E. P. BARKER, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,  
MAYOR'S OFFICE, CITY HALL,  
MONDAY, November 20, 1893—11 o'clock A. M.

The Board met in pursuance of an adjournment.

Present—Thomas F. Gilroy, the Mayor; Theodore W. Myers, the Comptroller; George B. McClellan, the President of the Board of Aldermen; Edward P. Barker, the President of the Department of Taxes and Assessments; William H. Clark, the Counsel to the Corporation.

The minutes of the meetings held October 30, November 8, 15 and 17, 1893, were read and approved.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
November 17, 1893.

##### To the Board of Estimate and Apportionment:

At a meeting of this Board held October 9, 1893, a communication was received from the Commissioner of Street Cleaning, requesting a transfer of eighty-three thousand dollars, from the appropriation made to his Department for 1893, account of "Sweeping," to the appropriation account of "Carting;" a transfer of thirty-two thousand dollars from account of "Sweeping" to account of "Final Disposition," and a transfer of forty thousand dollars from account of "New Stock" to account of "Final Disposition." The two first transfers were granted as requested; the last, however, was laid over, pending investigation.

From an investigation which I have made into the accounts of the Department of Street Cleaning, I find that in the account of "Sweeping," if the pay-rolls for the balance of the year average the same as that for the week ending November 9, 1893, there will be an unexpended balance at the close of the year of several thousand dollars. In the "Carting" account there will probably be a small deficiency, which, however, will be more than made up by the excess in the "Sweeping" account.

In 1892 the Department of Street Cleaning obtained for the appropriation for "Final Disposition," including transfers, the sum of three hundred and thirty-four thousand dollars. The Board of Estimate and Apportionment, however, in making up the Final Estimate for 1893, allowed for "Final Disposition" only two hundred and ninety thousand dollars, being forty-four thousand dollars less than the amount expended in the preceding year. This was done because it was expected that the dumping grounds at Riker's Island would be ready for use. This has proved not to be the case, and owing to the exceptionally severe winter of 1893 there has resulted a considerable deficiency in this account. The transfer of forty thousand dollars to the account of "Final Disposition" from "New Stock" requested by the Department of Street Cleaning will prove sufficient for the purposes of that account for the balance of the year. I accordingly submit the following resolution.

Respectfully submitted,  
THEO. W. MYERS, Comptroller.

Resolved, That the sum of forty thousand dollars (\$40,000) be and the same hereby is transferred from the appropriation made to the Department of Street Cleaning for 1893, entitled "New Stock," the same being in excess of the amount required for the purposes and objects thereof, to the appropriation made to the same Department for 1893, entitled "Final Disposition," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments and Counsel to the Corporation—5.

The Comptroller presented the following:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
November 18, 1893.

##### To the Board of Estimate and Apportionment:

I submit herewith a resolution of the Board of Education, adopted November 15, 1893, requesting a transfer of \$15,758.19, from various accounts to the Evening School Fund for 1893, and a transfer of \$5,674.46 from various accounts to the Gas appropriation for 1893. The appropriation for salaries in Evening Schools for 1893 was \$160,000, which, added to this transfer, would give a total of \$175,758.19, which the Board of Education propose to expend for this purpose during the current year. The actual expenditure for this purpose during the year 1892 was \$155,658.69; the amount requested by the Board of Education for the year 1894 was \$170,000, and the amount allowed by the Board of Estimate and Apportionment in the Provisional Estimate was \$165,000. It will thus be seen that the amount which it is intended to expend during the year 1893 for this purpose is over \$20,000 in excess of that actually expended in 1892; \$10,758.19 more than the Provisional Estimate for the year 1894, and \$5,758.19 more than the amount requested for the year 1894 by the Board of Education in their Departmental Estimate.

The Comptroller presented the following :

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
November 17, 1893.

To the Board of Estimate and Apportionment :

Herewith I present for approval two bills of Bloomingdale Bros., amounting to seven hundred and three dollars and sixty-nine cents, for goods furnished to the New Reception Hospital at the foot of East Sixteenth street, under the provisions of chapter 535 of the Laws of 1893, and as per resolution of the Board of Estimate and Apportionment, dated July 18, 1893.  
The bills are duly certified by the Commissioners of Health, and I accordingly offer for adoption the following resolution.

Respectfully,  
THEO. W. MYERS, Comptroller.

Resolved, That, pursuant to the provisions of chapter 535 of the Laws of 1893, the bill of Bloomingdale Bros., dated July 19, 1893, for six hundred and fifty-five dollars (\$655), and the bill of Bloomingdale Bros., dated September 6, 1893, for forty-eight dollars and sixty-nine cents (\$48.69), both being on account of furniture and supplies needed for the New Reception Hospital at the foot of East Sixteenth street, be and the same are hereby approved; and the Comptroller is authorized to pay the said amounts so certified and approved to the persons entitled thereto, and to issue Revenue Bonds of the Mayor, Aldermen and Commonalty of the City of New York to the amount of seven hundred and three dollars and sixty-nine cents (\$703.69), for the payment thereof, on account of the appropriation made July 18, 1893; bearing interest at a rate not exceeding three per cent. per annum; and the amount required for the redemption of said bonds to be included in the Final Estimate for the year 1894.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Department of Taxes and Assessments, and Counsel to the Corporation—5.

The Comptroller presented the following communications :  
From the Police Department—

POLICE DEPARTMENT OF THE CITY OF NEW YORK,  
No. 300 MULBERRY STREET,  
NEW YORK, November 17, 1893.

Hon. THEO. W. MYERS, Comptroller, New York City :

DEAR SIR—At a meeting of the Board of Police held this day, it was  
Resolved, That the resolution adopted September 29, 1893, requesting the Board of Estimate and Apportionment to transfer the sum of eight thousand dollars from the appropriation made in 1892, "For New Telegraph Instruments" to the appropriation for 1893, "Supplies for Police," be and is hereby rescinded.

Very respectfully,  
WM. H. KIPP, Chief Clerk.

Referred to the Comptroller.

From the Board of Education—

HALL OF THE BOARD OF EDUCATION,  
No. 146 GRAND STREET,  
NEW YORK, November 16, 1893.

(In Board of Education, November 15, 1893.)

Whereas, There has been an increase of attendance in the Ward Evening Schools for the month of October, 1893, of about thirty-three and one-third per cent., obliging this Board to apply to the Board of Estimate and Apportionment for transfers to make good a deficiency caused thereby in the fund for Salaries in Evening Schools, and, therefore, it is believed necessary to request the Board of Estimate and Apportionment to increase the amount allowed in the Provisional Estimate for 1894 from one hundred and sixty-five thousand dollars to one hundred and seventy thousand dollars, as originally requested by this Board in its budget; therefore

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to increase the amount allowed this Board in the Provisional Estimate for 1894, for Salaries in Evening Schools, from one hundred and sixty-five thousand (\$165,000) to one hundred and seventy thousand (\$170,000) dollars.

Extract from the minutes.

ARTHUR McMULLIN, Clerk.

Referred to the Comptroller.

From the Board of Education—

HALL OF THE BOARD OF EDUCATION,  
No. 146 GRAND STREET,  
NEW YORK, November 16, 1893.

(In Board of Education, November 15, 1893.)

To the Board of Education :

The Finance Committee respectfully reports that on October 11, 1893, the Board of Estimate and Apportionment provisionally appropriated in detail the sum of \$4,624,654.97 for "Public Instruction" for the year 1894, the amount requested in the budget being \$4,977,106.82, the deductions aggregating \$352,451.85.

While it is to be regretted that the Board of Estimate and Apportionment has not acceded to the total requests of this Board, it behooves the Board to keep within the monetary confines in carrying out its plans, as expressed in the budget. However, in some instances the deductions have been so great as not only to impair seriously the general usefulness of the appropriations actually reduced, but to affect to some extent relative ones. The Committee therefore recommends that additional statements and figures be presented to the Board of Estimate and Apportionment, with the request that it further consider such appropriations, relying on its good judgment to accede to the reasonableness of our requests, and the necessity of liberality in so important a matter as that of public instruction.

The following are the appropriations referred to in the above remarks :

Salaries of Officers and Clerks of the Board of Education.

Taking into consideration the fact that between five and six million dollars are annually expended for public instruction, and that only about thirty thousand dollars (inclusive of the Chief Clerk) is provided for clerical help, the increase of two thousand dollars requested is very small. The volume of business is constantly increasing, and it may be emphatically stated that there are few, if any, departments in the U. S. A., taking for a basis the amount of expenditures and other details, which are allowed so small a sum for clerical help. It may be also stated that there is no city department where the hours of service are so long, the duties more onerous and the salaries so small in comparison with the work done.

Fuel for all the Schools and Hall of the Board of Education.

Estimate, \$106,067.24; allowed, \$97,500; appropriation for previous year, \$90,000.

It is estimated that the amount allowed, \$97,500, will barely provide for schools now in existence, without considering new schools to be opened during the year. In the event of severe weather, not only will the amount provided be unequal to the total emergency, but would prove insufficient to cover schools now in existence. It has been customary hitherto to retain in stock a quantity of coal for emergencies. Unfortunately, the appropriation for 1893 has been so taxed that it has become necessary to use all the stock on hand, leaving nothing whatever to fall back upon. At this date the unexpended balance of the appropriation is only about \$3,000. It is urgently requested that the Board of Estimate and Apportionment allow the full amount of our estimate, viz.: \$106,067.24.

Gas for all the Schools, etc.

Estimate, \$40,000; allowed, \$30,000; appropriation for previous year, \$27,000.

The cutting of our estimates for the past years has resulted in a shortage at the end of each year, the appropriation for any one period being made to suffer to a considerable extent by the arrearages of the prior year. For instance, the appropriation for 1892 was \$25,000, and with the most strict watchfulness and economy the liabilities amount to \$27,033.44, resulting in a difference of \$2,033.44, which was charged against the appropriation of \$27,000 for 1893, impairing it to that extent. It will readily be seen that this system of deferring such necessary expenditures and liabilities from year to year must sooner or later come to an end, and only such drastic measures as closing the Evening Schools and lecture courses will enable the Board to regain its footing.

The following statement is submitted :

Appropriation for 1893.....	\$27,000 00
Bills so far approved (of which \$2,033.44 is arrears, 1893).....	\$18,098 59
Careful estimate of liabilities for balance of year.....	14,575 87

Allow for fourteen new schools and annexes, to be opened in 1894, and extension of free lecture course.....	3,684 52
Deficit (anticipated).....	4,325 54
Total expenditure (necessary).....	\$34,325 54
	\$34,325 54

It is earnestly requested that the Board of Estimate and Apportionment allow \$4,325.54 additional to the sum already appropriated (\$30,000), making \$34,325.54 in all.

Corporate Schools.

Estimate, \$126,500; allowed, \$120,000; appropriation for previous year, \$115,722.59, which is short of statutory requirements by \$5,577.26, the necessary expenditure (as provided by law) being \$121,299.25.

An additional amount of \$6,500 is requested, and in this connection the Committee would state that the expenditure of the money is entirely regulated by statute, so far as this Board is concerned, it being merely a matter of computation to carry out the lawful requirements.

The following table shows the manner in which the statutes provide for the apportionment of school moneys, in which the Corporate Schools participate.

	1893	567 36	11,345	121,299 85

The amount allowed in the Provisional Estimate for 1894, viz., \$120,000, is less by \$1,299.25 than the necessary sum for 1893. A glance at the table above will, therefore, show the necessity of an increase in the appropriation in order that this Board may comply with the statutes.

FURNITURE AND REPAIRS OF—SPECIAL.

Estimate, \$83,000; allowed, \$37,500; appropriation for previous year, \$37,500. It is recommended that \$20,000 additional to amount allowed be asked for the purpose of furnishing desks in class-rooms now deficient in that particular. A statement from the Superintendent of School Buildings is herewith submitted in relation thereto :

NEW YORK, October 30, 1893.

To the Committee on Finance :

GENTLEMEN—As has already been stated by me to the Honorable President of this Board and to the Honorable Chairman of this Committee, the increase in the amount of money required for 1894 over that allowed for 1893 for "Furniture and Repairs of—Special," is due to the great necessity which exists for the prompt removal of the old-fashioned settees (with which up to about six years ago all the lower grades of schools were seated), also of removing old and antiquated furniture without proper desk facilities, and the replacing of both with desks and seats; not only on account of the great physical injury to the children by their use, but also on account of the changed course of study, which make desks a necessity for the proper preparation of work.

I understand that our estimate and request for the sum of \$83,000 for this work, together with the usual repairs, has been reduced in the Provisional Estimate of the Board of Estimate and Apportionment to \$37,500.

After careful consideration of the matter, I fail to see how this amount of \$37,500 will in any way be sufficient for the great need in this matter. Were the amount increased by \$20,000, and we abandoned until 1895 some of the repairs, and the purchase of blackboards, chairs and teachers' desks, we might be able to considerably lessen, although not entirely remove, this great evil.

Respectfully yours,  
C. B. J. SNYDER, Superintendent of School Buildings.

It is a fact that there are children at present compelled to study with their lessons on their knees, there being no desks for their use. Such conditions must necessarily retard physical development and jeopardize health. The additional \$20,000 will ameliorate the existing state of affairs, although it will be impossible to carry out many necessary contemplated improvements.

The total additional sum requested to be added to the Provisional Estimate, the reasons and details for which are embodied in the foregoing report, amounts to \$41,392.78, which added to the amount of the estimate as it now stands, \$4,624,654.97, would make a total appropriation for Public Instruction for 1894 of \$4,666,047.75.

The committee would suggest that the Board of Estimate and Apportionment make the appropriation in a lump sum, in same manner as the Normal College and the College of the City of New York, leaving to this Board the responsibility and discretionary power of making its own sub-appropriations. Although the original estimate could not be materially departed from, yet the Board would be unhampered by superfluous restrictions, necessitating trouble and delay in obtaining a transfer for some exigencies which may always arise in so large an institution and system as this. Further, the Board fully realizes its responsibility, and the necessity of economy and a careful expenditure of the public moneys, but the abridgment of discretionary power and the rigid confines drawn around its financial machinery has tended during recent years to impair and limit its usefulness, to prevent it from carrying out its by-laws, and in some instances to stifle plans for the advancement and welfare of the system, which would otherwise have been carried out.

The committee not only believes that the removal of these narrow lines would be a benefit, but would also tend towards an economical administration, as the greater responsibility would carry with it, by implication, the necessity of extreme care and watchfulness.

The following resolutions are submitted for adoption :

Resolved, That the Board of Estimate and Apportionment be and it hereby is respectfully requested to increase the following-named items in the Provisional Estimate for 1894 :

Salaries of Officers and Clerks of the Board of Education.....	\$2,000 00
Fuel for all the Schools and Hall of the Board of Education.....	8,567 24
Gas and Other Methods of Lighting, etc.....	4,325 54
Corporate Schools, per Acts of the Legislature.....	6,500 00
Furniture and Repairs of—Special.....	20,000 00
	\$41,392 78

—and further that the appropriations be made in the form of a lump sum, leaving the discretionary power of subdivision to the Board.

Resolved, That the foregoing report and resolution be printed in full in the minutes and a copy transmitted to the Board of Estimate and Apportionment.

The President put the question whether the Board would adopt the resolutions attached to the report of the Finance Committee, as amended, and it was decided in the affirmative.  
Extract from the minutes.

**SEALED BIDS OR ESTIMATES FOR FURNISHING** Five Hundred Tons of White Ash Coal, egg size, for the Willard Parker and Reception Hospitals, under the charge of the Board of Health, will be received at the office of the Health Department, in the City of New York, until 1.30 o'clock P. M., of December 6, 1893. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed, "Bid or Estimate for furnishing Coal for Willard Parker and Reception Hospitals," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Board and read.

The Board of Health reserves the right to reject all bids or estimates, as provided in section 64, chapter 410, Laws of 1882, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.  
The Coal to be of good quality, and the quantity that will be required will be about Five Hundred (500) Tons of White Ash Coal, to be well screened and in good order, each ton to be 2,240 pounds, in accordance with the specification attached to and which forms a part of the contract aforesaid.

Delivery to be made at the Willard Parker and Reception Hospitals, near the foot of East Sixteenth street, at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.  
The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid therefor only at the rate or price named in the contract, and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of ONE THOUSAND TWO HUNDRED (\$1,200) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in the City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of the City of New York, each justifying in the penal sum of ONE THOUSAND TWO HUNDRED (\$1,200) DOLLARS, and agreeing that if he shall omit or refuse to execute the said contract they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting;

the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept, but do not execute, the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the Coal will be made by requisition on the Comptroller, and as more specifically and particularly is set forth in the contract form.

Bidders are informed that no deviation from the contract and specifications will be allowed, unless under the written instruction of the Board of Health.

The form of the agreement, including specifications, showing the manner of payment, will be furnished at the office of the Department, No. 301 Mott street.

SEALED BIDS OR ESTIMATES FOR THE following-mentioned work, with the title of the work and the name of the bidder indorsed thereon, will be received by the Department of Public Parks at its offices, Nos. 49 and 51 Chambers Street, until 11 o'clock A. M., on Wednesday, November 29, 1893.

LINING WITH TILES THE INSIDE OF CONTINUOUS TANKS OF THE AQUARIUM IN CASTLE GARDEN BUILDING, IN BATTERY PARK.

Bidders are required to state, in writing, and also in figures, in their proposals, ONE PRICE OR SUM for which they will execute the ENTIRE WORK.

The time allowed for the completion of the whole work will be TWENTY CONSECUTIVE WORKING DAYS.

The damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are fixed at TEN DOLLARS per day.

The amount of security required is ELEVEN HUNDRED DOLLARS.

Bidders will be required to complete the entire work to the satisfaction of the Department of Public Parks, and in substantial accordance with the specifications for the work and the plans therein referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered

himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded will be awarded to the lowest bidder.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; and the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.
