finance, to which was referred on February 13, 1912, (Minutes, page 468) the annexed resolution in favor of an issue of $2,500,000 corporate stock, for repaving streets and avenues in Manhattan, respectfully

REPORTS:

That President McAneny appeared before the Committee and stated that in view of the fact that the cost of maintenance of existing pavements is rising at a rapid rate the Borough Engineers undertook some months ago to make a careful physical examination to find out how much repaving should be gone into to save money for the City. That examination disclosed the fact that the proportion of pavement that had gone beyond the age at which any engineer would testify to the propriety of retaining it would cost $6,475,000 to replace. While it would take from $12,000,000 to $15,000,000 to put all the pavement in proper condition it would take approximately $7,000,000 to do the imperative things. That in a letter submitted to the Board of Estimate and Apportionment on October 10, 1911, he asked, as a result of these examinations for $6,500,000. The Board appropriated $1,000,000, which is granted annually, and which under the Charter does not require the concurrence of the Board of Aldermen, and added this $2,500,000. Last year the Board of Aldermen concurred in $500,000 corporate stock, which was in addition to the annual Charter allowance. The Borough President further stated that he was informed that a commission appointed by the Mayor to investigate conditions in relation to streets and highways in all Boroughs would shortly report in favor of a considerable increase of repaving.

The Committee believes that the proper paving of the streets is of vital importance, and that this appropriation should receive immediate attention and favorable consideration. It has requested the Borough President to submit a list showing as nearly as possible the streets on which this appropriation is to be expended, and has received a promise that such a list will be ready for presentation to the Board at its meeting on February 27, when, under the rule, this report comes up for final consideration.

It recommends the adoption of the accompanying ordinance.

AN ORDINANCE, Providing for an issue of corporate stock of The City of New York in the sum of two million five hundred thousand dollars ($2,500,000), to provide means for repaving streets and avenues in the Borough of Manhattan.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1—The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment February 8, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New

York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding two million five hundred thousand dollars ($2,500,000), to provide means for repaving streets and avenues in the Borough of Manhattan, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Provided, However, that no contract shall be made for repaving any street or avenue unless the Borough President having charge thereof submits to the Comptroller with such contract evidence showing that the original pavement on such street or avenue was laid at the expense of the abutting property owners or by local taxation or by bond issues paid by the locality before consolidation, unless the Board of Estimate and Apportionment shall otherwise determine upon presentation of the facts and circumstances affecting such street or avenue.

No. 84—Int. No. 389B.

The Committee on Finance, to which was referred on February 13, 1912, (Minutes, page 469) the annexed resolution in favor of an issue of $750,000 corporate stock for repaving streets and avenues in Brooklyn, respectfully

REPORTS:

That this matter is similar to that presented by the Borough President of Manhattan (Int. No. 389A). That the necessity for this work is as great in Brooklyn as any other section of the City, and is based on careful estimates, which may be found in the CITY RECORD of February 15, together with a list of the streets. It was estimated that to do this work properly it would take $2,000,000 a year for five years. The Corporate Stock Committee of the Board of Estimate and Apportionment went into this matter very carefully and allowed this $750,000 in addition to the Charter appropriation of $1,000,000. All of these streets have been paid for once by assessment, and steps will be taken to see to it that railroads pay their just proportion of the cost.

The Committee believes this work to be of the utmost importance, and it, therefore, recommends that the accompanying ordinance be adopted.

AN ORDINANCE, Providing for an issue of corporate stock of The City of New York in the sum of seven hundred and fifty thousand dollars ($750,000), to provide means for repaving streets and avenues in the Borough of Brooklyn.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1—The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment February 8, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding seven hundred and fifty thousand dollars ($750,000), to provide means for repaving streets and avenues in the Borough of Brooklyn, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Provided, however, that no contract shall be made for repaving any street or avenue unless the Borough President having charge thereof submits to the Comptroller with such contract evidence showing that the original pavement on such street or avenue was laid at the expense of the abutting property owners or by local taxation or by bond issues paid by the locality before consolidation, unless the Board of Estimate and Apportionment shall otherwise determine upon presentation of the facts and circumstances affecting such street or avenue.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

ORDINANCES AND RESOLUTIONS RESUMED.

No. 490.

By Alderman Dowling—

Resolved, That the operation of the ordinance entitled "An Ordinance providing for emblems of identification on City-owned automobiles," which was adopted February 6, 1912, and received from his Honor the Mayor February 20, 1912, without his approval or disapproval thereof, be and the same is hereby suspended until April 1, 1912.

Alderman Folks moved that this resolution be laid on the table.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Curran, Davis, Devine, Diemer, Dotzler, Eichhorn, Esterbrook, Folks, Gaynor, Gelbke, Grimm, Hagenmiller, Hamilton, Herbst, Marks, Moore, Morrison, Muhlbauer, Mulligan, Nicoll, Pendry, Post, Shipley, Stevenson, Weil, Weston, Willard, Wilmot and the Vice-Chairman—35.

Negative—Aldermen Carberry, Cole, Cummuskey, Cunningham, Delaney, Dixson, Dowling, Downing, Drescher, Dujat, Eagan, Fink, Gilmore, Hannon, Kenneally, Kenney, Loos, McCann, McCourt, McGarry, McGrath, Meagher, Molen, Nugent, O'Connor, O'Neil, O'Rourke, Smith, Stapleton, Walsh, Wendel; President Connolly, President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, by Lewis H. Pounds, Commissioner of Public Works, and President McAneny, by E. V. Frothingham, Commissioner of Public Works—35.

Subsequently Alderman Dowling raised the point of order that the decision of the Vice-Chairman that the motion of Alderman Folks to lay on the table was carried, was incorrect, as there must be a majority of those voting before a proposition is adopted.

The Vice-Chairman ruled the point of order not well taken, on the ground that the Chair had a deciding vote in case of a tie vote.

Whereas, The residence of Alexander Hamilton, orator, statesman and patriot, aide-de-camp to General Washington, Major-General in the American Army, first Secretary of the Treasury, the establisher of the public credit and one of the chief authors and interpreters of the Constitution, is the last of the buildings in this City associated with the great founders of the nation, still held by private owners; and

Whereas, The said residence is situated on Convent ave., near 141st st., within the Borough of Manhattan; and whereas it is desirable to preserve such objects of patriotic and national interest; and

Whereas, Legislative sanction has been given to the Park Commissioner of The City of New York to secure by purchase or otherwise the said Hamilton Grange, the residence of Alexander Hamilton; therefore be it

Resolved, That this Board respectfully request the Park Commissioner of The City of New York and the members of the Board of Estimate and Apportionment to take the necessary steps to acquire and remove the said building from its present location to a site in such portion of St. Nicholas Park as was formerly part of the Alexander Hamilton Farm.

AN ORDINANCE to amend section 458 of chapter 12 of part 1 of the Code of Ordinances of The City of New York, relating to the "Rules of the Road."

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 458 of article 3 of chapter 12 of part 1 of the Code of Ordinances of The City of New York, relating to the "Rules of the Road," is hereby amended so as to read as follows:

No. 458.—Lights Each and every vehicle using the public streets or highways of the City (except vehicles of licensed truckmen) shall *during the period* (show) between one hour after sunset and one hour before sunrise, *display at least two lighted lamps, one on the front and one on the rear of such vehicles. Said rear lamp shall display a red light visible from the rear, having a lens or glass at least three inches in diameter.* Such (a light) lights (,) *shall be* so placed as to be seen from the front and each side; if dash lantern is carried *in front on a horse drawn vehicle,* it shall be placed on the left hand side *of such dash in a manner so the rays therefrom shall not be obscured;* such (light or) lights (to) shall be of sufficient illuminating power to be visible at a distance of 200 feet; said *front lamp* (light or lights) shall show *a* white *light* in front, but may be colored on the sides (except licensed truckmen). Every automobile shall exhibit during the same period two lamps showing white lights visible at a distance of 300 feet in the direction toward which the automobile is proceeding, and shall also exhibit a red light, visible for the same distance in the reverse direction. The lamps shall be so placed as to be free from obstruction to light from other parts of said automobile. No operator of any automobiles or other (motor) vehicle, while operating the same upon the public highway, within the City, shall use any acetylene, electric or other headlight, *the rays from which shall be intensified by any parabolic or other condensing lens in front of the light* unless properly shaded so as not to blind or dazzle other users of the highway or make it difficult or unsafe for them to ride, drive or walk thereon. (In the Borough of The Bronx, excepting south of Tremont ave. and 177th st., east of Jerome ave. and west of the Bronx River, and in the Boroughs of Richmond and Queens, and in the 26th, 30th, 31st and 32d Wards of the Borough of Brooklyn, every car or other vehicle between said hours, while moving on, along, or standing upon the portion of streets in said Boroughs, or parts of Boroughs, shall also carry a light or lights of such illuminating power as to be plainly visible 200 feet, both ahead and behind said car or vehicle.)

Sec. 2. This ordinance shall take effect immediately.

Note—New matter in *italics;* old matter in parentheses () to be repealed.

By Alderman Esterbrook—

Whereas, The curriculum of Public School No. 44 in the Borough of Brooklyn includes instruction of certain students in the arts of cooking and woodworking, and

Whereas, Owing to the limited capacities of the kitchen and shop now in use in said school building it is impossible for each student to have assigned to him or her the necessary utensils, tools, benches and other accessories to make a proper study of the subjects sought to be taught therein, and

Whereas, It is possible to relocate said kitchen and shop in other parts of said school building, whereby it will be rendered practicable and possible for the students to properly pursue their prescribed course of study; therefore be it

Resolved, That the Board of Education, through its appropriate committee, be and it is hereby requested to take the necessary steps and do all things proper to remedy said conditions now existing in said Public School No. 44 in the Borough of Brooklyn, to the end that said school may be provided with a more spacious kitchen and a more spacious shop.

By Alderman Marks—

Whereas, During the years 1910 and 1911 there were addressed to the Board of Estimate and Apportionment petitions requesting an increase of salary of two hundred dollars per annum for Engineers of Steamers and Firemen in the Fire Department of The City of New York; and

Whereas, The issue involved in the said petitions was not met and disposed of by the introduction and passage by the said Board of Estimate and Apportionment of a resolution appointing a Committee on Standardization of Salaries, a Committee which has never met; and

Whereas, It is inconceivable how any theory of standardization can even remotely apply to or govern salaries of Engineers of Steamers and Firemen in the first, second and third grades; and

Whereas, The salaries of Engineers of Steamers and Firemen in the Fire Department of The City of New York have not been increased for a period of seventeen years, although during the same interval of time the cost of necessaries of life have increased over fifty per cent., now therefore be it

Resolved, That the Board of Aldermen recommend and it does hereby recommend to the Board of Estimate and Apportionment that it grant to the Engineers of Steamers and Firemen of the first, second and third grades in the Fire Department of The City of New York the requested increase of two hundred dollars per annum.

Joseph E. Dobbs, Building Contractor, 3840 White Plains ave., Between 220th and 221st Sts., New York, February 26, 1912.

The Hon. THOMAS J. MULLIGAN, City Hall:

My Dear Alderman—At the request of a number of citizens who frequent Pelham Bay Park, I write to and ask you to see if you cannot take some action whereby we could get electric lights along the shore road from City Island road to Orchard Beach, as the road is traveled by a large number of people all the year and esepcially from the 1st of April until November. Thanking you in advance for whatever action you and the honorable Board of Aldermen may take, I beg to remain,

Sincerely yours, JOSEPH E. DOBBS.

Whereas, Thousands of citizens of our City visit Pelham Bay Park bathing beach during the bathing season; and

Whereas, It is inadequate to accommodate the large increase in population; therefore, be it

Resolved, That the Commissioner of Parks, Borough of The Bronx, be and he is hereby requested to comply with the request of the Pelham Bay Taxpayers' Association, and also the petition signed by Walter R. Burt, an others, both of which are herewith submitted.

The undersigned respectfully submit for your approval a proposition to enlarge the bathing beach at Pelham Bay Park, adjoining the Huntington estate. We think the beach as it is at present is much too small and can not accommodate the bathers using it, and would ask that means be taken to enlarge same 200 or 300 feet, if possible, before the bathing season of 1912. As the beach is now located, the refuse from the surface of the water runs in the pocket established by the Huntington estate wall and the pier now owned by The City of New York; and we think by removing this pier the water would be much cleaner and the bathers using this beach would be greatly benefited. Whereas, The premises occupied by the Fifth District Magistrates' Court, located at the corner of Powers st. and Manhattan ave., in the Borough of Brooklyn, is in condition inimical to the health of the Magistrates, Clerks, prisoners and others whose business it may be to use said Court; and

Whereas, The premises in question have been costly to The City of New York on account of the constant repairs required; and

Whereas, Said premises, owing to the ever-increasing business of the Court, are inadequate to the transaction of business with the facility necessary to its proper conduct; and

Whereas, The lease of said premises is about to expire, and it is generally believed that a location more desirable for Court purposes can readily be acquired; therefore

Resolved, That the Comptroller be and he is hereby requested through his Real Estate Bureau to investigate the conditions alleged in connection with the present location of the said Fifth District Magistrates' Court, with the view to the acquisition by the City of a more suitable site for said Court, and particularly in a more central location of said Court's jurisdiction.

PUBLIC SERVICE COMMISSION.

INVITATION TO CONTRACTORS.

PART OF LEXINGTON AVENUE ROUTE.

The City of New York, acting by the Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section No. 2-A of the Lexington Avenue Rapid Transit Railroad, including the underlying portion of the Canal Street Rapid Transit Railroad or Route No. 20.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2-A. Beginning at a point under Broadway about ninety (90) feet north of the centre line of Walker street and extending thence northerly under Broadway for about five hundred and thirty (530) feet to a point about fifty (50) feet north of the centre line of Howard street; including the underlying portion of the Canal Street Rapid Transit Railroad, or Route No. 20 extending under Canal street and Broadway and under and across the portion of the Lexington Avenue Route above described a distance of about one hundred and fifty-seven (157) feet.

The general plan of construction calls for a subsurface railroad having four tracks for such portion of the Lexington Avenue Route and two tracks for such underlying portion of the Canal Street Route; all of which are more particularly indicated on the contract drawings.

Bidders will not be required to do the station-finish work, nor to provide or lay tracks, ties or ballast.

The work of construction under the contract will include the construction of all necessary sewers and connections along the route of the railroad in Broadway and in Canal street; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning where necessary, of all buildings, surface railroads and other structures, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and the temporary paving and maintenance of roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders by payment of five dollars ($5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Commission.

Partial payments to the Contractor will be made monthly as the work proceeds as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of forty (40) months.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 22nd day of March, 1912, at twelve (12) o'clock noon, at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Separate proposals must be submitted for the portion of the Lexington Avenue Route above described and for the underlying portion of the Canal Street Route above described. The Commission may accept the proposal for such portion of the Lexington Avenue Route while at the same time rejecting the accompanying proposal for such portion of the Canal Street Route. Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

Statements based upon estimates of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required on such portion of the Lexington Avenue Route and on such portion of the Canal Street Route are to be found in the schedules forming a part of the form of Contractor's Proposal. The quantities given in such schedules are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

If the contract as awarded embraces both such portion of the Lexington Avenue Route and such portion of the Canal Street Route, the Commission further reserves the right to omit such portion of the Canal Street Route upon the terms and conditions stated in the form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed *"Proposal for Constructing Part of Rapid Transit Railroad —Route No. 5, Section No. 2-A,"* and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in the City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of Fifteen Thousand Dollars ($15,000). Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited

with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly approved.

At the time of the delivery of the contract, the Contractor will be required to furnish security to the City by giving a bond for thirty-five thousand dollars ($35,000) if the contract as awarded embraces only such portion of the Lexington Avenue Route and fifty thousand dollars ($50,000) if the contract as awarded embraces both such portion of the Lexington Avenue Route and such portion of the Canal Street Route. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen per centum (15%) of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal the sum of One Hundred Thousand Dollars ($100,000) if the contract as awarded embraces only such portion of the Lexington Avenue Route and One Hundred and Fifty Thousand Dollars ($150,000) if the contract as awarded embraces both such portion of the Lexington Avenue Route and such portion of the Canal Street Route. Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder wlil, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other Contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the Invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

DEPARTMENT OF FINANCE.

TEMPORARY HIRING OF BUILDINGS ON CITY PROPERTY.

SEALED BIDS WILL BE RECEIVED BY the Comptroller, to be opened on

FRIDAY, MARCH 8, 1912,

at 11 o'clock a. m., at the office of the Collector of City Revenue, Room K, 280 Broadway, Borough of Manhattan, for the rental of the premises known as 83 to 89 Park Row, in the

Borough of Manhattan,

for the period commencing March 9, 1912, and terminating at such time as the said property shall be required for some public purpose or until such hiring shall be previously terminated by the Comptroller on ninety days' notice to the tenant.

The buildings will be rented in the condition in which they are at present and all necessary alterations and repairs shall be made by the lessee at his own cost and expense; the lessee, also, at his own expense, to do all work necessary to remedy any violations of law or of the rules or regulations of any City department existing upon said premises.

Each bid must be accompanied by a deposit of cash or a certified check for the amount of one month's rental, which shall be forfeited if the successful bidder fails to sign the rental agreement when ready for execution.

All bids must state clearly (1) the amount of the bid, specified at the rate per month; (2) the full name and address of the bidder, and must be enclosed in properly sealed envelopes marked "Proposal for rental privilege," and must be delivered or mailed in time for their delivery prior to 11 a. m. on Friday, March 8, 1912, to the Collector of City Revenue, Room K, 280 Broadway, New York City, from whom any further particulars concerning the buildings to be rented may be obtained.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid, should it be deemed in the interest of The City of New York to do so.

WM. A. PRENDERGAST, Comptroller.

City of New York, Department of Finance, Comptroller's Office, February 24, 1912.

TERMS AND CONDITIONS.

Each bid must be accompanied by cash or a certified check for twenty-five per cent. of the amount of the yearly rental offered; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental bid, with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety, or otherwise, upon any obligation to the corporation, as provided by law.

The lease will be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions as follows:

1. A clause providing that the lessee shall pay the usual rates for water, per meter measurement, and comply with the rules and regulations of the Department of Water Suply, Gas and Electricity.

2. A clause providing that the lessee shall not make any alterations or improvements to the property except with the consent and approval of the Comptroller.

3. A clause providing that during the term of the lease the lessee shall keep the buildings in proper repair, both inside and outside, and shall comply with all the laws and ordinances of The City of New York.

4. A clause providing that all repairs, alterations and improvements made on or to the property by the lessee, during the period of the lease, shall become the property of The City of New York at the expiration of said lease.

The Comptroller shall have the right to reject any or all bids if deemed to be to the interest of The City of New York.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings standing upon property owned by The City of New York, acquired by it for school site purposes in the

Borough of Manhattan,

Being the rear building at 324 W. 21st st. and the two-and-one-half-story frame building at 318 W. 21st st., in the Borough of Manhattan, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution adopted by the Commissioners of the Sinking Fund at a meeting held February 21, 1912, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, MARCH 14, 1912,

at 11 a. m., in lots and parcels and in manner and form, as follows:

Parcel No. 1. Two-and-one-half story frame building, 318 W. 21st st.

Parcel No. 2. Four-story brick rear building at 324 W. 21st st.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 14th day of March, 1912, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes marked "Proposals to be opened March 14, 1912," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

Notice to Property Owners.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS IN THE BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 6.

ONE HUNDRED AND FOURTEENTH STREET—ALTERATION AND IMPROVEMENT TO SEWER, between 1st and 3d aves. Area of assessment: Affects Blocks 1663, 1664, 1685 and 1686.

—that the same was confirmed by the Board of Assessors on February 20, 1912, and entered February 20, 1912, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before April 20, 1912, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

WILLIAM A. PRENDERGAST, Comptroller, City of New York, Department of Finance, Comptroller's Office, February 20, 1912. f23,m5

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 10.

WHITLOCK AVENUE—RECEIVING BASIN on each side between E. 156th st. and Longwood ave. Area of assessment affects Blocks 2729 and 2730.

EUGENE W. SCHEFFER, Secretary. f24,m2

AT A MEETING OF THE BOARD OF Health, of the Department of Health held February 20, 1912, the following resolution was adopted:

Resolved, That section 53 of the Sanitary Code be and the same is hereby amended so as to read as follows:

Section 53. No milk which is watered, adulterated, reduced or changed in any respect by the addition of water or other substance, or by the removal of cream, shall be brought into The City of New York, or held, kept, sold or offered for sale at any place in said city; nor shall any one keep, have, sell or offer for sale in the said city any such milk.

The term "adulterated milk," when so used in this Code, means:

First—Milk containing more than eighty-eight and one-half per centum of water or fluids.

Second—Milk containing less than eleven and one-half per centum of milk solids.

Third—Milk containing less than three per centum of fats.

Fourth—Milk drawn from animals within fifteen days before or five days after parturition.

Fifth—Milk drawn from animals fed on distillery waste, or any substance in a state of fermentation or putrefaction, or on any unwholesome food.

Sixth—Milk drawn from cows kept in a crowded or unhealthy condition.

Seventh—Milk from which any part of the cream has been removed.

Eighth—Milk which has been diluted with water or any other fluid, or to which has been added, or into which has been introduced, any foreign substance whatever.

Ninth—Milk the temperature of which is higher than 50 degrees Fahrenheit, or which contains an excessive number of bacteria.

The provisions of this section shall not be

applicable, however, to modified milk held or offered for sale under permits therefor from the Board of Health, pursuant to the rules and regulations of said Board.

AT A MEETING OF THE BOARD OF Health of the Department of Health, held February 20, 1912, the following resolution was adopted:

Resolved, That the following rules and regulations for sausage manufactories and establishments for smoking or preserving meat or fish, be and the same are hereby adopted, said rules to be published in the CITY RECORD, and to take effect throughout the City of New York immediately:

1. The floors of such establishments shall be of cement, properly graded to sewer-connected drains.

2. The side walls shall be of smooth cement, upon which shall be applied three coats of white paint and one coat of white enamel to a height of eight feet from the floor.

3. The floors, side walls, and ceilings shall be maintained in a clean condition at all times.

4. The tables, with the exception of the cutting tables, shall have iron frames and marble or stone tops, and shall be so placed as to be accessible at all times for the purpose of cleaning.

5. All windows and doors shall be properly screened to prevent the entrance of flies.

6. No room in which artificial illumination is required shall be used for the preparation of meat or fish. All such rooms must be directly lighted from the outside and directly ventilated by means of windows to the external air. No room, any portion of which is below the level of the ground, shall be used for the preparation of meat or fish.

7. All machinery, tables, containers, and utensils must be cleaned at least once each day with hot water and soap.

8. An adequate supply of hot water must be available at all times. Hose connections for hot water must be provided in each room. Floors must be washed down with hot water at least once a day.

9. The use of coloring matter or preservatives other than salt is prohibited.

Each applicant for a permit to manufacture sausages shall file along with his application for a permit a statement showing all materials and foodstuffs used or intended to be used in such manufacture, together with the source or sources from which the same are obtained; and shall, whenever required by the Board of Health or the Sanitary Superintendent, furnish a statement giving the like information.

10. No meat shall be placed directly upon the floor, but must be placed in suitable metallic containers elevated at least three inches from the floor.

11. Suitable toilets must be provided on each floor, properly separated from the workrooms or storage rooms by vestibules directly ventilated to the external air. The toilet rooms themselves must also be ventilated to the external air. Suitable and sufficient wash basins with adequate supply of hot and cold water are to be provided for the use of employees in each toilet room. There must be a sufficient supply of clean towels.

12. The workmen shall be required to change their street clothing and to wear while at work clean, white outer clothing, and such outer clothing is to be worn only in the establishment.

13. Signs prohibiting expectoration are to be posted throughout the establishment.

14. Pickling vats must be of stone or cement and placed within a refrigerated space.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

JOSEPH P. DAY, AUCTIONEER, WILL sell on behalf of the Department of Docks and Ferries at PUBLIC AUCTION to the highest bidder on

TUESDAY, MARCH 5, 1912,

commencing at 12 o'clock noon, at Pier "A," foot of Battery place, North River, for the period hereinafter specified, the lease of the following described property:

For a term of 5 years from April 1, 1912, 200 feet of the southerly side of the pier foot of W. 39th st., commencing at a point 350 feet from the outer end of said pier and extending inshore a distance of 200 feet, solely for the erection and maintenance on said premises during the term of the lease, of a public dumping board extending from a line parallel to and about 18 feet north of the southerly line of said pier to a line about 18 feet south of the southerly side of said pier, in all a distance of about 36 feet, and the necessary ramps, runways and approaches to said dump.

TERMS AND CONDITIONS OF LEASE.

The dump, runways, ramps, approaches and other structures erected under the provisions of the lease shall be so erected in accordance with plans and specifications to be submitted to and approved by the Commissioner of Docks, and under his direction and supervision, and shall revert to and become the property of The City of New York at the expiration or sooner termination of the lease.

The premises demised or any part thereof shall not be used or permitted to be used as a stable nor for the storing or storage of rags, barrels, boxes or refuse of any kind, and the premises shall at all times be kept in a clean and sanitary condition to the satisfaction of the Commissioner of Docks.

No bid will be received which shall be less than the upset price, $2,000 per annum, rent to be paid quarterly in advance.

There shall be kept posted in at least two conspicuous places on the pier, so that the same can be readily seen by passersby from the street, printed in large type, the prices to be charged by the lessee to the public for the privilege of dumping, the maximum limits of which prices are also made a condition of the lease, as follows:

For single dump carts, not exceeding 40 cents.

For single trucks, not exceeding 50 cents.

For double trucks, not exceeding 70 cents.

Rubbish and light material, 20 cents additional per truck.

The establishment of said maximum or limiting prices does not prevent at any time during the life of the lease the lessee from charging lower rates if he so desires. During the life of the lease the Commissioner of Docks may, in his discretion, increase, but not decrease said maximum or limiting prices, and the former only after establishment of justifying facts as to market conditions in a public hearing before him.

The lessee shall covenant and agree that he will at all times during the said term keep true and correct books of account, showing moneys received, the quantity of material dumped and where disposed of, the rates charged therefor and names of persons using the dump; said books of account shall at all times during the term of the lease be open to inspection by the Commissioner of Docks or his authorized representative. Furthermore, it is required of the lessee that the dump shall be public to all, and no applicant for dumping privileges shall be refused until the maximum capacity of the board is reached, neither shall there be any discrimination in price charged, either by special rate or rebate.

Establishment of violation of any of the conditions contained in the preceding paragraphs as fact in the judgment of the Commissioner of Docks shall be sufficient ground for the cancellation of the lease without damage or claim against the City.

The purchaser will be required at the time of the sale, in addition to the auctioneer's fee, namely $50, to pay to the Department of Docks and Ferries 25 per cent. of the amount of the annual rent as security for the execution of the lease, which 25 per cent. will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser refuses or neglects to execute the lease with good and sufficient surety to be approved by the Commissioner of Docks within ten days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks and Ferries, Pier "A," North River, foot of Battery place.

The lessee will be required to furnish a guaranty or surety company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, to enter into a bond or obligation jointly and severally with the lessee in the sum of double the annual rent, for the faithful performance of the covenants and conditions of the lease.

The lease shall contain the usual covenants and conditions at present embodied in leases of wharf property now used by this Department, copies of which may be seen and examined at the office of the Commissioner of Docks, Pier "A," foot of Battery place, North River, and shall contain a provision that if at any time during the term of the lease the Commissioner of Docks shall require all or any part of the property leased in order to proceed with the improvement of the water-front or adjacent uplands in accordance with any plan now legally adopted and approved, or which may hereafter be legally adopted and approved, said lease may be cancelled without any claim upon the City for damages whatsoever, upon written notice being given to the lessee three months in advance of the intention of said Commissioner.

The right to reject all bids is reserved, if deemed by the Commissioner of Docks to be for the best interests of the City so to do.

CALVIN TOMKINS, Commissioner of Docks.

The time for the completion of the work and the full performance of the contract is on or before the expiration of 180 calendar days.

The amount of security required is $1,800.

The bidder shall state both in writing and in figures a price per hour for furnishing the tugboats as called for, by which price the bids shall be tested and according to which price any award of the contract shall be made. The contract, if awarded, will be awarded to the bidder whose price per hour is the lowest and whose bid is regular in all respects. In case of discrepancy between the written price and that given in figures, the price in writing will be considered as the bid.

Tugboats will be required at the time and in the manner and in such quantities as may be directed.

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of Section 980 of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in these proceedings:

Beginning at a point on a line distant 100 feet northerly from and parallel with the northerly line of Bronx and Pelham Parkway South, the said distance being measured at right angles to Bronx and Pelham Parkway South, where it is intersected by the prolongation of a line midway between White Plains road and Cruger avenue, as these streets are laid out at Lydig avenue, and running thence eastwardly along the said line parallel with Bronx and Pelham Parkway South to the intersection with the prolongation of a line midway between Cruger avenue and Holland avenue as these streets are laid out at Lydig avenue; thence southwardly along the said line midway between Cruger avenue and Holland avenue and along the prolongation of the said line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Bear Swamp road, the said distance being measured at right angles to Bear Swamp road; thence eastwardly along the said line parallel with Bear Swamp road to the intersection with the prolongation of a line midway between Holland avenue and Wallace avenue, as these streets are laid out at Rhinelander avenue; thence southwardly along the said line midway between Holland avenue and Wallace avenue and along the prolongations of the said line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Baker avenue, the said distance being measured at right angles to Baker avenue; thence westwardly along the said line parallel with Baker avenue to the intersection with the prolongation of a line midway between White Plains road and Cruger avenue, as these streets are laid out at Morris Park avenue; thence northwardly along the said line midway between White Plains road and Cruger avenue and along the prolongation of the said line to the intersection with a line midway between Rhinelander avenue and Morris Park avenue; thence westwardly along the said line midway between Rhinelander avenue and Morris Park avenue to the intersection with a line distant 200 feet westerly from and parallel with the easterly line of White Plains road, as this street is laid out at Rhinelander avenue, the said distance being measured at right angles to White Plains road; thence northwardly along the said line parallel with White Plains road to the intersection with the southeasterly right of way line of the New York, Westchester and Boston Railroad; thence northeastwardly along the said right of way line to the intersection with a line distant 160 feet westerly from and parallel with the easterly line of Cruger avenue, as this street is laid out between White Plains road and Bear Swamp road, the said distance being measured at right angles to Cruger avenue; thence northwardly along the said line parallel with Cruger avenue to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Bear Swamp road, the said distance being measured at right angles to Bear Swamp road; thence westwardly along the said line parallel with Bear Swamp road to the intersection with the prolongation of a line midway between White Plains road and Cruger avenue, as these streets are laid out at Lydig avenue; thence northwardly along the said line midway between White Plains road and Cruger avenue and along the prolongations of the said line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 7th day of March, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 7th day of March, 1912.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held January 4, 1912, the following petition was received:

To the Board of Estimate and Apportionment:

The petition of New York, Westchester and Boston Railway Company respectfully shows as follows:

Your petitioner is engaged in constructing its railroad in The City of New York, in accordance with a certain ordinance adopted by the Board of Aldermen of said City on the 26th day of July, 1904, approved by the Mayor on August 2, 1904, as amended by resolution of the Board of Estimate and Apportionment, adopted July 14, 1905, approved by the Mayor July 21, 1905, and by contracts between New York, Westchester and Boston Railway Company and The City of New York, dated January 29, 1909, and August 2, 1911, respectively. That in and by said contract dated August 2, 1911, the ordinance of August 2, 1904, was so amended that it provided that said Railway Company "shall complete a four-track railroad upon the main line from the northerly line of the City as far south as East 174th street by the 2d day of February, 1912, otherwise this grant shall cease and determine." It further provided that the Board of Estimate and Apportionment shall have power to extend the time provided for in this section for the completion of the railroad and for the work to be performed and expenditures to be made, as above provided, for a period or periods not exceeding in the aggregate three months. That the petition presented to the Board of Estimate and Apportionment at the time of the said amendment of August 2, 1911, requested an extension of one year from August 2, 1911, but this application was not granted, and the extension was made for a period of six months only. At the time that the extension was made it was believed by the Company that if no unexpected delays arose the work could be completed within the time granted by such extension.

In answer to resolutions passed by your Honorable Board, on the 23d of November, 1911, this Company stated fully the reasons why it would be impossible to complete the work of construction between 174th street and the city line, by the second day of February, 1912, and stated that an extension of six months would be necessary in order to complete the work between these points. This statement presented the facts, which are, briefly, as follows:

The delay is wholly within that part of the line extending from 174th street north to Unionport road, and is due to—

1. The delay in the erection of the steel work between Adams street and 174th street. Although at the time the extension of August 2, 1911, was granted it was expected that the steel work could be erected within the time required by said extension, it now appears that without default upon the part of your petitioner, the American Bridge Company, which has the contract for the steel work, will not be able to commence shipments of the steel for this section until January, and complete shipment cannot be made before the end of March. It will take fully a month to finish the erection of the steel after the receipt of all material, and thirty days more to lay the tracks and install signals. Moreover, some of the plans for the bridges within the section indicated have not yet been approved by the Board of Estimate and Apportionment, though the Company has proceeded to order the steel for such bridges, trusting that the plans will be approved.

2. The complications which have arisen in regard to the structure between 180th street and Unionport road involving particularly the crossings over Adams and Berrian streets. Application was made to the local board in The Bronx, as early as July, 1911, and later to the Board of Estimate and Apportionment, in August, 1911, for leave to close both Berrian and Adams streets. No action has been taken upon this application by the Board of Estimate and Apportionment, and the matter still remains undecided. Plans have been prepared by your petitioner to suit either contingency, and all the work within this section has proceeded with as rapidly as possible except at the streets in question, and at these points the work will be begun and vigorously prosecuted as soon as the Board has determined whether these streets are to be closed or are to remain open. It is not probable, however, that this work can be completed under six months. It is submitted that the situation at this point has been necessarily a complicated one, and that the delay has been due only to an effort both upon the part of the City and of your petitioner to arrive at a solution which will provide adequate facilities for the public at the central transfer station to be established by your petitioner near 180th street, and which will also cause the least possible injury to private property and the present arrangement of streets in that neighborhood.

Your petitioner further shows that it has expended upon the work between 174th street and the north side of Adams street, substantially all of which expenditures have been made since Augsut 2, 1911, the sum of $276,557. Exclusive of the steel viaduct and the plan for the same, 65 per cent. of the work between these two points has been completed. Of the steel work, 25 per cent. has been completed, but all of this work so far has gone on in the shops of the American Bridge Company, and the erection has not yet been begun upon the ground. Contracts for the entire work between these two points have been let, involving an expenditure of over $1,000,000.

Wherefore, your petitioner prays

1. That paragraph 1 of section 5 of the ordinance of The City of New York, adopted July 26, 1904, approved by the Mayor August 2, 1904, as amended by resolution of the Board of Estimate and Apportionment, adopted July 14, 1905, and approved by the Mayor July 21, 1905, and further amended by contracts between New York, Westchester and Boston Railway Company and The City of New York, dated January 29, 1909, and August 2, 1911, respectively, be further amended so that the words "the second day of February, 1912" shall be changed to read "the second day of August, 1912," thus extending the time for the completion of the construction of the railroad from the northerly line of the City as far south as East 174th street, for a period of six months.

2. That your Honorable Board will extend the time for the completion of the railroad of your petitioner from the northerly line of the City as far south as East 174th street, until your Board shall finally have acted upon the amendment herein prayed for, but not exceeding a period of three months from February 2, 1912.

Dated, December 30, 1911.

NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY,
By L. S. MILLER, President.

JOSEPH HAAG, Secretary.

New York, January 18, 1912. f16,29

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The New York City Interborough Railway Company has, under date of November 25, 1911, made application to this Board for a modification of the terms and conditions of the ordinance of the Board of Aldermen approved by the Mayor March 31, 1903, granting said Company a franchise for the construction, maintenance and operation of a street surface railway in the Boroughs of Manhattan and The Bronx, as amended by contract dated June 25, 1907; resolution of the Board of Estimate and Apportionment approved by the Mayor December 14, 1908, and contract dated July 27, 1909; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on December 7,

1910, fixing the date for public hearing thereon as January 4, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Press" and "New York Times," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modifications and amendments of said ordinance approved by the Mayor March 31, 1903, as amended by said contract dated June 25, 1907, said resolution approved by the Mayor December 14, 1908, and said contract dated July 27, 1909; now, therefore, it is

Resolved, That the following form of resolution for the consent or right applied for by the New York City Interborough Railway Company, containing the form of proposed contract for the grant of such right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications in the terms and conditions of the said ordinance of March 31, 1903, as amended by said contract of June 25, 1907, said resolution of December 14, 1908, and said contract of July 27, 1909; such modified terms and conditions being fully set forth and described in the following form of proposed contract for the grant thereof, embodying such terms and conditions as modify or alter said contract of July 27, 1909; which said contract otherwise remains unchanged as to all the other terms and conditions expressed therein; and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract, in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This Contract, made this day of , 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York City Interborough Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The City did by an ordinance adopted by the Board of Aldermen March 16, 1903, approved by the Mayor March 31, 1903, grant to the Company the right or franchise to construct, maintain and operate a street surface railway upon and along certain streets, avenues, parkways, highways and bridges, particularly set forth and described in Section 1 of said ordinance; and

Whereas, Said ordinance was accepted by the Company in an agreement of acceptance executed March 31, 1903, and filed with the Comptroller of the City April 3, 1903; and

Whereas, In and by section 6 of said ordinance it was provided that the Company should complete the construction of at least twenty-four (24) miles of double-track railway on or before July 1, 1905; and

Whereas, By orders of the Appellate Division of the Supreme Court made June 16, 1905, and May 28, 1906, the time for the completion of said twenty-four (24) miles of double-track railway was extended to June 1, 1906, and June 1, 1907, respectively; and

Whereas, By contract dated June 25, 1907, between the City and the Company, the time for the completion of said twenty-four (24) miles of double-track railway was extended to December 25, 1908; and

Whereas, By resolution adopted by the Board December 11, 1908, and approved by the Mayor December 14, 1908, the time for the completion of said twenty-four (24) miles of double-track railway was extended to June 27, 1909; and

Whereas, By contract dated July 27, 1909, between the City and the Company, section 6 of said ordinance was amended to read as follows:

"The Company shall complete the construction and put in operation a railway upon the entire length of each of the routes hereinbefore described on or before March 24, 1912; otherwise the franchise, right and privilege to construct such railway upon the routes or portions of routes not then constructed and in full operation shall cease and determine," and

Whereas, The Company has by a petition dated November 25, 1911, applied to the Board for a modification of said contract of July 27, 1909, by an extension of time in which to complete the construction of a street surface railway upon:

(a) Hunts Point road (or avenue), from Randall avenue to Long Island Sound.

(b) Randall avenue, from Hunts Point road (or avenue) to Bronx River.

(c) Tremont avenue or East 177th street, from Westchester Creek to Locust Point.

(d) Muscoota street or 225th street from Broadway to Kingsbridge road.

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby consents, subject to the conditions and provisions hereinafter set forth, to the change or amendment to the said right or franchise, as expressed in said ordinance adopted by the Board of Aldermen on March 16, 1903, and approved by the Mayor on March 31, 1903, as amended by said contract bearing date of June 25, 1907, and amended by said contract bearing date of July 27, 1909, said change or amendment to be as follows:

1. Section 6 of said ordinance, as amended, shall be further amended to read as follows: "The Company shall complete the construction and put in operation a railway upon the entire length of each of the routes described hereinbefore, on or before March 24, 1913; otherwise the franchise, right and privilege to construct such railway upon the routes or portions of routes not then constructed and in full operation shall cease and determine."

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The Company shall commence the construction of a street surface railway upon each of the following streets, to wit:

(a) Hunts Point avenue (or road) from Randall avenue to Long Island Sound.

(b) Randall avenue from Hunts Point avenue (or road) to Bronx River.

(c) Muscoota street, or 225th street, from Broadway to Kingsbridge road.

within thirty (30) days from the date of notification that the regulating and grading contract for each of said streets has been completed and shall complete such construction and put in operation a railway upon each of said streets within four (4) months from the date of such notification, but nothing herein contained shall free the company from the obligation hereinbefore imposed to complete construction and put in operation a railway upon all of the said routes on or before March 24, 1913.

Sec. 2. This grant is subject to the condition that all the terms and conditions contained in the said ordinance adopted by the Board of Aldermen on March 16, 1903, and approved by the Mayor on March 31, 1903, as amended by contract bearing date of June 25, 1907, as amended by contract bearing date of July 27, 1909, except as herein modified and amended, shall remain in full force and effect."

Sec. 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK,
By.....Mayor.
(CORPORATE SEAL.)
Attest: .....City Clerk.
NEW YORK CITY INTERBOROUGH RAILWAY COMPANY,
By.....President.

Attest: .....Secretary.
(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise and the adequacy of the compensation to be paid therefor, and of the terms and conditions, are as specified and fully set forth in the said contract dated July 27, 1909, as amended by the foregoing form of proposed contract for the consent to such modification and alteration.

Resolved, That these preambles and resolutions, including the said resolution for the consent of The City of New York to the modification and alteration as applied for by the New York City Interborough Railway Company and the said form of proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, February 29, 1912, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, February 29, 1912, in two (2) daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of the New York City Interborough Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the consent of the City to a certain modification and amendment in the terms and conditions of the said contract of July 27, 1909; such modification and amendment being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, February 29, 1912, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

COMMISSIONERS OF SINKING FUND.

NOTICE IS HEREBY GIVEN THAT A PUBlic hearing will be given by the Commissioners of the Sinking Fund at 11 o'clock in the forenoon, on

WEDNESDAY, MARCH 13, 1912,

in Room 16, City Hall, Borough of Manhattan, in the matter of the modified plan for the improvement of the waterfront in the vicinity of West Washington Market, between Jane street and West 13th street, North River, in the Borough of Manhattan, made and adopted by the Commissioner of Docks in accordance with law February 20, 1912, and submitted to the Commissioners of the Sinking Fund for approval. This modified plan differs from the plan heretofore submitted in that it provides a basin for pier length of 900 feet instead of 1,000 feet; and the marginal street, wharf, or place is made narrower, thus eliminating the necessity for the acquisition of any privately owned upland property. The modified plan also renders unnecessary the removal or alteration of the City's pumping station. The plan as modified is open to the inspection of any citizen at the office of the Comptroller of The City of New York at all times during business hours until the day of the hearing.

Technical Description of Proposed Amendments to the Amended New Plan in the Vicinity of the New West Washington Market, Between Gansevoort Street and Little West Twelfth Street, North River, Borough of Manhattan.

The proposed amendments to the amended New Plan consist in the establishment of two piers, each 80 feet in width, one adjacent to the southerly side of Pier 53, North River (Little West 12th street), 900 feet long on the southerly side, the other adjacent to the northerly side of Pier 52, North River (Gansevoort street), and 860 feet long on its northerly side.

The establishment of a bulkhead line beginning at the intersection of the present established bulkhead line north of the New West Washington Market, adopted by the Commissioners of the Sinking Fund, April 29, 1904, with the southerly side of Pier 53, North River; thence easterly in a continuation of the southerly side of Pier 53 to a point 900 feet easterly from the established pierhead line; thence southerly and parallel with the established pierhead line to a point distant 60 feet north of the northerly side of the proposed pier adjacent to the northerly side of Pier 52, measured along the southerly prolongation of the proposed bulkhead line, from a point in the northerly line of the proposed pier distant 900 feet easterly from the established pierhead line measured along the northerly line of said proposed pier; thence southwesterly to a point in the northerly line of proposed pier distant 860 feet easterly from the established pierhead line measured along the northerly side of said pier; thence westerly along the northerly line of the proposed pier to an intersection with the northerly prolongation of the established bulkhead line adopted by the Commissioners of the Sinking Fund, June 14, 1897; thence southerly along the northerly prolongation of said bulkhead line to its intersection with the northerly side of Pier 52.

Also the establishment of a marginal street, wharf or place, bounded and described as follows: Beginning at the intersection of the southerly side of Pier 53 with the bulkhead line northerly of the New West Washington Market adopted by the Commissioners of the Sinking Fund, April 29, 1904, thence northeasterly to the intersection of the northerly line of Little West 12th street with the easterly line of the marginal street, wharf or place, northerly of the New West Washington Market adopted by the Commissioners of the Sinking Fund, April 29, 1904; thence southerly and in the southerly prolongation of the above described marginal street, wharf or place to an intersection with the easterly prolongation of the northerly side of the high pressure pumping station; thence westerly and along the easterly prolongation of the northerly side and the northerly side of the high pressure pumping station to the westerly side of said station; thence southerly and along its westerly side and its southerly prolongation to the southerly line of Gansevoort street; thence westerly along the southerly line of Gansevoort street to the easterly line of West street; thence southerly along the easterly line of West street to the easterly prolongation of the northerly side of Pier 52; thence westerly along the easterly prolongation of the northerly side of Pier 52 to a point in the easterly prolongation of the northerly side of Pier 52 distant 860 feet easterly from the established pierhead line measured along the northerly side of Pier 52; thence northerly and parallel with the established pierhead line to its intersection with the proposed bulkhead line at a point 860 feet easterly of the established pierhead line measured along the northerly line of the proposed pier adjacent to the northerly side of Pier 52; thence northeasterly, northerly and westerly along the proposed bulkhead line to the point or place of beginning.

A. L. KLINE, Acting Chairman, Commissioners of the Sinking Fund. f26,m2

NOTICE IS HEREBY GIVEN THAT THE final reports of the Commissioners of Estimate and of the Commissioner of Assessment in the above entitled matter will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan in The City of New York, on the 7th day of March, 1912, at 10.30 o'clock in forenoon of that day; and that the said final reports have been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of five days, as required by law.

Dated Borough of Manhattan, New York, February 29, 1912.

CHARLES L. HOFFMAN, THOMAS O. McGILL, HENRY BRADY, Commissioners of Estimate; CHARLES L. HOFFMAN, Commissioner of Assessment.

JOEL J. SQUIER, Clerk. f29,m5

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired to an easement in the lands and premises required for the opening and extending of a TUNNEL STREET, extending from Broadway, near Fairview avenue, to the Subway station at West One Hundred and Ninety-first street and St. Nicholas avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of March, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 20th day of March, 1912, at 3 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of March, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 21st day of March, 1912, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 20th day of April, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between West One Hundred and Eighty-sixth street and West One Hundred and Eighty-seventh street as these streets are laid out between Overlook terrace and Bennett avenue, distant 100 feet westerly from the westerly line of Overlook terrace, the said distance being measured at right angles to Overlook terrace, and running thence northwardly along a line always distant 100 feet westerly from and parallel with the westerly line of Overlook terrace and the prolongation thereof to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Overlook terrace as laid out adjoining Fort Washington avenue, the said distance being measured at right angles to Overlook terrace; thence eastwardly along the said line parallel with Overlook terrace and the prolongation thereof to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Overlook terrace, the said distance being measured at right angles to Overlook terrace; thence southwardly along the said line parallel with the easterly line of Overlook terrace and the prolongation thereof to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of West One Hundred and Ninety-third street, as laid out adjoining Broadway, the said distance being measured at right angles to West One Hundred and Ninety-third street; thence eastwardly along the said line parallel with West One Hundred and Ninety-third street and the prolongation thereof to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Broadway terrace, the said distance being measured at right angles to Broadway terrace; thence southwardly along the said line parallel with Broadway terrace and along the prolongation thereof to the intersection with the southerly line of Fairview avenue; thence southwardly in a staight line to a point distant 100 feet westerly from Wadsworth terrace and 100 feet southerly from Fairview avenue, the said distance being measured, respectively, at right angles to Wadsworth terrace and Fairview avenue; thence westwardly along a line always distant 100 feet southerly from and parallel with the southerly line of Fairview avenue to the intersection with a line always distant 100 feet easterly from and parallel with the easterly line of Broadway, the said distance being measured at right angles to Broadway; thence southwardly along the said line parallel with Broadway to the intersection with the prolongation of a line midway between West One Hundred and Eighty-sixth street and West One Hundred and Eighty-seventh street and passing through the point of beginning; thence westwardly along the said line last described and the prolongation thereof to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of March, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 2d day of May, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 20, 1912.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of FOURTH AVENUE, from Monroe avenue to Tompkins avenue, in the First Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 11th day of March, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 13th day of March, 1912, at 3 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 11th day of March, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 14th day of March, 1912, at 3.30 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the amended area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of December, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Fourth avenue, the said distance being measured at right angles to Fourth avenue, where it is intersected by a line always distant 100 feet westerly from and parallel with the westerly line of Jersey avenue, the said distance being measured at right angles to Jersey avenue, and running thence eastwardly along the said line parallel with Fourth avenue and along the prolongation of the said line to a point distant 100 feet westerly from the westerly line of Westervelt avenue as laid out adjoining Fourth avenue, the said distance being measured at right angles to the line of Westervelt avenue; thence northwardly along a line at right angles to Fourth avenue to the intersection with the prolongation of a line always distant 280 feet northerly from and parallel with the northerly line of Fourth avenue as this street is laid out easterly from Westervelt avenue, the said distance being measured at right angles to the line of Fourth avenue; thence eastwardly along the said line parallel with Fourth avenue and along the prolongation of the said line to a point distant 100 feet easterly from the easterly line of Tompkins avenue, the said distance being measured at right angles to Tompkins avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Tompkins avenue to the intersection with the prolongation of a line always distant 325 feet southerly from and parallel with the southerly line of Fourth avenue as this street is laid out easterly from Westervelt avenue, the said distance being measured at right angles to the line of Fourth avenue; thence westwardly along the said line parallel with Fourth avenue to a point distant 100 feet westerly from the westerly line of Westervelt avenue, the said distance being measured at right angles to Westervelt avenue; thence northwardly along a line always distant 100 feet westerly from and parallel with Westervelt avenue to a point distant 100 feet southerly from the southerly line of Fourth avenue, the said distance being measured at right angles to Fourth avenue; thence westwardly along a line always distant 100 feet southerly from and parallel with the southerly line of Fourth avenue and the prolongation thereof to the intersection with a line parallel with Jersey avenue and passing through the point of beginning; thence northwardly along the said line parallel with Jersey avenue to the point or place of beginning.

(The lines of the streets herein referred to and which have not been laid out upon the City map are intended to be those in use and as commonly recognized.)

Fourth—That the abstracts of said supplemental and amended estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 14th day of March, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 24th day of April, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, February 15, 1912.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of STANLEY AVENUE, from Louisiana avenue to Fountain avenue, in the Twenty-sixth Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 7th day of March, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 11th day of March, 1912, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objections thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 7th day of March, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 12th day of March, 1912, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 15th day of January, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line midway between Vienna avenue and Stanley avenue, as these streets are laid out easterly from Louisiana avenue, and by the prolongations of the said line; on the east by a line always distant 100 feet easterly from and parallel with the easterly line of Fountain avenue, the said distance being measured at right angles to the line of Fountain avenue; on the south by a line midway between Stanley avenue and Wortman avenue, and the prolongations of the said line; and on the west by a line distant 100 feet westerly from and parallel with the westerly line of Louisiana avenue, the said distance being measured at right angles to the line of Louisiana avenue.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 18th day of March, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 18th day of April, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated, Borough of Brooklyn, New York, February 16, 1912.

JAMES H. McCABE, JAMES A. NOLAN, JR., Commissioners of Estimate; JAMES H. McCABE, Commissioner of Assessment.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of AVENUE Z, from Jerome avenue to the Bulkhead Line, in the Thirty-first Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 7th day of March, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 8th day of March, 1912, at 11 o'clock, a. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 7th day of March, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 15th day of March, 1912, at 11 o'clock, a. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 10th day of April, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line midway between Avenue Y and Avenue Z and the prolongation thereof; on the east by the Bulkhead Line as laid out on the Town Commissioners' map, easterly from Knapp street; on the south by a line midway between Avenue Z and Voorhies avenue; on the west by a line which bisects the angle formed by the prolongation of the easterly line of East Twenty-third street, and the westerly line of East Twenty-fourth street.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 18th day of March, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 18th day of April, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated, Borough of Brooklyn, New York, February 16, 1912.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
