FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,
THURSDAY, August 22, 1889.

Present—President Henry D. Purroy and Commissioners S. Howland Robbins and Anthony Eickhoff.

Resolved, That the Board of Estimate and Apportionment be and is hereby requested to authorize the transfer of the sum of one thousand seven hundred and fifty dollars and fifty-five cents from the appropriation "Fire Department Fund—For Salaries, Headquarters Pay-roll, including Salary of Instructor of Corps of Sappers and Miners" for the current year, for which the same is not required, to the appropriation "Fire Department Fund—For New Houses for Engine and Hook and Ladder Companies" for the current year, for which the same is required to enable the building of the engine house in West One Hundred and Thirteenth street (substituted for Engine Company No. 35 by the Board of Estimate and Apportionment), for which proposals have been received.

The Departmental Estimate was adopted as follows:

DEPARTMENTAL ESTIMATE FOR 1890.

	2,000 00	

This is the same in amount as was asked for the current year.

The following explains the increase over the appropriation for 1889:

2 Engineers, at \$1,200 each.....	\$2,400 00
1 Messenger, at.....	1,000 00
An increase of salary of the Stenographer and Type-writer from \$1,040 to \$1,500—\$400; total, \$3,800.	

The two Engineers are required to run the boilers, elevator and electric lighting apparatus in the Headquarters building, and the Messenger is required in the office of the Board.

The Stenographer and Type-writer has demonstrated the value of his services to the Department, and the salary asked for is less than the average paid in other branches of the City Government for the same services.

Chief of Department and Assistants Pay-roll—

Chief of Department.....(chap. 552, 1885)	\$5,000 00
2 Deputy Chiefs of Department, at \$3,500 each.....	7,000 00

9 Stokers, at \$2 per day.....	6,570 00
	1,362,467 00

For these pay-rolls \$1,324,467 was asked for the current year, and \$1,300,000 was allowed.

The increase is for the following new organizations: Engine Company No. 56, Eighty-third street, near Ninth avenue (recently organized); new Engine in West One Hundred and Thirteenth street, near Tenth avenue; the new Floating Engine Company and Hook and Ladder Company in West Thirty-sixth street. These additions will be required for the coming year at an average cost of \$15,700 per company, or \$62,800 in the aggregate.

Bureau of Combustibles Pay-roll—

Inspector of Combustibles.....(secs. 48, 427 and 428, chap. 410, 1882)	\$3,000 00

4 Oil Collectors, at \$900 each.....	3,600 00
2 Messengers, at \$1,000.....	2,000 00
	20,300 00

For the present year \$16,700 was asked in the Departmental Estimate and \$12,200 was allowed. The increase is for the following:

Inspector of Combustibles.....	\$500 00
2 Additional Clerks, at \$1,000.....	2,000 00
1 Clerk.....	200 00
2 Additional Surveyors, at \$1,200 each.....	2,400 00
2 Additional Messengers, at \$1,000 each.....	2,000 00
	\$7,100 00

The records of the Department show that since the reorganization of this Bureau, fourteen years ago, when the appropriation for it was fixed at \$12,200, its business has increased forty per centum, while the appropriation has been increased to \$13,200, or only a little over eight per centum. During this year, at the instance of his Honor the Mayor, to more effectually prevent accidents resulting from the use of explosives in blasting, etc., stringent regulations governing the transportation, sale, storage and use of explosives, were adopted by the Fire Commissioners which, to make them effective, require an addition to the force of the Bureau. This branch of its duties involves the serving of a large number of notices, for which the two new messengers are mainly needed, and the two additional surveyors and two additional clerks are principally required for the same general purposes. The increase of salary of the Inspector of Combustibles, who has acceptably filled this position since 1877, is well deserved, and the increase of salary of one clerk should also be allowed.

Bureau of Fire Marshal Pay-roll—

Fire Marshal.....(secs. 48, 427 and 428, chap. 410, 1882)	\$2,500 00
Assistant Fire Marshal.....	1,500 00

	7,400 00

1 Inspector of Buildings.....(secs. 48 and 428, chap. 410, 1882)	\$2,000 00

8 Clerks, at \$1,000 each.....	8,000 00
6 Messengers, at \$900 each.....	5,400 00
	\$106,900 00

The amount asked for the current year was \$110,600, and the amount allowed was \$100,800. The additions required to the appropriations are one Inspector at \$2,000 and four Inspectors at \$1,100 each, \$4,400. The Inspector at a salary of \$2,000 is needed for purposes requiring a high order of technical knowledge and superior practical experience. The additional Inspectors are necessitated by the large increase of general work throughout the city, requiring a further subdivision of districts.

Attorney to Department Pay-roll.....(sec. 54, chap. 410, 1882)

Telegraph Force Pay-roll—(secs. 48 and 428, chap. 410, 1882)—	4,000 00

Operator for general inspecting and adjusting.....	1,500 00
4 Operators, at \$1,380 each.....	5,520 00
4 Assistant Operators, at \$1,200 each.....	4,800 00

The amount asked for the current year in the Departmental Estimate was \$29,820, and the amount allowed was \$26,945.

The increase asked for is made up as follows:

For 1 Instrument Maker.....	\$1,000 00
For 1 Assistant Batterymen.....	1,100 00
For 1 Foreman of Linemen.....	1,000 00
For 1 Extra Lineman.....	900 00

All of this additional help is very much needed to maintain the efficiency of the fire-alarm service and to make such improvements therein as are constantly found necessary.

Superintendent of Repairs to Buildings.....	\$2,000 00

6 Wheelwrights, at \$3 per day.....	5,610 00
Wheelwright's Helper, at 2.25 per day.....	702 00
2 Harness-makers, at \$3 per day.....	1,872 00
Harness-maker's Helper, at 2.50 per day.....	780 00
3 Horse Repairers, at \$3 per day.....	2,808 00

Painter, at \$3 per day.....	936 00
3 Painters, at \$2.75 per day.....	2,575 00

Janitor, at 2.50 per day.....	912 00
5 Drivers, at 250 per day.....	4,550 00
	69,005 50

For the current year, \$65,510 were asked, and \$61,878 allowed. The increase now requested is made up as follows:

4 Machinists, at \$3 per day.....	\$3,744 00
1 Machinist's Helper and Messenger, at \$2.50 per day.....	780 00
1 Wheelwright's Helper, at \$2.25 per day.....	702 00
1 Harness Maker's Helper, at \$2.50 per day.....	780 00
1 Horse Repairer, at \$3 per day.....	925 00
	\$6,931 00

The increase, as will be seen, is in the mechanical force, the demands upon which to keep the apparatus of the Department in proper order are, year by year, increasing.

Hospital and Training Stables Pay-roll (secs. 48 and 428, chap. 410, 1882)—

Foreman.....	\$1,500 00
9 Stablemen, at \$2 per day.....	6,570 00
	8,070 00

For the current year \$5,150 was asked and allowed. The increase requested is represented by 4 Stablemen, at \$2 per day, being \$2,920 in the aggregate. This is rendered necessary by the occupation at the beginning of the coming year of the New Hospital and Training Stable in West Ninety-ninth street, which is now in course of erection with greater and better accommodations for the treatment of sick and injured horses, and in which it is also proposed to locate the Training-stables for new horses on probation.

Apparatus, Supplies, etc.—

Apparatus and repairs.....(secs. 425 and 426, chap. 410, 1882)	\$40,000 00
Buildings and repairs.....	104,000 00
Contingencies—Bureau Inspection of Buildings.....(sec. 504, chap. 410, 1882)	7,000 00
Coal and wood.....(sec. 425, chap. 410, 1882)	30,000 00

Horse-shoeing.....	13,500 00
Harness Shop supplies.....(secs. 424, 425 and 426, chap. 410, 1882)	5,000 00
Hose Shop supplies and new hose.....	35,000 00
Machine and Paint Shop supplies.....	20,000 00
Rents.....(sec. 181, chap. 410, 1882)	4,000 00

Telegraph supplies and repairs.....(secs. 424, 425 and 426, chap. 410, 1882) 48,000 00
Repairs to fire steamers..... 5,000 00
\$406,000 00

For these items \$340,000 were asked for the current year and \$335,000 were allowed. The increase is made up mainly by the item "Buildings and Repairs," and amounts to \$64,000. A thorough inspection of the buildings of the Department, with estimates in detail of the cost of the work required in each to put them in order, shows that this amount is necessary.

The Department is required to care for and keep in repair more than eighty buildings, and it has been found impossible, with the appropriation allowed for the purpose, to keep them in proper condition.

The remainder of the increase asked for is \$3,000 on the item "Telegraph Supplies and Repairs," which is required for the improvement of the fire-alarm system in the way of providing new outer boxes with keyless doors for the street alarm boxes, etc.

For Placing and Connecting Fire-alarm Electrical Conductors Underground (chap. 499, 1885)..... 100,000 00

All the appropriations hitherto made for this purpose have been exhausted, the contract for \$50,000 for 1888 having been completed and the contract for the same amount for the current year being under way. The work accomplished thus far has mainly been the placing of conductors in the subways constructed on main routes as directed by the Board of Electrical Control, but to reach desired points not located upon these routes, subsidiary connections must be provided. Owing to the small amount allowed for this purpose for the last two years, being only one-half of the appropriation asked for, work of the character referred to could not be done; and to continue the placing of conductors in the main subways already provided, and to make the requisite subsidiary connections, which are absolutely necessary, the full amount asked for is needed.

For New Houses for Engine and Hook and Ladder Companies, etc..... 100,000 00

For quarters for the following: Engine Company No. 7 and Hook and Ladder Company No. 1 and Water Tower No. 1, now located at the corner of Chambers and Centre streets (or in lieu thereof, Engine 29 and Hook and Ladder Company No. 10, corner of Fulton and Church streets), Engine Company No. 35, at No. 233 East One Hundred and Nineteenth street, Engine Company No. 41, at No. 501 North Third avenue, and for Engine Company No. 42, on Fulton avenue, between One Hundred and Sixty-seventh and One Hundred and Sixty-eighth streets.

The Department has been notified that the Commissioners designated by chapter 81 of 1889 have taken steps to erect a municipal building on that portion of the City Hall park partly occupied by the present quarters of Engine Company No. 7 and Hook and Ladder Company No. 1. The location is deemed advantageous for fire apparatus, because it is quite central to a section of the city in which there are many fires and is on a corner, but if the new municipal building project is carried out, the removal of these organizations will be necessary and new locations and buildings will be required. In the event that this change should not be made, the substitution of the quarters of Engine Company No. 29 and Hook and Ladder Company No. 10, at Fulton and Church streets, is desired. The building at Fulton and Church streets is old and should be rebuilt to fit it for these important companies.

The house of Engine Company No. 35 was referred to in the estimate for the current year in these terms: "The condition is such that it must be rebuilt. To repair and alter it would be throwing money away. The house was built for the volunteer service thirty years ago."

The houses for Engine Companies Nos. 41 and 42 were built for the volunteer service of the towns of Mott Haven and Morrisania respectively, before their annexation to this city, and both are in a very bad and unsuitable condition for the service. The last-named house was also asked for in the estimate for the current year, in which it was described as follows:

"It is only two stories high and the walls of the second story, being only eight inches thick, will not bear the weight of an additional story. The building is very narrow, twenty feet, too small in every way for its present purposes. It has no cellar, the floor beams are rotting, and its condition generally is such that it would be unwise to expend money upon it for alterations to make it suitable and for repairs to make it habitable."

To Complete the New Floating Engine..... 43,000 00

For this purpose \$75,000 were asked in the Departmental Estimate for this year and \$65,000 were allowed. This amount has been found to be entirely inadequate. Upon advertising for proposals the lowest bid that was obtained for building the boat entire, exclusive of the fire pumps (for which the lowest bid was \$22,000) was \$72,000, in all \$94,000, thus exceeding the appropriation by \$29,000, without allowing for the naval architect's commissions, which are chargeable to this appropriation. For building the hull of the boat the lowest bid, amounting to \$34,800, was accepted, and the contract awarded thereon. The engine and auxiliary machinery was subsequently awarded for \$24,832.50. The balance of the appropriation will therefore be about \$35,000.

On the basis of the estimates received, it is safe to say, that the boat cannot be completed for less than the amount above called for.

The foregoing estimate, amounting to two millions three hundred and sixty thousand four hundred and ninety-two and 5/8 (\$2,360,492.50) dollars, is adopted as the sum of money which will be required for the expenses necessary to the administration and conduct of the Fire Department of the City of New York for the year 1890.

No extra compensation beyond the amount payable for the several classes of work before enumerated, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The person making any bid or estimate must furnish the same, enclosed in a sealed envelope, to the head of said Department, at his office, on or before the day and hour above mentioned.

The envelope must be indorsed with the name or names of the person presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, who are interested in the same, in business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation the difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded, as per section marked "A" on the plan of the work.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a household or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as a surety for any other contract, and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons to whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract, or a bid or estimate must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-book, and no estimate can be deposited in said box until such check or money has been examined and found to be correct, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect, and he shall be bound to execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items, or which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is indebted to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the several contracts is as follows:

For Number 1, above-mentioned	\$80,000 00

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bids for Furnishing Groceries and Dry Goods and Leather," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION reserves the right to reject all bids or estimates if it deems fit to purchase the PUBLIC INTEREST, AS PROVIDED IN SECTION 54, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is or appears to be the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder or contractor must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and it in all respects fair and without collusion or fraud; and that no member of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tendered. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that

he is a householder or freeholder in the City of New York, and is worthy and able of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has procured himself a surety and with the consent of the person or persons for whom he consents to become surety, to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope of the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the same, the amount of the deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

NEW YORK, June 1, 1889.

CLAIMS FOR EXEMPTION FROM JURY duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or druggists, actually engaged in their respective professions and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "Jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered in person, if possible, and at this office only,

under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "arrested" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents. All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons of legal age and sound years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, Chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereon.

Each estimate must be sealed by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and the amount which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.
