The Vice-Chairman laid before the Board the following communication from the Board of Trustees, Bellevue and Allied Hospitals:

No. 253.

Board of Trustees, Bellevue and Allied Hospitals—Request for Special Revenue Bonds, \$12,500, for the Reconstruction of the North Wall of the Tunnel at the Foot of East 29th Street.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, February 6, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$12,500 for the reconstruction of the north wall in the tunnel at the foot of East 29th Street. The wall is badly cracked and several violations have been placed upon it by the Building Department. Bids for its repair were opened on November 8, 1917, but the lowest bid was in excess of the funds available in the tax budget appropriation and action was therefore deferred. Application for funds for this purpose was set forth in the departmental estimate for 1918 but not allowed in the budget. Temporary supports have been put up to prevent the wall from falling and must be ultimately replaced. Respectfully,

JOHN G. O'KEEFE, Secretary, Board of Trustees.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Parks, Borough of Brooklyn:

No. 254.

Commissioner of Parks, Brooklyn—Request for Special Revenue Bonds, \$6,370, to Replenish Code Line 1318, "General Plant Service, Music."

City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Fifth Street and Prospect Park West, February 13, 1918.

The Honorable Board of Aldermen of The City of New York:

Gentlemen—In accordance with the provisions of section 188 of the Greater New York Charter, I hereby request the approval of your Board to an issue of special revenue bonds, in the amount of six thousand, three hundred and seventy dollars (\$6,370), to replenish Code Line 1918—1318, "General Plant Service—Music, from which fund the sum noted is to be transferred for the immediate use of this Department, in connection with the removal of the old iron pier on the Dreamland Park site, Coney Island, Borough of Brooklyn. Very truly yours,

JOHN N. HARMAN, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Correction:

No. 255.

Commissioner of Correction—Request for Special Revenue Bonds, \$12,500, for Emergency Repairs to Certain Steamers.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Center and Chambers Streets, New York, February 15, 1918.

ALFRED E. SMITH, Esq., President, Board of Aldermen:

Dear Sir—I hereby request the approval of your Honorable Board for the issue of special Revenue Bonds amounting to \$12,500.00 as follows:

Emergency Repairs Steamer "Correction"	\$10,000 00
Emergency Repairs Steamer "Riker's Island"	1,000 00
Emergency Repairs Steamer "Hart's Island"	1,500 00
.....	
\$12,500 00	

The lowest estimate which the Department has been able to secure for the repairs to the hull of the Steamer "Correction" has been \$8,750.00. This does not include the repairs to propeller or boilers which will increase the cost for this boat to at least \$10,000.00.

The repairs to the Steamer "Riker's Island" have been placed by the very lowest

estimate at \$1,000.00. This boat is sunk at the dock at Hart's Island and it is impossible to estimate the exact cost of hull repairs and boiler work which will be necessary before she can again be placed in commission. I am, however, hopeful of keeping the cost within the amount requested.

The Steamer "Hart's Island" is in immediate need of a recaulking of her entire hull and extensive boiler work in addition to other repairs. This boat has been in the service of the Department of Public Charities for two years and none but minor repairs have been made during that time. It is imperative that she be placed in immediate seaworthy condition as she is the only boat on which this Department can depend for relief in case an emergency withdraws either of the other boats from commission. The very lowest estimate at which the Department has been able to arrive for a complete overhauling of this boat is \$1,500.00.

This Department was allowed \$6,000.00 in the 1918 Budget for the repair of the above steamers. On January 14 the Steamer "Correction" accidentally struck the Steamer "Thomas M. Mulry" of the Department of Public Charities while attempting to land at the City Hospital Dock on Blackwell's Island. The damage resulting therefrom has amounted to upward of \$2,600.00 which this Department will be called on to pay as the Department of Public Charities has no allowance within its budgetary appropriations for emergency repairs in the sum mentioned. The balance of this amount (\$3,400.00) will be needed to raise the Steamer "Riker's Island" and maintain the launches of the Department and for other minor repairs throughout the year.

The weather conditions which have governed the shipping transportation in New York Harbor during the past three months have been the worst in its history and are entirely responsible for the emergency repairs which are necessary at this time. It is only by keeping the floating equipment of the Department in good repair that the functions of the institutions can be properly carried out. It is also a wise economy when it is considered that the boats in their present condition are more of a liability than an asset; being liable to founder at any time with passengers aboard.

I therefore trust your Honorable Board will take favorable action upon this request. Yours very truly,

JAMES A. HAMILTON, Commissioner.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 256 (Ord. No. 23).

Commissioner of Water Supply, Gas and Electricity—Request for Amendment of the Code Relative to Permits for the Laying of Pipes, Mains, Conduits, Etc.

The City of New York, Department of Water Supply, Gas and Electricity, February 15, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Dear Sir—The records of this Department show that in the past some of the gas companies and other corporations having lawful right to install and maintain sub-surface structures in the public streets have undertaken the installation of pipes and subways without previously having obtained the written consent of this Department. Apparently no means were provided to penalize these companies for disregarding the direct and implicit requirement of the charter to obtain the consent of this Department before installing their sub-surface structures.

At the request of my predecessor, the former Corporation Counsel prepared a draft of ordinance amending section 1, Chapter 23, Article 19, which I submit herewith and recommend it for the favorable consideration of the Honorable Board of Aldermen. Respectfully,

NICHOLAS J. HAYES, Commissioner.

AN ORDINANCE to Amend Chapter 23 of the Code of Ordinances of The City of New York.

Be It Ordained by the Board of Aldermen of The City of New York as follows: Section 1, Chapter 23, of the Code of Ordinances of The City of New York is hereby amended to read as follows:

ARTICLE 19.

Section 253. No gas company, telephone company, electric light company, nor any individual, company, corporation, or association of persons, shall be allowed to lay, relay, install any pipes, mains, conduits, or services, for the use and transmission

of gas, electricity, pneumatic power or steam, or perform any work that is under the jurisdiction, cognizance and control of the Commissioner of Water Supply, Gas and Electricity, in any street or public place, without a written permit from the Commissioner of the Department of Water Supply, Gas and Electricity.

Section 254. No person shall violate any provision of this article, or any notice of special direction issued thereunder, under a penalty of \$100 for each offense.

Section 2. This ordinance shall take effect on _____, 1918.

Which was referred to the Committee on Codification of Ordinances.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Richmond:

No. 257.

President, Borough of Richmond—Request for Authority to Purchase Coal Without Public Letting.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, Staten Island, February 16, 1918.

Honorable ALFRED E. SMITH, President of the Board of Aldermen, New York City:

Dear Sir—Owing to the continued unsettled condition of the coal situation we find it both inadvisable and impracticable to contract for our requirements, and in consequence of which we would request permission of the Board of Aldermen to continue to purchase coal in the open market without public letting in such quantities as may be required from time to time until April 30th, 1918. Yours very truly,

HENRY P. MORRISON, Acting President of the Borough of Richmond.

In connection with the foregoing communication, Alderman McCourt offered the following resolution, which, on his motion, was made a Special Order for the day:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Richmond be and he is hereby authorized and empowered to purchase coal in the open market, without public letting, in such quantities as may be required from time to time until April 30, 1918.

Subsequently the Vice-President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCourt, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Schmitz, Schweickert, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler and the Vice-Chairman—63.

A true copy of resolution adopted by the Board of Estimate and Apportionment February 15, 1918.

JOSEPH HAAG, Secretary.

February 6, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On January 24, 1918, the COMMISSIONER OF PUBLIC MARKETS requested the establishment of certain positions and the modification of schedules in that department, with the issue of special revenue bonds to provide for the desired changes. This request was referred to the Committee on Salaries and Grades, Item No. 167 on the Calendar of January 25, 1918. The Committee on Salaries and Grades reports as follows:

"Proposed Action—(1) To establish under the provisions of section 56 of the Charter the following positions in the Department of Public Markets in addition to those already established:

- 1 Deputy Commissioner at \$6,000 per annum.
- 3 Deputy Commissioners at \$5,000 per annum each.
- 1 Departmental Secretary at \$3,500 per annum.
- 1 Secretary to the Commissioner at \$2,500 per annum.
- 3 Stenographers at \$960 per annum.
- 1 Telephone Switchboard Operator at \$900 per annum.
- 1 Janitor at \$1,320 per annum.

"The Commissioner on January 30 amended his request to include for establishment and for placing in the schedules the further additional positions of

- 1 Stenographer at \$1,320 per annum.
- 1 Stenographer at \$960 per annum.
- 1 General Inspector at \$3,000 per annum.

"(2) The modifications of the schedules supporting Code 275, Personal Service, Salaries Regular Employees, are to include these positions and to indicate the functions and duties of the Deputy Commissioners and other employees.

"(3) In Code 276, Wages Regular Employees, the modification of the line Foreman Laborer, 2 at \$4.40 per day, to provide 313 days for these employees, instead of 303 days as allowed in the budget; and also by adding the line Laborer at \$3 per day, 365 days, \$1,095.

"(4) By increasing the amounts provided in various codes for other than Personal Service as follows:

Code No. 280—Supplies: From \$100 to \$1,400.

Code No. 281—Equipment: From \$300 to \$3,300.

Code No. 283—Repairs and Replacements: From \$2,500 to \$26,000.

Code No. 284—Transportation, Hire of Horses and Vehicles at \$4 per day, 4,225 days: From \$16,900 to Hire of Drivers, Horses and Vehicles at \$5 per day, 4,225 days, \$21,125.

Code No. 285—Shoeing and Boarding Horses, etc.: From \$1,208 to \$1,508.

Code No. 286—Carfare: From \$100 to \$360.

Code No. 287—Contingencies: From \$8,840 to \$9,000.

"(6) In order to put these changes in operation the Commissioner states that it will be necessary to provide special revenue bonds for the year 1918 in the sum of \$70,388.

"Result of Investigation—The recommendations of the Committee on Salaries and Grades, which are attached to this report, are intended to provide the framework for the Department of Public Markets of the City of New York in order that the purposes of the State Legislature may be effectively carried out. These purposes were to control through governmental agency the supply, the distribution and the cost of the food and fuel which is used in this City.

"The present public market system of New York City consists of nine or ten isolated spaces in which the City rents stores, stalls and selling places for private vendors. The City does not concern itself with sources of supply, methods of distribution, prices of commodities or the profits of its tenants. There is no definite plan to serve the City as a whole and next to nothing is known regarding the value of the existing markets to the consumers of the City.

"It is clearly the intention of the Legislature that the government of the City of New York should interest itself in the welfare of the consumers of the City and should take such steps as will alleviate the hardships which these consumers have undergone because of high prices, scarcity of provisions and fuel and inaccessibility of markets.

"This result can be achieved only by a broad development and extension of the City market system. This development will include the establishment of terminal markets in the various Boroughs where food and fuel will be sold in wholesale quantities by licensed auctioneers; careful study and regulation, in co-operation with the State authorities, of sources of supply, methods of transportation and distributing agencies; the fixation, either by arbitrary authority or through the competition of public sale, of prices in order that the consumers may obtain the necessities of life at reasonable cost and that the profits of the middlemen be restricted to reasonable figures.

"The plan at present submitted contemplates the immediate renovation and reorganization of existing markets and, within the near future, the establishment of wholesale terminal markets in all Boroughs under the direct supervision of the Department of Public Markets of The City of New York.

"In the preparation of the budget for the year 1918, it was impossible to make accurate and adequate provision for the development and conduct of this Department as it did not come into existence until the appointment of the Commissioner, which occurred after the budget had been considered. The total amount placed in the budget for the Department of Public Markets was \$88,590.40. This amount provided only for the carrying on of the old system of public markets as it was then constituted. If the present plan is carried through to successful operation, it will undoubtedly involve an annual expenditure for maintenance and operation largely in excess of this amount. The cost of the new department, however, will be in large part offset by the revenues from the operation of the market system. At the present time the Commissioner asks for approximately \$65,000 in addition to the \$88,000 already appropriated in order that he may build the framework for the department which shall carry out the intent of the law and shall meet the growing demands of the City for relief from present living conditions.

"The plan proposed by the Commissioner and recommended by the Committee for the new department is that it shall consist of four major divisions or bureaus.

"The first of these bureaus, under the charge of the First Deputy Commissioner, will investigate the production and sources of supply of food and fuel, the transportation problems and in general the questions which have to do with bringing an adequate and continuous supply of food and fuel to the City. The Deputy in charge of this work will be the ranking officer of the department under the Commissioner and will represent him when occasion arises.

"The second bureau, in charge of a Deputy Commissioner at \$5,000 a year, will have control of the physical plant of the department and will give its immediate attention to the renovation and reorganization of existing market properties, the location and building of the terminal market structures in the various Boroughs and the physical care and upkeep of all market properties. The selection of distribution centers and the construction of proper buildings will require technical ability of the highest order and the Deputy in charge will be a man of engineering and architectural experience.

"The third bureau will have as its function the control, purchase, storage, sale and distribution of food and fuel and will be in direct charge of a Deputy Commissioner at \$5,000 a year. The immediate problem of this bureau will be the development of plans for the distribution of food and fuel in all parts of the City. This distribution will be principally through retail private dealers who avail themselves of the terminal market facilities, but where necessary the department will undertake direct sale to consumers. To put the present plan in operation without undue disturbance of existing channels will require close intensive study of local and sectional conditions and careful accommodation of the program of this department to the needs of local communities.

"The fourth unit, which will be known as the Bureau of Information, is specifically prescribed by the statute creating the department. It is intended that it will be the agency for the collection of all facts and the dissemination to the public of all information in the way of education in order that consumers may derive the greatest advantage from the operation of the department. It will be in charge of a Deputy Commissioner at \$5,000 a year. The Commissioner expects the co-operation of all housewives' leagues and women's civic associations interested in home economy and management and all organizations interested in foods and markets.

"The other positions which are recommended in the attached resolutions, namely, Secretary to the Department, Secretary to the Commissioner and General Inspector, are required for proper internal control and administration of the various functions of the department.

"In general the Commissioner proposes and the Committee recommends that wherever possible positions in the new department will be filled by the transfer of present City employees of proven ability from other City departments."

To the Board of Estimate and Apportionment:

Gentlemen—On January 22, 1918, the Commissioner of Public Markets requested establishment, pursuant to section 56 of the Greater New York Charter, of two grades of positions. This was referred to the Committee on Salaries and Grades, Item No. 74, Calendar of February 1, 1918. The Committee reports thereon as follows:

"Proposed Action—To establish grades of positions of Bookkeeper at \$1,140 and Clerk at \$1,140 per annum for one incumbent each.

"Result of Investigation—The present budget schedule of the department includes positions of Bookkeeper and Clerk at \$1,320 per annum. These two positions, together with several others, were allowed for 1918 in order to provide for a force to take care of the clerical work of the department. The position of Bookkeeper was filled at \$1,140 with the approval of the Board of Estimate and Apportionment on January 16, 1918, by the transfer of an employee from another department. The Commissioner proposes to fill the position of Clerk by the transfer of an employee from another department. The \$1,140 rate has not been established pursuant to section 56 of the Charter."

Recommendation—The Committee recommends the adoption of the attached resolution recommending to the Board of Aldermen that the grades as requested be established. Respectfully,

No. 260.

Board of Estimate and Apportionment—Resolution to Establish the Grades of Positions of Tinsmith and Sheet Metal Worker in City Departments.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City departments of the grades of positions, in addition to those heretofore established, as follows:

Title	Rate Per Diem
Tinsmith	\$5 60
Sheet Metal Worker	5 60

—said rates to be effective as of January 1, 1918.

A true copy of the resolution adopted by the Board of Estimate and Apportionment, February 15, 1918.

JOSEPH HAAG, Secretary.
February 11, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Department of Docks and Ferries on January 21 and the Department of Street Cleaning on January 28, 1918, presented requests from the Tinsmiths and Sheet Metal Workers for increase of wages from \$5 to \$5.60 per diem. These were referred to the Committee on Salaries and Grades, Items 66 and 72, Calendar of February 1, 1918. The Committee reports as follows:

The 1918 budget provides \$5,010 for the temporary employment in the Dock Department of Tinsmith and Roofers for 1,002 days at \$5 per day. In the Department of Street Cleaning, Wages, Regular Employees, \$5,550 is provided for 4 Sheet Metal Workers at \$5 per day for 277½ days. The sum of \$1,325 is allowed for Sheet Metal Workers. Wages, Temporary, 265 days, \$5 per day. The requests involve an increased annual cost of \$760.20. At the present time a total of 12 Sheet Metal Workers are employed in the two departments. Several of these work on part time assignment. There are 20 employed in other departments, regularly and temporarily.

The proposed increased rate for Sheet Metal Workers, Tinsmiths and Roofers, if granted and extended to other departments, would add \$3,112.80 to the amount required, making \$3,873 the total annual increased cost.

The four Sheet Metal Workers in the Dock Department are skilled workmen and are employed in repairing roofs, leaders, skylights, cornices, ceilings, ventilation pipes, in fact, to do all the sheet metal and tinsmith work and repairs on ferryboats and all other floating equipment; recreation piers and terminal buildings. They are also called upon, when necessary, to manufacture metal articles when it is in the interest of economy and the number of articles does not warrant contract letting.

The eight Sheet Metal Workers employed regularly and temporarily in the Department of Street Cleaning are also skilled workmen. They repair all roofs of departmental stables and other buildings. Most of their time is taken up in shop work in the manufacture and repair of street pan scrapers, refuse cans and other articles. They manufacture many articles required by the department cheaper than the articles can be contracted for.

Investigation shows that a large majority of the skilled Sheet Metal Workers, Tinsmiths and Roofers employed in Greater New York have been receiving wages at the rate of \$5.60 per diem since January 1, 1918.

The Secretary of the Building Trades Employers' Association states that \$5.60 a day is the rate paid Sheet Metal Workers employed by firms and individuals connected with the Employers' Association of Roofers and Sheet Metal Workers; Association of Manufacturers of Metal Covered Doors and Windows; Ventilating and Heating Employers' Association and the Metal Ceiling Association. The Secretary also states that 143 firms and individuals, members of the Building Trades Association,

and employing approximately 1,600 Metal Workers have been paying the \$5.60 rate since January 1, 1918. According to the agreement between the organized employers and the Amalgamated Sheet Metal Workers Local Union No. 28, this rate is to be increased to \$5.80 per day on July 1, 1919.

The Secretary of the Sheet Metal Workers Union states that the only workers in the trade who are paid a lesser rate than \$5.60 are unskilled and are merely patchers or repairers. He asserts that 80 per cent of the Sheet Metal Workers who are competent to do the work required of those employed in City departments are paid at the \$5.60 rate. He also states that only citizens are eligible to membership in the Sheet Metal Workers Union, and that fully 75 per cent of those who work at the trade at less than the union and the prevailing rate are alien workmen. According to the Secretary, there are about 2,300 skilled Sheet Metal Workers, Tinsmiths and Roofers in Greater New York. Of this number 1,793 are members in good standing in their trade union and all are employed at \$5.60 a day.

The following are among over 200 firms and individuals who employ from 5 to 30 Sheet Metal Workers, Tinsmiths and Roofers who have been paying the \$5.60 per day rate since January 1, 1918:

JOSEPH HAAG, Secretary.
February 8, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On January 21, 1918, the Presiding Justice of the Children's Court requested modification of Code 2919 for 1918. This was referred to the Committee on Salaries and Grades, Item No. 82H, Calendar of February 1, 1918. The Committee reports thereon as follows:

"Proposed Action—To change the title of a Clerk at \$1,800 and three Court Attendants at \$1,500 to Assistant Court Clerk.

"Result of Investigation—James F. O'Connell, Clerk; James F. Gillespie, Frederick W. Althisar and Frederick W. Hoerschgen, Court Attendants, are performing the duties of Assistant Court Clerks. The rules of the Municipal Civil Service Commission require that employees shall only be assigned to duties covered by their titles. The employees involved have taken promotion examinations and are on the appropriate civil service list to be appointed under the title requested. To properly provide for the purposes of the request the grades of position of Assistant Court Clerk at \$1,800, for one incumbent and at \$1,500 for three incumbents, must be established in accordance with the provisions of section 56 of the Greater New York Charter. No increase in compensation is involved by reason of the request."

Recommendation—The Committee recommends the adoption of the attached resolution recommending to the Board of Aldermen the establishment of the grades of position of Assistant Court Clerk at \$1,800, for one incumbent and at \$1,500 for two incumbents. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

JOSEPH HAAG, Secretary.
City of New York, Board of Estimate and Apportionment, Municipal Building, February 13, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—On February 7, 1918, Calendar of February 8, 1918, Item 165, the President of the Borough of Manhattan addressed the following communication to the Board, which was referred to the Committee on Salaries and Grades:

"To the Board of Estimate and Apportionment:

"Gentlemen—The Budget for the year 1918 contains a fund which was intended to provide increased rates of compensation for the poorer paid employees in the labor class. A minimum rate of \$3.00 per day has been provided for the regular labor forces in the various departments. In my judgment, one of the most deserving classes of employees has not had a sufficient provision for increase in this adjustment. The women Cleaners in public buildings of the City are called upon to perform their work at extremely early hours in the morning and suffer other inconveniences which make their labor more difficult and undesirable than that of the average employee. These Cleaners are, for the most part, women of middle age, with families depending upon them for support. Many of them have to care for growing children, get the children ready for school, provide meals for them and do their own housework, in addition to the work which they do for the City and for outside employers. They do from three to four hours' work a day in their City positions, some of them beginning before daylight. For this the majority of them receive at the present time \$4.08 a year.

"I hereby request that the Board of Estimate and Apportionment approve resolutions providing for the establishment, under section 56 of the Greater New York Charter, of a uniform rate of \$516 a year for this class of service, and for the transfer of \$31,050 from Code 3080, the fund provided for labor forces, which will make this rate effective as of March 1st. This represents an increase of \$9.00 per month for most of these women. The number of employees affected is 361, employed in the following departments: Fire, Health, Charities, Children's Court and all Borough Presidents' offices. Respectfully,

"FRANK L. DOWLING, President, Borough of Manhattan."

Recommendation—The Committee recommends the adoption of the attached resolutions, approving the request. Respectfully,

ALFRED E. SMITH, President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; EDWARD RIEGELMANN, President, Borough of Brooklyn; Committee on Salaries and Grades.

In connection with the foregoing communication the President of the Borough of Manhattan offered the following resolution, which, on motion, was made a General Order for the day:

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Dear Sir—Permission is hereby requested to purchase in the open market without public letting one automobile at a cost not to exceed \$2,100.

No. 265.

Commissioner of Docks—Request for Permission to Purchase Rough White Oak Without Public Letting.

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, February 18, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, Manhattan:

Dear Sir—This Department is urgently in need of a supply of rough white oak 5 inches by 12 inches by 19 feet in size. The slips of the Municipal Ferry Terminals, due to lack of this material, are in terribly dilapidated condition, so much so that unless the matter has immediate attention serious damage is likely to result both to the boats and to the racks. The lumber referred to is used for staves on the ferry racks and some of the racks are absolutely without staves at the present time. It is impracticable to obtain bids on regularly advertised contracts owing to freight embargoes.

I request your authorization for the purchase of 100,000 feet board measure of this rough white oak, 5 inches by 12 inches by 19 feet in size, the cost thereof not to exceed \$85.00 per thousand feet. Very truly yours,

MURRAY HULBERT, Commissioner of Docks.

In connection with the foregoing communication Alderman McCourt offered the following resolution, which, on his motion, was made a Special Order for the day:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Docks be and he is hereby authorized and empowered to purchase, in the open market without public letting, 100,000 feet board measure of rough white oak 5 inches by 12 inches by 19 feet in size, to be used for repairs to slips of the municipal ferry terminals, the cost thereof not to exceed eighty-five dollars (\$85) per thousand feet.

Subsequently the Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haulbert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCourt, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; the Vice-Chairman—63.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Police Commissioner to Contract for the Boarding and Stabling of Department Horses Without Public Letting.

The Committee on Public Letting, to which was referred on January 22, 1918 (Minutes, page 145), the annexed request of the Police Commissioner for authority to contract for the boarding and stabling of department horses, without public letting, respectfully

REPORTS:

That this request is to provide for department horses that cannot be cared for in department stables. Emergencies quite frequently require the shifting of horses and vehicles to different sections of the city and it is deemed inadvisable to bind the department by a contract.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Police Commissioner be and he is hereby authorized and empowered to contract, without public letting, for the necessary boarding and stabling of department horses for the year 1918, where the same cannot be cared for by department stables.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Street Cleaning to Purchase Lumber Without Public Letting.

The Committee on Public Letting, to which was referred on January 29, 1918 (Minutes, page 267), the annexed request of the Commissioner of Street Cleaning for authority to purchase lumber, without public letting, respectfully

REPORTS:

That the Commissioner of Street Cleaning proposes to purchase second-hand lumber from the subway contractors to provide for an emergency, due to difficulty in executing contracts in consequence of railroad embargoes and congestion.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Street Cleaning be and he is hereby authorized and empowered to purchase in the open market, without public letting, a quantity of lumber, in an amount not to exceed three thousand dollars (\$3,000).

Department of Street Cleaning of The City of New York, Office, Municipal Building, January 21, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—Pursuant to section 419 of the Greater New York Charter, I respectfully request permission to purchase in the open market, without public letting, a quantity of lumber in an amount not to exceed three thousand dollars, for general use by the Department.

This request is necessary in view of an emergency caused by the fact that on December 27, 1917, the Central Purchase Committee received bids for a consolidated contract for a supply of lumber for a number of different City Departments, including this, which contract has not yet been executed by the heads of the different departments, and probably will not be executed for at least another month. Furthermore, the contract was let to a dealer whose headquarters is at Buffalo, N. Y., and it is probable there will be considerable delay in delivery, due to the existing embargoes and railroad congestion. In the meanwhile our mechanics are absolutely without lumber with which to carry on necessary and urgent repair work, and on that account the purchase of said material in the open market is the only alternative. Yours truly,

A. B. MACSTAY, Acting Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Parks, Borough of Brooklyn, to Purchase One Automobile Lawn Mower and Tree Spraying Machine Without Public Letting.

The Committee on Public Letting, to which was referred on February 5, 1918 (Minutes, page 337), the annexed request of the Commissioner of Parks, Borough of Brooklyn, for authority to purchase one automobile lawn mower and gasoline tree spraying machines, without public letting, respectfully

REPORTS:

That it is the intention of the Department to purchase a special make of lawn mower and tree spraying machines which have heretofore given efficient service, and there would be no advantage in advertising for bids.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Parks for the Borough of Brooklyn be and he is hereby authorized and empowered to enter into contracts, without public letting, for the purchase of one automobile lawn mower to an amount not to exceed one thousand three hundred and fifty dollars (\$1,350), and a number of gasoline tree spraying machines to an amount not to exceed two thousand four hundred dollars (\$2,400).

City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Fifth Street and Prospect Park West, January 30, 1918.

To the Honorable Board of Aldermen of The City of New York, City Hall, Manhattan:

Gentlemen—You are hereby respectfully requested to grant permission to enter into a contract without public letting for the purchase of one automobile lawn mower, in the amount of \$1,350, for which funds have been provided.

Also the purchase of a number of gasoline tree spraying machines, in an amount not to exceed \$2,400, which funds have likewise been provided.

The object of this request is the fact that standard gasoline lawn mowers and gasoline tree spraying machines are desired in order to continue the efficient service and to facilitate the making of repairs and replacing the parts.

Your Honorable Board is hereby requested to approve the awarding of the contracts for the purchase of these machines without public letting, in accordance with section 419 of the Charter of the City of New York. Very truly yours,

JOHN N. HARMAN, Commissioner.

Hon. ALFRED E. SMITH, President of the Board of Aldermen:

Sir—Pursuant to section 419 of the Greater New York Charter, I respectfully request permission to purchase in the open market, without public letting, two new four cylinder Jeffrey automobiles, 1917, model, fully equipped, at an expense not to exceed \$1,724, for both, delivered in New York City, and without payment by the City of the war tax.

These machines are needed for the use of Borough Superintendents of this Department in the Boroughs of Manhattan and Brooklyn, whose duties require them to make constant visits to the various dumps, stables, section stations, and to supervise the work of the officers and men of the Department, in the field, in their respective Boroughs. These machines are well adapted to such use, and the offer of \$862 each, made by the Poertner Motor Car Company, Inc., of No. 1759 Broadway, New York City, is regarded as especially advantageous at this time, as the regular price of the machines is about \$1,200 each, and it would not be possible to obtain any such offer through the medium of competitive bids. Yours truly,

A. B. MACSTAY, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Correction to Purchase One Two-ton Auto Truck Without Public Letting.

The Committee on Public Letting, to which was referred on February 5, 1918 (Minutes, page 343), the annexed request of the Commissioner of Correction for authority to purchase one 2-ton auto truck without public letting, respectfully

REPORTS:

That better results can be had by open market order. The letter of application explains in detail the reasons for this request.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Correction be and he is hereby authorized and empowered to purchase in the open market, without public letting, one two-ton Autocar complete, chassis and body with racks, body sketch No. 5189, at a cost not to exceed two thousand dollars (\$2,000).

Department of Correction of The City of New York, Commissioner's Office, Centre and Chambers Streets, New York, February 4, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Dear Sir—In accordance with the provisions of section 419 of the Charter, I hereby respectfully request permission to purchase in the open market without public letting two-ton Autocar complete, chassis and body with racks, body sketch No. 5189, all for the sum of \$2,000.

Under present conditions it is possible to purchase the car for the above named sum but very shortly the price will advance \$235, and if the requested permission is granted by your honorable Board the City can save the difference in price plus the cost of advertising and secure a car that is exactly suited to the needs of our institution at New Hampton.

Trusting you will take favorable action on this request, I remain,

Very respectfully,

JAMES A. HAMILTON, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Public Charities to Purchase Three Motor Ambulances Without Public Letting.

The Committee on Public Letting, to which was referred on February 13, 1918 (Minutes, page 390), the annexed request of the Commissioner of Public Charities for authority to purchase three motor ambulances without public letting, respectfully

It therefore recommends the adoption of the accompanying resolution.

Re Permission to Expend \$6,900 without Public Letting.

To the Honorable the Board of Aldermen, City Hall, New York:

Gentlemen—Application is hereby made for permission to expend \$6,500 in the open market without public letting for three motor ambulances. These ambulances were provided for in the 1918 budget and it is important that they be secured as promptly as possible in view of the fact that many of the ambulances now in use in this Department have outlived their usefulness and should be replaced immediately.

Very truly yours,

BIRD S. COLER, Commissioner.

Which, on motion of Alderman McCourt, was made a Special Order for the day. Subsequently the Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Parks, Borough of Brooklyn, to Purchase Trees and Shrubs Without Public Letting.

The Committee on Public Letting, to which was referred on February 13, 1918 (Minutes, page 391), the annexed request of the Commissioner of Parks, Brooklyn, for authority to purchase trees and shrubs without public letting, respectfully

REPORTS:

That better results can be had by open market order. The letter of application explains in detail the reasons for this request.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Parks for the Borough of Brooklyn be and he is hereby authorized and empowered to purchase trees and shrubs to cover replacements during the current year, in the open market without public letting, to an amount not to exceed twenty-four hundred dollars (\$2,400).

City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Fifth Street and Prospect Park West, February 5, 1918.

The Honorable Board of Aldermen of The City of New York:

Gentlemen—In the Budget for the year 1918, funds in the amount of \$2,400 were provided to this Department for the purchase of trees and shrubs, covering replacements during the current year. As in the past it has been found impossible to secure desirable trees and shrubs of the species necessary, when purchased under advertised contracts, your honorable Board is hereby requested to permit of the awarding of contracts in the above amount, without public letting, in accordance with section 419 of the Charter of The City of New York. Very truly yours,

JOHN N. HARMAN, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the President, Borough of The Bronx, to Purchase Asphalt Wearing Surface Sand Without Public Letting.

The Committee on Public Letting, to which was referred on February 13, 1918 (Minutes, page 392), the annexed request of the President of the Borough of The

Bronx, for authority to purchase asphalt wearing surface sand without public letting, respectfully

REPORTS:

That the Committee is informed that it is difficult to obtain bids for this grade of sand, and in view of the facts as set forth in the letter of application, it recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of The Bronx be and he is hereby authorized and empowered to purchase asphalt wearing surface sand in the open market, without public letting, in an amount not to exceed five thousand five hundred (5,500) cubic yards.

City of New York, President of the Borough of The Bronx, Third Avenue and 177th Street, February 8, 1918.

The Honorable Board of Aldermen, City Hall, Manhattan, N. Y. City:

Gentlemen—Request is hereby respectfully made, in accordance with the provisions of section 419 of the Greater New York Charter, for authority to purchase asphalt wearing surface sand in open market, without public letting, in an amount not to exceed five thousand and five hundred (5,500) cubic yards, for use at the asphalt plant, Borough of The Bronx. The reasons for this request are as follows:

The grading of the sand required for use in the preparation of material for asphalt pavement is such that there are but few points of production from which a suitable sand can be obtained, and, therefore, the number of bidders on advertised contracts is limited.

A public letting for asphalt wearing surface sand was held January 24, 1917, and no proposals were received for furnishing asphalt sand to the Borough of The Bronx during the year 1918.

In view of the fact that the active season for repairs to the asphalt pavements is at hand, I would urge that prompt consideration be given this request.

Very truly yours,

HENRY BRUCKNER, President of the Borough of The Bronx.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Public Charities to Contract for the Hire of Boats Without Public Letting.

The Committee on Public Letting, to which was referred on February 13, 1918 (Minutes, page 392), the annexed request of the Commissioner of Public Charities for authority to contract for the hire of boats without public letting, respectfully

REPORTS:

That having examined the subject it believes the request reasonable. The details are fully set forth in the letter of application. The Committee believes advertising unnecessary and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Public Charities be and he is hereby authorized and empowered to enter into contract, without public letting, for the hire of boats to an amount not to exceed five thousand dollars (\$5,000).

Re Hire of Boats.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—We request permission of your Honorable Board to enter into a contract, without public letting, for the hire of boats to the amount of \$5,000.

On account of the severe weather conditions and the excessive amount of ice in the East and the Harlem Rivers, our boats operating between Manhattan and Blackwell's and Randall's Islands have suffered severely—to such an extent that we have been obliged, since early in January, to charter at least one, and most of the time, two vessels.

There is a great shortage of boats in New York Harbor, perhaps 60 per cent. of them being laid up for repairs on account of the heavy ice in the Harbor. This makes it difficult for us to obtain a boat suitable for our passenger carrying service, and it imposes upon us the necessity of engaging such a boat wherever we may find one. Very truly yours,

BIRD S. COLER, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Board of Elections to Contract for Necessary Registration Stationery for Use in the Special Congressional Elections Without Public Letting.

The Committee on Public Letting, to which was referred on February 13, 1918 (Minutes, page 397), the annexed request of the Board of Elections for authority to contract for necessary registration stationery and supplies for use in the special Congressional Elections without public letting, respectfully

REPORTS:

That, having examined the subject, it believes permission to be advisable, as the time is too short in which to prepare specifications, advertise for bids and then award a contract.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of provisions of section 419 of the Greater New York Charter, the Board of Elections of The City of New York be and it is hereby authorized and empowered to enter into contract, without public letting, with the M. B. Brown Printing & Binding Co., for the necessary registration stationery and supplies, together with ballots and election day stationery and supplies, to be used for the Special Elections called by the Governor for Tuesday, March 5, 1918, pursuant to the provisions of section 292 of the Election Law, to fill the vacancies existing in the offices of Representative in Congress for the 7th, 8th, 21st and 22d Congressional Districts, at a cost of approximately \$9,856.

Board of Elections of The City of New York, General Office, Municipal Building, Manhattan, New York, February 13, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall:

Dear Sir—The Governor, by a proclamation, dated Jan. 23, 1918, has called Special Elections for Tuesday, March 5, 1918, pursuant to section 292 of the Election Law, to fill vacancies existing in the offices of Representative in Congress for the 7th, 8th, 21st and 22d Congressional Districts. Saturday, Feb. 23, 1918, and very likely Friday, Feb. 22, 1918, will be days of special registration in connection with the said Special Elections.

It now becomes necessary for this Board to provide registration and election supplies, together with official and sample ballots. Owing to the fact that the Governor's proclamation calling the elections under the reapportionment of 1917 has occasioned litigation heard in the Court of Appeals on Feb. 12th, this Board finds it impossible to prepare for these elections if it complies with section 419 of the Charter.

The M. B. Brown Printing & Binding Co., which has furnished ballots and election supplies to this Board for a number of years, has agreed to supply the same for approximately \$9,856, and the Board therefore requests the passage of the following resolution, which is similar to one adopted by the Board of Aldermen on March 20, 1917:

Resolved, That, in pursuance of provisions of section 419 of the Greater New York Charter, the Board of Elections of the City of New York be and it is hereby authorized and empowered to enter into contract, without public letting, with the M. B. Brown Printing & Binding Co., for the necessary registration stationery and supplies, together with ballots and election day stationery and supplies, to be used for the Special Elections called by the Governor for Tuesday, March 5, 1918, pursuant to the provisions of section 292 of the Election Law, to fill the vacancies

existing in the offices of Representative in Congress for the 7th, 8th, 21st and 22d Congressional Districts, at a cost of approximately \$9,856.

Yours very truly,

JOHN R. VOORHIS, President.

SPECIAL ORDERS.

S. O. 18 (Int. No. 164).

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$2,400, to Pay Salaries of Four Temporary Recording Clerks—Surrogate, Bronx County.

The Committee on Finance, to which was referred on January 29, 1918 (Minutes, page 270), the annexed request of the Surrogate of the County of Bronx for special revenue bonds, \$2,400, to pay salaries of four temporary Recording Clerks, respectfully

REPORTS:

That having examined the subject the Committee believes the appropriation necessary. In consequence of an insufficient clerical force this work is constantly falling behind, thus compelling the hire of temporary Clerks at intervals to enable

the office to catch up in the work. Attached is a favorable report of the Investigating Bureau of the Board of Estimate and Apportionment.

It, therefore, recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of Two thousand four hundred dollars (\$2,400), the proceeds whereof to be used by the Surrogate of County of Bronx for the purpose of providing for salaries of four temporary Recording Clerks; all obligations contracted for hereunder to be incurred on or before December 31, 1918.

Chambers of the Surrogate's Court, County of Bronx, New York, January 25, 1918.

Hon. ALFRED E. SMITH, *President of the Board of Aldermen*, City Hall, New York City:

Dear Sir—In order that the recording work of this office may be brought up to date, at the direction of the Surrogate I hereby respectfully ask that provision be made for the appointment of four temporary Recording Clerks for a period of not over six months, at a salary of \$100 a month each, which is the salary now paid the present Recording Clerks, and that special revenue bonds be issued for \$2,400 to provide the necessary funds for paying the salaries of these additional Clerks.

Under date of April 5th, 1916, the necessity for additional recording Clerks was brought to the attention of the Board of Estimate. It was then decided that instead of appointing additional permanent Clerks, two temporary Recording Clerks would be employed until such times as the recording work was practically up to date, with the understanding that if the recording work again increased beyond the capacity of the two permanent Clerks to handle it, application could again be made for either additional permanent Clerks, or the re-employment of temporary Clerks.

The efficient conduct of the business of this office again requires additional help in the recording department. At the present time there are unrecorded 149 wills and decrees on probate; 400 administration and guardian bonds; 40 accounting decrees, 1,500 orders and much other miscellaneous matter. In addition there are also some 2,000 bonds already recorded, but which must be compared. This work of comparing also devolves upon the Recording Clerks.

To longer allow this situation to go unrelieved, the Surrogate feels would be inconsistent with good public policy. In view of present conditions he is undisposed, at this time, to request a permanent increase in the working force of the office. Recognizing, however, that this accumulated work should be brought up to date as speedily as possible, the Surrogate feels it his duty to ask for the appointment of the temporary Clerks requested herein.

Because of the urgency of this work, I respectfully ask that the Board of Aldermen give this request immediate consideration. Respectfully submitted,

H. H. REILLY, Chief Clerk.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, February 11, 1918.

Hon. FRANCIS P. KENNEY, *Chairman, Committee on Finance, Board of Aldermen*:

Dear Sir—In reply to your communication of February 2, 1918, asking for information in regard to the request of the Surrogate of Bronx County for an issue of \$2,400 special revenue bonds, I submit the following:

There remain in that office instruments as follows:

To be Recorded—158 wills, 7 exemplifications, 2 assignments, 1,500 miscellaneous orders, 26 decrees, 250 administration bonds, 150 guardian bonds. To be Compared—60 wills, 10 assignments, 1,318 miscellaneous orders, 205 accounting decrees, 1,525 administration bonds, 417 guardian bonds.

It is mandatory that these instruments be recorded. The work has fallen behind, and it is impossible for the present force to relieve this temporary congestion and keep the current work up to date. It seems, however, that the employment of four men for six months each, at the rate of \$1,200 each per annum would suffice for the present. To this the Surrogate has agreed.

I would recommend that the allowance of \$2,400 be authorized as requested.

Respectfully,

EDWARD FEENEY, Examiner.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCourt, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; President Van Name, by John E. The Committee on Finance, to which was referred on February 5, 1918 (Minutes, page 336), the annexed request of the Supervisor of the City Record for special revenue bonds, \$1,445, to defray the expenses of moving the distributing office of the City Record and the hire of labor in connection therewith, respectfully

It therefore recommends the adoption of the accompanying resolution.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand four hundred and forty-five dollars (\$1,445), the proceeds whereof to be used by the Supervisor of the City Record for the purpose of defraying expenses of moving distributing office of the City Record and hire of labor in connection therewith.

Hon. ALFRED E. SMITH, *President, Board of Aldermen*:

Dear Sir—I respectfully request, pursuant to subdivision 8 of section 188 of the Greater New York Charter, that the Board of Aldermen authorize an issue of special revenue bonds in the sum of \$1,445 to defray the expenses of moving the distributing office of the City Record from 96-98 Reade Street, Manhattan, to 125-127 Worth Street, Manhattan.

Six hundred and twenty dollars (\$620) is requested to pay the expenses of moving all the supplies, fixtures and equipment to 125-127 Worth Street, and eight hundred and twenty-five dollars (\$825) is requested in order to secure the services of emergency laborers at \$2.75 per day to handle and pack the supplies at the old quarters at 96-98 Reade Street and to unpack and distribute the supplies, etc., at the new quarters at 125-127 Worth Street, Manhattan.

This office had a small allowance made to it in the 1918 budget for emergency laborers for 100 days. It has been entirely exhausted. It is desired to replenish this fund with 100 of the days asked for in the above request for special revenue bonds. Respectfully,

PETER J. BRADY, Supervisor of the City Record.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, February 11, 1918.

No. 191—*Supervisor of the City Record. Request for Special Revenue Bonds, \$1,445,*

to Defray the Expenses of Moving the Distributing Office of the City Record and Hire of Labor in Connection Therewith.
Mr. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:
 Sir—As requested in your communication of February 7, 1918, I give below the facts in connection with this matter.

The 1918 budget appropriation for rent includes but one month's rental of the quarters heretofore leased by the Board of City Record, 96 Reade Street, as it was recommended when the budget was prepared that this office be moved to the city-owned building at 125 Worth Street. The Sinking Fund has since approved the assignment of the new quarters to the Board of City Record.

It appears, however, that no provision was made in the budget either for the moving of the supplies and records at the Reade Street office nor for the employment of temporary help to pack these supplies and records and for the proper arrangement thereof in the new quarters.

The Supervisor of the City Record invited bids for this moving. He received six bids. The highest was \$1,291 and the lowest \$620, which latter bid he accepted. The Supervisor, in order to save the city from any liability or an additional year's rental of \$4,500 for the Reade Street quarters, had the lowest bidder move these supplies, records and equipment just prior to the expiration of the old lease.

The cost of this moving is being charged temporarily to the budgetary appropriation for transportation, but it is proposed to transfer this charge to the requested revenue bond appropriation, when provided, as the budget appropriation for transportation will be required for the usual routine carting and expressage of supplies.

There is provided an annual appropriation to the Board of City Record for the employment of temporary laborers each year during the season when the supplies delivered under the large annual contracts are being sorted and packed at the distributing office for delivery to the various city and county offices.

In order to meet the emergency already referred to the appropriation of \$275 for the employment of temporary laborers used in the rush period was entirely expended in the employment of help engaged in packing the stock supplies and records and taking down the shelving prior to their removal to the new quarters. To meet this deficiency and to provide temporary time of an additional 200 days for the employment of laborers the sum of \$825 is also asked.

As this work had to be rushed and as there was no filing space for the proper storing of the stationery and records moved from 96 Reade Street the bundles were piled on the floor of the basement, first and second floors. All this property will have to be sorted and properly arranged so that it can be accessible. As this office is about to enter into the busiest period of the year the present force will be required on routine work. The examiner of the Board of Estimate and Apportionment who worked on the budget of the City Record states that the funds requested should be authorized so that 200 additional days could be provided to perform the additional work, and also to meet the ordinary routine rush period work.

It is quite possible, however, that later this month there might be funds available in the City Fund for Salary and Wage Accruals which could be used for the purposes referred to above, but at the present time there are no such available funds.

Respectfully,

FRANCIS P. BENT, Director.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$2,500, to Provide Funds for Fixtures, Equipment, Alterations and Repairs to Quarters Assigned to the Distributing Division of the City Record at 125-127 Worth Street.

The Committee on Finance, to which was referred on February 5, 1918 (Minutes, page 336), the annexed request of the Supervisor of the City Record for Special Revenue Bonds, \$2,500, to provide funds for fixtures, equipment, alterations and repairs to quarters assigned to the Distributing Division of the City Record in the City-owned buildings at 125-127 Worth Street, respectfully

REPORTS:

That these improvements are necessary and urgent. The Committee is advised in the annexed report of the Investigating Bureau of the Board of Estimate and Apportionment that there are no funds available for transfer.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two thousand five hundred dollars (\$2,500), the proceeds whereof to be used by the Supervisor of the City Record for the purpose of providing funds for fixtures, equipment, alterations and repairs to quarters assigned to the Distributing Office of the City Record at 125-127 Worth Street, Manhattan, all obligations contracted for hereunder to be incurred on or before December 31, 1918.

FRANCIS P. KENNEY, WM. P. KENNEALLY, B. E. DONNELLY, JNO. J. O'ROURKE, JAS. J. MOLEN, JOHN DIEMER, ALGERNON LEE, W. F. QUINN, SAMUEL J. BURDEN, JOHN S. GAYNOR, EDWARD V. GILMORE, ROBERT L. MORAN, Committee on Finance.

The City of New York, Board of City Record, Office of the Supervisor, Municipal Building, February 1, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—I respectfully request, pursuant to subdivision 8 of section 188 of the Greater New York Charter, that the Board of Aldermen authorize an issue of special revenue bonds in the sum of \$2,500, to provide the necessary funds for fixtures, equipment and alterations and repairs to the quarters assigned to the Distributing Division of the City Record in the city owned buildings at 125-127 Worth Street, Manhattan. Until January 31st the Distributing Division was located at 96-98 Reade Street, in privately owned buildings, under a lease calling for an annual rental of \$4,500. It will require \$2,500 to make the necessary repairs to the buildings and purchase fixtures that will be necessary for this office to properly conduct its business. In case the revenue bond issue is authorized I would suggest that it be assigned to the President of the Borough of Manhattan, as the City Record office is desirous that the work be done under the supervision of the Borough President.

Respectfully,

PETER J. BRADY, Supervisor of the City Record.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, February 11, 1918.

No. 192.—Supervisor of the City Record—Request for Special Revenue Bonds, \$2,500, to Provide Funds for Fixtures, Equipment, Alterations and Repairs to Quarters Assigned to the Distributing Division of the City Record in the City-Owned Buildings at 125-127 Worth Street.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—On January 4, 1918, the Court House Board assigned to the supplies division of the Board of City Record, subject to the approval of the city authorities, the first and second floors and part of the front basement of 125-127 Worth Street. The commissioners of the sinking fund, at a meeting held January 17, 1918, approved the action of the Court House Board in the assignment of the above mentioned premises.

The assignment of this location was made because funds were provided in the 1918 budget for the rental of the premises at 96 Reade Street, formerly used by the supplies division of the Board of City Record for the month of January and the use of the new premises would effect an annual saving of \$4,500.

The Supervisor of the City Record requested the President of Manhattan who is in charge of the building to make temporary alterations so that the supplies division could be moved into the new quarters prior to February 1.

In order that the quarters may be properly arranged for the new purpose a number of permanent alterations, repairs and installations are necessary; and as there

were no funds provided in the 1918 budget for this purpose, the Supervisor requests an appropriation therefor.

It is necessary to erect additional wooden shelves and bins for the storage of supplies and records; to install additional lighting facilities; to erect partitions in the basement in order to provide additional storage space; to install a merchandise slide and a telescopic hand-operated ash hoist; new shades, where necessary; lettering on front windows, cleaning of skylight and repairs to the wire mesh guard over skylight; the erection of a wooden rail to provide a public space on the main floor; the erection of a wire mesh grill over the counter on main floor to protect the copies of City Record on sale and also a number of miscellaneous small alterations. The estimated cost of this work, \$2,500, has been checked by an engineer of this board and found to be reasonable. Of the amount requested about \$600 will be required for the purchase of materials to be used by employees of the Bureau of Public Buildings and Offices and the balance for work to be done by contract or open order.

Should the requested funds be provided to the Board of City Record, the President of the Borough has agreed to supervise the work as the care of this building is under his jurisdiction. It is quite possible, however, that later this month there might be funds available in the City Fund for Salary and Wage Accruals which could be transferred for the purposes referred to above, but at this time there are no such available funds. Respectfully,

FRANCIS P. BENT, Director.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

S. O. 21 (Int. No. 202).

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize the Comptroller to Expend \$500 as the City's Share of Expenses of New York State Conference of Mayors and Other City Officials.

The Committee on Finance, to which was referred on February 5, 1918 (Minutes, page 342), the annexed request for authorization of the appropriation and expenditure of \$500 as New York City's subscription for the year 1918 to the expenses of the New York State Conference of Mayors and other city officials and its Bureau of Municipal Information respectfully

REPORTS:

That this is the usual annual request as the City's share of expenses. The Committee believes it to be a proper charge against the City, and recommends the adoption of the accompanying resolution.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment, February 1, 1918:

"Resolved, That the Board of Estimate and Apportionment hereby recommends that the Board of Aldermen, acting under the general authority of chapter 215 of the Laws of 1916, authorize the appropriation and expenditure of the sum of five hundred dollars (\$500), as New York City's subscription for the year 1918 to the expenses of the New York State Conference of Mayors and Other City Officials and its Bureau of Municipal Information; said amount to be charged to the appropriation entitled 'Contingencies' of the Board of Estimate and Apportionment for the year 1918."

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, February 5, 1918.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment February 1, 1918, recommending that the Board of Aldermen, acting under the general authority of chapter 215 of the Laws of 1916, authorize the appropriation and expenditure of the sum of five hundred dollars (\$500), as New York City's subscription for the year 1918 to the expenses of the New York State Conference of Mayors and Other City Officials and its Bureau of Municipal Information; said amount to be charged to the appropriation entitled "Contingencies" of this Board for the year 1918.

A copy of the report of the former Deputy and Acting Comptroller relative thereto, is enclosed herewith. Yours very truly,

JAMES MATTHEWS, Assistant Secretary.

Department of Finance, Bureau of Municipal Investigation and Statistics, November 23, 1917.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—A communication from the Bureau of Municipal Information of the Conference of Mayors and Other City Officials of the State of New York, dated October 24, 1917, and suggesting the inclusion of New York City's subscription in the 1918 Budget, was presented at the meeting of your Board on November 2, and referred to the Comptroller.

This City, in common with practically all the others in the State, subscribes annually to the expenses of the association. The usual amount, \$500, would doubtless have been placed in the Budget had the request been received earlier. Since, however, it is not so included, and since the appropriation in question is a 1918 expense and payment will not be due until September of that year, it is advised that no action be taken by the present board. The appended resolution is offered for adoption.

Yours very truly, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Burke, Calman, Cassidy, Collins, Colne, Cox, Cunningham, Curley, Diemer, Donnelly, Dunn, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCourt, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien, O'Rourke, Palitz, Post, Quinn, Roberts, Rosenberg, Ryan, Schmitz, Schweickert, Squiers, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Wolff, Zettler; President Van Name, by John E. Bowe, Assistant Commissioner of Public Works; President Connolly, by W. Augustus Shipley, Assistant Commissioner of Public Works; President Riegelmann, by John Guider, Commissioner of Public Works; the Vice-Chairman—66.

G. O. 10 (Int. No. 178).
Report of the Committee on General Welfare in Favor of Adopting an Ordinance to Amend the Code of Ordinances, Relating to "Markets," by Adding Thereto a New Section Relating to "Coal Markets and Dealers in Coal."

The Committee on General Welfare, to which was referred on January 29, 1918 (Minutes, page 281), the annexed ordinance to amend Article 3 of Chapter 15 of the Code of Ordinances relating to "Markets" by adding thereto a new section relating to "coal markets and dealers in coal," respectfully

REPORTS:

That this ordinance was prepared and presented at the request of the Commissioner of Public Markets and the Commissioner of Plant and Structures and is designed to answer the many complaints lodged against dealers in coal by a process of regulation which is placed in the hands of the Commissioner of Public Markets. To do this effectively it was deemed necessary to establish coal markets and to classify the respective owners as Wholesale Dealers and Retail Dealers and to license them in order to make the control over them of effect.

It is recommended that the ordinance be amended by striking out the word "one" in subdivisions 1 and 2 and inserting in lieu thereof the word "five" and also by striking out the word "weights" in the sixteenth line of the ordinance, provision therefor being covered by chapter 26 of the Code, and that, as so amended, the said ordinance be adopted.

They therefore recommend that the said resolution and ordinance be adopted.

AN ORDINANCE to amend article 3 of chapter 15 of the Code of Ordinances, relating to "markets," by adding thereto a new section relating to "coal markets and dealers in coal."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Article 3 of chapter 15 of the Code of Ordinances relating to "markets," by adding thereto a new section so as to include therein "coal markets and dealers in coal."

Sec. 53. Coal markets and dealers in coal.

2. Each dealer selling coal not in excess of one hundred pounds to one person is hereby declared to be a retail dealer in coal and shall pay an annual license fee of \$2.

Each such coal market shall be under the jurisdiction of the Commissioner of Public Markets, who shall have power to frame rules and regulations governing such places, particularly with respect to weights, prices and cartage.

A transgression of any of the rules and regulations as established hereunder shall be sufficient warrant for the Commissioner of Public Markets, after hearing thereon and violation proven, to certify the facts to the Commissioner of Licenses, whereupon the latter shall have power in his discretion, to suspend or revoke the license issued.

And no such license shall be restored to a dealer until a rehearing shall have been had thereon and the Commissioner of Public Markets has certified to the Commissioner of Licenses of findings other than those revealed at the first hearing.

STATE INDUSTRIAL COMMISSION—DEPARTMENT OF LABOR.

Public Notices.

WHEREAS, THE INTERNATIONAL PAPER
Company of 30 Broad st., New York, filed a petition dated Nov. 10, 1917, for a variation from the provisions of Section 79-a-3 and 79-a-6 of the Labor Law, re construction of exits and of elevators, in the proposed "Bindarene plant" of the International Paper Co., Corinth, New York; and

Whereas, a public hearing was held on the 21st day of November, 1917, at 230 Fifth ave., N. Y. City, at which an opportunity for all interested persons to be heard thereon was given; and

Whereas, an examination of the plans of the said proposed building was made and a report of such examination is on file in the offices of the Commission, from which examination it appears that the said proposed building will be two stories in height, of mill construction, and sprinklered, approximately 100 feet by 66 feet, divided into two sections by a fire wall, one section approximately 60 feet by 66 feet, the other section approximately 60 feet by 44 feet on the ground floor and approximately 60 feet by 44 feet on the second floor; will be used by the owners for the manufacture of Bindarene, a glue substitute; with an occupancy of approximately 15 persons above the ground floor; exits will consist of two interior fireproof enclosed stairways with treads 9 inches wide and rise 8 inches, the enclosure terminating approximately 7 feet above the level of floor of second story, with a 4-inch concrete slab over the top of each stairway enclosure, located one in each section, in the southeast and northwest corners of the building, respectively, and one modified horizontal exit through fire wall, at different floor levels of approximately 5 feet. There will be installed two elevators, one of which, a steel bucket elevator 9 inches by 32 feet, entirely enclosed in standard iron casing, extending from the ground floor to a point about 12 feet above the floor level of second story, where it connects to a horizontal 6-inch screw conveyor entirely enclosed in standard iron casing carrying to and automatically discharging the product into storage tanks located on that floor; enclosure of the other elevator will terminate approximately 8 feet above floor level of second story, with a concrete slab not less than 4 inches thick over the top; and there appearing from such examination and public hearing that there are practical difficulties and unnecessary hardship in carrying out the strict provisions of the law or the rules and regulations of the Industrial Code on the said proposed building, and that in the granting of a variation of said proposed building the spirit of the law and rules and regulations will be observed and public safety secured.

Be it resolved by the State Industrial Commission that a variation be and it hereby is granted to the International Paper Co., on its proposed "Bindarene plant," located at Corinth, N. Y., upon the following terms:

That exits and elevators constructed as described above be permitted.

Be it further resolved that the said variation is granted only during the period that the conditions above set forth as to exits, number of occupants, nature of industry, etc., are maintained.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, at its meeting held on January 25, 1918 (Cal. No. 136), adopted the following resolutions:

Whereas, the Board of Estimate and Apportionment, by resolution adopted on October 1, 1915, authorized a proceeding to acquire title to the real property required for the opening and extending of Seneca avenue, from the Brooklyn Borough Line to DeKalb avenue, and from Summerfield street to St. Felix avenue, Borough of Queens, in which it was determined that the entire cost and expense of the proceeding be borne by the property deemed to be benefited; and

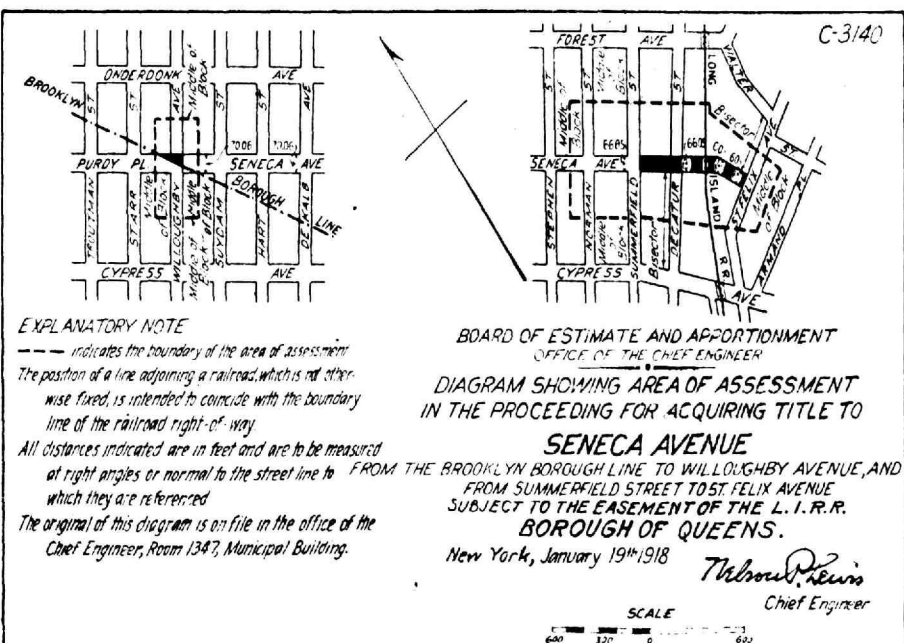

Whereas, at the meeting of the Board held on April 27, 1917, a communication was presented from the Corporation Counsel advising that the motion for the appointment of Commissioners in the proceeding had been opposed by the Coney Island and Brooklyn Railroad Company, which owned all of the real property to be acquired in the three blocks between Wiloughby avenue and DeKalb avenue, and that a decision had been

rendered by the Court sustaining the position taken by the Railroad Company; and

Whereas, since the date when the proceeding was authorized by the Board a bridge has been constructed by the Long Island Railroad Company across its lands in the block between DeKalb street and St. Felix avenue and the street has here been incorporated upon the City map; and

Whereas, the Board of Estimate and Apportionment proposes to request the Corporation Counsel to apply to the Supreme Court to have the proceeding herein amended so as to relate to the sections of Seneca avenue, between the Borough Line and Wiloughby avenue, and between Summerfield street and St. Felix avenue, subject to the easement of the Long Island Railroad Company;

Whereas, this Board, in the resolution adopted on October 1, 1915, authorizing this proceeding, determined that the entire cost and expense thereof be borne by the property deemed to be benefited.

Resolved, That this Board, pursuant to the provisions of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to reconsider its resolution adopted on October 1, 1915, whereby it determined that the entire cost and expense of the proceeding to acquire title to Seneca avenue, from the Brooklyn Borough Line to DeKalb avenue, and from Summerfield street to St. Felix avenue, in the Borough of Queens, be borne

and paid by the property deemed to be benefited, and proposes to make a new determination concerning the distribution of the cost and expense of the proceeding so as to provide that the sum of \$403.21, being the cost and expense incurred in the proceeding chargeable to the sections of Seneca avenue omitted from the proceeding, be borne and paid by The City of New York and that the remainder of the cost and expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Queens in the preparation of rule, damage, benefit and profile maps for the use thereof, and of awards, if any, for damages caused by intended regulation, and all other expenses and disbursements authorized by the Greater New York Charter, as amended, be borne and paid by the property within the proposed area of assessment for benefit as shown on the foregoing diagram.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale.

Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants.

The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises.

None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.
