Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

From July 14 to July 20, inclusive, 41 operations were performed at Bellevue Hospital, 5 at Gouverneur Hospital, 12 at Harlem Hospital, and 11 at Fordham Hospital, at all of which the Attending Surgeons or their assistants were present.

In regard to the letter of the Committee on the Prevention of Tuberculosis and its willingness to pay a physician in charge of the children's tuberculosis clinic \$10 a week, there is no special children's tuberculosis clinic in any of the hospitals. In 1906, 3,297 patients were treated in the tuberculosis clinic at Bellevue Hospital, 1,943 at Gouverneur and 1,081 at Harlem. The tuberculosis service is less attractive than the other services and occasionally there has been some difficulty in getting physicians for it. No provision has been made in the estimate for the payment of physicians in this service, and the question arises if the physicians who have the other services will not feel the discrimination.

To comply with the recent rule of the Board of Trustees, based on section 8, chapter 13 of the Charter, and in conformity with the recent opinion of the Corporation Counsel, is the sum of \$1.50 a day to be collected from all moneys in excess of \$50 that may be owned by patients admitted to any of the hospitals in the department? It is understood that this is the sum limited in the Department of Charities.

There is no clear rule governing leave of absence for assistant visiting and adjunct assistant visiting physicians, surgeons and gynecologists, and it is recommended that rule 2, page 10, of the rules for the Medical Board of Bellevue Hospital, and rule 2, page 8, of the Medical Boards of Gouverneur, Harlem and Fordham Hospitals, be amended so as to provide that all leaves of absence of such physicians must be approved by the visiting physician, surgeon or gynecologist on duty at the time leave is granted, before it is transmitted to the office of the General Medical Superintendent for action by the Board of Trustees. Instances have occurred where both the assistant and adjunct assistant physicians have been absent, and the visiting physician knew nothing of the fact and could not get away for a short time himself.

On the morning of July 19 a patient at Gouverneur Hospital in delirium jumped out of bed, ran out on the fire escape, threw himself from it and was killed. The nurse at the time was occupied in another part of the ward. The patient had shown no signs of delirium from the time he was admitted on the preceding evening and the Coroner's finding that the suicide was accidental and unavoidable, is sustained by the facts.

It is recommended that the salaries of the Hospital Helpers, employed as Chief Carpenter and Chief Painter, be increased from \$50 to \$60 a month with maintenance.

On motion, duly seconded, it was resolved that the matter of special tuberculosis clinics for children be referred to the Secretary and General Medical Superintendent for further information.

On motion, duly seconded, it was resolved that, upon the recommendation of the General Medical Superintendent, the sum of \$1.50 a day be collected from all moneys in excess of \$50 which may be owned by patients admitted to any of the hospitals of the Department for their care and treatment while patients in the institutions.

On motion, duly seconded, it was resolved that the matter of a rule governing leaves of absence for the assistant and adjunct assistant staff be referred to the Committee on Rules.

On motion, duly seconded, it was resolved that action be deferred in the matter of increases in salaries for the Chief Carpenter and Chief Painter.

Reports of Committees.

Mr. Hebbard of the Committee on Rules reported the following rule for consideration and moved that it be spread upon the minutes for the information of the Trustees pending later action:

All applications for appointment on the medical staff of any hospital in this Department must be made in writing, and give the date and place of graduation, both in medicine and arts, if so graduated; whether an interne in a hospital, if so, when and where; whether connected with any dispensary, if so, when, where, and in what capacity; whether connected with any hospital as a member of the visiting or assistant visiting staff; whether connected with any medical college, if so, in what capacity. Publications, if any.

The application must be accompanied by indorsements from three or more regular physicians in good professional standing.

Applications for position as Visiting Physician, Surgeon or Gynecologist must be from men of not less than ten years' professional experience. Applications for appointment as Assistant Visiting Physician, Surgeon or Gynecologist must be from physicians of not less than five years' experience. For Adjunct Assistant Visiting Physician, Surgeon or Gynecologist, from men of not less than three years' professional experience.

The Medical Board of the hospital should request the editors of the medical publications in New York City, the "New York Medical Journal" and the "New York Medical Record," to publish a notice that applications will be received for appointment to fill a vacancy to a date two weeks subsequent to the notice.

All applications when so received shall be transmitted to the Board of Trustees in compliance with the rule of June 25, 1906.

Mr. Paulding reported for himself and the General Medical Superintendent in regard to the question of the nurses' midnight lunches referred to them at the last meeting of the Board. He reported that Miss Goodrich, Superintendent of Training Schools, had the matter under consideration and was doing her best to remedy the complaint of the nurses. Mr. Paulding announced that a bill of fare of the lunches to be supplied would be presented to the Board for consideration at its next meeting.

Hull of the Harlem Out Patient Department for leave of absence during the months of September and August, respectively. On motion, duly seconded and carried, these leaves of absence were approved and granted.

Being all those buildings, parts of buildings, etc., on the easterly side of Clinton street, between Water and Cherry streets, 116 feet 1½ inches front on Clinton street, and extending easterly 181 feet 4 inches, respectively, along the northerly side of Water street and the southerly side of Cherry street, and which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held July 8, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, AUGUST 22, 1907,

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them against any and all suits and actions, claims and demands of every name and description brought against them or any of them, and against and from all damages and costs to which they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
