Commencing at the easterly junction of One Hundred and Fifty-fourth street and Eighth avenue; thence easterly along One Hundred and Fifty-fourth street to the McComb's Dam road; thence via said road to and across McComb's Dam or Central Bridge (so long and whenever said bridge shall be open to public use, but with the right to pass only one car at a time on or over said bridge) to Jerome avenue, and along or by it to the junction of Sedgwick avenue; thence northerly via Sedgwick avenue to the junction of Burnside avenue; thence easterly via Burnside avenue (as soon as the said Burnside avenue is graded for public use), to the junction of Jerome avenue, and thence northerly by said Jerome avenue to a point at or near the entrance gate of Woodlawn Cemetery. And said road being also with a branch or continuation from the junction of Jerome and Burnside avenues easterly through and upon Burnside avenue (as soon as said Burnside avenue shall be graded for public use) to Webster avenue, and upon the latter avenue to the junction of One Hundred and Seventy-seventh street, called Tremont or Locust avenue, and thence along and upon said street to the junction of Railroad avenue in Tremont; also with a branch from the junction of Burnside and Sedgwick avenues along Sedgwick avenue north to Fordham Landing road and thence easterly to Jerome avenue, with all necessary switches, turn-outs, turn-tables, connections, and stands for the proper and convenient working of the said road; and be it further

Resolved, That the conditions upon which, and not otherwise, the said consent is hereby given are as follows, to wit:

First—That the provisions of chapter 252 of the Laws of 1884, pertinent thereto, shall be complied with.

Second—That the right, franchise and privilege of using the said streets and avenues to construct, maintain, use and operate a street surface railroad upon the said streets and avenues, subject to all the provisions of chapter 252 of the Laws of 1884, and of chapter 642 of the Laws of 1886, shall be sold at public auction to the bidder, which shall be an incorporated railroad or railway company organized to construct, maintain and operate a street railroad in the City of New York, for which such consent is given and which will agree to give the largest percentage per annum of its gross receipts with adequate security by a bond or undertaking in writing and under seal in such form, condition, amount and sureties as shall be required and approved by the Comptroller of the said city for the fulfillment of the said agreement and for the commencement and completion of such road according to the plan or plans, and on the route or routes fixed for its construction within the time or times designated and prescribed therefor by the provisions of chapter 642 of the Laws of 1886.

Third—That in the construction of the said railroad and its equipment, the materials and work employed shall be of the best quality and character, and the said railroad shall be constructed with side-bearing rail, having the outer edge of bearing flush with pavement, with inside drop, not exceeding one inch in depth, and that the cars thereon shall be run as frequently as the convenience of the public may require.

Fourth—That the bidder to which the afore-said sale shall be made, and any person or corporation using the tracks or any part of the tracks constructed or laid under or in pursuance of this consent, shall comply with all reasonable ordinances or regulations which the local authorities having charge of the aforesaid streets and avenues, or any of them, shall make as to the rate of speed, mode of use of tracks and removal of ice and snow, and with any and all provisions of law applicable to any street surface railroad company organized under chapter 252 of the Laws of 1884, and shall not charge any passenger more than five cents from or to any point on the route hereinabove described, nor from any point on said route or any route connecting with the route hereinabove described, to any point on said route or any route connecting with the route hereinabove described, but shall give transfer tickets to a passenger when necessary to secure, and which shall secure, to him one continuous ride between such points for the single fare of five cents.

And the said bidder, as to the whole route hereinabove described, shall be absolutely and unqualifiedly bound, and any person or company using or operating a railroad upon the tracks, or any part of the tracks, constructed upon the said route, under or by virtue of the consent hereby given or the sale had in pursuance thereof, as to the tracks so used by it or him, shall be jointly and severally bound with the said bidder absolutely and unqualifiedly to repair and keep in permanent repair the portion of said streets and avenues upon which the tracks shall be so constructed, between the tracks, the rails of the tracks and a space two feet in width outside of and adjoining the outside rails of the track or tracks so long as such tracks so constructed shall continue to be used, and this obligation in respect to the repairing of the streets shall not be dependent upon the requirements of the local authorities, but is hereby made an absolute and unqualified obligation; and they shall in like manner and to a like extent be bound to and shall remove the snow from the same parts of the streets or avenues immediately after it shall have fallen, or as soon as possible thereafter, and not merely to clear the tracks and the space between them by removing the snow to the space intervening between the tracks and the curb stones, but to remove the snow entirely from that portion of the streets or avenues made use of for the construction and operation of the railroad, so far as such snow may have fallen or ice may have been formed upon the said tracks, or upon the space between them, or the designated two feet of space upon each side of the outside of said tracks; the snow or ice so removed to be taken from the street and deposited at the nearest and most convenient place used by the city authorities for the deposit of snow removed by themselves.

Fifth—That the railroad to the construction or operation of which this consent is given shall be operated only by storage electric motor, or cable traction, or any other than locomotive steam power, and that no cars shall be operated by any person or company over the route hereinabove described, and under or by virtue of this consent, by any other than animal or horse power, unless the right so to do shall be acquired as provided by section 12 of chapter 252 of the Laws of 1884.

Sixth—That any person or company who shall use or operate a railroad upon the tracks or any part of the tracks constructed upon the route hereinabove described, under or by virtue of the consent hereby given, or the sale had in pursuance thereof, shall be subject to the same conditions, liabilities, obligations, duties and payments in respect to such use or operation by him or it or upon such tracks as the bidder to whom the sale shall be made under this consent would be subject were such use or operation made by such bidder, and in computing any percentage upon gross receipts that may thereby become payable, the amount thereof shall be computed upon a fare of five cents as having been received as part of the gross receipts from every passenger who shall ride upon any part of the route hereinabove described, and irrespective of the fact whether such passenger enters or leaves the car at any point upon the said route, and the bidder to whom such sale shall be made shall be jointly and severally liable with any such person or company for any default in any of such conditions, liabilities, obligations, duties and payments.

Seventh—That the percentage upon gross receipts payable under the bid at such sale shall be made annually on the first day of November for the year ending on the next preceding thirtieth day of September.

Eighth—That the said New York City Suburban Surface Railroad Company shall provide for the expense of publication of the aforesaid notice of sale before the said notice shall be published, and the company which, at the said sale, shall be the highest bidder shall, at the time and place of sale, reimburse the said New York City Suburban Surface Railroad Company for all expenses for printing and publishing necessarily incurred by it upon the application and sale herein, under the provisions of said chapter 252 of the Laws of 1884, and of said chapter 642 of the Laws of 1886.

Ninth—This consent is given and the said sale shall be made upon the express understanding that the conditions herein stated do not relieve the said bidder or any person or company operating a road upon any of the tracks constructed under this consent from any conditions, obligations, liabilities, payments or duties to which they might have been liable in the absence of such conditions.

Tenth—That if the bidder shall not furnish satisfactory security, the said Comptroller may cancel the bid and sell this consent and the license in the same manner as is provided by chapter 642 of the Laws of 1886.

Eleventh—That the said bidder shall, within thirty days after the sale at public auction, execute under its corporate seal, to be attested by its president or treasurer, and by virtue of a resolution of its board of directors, an instrument in writing, which shall be delivered to the Comptroller of the City of New York, and which shall contain and express the acceptance by the said bidder of this consent of the Common Council for the construction, maintenance, use and operation of the proposed railroad upon the streets and avenues above mentioned upon the terms and conditions upon which this consent is granted, and binding the said company to abide by, comply with, faithfully perform and keep the said terms and conditions.

And be it further Resolved, That the sale at public auction of the right, franchise and privilege mentioned above shall be attended and conducted by the Comptroller of the City of New York, and shall be held at a place in the City of New York to be designated by the said Comptroller, and on the earliest practicable day to be designated by the said Comptroller, or at such time to which the same may be adjourned from the day specified in the notice so published, not exceeding twice, for a period not exceeding four weeks in the aggregate, and only after notice of the time, place and

terms thereof, and of the route or routes to be sold and of the conditions upon which this consent is given shall have been published by the said Comptroller three times a week for at least three weeks in two daily newspapers in said city, to be designated by his Honor the Mayor of said city (and if the bidder shall not furnish satisfactory security, the said Comptroller may cancel the bid and sell this consent and the license in the same manner as is provided by chapter 642 of the Laws of 1886).

Nor shall this consent be construed in any way to permit the use of any part of the bridge connecting Seventh avenue and Jerome avenue across the Harlem river when the same shall be constructed under the now existing laws.

By the same—

Whereas, The discontinuance of the trains on the Ninth Avenue Railroad, from 8 o'clock P. M. until 5 o'clock A. M., every day, by order of the Managers of the Manhattan Elevated Railway Company, causes great annoyance and inconvenience to all the residents on the west side of the city, and many others, and is such a reprehensible exercise of arbitrary power, and such an outrage upon them, as to justify the most indignant remonstrance and condemnation, and a resort to the most extreme measures to compel this railway company to respect the rights of these people;

Whereas, It is generally supposed to be the duty of this railway company, which is simply a common carrier, and bound by every consideration of justice and equity to operate its roads, primarily, for the convenience of the public, in return for the valuable public property it uses, and for which it is asked to pay no other equivalent; but as it chooses, deliberately, to subordinate this duty to the saving of a few paltry dollars from its enormous receipts during the other portion of each day, action should be taken by the representatives of the people, in this Common Council, to compel it to afford all the facilities necessary to enable all our citizens to reach their homes and places of business, both by day and night, with rapidity and safety; and

Whereas, As it is doubtful if the local authorities possess the requisite power to compel a prompt compliance with any direction they may give, in the premises, it being claimed that by the special act of the State Legislature, that called the scheme of elevated railways in this city into existence, the company is amenable for its acts only to that body, it is the imperative duty of this Common Council to interfere to the extent of its power, in favor of our aggrieved citizens, and to take the lead in the effort to secure to them their rights, thus wantonly violated by this giant monopoly, by an appeal to the Legislature in their behalf; be it therefore

Resolved, That the Legislature of this State, when next in session, be and hereby is respectfully requested by the corporate authorities of this city, in behalf of its people, to take prompt and decided action to compel the Manhattan Elevated Railway Company to operate its roads in such a manner as to afford all needed facilities for public travel, both by day and night, by specifically providing that trains shall be run on all its roads continually, as often as the public convenience may require, and at no greater intervals of time on the Ninth avenue branch, from 8 P. M. until 5 o'clock A. M., than fifteen minutes; and be it further

Resolved, That the members of the State Legislature, representing constituencies in this city, be and they are hereby earnestly requested to use every honorable means to secure the passage of an act by the Legislature, when next in session, that will secure to our citizens the rights and privileges mentioned in the foregoing preamble and resolutions, and the Clerk of this Board is hereby directed to transmit to the President of the Senate, to the Speaker of the Assembly and to each Senator and Assemblyman from this city a copy of the foregoing preamble and resolutions.

The President put the question whether the Board would agree with said preamble and resolutions.

Which was decided in the affirmative.

By the same—

Resolved, That permission be and the same is hereby given to James Carsen to place and keep a stepping-stone on the sidewalk, near the curb, in front of his premises, No. 307 West One Hundred and Forty-fifth street; such permission to continue only during the pleasure of the Common Council.

Resolved, That six lamp-posts be erected and a Boulevard lamp placed on each and lighted in front of the All Angels' church, corner of West End avenue and Eighty-first street (three on the avenue and three on the street), as shown on the accompanying diagram, under the direction of the Commissioner of Public Works.

Which was laid over.

By Alderman Duffy—

Resolved, That permission be and the same is hereby given to the Twenty-eighth and Twentieth Street Railroad Company to pave the sidewalk in front of their depot, Nos. 406, 408, and 410 East Thirty-third street, with granite-block pavement, except that two courses of flagging two feet wide each, with two rows of paving-blocks between each course, be laid near the centre of the sidewalk in front of the premises above designated, the work to be done at the expense of the said Company, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was decided in the affirmative.

Whereas, In accordance with the provisions of chapter 574 of Laws of 1871, a permanent plan for the improvement of the water front was approved by the Commissioners of the Sinking Fund whereby the said Twelfth avenue is to be the exterior street, wharf or place in the neighborhood of Thirty-third and Thirty-fourth streets; and

Whereas, The Dock Department is desirous of proceeding with the work of extending, building, erecting and maintaining the said exterior street, wharf or place, in accordance with the permanent plan of improvement, from the northerly side Thirty-sixth street through the premises heretofore granted to Henry R. DANIEL DRAPER, Ph. D., Director.

BOARD OF ARMORY COMMISSIONERS.

MAYOR'S OFFICE, CITY HALL,
NEW YORK, November 20, 1890.

A meeting of the Armory Board was held this day at 2 o'clock P. M., at the office of His Honor, the Mayor.

Present—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of the Public Works Department, Colonel James Cavanagh, and E. G. Marsh, representing the Comptroller.

The minutes of the meeting of October 6 were then read and approved.

The forms of contract for the furniture and for the flagging for the Twenty-second Regiment Armory, as well as the certificate of the advertisement for bids and proposals for the same, were exhibited.

The bids and proposals were then opened, as follows:

For furniture, from George C. Flint & Company, A. E. Barnes & Brother, John N. Tufts, John R. Anderson, and George and Clifford Brown.

The bid by George and Clifford Brown, of \$7,470, being the lowest, and within the appropriation for said furniture, the Commissioner of the Public Works Department offered the following:

Resolved, That the contract for supplying the furniture for the Twenty-second Regiment Armory be awarded to George and Clifford Brown at the amount of their bid, namely, seven thousand four hundred and seventy dollars, subject to the approval of the sureties by the Comptroller and to the concurrence of the Sinking Fund Commissioners.

This resolution was adopted by the following vote, namely:

The Mayor, aye; the President of the Department of Taxes and Assessments, aye; the Commissioner of the Public Works Department, aye; and Colonel Cavanagh, aye.

The only bids for the flagging were from Thomas J. Dunn and James F. Dolan, the latter, being for the sum of \$7,459, was the lowest, and was within the amount appropriated for the work.

The Commissioner of the Public Works Department moved that the awarding of the contract for flagging be laid over, which was carried.

A communication was received from the Commissioner of the Public Works Department transmitting the map of the site for the proposed Armory for the Sixty-ninth Regiment.

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, October 31, 1890.

Hon. MICHAEL COLEMAN, President, Department of Taxes and Assessments and Secretary to the Armory Board:

DEAR SIR—In answer to your letter of 8th instant, I have the honor to transmit herewith duplicate maps of the site for the proposed Armory of the Sixty-ninth Regiment, N. G., S. N. Y., to be filed as required by law.

Very respectfully,

THOMAS F. GILROY, Commissioner of Public Works.

Commissioner Gilroy offered the following resolution:

Resolved, That the Secretary of this Board be and he is hereby directed, in pursuance of the provisions of chapter 330 of the Laws of 1887, to submit the survey, map or plan, with field notes and explanatory remarks, of the site for armory purposes, on the easterly side of Third avenue, extending from Sixth to Seventh street, and running easterly from Third avenue a distance of two hundred and forty-eight and sixty-seven one hundredths feet on each of said streets, embracing the present market building now occupied by the Regiment, Hall place to the east of said building, and as much of the property east of Hall place as is covered by the aforesaid distance, heretofore selected by this Board, which has been prepared by the Department of Public Works at the request of this Board, to the Commissioners of the Sinking Fund, with a request that the said Commissioners approve or disapprove the same, as provided in said chapter 330 of the Laws of 1887; and if said Commissioners of the Sinking Fund shall approve said site so selected, and consent to the acquisition thereof for said purposes, that they indicate such approval and consent by a certificate to that effect, indorsed upon or attached to said survey, map or plan so, as aforesaid, submitted to said Commissioners.

This resolution was adopted by the following vote:

The Mayor, aye; the President of the Department of Taxes and Assessments, aye; the Commissioner of the Public Works Department, aye; and Colonel James Cavanagh, aye.

A communication was received from the Corporation Counsel in relation to the Armory site for the Ninth Regiment, which was read, and the matter was laid over.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, October 27, 1890.

Hon. MICHAEL COLEMAN, Secretary of the Armory Board:

SIR—I beg to acknowledge the receipt of your communication, dated September 24, 1890, transmitting resolution of the Armory Board, requesting me to take the necessary steps on behalf of the Armory Board in purchasing property on Fourteenth street for an armory site, in accordance with offers of Messrs. Aaron Ogden & John Tonnele, and of Mr. Daniel Lord, Jr., attorney.

The property mentioned in the resolution consists of the site of the old armory, being a lot about 200 feet by 206 feet 6 inches, and the lot on Fourteenth street, east of said property, 25 feet ½ inch by 103 feet 2 inches.

I have taken as yet no action towards completing the purchase, for the reason that the Board of Estimate and Apportionment has not approved of the same.

The following facts, however, have been called to my attention, which I think should be considered carefully by your Board before any contract is entered into.

Mr. Daniel Lord, Jr., informs me that his client, Mary L. Taylor, objects to giving a warrantee deed of the premises owned by her. Mr. Aaron Ogden, the attorney for the estate of Valentine G. Hall, deceased, the owners of the westerly eight lots of the armory site, informs me that his clients are willing to give a warrantee deed of the property to a line 400 feet westerly from Sixth avenue, but so far as said property extends beyond such line they will be unwilling to give more than a quit-claim deed, for the reason that their own deed apparently does not cover said property.

According to the description contained in the resolution transmitted to me, and which I am informed is from an actual survey made by the Department of Public Works, the property extends to a point 400 feet 2 ½ inches westerly from Sixth avenue on Fifteenth street, and 400 feet ½ inch from Fourteenth street.

All of the property on Fourteenth street is subject to a covenant which restricts any building being placed thereon within eight feet of the house line of Fourteenth street. I transmit a copy of the covenant. This will result in the building area of the property being restricted to the extent of 1,800 square feet.

So far as the lots owned by John Tonnele, as trustee, are concerned (being the easterly eight lots of the armory site), before a sale can be effected an order of the Supreme Court must be obtained upon petition of the cestuis que trustent and the consent in writing of all adult persons interested in the property. Two of the persons whose consents are necessary are now abroad, and their consents cannot be obtained for several weeks.

The existence of the court-yard covenant is, of itself, sufficient ground for the City to reject the title to the premises. I would, therefore, ask the instructions of the Board as to whether they will accept title to the property with such restrictions. If not, it is useless for me to take further steps in examining the title or preparing contracts for the property.

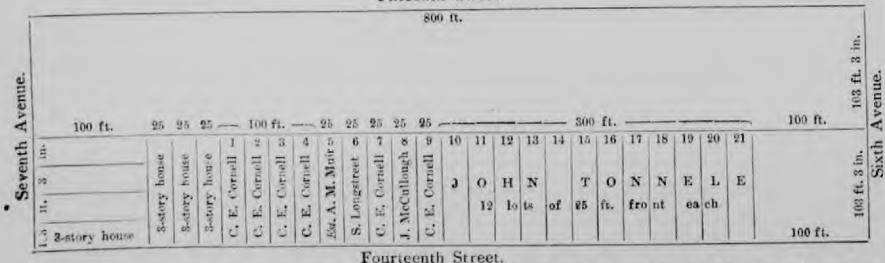

Very respectfully,

WILLIAM H. CLARK, Counsel to the Corporation.

John Tonnele,

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, October 25, 1890.

Hon. HUGH J. GRANT, Mayor and Chairman, Armory Board:

DEAR SIR—A requisition has been made upon this Department for repairs of the chains used for opening and closing the windows in the main drill-room of the Armory of the Eighth Regiment, N. G., S. N. Y., and in view of the fact that this Armory building is a new one, being completed only about one year ago, I beg to refer the matter to the Armory Board for consideration before action is taken upon the requisition.

Very respectfully,

THOS. F. GILROY, Commissioner of Public Works.

The Secretary was directed to notify the contractor who built the Armory of this complaint, and to ask him to put it in order at his own expense.

At this stage in the proceedings Brigadier-General Fitzgerald took his seat in the Board.

An application was received from the Wallis Iron Works for a final payment to them on their contract for the erection and completion of the iron work about the Twenty-second Regiment Armory building, amounting to \$11,789.05.

The Architect's certificate was presented, certifying to the completion of their work, and he also presented the following general letter with regard to the work of the contractors on the building:

NOVEMBER 20, 1890.

Hon. MICHAEL COLEMAN, Secretary, Armory Board, N. Y. C.:

SIR—I send you this day the final certificates for the work done by James D. Murphy, and the Wallis Iron Works, respectively the contractors for the masonry and iron work of the Twenty-second Regiment Armory. I have prepared the final certificates for the carpenter, but do not feel justified in handing it in, for the reason that although all the items of a most carefully prepared list by the clerk of works will no doubt be finished to-day, yet the men are now at work. The facts in the case of the steam heater are the same. In relation to the plumbing, the work is completed, but the heavy hall chandelier has not yet been swung by the Archer & Pancoast Manufacturing Company, whom Mr. Nally employed to do the work. I would call your attention to the accompanying list of differences between the letter of the specification and the work as finished in accordance with the intent and meaning of its requirements; the reasons for these amendments were developed in the progress of the details of the work. In each case, however, it is only just to the contractors to say that the cost of the additional work performed by them much more than equals the cost of any items omitted or altered during the progress of the work.

Masonry—The easterly foundation walls were to have been carried down to the rock on bonded piers and arches, but on digging trenches hard pan was found at a depth of twenty-three feet below the curb along the entire line, so the mason was ordered to put in continuous concrete footings and continuous stone walls of increased thickness instead of the piers and arches.

Iron Work—It was found that the steel shutters called for in the front basement would be very much in the way of any one using the wash-basins, and as the window guards and the railing made ample security, these shutters were omitted.

The cast-iron ornaments on bottom web of trusses and two coal slide covers were also omitted.

On the other hand the lower webs of the main roof trusses were made heavier than originally designed in order to obviate any possible thrust on the piers; fish plates were provided for the wooden girders and extra wrought iron beams were supplied for use over the sallyport and under the conning tower walls, so as to give direct bearings instead of carrying the work by brick corbeling as originally intended.

Carpenter Work—Hinges of locker doors made smaller size. Panel backs under windows were replaced by wainscot.

Chair rail in janitor's room and lockers in gymnasium and closets were omitted, and extra closets fitted up over the roof line and a number of extra lockers were placed in each company room.

Dividing partitions in headquarters were replaced by solid ones.

Handrail to inclosed stairs to company rooms was omitted to give width to stairs.

Partition between serving-room and gymnasium was omitted.

Instead of slating, the sallyport tower roof was tinned and the west end of drill-room roof was covered with galvanized corrugated iron.

On the other hand, an additional row of windows was placed in the west end of the drill-room roof, the effect of which is apparent.

The entire drill-room and entrance hall floors were covered with hard Georgia pine 2 ½ thick, laid on edge, instead of by a spruce under floor and 1 ½ thick yellow pine floors, and this at much extra expense to the contractor.

Plumbing and Steam Heating—The tanks in tower were not elevated but were set upon the concrete floors of tank room in order to get a better and more equal bearing for the many tons of water they contain.

Automatic dampers were supplied and are now in the building, but cannot be put in place owing to the lack of head room; the boilers not being placed so low as intended owing to height of drainage.

Pipe coils in rifle range were omitted; the range is now sufficiently warmed from the radiation from the supply pipes to company rooms.

The box to cover gas supply cocks was omitted.

On the other hand two additional sewers were put in.

A larger and more powerful gas engine was provided, and the ventilating ducts from toilet-room and range were carried through the roof instead of basement windows. In light of these details, the fact as stated above is apparent.

Yours, very truly,

JOHN P. LEO.

General Fitzgerald offered the following:

Resolved, That the Comptroller be directed to pay to the Wallis Iron Works \$11,789.05, the amount due them at this time for the completion of their contract for iron work on the Twenty-second Regiment Armory Building.

This resolution was unanimously adopted.

An application was presented by James D. Murphy, the masonry contractor, for a final payment on his contract for the masonry work of the Twenty-second Regiment Armory Building, amounting to \$8,327.10. The Architect's certificate, certifying to the completion of the work, was also presented; and Commissioner Coleman offered the following:

Resolved, That the Comptroller be directed to pay to James D. Murphy eight thousand three hundred and twenty-seven dollars and ten cents, the amount due him at this time for the completion of his contract for masonry work on the Twenty-second Regiment Armory Building.

This resolution was unanimously adopted.

At this stage of the meeting Colonel Cavanagh was excused.

Commissioner Coleman offered the following:

Resolved, That the time for the completion of the contract of the Wallis Iron Works, dated January 30, 1889, for iron work in the erection of the Twenty-second Regiment Armory Building, be and is hereby extended to November 24.

This resolution was adopted by the following vote, namely:

The Mayor, aye; the President of the Department of Taxes and Assessments, aye; the Commissioner of the Public Works Department, aye; and Brigadier-General Louis Fitzgerald, aye.

The Board of Police met on the 4th day of November, 1890.
Present—Commissioners MacLean (President), McClave, Voorhis and Martin.

Estimates for the above will be received at the office of the Commissioner of Public Works, No. 31 Chambers street, in the City of New York, until 12 o'clock M. of Thursday, December 4, 1890, at which place and time they will be publicly opened by said Commissioner and read.

Any person making an estimate for the above shall furnish the same in a sealed envelope, indorsed "Estimate for furnishing, operating and maintaining electric lamps;" and also with the name of the person making the same and the date of its presentation.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making any estimate for the same supplies and work, and that it is in all respects fair and without collusion or fraud; and, also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing of the party making the same, that the several matters stated therein are in all respects true. Where more

than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law.

Bidders are required to state in their estimates the several streets, avenues, parks and public places, or parts of streets, avenues, parks and public places, in which they propose to perform the requirements herein contained, giving in detail the number of lamps which it is proposed to furnish for lighting each street, etc.; and in case the streets or any portion of the streets which are contemplated in the bid are not lighted by the bidder with electric arc lamps at the time of the making of the bid, then a map or sketch showing clearly the proposed locations of lamps, lamp-posts and conducting wires in such streets must be submitted with the bid.

Bidders must state the kind or system of light they propose to furnish.

Bidders are required to state the price per night for each lamp, at which they propose to furnish, operate and maintain a light in accordance with the requirements of the specifications and for the period mentioned in the agreement.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

Bidders are required to state the number and locations of the central stations at which the electric current is to be generated, and what provision, if any, will be made against the accidental extinction of the lights on account of damage to the central station by fire.

The amount of security required is Twenty-five Thousand Dollars.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No bid or estimate will be considered from any company, corporation or individual that is not authorized and empowered either by the Common Council or by the Board of Electrical Control, to lay, erect and construct, and that has not (except where electric-light conduits are laid) suitable wires or other conductors with the necessary poles, pipes or other fixtures, in, on, over and under streets, avenues and public parks and places of the City of New York, for conducting and distributing electricity to do the lighting bid for; and that does not possess a sufficient central station with suitable appliances therein, for generating the electrical current required for the purposes of accomplishing the work specified in the bid or estimate.

Provided nothing herein contained shall prevent any company, corporation or individual from bidding for supplying said light in any street or part of street, park or public place in which such corporation, company or individual has a trunk or main line, and lamps, lamp-posts and connections only are necessary to be constructed in order to furnish lighting in such streets, parts of streets, parks or public places.

Also further provided that in case a contract for lighting any street, part of street, park or public place shall be awarded to any company, corporation or individual having only a trunk or main line, therein, or wherein electric light conduits are laid, thirty days from the execution of the contract, and such further time, not exceeding thirty days, as may be deemed reasonable by the Mayor, Comptroller and Commissioner of Public Works, shall be allowed to such bidders in which to erect lamp-posts, lamps and establish connecting wires thereto, or for placing conductors in subways and connecting lamps therewith.

But no payment to such bidder, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been established in complete working order, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

The award of any contract, if awarded, will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom any contract is so awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or estimate, or if he accept, but does not execute the contract and give the proper security, it may be readvertised and let as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed.

The right is reserved, when an estimate is made containing bids for lamps in one or more streets, avenues, parks or places, to accept from such estimate or bid so much thereof as may be the lowest per lamp in any one or more of such streets, avenues, parks or places, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The right is also reserved to determine what streets or parts of streets and public places shall be lighted by electric lights. The contract for lamps in any particular street, avenue, park or place, will be awarded, if awarded, to the lowest bidder per lamp in such particular street, avenue, park or place.

The right is also reserved to regulate the number of lamps which may be erected and their location and disposition, in order to best illuminate the streets, parks or other public places for the lighting of which bids may be received. The right is also reserved to decline all estimates if deemed for the best interests of the City. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

The attention of bidders is called to the provisions of specifications 3 and paragraph P in the annexed form of agreement.

—will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 10 o'clock A. M. of Friday, December 12, 1890. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, Leather, Lime and Lumber," with his or their name or names, and the date of presentation, to the head of said Department, at the said office on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state the fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one

person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including the specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

PROPOSALS TO FURNISH THE OFFICE OF
THE REGISTER OF THE CITY AND
COUNTY OF NEW YORK WITH BLOCK
INDEX LIBERS.

TO BOOKBINDERS.

SEALED ESTIMATES FOR SUPPLYING THE
Office of the Register of the City and County of New York with Block Index Libers will be received at the office of the Register, in the City of New York, until 12 o'clock M. of Thursday, the 11th day of December, 1890, at which place and time said estimates will be publicly opened and read.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for furnishing Block Index Libers," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making it that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the Libers; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be Four Hundred and Fifty Dollars.

Should the person to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation, and no estimate will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Register or his Deputy, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Register or his Deputy and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded.

If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

EDWIN A. POST,
JAMES MATTHEWS,
J. SERGEANT CRAM,
Commissioners of the Department of Docks.
Dated, New York, November 21, 1890.

DEPARTMENT OF DOCKS,
PIER "A," NORTH RIVER.

TO CONTRACTORS.

(No. 362.)

PROPOSALS FOR ESTIMATES FOR DREDGING FOR A NEW PIER No. 14, ON THE NORTH RIVER.

ESTIMATES FOR DREDGING AT THE ABOVE-named place on the North river will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

FRIDAY, DECEMBER 5, 1890,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Three Thousand Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged in order to secure at the premises mentioned the depth of water set opposite thereto in the specifications, is as follows:

FOR NEW PIER No. 14, NORTH RIVER.	
Class 1. Mud dredging.....	16,000 cubic yards.
Class 2. Crib dredging.....	9,000 "
Class 3. Filling on top of cribwork.	250 "
Total.....	25,250 "

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, in each class, to be specified by the lowest bidder, shall be due or payable for the extra work.

The work to be done under the contract is to be commenced on or about January 1, 1891, or within five days after notification from the Engineer-in-Chief of the Department of Docks that the premises are in such condition that the work of dredging can proceed, and the entire work is to be fully completed on or before the expiration of sixty days after date of said notification from the Engineer-in-Chief, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, in each class, for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

COMMISSIONER'S OFFICE,
Room 6, No. 31 CHAMBERS STREET,
NEW YORK, December 2, 1890.

TO CONTRACTORS.

ESTIMATES FOR FURNISHING ILLUMINATING GAS FOR LIGHTING THE PUBLIC MARKETS, ARMORIES, BUILDINGS AND OFFICES OF THE CITY OF NEW YORK, FOR THE PERIOD FROM JANUARY 1, 1891, TO DECEMBER 31, 1891, BOTH DAYS INCLUSIVE.

ESTIMATES FOR FURNISHING ILLUMINATING gas for lighting the Public Markets, Armories, Buildings and Offices of the City of New York, or any of them, for the period from January 1, 1891, to December 31, 1891, both days inclusive, will be received by the Commissioner of Public Works of the City of New York, at his office, until 12 o'clock M. of Tuesday, December 10, 1890, at which time and place the estimates received will be publicly opened.

Any person making an estimate for the above-mentioned supplies shall furnish the same in a sealed envelope at said office, at or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making an estimate for the same purpose; and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimates must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true; where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation of the City of New York any difference between the sum to which he or they would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York.

The gas shall have an illuminating power of not less than eighteen candles when tested at a distance of not less than one mile from the place of manufacture, on the improved form of the Bunsen Photometer, by a Sugg-Lethely 15-hole argand burner, calculated on a consumption of five cubic feet of gas per hour. The regular daily tests, however, will be made with a burner that will obtain from the gas the greatest amount of light, and practicable for use by the consumer, and consuming at the rate of five cubic feet of gas per hour. The testing candle shall be of sperm of six to the pound, and consuming, as near as possible, one hundred and twenty grains of spermaceti per hour, and no candle shall be used for testing which consumes less than one hundred and fourteen or more than one hundred and twenty-six grains of spermaceti per hour. And as regards purity, the gas shall be free, within limits not injurious to the public health, from ammonia, sulphureted hydrogen, and other sulphur and noxious compounds.

Bidders are required to state in their estimates the several markets, armories, buildings and offices to which they propose to supply gas, and the illuminating power of the gas they propose to furnish.

Bidders are also required to state one definite and distinct price for each thousand cubic feet of gas furnished (whether the quantity be more or less) to each or any of the following public markets, armories, buildings and offices of the city, and this price must be written out in full, and also inserted in figures.

Offices of N. Y. City Civil Service Board.
The amount of security required is \$20,000, but the same may be reduced at the option of the Mayor, Aldermen and Commonalty of the City of New York, if an award for a portion is made warranting a less amount of security.

The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The right is reserved, when an estimate is made containing bids for supplying gas to one or more of the markets, armories, buildings, offices, etc., as aforesaid, to accept from such estimate or bid so much thereof as may be the lowest in respect to each particular market, armory, building or office as aforesaid, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The contract for lighting any particular market, armory, building, office, etc., will be awarded, if awarded to the lowest bidder on the lighting of each particular market, armory, building, office, etc.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Commissioner of Public Works.

The right is also reserved to discontinue the lighting of any of the public markets, armories, buildings, offices, etc., to which gas shall be furnished, if at any time gas should not be required in any such public market, armory, building or office.

The right to decline all estimates is reserved, if deemed for the interest of the Corporation, by the Commissioner of Public Works, and no estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

If the estimate of any bidder shall include any market, armory, building or office, situated on any street in which the gas-mains of such bidder are not laid at the time of the making of the bid, and a contract for furnishing gas to said market, armory, building or office shall be awarded to any such bidder, then, in that case, thirty days from the date of the execution of such contract shall be allowed to such bidder for the laying of the gas-mains of such bidder in said street, providing such bidder shall have a franchise or grant from the Mayor, Aldermen and Commonalty of the City of New York, authorizing the laying of gas mains in such street.

Blank forms of estimates can be obtained on application at the office of the Commissioner of Public Works.

THOMAS F. GILROY,
Commissioner of Public Works.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound by its sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such

covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots, desiring their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THOS. F. GILROY,
Commissioner of Public Works
