NYC Community Development Block Grant Program (HOME) Section 3 Summary Report Form for City Agencies

Your program is funded either in whole or in part by the Community Development Block Grant (HOME), which the City receives from the U.S. Department of Housing and Urban Development (HUD). HUD requires the City to collect work staff information on every program that performs HOME-funded construction/rehabilitation work in excess of \$100,000, to ensure the City's compliance with Section 3 of the U.S. Housing and Urban Development Act of 1968. Section 3 requires recipients of HUD financial assistance to provide training, employment, and contracting opportunities to Section 3 residents and businesses to the greatest extent feasible, consistent with existing federal, state, and local laws and regulations.

These forms must be completed by all agencies working on a Section 3-covered project whose budgeted amount exceeds \$100,000. You must complete these forms for each year that this program is HOME-funded. The forms must be submitted to the NYC Office of Management and Budget by February 15th and cover the preceding calendar year. You must also submit any "Summary Report Forms" that are completed by your contractors and their subcontractors with HOME-funded contracts in excess of \$100,000.

Appendix 3: ESG eCART

Introduction

The Consolidated Annual Performance and Evaluation Report (CAPER) is the primary mechanism for Emergency Solutions Grants (ESG) Program accomplishment reporting. In the initial May 2012 release of the eCon Planning Suite, HUD included limited screens for the ESG portion of the CAPER (screens CR-60, CR-65, CR-70, and CR-75). HUD informed recipients that this initial release was a “transition” CAPER and that HUD would develop a more comprehensive report template at a future date.

HUD has updated the ESG CAPER, which is now required for **all 2015 CAPER submissions (beginning October 1, 2015) and only affect screen CR-65**. This redesign is an important next step in gathering comprehensive, nationwide data that show the impact of the ESG Program across the country. ESG CAPER updates reflect the 2014 Homeless Management Information System (HMIS) Data Standards and recently released critical changes and further align the ESG CAPER with the Continuum of Care (CoC) Program’s Annual Performance Report (APR).

Starting with their 2015 CAPER submissions, ESG recipients must report aggregated ESG Program report information at the subrecipient level, using the newly developed ESG **eCart** (the ESG-CAPER Annual Reporting Tool). **eCart** is a Microsoft Excel spreadsheet that is configured to load report level, aggregate information from an HMIS and produce all statistical information required by HUD on program participants served in ESG-funded projects. ESG recipients will obtain data from their subrecipients through a special Comma Separated Value (CSV) export; which the recipients will use to populate the **eCart** tool for submission to HUD. The information in **eCart** replaces all data previously collected on screen CR-65. Recipients must attach the **eCart** to their CAPER submission to fulfill the new requirement and will no longer be required to enter the data manually onto screen CR-65.

Appendix 4: 2015 NYC HOPWA CAPER

Housing Opportunities for Persons with AIDS (HOPWA) Program

Consolidated Annual Performance and Evaluation Report (**CAPER**) Measuring Performance Outcomes

Revised 1/22/15

OMB Number 2506-0133 (Expiration Date: 12/31/2017)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. The public reporting burden for the collection of information is estimated to average 42 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

Overview. The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER, in conjunction with the Integrated Disbursement Information System (IDIS), fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER, and complete annual performance information for all activities undertaken during each program year in the IDIS, demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER and IDIS data to obtain essential information on grant activities, project sponsors, Subrecipient organizations, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

Continued Use Periods. Grantees that received HOPWA funding for new construction, acquisition, or substantial rehabilitations are required to operate their facilities for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Certification of Continued Project Operation throughout the required use periods. This certification is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

In connection with the development of the Department’s standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor/subrecipient records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, and Housing Status or Destination at the end of the operating year. Other suggested but optional elements are: Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Date of Contact, Date of Engagement, Financial

Assistance, Housing Relocation & Stabilization Services, Employment, Education, General Health Status, , Pregnancy Status, Reasons for Leaving, Veteran’s Information, and Children’s Education. Other HOPWA projects sponsors may also benefit from collecting these data elements.

Final Assembly of Report. After the entire report is assembled, please number each page sequentially.

Filing Requirements. Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee’s State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWA@hud.gov. Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7212, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

HOPWA Housing Subsidy Assistance		[1] Outputs: Number of Households
1.	Tenant-Based Rental Assistance	1
2a.	Permanent Housing Facilities: Received Operating Subsidies/Leased units	
2b.	Transitional/Short-term Facilities: Received Operating Subsidies	
3a.	Permanent Housing Facilities: Capital Development Projects placed in service during the operating year	
3b.	Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year	
4.	Short-term Rent, Mortgage, and Utility Assistance	1
5.	Adjustment for duplication (subtract)	1
6.	TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)	1

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Central Contractor Registration (CCR): The primary registrant database for the U.S. Federal Government. CCR collects, validates, stores, and disseminates data in support of agency acquisition missions, including Federal agency contract and assistance awards. Both current and potential federal government registrants (**grantees**) are required to register in CCR in order to be awarded contracts by the federal government. Registrants must update or renew their registration at least once per year to maintain an active status. Although recipients of direct federal contracts and grant awards have been required to be registered with CCR since 2003, this requirement is now being extended to indirect recipients of federal funds with the passage of ARRA (American Recovery and Reinvestment Act). Per ARRA and FFATA (Federal Funding Accountability and Transparency Act) federal regulations, all **grantees** and sub-grantees or subcontractors receiving federal grant awards or contracts must have a DUNS (Data Universal Numbering System) Number.

Chronically Homeless Person: An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered

“grassroots.”

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered “Head of Household.” When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These involve additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the rate established in HUD notices, such as the rate of ten dollars per hour. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See the *Code of Federal Regulations Title 24, Part 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.*

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing

function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income for state and local governments at 24 CFR 85.25, or for non-profits at 24 CFR 84.24.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor or Subrecipient. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended. Funding flows to a project sponsor as follows:

HUD Funding → Grantee → Project Sponsor

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52 week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Subrecipient Organization: Any organization that receives funds from a project sponsor to provide eligible housing and other support services and/or administrative services as defined in 24 CFR 574.300. If a subrecipient organization provides housing and/or other supportive services directly to clients, the subrecipient organization must provide performance data on household served and funds expended. Funding flows to subrecipients as follows:

HUD Funding → Grantee → Project Sponsor → Subrecipient

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

5. Grantee Narrative and Performance Assessment

a. Grantee and Community Overview

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. *Note: Text fields are expandable.*

As the designated grantee for the New York City Eligible Metropolitan Statistical Area (EMSA), the New York City Department of Health and Mental Hygiene's (DOHMH) Division of Disease Control administers, coordinates and executes the U.S. Department of Housing and Urban Development's (HUD) HOPWA formula grant. The EMSA is comprised of the five boroughs of the City of New York together with Westchester, Orange, and Rockland Counties in the Lower Hudson Valley and Middlesex, Monmouth and Ocean Counties in New Jersey. The Division of Disease Control works with these six counties and eligible localities therein to plan and evaluate their use of HOPWA funds and to ensure the consistency of their efforts with those in the rest of the EMSA. HOPWA-funded programs are implemented by Westchester County, which acts as the administrator for HOPWA funds received by the cities of Mount Vernon and Yonkers; the New York City Human Resources Administration's HIV/AIDS Services Administration (HRA/HASA); and the New York City DOHMH.

New York City DOHMH:

The Division of Disease Control directly administers 33 subcontracts with 15 nonprofit community-based organizations (CBOs) throughout the five boroughs of New York City. The following HOPWA services were provided under the supervision and guidance of the Division of Disease Control in 2015:

Permanent Supportive Housing

Permanent Supportive Housing Programs identify, secure, and provide appropriate permanent adult supportive housing to low-income persons living with HIV/AIDS and their families. Twelve CBOs administer 27 permanent supportive housing subcontracts that cater to the needs of different HIV/AIDS target populations such as: homeless single adults and families; adults diagnosed with mental illness; adults diagnosed with a substance abuse disorder; young adults ages 18-26; persons age 55 and over; individuals recently released from jail/institution; and the homeless/chronically homeless. Supportive services focus on case management, engagement and maintenance in HIV primary care, mental health, substance use, life skills management, and housing readiness to ensure individuals living with HIV/AIDS maintain stable housing and enjoy improved quality of life outcomes. In total, these 12 organizations provide 652 units of congregate and scattered-site supportive housing in New York City.

Housing Placement Assistance

The Housing Placement Assistance Programs provide housing information services and permanent housing placements to low-income persons with HIV/AIDS and their families. Five CBOs—located in each of the five boroughs of New York City—assist low-income persons with HIV/AIDS locate and secure permanent housing. Additional service elements include housing-related advocacy, case management services, and short-term rental and security deposit payments to cover rental start-up costs. In 2015, the housing placement assistance contracts set out to deliver housing information services and provide housing subsidies to assist 350 households establish their housing through permanent housing placement.

Tenant-Based Rental Assistance and Short-term Rent, Mortgage and Utility Assistance

Tenant Based Rental Assistance (TBRA) is a rental subsidy provided to HOPWA-eligible clients who wish to live independently, but need assistance in meeting their rent payments. TBRA, therefore subsidizes the rental costs associated with leasing a permanent housing unit in the private rental market. Short-term Rent, Mortgage and Utility Assistance (STRMU) subsidies are provided as emergency assistance to prevent eviction and homelessness.

In 2015, one non-profit CBO was contracted to deliver TBRA to 300 households, STRMU to 10 households and permanent housing placement to 40 households.

HIV/AIDS Services Administration (HASA):

The HIV/AIDS Services Administration (HASA), a division of the New York City Human Resources Administration (HRA), provides public assistance, case management, and housing services to persons in New York City living with AIDS or clinical symptomatic HIV illness, and their families, who seek its assistance. HASA services are comprised of assistance in determining eligibility for Public Assistance, Medicaid, and Food Stamps, as well as support in accessing other benefits and services as required by the client's individual circumstances. HASA's intensive case management services can include initiating evaluation and treatment of substance abuse and mental illness; home care or homemaking services; or housing services, including temporary emergency placement, as well as transitional, supported, and independent housing options.

HASA case managers assist clients in the process of applying for Supplemental Security Income, Social Security Disability Income, and other benefits for which they may qualify. Additionally, they provide clients with referrals to CBOs for an assortment of supplementary services including legal advocacy, medical or dental care, or employment assistance.

HASA case management includes reviews and updates to clients' plans and service packages. For those who are unable to come to a HASA office for assessment or review, HASA case managers can conduct home visits in addition to scheduled, periodic visits. Additionally, all clients in emergency housing are visited in their apartment periodically until a permanent and stable placement is found. HASA's intensive case management for families includes permanency planning to help survivors remain intact should the caregiver die or become unable to provide care.

In 2015, with support from HOPWA funding, HRA/HASA administered housing contracts with 42 CBOs to provide 2,095 units of permanent supportive housing for low-income persons with HIV/AIDS in congregate and scattered-site settings. These programs targeted special populations such as persons diagnosed with mental illness or substance abuse.

Lower Hudson Valley:

The counties of Westchester, Orange and Rockland in Lower Hudson Valley provide permanent supportive housing to five households and TBRA to 153 households along with supportive services, as necessary, to their clients. In the counties of Monmouth, Middlesex and Ocean in New Jersey, HOPWA funds were allocated to provide TBRA to 104 low-income persons with HIV/AIDS and their families.

b. Annual Performance under the Action Plan

Provide a narrative addressing each of the following four items:

1. Outputs Reported. Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your program year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

In calendar year 2015, the Division of Disease Control administered the HOPWA grant to serve a total of 3,579 households across the NYC EMSA with permanent supportive housing, permanent housing placement assistance, TBRA, STRMU and supportive services.

In the permanent housing facilities category, HOPWA funds assisted 2,878 households, exceeding the projected 2015 goal by 126 households. HOPWA funds were also used to provide housing information services—which surpassed expectations by serving 937 households, compared to its goal of 350 households. Additional funds were used to assist 173 households secure permanent housing placement in 2015.

HOPWA STRMU funds increased housing stability among 17 households compared to the projected goal of 10 STRMU supported households. Finally, 528 households benefitted from TBRA services in 2015.

In tandem with housing, many households received supportive services which are essential to ensuring housing stability and durability for low-income persons with HIV/AIDS and their families. In 2015, 34,028 clients received supportive services and an additional 874 clients received supportive services along with housing subsidy assistance, both exceeding proposed projections.

2. Outcomes Assessed. Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

In addition to providing stable, safe and affordable housing, 2015 HOPWA funds also contributed to improved quality of life indicators for HOPWA beneficiaries. The Division of Disease Control carefully tracks and measures client outcomes such as retention in care; treatment adherence; viral load suppression and housing stability, among others. These outcomes measures, which represent four of the seven HIV common core indicators—are aligned with the federal HIV Care Continuum Initiative to standardize HIV data to improve health outcomes along the care continuum.

Based on the most recent data from calendar year 2014, the Division of Disease Control observed that HOPWA beneficiaries outperformed non-HOPWA persons with HIV/AIDS living in New York City on the following: retention in care (95% vs. 62%), initiating antiretroviral treatment (92% vs. 60%), and achieving viral suppression (73% vs. 51%). These results demonstrate that housing is fundamental to achieving and preserving improved health outcomes among persons living with HIV/AIDS.

Finally, the data also finds that HOPWA housing subsidies led to stable housing outcomes for HOPWA beneficiaries. Of those who exited the HOPWA program in 2015, 98% maintained stable housing.

3. Coordination. Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

In calendar year 2015, HOPWA dollars were combined with other federal resources, as well as State and City funding, to support HIV/AIDS housing and other services. HASA used City Tax Levy and matching State and federal dollars to fund case management; rental assistance; permanent and transitional congregate housing; and permanent scattered-site housing for low-income individuals and families living with AIDS or clinical symptomatic HIV illness. Eligible clients also received medical assistance, homecare, and homemaking services funded with City, State and federal dollars. HOPWA funds distributed to community-based organizations by DOHMH augmented City and State-funded services to persons with mental illness and HIV/AIDS. In the Lower Hudson Valley region of the NYC EMSA, State, City and County funds complement HOPWA-funded rental assistance and other supportive services. Individual-donor and private foundation dollars provided additional support to community-based organizations funded through HASA and DOHMH. In summary, the total funding leveraged across all HOPWA programs in 2015 totaled \$467,920,522.

4. Technical Assistance. Describe any program technical assistance needs and how they would benefit program beneficiaries.

The DOHMH’s Division of Disease Control staff monitors HOPWA contract performance and spending among the project sponsors on a monthly basis. Furthermore, the Division conducts on-site program and fiscal monitoring visits, annual fiscal desk audit reviews, and habitability visits to ensure all HOPWA-funded housing units meet the Housing Quality Standards defined by HUD.

Technical assistance is routinely delivered to address programmatic and/or fiscal challenges. On a quarterly basis, the Division convenes a review of all HOPWA contracts to determine if there are new or emerging trends or common barriers/challenges experienced among project sponsors that should prompt additional training and technical assistance.

As necessary, the Division seeks technical assistance support from Collaborative Solutions and the Cloudburst Group.

c. Barriers and Trends Overview

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program’s ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program’s ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

In calendar year 2015, the City of New York faced one of the biggest homeless crises in the history of the city. With nearly 58,000 people flooding the shelter system and several more thousands living in the streets, the Mayor embarked on several initiatives including one led by the Department of Homeless Services and HRA. The Living in Communities (LINC) program,

inaugurated in the fall of 2014, is a targeted rental assistance program for low-income families and single adults living in homeless or domestic violence shelters. The program prioritizes families and individuals who have resided in shelters the longest and assists them in securing apartments, subsidizing the rental costs of the unit, and providing aftercare services. In addition to paying one month's brokers fee, one month security, prorated current month, first full month and advance payment of the rental subsidy portion for the following three months, landlords can receive a \$1,000 bonus for each apartment they lease to the program. Furthermore, brokers can also receive a bonus fee of up to 15% of the annual rent for each unit when a lease is signed for a year or more. Apartments leased under the LINC program are subject to rent levels, which are in fact higher than the Fair Market Rent rates defined by HUD for the New York City HUD Metropolitan Area.

The roll out of the LINC program has constrained an already competitive housing market in New York City and impacted the ability of HOPWA project sponsors to find and secure affordable units. According to the New York City Department of Housing Preservation and Development, the city-wide rental vacancy rate for all rental apartments in New York City is 3.45%. The low vacancy rate, limited stock of units that meet HUD's Fair Market Rent rates and more profitable rental assistance programs make housing placement and durability a true challenge for HOPWA project sponsors. For instance, in 2015, Permanent Housing Placement Assistance Services struggled to meet their projected number of housing placements since they could not compete with the incentives and rent rates offered by the LINC program. Permanent Supportive Housing providers also experienced difficulties as landlords began severing long-standing relationships by not renewing leases to existing HOPWA clients in favor of LINC clients; thereby forcing housing providers to look for apartments elsewhere and relocate clients that had already built strong ties to their communities.

At a programmatic level, HOPWA programs report continued challenges supporting clients with dual diagnoses, mental illness and substance use in addition to their HIV/AIDS diagnosis. These challenges can often jeopardize the client's housing stability as well as their care status outcomes such as treatment adherence and viral suppression. Of the 154 individuals that exited Permanent Supportive Housing programs in 2015, twelve resulted in unstable housing arrangements due to mental health or substance use issues. When chronic comorbidities, mental illness and substance use are at play, HOPWA clients are also less able to secure and retain employment, which affects their ability to pay their rent share. Consequently, clients frequently fall into rent and utility arrears, further fueling the cycle of poverty that they experience on a daily basis. To address this concern, HOPWA project sponsors are actively providing supportive services, such as life skills management and referrals to job training, to help clients secure and maintain employment.

At the national level, the Housing Opportunity through Modernization Act, which passed in the House on February 2nd 2016, proposes a formula modernization plan to distribute formula funding more equitably by counting confirmed living HIV/AIDS cases rather than cumulative AIDS cases. The allocation formula also considers housing costs and local poverty rates as formula factors. If the measure passes the Senate, the New York City EMSA anticipates losing more than \$12 million in HOPWA dollars over the next five years. These imminent funding cuts coupled with the grantee and project sponsor administrative caps of 3% and 7%, respectively, will affect the future of housing for low-income persons with HIV/AIDS and contribute to an already precarious homelessness situation in New York City.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

While new HIV and AIDS diagnoses continue to decline across New York City, several sub-populations remain disproportionately affected. Across race and ethnicity, blacks continue to experience the highest rates of HIV diagnosis, representing 43% of new infections, followed by Hispanics at 32%, and whites at 18%. In 2014, men who have sex with men (MSM) continue to experience the biggest transmission risk, accounting for 59% of new HIV diagnoses. MSM also represented the greatest proportion of acute HIV infection cases (73%) in 2014 compared to other transmission risk groups. Among MSM who were acutely infected, the majority were young black MSM. DOHMH surveillance data also reaffirmed that neighborhoods which experienced the highest HIV diagnoses rates also experienced the highest poverty levels. For instance, in 2014, 79% of all newly diagnosed infections were among people who reported medium (10 to 20% < below FPL) to very high poverty levels ($\geq 30\%$ below FPL).

In response to these epidemiological trends, the Division of Disease Control ensures HOPWA funds are directed to eligible households who need it most. Data from all HOPWA clients served in 2015 demonstrates that 85% of clients are either black (52%) or Hispanic (33%). Males ages 31 and older represent 64% of all clients served in 2015, indicating the need to evaluate how housing services can be better tailored to meet the needs of young males of color. Finally, of all the households served with HOPWA housing subsidy assistance in 2015, 96% reported extremely low area median incomes (0-30% of median income levels)—validating that HOPWA funds are targeting individuals and families with the greatest need.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.

In calendar year 2015, the Division of Disease Control staff presented at two major conferences and published one article in the *AIDS and Behavior Journal*. Below are the citations of the research articles produced:

Wiewel E, Beattie C, Hsu J, Braunstein R, Rojas J. Viral suppression trends among HIV-positive housing clients, New York City, 2008-2013. Oral presentation at the North American HIV/AIDS Research Summit, Washington, DC, September 15, 2015.

Wiewel E, McAllister-Hollod L, Thomas J, Rojas J. The HIV care continuum for housing program clients and persons living with HIV/AIDS overall, New York City, 2013. Oral presentation at the International Conference on HIV Treatment and Prevention Adherence, Miami, FL, June 30, 2015.

In addition to the above cited research, the Division routinely monitors, evaluates and reports on HOPWA clients' care status, engagement in care, clinical indicators, and housing stability to inform the programmatic aspects of our work.

d. Unmet Housing Needs: An Assessment of Unmet Housing Needs

In Chart 1, provide an assessment of the number of HOPWA-eligible households that require HOPWA housing subsidy assistance but are not currently served by any HOPWA-funded housing subsidy assistance in this service area.

In Row 1, report the total unmet need of the geographical service area, as reported in *Unmet Needs for Persons with HIV/AIDS*, Chart 1B of the Consolidated or Annual Plan(s), or as reported under HOPWA worksheet in the Needs Workbook of the Consolidated Planning Management Process (CPMP) tool.

Note: Report most current data available, through Consolidated or Annual Plan(s), and account for local housing issues, or changes in HIV/AIDS cases, by using combination of one or more of the sources in Chart 2.

If data is collected on the type of housing that is needed in Rows a. through c., enter the number of HOPWA-eligible households by type of housing subsidy assistance needed. For an approximate breakdown of overall unmet need by type of housing subsidy assistance refer to the Consolidated or Annual Plan (s), CPMP tool or local distribution of funds. Do not include clients who are already receiving HOPWA-funded housing subsidy assistance.

Refer to Chart 2, and check all sources consulted to calculate unmet need. Reference any data from neighboring states' or municipalities' Consolidated Plan or other planning efforts that informed the assessment of Unmet Need in your service area.

Note: In order to ensure that the unmet need assessment for the region is comprehensive, HOPWA formula grantees should include those unmet needs assessed by HOPWA competitive grantees operating within the service area.

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

Background on HOPWA Housing Stability Codes
Stable Permanent Housing/Ongoing Participation

- 3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.
- 4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.
- 5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).
- 6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

- 1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).
- 7 = Jail /prison.
- 8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

PART 6: Annual Certification of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)

The Annual Certification of Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of Stewardship Units.
