Whereas, It appears to be in contemplation by the Trustees of the Brooklyn Bridge to appropriate a portion of the City Hall Park, and they have prepared and caused to be presented in the Legislature of this State, now in session, a bill, with that object in view; and

Whereas, This Common Council would be recreant to its trust and derelict in its duties, did it not protest against the proposed sequestration of the corporate property; and

Whereas, If any portion of the land or buildings included within the limits of the City Hall Park can be taken by the Bridge Trustees, or others, without the consent of the Corporation of the City of New York, and in opposition to its wishes, the whole may be so taken; and

Resolved, That this Common Council, representing the People of the City of New York, hereby in the most earnest and emphatic, yet respectful manner, protest against the passage of any act, by the Legislature of this State, having for its object the surrender of any portion of the City Hall Park, or any of the buildings therein, for the uses and purposes of the Trustees of the Brooklyn Bridge, or for any other than the purposes for which they are now, and from time immemorial have been used, and the members of the Legislature representing constituencies in this city are hereby requested to use every honorable effort to prevent the passage of any such law; and be it further

Resolved, That the Clerk of this Board be and he is hereby instructed to transmit a copy of the foregoing preamble and resolution, duly authenticated by his signature, to his Excellency the Governor of this State, the President of the Senate, the Speaker of the Assembly, and to each representative from this City, in the State Legislature.

Whereas, The power to regulate the use of the streets and sidewalks for signs, sign-posts, awnings, awning-posts, horse-troughs, urinals, telegraph posts and other purposes is vested by law or charter exclusively in the Common Council of this City; and

Whereas, It has been quite recently held by the courts that it is not competent for the Common Council to delegate any of its powers, but they must be regarded as "public powers and trusts, devolved by law or charter upon the Common Council, or governing body, to be exercised by it when and in such manner as it shall judge best, and cannot be delegated to others;" and

Whereas, The ordinance approved February 24, 1866, vesting in the Mayor, the power "to regulate permits for street stands, show-cases, signs, stairways, hoistways and deliveries," and the several amendments thereto; also sections 281, 282, 283, 284, 285, 286, 287, 288, 289, 290 and 291 of article XXX. of chapter 8 of the Revised Ordinances of 1880, and all the amendments thereto, including the resolutions approved April 8, 1884, which went into effect May 1, 1884, delegating this power to the Mayor through the Register of Permits, are clearly illegal, and every such permit so granted is null and void, and of no binding effect; be it therefore

Resolved, That the said ordinance approved February 24, 1866, and the several amendments thereto, "to regulate permits for street stands, show-cases, signs, stairways, hoistways and deliveries;" also sections 281 to 291, inclusive, of article XXX. of chapter 8 of the Revised Ordinances of 1880, and the several amendments thereto, including the resolutions approved April 8, 1884, which went into effect May 1, 1884, delegating law powers to the Mayor, through the Register of Permits, be and they are hereby severally and respectively annulled, rescinded and repealed, and the said office of Register of Permits be and is hereby abolished.

JURORS.

NOTICE IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
Room 127, State Building,
CHAMBERS STREET AND BROADWAY,
NEW YORK, June 1, 1885.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempted, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents. All good citizens will aid the course of justice, and secure reliable and respectable jurors, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt. Every man must attend to his own notice. It is a misdemeanor to give any paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

DEPARTMENT OF PUBLIC WORKS.

DEPARTMENT OF PUBLIC WORKS,
NEW YORK, January 26, 1886.

TO THE PUBLIC.

THE CHIEF ENGINEER OF THE CROTON Aqueduct reports to me to-day that during the past twenty days the water in the city reservoirs has gone down three feet three inches, equal to 28,000,000 gallons, showing that this amount of water was used and wasted over and above the supply received through the Croton Aqueduct and the Bronx river conduit. The Department has no means to stop this enormous waste, which is caused by consumers keeping faucets open and night to prevent freezing in the service-pipes, and can only make this most urgent appeal to them to stop it, and notify them that unless it is stopped the pressures in the water-mains will be so much reduced that in a few days the water will not rise to the basements and cellars in thousands of buildings.

Respectfully,
ROLLIN M. SQUIRE,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
Room 6, No. 31 CHAMBERS STREET,
NEW YORK, January 18, 1886.

TO COAL DEALERS.

BIDS OR ESTIMATES, INCLOSED IN A SEALED envelope, with the title of the work and the name of the bidder endorsed thereon, will be received at this office, until Saturday, January 30, 1886, at 12 o'clock M., at which place and hour they will be publicly opened by the head of the Department and its assistants.

FOR FURNISHING THE DEPARTMENT OF PUBLIC WORKS, WITH THREE THOUSAND GROSS TONS (2,240 POUNDS TO A TON) OF EGG SIZE, LEHIGH AND WESBARK COMPANY'S BEST WILKES-BARRE COAL.

Bidders for the above contracts must be regularly engaged in the business and well prepared for furnishing the materials they propose for; and no contract will be made with any bidder who is not prepared to furnish satisfactory evidence to that effect.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made with any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, seconded and supported by their faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled by the contract, and the sum which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall not be returned, but shall be paid to the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired can be obtained at the office of the Chief Engineer, Room 10, No. 31 Chambers street.

ROLLIN M. SQUIRE,
Commissioner of Public Works.

1. The Fulton Ferry, between Fulton street, in the City of New York, and Fulton street, in the City of Brooklyn.
2. The Wall Street Ferry, between Wall street, in the City of New York, and Montague street, in the City of Brooklyn.

4. The South Ferry, between Whitehall street, in the City of New York, and Atlantic avenue, in the City of Brooklyn.
5. The Hamilton Avenue Ferry, between Whitehall street, in the City of New York, and Hamilton avenue, in the City of Brooklyn.

TERMS AND CONDITIONS OF SALE.

The franchises of, or the right to operate said ferries shall be sold all together under one bid, to the highest bidder, at public auction, along with the said wharf property belonging to the City of New York, used and required for ferry purposes at the respective landings of said ferries in the Cities of New York and Brooklyn, for a percentage upon the total gross receipts from all the ferries for ferrage, payable quarterly. The upset price or percentage rate at which the same shall be offered for sale, fixed by the Commissioners of the Sinking Fund, in lieu of a yearly rental, shall be 12 1/2 per cent. upon the gross receipts derived from ferrage at said ferries during the term of the lease, and in addition thereto, wharfage taxes may be levied upon the ferry property belonging to the City of New York situated in the City of Brooklyn; the obligation of contesting the legality of any such tax resting upon the lessee of said ferries.

The highest bidder for or purchaser of the lease, other than the Union Ferry Company, shall be required to purchase at a fair appraised valuation, the boats, buildings and other property situated at the landings of the said ferries belonging to the said Union Ferry Company, and used upon the said ferries respectively, actually necessary and used for the purposes thereof, which said appraised valuation shall be made in the following manner, to wit:

The purchaser thereof other than the present lessees shall nominate and the present lessees to wit: the Union Ferry Company, shall nominate, each a disinterested person to act as appraiser, and said persons shall together value and appraise said boats, buildings and other property, and report their conclusion thereon, in writing, with their signatures thereto.

And in case said two appraisers are unable to agree thereon within thirty days after their appointment, then and in that case they shall have power to choose a disinterested person as umpire, or in case of their failure within ten days after the expiration of said thirty days to agree upon an umpire, then the election of an umpire shall be made by the Presiding Justice of the Supreme Court for the First Judicial Department upon application of either party on two days' notice to the other, and said umpire shall in like manner value and appraise said boats, buildings and other property, and report their conclusion thereon, in writing, with their signatures thereto, and said report shall be taken and accepted as the fair and appraised valuation.

The amount of said valuation shall be paid, or the payment thereof be secured, to the said Union Ferry Company.

A covenant of the new lease shall provide for an appraised valuation of the boats, buildings and other property actually used and necessary for the operation of said ferries, which appraised valuation shall be made at least

four months prior to the termination of the then existing lease, in such manner as shall be determined by the Commissioners of the Sinking Fund, and the amount of such appraised valuation shall be paid, or the payment thereof shall be secured by the purchaser of a lease for another succeeding term other than the then lessee of said ferries.

The highest bidder or purchaser of the lease of said ferries shall also be required to pay to the Comptroller at the time of the sale, the sum of twenty-five thousand dollars, which said sum of twenty-five thousand dollars shall be applied to the payment of rent first becoming due under the lease of said ferries so sold, in case it shall be duly executed with the result that thereon contract may be prepared by the Council to the Corporation in a form subject to examination at the Comptroller's office, after a certain day to be named in the advertisement of the sale, but if the said lease should not be executed after due notice to the Comptroller, the amount so paid shall be forfeited to the city, as provided in an agreement and obligator which shall be entered into at the time of the sale, with two good and satisfactory securities to this effect, to wit: that he will execute said lease, and also give and execute a bond with two sureties, to be approved by the Comptroller, for the punctual payment of the amount due under the lease quarterly, and for the faithful performance of each and all the covenants and conditions of the lease, and the expense whosoever shall be incurred by the Corporation of the City of New York, in connection with the pier, slips and bulkheads or premises so to be leased along with the franchises of said ferries.
