BOARD OF ESTIMATE AND APPORTIONMENT

Minutes of Meeting of Board of Estimate and Apportionment, Held in Room 16, City Hall, Friday, June 26, 1914.

The Board met in pursuance of an adjournment.

Present—John Purroy Mitchel, Mayor; Alexander Brough, Deputy and Acting Comptroller; George McAneny, President, Board of Aldermen; Edgar V. Frothingham, Acting President, Borough of Manhattan; Lewis H. Pounds, President, Borough of Brooklyn; Douglas Mathewson, President, Borough of The Bronx; Maurice E. Connolly, President, Borough of Queens, and Charles J. McCormack, President, Borough of Richmond.

The Mayor, Hon. John Purroy Mitchel, presided.

Approval of Minutes (Cal. No. 1).

The minutes of the meeting held June 5, 1914, were approved as printed in the CITY RECORD June 24, 1914.

PUBLIC HEARINGS.

Changes in the City Map.

Boroughs of Brooklyn and Queens.

Queens.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Laying Out an Interborough Parkway Connecting the Present Terminus of Eastern Parkway, Brooklyn, With the Western Boundary of Forest Park, Queens (Cal. No. 2).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted by the Board on June 5, 1914.

(On June 5, 1914 (Cal. No. 6), the report of the Committee on City Plan dated May 26, 1914, recommending the approval of the plan in its amended form, was presented and printed in the minutes. A resolution was adopted fixing June 26, 1914, as the date for a public hearing and the matter of assessment was referred to the Committee on Assessments for consideration in the meantime.)

Mr. Alrick H. Mann, representing the Chamber of Commerce of the Borough of Queens; Mr. Robert W. Higby, Mr. E. M. Bassett, representing the Brooklyn Committee on City Plan; Mr. J. H. Leich and Mr. Robert F. Craig appeared in favor of the proposed change. Mr. Mort. Fishel, representing Mt. Carmel Cemetery, appeared and stated it would be preferable to have the road outside of cemetery limits. Mr. Richard T. Greene, representing Cypress Hills Cemetery, appeared and requested that the Board take quick action and put the road through the cemetery. No one else appearing the hearing was closed.

The Secretary presented a communication from Edward C. Blum, member of the City Planning Committee of the Borough of Brooklyn, dated June 24, 1914, urging immediate action in the matter and stating the improvement will be a benefit to the Boroughs of Brooklyn and Queens, and to the residents of Greater New York as well.

The matter was laid over until July 30, 1914, and referred to the Committee on Corporate Stock Budget in conjunction with the Committee on Assessments, to which the matter was referred on June 5, 1914.

Borough of Brooklyn.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Discontinuing and Closing Prospect Park West, Between the Southerly Side of 20th and the Southerly Side of 21st Street, Borough of Brooklyn (Cal. No. 3).

The Secretary presented affidavits of publication showing that the matter had been duly advertised in accordance with a resolution adopted by the Board on June 5, 1914.

(On June 5, 1914 (Cal. No. 5), a minority report of the Committee on the City Plan written by the President of the Borough of The Bronx was substituted for the majority report of the Committee and was approved by the Board.)

(The report of the President of the Borough of The Bronx states that the benefit to be derived by Greenwood Cemetery in the closing of this street will be to convert an interest which is at present only nominal into an estate which will make the property now within the lines of this street as valuable to the cemetery as other property in the vicinity, and stating that if the Cemetery wants the street closed it should be only on condition that it will pay to the City the full market value of the land which it will acquire by such closing.)

No one appearing in opposition to or in favor of the proposed change the hearing was closed.

The following was offered:

Whereas, At a meeting of this Board, held on the 5th day of June, 1914, a resolution was adopted proposing to change the map or plan of The City of New York so as to close and discontinue Prospect Park West from 20th Street to 21st Street; Tenth Avenue from Gravesend Avenue to the old Town Line; 21st Street from 7th Avenue to Gravesend Avenue; 22nd Street from 7th Avenue to the old Town Line; and 23rd Street from 7th Avenue to the old Town Line, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 26th day of June, 1914, at 10:30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the Corporation Newspapers for ten days prior to the 26th day of June, 1914; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the Corporation Newspapers, that the aforesaid resolution and notice have been published in the CITY RECORD and in the Corporation Newspapers for ten days prior to the 26th day of June, 1914; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by closing and discontinuing Prospect Park West from 20th Street to 21st Street; Tenth Avenue from Gravesend Avenue to the old Town Line; 21st Street from 7th Avenue to Gravesend Avenue; 22nd Street from 7th Avenue to the old Town Line; and 23rd Street from 7th Avenue to the old Town Line, in the Borough of Brooklyn, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated June 26, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was then directed not to send the resolution to His Honor the Mayor, for his approval, until a stipulation, covering the recommendations in the majority and minority reports presented at the meeting of June 5, 1914, has been presented and accepted.

Hearing in the Matter of Changing the Map or Plan of The City of New York by Changing the Grade of East 14th Street, Between Avenue L and Avenue O, and the Grade of Avenue M, Between East 13th Street and East 15th Street, Borough of Brooklyn (Cal. No. 4).

The Secretary presented affidavits of publication showing that the matter had been duly advertised in accordance with a resolution adopted by the Board on May 28, 1914.

No one appearing in opposition to or in favor of the proposed change, the hearing was closed.

The following was offered:

Whereas, At a meeting of this Board, held on the 28th day of May, 1914, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the grades of East 14th Street from Avenue L to Avenue O, and of Avenue M from East 13th Street to East 15th Street, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 26th day of June, 1914, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD and in the Corporation Newspapers for ten days prior to the 26th day of June, 1914; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the Corporation Newspapers, that the aforesaid resolution and notice have been published in the CITY RECORD and in the Corporation Newspapers for ten days prior to the 26th day of June, 1914; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grades of East 14th Street from Avenue L to Avenue O, and of Avenue M from East 13th Street to East 15th Street, in the Borough of Brooklyn, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Commissioner of Public Works of the Borough, and dated April 27th, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Hearing on the Proposed Area of Assessment in the Matter of Acquiring Title to Digney Avenue, From East 233d Street to East 237th Street, at a Width of 50 Feet, Borough of The Bronx.

VESTING TITLE TO DIGNEY AVENUE FROM BARNES AVENUE TO EAST 237TH STREET, THE BRONX (CAL. NO. 16).

The Secretary presented affidavit of publication showing that the matter had been duly advertised in accordance with a resolution adopted by the Board on June 5, 1914.

No one appearing in opposition to or in favor of the proposed area of assessment, the hearing was closed.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Digney Avenue at a width of 50 feet from East 233rd Street to East 237th Street, in the Borough of The Bronx, City of New York, should be acquired by The City of New York;

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises;

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interested so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Digney Avenue at a width of 50 feet from East 233rd Street to East 237th Street, in the Borough of The Bronx, City of New York, upon the receipt by him of a rule map, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of Title 4, Chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of The Bronx, in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by Section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 26th day of June, 1914; and

Whereas, At the aforesaid time and a place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board:

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Beginning at a point on the northwesterly line of Barnes avenue where it is intersected by the prolongation of a line midway between Digney avenue and Boyd avenue, and running thence southwardly along the said line midway between Digney avenue and Boyd avenue and along the prolongations of the said line to the intersction with the northeasterly line of East 233rd street; thence southwestwardly at right angles to East 233rd street to the intersection with a line midway between East 232nd street and East 233rd street; thence northwestwardly along the said line midway between East 232nd street and East 233rd street to the intersection with the prolongation of a line distant 150 feet westerly from and parallel with the easterly line of Digney avenue, as this street is laid out between East 233rd street and Bussing avenue, the said distance being measured at right angles to Digney avenue; thence northwardly along the said line parallel with Digney avenue and along the prolongations of the said line to the intersection with a line at right angles to West 237th street and passing through a point on its northeasterly side distant 150 feet northwesterly from its intersection with the northwesterly line of Barnes avenue; thence northeastwardly along the said line at right angles to East 237th street to the intersection with a line at right angles to Barnes avenue and passing through the point of beginning; thence southeastwardly along the said line at right angles to Barnes avenue to the point or place of beginning.

Resolved, by the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of Section 994 of the Charter, That the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the street to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantor be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extending to the centre line of the block and occuping a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of The Bronx then offered the following:

Whereas, The Board of Estimate and Apportionment of The City of New York on the 26th day of June, 1914, adopted a resolution requesting the Corporation Counsel to institute proceedings to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Digney Avenue at a width of 50 feet from East 233rd Street to East 237th Street, in the Borough of The Bronx, City of New York;

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 990 of the Greater New York Charter, as amended, directs that upon the date of the filing of the oaths of the Commissioners to be appointed in the proceeding the title in fee to each and every piece or parcel of land lying within the lines of said Digney Avenue from Barnes Avenue to East 237th Street, in the Borough of The Bronx, City of New York, so required, shall become vested in The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Mr. Louis J. Carruthers, representing the Long Island Railroad Company, appeared in opposition to the proposed improvement. No one else appearing the hearing was closed.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Archer Street from Van Wyck Avenue to Ezra Street (Division Street), in the Borough of Queens, City of New York, should be acquired by The City of New York:

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises;

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Archer Street from Van Wyck Avenue to Ezra Street (Division Street), in the Borough of Queens, City of New York, upon the receipt by him of rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of Title 4, Chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Queens, in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by Section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the CITY RECORD that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 26th day of June, 1914; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Bounded on the north by the southerly line of Archer Street; on the east by the westerly line of Ezra Street and by the prolongation of the said line; on the south by a line always distant 100 feet southerly from and parallel with the southerly line of Archer Street, the said distance being measured at right angles to Archer Street; and on the west by the easterly line of Van Wyck Avenue; excepting such land as is not in railroad ownership.

Resolved, By the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of Section 994 of the Charter, that the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the street to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantor be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extending to the centre line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was then directed to request the Corporation Counsel to advise the Board whether under this resolution the Long Island Railroad Company is obligated to bear all of the expense incidental to the acquisition of the land needed for the street under the terms of the agreement of July 21, 1911; the area of assessment including railroad land only.

APPROVAL OF MAPS AND PLANS.

Rule, Damage and Profile Maps.

Borough of Brooklyn.

Rule Map in the Proceeding for Acquiring Title to Stillwell Avenue From 22d Avenue to 80th Street, and From 86th Street to Surf Avenue, Borough of Brooklyn.

AMENDING PROCEEDING FOR ACQUIRING TITLE TO STILLWELL AVENUE FROM 22ND AVENUE TO 80TH STREET, BROOKLYN (CAL. NO. 18).

The Secretary presented a communication from the President of the Borough of Brooklyn dated May 19, 1914, transmitting the rule map prepared for the Court Record and for the use of the Commissioners of Estimate and Assessment to be appointed in this proceeding; and the following report of the Chief Engineer of the Board:

Report No. 13922. June 18, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the President of the Borough of Brooklyn, bearing date of May 19th, 1914, presenting for consideration the rule map prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to Stillwell avenue from 22d avenue to 80th street, and from 86th street to Surf avenue.

This proceeding was instituted by the Board of Estimate and Apportionment on May 1st, 1914, through the amendment of a resolution adopted on April 17th, 1913, which related to a lesser length. The street forms a portion of the Broadway-4th Avenue Rapid Transit Line and the Borough President directs attention to the desirability of expediting the opening proceeding. He states that the damage maps will be forwarded for the consideration of the Board at as early a date as possible, and requests that the Corporation Counsel be authorized to at once apply for the appointment of Commissioners.

In my judgment such a course can properly be followed in this instance, and I would recommend the approval of the rule map now submitted, and that the resolution under which the proceeding was instituted be amended in such a way as to omit the requirements as to the receipt of a certified damage map prior to the appointment of Commissioners. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of the City of New York hereby approves the rule map, submitted by the President of the Borough of Brooklyn, to be used by the Corporation Counsel in the proceeding for acquiring title to Stillwell Avenue from 22nd Avenue to 80th Street and from 86th Street to Surf Avenue, subject to the right of the Nassau Electric Railroad Company to occupy said street for railroad purposes, Borough of Brooklyn; a proceeding for acquiring title to said Stillwell Avenue having been authorized by the Board under resolutions adopted on April 17, 1913, and on May 1, 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The following was offered:

Whereas, The Board of Estimate and Apportionment of the City of New York adopted a resolution on April 17, 1913, authorizing a proceeding for acquiring title to Stillwell Avenue from 22nd Avenue to 80th Street, Borough of Brooklyn, which proceeding was amended on May 1, 1914, so as to authorize the acquisition of title to Stillwell Avenue from 22nd Avenue to 80th Street, and from 86th Street to Surf Avenue, subject to the right of the Nassau Electric Railroad Company to occupy said street for railroad purposes; and

Whereas, The Board of Estimate and Apportionment deems it for the public interest that the proceeding should be instituted at as early a date as possible; be it

Resolved, That the Corporation Counsel be and he hereby is requested to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of the City of New York, to acquire title to Stillwell Avenue from 22nd Avenue to 80th Street, and from 86th Street to Surf Avenue, subject to the right of the Nassau Electric Railroad Company to occupy said street for railroad purposes, upon the receipt by him of a rule map certified as having been approved by this Board.

Damage Map in the Proceeding for Acquiring Title to a Parcel 50 Feet Wide, Centrally Located in Montague Street, Extending From Court Street to a Line 275 Feet West of Hicks Street, and to the Full Width of Montague Street From a Line 275 Feet West of Hicks Street to the Bulkhead Line of the East River, Borough of Brooklyn (Cal. No. 19).

The Secretary presented a communication from the Commissioner of Public Works, Borough of Brooklyn, dated June 9, 1914, transmitting the damage map prepared for the Court Record and the use of the Commissioners of Estimate and Assessment to be appointed in this proceeding; and report thereon by the Chief Engineer of the Board, recommending its approval, and that after certification, it be forwarded to the Corporation Counsel.

Which were laid over one week (July 2, 1914).

MISCELLANEOUS MAPS AND PLANS.

Approval of Map Showing Land at the Foot of Arrietta Street, in Which an Easement Is Required for Water Supply Purposes, Borough of Richmond (Cal. No. 20).

The Secretary presented a communication from the Secretary of the Board of Water Supply dated June 12, 1914, requesting the approval of the map in this matter; and the following report thereon of the Chief Engineer of the Board:

Report No. 13923. June 22d, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary of the Board of Water Supply, bearing date of June 12th, 1914, requesting on behalf of the Board the approval of a map showing land at the foot of Arrietta street, Borough of Richmond, in which it is desired to secure an easement needed for the construction of the siphon across The Narrows.

The communication is accompanied by a report from the Chief Engineer of the Board from which it appears that an easement title was acquired in 1912 at an expense of $3,000 in a parcel distant about 50 feet north of the one shown on the plan now submitted, but that the later construction of a pier and stone crib bulkhead upon this parcel and upon the adjoining property has resulted in increasing the cost of construction if it is now occupied for the purpose for which it was acquired, to such an extent as to make a change of plan desirable. The owners of the adjoining property on the south have apparently offered to give an easement in property owned by them in exchange for a release of the one held by the City, and the bids for the contract now in force were based on effecting such an exchange or upon the adoption of the plan now under consideration.

From the contract which has been entered into it appears that the additional cost of occupying the parcel to be taken in exchange would be $7,500 over that which is now favored by the Board, and that the unit prices which apply to construction would involve a further additional payment to the contractor of about $125,000.

There is also presented a copy of a communication from the American Dock Company expressing a willingness to pay $2,000 for the release of the easement already acquired, and one from the Merritt and Chapman Derrick and Wrecking Company in which it is agreed that if the location of the pipe line is changed as shown on the plan now presented the company would reimburse the City in the amount of $1,000 to cover the deficit which would result in disposing of the original easement, and a further payment of not exceeding $2,000 to defray the expense of the condemnation proceedings. It would, therefore, appear that the proposition now submitted could be carried out without cost to the City, and that a total saving of about $130,000 would be effected.

The parcel originally acquired had a width of 25 feet and was bounded on the east by the pierhead line as established in 1889. The parcel now selected is bounded on the east by the pierhead line established in 1913. It has a length of 1,095 feet and a width of 75 feet, in which a permanent easement is to be taken through a width of 25 feet, while a temporary easement for construction purposes only is to be taken in the remaining area.

I would recommend the approval of the map, but would suggest that the attention of the Board of Water Supply be called to the desirability of disposing of the easement title originally acquired either through an actual sale or through the execution of an agreement prior to the vesting of title in the proceeding which is to be now instituted. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of the City of New York, in pursuance of the provisions of Chapter 724 of the Laws of 1905, as amended, did on the 27th day of October, 1905, approve and adopt a report, and the map, plan and profile accompanying the same, bearing date of October 9, 1905, and presented by the Board of Water Supply of the City of New York, for obtaining an additional supply of pure and wholesome water for the City of New York, and declared the same to be the final map, plan or plans approved and adopted by the Board of Estimate and Apportionment, as provided for in said act; and

Whereas, The Board of Water Supply of The City of New York has submitted to the Board of Estimate and Apportionment for its approval, as directed in Section 5, Chapter 724, Laws of 1905, six similar maps or plans, entitled:

"Board of Water Supply of The City of New York. Map of Parcels No. 158A, 158B, 159A, 159B and 159C, situated in the City of New York, Richmond County."

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves and adopts the said six similar maps or plans, and directs the Secretary of the Board to transmit them to the Corporation Counsel.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was then directed to call the attention of the Board of Water Supply to the desirability of disposing of the easement title originally acquired either through an actual sale or through the execution of an agreement prior to the vesting of title in the proceeding which is to be now instituted.

REPORTS.

From Standing Committees.

Committee on Transit.

New York Railways Company; Municipal Ferry to Staten Island (Cal. No. 21).

In the matter of the proposed agreement to be entered into with the New York Railways Company, by which passengers may ride upon the Municipal Ferry to Staten Island, and upon cars of the New York Railways Company terminating at South Ferry, for a single fare of five cents.

By resolution adopted October 16, 1913, the offer of the Company was accepted and the Commissioner of Docks authorized to enter into a contract, after obtaining

the consent of the Commissioners of the Sinking Fund, which consent was received at the meeting of November 13, 1913.

At the meeting of April 17, 1914, a proposed form of agreement was received from the Commissioner of Docks, and was referred to the Committee on Transit.

A report was received from the President of the Board of Aldermen, the Chairman of the Committee on Transit, on behalf of said Committee, and at his request action was deferred until the meeting of July 2, 1914.

Committee on Port and Terminal Facilities.

Department of Docks and Ferries—Amended Plans for Freight Terminal Along The South Brooklyn Water Front; Municipal Terminal Railroad in Brooklyn (Cal. No. 22).

The Secretary presented the following report of the Committee on Port and Terminal Facilities, recommending certain changes in the plan adopted by the Board on July 10, 1913, and that July 30, 1914, be fixed as the date for a public hearing thereon; together with a communication from the Commissioner of Docks, dated June 26, 1914, transmitting amended plan and technical descriptions of the property to be acquired:

June 23, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Sir—The Committee on Port and Terminal Facilities has completed a careful restudy of the details of the proposed municipal terminal railroad in Brooklyn and, as a result, is prepared to recommend certain changes in the plan as adopted by the Board of Estimate and Apportionment on July 10, 1913.

As originally laid out the railroad was planned to terminate on the northern end at Poplar Street. It appears to the Committee that it will ultimately be necessary to extend the road further north, at least to the Navy Yard and probably a considerable distance beyond that point. This necessity somewhat changes the use to which the main line running tracks will be put. With the increase in haul there will necessarily come a corresponding increase in through traffic which must move with as few interruptions from local switching as possible. The speed with which this through traffic should be moved greatly increases the objection to surface operation through and across the streets involved in the route. It is the opinion of the Committee that through line operation at grade would practically reproduce in the Borough of Brooklyn conditions which are now found so objectionable on the west side of the Borough of Manhattan.

The amended plan now presented to your Board for consideration provides for a through two-track elevated main line, beginning at 40th Street and First Avenue, at which point it connects by ramp with the present surface line of the Bush Terminal Company, and extending thence northwardly to a temporary terminus at Poplar and Furman Streets. A few changes of alignment over the original surface plan are provided for this through elevated main line. It is proposed to carry it upon the present alignment as shown upon the map of July 10, 1913, to 28th Street. The map of July 10, 1913, carries the railroad over private property between 28th and 26th Streets, there being in existence a statute which prevents the opening of Second Avenue between these points. From 28th Street north it was proposed to open Second Avenue in the line of the present street.

Considerable objection has been raised by a number of property owners to the carrying through of Second Avenue upon the line proposed for the reason that it would involve the shortening of a number of piers through the cutting-off of substantial portions of their inshore ends. Certain of these owners have felt sufficiently strongly concerning the disadvantage to them of a straight line opening that they have offered to cede to the City, without cost to it, sufficient land to open the street upon its deflected line carried approximately 200 feet from the westerly line of Third Avenue. The Comptroller, through experts employed specifically for the purpose, has caused careful estimates to be made of the comparative costs of opening the street as a straight line and upon the deflected line proposed by the property owners. The difference in cost is sufficiently great to convince the Port and Terminal Committee that a deflected line should be followed. Consequently the present map shows a deflection of the line of the railroad as shown upon the map of July 10, 1913, from 26th Street to Gowanus Canal, carrying the road north of 28th Street in the lines of Second Avenue as now proposed.

The President of the Borough of Brooklyn is preparing the necessary maps to initiate a proceeding to open Second Avenue between Hamilton Avenue and the north line of 26th Street. It is proposed that the City assume a percentage of the cost of opening, to be hereafter determined, and that the balance of the assessment be levied locally. The opening of Second Avenue will provide much needed relief for local trucking and will prevent the undue congestion of Third Avenue which would necessarily follow upon the expansion of business certain to follow the establishment of the municipal railroad.

The present plan submitted to the Board of Estimate and Apportionment continues the main line elevated across Gowanus Canal and through the terminal yard back of the State Barge Canal Terminal, the title of which is already vested in the City. The amended plan submitted for consideration reduces the area of this yard to the area to which the City has actually acquired title, it being undesirable to carry upon the official map property which it is not proposed in good faith to acquire for terminal railroad purposes. Leaving the terminal yard at Otsego Street the proposed elevated line is continued to a point between Richards and Van Brunt Streets, at which point it curves across private property to Van Brunt Street and continues through this street across Hamilton Avenue to a connection with the elevated line as laid out on the map of July 10, 1913, between President and Union Streets. In order to provide railroad facilities along the waterfront between Van Dyck Street and Hamilton Avenue, it is proposed to construct a ramp from the elevated structure west of Van Brunt Street, reaching the surface in Van Dyck Street between Conover and Ferris Streets. At this point connection can be made with the present surface lay-out on Ferris Street; this will give adequate facilities to shippers along the line of Ferris Street and will provide for an easy connection across a small plot of private property between King and Pioneer Streets with the present tracks of the New York Dock Co., on Pioneer Street. This arrangement will permit the elimination of the ramp and elevated structure between Bowne Street and Van Brunt Street crossing Hamilton Avenue. North of President Street the proposed line follows the line as indicated on the map of July 10, 1913, to Atlantic Avenue and Furman Street. At this point the proposed line is deflected into Furman Street and carried to a point parallel with the terminus shown upon the map of July 10, 1913, at Poplar and Furman Streets. The construction of an elevated railroad on Furman Street will present certain physical difficulties owing to the presence of the Montague Street hill. It is entirely possible, however, to work out a satisfactory solution at this point.

The present plan eliminates entirely the area shown upon the map of July 10, 1913, at the foot of Conover Street which it was originally proposed should be taken for transfer bridges. The Committee has caused careful studies to be made in order to eliminate this area without detriment to the railroad plan. It now presents for the consideration of the Board an alternative plan which, in its opinion and in the opinion of its engineers, provides a better operating railroad at a considerable reduction in cost to the City.

The City now owns an extensive tract lying between 36th and 38th Streets and west of First Avenue, which was acquired as the site of the proposed Eighth Ward Market. This property is admirably located as the site for float bridges to serve the southern end of the marginal railroad. The Committee proposes, and the Borough President agrees, that a transfer of this site be made to the Department of Docks and Ferries for railroad purposes. This transfer would not be recommended by the Committee were it not in a position to recommend an exchange for it of a site far better suited for market purposes than that proposed to be used for the railroad.

The City has already vested title in approximately 13½ blocks of property between Court and Otsego Streets for classification yard purposes. With the elimination of the proposed float bridge area at the foot of Conover Street it will be possible to transfer a large portion of this yard to the Eighth Ward Market Site, leaving a considerable area which can be devoted to other municipal purposes. Your Committee proposes that this area be transferred to the President of the Borough of Brooklyn as a substitute for the Eighth Ward Market site proposed to be transferred to the Department of Docks and Ferries for the purposes of the marginal railroad. Both enterprises will be the gainers by the exchange; the railroad will secure a much needed site for float bridges near its southern end, while the Market will be placed in direct connection with the largest railroad yard on the entire line and at a point where it is in direct connection with the Barge Canal Terminal and with Hamilton Avenue, the main trucking street of this entire district. With the ferry connection at the foot of Hamilton Avenue and street car service on this street the proposed new site will be readily accessible both for trucks and for persons having business at the market. The area of the new site proposed for the market is 696,000 square feet; the area of the present market site is only 640,000 square feet. The present market site is therefore considerably smaller than the new site proposed and is relatively inaccessible.

The plan of the Committee proposes, as did the original plan of July 10, 1913, to acquire the so-called "Baltic" yard of the New York Dock Company lying between Harrison and Warren Streets and west of Columbia Street. This area will provide float bridge connections for the northern end of the line. In the opinion of the engineers it will be sufficient for a considerable time to come to install three float bridge structures at the Eighth Ward Market site and for the present float bridges at the Columbia Street yard. At both places there is sufficient room to allow for reasonable expansion with the increase of business.

Annexed hereto for the information of the Board is a schedule showing the estimated cost of the railroad with the changes as proposed by the Committee in the present report. There is transmitted herewith a map prepared by the Commissioner of Docks incorporating the changes in the map adopted July 10, 1913, as proposed in this report. It is recommended that, pursuant to the provisions of Chapter 776 of the Laws of 1911, as amended, a public hearing be fixed upon this amended plan at the meeting of the Board of Estimate and Apportionment to be held July 30, 1914, and that the Secretary be instructed to advertise notices of this hearing as required by the statute. Respectfully submitted,

WILLIAM A. PRENDERGAST, Comptroller; ....., President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; R. A. C. SMITH, Commissioner of Docks.

City of New York, Department of Docks and Ferries, Office of the Commissioner, June 26, 1914.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—I am transmitting herewith, pursuant to the provisions of Chapter 776 of the Laws of 1911, as amended, a plan amending the plans for the organization of that part of the South Brooklyn waterfront lying between Fulton Ferry and 66th Street, Borough of Brooklyn, by the location and establishment in that vicinity of terminal facilities which were adopted by the Commissioner of Docks on February 20, 1913, and certified by the Board of Estimate and Apportionment on March 13, 1913, and which were amended by the Board of Estimate and Apportionment and certified by the Board in their amended form on July 10, 1913. I am transmitting also technical descriptions of the property proposed to be acquired by the City of New York and shown upon the plan herewith submitted. I recommend that this amended plan and the accompanying technical descriptions of property be adopted and certified by the Board of Estimate and Apportionment as the official plans for this improvement. Respectfully yours,

R. A. C. SMITH, Commissioner of Docks.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby fixes the hour of 10.30 o'clock in the forenoon on Thursday, July 30, 1914, in Room 16 of the City Hall, Borough of Manhattan, City of New York, as the time and place for a public hearing relative to the amended plans submitted by the Commissioner of Docks to the Board of Estimate and Apportionment under date of June 26, 1914, in accordance with the provisions of Chapter 776 of the Laws of 1911, as amended by Chapter 521 of the Laws of 1913, for terminal facilities to be located upon lands and lands under water situate, lying, and being at, adjacent or near to the shores of the East River, Buttermilk Channel, Gowanus Bay, and Upper Bay, between the foot of Fulton Street and the foot of 66th Street, Borough of Brooklyn, City of New York.

Resolved, That the Secretary of this Board cause notice of such hearing to be published in the "CITY RECORD" and in two newspapers published in The City of New York, to be designated by the Mayor, for not less than six consecutive days, not less than seven, nor more than thirty days before such hearing, which notice shall contain a general description sufficient to identify the said amended plans, a statement of the date, time and place of such meeting, and that at such meeting all persons in interest will be heard prior to the adoption of any resolution of this Board in the premises.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, Queens, The Bronx and Richmond—16.

Committee on the City Plan.

Regulating the Height, Size and Arrangement of Buildings Within the City—Appointment of Members of Commission on Building Districts and Restrictions and Appropriation for Expenses Thereof (Cal. No. 23).

(On May 22, 1914 (Cal. No. 2), the Board adopted a resolution providing for a Commission on Building Districts and Restrictions.)

The Secretary presented the following report of the Committee on City Plan:

June 12, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 22, 1914, the Board of Estimate and Apportionment adopted a resolution providing for the appointment by the Board of a Commission on Building Districts and Restrictions. In order to provide for the organization and the work of the Commission, the Committee submits herewith and recommends for adoption two resolutions: (1) Naming nineteen persons to serve as members of the Commission; and (2) appropriating $15,000 from the contingent fund of the Board for the necessary expenditures of the Commission. Respectfully submitted,

Committee on The City Plan—GEORGE McANENY, President, Board of Aldermen, Chairman; MARCUS M. MARKS, President, Borough of Manhattan; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of Bronx; JAMES A. DAYTON, Acting President, Borough of Queens; CHARLES J. McCORMACK, President, Borough of Richmond; ROBERT M. WHITTEN, Secretary.

The following resolution was offered:

Resolved, That, pursuant to a resolution adopted by the Board of Estimate and Apportionment on May 22, 1914, the Board hereby appoints as members of the Commission on Building Districts and Restrictions the following persons:

Edward M. Bassett, 1716 Newkirk avenue, Brooklyn.
Edward C. Blum, 45 Plaza street, Brooklyn.
James E. Clonin, 436 Sherman street, Queens.
Otto M. Eidlitz, 787 5th avenue, Manhattan.
Burt L. Fenner, 306 West 83d street, Manhattan.
Edward R. Hardy, 419 West 118th street, Manhattan.
Richard W. Lawrence, 2519 Sedgwick avenue, The Bronx.
Alrick H. Man, Hillside avenue, Queens.
Alfred E. Marling, 35 West 47th street, Manhattan.
George T. Mortimer, 111 Broadway, Manhattan.
Frederic B. Pratt, 229 Clinton avenue, Brooklyn.
Lawson Purdy, 640 West 158th street, Manhattan.
J. F. Smith, 1213 Clove road, Richmond.
Walter Stabler, Riverside Drive and 157th street, Manhattan.
Franklin S. Tomlin, 1320 Bergen street, Brooklyn.
George C. Whipple, 1815 Ditmas avenue, Brooklyn.
William G. Wilcox, Davis avenue, Richmond.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby authorizes expenditures by the Committee on the City Plan for the necessary and proper expenses of the Commission on Building Districts and Restrictions to an amount not to exceed $15,000 during the year 1914, to be charged against the contingent fund of the Board of Estimate and Apportionment for the year 1914.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Committee on Corporate Stock Budget.

Department of Bridges—Issue of Corporate Stock (Cal. No. 24).

The Secretary presented a report of the Committee on Corporate Stock Budget recommending the authorization of $42,000 corporate stock for the payment of salaries and wages of the labor construction force of the Department of Bridges.

This is to provide for the construction force, payable out of corporate stock, to September 1, 1914. The allowance for the remainder of the year is deferred pending a determination, after a study of the matter by the Bureau of Contract Supervision, as to whether all of these employees are properly chargeable to corporate stock. It is questionable whether the construction work under way is sufficient to require the services of so large a force.

(On May 28, 1914 (Cal. No. 139), the request of the Commissioner of Bridges for an appropriation of $106,948.50 for the above purpose was referred to the Committee on Corporate Stock Budget.)

Which was laid over for one week (July 2, 1914), under Rule 19.

Department of Bridges—Issue of Corporate Stock (Cal. No. 25).

The Secretary presented a report of the Committee on Corporate Stock Budget in the matter of the request of the Commissioner of Bridges for an authorization of $300,000 corporate stock for the construction of a bridge across Newtown Creek, from Meeker avenue in the Borough of Brooklyn to Laurel Hill boulevard in the Borough of Queens.

The Bureau of Contract Supervision has raised a number of questions in regard to this request and has suggested that any expense of modifying the bridge to provide for trolley service should be borne by the trolley company.

It is the opinion of the Committee on Corporate Stock Budget that in view of the suggested changes in location of the bridge, and the proposed opening of new streets as approaches to the bridge, this request should be referred to the Committee on City Plan.

(On March 20, 1914 (Cal. No. 11), the above request was referred to Committee on Corporate Stock Budget).

Which was referred to the Committee on City Plan.

Department of Parks, Borough of Queens—Amendment of Issue of Corporate Stock (Cal. No. 26).

(On May 15, 1914 (Cal. No. 69), the resolution adopted on May 8, 1914, granting $10,000 corporate stock for the erection of a band stand and comfort station at Kings Park, was rescinded, and the Secretary of the Board was directed to return the plans and specifications to the Commissioner of Parks, Borough of Queens.)

The Secretary presented a communication dated May 14, 1914, from the Commissioner of Parks, Borough of Queens, relative to plans and specifications for a band stand and comfort station to be erected at Kings Park, Jamaica, at an estimated cost of $5,000; and the following report of the Committee on Corporate Stock Budget:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, June 5, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 9, 1914, the Commissioner of Parks requested a rescindment of the resolution approving plans and specifications for the construction of a combined band stand and comfort station in Kings Park, Jamaica. On May 15, 1914 the resolution of approval was rescinded.

On May 14, 1914, supplementing the above request, the Commissioner of Parks offered as a substitute the construction of a band stand and the remodelling of the present comfort station at an estimated cost of $5,000. This was referred to the Bureau of Contract Supervision on May 19, 1914.

On July 17, 1911, the Board of Estimate and Apportionment adopted a resolution authorizing the issuance of corporate stock of The City of New York to an amount not exceeding $10,000, to provide means for the erection of a comfort house in Kings Park, Jamaica.

The disapproved plans called for the erection of a large and showy band stand with a comfort station underneath. It is the opinion, however, of the Commissioner of Parks that to erect this type of building in a park of this size would be a serious error. A modest band stand should be built, with storage facilities underneath. The present comfort station should be remodeled by raising the roof about three feet to permit of the use of transom windows to provide light and ventilation. The installation of a heating plant is also necessary.

The erection of the band stand, alterations to the comfort station and screenings, cinders, top soil and sod necessary to prepare walks and adjust lawns, would cost approximately $5,000, thus effecting a saving of $5,000. To effect this saving it will be necessary to amend the original resolution by changing the purpose and reducing the amount from $10,000 to $5,000.

We recommend the adoption of the attached resolution amending the previous resolution as suggested. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Committee on Corporate Stock Budget.

The following resolution was offered:

Resolved, That, subject to the concurrence herewith by the Board of Aldermen the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, as amended on March 7, 1912, and concurred in by the Board of Aldermen on July 25, 1911, and as amended on April 16, 1912, to read as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of the City of New York to an amount not exceeding ten thousand dollars ($10,000) to provide means for the erection of a comfort house in Kings Park, Jamaica, under the jurisdiction of the Department of Parks, Borough of Queens, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of the City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

—be and the same is hereby amended to read as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding *five thousand dollars* ($5,000) *to provide means for the erection of a band stand, permanently bettering the comfort station and constructing walks and lawns adjacent to the band stand, in Kings Park, Jamaica,* under the jurisdiction of the Department of Parks, Borough of Queens, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid, provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contracts, plans, specifications and estimates of cost pertaining to the same and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment and that no part of the proceeds of corporate stock herein authorized shall be used for payment of any salary or wages of departmental employees, except after approval by the Board of Estimate and Apportionment and in accordance with the schedules to be adopted by said board, and be it further,

Resolved, That the head of the Department of Parks, Borough of Queens, is directed to submit to this Board for its approval forms of contracts, plans, specifications and estimates of cost, prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized and such department head is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Equipping Public School Buildings With Auditoriums (Cal. No. 27).

(On April 17, 1914 (Cal. No. 27), the resolution of the Board of Aldermen in this matter was referred to the Committee on Corporate Stock Budget.)

The Secretary presented a resolution adopted by the Board of Aldermen on March 31, 1914, requesting that careful consideration be given the matter of equipping Public Schools with Auditoriums; and the following report of the Corporate Stock Budget Committee, which was ordered printed in the minutes and placed on file, and the Secretary directed to notify the Board of Aldermen:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, June 4, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On April 17, 1914, the Board of Estimate and Apportionment referred to the Corporate Stock Budget Committee a resolution adopted by the Board of Aldermen on March 31, 1914, as follows:

"Whereas, In a number of existing public school buildings there are no auditorium facilities; be it

"Resolved, That the Board of Education and the Board of Estimate and Apportionment be and they are hereby requested to give careful consideration to the practicability and advisability of equipping the public school buildings of the City with proper auditoriums where such auditoriums do not now exist."

After an investigation by the Bureau of Contract Supervision, it appears that the public schools of the City are, with very few exceptions, equipped with either auditoriums or assembly rooms.

An auditorium is understood to be a large hall or room equipped with individual seats, or in some cases, with benches, but without desks or facilities for holding classroom sessions.

An assembly room is understood to be a number of classrooms thrown into one large room by the sliding or folding of doors. The assembly rooms are provided with regulation classroom seats and desks. When the sliding doors are rolled to divide the room the resulting classrooms can be used for school sessions.

Auditoriums are usually equipped with a stage, and in some instances a gallery provides increased seating capacity. The assembly rooms are provided with a platform upon which are located the Principal's desk and a piano. Auditoriums are used for the morning assembly of the school, and are seldom used during the day, except for study periods or for instruction in elocution. Practically all of the auditoriums are used for evening lectures, and also as a place for holding graduation exercises.

Schools which are not equipped with auditoriums hold graduation exercises, which are semi-annual, in the nearest school building so equipped, so as to provide better accommodation for the usually large audience. For the ordinary school exercises the assembly room suffices. Auditoriums have been constructed in all new school buildings, erected since 1907. The total number of schools and their equipment with respect to auditoriums and assembly rooms, is as follows:

	Manhattan.	The Bronx.	Brooklyn.	Queens.	Richmond.	Total.
Total number of school buildings. Elementary and high schools included	155	53	186	88	35	517
Number with auditoriums	28	15	77	41	11	172
Number without auditoriums, but with assembly rooms	125	37	94	7	22	285
Number without auditoriums or assembly rooms	2	1	15	40	2	60

Following is a detailed statement showing the school enumerated in the last column of the above statement, with the reason in each case for the lack of auditoriums or assembly rooms. Where no reason is given it will be noted that the building is of very small capacity or is quite old.

In the Boroughs of Queens and Richmond the buildings are mostly of frame and of a smaller average size than in the other three boroughs.

The resolution of the Board of Aldermen does not specify any school building in which an auditorium should be constructed.

Investigation indicates that with few exceptions the existing auditoriums are so located that one is conveniently accessible to any section of the City.

To construct auditoriums at all schools would necessitate the purchase of a large number of additional sites because many of the schools have not sufficient available unoccupied ground. This is especially true in the congested sections of the City where land is very expensive. The cost of the sites, the construction of the new auditoriums, and where possible, the necessary remodeling of old buildings, will be greatly out of proportion to the small additional benefit that the auditorium would provide.

Estimates of the cost vary from eight to eleven million dollars.

It is our opinion that a general appropriation for this purpose is inadvisable, particularly as each new school provides an additional auditorium. Should there be special necessity for an auditorium in any particular locality or in connection with any one school building, the matter can better be considered with reference to the individual requirements in each such case.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

Department of Education—Issue of Corporate Stock (Cal. No. 28).

The Secretary presented a report of the Committee on Corporate Stock Budget in the matter of request for $500,000 corporate stock, to provide means for artificial illumination of public school buildings.

The Bureau of Contract Supervision has investigated and reported upon this matter with the statement that a part of the proposed work should be done. The Committee on Corporate Stock Budget has considered the request, and in view of the insufficient illumination in some of the buildings with double sessions lasting until late in the afternoon, it is recommended that an appropriation be made to begin the work of correcting the present trouble with the illuminating equipment. An accurate estimate of the cost cannot be made until plans and specifications are prepared, but it is *rccommended* that $125,000 be authorized to bring the artificial illumination in public school buildings to the proper standard of efficiency.

(On December 31, 1913 (Cal. No. 3), the above request was referred to said Committee.)

Which was laid over for one week (July 2, 1914), under Rule 19.

Committee on Salaries and Grades.

Office of the Mayor—Modification of Schedule and Establishment of Grade of Position of Stenographer and Typewriter (Cal. No. 29).

The Secretary presented a communication from the Mayor, dated June 4, 1914, requesting the modification of a schedule for 1914; and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 16, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 4, 1914, the Mayor requested modification of the salary schedule in his office. The request was referred to the Committee on Salaries and Grades on June 9, 1914. The Bureau of Standards reports thereon, under date of June 15, as follows:

"It is proposed to drop a position of Assistant Secretary, at $3,000, the line Confidential Clerk, at $1,050, and Telephone Operator, at $1,050, and to substitute therefor the lines, Stenographer and Typewriter, at $1,500, Stenographer and Typewriter, at $1,050, Clerk, at $480, Telephone Operator at $1,200, and to increase the balance unassigned by $870.

"The line Stenographer and Typewriter, at $1,500, is requested for James H. Marron, who is to be transferred from the office of the President of the Borough of Manhattan, where he is receiving a salary of $1,350. His work consists of taking dictation from the Assistant Secretary to the Mayor, taking testimony at hearings and reporting speeches at public meetings. The proposed compensation appears to be reasonable.

"The line Clerk, at $480, is requested for Frank J. Finegan, who is to be transferred from the Tenement House Department, where his salary is $300. The increase in salary is requested on the ground that both his hours of work and the amount of work will be considerably increased in the new position.

"The line Stenographer and Typewriter, at $1,050, is requested for Jennie A. McGuigan, who is now in the Department of Bridges, at $900. She is to perform the additional general stenographic work occasioned by the increased volume of work in the office. The present compensation of $900 appears ample for the type of work.

"The foregoing proposed changes all involve a question of general policy of the Board of Estimate and Apportionment as regards transfers of employees from one Department to another at a higher compensation.

"The line Telephone Operator, at $1,200, is requested in order to increase Arthur H. Allen from $1,050. When the establishment of this position was recommended in accordance with section 56 of the Greater New York Charter, it was pointed out that Mr. Allen's is an exceptional case. His duties are much more important and more onerous than are those of the average Telephone Operator. They include many activities in addition to the manual work of operating the switchboard. He often receives communications of a confidential nature, and is seldom through before seven or eight o'clock in the evening."

In view of the foregoing statement we recommend the adoption of the attached resolution granting the request with the exception of the position of Stenographer and Typewriter, at $1,050. In place of the latter, we recommend the adoption of a further resolution recommending to the Board of Aldermen the establishment of the grade of position of Stenographer and Typewriter at $900. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The matter of the establishment of the position of Stenographer and Typewriter at $1,050 was laid over for one week (July 2, 1914).

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Mayoralty for the year 1914, as follows:

Board of Estimate and Apportionment, Bureau of Standards—Modification of Schedule (Cal. No. 30).

The Secretary presented a communication from the Director of the Bureau of Standards dated June 20, 1914, requesting the modification of a schedule for 1914; and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—Under date of June 20th, 1914, the Director of the Bureau of Standards requested the modification of salary schedule for his Bureau to eliminate the vacant positions of Salary and Grade Examiner at $2,400 and Clerk at $600 and providing in place thereof one Clerk at $900, two Stenographers and Typewriters at $750, and one Clerk at $300, placing the remaining $300 in balance unassigned.

The Bureau of Standards further reports thereon as follows:

"The position of Salary and Grade Examiner was made vacant on June 12, 1914, by the termination of services of Mr. Howard Pemberton.

"The position of Clerk at $600 has never been filled.

"It is essential for the purpose of enabling the Bureau properly to report on matters referred to it by the Committee on Salaries and Grades to increase the stenographic force by at least two incumbents and the initial compensation of $750 is requested therefor.

"The clerkship at $900 is requested for the purpose of employing a man to take full charge of the salary and grade plant of the Bureau. The incumbent is to keep track of all the departmental changes both as to changes in salaries of present incumbents, employment of new incumbents and change in nature and character of work of the existing force.

"It is contemplated to fill the position by appointment from an eligible list or by transfer from some other Department.

"The $300 clerkship is necessary for the purpose of obtaining the services of an Office Boy to attend to the general work and necessary service necessary in carrying reports to the members of the committees for signatures."

In view of the above facts we recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

Board of Estimate and Apportionment, Committee on the City Plan—Establishment of Various Grades of Positions (Cal. No. 31).

(On June 19, 1914 (Cal. No. 4), the request of the Committee on the City Plan in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a request from the Committee on City Plan dated June 17, 1914, for the establishment of seven grades of positions for nine incumbents; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 17, 1914, the Committee on City Plan requested the establishment, pursuant to the provisions of Section 56 of the Greater New York Charter, of seven grades of positions, for nine incumbents. The request was referred to the Committee on Salaries and Grades on June 19, 1914. The Bureau of Standards reports thereon, under date of June 22, 1914, as follows:

"The grades of positions requested in detail are as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Assistant Engineer	$2,100 00	1
Assistant Engineer	1,800 00	1
Assistant Engineer	1,650 00	2
Draftsman	1,500 00	1
Draftsman	1,200 00	2
Stenographer and Typewriter	750 00	1
Clerk	450 00	1

"The Committee on City Plan has evolved an extensive program with a view to zoning the City. This requires the collection of a mass of data as to transportation facilities past and present and estimates for the future, and on land values past, present and future. The Committee will also need detailed information as to the amount of floor space and land area devoted to office use, to trade and commercial purposes and to residential purposes. The positions of Assistant Engineer are requested for the purpose of getting this data. At the suggestion of the Bureau of Standards, the two positions of Assistant Engineer at $1,650 have been eliminated from the request and the positions of Statistician, one at $1,500, and Engineering Inspector, one at $1,500, have been substituted therefor, for the reason that these titles will probably prove more nearly descriptive of the work to be performed. The positions of Assistant Engineer at $2,100 and Assistant Engineer at $1,800 are already established in the Board of Estimate and Apportionment for an unlimited number of incumbents.

"The three positions of Draftsman are needed for the purpose of drafting maps and charts which the Committee intends to prepare.

"The position of Stenographer and Typewriter is necessary to conduct the additional correspondence entailed by the appointment of an Advisory Commission on City Planning which was decided on by the Board of Estimate and Apportionment at its meeting on June 19, 1914. This position is already established in the Board of Estimate and Apportionment for an unlimited number of incumbents.

"The Clerk is necessary for the general light work of the office. The salary should, to bring it in agreement with the established rates in the City service, be $420."

In view of the foregoing statement we recommend the adoption of the attached resolution establishing grades of positions for the Committee on City Plan as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Statistician	$1,500 00	1
Engineering Inspector	1,500 00	1
Draftsman	1,500 00	1
Draftsman	1,200 00	2
Clerk	420 00	1

Respectfully,

WILLIAM A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Board of Estimate and Apportionment of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Statistician	$1,500 00	1
Engineering Inspector	1,500 00	1
Draftsman	1,500 00	1
Draftsman	1,200 00	2
Clerk	420 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Board of Estimate and Apportionment, Bureau of Franchises—Establishment of Various Grades of Positions (Cal. No. 32).

(On April 17, 1914 (Cal. No. 5), the request of the Engineer, Chief of the Bureau of Franchises in this matter was referred to the Committee on Salaries and Grades).

The Secretary presented a communication from the Engineer, Chief of Bureau of Franchises, dated April 10, 1914, requesting various salary increases; and the following report of the Committee on Salaries and Grades recommending approval thereof:

Board of Estimate and Apportionment, The City of New York, Bureau of Franchises, June 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—Your Committee, to which was referred on April 17, 1914, the application of the Chief of the Bureau of Franchises for certain increases in salary of six members of the staff of the Bureau and the establishment of three grades, as follows:

Assistant Engineer, 1 incumbent	$4,300 00
Clerk, 1 incumbent	3,150 00
Law Clerk, 1 incumbent	2,400 00

—would respectfully report that they are of the opinion that the grades should be established and as the Board of Aldermen will have to concur therein, they submit for adoption a resolution establishing such grades.

A subsequent report will be made in regard to the promotions, for such report would be useless until the grades are established, in view of the coming adjournment of the Board of Aldermen for the summer season. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of Estimate and Apportionment of the grades of positions, in addition to those heretofore established, as follows:

Board of Estimate and Apportionment—Bureau of Standards—Modification of Schedule (Cal. No. 33).

The Secretary presented a communication from the Director of the Bureau of Standards dated June 10, 1914, requesting the modification of a schedule for 1914; and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 16, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 10, 1914, the Director of the Bureau of Standards requested modification of a salary schedule in his office. The request was referred to the Committee on Salaries and Grades on June 11, 1914. The Bureau of Standards reports thereon, under date of June 15, as follows:

"The request is to reduce the line Clerk, 6 at $1,200, to Clerk, 5 at $1,200, and to add a Clerk, at $900, and an unassigned balance of $300. The change is necessary for the reason that a Clerk who had been temporarily increased from $1,050 to $1,200, pending the outcome of a civil service examination, has failed to qualify, and must now be put back to the former rate of compensation. This also affects another Clerk who had been promoted to the $1,050 grade, for whom the clerkship at $900 is requested."

In view of the foregoing we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Board of Estimate and Apportionment, as follows:

Salaries Regular Employees.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Department of Finance—Establishment of Various Grades of Positions (Cal. No. 34).

(On June 19, 1914, (Cal. No. 93), a communication from the Comptroller, requesting the establishment of various grades of positions was referred to the Committee on Salaries and Grades).

The Secretary presented a communication from the Comptroller dated June 16, 1914, requesting establishment of various grades of positions; and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 23, 1914.

To the Board of Estimate and Apportionment:

Gentleman—On June 16, 1914, the Comptroller requested the establishment in his department, pursuant to the provisions of section 56 of the Greater New York Charter, of certain grades of positions for an unlimited number of incumbents. The request was referred to the Committee on Salaries and Grades on June 19, 1914. The Bureau of Standards reports thereon, under date of June 22, as follows:

"The request is to establish, for an unlimited number of incumbents, the following grade of positions:

	Rate Per Annum.
Examiner	$1,950 00
Clerk	1,950 00
Stenographer and Typewriter	1,200 00
Accountant	1,650 00

Law Clerk	2,100 00
Law Clerk	2,250 00
Law Clerk	2,400 00
Law Clerk	2,550 00

"The great majority of the employees in the Finance Department are classified under the above titles. The establishments of these positions will obviate the necessity of establishing individual positions every time the need therefor arises.

"Action on this request will include the Comptroller's request of June 2, 1914, for the establishment, in his office, of the grade of position of Typewriter Accountant, at $1,050, for one additional incumbent."

In view of the foregoing statement we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Finance, of the grades of positions, in addition to those heretofore established, as follows:

Police Department—Modification of Schedule and Establishment of Position of Secretary to Department (Cal. No. 35).

(On February 20, 1914 (Cal. No. 4), the request of the Police Commissioner in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication from the Police Commissioner dated June 1, 1914, requesting the modification of a schedule for 1914; and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 17, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 1, 1914, the Police Commissioner requested modification of a salary schedule involving cash transfer in his Department for the year 1914. The Bureau of Standards reports thereon as follows:

"In Personal Service, Salaries, Regular Employees, No. 1600, Administration, it is proposed to eliminate the vacant position of Assistant Bookkeeper, at $3,000, and also the vacant position of a Deputy Clerk, at $1,000, to provide for the appointment of a 'Secretary to the Department,' at $3,600. The grade at this rate has to be established before a modification of the schedule can be made effective.

"The Commissioner states that the vacant positions can be dispensed with for the time being and that the requested new position is needed in the Department. He further states that the new position of Secretary to the Department is required for important services relating to the Bureau of Repairs and Supplies, for general accounting and statistical work, for confidential investigations and to relieve the Deputy Commissioners of routine departmental labors and permit them to devote more time to more important administration matters.

"The Secretary to the Commissioner is paid at the rate of $3,500. His duties are chiefly confined to the office of the Commissioner. The duties of the proposed position of Secretary to the Department will include department administration matters of a secretarial and subordinate capacity under the direction of the Commissioner and Fourth Deputy Commissioner.

"A tentative appraisal of the work of a Secretary to the Department indicates that compensation at $3,600 would be reasonable.

"Pending the establishment of the grade of position of Secretary to the Department, the salary schedule line should be changed by placing the amounts in balance unassigned."

In view of the above facts we recommend the adoption of the attached resolution recommending to the Board of Aldermen the establishment of the grade of position of Secretary to the Department, at $3,600, and modifying the schedules. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Police Department of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Secretary to Department	$3,600 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, Queens and Richmond—15.

Negative—The President of the Borough of The Bronx—1.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Police Department for the year 1914, as follows:

	Foreman Printer	1,820 00
	Balance Unassigned	4,000 00
	Schedule Total	$137,720 00

Which was adopted by the following vote:

Negative—The President of the Borough of The Bronx—1.

Department of Education—Modification of Schedules (Cal. No. 36).

The Secretary presented communications from the Board of Education dated as follows: June 4, 5, 8, 16, 18 and 19, 1914, in the matter of modifying schedules; and the following report of the Committee on Salaries and Grades:

City of New York, Department of Finance, Comptroller's Office, June 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 4, 5 and 18, 1914, the Board of Education requested modification of salary schedules Nos. 852, 854, 860 T. C. and 866 for the year 1914. Under dates of June 8, 18 and 19, the Board of Education amended requests for modification of Nos. 854, 860 T. C. and 866, and on June 20, No. 854 was amended orally over the telephone. In connection therewith we report as follows:

In No. 852, Reference and Research, it is proposed to change the line—

"Messenger, 1 at $900	$900 00
—to read	
Clerk, 1 at $900	$900 00

The position of messenger at $900, which is vacant is thereby eliminated and a new position of clerk at $900 created to be filled by promoting Elizabeth C. Gillies, now receiving $750 per annum. Miss Gillies was appointed in 1910 to the position of Clerk with knowledge of typewriting at $480 per annum, and received her last increase on January 8, 1913. A previous request for her promotion to $900 per annum was disapproved by your Board March 11, 1914.

In No. 854, General Supervision, it is proposed to change the lines—

Stenographer and Typewriter, 4 at $900	$3,600 00
Stenographer and Typewriter, 1 at $600	600 00
Clerk, 5 at $900	4,500 00
Clerk, 1 at $600	600 00
Balance Unassigned	450 00
Total	$9,750 00
—to read—	
Stenographer and Typewriter, 3 at $900	$2,700 00
Stenographer and Typewriter, 2 at $600	1,200 00
Clerk, 4 at $900	3,600 00
Clerk, 2 at $600	1,200 00
Balance Unassigned	1,050 00
Total	$9,750 00

This eliminates vacant positions of stenographer and typewriter, 1 at $900 and clerk, 1 at $900, and substitutes in lieu thereof one position of stenographer and typewriter at $600 and one position of clerk at $600. The position of stenographer and typewriter at $600 will provide for Sadie I. Sattler who was appointed from an eligible list on April 13, 1914. The position of clerk at $600 is to be filled by Harry Lustig, now getting $420 per annum. With regard to his promotion Dr. Maxwell states that the vacancy of clerk at $900 above mentioned if filled by an appointment from an eligible list would go to Mr. Lustig, who is the only one on a promotion eligible list for clerk, second grade. As the best interests of the Department do not warrant his promotion from $420 to $900 per annum, it is proposed to reduce the salary of the position from $900 to $600 and to appoint him at the latter salary which is the minimum for that grade of position.

In No. 860 T. C., Tax Levy and Corporate Stock Force, the lines—

Inspector of Repairs, 10 at $1,884	$18,840 00
Balance Unassigned	25,408 02
Total	$44,248 02
—are changed to read—	
Assistant Chief of Sanitary Division	$2,400 00
Inspector of Repairs, 9 at $1,884	16,956 00
Sanitary Inspector	1,500 00
Balance Unassigned	23,392 02
Total	$44,248 02

This reduces the number of positions of inspector of repairs at $1,884 from 10 to 9 and provides for two new positions, namely, assistant chief of sanitary division at $2,400 and sanitary inspector at $1,500. The additional sum of $2,016 needed is to be drawn from the line balance unassigned.

The new grade of position of assistant chief of sanitary division at $2,400 per annum to take the place of one at $2,800 was established by the Board of Aldermen on May 12, 1914, in compliance with a request of your Board under date of April 17, 1914.

The report accompanying the request referred to stated that the position was intended to provide for the promotion for James J. Sheridan, an inspector of repairs, receiving $1,884 per annum. Your approval of the schedule, including the line, assistant chief of sanitary division at $2,400, will provide for his salary at the increased rate.

The new position of sanitary inspector at $1,500 has not been established for the Department of Education and so cannot be provided for in the schedule. The attention of the Secretary of the Board of Education was called to this fact with the result that the request for such establishment has since been made to your Board.

In No. 866, General, it is proposed to change the line—

Clerk or Statistician at $3 per day	$4,700 00
—to read—	
Clerk or Statistician at $3 per day (791 2-3 days)	$2,375 00
Tabulating Machine Operator at $2.50 per day (750 days)	1,875 00
Tabulating Machine Operator at $3 per day (150 days)	450 00
Total	$4,700 00

The budget for 1914 allowed the Board of Education the sum of $5,000 to be used in the office of Dr. Maxwell for the purpose of tabulating and collating statistical data incidental to the preparation of the annual Departmental Estimate of the General School Fund for the ensuing year. The statistician in charge of this work states that it would be feasible to employ the Hollerith process in connection with this work. The proposed modification is in consonance with the ideas of Dr. Maxwell and will allow of the employment of the necessary temporary help to carry on the work by the Hollerith machines.

We recommend that the modification of No. 852 to provide for Miss Gillies' promotion be held in abeyance for consideration in the budget for 1915; that No. 854 be modified in accordance with the request; that No. 860T.C. be modified to provide for the increase in salary of Mr. Sheridan only; and that No. 866 be modified in accordance with the request.

In detail the line item changes, as recommended, are as follows:

Code No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.

The adoption of the attached resolutions will give effect to the recommendations contained herein. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The matter of modifying schedule No. 852, providing for the increase of salary of Miss Elizabeth C. Gillies, from $750 to $900, which the Committee on Salaries and Grades recommends be held in abeyance for consideration in the budget for 1915, was laid over until July 2, 1914.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the schedules, as revised, for the Department of Education for the year 1914, to take effect as of the dates indicated in the lines involved as follows:

Department of Education—Modification of Schedule (Cal. No. 37).

The Secretary presented a communication from the Board of Education dated June 8, 1914, requesting modification of schedule for 1914; and the following report of the Committee on Salaries and Grades:

City of New York, Department of Finance, Comptroller's Office, June 13, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 8, 1914, the Board of Education requested modification of salary schedule No. 856, Purchase and Storage of Supplies for the year 1914. In connection therewith we report as follows:

On April 17, 1914, your Board adopted a resolution requesting establishment in the Department of Education of the grade of position of Typewriter Accountant at $1,500 per annum, for one incumbent. In the report accompanying the resolution above mentioned it was stated that the new position would be filled by Martin J. Healy, typewriter accountant, receiving $1,200 per annum, by transferring him from the Department of Water Supply, Gas and Electricity to the Department of Education at a salary of $1,500 per annum.

The new position having been established by the Board of Aldermen on May 12, 1914, it is now proposed to modify salary schedule No. 856, Purchase and Storage of Supplies, to provide for Mr. Healy's salary, by eliminating the line:

Clerk, Bookkeeper or Statistician $1,500 00

—and substituting the line:

Typewriter Accountant $1,500 00

The following table shows the line item changes in detail:

Code No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
856	Clerk, Bookkeeper or Statistician, 1 at $1,500	1,500 00	.....	$875 00	.....
	Typewriter Accountant, 1 at $1,500	.....	$1,500 00	.....	$875 00
		$1,500 00	$1,500 00	$875 00	$875 00

We recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

Department of Education—Compensation of Janitors (Cal. No. 38).

(On June 12, 1914, (Cal. No. 277), the resolutions of the Board of Education requesting the fixing of the compensation of these Janitors, was referred to said Committee.)

The Secretary presented two resolutions of the Board of Education adopted June 10, 1914, relative to the compensation of Janitors of various Public Schools; and the following report of the Committee on Salaries and Grades.

City of New York, Department of Finance, Comptroller's Office, June 19, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 10, 1914, the Board of Education requested the establishment of temporary rates of compensation for janitors in public schools 116, Manhattan, and 27, Brooklyn, and a reduction in compensation for the Janitor of 36, The Bronx, for care of portable buildings, pursuant to the provisions of section 56 of the Greater New York Charter. In connection therewith we report as follows:

For Public Schools 116, Manhattan, and 27, Brooklyn, the rates of compensation for janitors have been fixed at $1,668 and $2,256 per annum respectively. Since these janitorships are vacant, temporary rates, viz., regular rates less rent allowance, are requested. The rent allowance for 116 is $299 per annum; for 27 it is $221 per annum.

For 36, The Bronx, the rate for portable buildings is decreased from $168 to $84 per annum, because one of the two portable buildings has not been in use this term.

We recommend the adoption of the attached resolution granting the requests.

Respectfully,

WILLIAM A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Whereas, By opinions of the Corporation Counsel as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified in accordance with the following list:

Janitor, Public School 116, Manhattan, per annum, less $299	$1,668 00
Janitor, Public School 27, Brooklyn, per annum, less $221	2,256 00
Janitor, Public School 36, The Bronx, for care of one portable building, per annum	84 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Establishment of Grades of Various Positions (Cal. No. 39).

The Secretary presented a Report of the Committee on Salaries and Grades referring to the request of the Department of Education for the establishment of the following grades of positions:

Sanitary Inspector	$1,500 00 per annum, 1 incumbent
Fuel Engineer	2,350 00 per annum, 1 incumbent
Chief of Electrical Division	3,500 00 per annum, 1 incumbent

—and recommending the establishment of the grades of positions of Sanitary Inspector at $1,500 and of Fuel Engineer at $2,350 per annum, but that the request for the establishment of grade of position of Chief of Electrical Division at $3,500 per annum, *be held in abeyance* for consideration in connection with the Budget for 1915.

(On June 12, 1914, (Cal. No. 277), resolutions of the Board of Education requesting the establishment of the above grades, were referred to said Committee.)

Which was laid over for one week (July 2, 1914.)

Department of Licenses—Establishment of Various Grades of Positions (Cal. No. 40).

(On June 12, 1914, the Board, on the recommendation of the Committee on Salaries and Grades, adopted a resolution recommending to the Board of Aldermen, the establishment of various grades of positions in the Department of Licenses, and on June 19, 1914 (No. 186), the Board adopted a resolution withdrawing from the consideration of the Board of Aldermen and recommitting to the Committee on Salaries and Grades for its further consideration the establishment of certain grades of positions.)

The Secretary presented the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 23rd, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 12, 1914, your Board recommended the establishment to the Board of Aldermen, pursuant to the provisions of section 56 of the Greater New York Charter, of grades of positions for the new Department of Licenses. On June 19, 1914, the following positions were withdrawn from the recommendation and recommitted to the Committee on Salaries and Grades for its further consideration:

Title.	Rate Per Annum.	Number of Incumbents.
Financial Clerk	$1,350 00	2
Stenographer and Typewriter	1,500 00	1
Chief Inspector of Licensed Vehicles	1,500 00	1
Chief Inspector	2,500 00	1
Supervising Inspector	1,800 00	2
Clerk	1,500 00	1

All of these positions will be filled by former employees of the Bureau of Licenses and the office of the Commissioner of Licenses. With the exception of Clerk, at $1,500, who is now receiving $1,200, the rates recommended are lower than those now being paid. In view of the fact that the establishment of these grades would mean a reduction in salaries for present employees, some of whom have been in the City service for many years, your committee, upon reconsideration, recommends the adoption of the attached resolution recommending the establishment to the Board of Aldermen of the grades of positions at the same salaries now being paid. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment for the Department of Licenses, in addition to those heretofore recommended, of the following grades of positions:

Title.	Rate Per Annum.	Number of Incumbents.
Financial Clerk	$1,650 00	2
Stenographer and Typewriter	1,800 00	1
Chief Inspector of Licensed Vehicles	1,800 00	1
Chief Inspector	3,000 00	1
Supervising Inspector	2,100 00	2
Clerk	1,200 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Surrogate of Bronx County—Establishment of Position of Court Stenographer; Modification of Schedule (Cal. No. 41).

(On May 1, 1914 (No. 177), the request of the Surrogate of Bronx County for the appointment of an additional Stenographer, was referred to the Committee on Salaries and Grades.)

The Secretary presented communications from the Surrogate of Bronx County dated April 29, 1914, and June 10, 1914, requesting the appointment of an additional Stenographer and the modification of a schedule for 1914; and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 10, 1914, the Surrogate of Bronx County requested the establishment, pursuant to the provisions of chapter 548 of the Laws of 1912, as amended, of the position of Court Stenographer at $2,000 per annum, for one incumbent, for his court. The Bureau of Standards reports thereon as follows:

"The request of the Surrogate of Bronx County is for the establishment of the position in his court of Court Stenographer at $2,000 per annum, for one incumbent, the Surrogate states that on January 1, 1914, the date on which the law established his court, the amount of work which would be done by the court was wholly problematical. The Surrogate further states that at that time he expected that his confidential stenographer would be able to attend to all the necessary stenographic work to be done in chambers as well as the court work. The Surrogate says that the volume of business in the court has so increased since the first of the year that it is a practical impossibility for his stenographer to do the court work in addition to that which he must also do in chambers. The total number of petitions, decrees, orders, letters, transfer tax reports, decisions, memoranda, contested probates, contested motions and miscellaneous matters disposed of in January, February and March was 1,253. In April alone it was 627, making a gross total of 1,880, showing an increase during the month of April over January, February and March of 50 per cent. In the first quarter of the year 162 probate proceedings and 17 adoptions were heard in open court and 10 contests in administation, probate and discovery proceedings were heard. During this time there were 122 working days of which 33 were the usual Monday and Wednesday court days. The contests extended over five additional court days so that the stenographer was employed in court on 38 of the 122 days and on these 38 days, 10 days were employed entirely in court and on the remaining days he was employed in court for half the day. Three thousand folios of testimony taken in court have been transcribed to date. During the same period 40 motions were argued in court and notes of argument taken, and also 35 decisions and memoranda were prepared and published. In addition over 1,300 letters of various kinds have been written and 1,200 folios of decisions and memoranda including draft and final, have been typewritten. By reason of the enactment of chapter 443 of the Laws of 1914 the jurisdiction of the Surrogate's Court has been broadened and considerable more work will be imposed upon the court than heretofore. This law takes effect on September 1, 1914, and after that date trial with a jury may be had in the court which will, it is expected, greatly increase the court work. The uniform salary paid the Court Stenographers in the Municipal Court and the City Magistrates Court is $2,000 per annum. If the position is established under the provisions of chapter 548 of the Law of 1912, provision for the payment of the salary may be made by the Comptroller pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter."

In view of the facts stated in the report of the Bureau of Standards we recommend the adoption of the attached resolutions establishing the position of Court Stenographer at $2,000 per annum, for one incumbent, and modifying the appropriate salary schedule to include the new position. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 548 of the Laws of 1912, as amended by chapter 266 of the Laws of 1913, as amended by chapter 825 of the Laws of 1913, hereby fixes the position

and salary in the Surrogate's Court of Bronx County, in addition to those heretofore established, as follows:

Department of Water Supply, Gas and Electricity; Police Department—Establishment of Grades of Various Positions; Modification of Schedules, and Transfer of Work of Outage Inspections (Cal. No. 42).

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, dated May 12, 1914, requesting modification of schedules for 1914; and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 17, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 12, 1914, the Commissioner of Water Supply, Gas and Electricity requested modification of three salary schedules in his office. The Bureau of Standards reports thereon, under date of June 15, as follows:

"The request calls for the elimination of 2 positions of Bookkeeper, at $1,200, and 3 Inspectors, at $1,100, from Salaries, Regular Employees, No. 2169, Water Revenue Collection, Tax Levy Force, and the elimination of the position of Chief Gas Inspector, at $3,000, from No. 2172, Gas Examination. Of the $8,700 so released $7,200 is used to add 6 Inspectors, at $1,200, to Illumination, Power and Heat Control, No. 2171, Executive, and the remaining $1,500 is placed in balance unassigned.

"The six additional Inspectors requested are to augment the force engaged in passing upon plans and specifications for the installation of electrical wiring and illumination fixtures in public buildings and the drafting of such plans and specifications whenever necessary. This work is several months behind, and the loss occasioned the City thereby in both time and money justifies additional force for the work. It is very unlikely, however, that the Commissioner would be successful in procuring the required type of men from the available civil service lists for Inspector. The paper given in the examination which was passed by the men on the list does not indicate that work of the nature to be performed was contemplated in framing the questions. It is furthermore stated that none of the men now holding positions of Inspector in the Department, outside of those already performing the work, are qualified. Under the circumstances it appears advisable to allow positions under a title which conforms with the nature of the work to be done. It appears that three men for the work on plans and specifications and one on fixture designing, at salaries of $1,500 each, will complement the present force satisfactorily. The title of Plan Examiner (Electrical) has been suggested by the Secretary of the Civil Service Commission as appropriate. The Secretary also states that the new positions can, in all probability, be filled from existing lists of Assistant Electrical Engineer, and, if not, an appropriate examination for the positions will be held.

"The request for an increase in force for the Division of Public Building Lighting again brings up for consideration the question of outage inspections. This matter has been the topic of discussion at budget hearings. The Department has 33 Inspectors, whose time is partly employed in this work. The inadequacy of the force to cover the entire City satisfactorily is apparent. The suggestion has therefore often been made that the work of reporting outages be abandoned entirely by the Department of Water Supply, Gas and Electricity and that it be transferred to the Police Department. The Police Department, with its thorough patrol of the City, should be able to perform this work with far more success than the Department of Water Supply, Gas and Electricity, if the order to report all outages is properly enforced. This contention has heretofore always been met with the assertion that the police force simply disregards the order. It appears, however, that arrangements could now be made to have this work thoroughly performed by the police. A co-operative arrangement has recently been effected, upon the suggestion of the Mayor, whereby the Police Department assumes full responsibility for certain taxicab inspection work, formerly done by Inspectors of the Bureau of Licenses, as a result of which the services of 17 Inspectors became unnecessary, and the positions were abolished in the new Department of Licenses. This work, on taxicab inspection, will occasionally require the presence of police officers in court to press charges of violations. No such necessity would exist in the case of outages. Mr. O'Daniels, Fourth Deputy Commissioner of Police, has given assurance that steps will be taken at once to procure proper reporting of outages by the police force and that the Department stands ready to assume full responsibility for this work."

In view of the foregoing statement, we recommend the adoption of the attached resolutions recommending (1) the modification of the schedules from which positions are to be eliminated, (2) the establishment to the Board of Aldermen of the grade of position of Plan Examiner (Electrical), at $1,500, for 4 incumbents, and (3) requesting the Mayor to direct the Commissioner of Water Supply, Gas and Electricity to take the necessary steps toward transferring the work of outage inspection to the police force and adjusting the inspection force to the reduced needs for this kind of work.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

Hon. William Williams, Commissioner of Water Supply, Gas and Electricity, appeared and requested that the Board establish the grades of Plan Examiner (Electrical), at $1,500, for two incumbents, also of Plan Examiner (Illumination), at $1,500 for two incumbents.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Plan Examiner (Electrical)	$1,500 00	2
Plan Examiner (Illumination)	1,500 00	2

Which was adopted by the following vote:
Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the Department of Water Supply, Gas and Electricity for the year 1914, as follows:

Which was adopted by the following vote:
Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:
Whereas, An arrangement has recently been effected whereby the Police Department assumes certain taxicab inspection work formerly performed by a corps of 17 Taxicab Inspectors, suitable assurance having been given his Honor the Mayor that the work would be satisfactorily performed by the Police Force; be it
Resolved, That it is the sense of the Board of Estimate and Apportionment that the work of inspecting City lamps for outages could also be more thoroughly performed by the Police Department than by the limited inspection force employed thereon in the Department of Water Supply, Gas and Electricity; therefore be it further
Resolved, That the Board of Estimate and Apportionment hereby requests the Mayor to direct the Commissioner of Water Supply, Gas and Electricity and the Police Commissioner to make the necessary arrangements to transfer the work of outage inspections from the former to the latter, and that, upon completion of such arrangements, the Commissioner of Water Supply, Gas and Electricity effect an adjustment of his inspection force commensurate with the reduced need.

Which was adopted by the following vote:
Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Department of Water Supply, Gas and Electricity—Modification of Schedules (Cal. No. 43).

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity dated May 22, 1914, requesting modification of schedules for 1914; and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 15, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 22, 1914, the Commissioner of Water Supply, Gas and Electricity requested modification of two 1914 salary schedules in his office. On May 25, 1914, the request was referred to the Committee on Salaries and Grades. The Bureau of Standards reports thereon, under date of June 12, as follows:

"The request is to substitute a Draftsman at $1,500 for an Assistant Engineer at $1,500 in Distribution, No. 2165TC, Tax Levy and Corporate Stock Force, and to substitute an Assistant Engineer at $1,500 for a Draftsman at $1,500 in Distribution, No. 2167W, Water Revenue Force. The object of the request is to bring the schedules in accord with actual present working conditions. The Assistant Engineer has been transferred to Brooklyn, and the Draftsman to New York."

In view of the foregoing we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President Board of Aldermen, Committee on Salaries and Grades.

Fire Department—Establishment of Various Grades of Positions (Cal. No. 44).

(On May 28, 1914 (No. 186), the request of the Fire Commissioner in this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented a communication from the Fire Commissioner dated May 26, 1914, requesting establishment of additional positions in his department; and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 11, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 26, 1914, the Fire Commissioner requested establishment of additional positions in his department pursuant to the provisions of section 56 of the Greater New York Charter. The Bureau of Standards on June 8, 1914, reported thereon as follows:

"The request is for the establishment of the position of Chief Examiner at $2,500 per annum for one additional incumbent, and of Engineering Inspector, at $1,500, for one incumbent, in connection with the reorganization of the Bureau of Fire Prevention.

"The present Chief Examiner, at $2,500 per annum, is employed in the Bureau of Fire Prevention. He examines and supervises the Inspectors' reports and prepares orders to property owners and tenants directing them to remedy improper conditions, as shown by the reports.

"The additional Chief Examiner, at $2,500, is to take charge of the Division of Fire Appliances and to examine inspectors' reports on requests for modifications or rescindments of orders issued. The purpose in this work is to provide a responsible official other than the one preparing the original order to hear appeals. This work is now being done by Mr. Samuel Rosenblum, Inspector, at $2,000 per annum, and it is the intention to appoint him to the position, as he is No. 1 on the Civil Service eligible list.

"He has charge of the forty-five men in this division and the description of his work given by Mr. Rosenblum and approved by the Chief of the Bureau of Fire Prevention is as follows:

"'Supervision and direction of Stenographers, Clerks, Inspectors, etc., in this division, and examination of inspection reports on requests for modifications or rescindment of orders and final approval for dismissal of complied with orders.'

"A tentative appraisal of the value of this work shows a minimum compensation of $2,100 and a maximum of $3,000.

"The position of Engineering Inspector (Mechanical), at $1,500 per annum, is requested for inspection work in the Division of Fire Appliances where technical engineering training is required. Inspections of this kind are now made by Harold K. Hughes, Inspector, $1,500 per annum, who is an Engineer. The volume of the work is sufficient to require the services of an additional man and the Bureau is short of men having technical training.

"A tentative appraisal of the value of this work shows a minimum compensation of $1,350 and a maximum of $1,950. Appointment to this position is to be made from the eligible list of Engineering Inspectors, Grade C.

"To provide the funds for these additional positions, it is proposed to abolish the position of Inspector at $2,000 now held by Mr. Rosenblum and two vacant positions of Inspector at $1,200 per annum."

In view of the above facts, we recommend that the position of Chief Engineer at $2,500 be established for one incumbent, and as it is the policy of the Board to provide for initial employment in a position at the minimum value of such position, that the Engineering Inspector be established at $1,350 per annum. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Fire Department of the following grades of positions, in addition to those heretofore established:

Title.	Rate Per Annum.	Number of Incumbents.
Chief Examiner	$2,500 00	1
Engineering Inspector	1,350 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

President of the Borough of The Bronx—Issue of Revenue Bonds (Cal. No. 45).

(The resolution of the Board of Aldermen in this matter was referred to the Comptroller on June 5, 1914 (No. 126C), and on June 12, 1914 (152C), to the Committee on Salaries and Grades.)

(On June 19, 1914 (Cal. No. 45), the report of the Comptroller recommending the appropriation, was presented to the Board and laid over for one week, under Rule 19.)

The Secretary presented a resolution adopted by the Board of Aldermen on May 26, 1914, requesting an issue of Special Revenue Bonds in the sum of $840.00, for the employment of 2 elevator men in the Bronx County Court House; and the following report of the Committee on Salaries and Grades recommending the approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 17, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 26, 1914, the Board of Aldermen adopted a resolution requesting an issue of $840 in special revenue bonds, the proceeds to be used by the President of the Borough of The Bronx to provide for the employment of two (2) Elevatormen in the new Bronx County Court House from June 1 to December 31, 1914. The request was referred to the Committee on Salaries and Grades on June 12, 1914. The Bureau of Standards, under date of June 16, 1914, reports thereon as follows:

"On January 9, 1914, the President of the Borough of The Bronx requested $27,072.50 in special revenue bonds to provide for employees for the maintenance of the new Court of Special Sessions and the Bronx County Court House. On February 17, 1914, the Board of Aldermen adopted a resolution recommending an issue of $14,295 in special revenue bonds for this purpose. The Borough President had requested funds for the employment in the Bronx County Court House of Engineers, Firemen and Elevatormen. The Board of Aldermen, however, denied the request for funds for these employees on the ground that the building would not be taken over by the City for at least two months. On March 27, 1914, the Board of Estimate and Apportionment modified and returned to the Board of Aldermen for concurrence the resolution of February 17, 1914. Said modification included provision for Engineers and Firemen, but no provision was made for Elevatormen. The total allowance was changed from $14,925 to $11,370. On April 21, 1914, the Board of Aldermen concurred in the amended resolution.

"It is stated that the elevators will be taken over by the City by July 1, 1914. There are three elevators in the building, but only two will be operated for the present. It is necesary, therefor, to provide funds for the employment of two Elevatormen from July 1 to December 31, 1914, at the rate of $840 per annum, the rate established in the Department."

In view of the foregoing facts, we recommend the adoption of the attached resolutions, one concurring in the resolution of the Board of Aldermen for an issue of $840 in special revenue bonds and the other modifying the necessary schedule to provide for the employment of the two Elevatormen. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen.

(For resolutions see Cal. No. 134 of this meeting.)

Public Administrator, Bronx County—Establishment of Grades of Positions of Confidential Clerk, Confidential Representative and Stenographer, and Modification of Schedule (Cal. No. 46).

(On March 27, 1914 (Cal. No. 2), the request in this matter was referred to the Committee on Salaries and Grades, as was also on June 5, 1914 (Cal. No. 82), a communication from the Surrogate of Bronx County urging the granting of the request.)

The Secretary presented a communication from the Public Administrator of Bronx County, dated March 23, 1914, and communications from the Surrogate of Bronx County, dated March 23, 1914, and May 28, 1914, respectively, requesting the establishment of positions in the office of the Public Administrator of Bronx County; and the following report of the Committee on Salaries and Grades:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 11, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On March 23, 1914, the Public Administrator of Bronx County requested the establishment, pursuant to the provisions of chapter 548 of the Laws of 1912, as amended, of the following positions for his office: Confidential Clerk, for one incumbent, at $2,750 per annum; Stenographer, for one incumbent, at $600 to $700 per annum; and Confidential Representative, for one incumbent, at from $1,200 to $1,500 per annum. The Bureau of Standards reports thereon as follows:

"Chapter 548 of the Laws of 1912, as amended, established the County of Bronx, and authorized the officers thereof to be elected at the general election of 1913, the officers so elected to begin their term of office on January 1, 1914. In the Budget for 1914 provision was made only for payment of the salaries of positions provided by law.

"The only position designated in the statute for the office of the Public Administrator, Bronx County, is that of Public Administrator at $4,000 per annum. The request of the Public Administrator is for a Confidential Clerk at $2,750; a Stenographer at from $600 to $700; and a Confidential Representative at from $1,200 to $1,500. The Public Administrator states that the duty imposed on his office requires personal visits at the place of death or former residence of deceased persons who are intestates and whose next of kin are unknown. The personal property of such persons has to be collected and inventoried, claims against the estates investigated and a search made to ascertain whether the deceased is survived by any relatives. When it appears that the duty of administrating such estates is solely within the province of the Public Administrator he attends to the proceedings had in the Surrogate's Court as to the administration, the transfer tax, accounting and distribution of the estate. Incidental thereto are the keeping of books and office records, preparation of papers for the Court, affidavits and other miscellaneous legal papers. An investigation of the work done in similar offices indicates that the Public Administrator of Bronx County will require an employee to conduct the investigations for his office, collect and take charge of decedent's property, and serve all legal papers. In the New York Public Administrator's office this position is designated as Agent and the salary attached to it is $1,400 per annum. Books of accounts showing the status of estates and from which the accountings are made, and office records showing the progress of each case, have to be kept. A Clerk who has a knowledge of bookkeeping and who could be trained easily as to the office practice which relates to the Surrogate's Court would be required to attend to these duties. The estimated work value of such a position ranges from $900 to $1,050 per annum.

"A Stenographer and Typewriter is a necessary position for the office. The incumbent will be required to take and typewrite the office correspondence, typewrite all the legal papers and the pay rolls. The Public Administrator requests the fixation of the salary of this position at from $600 to $700 per annum.

"If the positions are established by the Board of Estimate and Apportionment under the authority of chapter 548 of the Laws of 1912, as amended, provision for the payment of the salaries may be made by the Comptroller, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter."

In view of the facts shown in the report of the Bureau of Standards we recommend the adoption of the attached resolutions establishing the positions of investigator at $1,200 per annum, Clerk at $900 per annum and Stenographer and Typewriter at $600 per annum, for one incumbent in each position, and the revision of the salary schedule to include the new positions. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

Mr. Ernest E. L. Hammer, Public Administrator, Bronx County, appeared and objected to fixing the salary of clerk at $900.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 548 of the Laws of 1912, as amended by chapter 266 of the Laws of 1913, as amended by chapter 825 of the Laws of 1913, hereby fixes the positions and salaries in the office of the Public Administrator of Bronx County, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Investigator	$1,200 00	1
Clerk	900 00	1
Stenographer and Typewriter	600 00	1

Which was adopted by the following vote:
Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—10.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment hereby approves the schedule, as revised, for the office of the Public Administrator of Bronx County, for the year 1914, as follows:

PUBLIC ADMINISTRATOR, BRONX COUNTY.
Personal Service.

		Paid from Tax Levy Appropriation.	Paid from Special Revenue Bonds.	Total.
3290	Salaries Regular Employees, Public Administrator	$4,000 00	.....	$4,000 00
	Investigator	.....	$1,200 00	1,200 00
	Clerk	.....	900 00	900 00
	Stenographer and Typewriter	.....	600 00	600 00
	Schedule total			$6,700 00
	Tax levy allowance			$4,000 00
	Rate of special revenue bond allowance			2,700 00
	Total			$6,700 00

Which was adopted by the following vote:
Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

At 1:30 o'clock P. M. the Board took a recess until 2:30 o'clock P. M.
At 2:30 o'clock P. M. the Board reconvened.

County Court, Bronx County—Increasing Salary of County Detective; and Modification of Schedule (Cal. No. 47).

(On March 27, 1914 (Cal. No. 80), the request of the County Judge of Bronx County for increasing the salary of the County Detective was referred to said Committee.)

The Secretary presented a communication from the County Judge of Bronx County dated March 25, 1914, requesting that the salary of the County Detective attached to that Court be increased; and the following report of the Committee on Salaries and Grades recommending approval of the request.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 17, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 12, 1914, the Committee on Salaries and Grades reported on the request of the County Judge of Bronx County for an increase in salary from $1,500 to $2,000 per annum of the County Detective attached to the Court. On June , 1914, the Bureau of Standards made a supplementary report thereon as follows:

"The County Judge of Bronx County in requesting establishment of positions for his court asked for a County Detective, pursuant to the provisions of chapter 532 of the Laws of 1900, which reads in part as follows:

"'It shall be lawful for the county judge, or, in case there be more than one such county judge, the county judges of any county in this State *which by the last federal census* contained a population of not less than one hundred and twenty-five thousand inhabitants and which adjoins a county containing a population of not less than one million inhabitants to appoint a detective to be known as the county detective for such county. * * * The county detective so appointed shall continue in office for a period of three years from the date of his appointment or until his successor is appointed * * * and shall receive for compensation the sum of fifteen hundred dollars per annum. * * * If such county, adjoining a county containing a population of not less than one million inhabitants, *contains a population of more than five hundred thousand inhabitants,* there shall be appointed for such county as provided in this act two detectives, who shall serve during good behavior, and who shall each receive as compensation the sum of two thousand dollars per annum. * * *'

"Pursuant to the above cited law the Board of Estimate and Apportionment provided for the Court the position of County Detective at $1,500 per annum.

"On March 25, 1914, the County Judge requested an increase of salary for the County Detective from $1,500 to $2,000. The application was made on the ground of the merits of the case only. Based upon the provisions solely of chapter 532 of the Laws of 1900, the statute on which the County Judge originally asked for the position of County Detective, the law prevented any higher salary than $1,500 being paid the incumbent. The Bureau of Standards, however, in its further investigations of the laws relating to the various County offices, has found that the Laws of 1900, in relation to County Detectives, has been materially changed by the Laws of 1911, chapter 598, which is, in part, as follows:

"'It shall be lawful for the county judge, or, in case there be more than one such county judge, the county judges, of any county in this State, *which by the last federal census* contained a population of not less than one hundred and twenty-five thousand inhabitants, and which adjoins a county containing a population of not less than one million inhabitants, to appoint a detective to be known as the county detective for such county * * * the county detective so appointed shall continue in office for a period of three years from the date of his appointment or until his successor is appointed * * * and shall receive for compensation the sum of fifteen hundred dollars per annum. * * * If such county, adjoining a county containing a population of not less than one million inhabitants, *contains a population of more than two hundred and fifty thousand inhabitants,* there shall be appointed for such county as provided in this act, two detectives, who shall serve during good behavior, and who shall each receive as compensation the sum of two thousand dollars per annum. * * *'

"The population of The Bronx as shown by the last Federal census of 1910, is 430,980.

"Upon the modification of the salary schedule to include the position of County Detective at $2,000 per annum, for the Court, pursuant to the provisions of chapter 598 of the Laws of 1911, provision for the payment of the salary may be made by the Comptroller, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter."

In view of the fact that it appears that the salary of the County Detective is mandatorily fixed at $2,000 per annum, by the Laws of 1911, we recommend the adoption of the attached resolution modifying the salary schedule to include the position at the rate provided by law. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the County Court, Bronx County, for the year 1914, as follows:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Commissioner of Accounts—Establishment of Grade of Position of Efficiency Accountant (Cal. No. 48).

The Secretary presented a communication from the Acting Commissioner of Accounts dated June 2, 1914, requesting the establishment in his office of the grade of position of Efficiency Accountant; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 15, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 2, 1914, the Acting Commissioner of Accounts requested the establishment in his office of the grade of position of Efficiency Accountant, at $1,800. The Bureau of Standards reports thereon, under date of June 12, as follows:

"At the present time schedule 210, Salaries Regular Employees, in the office of the Commissioners of Accounts, contains the line Efficiency Examiner, at $1,800. The position is in the exempt class, the present incumbent having been appointed under rule 12, paragraph 6, of the Municipal Civil Service Commission. It is now intended to hold a competitive civil service examination to fill the position. The Municipal Civil Service Commission has suggested that the title of Efficiency Accountant would be more indicative of the duties of the position than the present title. There is no eligible list for Efficiency Examiner The money for the proposed position will be provided by eliminating the line Efficiency Examiner, at $1,800."

In view of the foregoing statement we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the office of the Commissioners of Accounts of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Efficiency Accountant	$1,800 00	1

Which was adopted by the following vote:
Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Department of Correction—Transfer of Appropriation and Modification of Schedules (Cal. No. 49).

The Secretary presented a communication from the Commissioner of Correction dated May 20, 1914, requesting the modification of schedules for 1914; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards. June 3, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 20, 1914, the Commissioner of Correction requested modification of two salary schedules in her Department to be effective as of April 14, 1914, involving a cash transfer of $385.50; also a salary schedule to be effective as of April 27; and a further modification of three salary schedules to be effective as of May 1, 1914, involving a cash transfer of $533.33. On May 26, the request was referred to the Committee on Salaries and Grades. The Bureau of Standards reports thereon as follows:

"In Personal Service, Salaries Regular Employees, Administration, 2625, Executive, it is proposed to insert the line Clerk $540 and in Personal Service, Salaries Regular Employees, Administration, 2626, Audit, Accounts and Records, to eliminate the line Clerk $600, and change the line balance unassigned, $960 to read balance unassigned $1,020. These changes are to provide for the salary of John T. Hayne, appointed on April 14 as Clerk at $540 in the Pass Bureau. Mr. Hayne was formerly employed in the City service at the same salary. His reappointment in the City service was not approved by the Municipal Civil Service Commission until May 13. It is proposed to transfer the $540 necessary from a vacant position of Clerk at $600 in Schedule No. 2626, the $60 difference to be scheduled as a balance unassigned.

"A tentative appraisal indicates a minimum of $600 and a maximum of $1,050 as proper compensation for the kind of work to be done.

"In Personal Service, Salaries Regular Employees, Prison Service, Care of Plant and Inmates, 2630, Workhouse, it is proposed to change the lines Keeper, 32 at $1,200, to read Keeper, 31 at $1,200; Keeper, 15 at $800, to read Keeper, 16 at $800, and balance unassigned, $2,200, to read balance unassigned $2,600. It is also proposed to change the lines Keeper, 4 at $900, to read Keeper, 5 at $900; Keeper, 16 at $800, to read Keeper, 15 at $800, and balance unassigned $2,600, to read balance unassigned $2,500.

"The changes are to provide for the salary of a Keeper who was appointed on April 27 at the minimum rate, $800, to fill a vacancy created by the retirement of a Keeper receiving the maximum rate, $1,200; the $400 difference is to be scheduled as a balance unassigned, and for the increase in salary of Michael Keating, a Keeper, from $800 to $900 per annum. It has been the custom for years past to provide increases in salaries in the Budget for Keepers who have served two years in the different grades until the maximum rate is reached. These increases are due at different dates during the year and it is optional with the Commissioner to allow them.

"Provision was made in the 1913 Budget for the increase in salary of Mr. Keating to be effective as of November 9, 1913, and also in the Budget for 1914. On October 1, 1913, Mr. Keating was granted a leave of absence without pay for a period of six months. He reported for duty on March 10, 1914. In January, 1914, a readjustment of schedules was made to conform with conditions existing as of January 1; the grade of Keeper at $900 intended for Mr. Keating was reduced to $800 and the $100 difference was scheduled as a balance unassigned. The Commissioner now desires to allow Mr. Keating the $100 increase due him to be effective as of May 1.

"In Personal Service, Salaries Regular Employees, Prison Service, Care of Plant and Inmates, 2632, Penitentiary, it is proposed to change the line Keeper, 11 at $800, to read Keeper, 12 at $800, and in Personal Service, Salaries Regular Employees, Prison Service, Care of Plant and Inmates, 2628, District Prisons, to change the line Keeper, 21 at $1,200, to read Keeper, 20 at $1,200, and insert the line Balance unassigned, $400. In No. 2628. District Prisons, it is proposed to substitute a Keeper at the minimum rate, $800, for one at the maximum rate, $1,200, who retired, and transfer the incumbent to No. 2632, Penitentiary. The $400 difference is to be scheduled as a balance unassigned in the former account.

"In a recent modification of No. 2632, Penitentiary, the salary of a Keeper at $1,200 who retired was utilized to provide for two clerkships at $600 each;

one of which was assigned to District Prisons to relieve a Keeper performing clerical duties. The proposed transfer is to fill the vacancy at the Penitentiary."

In view of the foregoing facts we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

Department of Correction—Transfer of Appropriation and Modification of Schedules (Cal. No. 50).

The Secretary presented a communication from the Commissioner of Correction dated May 21, 1914, requesting the modification of schedules for 1914, involving a transfer of funds, and the following report of the Committee on Salaries and Grades, recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, June 15, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 21, 1914, the Commissioner of Correction requested modification of six salary schedules in her department, to be effective as of May 12, 1914, involving a cash transfer of $2,229.82, and a further modification of two salary schedules, to be effective as of June 1, 1914, involving a cash transfer of $402.50. On May 26 the request was referred to the Committee on Salaries and Grades. The Bureau of Standards reports thereon as follows:

"The purpose of the modification is to provide for four Farm Instructors and a Stenographer and Typewriter, at $900 per annum each. To accomplish this it is proposed to reduce unassigned balance in seven salary accounts, amounting to $4,500.

"In Personal Service, Salaries, Regular Employees, Administration, 2625, Executive, to insert the line Stenographer and Typewriter, $900, and eliminate the line balance unassigned, $210. In Personal Service, Salaries, Regular Employees, Administration, 2626, Audit, Accounts and Records, to change the line balance unassigned, $1,020, to read balance unassigned, $720. In Personal Service, Salaries, Regular Employees, Prison Service, Care of Plant and Inmates, 2628, District Prisons, to eliminate the line balance unassigned, $400. In Personal Service, Salaries, Regular Employees, Prison Service, Care of Plant and Inmates, 2629, City Prisons, to change the line balance unassigned, $1,550, to read balance unassigned, $600. In Personal Service, Salaries, Regular Employees, Prison Service, Care of Plant and Inmates, 2630, Workmen, to change the line balance unassigned, $2,500, to read balance unassigned, $1,200, and in Personal Service, Salaries, Regular Employees, Prison Service, Care of Plant and Inmates, 2632, Penitentiary, to change the line balance unassigned, $1,150, to read balance unassigned, $600.

"The position of Stenographer and Typewriter is requested as there is no such position attached to the office of the Commissioner. Part of the stenographic work of this office is performed by a clerk attached to the Bureau of Audit and Accounts, which interferes with the routine work of this bureau. There is a Typewriting Copyist temporarily assigned to the Commissioner's office by the Tenement House Department to assist in the work. The Commissioner states that it will be necessary to employ an experienced Stenographer to fulfill the requirements of the position.

"The request for four Farm Instructors is made for the purpose of teaching farm industries to boys sent to New Hampton Farms, New York, recently purchased by the City as a branch of the New York City Reformatory for Male Misdemeanants. Request was not made in the 1914 Budget for these positions, as the former Commissioner of Correction assumed that work at the new farm could not be started during the present year.

"The request for these positions, in accordance with two resolutions adopted by your Board, concurred in by the Board of Aldermen and approved of by the Mayor as of May 12 and May 26, respectively."

In view of the foregoing facts we recommend the adoption of the attached resolution granting the request.

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

New York Public Library—Modification of Schedules (Cal. No. 51).

The Secretary presented a communication from the Trustees of the New York Public Library dated June 11, 1914, requesting the modification of schedules for 1914; and the following report of the Committee on Salaries and Grades recommending approval thereof:

City of New York, Department of Finance, Comptroller's Office, June 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 11, 1914, the Trustees of the New York Public Library requested the Board of Estimate and Apportionment to approve modification of salary schedules Numbers 1460, Salaries Regular Employees, Branch Libraries, and 1463, Wages Temporary Employees, Care of Buildings and Grounds, to take effect as of June 1, 1914. In connection therewith we report as follows:

The modification of schedule 1460 changes the lines:

First Assistant, 3 at $1,020	$3,060 00
First Assistant, 5 at $960	4,800 00
First Assistant, 13 at $900	11,700 00
First Assistant, 3 at $780	2,340 00
Children's Librarian	780 00
Second Assistant, 59 at $720	42,480 00
Second Assistant, 91 at $660	60,060 00
Assistant, 45 at $600	27,000 00
Assistant, 138 at $540	74,520 00
	$226,740 00

—to read:

First Assistant, 2 at $1,020	2,040 00
First Assistant, 6 at $960	5,760 00
First Assistant, 12 at $900	10,800 00
First Assistant, 4 at $780	3,120 00
Children's Librarian, 6 at $780	4,680 00
Second Assistant, 55 at $720	39,600 00
Second Assistant, 87 at $660	57,420 00
Assistant, 47 at $600	28,200 00
Assistant, 139 at $540	75,060 00
Balance Unassigned	60
	$226,740 00

Eight persons have left the service, as follows:

First Assistant, 1 at $1,020	$1,020 00
First Assistant, 1 at $900	900 00

Second Assistant, 4 at $660	2,640 00
Assistant, 1 at $600	600 00
Assistant, 1 at $540	540 00
	$5,700 00

Of the $5,700 thus released, $4,980 is used for eight new appointments, $420 for seven promotions, and $240 for four salary increases, as follows:

New Appointments.

First Assistant, 1 at $960	$960 00
Second Assistant, 1 at $660	660 00
Assistant, 2 at $600	1,200 00
Assistant, 4 at $540	2,160 00
	$4.980 00

Promotions.

Second Assistant to First Assistant, 1 from $720 to $780	$60 00
Second Assistant to Children's Librarian, 5 from $720 to $780	300 00
Assistant to Second Assistant, 1 from $600 to $660	60 00
	$420 00

Salary Increases.

Second Assistant, 2 from $660 to $720	$120 00
Assistant, 2 from $540 to $600	120 00
	$240 00

The remaining $60 is credited to balance unassigned.

The modification of schedule No. 1463 changes the lines:

Mechanic, at $3.20 per day (250 days)	$800 00
Assistant, at $2.80 per day (550 days)	1,540 00
Assistant, at $2 per day (120 days)	240 00
Assistant, at $1.60 per day (300 days)	480 00
	$3,060 00

—to read:

Mechanic, at $3.20 per day (600 days)	$1,920 00
Assistant at $2.80 per day (200 days)	560 00
Assistant, at $2 per day (290 days)	580 00
	$3,060 00

The line Assistant, at $1.60 per day (300 days) is dropped and the number of days in the line Assistant at $2.80 per day (550 days), decreased from 550 to 200. Of the $1,460 thus released, $1,120 is added to the line Mechanic at $3.20 per day (250 days), increasing the number of days from 250 to 600. The remaining $340 is added to the line Assistant, at $2 per day (120 days), thus increasing the number of days from 120 to 290. It is stated that the foregoing changes are due to the changes in wage conditions. They do not effect the total of the schedule.

The line item changes in detail are as follows:

Code No.	Title.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
1460	First Assistant, 3 at $1,020	$1,020 00	.....	$595 00	.....

Department of Bridges—Retirement of William A. Carsey, Inspector of Masonry (Cal. No. 52).

The Secretary presented a report of the Committee on Salaries and Grades, returning for filing papers in the matter of the application of William A. Carsey, an Inspector of Masonry in the Department of Bridges, for retirement, pursuant to Chapter 669 of the Laws of 1911, as amended.

(On February 15, 1912, the above application was referred to the Committee on Salaries and Grades, and on June 12, 1914 (Cal. No. 166), the Commissioner of Bridges withdrew the application for the reason that Mr. Carsey had died.)

Which was ordered filed.

From Select and Special Committees.

Department of Bridges—Approval of Plans, Specifications, Etc. (Cal. No. 53).

(On January 9, 1914 (Cal. No. 21) a communication from the Commissioner of Bridges in this matter was referred to a Special Committee consisting of the Comptroller, the President of the Borough of Manhattan and the Commissioner of Bridges, and on January 30th, under a reorganization of the Committees of the Board, the above Committee was continued.)

The Secretary presented the following report:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 15, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On January 9, 1914, a report of the Comptroller dated December 17, 1913, recommending for approval form of contract, plans, specifications and estimate of cost in the sum of $420,000 prepared by the Commissioner of Bridges, for lockers, shelving and filing equipment for the Municipal Building, Borough of Manhattan, was referred by your Board to a special committee consisting of the Comptroller, President of the Borough of Manhattan and the Commissioner of Bridges.

On January 20, 1914, this special committee was continued.

Heads of departments have directed the attention of some of your committee to the urgent need of shelving and filing devices in which to store these records which are now piled on the floors. There is no question as to the desirability or necessity for providing the departments with adequate and suitable filing facilities, but in view of the reallotment of the space in the Municipal Building, after the preparation of these plans changing the space originally provided for some of the departments and providing space for other departments not originally to be housed in the Municipal Building, it would be impracticable now to enter into this contract in its present form.

In view of the fact that about 80 per cent of the space in the building is occupied by City departments, your Committee advises that the form of contract, plans and specifications be returned to the Commissioner of Bridges and that he be directed to make a further study of the requirements of the respective departments, and to prepare forms of contract, plans, specifications and estimates of cost for shelving and filing devices for the Municipal Building, and submit same to the Board for approval.

It is further recommended and advised that in order to obtain more and better competition, that the work be divided into separate contracts, to be advertised and bids opened at the same time, to wit: (1) for shelving; (2) for filing equipment.

The items for lockers have been omitted in our recommendation, as lockers in public offices are considered unsanitary and unnecessary. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller; MARCUS M. MARKS, President, Borough of Manhattan; F. J. H. KRACKE, Commissioner of Bridges; Special Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby returns, without its approval, to the Commissioner of Bridges, the form of contract, plans and specifications for shelving, filing devices and lockers for the Municipal Building, as submitted by the Commissioner of Bridges on July 26, 1913; and be it further

Resolved, That the Commissioner of Bridges is hereby directed to restudy the requirements for shelving and filing equipment of the different departments as at present housed in the Municipal Building, and to prepare two separate forms of contracts, plans, specifications and estimates of cost, to wit: (1) for shelving; (2) for filing equipment.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

From Department of Finance.

President, Borough of Manhattan—Amendment of Issue of Special Revenue Bonds (Cal. No. 54).

The Secretary presented a report of the Comptroller returning for filing resolution of the Board of Aldermen adopted May 26, 1914, amending its resolution of July 15, 1913, relative to the issue of $16,000 special revenue bonds for the renovation of certain portions of the interior of the City Hall by extending the time for incurring obligations under said authorization from December 31, 1913, to December 31, 1914.

(This amendment was concurred in by the Board of Estimate and Apportionment on June 19, 1914 (Cal. No. 114.)

Which was ordered filed.

President, Borough of The Bronx—Issue of Special Revenue Bonds and Modification of Schedule (Cal. No. 55).

The Secretary presented a report of the Comptroller, recommending an issue of $8,370 special revenue bonds (subdivision 8, section 188 of the Charter), the proceeds to be used by the President of the Borough of The Bronx for the purpose of purchasing supplies in connection with the maintenance, cleaning and equipment of public buildings in the Borough of The Bronx, and the modification of schedules to include said additional allowance.

(On June 19, 1914 (No. 197), the resolution of the Board of Aldermen, requesting the above appropriation, was referred to the Comptroller.)

Which was laid over one week (July 2, 1914), under Rule 19.

Register, Bronx County—Modification of Schedule and Issue of Special Revenue Bonds (Cal. No. 56).

(On March 6, 1914 (Cal. No. 54), the request of the Register of Bronx County for the appropriation in this matter was referred to the Comptroller.)

The Secretary presented a communication dated May 26, 1914, from the Register of Bronx County requesting an issue of Special Revenue bonds in the sum of $956.50; and the following report of the Comptroller, recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated May 26, 1914, the Register of Bronx County requested an issue of special revenue bonds in the sum of $956.50, the proceeds whereof to be used for the purchase of equipment and material, on which it is reported as follows:

On May 28, 1914, the Board of Estimate and Apportionment, pursuant to the provisions of chapter 548 of the Laws of 1912, as amended, adopted a resolution providing for the establishment of the position of bookbinder for one incumbent in the office of the Register of Bronx County. It appears that Mr. Roger Donohue was duly appointed to the new position of bookbinder on June 1, 1914. The Register of Bronx County states that no provision was made in the 1914 budget for the purchase of equipment and material used by a bookbinder in order that he may carry on his work, and that inasmuch as a number of libers are about to be transferred from the office of the Register of New York County to his office this material and equipment is very necessary.

Chapter 837 of the Laws of 1913 provides for the transfer of certain libers now located in the office of the Register of New York County which affect property located in Bronx County to the office of the Register of Bronx County, of which there are approximately 2,600 volumes in all. The present condition of these books may be designated as fair. From information obtained in the office of the Register of New York County it appears that some of these books will require immediate attention to keep them from deteriorating. From an examination of the memorandum submitted by the Register, showing in detail the proposed purchases of equipment and material, it appears that the estimate of cost is excessive and that $650 would amply provide the necessary equipment and material to enable the bookbinder to satisfactorily carry on his work. The purchase of such equipment and material being a mandatory county charge, provision for the payment of same will be made by the Comptroller, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter.

The adoption of the attached resolution approving the schedule as revised to include the additional appropriation is hereby recommended. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves schedules, as revised, for the office of the Register of Bronx County for the year, 1914, as follows:

3272	Purchase of Equipment	$10,171 00
	Tax Levy Allowance	$1 00
	Special Revenue Bond Allowance	$10,170 00
		$10,171 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond--16.

Tenement House Department—Issue of Special Revenue Bonds (Cal. No. 57).

The Secretary presented a report of the Comptroller, recommending an issue of $700 special revenue bonds (subdivision 8, section 188, of the Charter), the proceeds to be used by the Commissioner of the Tenement House Department for the purpose of providing means for the purchase of equipment necessary for his office in the Municipal Building.

(On June 19, 1914 (No. 196B), the resolution of the Board of Aldermen requesting the issue of $1,000 special revenue bonds for the above purpose was referred to the Comptroller.)

Which was laid over one week (July 2, 1914), under Rule 19.

Board of Aldermen, City Clerk and Clerk to Board of Aldermen—Issue of Special Revenue Bonds (Cal. No. 58).

The Secretary presented a report of the Comptroller, recommending an issue of $715 special revenue bonds (subdivision 8, section 188 of the Charter) the proceeds to be used by the City Clerk and Clerk to the Board of Aldermen for the purpose of providing means for moving the office records and furniture from the City Hall to the Municipal Building.

(On June 19, 1914 (No. 196A), the resolution of the Board of Aldermen, requesting the issue of $1,000 special revenue bonds for the above purpose, was referred to the Comptroller.)

Which was laid over one week (July 2, 1914,) under Rule 19.

President, Borough of Manhattan—Issue of Special Revenue Bonds (Cal. No. 59).

The Secretary presented a report of the Comptroller recommending an issue of $16,000 special revenue bonds (subdivision 8, section 188 of the Charter), the proceeds to be used by the President of the Borough of Manhattan for refurnishing, renovating and repairing the Aldermanic Chamber in City Hall and for the construction of a stairway between the second and third floors of the building for the use of the Art Commission in reaching its office.

(On June 19, 1914 (Cal. No. 86), the resolution of the Board of Aldermen, requesting the issue of special revenue bonds for the above purpose, was referred to the Comptroller.)

Which was laid over one week (July 2, 1914,) under Rule 19.

Department of Parks, Borough of Brooklyn—Transfer of Appropriation and Modification of Schedules (Cal. No. 60).

The Secretary presented communications from the Commissioner of Parks, Brooklyn, dated June 12, 1914, and June 15, 1914, respectively, requesting a transfer within the appropriation for said department for 1914; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 12, 1914, the Department of Parks, Brooklyn, requested transfer of funds within appropriations to that department for the year 1914 for $750, and in a further communication dated June 15, 1914, an additional transfer was requested within appropriations for the current year to an amount of $150. The increases and decrease in the amounts affected by the proposed transfer are as follows:

	FROM	
	Supplies.	
1300	General Plant Supplies	$900 00
	TO	
1317	Contingencies	$150 00
	Purchase of Equipment.	
1301	Office Equipment	150 00
1304	General Plant Equipment	600 00

Account No. 1317 has a balance of only 35 cents, against which there are outstanding liabilities amounting to $67.00 for printing and for hire of an expert to make an inspection of trees. It is also necessary to provide additional funds for the payment of supper money in connection with overtime work to be incurred preparing vacation schedules in compliance with a resolution of the Board of Aldermen adopted June 2. 1914, entitled "An ordinance in relation to vacations for employees of The City of New York." The balance remaining to date in account No. 1301 is 66 cents, and it is necessary to replenish this account to meet anticipated expenditures for equipment charges, including a desk for the Secretary to the Commissioner, also a typewriter and water cooler.

Account No. 1304 has an available balance of $16.52, which is insufficient to meet the necessary expenditures for high-pressure hose and sundry items of equipment.

It is estimated that the transfers referred to will be sufficient to meet the expenditures, as stated, and at the same time leave an available balance to meet unknown contingencies for the remainder of the current year.

A sufficient balance remains in account No. 1300 to permit the proposed transfer.

The adoption of the attached resolutions approving the proposed transfer and schedules as revised is hereby recommended.

Respectfully submitted, WILLIAM A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Parks, Brooklyn, for the year 1914, as follows:

	FROM	
	Supplies.	
1300	General Plant Supplies	$900 00
	TO	
1317	Contingencies	$150 00
	Purchase of Equipment.	
1301	Office Equipment	150 00
1304	General Plant Equipment	600 00
		$900 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the following schedules, as revised, for the Department of Parks, Brooklyn:

	Supplies.	
1300	General Plant Supplies	$2,519 85
1317	Contingencies	400 00
	Purchase of Equipment.	
1301	Office Equipment	1,465 00
1304	General Plant Equipment	4,709 25

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Transfer of Appropriation and Modification of Schedules (Cal. No. 61).

The Secretary presented a communication from the President of the Borough of Manhattan, dated June 9, 1914, requesting a transfer within the appropriation for said office for 1914; and the following report of the Comptroller recommending the approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 9, 1914, the President of the Borough of Manhattan requested transfer of $10,000 within appropriations to that department for the year 1914. The increases and decreases in the accounts affected by the proposed transfer are as follows:

	FROM	
	Contract or Open Order Service, General Repairs.	
427	Care of Public Buildings and Offices	$5,000 00
	Contract or Open Order Service, General Repairs.	
428	Care of Municipal Building	5,000 00
		$10,000 00
	TO	
	Supplies, General Plant Supplies.	
399	Care of Highways	$100 00
	Supplies, General Plant Supplies.	
401	Care of Public Buildings and Offices	2,000 00
	Purchase of Equipment, General Plant Equipment.

423	Care of Municipal Building	500 00
	Contract or Open Order Service, General Plant Service.	
442	Administration and Public Works	500 00
		$10,000 00

The purpose of the proposed transfers is to provide additional funds for appropriations which have become depleted in order to meet anticipated expenditures to be charged against these accounts which will necessarily be incurred before the end of the current year.

The adoption of the attached resolution approving the proposed transfers and schedules as revised is hereby recommended.

Respectfully submitted, WILLIAM A. PRENDERGAST, Comptroller.

Department of Education—Transfer of Appropriations (Cal. No. 62).

The Secretary presented a Report of the Comptroller, Chairman of the Committee on Education, referring to the resolution of the Board of Education requesting the transfer to the appropriate accounts of said Board, of all moneys appropriated for the use of the Permanent Census Board, unexpended on April 20, 1914, the date upon which the act consolidating the Permanent Census Board with the Department of Education took effect.

The report states that no action is necessary on this request as the transfer of the Permanent Census Board moneys was effected in the enactment of the statute.

(On May 1, 1914 (Cal. No. 143A), the above resolution was referred to the Comptroller.)

Which was ordered filed, and the Secretary was directed to notify the Board of Education of the action of the Board of Estimate and Apportionment in this matter.

Department of Education—Transfer of Appropriations and Modification of Schedule (Cal. No. 63).

The Secretary presented a communication from the Secretary, Board of Education, together with a resolution adopted by said Board on April 22, 1914, requesting a transfer of funds within the Special School Fund appropriation for said Board for 1914; and the following report of the Comptroller, Chairman, Committee on Education, recommending approval thereof:

City of New York, Department of Finance, Comptroller's Office, June 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On April 22, 1914, the Board of Education requested transfer of funds within the Special School Fund appropriation for 1914, as follows:

FROM

Fixed Charges and Contributions, Rent.

975 Rooms for Shopwork $13,300 00

TO

Educational and Recreational Supplies.

892 Special Supplies $5,300 00

Educational and Recreational Equipment.

907 Special Equipment $8,000 00

In the budget for 1914 the Board of Education was allowed $13,300 for rental of rooms to be used for the extension of shopwork instruction to all boys of the 7th and 8th years not receiving such instruction, and to boys of 13 years of age below the 7th year who are about to leave school. It is stated that owing to the difficulty in obtaining suitable rooms it is impracticable to rent rooms as intended. It is proposed therefore to apply the appropriation to the purchase of supplies and equipment for the pre-vocational school to be established in the loft of the Cary Building, Brooklyn, for which a lease has been authorized.

Allowances of $4,316.90 for supplies and $5,307 for equipment, a total of $9,623.90, were made in the budget for this school, but owing to the demand for pre-vocational courses in Public Schools 62, Manhattan, and 162, Brooklyn, and the delay in securing suitable quarters for the new pre-vocational school for which funds had been provided, the money was applied to the purchase of equipment and supplies for pre-vocational courses in the former schools with the result that no funds are available for the purchase of supplies and equipment for the loft in the Cary Building.

As will appear the equipment of the school will cost more than was anticipated when it was contemplated in the Departmental Estimate. The $13,300 which it is proposed herein to make available through transfer will only partially cover the cost. For the purposes of this report under date of May 12, 1914, Deputy Comptroller Charles S. Hervey, as acting chairman of the Committee on Education, requested an itemized statement showing the specific purposes to which it is proposed to apply the $13,300. Under date of June 13, a statement was received and is transmitted herewith detailing the cost of equipping the loft in the Cary Building (15,000 square feet area), as follows:

Machine Shop	$7,115 00
Wood Turning and Pattern Making	1,900 00
Joinery	1,245 00
Sheet Metal Working	749 50
Electric Wiring (2 classes)	600 00
Printing	1,664 00
Plumbing	760 00
	$14,033 50
Pamphlet Binding (if desired, add)	625 00
	$14,658 50
Academic Equipment	6,650 00
Office and Academic Supplies	1,200 00
Total	$22,508 50

I recommend the adoption of the attached resolution granting the request and approving the schedules. Respectfully,

WM. A. PRENDERGAST, Comptroller, and Chairman, Committee on Education.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Education for the year 1914, as follows:

FROM

Department of Education—Transfer of Appropriation and Modification of Schedules (Cal. No. 64).

The Secretary presented a communication from the Board of Education dated June 10, 1914, requesting transfer of funds within the Special School Fund appropriation for said Department for 1914; and the following report of the Comptroller, Chairman, Committee on Education, recommending approval thereof:

City of New York, Department of Finance, Comptroller's Office, June 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 10, 1914, the Board of Education requested transfer of $500 within the Special School Fund appropriations for the year 1914, as follows:

FROM

Supplies, Educational and Recreational Supplies.

890 Supervision of Lectures $500 00

TO

Contingencies.

973 Supervision of Lectures $500 00

Account No. 973, Contingencies, is to be drawn upon to meet the obligations incurred by the Lecture Bureau in connection with the moving of their offices to the former headquarters of the Fire Department. It is estimated that this expense, which was not anticipated when the budget for 1914 was prepared, would approximate $500. In account No. 890, Supervision of Lectures, there is a sufficient balance available to permit of the transfer.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller, and Chairman, Committee on Education.

Board of Estimate and Apportionment—Committee on Education, Appointment of Working Staff and Transfer of Employees (Cal. No. 65).

The Secretary presented a communication from the Comptroller, Chairman of the Committee on Education, dated June 23, 1914, transmitting the following report of said Committee, submitting for appropriate action by the Board, resolutions adopted on June 16, 1914, by the Committee on Education relative to the organization of a working staff, subject to the approval of the Civil Service Commission:

City of New York, Department of Finance, Comptroller's Office, June 13, 1914.

To the Committee on Education, Board of Estimate and Apportionment:

Gentlemen—The working staff proposed for the office of your Committee is as follows:

Title.	Rate Per Annum.
Secretary	$4,000 00
Examiner or Accountant	2,700 00
Examiner, 2 at $1,800	3,600 00
Accountant	2,100 00
Stenographer and Typewriter	1,050 00
Clerk	1,050 00
Clerk	460 00
Tabulating Machine Operator	900 00
Tabulating Machine Operator, 2 at $780	1,560 00
Total Annual Rate	$17,440 00

The position of Secretary to the Committee at $4,000 per annum has been established pursuant to the provisions of section 56 of the Greater New York Charter, and the matter of its exemption is now pending before the Civil Service Commission. Mrs. Mathilde C. Ford, examiner in the Department of Finance, has been acting as Secretary to the Committee since April 14, 1914, pending her appointment. I submit herewith copy of a letter from the Chairman of the Committee to the Municipal Civil Service Commission under date of June 8, 1914, requesting that the appointment of Mrs. Ford as Secretary to the Committee be excepted from competitive examination under the provisions of paragraph 5, Rule 12 of the Municipal Civil Service rules, if the position is to be placed in the competitive class.

The grade of stenographer and typewriter at $1,050 per annum exists in the Board of Estimate and Apportionment for an unlimited number of incumbents. Miss Julia A. Abbott was transferred from the Department of Parks, Manhattan and Richmond, to the Board of Estimate and Apportionment, to take effect May 11, 1914, to fill the position of stenographer and typewriter to the Committee.

The grade of clerk at $480 per annum also exists. Mr. Samuel A. Linsky was transferred from the Department of Finance to the Board of Estimate and Apportionment and assigned to the office of the Committee at $480 per annum, to take effect May 1, 1914.

On June 5, 1914, the Board of Estimate and Apportionment requested the Board of Aldermen to establish the additional grades required for the proposed staff, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Examiner or Accountant	$2,700 00	1
Examiner	1,800 00	2
Accountant	2,100 00	1
Clerk	1,050 00	1
Tabulating Machine Operator	900 00	1
Tabulating Machine Operator	780 00	2

Mr. Abraham Jablow, accountant, at $2,100 per annum, and Miss Amy M. Ford, clerk, at $1,050 per annum, Department of Finance, were assigned to the office of the Committee on Education by the Comptroller on April 16, 1914, with the understanding that they will be regularly transferred as soon as the necessary grades shall have been established.

On April 14, 1914, the Comptroller made application to the Civil Service Commission for the extension of time for employment of Miss Bessie C. Stern, expert examiner and tabulator, who was in the employ of the Committee on School Inquiry from July, 1911, to December, 1913, and assigned her temporarily to the office of the Committee on Education. Her employment temporarily at $6 per diem has been approved by the Municipal Civil Service Commission. On June 9, 1914, the Chairman of the Committee requested the Municipal Civil Service Commission to approve the appointment of Miss Stern as examiner with salary at the rate of $1,800 per annum, under the provisions of paragraph 5, Rule 12, of the Civil Service rules.

Three tabulating machine operators who were engaged in the work of the General School Fund Payroll Analysis in the Department of Finance, were assigned to the office of the Committee when this work was taken over, with the understanding that they will be transferred thereto as soon as the necessary grades shall have been established. Their names and salaries are as follows: Victor S. Bailey, $900 per annum; Charlotte Muller, $780 per annum, and Louise Keenan, $780 per annum. Mr. Bailey has since been transferred to the office of the Pension Committee, Board of Estimate and Apportionment.

Two positions of the proposed staff of the Committee remain to be filled, namely, examiner or accountant at $2,700 per annum, and examiner at $1,800 per annum. On June 4, 1914, the Chairman made application to the Municipal Civil Service Commission for the temporary employment of Mr. Leroy Peterson as examiner in the office of the Committee, at $6 per diem, for 125 days for a sum not exceeding $750, pending an examination for examiner to replenish the eligible list which is now exhausted. The application was approved on June 10, 1914.

I transmit herewith for consideration, applications for positions with the Committee, together with letters of recommendations, from Dr. Frank P. Bachman, Mr. Lyman Beecher Stowe and Dr. U. B. Soule.

Resolutions are submitted for adoption:

1. Appointing Mrs. Mathilde C. Ford, Secretary to the Committee, with salary at the rate of $4,000 per annum, subject to approval of the Civil Service Commission.

2. Appointing Miss Bessie C. Stern, examiner, with salary at the rate of $1,800 per annum, subject to the establishment of the necessary grade and the approval of the Civil Service Commission.

3. Approving of the employment of Mr. Leroy Peterson temporarily at the rate of $6 per diem.

4. Requesting the Comptroller to transfer Mr. Abraham Jablow, Miss Amy M. Ford, Miss Charlotte Muller and Miss Louise Keenan, from the Department of Finance to the Board of Estimate and Apportionment.

Respectfully, WM. A. PRENDERGAST, Comptroller and Chairman Committee on Education.

The following resolution was offered:

Department of Docks and Ferries—Transfer of Appropriation and Modification of Schedule (Cal. No. 66).

The Secretary presented a communication from the Commissioner of Docks dated June 17, 1914, requesting a transfer within the appropriation for said department for 1914, and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 23, 1914.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—In a communication dated June 17, 1914, the Department of Docks and Ferries requested a transfer of $300 within appropriations made to that department for the year 1914. The increase and decrease in the accounts affected by the proposed transfer are reflected as follows:

FROM

General Plant Service, Docks, Piers, Bulkheads and Marginal Streets.

2863 General $300 00

TO

General Plant Service.

2862 General Administration $300 00

The available balance in account No. 2862, General Plant Service, General Administration, is $163. The Commissioner of Docks states that it is necessary to dredge by the pier located at the foot of West 133d street, and for this purpose the transfer of $300 will be required to provide funds in the appropriation account referred to.

The adoption of the attached resolutions approving the proposed transfer and schedules, as revised, is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Docks and Ferries, for the year 1914, as follows:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 13, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 10, 1914, the Commissioner of the Department of Bridges requested transfer of funds within appropriations for the year 1914. The increases and decrease in the accounts affected by the proposed transfer is reflected as follows:

FROM

Purchase of Equipment.

2776 General Plant Equipment..... $800 00

TO

Purchase of Equipment.

2773 Office Equipment $700 00
2786 Contingencies 100 00

The purpose of the aforesaid transfer is to make provision for the purchase of floor covering for the offices of the Commissioner and Deputy Commissioner of the Department referred to, and to replenish contingent expense account for the year 1914.

The present balances of the accounts affected by the proposed transfer are stated as follows:

Purchase of Equipment.

2776 General Plant Equipment..... $4,044 35
2773 Office Equipment 1 47
2786 Contingencies 14 91

It will be seen from the figures quoted that the balances in Accounts Nos. 2773 and 2786 are practically exhausted, so that it is necessary to provide additional funds by means of transfer to meet the pending expenditures referred to.

The adoption of the attached resolutions approving the proposed transfer and schedules, as revised, is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds, appropriated to the Department of Bridges, for the year 1914, as follows:

Department of Water Supply, Gas and Electricity—Modification of Schedule (Cal. No. 68).

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity dated June 17, 1914, requesting the modification of schedules for 1914; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 23, 1914.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—In a communication dated June 17, 1914, the Commissioner of Water Supply, Gas and Electricity requested modification of salary schedules supporting the appropriations made for that office for the year 1914, on which it is reported as follows:

It is proposed to modify schedule "No. 2159-C Salaries, Regular Employees, Water Supply, Construction, Corporate Stock Force" by changing the line "Transitman, 8 at $1,800" to read "Transitman, 7 at $1,800," and the line "Inspector, 19 at $1,800" to read "Inspector, 20 at $1,800." The purpose of this change is to provide for an additional inspector made necessary by the increased construction work.

It is also proposed to modify schedule "No. 2156-T. C. W., Salaries, Regular Employees, Water Supply, Executive" by dropping the line "Clerk, at $750," and changing the line "Typewriting Copyist, at $750" to read "Typewriting Copyist, 2 at $750."

This change becomes necessary for the reason that it has been decided that the work to be done by this clerk properly comes under the duties of a typewriting copyist.

The line item changes in detail are as follows:

Code No.	Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
2159	Transitman, 8 at $1,800.....	.....	$1,800 00	.....	$1,050 00
	Inspector, 19 at $1,800.....	$1,800 00	.....	$1,050 00	.....
2156	Clerk, at $750.....	.....	750 00	.....	437 50
	Typewriting Copyist, 2 at $750	750 00	.....	437 50	.....
		$2,550 00	$2,550 00	$1,487 50	$1,487 50

The adoption of the attached resolution approving the schedules, as revised, is hereby recommended. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

Department of Water Supply, Gas and Electricity—Transfer of Appropriation and Modification of Schedules (Cal. No. 69).

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, dated June 11, 1914, requesting a transfer within the appropriation for said Department for 1914; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 11, 1914, the Commissioner of the Department of Water Supply, Gas and Electricity requested modification of salary schedules of appropriations for that office for the year 1914, to take effect June 1, 1914, on which it is reported as follows:

In account No. 2164, Water Supply, Distribution, Tax Levy Force, it is proposed to change the line, "Inspector at $1,100" to read: *Inspector at* $1,200; and in account No. 2169, Water Revenue Collection, Tax Levy Force, it is proposed to change the lines, "Inspector, 16 at $1,200," to read: *Inspector,* 15 *at* $1,200, and "Inspector, 127 at $1,100," to read: *Inspector,* 128 *at* $1,100.

The line item changes in detail are as follows:

Code No.	Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
2164	Inspector at $1,100	.....	$1,100 00	.....	$641 70
	Inspector at $1,200	$1,200 00	.....	$700 00	.....
2169	Inspector, 16 at $1,200	.....	1,200 00	.....	700 00
	Inspector, 127 at $1,100	1,100 00	.....	641 70	.....
		$3,300 00	$3,300 00	$1,341 70	$1,341 70

These changes referred to involve the transfer of an Inspector at $1,100 from the Bureau of Water Supply in exchange for an Inspector at $1,200 from the Water Register's office and necessitate a transfer being made, within the appropriations, of $58.30 from account No. 2169, Personal Service, Salaries, Water Revenue Collection, Tax Levy Force, to Account No. 2164, Personal Service, Salaries, Regular Employees, Water Supply and Distribution, Tax Levy Force.

The adoption of the attached resolutions approving the proposed transfer and schedules, as revised, is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, as amended, hereby approves of the transfer of funds appropriated to the Department of Water Supply, Gas and Electricity for the year 1914, as follows:

Department of Correction—Transfer of Appropriation and Modification of Schedules (Cal. No. 70).

The Secretary presented a communication from the Commissioner of Correction dated June 17, 1914, requesting a transfer within the appropriation for said Department for 1914; and the following report of the Comptroller recommending the approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 17, 1914, the Department of Correction requested transfer of funds within appropriation for the year 1914 for $600. The increase and decrease in the accounts affected by the proposed transfer are as follows:

FROM

Materials.

2666	General Plant Materials	$600 00

TO

Purchase of Equipment.

2659	Office Equipment	$600 00

The present balance in account No. 2659 is $11.06, but in order to meet the immediate needs of the department for the purpose of buying an adding machine, a further sum of about $525 will be required. It is anticipated that the proposed transfer of $600 will not only provide for the expense referred to, but will at the same time leave an available balance in that account for the remainder of the year for unknown contingencies.

A sufficient balance of funds remains in account No. 2666 to permit the proposed transfer.

The adoption of the attached resolutions approving the proposed transfer and schedules as revised is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Correction for the year 1914, as follows:

FROM

Department of Parks, Borough of The Bronx—Transfer of Appropriation and Modification of Schedule (Cal. No. 71).

The Secretary presented a communication from the Commissioner of Parks, Borough of The Bronx, dated June 12, 1914, requesting a transfer within the appropriation for said Department for 1914; and the following report of the Comptroller, recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 12, 1914, the Department of Parks, Borough of The Bronx, requested a transfer of funds within appropriations to that department for the year 1914. The increase and decrease in the accounts affected by the proposed transfer are reflected as follows:

FROM

Purchase of Equipment.

1227 Live Stock $498 00

TO

Purchase of Equipment.

1229 General Plant Equipment..... $498 00

The transfers are requested to provide funds for the purchase of various supplies and tools necessary for the transaction of business of the Department for the remainder of the year. The present balance in account, Purchase of Equipment, No. 1229, General Plant Equipment, namely, $2.39, is inadequate to meet the anticipated charges to be made for the necessary equipment to be purchased.

A sufficient balance of funds remains in account No. 1227 to admit of the proposed transfer.

The adoption of the attached resolutions approving the proposed transfer and schedules as revised is hereby recommended. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Parks, Borough of The Bronx, for the year 1914, as follows:

Department of Street Cleaning—Transfer of Appropriation and Modification of Schedules (Cal. No. 72).

The Secretary presented a communication from the Commissioner of Street Cleaning dated June 13, 1914, requesting a transfer within the appropriation for said department for 1914; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 20, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication undated received by this Department under date of June 13, 1914, the Department of Street Cleaning requested transfer of $13,000 within appropriations to that Department for the year 1914. The increase and decrease in the accounts affected by the proposed transfer is reflected as follows:

FROM

Wages, Temporary Employees, Sweeping and Cleaning.

2355 Manhattan—Sweeper at $2 per day $13,000 00

TO

Wages, Temporary Employees, Carting and Stables.

2360 The Bronx—Driver at $2 per day..... $13,000 00

The purpose of the proposed transfer is to provide additional funds in account No. 2360, which has been depleted owing to the additional cost involved, caused by the increased population and consequent extension of mileage in the streets of the Borough of The Bronx.

A sufficient balance of funds remains in Account No. 2355 to admit of the proposed transfer.

The adoption of the attached resolutions approving of the said transfer and schedules as revised is hereby recommended. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated for the year 1914, as follows:

DEPARTMENT OF STREET CLEANING.

FROM

Department of Docks and Ferries—Transfer of Appropriation and Modification of Schedules (Cal. No. 73).

The Secretary presented a communication from the Commissioner of Docks dated June 10, 1914, requesting a transfer within the appropriation for said department for 1914; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 20, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 10, 1914, the Department of Docks and Ferries requested transfer of $5,000 within appropriations to that department for the year 1914. The increase and decrease in the accounts affected by the proposed transfer is reflected as follows:

FROM

Contract or Open Order Service, General Repairs.

2851 Ferries $5,000 00

TO

Materials, General Plant Materials.

2848 Ferries $5,000 00

The purpose of the proposed transfer is to provide additional funds in account No. 2848, of which the available balance on June 17, 1914, stood at $2,609.22. It is estimated that additional material will be required for painting the hulls of the municipal ferryboats and other purposes. A sufficient balance of funds remains in account Contract or Open Order Service, General Repairs, No. 2851, Ferries, to admit of the said transfer.

The adoption of the attached resolutions approving the proposed transfer and schedules as revised is hereby recommended. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Docks and Ferries for the year 1914, as follows:

District Attorney, Kings County—Transfer of Appropriation and Modification of Schedules (Cal. No. 74).

The Secretary presented a communication from the District Attorney of Kings County dated June 5, 1914, requesting a transfer within the appropriation for said department for 1914; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 20, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 5, 1914, the District Attorney of Kings County requested a transfer of $245 within the appropriations to that office for the year 1914. The increase and decrease in the accounts affected is reflected as follows:

FROM

3384 Supplies $245 00

TO

3385 Purchase of Equipment $245 00

The District Attorney states that in order to liquidate present charges and to provide for the payment of contemplated purchases the above transfer is requested.

The adoption of the attached resolution approving the proposed transfer and schedules as revised is hereby recommended. Respectfully submitted,

WILLIAM A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the District Attorney of Kings County for the year 1914, as follows:

FROM

3384 Supplies $245 00

TO

3385 Purchase of Equipment $245 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the office of the District Attorney, Kings County, for the year 1914, as follows:

3384 Supplies $2,500 00

3385 Purchase of Equipment 828 50

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Department of Parks, Boroughs of Manhattan and Richmond—Transfer of Appropriation and Modification of Schedules (Cal. No. 75).

The Secretary presented two communications dated June 3, 1914, from the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting a transfer within the appropriation for said Department for 1914; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 20, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In two communications, dated June 3, 1914, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested transfer of $530 and $40, respectively, within appropriations to his department for the year 1914. The increase and decrease in the accounts affected by the proposed transfer are reflected as follows:

FROM

Contract or Open Order Service.

1149 General Repairs $530 00

TO

1151 Shoeing and Boarding Horses, Including Veterinary Service..... $530 00

The increase of $40 requested in the amount available for supplies to be used in the care of children school farms, may be effected by a modification of the schedule supporting budget appropriation Code No. 1137, entitled "Supplies, Botanical and Agricultural Supplies."

It is desired to provide for a deficiency in account No. 1151, which was brought about on account of the horses of the Department of Parks, Boroughs of Manhattan and Richmond, being used to assist the Street Cleaning Department for the removal of snow during last winter. The original appropriation for account No. 1151, Shoeing and Boarding Horses, including Veterinary Service for the year 1914, was $1,980; but the charges against this account to June 1, 1914, amounted to $1,857.08, leaving an available balance of only $122.92. The sum of $530, is therefore requested to provide the necessary funds for the remainder of the year.

The purpose of the revision of the schedule supporting the appropriation for supplies to be used in the case of children's school farms, is to provide for necessary expenditures to the extent of $40 in excess of $100, which was the amount provided in the budget.

The adoption of the attached resolutions approving the proposed transfer and schedules as revised is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

Department of Parks, Borough of Queens—Issue of Special Revenue Bonds and Modification of Schedules (Cal. No. 76).

The Secretary presented report of the Comptroller recommending an issue of $10,000 special revenue bonds (subdivision 8, section 188 of the Charter), for the payment of wages of additional Pruners and Climbers and Laborers in the Department of Parks, Borough of Queens, also recommending the modification of wage schedule for temporary employees No. 1381, to include these additional employees.

(On June 5, 1914 (Cal. No. 126) the resolution of the Board of Aldermen requesting the above appropriation was referred to the Comptroller.)

Which was laid over for one week (July 2, 1914), under Rule 19.

Commissioner of Accounts—Modification of Schedule (Cal. No. 77).

The Secretary presented a communication from the Commissioner of Accounts dated June 12, 1914, requesting the modification of a schedule for 1914; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 20, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 12, 1914, the Commissioners of Accounts requested modification of the schedule for the year 1914 in account No. 210, Salaries Regular Employees.

It is proposed to change the line Stenographer and Typewriter, 2 at $1,200, to Stenographer and Typewriter, $1,200, to add the line Stenographer and Typewriter, $1,050, and to carry the difference of $150 to balance unassigned. One of the present positions at $1,200 is vacant and a transfer of a Stenographer and Typewriter at $1,050 from the Department of Water Supply, Gas and Electricity, Bureau of Water Register, Borough of Manhattan, to the Efficiency Bureau of the Office of the Commissioners of Accounts, at the same salary, is contemplated instead of appointing a second incumbent at $1,200.

Line item changes in detail are as follows:

Account No.	Line Item.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
210	Stenographer and Typewriter, 2 at $1,200	$1,200 00	.....	$600 00	.....
	Stenographer and Typewriter (new line)	.....	$1,050 00	.....	$525 00
	Balance unassigned, $810	.....	150 00	.....	75 00
		$1,200 00	$1,200 00	$600 00	$600 00

The adoption of the attached resolution modifying the schedule as requested is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

Second Regiment Field Artillery, National Guard and Naval Militia, County of Kings—Appointment of Additional Armorer and Modification of Schedule (Cal. No. 78).

The Secretary presented a communication from the Commanding Officer of Battery C, Second Field Artillery, N. G., N. Y., dated June 1, 1914, requesting the modification of a schedule to include an additional Armorer at $4 per day; and the following report of the Comptroller recommending approval thereof:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 16, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated June 1, 1914, the Commanding Officer of Battery C., Second Field Artillery, N. G., N. Y., requested that provision be made for the compensation of one Armorer for said Battery, at the rate of $4 per day, from June 1, 1914, to December 31, 1914, both dates inclusive, on which it is reported as follows:

Battery C is part of the First Battalion, Second Field Artillery, N. G., N. Y., having quarters in the armory situated at 171 Clermont avenue, Brooklyn, County of Kings. Section 187 of the Military Law, as amended by chapter 558 of the Laws of 1913, provides for the employment of Armorers and Janitors, and reads in part as follows:

"Where a field hospital, ambulance, company, a company of signal corps, troop, battery, separate division or the headquarters of the division, headquarters of the naval militia, of a brigade, of a regiment or of a battalion not part of a regiment, occupies a portion of an armory or state arsenal, each shall be entitled to an armorer, and such field hospital, ambulance company, company of signal corps, troop, battery, separate division or headquarters of the division or the naval militia shall be entitled to a janitor, who shall be appointed by its respective commanding officer, and such headquarters and quarters shall be considered an independent armory, upon the approval and certificate of the major general, the commanding officer of the naval militia or commanding officer of brigade to whose command the organization occupying the armory belongs."

On April 1, 1914, the Commanding General, Division, N. G., N. Y., certified that the quarters of Battery C, Second Field Artillery, N. G., N. Y., are considered as an independent armory.

In pursuance of the provisions of the foregoing section, the Commanding Officer then appointed an Armorer, concerning which section 189 of the Military Law, as amended, provides for the compensation of such employee as follows:

"The persons appointed under the provisions of the two preceding sections shall receive compensation for the time actually and necessarily employed in their duties, to be fixed by the officer appointing such persons, as follows: When employed in armories or arsenals, armorers, janitors, electricians and engineers not to exceed four dollars per day."

Pursuant to the provisions of this section, the Commanding Officer has fixed the compensation of the said Armorer at $4 per day. There being no funds available to pay this employee, it will be necessary to issue special revenue bonds for $856, being the wages of one Armorer, at $4 per day, from June 1 to December 31, 1914.

Section 189 of the Military Law provides that such compensation shall be a County charge upon the County in which such armory or arsenal is situated, and request is accordingly made that the Comptroller issue, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter, special revenue bonds for the sum of $856, the proceeds whereof to be used for the purpose stated. In this respect no provision was made in the 1914 Budget for the said additional employee.

The adoption of the attached resolution approving the request and wage schedule as revised, to include one additional Armorer, is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Department of Public Charities—Addition to Site for Sea View Hospital, Borough of Richmond (Cal. No. 79).

The Secretary presented a resolution adopted by the Board of Aldermen on June 23, 1914, selecting as a site for an addition to the Sea View Hospital in the Borough of Richmond, lands and premises situate in the 2d Ward; and the following report of the Deputy and Acting Comptroller recommending approval thereof:

City of New York, Department of Finance, Comptroller's Office, June 25, 1914.
To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of the Board of Aldermen held June 23, 1914, an ordinance was adopted selecting a site for an addition to Seaview Hospital, consisting of certain lands and premises situate in the 2d Ward, Borough and County of Richmond, State of New York.

The site selected consists of about 200 acres, which is assessed on the tax maps of The City of New York for the year 1914 at $126,300, and is to be acquired to relieve existing conditions with which most of the members of this Board are familiar.

In my opinion, the owners of the various parcels included within the tract are asking exorbitant prices therefor, and I believe that the lands included in the ordinance should be acquired by condemnation proceedings.

I therefore respectfully recommend that the Board of Estimate and Apportionment approve of the ordinance adopted by the Board of Aldermen on June 23, 1914, selecting an addition to Seaview Hospital, consisting of certain lands and premises situate in the 2d Ward, Borough and County of Richmond, State of New York, more particularly described as follows:

Beginning at the corner formed by the intersection of the westerly side of Egbert avenue with the northerly side of Saw Mill road; running thence westerly along the said northerly side of Saw Mill road to the intersection of the said northerly side of Saw Mill road with the easterly side of Manor road; running thence northerly and easterly along the easterly and southerly sides of Manor road, as it winds and turns, to its intersection with the westerly side of Egbert avenue; running thence southerly along the said westerly side of Egbert avenue to the point or place of beginning, excepting therefrom all such portions thereof and interests therein as are now owned by the City of New York,

—the assessed valuation of which, as shown by the taxes of record on file in the Department of Taxes and Assessments for the year 1914, is $126,300; and that the Corporation Counsel be instructed to immediately institute condemnation proceedings for the acquisition of the above described premises, title to vest in The City of New York the day after the filing of the oaths of the Commissioners of Estimate.

Respectfully, ALEXANDER BROUGH, Deputy and Acting Comptroller.

His Honor, the Mayor, stated that the site for an addition to this hospital is urgently needed and asked that rule 19 be suspended to permit of immediate consideration of this matter.

On motion, Rule 19 was suspended.

On the request of the Mayor, and in compliance with rule 35, the Chief Engineer of the Board made a verbal report, stating that "there is neither a final nor a tentative plan for that portion of the Borough of Richmond adjoining the Sea View Hospital, and that the proposed acquisition of an additional site for the said hospital, which addition is understood to be bounded by existing roads, will have no apparent effect upon the development of a proper plan for this portion of the Borough."

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the following ordinance adopted by the Board of Aldermen June 23, 1914, and approved by the Mayor June 25, 1914:

AN ORDINANCE selecting a site for an addition to the Seaview Hospital in the Borough of Richmond.

"Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

"Section 1. The Board of Aldermen hereby selects as a site for an addition to the Seaview Hospital in the Borough of Richmond the following lands and premises located in the County of Richmond, in The City of New York, described in metes and bounds, as follows:

"All the lands and premises situate in the 2d Ward, Borough and County of Richmond, State of New York:

"Beginning at the corner formed by the intersection of the westerly side of Egbert avenue with the northerly side of Saw Mill road, running thence westerly along the said northerly side of Saw Mill road to the intersection of the said northerly side of Saw Mill road with the easterly side of Manor road, running thence northerly and easterly along the easterly and southerly sides of Manor road as it winds and turns to its intersection with the westerly side of Egbert avenue, running thence southerly along the said westerly side of Egbert avenue to the point or place of beginning—

"Excepting therefrom all such portions thereof and interests therein as are now owned by The City of New York.

"Sec. 2. The Corporation Counsel is hereby authorized and directed to institute condemnation proceedings for the acquisition of said lands and premises.

"Sec. 3. This ordinance shall not preclude the acquisition of the above lands and premises, or any part thereof, by purchase from the owner or the respective owners thereof, at a price authorized by the Board of Estimate and Apportionment.

"Sec. 4. The Clerk of this Board is hereby directed to prepare two similar surveys, maps or plans of said lands and premises and file the same—one in the office of this Board and one in the office of the Clerk of the County of Richmond, in accordance with the provisions of section 1436 of the Greater New York Charter.

"Sec. 5. This Ordinance shall take effect immediately."

—and be it further

Resolved, That the acquisition of the aforesaid lands and premises by The City of New York for said purpose, be and the same is hereby approved and authorized, and the Corporation Counsel is hereby directed to institute condemnation proceedings for the acquisition of said property, title to vest in The City of New York upon the day after the filing of the oaths of the Commissioners of Estimate and Appraisal.

Bronx Parkway Commission—Offers of Sale of Properties (Cal. No. 80).

The Secretary presented a report of the Comptroller, referring to the communication from the Bronx Parkway Commission, dated May 19, 1914, submitting list of owners of property and amounts to be paid for lands in the Parkway Reservation, and stating that after careful consideration of the reports made by the real estate experts, engaged by the Commission, as well as an appraisal made at his direction, the prices are fair and reasonable, and recommends that the Secretary of the Board be requested to notify the Bronx Parkway Commission to this effect.

(On May 22, 1914 (Cal. No. 38), the above communication was referred to the Comptroller.)

Which was ordered filed, and the Secretary was directed to notify the Bronx Parkway Commission.

Department of Finance—Claim of Charles H. Heck (Cal. No. 81).

The Secretary presented the following report of the Comptroller:

City of New York, Department of Finance, Comptroller's Office, June 23, 1914.
To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On August 12, 1913, a claim was filed in this Department by Jerome Ullman, an attorney at law, on behalf of Charles H. Heck for damages alleged to have been sustained by him by reason of the construction and operation of an elevated structure known as the subway in front of the premises No. 586 Westchester Avenue, of which premises he was the owner from May 30, 1902, to May 17, 1905, and which were known as Lot No. 229, Block 2616 of Section 10.

Relative to this claim the Corporation Counsel has advised, in part, that in June, 1913, a motion was made by the claimant before the Hon. Leonard A. Giegerich, Justice of the Supreme Court, for an order resettling the order made by him on June 1, 1911, confirming the report of the Commissioners of Appraisement in the matter of acquiring title to the perpetual easements, etc., for the construction, etc., of an elevated railroad in Westchester Avenue, etc., so as to award to said claimant the damages caused by The City of New York through its construction of an elevated structure and operation of trains thereon, along or in front of his premises on Westchester Avenue. Said application was granted by Justice Giegerich in a decision rendered by him, but no order has been entered pursuant to the same. That the claimant was the owner of the premises fronting upon Westchester Avenue, shown as Lot No. 29, in Block 2616, upon the Damage Map in said condemnation proceeding; that the railroad was constructed and in operation in front thereof for some time before the appointment of the Commission in said proceeding to condemn, and after suffering damage through such construction and operation of the railroad the claimant conveyed the premises in question to one Carl Ernst; that for such damages as he claimed to have suffered he filed his claim with the Commissioners, who omitted to make any award to him; that as to premises of the same size and character adjoining those of the claimant the Commission made an award of $900; that the City paid said Carl Ernst for a release as to parcel 29, the sum of $203.70; that the claimant did actually suffer loss by reason of the construction and operation of the elevated structure in front of his premises, and is entitled to compensation therefor; that under the decision of Judge Giegerich the claim is the right of the claimant to have an award made to him in the condemnation proceeding for the damages sustained; that the legal title to the easements appropriated by the City did not vest in it through the condemnation proceeding in question until May 29, 1906; that when the purposes for which Section 1436-D of the Charter was enacted are analyzed it is apparent that it was the legislative intent to confer upon the Board of Estimate and Apportionment power to purchase or sanction the purchase, on behalf of The City of New York from the owners thereof, their right to any awards to be made for any property which might be the subject of an award in condemnation proceedings; that it may be purchased or its purchase approved by the Board of Estimate and Apportionment under the provisions of Section 1436-D of the Greater New York Charter.

The Corporation Counsel further advises that claimant has expressed his willingness to accept for said award the sum of $696.30, with interest thereon from May 29, 1906, and in view of the great cost to the City incident to a revival and continuation of the condemnation proceeding, he is of the opinion that it would be for the best interests of the City to adjust this claim upon that basis, and that under the provisions of Section 1436-D of the Charter the Board of Estimate and Apportionment approve the purchase on behalf of the City from the claimant of his right and title to the award to be made to him in the said condemnation proceeding.

The claim has been considered in the Division of Law and Adjustment of this Department as Claim No. 72723 of Charles H. Heck, and the reports and all the papers relative thereto are herewith transmitted for your consideration.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of Section 1436-D of the Greater New York Charter, the Board of Estimate and Apportionment, on behalf of The City of New York, hereby authorizes the purchase by the Comptroller of The City of New York for the sum of $696.30, with interest thereon from May 29, 1906, from Charles H. Heck, or from his successors in interest to the award or awards, or any part thereof, to be made in a proceeding heretofore instituted in the matter of acquiring title to the perpetual easements, etc., for the construction, etc., of an elevated railroad in Westchester Avenue, etc., and to the taking of an assignment thereof to said The City of New York, and the Corporation Counsel be and he is hereby instructed to obtain assignments, releases or other instruments necessary to complete said purchase and give notice thereof upon such completion to the Commissioners appointed in the proceeding, as required by Section 1436-D of the Charter.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Department of Finance—Fund for Street and Park Openings—Issue of Corporate Stock (Cal. No. 82).

The Secretary presented a report of the Comptroller recommending an issue of $7,896.07 corporate stock for the purpose of replenishing the Fund for Street and Park Openings for the amount paid therefrom in the matter of opening and extending 4th avenue, from Monroe avenue to Tompkins avenue, in the First Ward, Borough of Richmond.

Which was laid over one week (July 2, 1914), under Rule 19.

Board of Assessors—Appropriation for Expenses in the Matter of Notifying Property Owners in Relation to Assessments (Cal. No. 83).

The Secretary presented a report of the Comptroller referring to the communication from Mr. William C. Ormond, a member of the Board of Assessors, requesting that the sum of $1,000 be set aside from the Street Improvement Fund to provide for the cost of notifying property owners, where possible by mail, in addition to CITY RECORD notice, of proposed assessments and also for the filing of claims for damages caused by the change of grades of streets.

The Comptroller presented, *without recommendation,* a resolution for the consideration of the Board, making effective the plan proposed by Mr. Ormond. If the Board shall decide to adopt this resolution the Comptroller is of the opinion that the form of notice adopted pursuant thereto should make it plain to the property owners that such additional notice is not required by law.

(On May 22, 1914, (Cal. No. 80), the above communication was referred to the Comptroller.)

Mr. William C. Ormond, member of the Board of Assessors, appeared in support of his request.

The matter was laid over one week (July 2, 1914), and the Secretary was directed to request the Corporation Counsel to advise the Board as to the legality of this proposed plan and to submit his opinion at the meeting of the Board on July 2, 1914.

Public Service Commission, First District—Consent to Award of Contract for the Construction of Route No. 33, Whitehall Street-East River-Montague Street Rapid Transit Railroad, Boroughs of Manhattan and Brooklyn, and Issue of Corporate Stock Therefor (Cal. No. 84).

The Secretary presented a report of the Comptroller and the Bureau of Contract Supervision recommending that the Board of Estimate and Apportionment consent to a proposed contract to be entered into between The City of New York, Booth & Flinn, Ltd., and the O'Rourke Engineering Construction Company, for the construction of Section No. 2, of Route No. 33, being that part of the Whitehall Street, East River, Montague Street Route, beginning in the Borough of Manhattan under Whitehall street and South street, thence running under the East river to a point under and near Furman and Montague streets, in the Borough of Brooklyn, together with a spur extending from under South and Broad streets, Manhattan, to a junction with the line aforementioned at about the Manhattan pierhead line, at an estimated cost of $5,974,809.50; also recommending an issue of corporate stock to meet the requirements thereof.

(On May 28, 1914, (No. 190), the requisition of the Public Service Commission on the above was referred to the Comptroller and the Bureau of Contract Supervision.)

Which was laid over one week (July 2, 1914), under Rule 19.

Annual Report of the Chief Engineer of the Board for the Year 1913 (Cal. No. 90).

The Secretary presented the following communication from the Chief Engineer of the Board, transmitting his annual report for 1913:

Office of the Chief Engineer, Board of Estimate and Apportionment, City of New York, Municipal Building, June 22, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—I beg to submit herewith the annual report of the Chief Engineer of the Board for the year 1913, accompanied by the report of the Deputy Chief Engineer and the usual statistical tables showing the work of the office during the year and comments upon the same.

I would recommend that, following the usual practice, the Secretary of the Board be authorized to have five hundred copies of this report printed.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Chief Engineer of the Board of Estimate and Apportionment of The City of New York has presented to the said Board the annual report of his office for the year 1913, with tabular statements showing in detail the work of the staff during the year; be it

Resolved, by the Board of Estimate and Apportionment of The City of New York That the Secretary of the said Board be and he hereby is authorized and directed to have five hundred (500) copies of said report printed, two hundred and fifty (250) of such copies to be bound and two hundred and fifty (250) to be printed as a pamphlet.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Petition Requesting that Title Be Vested to Chicago Street, from Corona Avenue to Queens Boulevard; in Medina Place, from Gerry Avenue to Corona Avenue; in Parcell Street, from Gay Street to Corona Avenue; in Toledo Street, from Corona Avenue to Queens Boulevard, and in the Public Place Bounded by Chicago Street, Justice Street and Laconia Street, Borough of Queens (Cal. No. 91).

The Secretary presented a petition from Mr. Leon A. Caswell, Secretary of the Elmhurst Taxpayers' Association, dated June 4, 1914, requesting that title be vested in the foregoing streets; and the following report of the Chief Engineer of the Board:

Report No. 13904. June 12th, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from Mr. Leon A. Caswell, Secretary of the Elmhurst Taxpayers Association, requesting that provision be made for vesting title to the following streets in the Borough of Queens: Chicago street, from Corona avenue to Queens boulevard; Medina place, from Gerry avenue to Corona avenue; Parcell street, from Gay street to Corona avenue; Toledo street, from Corona avenue to Queens boulevard, and the Public place, bounded by Chicago street, Justice street and Laconia street; a proceeding for acquiring these streets and also including that portion of Toledo avenue, between Corona avenue and South Railroad avenue, was instituted by the Board of Estimate and Apportionment on May 4th, 1911, and the oaths of the Commissioners of Estimate and Assessment were filed on February 18th, 1913. The petitioners state that the improvements are urgently needed and that for this reason they desire that title be immediately transferred to the City.

Owing to the resulting increased interest charges the Board has heretofore consistently refused to vest title to land needed for street purposes until such a time as it became necessary to do so to actually permit of the carrying out of a physical improvement. Exceptions have been made in cases where this saving would be offset by probable enhancement of property values or by increased damage to buildings about to be erected within the street lines, but none of the latter conditions seems to obtain in the present instance.

There would appear to be no reason to depart from the practice heretofore observed, and I would recommend that the petition be denied. Attention might, however, be directed to the fact that to permit of the carrying out of a sewer improvement in Toledo street a recommendation for vesting title on August 1st to the section described by the petitioner is now awaiting the consideration of the Board.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby denies the petition of the Elmhurst Taxpayers' Association, Borough of Queens, dated June 4, 1914, requesting that provision be made for vesting title to the following streets in said borough:

Toledo Street, from Corona Avenue to Queens Boulevard;
Chicago Street as it appears on final map;
Parcell Street as it appears on final map;
Medina Place as it appears on final map;
Public Place as it appears on final map.

Which was adopted by the following vote:

Bureau of Contract Supervision.

Department of Docks and Ferries—Approval of Contract for a New Pier at the Foot of West 46th Street, North River, Borough of Manhattan (Cal. No. 92).

(On May 15, 1914 (Cal. No. 74), the Board authorized the Commissioner of Docks to modify the contract with Holbrook, Cabot and Rollins Corporation to include work which could not be included at the time the original contract was let, because of existing leases and other complications. The authorization was conditional upon the approval of the Corporation Counsel of the agreement. The Corporation Counsel has given his approval and under the rules of the Board the plans, specifications and estimates for the work should be approved. The plans and specifications are the same as were already approved for the major part of the work under the original contract.)

The Secretary presented a communication from the Commissioner of Docks dated May 5, 1914, requesting approval of supplementary agreement or contract entered into in the matter of constructing a new 1,000-foot pier at the foot of West 46th Street, North River; and the following report of the Bureau of Contract Supervision, recommending approval thereof:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, June 19, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 16, 1914, you referred to the Bureau of Contract Supervision a communication from the Commissioner of Docks requesting approval of the form of a supplementary agreement or contract proposed to be entered into with Holbrook, Cabot and Rollins Corporation in connection with the contract of said corporation entered into on or about February 16, 1914, for the construction of the new 1,000-foot pier at the foot of West 46th street, North River.

The agreement provides as follows:

First—That there shall be eliminated from the original contract certain items or quantities of work amounting in value to $62,109.72.

Second—That there shall be additional quantities of work done and performed conforming in every requirement with terms of the original contract and as shown on plan and in statement annexed to the said agreement, and calling for a total expenditure of not more than $202,109.72.

The modification of the said original contract by the elimination of work therefrom to the amount of $62,109.72 was authorized by your Board in a resolution adopted on May 15, 1914.

On June 9, 1914, the Board of Aldermen, pursuant to the provision of section 419 of the Charter, empowered the Commissioner of Docks, "when funds therefor have been duly appropriated," to execute a contract without public letting with Holbrook, Cabot and Rollins Corporation for performing extra and additional work in connection with their contract for the construction of the new 1,000-foot pier at the foot of West 46th street, North River, as shown on plan and described and set forth

in statement marked E, annexed to the said agreement, to the value of and to an amount not exceeding $202,109.72.

The cost is to be paid from a corporate stock fund of $850,000 authorized by the Board of Estimate and Apportionment on December 11, 1913, as amended on May 22, 1914; and $140,000 authorized by the Board of Estimate and Apportionment on May 22, 1914. The fund is entitled "C. D. D.—4K, Department of Docks and Ferries, Construction of New Pier at Foot of West 46th Street, and the Slips Adjacent Thereto."

On June 18, 1914, an unencumbered balance of $502,187.10 remained in the fund.

The form of agreement, plans and specifications have been examined by an engineer of the Bureau of Contract Supervision and are reported satisfactory.

I recommend the adoption of the attached resolution granting the request.

Respectfully,

TILDEN ADAMSON, Director, Bureau of Contract Supervision.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of supplementary contract (together with plans, specifications and at a cost not to exceed the sum of $202,109.72), proposed to be entered into by the Commissioner of Docks representing The City of New York, with Holbrook, Cabot and Rollins Corporation for performing certain additional work as shown on the plans and described in statement marked "E" annexed to and made a part of said agreement, in connection with Contract No. 1401, section 2, for the construction of a new pier at the foot of West 46th street, North River, the cost to be paid from the corporate stock fund entitled "C. D. D.—4K, Department of Docks and Ferries, Construction of New Pier at Foot of West 46th Street and the Slips Adjacent Thereto."

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Court House Board—Approval of Contract for Construction of New Court House in New York County (Cal. No. 93).

The Secretary presented a report of the Bureau of Contract Supervision recommending the approval, pursuant to resolution adopted July 11, 1912, of a final contract with Guy Lowell as architect for the new Court House for New York County in the Borough of Manhattan.

The Board has already approved the contract with the architect, but an enlargement of the Court House site is now under consideration by the Board, and the Corporation Counsel has advised that the contract as amended, to describe the location of the building within the new area, should be resubmitted for approval by the Board of Estimate and Aportionment. The only difference between the contract as originally approved and the one now submitted is an amendment of the preambles to conform with the new state of facts and to describe the location of the building within the area bounded by the outside limits of the area of the Court House site now under consideration by the Board of Estimate and Apportionment.

Which was laid over one week (July 2, 1914). (See Cal. No. 125, of this meeting.)

President, Borough of Richmond—Approval of Plans, Specifications, Etc., for Construction of a New Courthouse in Richmond County (Cal. No. 94).

The Secretary presented a communication from the President of the Borough of Richmond, dated December 15, 1913, submitting plans and specifications in the matter of constructing a new court house in the Borough of Richmond; and the following report of the Bureau of Contract Supervision:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, June 22, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On December 15, 1913, the President of the Borough of Richmond submitted plans and specifications for the erection of the shell and main structure of the proposed additional County Court House in the Borough of Richmond. The work as called for in the plans and specifications submitted would have cost over $400,000, and as there was only a balance of about $240,000 in the fund available, the Comptroller reported to the Board of Estimate, under date of December 30, 1913, recommending that the plans and specifications be returned to the Borough President, as they could not be approved until additional funds were authorized.

The Borough President requested additional funds. His request was referred to the Corporate Stock Budget Committee. That Committee investigated and found that on March 13, 1914, there was a balance of $232,546.69, which could be made available. The Committee recommended an additional appropriation of $250,000.

In presenting its report to the Board of Estimate and Apportionment, the Committee called attention to the fact that the plans and specifications provided for expensive materials. It was suggested that a building of brick and limestone above the water table level would prove sufficiently ornamental and impressive, and would harmonize with the Borough Hall, which the Court House is to adjoin. The Borough Hall was finally designed by Carrere & Hastings, the same architects who designed the Court House. It was suggested also, that the bronze doors and other expensive features should be eliminated.

The Board of Estimate and Apportionment adopted the report of the Committee and the Secretary was directed to transmit a copy of the report to the President of the Borough of Richmond, so that plans and specifications could be modified as suggested.

Modified plans, in accordance with the recommendation of the Corporate Stock Budget Committee, have never been submitted to the Board of Estimate and Apportionment. It appears that the President of the Borough of Richmond took the matter up with the architects, and after consultation decided not to modify the design as suggested.

Under date of June 13, 1914, the Borough President addressed a communication to the Board of Estimate and Apportionment as follows:

"Gentlemen—Referring to the resolution of the Board appropriating money for the construction of the new Court House at St. George, Staten Island, I find that it is inexpedient and inadvisable to make changes in the design as originally prepared by Messrs. Carrere & Hastings, and therefore request authority to advertise and contract for that part of the construction covered by the appropriation.

"The structure as planned represents the careful study of both Mr. Carrere and Mr. Hastings, and after a number of conferences with the architects, I am satisfied that it would be unwise to change the original plans.

"Very respectfully, C. J. McCORMACK, President of the Borough."

This communication was referred to the Bureau of Contract Supervision.

In April the architects took up this matter unofficially with the Bureau of Contract Supervision. Mr. Hastings, of Carrere & Hastings, stated that he was very much opposed to changing the design to make it harmonize with the Borough Hall. He stated that he thought the building as designed was more appropriate to the purpose of the Court House. I stated to Mr. Hastings that I did not believe the Board of Estimate and Apportionment would insist on any changes that would destroy the general effect which he had sought in his original design, but that I did believe the Board wished to eliminate unnecessarily expensive features. Mr. Hastings agreed that savings could be made by cutting out the bronze doors. He stated that he would prefer to use limestone throughout rather than to use limestone and brick together, and he said that he thought he could make changes which would bring about as great a reduction as if the brick with limestone trimmings were to be used. Mr. Hastings stated that he would furnish me with a statement showing the saving that could be made by using limestone instead of brick.

Under date of May 14, 1914, Carrere & Hastings addressed a communication to me, in which they showed that a saving of approximately $56,000 could be made in the cost of the building, which would make the cost of the building complete, including architects' commissions, $677,000.

The architects stated that the work could be done in a *proper* and *dignified* manner for this amount. The communication from Carrere & Hastings follows:

"Dear Mr. Adamson—We hand you with this, copy of memorandum describing proposed modifications of design for the Richmond County Court House. These are the basis of the savings reported to you yesterday by Mr. Brainard, i. e., approximately $56,000. On this basis our estimate of the cost of the shell of the building is $392,000, and for the building complete, including architects' commissions, $677,000. This last amount, however, is subject to variation according to the determination of character of finish of the interior. It can be done in a proper and dignified manner for this amount. We will discuss all of this with you at your convenience.

"Very truly yours, CARRERE & HASTINGS."

The suggested changes which were transmitted with the communication were as follows:

"*May* 12, 1914.

"*Additional Court House for Richmond County—Modifications of Designs to Reduce Cost.*

"No changes to be made in the exterior of the building which will impair the durability of the structure or add to the cost of maintenance.

"Jay Street Elevation: 1. Eliminate all granite, replacing with Indiana limestone.

"2. Eliminate bronze doors, substituting oak.

"3. Eliminate pilasters running through the second and third stories.

"4. Take out corbels and modillions on cornice of main portion of building, leaving cornice as designed on the pedimented cornice.

"5. Simplify rustication of stone courses in lower story, using channels and rounded rustications.

"6. Eliminate entire balustrade above main cornice on the main building.

"North or DeKalb Street Elevation: 1. Eliminate all granite, substituting limestone.

"2. Simplify rustications of first story in same manner as on the east elevation.

"3. Leave out corbels on cornice of main building, same as on east elevation.

"4. Eliminate balustrade above cornice on main building, same as east elevation.

"West or Stuyvesant Place Elevation: 1. Eliminate all granite, substituting limestone.

"2. Simplify rustications of first story in same manner as on the east elevation.

"3 Leave out corbels on cornice of main building, same as on east elevation.

"4. Eliminate balustrade above cornice on main building, same as east elevation.

"5. Change bronze grill doors to iron.

"South Elevation: 1. Eliminate all granite, substituting limestone.

"2. Simplify rustications of first story in same manner as on the east elevation.

"3. Leave out corbels on cornice of main building, same as on east elevation.

"4. Eliminate balustrade above cornice on main building, same as east elevation."

The changes suggested were almost altogether selected by the architects. In view of the fact that the architects have submitted a statement showing that it will be possible to make a saving of $56,000, and at the same time to do the work in a proper and dignified manner, I do not believe that this Board should approve plans and specifications as originally submitted.

On Friday, June 19, 1914, Mr. Lewis Nixon, Consulting Engineer of the Commissioner of Public Works and for the Borough of Richmond, and Mr. Owen Brainard, representing the architects, held a conference with me on this matter. No agreement was reached, as Mr. Brainard expressed himself as being opposed to the changes which were outlined in the statement submitted by the architects under date of May 14th. I asked Mr. Brainard to have his firm submit a statement of position so that I could lay it before you. Under date of June 19, 1914, Carrere & Hastings transmitted a letter to me in which the position of the firm was stated as follows:

"We are firmly opposed to the use of brick and limestone in combination on this building, much preferring to make the building entirely of limestone. The suggestions for modifications of the design which we made to you on April 14th explained the method of effecting savings which we regard as much preferable to the attempted reduction by the use of brick with limestone. We are, however, of the opinion that the design, as approved by the Borough President and as approved by the Art Commission and as now submitted to the Board, should not be modified except, possibly, by the substitution of limestone for the granite. To this we have no strong objection. Otherwise we recommend that the design should stand as now submitted."

It is estimated that the elimination of granite will make a saving of about $24,000. Another considerable saving will be effected by the elimination of the bronze doors, to which the architects have assented, and which do not appear in the specifications.

The Court House, as planned, is larger than is necessary at the present time, but in view of the possibility that development in Richmond Borough will be very rapid, it is probably wise to provide a building which will furnish ample accommodations in the future. I do not suggest any change in the plans and specifications other than changes suggested by the architects themselves under date of May 14, 1914.

It would be unfair to the architects to convey the impression that the changes they suggested were proposed of their own volition. They were proposed as a substitute for the use of brick and limestone and as a means of reducing the cost, and at the same time preserving the general design of the building as originally planned.

I recommend the adoption of the attached resolution approving the plans and specifications with the amendment contained in the statement submitted by Carrere & Hastings under date of May 14, 1914.

Respectfully, TILDEN ADAMSON, Director.

The President of the Borough of Richmond offered the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves plans, specifications and an estimate of cost of $410,000, including architect's fees, for the Richmond County Court House, under the jurisdiction of the President, Borough of Richmond, provided that the plans and specifications submitted December 15, 1913, be so changed as to eliminate all granite and substitute limestone.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Department of Health—Approval of Contract, Plans, Specifications, Etc (Cal. No. 95).

The Secretary presented a communication from the Board of Health dated June 1, 1914, requesting approval of the form of contract, plans, specifications, etc., for the construction of an antitoxin horse stable at Otisville, Orange County, N. Y.; and the following report of the Bureau of Contract Supervision, recommending the approval thereof at an estimated cost of $1,950.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, June 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 5, 1914, the Board of Estimate and Apportionment referred to the Bureau of Contract Supervision a communication from the Board of Health dated June 1, 1914, requesting approval of the form of contract, plans, specifications and estimate of cost in the sum of $3,000 for furnishing and delivering steel beams and columns required for the construction of an antitoxin horse stable at Otisville, Orange County, New York.

The steel required is for the second and third floors of the proposed building which will be four stories in height, 161 feet in length and 32 feet in width, with an extension in the rear 34 feet in length and 32 feet in width.

The specifications have been amended by the insertion of general clauses covering the chemical and physical properties of structural steel and the usual tests required.

The estimate of cost for the quantity of steel required should be approximately $1,950.

The cost of the steel is to be charged to the corporate stock fund entitled "C. D. H.—7W, Sanitorium at Otisville, New York, Construction of Antitoxin Horse Stable." The authorization in the sum of $20,000 was approved by the Board of Estimate and Apportionment on June 26, 1913, and concurred in by the Board of Aldermen on July 15, 1913. On June 17, 1914, an unencumbered balance of $17,753.18 remained in the fund.

I recommend the adoption of the attached resolution approving the request with the amendments noted. Respectfully, TILDEN ADAMSON, Director.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, plans, specifications and estimate of cost in the sum of one thousand nine hundred and

fifty dollars ($1,950), for furnishing and delivering steel beams and columns required for the construction of an antitoxin horse stable at the Tuberculosis Sanitorium at Otisville, Orange County, New York, under the jurisdiction of the Department of Health, the cost to be charged to the corporate stock fund entitled "C. D. H.—7W, Department of Health Sanatorium at Otisville, New York, Construction of Antitoxin Horse Stable," and be it further

Resolved, That, if no bids are received for such material within such estimated cost, the amount of such estimated cost upon the bids so received may be reconsidered, in its discretion, by the Board of Estimate and Apportionment, provided that any of such bids is within the amount authorized, and available for such work or material.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, Queens and Richmond—15.

Negative—The President of the Borough of The Bronx—1.

COMMUNICATIONS, PETITIONS, ETC.

From Citizens and Public Bodies.

Petition for the Consideration of Local Improvements in the Borough of Queens (Cal. No. 96).

The Secretary presented a communication from the Secretary of the Ridgewood Park Board of Trade, Borough of Queens, dated May 27, 1914, requesting immediate consideration of improvements desired in Forest avenue, Anthon avenue, Buchman avenue and Van Cortland avenue, and requesting the appointment of a Committee to investigate conditions to the end that a remedy be applied.

(Local Board resolutions have been presented for a sewer improvement affecting the block of Forest avenue between Myrtle avenue and Halleck street, and for grading Van Cortland avenue and constructing house connecting drains and receiving basins. A request has been received from the Borough President for the immediate authorization of the former resolution and a report upon it will be included upon the calendar as soon as the Board resumes consideration of matters of this character. No local board resolutions have been presented for improvements in Anthon avenue or in Buchanan avenue.)

Which was laid over for one week (July 2, 1914).

Grading Mount Street and Manly Street, Between Thomson Avenue and Hunterspoint Avenue, Borough of Queens (Cal. No. 97).

The Secretary presented a communication from the Secretary of the Degnon Realty and Terminal Improvement Company, dated June 20, 1914, advising that they are desirous of the immediate carying out of grading improvements affecting Mount street and Manly street, between Thomson avenue and Hunterspoint avenue, Borough of Queens.

In this communication the Board is advised that the petitioners are the owners of all of the property abutting upon these streets excepting one-third of the frontage on the easterly side of Mount street.

(Local Board resolutions relating to these improvements appeared upon the calendar for the meetings held on June 12 and June 19, 1914, on which latter date they were laid over to be considered at the meeting of June 26.)

Which was laid over one week (July 2, 1914).

Department of Health—Appropriation for Filling in and Draining Marshes in Jamaica Bay (Cal. No. 98).

The Secretary presented a communication from the Central Committee of the Civic Associations of Flatbush and Vicinity, dated June 22, 1914, urging an appropriation for the filling in and draining of the marshes in Jamaica Bay for the extermination of mosquitos.

(On May 1, 1914 (Cal. No. 135), the request of the Board of Health for an appropriation of $3,600, pursuant to chapter 535, Laws of 1893, for the purpose of providing for the drainage of marsh lands in the Boroughs of The Bronx and Queens, was referred to the Comptroller.)

Which was referred to the Comptroller.

Fifth Avenue Coach Company (Cal. No. 99).

A communication was received from Frederick Winant stating he received a letter purported to be signed by the President of the Fifth Avenue Coach Company thanking him for his endorsement of the proposed operation of stages or omnibuses on Park Avenue, and requesting him to urge the Board to grant the application. The communication states Mr. Winant did not sign this endorsement and is opposed to such operation.

The communication was referred to the Bureau of Franchises.

Fifth Avenue Coach Company (Cal. No. 100).

Communications were received from Gustavus Sidenberg and others in favor of the application of this Company to extend its routes in the Borough of Manhattan.

Which were referred to the Bureau of Franchises.

Manhattan Bridge—Operation of Street Surface Railways (Cal. Nos. 101-102).

Communications were received relative to the operation of street surface railways upon the Manhattan Bridge, as follows:

(a) From the Brooklyn League enclosing copy of correspondence between the Bridge Commissioner and the Chairman of the Committee on City Railways of said League.

(b) From Walter E. Warner calling attention to the financial loss to the City on account of the lack of through service by street surface railways and the continued inconvenience to the inhabitants.

Which were referred to the Committee on Transit.

Proposed Improvement in Construction of Elevated Railways (Cal. No. 103).

The Secretary presented a communication from M. T. Molloy, stating he has been employed in building the elevated lines in New York, Brooklyn, Chicago, Boston and St. Louis, and that the principal objection to the building of elevated railroads on the part of property owners is caused by the form of structure; and claiming that a system invented by him will overcome this objection and that he will be pleased to appear before the Board to show his plans and give an explanation of this system.

Which was referred to the Committee on Transit.

Public Service Commission for the First District—Consent to Award of Contract for Construction of Section 1, Route 12 of the Broadway-Fourth Avenue-Eastern Parkway Rapid Transit Railroad and Issue of Corporate Stock Therefor (Cal. No. 104).

The Secretary presented a communication from the Public Service Commission, dated June 23, 1914, transmitting for the consent of the Board proposed contract between The City of New York and Cranford Company for the construction of Section No. 1 (St. Felix street, Fulton street to Hanson place; Flatbush avenue, Atlantic avenue to St. Marks avenue), of Route 12 of the Broadway-Fourth Avenue-Eastern Parkway Rapid Transit Railroad; also requesting the Board to authorize the issue of $2,195,296.25 corporate stock to provide the necessary means to pay the entire estimated expense of executing said contract.

This requisition is a sub-requisition on account of and not in addition to the requisitions made by the Public Service Commission under date of March 18, 1913, upon which the Board authorized the issue of $28,200,000 corporate stock for the purpose of carrying out Contract No. 3, and $60,000,000 corporate stock for the purpose of carrying out Contract No. 4.

For the purpose of fixing the proper charge to be made at this time against the respective appropriations made by the Board on March 18, 1913, it is suggested that one-half of the $2,195,296.25, requested to be appropriated, be charged against the appropriation made for the purpose of carrying out Contract No. 3, and one-half against the appropriation made for the purpose of carrying out Contract No. 4.

Which was referred to the Comptroller.

Public Service Commission for the First District—Award of Contract for the Construction of Section 1A of Route Nos. 4 and 38 of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad and Issue of Corporate Stock Therefor (Cal. No. 105).

The Secretary presented a communication from the Secretary of the Public Service Commission, dated June 23, 1914, transmitting certified copy of resolution adopted by said Commission on June 23, 1914, making a correction in the resolution adopted by the Commission on June 12, 1914, awarding the contract for the construction of Section 1A of Route Nos. 4 and 38 of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, to the Rapid Transit Subway Construction Co. and the requisition made by the Commission for an issue of corporate stock sufficient to pay the estimated expenses to the City in executing such contract. The communication states that the amount named in said resolution was $23,712.20, and should have been $237,122.

(On June 19, 1914 (Cal. No. 72), the resolution adopted by the Public Service Commission on June 12, as above, was referred to the Comptroller and the Bureau of Contract Supervision.

Hon. Milo R. Maltbie, Public Service Commissioner, appeared and urged the approval of the contract.

The communication and resolution were referred to the Comptroller and the matter was laid over for one week (July 2, 1914).

Public Service Commission for the First District—Consent to Proposed Agreement for Modification of Contract for the Construction of Section No. 11B2 of the Fourth Avenue Subway and the Issue of Corporate Stock Therefor (Cal. No. 106).

The Secretary presented a communication from the Chairman of the Public Service Commission, dated June 19, 1914, referring to a communication presented to the Board on May 8, 1914 (Cal. No. 65), and referred to the Comptroller, requesting the Board to consent to modification of contract for the construction of section No. 11-B-2 of the Fourth Avenue Subway, in order to provide for the modification of the grades of the Sea Beach Railroad at 65th street, east and west of 4th avenue.

(The communication states that the Public Service Commission is doing its utmost to expedite the construction of the Fourth Avenue Subway, and requests the earliest possible action on the communication above referred to.)

Which was referred to the Comptroller.

Manhattan Railway Company—Modification of Certificate Authorizing Additional Tracks on Elevated Lines, Etc. (Cal. No. 107).

Modification of certificate granted by the Public Service Commission for the First District, and approved by the Board of Estimate and Apportionment by resolution adopted March 18, 1913, approved by the Mayor on the same day, to lay additional tracks on, above or contiguous to portions of the routes of its railroads on the Second Avenue Line, the Third Avenue Line and the Ninth Avenue Line, by providing for additional tracks on Eighth Avenue between 152nd and 159th Streets, and changes in the terminal facilities at and near 155th Street on Eighth Avenue.

The following was presented:

New York, June 23, 1914.

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District herewith transmits to your Honorable Board a certificate granted to Manhattan Railway Company, dated May 22, 1914, which has been executed by the Commission. This certificate modifies the original certificate of March 19, 1913 authorizing additional tracks to elevated lines of the Manhattan Railway Company so as to provide for further additional tracks on Eighth Avenue between 152nd Street and 159th Street and changes in the terminal facilities at and near 155th Street on Eighth Avenue. This modification is desired for the purpose of increasing facilities at and near the station at 155th Street and Eighth Avenue. The certificate has been accepted by the Manhattan Railway Company and will now require the approval of your Honorable Board and in addition thereto there will be necessary the consent of your Honorable Board and the Mayor to the modification of the original Manhattan certificate dated March 19, 1913, as authorized by said amending certificate.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT by EDWARD E. MCCALL, Chairman.

Attest: TRAVIS H. WHITNEY, Secretary.

No. 5), a communication from the Engineer, Chief of the Bureau of Franchises, recommending increases in salaries of attaches of his office, involving modification of salary schedules and establishment of grades of positions and transfer of appropriation, was presented to the Board and referred to the Committee on Salaries and Grades and to the Comptroller.)

The Secretary presented the following communication from the Mayor, recommending a transfer of $1,700 from his office to the office of the Board of Estimate and Apportionment (Bureau of Franchises):

City of New York, Office of the Mayor, June 22, 1914.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—The Franchise Committee of the Board has had under consideration since March 26 the application of the Chief of the Bureau of Franchises for certain increases in salaries for six members of his staff, which were omitted when the Budget for the current year was prepared. After consideration of this matter, the Franchise Committee believes that these increases should be granted and the Committee on Salaries and Grades tentatively concurred in this conclusion.

The amount necessary to make these salary increases for these six employees of the Bureau of Franchises on an annual basis is $1,700, and I recommend that the necessary funds, $1,700, be transferred from the Mayor's Office, Code No. 61, to the Board of Estimate and Apportionment, Code No. 28, to be placed in balance unassigned pending the establishment of the new grades, pursuant to Charter section 56.

I transmit herewith resolution for adoption by the Board of Estimate carrying out this recommendation.

Respectfully, JOHN PURROY MITCHEL, Mayor.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves the transfer of funds appropriated for the year 1914, as follows:

FROM

THE MAYORALTY.

Code No. 61, Schedule line, Assistant Secretary, $3,000; $1,300 to be placed in balance unassigned $1,700 00

TO

BOARD OF ESTIMATE AND APPORTIONMENT.

Personal Service, Salaries Regular Employees.

28 Franchise Investigation, to balance unassigned $1,700 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education; President, Borough of Manhattan—Amendment of Issue and Issue of Corporate Stock (Cal. No. 117).

The Secretary presented a communication from the President of the Borough of Manhattan, dated June 19, 1914, requesting that the resolution adopted June 26, 1913, authorizing the issue of $10,000 corporate stock for the construction of a classroom for anaemic children in the public bath in East 54th street, Borough of Manhattan, *be amended* by reducing the amount to $9,000, and further requesting the Board to authorize the issue of $1,000 corporate stock for the construction of an open air classroom for anaemic children at Public School No. 135, Borough of Manhattan.

The communication states that the Superintendent of School Buildings reports that it would be possible to form such a classroom, and this request is for the purpose of providing the necessary funds.

Which was referred to the Committee on Street Cleaning.

Mayor's Pension Commission—Estimate of Funds Required (Cal. No. 124).

The Secretary presented a communication from the Comptroller, submitting an estimate of the funds needed by the Mayor's Pension Commission for expenses from June 1, 1914, to May 31, 1915, aggregating $50,000.

The Secretary also presented a report of the Comptroller, dated June 25, 1914, recommending that a transfer of $19,031.25 be made from Interest on Revenue Bonds No. 3016 to Account 45-T.C.—Contingencies, Board of Estimate and Apportionment, for 1914, to provide for the expenses of the Commission up to September 30, 1914, and that the schedule of salaries paid from said account be modified by adding thereto the positions and equipment required by the Commission.

Which were laid over for one week (July 2, 1914).

MATTERS LAID OVER FROM PREVIOUS MEETINGS.

Court House Board, New York County—Additional Land for Site and Approaches Therefor (Cal. No. 125).

The Secretary presented a report of the Committee on City Plan on the preliminary plan for the New Court House in New York County and as to the additional land to be acquired for the site and approaches therefor.

The Committee recommends that immediate action be taken (1) to acquire the additional land and (2) to approve the preliminary plan of the building.

(On April 24, 1914, (Cal. No. 41), a communication from the Court House Board transmitting preliminary plan of the Court House was referred to the Committee on City Plan, as was also the matter of incidental changes in the layout in the section contiguous to the Court House site.)

(On June 12, 1914, (Cal. No. 27), this matter was laid over until this meeting.)

The Rev. Luke J. Evers, Messrs. Frank W. Smith and James Deery, Francis Colety and Daniel F. Mahoney appeared and urged that St. Andrew's Church be preserved on its present site.

Mr. Laurence M. D. McGuire appeared in behalf of the Advisory Council of the Real Estate Interests and the Real Estate Board of New York, in opposition to the proposed Court House site.

Communications, protesting against the proposed site, were presented from the Advisory Council of the Real Estate Interests and the Real Estate Board of New York; also protest signed by 2,500 Night Workers; which were ordered filed.

The President of the Board of Aldermen made the following statement:

Before we go to No. 23, Mr. Mayor, under the head of reports from the City Plan Committee, there is a report on the Court House Site modifications under the head of unfinished business. I notice that those who represent St. Andrews Church are here. That may be taken up now instead of later.

In the report of the Committee on the City Plan, submitted two weeks ago, certain statements were made with relation to St. Andrews Church. Consideration of the matter would ordinarily have gone over a week under the rules. It was laid over an additional week so as to allow ample time for consideration. The Committee on the City Plan has since held further conferences with those who represent the church; and while we have no modifications of the report to propose, I would like to have on the minutes of the Board a more definite understanding about the situation of the church property. There is evidence that there has been some misunderstanding in the past, and that we have worked a little at cross purposes.

The proposition of the Committee is that while the condemnation proceedings covering the modified court house site will include, technically, the church property, as it must of necessity at the outset, the proceedings will be amended and this property withdrawn, if it appears that this is practicable, under any future change in the map that can be made without injury to the general plan and layout of the city, and of the incidental street system. If it is not practicable to change the map, the city authorities charged with the matter will attempt to shift the church to a new site within the additional area to be acquired—a site that will adequately serve this purpose. The cost of any such shift will of course be borne by the city, as a part of the damages for which the city will reimburse the church corporation. We are advised by the architects that it will be practicable to shift the church in this manner, so as to give it a proper fronting, preferably upon the new circular avenue itself. They add that if surrounded by trees it will be made a very dignified part of the surroundings of the Court House. It is impossible, of course, at the present time, to show just how such a shift can be worked out in detail, for the reasons that the lines of the street itself have not yet been definitely projected. It will be the natural effort of the city authorities, however, to work it out so that the church is not put to any physical inconvenience greater than necessity requires, and we would of course be bound to see that just so far as the law permits it is left financially whole. It is to be recognized that St. Andrews Church serves a unique purpose, and that it is doing splendid work. If it can be preserved, as we have no doubt it will be through some one of these means, that will be the natural object of those who represent the city in the matter. I understand that this assurance is acceptable to those who represent the church, and that this is sufficient statement of the facts.

Father Evers: Yes, that is, Mr. McAneny.

President McAneny: Father Evers, do you wish to speak?

Father Evers: Yes.

President McAneny: May I add, before you proceed, that acting upon your own suggestion—though I am inclined to think that it will be the natural course to take—I shall be very glad to consult Cardinal Farley, as the Chairman of your Board, when he returns, and to bring him into this discussion as a ways and means of doing all that is possible to preserve the church.

Father Evers: That is all I want. That relieves me.

President McAneny: I understand that will be at the end of September.

Father Evers: About the middle of September.

President McAneny: This assurance I very cheerfully add to what I have said.

The Hearing was closed and the matter laid over for one week (July 2, 1914) for a final vote.

Department of Docks and Ferries; Department of Street Cleaning—Issue of Corporate Stock (Cal. No. 126).

(On March 27, 1914 (Cal. No. 8), the joint request from the Commissioner of Street Cleaning and the Commissioner of Docks for an appropriation of corporate stock for the purpose of enlarging and covering the dump at 72nd street and East River, was referred to the Committee on Corporate Stock Budget.)

(On June 19, 1914 (Cal. No. 6), the report of the Committee on Corporate Stock Budget thereon was laid over for one week under Rule 19.)

The Secretary presented communications from the Commissioner of Docks, dated March 23, 1914, and from the Commissioner of Street Cleaning, dated March 24, 1914, requesting an issue of corporate stock in the amount of $18,000 for this purpose; and the following report of the Committee on Corporate Stock Budget:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, May 29, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On March 27, 1914, you referred to this Committee a communication from the Commissioner of Street Cleaning, dated March 24, 1914, requesting a corporate stock authorization of $18,000 for enlarging and covering the dumping board at 72d street and the East River, Manhattan.

It is proposed to extend and cover the temporary dump board, now under construction at 72d street. On December 4, 1913, your Board approved a contract for the construction of a bridge and dumping board at the location named; the cost, $4,873, to be paid from the 1913 tax levy appropriation entitled:

"1305, 1913, Department of Street Cleaning, Contract or Open Order Service, General Repairs, Maintenance of Buildings and Repairs, Manhattan."

It was intended that this should be a temporary dumping board to be used only during the construction of a sea wall and of a permanent dump at 80th street. The Commissioner of Street Cleaning has recently decided that the 72d street location is better for a permanent dump than 80th street.

The Bureau of Contract Supervision reports that the 80th street dump is old and dilapidated, and that it rests on an old crib bulkhead which is badly warped and settled, and is in danger of collapsing. The capacity of the dump has recently been greatly diminished by its partial destruction by fire.

It is proposed by the Department of Docks and Ferries, as soon as the 80th street dump is removed, to continue the construction beyond 80th street of a sea wall now extending from 71st street to 79th street.

As there is no other dump on the East River between 46th street and 107th street, it is essential that the 80th street dump should be replaced when abandoned, as it soon must be, by one of adequate and sufficient dumping capacity to meet the demands of the territory involved. It is also desirable, in view of the decision of the Commissioner of Street Cleaning to locate a permanent dump at 72d street, that this dump should be constructed so as to make it as unobjectionable to adjoining property owners as is possible. The street is built up on both sides, between Avenue A and Marginal street with tenements and factories, and there is a large meeting hall on the block.

The dump now being constructed is 65 feet 10 inches long, which will allow of the loading of but one scow at a time. It is intended, if funds are provided, to extend the structure at both ends, giving it a total length of 186 feet 8 inches, the whole to be covered with a frame work of steel with sides and top of asbestos protected sheet metal. All of the wood work to be covered with plaster board. Hose lines are to be provided. The entire structure will be comparatively safe from destruction by fire.

Special appliances are provided to eliminate the scattering of dust and ashes when carts are dumped. The dump board is to be equipped with chutes, through which the ashes and refuse will be delivered direct from the carts, when dumped, to the scow. These chutes are movable, both laterally and vertically, by hand.

The dump will probably have a life of about twenty years, and twenty-year corporate stock should be authorized.

The Bureau of Contract Supervision reports that the amount requested is reasonable for the proposed extension and cover.

We are of the opinion that the improvement is desirable and recommend the adoption of the attached resolution authorizing $18,000 in corporate stock maturing not more than twenty (20) years after the date of issue. Respectfully,

WILLIAM A. PRENDERGAST, Comptroller; President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Committee on Corporate Stock Budget.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of sections 47 and 546 of the Greater New York Charter, hereby authorizes the issue of corporate stock of The City of New York to the amount of eighteen thousand dollars ($18,000), maturing not more than twenty (20) years after the date of issue, to provide means for the enlarging and covering of the dumping board at 72d street and the East River, Borough of Manhattan, under the jurisdiction of the Department of Street Cleaning, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds whereof to the par value of the stock to be applied to the purpose aforesaid, provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contracts, plans, specifications and estimates of cost pertaining to the same, and that no part of such proceeds shall be used for the payment of fees of any architect, engineer, or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for the payment of any salary or wage of departmental employees, except after approval by the Board of Estimate and Apportionment, and in accordance with the schedules to be adopted by said Board; and be it further

Resolved, That the Commissioner of Street Cleaning is directed to submit to this Board for its approval, forms of contracts, plans, specifications and estimates of cost, prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized, and said Commissioner is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

Which was adopted by the following vote:

Affirmative—The Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—13.

Department of Street Cleaning; Department of Docks and Ferries—Issue of Corporate Stock (Cal. No. 127).

The Secretary presented a report of the Committee on Corporate Stock Budget, recommending an authorization of $45,000 corporate stock for the construction of a new covered water front dump at 77th street, North River, Manhattan, under the jurisdiction of the Department of Street Cleaning. The construction of the dump, however, is to be under the direction of the Commissioner of Docks.

The proposed location of the dump is in a residential section, and but 200 feet from the western boundary of Riverside Park and close to Riverside drive, where property is completely improved with expensive dwellings and costly apartments. In view of the location, it is essential that a dump for ashes and rubbish be of attractive design, and be so constructed that it will not be a nuisance.

It is estimated by the Bureau of Contract Supervision that $45,000 will be sufficient for the construction of a dump that will be practically fireproof and that will not be unattractive in appearance, and that will also have a sufficient capacity to meet the demands of the territory. The City is now paying $30 a day for the privilege of dumping at 96th street. This expense will be eliminated by the construction of a new dump.

(On March 13, 1914 (Cal. No. 12), a joint application of the Commissioner of Docks and Commissioner of Street Cleaning for the above appropriation was referred to said Committee.)

(On June 19, 1914 (Cal. No. 7), this matter was laid over for one week, under Rule 19.)

Mr. John C. Coleman appeared in opposition to the project as proposed.

A communication was presented from Mr. John C. Coleman, President of the West End Association, dated June 25, 1914, in opposition to the procedure in this matter, unless it be made an essential part of the general improvement of the waterfront as now being considered by the Port and Terminal Committee, and urging that the subject stand over until the Committee has made its report.

The matter was laid over for one week (July 2, 1914).

Department of Correction—Erection of a Disciplinary Building at the Penitentiary on Blackwells Island and Issue of Corporate Stock Therefor (Cal. No. 128).

(On May 8, 1914 (Cal. No. 68), the request from the Commissioner of Correction in this matter was referred to the Committee on Corporate Stock Budget and to the Bureau of Contract Supervision.)

(On June 19, 1914 (Cal. No. 8), the report of the Committee on Corporate Stock Budget and the Bureau of Contract Supervision thereon was laid over for one week, under Rule 19.)

The Secretary presented a communication from the Commissioner of Correction, dated May 4, 1914, and the following report of the Committee on Corporate Stock Budget and Bureau of Contract Supervision:

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, May 25, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 8, 1914, you referred to the Corporate Stock Budget Committee and the Bureau of Contract Supervision a communication from the Commissioner of Correction, dated May 4, 1914, in which application, pursuant to Chapter 73 of the Laws of 1914, was made to the Board of Estimate and Apportionment for permission to erect a small disciplinary building at the Penitentiary on Blackwell's Island.

It is proposed to construct a building to contain 14 cells, in which unruly prisoners, now confined in the main building of the penitentiary, can be isolated.

At the present time temporarily deranged or unruly prisoners by their behavior incite others, who are ordinarily amenable to discipline, to rebel. This, at times, makes it almost impossible to maintain proper discipline in this institution.

The building is to be constructed by prison labor. The department estimates the cost of the materials necessary for the construction at $5,000.

Plans have been submitted to the Bureau of Contract Supervision and engineers of that bureau have made an itemized tabulation of the cost of the construction materials, and have reported that the estimate of $5,000 is not excessive.

It is our judgment that corporate stock should be authorized for this purpose.

We recommend the adoption of the attached resolutions granting the request and authorizing $5,000 in corporate stock. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee; , Director, Bureau of Contract Supervision.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 912 of the Laws of 1895, as amended by chapter 73 of the Laws of 1914, hereby approves of the erection of a fourteen cell disciplinary building at the Penitentiary on Blackwells Island, under the jurisdiction of the Commissioner of Correction.

Which was adopted by the following vote:

Affirmative—The Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—13.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding five thousand dollars ($5,000) to provide means for the erection of a disciplinary building at the Penitentiary on Blackwell's Island, under the jurisdiction of the Department of Correction, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—13.

Public Service Commission for the First District—Consent to Award of Proposed Contract for the Construction of Section 6A, Routes 4 and 38, of the Proposed Seventh Avenue-Lexington Avenue Rapid Transit Railroad and Issue of Corporate Stock Therefor (Cal. No. 129).

The Secretary presented a report of the Comptroller recommending that the Board of Estimate and Apportionment consent to a proposed contract between the City of New York and the Interborough Rapid Transit Company and the Holbrook, Cabot & Rollins Corporation for the construction of Section 6A, Routes 4 and 38, being that portion of the proposed Seventh Avenue-Lexington Avenue Rapid Transit Railroad which will connect the existing subway at 43rd street with the Seventh Avenue line now being constructed to the south. The estimated cost to the City is $21,078.30, five per cent. of the total cost. The Interborough Rapid Transit Company is to bear ninety-five per cent. of the estimated cost and not to exceed $400,487.70.

On the first opening of bids for this work the low bid of total work was $304,316. After the bids were opened the lessee complained that the low bidder had insufficiently estimated the expense and hazard of connecting the proposed structure to the present subway. For this reason all bids were rejected by the Public Service Commission and the contract readvertised.

On the second opening of bids the low bid was $421,566, $117,000 in excess of the low bid of the former opening of bids. While it appears it would have been to the advantage of the City if the low bid of the first opening had been accepted, it is probably the best course for the Board of Estimate and Apportionment to consent to the award to the low bidder of the last bidding.

(On May 22, 1914 (No. 85), a communication from the Public Service Commission, requesting the Board to consent to the award of the above contract and to authorize the issue of corporate stock to meet the requirements thereof was referred to the Comptroller and to the Bureau of Contract Supervision.)

(On June 19, 1914 (Cal. No. 25), the above matter was laid over for one week, under Rule 19, and a communication presented at said meeting (R-3872) from the Vice-President and General Manager of the Interborough Rapid Transit Company, objecting to the award of the contract to the Holbrook, Cabot & Rollins Corporation, was referred to the Corporation Counsel for consideration and report on the objections raised.)

Hon. Milo R. Maltbie, Public Service Commissioner, appeared in favor of the award of contract.

Which was laid over for one week, (July 2, 1914.)

President, Borough of Queens—Site for a Refuse Destructor (Cal. No. 130).

(On May 1, 1914 (Cal. No. 171), the request of the President of the Borough of Queens in this matter was referred to the Comptroller and to the Chief Engineer of the Board.)

(On June 19, 1914 (Cal. No. 26), the reports of the Comptroller and the Chief Engineer of the Board thereon were laid over for one week under Rule 19.)

The Secretary presented a resolution adopted by the Board of Aldermen on April 14, 1914; and the following reports of the Comptroller and the Chief Engineer of the Board.

The City of New York, Department of Finance, Comptroller's Office, June 16, 1914.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board, held May 1, 1914, there was referred to the Comptroller and the Chief Engineer an ordinance adopted by the Board of Aldermen on April 14, 1914, selecting as a site for use as a refuse destructor in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, certain premises on the northerly side of old Wainwright Avenue (now known as Wainwright Court), at the intersection of the northerly side of Wainwright Avenue with the easterly side of Thetis Avenue (now known as Beach 109th Street), 4th Ward, Borough of Queens.

The owners of these premises are demanding an exorbitant price for the same, and I therefore recommend that the Corporation Counsel be directed to institute condemnation proceedings for the acquisition of the said lands and premises, the assessed valuation for 1914 being the sum of $15,700, the dimensions of which are included in a certified copy of a resolution adopted by the Board of Aldermen on April 14, 1914 (which is hereto annexed), title to vest in the City of New York one day after the filing of the oaths of the Commissioners of Estimate and Appraisal.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Office of the Chief Engineer, Board of Estimate and Apportionment, Municipal Building, New York, May 16, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on May 1, 1914, an ordinance of the Board of Aldermen adopted on April 14, 1914, selecting a site for a refuse destructor for the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, was referred to the Comptroller for report and also to the Chief Engineer of the Board under rule 35 of the Rules of Procedure, in order that a report might be made upon the relation of this site to the plan of this part of the City.

The proposed site is located on the Jamaica Bay side of Rockaway Beach, a tentative plan of which has been approved by the Board. While the site as described in the ordinance extends from Wainwright Court (formerly Wainwright avenue) to the bulkhead line established by the Jamaica Bay Improvement Commission, only about one-third of the area is upland, the remainder being land under water. Between Wainwright Court and the bulkhead line is Beach Channel drive, laid out at a width of 80 feet, and between this street and the bulkhead line is an intervening space of about 150 feet. All of this, however, is now under water. The site includes also Beach 108th street, and in my judgment it would be advantageous to acquire as one parcel both the upland between Beach 108th street and Beach 109th street, the land within the lines of Beach 108th street, and the land under water to the bulkhead line, which would probably result in a material saving in the opening of Beach Channel drive, and it is doubtful if the expense would be materially greater than if only the upland were bought at this time.

In my judgment the acquisition of this site will in no way affect the development of the plan of this part of the City, provided that the structures which might be erected do not encroach upon the lines of Beach 108th street, unless the said street is removed from the map of the City, and that they also do not encroach upon the lines of the Beach Channel drive. Such encroachment is impossible at the present time, as the land is under water, but it will undoubtedly be filled in in the not distant future.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the following ordinance adopted by the Board of Aldermen April 14, 1914:

AN ORDINANCE selecting a site to be acquired for use as a refuse destructor in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby selects as a site to be acquired for use as a refuse destructor in the Bureau of Street Cleaning, under the jurisdiction of the President of the Borough of Queens, the following lands situate and lying in the Borough and County of Queens, State of New York, described in metes and bounds as follows, to wit:

Beginning at a point on the northerly side of old Wainwright ave. (now known as Wainwright court), at the intersection of the northerly side of Wainwright ave. with the easterly side of Thetis ave. (now known as Beach 109th st.); thence running northerly 606.82 feet in the continuation of the said easterly side of Thetis ave., to the bulkhead line as established by the Jamaica Bay Improvement Commission and as approved by the Secretary of War; thence easterly along said bulkhead line 250.23 feet; thence southerly in a continuation of the easterly line of Undine ave. (now known as Beach 108th st.), 625.26 feet to the northerly line of said old Wainwright ave., at its intersection with the said easterly line of Undine ave.; thence westerly 250.12 feet along said northerly side of Wainwright ave. to the point or place of beginning.

Sec. 2. The Corporation Counsel is hereby authorized and directed to institute condemnation proceedings for the acquisition of said lands and premises.

Sec. 3. This ordinance shall not preclude the acquisition of the above described lands and premises, or any part thereof, by purchase from the owner or the respective owners thereof, at a price authorized by the Board of Estimate and Apportionment.

Sec. 4. The Clerk of this Board is hereby directed to prepare two similar surveys, maps or plans of said lands and premises and file the same, one in the office of this Board and the other in the office of the Clerk of the County of Queens, in accordance with the provisions of section 1436 of the Greater New York Charter.

Sec. 5. This ordinance shall take effect immediately.

—and be it further

Resolved, That the acquisition of the aforesaid lands and premises by The City of New York for said purpose, be and the same is hereby approved of and authorized, and the Corporation Counsel is hereby directed to institute condemnation proceedings for the acquisition of said property, title to vest in The City of New York upon the day after the filing of the oaths of the Commissioners of Estimate and Appraisal.

Which was adopted by the following vote:

Affirmative—The Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—13.

Board of Assessors—Issue of Corporate Stock (Cal. No. 131).

(On June 19, 1914 (Cal. No. 28), the report of the Comptroller in this matter was presented and laid over for one week, under Rule 19.)

The Secretary presented the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 9, 1914.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—Pursuant to the provisions of chapter 737 of the Laws of 1911, as amended by chapter 577 of the Laws of 1913, the Board of Assessors has filed in the Department of Finance certificates of awards made by them in the matter of the ascertainment of damages sustained by the owners of real property fronting upon the streets approaching the Manhattan Bridge over the East River, in the Borough of Manhattan, in the City of New York, to the following persons for the property owned by them, viz:

Borough of Manhattan.	Block.	Lot.	Amount.
Emma Hoefling	302	35, 36	$10,000 00
Eliza A. Pease	289	46	12.500 00
Katherine Wilson and Adelaide Lyons	292	32, 33, 34	4,000 00
Nathan Marcus	302	1, 38, 39	16,000 00
Esther G. Davis	281	50	100 00
Rebecca G. Carpenter	302	4	8,000 00
Unknown Owner	289	22	400 00
Unknown Owner	289	20, 21	100 00
Catherine A. F. Casanova	302	2	6.000 00
Henry D. Miles	302	7	6,500 00
Sophie Siris and Fannie Malzman	303	24, 25	8,000 00
Samuel Goldberger	293	27	7,500 00
Marcus Chargin and Abraham Bernstein	293	28	12.000 00
Leon Hirsch	281	38	5,750 00
Rose Kalman Rabinowitz	289	23	3,250 00
Total			$100,100 00

The Corporation Counsel under date of May 28, 1914, has advised that these awards have been properly made and should be paid to the respective persons entitled thereto, with the exception of the award to Nathan Marcus, in connection with which the Corporation Counsel advises that a writ of certiorari will probably be sued out to review the award.

To provide means for the payment of these obligations, corporate stock to the amount of eighty-four thousand one hundred dollars ($84,100) should be issued pursuant to section 2 of chapter 737 of the Laws of 1911, as amended by chapter 577 of the laws of 1913, the difference between this amount and the total awards listed above, ($100,100) being due to the withholding for the present of the award of $16,000 to Nathan Marcus.

A resolution to effect the authorization of $84,100 is hereto appended.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 2 of chapter 737 of the Laws of 1911, as amended by chapter 577 of the Laws of 1913, the Comptroller be and hereby is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of eighty-four thousand one hundred dollars ($84,100), the proceeds whereof to the amount of the par value thereof to be applied in payment of the awards made by the Board of Assessors in the matter of the ascertainment of damages sustained by owners of real property fronting upon the streets approaching the Manhattan Bridge over the East River, in the Borough of Manhattan, in The City of New York, as contained in the certificates of awards made by the Board of Assessors, dated March 27, April 25 and May 5, 1914.

Which was adopted by the following vote:

Affirmative—The Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—13.

Department of Education—Issue of Special Revenue Bonds (Cal. No. 132).

(On June 5, 1914 (No. 126-B), and on June 12, 1914 (Cal. No. 152-B), the resolutions of the Board of Aldermen in this matter were referred to the Comptroller).

(On June 19, 1914 (Cal. No. 29), the report of the Comptroller thereon was laid over for one week, under Rule 19.)

The Secretary presented a resolution of the Board of Aldermen adopted May 26, 1914, requesting an issue of $500 special revenue bonds to pay Nathalie Boniface the difference in her salary at the rate of $1,200 and $1,800 per annum, from March 1, 1914, to December 31, 1914, for services rendered in the Department of Education; and the following report of the Comptroller, Chairman of the Committee on Education:

The City of New York, Department of Finance, Comptroller's Office, June 12, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On May 26, 1914, the Board of Aldermen adopted a resolution requesting special revenue bonds in the sum of $500 to be used by the Department of Education for the purpose of paying to Nathalia Boniface the difference between salary at the rate of $1,200 and at the rate of $1,800 per annum, from March 1, 1914. In this connection I report as follows:

Miss Boniface was originally appointed by the Board of Education to the position of statistician at an annual salary of $1,200. In 1912, she filed a claim in the Comptroller's office for $3,000 arrears of salary, under a resolution of the Board of Aldermen, fixing the position of statistician for the Department of Education at $1,800 per annum. The Corporation Counsel advised the Comptroller, under date of June 18, 1912, to compromise the claim on the most favorable terms. The Comptroller refused to assent to a compromise, and the case went to trial before Justice Newburger in June, 1913. His Honor dismissed the complaint for technical reasons, and an appeal was taken by the plaintiff to the Appellate Division. Before the appeal came up for argument, the plaintiff proposed a compromise on this basis: She offered to give a general release of all demands down to March 1, 1914, provided that henceforth she be recognized as a statistician and paid the salary of such, amounting to $1,800 per annum, which was the rate for which she sued.

With regard to this proposed settlement, Deputy Comptroller Brough, in a letter to the Corporation Counsel, dated February 16, 1914, stated that he would approve of the proposed settlement providing the Board of Education would adopt a resolution recognizing Miss Boniface as a statistician entitled to an annual compensation of $1,800, from March 1, 1914, in consideration of the execution of a release of all claims for arrears of salary down to that date. The Board of Education accordingly adopted the resolution asked for by the Deputy Comptroller on March 25, 1914, and transmitted a certified copy of same to the Civil Service Commission. The latter approved of the action taken by the Board of Education and directed that Miss Boniface's title be changed on the records to "statistician at $1,800 per annum," to date from March 1, 1914.

The rate of pay provided for Miss Boniface in the 1914 budget was $1,200. Hence it will require the additional sum of $500 to pay her for the period extending from March 1, 1914, to December 31, 1914, at the rate of $1,800 per annum. There are no funds available in any of the salary accounts for 1914 to provide for Miss Boniface's increase.

In view of the foregoing, I recommend the adoption of the attached resolution approving the request of the Board of Aldermen for the issue of special revenue bonds.

Respectfully, W. A. PRENDERGAST, Comptroller and Chairman, Committee on Education.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen May 26, 1914, requesting an issue of special revenue bonds to the amount of $500, the proceeds whereof to be used by the Department of Education for the purpose of paying to Nathalia Boniface the difference between salary at the rate of $1,200 and at the rate of $1,800 per annum from March 1, 1914, to December 31, 1914, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding five hundred dollars ($500), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Board of Coroners, Manhattan; Department of Finance; Department of Public Charities; Bellevue and Allied Hospitals—Issue of Special Revenue Bonds and Modification of Schedule (Cal. No. 133).

(On May 28, 1914, (No. 195A), the resolution of the Board of Aldermen in this matter was referred to the Comptroller.)

(On June 19, 1914, (Cal. No. 31), the report of the Comptroller thereon was laid over for one week, under Rule 19.)

The Secretary presented a resolution of the Board of Aldermen, adopted May 12, 1914, requesting authorization of special revenue bonds; and the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics. June 16, 1914.

To the Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—On May 12, 1914, the Board of Aldermen adopted the following resolution:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seven hundred and fifty dollars ($750), the proceeds whereof to be used by the Board of Coroners, Borough of Manhattan, for the purpose of and removal to the new offices in the Municipal Building, as follows:

Removing office partitions, telephone booths, rostrum and jury box..	$125 00
Removing records and fixtures	200 00
Three hundred and seventy-five yards of linoleum	425 00
	$750 00

"All obligations contracted for hereunder to be incurred on or before December 31, 1914."

In reference to the foregoing resolution, no provision was made in the 1914 Budget for the expense of moving the records, office fixtures, etc., of the Coroners' office, Borough of Manhattan, to their new offices in the Municipal Building. Application is therefore made for a supplemental appropriation to meet these expenses to provide new floor covering. Of the amount requested, $125 is to be used to meet the cost of removing office partitions, telephone booths, rostrum and jury box. The sum of $425 is the estimated cost of linoleum to cover approximately 375 square yards, and the balance, $200, is to provide for the moving of records and fixtures.

From an examination of the bids submitted by a number of truckmen, carpenters and linoleum dealers, it appears that the sum requested by the Board of Coroners is reasonable.

The adoption of the attached resolution concurring in the resolution of the Board of Aldermen referred to and approving the schedules as revised is hereby recommended.

Respectfully submitted, W. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on May 12, 1914, requesting an issue of special revenue bonds in the sum of seven hundred and fifty dollars ($750), the proceeds whereof to be used by the Board of Coroners, Borough of Manhattan, for the purpose of covering the following items necessary and incidental to the moving of said Coroners' office to the new Municipal Building:

Removing office partitions, telephone booths, rostrum and jury box.....	$125 00
Removing records and fixtures	200 00
Three hundred and seventy-five yards of linoleum.....	425 00
	$750 00

—all obligations contracted for thereunder to be incurred on or before December 31, 1914, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor, the Comptroller be and he is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding seven hundred and fifty dollars ($750) redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the office of the Board of Coroners, Borough of Manhattan, for the year 1914, as follows:

2940 Contingencies	$760 00
Tax levy allowance	$10 00
Special revenue bond allowance	750 00
	$760 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of The Bronx—Issue of Special Revenue Bonds and Modification of Schedule (Cal. No. 134).

(On June 5, 1914 (126C) the resolution of the Board of Aldermen in this matter was referred to the Comptroller).

(On June 19, 1914 (Cal. No. 45), the report of the Comptroller thereon was laid over for one week, under rule 19.)

(For report of the Committee on Salaries and Grades in this matter, see Cal. No. 45, this meeting.)

The Secretary presented a resolution of the Board of Aldermen, adopted May 26, 1914, requesting the authorization of special revenue bonds; and the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 16, 1914.

To the Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—On May 26, 1914, the Board of Aldermen adopted the following resolution:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight hundred and forty dollars ($840), the proceeds whereof to be used by the President of the Borough of The Bronx for the purpose of providing funds for the employment of two elevatormen in the new Bronx Court House, from June 1 to December 31, 1914."

The foregoing resolution was referred to this department on June 5, 1914, by the Board of Estimate and Apportionment.

The new Bronx County Court House, situate at 161st street and 3d avenue, is nearing completion and will be accepted by the City before July 1, 1914, and as a consequence the City will have to provide the necessary force required for running the elevator system.

This issue of special revenue bonds referred to is requested for the purpose of providing funds with which to pay the salaries of two Elevatormen from July 1, 1914, to the end of the present year.

The grade of this position having already been established in the department of the President of the Borough of The Bronx, the adoption of the attached resolutions concurring in the resolution of the Board of Aldermen referred to approving the schedules as revised is hereby recommended.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on May 26, 1914, requesting an issue of special revenue bonds in the sum of eight hundred and forty dollars ($840), to be used by the President of the Borough of The Bronx for the purpose of providing funds for the employment of two Elevatormen in the new Bronx Court House, from June 1 to December 31, 1914, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding eight hundred and forty dollars ($840), redeemable from the tax levy of the year succeeding the year of their issue.

President, Borough of Queens—Transfer of Funds and Modification of Schedule Therefor (Cal. No. 135).

(On June 12, 1914 (Cal. No. 50), the request of the President of the Borough of Queens in this matter, and the report of the Comptroller thereon were laid over for one week, under Rule 19.)

(On June 19, 1914 (Cal. No. 113), the report of the Comptroller was laid over for one week at his request.)

The Secretary presented a communication from the President, Borough of Queens, dated May 18, 1914, requesting transfer of funds within appropriation for said department for 1914; and the following report of the Comptroller:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, June 9, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—In a communication dated May 18, 1914, the President of the Borough of Queens requested transfer of funds within appropriations to that office for the year 1914.

It is proposed to transfer $1,575 from account No. 655, Salaries, Regular Employees, Care of Sewers and Sewage, to account 661TCS, Salaries, Regular Employees, Engineering Construction, the same to take effect June 1, 1914.

The transfer is necessary to provide funds for the payment of the salary of an Assistant Engineer who is to be placed under the jurisdiction of the Engineer in Charge of the Bureau of Engineering Construction.

This Assistant Engineer for some time past has been engaged in connection with the work of the maintenance forces in the Bureau of Sewers. This fact was considered at the time the Budget was made, but the Borough President now states that he desires to place this man where he will be under the control and jurisdiction of the Engineer in Charge of the Bureau of Engineering Construction, thereby obtaining better supervision and control of the work performed by this Assistant Engineer.

The schedule line changes are as follows:

Code No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
655	Assistant Engineer.....	$2,700 00	.....	$1,575 00	.....
661TCS	Assistant Engineer	.....	$2,700 00	.....	$1,575 00
		$2,700 00	$2,700 00	$1,575 00	$1,575 00

No increase of salary is involved in the proposed change.

The adoption of the attached resolutions approving the proposed transfer and modification of the schedules, as revised, is hereby recommended. Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the President of the Borough of Queens for the year 1914, as follows:

Department of Education—Acquisition of Property as a Site for School Purposes (Cal. No. 136).

(On October 2, 1913 (Cal. No. 7B), the request from the Secretary of the Board

of Education, together with the resolution adopted by the Board of Education in this matter was referred to the Comptroller.)

(On June 5, 1914 (Cal. No. 33), the report of the Comptroller thereon was laid over for one week under Rule 19, and the matter was referred to the Chief Engineer of the Board for report under Rule 35.)

(On June 12, 1914 (Cal. No. 251), and on June 19, 1914 (Cal. No. 181), the matter was laid over for one week.)

The Secretary presented a communication from the Secretary of the Board of Education, dated September 25, 1913, transmitting resolutions adopted by said Board on September 24, 1913, relative to the acquisition of property for school sites; and the following reports of the Comptroller and the Chief Engineer of the Board:

The City of New York, Department of Finance, May 25, 1914.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held June 12, 1913, a resolution was adopted authorizing the issue of Corporate Stock to an amount not exceeding $480,000, to provide means for the acquisition of school sites in the various Boroughs of The City of New York, which amount provided for a site in the vicinity of Remington Avenue, Blanco and Otto Places, Jamaica, Borough of Queens. This resolution was concurred in by the Board of Aldermen on July 15, 1913, and approved by his Honor the Mayor on August 20, 1913.

At a meeting of the Board of Education held September 24, 1913, a resolution was adopted selecting and determining upon as a site for school purposes, the block bounded by Liberty Avenue, Jerome Avenue, Bryant Avenue and Lowell Avenue, Jamaica, Borough of Queens, which plot of ground is in the vicinity of Remington Avenue and Otto Place, Jamaica, and has a frontage of 313 feet *plus* on Lowell Avenue, 200 feet *plus* on Jerome Avenue, 213 feet *plus* on Bryant Avenue, and 215 feet *plus* on Liberty Avenue, containing about 26½ lots of the size 20 by 100 feet.

Subsequent to the adoption of this resolution, the Committee on Sites of the Board of Education, under date of October 15, 1913, requested me to withhold my approval of this site to the Board of Estimate and Apportionment until further investigation of the location was made, and under date of April 7, 1914, I was advised by the Chairman of the Committee on Sites that a further and most thorough investigation of the mater had been made, and it was determined that the site was a proper one and should be acquired for school purposes, and requesting me to take the necessary steps to insure the acquisition of the same.

After negotiations by the Comptroller these premises may be secured by the City for the sum of $25,000, or at the rate of $943 per lot of the size 20 by 100 feet.

The price being reasonable and just, I respectfully recommend that your Board approve of the selection of the following described premises for use of the Department of Education:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate in the Town and Village of Jamaica, County of Queens and State of New York, laid down upon a certain map entitled "Map of the Marshall Farm in the Village of Jamaica, belonging to F. W. Dunton, filed in the office of the Clerk of Queens County, July 30, 1890, and known and designated on said map as Block No. Fifteen (15), which said Block is bounded as follows: On the North by Broadway, on the East by Bryant Avenue, on the South by Liberty Avenue, and on the West by Lowell Avenue, and which is more particularly described as follows:

Beginning at a point formed by the intersection of the northerly line of Liberty Avenue with the easterly line of Lowell Avenue, and running thence northerly along the easterly line of Lowell Avenue 313.94 feet to the southerly line of Jerome Avenue (formerly Broadway); thence easterly along the southerly line of Jerome Avenue (formerly Broadway) 200.86 feet to the westerly line of Bryant Avenue; thence southerly along the westerly line of Bryant Avenue 213.82 feet to the northerly line of Liberty Avenue, and thence westerly along the northerly line of Liberty Avenue 216 feet to the easterly line of Lowell Avenue, the point or place of beginning; together with all the right, title and interest, if any of the owners, of, in and to the avenues in front thereof to the centre thereof.

—and authorize the Comptroller to enter into contract for the acquisition of the same at private sale, at a price not exceeding $25,000, said contract to be submitted to the Corporation Counsel for his approval as to form. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Transmitted herewith—Original communication of the Board of Education, dated September 25, 1913.

Office of the Chief Engineer, Board of Estimate and Apportionment, Municipal Building, New York, June 8, 1914.

Report No. 13887. June 8, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment, held on June 5, 1914, the Comptroller presented a report to the Board recommending the purchase at private sale of the block bounded by Liberty avenue, Jerome avenue, Bryant avenue and Lowell avenue, in the Jamaica section of the Borough of Queens, to be used as the site for a public school, at which time action was deferred for one week under the provisions of Rule 19, and at the same time the matter was referred to your Engineer with instructions to submit a report which would show the relation of this property to the City plan in accordance with the provisions of Rule 35.

The streets forming the boundary of the block under consideration are shown upon the approved tentative plan of the Jamaica section, which indicates that all of them are to be retained at their present width, with the exception of Liberty avenue, which, as heretofore in use, has a width of 60 feet, but which is now to be widened to 100 feet, the widening being effected by the inclusion of an additional strip of 20 feet on each side. It would therefore appear that the property available for school purposes will have a net depth on the Liberty avenue side of 20 feet less than the area which is to be purchased.

With the understanding, however, that the attention of the Board of Education will be called to the necessity of recognizing the proposed widening of Liberty avenue, the project would appear to be consistent with the proposed street development, in this locality.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Board of Education of property located in the block bounded by Liberty avenue, Jerome avenue, Bryant avenue and Lowell avenue, Jamaica, Borough of Queens, as a site for school purposes, bounded and described as follows:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate in the Town and Village of Jamaica, County of Queens and State of New York, laid down upon a certain map entitled "Map of the Marshall Farm in the Village of Jamaica, belonging to F. W. Dunton, filed in the office of the Clerk of Queens County, July 30, 1890, and known and designated on said map as Block No. Fifteen (15) which said Block is bounded as follows: On the North by Broadway, on the East by Bryant Avenue, on the South by Liberty Avenue and on the West by Lowell Avenue, and which is more particularly described as follows:

Beginning at a point formed by the intersection of the northerly line of Liberty Avenue with the easterly line of Lowell Avenue, and running thence northerly along the easterly line of Lowell Avenue 313.94 feet to the southerly line of Jerome Avenue (formerly Broadway); thence easterly along the southerly line of Jerome Avenue (formerly Broadway) 200.86 feet to the westerly line of Bryant Avenue; thence southerly along the westerly line of Bryant avenue 213.82 feet to the northerly line of Liberty Avenue, and thence westerly along the northerly line of Liberty Avenue 216 feet to the easterly line of Lowell Avenue, the point or place of beginning; together with all the right, title and interest, if any, of the owners, of, in and to the avenues in front thereof to the centre thereof.

—and authorizes the Comptroller to enter into a contract for the acquisition of the same at private sale, at a price not exceeding $25,000, said contract to be submitted to the Corporation Counsel for approval as to form.

Which was adopted by the following vote:

Affirmative—The Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—13.

Department of Finance—Transfer of Premiums Derived from Sales of Corporate Stock to Fund "C. F. M.—24" (Cal. No. 137).

The Secretary presented a report of the Comptroller recommending that the premiums derived from the sales of corporate stock in the years 1912, 1913 and 1914 ($1,387,351.87) be paid into the fund known as "C.F.M.—24," and thereby made available toward the payment of the cost of any permanent improvement which may lawfully be paid from the proceeds of the sale of corporate stock, and that premiums realized from future sales of corporate stock be similarly paid into said fund.

(At the meeting of the Board on June 12, 1914 (No. 265), this matter was laid over for one week, and on June 19, 1914 (Cal. No. 183), was again laid over for one week, pending an opinion from the Corporation Counsel as to the legality of the transfer.)

On motion, the matter was again laid over for one week (July 2, 1914), pending the receipt of an opinion of the Corporation Counsel, requested by the Comptroller.

Changing the Grade of East 138th Street Between Mott Avenue and a Point About 29.7 Feet Easterly Therefrom, and of Mott Avenue at Its Intersection With East 138th Street, Borough of The Bronx (Cal. No. 138).

(On June 12, 1914 (Cal. No. 5), a public hearing was held in this matter and at the close thereof, it was laid over until this meeting.)

On motion, the matter was referred back to the President of the Borough of The Bronx.

Laying Out an Esplanade Between Bronx and Pelham Parkway and Mace Avenue; Laying Out Two Public Parks at the Junction of the Esplanade With Waring Avenue and Changing the Grades of Streets Intersected by the Esplanade, and Establishing Roadway and Sidewalk Widths, Borough of The Bronx (Cal. No. 139).

(On May 28, 1914, a public hearing was held in this matter, and at the close thereof, it was laid over for two weeks; on June 12, 1914 (Cal. No. 176), it was laid over until this meeting.)

On motion, the matter was laid over until July 30, 1914.

Amending the Proceeding for Acquiring Title to Queens Boulevard, from Van Dam Street to Hillside Avenue, Borough of Queens (Cal. No. 140).

(On June 12, 1914 (Cal. No. 10), a public hearing was held in this matter, and at the close thereof, it was laid over for one week (June 19, 1914); on the latter date (Cal. No. 107), it was again laid over for one week.)

The following was offered:

Whereas, The Board of Estimate and Apportionment of the City of New York adopted a resolution on October 19, 1911, authorizing a proceeding for acquiring title to the lands and premises required for the opening and extending of Queens Boulevard from Van Dam Street to Hillside Avenue, Borough of Queens, and directing that 50% of the entire cost and expense of the proceeding be borne and paid by the City of New York, 30% of such cost and expense by the Borough of Queens and the remaining 20% of such cost and expense by the property deemed to be benefited by the improvement, and included in an area of assessment incorporated in the resolution authorizing the proceeding; and

Whereas, By resolutions adopted by the Board on March 13, 1914, two maps were approved under which certain changes were made in the lines of Queens Boulevard; and

Whereas, By resolutions adopted by the Board on May 28, 1914, two additional maps were approved, one of which includes within the street area old Hoffman Boulevard, where it adjoins Yellowstone Avenue, and the other lays out Queens Boulevard through Maple Grove Cemetery; and

Whereas, By resolution adopted by the Board on May 15, 1914, a public hearing was fixed for June 12, 1914, upon a proposed amendment of the proceeding so as to conform to the foregoing map changes; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that the Board would hold a public hearing on the 12th day of June, 1914, at 10:30 o'clock a. m., at the City Hall, Borough of Manhattan, City of New York, at which all persons interested would be given an opportunity to be heard upon the proposed area of assessment and apportionment of cost of the proceeding as amended; and

Whereas, The Board afforded all persons interested an opportunity to be heard upon the proposed action;

Resolved, That the Board of Estimate and Apportionment hereby amends the proceeding authorized by the Board on October 19, 1911, for acquiring title to Queens Boulevard from Van Dam Street to Hillside Avenue so as to conform to the map changes made by the Board on March 13, 1914, and May 28, 1914;

Resolved, by the Board of Estimate and Apportionment, That 20% of the entire cost and expense of the proceeding as authorized and amended shall be assessed upon the following area:

Beginning at a point on the prolongation of a line midway between Manly street and Mount street distant 100 feet northerly from the northerly line of Skillman avenue, the said distance being measured at right angles to Skillman avenue, and running thence eastwardly along a line always distant 100 feet northerly from and parallel with the northerly line of Skillman avenue to the intersection with a line always distant 800 feet northerly from and parallel with the northerly line of Queens boulevard, the said distance being measured at right angles to Queens boulevard; thence generally eastwardly along the said line parallel with Queens boulevard and along the prolongations thereof to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Jamaica avenue as this street is in use and commonly recognized, the said distance being measured at right angles to Jamaica avenue; thence westwardly along a line always parallel with and distant 100 feet from Jamaica avenue to the intersection with the prolongation of a line always distant 800 feet southerly from and parallel with the southerly line of Queens boulevard, the said distance being measured at right angles to Queens boulevard; thence generally westwardly along the said line parallel with Queens boulevard and along the prolongations thereof to the intersection with the line midway between Manly street and Mount street; thence northwardly along the said line midway between Manly street and Mount street and the prolongation thereof to the point or place of beginning.

Resolved, That 30% of the entire cost and expense of the proceeding as authorized and amended shall be borne and paid by the Borough of Queens; such 30% of the cost and expense to be borne by the said Borough of Queens shall be levied and collected with the taxes upon the real property in said Borough becoming due and payable in the year in which such cost and expense shall have been fixed and determined, provided that such cost and expense be ascertained in time to be included with the taxes on the real property of said Borough in the same year; and if not determined in time the same shall be levied and collected with the taxes of the succeeding year;

Resolved, That the remaining 50% of such entire cost and expense of the proceeding as authorized and amended shall be borne and paid by the City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Roadway and Sidewalk Dimensions for Streets of Various Widths, Radii of Curb Corners at Street Intersections and Encroachments on Sidewalk Spaces (Cal. No. 142).

(On June 12, 1914 (Cal. No. 165), and on June 19, 1914 (Cal. No. 179), this matter was laid over for one week.)

The Secretary presented the following report of the Chief Engineer of the Board:

Report No. 13898. June 5, 1914.

Hon. JOHN PURROY MITCHEL, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—On December 23, 1909, the Board of Estimate and Apportionment adopted a resolution prescribing roadway and sidewalk dimensions for streets of various widths, the radii of curb corners at street intersections and encroachments upon the sidewalk space.

The subject of the radii of curb corners has for some time been the subject of discussion and conference between the Consulting Engineers of the several Boroughs and the Chief Engineer of the Board, and the conclusion has been reached that in view of the constantly increasing roadway traffic a somewhat longer radius resulting in an easier turn from one street to another is desirable, and I therefore submit a resolution amending section 2 of the resolution of December 23, 1909, which will effect the change which is deemed desirable, the adoption of which resolution is hereby recommended.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That section 2 of the resolution adopted by the Board of Estimate and Apportionment on December 23, 1909, and printed on page 3483 of the Public Improvement Minutes of that date, and reading as follows:

"The curb corners at street intersections, where the interior angle is 30 degrees or more, shall be turned with a curve having a radius of 5, 6, 8, 10 or 12 feet, this being determined for each case as the nearest of these dimensions which would represent 10 per cent. of the width of the wider street; provided, however, that in case the interior angle is less than 80 degrees, the radius shall not be less than 20 per cent. of the distance between the building line corner and the point of intersection of the curb tangents. For intersections, where the interior angle is less than 30 degrees, a tangent shall be inserted in the curb line at the corner at right angles to the line bisecting the said interior angle, and at a distance from the building line corner equivalent to the width of the wider sidewalk of the intersecting streets, the said distance being measured along the bisecting line. The curves to connect this tangent with the curb lines, otherwise provided for, shall each have a radius of 6 feet."

—be amended to read as follows:

2. The curb corners at street intersections where the interior angle is 45 degrees or more shall be turned with a curve having a radius of 12 feet, except in those cases where both sidewalks are less than 12 feet wide, when the curb corners shall be turned with a curve having a radius of 8 feet.

Where the interior angle between intersecting streets is less than 45 degrees, a tangent shall be inserted in the curb line at right angles to the line bisecting the said interior angle and at a distance from the building line corner equivalent to the width of the wider sidewalk; where the lines of intersecting streets adjoining the corner are intercepted by a tangent the curb shall be set parallel to the said tangent and at a distance therefrom equivalent to the width of the wider sidewalk. The radius of the curves joining the above described tangents in the curb with the curb lines shall be 8 feet.

Where the building line corner is turned with a curve and the sidewalks are of different widths, preference shall be given the wider sidewalk opposite the corner, where, owing to excessive grades, additional sidewalk distance is required, special treatment shall be applied in the discretion of the Borough authorities.

In repairing streets the existing curb corners may be retained or may be modified to comply with the above requirements in the discretion of the Borough authorities.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—16.

Protest Against Levying Assessment in the Proceeding for Acquiring Title to Cypress Avenue, Between the Brooklyn Borough Line and Cooper Street, Borough of Queens (Cal. No. 143).

(On June 12, 1914 (Cal. No. 28), the Secretary presented a report of the Committee of Assessments, to which this matter was referred on April 17, 1914. The matter was laid over until June 26, 1914, and the Secretary was directed to request the Corporation Counsel to advise the Board on or before that date if the expenses of the Bureau of Street Openings were charged to this proceeding while it was dormant or in suspense, and if so, to what amount.)

The Secretary presented the following communication from the Corporation Counsel:

City of New York, Law Department, Office of the Corporation Counsel, New York, June 22, 1914.

The Board of Estimate and Apportionment:

Gentlemen—I am in receipt of a communication, dated June 15, 1914, addressed to the Corporation Counsel by Joseph Haag, your Secretary, enclosing a copy of a report of the Committee on Assessments, dated May 12, 1914, relative to the protest of certain property owners against the assessments for acquiring title to Cypress Avenue, between the Brooklyn Borough line and Cooper Street, in the Borough of Queens.

Your Secretary, pursuant to the direction of the Board, asks that the Board be advised "if the expenses of the Bureau of Street Openings were charged to this proceeding while it was dormant or in suspense and if so to what amount."

The salaries of Assistants, Computers and Clerks are charged against proceedings in the Bureau of Street Openings in the books kept by the Chief Clerk of the Bureau under two general headings, namely, "Specially Assigned" and "General Administration."

An examination of the books shows that in no month was a "General Administration" charge entered against this proceeding where there was not a charge in the "Specially Assigned" column. In other words, Computers and Assistants were engaged in work in connection with the proceeding in every month in which charges were entered against it.

I therefore advise, that no expenses were charged against the proceeding while it was dormant or in suspense. This does not mean that expenses were not incurred and charged while the Commissioners were not active in the proceeding.

Proof of title must be taken, titles examined, briefs written by the Assistant, assessments must be calculated and preliminary and final reports, bills of costs and various notices must be prepared by the Computers and Clerks, although the hearings of the Commissioners may be temporarily suspended.

While therefore, as far as the Commissioners are concerned, the proceeding might be said to be suspended, the proceeding was active inasmuch as the employees of the Bureau of Street Openings were performing services in connection with the proceeding. Respectfully yours, FRANK L. POLK, Corporation Counsel.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves the report of the Committee on Assessments of the Board, dated May 12, 1914, relative to the protest of the Citizens' Improvement Association of Evergreen against the assessment for acquiring title to Cypress Avenue, from the Brooklyn Borough line to Cooper Street, in the Borough of Queens, the proceeding for acquiring title to which was authorized by the Board in resolutions adopted on November 3, 1905, and September 24, 1909; and be it further

Resolved, That the petition of said Citizens' Improvement Association of Evergreen for relief from the assessment be and the same hereby is denied.

This request was referred to the Committee on Salaries and Grades on June 12, 1914 (Cal. No. 158).

The matter was ordered on the Calendar for July 2, 1914.

Board of Inebriety—Transfer of Appropriation (No. 210).

The Secretary presented a communication, dated June 25, 1914, from Bailey B. Burritt, General Director of the New York Association for Improving the Condition of the Poor, transmitting statement showing proposed expenditures of the Farm Colony for Inebriates to enable it to start work in the summer of 1914.

(This communication relates to a transfer of appropriation required by the Board of Inebriety to provide for the reception of inmates at the Farm Colony.)

Which was referred to the Comptroller and to the Committee on Salaries and Grades.

Fixing Roadway and Sidewalk Widths on the Easterly Side of Varick Street, at St. Johns Chapel, Borough of Manhattan (No. 211).

(On June 5, 1914 (Cal. No. 111), the Committee on the City Plan presented its report on this matter and the Board thereupon adopted a resolution permitting, subject to revocation at any time and subject to other conditions, that St. Johns Chapel be permitted to remain on its present site.)

The President of the Board of Aldermen, Chairman of the Committee on the City Plan, offered the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Committee on City Plan of the Board to obtain from the Public Service Commission an estimate of the additional cost involved in strengthening the subway structure in connection with retaining St. John's Chapel on its present site in Varick street, Borough of Manhattan.

Which was adopted by the following vote:

Affirmative—The Mayor, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—13.

Department of Public Charities—Transfer of Funds (No. 212).

The Secretary presented a communication from the Commissioner of Public Charities, dated June 26, 1914, requesting the transfer of $47,720, from some available fund for the use of his department in employing additional help for six months, beginning July 1, 1914, required for the reinvestigation of public charges in private institutions and for the investigation upon admission, of public charges, etc.

Which was referred to the Comptroller for report in one week (July 2, 1914).

Department of Public Charities—Issue of Corporate Stock (No. 213).

The Secretary presented a communication from the Commissioner of Public Charities, dated June 25, 1914, requesting the issue of $4,520,800 Corporate Stock for the year 1914, for the use of his department for 1914, including a new hospital to replace the Cumberland Street Hospital, at an estimated cost of $500,000; also a new hospital to replace the present building of the Kings County Hospital, $500,000; $1,000,000 for the extension of the Sea View plant; and for various other purposes.

Which was referred to the Committee on Corporate Stock Budget.

Department of Parks, Borough of Queens—Issue of Corporate Stock (No. 214).

The Secretary presented a communication from the Commissioner of Parks, Borough of Queens, dated June 25, 1914, requesting the issue of $55,125 corporate stock for the following purposes:

$15,000 for a concrete bulkhead with timber core wall, 1,000 linear feet in length at the eastern end of Seaside Park, in front of Sea Breeze Hospital.

$37,500 for twenty-five groynes or jetties, 250 feet long, to protect the entire beach front of Seaside Park.

$2,625 for engineering.

Which was referred to the Committee on Corporate Stock Budget.

President, Borough of Manhattan—Issue of Corporate Stock (No. 215).

The Secretary presented a communication from the Commissioner of Public Works, Borough of Manhattan, dated June 25, 1914, requesting that the President of the Borough of Manhattan be authorized to reconstruct the sewer in South street from Oliver street to Pier No. 26, East River, near Catharine street, and to charge the expense thereof, not exceeding $9,000 to the corporate stock fund C. P. M.—32.

In the reconstruction of the pier at the above location by the Dock Department it was found necessary to make extensive repairs to the bulkhead at the point where the sewer passes through it and in view of the fact that the Dock Department cannot proceed with its work until this sewer is taken care of, it is urged that immediate action be taken in this matter.

Which was referred to the Committee on Corporate Stock Budget.

Department of Street Cleaning—Issue of Corporate Stock (No. 216).

The Secretary presented a communication from the Secretary of the Broadway Association of New York, containing resolution adopted by the Executive Committee

of said Association, approving of the plan proposed by the Commissioner of Street Cleaning to put in effect a model street cleaning district, and urging the Board to appropriate the funds asked for by the Commissioner to carry out this plan.

(The above communication refers to the request of the Commissioner of Street Cleaning made on June 5, 1914 (Cal. No. 78) for an appropriation of $253,000 to provide for the equipment of a model street cleaning district in the Borough of Manhattan, which was referred to the Committee on Corporate Stock Budget and to the Committee on Street Cleaning.)

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE MONDAY, JULY 20, 1914.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE, MONDAY, JULY 20, 1914.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date, in which is shown the Department of Finance voucher number, the date of the invoices or the registered number of the contract, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher the date of the earliest is given, excepting that when such vouchers are submitted under a contract the registered number of the contract is shown instead.

If the vouchers are found to be correct and properly payable to the respective claimants it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WILLIAM A. PRENDERGAST, Comptroller.

Confirmation of Assessments.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 6.

EAST ONE HUNDRED AND SIXTH STREET—RESTORING ASPHALT PAVEMENT in front of No. 429. Area of assessment: North side of One Hundred and Sixth street, about 200 feet west of Pleasant avenue, known as Lot 17, in Block 1700.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

—that the same were entered on July 17, 1914, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Municipal Building, north side, third floor, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before September 15, 1914, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

WM. A. PRENDERGAST, Comptroller.

NOTICE IS HEREBY GIVEN that the Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to establish the lines and grades of new streets within the area designated as Section 123 of the Final Maps, Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on July 30, 1914, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on July 2, 1914, notice of the adoption of which is hereby given, viz.:

Whereas, The Board of Estimate and Apportionment of the City of New York is considering the advisability of amending the proceeding authorized by said Board on October 5, 1911, for acquiring title to Yellowstone Avenue between Queens (Hoffman) Boulevard and Woodhaven Avenue (Trotting Course Lane), Borough of Queens, so as to conform to a map adopted by the Board on March 27, 1914, on which the street lines are changed in such a way as to make them include where practicable the Old White Pot Road; also to conform to a map adopted by the Board on May 28, 1914, on which the street alignment was changed so as to include within the lines of Queens Boulevard old Hoffman Boulevard at its intersection with Yellowstone Avenue; the proposed amended proceeding providing for the acquisition of title to Yellowstone Avenue from Queens Boulevard to Woodhaven Avenue as said streets are now laid out upon the map or plan of the City of New York.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on a line midway between Nome Street and Meteor Street distant 100 feet northeasterly from the northeasterly line of Queens Boulevard, the said distance being measured at right angles to Queens Boulevard and running thence southeastwardly along a line always distant 100 feet northeasterly from and parallel with the northeasterly line of Queens Boulevard to the intersection with a line midway between Ibis Street and Harvest Street; thence southwestwardly along the said line midway between Ibis Street and Harvest Street and along the prolongation of the said line to the intersection with the prolongation of a line midway between Herrick Avenue and Shelbourne Place; thence southwardly along the said line midway between Herrick Avenue and Shelbourne Place and along the prolongations of the said line to the intersection with the southerly right-of-way line of the Main Line Division of the Long Island Railroad; thence westwardly along the said right-of-way line to the intersection with a line midway between Stafford Avenue and Herrick Avenue; thence southwardly along the said line midway between Stafford Avenue and Herrick Avenue to the intersection with a line midway between Clyde Street and Dartmouth Street; thence westwardly along the said line midway between Clyde Street and Dartmouth Street to the intersection with a line midway between Baldwin Avenue and Stafford Avenue; thence southwardly along the said line midway between Baldwin Avenue and Stafford Avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the center lines of Selfridge Street and Stafford Avenue as these streets are laid out between Nansen Street and Olcott Street; thence southwardly along the said bisecting line to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Metropolitan Avenue, as this street is laid out between Herrick Avenue and Continental Avenue; thence westwardly along the prolongation of the said line parallel with Metropolitan Avenue to a point where it is intersected by the prolongation of the easterly line of Yellowstone Avenue; thence northwardly in a straight line to a point on the prolongation of the northerly line of Nansen Street, as this street is laid out adjoining Yellowstone Avenue on the east, distant 100 feet westerly from the westerly line of Woodhaven Avenue, the said distance being measured at right angles to Woodhaven Avenue; thence northwestwardly along a line always distant 100 feet southwesterly from and parallel with the southwesterly line of Woodhaven Avenue to the intersection with the prolongation of a line midway between Vassar Street and Cornell Street; thence northwardly along the said line midway between Vassar Street and Cornell Street and along the prolongations of the said line to the intersection with the southerly right-of-way line of the Main Line Division of the Long Island Railroad; thence eastwardly along the said right-of-way line to the intersection with the prolongation of a line midway between Roxton Street and Quality Street; thence northwardly along the said line midway between Roxton Street and Quality Street and along the prolongation of the said line to the intersection with a line midway between Booth Street and Austin Street; thence eastwardly along the said line midway between Booth Street and Austin Street to the intersection with a line midway beween Pilgrim Street and Occident Street; thence northwardly along the said line midway between Pilgrim Street and Occident Street to a point distant 100 feet northerly from the northerly line of Booth Street; thence eastwardly and parallel with Booth Street to the intersection with the prolongation of a line midway between Nome Street and Meteor Street; thence northeastwardly along the said line midway between Nome Street and Meteor Street and along the prolongation of the said line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 30th day of July, 1914, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 30th day of July, 1914.

Dated July 17, 1914.

JOSEPH HAAG, Secretary, Municipal Building. Telephone 4560 Worth. jy17,28

NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held on July 2, 1914, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Sutphin Road, from Hillside Avenue to Jamaica Avenue, and from the southerly property line of the Long Island Railroad to Rockaway Boulevard; Campion Street, from Jamaica Avenue to Archer Street, together with the public park within the lines of Sutphin Road at its intersection with Rockaway Boulevard, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of Section 980 of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in these proceedings:

Beginning at a point on the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of 86th Avenue (Terrace Avenue), as this street meets 148th Street (Victoria Street) on the east, the said distance being measured at right angles to 86th Avenue where it is intersected by the prolongation of a line distant 1,000 feet westerly from and parallel with the westerly line of Sutphin Road as this street is laid out where it meets Hillside Avenue, the said distance being measured at right angles to Sutphin Road, and running thence eastwardly along the said line parallel with 86th Avenue (Terrace Avenue) and along the prolongation of the said line to a point distant 100 feet easterly from the easterly line of Kissena Road (Alsop Street), the said distance being measured at right angles to Kissena Road; thence southwardly and always distant 100 feet easterly from and parallel with the easterly lines of Kissena Road and Alsop Street (Alsop Street) to the intersection with the northerly line of Jamaica Avenue (Fulton Street); thence southwardly in a straight line to a point on the southerly line of Jamaica Avenue (Fulton Street) distant 100 feet easterly from the easterly line of Roseville Avenue (Rockaway Turnpike), the said distance being measured at right angles to Roseville Avenue; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Roseville Avenue (Rockaway Turnpike), to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Liberty Avenue (Catherine Street) as this street meets Roseville Avenue (Rockaway Turnpike) on the east, the said distance being measured at right angles to Liberty Avenue; thence eastwardly along the said line parallel with Liberty Avenue (Catherine Street) and along the prolongation of the said line, to the intersection with the prolongation of a line distant 100 feet northeasterly from and parallel with the northeasterly line of Jermyn Place (Hackett Street) as this street meets South Street on the north, the said distance being measured at right angles to Jermyn Place; thence southeastwardly along the said line parallel with Jermyn Place and along the prolongation of the said line, to a point distant 100 feet northwesterly from the northwesterly line of South Street, the said distance being measured at right angles to South Street; thence northeastwardly and always distant 100 feet northwesterly from and parallel with the northwesterly line of South Street to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Freehold Street (Norris Avenue), the said distance being measured at right angles to Freehold Street; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Freehold Street (Norris Avenue) and the prolongations thereof, to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Ulster Avenue (Meyer Avenue) as this street meets Freehold Avenue on the West, the said distance being measured at right angles to Ulster Avenue; thence westwardly along the said line parallel with Ulster Avenue (Meyer Avenue) and along the prolongation of the said line, to the intersection with the prolongation of a line midway between Jewett Street (Elder Avenue) and Altmar Place (Evergreen Place) as these streets meet Yukon Avenue (Boyland Avenue) on the north; thence southwardly along the said line midway between Jewett Street (Elder Avenue) and Altmar Place (Evergreen Place), and along the prolongations of the said line to the intersection with the northerly line of Yukon Avenue (Boyland Avenue); thence southwardly in a straight line to a point on the northerly line of Baisley Avenue (Locust Avenue) where it is intersected by the prolongation of a line midway between Victor Street (Carter Street) and Easy Street; thence southwardly along the said line midway between Victor Street (Carter Street) and Easy Street to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Newcomb Avenue as this street meets Easy Street on the east, the said distance being measured at right angles to Newcomb Avenue; thence westwardly along the said line parallel with Newcomb Avenue and along the prolongation of the said line, to a point distant 1,000 feet southerly from the southerly line of Rockaway Boulevard (Rockaway Turnpike), the said distance being measured at right angles to Rockaway Boulevard; thence westwardly and always distant 1,000 feet southerly from and parallel with the southerly line of Rockaway Boulevard (Rockaway Turnpike and Rockaway Road) to the intersection with a line at right angles to Rockaway Boulevard and passing through a point on its northerly side distant 1,000 feet westerly from the westerly line of Sutphin Road, the said distance being measured at right angles to Sutphin Road; thence northwardly along the said line at right angles to Rockaway Boulevard to the intersection with its northerly side; thence northwardly along a succession of lines each of which is distant 1,000 feet westerly from and parallel with the tangents in the westerly line of Sutphin Road or their prolongations, the said distance being measured at right angles to the respective tangents, to the intersection with the prolongation of a line midway between Princeton Street (Dean Street) and Inwood Street (Baltic Street) as these streets meet Liberty Avenue on the south; thence northwestwardly along the said line midway between Princeton Street (Dean Street) and Inwood Street (Baltic Street) and along the prolongation of the said line, to a point distant 100 feet southeasterly from the southeasterly line of Liberty Avenue, the said distance being measured at right angles to Liberty Avenue; thence southwestwardly and always distant 100 feet southeasterly from and parallel with the southeasterly line of Liberty Avenue, to the intersection with a line at right angles to Liberty Avenue and passing through a point on its northwesterly side where it is intersected by the prolongation of a line midway between Brisbin Street (Longfellow Avenue) and Cresskill Place (Irving Place) as these streets meet Beaufort Avenue on the south; thence northwestwardly along the said line at right angles to Liberty Avenue to the intersection with its northwesterly side; thence northwardly along the said line midway between Brisbin Street (Longfellow Avenue) and Cresskill Place (Irving Place) and along the prolongations of the said line to a point distant 100 feet southerly from the southerly line of Archer Street (Place), the said distance being measured at right angles to Archer Street; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of Archer Street to the intersection with the prolongation of a line midway between Campion Street (Avenue) and Centerport Street (Rose Avenue) as these streets meet Archer Street on the north; thence northwardly along the said line midway between Campion Street (Avenue) and Centreport Street (Rose Avenue) and along the prolongations of the said line, to a point distant 100 feet northerly from the northerly line of Jamaica Avenue (Fulton Street), the said distance being measured at right angles to Jamaica Avenue; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Jamaica Avenue (Fulton Street) to a point distant 1,000 feet westerly from the westerly line of Sutphin Road, the said distance being measured at right angles to Sutphin Road; thence northwardly and always distant 1,000 feet westerly from and parallel with the westerly line of Sutphin Road and the prolongation thereof to the point or place of beginning.

(The lines of the streets hereinbefore referred to which have not been incorporated upon the City Plan, are intended to be those as in use or as commonly recognized.)

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 30th day of July, 1914, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 30th day of July, 1914.

Dated July 17, 1914.

NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held on July 2, 1914, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of the City of New York is considering the advisability of amending the proceeding authorized by the Board on January 9, 1913, for acquiring title to an easement for sewer purposes in a parcel of land having a width ranging from 20 feet to 50 feet, located in Kissel Avenue and Brighton Boulevard (Kissel Avenue) and in Brighton Boulevard (Kissel Avenue) extended, between Castleton Avenue and the pier and bulkhead line in the 1st Ward, Borough of Richmond, which land is shown on a map bearing the signature of the President of the Borough, dated July 3, 1912, and adopted by the Board of Estimate and Apportionment on December 12, 1912, the purose of the amendment being to provide for the acquisition of the easement rights as heretofore contemplated in Kissel Avenue and in Brighton Boulevard from Henderson Avenue to Richmond Terrace, and along the prolongation of Brighton Boulevard from Richmond Terrace to the bulkhead line; and also in the area included in a map adopted by the Board on July 2, 1914, entitled: "Map showing lands in which it is necessary to acquire an easement for the purpose of a sewer in Kissel Avenue from Henderson Avenue to Castleton Avenue in the 1st Ward, Borough of Richmond, signed by the President of the Borough and dated May 18, 1914."

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed amended district of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the southerly bulkhead line of Kill Van Kull where it is intersected by the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Brighton Boulevard, as this street is laid out where it adjoins Richmond Terrace, the said distance being measured at right angles to Brighton Boulevard, and running thence southwardly along the said line parallel with Brighton Boulevard and along the prolongation of the said line to a point opposite the junction of Kissel Avenue and Brighton Boulevard; thence eastwardly at right angles to the course last described to the intersection with a line passing through a point on the northerly line of Henderson Avenue distant 280 feet easterly from its intersection with the easterly line of Kissel Avenue, as this street is laid out north of Henderson Avenue, the said distance being measured along the line of Henderson Avenue, and a point on the southerly line of Castleton Avenue distant 270 feet easterly from its intersection with the easterly line of Kissel avenue, as this street meets Castleton Avenue on the south, the said distance being measured along the line of Castleton Avenue; thence southwardly along the course last described to a point distant 100 feet northerly from the northerly line of Castleton Avenue, the said distance being measured at right angles to Castleton Avenue; NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held on July 2, 1914, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of the following streets in the Borough of Brooklyn, City of New York:

I. A new street 80 feet in width 200 feet northwest of the northwesterly line of Third Avenue and extending from the southerly side of Hamilton Avenue to the northerly side of 26th Street, together with a connection with the said street lying 200 feet west of the westerly side of Hamilton Avenue, between the proposed new street and the southerly extension of Second Avenue as now laid out northeast of Hamilton Avenue.

II. First Avenue, between the southerly side of 39th Street and the northerly side of 41st Street.

—and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding:

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following are the proposed areas of assessment for benefit in this proceeding:

Local areas of assessment to bear 25% of the cost of the proceeding:

I. Bounded on the northwest by the bulkhead line of Gowanus Bay; on the northeast by a line distant 350 feet northeasterly from and parallel with the northeasterly line of 39th Street, the said distance being measured at right angles to 39th Street; on the southeast by a line midway between 1st Avenue and 2nd Avenue and by the prolongation of the said line; and on the southwest by a line midway between 50th Street and 51st Street and by the prolongation of the said line.

II. Beginning at a point on the easterly bulkhead line of Gowanus Canal where it is intersected by the prolongation of a line midway between 13th Street and 14th Street, and running thence southeastwardly along the said line midway between 13th Street and 14th Street and along the prolongation of the said line to a point distant 500 feet easterly from the easterly line of Hamilton Avenue, the said distance being measured at right angles to Hamilton Avenue; thence southwardly and always distant 500 feet easterly from and parallel with the easterly line of Hamilton Avenue to a point distant 100 feet northwesterly from the northwesterly line of 3rd Avenue, the said distance being measured at right angles to 3rd Avenue; thence southwestwardly and always distant 100 feet northwesterly from and parallel with the northwesterly line of 3rd Avenue to the intersection with the prolongation of the center line of 27th Street; thence northwestwardly along the prolongation of the center line of 27th Street to the intersection with the bulkhead line of Gowanus Bay; thence northeastwardly along the bulkhead lines of Gowanus Bay and Gowanus Canal to the point or place of beginning.

The remaining 75% of the entire cost of the proceeding is to be borne and paid by the Borough of Brooklyn, and is to be levied and collected with the taxes upon the real property in said Borough becoming due and payable in the year in which such costs and expense shall have been fixed and determined, provided that such costs and expense be ascertained in time to be included with the taxes on the real property of said Borough in the same year; and if not determined in time, the same shall be levied and collected with the taxes of the succeeding year.

Resolved, That this Board consider the proposed areas of assessment and apportionment of cost at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall on the 30th day of July, 1914, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and in the Corporation Newspapers for ten days prior to the 30th day of July, 1914.

Notice of Public Hearing.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN PURsuant to law that at a meeting of the Board of Estimate and Apportionment held July 2, 1914, the following petition was received:

Kings County Refrigerating Co. (Wallabout Stores), 22-38 Hall Street at Wallabout Market, Brooklyn, N. Y., June 25, 1914.

Board of Estimate and Apportionment, New York City:

Gentlemen—On August 13, 1907, we entered into a contract under a franchise granted by your Honorable Board for laying certain pipes and supplying refrigeration to the Wallabout Market District. This franchise was for a period of 15 years with certain privileges of renewal for ten years on the following basis:

$500 cash payment.

An annual payment for the first five years, 5% of gross earnings with a minimum of $750.

An annual payment for the second five years, 6% of gross earnings with a minimum of $1,000.

An annual payment for the third five years, 7% of gross earnings with a minimum of $1,300.

25 cts. per running foot of conduit laid.

$2 for each manhole.

At the time this contract was made our Company had no way of ascertaining as to whether this contract would be favorable one or not other than the fact that it was the best that could be obtained from your Honorable Board on the recommendations of the Bureau of Franchises.

The Bureau of Franchises undoubtedly at that time were not fully conversant with the value to the grantee of such a franchise and especially as applied to a scattered district.

Our Company installed machinery and equipment at the expense of about $100,000 and have given to the district in the territory covered by our franchise good service to all that have asked for it.

This operation has resulted in a loss to the Company in direct operation during the six years of over $110,000, as shown by an audit made by Certified Public Accountants employed at the direction of a committee, independent of the officers, which was appointed by the stockholders to investigate the causes of the Company's depressed financial condition. There is over and above this amount a considerable additional loss on depreciation of machinery and equipment.

Early this spring the stockholders and directors of the Company found themselves in financial difficulties, their quick liabilities being several times more than their quick assets, and the fixed assets being fully covered by mortgage and their first mortgage bonds being sold as low as 50 cts. on the dollar.

The Company at that time was indebted to the City in Taxes on its real estate, and on this franchise to the extent of about $13,000. While it was argued by a great many that the Company should be liquidated, it was finally decided by men who were active in the welfare of Brooklyn and Wallabout Market to get together and pay off the indebtedness of the Company and endeavor to put the business on a paying business; such a Committee has been actively at work for the last three months, and on June 11, 1914, the committee turned over to the Honorable W. H. Prendergast, Controller, the last payment of the taxes on this franchise amounting to about $3,600, covering 25 cts. per running foot for four years, from 1910 to 1914.

In consideration of the foregoing and in view of the terms under which other franchises are now being granted in more densely built up sections of New York City, we hereby request that your Honorable Board grant us a franchise for a term of fifteen (15) years, with the privilege of renewal on re-valuation of ten years, based on the following principal points:

Annual payment 1st 5 years: 2% of gross earnings with a minimum of $500.

Annual payment 2nd 5 years: 3% of gross earnings with a minimum of $600.

Annual payment 3rd 5 years: 3% of gross earnings with a minimum of $700.

Payment for conduit per linear foot: 10c.

Payment for each manhole: $2.

Maximum rates to be charged for refrigeration to be furnished under properly insulated conditions: 32 degrees Fahrenheit, freezing:

500 cu. ft. or less, 4c. per month.

500 to 1,500 cu. ft. 2c. per month.

1,500 to 2,500 cu. ft., 1½c. per month.

2,500 cu. ft. and over, 1c. per month.

The basis of percentage on gross earnings noted above is in line with the franchises that are at present being given by the City in the densely populated section of lower Manhattan, and the minimum payments specified are greater than are provided for in those franchises.

The rate of 10c. per linear foot is asked for as equitable on account of the long distances of pipe which are required in this district as compared with the densely built up section of lower Manhattan; for instance, on one section of our line 1,300 feet long, there are only four customers, and on another section 700 feet long, there is only one customer. Many of these boxes are very small and the franchise tax per running foot of piping is entirely out of proportion to the returns.

It will be necessary in the near future to replace the present pipe line system with a new brine pipe line of larger diameter, to overcome the friction consequent upon the long distances the pipe is carried; and a large amount will have to be expended for new machinery.

It is generally admitted that the pipe line refrigeration which we have supplied to Wallabout Market is a public necessity, and it has been the most important single factor in the success of this Market, and if the service can be continued, it will still further aid in the growth of a very important public institution.

As before stated the men connected with this reorganization are paying to the City the full amount agreed upon, and are making an endeavor to keep the Company a going concern in the belief that your Honorable Board will give relief from the burden of the onerous terms of the franchise which has resulted in such great losses to the Company.

Very truly yours,

KINGS COUNTY REFRIGERATING CO.

P. MAXWELL, SAYFORD, Treasurer.

State of New York, County of New York, City of New York, ss.:

On this 6th day of July before me personally appeared P. Maxwell Sayford, who deposes and says that he is the treasurer of the corporation named in the foregoing application, that he has read the application and that the same is true to his own knowledge except as to matters therein stated to be upon information and belief, and as to those matters he believes them to be true. P. MAXWELL SAYFORD.

Notices of Examinations.

MUNICIPAL CIVIL SERVICE COMMISSION, MUNICIPAL BUILDING, NEW YORK.

PUBLIC NOTICE IS HEREBY GIVEN that applications will be received from

WEDNESDAY, JULY 15, 1914, TO 4 P. M. WEDNESDAY, JULY 29, 1914,

for the position of

COURT STENOGRAPHER, 4th and 5th Grades.

No applications delivered at the office of the Commission, by mail or otherwise, after 4 p. m. WEDNESDAY, JULY 29, 1914, will be accepted. Application blanks will be mailed upon request, but the Commission will not guarantee the delivery of the same. *Applications, forwarded by mail, upon which postage is not fully prepaid, will not be accepted.*

Applicants must be citizens of the United States and residents of the State of New York.

The subjects and weights of the examination are: General Dictation, 6; Special Dictation, 4. 70 per cent. will be required on each part of the examination.

General Dictation. Three five-minute dictations in the form of a judicial charge will be given to a group of about fifty candidates at one time, the first dictation at the rate of 160 words a minute, the second at the rate of 170 words per minute, the third at the rate of 180 words per minute. The rating on this exercise will be based on the accuracy of the transcription from notes taken. A maximum mark of 100 per cent. will be given for a perfect rendition of the reading given at 180 words per minute, a maximum of 95 per cent. will be given for a perfect rendition of the reading given at 170 words per minute, and a maximum mark of 90 per cent. will be given for a perfect rendition of the 160 word test, deductions being made for mistakes, omissions, etc.

Candidates will be required to try all three dictations, and will then be required to choose the one which they desire to have rated. The work may be copied either on a typewriter or in handwriting.

Special dictation. The test will be given on a day subsequent to that of the General Dictation, only those candidates who have passed in the first part of the examination being notified (by mail) when and where to appear for the second part, which will consist of the taking of oral testimony, under conditions similar to court procedure, of about five minutes in length. Each candidate will be tested separately. He will take down the conversation as rapidly as he can, being timed, and will then at once read back his notes. His rating will depend upon the rapidity with which he takes the dictation and the ease and correctness with which he is able to read what he has taken down.

All persons receiving 70% or more upon the entire examination will be listed as Fourth Grade Stenographers; all receiving a percentage of 85% or more will be listed as Fifth Grade Stenographers.

The minimum age is 21 years. The salary is $1,800 per annum and upwards.

A qualifying physical examination will precede the mental.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

By EDWARD E. McCALL, Chairman.

TRAVIS H. WHITNEY, Secretary. jy13,22

INVITATION TO CONTRACTORS

Part of the Broadway-Fourth Avenue Rapid Transit Railroad

The Public Service Commission for the First District (hereinafter called the "Commission"), acting for and on behalf of The City of New York (hereinafter called the "City"), invites proposals to construct Section No. 5 of Routes Nos. 4 & 36, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

SECTION No. 5. Beginning at a point under Central Park, in the Borough of Manhattan, about seventy-nine (79) feet east of the easterly building line of Seventh Avenue extended and about one hundred and thirty-seven (137) feet north of the south building line of West 59th Street, thence extending easterly under Central Park and West 59th Street to a point in West 59th Street about half way between Fifth Avenue and Sixth Avenue where the route separates into two branches, one branch extending easterly under West and East 59th Street to a point near Second Avenue, thence curving northerly under East 59th Street and Second Avenue to a point approximately on the easterly curb line of Second Avenue; the other branch extending northeasterly under West 59th Street, Central Park and Fifth Avenue and easterly under East 60th Street to a point near Second Avenue, thence curving southerly under East 60th Street and Second Avenue to a point approximately on the easterly curb line of Second Avenue.

The general plan of construction calls for a subsurface railroad having one and two tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast nor to do station finish work, or to construct that part of the route underneath the rapid transit subway now being built under Lexington Avenue.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the removal and restoring of the Sherman statue at the Plaza, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be partly by tunneling and partly by trench excavation under cover, unless otherwise permitted by the Commission.

The Contractor will be required to prosecute the work of construction from working shafts located at the points specified in the contract.

Bidders must examine the form of contract, the specifications and the contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this Invitation.

Partial payments to the Contractor will be made monthly as the work proceeds.

The Contractor must complete the work within twenty-nine (29) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities, in the sum of three hundred thousand dollars ($300,000). As further security fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor.

Sealed bids or proposals will be received at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York, until the 24th day of July, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed *"Proposal for Constructing Part of Rapid Transit Railroad —Routes Nos. 4 & 36, Section No. 5,"* and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for thirty thousand dollars ($30,000), payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

New York, June 27, 1914.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By EDWARD E. McCALL, Chairman.

TRAVIS H. WHITNEY, Secretary. jy3,24

INVITATION TO CONTRACTORS

FOR THE STATION FINISH WORK FOR PART OF THE BROADWAY-FOURTH AVENUE RAPID TRANSIT RAILROAD

The Public Service Commission for the First District (hereinafter called the "Commission") acting for and in behalf of The City of New York (hereinafter called the "City") invites proposals to construct station finish for the six stations on Sections Nos. 1 and 2 of Route No. 11-B, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The location within the City at which the said work is to be performed is on Fourth Avenue in the Borough of Brooklyn, between Fortieth and Ninetieth Streets.

The Railroad for which the station finish is to be provided is now under construction. The Contractor shall begin actual work within thirty (30) days after the delivery of the contract on such stations and other parts of said Railroad as the Chief Engineer of the Commission may direct and shall begin actual work on any of the remaining stations or other parts of the Railroad within ten (10) days after notice and shall complete the entire work covered by the contract within six (6) months from the delivery of the contract, provided that an extension of time will be granted for completing the work at any station or other part of the Railroad upon which the Contractor shall not have been directed, within four (4) months after the delivery of the contract, to begin work, as provided in the contract. The City has also entered into a contract for the installation of tracks in the Railroad and the work of installation will be in progress at the time that the station finish work is in progress. It will also be necessary for the New York Municipal Railway Corporation, its contractors or employees, to do work in the Railroad in connection with the equipment of the Railroad at the time that the station finish work is in progress. The Contractor must conduct his work so as not to impede or interfere with such other work, as provided in the contract.

The Railroad or a portion thereof may also be opened and operated for passenger traffic before the completion of the station finish work. In such event the Contractor must conduct his work so as to avoid interference with the operation of the Railroad and injury to passengers, as provided in the contract; and payment for all additional expense, loss, risk and damage due to such opening and operating for traffic will be made by increasing by the percentage stipulated in Item X in the Schedule contained in the Contractor's Proposal, the prices stipulated in said Schedule for the station finish work performed after the date of such opening and operating for passenger traffic at each station so opened and used for passenger traffic and at each portion of the Railroad between stations so opened and operated for passenger traffic, except as provided in the contract. Each bidder shall state in said Item X in the Schedule contained in the form of Contractor's Proposal the percentage required on such prices in payment for the additional expense, loss, risk and damage in the event of such opening and operating for traffic. For the purpose of comparing the bids only, and not for any other purpose, it will be assumed that the percentage so bid will be required to be paid on one-quarter (¼) of the estimated amount of the station finish work. If any bidder shall not desire any such increase in said prices on account of such opening and operating for traffic, he shall strike out said Item X in said Schedule contained in his Proposal.

Bidders must examine the form of contract and the specifications and the contract drawings and must visit the location of the work and inform themselves of the conditions and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City. The forms of contract and the contract drawings and the form of bond and contractor's proposal are to be deemed a part of this Invitation.

Partial payments to the Contractor will be made as the work proceeds, as provided in the forms of contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of fifty thousand dollars ($50,000). As further security ten (10) per centum of the amounts certified from time to time to be due to the Contractor will be deducted.

Sealed bids or proposals will be received at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, New York City, until the 23d day of July, 1914, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement based upon the estimate of the Chief Engineer of the Commission of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed *"Proposal for Constructing Station Finish for Part of Rapid Transit Railroad—Route No. 11-B, Section Nos. 1 and 2,"* and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for ten thousand dollars ($10,000) payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

Filing Preliminary Abstracts.

FIRST DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of LURTING AVENUE (also known as Hone Avenue and as Forest Avenue), from Walker Avenue to the property of the New York, New Haven and Hartford Railroad Company, in the 24th Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Room 1557, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 31st day of July, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 3rd day of August, 1914, at 1.30 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Room 1557, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in The City of New York, on or before the 31st day of July, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 4th day of August, 1914, at 1.30 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 19th day of September, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by the southerly right of way line of the New York, New Haven and Hartford Railroad; and on the east by a line midway between Lurting avenue and Haight avenue, and by the prolongations of the said line; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Walker avenue, the said distance being measured at right angles to Walker avenue; and on the west by a line midway between Lurting avenue and Hone avenue, and by the prolongation of the said line.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in said City, there to remain until the 3rd day of August, 1914.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 9th day of October, 1914, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, New York, July 8th, 1914.

SECOND DEPARTMENT.

In the Matter of the Application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee to the lands, tenements and hereditaments required for the opening and extending of SCHOOL STREET, from Thomson Avenue to a point 100 feet north of Nott Avenue; HILL STREET, from Skillman Avenue to Gale Street; RAWSON STREET, from Skillman Avenue to Hunters Point Avenue; MOORE STREET, from Skillman Avenue to Hunters Point Avenue; HONEYWELL STREET, from Queens Boulevard to Hunters Point Avenue, and BUCKLEY STREET, from Skillman Avenue to Hunters Point Avenue, in the 1st Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to-wit:

First.—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 23d day of July, 1914, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 24th day of July, 1914, at 3 o'clock P. M.

Second.—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 23d day of July, 1914, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 27th day of July, 1914, at 3 o'clock P. M.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 2nd day of May, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

1. Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Thomson avenue, the said distance being measured at right angles to Thomson avenue; on the east by a line midway between School street and Van Dam street and by the prolongation of the said line; on the south by the northerly line of Nott avenue, and on the west by a line midway between School street and Mount street and by the prolongation of the said line.

2. Beginning at a point on the northerly line of Skillman avenue where it is intersected by the prolongation of a line midway between Buckley street and Hulst street, and running thence southwardly along the said line midway between Buckley street and Hulst street and along the prolongations of the said line to the intersection with the centre line of Greenpoint avenue; thence southwestwardly along the centre line of Greenpoint avenue to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Hunters Point avenue, the said distance being measured at right angles to Hunters Point avenue; thence northwestwardly along the said line parallel with Hunters Point avenue to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of Hill street, the said distance being measured at right angles to Hill street; thence southwardly along the said line parallel with Hill street to the intersection with the northeasterly line of Gale street; thence southwestwardly at right angles to Gale street a distance of 160 feet; thence northwestwardly and parallel with Gale street to the intersection with the prolongation of a line midway between Van Dam street and Hill street; thence northwardly along the said line midway between Van Dam street and Hill street and along the prolongations of the said line to the intersection with the northerly line of Skillman avenue; thence eastwardly along the northerly line of Skillman avenue to the intersection with the prolongation of a line midway between Moore street and Honeywell street; thence southwardly along the said line midway between Moore street and Honeywell street to the intersection with the centre line of Queens boulevard; thence eastwardly along the centre line of Queens boulevard to the intersection with a line midway between Honeywell street and Buckley street; thence northwardly along the said line midway between Honeywell street and Buckley street and along the prolongation of the said line to the intersection with the northerly line of Skillman avenue; thence eastwardly along the northerly line of Skillman avenue to the point or place of beginning, excluding, however, from the above described areas such land as is exempt from assessment under the provisions of section 992 of the City Charter.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, in the Borough of Queens, in said City, there to remain until the 24th day of July, 1914.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 25th day of September, 1914, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there-
