To the Honorable the Common Council of the City of New York:

The Public Administrator in the City of New York, pursuant to section 39 of article 1, entitled "Of the Public Administrator in the City of New York," title 6, chapter 6, part 2 of the Revised Statutes, herewith exhibits to the Common Council of the City of New York a statement on oath of the moneys received by him for commissions and expenses, and the total amount of his receipts and expenditures in each case in which he took charge of and collected any effects, or on which he administered on any estate during the year 1881, with the name of the deceased, his occupation, the place of his residence at the time of his death, where known, and the country or place from which he came if he were not a resident of this State at the time of his death.

And, in compliance with the Revised Ordinances of the Common Council, he also transmits a transcript of such of his accounts as have been closed or finally settled during the year 1881.

The statement heretofore referred to shows in what estates any money was received by him during the past year and the amount so received.

Respectfully,

The balance of moneys standing to the credit of the Public Administrator and the Comptroller on the first day of January, 1882:

In the Importers' and Traders' National Bank was the sum of eighty thousand six hundred and twelve dollars and twenty-six cents (\$80,612.26), and in The Continental National Bank the sum of eighty-three thousand three hundred and thirty-five dollars and sixty cents (\$83,335.60), making together the sum of one hundred and sixty-three thousand nine hundred and forty-seven dollars and eighty-six cents (\$163,947.86), which includes interest allowed by said banks on deposits.

Total amount of moneys which came into the hands of the Public Administrator during the year 1881, was the sum of one hundred and ten thousand four hundred and thirty-three dollars and sixty-three cents (\$110,433.63), and the amount distributed by him for expenses, payments to creditors, and to next of kin, was the sum of seventy-six thousand seventy-nine dollars and thirty-seven cents (\$76,079.37).

The total amount paid into the City Treasury during the year 1881, was the sum of twelve thousand four hundred and forty-one dollars and twenty-nine cents (\$12,441.29) being for commissions and intestate estates.

When the undersigned took possession of his office, he found that the account of the Public Administrator and Comptroller with the Guardian Savings Institution, showed a balance due from that bank of fourteen thousand two hundred and thirty-three dollars and sixty cents (\$14,233.60).

The undersigned has made diligent efforts to collect the amount from the Receiver of the said Institution, and has succeeded in collecting the sum of two thousand dollars (\$2,000.00), leaving a balance still due amounting to the sum of twelve thousand two hundred and thirty-three dollars and sixty cents (\$12,233.60), exclusive of interest.

By reason of such uncollected balance a number of estates cannot be finally closed.

ALGERGON S. SULLIVAN, Public Administrator.

Dated New York, January 12, 1882.

Cases heretofore Reported in former Annual Reports.

FIRE DEPARTMENT CITY OF NEW YORK,
155 AND 157 MERCER STREET,
NEW YORK, January 14, 1882.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THIS Department with Four (4) Steam Fire Engines, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 155 and 157 Mercer street, in the City of New York, until 10 o'clock A. M., Saturday, 28th instant, at which time and place they will be publicly opened by the head of said Department and read.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The engines are to be what is known as first-size double-pump and cylinder steam fire-engines.
The boilers to be vertical, 35 inches diameter, and 63 inches high, to be made of best steel boiler plate, having copper smoke-flues, and hanging tubes of 1½-inch diameter, each hanging tube having circulating strips. To be of sufficient strength to bear twice the pressure ever required in doing fire duty, and to have ample steaming capacity to keep up a full head of steam while doing the heaviest work. To be covered with Russia iron, properly banded with brass bands, nickel-plated. To have one safety valve made of composition.

The boilers to be in all respects as to form and construction exactly similar to that now on Engine No. 33 of this Department, being M. R. Clapp's Circulating Tubular Boiler, patent of 1878.

The boiler to be surmounted with a dome of brass.

The main pumps to be double-acting, made entirely of composition, with cylinders each 4½ inches diameter, and having a stroke of 7 inches, to have 3 discharge gates and an automatic relief valve.

The steam cylinders to be 8 inches diameter, each having a stroke of 7 inches, and to be fitted to a bed plate containing the steam passages.

The steam cylinders, steam chest, and bed plate to be cast in brass, nickel-plated.

The air chambers to be made of copper, nickel-plated. There is to be a fresh-water tank to connect with feed pumps, also suitable fresh water connection.

The wheels to be the Archibald Pattern, made of selected timber, prepared in the best manner, painted with best English vermilion and striped with gold leaf.

The tires to be 3 inches wide, ¾ inch thick. The coal bunker to be of str. iron, and to be painted same as wheels.

The axles, frames, braces, etc., to be made of Bessemer steel.

The boilers to be hung on half elliptical springs, similar in every respect to the crane-neck engines now in use in this Department.

The brake to be arranged to bear upon the rear wheels, and so constructed as to be controlled by the driver.

The suction hose to be smooth bore, in two lengths, and each length to have suitable couplings, the thread to be the same as on suction and hydrants in use by this Department.

The hydrant connection to have two female couplings, one 4½ inches diameter, and one 2½ inches diameter, and to have same thread as suction on large coupling, and regulation thread on the 2½ inch.

The drawing rig to be such that the engines may be drawn by horses. There is to be a driver's seat upon the forward part of the engine, fitted with cushions, two lanterns, and whip-sockets.

The engines to be fitted up with pole and whiffletrees for horses.

All stuffing boxes to be so constructed as to take up while engine is running.

Each engine to be supplied with—
One nickel-plated steam-gauge.
One glass water-gauge, same as in use in this Department.

Four gauge-cocks tapped in boiler.
One surface blow-cock and attachment for thaw-hose.
Two heater connection pipes.
One nickel-plated signal whistle.
One variable exhaust nozzle and steam jet.
Two number plates on water tank.
One suction basket.
Two brass hose pipes, to have regulation thread.

One length thaw hose, 18 feet, and nozzle.
One fresh water connection of composition metal.
The safety and throttle valves, feed pumps, eccentric straps, connecting rod bearings, and pipe holders to be of composition.

All parts of the apparatus to be painted with English vermilion and striped with gold leaf, except air chamber, steam cylinders, dome, and working parts.

The engines to be what is known as "crane neck," and to be fully supplied with all necessary tools.

The engines are to be delivered at the Repair Shops of the Fire Department within 180 days after the execution of the contract, in complete working order, with a guarantee that the material and workmanship are of the best character, and to replace, at the expense of the contractor, such parts, if any, as may fail, if such failure is properly attributable to defective material or inferior workmanship. Said engines shall have a full and complete trial of their working powers at New York, under the superintendence of a competent engineer.

For information as to the amount and kind of work to be done, bidders are referred to the specifications and drawings, which form part of these proposals.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are, by a clause in the contract, fixed and liquidated at twenty-five (\$25) dollars per day.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance in a sum not less than one-half the amount of the estimate; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made, and prior to the signing of the contract.

No estimate will be received or considered after the hour named.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, Sept. 15, 1881.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

NOTICE TO TAXPAYERS.

RELATING TO THE PAYMENT OF UNPAID TAXES, ASSESSMENTS, AND CROTON WATER RENTS.

THE COMPTROLLER OF THE CITY OF NEW York hereby gives notice to owners of real and personal estate in this city, that all unpaid taxes, assessments, and Croton water rents may now be paid with interest thereon at the rate of seven per cent. per annum, as provided by chapter 33 of the Laws of 1881, which is as follows:

CHAPTER 33.

AN ACT relative to the collection of taxes and assessments, and of arrears of taxes and assessments, and Croton water rents, in the City of New York.

(Passed March 16, 1881; three-fifths being present.)
The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. If any taxes of any year shall remain unpaid on the first day of November, after the assessment-rolls and the warrants to collect such taxes have been delivered to the Receiver of Taxes in the City of New York, it shall be the duty of said Receiver to give public notice, by advertisement for at least ten days in two of the daily newspapers, and in the CITY RECORD, printed and published in said city, respectively, that unless the same shall be paid to him at his office on or before the first day of December, in any such year, he will immediately thereafter proceed to collect such unpaid taxes, as provided in the following section of this act:

Section 2. If any such tax shall remain unpaid on the said first day of December, it shall be the duty of the said Receiver of Taxes in said city to charge, receive, and collect upon such tax so remaining unpaid on that day, in addition to the amount of such tax, one per centum on the amount thereof; and to charge, receive, and collect upon such tax so remaining unpaid on the first day of January thereafter, interest upon the amount thereof at the rate of seven per centum per annum, to be calculated from the day on which said assessment-rolls and warrants shall have been delivered to the said Receiver of Taxes to the date of payment.

The same rate of interest shall be so charged and collected upon any tax levied in the year eighteen hundred and eighty, remaining unpaid at the date of the passage of this act.

Section 3. All existing provisions of law which impose a charge and require the collection of interest at the rate of twelve per centum per annum upon arrears of taxes on real and personal estate within the City of New York, upon arrears of assessments for local improvements and street openings in said city, and upon arrears of Croton water rents in said city, are hereby repealed; and in lieu of such charge of interest at the rate of twelve per centum per annum, there shall be charged and collected by the officer authorized to collect and receive any such arrears of taxes and assessments and Croton water rents, interest upon the amount thereof at the rate of seven per centum per annum, to be calculated for the same period as interest at the rate of twelve per centum per annum is now required by law to be calculated thereon. This provision shall apply to taxes, assessments, or Croton water rents remaining unpaid and due, for the non-payment of which the lands and tenements liable therefor shall be hereafter sold at public auction as now provided by law; provided, however, that nothing in this act shall be construed to affect the rights of purchasers at sales for taxes, assessments, or Croton water rents, heretofore made, or to authorize the redemption of lands and tenements from sales heretofore made for any lesser sums than the sums collectible for such redemption under the provisions of existing laws.

Section 4. It shall be the duty of the Comptroller of the City of New York to give public notice by advertisement for at least ten days, in the CITY RECORD, printed and published in said city, immediately after the confirmation of any assessment for a local improvement or street opening in said city, that the same has been confirmed specifying the title of such assessment and the date of its confirmation by the Board of Revision and Correction of Assessments in proceedings for local improvements, and

by the Supreme Court in proceedings for street openings, and also the date of entry in the record of titles of assessments kept in the Bureau for the Collection of Assessments, and of Arrears of Taxes and Assessments, and of Croton water rents, notifying all persons, owners of property affected by any such assessment, that, unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of any such assessment, interest shall thereafter be collected thereon as provided in the following section of this act, and all provisions of law or ordinance requiring any other or different notice of assessments and interest thereon are hereby repealed.

Section 5. If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said record of titles of assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect, and receive legal interest thereon, at the rate of seven per centum per annum, to be calculated from the date of such entry to the date of payment.

Section 6. This act shall take effect immediately.
