Whereas, The presence of a pipe in Sedgwick avenue, in connection with the aqueduct, may enable the City to make a connection with the pipe distribution in that part of the annexed district, thus saving the large expense of a costly connection with the main city pipes ; therefore be it Resolved, That an adit be driven from or about Station 1478, in the property of Susan P. Lees, parallel with the southerly property-line of said lands to the Harlem river ; said adit to contain a three-foot cast-iron pipe and pipe chamber, as delineated on the plan submitted by the Chief Engineer.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

(1) Bidders must satisfy themselves by personal examination of the premises on which the work is to be done, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work, and whose estimate is regular in all respects.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; and the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The bidder to whom the award is made shall give

the manner prescribed and required by ordinance, in the

Bidders are required to submit their estimates upon
the following express conditions, which shall apply to
and become part of every estimate received.

1st. Bidders must satisfy themselves, by personal ex-
amination of the location of the proposed dredging, and
by such other means as they may prefer, as to the accuracy
of the foregoing Engineer's estimate, and shall not, at any
time after the submission of an estimate, dispute or com-
plain of the above statement of quantities, nor assert
that there was any misunderstanding in regard to the
nature or amount of the work to be done.

2d. Bidders will be required to complete the entire
work, to the satisfaction of the Department of Docks,
and in substantial accordance with the specifications of
the contract. No extra compensation beyond the amount
payable for the work before mentioned, which shall be
actually performed, at the price therefor, to be specified
by the lowest bidder, shall be due or payable for the
entire work.

The work to be done under the contract is to be com-

and the entire work is to be fully completed on or before
the twenty-seventh day of August, 1887, and the damages
to be paid by the contractor for each day that the contract
may be unfulfilled after the time fixed for fulfillment has
expired, are, by a clause in the contract, fixed and
liquidated at Fifty Dollars per day.

All the material excavated is to be removed by the
contractor, and deposited in all respects according to
law.

Bidders will state in their estimates a price per cubic
yard, for doing such dredging in conformity with the
approved form of agreement and the specifications
therein set forth, by which price the bids will be tested.
This price is to cover all expenses of every kind in-
volved in or incidental to the fulfillment of the contract,
including any claim that may arise through delay from
any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in
figures, the amount of their estimate for doing this work.

The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the contract
within five days from the date of the service of a notice
to that effect; and in case of failure or neglect so to do,
he or they will be considered as having abandoned it,
and as in default to the Corporation; and the contract
will be re-advertised and relet, and so on until it be
accepted and executed.

Bidders are required to state in their estimates their
names and places of residence; and the names of all persons
interested with them therein, and if no other person be
so interested, the estimate shall distinctly state the fact;
also that the estimate is made without any connection
with any other person making an estimate for the same
work, and that it is in all respects fair and without
collusion or fraud; and also, that no member of the
Common Council, Head of a Department, Chief of a Bureau,
Deputy thereof or Clerk therein, or other officer of the
Corporation, is directly or indirectly interested therein,
or in the supplies or work to which it relates, or in any
portion of the profits thereof; which estimate must be
verified by the oath, in writing, of the party making
the estimate, that the several matters stated therein are
in all respects true. Where more than one person is
interested, it is requisite that the verification be made
and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in
writing, of two householders or freeholders in the City
of New York, with their respective places of business or
residence, to the effect that if the contract be awarded to
the person or persons making the estimate, they will, on
its being so awarded, become bound as his or their
sureties for its faithful performance, and that if said
person or persons shall omit or refuse to execute the con-
tract, they will pay to the Corporation of the City of
New York any difference between the sum to which said
person or persons would be entitled on its completion,
and that which said Corporation may be obliged to pay

any subsequent letting; the amount, in each case, to be
calculated upon the estimated amount of the work to be
done, by which the bids are tested. The consent above
mentioned shall be accompanied by the oath or affir-
mation, in writing, of each of the persons signing the same,
that he is a householder or freeholder in the City of New
York, and is worth the amount of the security required
for the completion of the contract, over and above all his
debts of every nature, and over and above his liabilities
as bail, surety and otherwise; and that he has offered
himself as surety in good faith and with the intention to
execute the bond required by law. The adequacy and
sufficiency of the security offered will be subject to
approval by the Comptroller of the City of New York,
after the award is made and prior to the signing of the
contract.

No estimate will be received or considered unless ac-
companied by either a certified check upon one of the
State or National Banks of the City of New York, drawn
to the order of the Comptroller, or money to the amount
of five per centum of the amount of security required for
the faithful performance of the contract. Such check or
money must not be enclosed in the sealed envelope con-
taining the estimate, but must be handed to the officer
or clerk of the Department who has charge of the Estimate-
box, and no estimate can be deposited in said box until
such check or money has been examined by said officer
or clerk and found to be correct. All such deposits, ex-
cept that of the successful bidder, will be returned to the
persons making the same, within three days after the
contract is awarded. If the successful bidder shall re-
fuse or neglect, within five days after notice that the
contract has been awarded to him, to execute the same,
the amount of the deposit made by him shall be forfeited
and retained by the City of New York, as liquidated

damages for such neglect or refusal; but if he shall exe-
cute the contract within the time aforesaid, the amount
of his deposit will be returned to him.

Bidders are informed that no deviation from the speci-
fications will be allowed, unless under the written in-
structions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded
to, any person who is in arrears to the Corporation, upon
debt or contract, or who is a defaulter, as surety or other-
wise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if
deemed for the interest of the Corporation of the City of
New York.

Bidders are requested, in making their bids or esti-
mates, to use the blank prepared for that purpose by the
Department, a copy of which, together with the form of
agreement, including specifications, and showing the

(No. 250.)

PROPOSALS FOR ESTIMATES FOR DREDGING
AT PIER, NEW 59, NORTH RIVER.

ESTIMATES FOR DREDGING AT PIER, NEW
59, North river, will be received by the Board of
Commissioners at the head of the Department of Docks,
at the office of said Department, on Pier "A," foot of
Battery Place, North river, in the City of New York,
until 12 o'clock, M. of

WEDNESDAY, JULY 13, 1887,

at which time and place the estimates will be publicly
opened by the head of said Department. The award of
the contract, if awarded, will be made as soon as prac-
ticable after the opening of the bids.

Any person making an estimate for the work shall fur-
nish the same in a sealed envelope to said Board, at said
office, on or before the day and hour above named,
which envelope shall be indorsed with the name or names
of the person or persons presenting the same, the date of
its presentation, and a statement of the work to which it
relates.

The bidder to whom the award is made shall give
security for the faithful performance of the contract, in
the manner prescribed and required by ordinance, in the
sum of Three Thousand Dollars.

The Engineer's estimate of the quantities of material
necessary to be dredged in order to secure at each of the
premises mentioned the depth of water set opposite
thereto in the specifications, is as follows:

Pier new 59, North river, 55,000 cubic yards.

N. B.—Bidders are required to submit their estimates
upon the following express conditions, which shall apply
to and become part of every estimate received:

1. Bidders must satisfy themselves, by personal ex-
amination of the location of the proposed dredging, and
by such other means as they may prefer, as to the accu-
racy of the foregoing Engineer's estimate, and shall not,
at any time after the submission of an estimate, dispute or
complain of the above statement of quantities, nor assert
that there was any misunderstanding in regard to the
nature or amount of the work to be done.

2. Bidders will be required to complete the entire
work, to the satisfaction of the Department of Docks, and
in substantial accordance with the specifications of the
contract. No extra compensation, beyond the amount
payable for the work before mentioned, which shall be
actually performed, at the prices therefor per cubic yard,
to be specified by the lowest bidder, shall be due or pay-
able for the entire work.

The work to be done under the contract is to be com-
menced within five days after the date of the contract,
and the entire work is to be fully completed on or before
the fifth day of September, 1887, and the damages to be
paid by the contractor for each day that the contract may
be unfulfilled after the time fixed for the fulfillment has
expired, are, by a clause in the contract, fixed and
liquidated at Fifty Dollars per day.

All the material excavated is to be removed by the
contractor and deposited in all respects, according to law.

Bidders will state in their estimates a price per cubic
yard, for doing such dredging in conformity with the
approved form of contract and the specifications therein
set forth, by which price the bids will be tested. This
price is to cover all expenses of every kind involved in or
incidental to the fulfillment of the contract, including any
claim that may arise through delay from any cause in
the performing of the work thereunder.

Bidders will distinctly write out, both in words and in
figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the contract
within five days from the date of the service of a notice
to that effect; and in case of failure or neglect so to do,
he or they will be considered as having abandoned it,
and as in default to the Corporation; and the contract
will be re-advertised and relet, and so on until it be
accepted and executed.

Bidders are required to state in their estimates their
names and places of residence; and the names of all persons
interested with them therein; and if no other person be
so interested, the estimate shall distinctly state the fact;
also that the estimate is made without any connection
with any other person making an estimate for the same
work, and that it is in all respects fair and without col-
lusion or fraud; and also, that no member of the Common
Council, Head of a Department, Chief of a Bureau,
Deputy thereof, or Clerk therein, or other officer of the
Corporation, is directly or indirectly interested therein,
or in the supplies or work to which it relates, or in any
portion of the profits thereof; which estimate must be
verified by the oath, in writing, of the party making
the estimate, that the several matters stated therein are
in all respects true. Where more than one person is in-
terested, it is requisite that the verification be made
and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in
writing, of two householders or freeholders in the City
of New York, with their respective places of business or
residence, to the effect that if the contract be awarded to
the person or persons making the estimate, they will, upon
its being so awarded, become bound as his or their sure-
ties for its faithful performance; and that if said person
or persons shall omit or refuse to execute the contract,
they will pay to the Corporation of the City of New
York any difference between the sum to which said person
or persons would be entitled upon its completion, and that
which said Corporation may be obliged to pay to the per-
son to whom the contract may be awarded at any subse-
quent letting; the amount in each case to be calculated
upon the estimated amount of the work to be done, by
which the bids are tested. The consent above mentioned
shall be accompanied by the oath or affirmation, in writ-
ing, of each of the persons signing the same that he is a
householder or freeholder in the City of New York, and is
worth the amount of the security required for the comple-
tion of this contract, over and above all his debts of every
nature, and over and above his liabilities as bail, surety
and otherwise; and that he has offered himself as surety
in good faith and with the intention to execute the bond
required by law. The adequacy and sufficiency of the
security offered will be subject to approval by the Com-
ptroller of the City of New York after the award is made
and prior to the signing of the contract.

No estimate will be received or considered unless ac-
companied by either a certified check upon one of the State
or National Banks of the City of New York, drawn to the
order of the Comptroller, or money to the amount of five
per centum of the amount of the security required for the
faithful performance of the contract. Such check or
money must not be enclosed in the sealed envelope con-
taining the estimate, but must be handed to the officer
or clerk of the Department who has charge of the Estimate-
box, and no estimate can be deposited in said box until
such check or money has been examined by said officer
or clerk and found to be correct. All such deposits, ex-
cept that of the successful bidder, will be returned to the
persons making the same, within three days after the
contract is awarded. If the successful bidder shall re-
fuse or neglect, within five days after notice that the
contract has been awarded to him, to execute the same,
the amount of the deposit made by him shall be forfeited
and retained by the City of New York, as liquidated
damages for such neglect or refusal; but if he shall exe-
cute the contract within the time aforesaid, the amount
of his deposit will be returned to him.

Bidders are informed that no deviation from the speci-
fications will be allowed unless under the written in-
structions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded
to, any person who is in arrears to the Corporation, upon
debt or contract, or who is a defaulter, as surety or other-
wise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if
deemed for the interest of the Corporation of the City of
New York.

Bidders are requested, in making their bids or esti-
mates, to use the blank prepared for that purpose by the
Department, a copy of which, together with the form of
the agreement, including specifications, and showing the
manner of payment for the work, can be obtained upon
application therefor at the office of the Department.

M., Wednesday, July 13, 1887, at which time and place they will be publicly opened by the head of said Department and read.

All of the articles are to be delivered at the various houses of the Department, in such quantities and at such times as may be directed.

No estimate will be received or considered after the hour named.

The form of the agreement, with specifications, showing the manner of payment for the articles, may be seen and forms of proposals may be obtained at the office of the Department.

Proposals must include all the items, specifying the price per cwt. for hay and straw, and per bag for oats and bran.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, within their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of four thousand (4,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of two hundred (200) dollars. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relay, as provided by law.

DEPARTMENT OF PUBLIC WORKS.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, NEW YORK, June 21, 1887.

PUBLIC NOTICE AS TO WATER RATES.

PUBLIC NOTICE IS HEREBY GIVEN THAT in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 361 of the New York City Consolidation Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rents:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

3d. The returns of arrears of water rents, including the year 1887, shall be made as heretofore on the confirmation of the tax levy by the Board of Aldermen, and shall include all charges and penalties of every nature.

4th. A penalty of five dollars (\$5) is hereby established, and will be imposed in each and every case where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the respective buildings or property, and, if not collected, be returned in arrears in like manner as other charges for water.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled or recorded on the books of the Department.

D. LOWBER SMITH, Deputy and Acting Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.
