

CHAPTER 22A ENVIRONMENTAL REVIEW – 215 VARICK AVENUE SITE (NEW CHAPTER)

22a.1 Introduction

The 215 Varick Avenue Transfer Station is a potential Alternative site that has been added after publication of the DEIS. Should the Alternative become a part of the Proposed Action, a detailed environmental review will be required and submitted in a supplemental environmental review to this FEIS.

22a.2 Land Use, Zoning, and Public Policy

See Section 22a.1 for a description of the analysis required.

22a.3 Socioeconomic Conditions

See Section 22a.1 for a description of the analysis required.

22a.4 Community Facilities and Services

See Section 22a.1 for a description of the analysis required.

22a.5 Open Space

See Section 22a.1 for a description of the analysis required.

22a.6 Cultural Resources

See Section 22a.1 for a description of the analysis required.

22a.7 Urban Design, Visual Resources, and Shadows

See Section 22a.1 for a description of the analysis required.

22a.8 Neighborhood Character

See Section 22a.1 for a description of the analysis required.

22a.9 Natural Resources

See Section 22a.1 for a description of the analysis required.

22a.10 Hazardous Materials

See Section 22a.1 for a description of the analysis required.

22a.11 Water Quality

See Section 22a.1 for a description of the analysis required.

22a.12 Waterfront Revitalization Program

See Section 22a.1 for a description of the analysis required.

22a.13 Infrastructure, Solid Waste and Sanitation Services, and Energy

See Section 22a.1 for a description of the analysis required.

22a.14 Traffic, Parking, Transit, and Pedestrians

See Section 22a.1 for a description of the analysis required.

22a.15 Air Quality

See Section 22a.1 for a description of the analysis required.

22a.16 Odor

See Section 22a.1 for a description of the analysis required.

22a.17 Noise

See Section 22a.1 for a description of the analysis required.
