TOPOGRAPHICAL BUREAU.

Office of Topographical Engineer,
One Hundred and Seventy-seventh Street and Third Avenue,
New York, April 1, 1908.

Mr. JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx:

Sir—In accordance with your instructions, I have the honor to submit the following report of work done under my charge during the months of January, February and March, 1908.

The Topographical Bureau of the President of the Borough of The Bronx is charged with the following duties:

I. To make the topographical surveys, computations, maps or plans and profiles and reports in connection with the following three (3) divisions of work:

- (a) The preparation of a design for the Street System in those parts of the Borough where a design is not adopted as yet, and the making of surveys, maps, etc., showing changes of adopted street system and grades; also the preparation of three copies for filing of all matters which have been adopted by the Local Boards or approved by the Board of Estimate and Apportionment.
 - (b) The actual demarcation on the ground by monument stones and copper bolts on the lines of adopted avenues, streets, public squares, places, etc., and the protection of the same when improvements are being made.
 - (c) The making of surveys, searches, maps, technical descriptions, profiles, etc., for the Commissioners of Estimate and Assessments in the matter of acquiring title by the City to avenues, streets and other public property.
- II. To keep in custody the record and maps of all matters pertaining to work under the jurisdiction of the Topographical Bureau; also keeping in custody all maps filed in relation to the Borough of The Bronx under the Department of Public Parks, the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards and the President of the Borough of The Bronx.

I-(a)—PREPARATION OF THE DESIGN OF A STREET SYSTEM, MAPS SHOWING CHANGES OF ADOPTED STREET SYSTEMS, ETC.

Calculations, maps and plans showing dimensions of blocks and grades of streets and avenues were progressed on sections, which are not interfered with, the proposed railroads through the Borough.

The fixture sheets, which show the relation between the new street system and existing street lines and property lines by dimensions and co-ordinates, were progressed.

Computations were also made for all the changes or establishing of new street lines, grades, etc., which has been before the Local Boards and for which maps were forwarded to the Board of Estimate and Apportionment for adoption and filing.

Calculations, in accordance with United States Coast and Geodetic Survey Triangulation, were completed for Section 48 of the Final Maps and a map for adoption was forwarded March 4, 1908, to the Board of Estimate and Apportionment; the boundaries of this section are as follows: Bounded by The Bronx river, Randall avenue, Morrison avenue, Seward avenue, Metcalf avenue, Lafayette avenue, Story avenue, St. Lawrence avenue, Ludlow avenue, White Plains road, Story avenue, Pugsley avenue, Seward avenue, White Plains road, Randall avenue, Leland avenue, Lacombe avenue, St. Lawrence avenue and the East River.

Three copies for filing of Section 39 of the Final Maps were forwarded to the Board of Estimate and Apportionment, March 31, 1908.

A second tentative plan of the Street System, easterly of Fort Schuyler road and the Eastern boulevard, called the Throgg's Neck District, was completed and submitted to the Board of Estimate and Apportionment February 20, 1908.

Miscellaneous studies and maps for a street system are in progress for those portions of the district east of the Bronx River, for which no plans have been submitted as yet to the Board of Estimate and Apportionment.

The following is a statement of office work in relation to computations:

"h"—Inspection and Testimony.

During the quarter, the Assistant Engineer in charge of Street Opening work and the Assistant Engineer in charge of Grades were subpoenaed on various street opening proceedings and on claims for damage on account of change of grade and court cases, which occupied considerable of their time.

The President of the Borough directed that all applications for erection or moving of buildings shall be submitted to the Topographical Bureau for examination as to their proper location before the Building Department and the Permit Clerk issue permits and three hundred and thirty-five (335) applications were attended to. This work occupied very considerable time of one Assistant Engineer.

"i"—Auction Sale Maps.

During the quarter, maps and catalogues were prepared for the sale of properties within the following street:

1. The Parkway, between Morris avenue and Weeks avenue.

II. TO KEEP IN CUSTODY THE RECORD AND MAPS OF ALL MATTERS PERTAINING TO WORK UNDER THE JURISDICTION OF THE TOPOGRAPHICAL BUREAU; ALSO KEEP IN CUSTODY ALL MAPS FILED IN RELATION TO THE BOROUGH OF THE BRONX UNDER THE DEPARTMENT OF PUBLIC PARKS, THE COMMISSIONER OF STREET IMPROVEMENTS OF THE TWENTY-THIRD AND TWENTY-FOURTH WARDS AND THE PRESIDENT OF THE BOROUGH OF THE BRONX.

The assorting and classifying of maps is kept up.

During the quarter, the following maps, which have been ordered to be filed by the Board of Estimate and Apportionment, were deposited in the vault of the Topographical Bureau:

1. Modified plan of drainage, showing location, sizes and grades of sewers in Sewerage District No. 37-A A; adopted by the Board of Estimate and Apportionment September 27, 1907, and filed in the office of the President of the Borough of The Bronx February 19, 1908.
2. Plan of drainage for temporary sewer for house sewage only in Kingsbridge road, between Two Hundred and Thirty-second street (Eighteenth street) and Two Hundred and Thirty-third street (Nineteenth street), all in the district of Chester; adopted by the Board of Estimate and Apportionment November 22, 1907, and filed in the office of the President of the Borough of The Bronx February 19, 1908.
3. Map or plan of section 40 of the Final Maps of the Borough of The Bronx; adopted by the Board of Estimate and Apportionment April 19, 1907; approved by the Mayor May 14, 1907, and filed in the office of the President of the Borough of The Bronx February 19, 1908.
4. Map or plan amending sections 30 and 31 of the Final Maps by changing the lines of Rosewood street (Elizabeth street); from the Bronx River to White Plains road; adopted by the Board of Estimate and Apportionment May 3, 1907; approved by the Mayor May 16, 1907, and filed in the office of the President of the Borough of The Bronx February 19, 1908.
5. Map or plan showing the change of lines and grades of Kingsbridge avenue, from West Two Hundred and Thirtieth street to West Two Hundred and Thirty-

eightth street, and the intersecting streets affected thereby; adopted by the Board of Estimate and Apportionment November 22, 1907; approved by the Mayor December 5, 1907, and filed in the office of the President of the Borough of The Bronx February 19, 1908.

6. Map of Henry Hudson Memorial Bridge, over Harlem River, plan and elevation, scale 1 inch to 150 feet; adopted by the Board of Estimate and Apportionment November 8, 1907; approved by the Mayor November 25, 1907, and filed in the office of the President of the Borough of The Bronx February 19, 1908.

III. TO MAKE EXAMINATIONS, MAPS AND REPORTS ON MISCELLANEOUS MATTERS REFERRED BY THE CHIEF ENGINEER OF THE BOROUGH OF THE BRONX.

During the quarter, 246 communications were referred for report to the Topographical Bureau by the Chief Engineer and the Secretary of the President of the Borough of The Bronx and 257 reports and letters were written on these subjects.

Numbering of Houses in the Borough.

The Board of Aldermen on April 26, 1904, resolved, that the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of \$5,000 in accordance with the provisions of subdivision 8, section 188 of the amended Greater New York Charter, the proceeds thereof to be applied to the cost and expense of renumbering and naming the streets and avenues in the Borough of The Bronx, and the Board of Estimate and Apportionment on April 7, 1905, approved and concurred in the above resolution of the Board of Aldermen.

This work was assigned to the Topographical Bureau and a system was established for this purpose.

A map showing the house numbers for the Borough of The Bronx was prepared and has been photo-lithographed for distribution.

Notices of the change of house numbers were delivered to the occupants of houses westerly of the Bronx River, and fifty (50) notices were sent out upon request.

The notices and maps for the delivery of the house numbers, east of the Bronx River are ready for distribution.

A record of the new house numbers is kept on atlases on file in the Topographical Bureau.

Miscellaneous.

During the quarter the correcting and bringing up to date the atlases of the street system, west of the Bronx River, in the offices of the President of the Borough of The Bronx, Chief Engineer, Topographical Bureau, Bureau of Highways and Bureau of Sewers, was kept up.

The card index of street improvements in the Borough of The Bronx for the President of the Borough and the Chief Engineer was kept up.

Plotting and draughting of record maps, fixture sheets, maps for adoption, office sets and black prints of the sections east of the Bronx River was continued.

During the quarter work to bring up to date and to reproduce the lithographed sections of the Final Maps west of the Bronx River, which was printed in 1895, was progressed.

Work on the mounted sheets of sections of the Final Maps was progressed.

The Topographical Map, on a scale of 150 feet to the inch, being a reduction of the original eighty-foot sheets, was continued.

The correcting of the tax maps of the Borough of The Bronx and in use in the Topographical Bureau was continued.

Maps showing the proposed fixtures preparatory to computing block dimensions in accordance with the United States Triangulation were progressed.

Instruction sheets for the computers of the sections of the Final Maps, east of the Bronx River, were progressed.

The following maps filed in the office of the Register of the City and County of New York were copied for office use:

1. Map of property of the Bronx Mortgage Company, Westchester.
2. Map of property of the Bronx Parkway Realty Company on Pelham road.
3. Map of property of the Bailey Estate at Kingsbridge.
4. Map of property of the Beach Estate at Clasons Point.
5. Map of property of the Beach Estate, showing subdivision of Lots Nos. 1 and 2.
6. Map of property of Bronx Terrace (Title Guarantee and Trust Company).
7. Map of property of David B. Cocks at Fordham.
8. Map of property of David B. Cocks at Woodlawn Heights.
9. Map of property of The Knickerbocker Trust Company (Webster Realty Company) at Nelson avenue and Featherbed lane.
10. Map of property of Samuel E. Lyons at East One Hundred and Forty-second street, between Southern boulevard and Robbins avenue.
11. Map of property of Herman Menaker at Clasons Point (Lots Nos. 23 and 25).
12. Map of property of New York, New Haven and Hartford Railroad Company, to be conveyed at Morris Park by the Fidelity Development Company.
13. Map of property of United Real Estate and Trust Company of Nebraska (in Twenty-fourth Ward).
14. Map of property of New York Chartered Bond and Mortgage Company, East One Hundred and Forty-fourth street to East One Hundred and Forty-seventh street, Timpson place, Austin place and Whitlock avenue.
15. Map of property of William H. Wallace, at Fort Schuyler road and LaSalle avenue.
16. Map of property of Thomas O. Woolf near Claremont Park (Twenty-fourth Ward).
17. Map of property of Upland Realty Company.
18. Map of property of City and County Contract Company.
19. Map of property of Stephen M. Hoge, Baychester.
20. Map of property in Morrisania.
21. Map of property in section "C" of Map of Edenwald.
22. Map of property in section "D" of Map of Edenwald.
23. Map of land in partition, Henry W. Hayden.
24. Map of subdivision of property of William B. Ogden, Highbridge (fifteen sheets).
25. Map of land to be acquired for Eastchester Bridge over the Hutchinson River.

Maps were prepared suggesting additional rapid transit lines in the Borough of The Bronx.

Work of revising and improving the nine-sheet map of the Borough of The Bronx for reprinting was carried on.

The set of tax maps of the Borough of The Bronx in use in the Topographical Bureau was kept up to date, as follows:

Volumes 13, 14, 15 and 18.

During the quarter, the various buildings in the care of the President of the Borough of The Bronx were measured for the purpose of determining the amount of wall space and of glass which has to be cared for and cleaned.

Three vaults of the Topographical Bureau were kept in order.

423 maps or plans on file in said vaults were given out for examination and returned.

Work on indexing survey notebooks of field parties, which were incomplete, was progressed.

Examinations of the 80-foot scale sheets of the topographical survey, east of the Bronx River, are in progress in order to determine which field books refer to the respective sheets. This work is very laborious and requires great care.

The work of rearranging the weekly time reports since 1896 was progressed.

The following black prints were mounted and colored up, as copies of filed maps requested by the Chief Engineer of the Board of Estimate and Apportionment:

1. Modified plan of drainage, showing location, sizes and grades of sewers in Sewerage District No. 37-AA.
2. Plan of drainage for temporary sewer for house sewage only in Kingsbridge road, between Two Hundred and Thirty-second street (Eighteenth street) and Two Hundred and Thirty-third street (Nineteenth street), all in the District of Chester.
3. Map or plan of section 40 of the Final Maps of the Borough of The Bronx.
4. Map or plan amending sections 30 and 31 of the Final Maps by changing the lines of Rosewood (Elizabeth) street, from the Bronx River to White Plains road.

5. Map or plan showing the change of lines and grades of Kingsbridge avenue, from West Two Hundred and Thirtieth street to West Two Hundred and Thirty-eighth street, and the intersecting streets.

Many maps, sketches, tracings, blackprints and blueprints were made auxiliary to preparing maps for adoption and in connection with various other works under the jurisdiction of the Topographical Bureau; also a considerable amount of copying and searching of records in the different city departments and the Register's office of New York City and Westchester County at White Plains.

Respectfully,

FREDERICK GREIFFENBERG, Topographical Engineer.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED ESTIMATES WILL BE RECEIVED BY THE COMMISSIONER OF DOCKS AT PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, IN THE CITY OF NEW YORK, UNTIL 12 O'CLOCK NOON ON

TUESDAY, DECEMBER 1, 1908.

No. 1. FOR INSURING THE FERRYBOAT "STAPLETON" TO BE EMPLOYED ON THE MUNICIPAL FERRIES BETWEEN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF BROOKLYN, FOR A PERIOD OF TWELVE CALENDAR MONTHS BEGINNING AT NOON ON DECEMBER 7, 1908, AND TO TERMINATE AT NOON ON DECEMBER 7, 1909.

No. 2. FOR INSURING THE FERRYBOAT "CASTLETON" TO BE EMPLOYED ON THE SAME SERVICE AS ABOVE, FOR A PERIOD OF TWELVE CALENDAR MONTHS BEGINNING AT NOON ON DECEMBER 7, 1908, AND TO TERMINATE AT NOON ON DECEMBER 7, 1909.

The said vessels, title, apparel, stores, supplies, furniture, engines, boilers, machinery and appurtenances shall be insured at the following valuations:

For the ferryboat "Stapleton"..... \$125,000
For the ferryboat "Castleton"..... 125,000

In no case shall the Department be deemed a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East Rivers, with the privilege to lay up and make additions, alterations and repairs while running or while laid up, or to go into dry dock. Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation, and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be in full force and effect, and the effect shall be as if no disaster had occurred.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or loss in said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fire that shall occur in the hull, contents and damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No claim shall be made by the Department for any damage to the vessels insured unless it exceeds \$500.

Losses shall be payable in thirty days after proof of loss or damage, and of the amount thereof, and proof of the interest of the insured shall have been made and presented at the office of the insurer or its representative in The City of New York.

No bid will be received for insurance by or in behalf of any company not duly authorized by the Insurance Department to transact business in the State of New York.

Each bid must be accompanied by a copy of the policy upon which the bid is based.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed as follows:

"Bid for insuring ferryboats employed on the Municipal Ferries."

The estimates received will be publicly opened by the Commissioner of Docks and read, and the award of the contract made according to the law as soon thereafter as practicable.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Commissioner of Docks, for money to the amount of One Thousand Dollars.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidder shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

Bidders will write out the rate per cent. of their estimates in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deem it for the interest of the City so to do.

ALLEN N. SPOONER, Commissioner of Docks.

Dated The City of New York, November 17, 1908.

See General Instructions to Bidders on the last page, last column, of the "City Record."

TERMS AND CONDITIONS OF SALE.

All expenses of removing, storing, advertising and selling such trucks, wagons, carts, etc., will be deducted from the purchase price paid, and any remainder of such purchase price over and above said expenses will be held by the Commissioner of Docks, in trust, for the owner or owners thereof, for a period of twelve months from the receipt of same, and if not claimed within said twelve months the Commissioner of Docks will pay such remainder over to the Commissioners of the Sinking Fund.

The purchase price must be paid immediately after the sale. In case of the failure to pay the purchase price the property for which said purchase price is not paid will be immediately resold, and if the price paid on such resale is less the difference will be charged against the person or persons failing so to pay. Upon the payment of the purchase price a receipt will be given to the purchaser, and upon the production of such receipt at the Pound the trucks, wagons, carts, etc., therein described will be delivered to the purchaser.

All property purchased at the sale must be removed from the Pound within five days after the sale or within any extension of time beyond such period which the Commissioner of Docks may grant. In case of failure to remove the same within the time specified or in case of failure to remove the same within any extended time which may be granted by the Commissioner of Docks, the purchaser will be deemed to have abandoned the property sold to him, and the purchase price paid by him will be forfeited and the property will be resold.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, November 17, 1908.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THEREON ON CITY REAL ESTATE.

AT THE REQUEST OF THE BRIDGE Commissioner, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., now standing on property owned by The City of New York, acquired by it for bridge purposes, in the Borough of Manhattan.

Being all those buildings, parts of buildings, etc., situated within the lines of property taken

for bridge purposes between Monroe street and the Bowery, and more particularly described as being all or part of the buildings known as No. 13 Bayard street, No. 6 Forsyth street, No. 8 Forsyth street, No. 77 Henry street, No. 125 Madison street, No. 132 Madison street, No. 33 Monroe street and No. 69 Monroe street; all of which buildings are more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 142, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, NOVEMBER 24, 1908,

at 11 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalks and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all basements shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portions, as shall then be left standing, together with all moneys paid by said purchaser, on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All facings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beams, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1001 OF the Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of the assess-

to the following named street in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTIONS 9, 10 AND 11.

EAST ONE HUNDRED AND FORTY-NINTH STREET—OPENING. from the Southern boulevard to the east side of Austin place. Confirmed May 26, 1908, entered November 16, 1908. Area of assessment includes each and every parcel of land in the Twenty-third Ward, Borough of The Bronx, of the said City, to an amount in each case which we have deemed said parcel or parcels of land benefited by said widening and improvement, under chapter 813 of the Laws of 1896.

The above entitled assessment was entered on the date hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 15, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

City of New York, Department of Finance,
Comptroller's Office, November 10, 1908.

CORPORATION SALE OF BUILDINGS, MACHINERY AND APPURTENANCES THEREON, ERECTED UPON PROPERTY OWNED BY THE CITY OF NEW YORK.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, machinery and appurtenances thereto, now standing upon property owned by The City of New York, acquired for the use of the terminal for the Manhattan side of the Brooklyn Bridge, the said buildings being situated in the

Borough of Manhattan,
and being more particularly within the area of the following known property:

All of the buildings situated and now standing upon land within the area of the block bounded by the north side of Chambers street, the south side of City Hall place and the southerly side of the southerly side of Duane street, in the Borough of Manhattan, all of which property is situated within Block 124 on the land map of the County of New York.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held February 20, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, NOVEMBER 27, 1908,

at 11 a. m. on the premises upon the following **TERMS AND CONDITIONS:**

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in full of the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but not later than the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except soil and mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a place whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all working in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of the possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by and purchaser on account thereof at the time of the sale, except as regards the East River Savings Bank Building, in which case sixty days will be allowed for removal, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, as hereinafter provided, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any nuisance or defective materials or machinery, instruments or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All fireplaces, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall painted and made to exclude wind and rain and prevent a

clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, November 10, 1908.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1218 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for **LOCAL IMPROVEMENTS IN THE BOROUGH OF MANHATTAN:**

TWELFTH WARD, SECTION 2.

WEST ONE HUNDRED AND EIGHTIETH STREET—PAVING, CURBING AND RECURRING. between Amsterdam avenue and Broadway. Area of assessment: Both sides of West One Hundred and Eightieth street, from Amsterdam avenue to Broadway, and to the extent of half the block at the intersecting streets.

That the same was confirmed by the Board of Assessors on November 10, 1908, and entered November 10, 1908, in the Record of Titles of

Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1219 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 1219 of this act."

Section 1219 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 3 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 5, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,
Comptroller's Office, November 10, 1908.

This stock was duly authorized by the Greater New York Charter, as amended, and other acts of the Legislature of the State of New York, and by the Municipal authorities of The City of New York, and is free and exempt from all taxation.

\$1,000,000 of Assessment Bonds of The City of New York (for Street Improvements). Principal payable November 1, 1918. Interest payable semi-annually on May 1st and November 1st.

These bonds were duly authorized by the Greater New York Charter, as amended, and by the Municipal authorities of The City of New York, and are free and exempt from all taxation.

The interest on all of said Stock and Bonds which may be issued in Coupon form will be paid at the office of the holder thereof, at the office of the Comptroller of The City of New York or at the office of the City's Agent in London, England.

The said stock and bonds are issued in accordance with the provisions of section 10 of article 8 of the Constitution of the State of New York.

The principal of and interest on said stock and bonds are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to resolutions of the Commissioners of the Sinking Fund, adopted June 6th, 1898, and April 18th, 1904.

CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for bonds or stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a trust company or a state bank incorporated and doing business under the laws of the State of New York, or upon a National Bank, Two per cent. of the par value of the bonds or stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the bonds or stock awarded to him or them at its or their par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury by the persons whose bids are accepted, of the amounts due for the bonds or stock awarded to them respectively, including accrued interest from the date of sale, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of bonds or stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the bond, to the bidder offering the highest price for all or none of said bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision, the condition that the bidder will accept only the whole amount of bonds or stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the bonds or stock offered for sale.

7. Bonds or stock awarded in Coupon form can be converted at any time into Registered Bonds or Stock, and bonds or stock based in Registered form can be converted at any time into Coupon Bonds or Stock in denominations of \$1,000.

8. The proposals, together with the security deposits, should be enclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York" and said envelope, indorsed in another sealed envelope, addressed to the Comptroller of The City of New York. (No special form of proposal is required, therefore no blanks are furnished.)

HERMAN A. METZ, Comptroller.

The City of New York, Department of Finance, Comptroller's Office, November 10, 1908.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1218 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for **LOCAL**

IMPROVEMENTS IN THE BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 6.

ONE HUNDRED AND TWENTY-FIRST STREET AND THIRD AVENUE—RESTORING ASPHALT PAVEMENT. at the northwest

corner. Area of assessment: Northwest corner of One Hundred and Twenty-first street and Third Avenue, known as Lot No. 36 in Block 3770.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

That the same was entered on November 7, 1908, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1219 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 1219 of this act."

Section 1219 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 3 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 5, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ, Comptroller.
City of New York, Department of Finance,

PUBLIC NOTICE IS HEREBY GIVEN
that at meetings of the Board of Estimate and Apportionment, held October 16, 1908, and November 6, 1908, the following proceedings were had:

Whereas, The New York and Queens County Railway, under date of June 10, 1907, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate two extensions to its existing street surface railway system in the Borough of Queens, as follows:

First—From Main street, in the former Village of Flushing, upon and along Broadway, White-stone avenue and other streets to Eleventh avenue and Thirty-sixth street, in the former Village of Whitestone;

Second—From Twenty-second street, Ingle-side, upon and along Franconia avenue, Thirty-first street and Broadway to Bell avenue, Bayside; and

Whereas, Section 93 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1907, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on June 14, 1907, fixing the date for public hearing thereon as July 8, 1907, at which citizens were entitled to appear and be heard, and publication was had upon the first of the above applications for at least fourteen (14) days in "The New York Herald" and "New York Daily News"; and upon the second of said applications for at least fourteen (14) days in "The Globe" and "New York Mail," newspapers designated by the Mayor, and upon both of said applications in the City Record for ten days immediately prior to the date of hearing, and the public hearing was duly held on each day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the New York and Queens County Railway Company, and the adequacy of the compensation proposed to be paid therefor; and

Whereas, A Select Committee of the Board has submitted a report containing proposed conditions and a form of contract which was presented at a meeting held September 23, 1908, and was tentatively approved subject to the approval of the Corporation Council, which has this day been received; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York and Queens County Railway Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and Queens County Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract made this _____ day of _____, 1908, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and Queens County Railway Company, a street surface railway corporation formed under and pursuant to the laws of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double-track extension to its present street surface railway by the overhead electric system similar to that now used by the Company in the Borough of Queens, with the necessary switches, crossovers, wires and equipment, for the purpose of conveying persons and property in the Borough of Queens, in The City of New York, upon the following route:

Beginning at and connecting with the existing track of the Company at the intersection of

Broadway and Main street, in the former Village of Flushing, Borough of Queens; running thence easterly upon and along Broadway to White-stone avenue; thence northwardly upon and along White-stone avenue to Chestnut street or avenue; thence easterly upon and along Chestnut street or avenue to and across Flushing avenue; thence still easterly through private property along the line of the continuation of Chestnut street or avenue to Murray lane; thence northwardly upon and along Murray lane to Higgins lane; thence easterly upon and along Higgins lane to a point where Ninth avenue, if extended, would intersect said Higgins lane; thence northwardly through private property along the line of Ninth avenue to Fourth street; thence westwardly upon and along Fourth street to Eighth avenue; thence northwardly upon and along Eighth avenue to Twenty-first street; thence easterly upon and along Twenty-first street to Eleventh avenue; thence northwardly upon and along Eleventh avenue to a point about 200 feet north of the north side line of the Boulevard, in the former Village of White-stone, Borough of Queens; also

Beginning at and connecting with the existing tracks of the Company at the intersection of Franconia avenue and Twenty-second street, in the former Village of Flushing, Borough of Queens; thence easterly upon and along Franconia avenue to and across Twenty-fourth street; thence still easterly through private property along the line of the continuation of Franconia avenue to Thirty-first street; thence northwardly upon and along Thirty-first street to Broadway, said continuation of Franconia avenue and Thirty-first street being shown on a map of the City entitled

"Map or plan of Ingle-side and vicinity, Third Ward (formerly Town of Flushing), Borough of Queens, City of New York, showing the street system and grades, dated New York, March 2, 1903; approved by the Board of Estimate and Apportionment May 1, 1903, and approved by the Mayor October 6, 1903;"

thence northwardly through said private property upon the line of the property known and described upon the map of said private property as Thirty-first street to Broadway; thence easterly on and along Broadway to Bell avenue.

The said routes, the tracks of said routes, turnouts and crossovers hereby authorized are more particularly shown upon two maps, each entitled:

"Map showing the proposed street surface railway to accompany the application for a franchise of the New York and Queens County Railway Company to the Board of Estimate and Apportionment, dated June 20, 1907;"

and signed by F. L. Fuller, President, and A. E. Kalbach, Consulting Engineer, which maps are attached herewith and made a part of this contract.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of all in value of the property bounded on said streets and avenues to the construction and operation of said railroad shall be obtained by the Company within six months of the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time; or, in the event that such consents cannot be obtained, the Company shall, within two months thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railroad ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate a double-track street surface railroad, as herein described, shall be held and enjoyed by the Company, its successors or assigns, for the term of twenty-five (25) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year before expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiry and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive and upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company, its successors or assigns, shall pay to the City for this privilege the following sums of money:

For the extension first described herein: The sum of five hundred dollars (\$500) in cash, within thirty (30) days after the date on which this contract is signed by the Mayor.

During the first five years after the commencement of operation of the extension herein provided for, annually on November 1, three (3) per cent. of its gross receipts for and during the year ending September 30 next preceding, and

after the expiration of such five years make a like annual payment into the treasury of the City of five (5) per cent. of its gross receipts. The Company shall pay such percentages only upon such portion of its gross receipts as shall bear the same proportion to its whole gross receipts as the length of such extension shall bear to the entire length of its line.

For the extension last described herein: The sum of five hundred dollars (\$500) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

During the first five years after the commencement of operation of the extension herein provided for, annually on November 1, three (3) per cent. of its gross receipts for and during the year ending September 30 next preceding, and after the expiration of such five years make a like annual payment into the treasury of the City of five (5) per cent. of its gross receipts. The Company shall pay such percentages only upon such portion of its gross receipts as shall bear the same proportion to its whole gross receipts as the length of such extension shall bear to the entire length of its line.

Fourth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets and highways of the City shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any Company or individual.

If, however, at the termination of this grant as above the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice in writing from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the same streets and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payment shall continue throughout the whole term of the contract hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payment for railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewed, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding; and that the said assignee or lessee waives any more favorable conditions created by such statute, or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation or merger of corporations, or otherwise, without the consent of the City, acting by the Board, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof, in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The railway to be constructed under this contract may be operated by overhead electric traction now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by owners of property in accordance with the provisions of law, and by the Public Service Commission of the First District of the State of New York.

Eighth—The Company shall begin construction of the extensions herein authorized within the time prescribed by the Railroad Law of the State of New York, and such extensions shall be completed and shall be in operation on or before December 31, 1909; otherwise this grant shall cease and determine.

Ninth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided in the Charter of the City; and the Company agrees to make application to the Commissioner of Water Supply, Gas and Electricity for permission to string and maintain its electrical conductors in the streets covered by this grant.

Tenth—The said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of the Company shall be maintained in good condition throughout the term of this contract.

Eleventh—Cars on the said railway shall run at intervals of not more than thirty minutes both day and night, and as much often as reasonable convenience of the public may require, or as may be directed by the Board.

Provided, however, that the Company during the first five years of its franchise shall not be required to operate its cars between the hours of 12 o'clock midnight and 2 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Twelfth—The Company shall attach to each car run over the said railway proper fenders and wheel guards in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Thirteenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Fourteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which the railway shall be constructed under this contract, shall cause to be watered the entire roadway of such streets and avenues at least three times in every twenty-four hours, when the temperature is above thirty-five (35) degrees Fahrenheit, and shall provide for such purpose at least one tank car, to be propelled by electric power, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Fifteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Sixteenth—The Company, so long as it shall continue to use any of its tracks in any street or highway covered by this grant, shall have and

keep in permanent repair that portion of such street or highway between its tracks and the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. In case of neglect by the Company to make pavements or repairs after the expiration of thirty days' notice to do so, the local authorities may make the same at the expense of such corporation, and such authorities may make such reasonable regulations and ordinances, as to the rate of speed, mode of use of tracks and removal of ice and snow as the interest or convenience of the public may require.

Seventeenth—Any alteration which may be required to the sewerage or drainage system, or to any subsurface structures, pipes, conduits, etc., laid in the streets, on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Eighteenth—Should the grades or lines of the streets in which franchises herein granted be changed at any time during the term of this contract, the Company shall, at its own expense, change its tracks to conform with such new grades and lines, and during the construction of any public improvement upon said street, the Company shall take care of and protect the track at its own expense, all to be done subject to the direction of the President of the Borough of Queens.

Nineteenth—The Company shall at all times keep accurate books of account of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 of each year, make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain a statement of the gross receipts from operation of the railway, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twentieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to pay to the City any damage which the City shall be compelled to pay by reason of any act or default of the Company, giving the Company notice and the right to intervene in any action or proceeding wherein such damage may be sought.

Twenty-first—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall file with the Comptroller of The City of New York the sum of ten thousand dollars (\$10,000), either in money or in securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract. The payment of the annual percentages for the privilege hereby granted, the rendering of efficient public service at reasonable rates, the maintenance of the property in good condition throughout the full term of the grant, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railroad; and in case of default the performance by the Company of such terms and conditions, and such duties and obligations as may hereafter be imposed by the local authorities under this grant, or under the powers delegated by the Railroad Law, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, or wheel-guards and watering of street pavements, or in case of failure to render efficient public service at reasonable rates, or to maintain the property in good condition, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters. In case of any default made upon the security fund, the Company shall, within thirty (30) days after written notice from the Comptroller as to do, pay to the Comptroller of the City a sum sufficient to restore said security fund in the original amount of ten thousand dollars (\$10,000).

Twenty-second—No action or proceeding or right under the provision of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Twenty-third—The words "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided, shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

The Company agrees that notice printed in the City Record shall constitute sufficient notice within the meaning of this contract.

Twenty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, right and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-fifth—This contract is also upon the further and express conditions that the provisions of Article IV. of the Railroad Law applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the streets and highways and the surface railroads operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate seal of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, have caused their corporate names

to be hereunto signed and their corporate seals to be hereunto affixed the day and year first above written.

THE CITY OF NEW YORK.
By Mayor.
[CORPORATE SEAL]
Attest: City Clerk.
NEW YORK AND QUEENS COUNTY
RAILWAY COMPANY,
By President.
[SEAL]
Attest: Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and Queens County Railway Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, December 12, 1908, in the City Record, and at least twice during the ten days immediately prior to December 12, 1908, in two daily newspapers to be designated by the Mayor thereof and published in The City of New York, at the expense of the New York and Queens County Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and Queens County Railway Company, and fully set forth and detailed in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, December 12, 1908, at 10:30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee, to the lands, tenements and hereditaments required for the opening and extending of the ADDITION TO CROTONA PARK, laid out upon the map of The City of New York on June 29, 1905, and bounded on the north and west by Crotona Park, on the south by Crotona Park East and on the east by the Southern Boulevard, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of December, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 10th day of December, 1908, at 1 o'clock p. m.

Second—That the abstract of our said estimate of damage, together with our damage map, and also the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 10th day of December, 1908.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 28th day of January, 1909, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in The City Record, pursuant to sections 981 and 982 of the Greater New York Charter, as amended by chapter 624 of the Laws of 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department and read, and the award of the contract made according to law as such thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact, also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, agent or otherwise in or in the performance of the contract, or in the supplies, work or business in which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the amount, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bid required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope to which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
