**AQUEDUCT COMMISSION.***Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, No. 280 Broadway, on Wednesday, May 5, 1886, at 3 o'clock P. M.*

Present—The Mayor, Commissioner of Public Works, Commissioners Spencer, Dowd, and Baldwin.

Also, Chief Engineer Church, and Chief Engineer Birdsall and Consulting Engineer Adams of the Department of Public Works.

The minutes of the stated meeting of April 28 were read and approved.

The Committee of Finance and Audit reported their examination and audit of bills included in Vouchers Nos. 1,670 to 1,688; and, on motion of Commissioner Dowd, the said vouchers were approved by the Commissioners, and ordered certified to the Comptroller for payment.

The Committee then presented a report, dated April 27, in relation to the lands taken from the New York Life Insurance Company for the New Aqueduct, at Ardsley, in Westchester County, the compensation for which lands had been agreed upon between the Aqueduct Commissioners and said company, but the agreement disapproved by the Board of Estimate and Apportionment.

The report was read, and upon motion of Commissioner Spencer, the report, and all other papers relating to the case were ordered placed upon file for future reference, the Secretary directed to transmit a copy of the report to the Board of Estimate and Apportionment, and the Committee discharged from further consideration of the matter.

The Committee on Construction made reports, as follows:

First—Under date of May 3, concurring in the recommendation of the Chief Engineer that the request of Division Engineer Alfred Craven, that he be permitted to use for his family the unoccupied portions of the building used by the Engineers of Division No. 4, at Ardsley, be granted, until the same may be required by the Commissioners for other uses, and, on motion of Commissioner Spencer, the request was granted, such use to continue during the pleasure of the Board.

Second—Dated May 5, in relation to the work on Section 12 of the New Aqueduct, at the Harlem river crossing and adjacent thereto, and of some proposed changes in the mode of connecting the old and the new system of water supply at that place.

After hearing the views of Chief Engineer Birdsall of the Department of Public Works, and Chief Engineer Church, action upon the report was deferred to afford an opportunity for all of the Commissioners to make personal examination of the grounds before acting upon the matter.

Third—A report dated May 5, upon the matters embraced in the communication of the Commissioner of Public Works, under date of April 27, 1886, as follows:

First—Upon the six similar property maps of the lands required for the construction of the Double Reservoir I, in the town of South East, Putnam County, New York, being Exhibits "F F," prepared by said Commissioner in accordance with section 4, chapter 490 of the Laws of 1883, the Committee recommending the adoption of the following resolutions:

Resolved, That the six similar maps of the property required for the Double Reservoir I, in the town of South East, Putnam County, New York, being Exhibits "F F," submitted to the Aqueduct Commissioners by the Commissioner of Public Works, under date of April 27, 1886, be and the same are hereby adopted by the Aqueduct Commissioners; and the same shall be transmitted to the Counsel to the Corporation with a certificate of such approval written thereon and signed by the Aqueduct Commissioners adopting said maps; No. 1 of said maps to be filed in the office of the Clerk of Putnam County; No. 2 thereof to be filed in the office of the Register of the City and County of New York; and Nos. 4, 5, and 6 thereof to be delivered to the Commissioners of Appraisal, as required by the statute; and the said Counsel is hereby requested to take, at as early a day as practicable, the required proceedings for the appointment of the said Commissioners of Appraisal.

Resolved, That the said Double Reservoir I shall be named and hereafter known in the records and maps of the Aqueduct Commissioners as "The East Branch Reservoir."

The resolutions were adopted by the affirmative vote of all the Commissioners present.

Second. Upon the six similar property maps for the lands required for the new gate-house, on Convent avenue, near One Hundred and Thirty-fifth street, in the Twelfth Ward of this City, said maps being Exhibits "I L," also prepared by said Commissioner of Public Works, as required by the statute, the Committee recommending the adoption of the following resolution:

Resolved, That the six similar maps of the property required at One Hundred and Thirty-fifth street and Convent avenue, in the City of New York, for building a gate-house, with the necessary chambers and connections, for the New Croton aqueduct, and for the present Croton aqueduct, being Exhibits "I L," submitted to the Aqueduct Commissioners by the Commissioner of Public Works, under date of April 27, 1886, be and the same are hereby adopted by the Aqueduct Commissioners, and the same shall be transmitted to the Counsel to the Corporation, with a certificate of such approval signed by the Aqueduct Commissioners adopting said maps; the said maps to be filed, and furnished to the Commissioners of Appraisal, as required by the statute; and the said Counsel to the Corporation is hereby requested to take, at as early day as practicable, the required proceedings for the acquisition of the lands described upon said maps.

This resolution was also adopted by the affirmative vote of all the Commissioners present.

Third—In relation to the southern terminus of the New Croton Aqueduct, to the construction of a new gate-house in the Central Park, and to the conduit or pipe lines between said gate-house, and the new gate-house at One Hundred and Thirty-fifth street and Convent avenue, the Committee recommending the adoption of the resolutions hereinafter set forth.

Commissioner Spencer moved a reconsideration of the following resolution adopted by the Commissioners at their meeting of January 28, 1886, viz.:

"Resolved, That the point in the City of New York to which an additional supply of water shall be brought, under the direction of this Commission, be and the same is hereby fixed as the Central Park Reservoir, upon its northerly side, and that the southern terminus of the New Aqueduct is hereby located at the said northerly side of the said reservoir."

"Resolved, That the Commissioner of Public Works be and he is hereby requested to prepare and submit, as soon as practicable, plans, maps, specifications and estimates for a gate-house near One Hundred and Thirty-fifth street and Convent avenue, and for one at the Central Park Reservoir, also for a conduit or pipe lines between said gate-houses, and for furnishing an additional supply of water to distributing mains now existing or to be hereafter laid south of One Hundred and Thirty-fifth street and Convent avenue."

The motion was carried unanimously.

Commissioner Spencer then moved the adoption of the resolutions recommended by the Committee, as follows:

Resolved, That the point in the City of New York to which an additional supply of water shall be brought, under the direction of the Commission, be and the same is hereby fixed at a point on the northerly side of the Reservoir in Central Park (known as the New Reservoir) and adjacent thereto; which point is hereby located as the southern terminus of the New Aqueduct.

Resolved, That the Commissioner of Public Works be and he is hereby requested and directed to prepare and submit to the Aqueduct Commissioners, at the earliest day practicable, plans, maps, specifications and estimates for a gate-house, with all needful chambers and connections, at or near One Hundred and Thirty-fifth street and Convent avenue, and also for a gate-house, with all needful chambers and connections, at a point on the northerly side of the Central Park New Reservoir and adjacent thereto, for the termination of the New Aqueduct, and to which an additional supply of water may be brought, under the direction of this Commission, and hereafter supplied to the said Reservoir.

Resolved That the Commissioner of Public Works be and he is hereby requested and directed to prepare and submit to the Aqueduct Commissioners, at the earliest day practicable, plans, maps, specifications and estimates for a conduit or pipe lines between the said gate-houses mentioned in the foregoing resolution, with such provision as said Commissioner may deem advisable for the making hereafter by the Department of Public Works of all needful connections with distributing-mains now existing, or that may hereafter be required, and laid at any point or points south of One Hundred and Thirty-fifth street and Convent avenue, through which an additional supply of water may be brought to the connections with said distributing-mains and to the gate-house at the southern terminus of the New Aqueduct, and hereafter furnished and supplied to the aforesaid Central Park New Reservoir, the line or route of said conduit or pipe lines to be as follows:

So much of the line or route laid down upon the general plan thereof, submitted to this Commission by the Commissioner of Public Works on the 14th day of January, 1885, as is thus described:

Beginning at the gate-house, shown upon said general plan, at or near One Hundred and Thirty-fifth street and Convent avenue, and thence running through and long Convent avenue southwardly to its intersection with Ninth avenue; thence southwardly through and along Ninth avenue and along the eastwardly side of Morningside Park, and through and along the new street known as "Manhattan avenue," to the intersection of said avenue with One Hundred and Sixth street; thence eastwardly through and along One Hundred and Sixth street to Eighth avenue; thence southwardly through and along Eighth avenue to a point between One Hundred and First and One Hundred and Second streets. And from the last mentioned point the said line or route of said conduit or pipe lines to be modified from that laid down upon the aforesaid general plan, in the manner set forth in the resolution adopted by the Aqueduct Commissioners at their meeting of the 1st of July, 1885, which modification is described as follows, viz.: extending said conduit or pipe lines southwardly through and along Eighth avenue to Ninety-seventh street; thence eastwardly through and along the Transverse road in Central Park opposite Ninety-seventh street; and thence through Central Park to the above-named gate-house upon the northerly side of the Central Park New Reservoir.

The resolutions were adopted by the affirmative votes of the Mayor, and Commissioners Spencer, Dowd, and Baldwin; the Commissioner of Public Works not voting.

The Comptroller gave notice, under date of May 1, of the issue of warrants for vouchers not certified to by the Aqueduct Commissioners, being for fees and expenses allowed to counsel in cases pending before the Commissioners of Appraisal for the City and County of New York, amounting to the sum of \$2,354.85; which notice was ordered placed upon file and entered upon the books of this Commission.

The Chief Engineer presented a statement of the estimates for work done by the contractors on the New Aqueduct during the month of April, amounting in all to the sum of \$317,331.72.

The Chief Engineer made report, dated May 3, in relation to an additional parcel of land at Shaft 19, owned by Mrs. Janet Sanford, and recommending that it be acquired if the whole property could be obtained at a price named by him.

The report was read, and Mr. Fordham Morris, of counsel for Mrs. Sanford, being present, was heard upon the subject, and asked for time to confer with his client. Action on the report was therefore deferred.

A complaint, dated April 26, was received from Madame Hoey, on behalf of the Academy of the Sacred Heart, as to the manner of doing the work, and use of the property of that institution, at and near Shaft 32, on Convent avenue. The matters complained of having been fully investigated since that date by the Division Engineer in charge of the work, and understood to have been satisfactorily arranged by him, as set forth in his report thereon, the Secretary was directed to transmit a copy of said report to the counsel of the Academy, and the Chief Engineer instructed to direct and enforce the performance, by the contractor, of the work described in the said Division Engineer's report.

The Commissioners resumed consideration of the report of the Committee of Finance and Audit, upon the claims of Mr. Joseph P. Disbrow; and Mr. Fordham Morris, of counsel, was heard in relation to said claims.

On motion of Commissioner Spencer, the Secretary was then directed to confer with the Counsel to the Corporation upon certain specified points, and to report thereon at the next meeting; and until then further action upon the report of the Committee was deferred.

The Commissioners then adjourned.

JAMES W. McCULLOH, Secretary.

## DEPARTMENT OF PUBLIC PARKS

DEPARTMENT OF PUBLIC PARKS, SIXTY-FOURTH STREET AND FIFTH AVENUE, NEW YORK, May 12, 1886.

## TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR FURNISHING AND DELIVERING WHERE REQUIRED, BROKEN TRAP-ROCK STONE AND TRAP-ROCK SCREENINGS, ALONG CERTAIN ROADS, AVENUES AND STREETS, IN THE TWENTY-THIRD AND TWENTY-FOURTH WARDS OF THE CITY OF NEW YORK.

SEALED ESTIMATES FOR THE ABOVE WORK, indorsed with the above title, also with the name of the person or persons making the same and the date of presentation, will be received at the temporary office of the Department of Public Parks, at the Arsenal, Sixty-fourth street and Fifth avenue, New York City, until ten o'clock A. M., on Monday, the 24th day of May, 1886, at which place and hour the bids will be publicly opened by the head of said Department and read, and the award of the contract will be made as soon thereafter as practicable.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Department, with the sureties offered by him or them, and execute the contract within five days after written notice that he same has been awarded to his or their bid

or estimate, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the contract will be readvertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioners of the Department of Public Parks may designate.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in the specifications or which contain bids for items not called for therein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Department of Public Parks to reject any or all estimates which it may deem prejudicial to the public interests. No estimate will be accepted from, or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise upon any obligation to the Corporation.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. When more than one person is interested in the estimate, the verification must be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; that he has offered himself as surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders are required to state in writing, and also in figures, the price per cubic yard for all 2½-inch broken trap-rock stone, the price per cubic yard for all 1½-inch broken trap-rock stone, also the price per cubic yard for all trap-rock screenings furnished and delivered in such quantities and on such places along the roads, avenues and streets in the Twenty-third and Twenty-fourth Wards, as may be mentioned and designated by the Superintendent of the Twenty-third and Twenty-fourth Wards.

These prices are to cover the furnishing and delivering, also the expense of dockage, hauling and all necessary labor, and the performance of all the work as set forth in the specification and form of agreement hereto annexed. The estimate of the work to be done and the quantity of material to be furnished and delivered is as follows:

2,500 cubic yards of 2½-inch broken trap-rock stone.  
500 cubic yards of 1½-inch broken trap-rock stone.  
1,500 cubic yards of trap-rock screenings.

The Contractor will be required to deliver the above material in such quantities and on the line of such roads, avenues and streets, in the Twenty-third and Twenty-fourth Wards, and on such places as may from time to time be designated by the Superintendent of the Twenty-third and Twenty-fourth Wards.

Of the above quantities, about 1,200 cubic yards of trap-rock stone and screenings can be discharged at "Hoe's dock," Westchester avenue and Bronx river, but are to be hauled, when required, to any designated place or places within a radius of two miles of the same.

400 cubic yards can be discharged at Williamsbridge station of the New York and Harlem Railroad, but are to be hauled, when required, to any designated place or places within a radius of one mile of the same.

800 cubic yards can be discharged at Kingsbridge dock, but are to be hauled, when required, to any designated place or places within a radius of two miles of the same.

1,500 cubic yards can be discharged at Morris dock, on the Harlem river, but are to be hauled, when required, to any designated place or places within a radius of two miles of the same.

600 cubic yards can be discharged at the Canal dock (Mott Haven), but are to be hauled, when required, to any designated place or places within a radius of one and a half miles of the same.

1. Bidders must satisfy themselves by personal examination of the location of the roads, avenues and streets in the Twenty-third and Twenty-fourth Wards, where the material is to be delivered; also as to the distances from any pier or dock, or depth of water where such material can be landed, and shall not at any time after the submission of an estimate dispute or complain, nor assert that there was any misunderstanding in regard to the places, or the nature or amount of work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Commissioners of the Department of Public Parks and in substantial accordance with the specifications hereunto annexed.

N. B.—The amount of security required is six thousand dollars.

Bidders are specially notified that the Department of Public Parks reserves the right to determine the times and places for the delivery of said material and that the postponement or delay on the whole or any part thereof, occasioned by any obstructions on the roads, avenues and streets where such material is to be delivered, cannot constitute a claim for damages.

Blank forms of proposals, together with the form of agreement, including the specification, and showing the mode of payment for the work, can be obtained on application to the Secretary at this office.

JOHN D. CRIMMINS,  
JESSE W. POWERS,

NEW YORK, June 1, 1885.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt. Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of two hundred and twenty-five dollars (\$225). Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute

the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

M. of Tuesday, May 25, 1886. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Repairs and Alterations of Steamer 'Thomas S. Brennan,'" with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

**THE BOARD OF PUBLIC CHARITIES AND CORRECTION** reserves the right to reject all bids or estimates if deemed to be for the public interest, as provided in SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of three thousand (\$3,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate

for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures. Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department, where the plans will be on exhibition for information of bidders.

PROPOSALS FOR STOP-CKOCKS, STOP-CKOCK BOXES AND COVERS, AND HYDRANTS.

BIDS OR ESTIMATES ENCLOSED IN A SEALED envelope, with the title of the work and the name of the bidder endorsed thereon, will be received at this office until Thursday, May 20, 1886, at 12 o'clock M., at which place and hour they will be publicly opened by the head of the Department, and read.

FOR FURNISHING AND DELIVERING STOP-CKOCKS, STOP-CKOCK BOXES AND COVERS, AND HYDRANTS.

Bidders for the above contracts must be regularly engaged in the business and well prepared for furnishing the materials they propose for; and no contract will be made with any bidder who is not prepared to furnish satisfactory evidence to that effect.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at the office of the Chief Engineer of the Croton Aqueduct, Room 10, No. 31 Chambers street.
