MUNICIPAL CIVIL SERVICE COMMISSION.

MUNICIPAL CIVIL SERVICE COMMISSION, NEW YORK, December 15, 1909.

AT A MEETING OF THE CIVIL SERvice Commission of The City of New York, held December 9, 1909, it was

Resolved, That the Municipal Civil Service rules, as prescribed and established December 4, 1903, be and the same hereby are amended by changing Rule XV. (Promotion) to read as follows:

RULE XV.—PROMOTION.

1. Vacancies in positions above the lowest grade in any part of the competitive class, except Part I., that are not filled by original appointment, transfer, reinstatement or reduction, shall be filled by promotion, based, so far as practicable, on competitive tests.

2. Examinations for promotion shall be ordered as often as may be necessary to meet or anticipate the needs of the higher grades, and, so far as practicable, shall be held periodically. Such examinations shall be open to all persons otherwise eligible who shall have served the necessary periods as particularly described below.

3. Mental examinations for promotion shall, as far as practicable, correspond in scope, subjects and preliminary conditions to examinations as would have been prescribed for original entrance to the same position, but due consideration shall be given to the particular requirements of the department, office or institution for which the examination is held. No person shall be eligible for promotion who lacks any of the preliminary requirements for original entrance to the position to be filled by promotion.

4. No examination shall be held under any title not designated in the classification, except that, for reasons to be stated in its minutes, the Commission may hold an examination under the office title of a position above Grade 4 of the Clerical Service, where the duties to be performed are of a fixed and distinctive character, and where such office title has been in common use for not less than a year.

5. No person shall be admitted to an examination for promotion who lacks any preliminary qualification for the position to be filled fixed by law or by these rules or by lawful regulation of his department, or who may have become ineligible for any of the causes set forth in Clause 14 of Rule VII.

6. Eligibility for promotion shall be limited to persons who have served for not less than six months immediately preceding the examination in the department, office or institution for which the examination is held. Promotion examinations in all parts of the competitive class shall be further regulated as particularly described below.

7. Part I.—Ungraded Positions—Whenever a vacancy exists or is anticipated in a position in Part I., which, in the opinion of the appointing officer or of the Commission, can be filled satisfactorily by promotion from among persons holding positions of lower but corresponding character in the same Part, the Commission may order a competitive examination for such promotion, open to all persons who shall have served with fidelity for not less than one year in such lower position.

8. Part II.—The Clerical Service—

(a) All persons who shall have served with fidelity for not less than two years in positions in Grade 1, and not less than three years in positions in Grades 2, 3 and 4, shall be eligible for examination for the next higher grade in the same position.

(b) The Commission may extend eligibility for promotion to any position in Part II. to persons who have served the required length of time in the grade in another group in Part II. when the Commission shall find that the nature of the duties of the positions held by such persons are such as naturally and properly fit them to perform the duties of the position to which they seek promotion.

(c) Upon the request of an appointing officer the Commission may authorize an examination for change of title within a grade for any position in Part II. from among persons holding positions of lower but corresponding character in the same grade. Such examinations shall be limited to persons who have served at least one year in such lower position.

(d) The Commission may extend eligibility for promotion to positions in Grade 2 of Part II. to persons who shall have served at least two years in positions in Part VI. (the attendance service), where the Commission shall find that the nature of the positions held by such persons is such as naturally and properly fit them to perform the duties of the position to which they seek promotion as fully as the duties of persons holding positions in Grade 1 of Part II.

9. Part III. The Engineering Service—Examinations shall be open to all persons who shall have served with fidelity for not less than six months in positions in the same class in the grade next lower in the same department, office or institution. For increase of salary in the same position beyond the grades fixed by these rules, examinations shall be open to all persons who shall have served with fidelity for not less than six months in the grade next lower.

10. Parts IV., the Inspection Service; V., the Legal Service; VI., the Attendance Service, and XII., the Medical Service—Wherever a vacancy exists or is anticipated in a position in Parts IV., V., VI. and XII., which, in the opinion of the appointing officer or of the Commission, may be filled satisfactorily by promotion from among persons holding positions of lower but corresponding character in the same part, the Commission may order a competitive examination for such promotion open to all persons who shall have served at least one year in such lower position. For increase of salary in the same position beyond the grades fixed by these rules, examinations shall be open to all persons who shall have served with fidelity for not less than six months in the grade next lower.

11. Part VII., the Police Service; Part VIII., the Fire Service—Examinations for promotion shall be held in accordance with Rule XVII. When promotions to positions are limited by law to persons serving a definite length of time in certain grades, a person to be eligible for examination must have completed such length of service not later than the day of the mental examination for the position. Where no requirements of law exist as to length of service, examinations shall be open in each case to all persons who shall have served for not less than six months in positions of the same general character in the grade next lower.

12. Part IX. The Prison Service—Persons who shall have served with fidelity for not less than five years in Grade 1 shall be eligible for examination for promotion to Grade 2. Persons who shall have served at least six months in Grades 2 and 3 shall be eligible for promotion to the next higher grade. For increase of salary in the same position beyond the grades fixed by these rules, examinations shall be open to all persons who shall have served with fidelity for not less than six months in the grade next lower.

13. Part X. The Street Cleaning Service—Examinations shall be open to all persons who shall have served with fidelity for not less than six months in positions of the same general character in the grade next lower.

14. Part XI. The Ferry Service—Examinations shall be open to all persons who shall have served with fidelity for not less than six months in positions in the same class in the grade next lower.

15. A position in any of the aforesaid parts, the compensation of which is not identical with that specified in the classification for any grade of such parts, shall, for purposes of promotion, be deemed as of the grade the compensation of which is specified as next lower than the compensation paid.

16. For reasons to be set forth in its minutes and where permitted by law and under the restriction fixed by these rules relative to promotion from one grade to the next higher, the Commission may open examinations to persons in two or more lower grades who shall have served with fidelity for the required time in the lowest grade to which the examination is open.

17. Whenever a vacancy exists or is anticipated in a position in Part I. or in the lowest graded positions of Parts III., IV., X. and XI., or in grades 1 and 2 of Part VI. which, in the opinion of the appointing officer or of the Commission, can be filled satisfactorily by the promotion of persons employed in a position of lower but corresponding character in the labor class, the Commission may, by resolution, order a competitive examination for such promotion open to all persons who have served with fidelity for not less than three years in such lower position.

18. In determining eligibility for promotion in positions in Parts I., IV., V., VI. and XII., the titles of positions in themselves and the duties which are naturally and properly attached thereto shall be considered. Duties which have been performed not in accordance with the title of the position or personal qualifications shall not be considered in determining such eligibility.

19. The subjects of rating and the relative weights thereof in any competitive promotion examination shall be as follows: For comparative conduct, seniority and efficiency in previous service, as may be determined from the transcript of the efficiency record (or as may be otherwise determined under paragraph 21 of this rule), between the date of the original appointment of the candidate and the final date for the receiving of applications for any stated examination, 50; and for written papers on pertinent subjects, 50. (In cases where the candidate has obtained a promotion as the result of a competitive examination, the record shall be a continuation of the last record furnished; but if the promotion be obtained without competitive examination, the record shall commence from the date of his promotion to the position or grade.)

In rating records where more than one grade is opened, such rating shall be based upon the service of a candidate in all of such positions or grades.

20. To provide a basis of rating for previous service, there shall be kept in each department or office continuous and permanent records of the efficiency, character and conduct of all persons employed in "positions in the competitive class." Such records shall be known as "efficiency records," and the entries made therein shall have reference to (a) quality of work performed by each officer or employee; (b) the quantity of work performed by him; (c) his general conduct; (d) his punctuality and attendance; (e) his executive ability and capacity for initiative where his work is of a character that will permit definite estimation.

21. The entries upon an efficiency record shall be made under the direction of a Board of Promotions, to be established in each department, which shall consist of not less than three superior officers or employees of such department who shall be designated for such purpose by the appointing officer therein, subject to confirmation by the Commission. Such entries shall be based upon reports submitted by the administrative officer most closely in touch with the work of the officer or employee to be rated, and shall be made at stated periods and at least quarterly. Where the entries are made quarterly, they shall be made on or about the 1st day of January, April, July and October of each year, and shall be a record for the quarter immediately preceding. The following terms shall be employed to indicate the degree of efficiency: (a) Far above the average; (b) above the average; (c) average; (d) below the average; (e) far below the average. A transcript or summary of such record shall be furnished to the Commission annually in a form to be prescribed by the Commission, which shall contain the certification of the appointing officer that the entries on such record were made in accordance with the provisions of this rule, and, whenever the Commission so requires, like certification of the full record of each candidate shall be furnished by the appointing officer in advance of a particular examination. For periods of service prior to the establishment, or in the absence of any such record, such rating shall be based on such certificates, covering the several elements of service herein specified, in such forms as the Commission may require.

Whenever, in the judgment of the Chief Examiner, more exact information is required for the purposes of such rating than that given in any summary, the original record may be consulted in such case. Such records shall be open either to the Chief Examiner or to any Examiner designated by him, and at reasonable times, to any officer or employee whose conduct is noted therein.

22. Whenever there are less than three persons eligible for promotion to fill a vacancy in a graded position, and willing to compete therefor, an eligible nominated by the appointing officer may be promoted to the grade next higher upon a statement of the facts to the Commission, and, on passing a non-competitive examination, similar in scope, subjects and preliminary conditions to such examination as would have been prescribed in case of competition.

23. Any person in the competitive service who shall have passed an examination for either appointment or promotion covering in its scope a higher grade or compensation than that of the position he holds, provided there is not more than one (1) other person in the same grade, and if not otherwise disqualified, shall be eligible for promotion or advancement to such higher grade or compensation without further examination under this rule, provided he has actually served at least one year in the bureau or other subdivision of the department in which the promotion is to be made.

24. No recommendation for the promotion of any person in the classified service shall be considered by any officer concerned in making promotions unless it shall be made by an officer under whose supervision such person has served: such recommendation by any other person, if made with the knowledge and consent of the person to whom it relates, shall be sufficient cause for debarring such person from the promotion proposed, and a repetition of the offense shall be sufficient cause for his removal.

25. Except as this rule otherwise provides, the conduct of an examination for promotion and the making of selections therefor from any eligible list formed as the result of such examination, shall be governed by the rules relating to original appointment.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
