By Alderman Daly—

Petition to change the grade of Jumel Terrace, between One Hundred and Sixtieth and One Hundred and Sixty-second streets.

Which was referred to the Committee on Streets.

REPORTS.

(G. O. 668.)

The Committee on Markets, to whom was referred the annexed ordinance "To regulate the sale of vegetables and fruits, within the corporate limits of the City of New York," respectfully

REPORT :

That your Committee have given the subject the most mature and careful consideration, have held several public meetings, at which all parties interested were accorded a hearing, which were largely attended both by the advocates and opponents of the measure, have carefully weighed the arguments adduced and have concluded that a vast majority of the people of this city would be benefited by the passage of the proposed ordinance.

Your Committee were very circumspect in conducting the investigation, for the reason that the provisions of the ordinance had been, apparently, carefully considered by the Common Council in the years 1888 and 1889. The Committee on Markets, in the year 1888, reported in favor of adopting the ordinance, and the Committee on Law Department, in the year 1889, reported adversely. The question was discussed at length in the Board in 1888, but no final action was taken, while the adverse report made in 1889 was adopted. The findings of the two committees were of the most diverse character, and in consequence your Committee were obliged, in order to arrive at a correct conclusion, to be guided in their determination by the evidence presented at its meeting. Hence the greatest publicity was given of the time and place of the meetings of the Committee, the greatest latitude allowed in debating the question, and the most careful consideration given the evidence given before the Committee.

The preponderance of the evidence and arguments appeared to be in favor of the ordinance, and your Committee believe the views expressed in the report of the Committee on Markets, in the year 1888, are correct, and that the recommendation to adopt the ordinance was clearly in the interest of the consumer of vegetables and fruits, which means the vast majority of the people of this City. The Market Committee, in their report made October 16, 1888, to the Board of Aldermen, say : "From all the evidence presented, and the arguments urged for and against the passage of the ordinance, by your Honorable Body, your Committee are fully satisfied that a change in the method of buying and selling the articles named—from measures to weights—will be in the interest both of the honest dealer and the consumer, and are accordingly in favor of the adoption of the ordinance hereto annexed."

The said Committee, in their report, also say : "The question of the power of your Honorable Body legally to pass such an ordinance was also raised, and in order to determine the issue thus raised your Committee addressed a letter to the Counsel to the Corporation containing the following query : 'Can the Common Council legally pass an ordinance which will compel all persons, both wholesale and retail dealers, selling the articles named in the accompanying ordinance, to sell them by the pound, or, in other words, by weight instead of measure?' To which the Counsel replied : 'I am not aware of any law, or any provision of the Constitution of this State, which prohibits the passage of such an ordinance, and I therefore beg to advise you that the Common Council may legally pass an ordinance which will compel all persons, both wholesale and retail dealers, to sell fruits and vegetables by weight instead of by measure.'"

The conclusion of the said Committee of the year 1888, also meets the entire concurrence of your Committee, and it is herewith respectfully presented to your Honorable Body. "Inasmuch, therefore, as the power is beyond question in the Common Council legally to pass such an ordinance, and as your Committee are firmly of the opinion that the interests of all honest persons, both dealers and consumers, will be conserved thereby, respectfully recommends the adoption of the annexed ordinance."

AN ORDINANCE to regulate the sale of vegetables and fruits within the corporate limits or the City of New York.

The Mayor, Aldermen and Commonalty do ordain as follows :

Resolved, That the Provisional Estimate made by the Board of Estimate and Apportionment on the 31st day of October, 1890, of the amount required to pay the expense of conducting the public business in the City and County of New York, in each department and branch thereof, and the Board of Education, for the ensuing financial year, to wit, for the year eighteen hundred and ninety-one (1891) be submitted to the Board of Aldermen, with the reasons for it in detail, as required by section 189 of the New York City Consolidation Act of 1882, as follows:

THE LEGISLATIVE DEPARTMENT.

The amount appropriated for the Common Council in the Provisional Estimate for 1891 is \$76,800, being the same as the appropriation in the Final Estimate for the year 1890, and as to the amounts and the objects and purposes specified in the Departmental Estimate for 1891, all of which are allowed as reasonable and necessary, including \$50,000 for salaries of Aldermen, at \$2,000 each per annum, and \$3,000 for the President of the Board, as provided and fixed by law.

THE MAYORALTY.

The amount appropriated is \$26,000, the same as that of the Departmental Estimate of the expenses required by the Mayor's Office in 1891, for the objects and purposes specified, and as the appropriation made for 1890, including the salary of the Mayor, fixed by law at \$10,000 per annum. For the Mayor's Marshal's Office the sum of \$13,000, asked for in the Departmental Estimate and appropriated for 1890, is allowed as reasonable and necessary.

THE FINANCE DEPARTMENT.

The sum of \$292,419 was asked for in the Departmental Estimate, as required for the several objects and purposes specified therein, and is allowed as reasonable and necessary, including the salary of the Comptroller fixed by law at \$10,000 per annum, and the compensation of the Chamberlain also provided for by law at \$25,000 per annum, and including the sum of \$40,000 appropriated for Cleaning Markets.

INTEREST ON THE CITY DEBT.

In accordance with the statements submitted by the Comptroller with the Departmental Estimate, the amount appropriated for interest becoming due and payable in 1891 on bonds and stocks of the City of New York, exclusive of interest on bonds and stocks in the Sinking Fund, made payable therefrom, by chapter 178 of the Laws of 1889, and including interest on bonds of the Towns of Morrisania and West Farms issued prior to their annexation to the city, and also interest on the estimated amount of Revenue Bonds to be issued in 1891, amounting in all to \$5,109,583.37 (less by \$5,000 than the Departmental Estimate), and included in the Provisional Estimate, to be raised by tax in 1891.

THE REDEMPTION OF THE CITY DEBT.

The sum of \$52,000 is included in the Provisional Estimate for the Redemption of Revenue Bonds, made payable, 1891, by special acts of the Legislature, and also the sum of \$1,049,434.67, pursuant to article 8, section 11 of the State Constitution, as amended in 1884, requiring installments to be raised by tax, annually, for the redemption, at maturity, of bonds issued after December 31 of that year, for the supply of water to the city.

Stocks and bonds amounting to the sum of \$2,476,600 become due in 1891, which were made payable by law from taxation, at maturity, for which no appropriation is included in the Provisional Estimate, as the amount can be paid from "The Sinking Fund for the Redemption of the City Debt," pursuant to the provisions of sections 176 and 177 of the Consolidation Act of 1882, without in any way impairing the preferred claims on that fund.

THE STATE TAXES.

The amount of the State Tax imposed upon the City and County of New York, to be raised in 1891, is \$3,923,698.92, from which has been deducted from the appropriation for State Taxes the sum of \$285,623.55, levied on the sum of \$122,061,343, added by the State Board of Equalization to the assessed value of real estate in the City of New York, leaving the sum of \$3,638,075.37 appropriated in the Provisional Estimate for State Taxes, to which is added \$12,555.10 for compensation and expenses of the Shore Inspector, as provided by law.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,

SIR—I have received your communication of 7th instant, inclosing proposed ordinance to compel owners of buildings in the City of New York to provide receptacles for ashes and garbage.

Section 86 of the Consolidation Act confers upon the Common Council power to regulate by ordinance the use of streets and sidewalks (subdivisions 2 and 3).

Also to regulate and prevent the throwing or depositing of ashes or garbage in the streets. The ordinance in question seems to be within the powers defined and therefore may be enacted. This conclusion obviates the necessity of any further answer in relation to the second branch of the inquiry propounded.

I remain, respectfully yours,
WM. H. CLARK, Counsel to the Corporation.

Which was ordered on file.

Very respectfully,
F. J. TWOMEY, Clerk Common Council.

Which was referred to the Committee on Law Department.

(G. O. 693.)

To the Honorable the Board of Aldermen:

GENTLEMEN—In accordance with the provisions of section 321 of the New York City Consolidation Act of 1882, as amended by chapter 569 of the Laws of 1887, I hereby certify and report to your Honorable Board that the safety, health and convenience of the public require that a crosswalk of two courses of North river blue stone, with a row of paving-blocks between the courses, be laid across Sixth avenue, within the lines of the northerly sidewalk of Fifty-seventh street; the materials to be used for said work to be bridge-stone of North river blue stone of the dimensions and according to the specifications now used in the Department of Public Works.

Very respectfully,

Whereas, The said Common Council caused public notice of such application and of the time and place when the same would be first considered, to be given by publication, for at least fourteen days, in two daily newspapers in the City of New York, to wit, in the "New York World" and the "New York Daily Times," which papers were designated for that purpose by the Mayor of said city; and

Whereas, After public notice given as aforesaid, such application has been duly considered by the said Common Council;

Resolved, That the consent of the Common Council of the City of New York be and the same is hereby given to the said Harlem Bridge, Morrisania and Fordham Railway Company to the construction, maintenance, use and operation, upon the conditions hereinafter set forth, of a branch or extension of their railroad through, upon and along said Courtland avenue, as follows:

Beginning at or near the point or place where Courtland avenue, in the Twenty-third Ward of the City of New York, intersects North Third avenue and One Hundred and Forty-sixth street; thence running northerly through, upon and along said Courtland avenue, with double tracks to a point on the northerly side of East One Hundred and Sixty-first street and said Courtland avenue, together with such switches, sidings, turnouts, turn-tables and suitable stands as may be necessary for the convenient operation of said branch or extension.

Resolved, That the conditions upon which the said consent is hereby given are as follows, to wit:

First—That the provisions of chapter 252 of the Laws of 1884 pertinent thereto shall be complied with.

Second—That the right, franchise and privilege of using the said Courtland avenue, between said points, to construct, maintain, use and operate such railroad or extension, shall be sold at public auction to the bidder, which shall be an incorporated railroad company, organized to construct, maintain and operate a street railroad in the City of New York, and which will agree to give the largest percentage per annum of its gross receipts to be taken upon such route, with adequate security by a bond or undertaking in writing and under seal, in such form, condition, amount and sureties as shall be required and approved by the Comptroller of the said city for the fulfillment of

the said agreement and for the commencement and completion of such railroad or extension, according to the plan or plans and on the route fixed for its construction, within the time designated and prescribed therefor by the provisions of chapter 642 of the Laws of 1886.

Third—That in the construction of such railroad or extension, the equipment, materials and work employed shall be of the best quality and character, and that the cars thereon shall be run as frequently as the convenience of the public may require.

Fourth—That the bidder to which the aforesaid sale shall be made, and any person or corporation using the tracks or any part of the tracks constructed or laid under or pursuant to this consent, shall comply with all reasonable ordinances or regulations which the local authorities having charge of the aforesaid avenue shall make as to the rate of speed, mode of use of tracks and removal of ice and snow upon the route of such extension, and with any and all provisions of law applicable to street surface railroad companies, or extensions of street surface railroads, organized or projected under chapter 252 of the Laws of 1884, so far as the same may relate to such extension, the cars to be run upon the same, or to that portion of Courtland avenue through which the said railroad or extension may be constructed or operated, and shall not charge any passenger more than five cents from or to any point on the route hereinabove described, nor from or to any point on said route or any route, line or branch operated by the bidder or under its control, and connecting with the route hereinabove described to or from any point on said route or any route, line or branch operated by the bidder, or under its control, and connecting with the route hereinabove described, and shall give transfer tickets to a passenger when necessary to secure to him one continuous ride between such parts for the single fare of five cents.

And the said bidder as to the whole route hereinabove described shall be absolutely and unqualifiedly bound, and any person or company using or operating a railroad upon the tracks, or upon any part of the tracks, constructed upon the said route under or by virtue of the consent hereby given, or the sale had in pursuance thereof, as to the tracks so used by it or him, shall be jointly and severally bound with the said bidder, absolutely and unqualifiedly to repair and keep in permanent repair the portion of said streets and avenues upon which the tracks shall be so constructed, between the tracks, the rails of the tracks and a space two feet in width outside of and adjoining the outside rails of the track or tracks, so long as such tracks so constructed shall continue to be used, and this obligation in respect to the repairing of the streets shall not be dependent upon the requirements of the local authorities, but is hereby made an absolute and unqualified obligation.

Fifth—That the cars to be used on such railroad or extension may be operated by animal power.

Sixth—That any person or company who shall use or operate a railroad upon the tracks, or any part of the tracks, constructed upon the route hereinabove described, under and by virtue of the consent hereby given, or the sale had in pursuance thereof, shall be subject to the same conditions, liabilities, obligations, duties and payments in respect to such use of operation by him, or it, or of, or upon such tracks as the bidder to whom the sale shall be made under this consent would be subject, were such use or operation made by such bidder; and in computing any percentage upon gross receipts that may thereby become payable, the amount thereof shall be computed upon a fare of five cents as having been received as part of the gross receipts from every passenger who shall ride upon any part of the route hereinabove described, and irrespective of the fact whether such passenger enters or leaves the car at any point upon the said route, and the bidder to whom such sale shall be made shall be jointly and severally liable with any such person or company for any default in any such conditions, liabilities, obligations, duties and payments.

Seventh—That the payment of the percentage upon gross receipts, payable under the bid at such sale, shall be made annually on the 1st day of November for the year ending on the next preceding thirtieth day of September.

Eighth—That the said Harlem Bridge, Morrisania and Fordham Railway Company shall provide for the expense of publication of the aforesaid notice of sale before the said notice shall be published; and the company which at said sale shall be the highest bidder shall, at the time and place of sale, reimburse the said Harlem Bridge, Morrisania and Fordham Railway Company for all expenses for printing and publishing necessarily incurred by it upon the application and sale herein under the provision of said chapter 252, Laws of 1884, and said chapter 642, Laws of 1886.

Ninth—This consent is given and said sale shall be made upon the express understanding that the conditions herein stated do not relieve the said bidder, or any person or company operating a railroad upon any of the tracks constructed under this consent, from any conditions, obligations, liabilities, payments or duties to which they might have been liable in the absence of such conditions.

Tenth—That if the bidder shall not furnish satisfactory security the said Comptroller may cancel the bid and sell this consent and the license in the same manner as is provided by chapter 642, Laws of 1886.

Eleventh—The company that shall be the successful bidder shall stipulate to complete the branch railroad hereby authorized, and run cars thereon within a period of nine months after obtaining the privilege.

And be it further Resolved, That the sale at public auction of the right, franchise and privilege mentioned above shall be attended and conducted by the Comptroller of the City of New York, and shall be held at a place in the City of New York to be designated by the said Comptroller, and on the earliest practicable day to be designated by said Comptroller, or at such time to which the same may be adjourned from the day specified in the notice so published, not exceeding twice for a period not exceeding four weeks in the aggregate, and only after notice of the time, place and terms thereof, and of the route to be sold and of the conditions upon which this consent is given, shall have been published by said Comptroller three times a week for at least three weeks in two daily newspapers in said city, to be designated by his Honor the Mayor of said city; and if the bidder shall not furnish satisfactory security the said Comptroller may cancel the bid and sell the consent and the license in the same manner as is provided by chapter 642, Laws of 1886.

The President put the question whether the Board would agree with said resolutions.

Which was decided in the affirmative by the following vote:

JURORS.

NOTICE OF COMMISSIONER OF JURORS IN REGARD TO CLAIMS FOR EXEMPTION FROM JURY DUTY.

ROOM 127, STEWART BUILDING,
NO. 280 BROADWAY, THIRD FLOOR,
NEW YORK, June 1, 1890.

CLAIMS FOR EXEMPTION FROM JURY duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, editors, editorial writers or reporters of daily newspapers, licensed pharmacists or pharmacists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,
STAATS ZEITUNG BUILDING, TRYON ROW,
NEW YORK, November 8, 1890.

PROPOSALS FOR ESTIMATES FOR SUPPLYING THE FURNITURE FOR AN ARMORY BUILDING ON THE BLOCK BOUNDED BY BOULEVARD AND COLUMBUS AVENUE, SIXTY-SEVENTH AND SIXTY-EIGHTH STREETS, NEW YORK CITY.

PROPOSALS FOR ESTIMATES FOR SUPPLYING the Furniture for an Armory Building on the block bounded by Boulevard and Columbus avenue, Sixty-seventh and Sixty-eighth streets, New York City, will be received by the Armory Board at the MAYOR'S OFFICE, CITY HALL, UNTIL 2 P. M. OF THE 20TH DAY OF NOVEMBER, 1890, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Estimate for Supplying the Furniture for an Armory Building on the block bounded by Boulevard and Columbus avenue, Sixty-seventh and Sixty-eighth streets," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the amount of TWO THOUSAND (\$2,000) DOLLARS.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a

notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of ONE HUNDRED DOLLARS (\$100). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation. Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the Architect, John P. Leo, No. 38 Park Row.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Specifications and blank forms for bids or estimates obtained by application to the ARCHITECT, at his office, No. 38 PARK ROW, Potter Building, New York City.

The form of the agreement and the specifications, showing the manner of payment for the work and forms of proposals, may be obtained at the office of the Department.

The number of horses in the houses from which the manure is to be removed is estimated to be three hundred and twenty-one (321). Bidders will state the price per month.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The manure is to be removed from each house daily and in the manner required by section 100 of the Sanitary Code.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of two hundred and fifty (250) dollars, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of twelve dollars and fifty cents (\$12.50). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained

by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or her bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1. Bidders must satisfy themselves, by personal examination of the location of the proposed work and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the price therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced on the sixteenth day of December, 1890, and all the work to be done under the contract is to be fully completed on or before the first day of March, 1891, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work comprised in all the classes, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates: their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

THOS. F. GILROY,
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, June 2, 1890.

TO THE PEOPLE OF THE CITY OF NEW YORK:

It becomes my duty as Commissioner of Public Works and custodian of the many and immense interests involved in the City's water supply, to briefly present to the people of the City the present condition of the supply, and the extreme necessity for care and economy in the use of the water.

For a number of years past and up to the present time, the old Aqueduct and the Bronx river conduit have delivered in the City all the water which they are capable of carrying, the supply thus remaining stationary when the City has been constantly growing in population, buildings, manufactures and commerce, creating new and additional demands upon the water service. The consequence is that at certain seasons of the year, notably in extreme cold weather, when the habit of wasting water from faucets to prevent freezing in the pipes prevails, and in warm and dry weather, when various methods of waste are in vogue, the daily consumption exceeds the supply which can by any possibility be received through the old Aqueduct and the Bronx river conduit, the excess of consumption being drawn from the city reservoirs, diminishing the depth of water and the pressure in the distributing mains. There is no possibility of increasing the water supply received in the City until the new Aqueduct is brought into operation, and in the meantime the only reliance for a fair and equal distribution of water throughout the city is care and economy in its use on the part of the people. Already the depth of water in the reservoirs is being diminished at the rate of one inch per day, and if this should continue for any length of time, the pressure in the distributing mains would be so reduced that it would be impossible to deliver water in thousands of houses located on high ground, and in some other locations even in the basements or cellars.

I, therefore, most earnestly appeal to all citizens, residents and people carrying on business in this city to be careful and economical in the use of water, in justice to themselves, to the people at large, and especially to those who are so located as to be already suffering inconvenience from insufficient supply of water.

Commissioner of Public Works.

FURNISHING THE LABOR AND MATERIAL NECESSARY TO COMPLETE THE VENTILATING WORK, FIRE SERVICE, PARTITIONS AND OTHER WORK IN THE METROPOLITAN MUSEUM OF ART IN THE CENTRAL PARK; THE WHOLE IN ACCORDANCE WITH PLANS, SPECIFICATIONS AND DIRECTIONS THEREOF.

SEALED ESTIMATES FOR THE ABOVE WORK, indorsed with the above title, also with the name of the person or persons making the same, and the date of presentation, will be received at the office of the Department of Public Parks, Nos. 49 and 51 Chambers street, New York City, until eleven o'clock A. M. on Wednesday, the 12th day of November, 1890, at which place and hour the bids will be publicly opened by the head of said Department and read, and the award of the contract will be made as soon thereafter as practicable.

Bidders will be required to state in their proposals, in writing and in figures, ONE PRICE OR SUM for which they will execute the ENTIRE WORK, including the furnishing of all materials, labor and transportation; all implements, tools, apparatus and appliances of every description necessary to complete, in every particular, the whole of the work as set forth in the plans, details, and in the schedule, specification and form of agreement.

The time allowed to complete the whole work will be SIXTY DAYS, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are fixed and liquidated at TEN DOLLARS per day.

Bidders will be required to complete the entire work to the satisfaction of the Department of Public Parks, and in substantial accordance with the specifications for the work and the plans therein referred to. No extra compensation beyond the amount to be specified by the lowest bidder shall be due or payable for the entire work.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of

this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the contract is \$10,000.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contracts when awarded will, in each case, be awarded to the lowest bidder.

Blank forms for proposals and forms of contract which the successful bidder will be required to execute, and information relative to them can be had at the office of the Department, Nos. 49 and 51 Chambers street.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.
