The quantity to be delivered under the contract is 7,000 barrels, of which quantity at least one-fourth will be required to be delivered to the Department each and every 30 days, after the date of signing the contract; and the time allowed for the fulfillment of the contract will be four months from the date of its execution, and a penalty of fifty dollars per day, as liquidated damages, will be exacted for each day the contract may be unfulfilled after the said time has expired, Sundays and holidays only to be excepted.

Bidders will state in the proposals the price for each barrel of cement by which the bids will be tested. The price is to cover all expenses necessary for the complete fulfillment of the contract.

Should the lowest bidder or bidders neglect or refuse to accept this contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

No proposals will be considered unless accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that, if the contract be awarded under that proposal, they will, on its being so awarded, become bound as sureties for its faithful performance; which consent must be verified by the justification of each of the persons signing the same for double the amount of security required.

No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

Blank forms of proposals can be obtained by application at the office of the Department, and the form of the agreement, including specifications, and showing the manner of payment for the material, is annexed thereto.
