PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

SATURDAY, OCTOBER 12, 1907,
AT TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, Milo R. Maltbie, John E. Eustis, Acting Secretary William J. Norton.

On motion, duly seconded and carried, the Secretary was authorized to appoint a male Stenographer at \$1,650 per annum and a male Stenographer at \$1,500 per annum, from certified Civil Service lists.

On motion, duly seconded and carried, the Counsel was requested to allow Mr. Walker to assist the Secretary in filing, classifying and abstracting franchise and real estate material filed by corporations in accordance with the resolutions of the Commission.

On motion, duly seconded and carried, the Counsel was requested to render an opinion as to whether the Baltimore & Ohio Railroad Company was a company within the jurisdiction of the Commission.

On motion, duly seconded, it was Resolved, That the Secretary be and he hereby is authorized to order the printing of contracts and specifications and other necessary printing required in connection with the advertising and letting of the proposed Fourth avenue subway route, Brooklyn.

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.
Nays—None.
Carried.

On motion, duly seconded, it was Resolved, That the Counsel be and he hereby is authorized to order such printing as may be necessary in connection with the Ninety-sixth street change of route.

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.

Carried.

Commissioner Maltbie, to whom the matter had been referred, reported upon the following request of the Bronx Gas and Electric Company:

WESTCHESTER, NEW YORK CITY, October 7, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, No. 154 Nassau Street, City:

DEAR SIR—Referring to the order of the Commission, dated September 30, 1907, receipt of which this company has regularly acknowledged:

This order calls for two meter provers, with connections complete, to be installed in our meter shop. Inasmuch as this company has altogether only about 3,500 meters installed, which are all tested and sealed by your Inspectors in the shops of the manufacturer before they are received by us, and opened and repaired by the manufacturer when necessary, and never opened or repaired by this company, we beg to ask if an exception could not be made in our case, and that instead of being required to have two meter provers, we be required to install one prover, which will be sufficient to take care of the few meters that are handled by this company during the course of the year.

To supply a second prover at this time will be only an additional expense and not at all commensurate with the amount of work to be done.

Yours respectfully,

THE BRONX GAS AND ELECTRIC COMPANY,
(Signed) E. H. ROSENQUEST,
President and General Manager.

On motion, duly seconded, it was Resolved, That the Bronx Gas and Electric Company be relieved of as much of the order of this Commission dated September 30, 1907, as requires the said company to install two meter provers, and that the said company be required to have installed one meter prover.

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.
Nays—None.
Carried.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, WEDNESDAY, OCTOBER 16, 1907, AT TRIBUNE BUILDING, 154 NASSAU STREET, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney.

The Secretary presented the following communication from the Counsel:

October 15, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, First District:

DEAR SIR—I send you herewith a draft of a proposed resolution, together with a draft of a proposed communication to be addressed to the Board of Estimate and Apportionment, providing for a requisition by the Public Service Commission for the First District, on the Board of Estimate and Apportionment, under section 37 of the Rapid Transit act, for the authorization of a further amount of Corporate Stock of The City of New York to be sold by the Comptroller sufficient to pay the expense amounting to \$1,000,000 for the purchase of real estate, or interests therein, necessary for the construction and operation of the Brooklyn loop lines in Manhattan.

Very truly yours,
(Signed) ABEL E. BLACKMAR,
Counsel to the Commission.

The following resolution and communication to the Board of Estimate and Apportionment were presented, and, on motion, duly seconded, were adopted by the following vote:

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.

Nays—None.

Whereas, The City of New York has, by the Board of Rapid Transit Railroad Commissioners, duly made five certain contracts bearing date respectively the 27th day of April, 1907, the 27th day of May, 1907, and the 27th day of June, 1907, the last date including three contracts, for the construction of a rapid transit railroad known as the Brooklyn loop lines, as in said contracts described, on Centre street, Canal street and Delancey street, including the construction of pipe galleries in connection therewith; and,

Whereas, The full amount sufficient to pay the entire estimated expense of executing the said contracts for construction on the part of The City of New York has been authorized to be provided by the Comptroller through an issue of the Corporate Stock of The City of New York under resolutions adopted by the Board of Estimate and Apportionment of The City of New York, pursuant to requisitions of the said Board of Rapid Transit Railroad Commissioners; and,

Whereas, To acquire and pay for real estate or interests therein, which shall be acquired by The City of New York for the purposes of the construction of such road as in said contracts provided, and for the operation of the same when constructed, there will be necessary to be provided the further sum of one million dollars (\$1,000,000); now therefore it is

Resolved, That the Public Service Commission for the First District does hereby in pursuance of section 37, chapter 4 of the Laws of 1901, as amended, and of chapter 429 of the Laws of 1907, as the successor of said Board of Rapid Transit Railroad Commissioners, make requisition upon the Board of Estimate and Apportionment of The City of New York for the authorization of the further amount of Corporate Stock of The City of New York sufficient to pay the said entire estimated expense of one million dollars (\$1,000,000) for the purchase of real estate or interests therein.

Resolved, That the Chairman and Secretary of the Public Service Commission for the First District be and they are hereby authorized to execute and transmit to the Board of Estimate and Apportionment the communication herewith presented including such requisition.

October 15, 1907.

To the Board of Estimate and Apportionment, New York City:

SIRS—In the prosecution of the construction of the subway railroad known as the Brooklyn loop lines in Manhattan, through Centre street, with connections to Manhattan Bridge by way of Canal street, and to the Williamsburg Bridge by way of Delancey street, for which contracts for construction only were let by the late Board of Rapid Transit Railroad Commissioners just prior to said Board's going out of office, pursuant to appropriations and approval of contracts made by the Board of Estimate and Apportionment, the Public Service Commission for the First District now finds that it is necessary to pass over private property at the curve at Canal street and at the curve at Delancey street and to construct stations, in some cases, in private property.

The appropriations made for the five contracts, known as the Brooklyn loop contracts, by the Board of Estimate and Apportionment, are distinctly for the construction of the subway railroad and for the construction of pipe galleries in connection therewith, and no part of the appropriations made by the Board of Estimate for any of the said contracts is for the acquisition of real estate necessary for the construction or operation of the road.

Under the plan of construction the roof of the tunnel is so near the surface and some of the structures upon parcels on the curves are in such condition that to support the same during the construction of the railway will be more expensive than to acquire the property to construct the road and dispose later of the property, if desirable. Resolutions for the institution of condemnation proceedings to acquire easements for the construction and operation of the road have been passed and transmitted to the Corporation Counsel; but a purchase of parcels at private sale will enable the work of construction to be sooner advanced, and in the opinion of the Commission, be a saving of expense to the City in case an agreement as to the price of same can be made.

An appraisal of the value of the parcels of property on the curves at Canal and Delancey streets has been procured by this Commission from Douglas Robinson, Charles S. Brown & Co., and it would seem from such appraisals and negotiations with several of the property owners that the cost of the property will be about one million dollars. The cost of station easements cannot now be estimated and a further acquisition may be necessary for the purpose of acquiring all of them.

It is provided by section 37 of the Rapid Transit act that for the purpose of providing the necessary means to pay for lands, property, rights, terms, privileges and easements which shall be acquired by the City for the purposes of the construction and operation of such road, the Board of Estimate and Apportionment, on requisition of the Board of Rapid Transit Railroad Commissioners, shall direct the Comptroller, and it shall thereupon become his duty to issue the bonds of the said City.

The Board of Rapid Transit Railroad Commissioners was abolished and went out of office pursuant to the provisions of chapter 429 of the Laws of 1907, and the powers and duties of the said Board conferred and imposed by any statute of the State are

directed to be exercised and performed by the Public Service Commission for the First District.

In pursuance of such authority the Public Service Commission for the First District hereby makes requisition upon the Board of Estimate and Apportionment for the authorization of a further amount of Corporate Stock of The City of New York, to be sold by the Comptroller, sufficient to pay the estimated expense of the acquisition of real estate, or of interests therein, necessary for the construction and operation of the Rapid Transit Railroad, known as the Brooklyn loop lines, Manhattan, that is to say, the sum of one million dollars.

In testimony whereof, the Public Service Commission for the First District has caused this requisition to be subscribed by its Chairman and Secretary and its corporate seal to be hereto affixed this day of October, 1907.

The Secretary stated that on October 15 the New York, New Haven and Hartford Railroad Company filed its answer in the matter of Henry G. Kost, complainant, against the company, in the matter of the burning of soft coal, and that it was referred to the Counsel for his consideration.

The Secretary presented the following notices from the Comptroller's office, which, on motion, were ordered filed:

October 11, 1907.

Hon. H. A. D. HOLLMANN, Auditor, Public Service Commission:

DEAR SIR—I beg to advise you that on October 10, 1907, the sum of thirty thousand dollars (\$30,000) was deposited to the credit of Rapid Transit Fund No. 2, authorized January 25, 1907, pursuant to the provisions of section 10, chapter 4, Laws of 1891, and section 7, chapter 752, Laws of 1894, as amended.

Respectfully,
(Signed) H. L. SMITH,
Assistant Deputy Comptroller.

October 11, 1907.

Hon. H. A. D. HOLLMANN, Auditor, Public Service Commission:

DEAR SIR—At a meeting of the Board of Estimate and Apportionment held October 4, 1907, the Comptroller was authorized to issue Corporate Stock to the amount of \$850,000, which was approved by the Mayor,

I beg to advise you that in accordance with the above authorization, an account has been established upon our records from which all vouchers properly chargeable against this authorization should be drawn, entitled Rapid Transit Construction Fund—Manhattan-The Bronx, Sub-Title No. 3.

Respectfully,
(Signed) H. L. SMITH,
Assistant Deputy Comptroller.

The Secretary presented the following petition, signed by various persons in Queens County, which, on motion, was ordered filed.

To the Honorable Board of Public Service Commission, No. 154 Nassau Street, New York City:

GENTLEMEN—We, the undersigned residents and property owners of Queens Borough and Long Island, respectfully petition you to hasten the operation of the Belmont tunnel under the East river. We are aware that the said tunnel is practically completed and can be operated at once, and we hope you will take cognizance of the number of petitioners hereto, and act as speedily as possible.

2113

The Secretary presented the following communication from Mr. E. P. Bryan, president of the Interborough Rapid Transit Company, and, on motion, duly seconded, a copy of the same was ordered sent to the New York Mail and Newspaper Transportation Company:

New York, October 12, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, No. 154 Nassau Street, City:

DEAR SIR—I beg to acknowledge receipt of your letter of October 4, with copy of letter from J. J. Kennedy, manager of the New York Mail and Newspaper Transportation Company, and blue print O-115, to illustrate application for permission to lower the roof of the subway between Bent No. 755 and Bent No. 756, at One Hundred and Twenty-fourth street and Lenox avenue, for the purpose of laying pneumatic mail tubes across the same.

I beg to advise that the distance from the top of the subway to the surface of the street is unusually small at this place and we were obliged to raise the surface of street in building the subway. While depressions have been made in the roof of the subway for the passage of water pipes, etc., as at Sixty-sixth street and Broadway, they have been at points where adequate strength could be maintained. The design shown in the print is entirely too weak, and, if a depression is to be made in the roof of the subway to accommodate these pipes, the strength of the present subway should be maintained. No depression should be made which would project inside the interior roof line, and the design and workmanship should be subject to our approval.

Yours truly,
(Signed) E. P. BRYAN, President.

The Secretary presented a bill of the Brooklyn Daily "Eagle," dated June 4, 1907, amounting to \$67.20, also a bill of the Brooklyn Daily "Times," dated June 4, 1907, amounting to \$63.36, both bills being for expenses incurred in publishing notices in the matter of acquiring title by The City of New York to a triangular block of land, bounded by Flatbush, Fourth and Atlantic avenues, in the Borough of Brooklyn, for rapid transit purposes.

The said bills having been properly taxed by a Justice of the Supreme Court it was, on motion, duly seconded,

Resolved, That the bill of the Brooklyn Daily "Eagle," dated June 4, 1907, amounting to \$67.20, and the bill of the Brooklyn Daily "Times," dated June 4, 1907, amounting to \$63.36, be approved by this Commission and forwarded to the Comptroller of The City of New York for payment.

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.
Nays—None.
Carried.

The Secretary presented a certified copy of a bill of costs of Mortimer Kennedy Flagg, of No. 15 William street, New York, dated September 6, 1907, and amounting to \$100, for services rendered from August 7 to September 6, 1907, as clerk to the Commissioners in the matter of the application of the Board of Rapid Transit Commissioners, relative to the acquiring by the City of New York of perpetual easements necessary for the construction, maintenance and operation of an elevated railroad in Westchester avenue, on the Southern Boulevard and Boston road to One Hundred and Eighty-first street.

The said bill of costs having been regularly and properly taxed by a Justice of the Supreme Court, it was, on motion duly seconded,

Resolved, That the said certified copy of the bill of costs of Mortimer Kennedy Flagg, dated September 6, 1907, and amounting to \$100, be approved by this Commission and forwarded to the Comptroller of the City of New York for payment.

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.
Nays—None.
Carried.

2090

The Secretary presented a bill of Douglas Robinson, Charles S. Brown & Co., No. 146 Broadway, New York, dated October 7, 1907, and amounting to \$400, for services rendered in the appraisal of certain lots at the corner of Walker and Centre streets and at the corner of Broome and Centre streets, in all twelve parcels of land, containing approximately eighteen lots. On motion, duly seconded, it was

Resolved, That the bill of Douglas Robinson, Charles S. Brown & Co., dated October 7, 1907, amounting to \$400, for appraisal services, be approved by this Commission and forwarded to the Comptroller of the City of New York for payment.

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.
Nays—None.
Carried.

The Secretary presented a bill received from the Law Reporting Company, dated October 7, 1907, and amounting to \$2,633.45, for furnishing printed, mimeographed and typewritten copies of testimony taken at the investigation of the Interborough-Metropolitan Company and the Brooklyn Rapid Transit Company, between the dates of August 1 and September 26, inclusive. Whereupon, on motion, duly seconded, it was

Resolved, That the bill of the Law Reporting Company, dated October 7, 1907, amounting to \$2,633.45, be approved by this Commission and forwarded to the Comptroller of the City of New York for payment.

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.

The Secretary presented the following order for adoption by the Commission:

ORDER No. 41.

William H. Keating,

Complainant.

against

New York and Harlem Railroad Company,

and

New York Central and Hudson River Railroad Company,

Defendant.

This matter coming on upon the complaint of William H. Keating, by which it appears that said complainant is aggrieved by acts done or omitted to be done by the New York and Harlem Railroad Company and the New York Central and Hudson River Railroad Company, said defendant, and set forth in said complaint, which are claimed to be in violation of some provision of law or of the terms and conditions of defendant's franchises or of an order of this Commission,

Now, upon reading and filing the said complaint, it is

Ordered; That a copy of the said complaint be forwarded to said defendant, that the matters therein complained of be satisfied, or the charges in said complaint set forth be answered, by said defendant within ten days after service upon it of this order, exclusive of the day of service.

It was moved, and duly seconded, that the foregoing order be approved.

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.
Nays—None.
Carried.

The Secretary presented the following communication, addressed to Commissioner Eustis, which, on motion, duly seconded, was referred to the Committee of the Whole:

No. 60 Murray street, New York.

October 15, 1907.

Hon. JOHN E. EUSTIS, Commissioner, Tribune Building, New York:

DEAR SIR—I wish to call the attention of your Commission to the extortionate charges of the American Express Company, since competition has been squelched, for service to the Bronx.

Formerly the rate was 25 cents per 100 pounds, with a minimum charge of 15 cents, and now the rate is 40 cents per 100, and a small package weighing 25 to 30 pounds, is charged for at 35 cents or nearly as much as 100 pounds. I think it is within your province to investigate and regulate this traffic, the cost of which is much less to the distributors since they use the trolley cars for freight. If you have the power will you use it for the public good, and oblige,

Yours truly,
(Signed) J. F. TOUSSAINT,
No. 2861 Webster avenue.

1743

The Secretary presented the following communication, which, on motion, was ordered filed:

Public Service Commission for the First District, No. 154 Nassau street, New York City:

SIRS—In pursuance of the interview with you this date, I beg to inform you that instructions have been issued to fulfill the requirements of our contract in relation to the Eight Hour a Day Labor Law, and that no departure will be made from this law, except in "cases of extraordinary emergency caused by fire, flood or danger to life or property."

Yours respectfully,
(Signed) BRADLEY CONTRACTING COMPANY,
Per B. HIPKINS, Engineer.

Commissioner McCarroll left the meeting at this point.

2090

The Secretary presented a communication from the Counsel to the Commission, transmitting copies of proposed form of contract to be executed in acquiring the real property for the Brooklyn Loop Lines.

On motion, the letter was ordered on file.

2092

The Counsel having reported that in pursuance of a resolution of the Commission of September 19, 1907, he had been in negotiation with Jonathan W. Hull and Anna R. Fink, joint owners of property known as No. 404 Broome street and No. 1 Marion street, situate on the northeast corner of Broome and Marion streets, in The City of New York, and had obtained an offer from them to sell their property to the City for the sum of sixty-five thousand dollars (\$65,000), and the Counsel having presented a contract for the purchase of the property for that amount duly executed in duplicate by said Jonathan W. Hull and Anna R. Fink, the following resolution was moved, and duly seconded:

Resolved, That the purchase of said property for the sum of sixty-five thousand dollars (\$65,000) be approved, and that the Chairman and Secretary be and they are hereby authorized and directed to execute said contract in duplicate, under the seal of the Commission in behalf of The City of New York; and further

"Resolved, That Counsel be authorized to have the title to said property examined and insured by the Lawyers' Title Insurance and Trust Company at an expense of two hundred and two dollars and fifty cents (\$202.50), being two hundred and seventy dollars (\$270), the schedule cost, less twenty-five per cent. (25%) commission allowed to Counsel.

Ayes—Commissioners Willcox, Maltbie, Eustis.
Nays—None.
Carried.

2092

The Counsel having reported that in pursuance of a resolution of the Commission of September 19, 1907, he had been in negotiation with George Thum, the owner of property known as No. 402 Broome street, near the corner of Centre street, and had obtained an offer from him to sell his property to the City for the sum of \$40,000, and the Counsel having presented a contract for the purchase of the property for that amount, duly executed in duplicate by Mr. Thum, the following resolution was moved, and duly seconded:

Resolved, That the purchase of said property for the sum of forty thousand dollars (\$40,000) be approved, and that the Chairman and Secretary be and they are hereby authorized and directed to execute said contract in duplicate under the seal of the Commission in behalf of The City of New York; and further

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

MONDAY, OCTOBER 21, 1907.
AT TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney.

The Secretary stated that the Counsel to the Commission some time ago transmitted an opinion as to the matter of the rights of the Degnon Contracting Company to shore certain buildings on the Brooklyn loop lines; that a copy of that opinion was sent to the company, which sent back a copy of the opinion of its counsel, which was referred to Mr. Blackmar, who renders an opinion stating that the company can apply to the Department of Buildings of the City, which has adequate power to put in such shoring as may be necessary there.

Commissioner Eustis—"I move that it be referred to a Committee of One to take the matter up with Mr. Blackmar, and then advise the contractor what to do."

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

The Chairman designated Commissioner Maltbie as such Committee. The opinion was as follows:

The Public Service Commission for the First District:

GENTLEMEN—I am in receipt of your communication, dated October 16, submitting to me a copy of a letter from the Chief Engineer's office and also one from the Chief Engineer of the Degnon Contracting Company, and a copy of the opinion of the counsel for the contractors.

I do not see how any good purpose can be subserved by continuing a discussion regarding the rights and duties of the contractor and the City under the contract. I was familiar with and had examined the cases referred to and the opinions of the Corporation Counsel and the Counsel to the Board, which are quoted at length in the opinion of the contractors' counsel, and took them into consideration when I rendered my opinion. It is true that no City Department can interfere with or control the work of the subway construction carried on under your supervision as successor to the Board of Rapid Transit Railroad Commissioners, and that the authority of the Commission is paramount in all matters of construction and operation of the subways. Nevertheless, the Commission has no means at its command of placing the contractor in the physical possession of abutting private property. The contractor construes the contract as imposing a duty upon the City of placing him in possession of the property. I have pointed out an ordinance of the City vesting in one of its departments power so to do, but the contractor seems to think it should be accomplished in some other way. If he is right that the City has assumed this duty, I do not understand why he hesitates to appeal to the Department of the City which has undoubted power in the premises. The paramount power vested in this Commission over control of subway construction, is no objection to the Building Department acting if this Commission so desires.

If the contractor is right that the City fails in its duty, the contract by its terms provides his exclusive remedy, namely, a claim for any damages which he may suffer through such default on the part of the City.

Yours truly,
(Signed) ABEL E. BLACKMAR,
Counsel to the Commission.

The Secretary presented the following communication, which, on motion, duly seconded, was referred to the Chief Engineer for immediate report:

October 19, 1907.

Public Service Commission, No. 154 Nassau Street, New York City:

DEAR SIRS—The permit for construction of section 9-0-4, Brooklyn loop line, having been issued to us in June last by Chief Engineer Rice, we beg to inform you that we have only found it practicable to commence work on a small scale between the Bowery and Lafayette avenue, October 14, 1907.

On this date we started two forces excavating; one in Elizabeth street, working west, and one in Mulberry street, working west, each of which were the only available directions in which we could work.

In accordance with the provisions of the contract, your attention is respectfully directed to the clause pertaining to acquisition of real estate. Although the portion of the real estate between Elizabeth and Mulberry street has been acquired so much of the buildings stand as to offer serious obstruction to our progress in 'planting' the work, which we propose to do in the fashion shown by plan submitted herewith.

For a better understanding, we submit herewith views taken October 16, 1907, wherein the small black circle near the centre of each indicates the line of the subway structure. The red circle includes the number of the views which are explained on the back of each respectively.

Further, by reason of conflicting circumstances, involving your Commission and the Finance Department, the failure to obtain easements in proper time, we contend that though the permit was issued to commence work on Section 9-0-4, June 27, 1907, that by reason of our inability to obtain possession thereof, the permit is either not in force or else we are entitled to an extension of time for its completion.

Yours respectfully,
(Signed) BRADLEY CONTRACTING COMPANY,
FRANK BRADLEY, Sr., President.

The Secretary presented the following communications from the Department of Finance, which, on motion, were ordered on file:

October 9, 1907.

Hon. H. A. D. HOLLMANN, Auditor, Public Service Commission:

DEAR SIR—I beg to advise you that on September 25, 1907, the sum of seven thousand five hundred dollars (\$7,500), was deposited to the credit of the Rapid Transit Fund No. 2, authorized January 25, 1907, pursuant to the provisions of section 10, chapter 4, Laws of 1891, and section 7, of chapter 752, Laws of 1894, as amended.

Respectfully,
(Signed) H. L. SMITH,
Assistant Deputy Comptroller.

October 9, 1907.

Hon. H. A. D. HOLLMANN, Auditor, Public Service Commission:

DEAR SIR—I beg to advise you that on September 17, 1907, the sum of twenty thousand dollars (\$20,000), was deposited to the credit of Rapid Transit Fund No. 2, authorized January 25, 1907, pursuant to the provisions of section 10, chapter 4, Laws of 1891, and section 7, of chapter 752, Laws of 1894, as amended.

Respectfully,
(Signed) H. L. SMITH,
Assistant Deputy Comptroller.

October 9, 1907.

Hon. H. A. D. HOLLMANN, Auditor, Public Service Commission:

DEAR SIR—I beg to advise you that on September 25, 1907, the sum of thirty thousand dollars (\$30,000), was deposited to the credit of Rapid Transit Fund No. 2, authorized January 25, 1907, pursuant to the provisions of section 10 of chapter 4, Laws of 1891, and section 7, of chapter 752, Laws of 1894, as amended.

Respectfully,
(Signed) H. L. SMITH,
Assistant Deputy Comptroller.

October 9, 1907.

Hon. H. A. D. HOLLMANN, Auditor, Public Service Commission:

DEAR SIR—I beg to advise you that on October 2, 1907, the sum of three thousand dollars (\$3,000), was deposited to the credit of Rapid Transit Fund No. 2, authorized January 25, 1907, pursuant to the provisions of section 10, chapter 4, Laws of 1891, and section 7, chapter 752, Laws of 1894, as amended.

Respectfully,
(Signed) H. L. SMITH,
Assistant Deputy Comptroller.

The Secretary presented the following resolution and communication to the Board of Estimate, recommended by the Committee of the Whole for adoption by the Commission:

Resolved, That the Public Service Commission for the First District make application to the Board of Estimate and Apportionment of The City of New York for the authorization of bonds of The City of New York sufficient to meet the requirements of extra work under the contract with John B. McDonald for the construction of the Manhattan-Bronx Rapid Transit Railroad to the amount of six hundred thousand dollars (\$600,000), and that the Chairman and Secretary be authorized to execute and transmit, under the seal of the Commission, a communication including such requisition herewith presented.

The communication was as follows:

October 21, 1907. 2189

To the Board of Estimate and Apportionment, New York City:

SIRS—The Board of Rapid Transit Railroad Commissioners, at various times prior to its going out of office on July 1, 1907, under the provisions of chapter 429 of the Laws of 1907, made requisitions upon the Board of Estimate and Apportionment to meet the requirements for extra work under the contract with John B. McDonald for the construction of the Manhattan-Bronx Rapid Transit Railway, to the amount of \$4,515,000.

It seems that extra work for construction of outlet chambers, fan-houses and vault-light openings, with the necessary appliances for ventilation of the subway, was

authorized by the Board of Rapid Transit Railroad Commissioners and has been in large part completed by the contractor, and that in order to pay the expense of this extra work, in addition to other extra work authorized under the contract, a further sum of \$600,000 will be necessary.

In pursuance, therefore, of section 37 of chapter 4 of the Laws of 1901, as amended, known as the Rapid Transit Act, and of chapter 429 of the Laws of 1907, the Public Service Commission for the First District, as the successor of the Board of Rapid Transit Railroad Commissioners, hereby makes requisition upon the Board of Estimate and Apportionment of The City of New York for the authorization of bonds of The City of New York sufficient to meet the requirements of extra work under the contract with John B. McDonald for the construction of the Manhattan-Bronx Rapid Transit Railroad to the amount of six hundred thousand dollars (\$600,000).

In witness whereof, the said Public Service Commission for the First District has caused this requisition to be subscribed by its Chairman and Secretary and its seal to be hereto annexed this 21st day of October, 1907.

Chairman,
Secretary.

On motion, duly seconded, it was Resolved, That the foregoing resolution and form of communication to the Board of Estimate and Apportionment be adopted.

Ayes—Commissioners Willcox, McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented the following communication from the Corporation Counsel of the City, transmitting petition to be signed by the Commission:

NEW YORK, October 19, 1907.

In the Matter
of

Acquiring easements in certain property at or near the southeast corner of Centre and Walker streets, Manhattan, for the Rapid Transit Railroad tunnel.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission, First District, No. 154 Nassau Street, New York City:

SIR—I beg to enclose herewith for signature and verification the petition for the appointment of Commissioners of Appraisal in the proceeding to acquire or extinguish for The City of New York a perpetual underground easement or right of way in or under certain property at the southeast corner of Centre and Walker streets, Manhattan, for the purpose of the rapid transit tunnel.

The Rapid Transit Act, chapter 4, Laws of 1891, section 43 as amended, provides that the petition for the appointment of Commissioners of Appraisal shall be "signed by a majority of the members of said Board and verified in the manner prescribed by law for the verifications of pleadings."

The notice of the application is now being published in the CITY RECORD, the "New York Times" and the "Globe" on Tuesdays and Fridays of each week, a copy of which notice I herewith enclose.

The application will be made to the Supreme Court, Special Term, Part III, on October 29, and I shall, therefore, be greatly obliged if you will have the petition signed and verified by at least a majority of the members of the Public Service Commission and return to me not later than Saturday, October 26, 1907.

Respectfully yours,
(Signed) G. L. STERLING, Acting Corporation Counsel.

On motion, duly seconded and carried, it was determined that the Commission approve the petition and that the Commissioners sign it.

2000

The Secretary presented resolutions from the Committee of One Hundred of The Bronx, in regard to the matter of improvement of transit facilities for The Bronx, which, on motion, were ordered filed.

2132

The Secretary stated that a communication had been received from the Secretary of the Association of Bronx Real Estate Brokers, enclosing resolutions of that organization asking the Commission to rescind its action of October 1, 1907, and, on motion, it was ordered filed.

1729

The Secretary stated that a copy of the resolutions adopted by the West End Theodore Roosevelt Republican Club of Queens County had been received, urging the necessity of additional transportation facilities in Queens County, and particularly the Broadway and Jamaica avenue subway. On motion, duly seconded, it was referred to Commissioner Bassett as a Committee of One.

2132

The Secretary stated that a communication had been received from the Secretary of the Association of Bronx Real Estate Brokers, enclosing copy of resolutions of that organization, asking the Commission to rescind its action of October 1, 1907, committing the City to the construction of the Fourth avenue subway in Brooklyn. On motion, it was ordered filed.

Commissioner Bassett entered the meeting at this point.

1025

The Secretary presented the following communication from the West End Board of Trade, which had been investigated by Commissioner Bassett:

BROOKLYN, N. Y., September 17, 1907.

Hon. W. R. WILLCOX, Chairman, Public Service Commission, No. 154 Nassau Street, New York:

DEAR SIR—We desire to call your attention to the refusal of the Brooklyn Rapid Transit Company to issue transfers to southbound cars on Fifth avenue at the junction of Bay Ridge avenue and Fifth avenue, to passengers from the Bay Ridge avenue line from Sixty-fifth street to Ulmer Park.

On Friday, September 13, at 12.13 p. m., a passenger on the Bay Ridge avenue line, bound east, was refused a transfer to Fort Hamilton at the junction of Bay Ridge avenue and Fifth avenue, by transfer agent No. 10792, on boarding an Eighty-sixth street car bound south; he was compelled to pay additional fare or threatened with ejection by conductor No. 4248 of the Eighty-sixth street and Fifth avenue line, and it was paid under protest.

We believe this is a proper transfer point under the intent of the Railroad Law, and respectfully request that you take such action as may be necessary to enforce the giving of transfers at this point.

Very truly yours,
(Signed) D. B. SEAVER,
Chairman, Commission on Railroads and Ferries.

The following order was thereupon presented for adoption by the Commission:

ORDER No. 42.

1025

West End Board of Trade,
Complainant,

vs.

Nassau Electric Railroad Company, Sea
Beach Railway Company,
Defendants.

This matter, coming on upon the complaint of West End Board of Trade, of Brooklyn, New York, by which it appears that said complainant is aggrieved by acts done or omitted to be done by Nassau Electric Railroad Company and Sea Beach Railway Company, said defendants, and set forth in said complaint, which are claimed to be in violation of some provision of law, or of the terms and conditions of defendants' franchises, or of an order of this Commission:

Now, upon reading and filing the said complaint, it is

Ordered, That a copy of the said complaint be forwarded to said defendants, and that the matters therein complained of be satisfied or the charges in said complaint set forth be answered by said defendants within ten days after service upon it of this order, exclusive of the day of service.

It was moved and duly seconded that the foregoing order be approved.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Bassett—"Mr. Chairman, at this point let me state that there are two sorts of orders that we make. When complaints come in, as this complaint does, under the law we forward it with a simple order that an answer shall be made, or that it shall be satisfied within ten days. That does not imply any concurrence of ours in the subject matter of the complaint whatever; but we do it because the law directs us to do it. Other orders such as we make commanding a railroad company or public service company to do certain things are an entirely different thing; and the two should not be confused. This, I understand, is one of the many orders we shall make merely transmitting to companies for answers to complaints."

Chairman Willcox—"This is simply forwarding the complaint, under the ten-day section of our rules of procedure."

Commissioner McCarroll—"We ought not to call them orders; we ought to have a different designation for them."

Commissioner Bassett—"I have noticed that the press have in many instances confused these matters, and I simply wished to call attention to the fact that the one class does not express any concurrence of ours, and that the other does express concurrence."

1054

The Secretary then presented a communication from Charles H. Baxter, Chairman of the Committee of the Property Owners' Association of the Twenty-third Ward, Borough of The Bronx, calling attention to the failure of the New York Central to replace a bridge crossing its tracks at Mott avenue. On motion, duly seconded, the matter was referred to Commissioner Eustis as a Committee of One.

Commissioner Maltbie, as the Committee on Audit for the month of October, presented a list of bills and stated that he had gone over them and recommended them for payment. He thereupon moved the following, which was duly seconded:

Resolved, That the following bills be approved for payment:

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

T. P. Wilsnack, representing Fourth Ward, Borough of Queens.

F. K. Winslow, representing Rosedale Board of Trade.

Samuel Sanders, Esq.

Isaac F. Hubbard, Esq.

John Addicks, Esq.

W. T. Park, Esq.

Alderman Carter.

The hearing was then adjourned.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
WEDNESDAY, OCTOBER 23, 1907,
AT TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Commissioner John E. Eustis, Acting Chairman; Commissioners Edward M. Bassett, Milo R. Maltbie, Secretary Travis H. Whitney.

The Secretary presented the following communication from the West End Board of Trade, which, on motion, was referred to Commissioner McCarrroll:

BROOKLYN, October 19, 1907.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission, No. 154 Nassau Street, New York City:

DEAR SIR—Now that the construction of the Fourth avenue subway in its entirety has been definitely decided upon by the Commission, it seems fitting at this time to direct your attention to a communication from this Board to the old Board of Rapid Transit Commissioners under date of January 4, 1907, relative to a change in the proposed location of stations south of Thirty-sixth street.

At a regular meeting of the West End Board of Trade, held December 31, 1906, it was resolved that we petition for an express station to be located at Sixty-ninth street (Bay Ridge avenue) and that three stations be located between the express station at Thirty-sixth street and the suggested Sixty-ninth street station.

Suggested locations that met the approval of the members of the Board were as follows:

Forty-fourth and Forty-fifth street instead of Forty-seventh to Forty-eighth street.

Fifty-second and Fifty-third street additional station.

Sixtieth to Sixty-first street instead of Fifty-sixth to Fifty-seventh street.

Sixty-ninth street express instead of Sixty-fifth street.

In the 'Brooklyn Daily Eagle' of October 2, the express station is designated at Sixty-eighth and Sixty-ninth street, which we presume is correct, but there has been no other change made to equalize distances, and if this be right the following is the result:

Taking the stations between President street and Thirty-sixth street, which represents a section by itself, there is a station on an average of every $8\frac{3}{4}$ blocks.

Between Thirty-sixth street and Sixty-eighth street, a built up and thickly populated section, that will eventually become more thickly populated than the first named section, the stations are $9\frac{3}{4}$ blocks apart. The section between Sixty-ninth street and One Hundredth street has a station every $7\frac{1}{4}$ blocks. This is the most sparsely settled section of all the territory, with the section from Ninety-second street to the bay, occupied almost entirely by the Government Reservation at Fort Hamilton.

If it is deemed unwise to increase the number of stations as planned by the Engineers, south of Thirty-sixth street, we earnestly recommend for your consideration the following location for stations:

Forty-fourth street to Forty-fifth street.

Fifty-second to Fifty-third street.

Sixtieth to Sixty-first street.

Sixty-ninth to Seventieth street.

Seventy-eighth to Seventy-ninth street.

Eighty-sixth to Eighty-seventh street.

Ninety-ninth to One Hundredth street.

—as recommended in our letter of January 4, 1907.

Stations placed at the streets mentioned would in our judgment best accommodate the public resident along the line of route, and the established business interests of the Eighth and Thirtieth Wards.

Our Board would be pleased to have a representative or Committee appear before you, and go further into the matter, if it is so desired, as we deem the location of stations highly important, and not to be finally determined, without full consideration and knowledge of local conditions.

We are, most respectfully yours,

COMMITTEE OF RAILROADS AND FERRIES,

(Signed) D. B. SEAVER, Chairman.

The Secretary presented the following communication from W. T. Hornaday, Director, New York Zoological Society, which, on motion, duly seconded, was referred to Commissioner Eustis:

NEW YORK, October 21, 1907.

Hon. WILLIAM R. WILLCOX, President of the Public Service Commission, Tribune Building, New York City:

DEAR SIR—At a meeting of the Executive Committee of the Zoological Society, held on October 16, copies of the preliminary plans of your Architects, showing the latest proposition for the West Farms terminus of the subway, were submitted to the meeting and examined with great interest.

I am directed to acquaint you with the fact that the governing body of the Zoological Society cordially approves the preliminary design that has been prepared by your Engineers and Architects, under the direction of Chief Engineer Rice. The Executive Committee earnestly hopes that means may be found to provide the additional fund necessary for the erection of the structure, as shown on the latest plans.

It is our understanding that all parties in interest agree that the new station shall be located between One Hundred and Eightieth and One Hundred and Eighty-first streets, stopping short of the southern property line of One Hundred and Eighty-first street. In this agreement the Zoological Society concurs, and we hope that the new location may be formally approved and fixed by your honorable body.

Thanking you gratefully for the courteous consideration that you have bestowed upon the Zoological Society's requests in this matter, I have the honor to remain,

Yours very truly,

(Signed) W. T. HORNADAY, Director.

The Secretary presented the following communication from the Chief Engineer:

NEW YORK, October 21, 1907.

The Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—There has been a request made by parties interested to change the location of the present mail tubes on Centre street to another street. I have had the matter investigated and have requested Division Engineer Clark to see all the parties interested and report, copy of which report is appended. This report clearly shows the desirability of having the change made.

The request first came from the Degnon Contracting Company, who, I believe, had a consultation with the New York Mail and Newspaper Transportation Company. Mr. Clark's report fully covers the ground.

If you will approve of the change as requested I hope you will be able to take immediate action in the premises, as you will see by the report the desirability of having the work done before the first of December.

Accompanying this letter is a blue print showing the subsurface structures along the newly proposed line, the latter being indicated generally on a small scale in red.

Yours respectfully,

(Signed) GEORGE S. RICE, Chief Engineer.

"October 19, 1907.

Mr. GEORGE S. RICE, Chief Engineer:

DEAR SIR—Under date of September 27, 1907, I received a communication from the Degnon Contracting Company (copy of which I inclose herewith), advising me of the desire of said company to locate the mail tubes which are now in Centre street on an adjacent street. Upon receipt of the letter above referred to I took the matter up with Mr. J. J. Kennedy, manager and one of the directors of the New York Mail and Newspaper Transportation Company, and subsequently with the Cranford Company and the Bradley Company. I also prepared a drawing (a blue print of which I inclose herewith) showing the subsurface structures in the streets through which it was proposed by the Degnon Contracting Company to relocate the mail tubes. The reasons advanced by the contractor for desiring to lay the mail tubes in streets other than those in which they are now located and upon which the subway is to be built, were as follows:

- (1) The difficulty of supporting the mail tubes during construction.
- (2) The probable necessity of moving them several times during construction.
- (3) The possible liability of the contractor by reason of interference with the operation of said tubes.

I have had a number of conferences with Mr. J. J. Kennedy, manager of the Mail Tube Company, who has assured me of the desire of his company to have the mail tubes laid on a street other than Centre street, his reasons being as follows:

(1) The difficulty of maintaining continuous service while the pipes are being supported in order to construct the subway. Mr. Kennedy informs me that the contract of his company with the United States Government contains a provision whereby a penalty amounting to \$40 an hour becomes effective in the event of interference or delay in the operation of the mail tubes.

(2) Expense involved in maintenance of the tubes after the subway is constructed, by reason of their settlement if placed in backfilled material, with the contingent liability of the penalty above referred to. As you are aware, the mail tubes, if kept on Centre street, will be placed in the pipe galleries. I have explained this fact to Mr. Kennedy and he is very positive that if the mail tubes are placed in the galleries such a location will not be satisfactory for the purposes of operation as if laid in virgin ground. Practical experience has shown that where the mail tubes are exposed to the atmosphere at times of cold weather, moisture condenses on the interior of the tubes and the carriers traveling through the tubes collect this condensation until a point is reached where the accumulation of the condensed moisture stops the carriers. At a conference which I attended yesterday morning with the representatives of the three contractors engaged on the work of the Brooklyn loop lines, it was agreed by said contractors that it was mutually desirable that the mail tubes be laid upon the following line:

Beginning at a point north of Reade street the mail tubes to deflect and pass into Park street, continuing through Park street to its intersection with Mulberry street, thence passing along Mulberry street to Broome street, where the new line would connect with the present line.

I have the verbal assurance of Mr. Kennedy of the Mail Tube Company that his company desires this change of alignment and will agree to it and co-operate with our contractors in every way to have such change effected. Section 33 of the Rapid Transit Act contains a provision, as I understand it, that in the event of a substructure being relocated upon or under a street, highway or public place other than that upon which the rapid transit subway is being built, such location is subject to the approval of the head of the Department of Public Works of the City. I have gone into this matter with Mr. Tillson, Chief Engineer of the Bureau of Highways, Department of Public Works, of the Borough of Manhattan, in company with Mr. Cranford, representing the three contractors interested on the Brooklyn loop lines. Mr. Tillson has assured Mr. Cranford and myself verbally that provided the laying of the mail tubes on Park street and Mulberry street, as proposed, be completed by December 1, he will recommend to Mr. Thompson, the Commissioner of Public Works, that this change be approved. The reason for setting this date is that the Highways Department desires that the street surface be restored before cold weather sets in. It is therefore of the utmost importance that the question of locating the mail tubes on Park street and Mulberry street be presented to the Public Service Commission at the earliest possible moment and by them, should they approve of this change, submitted to the Commissioner of Public Works for his approval, to the end that the work of laying these tubes may be begun without unnecessary delay. I have the assurance of the three contractors and also of the manager of the Mail Tube Company that a formal request for this change will be made to me in writing and that such change will in no way result in a claim for extra work or extra compensation by reason of such change.

I am bringing this matter to your attention before obtaining their written request and consent, in order that the matter may be passed upon by the Commission and by the Commissioner of Public Works expeditiously, so that, should it be generally consented to, the work can be begun and completed before December 1, the date set by the Chief Engineer of the Bureau of Highways as a condition of his approval.

Yours respectfully,

(Signed) GEORGE H. CLARK."

"NEW YORK, September 27, 1907.

GEORGE HALLETT CLARK, Esq., Engineer, First Division, Public Service Commission, First District, No. 122 Liberty Street, City:

DEAR SIR—In the construction of the subway through the entire length of Centre street on our contract the two 8-inch mail tubes will be displaced by the new structure and will have to be relaid in a new location. It seems to us that it will be very difficult to find a satisfactory location for these tubes over the roof of the subway structure, especially at street intersections, and the problem of maintaining these tubes in service and transferring the line from its present position to a new location will also be a difficult one.

It therefore seems to us that all parties interested would find it to their advantage to have a new location designated for these pipes off of Centre street, in which case the new line could be relaid at once and the old line abandoned through Centre street.

This matter, of course, would be of equal importance to the Cranford Company as to ourselves and would affect in a considerably smaller degree the work to be done by Mr. Bradley on Section 1. We therefore ask that you would take this matter under consideration, and if, on investigation, it seems to you advisable to relay these pipes on some street other than Centre street, we would ask that you survey and lay out such a line. We suggest for this new line that a departure from the present line be made at Centre and Park streets, and that the new line run through Park street and across Mulberry Bend Park and through Mulberry street to a junction with the present mail tubes at Broome street.

We have conferred with Mr. J. J. Kennedy, who is manager for the New York Mail and Newspaper Transportation Company, and we believe that such a change will be acceptable to him and to the Company owning the mail tubes.

Yours truly,
(Signed) DEGNON CONTRACTING COMPANY,
Per FRANCIS D. FISHER, Engineer in Charge.

Thereupon, the following was moved and duly seconded:
Resolved, That the relocation of the tubes referred to in the communication be approved.

The Secretary presented the following communication from the Chief Engineer, which, on motion, duly seconded, was referred to the Counsel, with request that he write a letter transmitting same to the Corporation Counsel:

October 22, 1907.

The Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—There is some delay in our getting possession of the property on De-lancey street extension lying just east of Mulberry street. I am informed by Mr. Baldwin of the Comptroller's office, who has this matter in charge, that is, for tearing down and removing the building, that failure to get immediate possession of this property is due to a question as to whether the machinery on the property was legally included in the taking and whether it can be sold. Mr. Baldwin informs me that it has been referred to the Corporation Counsel and he has not yet received a decision in the matter.

I call this to your attention, for it is very necessary that we should have a decision on account of the terms of our contract with the Bradley Contracting Company. I am of the opinion that a communication coming direct from you or the Commission to the Corporation Counsel or to the Comptroller's office, notifying them of the urgency of our having possession of this property, will probably greatly facilitate matters, and would ask that you take some action in the matter if you consider it proper to interfere.

Yours respectfully,
(Signed) GEORGE S. RICE, Chief Engineer.

Commissioner Maltbie—"Mr. Chairman, there are two resolutions that I have here that have been considered by the Committee of the Whole, and after reading this one resolution I should like to make just a few remarks:

"Resolved, That this Commission give a public hearing on Monday, November 11, 1907, at 3 p. m., to hear suggestions from members of the public as to amendments of the Rapid Transit Act or as to its revision, and that persons and organizations be requested to have ready for submission at the time of the hearing written briefs covering their suggestions, and that notice be given to the Secretary at least two days in advance by persons and organizations that desire to be heard."

Commissioner Maltbie—"Of course, every member of the Commission is aware that various suggestions have been made to the Commission from time to time regarding amendments of this act, and in order that every person and every organization be given an opportunity to present their recommendations, and in order that no action be taken by the Commission until full and thorough discussion has been had, this resolution has been offered. I move the resolution be adopted."

Commissioner Bassett—"I second the motion."

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Commissioner Maltbie presented the following resolution, which was duly seconded:
Resolved, That express companies subject to the jurisdiction of this Commission be required to file with this Commission, on or before November 1, 1907, schedules showing the rates and charges for the transportation of property now in force by them, and that a statement be filed with this Commission of any changes or amendments to such schedules.

Commissioner Bassett stated that he had received an opinion from the Counsel to the Commission, relative to fixing the grade of the crossings of the Long Island Railroad and the Sea Beach Railroad, at Sixty-fifth street, Borough of Brooklyn, and that the Counsel had expressed his opinion that there was nothing that this Commission could be called upon to do, until the street had been declared to be necessary by the City, and that the request had been made upon this Commission by the City, through the Board of Estimate and Apportionment, to have the grade crossings fixed. Thereupon, on motion, duly seconded, the Secretary was directed to send a copy of the opinion of the Counsel to the Borough President of Brooklyn.

Commissioner Maltbie presented the following report and order:

To the Public Service Commission for the First District:

SIRS—Upon August 29 the Commission adopted an order directing that an inquiry be held upon September 16, to determine the adequacy of the service and equipment of the New York City Railway Company upon the Broadway line, and upon certain other lines in connection therewith. Accordingly, a hearing was held and evidence taken upon September 16. The hearing was continued upon September 23, at which time the Commission received notice that the cars upon Broadway, whose southern destination was Houston street—the ones primarily affected by the order—were operated by the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, and not by the New York City Railway Company. This was the first notice the Commission had had of this fact, and as the original notice for a hearing had been served upon the New York City Railway Company, it became necessary, in order to make the procedure valid, to adjourn it and serve a new notice upon the company which was actually operating the cars.

A new order for a hearing upon October 7, running against the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, was adopted by the Commission on September 25. Upon this date—October 7—the hearing relating to the New York City Railway Company was also reopened, and the agreement between the two companies entered upon the records of each hearing. The documents submitted showed that the agreement had expired, but that it was being continued by mutual consent. Upon October 9 the two hearings were merged, and further evidence taken. Further hearings were held upon October 14 and October 16, when the case was closed, at the request of the railway company.

In the meantime the Commission had received notice that receivers had been appointed for the New York City Railway Company by Judge Lacombe of the United States Circuit Court, and that the operation of the road was entirely in their hands. Notice of the hearing was served upon Messrs. Joline and Robinson, the receivers, and of the increase of the service proposed, but they did not appear either personally or by counsel.

The evidence presented by the inspectors of the Commission and Mr. Oren Root, general manager of the company, shows that the service between 6 a. m. and 7 p. m. has not been sufficient to provide seats for the passengers; that many cars have been switched back at Houston street which should be sent through, at least as far as Murray street, to accommodate the traffic; that approximately one-quarter of the cars switched back at Houston street should be sent further downtown, at least to Murray street; that the cars which have been run through to South Ferry have borne no destination signs indicating this fact, and that the congestion upon other cars has been increased because of this fact.

Sufficient data are not available at this moment to indicate whether the service upon the lines run in connection with the Broadway line is inadequate. Further observations will not be taken, but an order may be issued without delay in relation to the service on Broadway, south of Houston street, and I beg to recommend the adoption of the order accompanying this report, and to say further that the company has been complying with it for some time, so far as the increase of service is required.

The evidence taken in these hearings, including the numerous exhibits, is also submitted herewith.

Respectfully,
(Signed) MILO R. MALTBIÉ, Commissioner.

Commissioner Maltbie thereupon presented the following order for adoption by the Commission:

ORDER No. 44.

2007

In the Matter
of

The hearing on the motion of the Commission on the question of the adequacy of the service and equipment of the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company in respect to the Broadway line. Under order for hearing made September 25, 1907.

This matter coming on upon the report of the hearing had herein on the 7th day of October, 1907, and it appearing that the said hearing was held by and pursuant to an order of this Commission made September 25, 1907, and returnable on the 7th day of October, 1907, and that the said order was duly served upon the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, and that the said service was by it duly acknowledged, and the said hearing was held by and before the Commission on the matters in said order specified on October 7, 1907, and by adjournment duly had on October 9, 1907, and by adjournment duly had on October 14, 1907, and at all of said sessions proof being taken before Mr. Commissioner Maltbie presiding, Arthur DuBois, Esq., appearing for the Commission at the session of October 7, 1907, and at all other sessions Abel E. Blackmar, Esq., appearing for the Commission, and D. W. Patterson, Esq., appearing for the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company.

Now, it being made to appear by the proceedings upon the said hearing that the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company is operating its cars on Broadway, Borough of Manhattan, City of New York, over the tracks of the New York City Railway Company pursuant to and under the terms and conditions of certain traffic agreements or contracts, under which the said Forty-second street, Manhattanville, and St. Nicholas Avenue Railway Company may run its cars in Broadway to the southern end of the line;

And it being made to appear by the proceedings upon the said hearing that the service of the Forty-second street, Manhattanville and St. Nicholas Avenue Railway Company in the transportation of persons in the First District on the Broadway line is unreasonable, improper and inadequate, in that between the hours of six in the morning and seven in the evening the said Forty-second street, Manhattanville and St. Nicholas Avenue Railway Company does not run enough cars on Broadway, south of Houston street, reasonably to accommodate the traffic offered for transportation to it, and that it is just, reasonable and proper and is reasonably necessary to accommodate and transport the traffic offered that the said service of the Forty-second street, Manhattanville and St. Nicholas Avenue Railway Company on Broadway, south of Houston street, should be supplemented in the particulars hereinafter set forth:

And it further appearing that the regulations, practices, equipment, appliances and service of the Forty-second street, Manhattanville and St. Nicholas Avenue Railway Company, in respect to transportation of persons in the First District, are unjust, unreasonable, improper and inadequate in that destination signs showing the points of destination of the cars are not provided and conspicuously displayed upon each car run over the said Broadway line, and that it will be just, reasonable and proper to require the said Forty-second street, Manhattanville and St. Nicholas Avenue Railway Company to display destination signs conspicuously on each car run over its Broadway line:

Therefore, on motion of Abel E. Blackmar, Esq., Counsel to the Commission, it is Ordered, That the service of the Forty-second street, Manhattanville and St. Nicholas Avenue Railway Company be supplemented and changed as follows:

First—By running on Broadway, south of Houston street, at least as far as Murray street, no less than one car in every four cars operated by it south of Forty-sixth street; provided, however, that between the hours of 6 o'clock and 9 o'clock in the morning, daily except Sundays, the said Forty-second street, Manhattanville and St. Nicholas Avenue Railway Company shall run south of Houston street at least as far as Murray street on Broadway, a minimum number of seventeen cars; and that between the hours of 9 o'clock in the morning and 4 o'clock in the afternoon, daily except Sundays, the said railway company shall run south of Houston street at least to Murray street on Broadway, a minimum number of fifty cars; and that between the hours of 4 o'clock and 7 o'clock in the afternoon, daily except Sundays, the said railway company shall run south of Houston street at least to Murray street on Broadway, a minimum number of forty cars.

Second—By providing and conspicuously displaying on each car run over its Broadway line a destination sign which shall clearly state and show the destination of the car, and it is further

Ordered, That this order shall take effect on November 1, 1907, and it is further

Ordered, That this order shall continue in force as long as the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company operates its Broadway cars over the Broadway tracks of the New York City Railway Company, but in no event for a period greater than two years from and after the taking effect of this order, but without prejudice to an order for further or additional hearings and action thereon by the Commission in respect of anything herein prescribed prior to the expiration of said period of two years, and it is further

Ordered, That before November 1, 1907, the said Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company notify the Public Service Commission for the First District whether the terms of this order are accepted and will be obeyed.

It was moved and duly seconded, that the foregoing order be approved.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Maltbie presented the following order for adoption by the Commission:

ORDER No. 43.

In the Matter
of

The hearing on the motion of the Commission on the question of the adequacy of the service and equipment of the New York City Railway Company in respect to the Broadway line.

Under the order for hearing made August 29, 1907.

This matter coming on upon the report of the hearing had herein on the 16th day of September, 1907; the 23d day of September, 1907; the 7th day of October, 1907; the 9th day of October, 1907, and the 14th day of October, 1907, and it appearing that the said hearing was held by and pursuant to an order of this Commission made August 29, 1907, and returnable on the 16th day of September, 1907, and that the said order was duly served upon the said New York City Railway Company and that said service was by it duly acknowledged, and that said hearing was held by and before the Commission on the matters in said order specified on the said 16th day of September, 1907, and by adjournment duly had, on the 23d day of September, 1907, and at both said sessions proof was taken before Mr. Commissioner Maltbie, presiding, James L. Quackenbush, Esq., appearing for the New York City Railway Company, Abel E. Blackmar, Esq., appearing for the Commission, and by adjournment duly had on the 7th day of October, 1907, before Mr. Commissioner Maltbie, Arthur DuBois, Esq., appearing for the Commission and no one appearing for the New York City Railway, and proof being taken, and by adjournment duly had on the 9th day of October, 1907, before Mr. Commissioner Maltbie, Abel E. Blackmar, Esq., appearing for the Commission, and Daniel W. Patterson, Esq., appearing for the New York City Railway; and proof being taken and by adjournment duly had on the 14th day of October, 1907, before Mr. Commissioner Maltbie, Abel E. Blackmar, Esq., appearing for the Commission, and Daniel W. Patterson, Esq., appearing for the New York City Railway Company, and proof having been taken;

And it appearing that in an action in the Circuit Court of the United States for the Southern District of New York, in equity, between the Pennsylvania Steel Company and the Degnon Contracting Company, as complainants, and the New York City Railway Company, as defendants, an order was duly entered appointing Adrian H. Joline, Esq., and Douglas Robinson, Esq., temporary receivers of the New York City Railway Company;

And it further appearing that on the 5th day of October, 1907, the said receivers were duly served with notice of the continued hearing in this matter, held at the office of the Commission on October 9, which notice advised the said receivers of the matters upon which the hearing was had, and extended to them an opportunity to attend, introduce testimony and examine and cross-examine witnesses;

And it further appearing that the said receivers elected not to attend at any of the hearings,

Now, it being made to appear by the proceedings upon the said hearing that the service of the New York City Railway in the transportation of persons in the First District on the Broadway line has been and is unreasonable, improper and inadequate, in that between the hours of 6 in the morning and 7 in the evening the said New York City Railway Company does not run enough cars on Broadway, south of Houston street, reasonable to accommodate the traffic offered for transportation to it, and that it will be just, reasonable and proper that the said service of the New York City Railway Company on Broadway, south of Houston street, should be supplemented in the particulars hereinafter set forth upon the lines at the points and at the times so hereinafter set forth:

And it further appearing that the regulations, practices, equipment, appliances and service of the New York City Railway Company in respect to transportation of persons in the First District is unjust, unreasonable and improper and inadequate in that destination signs showing the points of destination of the cars are not provided and conspicuously displayed upon each car run over the said Broadway line, and that it will be just, reasonable and proper to require the said New York City Railway Company to display destination signs conspicuously on each car run over its Broadway line;

Therefore, on motion of Abel E. Blackmar, Counsel to the Commission, it is Ordered, That the service of the New York City Railway Company on its Broadway lines be supplemented and changed as follows:

First—By running on Broadway, south of Houston street, at least as far as Murray street, all cars operated by the New York City Railway Company on its Broadway lines, between the hours of 6 o'clock in the morning and 7 o'clock in the evening, except such cars as may be disabled, or cars on which repairs may be immediately necessary.

Second—By providing and conspicuously displaying on each car run over any of its Broadway lines a destination sign which shall clearly state and show the destination of the cars.

And it is further

Ordered, That this order shall take effect on November 1, 1907; and it is further

Ordered, That this order shall continue in force for a period of two years from and after the taking effect of the same, but without prejudice to an order for further or additional hearings and action thereon by the Commission in respect to anything herein prescribed, prior to the expiration of said period of two years; and it is further

Ordered, That the provisions of this order shall apply to and be binding upon Adrian H. Joline and Douglas Robinson as receivers of the New York City Railway Company, and shall apply to and be binding upon their successors in the same manner that the New York City Railway Company would be bound if the receivers were not in possession; and it is further

Ordered, That before November 1, 1907, the said New York City Railway Company and Adrian H. Joline and Douglas Robinson, as receivers of the New York City Railway Company, notify the Public Service Commission for the First District whether the terms of this order are accepted and will be obeyed.

Commissioner Maltbie—"Now, the purpose of the first order is to increase the service, as shown to be necessary by the minutes of the proceedings. The second order is for the purpose of preventing any change being made in the schedule so that the number of cars directed to be run to Murray street will not be counterbalanced by the number of cars taken off that are now going south of Houston street. The two orders are necessary, one to supplement the other, and see that there is an increase of service."

It was moved, and duly seconded, that the foregoing order be approved.

Ayes—Commissioners Bassett, Maltbie, Eustis.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
FRIDAY, OCTOBER 25, 1907,
AT TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney.

The Secretary presented the following communication from Frank J. Goodwin, Deputy Commissioner, Department of Water Supply, Gas and Electricity, which, on motion, duly seconded, was referred to the Chief Engineer:

CITY OF NEW YORK, October 23, 1907.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission, No. 154 Nassau Street, City:

DEAR SIR—I have just received a report from our engineer advising that under the permit issued by Chief Engineer Rice of your Commission, the Cranford Company are laying three 8-inch pipes through Howard street, between Lafayette and Centre streets. These pipes, I understand, will be used to carry the compressed air from their plant which will be operated at the corner of Howard and Lafayette streets.

The Cranford Company failed to submit their plan showing the proposed location of these pipes, and I believe that it is the wish of your Commission that all such plans be examined by our Engineer before the work is commenced, so that there will be no interference with the existing water mains or gates. I would respectfully request that you direct the Cranford Company to present their plan of these water pipes to this department for the examination of our Chief Engineer.

Respectfully,
(Signed) FRANK J. GOODWIN,
Deputy and Acting Commissioner.

The Secretary presented the following communication from the Interborough Rapid Transit Company, which, on motion, was ordered on file:

INTERBOROUGH RAPID TRANSIT COMPANY, }
NEW YORK, October 23, 1907. }

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, No. 154 Nassau Street, City:

DEAR SIR—Replying to your favor of October 11, with copy of communication from Mr. Gus Leers, making complaint of location of an oil tank on the platform of our One Hundred and Thirty-seventh street uptown station of the subway. I have taken this matter up with our general manager, and requested him to make some change in the location of this tank, and he now advises me that he has arranged to move the tank to a point in our yard between One Hundred and Thirty-seventh and One Hundred and Forty-fifth streets, thus taking it off the platform entirely.

Yours truly,
(Signed) E. P. BRYAN, President.

The Secretary presented the following communication from the Commissioner of Parks of Brooklyn, which, on motion, duly seconded, was referred to the Chief Engineer for report:

BOROUGH OF BROOKLYN, October 22, 1907.

To the Honorable Public Service Commission of the First District, Tribune Building, New York City:

GENTLEMEN—I learn from the public press that your Commission is preparing and about to let a contract for the construction of a subway on Fourth avenue in the Borough of Brooklyn.

The Department of Parks maintains a number of parking spaces planted with trees and shrubbery along the middle of this roadway, and I understand that the proposed subway will eliminate these spaces. I would be pleased to learn from you what provisions you have made or propose to make in your contract as to the disposal of these trees and shrubs. If no provision is made in the specifications, I would like to take these trees and replant the same on some other streets under the care of this department during the present fall planting season.

Awaiting your early reply, I am,

Very truly yours,
(Signed) M. J. KENNEDY, Commissioner.

The Secretary presented a communication from the Comptroller, transmitting a petition sent to him, asking that the destruction of the buildings on the southerly side of Canal street, between Bowery and Chrystie streets, be postponed until May 1.

In view of the fact that the Commission required immediate possession of the property, the motion was made and duly seconded that the Comptroller be requested to get possession of the property as soon as possible.

The Secretary presented the following communication from the President of the Borough of The Bronx, which, on motion, duly seconded, was referred to Commissioner Eustis:

BOROUGH OF THE BRONX, October 16, 1907.

In re Approval of Plans for East One Hundred and Seventy-first Street and St. Paul's Place Bridges.

To the Honorable Public Service Commission, First District, No. 154 Nassau Street, City:

GENTLEMEN—Pursuant to the provisions of section 61 of the Railroad Law, and as successor, for the purposes mentioned, of the Department of Public Parks of The City of New York, and also pursuant to an agreement of date January 11, 1888, between said Department of Public Parks and the New York and Harlem Railroad Company, made under the provisions of chapter 721 of the Laws of 1887, application is hereby made for a determination by your Honorable Commission of the manner in which East One Hundred and Seventy-first street and St. Paul's place, in the Borough of The Bronx, City of New York, shall be constructed across the railroad of the New York and Harlem Railroad Company, and for the approval by said Commission of the dimensions and material of the bridges by means of which said streets shall be carried across such railroad.

Under the provisions of said agreement of date January 11, 1888, known as the "Harlem Depression Agreement," demand was made by the undersigned, as successor of the Department of Public Parks of The City of New York, in the Twenty-third and Twenty-fourth Wards, for the construction of footbridges carrying East One Hundred and Seventy-first street and St. Paul's place over the New York and Harlem Railroad tracks; said footbridges being deemed a sufficient and adequate method of carrying said streets across said tracks with due regard to the present development and needs of the localities served.

The Railroad Company acquiesced in said demand, plans and specifications have been prepared and have been agreed to by both parties, and are herewith submitted for approval by your Honorable Commission.

Yours respectfully,
(Signed) LOUIS F. HAFFEN,
President of the Borough of The Bronx, City of New York.

"The undersigned, the New York and Harlem Railroad Company, and its lessee, the New York Central and Hudson River Railroad Company, hereby waive all notice of the foregoing application, acquiesce in the statements therein made and join in the request that said application be granted.

Dated New York, October 22, 1907.

NEW YORK AND HARLEM RAILROAD COMPANY,

FRANCIS K. PENDLETON.

In re Rapid Transit Railroad Tunnel under Joralemon and Fulton Streets and Flatbush Avenue.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission, First District:

SIR—I beg to acknowledge receipt of a letter from the Secretary of your Commission, dated October 3, 1907, containing a copy of resolution adopted by the Public Service Commission, First District, at a recent meeting thereof, as follows:

Resolved, That the Corporation Counsel be respectfully requested to make an inquiry as to the length of time that the Commission of Appraisal appointed under the Rapid Transit Act to condemn easements along Joralemon and other streets, in the Borough of Brooklyn, has been in existence, and the amount of work yet to be done by it, and the length of time that it will probably take before the filing of the final report, all to the end that this important condemnation proceeding may be brought to a close as soon as possible.

Replying to the request contained in the above resolution, I beg to state that by an order of the Supreme Court, Second Judicial District, dated January 25, 1903, John Lefferts, Jr., William Brennan and W. C. De Witt were appointed Commissioners of Appraisal to ascertain and appraise the compensation to be made to the owners and all persons interested in the property affected by the acquisition or extinguishment by The City of New York of a permanent and perpetual underground right, easement and right of way acquired for the construction, maintenance and operation

in perpetuity, of a rapid transit railway to be constructed in and under Joralemon street, from a point therein between the East river and Furman street to its intersection with Fulton street; in and under Fulton street, from its intersection with Joralemon street to its intersection with Flatbush avenue; in and under Flatbush avenue, from its intersection with Fulton street to a point at or near its intersection with Atlantic avenue; in and under Fulton street, from its intersection with Joralemon street to its intersection with Court street; in and under Court street, from its intersection with Joralemon street to its intersection with Fulton street, in the Borough of Brooklyn, in accordance with the plans therefor adopted by the Board of Rapid Transit Railroad Commissioners on the 23d day of October, 1902.

The foregoing statement as to the extent of the proceeding shows that it affects a large amount of property in the best business section of Brooklyn.

Mr. W. C. De Witt declined to act, which necessitated the appointment of another Commissioner in his place, and for this reason the Commissioners did not commence taking testimony until the 30th day of October, 1903.

In May, 1904, William Brennan and Thomas J. McKenna resigned as such Commissioners, which necessitated the appointment of new Commissioners in their places.

By an order dated June 29, 1904, Hermanus B. Hubbard and Thomas J. Redmond were appointed such new Commissioners, and on June 30, 1904, the Commission proceeded with the taking of testimony.

In July, 1905, John Lefferts, Jr., died, and by an order dated August 6, 1905, T. Ellett Hodgskin was appointed a Commissioner and filed his oath of office on August 15, 1905.

As the proceeding affected a large amount of very valuable property in the heart of the business section of Brooklyn, the owners of which possessed different rights in the streets, on which their respective properties abutted, the Commissioners, after taking considerable testimony, decided to select three separate cases, each involving different rights of claimants to be passed upon by them and made a decision in each case and included these three cases in a separate report, which they made on November 28, 1905. The understanding between the Commissioners and the attorneys representing the claimants and the City was that an appeal would be taken from an order of Special Term confirming this report in order that the principles involved should be determined by the Appellate Division, which might simplify the questions which the Commissioners were called upon to decide.

The report so made passed upon the claims for damage made by Wilhelmus Mynderse, John Notman and George B. Abbott, each of whom possessed different rights in the land in the bed of the street upon which their respective lots abutted.

The report so made was confirmed by Mr. Justice Burr on May 31, 1906, and an appeal was taken therefrom on June 7, 1906, by Wilhelmus Mynderse; on June 12, 1906, by John Notman; on June 14, 1906, by George B. Abbott; on June 18, 1906, by The City of New York, and on June 25, 1906, by Hermanus B. Hubbard, Thomas J. Redmond and T. Ellett Hodgskin, as Commissioners of Appraisal, the appeal by the Commissioners being taken from that part of the order denying their application for an extra allowance as such Commissioners.

During the summer and fall of 1906, the case on appeal was prepared by the Corporation Counsel and submitted to the attorneys for the several claimants. The papers on appeal were returned to this office in November, 1906, and were being printed when information was received of the death of Mr. Mynderse, which occurred on November 15, 1906.

Mr. Mynderse left a will which was subsequently proved before the Surrogate of Kings County and letters testamentary issued to his widow, Hannah G. Mynderse, as executrix thereunder. This office requested Messrs. Butler, Notman and Mynderse, the attorneys of record, to enter an order substituting Hannah G. Mynderse as executrix in place of her husband, to whom one of the awards had been made, so that the executrix should be found by the judgment to be entered upon the appeal.

The attorneys for the executrix failed to enter such an order and, on January 4, 1907, Mr. Harris, the assistant in charge of this proceeding, prepared the necessary affidavit and order of substitution and sent the same to Mr. Notman, one of the attorneys. Before this order was entered Mr. Notman died, on January 6, 1907.

Considerable delay resulted from the death of Mr. Notman before his will was probated and an order entered substituting Anna Warren Notman, his widow, and others, as executors of his will, such order of substitution not being entered until May 31, 1907.

Thereafter the papers on appeal were completed and printed and served by this office on August 1, 1907.

The appeal is on the calendar of the Appellate Division, Second Department, for November, and it is expected that the appeal will be argued in November, 1907.

Since the making of their report on November 28, 1906, the Commissioners have proceeded to take proof of title of the numerous claimants along the line of the road, and practically all of the titles of property affected by the proceeding have been proved, so that when the decision of the Appellate Division is made, proof of damage can be proceeded with as to the remainder of the claims at once.

Until the decision of the appeal by the Appellate Division it will be impossible to even approximately estimate the probable length of time required to complete the proceeding.

As soon as a decision is made on the appeal, I shall inform you as to the result thereof and its effect on the further proceedings before the Commissioners. After the appeal is decided the trial of the remaining claims will be taken up and prosecuted vigorously and the proceeding brought to a close at the earliest possible date.

Respectfully yours,
(Signed) G. L. STERLING, Acting Corporation Counsel.

The Secretary presented the following communication from the Board of Estimate and Apportionment, which, on motion, was ordered filed:

BOARD OF ESTIMATE AND APPORTIONMENT, }
NEW YORK, October 24, 1907. }

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission, No. 154 Nassau Street, New York City:

DEAR SIR—I enclose herewith, for filing in your office, a copy of the agreement between The City of New York and the New York and Harlem Railroad and its lessee, the New York Central and Hudson River Railroad Company, dated July 8, 1907, relative to the modification of plans in connection with the terminal construction at the Grand Central Station.

This instrument was executed pursuant to a resolution of the Board of Estimate and Apportionment, adopted July 8, 1907.

Respectfully,
(Signed) JOSEPH HAAG, Secretary.

The Secretary stated that the Commission, under date of October 9, 1907, adopted Order No. 30, directing that a copy of the complaint of John E. Thompson be transmitted to the Union Railway Company and the Interborough Rapid Transit Company; that the order and copy of complaint were duly transmitted to the said companies; and that acknowledgment of their receipt on October 12 was duly made by the Union Railway Company and of their receipt on October 14 by the Interborough Rapid Transit Company; and that the said complaint alleged that it was possible to go by way of subway, New York City and Interborough Rapid Transit lines to Westchester for 8 cents, but to return cost 10 cents.

The Secretary further stated that on October 21 the following answer was received from the Union Railway Company and the Interborough Rapid Transit Company:

ORDER No. 30.

Answer of Interborough Rapid Transit Company.

Public Service Commission for the First District:

John E. Thompson,

Complainant,

vs.

Union Railway Company, Interborough
Rapid Transit Company,

Defendants.

Interborough Rapid Transit Company, answering the complaint in the above entitled proceeding, respectfully shows to the Commission and alleges as follows:

First—By the provisions of a contract between Interborough Rapid Transit Company and the New York City Interborough Company a coupon ticket is sold at stations on the lines of the Interborough Rapid Transit Company for 8 cents, which entitles the holder to ride over the lines of both companies northward. In like manner the conductors of the New York City Interborough Company sell for 8 cents a coupon ticket which entitles the holder to ride southbound over the lines of both companies.

Transfers between the Union Railway Company and the New York City Interborough Company are issued to passengers paying one full fare of 5 cents. It has been the practice for the New York City Interborough conductors to issue transfers good on the Union Railway Company's lines to passengers coming from the subway, holding a coupon of the 8-cent ticket good on the New York City Interborough Company's lines. Passengers originating on the Union Railway Company's lines going downtown pay 5-cent fare to the Union Railway conductors, who issue a transfer to the New York City Interborough Company, but the New York City Interborough Company conductors cannot issue a ticket good over the Interborough Rapid Transit Company's lines on a transfer from the Union Railway Company. Therefore, the passenger, on arrival at junction point of the Interborough Rapid Transit Company's lines is obliged to pay an additional fare of 5 cents to continue his journey southbound on the Interborough lines, making a total of 10 cents for his journey over the three lines.

The two surface companies transfer between each other for a single fare of 5 cents in either direction. Interborough Rapid Transit Company transfers to the New York City Interborough Company in either direction on an 8-cent fare, but the Union does not extend to the subway at this point, and has no transfer arrangement with Interborough Rapid Transit Company; hence the discrepancy in rates.

Second—Interborough Rapid Transit Company denies that it violates any provision of the law or of the terms and conditions of its franchise, or any order of this Commission, and alleges that its arrangements of transfers, by which passengers may travel over the subway route of its railroad and the route of the New York City Interborough Railway Company, in either direction, for a single fare of 8 cents, in all respects conform to the law and to the franchise obligations of the respective companies.

Third—Interborough Rapid Transit Company respectfully asks for a hearing and an opportunity to present evidence and argument in support of this its answer, and that a date be set for such hearing at a time which will allow a reasonable opportunity to prepare such evidence and arguments.

Dated October 18, 1907.

The Secretary stated that this Commission on October 9 adopted Order No. 31, directing that a copy of complaint of Gilbert Ray Hawes against the Interborough Rapid Transit Company as to the necessity of additional stairway at uptown Cortlandt street station of Ninth avenue elevated road, be served upon the Interborough Rapid Transit Company to satisfy or answer within ten days after date of service; that acknowledgment was received from E. P. Bryan, President, of the receipt of the said order on October 14, and that on October 21 answer was received from the said company by E. P. Bryan, President, and that the said answer was as follows:

ORDER No. 31.

Answer to Complainant.

Public Service Commission for the First District:

Gilbert Ray Hawes,

Complainant,

vs.

Interborough Rapid Transit Company,

Defendant.

Interborough Rapid Transit Company, answering the complaint in the above entitled proceeding, respectfully shows to the Commission as follows:

First—Defendant admits that at the uptown Cortlandt street station of its Ninth avenue elevated road there is only one stairway leading to the street, as alleged in the complaint herein.

Second—Defendant alleges that for some time past it has been negotiating to acquire the necessary legal rights and consents to erect a stairway leading to said station from the northerly side of Cortlandt street, but that certain abutting property owners have refused to give to defendants necessary consents to erect an additional stairway at said point.

Third—Defendant further alleges that on or about the 1st day of July, 1907, the Attorney General of the State of New York commenced mandamus proceedings to compel the defendant to erect an additional stairway at said point; that said proceedings were adjourned with the consent of the Attorney General and of the Court, with the understanding that the defendant should at once commence condemnation proceedings to acquire the easements necessary to erect an additional stairway at said point; that pursuant to said understanding the defendant has proceeded with all diligence to commence condemnation proceedings, and has been delayed only because of the difficulty of securing proper service on all the necessary parties to this proceeding; that upon a report of these facts to the Attorney General he has stipulated that the said mandamus proceeding should be adjourned to November 1, 1907.

Fourth—Defendant further alleges that it is anxious to erect an additional stairway to the Cortlandt street station at said point, but that it is impossible for it to do so until it has acquired the necessary easements, and that defendant is proceeding with all diligence to acquire the necessary easements by condemnation proceedings.

Wherefore, defendant asks that action in the premises be postponed until the final determination of such proceedings, and that it may be given an opportunity to present evidence and arguments in support of this its answer, and that a date be set for such hearing at a time which will allow a reasonable opportunity to prepare such evidence and arguments.

Dated October 18, 1907.

The Secretary stated that the Commission on October 11, 1907, had adopted Order No. 35, ordering that the complaint of the officers of the Twenty-eighth Ward Board of Trade be sent to the Brooklyn Union Elevated Railroad Company to satisfy or answer within ten days; that the order and copy of the complaint were duly sent; that acknowledgment of their receipt by the company on October 14 was duly made by said company; that the said complaint covered the following points:

Inadequate service on Sundays and holidays throughout the entire system.

That platforms be lengthened to accommodate eight-car trains.

That through trains be run from Broadway ferries to Cypress Hills.

That exits at Gates avenue and Halsey street stations are inadequate.

That reconstruction of Broadway elevated has cut down the clearings in the roadway.

That Marcy and Driggs avenue stations are not guarded by station men.

That Lexington avenue trains be run as far as Manhattan Junction during rush hours.

That all rush hour trains have six cars.

That there be a rearrangement of Cypress Hills terminal, so that trolleys and elevated may be on the same level.

That trains after rush hours be run at more frequent intervals on Lexington avenue line.

That time tables be displayed at Manhattan end of Bridge.

That stations at Tillary street and Lafayette avenue be reopened or removed.

That transfers be given between Fifth avenue elevated and Fulton street system.

The Secretary further stated that on October 23, answer was received from the company, as follows:

BROOKLYN UNION ELEVATED RAILROAD COMPANY,
No. 85 CLINTON STREET,
BROOKLYN, N. Y., October 22, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, First District,
No. 154 Nassau Street, Manhattan:

DEAR SIR—The Brooklyn Union Elevated Railroad Company hereby submits its answer in the matter of Order No. 35, being complaint of Albert Firmin, C. M. Sheehan and Joseph Schreiber on behalf of the Twenty-eighth Ward Board of Trade.

I beg to take up the matters mentioned therein seriatim.
We will arrange for the operation of trains on Sundays and holidays as may be necessary to adequately care for traffic.

The interval on lines leading to the Brooklyn Bridge during the middle of the day is 7½ minutes. No material decrease in this interval can be made if all of these lines are to be handled in the Park row terminal for the entire period of non-rush service. To the extent that the present service may at any time be inadequate it would be possible to add sufficient cars to the respective trains, which will be done.

More than two years ago the work of extending elevated platforms was begun in anticipation of being able to operate six-car trains into bridge terminals. These extensions are completed and the stations will be able to accommodate trains of that length as soon as arrangements at the bridge ends will enable their operation. We shall endeavor to put ourselves in shape to handle eight-car trains as soon as the service requires and terminal facilities make possible such operation.

Terminal facilities at Cypress Hills are such that we believe that the interval would be very irregular if it was attempted to operate both Broadway and Lexington avenue trains into this terminal throughout the day.

As soon as it is necessary to operate eight-car trains on the Broadway elevated line, the station platforms will, as is above stated, be extended, at which time it will be necessary to reconstruct the station buildings and stairways at Halsey street and Gates avenue, when provision will be made for additional stairways and exits. The present stairways are only crowded for a short period in the morning.

The detail of reinforcing work on Broadway is required in order to provide adequate strength for the operation of heavy equipment.

There does not appear to be any necessity for employment of platform men or guards at Driggs and Marcy avenue stations, westbound.

Trains going to New York in the morning start from Gates avenue because at the interval at which they are run they are fully loaded at stations between Gates avenue and New York, and there would be no reason for starting them from a point beyond Gates avenue. It is impossible to add more trains at the present time on account of the congestion in Adams street and Myrtle avenue. In the evening rush hours trains originally sent to Gates avenue only, are now being sent to Manhattan Junction, as suggested.

Very careful consideration was given to the selection of stations on Lexington avenue for express stops, and we do not think that the reason advanced in the complaint will outweigh the reports of traffic upon which the selection was based. The present operation is apparently satisfactory to the majority of our passengers.

The trains of the Lexington avenue line in both morning and evening rush hours now consist of six cars.

The relation physically between surface tracks and elevated tracks at Cypress Hills does not permit of a satisfactory transfer station without using stairways in a manner similar to the present arrangement. In addition to this, it is believed that better arrangements can be provided and a more direct route obtained by taking Jamaica and Richmond Hill traffic by means of trolley cars to Ridgewood, there transferring to the elevated line at the grade of elevated tracks.

With very few exceptions our present midnight service consists of two-car trains, and all lines are operated under a thirty-minute headway, but on account of many of these lines operating over common tracks to certain points in Brooklyn, a fifteen minute interval is provided for this portion of the route and for certain lines less than a fifteen-minute interval; i. e., on Fulton street, from New York to Franklin avenue, a fifteen-minute interval is provided through the operation of the Brighton Beach and Fulton street lines on these tracks between those points.

On Fifth avenue, less than a fifteen-minute interval is provided to Thirty-sixth street, and in New Utrecht avenue, fifteen-minute interval is provided to Sixty-second street.

On Myrtle avenue an interval of fifteen minutes or less is provided from New York to Grand avenue. The territory between Lexington avenue and Myrtle avenue, and between Grand avenue and Broadway is served by both the Lexington avenue and Myrtle avenue lines by a short walk from each line, but giving this territory a fifteen-minute interval.

The territory around East New York and between the Cypress Hills line and Fulton street line is served by a thirty-minute interval on both the Cypress Hills line and the Fulton street line.

It therefore seems that most of our territory is supplied with elevated service on a fifteen-minute interval after midnight. In any case a reduction in intervals would require the operation of one-car trains or the operation of two-car trains in excess of their requirements.

Time tables, etc., could be posted as suggested at the Manhattan end of the Brooklyn Bridge, but on account of the great number of lines and the numerous signs now displayed there it is doubtful whether they would be of any great value to anyone not familiar with the lines, and the information would probably be unnecessary to those who are familiar with the schedules. The leaving time of trains after midnight is shown on cards which are posted at different points in terminals and stations.

The frequency of trains during the day would not apparently require the posting of schedules.

After local bridge service has been abandoned and specific platforms are used for specific lines, it is believed that the posting of schedules or the maintaining of a dial for "next train out" might be of some value.

The platform in Tillary street has been left in position on account of some possible use in the future. There is no immediate use for this platform and it can be removed if thought necessary.

The station at Lafayette avenue should not at the present time be placed into service on account of being located at the foot of a heavy grade and the amount of traffic originating at this point not warranting stopping trains there. We believe, however, that the station should be left in place with a view to using it at some future date. It possibly will be required after the Academy of Music has been completed.

As soon as the plans for the approach and connection with the Manhattan Bridge and the question of operating trains over this structure is definitely settled this company will undertake to provide such rearrangement of tracks and stations at Fulton street and Flatbush avenue as may be best calculated to meet the requirements.

With the present arrangement of tracks and structures at Flatbush avenue and Fulton street it is impossible to build the staircase as suggested without a complete reconstruction at that point, which, we believe, would not be warranted in view of the probability of the early rearrangement above referred to.

In certain cases where we have found it impracticable to comply with the suggestion of the complainants, and have submitted our objections thereto, we shall be very glad to receive further suggestions in view of the objections as offered.

We further believe that many of the conditions above referred to will be greatly relieved with the inauguration of through elevated operation over the Brooklyn Bridge and the proposed rearrangement of our schedules and the addition to the service of 100 new elevated cars which are now being delivered.

In accordance with Rule No. 8 of the Commission, copy of this letter has been served by mail upon the complainants.

Yours truly,

Vice-President and General Manager.

BROOKLYN, N. Y., October 22, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, First District, No. 154 Nassau Street, New York City:

DEAR SIR—I beg to submit herewith reply on behalf of the Brooklyn Union Elevated Railroad Company and the Brooklyn Heights Railroad Company in the matter of Order No. 36, which has reference to the following resolution adopted by the Flatbush Taxpayers' Association at meeting held on 3d inst.

Resolved, That the association requests the Public Service Commission to consider the question of transfers from the Nostrand Avenue Trolley lines to elevated railroad at Fulton street and Nostrand avenue.

The Railroad Companies mentioned are independent corporations, the first owning and operating the elevated line and the second leasing and operating the surface lines at the intersection in question.

While desiring to make every concession which the situation might seem to call for in the way of public convenience, we are compelled to give due weight to the important question of revenue, and also the conditions of the contract of lease under which individual lines are operated.

Even if there were no such serious obstacles in the way of establishing transfers between these companies at the point named, we believe the simple question as to whether it would be expedient from the standpoint of traffic movement would upon full investigation by the Public Service Commission be answered in the negative. The elevated lines perform their function best and with most advantage to the public in carrying the so-called long distance travel, and it would be found in practice that any attempts to transfer between surface and elevated at Nostrand avenue, especially in rush hours, would inevitably hamper and delay rather than convenience and facilitate the movement.

Under present arrangements we believe good accommodations are provided by the Brooklyn Heights and other companies operating in the Nostrand avenue section.

With the present limited bridge accommodations, it is now, as you are aware, with the greatest difficulty that we are able to handle the through traffic in Fulton street during rush hours, and while the suggested transfer might at first glance commend itself to one not acquainted with the conditions with which we have to deal, we are confident that a careful study of the subject would convince you that from the point of view alone of the public welfare it should not be attempted.

In accordance with Rule No. 8 of the Commission, we are sending a copy of this letter to the Flatbush Taxpayers' Association.

Yours truly,

Vice-President and General Manager.

The Secretary stated that the Commission on October 11, 1907, adopted Order No. 37, directing that the complaint of Grant Smith be transmitted to the Interborough Rapid Transit Company to answer or satisfy within ten days; that the order and a copy of said complaint were duly transmitted to the said company; that acknowledgment of their receipt on October 14 was duly made by the said company; that the said complaint alleged the company was employing towermen and other employees of longer hours than permitted by law.

The Secretary further stated that upon date of October 21, answer was received from the company as follows:

ORDER No. 37.

Answer of Defendant.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT:

Grant Smith, Complainant,

vs.

Interborough Rapid Transit Company,
Defendant.

Interborough Rapid Transit Company, answering the complaint in the above entitled proceeding, respectfully shows to the Commission as follows:

First—Defendant denies that the hours of labor of the various employees referred to and described in the complainant's letter are correctly stated, and denies that the duties of such employees are correctly stated.

Second—Interborough Rapid Transit Company denies that it employs any of the men described in the complaint in violation of chapter 627 of the Laws of 1907, and alleges that it is doing nothing and has done nothing in violation of any provision of law or of the terms and conditions of its franchise, or of any order of this Commission by reason of any of the facts set forth in the complaint.

Third—Defendant admits that certain men employed in certain of the towers described in the complaint herein are on duty more than eight hours a day in a day of twenty-four hours, but the defendant further alleges that none of said men performs any of the duties of the classes of employees described in chapter 627 of the Laws of 1907, and that the employment of said towerman is not in violation of any of the provisions of said Act.

Wherefore, Interborough Rapid Transit Company respectfully asks for a hearing and an opportunity to present evidence and argument in support of this, its answer, and that a date be set for such hearing at a time which will allow a reasonable opportunity to prepare such evidence and arguments.

The Secretary stated that the Commission had on October 11, 1907, adopted Order No. 39, directing that a copy of complaint of Frank Bennett be forwarded to the Brooklyn Heights Railroad Company to satisfy or answer within ten days; and that the said order and copy of said complaint were duly forwarded to the said company; that acknowledgment of their receipt on October 14, 1907, was duly made by the said company; and that the said complaint related to the bad condition of stringers and ties underneath the running rails of certain sections of the bridge. The Secretary further stated that on October 23 answer was received from the said company as follows:

BROOKLYN, October 22, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, First District, No. 154 Nassau Street, Manhattan:

DEAR SIR—I beg to refer to Order No. 39 of the Commission in the matter of report of Frank Bennett, Inspector, concerning condition of stringers and ties on the

Brooklyn Bridge and to say in reply, that the Bridge Department repairs and renews all the supporting structures under ties of bridge tracks. This includes the stringers referred to.

We understand that the stringers will be renewed by the Bridge Department at an early date, at which time we will put in new ties as may be necessary.

The Secretary stated that the Commission had on October 11, 1907, adopted Order No. 40, directing that copy of complaint of Robert E. Anthony be forwarded to the Brooklyn Heights Railroad Company, to satisfy or answer within ten days; and that the order and copy of said complaint were duly forwarded to the said company; that acknowledgment of their receipt on October 14, 1907, was duly made by said company that the complaint related to condition of switches, curves and cross-overs at Concord, Nassau, High and Sand streets.

The Secretary further stated that answer had been received on October 23, from the said company, as follows:

BROOKLYN, October 22, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, First District, No. 154 Nassau Street, Manhattan:

DEAR SIR—I beg to submit herewith an answer on behalf of the companies affected by Order No. 40 of the Public Service Commission, being complaint of Robert E. Anthony, Inspector, against condition of tracks in certain streets.

"Concord Street—Turnout from Washington street and to Washington street, 85 feet west of Concord street on north track, south rail crossing."

Repairs are now being made to the branch-off from Washington street and the special work 85 feet west of Concord street will have the hard centres renewed and low joints raised at an early date.

"Nassau Street—Turnout from south track, eastbound, about 70 feet west of Nassau street, where rail joint is bad. About 100 feet west of Nassau street, north track, south rail. Also 130 feet west of Nassau street, north track, north rail."

The bad rail of the turnout 70 feet west of Nassau street will be raised and tightened. The other joints are the property of the Coney Island and Brooklyn Railroad Company.

"High Street—Turnout from Washington street and to Washington street rail bad. About 50 feet east of High street, north track, south rail. Switch rail support very bad and surface of street badly in need of repairs."

This track is the property of the Coney Island and Brooklyn Railroad Company.

"Sand street—Single track and crossing from Washington street across Sand street to Brooklyn Bridge. Also turnout from Sand street to Bridge, where repair is needed."

Repair parts are now being made for the special work leading to the Brooklyn Bridge at Sand and Washington streets, and the work will be installed at an early date.

The tracks at Prospect and Washington streets are the property of the Coney Island and Brooklyn Railroad Company.

At the intersection of Prospect and Adams streets, the installation of new special work has been authorized and will be undertaken at an early date.

The special work at Sand and Adams street, except hard centres, is in good condition. At an early date the hard centres will be renewed.

There is no special work at Sand and Pearl streets and the straight track is in good condition.

The crossing at Sand and Jay streets is the property of the Coney Island and Brooklyn Railroad Company.

Yours truly,

BROOKLYN, October 22, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, First District, No. 154 Nassau Street, Manhattan:

DEAR SIR—Replying to your favor of the 12th inst. in reference to complaint filed with the Commission by Thomas F. Hall.

During rush hours there are three routes of cars operated on the Halsey street line, viz.:

Through cars from Manhattan;
Local cars from Fulton ferry; and
Local cars from Borough Hall.

During rush hours the cars of the through line first named are all operated to Wyckoff avenue; fifty per cent. of the local service is operated through to Wyckoff avenue. During the evening and after midnight all cars are operated through to Wyckoff avenue, as is also the case from 10.37 a. m., until 2.11 p. m.

Our present schedule for the route in question provides between the hours of 4 p. m. and 7 p. m. a total of 103 cars, 60 destined to Wyckoff avenue and 43 to Halsey street and Broadway.

We now operate the through route to New York via Vanderbilt avenue, the cars not making use of Fulton street. As a result users of the local line in Brooklyn do not have as free use of through cars to Wyckoff avenue as will be possible when the Livingston street line is put into complete operation, when all cars of this line will be operated through Livingston and Fulton streets, with result that local travel will have the use of additional through cars to Wyckoff avenue.

It is our belief that full use is made of the facilities now available. The employee in charge at Broadway and Houston street is instructed to send cars through to Wyckoff avenue in case of delay, and we are unable to ascertain definitely the reason for apparent failure to following these instructions in the case cited.

Copy of this letter has been sent to Mr. Thomas F. Hall.

Yours truly,
(Signed) J. F. CALDERWOOD,
Vice-President and General Manager.

On motion, duly seconded, this matter was referred to Commissioner McCarroll.

FLUSHING, N. Y., October 23, 1907.

The Public Service Commission, No. 154 Nassau Street, New York City:

GENTLEMEN—Referring to your resolution passed at the meeting of September 30, 1907, by which you require each gas company to provide two meter provers, beg to ask that you kindly suspend this part of the order as far as this gas company is concerned, and require us to provide only one meter prover as we set so few remove meters without having them first repaired by the New York Improved Meter Company.

In looking over our records I find that in August we removed and reset twenty-seven meters; in September, thirty-two meters, and besides these there were a few meters removed in one month and set in the next without having been repaired, which would probably amount to twenty-five more, which means under present conditions that we would average about fifty meters a month removed and reset again.

Trusting you will be able to grant our request in this matter, beg to remain,

Respectfully yours,

The Secretary presented a request from Commissioner Stevenson, of the Department of Bridges, for the transfer of Frank G. Doran, No. 387 Manhattan avenue, New York City, from the position of Architectural Draughtsman at \$1,500 per annum, in the office of the Public Service Commission for the First District, to a similar position in the Department of Bridges, also the following request:

Transfers.

NEW YORK, October 23, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission for the First District:

DEAR SIR—I return herewith request from the Commissioner of Water Supply, Gas and Electricity for the transfer of George A. Healy, Axeman, and the request from the President of the Borough of Richmond for the transfer of Frank J. McKiernan, Axeman, transmitted with yours of October 16. I also return request from the Deputy Commissioner of Water Supply, Gas and Electricity, for the transfer of John Monaghan, Rodman, transmitted with yours of October 19. I have approved these requests, and they may now be returned to the different Departments for transmission by them to the Municipal Civil Service Commission for its approval.

Yours very truly,

(Signed) GEORGE S. RICE, Chief Engineer.

On motion, duly seconded and carried, the said transfers were approved.

The Secretary presented the following order for adoption by the Commission:

J. D. Bowles, Complainant,

vs.

Nassau Electric Railroad Company,
Defendant.

This matter coming on upon the complaint of J. D. Bowles, of No. 15 William street, New York City, by which it appears that said complainant is aggrieved by acts done or omitted to be done by Nassau Electric Railroad Company, said defendant, and set forth in said complaint, which are claimed to be in violation of some provision of law, or of the terms and conditions of defendant's franchise, or of an order of this Commission:

Now, upon reading and filing the said complaint, it is

Ordered, That a copy of the said complaint, together with the report thereon, by A. M. Gilbert, Inspector, of the Public Service Commission for the First District, dated October 18, 1907, be forwarded to said defendant, and that the matters therein complained of be satisfied or the charges in said complaint set forth be answered by said defendant within ten days after the service upon it of this order, exclusive of the day of service.

NEW YORK, October 7, 1907.

Public Service Commission, Tribune Building, N. Y.:

GENTLEMEN—I am a resident of the Park slope in Brooklyn, and while I strongly favor the completion of the Fourth avenue tunnel in respect to its being a great advantage to those residing in the extreme parts which this will reach, yet I would respectfully call your attention to the services provided by the Brooklyn Rapid Transit on its Fifth avenue surface division. It seems to me to be the object of that Company to force those who naturally would use the Fifth avenue line to take and use the elevated division by running the surface line under a long headway. There are many points which cannot be reached by the elevated road. In fact, it seems that the conductors on the surface line run cars on their own time. It is almost a daily occurrence that people have to wait eight or ten minutes for a car; this morning I waited seven minutes.

Saturday evening, September 28, at 12.30, I stood on the corner of Boerum place and Fulton street in the pouring rain for one hour, waiting for a Fifth avenue car, when I was informed by the switch tender at that locality that the Fifth avenue car did not run through to Fulton Ferry after an earlier hour in the evening. I was compelled to take a Seventh avenue car to Flatbush and Fifth avenues and wait at that point twenty-five minutes for a Fifth avenue car to come from somewhere or other, I suppose South Ferry.

On the Seventh avenue division the running of the surface cars is very different from that of Fifth avenue. The people in that section are very well accommodated, and if the Fifth avenue division were run on the same schedule the people residing at Fort Hamilton and other distant points would be much better accommodated than they are at the present time.

I would suggest, in order that you may be fully informed as to the facts herein stated, that you station one or two men on Fifth avenue, say for one full day, and have them take the number and time of each and every car passing a certain point.

Another complaint we have to make is the general condition of the cars used on this division; they are so filthy dirty that ladies almost object to use them, and this is a point which should receive immediate consideration.

There is still another thing to which I would like to call your attention, but I do not know whether it comes under your supervision, and that is, the smoke and soot coming from the power house located at Third avenue and First street. As far up as Sixth avenue, and even further, the soot settles on everything, even penetrating the joints of the windows; families residing in those localities have repeatedly to rewash clothing which is hung out in the yards to dry on account of the soot which settles on them, especially starched goods.

Trusting you will give the matter herein contained serious consideration, I beg to remain,

Yours very truly,
(Signed) J. D. BOWLES.

NEW YORK, October 16, 1907.

W. J. NORTON, Esq., Assistant Secretary, Public Service Commission:

DEAR SIR—In accordance with your instructions of October 8, 1907, I have had investigation made of Fifth avenue surface cars at Bergen street.

Southbound—Fort Hamilton and Bay Ridge.
Northbound—South Ferry and Fulton Ferry.

As regards the adequacy of service the following points might be brought to your notice as being strictly in accordance with complaint of Mr. Bowles, herewith attached:

(1) A twelve-minute headway on northbound car between 6 and 8 a. m., is inadequate when some cars are being run 5/3 full.

(2) It is questionable whether an average headway of thirteen minutes twenty seconds can be considered adequate service on southbound Bay Ridge cars between 6 and 8 a. m., while there are cases of passengers having to stand.

(3) An average headway of seventeen minutes eight seconds for southbound Fort Hamilton cars between 12 noon and 2 p. m., can hardly be considered adequate service. The same cars average twenty minutes from 2 to 4 p. m.

(4) From 4 to 6 p. m., an average headway of thirteen minutes twenty seconds on southbound Fort Hamilton cars is inadequate, with three out of seven cars running 4/3 full.

(5) From 4 to 6 p. m. an average headway of four minutes is apparently inadequate on southbound Bay Ridge cars, because in this period we have nine cases of "packed" cars.

(6) Ash cars are being run on the Fulton avenue and Bay Ridge lines in the day time. I think this is unlawful.

Yours very truly,

(Signed) ARCH. M. GILBERT, Inspector.

It was moved, and duly seconded, that the foregoing order be approved.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

The Secretary presented the following communication, which, on motion, duly seconded, was referred to the Chief Engineer:

NEW YORK, October 24, 1907.

Hon. WILLIAM R. WILLCOX, Chairman of the Public Service Commission, First District:

SIR—In order to properly prepare the above case for trial, it is necessary that I furnish each appraiser employed by me with a copy of the maps adopted by the Board of Rapid Transit Railroad Commissioners on the 16th day of June, 1904, consisting of six separate sheets numbered from 1 to 6, consecutively, and showing the viaduct extension of the Rapid Transit Railroad from a point where it emerges from the subway in Eleventh avenue, Borough of Manhattan, to the northern terminus thereof in Two Hundred and Thirtieth street, Borough of The Bronx. I shall also require a copy of the maps adopted by the Board of Rapid Transit Railroad Commissioners on the 3d day of January, 1907, consisting of ten sheets numbered from 1714, 1714-A to 1714-I, inclusive, showing the extension of the viaduct for the rapid transit railroad from Two Hundred and Thirtieth street, along Broadway, to a point 288 feet north of Two Hundred and Forty-second street. These maps, together, show the property affected and the easements appurtenant thereto, which it is necessary for The City of New York to acquire or extinguish in the above proceeding. I have employed two appraisers, so therefore need two copies of each map for this purpose. The maps heretofore sent to the Corporation Counsel are required for the use of the Commissioners in taking testimony in the above proceeding, and they are now being used for that purpose. It is also necessary that the Assistant in charge of the trial of the proceeding have a copy of each map in the office for reference in preparing for the trial of the case.

I shall, therefore, be greatly obliged if you will have three black prints of each of the above described maps made on linen-back paper and furnish me with them as soon as convenient, as I desire to set my appraisers to work at once. I have asked to have the maps made as black prints upon linen paper, because each of the copies will be subjected to severe and prolonged use, inasmuch as the proceeding is of considerable magnitude.

Respectfully yours,

(Signed) G. L. STERLING,
Acting Corporation Counsel.

Commissioner McCarroll presented the following order for adoption by the Commission:

ORDER No. 50.

In the Matter
of

The hearing on the motion of the Commission on the question of the adequacy and safety of the service and equipment of the Richmond Light and Railroad Company, in respect to the Fort Wadsworth curve.

Under order made September 27, 1907.

This matter coming on upon the report of a hearing had herein on the 10th day of October, 1907, and it appearing that the said hearing was held by and pursuant to an order of this Commission made September 27, 1907, and returnable on the 10th day of October, 1907, and that the said order was duly served upon the Richmond Light and Railroad Company, and that said service was by it duly acknowledged, and that the said hearing was held by and before this Commission on the matters in said order, specified on October 10, 1907, at which hearing proof was taken before Mr. Commissioner Bassett, presiding; Arthur DuBois, Esq., appearing for the Commission, and Frank H. Innes, Esq., for the Richmond Light and Railroad Company;

And it further appearing that at the close of the said hearing the Richmond Light and Railroad Company, by Frank H. Innes, its attorney, consented to an amendment of the order for hearing by the introduction and addition of the following clauses:

Seventh—Whether cars should come to a stop before entering this curve.

Eighth—Whether a direction sign, covering speed or stopping should be placed at this point.

Now, it being made to appear by the proceedings upon the said hearing that the regulations, practices, equipment, appliances and service of the said Richmond Light and Railroad Company in respect to the transportation of persons at or near the corner of New York and Richmond avenues, in Richmond County, in the First District, are unjust, unreasonable, unsafe, improper and inadequate, in that insufficient precaution is taken to prevent cars from rounding the said corner at an excessive and dangerous speed, and that in order to promote the security and convenience of the public and the employees of the said railroad company, certain improvements and changes in and certain additions to the property devices used by the Richmond Light and Railroad Company ought reasonably to be made.

Therefore, on motion of Abel E. Blackmar, Esq., Counsel to the Commission, it is

Ordered, That the following changes and improvements be made in the property, devices and services of the Richmond Light and Railroad Company at or near the corner of Richmond avenue and New York avenue, Richmond County, in the First District.

First—That the said Richmond Light and Railroad Company shall cause all cars operated by it, while proceeding towards St. George, to come to a full stop before entering upon the curve formed by the intersection of Richmond avenue and New York avenue, the place of stopping to be distant not more than thirty (30) feet south of the southerly end of the said curve.

Second—That the said Richmond Light and Railroad Company shall provide and conspicuously display at or near said curve a sign or notice which shall be plainly legible night and day to motormen operating cars bound for St. George and which shall clearly direct all motormen on cars bound for St. George to stop their cars before entering upon this curve; and it is further

Ordered, That this order shall take effect on November 15, 1907; and it is further

Ordered, That this order shall continue in force as long as the Richmond Light and Railroad Company shall continue to operate cars around the curve formed by the intersection of Richmond avenue with New York avenue, but without prejudice to an order for further or additional hearings or action thereon by the Commission in respect to anything herein prescribed while this order remains in force; and it is further

Ordered, That before November 5, 1907, the said Richmond Light and Railroad Company notify the Public Service Commission for the First District whether the terms of this order are accepted and will be obeyed.

It was moved, and duly seconded, that the foregoing order be approved.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Bassett presented the following order for adoption by the Commission:

1868

NEW YORK, October 21, 1907.

EDWARD M. BASSETT, Esq., Public Service Commission:

DEAR SIR—Complaint is hereby made against the Brooklyn Rapid Transit Company on account of the manner of operating its trains across the Brooklyn Bridge from and to the Manhattan terminal on Saturday afternoons, as follows:

To wit: The trains from Fulton street and the trains from Myrtle avenue arrive at the Brooklyn terminal yard from their respective tracks, there to be let in upon the bridge either upon the north or south track of the gauntlet bound to New York.

Because of the location of platforms at Manhattan terminal not more than two trains can be accommodated from one track at one time, the others must wait. If more than two, until one or both of the first have been dispatched.

Upon an observation made Saturday, October 19, 1907, from 1.30 to 3 p. m., and others, this one noting movements of 78 trains, 338 cars, shows at ten points there were three or four trains for one branch leaving the Manhattan terminal in succession—this congested the tracks leading from Brooklyn terminal.

The towerman at the Brooklyn terminal controls the movements of trains entering upon the bridge and should not pass more than two upon either gauntlet, as there is room to hold them at Brooklyn, but no room after leaving there. The delay of holding one train for another at Brooklyn can easily be made up before reaching New York.

Very respectfully,
(Signed) ROBERT E. ANTHONY.

The order was as follows:

ORDER No. 49.

Robert E. Anthony, Complainant,

vs.

Brooklyn Union Elevated Railroad Company, Defendant.

This matter coming on upon the complaint of Robert E. Anthony, of No. 353 East Seventeenth street, Borough of Brooklyn, City and State of New York, by which it appeared that said complainant is aggrieved by acts done or omitted to be done by Brooklyn Union Elevated Railroad Company, said defendants, and set forth in said complaint, which are claimed to be in violation of some provision of law, or of the terms and conditions of defendant's franchise, or of an order of this Commission:

Now, upon reading and filing the said complaint, it is

Ordered, That a copy of said complaint be forwarded to said defendant, and that the matters therein complained of be satisfied or the charges in said complaint set forth be answered by said defendant within ten days after service upon it of this order, exclusive of the day of service.

It was moved, and duly seconded, that the foregoing order be approved.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Commissioner Bassett—"I next present an order to show cause for a hearing in reference to the Brooklyn Heights Railroad and the Brooklyn Union Elevated Railroad, that they shall have a superintendent of terminals on the Brooklyn Bridge, who shall be in control of the elevated trains and the passengers going to those trains. At present, there is no regulating officer, especially on the Manhattan end of the bridge in the time of the rush, or any other time, and the result is that if there is an accident or any undue holdup, minor officials are depended upon who have other duties to perform, to control the crowd, to make announcements, to decide when people shall be sent below, and so on. The chief wrecker is the one really in charge, and he stays over on the Brooklyn end of the bridge, and when a serious accident happens they have to send for him, and before those in charge really know what to do they have to wait for him to come over, sometimes making people wait for long periods of time before they know what to do. With a superintendent in charge it will obviate this, and such important terminals as these terminals are really deserve to have a real head of terminals."

On motion, duly seconded, the matter was referred to Commissioner Bassett for attention.

The order to show cause was as follows:

ORDER No. 48.

2210

In the Matter

of

The hearing of the motion of the Commission as to the regulations, practices and service of the Brooklyn Heights Railroad Company and the Brooklyn Union Elevated Railroad Company, in the respects hereinafter mentioned:

It is hereby

Ordered, That a hearing be had on the sixth day of November, 1907, at two-thirty o'clock in the afternoon or at any time or times to which the same may be adjourned, at the rooms of the Commission, at No. 154 Nassau street, Borough of Manhattan, City and State of New York, to inquire whether the regulations, practices and service upon and near the New York and Brooklyn Bridge of the Brooklyn Heights Railroad Company and the Brooklyn Union Elevated Railroad Company, in respect to the transportation of persons in the First District, is unjust, unreasonable, unsafe, improper or inadequate, and to determine whether changes in the same ought reasonably to be made by said company, and if so found to be, then to determine whether a change in the said regulations, practices and service in the particulars following, at the place therein mentioned, would be just, reasonable, safe, adequate and proper to be put in force, observed and used in the transportation of persons at said place in the First District, namely:

Whether an official should be directed to be assigned and maintained by said companies or either of them upon the New York and Brooklyn Bridge, in direct charge and responsible control of all operation by the said companies or either of them of trains or cars, upon, over and along the said bridge, and approaches thereto, with power over and supervision of all equipment, employees and officials as to any and all matters affecting such operation on said structures by said companies or either of them.

And if such change in such service be found to be just, reasonable, safe, adequate and proper, then to determine the time within which such change should be provided.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable; further

Ordered, That the said Brooklyn Heights Railroad Company and said Brooklyn Union Elevated Railroad Company be given at least ten (10) days' notice of such hearing by service upon it, either personally or by mail, of a certified copy of this order, and that at such hearing said companies be afforded all reasonable opportunity to present evidence and to examine and cross-examine witnesses as to the matters herein above set forth.

It was moved, and duly seconded, that the foregoing order be approved.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Bassett—"I have a ten day order here on the complaint of F. A. Lippold, and about one hundred and twenty-five other residents along Flatbush avenue, between Cortelyou road and Dorchester road. This is a long block, and under the law it is entitled to a white painted post to cause trolley cars to stop. They have not been stopping there, but I took up the matter with the railroad company,

and they have issued an order that cars should stop there. This, however, is a complaint to the effect that the cars, notwithstanding the issue of orders from headquarters, do not stop there, and consequently, it seems to me it should go as a ten day notice, therefore move it be adopted."

The order was as follows:

ORDER No. 47.

F. A. Lippold, et al., Complainant,
vs.
Brooklyn Heights Railroad Company,
Defendant.

This matter coming on upon the complaint of F. A. Lippold, of No. 1120 Flatbush avenue, Borough of Brooklyn, City and State of New York, by which it appears that said complainant is aggrieved by acts done or omitted to be done by Brooklyn Heights Railroad Company, said defendant, and set forth in said complaint, which are claimed to be in violation of some provision of law, or of the terms and conditions of defendant's franchise, or of an order of this Commission:

Now, upon reading and filing the said complaint, it is

Ordered, That a copy of the said complaint be forwarded to said defendant, and that the matters therein complained of be satisfied or the charges in said complaint set forth be answered by said defendant within ten days after service upon it of this order, exclusive of the day of service.

The petition was as follows:

A Petition to the Service Commissioners.

The undersigned, owners and residents of Flatbush avenue, between Cortelyou road and Clarendon and Dorchester roads, do hereby petition the Honorable Board of Service Commissioners to compel the Brooklyn Rapid Transit authorities to place a station stop sign upon the station poles now painted as a station (white), in the middle of the above block; also to so instruct their motormen and conductors that the said station is for the benefit of the public, and that they (the motormen and conductors) will regard the usual signals which are generally given at station points of this kind.

A number of complaints are made daily by those to whom this station is a great convenience that motormen and conductors disregard the usual signals given at a station stop, thereby causing a great deal of inconvenience, especially in stormy weather, by taking them to the next corner, and again there are other complaints, conductors give the signal to stop, calling out "Clarendon road," and the motormen will stop at the station, and the public get out thinking they are at the corner, also causing unnecessary inconvenience.

This looks very much as if the B. R. T. were trying to discourage the use of this station, which rightly (by law) belongs to us.

If the B. R. T. intends this as a station stop, make it so, and not make a "make-shift" of it, as it is at present.

By kindly giving this your earnest attention you will oblige those who feel grateful to you for your past endeavors in getting back our station.

We remain,

Yours respectfully,
(Signed) F. A. LIPPOLD and others.

No. 1120 Flatbush avenue.

Upon motion, duly seconded, the foregoing order was approved.
Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Eustis—"Mr. Chairman, I have had referred to me the question on the design for the new station on the subway at One Hundred and Eightieth and One Hundred and Eighty-first streets. This was prepared some time ago by our architects and submitted to the railroad company, and also to the Zoological Society, at the entrance of whose grounds this station is to be built. They are very well pleased with it and the only objection that has been made has come from the railroad company. They think it would cost more than their ordinary stations. As this station is to be at the terminus of the subway route, at the entrance to the Zoological Society's grounds, I think we should erect a little different station there than anywhere else, and I move that these preliminary designs be approved, and that our Engineer be instructed to prepare construction plans and forward them to the railroad, and request that they proceed with the construction."

Commissioner Bassett—"The reason I am voting for this is because this is the permanent terminus. There is no possibility, as I understand it, of the road proceeding beyond this point, and on that account I believe it is proper that this should be done. I second the motion."

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Commissioner Eustis—"Mr. Chairman, I have another matter to report on a hearing. There was a complaint made some time ago by various people in the upper part of The Bronx against the Union Railway Company in stopping a certain line of cars, the Williamsbridge cars, at Two Hundred and Thirty-third street, while formerly they had continued them to the City line at Two Hundred and Forty-second street. There has been a hearing on that matter, we have taken testimony, and believe that the complaint is well founded, and unjust to the people, and I wish to submit the following report and order:

ORDER No. 45.

In the Matter
of
The complaint of James C. Smith against
the Union Railway Company of New
York and Westchester Electric Railroad
Company. Williamsbridge cars at Two
Hundred and Thirty-third street.

This matter coming on, on the complaint of James C. Smith, and the answer thereto of the Union Railway Company of New York City, and the report of the hearing had thereon on the 27th day of September, 1907, the 4th day of October, 1907, and the 11th day of October, 1907, and it appearing that said hearings were held by and pursuant to an order of the Commission made and entered the 13th day of September, 1907, and returnable on the said 27th day of September, 1907, and that the said order was duly served upon the said Union Railway Company of New York City, and that said service was by it duly acknowledged and that said hearing was held by and before this Commission on the matters specified in the said complaint and answer, and in said order for hearing on the said September 27, 1907; October 4, 1907, and October 11, 1907, Mr. Commissioner Eustis presiding, and Mr. Edward A. Maher, president of the Union Railway Company of New York, and Mr. Ambrose F. McCabe, attorney, appearing for said Union Railway Company, and Oliver C. Semple, Esq., Assistant Counsel, appearing for the Commission, and the Westchester Electric Railroad Company having also voluntarily appeared on the said hearing as if named in said complaint and order for hearing and consenting to be subject thereto by Mr. Edward A. Maher, its president, and Mr. Ambrose F. McCabe, its attorney.

Now, it being made to appear by the said complaint, answer and the proceedings on said hearing that the said Union Railway Company of New York and the said Westchester Electric Railroad Company are street railroads; that in The City of New York, in the First District, State of New York, the said Union Railway Company as such has tracks and franchises from Bedford Park on Webster avenue, Olin avenue and White Plains road to at or about Two Hundred and Nineteenth street, connecting at that point with tracks and franchises on said White Plains road on the said Westchester Electric Railroad Company, running to the New York City line at or about Two Hundred and Forty-second street, forming a continuous line of tracks and franchises for transportation from One Hundred and Ninety-eighth street, Bedford Park, to the northerly line of The City of New York, over the said Webster avenue, Olin avenue and White Plains road; that the said Union Railway Company and Westchester Electric Railroad Company have in respect of their separate tracks and franchises in The City of New York, including those aforesaid, an operating contract or agreement for use by each of the tracks and franchises of the other; that the regulations, practices

and service of the said Union Railway Company and Westchester Electric Railroad Company, in respect to the transportation of persons in the First District, are unjust, unreasonable, improper and inadequate in making Two Hundred and Thirty-third street on White Plains road the terminus of the Williamsbridge line of cars, and that it is just, reasonable, safe, adequate and proper to fix and prescribe regulations, practices and service to be enforced and to be observed in respect of such transportation of persons in the First District, as hereinafter set forth.

Therefore, on motion of Abel E. Blackmar, Counsel to the Commission, it is Ordered, as follows, to wit:

That the said Union Railroad Company, instead of terminating the service of the Williamsbridge line of cars at Two Hundred and Thirty-third street on White Plains road, shall run and operate the said Williamsbridge line of cars to and from the City line at or near Two Hundred and Forty-second street on White Plains road, and that the said Westchester Electric Railroad Company shall allow and permit the additional service hereinbefore prescribed, so far as the same is to be given upon its tracks and under its franchise; and it is further

Ordered, That this order shall take effect on the 31st day of October, 1907, and shall continue in force from and after the taking effect of the same for a period of twelve months; and it is further

Ordered, That within five days the said Union Railroad Company of New York and the said Westchester Electric Railroad Company notify the Public Service Commission for the First District whether the terms of this order are accepted and will be obeyed.

It was moved and duly seconded that the foregoing order be approved.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Commissioner Eustis—"I have also, Mr. Chairman, another report to make against the same company on the complaint made by the people in the upper part of The Bronx, against the Union Railway Company. They run a certain number of cars between One Hundred and Twenty-eighth street and New Rochelle, on which they charge a separate fare and refuse to take transfers. This also was considered by the Committee of the Whole, and I would like to make an order, which is as follows:

ORDER No. 46.

In the Matter
of
The complaint of James C. Smith
against
The Union Railway Company of New
York City and Westchester Electric
Railroad Company.
Bedford Park and New Rochelle Express
Line.

This matter coming on, on complaint of James C. Smith and the answer thereto of the Union Railway Company of New York City, and the report of the hearing had thereon on the 27th day of September, 1907, the 4th day of October, 1907, and the 11th day of October, 1907, and it appearing that said hearings were held by and pursuant to an order of the Commission made and entered the 13th day of September, 1907, and returnable on the said 27th day of September, 1907, and that the said order was duly served upon the said Union Railway Company of New York City and that said service was by it duly acknowledged and that said hearing was held by and before this Commission on the matters specified in the said complaint and answer and in said order for hearing on the said September 27, 1907, October 4, 1907, and October 11, 1907, Mr. Commissioner Eustis presiding, and Mr. Edward A. Maher, President of said Union Railway Company of New York City, and Mr. Ambrose F. McCabe, attorney, appearing for said Union Railway Company, and Oliver C. Semple, Esq., Assistant Counsel, appearing for the Commission, and the Westchester Electric Railroad Company having also voluntarily appeared on the said hearing as if named in said complaint and order for hearing and consenting to be subject thereto by Mr. Edward A. Maher, its President, and Mr. Ambrose F. McCabe, its attorney.

Now, it being made to appear by the said complaint, answer and the proceedings on said hearing that the said Union Railway Company and the said Westchester Electric Railroad Company are street railroads; that in The City of New York, in the First District, State of New York, the said Union Railway Company as such has tracks and franchises from Bedford Park on Webster avenue, Olin avenue to White Plains road, at or about Two Hundred and Nineteenth street, connecting at that point with tracks and franchises on said White Plains road, of the said Westchester Electric Railroad Company, running to the New York City line at or about Two Hundred and Forty-second street, forming a continuous line of tracks and franchises for transportation from One Hundred and Ninety-eighth street, Bedford Park, to the northerly line of The City of New York, over the said Webster avenue, Olin avenue and White Plains road; that the said Union Railway Company and Westchester Electric Railroad Company have in respect to their separate tracks and franchises in The City of New York, including those aforesaid, an operating contract or agreement for the use by each of the tracks and franchises of the other, with fare to and from the city line of five cents (5c.) for each passenger, with the right to each such passenger to receive at designated places, that is to say, at Bedford Park, at One Hundred and Ninety-eighth street and at the northern terminus of the Williamsbridge car line on White Plains road, from each company, and use for passage on the other company's tracks or cars, a transfer slip for a continuous trip within said City of New York, except, however, that the said Westchester Electric Railroad Company has been and is now so operating a line of special cars called express cars between Bedford Park in the First District and New Rochelle in the Second District, over the tracks and under franchises in said streets in The City of New York to and from the northerly line thereof, and upon said cars and over said line refuses to receive in said City of New York from passengers or issue to passengers said transfer slips for passenger transportation at the said designated transfer points upon said line; and it further

Appearing, That the said regulations and practices of said Westchester Electric Railroad Company and said Union Railway Company as affecting the rates charged and collected for the transportation of persons within the First District are, as to passengers to and from said special cars, in said City of New York, unjust, unreasonable, unjustly discriminatory and unduly preferential and in violation of law and that it will be just and reasonable to require that the maximum fare and rate to be observed and enforced, as to the amount to be charged for the service to be performed by said Union Railway Company and said Westchester Electric Railroad Company in the transportation of passengers in the First District, on said connecting lines of said companies, including the said Bedford Park and New Rochelle express cars, shall be fixed as hereinafter set forth.

Therefore, on motion of Abel E. Blackmar, Counsel to the Commission, it is

Ordered, As to the operation in the First District on Webster avenue, Olin avenue and White Plains road, in The City of New York, of the Bedford Park and New Rochelle express cars, as follows:

(1) That the Westchester Electric Railroad Company shall, in The City of New York, issue to its passengers on said cars transfer slips for further transportation in a continuous trip in the said City upon the cars of the Union Railway Company at One Hundred and Ninety-eighth street, Bedford Park, and at the terminus of the Williamsbridge car lines on White Plains road; that said Union Railway Company shall, at said places, accept from the said passengers said transfer slips for such further transportation in said City; that the said Union Railway Company shall, at the said places, issue to its passengers transfer slips for further transportation in a continuous trip in said City upon said Bedford Park and New Rochelle express cars, and that said Westchester Electric Railroad Company shall, at said places, accept on said Bedford Park and New Rochelle express cars from said passengers such Union Railway transfer slips for the said further transportation in said City.

All in the same manner and to the same extent as said companies issue to and accept from each other transfer slips at said places in respect of any other car or line of cars and without discrimination against or preference to any.

(2) That this order shall take effect the 31st day of October, 1907, and shall continue in force from and after the taking effect of same, so long as the operation of the said Bedford Park and New Rochelle cars shall be continued by said companies or either of them; and it is further

Ordered, That within five days the said Union Railway Company notify the Public Service Commission for the First District whether the terms of this order are accepted and will be obeyed.

It was moved, and duly seconded, that the foregoing order be approved.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Harry C. Daly, Laborer, last day's service December 4, 1907; resignation.

Melville A. Feynman, Laborer, last day's service December 7, 1907; resignation.

On motion, it was

Resolved, That, pursuant to the recommendation of the Chief Engineer in his communication No. 2191, December 11, 1907, the services of Isaac L. Felcher, Laborer, hereby are dispensed with, to take effect immediately, on account of the completion of the work to which he was assigned.

Communications from the Municipal Civil Service Commission.

A communication was received from the Municipal Civil Service Commission, dated November 29, 1907, stating that the Mayor had returned without approval resolution of said Commission, dated November 6, 1907, excepting from examination Edward P. York and Philip Sawyer, whom this Board desired to employ as Consulting Architects.

COMMUNICATIONS FROM THE CHIEF ENGINEER.

Weekly Report.

Nos. 117, December 2, 1907, and 118, December 9, 1907, were filed.

Leases.

No. 2163, November 22, 1907, recommended the making of a new lease with Jacob M. Hasbrouck for the third floor of the Hasbrouck Building, at New Paltz, N. Y., for three years from May 1, 1908, at the rate of eighty dollars (\$80) per month, with an option to the Board of renewing the same for two years thereafter at the rate of \$35 per month, the lessor to construct a fireproof vault for the safekeeping of the records of the Board.

On motion, this matter was referred to Commissioner Shaw, with power to take such action in behalf of the Board as he might deem advisable.

Agreement No. 38.

No. 2175, December 5, 1907, recommended the extension of the time for the completion of the work under this agreement with F. W. Miller, dated April 6, 1907, for wash borings in Westchester County, to May 1, 1908, and an increase of the estimated cost by \$1,000, making the total estimated cost \$7,500.

On motion, the said extension of time was granted, and the matter of increasing the estimated cost was referred to Commissioner Shaw, with power to take such action in behalf of the Board as he might deem advisable.

Agreement No. 22.

On motion, it was

Resolved, That, pursuant to the recommendation of the Chief Engineer in his communication No. 2176, December 11, 1907, the time for the completion of the 200 linear feet of borings under article 5, section 2a of the third modification, dated October 19, 1907, of Agreement No. 22, with C. H. McCarthy, is hereby extended to January 15, 1908.

Reports.

No. 2177, December 2, 1907, gave a brief outline of the work of the Engineering Bureau during the year 1907, and was filed.

OTHER COMMUNICATIONS.

Real Estate, General Plan, Modifications of June 25, 1907.

A communication was received from Everett Fowler, dated November 30, 1907, forwarding copy of the first report of the Commissioners of Appraisal in this proceeding, and was filed.

Legislation.

A communication was received from the City Club, dated December 2, 1907, stating that said club would discontinue its Bureau of Legislative Information, but that the same service would be rendered by the Legislative Index Publishing Company.

On motion, this matter was referred to Commissioner Shaw, with power to take such action in behalf of the Board as he might deem advisable.

Real Estate, General Plan, Modification of June 25, 1907.

A communication was received from the State Water Supply Commission, dated November 29, 1907, inclosing certified copy of corrected decision dated October 15, 1907, approving the map and profile of June 25, 1907, showing modification of the line of the Catskill Aqueduct.

On motion, the Secretary was directed to write the State Water Supply Commission, returning incorrect copy previously sent.

Supplies.

In reference to the letter of the Finance Department, dated November 27, 1907, referring to the alleged excessive price paid for an atlas to August R. Ohman & Co., the Secretary submitted a report by the Chief Clerk, to whom the same was referred on November 29, 1907, explaining that the atlas in question was needed immediately by the Engineering Bureau, and that it had been impossible to procure one at a cheaper price than \$40.

On motion, said report of the Chief Clerk was approved, and the Secretary was directed to forward a copy of the same to the Comptroller and request that the bill of Ohman & Co. be passed at the full amount as rendered.

Real Estate Claims.

A communication was received from John A. Delahanty of Albany, N. Y., dated December 2, 1907, forwarding copy of claim of the Hudson River Telephone Company for damages to its property on and over the real estate to be taken for the Ashokan Reservoir as follows:

| | |
|--|-----------|
| Pole line and appurtenances, from the Central Station in Ashokan, Town of Olive, Ulster County, to pole 607, of the Kingston-Pine Hill line... | \$500 00 |
| Pole line and appurtenances, from the central station in Ashokan to the livery stable of John Van Kleeck in West Shokan, and pole line and appurtenances, from said central station, running easterly to the residences of Charles McDonough and G. F. Mayer, and beyond the same to the said Kingston-Pine Hill line..... | 1,200 00 |
| Pole line and appurtenances, from said central station to the public pay station at Brown's station..... | 3,000 00 |
| Branch pole line and appurtenances, from said public pay station, running southerly to the mill of the Hudson River Wood Pulp Manufacturing Company | 300 00 |
| Established business | 15,000 00 |

Total..... \$20,000 00

On motion, the said communication and claim were referred to the Examiner of Real Estate and Damages for report, and the Secretary was directed to write Mr. Delahanty, acknowledging receipt of the same, and stating that they had been so referred.

Real Estate, Northern Aqueduct, Section 1.

A communication was received from the Finance Department, dated December 10, 1907, suggesting January 20, 1908, as the date to which interest should be computed on the awards under the third report of the Commissioners of Appraisal in this proceeding.

On motion, the vouchers for the payment of said awards were ordered to be prepared accordingly.

Agreements Nos. 66 and 67.

In reference to Chief Engineer's communications Nos. 2131 and 2153, Commissioners Chadwick and Shaw, to whom the same were referred on November 8 and 13, 1907, respectively, submitted proposed form of Agreement No. 67, with Arthur L. Washburne, and after discussion, and, on motion, these agreements were again referred to Commissioners Chadwick and Shaw, with power to take such action in behalf of the Board as they might deem advisable.

Real Estate, Northern Aqueduct, Section 2, Parcel 73.

In reference to Chief Engineer's communication No. 2146, Commissioner Chadwick, to whom the same was referred on November 13, 1907, submitted a report in writing, dated December 11, 1907, stating that negotiations with Mrs. Julia Chadwick had been unsuccessful.

On motion, the Chief Engineer was directed to prepare and submit to this Board a map showing the additional real estate which, in his opinion, should be acquired at or near said parcel.

Real Estate Claims.

In reference to the letter of A. C. & F. W. Hottenroth, dated November 8, 1907, referring to certain claims, Commissioner Chadwick, to whom the same was referred on November 13, 1907, submitted a written report dated December 11, 1907, stating that the claims of John J. Markle, No. 51; Joseph Yeaple, No. 52; Mrs. John Sheeley No. 66, and Mrs. J. Frost, No. 67, were claims for damages in the course of making surveys, and were still under investigation, but that all of the following claims, which include all those referred to Commissioner Chadwick on October 23 and November 8, 1907, were for consequential damages, and that in accordance with the advice of the Corporation Counsel, there was no action to be taken by the Board in regard to them at this time, and that the Corporation Counsel had been duly advised by the Secretary of the receipt thereof:

On motion, this report was confirmed.

Real Estate, Kensico, "Morris" Property.

In reference to the letter of Dr. Louis R. Morris, dated August 7, 1907, Commissioner Chadwick, to whom the same was referred on August 13, 1907, submitted a report in writing, dated December 11, 1907, giving the result of correspondence with Dr. Morris regarding the proposed taking of his property at Big Rye Pond and Little Rye Pond, in the Town of North Castle, Westchester County, N. Y., and recommending that no action should be taken by the Board at this time in regard to this matter. On motion, the said report was confirmed and ordered to be filed, and a copy thereof sent to the Corporation Counsel for his information.

On motion, the Board adjourned.

THOS. HASSETT, Secretary.

BOARD OF WATER SUPPLY.

New York, December 17, 1907.

The Board met pursuant to adjournment.

Present—Commissioners J. Edward Simmons, President; Charles N. Chadwick and Charles A. Shaw.

Real Estate, Northern Aqueduct, Section 2, Parcel 87.

Opinion No. 188, dated December 17, 1907, was received from the Corporation Counsel, and, pursuant to the advice contained therein, the following resolution was adopted:

Whereas, In the acquisition of the lands necessary for the purpose of constructing and maintaining the Catskill Aqueduct in the Town of Phillipstown, Putnam County, Parcel No. 87 claimed to be owned by Ellen Shewan, was acquired in fee, and

Whereas, The executors and devisees of Chalmers Dale, at the time of the acquisition of said Parcel No. 87 were vested with the right to construct and forever maintain a line of pipe from Ferris pond across Parcel No. 87, for the purpose of supplying their lands with pure and wholesome water, and

Whereas, It has been ascertained that the aqueduct can be constructed and maintained without any interference with the pipe laid or to be laid or the water rights of said executors and devisees of Chalmers Dale; now therefore be it

Resolved, That the executors and devisees of Chalmers Dale, their legal representative and successors in title, be and they hereby are authorized to continue to exercise all the rights they now possess in said Ferris pond or said pipe laid in perpetuity, and during the construction of the aqueduct the said pipe line will be cared for by The City of New York at its expense; and be it further

Resolved, That the Commissioners of Appraisal, in making their report, may make such use of this resolution as they may see fit.

On motion, the Board adjourned.

THOS. HASSETT, Secretary.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:

From December 1 to December 14, inclusive, 77 operations were performed at Bellevue Hospital, 15 at Gouverneur Hospital, 25 at Harlem Hospital and 7 at Fordham Hospital, at all but one of which the Attending Surgeons or their Assistants were present.

In compliance with instructions, an investigation was made of the noise in the dormitory in which the night men sleep. The noise was caused by the women Cleaners moving furniture. It is absolutely necessary to have the sleeping rooms cleaned, and it is not feasible to have a dormitory in which absolutely no cleaning is done during the day and in which no one is admitted.

Attention is invited to the great increase in the telephone service of Harlem and Fordham Hospitals. At Gouverneur Hospital about 8,200 messages suffice, while at Harlem and Fordham Hospitals 15,000 messages are sent. The matter has been investigated and the Supervising Nurse reports that all the Attending and Out Patient staff use the telephone to a large extent and occasionally even visitors to the house staff. It is recommended that a rule be made that the Attending Staff is not to use the telephone except as a pay service and that the service be confined, as far as possible, to institutional business.

Instruction is requested in regard to the reception of patients transferred to the allied hospitals. Gouverneur Hospital has few transfers, as the hospitals in that vicinity, particularly the Beth Israel and St. Gregory's, transfer direct to Bellevue Hospital or to the Department of Charities. Fordham Hospital has virtually no transfers from other hospitals. At Harlem there is quite a large transfer service, particularly from the J. Hood Wright Hospital. Patients are brought to the institution, and, as a rule, they are undesirable and noisy. As the J. Hood Wright Hospital receives from The City of New York some \$14,000 a year, discrimination should not be permitted to the inconvenience of the City Hospital.

The Commissioner of Charities has authorized the Supervising Nurses of Harlem and Fordham Hospitals to telephone to the Medical Superintendent of the Metropolitan Hospital and effect arrangements for the transfer of patients, thus doing away with the necessity of patients at those hospitals, chronic cases to be transferred to the hospitals of the Department of Charities being sent from One Hundred and Twentieth street to Twenty-sixth street, then to the admitting office at Bellevue, to be again returned to the dock for transfer to the City or Metropolitan Hospitals.

On motion, duly seconded, it was

Resolved, That the matter of the noise in the dormitory occupied by night employees be again referred to the General Medical Superintendent for further information and report.

On motion, duly seconded, it was

Resolved, That the use of the telephone by visitors in the hospitals of this Department be absolutely prohibited, and that for a period of one month a record be kept in Fordham and Harlem Hospitals of every telephone call, giving the name of the sender, the number of the call, etc.

On motion, duly seconded, it was

Resolved, That a letter be sent to the Trustees of the J. Hood Wright Hospital making complaint of the manner in which patients transferred from that hospital to Harlem Hospital are left at the latter institution without proper information and improperly clothed.

Resolved further, That the suggestion be made to the authorities of that hospital that they telephone to Harlem Hospital before transferring patients in order to assure themselves that there is room for patients about to be transferred.

Reports of Committees.

Mr. Paulding reported that closets for the clothing of patients in Bellevue Hospital, so arranged that the clothing of patients may hang instead of being done up in bundles, are now being prepared, and with the availability of new appropriations next month the work of installing the new system will be pushed with vigor.

THEO. A. BINGHAM, Police Commissioner.

POLICE DEPARTMENT.

January 4, 1908.

The following proceedings were this day directed by the Police Commissioner: Ordered, That the proceedings of January 2, 1908, increasing the quota of Patrolmen in the Police Force be and are hereby rescinded.

Whereas, Under chapter 160 of the Laws of 1907 it is provided that the total number of Patrolmen of the Police Force of the Police Department of The City of New York shall be 7,839, "until otherwise provided by the Board of Estimate and Apportionment upon the recommendation of the Mayor and the Police Commissioner;" and

Whereas, In the annual Budget of the Police Department for the year 1908 the Board of Estimate and Apportionment provided for an increase of the Police Force by the appropriation of \$320,000, "to provide for appointment of 600 Patrolmen during 1908, to average eight months' service;" and

On reading and filing opinion of the Corporation Counsel, dated January 3, 1908. Ordered, That it be and is hereby recommended to the Board of Estimate and Apportionment that the quota of Patrolmen of the Police Force of The City of New York be increased by 600, making a total of 8,439.

Ordered, That his Honor the Mayor be respectfully requested to concur in the above.

On reading and filing peremptory writ of mandamus, Supreme Court, Kings County, bearing date the 21st day of December, 1907, and opinion of the Corporation Counsel, dated January 2, 1908,

Ordered, That John S. Clancy, who was retired from the Police Force of The City of New York as Patrolman on the 14th day of February, 1905, be and he is hereby reinstated in his position as such Patrolman.

Ordered, That the Chief Clerk be and is hereby directed to prepare payrolls for the salary of the said John S. Clancy, chargeable against the appropriate accounts from the date of his retirement to the date of his reinstatement as such Patrolman, with interest.

Having investigated the financial condition of William Kelly and as a result of such investigation, and from the evidence now before me, being of the opinion that the said William Kelly does not need for his support the pension heretofore granted him,

Now, under authority vested in me by section 356 of the Greater New York Charter, it is

Ordered, That the pension heretofore granted to William Kelly on or about the 19th day of July, 1905, be and the same is hereby revoked, as of the 31st day of December, 1907.

Granted.

Permission to John P. Shea, Patrolman, Fifth Precinct, to receive reward of \$50 from United States Army for arrest of deserter. With usual deduction.

BOARD OF ELECTIONS.

Meeting of the Board of Elections, held Wednesday, September 4, 1907, at 12 o'clock m.

Present—Commissioners Dooling, Page and Maguire.

The minutes of the meeting of the Board held on the 28th ult. were read and approved.

The following communications were received and disposed of as stated, viz.:

From Hon. William S. Jackson, Attorney General, dated the 27th ult., transmitting a copy of his opinion given to the County Clerk of Rensselaer County, to the effect that the provisions of the Primary Election Law do not apply this year to the Socialist and Prohibition parties, and advising the Board, in response to its inquiry, that if the Socialist and Prohibition parties have heretofore, either by voluntary election or by the provisions of the law itself, come under it so that they now have enrollments on which they may hold official primaries this year, it was not intended by him to express any opinion upon such a situation. Filed.

From William O'Connor, Secretary, President of the Board of Aldermen, dated the 3d inst., acknowledging the receipt of copy of departmental estimate of the Board for the year 1908, and stating that the same will be transmitted to the Board of Aldermen at its next regular meeting. Filed.

From N. Taylor Phillips, Deputy Comptroller, dated the 28th ult., stating that the Comptroller's certificate has been endorsed upon the contracts of the Martin B. Brown Company for furnishing supplies for the forthcoming elections, and that the same is now a valid contract. Filed.

From Adolf C. Schwartz, stating that his father, Anton Schwartz, has removed from the Seventh Election District, Twenty-third Assembly District, New York County, and that there is, therefore, no objection to striking his name from the enrollment records of said district. Referred to the Corporation Counsel.

From the Chairmen of the County Committees of the Democratic Party in the Counties of New York and Richmond, the Republican Party in the Counties of New York, Kings and Richmond, the Socialist Party in the Counties of New York, Queens and Richmond, and the Prohibition Party in the Counties of New York, Kings and Richmond, and from the Chairman of the City Committee of the Republican Party in The City of New York, transmitting statements of the conventions and committees of said parties for which delegates and members respectively will be elected at the forthcoming primary elections. Filed.

From the Chairmen of the County Committees of the Socialist Party in the Counties of New York, Kings, Queens and Richmond, and the Prohibition Party in the Counties of New York, Kings and Richmond, transmitting copies of the rules and regulations adopted by said committees for the current year. Filed.

From Thomas F. Smith, Secretary, New York County Democratic-Republican General Committee, dated the 29th inst., requesting to be informed in relation to the paper prescribed by the Board for the use of said party for primary election ballots. Filed, and the President instructed to comply with said request.

From Thomas F. Smith, Secretary, etc., dated the 29th ult.; Henry L. Slobodin, Chairman, New York County Socialist General Committee, dated the 29th ult., and William Mackenzie, Chairman, Kings County Socialist General Committee, dated the 31st ult., stating the number of ballots which will be required by said committees for use at the forthcoming primary election. Filed.

From Clarence E. Pitts, Chairman, New York State Prohibition Committee, dated the 27th ult., in relation to the opinion of the Attorney General on the question of the status of the Prohibition Party under the Primary Election Law. Filed.

From Darmstadt, Scott & Courtney, dated the 29th ult., requesting the return of their certified check for \$200, which was filed with their proposal to purchase old paper stock from the Board. Referred to the President.

From the Chief Clerk of the Brooklyn Borough office, dated the 29th ult., reporting that the work of arranging the enrollment books for the election districts in said borough for the forthcoming primary elections has been completed. Filed.

From the Chief Clerk of the Queens Borough office, dated the 31st ult., reporting in relation to supplies received from the Martin B. Brown Company. Referred to the Chief Clerk of the Board to verify as to quantities called for by contract or special order.

The President reported that copies of affidavits and orders to show cause in proceedings brought for the purpose of having the names of divers persons therein named

as respondents stricken from the primary enrollment records of certain election districts in the Twenty-third Assembly District, New York County, had been served upon him. On motion, said papers were referred to the Corporation Counsel for such action on behalf of the Board as he may deem necessary or proper.

The Board then adjourned.

CHAS. B. PAGE, Secretary.

BOARD OF ELECTIONS.

Meeting of the Board of Elections, held Tuesday, September 10, 1907, at 12 o'clock m.

Present—Commissioners Dooling, Page, Maguire and Fuller.

The minutes of the meeting of the Board held on the 4th inst. were read and approved.

The following communications were received and disposed of as stated, viz.:

From Arthur J. O'Keeffe, Acting Police Commissioner, dated the 6th inst., stating that the request of the Board for the aid and co-operation of the Police Department in enforcing the provisions of the primary and general election laws at the forthcoming primary election, registration of electors and general election will receive immediate consideration. Filed.

From Timothy F. Driscoll, chairman, and Daniel A. Golden, secretary, New York County General Committee, Independence League, transmitting copy of a resolution adopted by said committee at a meeting held on August 29, 1907, in relation to a primary election proposed to be held by said party for the purpose of electing delegates to a county convention and conventions for the several Municipal Court, Assembly and Aldermanic Districts. Filed.

From George A. Cohen, Clerk, the Board of Deputy State Supervisors and Inspectors of Elections, Cincinnati, Ohio, dated the 7th inst., calling the attention of the Board to the style of voting booth used in Cincinnati. Filed.

From Martin B. Brown Company, dated the 6th inst., transmitting copy of an agreement signed by said company to furnish primary ballot paper. Filed.

From Jacob Newman, dated the 6th inst., requesting to be furnished with "map showing the present district apportionments of The City of New York, in so far as they affect the assembly and judicial districts, as well as all the minor districts." Referred to the President.

From Mrs. Lillian J. Carr, dated the 9th inst., stating that A. C. Allen, Chief Clerk of the Board, is ill and unable to report for duty. Filed.

The President reported that copies of affidavits and orders to show cause in proceedings brought for the purpose of having the names of divers persons therein named as respondents stricken from the primary enrollment records of certain election districts in the Seventh, Twenty-third and Thirty-first Assembly districts, New York County, and the Fifteenth Assembly District, New York County, had been served upon him.

On motion, said papers were referred to the Corporation Counsel for such action on behalf of the Board as he may deem necessary or proper.

The following resolutions were adopted, viz.:

Resolved, in pursuance of the provisions of section 12, chapter 909, Laws of 1896, as amended, That the constitutional and statutory oaths of office shall be administered to the persons who may be appointed as election officers for the term ending August 31, 1908, by John T. Dooling, Charles B. Page, John Maguire and Rudolph C. Fuller, Commissioners of Elections, by the Chief Clerk and Deputy Chief Clerk of the Board and by the Chief Clerks and Deputy Chief Clerks of the several borough branch offices of the Board in their respective boroughs; and be it further

Resolved, That the President of the Board be and he is hereby authorized and instructed to certify over his signature to the designation of said Chief Clerks and Deputy Chief Clerks.

Resolved, That the application blanks filed in the offices of the Board of persons authenticated for appointment as election officers for the term ending August 31, 1908, by the respective Chairmen of the Executive Committees of the several County Committees of the Democratic and Republican parties in The City of New York, be and they are hereby directed to be referred in each borough to the Chief Clerk thereof for examination, by or under the direction of Commissioners Dooling and Page, in the Boroughs of Manhattan, The Bronx and Richmond, and Commissioners Maguire and Fuller in the Boroughs of Brooklyn and Queens, and report on or before September 21, 1907, as to the qualifications of the persons recommended for election officers in said blanks, with a recommendation for appointment of such as may be found qualified.

Resolved, That the Chief Clerk of the branch offices of the Board in the several boroughs of The City of New York be and they are each and severally hereby directed to submit to the Board on or before September 13, 1907, a list of primary districts in their respective boroughs prepared in accordance with the provisions of chapter 473, section 4, subdivision 3, Laws of 1899 (Primary Election Law), for the primary election to be held on September 24, 1907, uniting wherever practicable an odd and even numbered election district into a primary district, said list to be accompanied with any and all necessary maps and descriptions of the proposed primary districts.

Resolved, That the rates to be paid for the use of rooms for places required in The City of New York for the purposes of registration and enrollment in October, 1907, be and they are hereby fixed at five dollars per day for each place, and for the use of polling places required for the purpose of the general election on November 5, 1907, be and they are hereby fixed as follows: In the Borough of Manhattan, thirty dollars for each place; in the Boroughs of The Bronx and Brooklyn, twenty-five dollars for each place; in the Boroughs of Queens and Richmond, fifteen dollars for each place.

Resolved, That the rates to be paid for the use of polling places in The City of New York on the day of the primary elections, September 24, 1907, be and they are hereby fixed as follows: Fifteen dollars for each place in the Boroughs of Manhattan, The Bronx and Brooklyn; ten dollars for each place in the Boroughs of Queens and Richmond.

Resolved, That the Chief Clerk of the Board be and he is hereby instructed to notify the several Borough Chief Clerks of the rates established by the foregoing resolution, in so far as the same are applicable to the respective boroughs, and direct said Chief Clerks to prepare leases for said places in accordance therewith.

Resolved, That the persons whose names and residence addresses appear in the original lists which have been filed with the Board of Elections of The City of New York by the respective Chairmen of the Executive Committees of the County Committees of the Republican and Democratic parties in the several counties within The City of New York be and they are each and severally hereby selected for appointment as Inspectors of Election, Poll Clerks and Ballot Clerks for the year ending August 31, 1908; and be it further

Resolved, That the Chief Clerks of the several borough branch offices of the Board be and they are each and severally hereby directed to notify said persons to appear for examination as to the qualifications required of them by section 11 of the Election Law.

Resolved, That the Department of Police be and it is hereby authorized and requested to receive for and on behalf of the Board of Elections of The City of New York the ballot boxes used for the reception of ballots at each polling place at the primary election to be held within The City of New York on September 24, 1907, and carefully preserve the same until otherwise requested by the Board or directed by a court of competent jurisdiction.

The President stated that the Board was ready to proceed with the hearings set for to-day on the questions raised by certain objections filed with the Board to the statement of conventions and committees for which delegates and members, respectively, are to be elected at the forthcoming primary election of the Democratic party in the County of New York.

Francis J. Kurzi and James E. Smith, Esqs., appeared in support of the objections.

Daniel F. Cohalan, Edward Browne and Robert Luce, Esqs., in opposition thereto.

Arguments were had by counsel and leave granted both sides to file affidavits or memoranda of law on or before September 11, 1907, at 4 o'clock p. m.

Hearing closed and decision reserved.

The Board then adjourned.

The Board then considered the questions raised by the several objections filed to the statement of conventions of the Democratic Party in New York County for which delegates are to be elected at the forthcoming primary elections.

On motion, the following resolutions were adopted, viz.:

Resolved, That the several objections filed with the Board of Elections of The City of New York by Richard F. Speckman, Otto G. Menger, William J. Kelly, Michael J. Redmond and J. Carroll Edwards to the statement of conventions for which delegates are to be elected by the Democratic Party of the County of New York at the official primary election to be held in said County on September 24, 1907, together with the affidavits of John J. Coyne, James H. Goggin, Frederick C. Humphreys, Stephen J. Stillwell, Thomas H. Murphy and John V. Sheridan, submitted in opposition to said objections, be and they are each and severally hereby ordered on file.

Resolved, That the several objections filed by Richard F. Speckman, Otto G. Menger, William J. Kelly, Michael J. Redmond and J. Carroll Edwards, to the statement of conventions for which delegates are to be elected by the Democratic Party of the County of New York at the official primary election to be held in said County on September 24, 1907, which said statement was filed with this Board by J. Sergeant Cram, Chairman of the General Committee of the Democratic Party in the County of New York, pursuant to the provisions of section 4, subdivision 4, of the Primary Election Law, be and they are hereby sustained.

The President reported that copies of affidavits and orders to show cause in proceedings brought for the purpose of having the names of divers persons therein named as respondents stricken from the primary enrollment records of certain election districts in the Thirty-first Assembly District, New York County, had been served upon him. On motion, said papers were referred to the Corporation Counsel for such action on behalf of the Board as he may deem necessary or proper.

The Board then adjourned.

Whereas, It will be impracticable for the Commissioners of Elections of The City of New York, acting as the Board of Elections of The City of New York, on the day of the official primary elections, September 24, 1907, to supervise the enforcement of the provisions of law relating to the conduct of primary elections in so far as authority so to do is vested in said Board, and to remove and appoint election officers in accordance with the provisions of section 12 of the Election Law and section 5 of the Primary Election Law; therefore be it

Resolved, That in and for the Counties of New York and Richmond Commissioners of Election John T. Dooling and Charles B. Page, and in and for the Counties of Kings and Queens Commissioners of Elections John Maguire and Rudolph C. Fuller be and they are hereby each and severally hereby authorized, empowered and instructed by the Board of Elections of The City of New York, as such Commissioners, to supervise the enforcement of the provisions of law relating to the conduct of primary elections at the official primary elections of the political parties represented by the said Commissioners, respectively, to be held on September 24, 1907, in so far as authority so to do is vested in the said Board; and be it further

Resolved, That the said Commissioners of Elections be and they are each and severally in and for the Counties aforesaid, hereby authorized, empowered and instructed on the day of said primary elections, September 24, 1907, to remove any election officer or election officers, representing the same political party as said Commissioners, respectively, who may be guilty of improper conduct while actually on duty or whose removal may be requested by the Chairman of the Executive Committee of the County Committee of the political party represented by such election officer or election officers, and said Commissioners are hereby each and severally in and for the Counties aforesaid and for and on behalf of the political parties represented by said Commissioners, respectively, authorized, empowered and instructed to fill, in accordance with the provisions of section 12 of the Election Law, all vacancies in election offices which may exist on said day because of removal, absence from the polls or for any other cause, said removals and appointments to be ratified by the Board of Elections of The City of New York.

Resolved, That the places in The City of New York located in the Counties of New York, Kings, Queens and Richmond, set forth in the lists this day submitted by the Chief Clerks of the branch offices in the several boroughs, marked respectively "AA," "BB," "CC," "DD" and "EE," be and they are hereby designated in accordance with the provisions of section 10, chapter 909, Laws of 1896, as amended, as polling places in the respective election districts of the several Assembly Districts in said Counties at and in which the registration of electors, the Primary Election and the General Election shall be held during the year ending August 31, 1908.

Resolved, That the proposal of the various lowest bidders for cartage of the enrollment books, ballot boxes, voting booths and polling place fittings, required for use at the primary elections to be held September 24, 1907, from the respective places of storage to the police precinct station-houses or the polling places in the several election districts in the Police Precincts, returning and replacing the same as directed, immediately after the election to the places whence obtained, for the sum and prices hereinbelow stated, be and they are hereby accepted.

The Board then adjourned.

CHAS. B. PAGE, Secretary.

BOARD OF ELECTIONS.

Meeting of the Board of Elections, held Saturday, September 21, 1907, at 2 o'clock p. m.

Present—Commissioners Dooling, Page, Maguire and Fuller.

The reading of the minutes of the meeting of the Board held on the 20th inst. was dispensed with.

The Chief Clerks of the several branch offices of the Board for the respective boroughs of The City of New York submitted lists containing the names and addresses of persons proposed for appointment as election officers by the several Chairmen of the

Executive Committees of the County Committees of the Democratic and Republican parties in the several counties within The City of New York, which said persons have been examined and have qualified in accordance with the requirements of the Election Law.

On motion, the following resolution was adopted, viz.:

Resolved, That the persons who appear by the oath books in the several borough offices of this Board to have been duly examined by or under the direction of the several Commissioners of Election of The City of New York, and to have qualified in accordance with the provisions of sections 11 and 12 of chapter 909 of the Laws of 1896, as amended, during the period commencing September 1, 1907, and ending September 21, 1907, to serve as election officers in the Counties of New York, Kings, Queens and Richmond, which persons were nominated for appointment in lists duly authenticated and filed with this Board by the Chairmen of the Executive Committees of the County Committees of the Republican and Democratic parties in the Counties of New York, Kings, Queens and Richmond, be and they are each and severally hereby appointed to fill the positions for which they were severally recommended in the respective election districts of the Assembly districts as specified in said oath books.

From Hon. Herbert Parsons, Chairman, Executive Committee, New York County Republican Committee, requesting the removal of certain election officers therein named, and duly authenticating the names of persons to fill the vacancies created by such removals.

On motion, the said communication was ordered on file, the Chief Clerk directed to transmit the names, etc., of the persons proposed for appointment to the Chief Clerk of the Manhattan Borough office for notification of examination, etc., and the following preamble and resolution adopted, viz.:

Whereas, A written request for the removal of certain election officers heretofore selected for appointment in the County of New York has been filed with the Board of Elections by the Chairman of the Executive Committee of the New York County Republican Committee, pursuant to section 12, chapter 909, Laws of 1896; therefore be it

Resolved, That the following named persons heretofore selected for appointment as Inspectors of Elections and Ballot Clerks for the Assembly and election districts specified, be and they are each and severally removed and dismissed as such election officers.

DEPARTMENT OF DOCKS AND FERRIES.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon of

WEDNESDAY, JANUARY 15, 1908.

FOR A LEASE FOR A TERM OF FIVE YEARS, BEGINNING ON A DATE TEN DAYS AFTER SAID LEASE SHALL BE APPROVED BY THE COMMISSIONERS OF THE SINKING FUND, OF THE RIGHT TO USE AND OCCUPY THE INSHORE OR MOST EASTERLY DUMP ON THE NORTHERLY SIDE OF THE PIER AT THE FOOT OF WEST THIRTIETH STREET, NORTH RIVER, BOROUGH OF MANHATTAN, TOGETHER WITH THE RIGHT TO USE THE RAMP OR APPROACH THERETO.

It being understood that the lessee shall not in any way interfere with the operation of the Department of Street Cleaning dumps on the northerly side of said pier.

The lessee shall make all repairs to the dumping board above described.

All repairs to that portion of the ramp or approach extending from the easterly end thereof to the westerly end of the inshore dumping board shall be made by the Department of Street Cleaning, but one-half of the cost thereof, as shown by the books and accounts of the Department of Street Cleaning shall be borne by the lessee.

The lessee shall covenant and agree that he will at all times do such dredging from time to time during the term of said lease as may be considered necessary or proper by the Commissioner of Docks to a depth of at least 20 feet at mean low water, in the basin or slips or water adjacent at the northerly side of said pier, commencing at the bulkhead line and extending outshore to the westerly end of the inshore or most easterly dumping board.

The Commissioner of Docks expressly reserves the right to reject any and all bids; should a bid, however, be accepted, the said Commissioner will prepare a form of lease and transmit same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners. The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department.

No bid will be considered unless accompanied by a certified check payable to order of Department of Docks and Ferries, or cash in the sum of \$500 as security for the execution of the lease, which \$500 will be applied to the payment of the rent first accruing under the lease, when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, and the successful bidder will be required to agree that he will, upon three days' notice so to do, execute a lease, the form of which may be seen and examined upon application to the Secretary, at the office of the Department, Pier "A," Battery place; and also to furnish a bond or obligation in the sum of double the annual rent for the faithful performance of all the covenants and conditions of the lease, the sureties on bond to be approved by the Commissioner of Docks.

J. A. BENDEL,
Commissioner of Docks.

Dated December 31, 1907.

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," NORTH RIVER, NEW YORK, March 31, 1904.

THE COMMISSIONER HAS FIXED THE amounts of bonds required on contracts awarded by this Department, as follows:

On all contracts for supplies, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is not over \$200,000, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$200,000, but not over \$1,000,000, 25 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$1,000,000, 20 per cent. of the estimated cost.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Resolved, That this Board hereby sets January 24, 1908, at 10.30 a. m., in the Old Council Chamber, Room 16, City Hall, Borough of Manhattan, as the time and place for a public hearing on the proposed modifications to the resolution adopted by this Board June 7, 1907, approved by the Mayor June 11, 1907, consenting to a relocation and change of grade of the tracks of the Manhattan Beach Division of the New York, Brooklyn and Manhattan Beach Railway; and be it further

Resolved, That the Secretary of this Board be and he hereby is directed to publish these resolutions in the City Record for ten days prior to such date, and forward copies of these resolutions to the Flatbush Board of Trade and the Long Island Railroad Company.

JOSEPH HAAG,
Secretary.
Dated New York, January 10, 1908.
j13,24

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held October 18, 1907, the following petition was received:

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—The Long Island Railroad Company, for the purpose of facilitating travel over its line, promoting the safety and comfort of its passengers, and to avoid the crossing at grade of the Union turnpike and several other streets, has had, by vote of two-thirds of its directors, altered or changed its route between a point about four hundred (400) feet west of Ascan avenue and a point about seven hundred (700) feet east of Lefferts avenue, in Richmond Hill, in the Second Ward of the Borough of Queens, City of New York, so that the same shall be a straight line between these points instead of the existing curve (which constitutes an element of delay and danger in operation), and had adopted a survey map and profile (of which a copy is hereto annexed), which survey map and profile was duly filed in the office of the Clerk of the County of Queens on October 4, 1907. The new route between these points will be constructed entirely upon property which is the property of the railroad. It will not cross any streets at grade, as the existing curve does; it

will be carried over all intersecting streets by bridges. It will therefore be a public improvement.

It respectfully requests the consent of The City of New York to the said alteration and change of this portion of its route.

Dated New York, October 7, 1907.
THE LONG ISLAND RAILROAD COMPANY,

[SEAL.] By **RALPH PETERS,**
President.

FRANK E. HAFF,
Secretary.

City and County of New York, ss:

Frank E. Haff, being duly sworn, says: That he is the secretary of the Long Island Railroad Company; that the facts stated in the foregoing petition are true to the best of his knowledge and belief.

FRANK E. HAFF.

Sworn to before me this 7th day of January, 1908.

JAMES A. FLANAGAN,
Notary Public, Kings County, No. 145.
Certificate filed in New York County.

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Long Island Railroad Company, dated October 7, 1907, was presented to the Board of Estimate and Apportionment at a meeting held October 18, 1907,

Resolved, That, in pursuance of law, this Board sets Friday, the 24th day of January, 1908, at 10.30 o'clock in the forenoon and Room 16, in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

JOSEPH HAAG,
Secretary.
New York, January 10, 1908.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held this day in the Old Council Chamber, Room 16, City Hall, Borough of Manhattan, the public hearing on the proposed form of contract consenting to certain modifications and alterations in the line of the route of the New York and Port Chester Railroad Company, in the Borough of The Bronx, as laid down in the contract dated May 31, 1906, granting a franchise to said company, which, by resolution adopted July 8, 1907, was fixed for September 20, 1907, and on that date continued to November 1, 1907, and on that date continued to December 13, 1907, and on that date continued until January 10, 1908, was continued until January 24, 1908.

JOSEPH HAAG,
Secretary.
Dated New York, January 10, 1908.
j13,24

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Grandview avenue, between Metropolitan avenue and Stanhope street, and between Linden street and Forest avenue, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the southerly line of Metropolitan avenue where it is intersected by the prolongation of a line midway between Amory street and Grandview avenue, as laid out between Metropolitan avenue and Amory court, and running thence southeasterly along the said line midway between Grandview avenue and Amory street and the prolongation of the said line to the centre line of Stanhope street; thence southwesterly along the centre line of Stanhope street to the intersection with the prolongation of a line midway between Grandview avenue and Amory street as laid out between Stanhope street and Ralph street; thence southeasterly along the said line midway between Grandview avenue and Amory street and the prolongation of the said line to the intersection with a line which is the bisector of the angle formed by the intersection of the westerly line of Forest avenue and the northeasterly line of Grandview avenue; thence southeasterly along the said bisecting line to a point distant 100 feet northeasterly from the northeasterly line of Grandview avenue, the said distance being measured at right angles to the line of Grandview avenue; thence southeasterly and parallel with Grandview avenue to the easterly line of Forest avenue; thence easterly at right angles to the line of Forest avenue a distance of 100 feet; thence southwesterly and parallel with Forest avenue to a point distant 100 feet southerly from the southerly line of Palmetto street; thence westwardly and southwesterly and always distant 100 feet from Palmetto street to the intersection with the prolongation of a line midway between Grandview avenue and Fairview avenue; thence northwesterly along the said line midway between Grandview avenue and Fairview avenue and the prolongations of the said line to the intersection with a line at right angles to Metropolitan avenue and passing through a point on the southerly line of Metropolitan avenue midway between Grandview avenue and Starr street; thence northwardly along the said line at right angles to Metropolitan avenue to a point distant 100 feet northerly from the northerly line of Metropolitan avenue; thence easterly and parallel with Metropolitan avenue to the intersection with a line at right angles to Metropolitan avenue, and passing through the point described as the point of beginning; thence southwesterly along the said line at right angles to Metropolitan avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 17th day of January, 1908, at 10.30 o'clock a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 17th day of January, 1908.

DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street opening purposes, in the

Borough of Manhattan.

Being the buildings, or parts of buildings, within the area of the proposed Delancey street extension, located between Broome and Spring streets, and extending from Elizabeth to Marion street, in the Borough of Manhattan, which were not sold on Monday, June 24, 1907, and which are more particularly described as follows: Nos. 7, 9, 11 Marion street, and from Nos. 8 to 22 Mulberry street (entire buildings), Nos. 196 to 204 Mulberry street (31 square feet), No. 188 Mulberry street (882 square feet), No. 185 Mott street (51 square feet), Nos. 156 to 162 Elizabeth street (entire buildings and machinery), which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held June 5, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, JANUARY 29, 1908

at 10 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete

after the expiration of thirty days from the day of sale. A copy of the contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and contract. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security deposited. This security must be deposited within forty-eight hours after the sale, and may at any time after the expiration of the contract period be applied by the City to the cost of completing any work required under the contract but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, existing within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two (2) feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening in main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that said work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings or appurtenances, or any portion thereof, within thirty days from the day of sale will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expenses thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within thirty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

H. A. METZ,

Comptroller.

City of New York, Department of Finance, Comptroller's Office, January 14, 1908.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 7.

RESTORING ASPHALT PAVEMENT ON MANHATTAN AVENUE, east side, between Cathedral parkway and One Hundred and Eleventh street, known as Lots Nos. 1, 3, 27, 28 and 30, in Block 1846.

RESTORING ASPHALT PAVEMENT ON CONVENT AVENUE, east side, between One Hundred and Twenty-eighth and One Hundred and Twenty-ninth streets, and known as Lot No. 29, in Block 1968.

These assessments were certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

That the same were entered on January 13, 1908, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 13, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

HERMAN A. METZ,

Comptroller.

City of New York, Department of Finance, Comptroller's Office, January 13, 1908.

at 10 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of the contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and contract. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security deposited. This security must be deposited within forty-eight hours after the sale, and may at any time after the expiration of the contract period be applied by the City to the cost of completing any work required under the contract but unfinished at the expiration of the contract period.

All the buildings, structures and parts thereof, their fixtures and foundations, of every class and description, within the described area are to be torn down to the existing curb level and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away.

The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings or appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expenses thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PARK COMMISSIONER, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York acquired for park purposes in the

Borough of Manhattan.

Being all those buildings, parts of buildings, etc., on West One Hundred and Forty-fifth street and Edgecombe avenue, more particularly known as Nos. 335, 337, 339, 341 and 343 West One Hundred and Forty-fifth street and No. 245 Edgecombe avenue, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held October 23, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

MONDAY, JANUARY 20, 1908,

at 10 a. m. on the premises, upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incom-

plete after the expiration of sixty days from the day of sale. A copy of the contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and contract. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security deposited. This security must be deposited within forty-eight hours after the sale, and may at any time after the expiration of the contract period be applied by the City to the cost of completing any work required under the contract but unfinished at the expiration of the contract period.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description, within the described area are to be torn down to the existing curb level, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studs, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away.

The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings or appurtenances, or any portion thereof, within sixty days from the day of sale will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expenses thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they, or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

NOTICE OF SALE OF LANDS AND TENEMENTS WITHIN THAT PART OF THE CITY OF NEW YORK NOW KNOWN AS THE BOROUGH OF RICHMOND, FOR UNPAID TAXES AND ASSESSMENTS.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES, ASSESSMENTS AND WATER RENTS, STEWART BUILDING, No. 280 BROADWAY, BOROUGH OF MANHATTAN, NEW YORK CITY, August 10, 1907.

UNDER THE DIRECTION OF HERMAN A. METZ, Comptroller of The City of New York, the undersigned hereby gives public notice pursuant to the provisions of section 1027 of the Greater New York Charter:

That the respective owners of the lands and tenements within that part of The City of New York now known as the Borough of Richmond, on which taxes have been laid and confirmed according to law by The City of New York for the years 1899, 1900, 1901, 1902 and 1903, including taxes on the real estate of corporations for the said years and taxes on the special franchises of corporations for the years 1900, 1901, 1902 and 1903, and which now remain due and unpaid:

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid, on which the assessments have been laid according to law by the said City of New York for the years 1899, 1900, 1901, 1902, 1903 and 1904, and which now remain due and unpaid, are required to pay the amount of the said taxes and assessments so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assessments and Arrears, at his office in the Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York.

And that, if default shall be made in such payment, such lands and tenements will be sold at public auction, in Room 129, Borough Hall, New Brighton, in the Borough of Richmond, in The City of New York, on

WEDNESDAY, NOVEMBER 20, 1907,

at 10 o'clock in the forenoon of that day, for the lowest term of years at which any person shall offer to take the same, in consideration of advancing the said taxes or assessments, as the case may be, and the interest thereon, as aforesaid, to the time of sale, together with the charges of this notice and advertisement, and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all the lands and tenements so advertised for sale shall be sold.

Notice is hereby further given that a detailed statement of such taxes and assessments and the ownership of the property taxed and on which such taxes and assessments remain unpaid, is published in a pamphlet and that copies of the said pamphlet are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of Manhattan and Richmond, and will be delivered to any person applying for the same.

DANIEL MOYNAHAN, Collector of Assessments and Arrears of The City of New York.

The foregoing sale will continue on

WEDNESDAY, JANUARY 15, 1908,

at 10 o'clock a. m., in Room 129, Borough Hall, Borough of Richmond.

DANIEL MOYNAHAN, Collector of Assessments and Arrears.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the extending of HIGH BRIDGE PARK, as shown on a map filed in the office of the Register of the County of New York, December 21, 1903, in accordance with the plan adopted by the Board of Estimate and Apportionment December 11, 1903, and approved by the Mayor on December 18, 1903, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our first partial and separate estimate of damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 28th day of January, 1908, at 1 o'clock p. m.

Second—That the abstract of our said first partial and separate estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 6th day of February, 1908.

Third—That, provided there be no objections filed to said abstract, our final first partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 27th day of March, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said supplemental and amended abstracts of estimate and assessment, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, January 10, 1908.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of FORTY-SIXTH STREET, between Twelfth avenue and Seventeenth avenue, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 20th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our office on the 21st day of January, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 30th day of January, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the northwesterly line of Seventeenth avenue and the centre line of the blocks between Forty-seventh street and Forty-sixth street and running thence northwesterly along said centre line to its intersection with the southeasterly line of Twelfth avenue, thence northeasterly along said southeasterly line of Twelfth avenue to its intersection with the centre line of the blocks between Forty-sixth street and Forty-fifth street, thence southeasterly along said last mentioned centre line to its intersection with the northwesterly line of Seventeenth avenue, thence southwesterly along said northwesterly line of Seventeenth avenue, to the point or place of beginning, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 23d day of March, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, December 30, 1907.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department. No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
