REPORTS OF STANDING COMMITTEES.

Report of Committee on Rules—

No. 221.

The Committee on Rules respectfully

REPORTS:

That it has received a number of suggestions in relation to the changing of the rules of the Board, and after a careful consideration of the subject, believes that certain changes should be made to correct a few minor faults, and a further change in the matter of the weekly calendar, which will facilitate City business.

It therefore, recommends that the accompanying resolution be adopted.

Resolved, That the Rules of the Board of Aldermen, adopted January 9, 1912, be and they are hereby amended, as follows:

1. By the substitution of a comma (,) for a period (.), after the third sentence of Rule 8, and the substitution of a small letter (t) for the capital letter (T), at the beginning of the present fourth sentence. By further striking out the words "(See Section 35 of the Charter)".

2. By the elimination of the first four paragraphs of Rule 14, and the substitution therefor of the following: "He shall prepare and cause to be printed for each meeting a list in detail of all matters ready for consideration at such meeting. Said list shall be known as the Calendar, and shall include all vetoes, messages from the Mayor and other City, County and Borough officials and Departments that have been laid over for future consideration, special and general orders and any other matters which have been presented to the Board and which remain undetermined." By further striking out the last sentence of Rule 14.

3. By striking from the fourth sentence of Rule 25, after the word "All," the words "motions, resolutions, ordinances and".

4. By striking out all of the second and third sentences of Rule 30, and substituting in lieu thereof the following: "An ordinance amending or repealing any existing law or ordinance shall contain in parentheses the part repealed and the new part to be inserted underscored. When any such ordinance is printed in the minutes, the part repealed shall be in brackets instead of parentheses, and the new part shall be in italics instead of being underscored."

RALPH FOLKS, ROBERT F. DOWNING, JOHN DIEMER, FRANK L. DOWLING, W. AUG. SHIPLEY; Committee on Rules.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bedell, Boschen, Bosse, Brush, Cole, Coleman, Curran, Davis, Delaney, Devine, Dixson, Dowling, Downing, Drescher, Eagan, Eichhorn, Esterbrook, Folks, Gaynor, Gilmore, Grimm, Hagenmiller, Herbst, Kenney, Lieberman, Loos, McCann, McCourt, McGarry, McGrath, Marks, Martyn, Molen, Moore, Mulligan, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stapleton, Stevenson, Walsh, Weil, Weston, White, Willard, Wilmot; President Steers, and the Vice-Chairman—55.

PETITIONS AND COMMUNICATIONS.

No. 222.

Executive Offices, The City Club of New York, 55 W. 44th St., January 24, 1912.

To the Board of Aldermen of The City of New York:

Gentlemen—We respectfully call your attention to, and urge your favorable action upon, items 87, 88 and 89 introduced by Alderman Folks on Tuesday, January 9, 1912.

These resolutions, with a few minor changes, embody the recommendations of the Mayor's Committee on Motion Picture Shows. It also embodies in all essentials the recommendations made by the Commissioner of Accounts in a report to the Mayor dated March 22, 1911. That report was made after an extensive investigation.

The matters which seem to us of great importance and worthy of entire approval are:

1. Seating Capacity—The maximum seating capacity for motion picture theatres is increased from 300 to 600. This will enable profitable motion picture enterprises to

be conducted in entire accordance with the Code, eliminating moral and physical hazards which now exist.

2. Clearly Defined Requirements for Safety—The requirements as to construction, ventilation, lighting and heating are made clear and definite.

3. Concentration of Responsibility—Responsibility for the enforcement of the proposed ordinance, if enacted, will rest upon the License Bureau, and its action and the action of various City Departments with regard to motion picture shows will all be made a matter of record.

We believe that the opportunity is presented for a constructive and desirable piece of legislation which will reflect credit upon those responsible for its passage.

Respectfully submitted, THE CITY CLUB OF NEW YORK,
By Robert S. Binkerd, Secretary.

Secretary of Board of Aldermen, City Hall, New York City:

Dear Sir—I desire to express here my approval of the ordinance in regard to the moving picture shows, which comes before your Board, and especially endorse the requirements for larger seating capacity, elimination of the stage for fire safety and public morality, and entrusting the program to the discretion of the Mayor.

Very truly yours, LOUIS ANNIN AMES.

Which were severally referred to the Committee on Laws and Legislation.

No. 224.

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau St., Telephone 4150 Beekman, New York, January 25, 1912.

P. J. SCULLY, Esq., Clerk of the Board of Aldermen, City Hall, New York:

Dear Sir—Supplementing my letter of January 20, in which I acknowledged receipt of a copy of a resolution adopted by the Board of Aldermen January 13, 1912, I beg to state that the limitations upon the jurisdiction of the Commission to order transfers as stated in the law quoted in my letter, applies equally to the transfers requested between the subway and surface lines at the 181st st. station.

The resolution with respect to the surface lines seems to me somewhat obscure. As all surface cars in the Bronx transfer at intersecting points to cars operating in the same general direction, as required by law, it is presumed that the Board of Aldermen had in mind the recent order of the Commission for the exchange of transfers between the companies and lines operating in Manhattan, and that the resolution is for the extension of transfers in the same manner, between all lines, subway, elevated and surface, upon the ground that the recent reorganization applies to those lines in the Interborough-Metropolitan Company.

It is merely necessary to point out that the latter company is not an operating railroad company, but is a holding company, over which the Public Service Commissions law does not give jurisdiction. If this is a correct analysis of the resolution, it is evident that the Commission cannot, under the law, obtain the result aimed at by the Board of Aldermen in the resolution. Very truly yours,

TRAVIS H. WHITNEY, Secretary.

Which was ordered on file.

No. 225.

The Brooklyn League, Temple Bar, 44 Court St., Brooklyn, N. Y., January 29, 1912.

To the Board of Estimate and Apportionment and the Board of Aldermen of The City of New York:

The Brooklyn League desires to call the attention of your honorable body to the dangerous condition existing in the Borough of Brooklyn due to inadequate protection against fire. The Headquarters of the Fire Department, which includes Fire Alarm Headquarters, are located in a building that is entirely unsuitable as to construction and location for the purposes for which it is used. At any moment fire in this non-fireproof building might be sufficient to put the entire fire alarm system out of commission, and a serious fire starting among the surrounding frame buildings would in all probability destroy both the Fire Alarm Headquarters and seriously cripple the entire fire alarm system.

We urge upon your honorable body as prompt action as may be possible to secure for the fire alarm system of this Borough a suitable building of fireproof construction and centrally located and suited to the present and future needs of the large territory embraced.

In this connection we would respectfully call your attention to the report on the condition of the fire alarm service of the Borough of Brooklyn, issued by the National Board of Fire Underwriters under date of December, 1911, which gives in detail the needs of this important branch of the service.

We would also urge the appropriation of the necessary funds asked for the purchase of above apparatus and new hose and for the improvement of the fire alarm service throughout the Borough.

CHARLES H. FULLER, President; JOHN F. GEIS, Secretary.

Authorized by the Executive Committee of the Brooklyn League at a meeting held January 25, 1912.

Report on the Condition of the Fire Alarm Service, Borough of Brooklyn, City of New York.

National Board of Fire Underwriters, Committee on Fire Prevention, New York, December 16, 1911.

CECIL F. SHALLCROSS, Esq., Chairman, Committee on Fire Alarm Service, New York Board of Fire Underwriters:

Dear Sir—The National Board of Fire Underwriters (Committee on Fire Prevention) have completed the investigation of the Fire Alarm System of the Borough of Brooklyn and herewith present the report for your perusal.

Yours very truly, GEO. W. HOYT, Chairman.

National Board of Fire Underwriters, Committee on Fire Prevention, 135 William St., New York, December 16, 1911.

Mr. GEO. W. HOYT, Chairman, Committee on Fire Prevention, New York City:

Dear Sir—In compliance with a request from Mr. C. F. Shallcross, Chairman of the Committee on Fire Alarm Service, New York Board of Fire Underwriters, Engineer Charles H. Lum made an investigation of the fire alarm facilities in the Borough of Brooklyn during October and November, 1911, to ascertain the present condition of the system and what improvements, if any, had been made since our previous inspection in 1906.

We find that the system is dangerously unreliable, is not giving, at best, good service and is very inadequate for the service required. It has been extended and maintained without any well defined plan ,and maintenance has in the past been poor.

The present system was originally designed for the City of Brooklyn before consolidation and was a manual system. As surrounding towns and villages grew and were made a part of that City, their fire alarm circuit or circuits were extended to the present headquarters, or if no local system existed, one of the box circuits of the original system was extended to cover the newly added section. Alarm circuits were not installed in the annexed towns, but existing fire stations and all new ones erected were equipped with house instruments directly in the box circuits, a fundamentally wrong principle; the result has been that annexed sections of Brooklyn and all of Long Island City are protected by what are essentially single-circuit fire alarm systems, such as are proper only for small villages; owing to their length, and overloading with apparatus and boxes, and their general condition, these circuits would not be suitable in any locality.

Since our previous report, the fire alarm systems of all Boroughs of Greater New York have been put in charge of an unusually well qualified electrical engineer, whose duties, in addition to general supervision of the present systems, include the designing of a new fire alarm telegraph system for each Borough.

The system is maintained by an able Inspector, but the force under him has been greatly reduced since 1905, although the system and the amount of extension and repair work have greatly increased since that date. Proper transportation facilities for the Inspector and his outside men are not at prevent provided; it was stated that these are to be furnished in the near future.

The headquarters apparatus is in a building of construction very little, if any, better than wooden joisted. The fireproofing practically forms a hanging ceiling, above which is, in most of the building, a heavy-joisted floor, making numerous concealed spaces; there are many frame partitions, stair and elevator openings are unprotected and a fire would spread very rapidly. Owing to the lack of window protection, exposures, which would ordinarily be classed as moderate, are severe. Internal hazards are severe, being those of a small garage and of a stable, in addition to the common fire hazards of an office occupancy and a poorly kept basement. The roof was in such condition at the time of inspection that it was necessary to ask the Salvage Corps to spread tarpaulins to protect the fire alarm apparatus during a storm. The building is entirely unsuitable as the location of a fire alarm headquarters; a very small fire in the basement could damage the incoming wires sufficiently to put the entire system out of commission, and a fire there or on other floors could readily destroy the headquarters equipment or make the operating room untenable for the operators.

Practically all of the apparatus at headquarters is old, although several of the more important instruments have been rebuilt and are now in good condition. Galvanometers are regularly used for the testing of circuits; these are not reliable, and their use has been discontinued in practically all cities in which they were originally installed.

Telephone and fire alarm telegraph circuits follow practically identical routes after entering the headquarters building, and a very small fire in the basement could cut off all means of notification of a fire and for communicating with fire stations. Owing to the storage of waste paper and kindling wood close to these cables, such a fire is liable to occur at any time. The cables are unprotected near the point of entrance and are subject to very severe mechanical injury, as the masonry wall to which they are secured without any protection is used as a wall of the coal bin. The installation of circuits of the telegraph system in the operating room has recently been somewhat improved, but much work of this kind remains to be done; even as now being installed, circuits will not be in accordance with modern methods or requirements.

The primary batteries used to energize most of the circuits have, in practically all cities where this type of battery has been used, been found to be unreliable and very expensive to maintain, and have been discarded for storage batteries, which, particularly when used as common batteries, require much less space, are more reliable and give better service.

The boxes on the system are mostly unsatisfactory, being of a type that, if two on the same circuit are pulled simultaneously, only one will be received, the other sending no record to headquarters; those installed in the last five years have practically all been of proper type. The probability of delayed alarms caused by the use of boxes with keys detached is being remedied by the substitution of keyless doors as rapidly as they are available and the small force for maintenance will permit. The method of installing leads to boxes formerly in use is very faulty, as the wires are not only subject to mechanical injury, but a box may be short circuited out of service, without giving any indication until pulled.

Box distribution is fairly good in old Brooklyn, but in the annexed sections, large groups of buildings are without this protection; about 148 boxes are on hand for installation but several hundred more are necessary to proper box spacing. Most of the boxes in the City are inconspicuous and only a few are provided with red lights to indicate location. At the time of inspection boxes were being painted according to a regular system; the necessity for a continuance of this work and its annual repetition is very apparent as many are very badly rusted.

The use of box circuits as alarm circuits in a city of this size shows lack of appreciation of the importance of reliability. All circuits are badly overloaded; one carries as many boxes and alarm instruments as would ordinarily be permitted on six circuits, and several carry the load of five circuits. Many of the circuits are very long, but could be shortened by locating new fire alarm headquarters more centrally. Wires are run as single conductors along the various elevated structures, supported mostly on glass insulators on wooden cross-arms, but in several instances on telephone hooks and porcelain knobs. This class of construction renders the circuits subject to crosses where loops are taken off for special building boxes or for street boxes; at several points the fire alarm wires are subject to severe mechanical injury, and as work is constantly being done on the elevated structure a number of circuits may accidentally be opened at any time. Recent circuit construction is, for the most part, good, but much of the old work is in very poor condition. The Fire Alarm Telegraph Bureau has no jurisdiction over the special building boxes, which are owned and maintained by private owners or the various Municipal Departments; as an analysis of the records of trouble indicates that a very large percentage has occurred in the loops to special building boxes, this condition should be remedied at once. Owing to the large amount of overhead construction, the number of open circuits has been extremely large, and, because of the poor traveling facilities afforded the men making repairs, the time between the opening and the full closure has also been excessive. Wires must necessarily run through trees and are subject to mechanical injury during the wind storms and to excessive leakage during rain. The wiring in fire stations is, for the most part, extremely bad and should be given immediate attention.

The new Fire Department telephone system is well laid out but too many houses are dependent upon a single circuit, and the circuits in headquarters are subject to the same hazard as are those of the fire alarm telegraph system.

The operators are mostly detailed from the uniformed force and, for the most part, are experienced; an adequate number is always on duty. Because of the small force for maintenance and the very large territory to be covered, box tests have been very infrequent and the method of testing circuits is one which has been discarded in practically all other cities as being unreliable. Records as now kept are in proper form but those kept prior to January 1, 1911, are not in readily accessible form.

Recent improvements have increased the number of boxes and, to a very small extent, the reliability of the system. However, in several instances during the time of this inspection, alarms received at headquarters could not be deciphered, owing to interrupted or broken signals, and companies could not be notified until later, when a telephone call gave notification of the fire. The overloaded condition of box circuits, use of box circuits as alarm circuits, poor condition of much overhead wiring, improper type of boxes, unsuitable batteries and general inability to properly maintain the system with the present inadequate force, make these and more serious failures not only probable, but very certain. No adequate improvement can be expected until the number of circuits has been very greatly increased, the headquarters moved to an unexposed location and modern apparatus installed in a building constructed especially for the purpose, wires installed underground in the closely built sections of the City, separate alarm circuits, distinct from box circuits, installed to connect instruments in each fire station, and additional boxes installed.

In conclusion, we wish to acknowledged the cooperation of Fire Commissioner Joseph Johnson and of the officials of the Fire Alarm Telegraph Bureau in affording us every facility for collecting information for the purpose of this investigation.

A detailed report on the present organization, equipment and operation of the fire alarm system, together with the recent, authorized and contemplated improvements, follows. Respectfully submitted; GEO. W. BOOTH, Chief Engineer.

Fire Alarm System, Borough of Brooklyn, City of New York.

Organization—The fire alarm systems of the five boroughs of The City of New York form a bureau of the Fire Department, under the supervision of the Fire Commissioner, and under the management of Mr. J. C. Rennard, who was appointed Electrical Engineer in Charge in March, 1910. The direct management of the various systems in the Boroughs of Brooklyn and Queens is in charge of Mr. Andrew P. Martin, Chief Inspector, who was assigned to his present duties in November, 1910, prior to which time he had been in charge of the systems in the Boroughs of Manhattan, The Bronx and Richmond, after having previously had charge in the Boroughs of Brooklyn and Queens.

The force employed in the maintenance of the systems in the Boroughs of Brooklyn and Queens in 1906 and in 1911 is given in the table below.

	1906.	1911.
Telegraph Operators	..	3
Inspectors of Boxes	2	..
Wireman	1	..
Foreman of Linemen	1	..
Linemen	18	17
Batterymen	8	7

	1906.	1911.
Cable Splicers	1	2
Groundmen	5	2
Laborers	3	2
Messenger	..	1
Detailed Firemen	21	14
Total	60	48

Five of the Linemen and two of the Batterymen are on duty in connection with the systems in the Borough of Queens. One Batteryman is assigned to duty as Supply Man, one is used as a Driver and one as a Box Inspector. One of the Laborers is used as a Box Inspector and one as Instrument Man, and one of the Groundmen works as a Driver. The Detailed Firemen are assigned to duty as Telegraph or Telephone Operators, except that one acts as Clerk and two are assigned to other boroughs.

Employees are appointed by the Fire Commissioner from lists furnished by the Civil Service Commission.

Headquarters—Fire alarm headquarters is located on the fifth floor of a five and six-story semi-fireproof building, erected in 1892, located at 365 Jay st. The building is occupied by a ladder company, a water tower and the Fire Department offices. Exposures offered by frame dwellings and printing establishment and a brick stable are serious. Window openings are unprotected. Inside hazards include waste, bags of paper, defective electric light wiring and kindling wood, all in the cellar and largely in the neighborhood of the fire alarm cables. Two automobiles are generally kept in the building; gasoline is kept in an underground tank and pumped to first floor.

Protection consists of the fire apparatus on the first floor and several six-gallon chemical extinguishers, distributed on the different floors. The building contains an unusually large amount of combustible material, such as office furniture and accessories, wooden partitions, etc. The elevator and stair well is open, and wire shaft forms direct connection for fire from basement to operating room. The fifth floor, which is devoted entirely to the Fire Alarm Telegraph Bureau, contains a large amount of unnecessary woodwork in the operating platform, instrument mountings, switchboards and frames and cases, desks, lockers, etc. During the inspection the roof of the building leaked at a point over the telephone switchboard to such an extent that tarpaulins were borrowed from the Salvage Corps to prevent damage in the fire alarm room.

Equipment—Apparatus at Headquarters: The Brooklyn system includes all of the Borough of Brooklyn and old Long Island City. A manual system is in use, with operators on duty at all times. The headquarters apparatus is mainly of Gamewell make; most of it is old and several instruments have recently been extensively repaired. It consists of a slate protector board in the basement, a similar board in the apparatus room, a slate and wooden testing board, a wooden relay board, and transmitting instruments and registers as given below. Circuits are installed loose under the platform of the operating room, sections of which are arranged to be removed. Wire of the original installation in the operating room had cotton insulation; some of this has been reinstalled, using rubber insulated wire, but there still remains much work to be done in this direction.

Protective—Circuits enter the building underground in lead sheathed, rubber-covered cables, and extend, unprotected, through a coal-bin to a terminal and protector board located in a small boarded room about 25 feet from point of entrance; this board has capacity for 75 circuits, each circuit passing through a ground-plate, a 1-ampere fuse and a heat-coil spring fuse, which is arranged to ring a bell in the operating room when the fuse blows. At the time of inspection, coal for the winter had lately been stored and cables were buried beneath it. From this protector board, circuits are carried in a taped cable secured to the under side of a wooden strip on the ceiling of the cellar to the base of a brick wire-shaft, which extends unstopped from the basement to the operating room, where circuits are connected to another protector board. At this latter board, each circuit passes through a heat-coil fuse and a mechanical circuit breaker, which is also arranged to ring a bell after operation. The wires from the brick shaft to this board pass under a small section of the floor and up inside the partition between the operating room and the Inspector's office; the board has capacity for 63 circuits.

Receiving—Box signals are received by a visual drop and a relay on each circuit; the relay, through a normally open local circuit, operates a buzzer, a sounder and a pen on one of two 30-pen registers. Record can also be made on any one of the six single-circuit punch registers. A switch has been installed whereby the 30-pen registers may be cut out. The relay board is designed for 60 circuits. The relays require frequent adjustment of tension owing to the constantly changing circuit conditions. Each circuit is also provided on this board with a Morse key for signalling, and a 4-point plug switch for grounding or cutting out circuit. The time-stamp formerly in use has been removed.

Signals from the Consolidated Fire Alarm Company's system are received on a relay which operates a gong and records the box number on a tape register. Signals from the National District Telegraph Company are similarly received.

Transmitting—A Gamewell, 4-dial, 3-figure transmitter is regularly used for transmission of signals over the gong circuits. A Pearce and Jones, 2-dial, 4-figure transmitter, recently overhauled and placed in serviceable condition, is held in reserve. The transmitter regularly used has space for 10 circuits. Joker alarm circuits connect to houses in old Brooklyn, but many of the box circuits are used as alarm circuits; two multiple Morse keys are the only means for sending alarms simultaneously over the joker and the combination box and alarm circuits, otherwise the individual Morse key on each circuit would have to be used. A plug is provided so that the Long Island City circuit may be thrown out for alarms from the southern part of the city, otherwise all alarms sound in all houses. Connected to the gong circuits is a chime of bells in the operating room to indicate the proper transmission of alarms.

Testing—A slate and wooden testing board provides a galvanometer on each circuit, which is regularly used for testing for grounds. A portable voltmeter and a milli-ammeter are provided for testing for serious grounds, battery potential and current strength. The automatic ground detector formerly connected to the gong circuits has been discarded.

Batteries—Gravity cells, total number 2,678, are used to supply current for most of the circuits. A battery of 96 storage cells in duplicate is now used on five of the circuits, with 25 cells kept charged for use as extra battery on box circuits 1 and 2. Thirty-nine Gordon and ten Samson cells are in use for local open circuits and 155 Samson cells for gong circuits. Twenty-eight of the Gordon and 100 of the gravity cells are used as extra battery for box circuits and can be switched into service at any time. Suffcient spare parts are kept on hand.

Gravity batteries are fairly well kept and are well mounted on insulated racks. The battery room is kept in as good order as is possible where battery renewals have to be made in the same room. Some of the storage batteries are mounted directly on wooden racks and some are supported on glass and porcelain supports on wooden racks. The battery racks do not provide proper space for the number of cells used and 200 or 300 of them are set on the floor or on poorly supported shelves against partitions. Wiring to cells is No. 12 and No. 14 copper, partly rubber-covered and partly with office insulation. Some wires are in wooden moulding, others hang loose, and still others are stapled to the battery racks with double-pointed tacks. Wiring in connection with the storage batteries is mainly under wooden cleats. Battery leads are carried from the racks to the operating room in a trough in the floor provided with a wooden cover.

A new slate charging board on an iron frame, providing proper resistance, switches and instruments for charging batteries, is being installed; in connection with this work, wiring is to be installed in conduit.

Storage batteries are charged every other day by current taken from the panel board of the house lighting system through lamp resistance; no switchboard is provided, double-throw baby knife switches, secured to boards nailed to the wall, being used for throwing batteries from charging to discharging or vice versa. At the time of inspection it was noted that some of the plates in the storage batteries were very badly buckled and some cells showed a large amount of sediment.

Apparatus at Fire Stations—Fire alarm instruments at houses are of Gamewell, Chester, or Pearce make, and nearly uniform in type. In old Brooklyn, originally intended to be covered by the system, each house has a relay, a Morse key and a sounder connected to a joker circuit, the first serving to sound alarms on a 6-inch gong; there is also a large gong connected to a gong circuit. Horse release trips and lighting switches are operated either automatically by the gong, or manually. Several of the houses are also provided with a testing set connected in some box circuit, consisting of a Morse key and a sounder; this is for use in connection with tests made by operators at fire alarm headquarters. In the remainder of the territory covered by the system, each house is equipped with a relay, a Morse key and a sounder on some box circuit, the first operating a small bell; at least two circuits run into each fire station to provide duplicate means of receiving alarms, but usually only one of these is connected to the master key at headquarters.

Boxes—Description: The fire alarm boxes are divided into Classes 1, 2, 3 and 4. The Class 1, 2 and 4 boxes include all street boxes, the class number designating the section of the city or the borough in which it is located; Class 1 boxes are in the old city and are numbered 12 to 999; Class 2 are in the annexed section of the Borough of Brooklyn and number from 2-121 to 2-999, and the Class 4 are in the Borough of Queens and number from 4-121 to 4-999. The Class 3 boxes include all of those in school buildings, City institutions, theatres and other buildings, the box numeral being preceded by three blows. Total number of boxes, 1,682, divided as follows:

Street boxes, Class 1	854
Class 2	325
Class 4	67
Total	1,246
Building boxes, Class 3	436
Street Boxes—	
Interfering type, with brush-break contacts	97
Plain non-interfering type, with brush-break contacts	972
Non-interfering and successive type, with platinum or silver contacts	177
Boxes with keyless doors	271
Boxes with key in lock under guard	22
Boxes with key detached	972
Street boxes with auxiliary attachment	105
Gamewell boxes	1,199
Pearce and Jones boxes	41
Star boxes	5
Crane box	1

Most of the street boxes have wound springs and trigger pull. About 12 per cent. are equipped with platinum point key break, the others have the less reliable brush break contact. Most all of the plain non-interfering boxes are of the type which fails to send in any signal should the circuit be in use for any purpose when pulled. The speed of boxes is extremely slow. About one-fifth of the boxes are fitted with keyless doors; a very few have key attached under guard, and the remainder are detached-key boxes, for which keys must be procured from nearby houses or stores before an alarm can be turned in; in many cases, keys are kept at small mercantile establishments which are closed at night. Keys are also entrusted to any responsible citizen. Boxes are mounted on any available telephone or electric lighting pole or on Fire Department poles, elevated structures or iron trolley poles, frequently back from corners, and inconspicuous. Locations of 22 boxes are indicated by red lights. Boxes, and a band upon each supporting pole, are now being painted red. This work is being carried on by battalion districts; boxes and poles in five such districts have been painted, and work is to be continued until the entire system has been covered. Many of the boxes in the districts remaining to be done are very inconspicuous and badly rusted, not having been painted since their installation, as prior to the present painting no systematic work along these lines was attempted.

The special building boxes are of various makes and are the property of the several municipal departments or of private owners. Four hundred and thirty-six such boxes are installed in Brooklyn and Long Island City. Installation must be satisfactory to the Fire Department before connection to a fire alarm circuit, but circuits and boxes are maintained by owners.

Distribution.—In the central portion of old Brooklyn and in Williamsburg boxes are well distributed; the usual maximum distance from any building to a box is approximately 500 feet, although several instances were noted where this is exceeded. Distances of 700 and 800 feet are usual in the remaining portions of old Brooklyn, and in the annexed sections large districts are without any boxes; the needs of the Fire Department for responding to alarms in these districts have made necessary the insertion in the assignment book of over 400 dummy box numbers for locations not now provided with boxes. About 148 boxes are now available for installation and are being placed as rapidly as is possible with the small maintenance force available.

Circuits.—There are in regular use 34 box circuits, all but 12 of which are at times used as combination alarm circuits; 5 joker circuits, 7 gong circuits and 3 special circuits, all metallic and normally closed, and 4 open local circuits. The 7 gong circuits are normally closed under light current, but are opened when used for transmission of alarms. To each box circuit is connected 21 to 104 boxes. Box circuits used as combination circuits have 1 to 17 houses on each. One circuit has 104 boxes and alarm instruments in 7 houses; one has 97 boxes and instruments in 4 houses; 3 have 80 to 90 boxes in each; 5 have 60 to 80 in each, and 11 have 40 to 60 in each. All except one of the circuits enter 1 to 17 houses, either for alarm instruments or to be used as testing points, some circuits having as many as 4 testing boxes in houses. The smallest load carried by any circuit is 21 boxes and the instruments in 3 houses.

The wires run in lead sheathed cables, through telephone conduits, in Jay st., a few hundred feet north and south from headquarters to the elevated railroad structures in Myrtle ave. and in Fulton st.; No. 14 copper wire is used in the cable. There is also about 13,000 feet of underground work in Flatbush, and 5,840 feet in Sea Gate. Except for this and a few short laterals the distributing wires are overhead and carried on the elevated structure, on buildings and on telegraph, telephone, electric light or trolley poles or are on poles belonging to the Fire Department. Outside circuits were originally protected on the elevated railway structures where underground construction changes to aerial by ½-ampere string fuses. At various times these have been replaced by copper wire, so that most of the protection at this point has been done away with. No. 12 and No. 10 copper wire, with either weather-proof braided covering or rubber insulation, are used in aerial work, the latter having been used of late years. The condition of some of the older circuits shows very poor construction and subsequent hard usage; the newer work has been well installed.

The telephone company has installed many of its main cables underground during the past few years; funds were not provided the Fire Department for underground installation, which has necessitated the taking over, exclusively for fire alarm use, of a large number of poles in very poor condition, or removal of fire alarm circuits to high tension or iron trolley poles. This latter is now being done very generally. The high tension poles are in good condition and lines on them are well strung. Where high tension and fire alarm wires are on the same pole the fire alarm circuits are placed well beneath high tension circuits and ample space is provided to enable Linemen to pass between the wires of the fire alarm system. When circuits are supported on iron trolley poles they are usually on the opposite side of the street from feeder cables and supported on a small 1 or 2 pin crossarm with petticoat insulator on wooden pin. Leads down poles to boxes are in most cases twisted pairs supported every six or eight feet by a split knob, rendering them subject to mechanical injury and liable to cutouts which cannot be known until the box is used. Leads are now being installed in iron pipes part way up the pole; these pipes should be carried to the crossarm.

As scaled from the maps of circuits at Fire Alarm Headquarters there are 824 miles of wire in the box, joker and gong circuits. The longest circuit is 40¾ miles; four other circuits each exceeds 30 miles. Box circuits are so arranged that, in general, adjacent boxes are on different circuits.

Records of troubles at Headquarters show that between January 1 and November 1, 1911, there have been 256 open circuits, 13 crosses and 171 grounds. The total time between the opening of circuits and their full closure has been 563¼ hours. The longest time between the opening of any single circuit and its return to working conditions has been 7¼ hours. Records show that Circuit 17, which contains 104 boxes and 7 houses, has been open nine times during this period. A very large proportion of the circuit troubles occur in the loops to the special building boxes, in which case the loop is cut out and the owner or City department notified of the fact.

Wiring of circuits in fire stations is, for the most part, in extremely bad condition. At a few of the fire stations conduits have been installed from the nearest pole to the cellar; these have mostly been installed for five years, but very few are in use.

Telephones.—The present Fire Department telephone system for the Borough of Brooklyn was installed in January, 1911, and is owned and maintained by the New York Telephone Company. A modern three-position switchboard, with capacity for 210 branch circuits and connected to the main exchange by 10 trunks, one of which is unlisted, is located in the operating room and is operated by the telegraph operators. Seventy-five branch circuits are now in use. Fire Department offices have connection with this board, and fire stations are connected by battalions, all the stations in a battalion being on the same circuit. One circuit connects 10 stations, 3 connect 6 stations each, 6 connect 5 stations each, and 7 connect 4 stations each. This arrangement has been adopted in order that the Chief of each battalion may call up all the companies in his district without calling through the switchboard. Deputy and Battalion Chiefs have house extensions from the instruments in the station where they are located. Circuits enter the building underground and are carried through the wire shaft with fire alarm circuits and under the floor of the operating room to the switchboard.

An independent telephone circuit connects Brooklyn Headquarters with Fire Alarm Headquarters in Manhattan. One is also provided connecting with the office of the National District Telegraph Company.

Operation.—Routine and Maintenance.—Operators serve in three shifts of four men each. The Chief Inspector and several employees are usually present during the day. Two Linemen are on duty at Headquarters at all times when not out on emergency duty. Company officers report, over the telephone, signals incorrectly received and house instruments out of order. In addition to transmitting alarms, the Operators attend to the telephone switchboard, test all circuits and direct the work of the Linemen hunting for trouble. The Operator in charge of each shift tests all circuits three to eight times, and oftener during storms, by means of a galvanometer. A voltmeter and an ammeter are provided with plugs and can also be used. Gong circuits are now normally closed under weak current, but are opened during the time required for the transmission of an alarm; the automatic tester formerly in service is no longer used. A relay, connected in each gong circuit when closed under weak current, announces an open circuit by an annunciator drop and a buzzer.

Boxes are tested at irregular intervals, varying from four to eight times a year, tests consisting of sending in taps to the office and pulling the box. Records are kept in card catalog form. The Chief Inspector attends all second and third alarms in Brooklyn and Long Island City. Batteries are well maintained, considering the small number of men available for this work, but some of the cells appear to need more frequent renewals.

Alarm Transmission.—Box signals are received at Headquarters by a relay which, through an open local circuit, operates a circuit annunciator, a sounder, a buzer and a pen on one of the 30-pen registers. A plug board and cords and plugs are also provided whereby any one of six punch registers may also be used to record a box alarm. Switches are provided whereby either of the two 30-pen registers may be cut out of service. At the start of a box alarm the Operator in charge observes the relay, sounder and tape register. Another Operator repairs to the manual transmitter. The Operator in charge notes the number of the box, checks it upon a box list conveniently located above the relay, and usually upon the completion of the second round of the box signal the transmitter has been set, and two rounds of the box number are transmitted over the gong circuits, timed at about 1¼ seconds per stroke. Then the Operator in charge sends two rounds at quick time over the joker and the combination box and alarm circuits. There is a plug provided for cutting out the Long Island City circuit when alarms from the southern section of the city are being transmitted. Each fire station outside of old Brooklyn is equipped with instruments on two of the box circuits; only five of the combination box circuits are connected in on the master Morse key, and for alarms from certain boxes the box number is repeated over another box circuit to some of the houses. Alarms transmitted over the gong circuits are recorded on a 10-pen register and announced on a 10-bell chime; those transmitted over the joker and combination box circuits are recorded on the 30-pen registers. Alarms are transmitted over the gong circuits to Police Headquarters, three Water Department repair shops, the High Pressure Pumping Station, three Fire Patrol Stations, two pumping stations, the residences of ten Fire Department officers, the power house of the Brooklyn Rapid Transit Company, the Edison Electric Company power station, the Brooklyn Rapid Transit wrecking crew, the Manhattan Fire Alarm Company, two gas companies, the Consolidated Fire Alarm Company and seventeen offices or other places not connected with the Fire Department.

Telephone Alarms.—Telephone alarms are received at Headquarters switchboard, and the company nearest the schene of the fire is notified by telephone. If the fire is reported under headway the number of the nearest box is sent out, a large wall map being provided for use in this connection. This map shows about 400 dummy stations which may be sent out for telephone alarms.

Other Alarms.—Alarms over the Automatic system or over the National District Telegraph system are received by a relay, which operates a gong and tape register, and the box number, preceded by 10 or 17 blows, is sent in the same manner as a box alarm; companies answer according to regular assignments.

Recent Improvements.—Since the previous report in 1906 one additional box circuit has been installed; gong circuits have been normally closed under weak current; 303 boxes have been added to the system; 29 detached key boxes have been provided with keyless doors; locations of 22 boxes have been designated by red lights; about 13,000 feet of underground cable has been installed in Flatbush; the two 30-pen registers have been overhauled, and the defective time stamp and master clock and the circuit tester have been discarded. Much of the wiring in Headquarters has been overhauled; storage batteries have been provided for five of the circuits; a storage battery switchboard is being installed, and a very large proportion of the outside circuits has been rerun. Boxes, many of which had not been painted since the time of their installation, are being painted and supporting poles are being marked by red bands.

Improvements Authorized or Contemplated.—A new fire alarm system is being designed, to include: A fireproof Fire Alarm Headquarters building, to be used for no other purpose, located in the vicinity of Prospect Park; new apparatus at Headquarters; the installation of all circuits underground where ducts are available, in closely built sections, providing a sufficient number, so that no circuit will be overloaded, and adequate provision will be made for future growth; installing duplicate alarm circuits separate from box circuits to each fire station, and standardizing alarm instruments. No site has as yet been decided upon for Headquarters building, but several are being discussed.

A contract has been let and work is now under way for the installation of circuits underground in a section of the original city; work to cost about $83,000. In addition, $90,000 is available for underground work to be begun this coming spring. In this work provision is being made for circuits of the proposed system.

Boxes are to be renumbered serially instead of using a preceding district or Borough number.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communications from the Commissioners of the Sinking Fund:

No. 226.

The City of New York, Department of Finance, Comptroller's Office, January 24, 1912.

To the Honorable Board of Aldermen:

Gentlemen—Pursuant to the provisions of the Greater New York Charter, as amended by chapter 103 of the Laws of 1903, entitled "An Act to amend the Greater New York Charter, relative to the Sinking Fund of The City of New York for the Redemption of the City debt, by adding a new section to be known as section two hundred and twenty-two providing for the issue of additional bonds of The City of New York, to be called General Fund Bonds, and by amending section one hundred and sixty-nine of said Chater," the Commissioners of the Sinking Fund of The City of New York hereby certify to the Board of Aldermen of The City of New York, that the estimated amount of receipts on account of the revenues or income, from all sources, of the "Sinking Fund of The City of New York for the redemption of the City Debt" during the year 1912 is estimated at twenty million five hundred and ninety-four thousand seven hundred and eighty-eight dollars and forty-three cents ($20,594,788.43), made up as follows:

Interest on investments and deposits	$3,950,875 00
Licenses	230,000 00
Miscellaneous	5,000 00
Permits	275,000 00
Privileges	44,500 00
Rents	4,697,500 00
Surplus revenues of the "Sinking Fund for the payment of Interest on the City debt"	9,000,000 00
	$18,202,875 00
Estimated revenues from investments and interest on deposits, i. e., income and accumulation thereof derived from the assets held by the Sinking Fund on January 1, 1903, less the amounts of bonds and stock payable from said Sinking Fund matured and paid and cancelled since that date. and from amounts set apart for the redemption of bonds and stock, pursuant to the Greater New York Charter, as amended by chapter 103, Laws of 1903	$2,391,913 43
Total estimated receipts on account of the revenues or income from all sources during the year 1912	$20,594,788 43
And the said Commissioners of the Sinking Fund further certify that the amount required to be set apart for the year 1912 out of said revenues and income, for the redemption of bonds and stock is	219,941 15

The said installment or amount so required to be set apart for the year 1912 has been set apart, and it has been determined to invest seventeen million five hundred thousand dollars ($17,500,000) of the excess of revenue or income of said fund in general fund bonds of The City of New York during the year 1912 for account of the "Sinking Fund of The City of New York for the Redemption of the City Debt," by resolution of the Board, adopted January 24, 1912.

W. J. GAYNOR, Mayor; WM. A. PRENDERGAST, Comptroller; R. R. MOORE, City Chamberlain; A. L. KLINE, Acting President of the Board of Aldermen; HENRY H. CURRAN, Chairman, Finance Committee of the Board of Aldermen; Commissioners of the Sinking Fund.

No. 227.

Commissioners of the Sinking Fund of The City of New York, January 24, 1912.

To the Honorable Board of Aldermen:

Gentlemen—I transmit herewith certified copies of resolutions adopted by the Commissioners of the Sinking Fund, at meeting held this day, as follows:

1. Resolution to set apart out of the revenues and income of the Sinking Fund of The City of New York for the redemption of the city debt the sum of $219,941.15 for the redemption of bonds and stock.

2. Resolution to authorize an investment of $17,500,000 in General Fund Bonds of The City of New York for account of the Sinking Fund of The City of New York for the redemption of the city debt, in accordance with the provisions of chapter 103 of the Laws of 1903. Very truly yours, JNO. KORB, Jr., Secretary.

Resolved, That, pursuant to the provisions of the Greater New York Charter, as amended by chapter 103 of the Laws of 1903, the Commissioners of the Sinking Fund of The City of New York hereby direct that the sum of two hundred and nineteen thousand, nine hundred and forty-one dollars and fifteen cents ($219,941.15) be set apart out of the revenues and income of the "Sinking Fund of The City of New York for the Redemption of the City Debt" for the year 1912 (excepting the income and accumulation thereof derived from the assets held by said Sinking Fund on January 1, 1903, less the amount of bonds and stock payable from said Sinking Fund matured and paid and cancelled since that date and except also the income and accumulation thereof derived from the amounts thus and heretofore set apart), for the redemption of bonds and stock, redeemable from said Sinking Fund.

Resolved, That, pursuant to the provisions of the Greater New York Charter, as amended by chapter 103 of the Laws of 1903, the Commissioners of the Sinking Fund of The City of New York hereby determine to invest from time to time during the year 1912, in General Fund Bonds of The City of New York, bearing a 3 per cent. interest, and maturing November 1, 1930, interest payable semi-annually on May 1st and November 1st, for account of the "Sinking Fund of The City of New York for the Redemption of the City Debt" the sum of seventeen million five hundred thousand dollars ($17,500,000) out of the revenues or income of the said Sinking Fund of The City of New York for the Redemption of the City Debt for the year 1912 in excess of the income and accumulation thereof derived from the assets held by said Sinking Fund on January 1, 1903 (less the amount of bonds and stock payable from said Sinking Fund matured and paid and cancelled since that date), and from the amounts set apart for the redemption of bonds and stock, and in excess also of the amount so required to be set apart for the year 1912; and be it further

Resolved, That the Secretary of the Commissioners of the Sinking Fund be and hereby is directed to notify the Board of Aldermen and the Comptroller of the amount that the Commissioners of the Sinking Fund have determined to invest in General Fund Bonds of The City of New York, pursuant to the foregoing resolution.

A true copy of resolution adopted by the Commissioners of the Sinking Fund, January 24, 1912. JNO. KORB, Jr., Secretary.

Which were severally referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment.

No. 228.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, January 22, 1912:

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment January 18, 1912, recommending the establishment, in the Department of Bridges, of the grade of position of Secretary to the Department at $4,000 per annum for one incumbent, etc.

I also transmit certified copy of report of the Committee on Salaries and Grades relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 9, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 30, 1911, the Commissioner of Bridges requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the additional position of Secretary to the Department, at $4,000 per annum. In connection therewith, we report as follows:

The Commissioner states that, in the event of the position being established, he proposes to appoint to it the incumbent in the position of Secretary to the Commissioner now at $4,000.

The title of Secretary to the Department is now established in several of the City Departments and there would appear to be no objection to its establishment in the Department of Bridges. Your Commitee, however, recommends that the existing grades of the positions of Secretary to the Commissioner, at $4,000, be at the same time abolished. This proposition has been approved by the Commissioner.

We recommend the adoption of the attached resolution approving the request, with the amendment noted. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Bridges of the grade of the position, in addition to those heretofore established, as follows:

Title of Position.	Compensation. Per annum.	No. of Incumbents.
Secretary to Department	$4,000 00	1

—and further recommends that, when the said position shall have been approved for the Department of Bridges by the Municipal Civil Service Commission and the State Civil Service Commission, and the necessary schedule modification, to provide for the compensation of a Secretary to the Department in the Department of Bridges shall have been approved by the Board of Estimate and Apportionment, the grade of position of Secretary to the Commissioner, at $4,000 per annum, in the Department of Bridges, be abolished.

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 18, 1912. JOSEPH HAAG, Secretary.

Which was referred to the Committee on Salaries and Offices.

No. 229.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, January 22, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of twenty-one (21) resolutions adopted by the Board of Estimate and Apportionment January 18, 1912, as follows:

Calendar No. 11—Authorizing issue of $437.75 corporate stock for the purpose of providing means for the payment of the bill of costs and expenses of the Commissioners of Estimate and Appraisal, in the matter of acquiring title to lands and premises required for the construction of the bridge over the Hutchinson River on the line of the Boston road, Borough of The Bronx.

62A-62T—Amending resolutions adopted June 3, 1910, authorizing the issues of corporate stock for the erection of buildings for the use of the Fire Department, providing for reductions in certain authorizations to make up deficiencies in others, but not affecting the total amount of the authorizations.

I also transmit copies of communication from the Comptroller and report of the Corporate Stock Budget Committee relative thereto. Yours very truly,

JOS. G. HAAG, Secretary.

City of New York, Department of Finance, Comptroller's Office, January 11, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Under date of March 22, 1907, the Board of Estimate and Apportionment adopted a resolution authorizing the Corporation Counsel to institute condemnation proceedings for the acquisition of certain lands located in the Borough of The Bronx, selected by the Commissioner of Bridges, to be used by the Department of Bridges for the purpose of constructing a new bridge over the Hutchinson River on the line of the Boston road, in the Borough of The Bronx.

A bill of costs and expenses has been taxed in favor of the Commissioners of Appraisal and The City of New York by Mr. Justice Ford, under date of December 22, 1911, to the amount of four hundred and thirty-seven and 75-100 dollars ($437.75).

The Corporation Counsel under date of January 8, 1912, has advised that this bill of costs and expenses has been properly taxed and should be paid.

To provide means for the payment of this obligation, corporate stock to the amount of four hundred and thirty-seven and 75-100 dollars ($437.75) should be issued, pursuant to the provisions of section 47 of the Greater New York Charter.

A resolution for that purpose is herewith submitted. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding four hundred and thirty-seven dollars and seventy-five cents ($437.75), for the purpose of providing means for the payment of the bill of costs and expenses, as taxed by Mr. Justice Ford, of the Supreme Court, under date of December 22, 1911, in favor of the Commissioners of Estimate and Appraisal and The City of New York, relative to acquiring title wherever the same has not been heretofore acquired to the lands and premises required for the construction of the bridge over the Hutchinson River, on the line of the Boston road, Borough of The Bronx, City of New York, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding four hundred and thirty-seven dollars and seventy-five cents ($437.75), the proceeds whereof to the amount of the par value thereof, to be applied to the purposes aforesaid.

No. 230.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 9, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to a request of the Fire Commissioner, dated December 18, 1911, for the amendment of resolutions authorizing corporate stock for the erection of buildings for the use of the Fire Department, we report as follows:

On June 3, 1910, the Board of Estimate and Apportionment, and on June 28, 1910, the Board of Aldermen, authorized issues of corporate stock to the amount of $977,000 for the erection of twenty buildings for quarters for engine and hook and ladder companies. Specific amounts were authorized for each building. Based upon contracts awarded for the construction of ten of the new buildings, the amounts allowed in some instances are greater than will be required, and not sufficient in others. The Commissioner, therefore, requests amendments for transfers to make up the deficiencies in certain of the accounts. The approval of the request will not affect the total amount of the authorizations, and will permit the Department to proceed with the construction of all the buildings contemplated. The amount retained in authorizations which are reduced is sufficient to meet contract charges, architects' fees, and possible contingencies.

The following table shows the location of the buildings, the amounts originally authorized, the contracts awarded, the increase or decrease requested in authorizations, and the authorizations as amended:

The Vice Chairman laid before the Board the following communication from the Park Commissioner, Manhattan and Richmond.

No. 250.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, January 22, 1912.

To the Honorable the Board of Aldermen, The City of New York:

Gentlemen—I respectfully request an issue of special revenue bonds to an amount of $3,500, the proceeds whereof to be used in making necessary alterations to the comfort station in Chelsea Park.

This building was designed and erected for the accommodation of small children, with a view of erecting another building at the westerly end of the park at a cost of $30,000, for the accommodation of men and boys.

After a careful study of the existing conditions, I came to the conclusion that certain alterations in the children's building would eliminate the necessity of going to the expense of $30,000 for the erection of an additional building, and as there was an unexpended balance of several thousand dollars in the corporate stock appropriation made for the erection and equipment of the said building, I determined to make the necessary alterations out of that balance. Plans and specifications with form of contract were transmitted to the Board of Estimate and Apportionment for approval, and referred by the said Board to the Comptroller for consideration and report. The Engineer in that Department, to whom the matter was assigned, was of the opinion that in view of the fact that the work consisted mainly of alterations and repairs caused by alterations, that this work was not a proper charge against a corporate stock account, and recommended that revenue bonds be requested.

The building was designed for small children, and contains a toilet room, entrance lobby and Attendant's room. It is proposed to alter the building by equipping same for the accommodation of men and boys, as the present women's building provides ample accommodations for children.

Plans and specifications have been prepared and are ready to advertise for bids as soon as the necessary appropriation is available.

I desire further to state that the unexpended balance in the corporate stock fund, amounting to several thousand dollars, which I intended to use for the purpose of making the desired alterations, will be placed at the disposal of the Comptroller for rescindment.

Your immediate action upon this request, if favorable, will enable me to start the work in the early spring and have the building in readiness to accommodate the vast crowds which frequent the park and playground during the summer months.

Respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

The Vice Chairman laid before the Board the following communications from the Commissioner of Water Supply, Gas and Electricity.

No. 251.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, January 22, 1912.

To the Honorable Board of Aldermen, City Hall:

Gentlemen—This Department has conducted a test of the King meter, manufactured by the Union Meter Company, for the purpose of ascertaining whether it was a suitable and reliable meter to be used in measuring water in this City. The meter is of the disc pattern, almost similar in construction and material to the other disc meters which the City has adopted from time to time. It is made in sizes from ⅝-inch to 2 inches. The tests for accuracy on different flows and the tests for durability have shown that this meter could be safely adopted for use in this City.

I respectfully recommend, pursuant to section 475 of the Charter, that this meter be adopted, both as to pattern and price. On the attached schedule are given the different sizes in which the meter is made and the prices, including the connections.

Yours truly, HENRY S. THOMPSON, Commissioner.

Size.	Price.	Connections.
⅝-inch	$8 00	$0.40 per set.
¾-inch	12 00	.60 per set.
1-inch	16 00	.80 per set.
1½-inch	30 00	No charge.
2-inch	50 00	No charge.

No. 252.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, January 23, 1912.

The Honorable Board of Aldermen, City of New York:

Gentlemen—This Department has made a test of the Eureka water meter, manufactured by the Pittsburg Meter Company. It is of the current type and is made in sizes from 1½ to 12 inches, and is used principally where a large quantity and quick delivery of water are required. The tests have demonstrated that the meter is sufficiently accurate and constructed of durable material.

I would therefore recommend that, pursuant to section 475 of the Charter, this meter is adopted by the Board of Aldermen, both as to pattern and price.

On the enclosed schedule are given the different sizes of the meter and the prices at which same can be purchased. Yours truly,

HENRY S. THOMPSON, Commissioner.

Size.	Price.	Connections.
1½-inch	$30 00	No charge.
2-inch	40 00	No charge.
3-inch	80 00	No charge.
4-inch	160 00	No charge.
6-inch	350 00	No charge.
8-inch	600 00	No charge.
10-inch	750 00	No charge.
12-inch	900 00	No charge.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Jurors, Kings County.

No. 253.

Annual Report of the Commissioner of Jurors, Kings County, 1911.

Office of the Commissioner of Jurors, Room No. 5, County Court House, Borough of Brooklyn, N. Y., January 19, 1912.

To the Honorable Board of Aldermen:

Gentlemen—In compliance with the requirements of the Laws of the State of New York (article 2, title 4, chapter 10), chapter 48, I have the honor to submit the following report of the business of this Department from September 1, 1910, to August 31, 1911, both inclusive.

The Department of Taxes and Assessments of The City of New York, whose duty it is to furnish the names of persons for jury duty, residing within the County limits, failed to furnish such list to this Department until after the time set by statute.

The Commissioner of Jurors, according to chapter 1135, Laws of 1881, of the State of New York, 55,486 persons, all of whom were examined under chapter 601, Laws of New York.

After examination and correction as to their qualities, etc., the following will show the disposition of those examined:

Qualified	18,981
Aliens	2,903
Females	110
Non-Resident	2,077

	55,486

In accordance with chapter 451, Laws of 1907, there were returned to the Municipal Judges of the:

	Jurors.
First District	334
Second District	334
Third District	334
Fourth District	334
Fifth District	334
Sixth District	334
Seventh District	334
	2,338

—making a total of 2,338 liable for service as jurors until November 1, 1910. Succeeding that date, under Laws, 1910, the Commissioner of Jurors draws and furnishes a regular panel of Jurors for each term of said Courts, the same as for the Supreme and County Courts of this County.

Under chapter 257, Laws of 1904, there was submitted to the Board for the Selection of Grand Jurors a list of persons who have qualified to act as Jurors during the then ensuing year. From this list the Board selected and returned to this Department the names of 648 persons as being suitable for service as Grand Jurors.

During the year covered by this report, September 1, 1910, to August 31, 1911, both inclusive, there have been drawn from the list 18,981, who have qualified, 17,779 Trial Jurors and 480, all of whom have been summoned to attend the several Courts held in the County during the interval referred to above.

The number of Jurors drawn, and the Courts to which they were summoned, the number of persons fined, etc., are shown in the following statement:

For the Supreme Court of the State of New York there were drawn 10,360 Trial Jurors. Out of this number 280 Jurors, drawn to serve on the fifth (5th) Monday, twenty-ninth (29th) day of May, 1911, were recalled by an order from the Hon. Garret J. Garrettson, Justice of the Supreme Court.

For the Kings County Court there were drawn 6,075 Trial Jurors, and 480 Grand Jurors.

For the Municipal Courts of the First, Second, Third, Fourth, Fifth, Sixth and Seventh Districts of the Borough of Brooklyn there were drawn 1,344 Trial Jurors, making a total of 18,259.

By referring to the returns made to this Department by the Clerks of the Supreme, County and Municipal Courts it will be seen that out of a total of 18,259 persons summoned as Jurors, the following number:

Served	12,871
Excused by the Judges	3,307
Returned as having been fined	99
Returned by the Jury Notice Servers as "Not Found"	1,702
Withdrawn by order	280
	18,259

From the official returns of the several Courts, as will be shown, I have received the names of 99 delinquents, who were find, and all of whom were duly examined by the Board for the Remission and Enforcement of Jury Fines:

Remitted	37
Could not be found	29
Awaiting Action of Board	32
Paid	1
	99

On the date of the last report from this Department there were remaining on hand, awaiting the action of the Board for the Remission and Enforcement of Jury Fines three (3) cases, which have been disposed of as follows:

Remitted	3

The receipts from the fines collected are as follows:

No. 6315, John J. Reynolds, Supreme Court, June Term, 1911, ten dollars ($10). This amount I have paid over to the City Chamberlain, whose receipt I hold.

The excuses and answers offered for remission of fines, and the cause of such remission, are stated and placed opposite the names of each person on the herewith annexed statement. Respectfully submitted,

THOMAS H. FARRELL, Commissioner of Jurors for the County of Kings.

No. 254.

Department of Health, City of New York, S. W. Corner 55th street and Sixth avenue, Borough of Manhattan, Office of the Secretary, New York, January 23, 1912.

Mr. P. J. SCULLY, City Clerk, New York City:

Sir—I beg to acknowledge receipt of the resolution adopted by the Board of Aldermen on January 16, 1912, in which the Department of Health is requested to take whatever steps may be necessary to cause the cessation of the annoyance caused by the blowing of whistles of factories and steam vessels in the immediate neighborhood of St. Catherine's Hospital, Bushwick ave. and Maujer st., in the Borough of Brooklyn, and to inform you that the same has been referred to the Sanitary Superintendent for such attention as may be necessary. Very truly yours,

EUGENE W. SCHEFFER, Secretary.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 255.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, January 25, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—At a meeting of the Board of Estimate and Apportionment held January 25, 1912, a report was presented from the Corporate Stock Budget Committee (consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan), relative to the resolution of the Board of Aldermen, requesting that corporate stock be authorized for the purpose of providing means for improving the lighting system in the South Bronx portion of The Bronx, and stating that corporate stock cannot be authorized for the purpose of paying operating expenses of the City; and as the cost of street lighting in the several boroughs is provided for by appropriations in the Annual Budget under the title of Street and Park Lighting, the proper procedure, if the appropriation for said purpose is insufficient, is for the Commissioner of the Department of Water Supply, Gas and Electricity to apply to the Board of Aldermen for an issue of Special Revenue Bonds, pursuant to subdivision 8, section 188 of the Charter, to meet said deficiency.

The report (copy of which is herewith enclosed) was ordered on file, and copies thereof sent to the Board of Aldermen and to the Commissioner of Water Supply, Gas and Electricity. In accordance with the recommendation contained in said report, I return the resolution of the Board of Aldermen herewith. Very truly yours,

Enclosures. JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 19, 1911, the Board of Aldermen adopted the following resolution:

Resolved, That as numerous complaints as to the need of better lights at night in the South Bronx part of The Bronx Borough are received from the residents therein,

And as resolutions recommending to the Commissioner of Water Supply, Gas and Electricity that additional lights be installed in said locality have been adopted by the Board of Aldermen, and

Whereas, The Commissioner of Water Supply, Gas and Electricity claims no funds are available for such improvement; therefore, be it

Resolved, That the Board of Estimate and Apportionment recommend the issue of corporate stock of The City of New York to an amount sufficient to improve the condition complained of.

In connection therewith we report as follows:

Section 169 of the Greater New York Charter, as amended, provides the following:

> The City of New York shall not, except as hereinafter provided, expend any part of the proceeds of sales of corporate stock for the purpose of paying operating expenses of the said City as hereinafter defined.

Operating expenses are defined in the section as including, "Expenses for maintenance, repairs and current operation or administration of the property and government of the City."

The exceptions noted in the section are expenditures incurred by the Board of Water Supply, the Aqueduct Board, and, prior to January 1, 1910, by the Department of Docks and Ferries.

The cost of street lighting in the several boroughs is provided for by appropriations in the annual Budget under the title of Street and Park Lighting.

The contracts certified against these appropriations provide for the furnishing and the maintenance of lamps. All payments under these contracts are a part of the operating expenses of the City, and so are properly chargeable to Budget accounts.

If the appropriation made for Street and Park Lighting, Boroughs of Manhattan and The Bronx, in the Budget for the year 1912, is insufficient, the proper procedure would be for the Commissioner of the Department of Water Supply, Gas and Electricity to apply to the Board of Aldermen for an issue of special revenue bonds in the necessary amount, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter.

We recommend, therefore, that the resolution of December 19, 1911, be returned to the Board of Aldermen, together with a copy of this report, and that a copy of this report be transmitted to the Commissioner. Respectfully,

(Signed) WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; (Signed) GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

By Alderman Eagan—

Resolved, That as numerous complaints as to the need of better lights at night in the South Bronx part of The Bronx Borough are received from the residents therein,

And as resolutions recommending to the Commissioner of Water Supply, Gas and Electricity that additional lights be installed in said locality have been adopted by the Board of Aldermen, and

Whereas, The Commissioner of Water Supply, Gas and Electricity claims no funds are available for such improvement; therefore be it

Resolved, That the Board of Estimate and Apportionment recommend the issue of corporate stock of The City of New York to an amount sufficient to improve the conditions complained of.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 256.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Ave. and 26th St., New York, January 25, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to authorize the issue of special revenue bonds to an amount not exceeding $3,800, to meet the salaries of additional employees in this Department, as follows:

Hospital Helper, Mechanic	$600 00
Trained Nurse	800 00
Resident Physician	600 00
Stenographer	900 00
Clerk	600 00
	$3,500 00
—and also to meet the following increase in salary:	
Chief Investigator	300 00
A total of	$3,800 00

The additional work placed upon the Engineering Department by the large amount of machinery, elevators, etc., in use in the pathological building renders it imperative that an additional Oiler should be appointed.

The Trained Nurse is desired in order that an additional Social Service Nurse may be appointed at Harlem Hospital, in accordance with a recommendation received from the Medical Board of the Harlem Hospital as follows:

"A statistical report was read of the work done in the past eleven months by Miss Florence Johnson, in charge of the Social Service Bureau. On motion, moved and seconded, the Board voted to place on record their appreciation of the zeal and general efficiency shown by Miss Johnson in this new department of the hospital work, and in view of its marked growth, the increasing demands upon the worker, and the inability of one Nurse satisfactorily to meet these demands, it is recommended that an additional worker be added to this field of social service."

The Trustees heartily endorse this request, investigation having shown that the services of an additional Nurse are required in order to develop the social service work at Harlem Hospital.

The Resident Physician, Clerk, and Stenographer are required for the alcoholic service at Bellevue Hospital, as indicated in the following statement made by Dr. M. S. Gregory, Resident Alienist in charge of the alcoholic wards:

"The increase in the nursing service by special appropriation has been a tremendous improvement. The increased number of admissions and the attempt to keep records, which has enormously increased the work of the Nurses, have, however, more than offset the increase in the nursing staff, so that at the present time we have barely enough to adequately cover the wards. Furthermore, the active character of the service and the continually floating nature of its population are such that the routine work of admitting and discharging these patients makes a great demand on the time of the nursing staff, thus depriving the patients of the nursing and care which their condition warrants. This difficulty can be remedied to some extent if a competent male Clerk and male Stenographer could be placed in Ward 30, whose duty it would be to attend to the routine of keeping records and other details which have no direct relation to the nursing.

"The medical staff of the alcoholic service, as you know, consists of a Resident Physician and two voluntary Resident Internes. The service of the two Internes extends over a period of six months, in accordance with the rule of the Board of Trustees. Even with this increase, we find that only the records of the very sick patients can be kept. It must be borne in mind that the number of admissions to the alcoholic and prison wards is nearly one-fifth of the total number of admissions to the hospital. When it is considered that a regular medical division, which usually accommodates from 75 to 80 patients, has from four to five internes, it is apparent that three Physicians for nearly 200 rapidly changing patients is utterly inadequate. I respectfully recommend that the number of voluntary Resident Internes be increased from two to four. I would further suggest that at the end of their term of service the most efficient of the voluntary Resident Internes be appointed for another year at a salary of $600. This will not only be an incentive to the Internes to do efficient work, but will also give an additional responsible assistant to the resident in charge of the alcoholic service. I beg to add in this connection that, on account of the lack of surgical experience in these wards, we have considerable difficulty in securing the services of good Internes."

The increase is asked for the Chief Investigator inasmuch as the grade for this position was established by the Board of Aldermen on July 3, 1911. Additional funds, however, were not provided, and it was not possible to give Mr. Dinwiddie, the Chief Investigator, the benefit of the establishment of this new grade until the first of November, when a small surplus in the salary fund for 1911 became available. There is no provision, however, in the Budget for 1912 whereby he can be paid at the rate of $1,500, and he cannot continue to receive this salary unless revenue bonds are provided. Mr. Dinwiddie thoroughly deserves the increase, which is shown by the fact that the new grade was only established for him after careful investigation.

Respectfully, J. K. PAULDING, Secretary, Board of Trustees.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Board of Education:

No. 257.

Board of Education of The City of New York, Office of the Secretary, Park Ave. and 59th St., January 26, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith certified copies of reports and resolutions adopted by the Board of Education at a meeting held on the 24th instant, as follows:

1. Relative to the issue of special revenue bonds to the amount of $31,975 for the purpose of providing means to defray the cost of installation of sanitary drinking fountains and receptacles in school buildings.

2. Relative to the issue of special revenue bonds to the amount of $4,415.44 for the purpose of meeting the apparent deficit in the Budget funds provided for the payment of wages of Inspectors and Draftsmen during the current year.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it is in receipt of a communication from the Committee on Buildings renewing its request of September 13, 1911 (see Journal, 1911, pages 1356-57) that the Board of Aldermen adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of $31,975 for the purpose of providing means to defray the cost of installing sanitary drinking fountains and receptacles in school buildings.

For the information of the Board, the Committee presents herewith the communication which was the basis for the former request for funds for the objects mentioned:

"August 30, 1911.

"Hon. JOHN GREENE, Chairman, Committee on Finance:

"Dear Sir—I have the honor to advise you that at a meeting of the Committee on Buildings, held on August 28, 1911, it was ordered that the Committee on Finance be informed that on June 19, 1911, a communication was received from the Secretary of the Board of Health transmitting a copy of a resolution reading as follows:

"'Resolved, That the following additional section to the Sanitary Code, for the security of life and health, to be known as section 189, be and the same is hereby adopted, to take effect on and after the first day of October, 1911:

"'Section 189. The use of a common drinking cup or receptacle for drinking water in any public place or in any public institution, hotel, theatre, factory, public hall or public school or in any railroad station or ferry house in The City of New York, or the furnishing of such common drinking cup or receptacle for use in any such place, is hereby prohibited.'

"The matter of adopting a suitable type of a drinking fountain was taken up with the Department of Health, and, with the concurrence of said Department, a drinking fountain has been selected which can be installed in the school buildings at a cost of $5 each. Reports relative to the matter have been received from the Deputy Superintendents of School Buildings for the various Boroughs, from which it appears that the estimated cost of furnishing the drinking fountains will be as follows:

Manhattan, cost of fountains required, at $5 each		$10,965 00
The Bronx, 846 fountains, at $5 each	$4,230 00	
Changes in piping at Morris High School	150 00	
Changes in piping at various schools	520 00	
		4,900 00
Brooklyn, cost of fountains required, at $5 each		10,640 00
Queens, cost of fountains required, at $5 each		3,865 00
Richmond, cost of fountains required, at $5 each	$1,215 00	
Changes in connections, etc., new sinks, etc.	390 00	
		1,605 00
Total cost		$31,975 00

* * * * * * * *"

The Committee would report that there are no funds available in the Budget items for the installation of sanitary drinking fountains and receptacles in school buildings, and it would appear that the law and the necessities of the case would justify a second request for an issue of special revenue bonds.

The following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be, and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of thirty-one thousand nine hundred seventy-five dollars ($31,975), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, for the purpose of providing means to defray the cost of installation of sanitary drinking fountains and receptacles in school buildings; and that the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize such issue upon the request of the Board of Aldermen.

A true copy of report and resolution adopted by the Board of Education on January 24, 1912.

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that the Committee on Buildings has communicated with it as follows:

"January 18, 1912.

"Hon. JOHN GREENE, Chairman, Committee on Finance:

"Dear Sir—I have the honor to advise you that at a meeting of the Committee on Buildings, held on the 15th inst., the recommendations contained in the following letter from the Superintendent of School Buildings, under date of January 15, 1912, were approved:

Owing to the non-establishment of various grades for this Department by the Board of Estimate and Apportionment and the Board of Aldermen, we find it impossible to increase sundry employees as has been recommended.

I would therefore recommend that the Board of Estimate and Apportionment and the Board of Aldermen be requested to establish the following positions for this Department:

Inspector of Masonry and Carpentry, at $2,355 per annum, one incumbent.
Mechanical Draftsman, at $1,177.50 per annum, one incumbent.
Junior Draftsman, at $915.83 per annum, 5 incumbents.
Heating and Ventilating Inspector, at $2,093.33 per annum, 11 incumbents.
Inspector of Light and Ventilation, at $2,093.33 per annum, one incumbent.
Electrical Inspector, at $2,093.33 per annum, 5 incumbents.
Inspector of Electrical Conductors, at $2,093.33 per annum, one incumbent.

The positions of Heating and Ventilating Inspector and Electrical Inspector are made necessary on account of judgment increases, which will also necessitate an increase of $6,515.44 in our 1912 allowance, $4,415.44 of which is to be charged against the tax levy portion and the balance, $2,100, charged against corporate stock (Schedule 1147).

"The Committee on Buildings will present a resolution to the Board of Education at a meeting to be held on January 24, 1912, requesting the establishment of the positions mentioned in the foregoing letter, and said Committee requests the Committee on Finance to take such steps as may be necessary to provide the additional moneys required, from corporate stock funds or from special revenue bond funds.

"Respectfully yours, "A. E. PALMER, Secretary, Board of Education."

January 19, 1912.

Hon. JOHN GREENE, Chairman, Committee on Finance:

Dear Sir—I beg to advise you that at a meeting of the Committee on Buildings, held on the 15th inst., a communication from the Superintendent of School Buildings, under date of January 15, 1912, was presented, reading as follows:

The Board of Estimate and Apportionment made the unusual requirement this past year that when making up our maintenance budget we should also include salaries of Draftsmen and Inspectors on corporate stock account.

At the time this was made up we could not tell precisely the amount of work which we would be required to handle, but inasmuch as the schedule adopted by the Board of Estimate and Apportionment and the Board of Aldermen contained quite a large number of buildings, we included positions for thirty-seven (37) Architectural Draftsmen, either to fill vacancies or as additional men, as being the number required to bring our force up to something like its normal organization when we have a large amount of work on hand.

Of these thirty-seven men the Board of Estimate and Apportionment and Board of Aldermen granted nineteen (19) to fill vacancies or additional, leaving out eighteen (18) additional men as follows:

	Per Week.
Architectural Draftsman, 1 at	$30 00
Architectural Draftsman, 5 at	25 00
Architectural Draftsman, 1 at	22 50
Junior Draftsman, 6 at	17 50
Sanitary Draftsman, 2 at	25 00
Mechanical Draftsman, 1 at	35 00
Structural Steel Draftsman, 2 at	30 00

Prior to the adoption of the Budget by the Board of Estimate and Apportionment we were told by the Comptroller's representatives that we could obtain nearly, if not all, the additional men we needed by a readjustment of the salaries of those now in our employ, whose pay was arbitrarily fixed under the advice of the Corporation Counsel at $35 per week.

This subject of readjustment has been taken up by the Committee on By-Laws with the Municipal Civil Service Commission.

At a conference, at which I was present, the Municipal Civil Service Commission expressed the belief that it could not act intelligently upon the matter without first having obtained the opinion of the Counsel to the Corporation.

That this opinion is unfavorable to the readjustment is shown by the following copy of communication as appearing in the minutes of this Committee under date of December 26, 1911:

"Before entering upon the question of policy in dealing with the request of the Board of Education to disestablish the grades of Architectural Draftsmen, Inspector of Heating and Ventilating and Electrical Inspector in the Department of Education, for the purpose of facilitating the reduction of salaries attached to these positions, this Commission submitted the matter to the Corporation Counsel for his opinion and advice as to our lawful power to act in such a way. The Corporation Counsel advises the Commission that it would not be lawful to disestablish grades in one Department of the public service while maintaining them in another. As such a discrimination against certain classes of employees seems to be unconstitutional, the Commission is compelled to inform you that it is without power to grant your request."

It is therefore quite clear that readjustment of the salaries is impossible and at the same time cuts off the increase of our force from that direction, leaving it top-heavy with high-priced men.

Even if the eighteen men were now in our employ we would, in our Architectural Division, have at least ten (10) men less than the normal organization calls for.

My report to the Board of Education, presented at its last meeting, shows clearly the enormous amount of plans and specifications to be prepared for new buildings and additions authorized for the present corporate stock year, and we should therefore have these men at once.

I therefore respectfully recommend that application be made to the Board of Estimate and Apportionment for the revision of Schedule 1147, Maintenance, Bureau of Buildings, Division of Repairs, Salaries of Regular Employees, Tax Levy and Corporate Stock, so as to provide for the following Draftsmen:

	Per Annum.
Architectural Draftsman, 1 at	$1,570 00
Architectural Draftsman, 5 at	1,308 33
Architectural Draftsman, 1 at	1,177 50
Junior Draftsman, 6 at	915 83
Mechanical Draftsman, 1 at	1,831 67
Sanitary Draftsman, 2 at	1,308 33
Structural Steel Draftsman, 2 at	1,570 00

To be paid from corporate stock.

The Committee on Buildings approved of the recommendations of the Superintendent of School Buildings contained in the foregoing letter, and will present a resolution to the Board of Education at a meeting to be held on the 24th inst., requesting the establishment of the additional positions mentioned, and said Committee requests the Committee on Finance to take the proper steps to secure the additional necessary funds. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

In explanation of the foregoing the Committee would report that the Bureau of Buildings asks for the establishment of grades as follows:

1 Inspector of Masonry and Carpentry at $2,355 per annum.
1 Mechanical Draftsman at $1,177.50 per annum.
5 Junior Draftsmen at $915.83 per annum each.

If this request is granted they will ask for a revision of the Budget by striking out:

	Per Annum.
1 Inspector of Masonry at	$2,355 00
1 Architectural Draftsman at	1,962 50

1 Architectural Draftsman at	1,700 83
1 Architectural Draftsman at	1,177 50
1 Draftsman's Helper at	915 83
	$8,111 66

—and inserting:

	Per Annum.
1 Inspector of Masonry and Carpentry at	$2,355 00
1 Mechanical Draftsman at	1,177 50
5 Junior Draftsmen at $915.83 each	4,579 15
	$8,111 65

This will cause no change in the Budget.

The establishment of the following grades is also asked:

11 Heating and Ventilating Inspectors at $2,093.33 each	$23,026 63
1 Light and Ventilating Inspector at	2,093 33
5 Electrical Inspectors at $2,093.33 each	10,466 65
1 Inspector of Electrical Conductors at	2,093 33
	$37,679 94

This is to provide for judgment increases for employees who are provided for in the Budget as follows:

4 Heating and Ventilating Inspectors at $1,884	$7,536 00
4 Heating and Ventilating Inspectors at $1,727	6,908 00
3 Heating and Ventilating Inspectors at $1,570	4,710 00
1 Light and Ventilating Inspector	1,570 00
1 Electric Inspector at	1,962 50
2 Electric Inspectors at $1,570	3,140 00
2 Electrical Inspectors at $1,727	3,454 00
1 Inspector of Electric Conductors at	1,884 00
	$31,164 50
Total increase	6,515 44
	$37,679 94

The Building Bureau estimates that of the increase $4,415.44 will be charged to Maintenance Account and $2,100 to Corporate Stock.

The amount $4,415.44 is for the entire year of 1912 and will have to be provided for by the issue of special revenue bonds.

The $2,100 charge to corporate stock also covers the entire year, only half of which, however, will be required to pay the employees from January 1 to June 30, 1912.

The Bureau of Buildings has asked for the appointment of 18 additional Draftsmen, as follows:

1 Architectural Draftsman	$1,570 00
5 Architectural Draftsmen at $1,308.33	4,541 65
1 Architectural Draftsman at	1,177 50
6 Junior Draftsmen at $915.83	5,494 98
1 Mechanical Draftsman at	1,831 67
2 Sanitary Draftsmen at $1,308.33	2,616 66
2 Structural Steel Draftsmen at $1,570	3,140 00
Increase in corporate stock charges	$22,372 46

As these appointments cannot be made before February 1, only 5-12 of this amount will be a charge between then and July 1, 1912, or $9,321.85.

As the amount chargeable to Corporate Stock Account cannot be accurately calculated because no particular individual or number of employees are continuously engaged on this account, there is given below the amount of Corporate Stock charges for the past six months for use as a basis on which to estimate the needs of the future, together with the sums required for the additional expense:

Payroll July 1 to December 31, 1911	$103,446 15
One-half of $2,100 increase in Inspectors' salaries	1,050 00
5-12 of $22,372.46, amount required for newly appointed Draftsmen	9,321 85
Estimated amount required to June 30, 1912, from Corporate Stock Account	$113,818 00

The Corporate Stock fund for the purposes of payment of wages, etc., appears to be sufficient to bear the extra expense, so that it is unnecessary to ask for an extra allowance until July 1, 1912, but the Budget item for similar purposes must be supplemented by the sum of $4,415.44 as hereinbefore referred to, in order that the monthly payroll may not exceed its quota or allowance; therefore, the following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of forty-four hundred fifteen 44-100 dollars ($4,415.44), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, for the purpose of meeting the apparent deficit in the Budget funds provided for the payment of wages of Inspectors and Draftsmen during the current year; and that the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize such issue upon the request of the Board of Aldermen.

A true copy of report and resolution adopted by the Board of Education on January 24, 1912.

A. E. PALMER, Secretary, Board of Education.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the President of The Bronx:

No. 258.

City of New York, President of the Borough of The Bronx, 3d ave. and 177th st., Office of the President, January 25, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—Request is hereby respectfully made that a resolution be adopted by your Honorable Board authorizing the Comptroller to issue Special Revenue Bonds to the extent of $13,400 for the Bureau of Buildings of this office, the purposes of which are set forth in a copy of communication accompanying this request, signed by James A. Henderson, Superintendent of Buildings.

The amount requested is mandatory to an extent, principally owing to the requirements contained in chapter 156 of the Laws of 1911, relative to the appointment of "Inspectors of Plastering"; also by the action of the Civil Service Commission under a resolution adopted by said Commission on September 14, 1911, creating the position of "Inspector of Boiler and Pipe Covering."

One "Estimator" is required in addition to the one provided for in the budget of 1912.

Two additional Clerks are necessary in said Bureau, the eight additional Inspectors requiring a larger office staff; also an additional allowance for "Contingencies," all of which are below enumerated, and the total of proposed issue of revenue bonds classified as follows:

Personal Service, Inspection.

8 Inspectors, at $1,200	$9,600 00

Proposed Issue of Revenue Bonds for Use of the Bureau of Buildings, Borough of The Bronx.

Personal Service, Administration.

Salaries, Regular Employees—		
1 Clerk, at	$1,200 00	
1 Clerk, at	900 00	
1 Estimator, at	1,200 00	
		$3,300 00
Contingencies		500 00
		$13,400 00

Your early attention is requested. Respectfully,

CYRUS C. MILLER, President, Borough of The Bronx.

City of New York, President of the Borough of The Bronx, 3d ave. and 177th st., Office of the President, January 22, 1912.

Hon. CYRUS C. MILLER, President, Borough of The Bronx:

Dear Sir—I respectfully request that you apply to the Board of Estimate and Apportionment and to the Board of Aldermen for the establishment of the following positions, the same to be in addition to the Budget allowance made this Bureau for the year 1912, Codes 1876 and 1877, to wit:

Additional incumbents requested—

1 Clerk	$1,200 00
1 Clerk	900 00
1 Estimator	1,200 00
	$3,300 00
Code 1877. Inspection, Salaries, Regular Employees	$78,000 00
Additional incumbents requested—	
8 Inspectors, at $1,200	$9,600 00

My request for eight additional Inspectors is occasioned by

1. The passage of Laws of New York, chapter 156, and Act to amend the general City law, in relation to the supervision and regulation of plastering in cities of the first class. Became a law May 19, 1911, with the approval of the Governor. passed, three-fifths being present. This law is mandatory, requires all plastering to be done under the supervision of the Bureau of Buildings and necessitates my appointing six Inspectors of Plastering, at $1,200—$7,200.

2. The adoption of a resolution by the Municipal Civil Service Commission on September 14, 1911, creating the position of "Inspector of Boiler and Pipe Covering." This necessitates my appointing two Inspectors of Boiler and Pipe Covering, at $1,200—$2,400.

My request for two additional Clerks is occasioned by

1. The passage of the law and the resolution quoted above, necessitating the appointment of eight additional Inspectors, will crowd the business of my present office staff to such an extent that I will be unable to cope with the situation; for instance, many additional reports, violations, etc., will be filed.

My request for one additional Estimator is occasioned by

1. The position of "Estimator" was created by the Board of Estimate and Apportionment at the request of the Commissioner of Water Supply, Gas and Electricity.

2. One Estimator was added to the budget request of this Bureau for 1912.

3. The duty of the Estimator is to estimate the quantities of masonry in new buildings and alteration jobs to guide the Department of Water Supply, Gas and Electricity in water charges.

4. It is a physical impossibility for one Estimator to do the entire work of estimating in this Bureau.

I respectfully request that you likewise apply to the Board of Estimate and Apportionment and the Board of Aldermen for an additional budget allowance to Code 1907, to wit:

Code 1907.

Contingencies, maintenance		$1,550 00
Additional allowance asked for		500 00

My request for this additional allowance is occasioned by

1. The appointment of eight additional Inspectors will add considerably to the contingencies necessary for carfares, postage, supplies, etc.

In order to pay the salaries of the additional employees and for the contingency allowance as outlined in the foregoing, I respectfully request that you apply the issuance of revenue bonds to the amount of $13,400, to wit:

Code 1876. 1 Clerk, at $1,200	$1,200 00	
Code 1876. 1 Clerk, at $900	900 00	
Code 1876. 1 Estimator, at $1,200	1,200 00	
Code 1877. 8 Inspectors, at $1,200	9,600 00	
		$12,900 00
Code 1907. Contingencies, additional allowance		500 00
		$13,400 00

Respectfully,

JAMES A. HENDERSON, Superintendent of Buildings, Borough of The Bronx.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 259.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, January 26, 1912.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen, City Hall, Manhattan:

Dear Sir—At a meeting of the Board of Estimate and Apportionment held January 25, 1912, a resolution of the Board of Aldermen requesting this Board to consider the advisability of establishing a central garage for the storage of City owned automobiles for the Boroughs of Manhattan and Brooklyn, was presented and referred to the Corporate Stock Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen and President of the Borough of Manhattan, for consideration and report. Very respectfully,

WILLIAM M. LAWRENCE, Assistant Secretary.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communications from the Commissioner of Correction:

No. 260.

Department of Correction of The City of New York, Commissioner's Office, 148 East 20th st., New York, January 27, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—I would respectfully ask that, pursuant to the provisions of section 188 of the Charter of The City of New York, the Honorable the Board of Aldermen will request the Board of Estimate and Apportionment to authorize an issue of special revenue bonds to the amount of four hundred dollars ($400), to pay for the services of an Instructor in Music at the New York City Reformatory, Harts Island, during the year 1912; about eighty lessons, at $5 per lesson; total amount, $400.

Trusting that this request will receive the favorable consideration of the Board, I am, very respectfully yours, PATRICK A. WHITNEY, Commissioner.

Which was referred to the Committee on Finance.

No. 261.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I would respectfully request the Honorable the Board of Aldermen to grant me permission to purchase, without public letting, 1,150 tons pea coal, 40 tons stove coal.

Bids for coal for our City and Island institutions were opened by me on January 25, but as the prices submitted seemed to me to be excessive, all bids were rejected.

There is an immediate need for coal in several of our institutions, and it is to provide for their needs, pending the re-advertisement for bids, that the above permission is asked.

Trusting that your Honorable Board will act favorably in this matter, I am Very respectfully, PATRICK A. WHITNEY, Commissioner.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 262.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, January 26, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—In copying and rearranging the schedules for salary appropriations made to this Department for this year a clerical error was made by those preparing such schedules for the Board of Estimate and Apportionment, in consequence of which

the salary of an Assistant Engineer for the Boroughs of Manhattan and The Bronx, at $2,100 per annum, was omitted from the appropriation. Also, in the preparation of the estimate by this Department, the salary of a Clerk in the Borough of Queens, at $1,050 per annum, was inadvertently omitted by this Department.

There does not appear to be any surplus in the salary appropriations which can be transferred to the appropriate account to pay these men, and it becomes necessary, therefore, to issue special revenue bonds for that purpose. I therefore respectfully ask that the Board of Aldermen request the Board of Estimate and Apportionment to authorize the issue of $3,150 of special revenue bonds in order that these men may be paid. Yours truly, HENRY S. THOMPSON, Commissioner.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the City Chamberlain:

No. 263.

City of New York, Office of the Chamberlain, January 26, 1912.

Hon. ARDOLPH L. KLINE, Acting President, Board of Aldermen, City Hall, New York City:

Dear Sir—Application is hereby made for an issue of special revenue bonds in the sum of $180, for the purchase of a safe for this office, for the keeping of securities in which Court and Trust Funds deposited with the Chamberlain by order of the Court are invested. There are in the neighborhood of $3,000,000 of these securities, consisting of mortgages and revenue bonds of The City of New York and miscellaneous stocks which were paid into this office by order of Court. These are now kept in an antiquated safe which has been in use for a great many years, and of which I have recently had an examination made by an expert to test its worth in case of fire. I was advised by this expert that the safe might be proof against an ordinary fire, but by no means afforded us protection against a fire of any proportions. For this reason I desire to replace it by a modern fireproof safe.

The Remington & Sherman Company has agreed to furnish a safe sufficient for our needs for the sum of $180, and has also agreed to take it back at the end of two years if, at that time (in view of the prospect of the near completion of the new Municipal Building), we have no further use for it, and it also agrees to allow on account of the same the sum of $100. Very truly yours,

R. R. MOORE, Chamberlain.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Police Commissioner:

No. 264.

Police Department of The City of New York, Office of the Commissioner, January 25, 1912.

Honorable Board of Aldermen, City of New York:

Sirs—In pursuance of the provisions of section 351, chapter 466 of the Laws of 1901 (Charter), I have the honor to submit herewith report of proceedings as Trustee of the Police Pension Fund, containing a statement of the receipts and disbursements of said fund, together with the names and residences of each beneficiary for or on account of said fund for the year ending December 31, 1911.

Very respectfully,

R. WALDO, Trustee and Treasurer of the Police Pension Fund.

BOARD OF ESTIMATE AND APPORTIONMENT.

Minutes of Meeting of Board of Estimate and Apportionment, Held in Room 16, City Hall, Thursday, January 25, 1912.

FINANCIAL AND FRANCHISE MATTERS.

The Board met in pursuance of an adjournment.

Present—William J. Gaynor, Mayor; William A. Prendergast, Comptroller; Ardolph L. Kline, Acting President, Board of Aldermen; George McAneny, President, Borough of Manhattan; Alfred E. Steers, President, Borough of Brooklyn; Cyrus C. Miller, President, Borough of The Bronx; Maurice E. Connolly, President, Borough of Queens; George Cromwell, President, Borough of Richmond, and Louis L. Tribus, Acting President of the Borough of Richmond.

The Mayor, Hon. William J. Gaynor, presided.

After disposing of the Public Improvements Calendar the following Financial and Franchise Matters were considered.

The minutes (Financial and Franchise Matters) of the meeting held January 18, 1912, were approved as printed in the CITY RECORD, January 25, 1912.

FRANCHISE MATTERS.

RAPID TRANSIT RAILWAYS.

Fifty-ninth Street, Woodside and Astoria Route—Roosevelt Avenue Route.

In the matter of the additional routes for rapid transit railways in the Boroughs of Manhattan and Queens known respectively as "Fifty-ninth Street, Woodside and Astoria Route" and "Roosevelt Avenue Route." By resolutions adopted by this Board October 26, 1911, the plans and conclusions for these routes as adopted by the Public Service Commission for the First District were approved and the construction of railways in accordance therewith consented to. The resolutions were then sent to the Mayor for his separate approval as required by law.

The President of the Borough of Queens offered the following:

Whereas, On the 10th day of October 1911, the Public Service Commission adopted a resolution laying out the 59th street, Woodside and Astoria route, extending from a connection with the subway route already validated in 7th avenue through 59th street by double tracks to 5th avenue, there separating into two single track lines and continuing through 59th and 60th streets to the Queens Borough Bridge, thence continuing from Queens Borough Bridge and the Queens Plaza as a two track line to Crescent street, thence over the Plaza, the Queens boulevard viaduct, Queens boulevard, Thompson avenue, Greenpoint avenue and Skillman avenue to Woodside, with a branch extending from the Bridge Plaza up Jackson avenue and 2d avenue (formerly Debevoise avenue) to Ditmars avenue, Astoria, said Woodside and Astoria branches being laid out as three track elevated roads; and

Whereas, Said resolution was transmitted to the Board of Estimate and Apportionment of The City of New York, and approved by that body on October 26, 1911; and

Whereas, The Public Service Commission adopted a resolution on the 10th day of October, 1911, laying out a route extending from a connection with the Woodside branch of the route above referred to over Roosevelt avenue as a three track elevated road to Prime street, with a terminus near Flushing Creek, which said resolution was transmitted to the Board of Estimate and Apportionment and approved by that body on October 26, 1911; and

Whereas, The said resolutions have been referred to the Mayor of The City of New York for his approval or rejection, but that the said Mayor has taken no action in regard thereto; therefore be it

Resolved, That it is the opinion of this Board that the failure of the said Mayor of The City of New York to act upon said resolution unduly delays the time when said routes may be put in operation, if they are to be approved by the Mayor, and delays the submission of some other plan, if they are to be disapproved by the Mayor; and be it further

Resolved, That this Board request the Mayor to make his decision upon the question involved with as little delay as possible.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Queens—11.

Negative—The President of the Borough of The Bronx and the Acting President of the Borough of Richmond—2.

(Note.—The above resolution was presented by the President of the Borough of Queens at the meeting held January 18, 1912, and consideration thereof was objected to by the President of the Borough of The Bronx.)

The following matter not on the calendar for this day was considered by unanimous consent:

Pelham Park Railroad Company—City Island Railroad Company.

At the meeting of January 11, 1912, by resolution duly adopted, the Commissioner of Parks for the Borough of The Bronx was directed to immediately notify in writing the Pelham Park Railroad Company and the City Island Railroad Company and their Receiver that it was his intention to revoke on ten (10) days' notice a certain permit issued said companies by the Commissioner of Parks and bearing date of June 16, 1910, and direct said companies to remove all their property from within the park property on or before January 25, 1912. In the event of the companies failing to comply with this direction the Commissioner of Parks was directed to remove said properties.

The resolution further requested the Commissioner of Parks to refuse to issue any future permits to either company permitting the stringing of wires for railway power purposes within the limits of park property unless authorized by the Board, and report to the Board on the entire matter on or before January 30, 1912.

V. W. Cutting, representing the Receiver for the Monoroad Construction Company, appeared and requested an extension of time of two weeks in which to remove said property.

The President of the Borough of The Bronx moved that the City Island Railroad Company and the Pelham Park Railroad Company be granted an extension of time of two weeks, or until February 8, 1912, in which to remove their property from within the park, and that the Commissioner of Parks for the Borough of The Bronx be requested to present a report to the Board on the matter on or before February 13, 1912.

Which motion was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

FINANCIAL MATTERS

The following transfers of appropriations were made upon the recommendation of the Comptroller:

$1,200 within the appropriation made to the Department of Water Supply, Gas and Electricity for the year 1912.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, January 8, 1912.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment*, 277 Broadway, New York:

Dear Sir—As the village of Mount Kisco has voted adversely on the proposition to complete the repairs necessary to the sewerage system which was installed in connection with the sewage disposal plant built by this City, which repairs are necessary before the plant can be put in operation, it will be necessary for us to continue the work of cleaning vault pans by contract, probably for the first half of this year.

The appropriation, however, is insufficient for that purpose, and I respectfully request that the Board of Estimate and Apportionment transfer to that account a sufficient amount—about $1,200—from the appropriation made to this Department for the operation of the sewage disposal plant. The full titles and code numbers of the accounts are as follows:

FROM

519 Special Contract Obligations, Purchase of Current Mount Kisco Sewage Plant $1,200 00

TO

520 Cleaning Vault Pans and Cesspools, Croton Watershed..... $1,200 00

Yours truly, HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 8, 1912, the Commissioner of Water Supply, Gas and Electricity requested a transfer of $1,200 within the appropriations to his Department for 1912. In connection therewith I report as follows:

The credit transfer is to No. 520 Special Contract Obligations, Water Supply, Collection and Storage, Cleaning Vault Pans, Cesspools (Croton Watershed). The appropriation for the account was $600.

This allowance was based upon the expectation that the Village of Mount Kisco would complete necessary repairs to its sewerage system, installed in connection with the sewage disposal plant built by the City, and thus relieve the City of the greater part of the expense of cleaning vault pans, which service cost $2,864.40 in 1910.

The Commissioner states that the village has voted adversely on the proposition to complete the repairs, and that it will therefore be necessary for the City to continue the cleaning of vault pans as heretofore.

The estimated cost of this service is $270 a month, based on 200 pans at $1.35 each.

The proposed transfer will provide a fund of $1,800, part of which will be expended for cleaning cesspools. The balance will provide for cleaning vault pans for a period of approximately six months, at the expiration of which period it is expected that the village will make the required repairs.

The debit transfer is from the appropriation for the purchase of current for operating the Mount Kisco Sewage Disposal Plant. No expenditures will be necessary from the appropriation until the repairs to the village sewerage system have been made.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Departmetn of Water Supply, Gas and Electricity for the year 1912 as follows:

FROM

519 Special Contract Obligations, Water Supply, Collection and Storage, Purchase of Current (Mount Kisco Sewage Plant)..... $1,200 00

TO

520 Special Contract Obligations, Water Supply, Collection and Storage, Cleaning Vault Pans, Cesspools (Croton Watershed)..... $1,200 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

—

$151.67 from the appropriation entitled, "General Fund for the Reduction of Taxation," to the account No. 154 within the appropriation made to the Department of Docks and Ferries for the year 1910.

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, December 26, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Sir—I transmit herewith, by direction of the Commissioner, payroll in favor of Richard H. Lee for salary as Dockmaster from April 1 to April 20, 1910, 20 days, at the rate of $2,100 per annum, amounting to $151.67. Lee's pay was withheld for the reason that charges were preferred against him in April, 1910, but as these charges have just been dismissed by the Court, he is now entitled to receive the money due him.

On December 4, 1911, this Department, at the request of the Comptroller, transferred to the General Fund, for the reduction of taxation, our 1910 unexpended balances, Budget appropriation, aggregating $280,432.22. Included in this amount was an item of $23,658.89, Salaries, Bureau of Superintendence, Budget Item No. 154. In order to pay Mr. Lee his back salary for a portion of April, 1910, it will, I presume, be necessary to transfer back to Budget Item No. 154, 1910 appropriation, $151.67, and it is hereby respectfully requested that that be done.

Very truly yours,

FRANCIS J. RYAN, Assistant and Acting Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 26, 1911, the Commissioner of Docks requested the transfer of $151.67 from the General Fund for the Reduction of Taxation to the 1910 Budget Account No. 154, Bureau of Superintendence, Salaries. In connection therewith I report as follows

On December 4, 1911, $23,658.89 was transferred from the account to the General Fund. This left no funds in the account, and the $151.67 is needed to pay Richard H. Lee, a Dockmaster, at the rate of $2,100 per annum, from April 1 to April 20, 1910. The Commissioner states the following:

"Lee's pay was withheld for the reason that charges were preferred against him in April, 1910, but, as these charges have just been dismissed by the Court, he is now entitled to receive the money due him."

In view of the foregoing, I recommend the adoption of the attached resolution granting the request and balancing the account.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated for the year 1910 as follows:

FROM

General Fund for the Reduction of Taxation..... $151 67

TO

Department of Docks and Ferries, Bureau of Superintendence.

154 Salaries $151 67

Which was adopted by the following vote:

—

$3,360 within the appropriation made to the New York Public Library for the year 1912.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 29, 1911, the New York Public Library requested the transfer of $3,360 from Bindery, No. 1441, Salaries, Regular Employees, to Central

Office, No. 1438, Salaries, Regular Employees. This request was made in order to provide funds in the Central Office account for the continuance of the Union Registration Bureau. In the preparation of the Budget for 1912, provision was not made for the registration work, which is regarded by the library directors as absolutely essential to the proper operation of the branches. The amount necessary for the salaries of the legislation force is $2,760. In addition to this amount, it is necessary to provide $600 for an additional Finance Clerk.

Funds for this transfer were made available by the abandonment of the bindery for the Circulation Department. The bindery which has been used was taken over by the Reference Department on January 1, 1912, and is being operated by funds obtained from the library endowment. The Circulation Department has retained only the Supervisor of Bindery at $1,200, and an Assistant at $420, who will have charge of the bindery work in all branches of the Circulation Department.

I recommend the adoption of the attached resolution providing for the transfer as requested. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the New York Public Library for the year 1912, as follows:

FROM

New York Public Library, Personal Service, Administration.

Bindery—
1441 Salaries, Regular Employees $3,360 00

TO

New York Public Library, Personal Service, Administration.

Central Office—
1438 Salaries, Regular Employees $3,360 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

—

$1,000 within the appropriation made to the President of the Borough of Brooklyn for the year 1911.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, January 4, 1912.

Hon. WM. A. PRENDERGAST, *Comptroller, Department of Finance, City of New York:*

Dear Sir—I beg to call your attention to the fact that account, known as No. 1815, Telephone Service, Bureau of Public Buildings and Offices, after payment of most of the bills of November, has a balance of only $2.14.

As the bills for the balance of November and all of December must be paid out of this account, I respectfully request you to recommend to the Board of Estimate and Apportionment the transfer of $1,000 from account No. 1810, "Repairs and Replacements by Contract or Open Orders" to appropriation No. 1815. The balance in account No. 1810 amounts to over $14,000.

I would thank you to have this matter given your early consideration.

Yours very truly, L. H. POUNDS, Acting Borough President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 22, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1912, the President of the Borough of Brooklyn requested the transfer of $1,000 within appropriations to the Bureau of Public Buildings and Offices in his office for the year 1911. In connection therewith, I report as follows:

The proposed transfer is from No. 1810, Repairs and Replacements by Contract or Open Order, to No. 1815, Telephone Service. The transfer is for the payment of bills for telephone service for part of November and all of December, 1911. The Superintendent of Public Buildings and Offices states that approximately $1,000 will be required. The appropriation available for No. 1815 was $5,000. The expenditures amount to $4,997.86, leaving a balance of $2.14. The appropriation for 1912 for telephone service is $6,000. There is sufficient balance in No. 1810 to permit of the transfer.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the President of the Borough of Brooklyn for the year 1911, as follows:

Trusting that this request will receive your early and favorable consideration, I am, Yours very truly, M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1911, the Commissioner of Public Charities requested the transfer of $500 within the appropriations to his Department for the year 1911. In connection therewith I report as follows:

The transfer is from No. 777, General Supplies, Brooklyn and Queens, to No. 781, Maintenance of Automobiles, including equipment, care and storage, Brooklyn and Queens.

The appropriation for No. 781 was $5,500. The liabilities incurred to December 31, 1911, for the maintenance of three auto-ambulances, an auto-truck and the Deputy Commissioner's car amounted to $5,986.18, of which approximately $5,400 will be paid to the Department of Bridges for repairs, supplies and storage furnished at the Municipal Garage.

The liabilities are as follows:

Storage	$168 87
Gasoline	211 50
Repairs	2,285 55
Supplies	941 49
Tires	1,743 98
Tubes	322 09
Repairs to tires and tubes	312 70
	$5,986 18

The unencumbered balance in No. 777 permits of the transfer.

I recommend the adoption of the attached resolution approving the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Public Charities for the year 1911, as follows:

FROM

Administration, Brooklyn and Queens.

777 General Supplies $500 00

TO

Administration, Brooklyn and Queens.

781 Maintenance of Automobiles, Including Equipment, Care and Storage $500 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

—

The Secretary presented communications relative to the establishment of new positions, additional grades of positions and retirements (pursuant to chapter 669 of the Laws of 1911) as follows:

From the President of the Borough of Manhattan, recommending the establishment of the position of Expert Accountant, at $3,250 per annum, for one incumbent:

From the Mayor, recommending the retirement of Eugene F. Kiernan, a Keeper in the City Prison, Manhattan, Department of Correction, on an annuity of $600:

From the Mayor, recommending the retirement of Matthew Betts, Assistant Engineer in the Department of Water Supply, Gas and Electricity, on an annuity of $1,400.

Which were referred to the Committee on Salaries and Grades, consisting of the Comptroller and the President of the Board of Aldermen.

—

The Secretary presented a communication from the Comptroller relative to the adoption by this Board of a definite policy in relation to the future disposition of claims under section 246 of the Charter.

Which was laid over one week.

(On December 7, and again on December 14, 1911, the above matter was laid over for one week, and on December 21, 1911, was laid over to January 4, 1912, and on said date was laid over to January 18, 1912, when it was again laid over to this meeting.)

—

The Secretary presented communications as follows:

From the Board of Water Supply, requesting approval of the purchase, for the sum of $557.83, of a perpetual easement in Parcel 1155, Section 16, Southern Aqueduct:

From the Sheriff of Kings County, requesting an issue of $262.50 special revenue bonds, for the purpose of paying the January salaries of 2 Jail Keepers and a Cleaner in the Jail, appointed pursuant to chapter 705 of the Laws of 1910.

Which were referred to the Comptroller.

—

The Secretary presented a communication from the Board of Water Supply, requesting that the agreement with the New York Telephone Company for the removal of its line from the site of the Kensico Reservoir, approved by the Board on May 11, 1911, be modified so as to provide for the payment to said Company for expenditures made under said agreement to present date, less a proper deduction to be retained until the final completion of all work under the agreement, and approval of the payment of $10,000 to the New York Telephone Company on account of work already completed, leaving a balance of $2,440.39 as retained percentage to insure the completion of the work under said contract.

Which was referred to the Comptroller and the Chief Engineer of the Board.

—

The Secretary presented the following communication from the Secretary of the Board of Education requesting that the resolution adopted December 14, 1911, recommending to the Board of Aldermen the establishment of the position of Photographer, at $1,500 per annum, for one incumbent, be recertified to the present Board of Aldermen:

Board of Education of The City of New York, Office of the Secretary, Park Avenue and 59th Street, January 16, 1912.

MR. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—On December 14, 1911, a resolution was passed by the Board of Estimate and Apportionment recommending to the Board of Aldermen the establishment of the position of Photographer for the Department of Education, with salary at the rate of $1,500 per annum, for one incumbent. I am informed that it is necessary to recertify the above mentioned resolution to the City Clerk, so that the matter may be taken up by the present Board of Aldermen, and I would request that you do this at your earliest convenience. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

The Secretary was directed to recertify the resolution as requested.

The Comptroller moved that the Secretary be authorized, upon request of the heads of the respective Departments, etc., to recertify to the Board of Aldermen all resolutions adopted by the Board of Estimate and Apportionment during 1911, recommending the establishment of positions and additional grades of positions

in the various Departments, which resolutions were not acted upon by the Board of Aldermen prior to January 1, 1912.

Which motion was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented communications as follows:

From the Commissioner of Docks, requesting that the resolution adopted July 17, 1911, authorizing the issue of corporate stock to the amount of $586,763 to provide funds for the payrolls of said Department from August 1 to December 1, 1911, be amended by including in said authorization the payrolls of the Department from January 1, 1912, until such time as the unencumbered balance in the fund is exhausted:

Twelve from the following Departments, etc., submitting departmental estimates of corporate stock requirements for the year beginning July 1, 1912, in pursuance of resolution adopted December 21, 1911:

Commissioner of Records, New York County.
Department of Parks, Borough of The Bronx.
Department of Parks, Borough of Brooklyn.
College of The City of New York.
President of the Borough of Brooklyn.
Brooklyn Disciplinary Training School for Boys.
Fire Department.
President of the Borough of Richmond.
Department of Health.
Department of Correction.
President of the Borough of Queens.
Department of Docks and Ferries.

From the Public Service Commission, requesting an additional issue of $252,500 corporate stock to pay the estimated expenses for the acquisition of real estate, or of interests therein, necessary for the construction and operation of the Brooklyn loop lines:

From a Special Committee of the Board of Trustees of the College of The City of New York, requesting an issue of $50,000 corporate stock for the purpose of putting that portion of the college buildings known as the 23d street building, Borough of Manhattan, in proper condition for the use and benefit of the students of the college:

From the Commissioner of Docks, submitting departmental estimate of corporate stock requirements to carry on the work of the Department for the period from January 1, 1912, to July 1, 1912; and a

Resolution of the Board of Aldermen, requesting the Board to consider the advisability of establishing a central garage for the storage of City owned automobiles for the Boroughs of Manhattan and Brooklyn.

Which were referred to the Corporate Stock Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan.

The Secretary presented a communication from Jefferson M. Levy relative to the adoption of subway routes down 7th avenue and to The Bronx, etc.

Which was referred to the Transit Committee, consisting of the Mayor, the Comptroller and the President of the Board of Aldermen.

The Secretary preseneed communications, as follows:

From the Erie Basin Board of Trade relative to the improvement of the waterfront of the City of Brooklyn:

From Henry S. Wood relative to his application for the construction of the 7th and 8th avenue subways:

From David Weltsch, submitting proposition relative to the construction of new subways.

Which were ordered filed.

The Secretary presented the following report of the Comptroller certifying, pursuant to chapter 601 of the Laws of 1907, claim of William A. Gramer, in the sum of $163.17, for disbursements incurred as Secretary of the Building Code Revision Commission, from February 10 to December 10, 1909.

(On January 11, and again on January 18, 1912, the above report was laid over.)

City of New York, Department of Finance, Comptroller's Office, December 26, 1911.

To the Honorable the Board of Estimate and Apportionment:

Sirs—Under and pursuant to the provisions of chapter 601 of the Laws of 1907 of the State of New York, being section 246 of the Greater New York Charter, as amended, entitled "An act to amend the Greater New York Charter in relation to the powers of the Board of Estimate and Apportionment," I hereby certify that a claim has been presented by William A. Gramer for the sum of $183.17, which is alleged to be due for disbursements incurred by him for postage stamps and messenger service, as Secretary of the Building Code Revision Commission, from February 10 to December 10, 1909; that claimant acted as Secretary of the Building Code Revision Commission during the period above mentioned; that a mistake was made by him in computation and that the total sum claimed should be $163.17; that this sum was expended in good faith for postage stamps and messenger service furnished the Building Code Revision Commission during the period alleged and for which expenditure receipted bills are held; that no appropriation was made by the Board of Aldermen covering the expenditure in question; that this claim is, therefore, illegal and invalid against The City of New York, and, notwithstanding, in my judgment, it is equitable and proper for the City to pay said claim, inasmuch as the City has received value for the same and that $163.17 is the amount which should be paid in full satisfaction thereof. WM. A. PRENDERGAST, Comptroller.

City of New York, Department of Finance, Comptroller's Office, November 28, 1911.

In the matter of claim No. 59,719 of William A. Gramer for the sum of $183.17, alleged to be due for disbursements incurred in the purchase of stamps, etc., as Secretary of the Building Code Revision Commission, for use of said Commission during the year 1909.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Sir—The facts involved in this claim are set forth in reports made by George Jacobs, Law Clerk, in this Division, under date of March 28 and June 14, 1910.

In the last-mentioned report it was recommended that this claim be disallowed owing to the fact that the same did not present a legal liability on the part of the City.

This recommendation was duly approved by Deputy Comptroller Douglas Mathewson.

Recently a decision has been rendered by the Court of Appeals in the case of the People ex rel. Michael J. Dady against you, from which it appears that this claim may, if you deem it proper, be certified to the Board of Estimate and Apportionment pursuant to section 246 of the Greater New York Charter, as amended.

In view of the above-mentioned decision and the facts in this case, it is respectfully recommended that you issue your certificate in the sum of $163.17, pursuant to the section of the Charter above mentioned. Respectfully,

H. C. W. MELICK, Auditor of Accounts.

Approved: JOS. L. HANGE, Acting Chief, Division of Law and Adjustment.

The following resolution was offered:

Resolved, That pursuant to the provisions of chapter 601 of the Laws of 1907, being section 246 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby determines that the City has received a benefit from William A. Gramer and is justly and equitably obligated to pay to the said William A. Gramer, without interest, the sum of one hundred and sixty-three dollars and seventeen cents ($163.17) for disbursements made by him for postage stamps and messenger service, as Secretary of the Building Code Revision Commission, from February 10 to December 10, 1909; that the said sum shall be paid in full satisfaction of the claim which has been presented on behalf of William A. Gramer for the disbursements above mentioned, it being further determined that the interest of the City will be best subserved by the payment of the sum in question, and that said sum shall be paid only upon the execution by the said William A. Gramer of a full release in favor of the City in such form as may be approved by the Corporation Counsel, and the Comptroller is hereby authorized to pay said claim from the account entitled "Revenue Bond Fund for Claims."

Which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—16.

The Secretary presented the following report of the Comptroller, certifying, pursuant to chapter 601 of the Laws of 1907, claim of the "New York World," in the sum of $268.80, for advertising furnished the Board of Water Supply, from December 8 to 13, 1910, inclusive:

(On January 11 and again on January 18, 1912, the above report was laid over.)

City of New York, Department of Finance, Comptroller's Office, November 13, 1911.

To the Honorable the Board or Estimate and Apportionment:

Gentlemen—Under and pursuant to the provisions of chapter 601 of the Laws of 1907, of the State of New York, being section 246 of the Greater New York Charter, as amended, entitled "An Act to Amend the Greater New York Charter in Relation to the Powers of the Board of Estimate and Apportionment," I hereby certify that a claim has been presented by the New York "World" in the sum of $268.80 for advertising furnished the Board of Water Supply of The City of New York from December 8 to December 13, 1910, inclusive; that said advertising was ordered at an informal meeting of the Board of Water Supply, and prior to the approval as to form by the Corporation Counsel, of those contracts in connection with which proposals for bids or estimates were advertised; that this claim, according to the opinion of the Acting Corporation Counsel, is illegal and invalid as against The City of New York, but, notwithstanding, in my judgment it is equitable and proper for the City to pay said claim, inasmuch as the City has received value for the same and that $268.80 is the amount which should be paid in full satisfaction thereof.

Respectfully, WM. A. PRENDERGAST, Comptroller.

City of New York, Department of Finance, Comptroller's Office, November 21 1912.

In the matter of the petition of the New York "World," under chapter 246 of the Greater New York Charter, for the payment of the sum of $268.80, alleged to be due for the publication of certain advertisements at the request of the Board of Water Supply, inviting proposals for contracts Nos. 63, 65, 66 and 67 for the construction of portions of city tunnels, Catskill Aqueduct.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Sir—There was received in the Department of Finance on September 12, 1911, a communication reading as follows:

"*Mr.* WM. A. PRENDERGAST, *Comptroller,* City of New York, 280 Broadway, New York, City:

"Dear Sir—We enclose herewith affidavits and bills for advertisements in sums of $67.20, $69.30, $58.80 and $73.50, soliciting proposals under contracts Nos. 63, 65, 66 and 67 for the construction of portions of the City tunnel, Catskil Aqueduct, said advertisements having been inserted in the morning 'World' December 8, 9, 10, 11, 12 and 13, 1910.

"We hereby request certifications of these bills to the Board of Estimate and Apportionment for payment in accordance with section 246 of the City Charter.

"Yours respectfully, "THE NEW YORK 'WORLD,'

"Per T. OSBORNE."

Attached to the above communication are bills for the advertising in question, together with affidavits of publication.

Thomas Dwyer, an Examiner in the Bureau of Audit of this Department, has certified that the sums alleged to be due for the publishing of the advertisements are based on the usual rates charged by petitioner.

Recently the "Sun" filed a similar petition in this Department, in which payment was sought for advertising the same subject matter as in this case. Under date of July 1, 1911, I made a report in connection with the petition of the "Sun," and as the facts set forth in relation to said petition are the same as those involved herein, and as the action taken on said report governs the disposition of this petition, a copy of the report in question is transmitted herewith and made a part hereof.

In view of the reasons appearing in my report in connection with the petition of the "Sun," it is respectfully recommended that you issue your certificate pursuant to section 246 of the Greater New York Charter, as amended.

Respectfully, H. C. W. MELICK, Auditor of Accounts.

Approved ALBERT E. HADLOCK, Chief, Division of Law and Adjustment.

"Wherefore, we request said bill be audited and paid. Respectfully,

"THE EVENING POST,
"W. J. Pattison,
"Publisher."

Attached to the above mentioned communication was the bill for the advertising in question, together with an affidavit of publication and the order received from the Board of Water Supply, authorizing the publication of the notice for which payment is sought.

The facts connected with this petition are similar to those set forth in my report of July 1, 1911, in re petition presented by the "Sun" for payment of like advertisements, referring to the same contracts and authorized by the same Board.

While in my report above mentioned only four newspapers were mentioned as having published the advertisements referred to, nevertheless it has been ascertained upon subsequent inquiry that the Board of Water Supply authorized the publication of the notices in question in two additional papers, namely, the "Engineering News" and the "Evening Post," the latter paper being the petitioner herein.

As the facts appearing in my report relative to the petition of the "Sun" are similar to those involved in this application, a copy of said report is transmitted herewith and made a part hereof as though it were fully set forth herein.

In view of the reasons stated in said report it is respectfully recommended that you issue your certificate pursuant to section 246 of the Greater New York Charter as amended, it having been certified by the Bureau of Audit that the cost of the advertisements in question is at the usual rate charged by the petitioner.

Respectfully, H. C. W. MELICK, Auditor of Accounts.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—16.

The Secretary presented a resolution presented by the Acting President of the Borough of Brooklyn, approving, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of preliminary contract for services of Andrew C. McKenzie, Stephen F. Voorhees and Paul Gmelin, as Architects for preparing preliminary studies and specifications for the construction of the Municipal Building in Brooklyn, at a cost not to exceed $10,000.

Which was laid over two weeks—February 8, 1912.

(At the meeting held January 18, 1912, action on the above resolution was deferred one week as the Board had been served with an order of the Supreme Court restraining it from taking action in the matter.)

The Secretary presented the following resolution of the Board of Aldermen requesting authorization of $1,457.12 special revenue bonds (subdivision 8, section 188 of the Charter), to provide means for reimbursing the Committee on Congestion of Population in New York for the funds advanced by said Committee to the New York City Commission on Congestion of Population for expenditures by said Commission, together with a report of the Comptroller recommending approval thereof and report of the President of the Borough of The Bronx recommending that said request be denied:

(On January 4, 1912, the above matter was referred to the President of the Borough of The Bronx.)

(On January 18, 1912, the report of the President of The Bronx was laid over.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand four hundred and fifty-seven dollars and twelve cents ($1,457.12), the proceeds whereof to be used for the purpose of reimbursing the Committee on Congestion of Population in New York for funds advanced by said Committee to the New York City Commission on Congestion of Population for necessary expenditures incurred by said Commission for the purpose of meeting expenditures incurred in its labors prior to reporting to the Board of Aldermen.

Adopted by the Board of Aldermen November 28, 1911, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor December 12, 1911, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municpal Investigation and Statistics, December 30, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 28, 1911, the Board of Aldermen adopted a resolution requesting $1,457.12 in special revenue bonds to reimburse the Committee on Congestion of Population in New York for funds advanced to the New York City Commission on Congestion of Population. In connection therewith I report as follows:

The Committee on Congestion of Population was organized in 1906. It is an unofficial organization and has received no financial assistance from the City, expenditures being met by voluntary subscription. The $1,457.12 is requested to reimburse the Committee for expenditures to that amount on account of the New York City Commission on Congestion of Population, appointed by the Mayor on May 17, 1910, pursuant to the following resolution adopted by the Board of Aldermen on April 12, 1910:

Resolved, That his honor the Mayor be and he is hereby requested to appoint a commission of nineteen, of which there shall be ten members of the Board of Aldermen, viz: three from the Borough of Manhattan, two each from the Boroughs of Brooklyn, The Bronx and Queens, and one from the Borough of Richmond, together with such persons of known experience and prominence, not to exceed the number of nine, who shall prepare a comprehensive plan for the present relief and future prevention of congestion of population in The City of New York; that such Commission be authorized and empowered to employ such expert assistants as may be deemed necessary in the prosecution of the work, and that it shall report to the Mayor and the Board of Aldermen within ninety days after appointment by his honor the Mayor.

By subsequent resolution of the Board of Aldermen the time to make the report was extended to March 14, 1911. The report was submitted to the Mayor on February 28, 1911.

No funds were provided for the expenses of the Commission, although the resolution authorizing its appointment empowered the Commission to employ such expert assistants as might be deemed necessary. The Finance Committee of the Board of Aldermen recommended an issue of $15,000 special revenue bonds for the expenses of the Commission, but the recommendation was not approved by the Board. An amended report reducing the amount to $7,500 also failed to receive the approval of the Board. The Commission, therefore, was compelled to enter upon its work without funds for stationery, printing, postage, telephone service, etc., and was unable to employ a Stenographer and Clerk.

Under the circumstances, the Committee on Congestion of Population placed at the disposal of the Commission its offices and material, statistics and other data collected by the Committee at a cost of $9,000. In addition the Committee advanced the necessary cash for the running expenses of the Commission. The following expenditures by the Committee appear to be chargeable to the Commission:

Statistician and Compiler	$600 00
New York Telephone Company	98 12
Stationery	85 00
Stenographic services	434 00
Postage	150 00
Printing	90 00
	$1,457 12

Mr. Raymond V. Ingersoll, Chairman of the Executive Board of the Committee, states that the Commission would not have been able to do its work if the Committee had not advanced funds for the necessary expenses. He further states that the Committee is in need of the amount advanced to the Commission.

I am of the opinion that the City should pay the expenses of the Commission.

The expenditures are reasonable, amounting to approximately 10 per cent. of the original estimate.

I recommend, therefore, that the request of the Board of Aldermen be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller.

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, January 16, 1912.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, City:

Dear Sir—At a meeting of the Board of Estimate and Apportionment held January 4, 1912, the request of the Committee on Congestion of Population in New York for an issue of $1,457.12 special revenue bonds for funds advanced by said Committee to the New York City Commission on Congestion of Population was referred to the President of the Borough of The Bronx for consideration and report.

The Committee on Congestion of Population in New York is an unofficial body of philanthropically inclined gentlemen who wish to ameliorate the crowded condition of the poor in New York City. On the request of this Committee the Mayor on May 17, 1910, appointed the New York City Commission on Congestion of Population, pursuant to a resolution adopted by the Board of Aldermen on April 12, 1910, which action of the Board of Aldermen likewise was requested by the Committee on Congestion of Population. No funds were provided for the expenses of the Commission, and application was made by the Commission to the Board of Aldermen for an issue of $15,000 special revenue bonds, but the recommendation was not approved by the Board. A second request reducing the amount to $7,500 also failed to receive the approval of the Board, so that the Commission was notified twice by the Board of Aldermen, the body empowered to authorize such expense, that the appropriation requested would not be made. Whatever expenses, therefore, were incurred by the Commission were incurred without any appropriation. Nevertheless, the Commission proceeded with its work and finally, among other things, produced the Sullivan-Shortt Bill which is in part the adoption of the single tax theory. This bill purports to change entirely the system of taxation which has been in vogue in this City for many years, and threatens a serious and radical disturbance of financial investments by all classes in the community. I think it is well within the mark to say that this Committee was never empowered by any public authority to do such work, nor was such action within the contemplation of any City official having anything to do with the matter. I cannot see, therefore, what obligation—legal or otherwise—there is on the part of the City to repay these expenditures. It would be a grim jest indeed if the money of the taxpayers whose interests are threatened by the activities of this Commission were used to pay the expenses of the Commission.

I recommend, therefore, that the request for the issue of $1,457.12 special revenue bonds to pay the expenses of the Commission be denied. Respectfully submitted,

CYRUS C. MILLER, President of the Borough of The Bronx.

The resolution approving of and concurring in the resolution of the Board of Aldermen failed of adoption receiving the following vote:

Affirmative—The Comptroller and the President of the Borough of Manhattan—5.

Negative—The Acting President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—11.

The Secretary presented the following communications from the Department of Bridges requesting, and report of the Comptroller relative to, the modification of schedules Construction Engineering, Salaries, Corporate Stock Force and Maintenance and Operation schedules Nos. 101 and 104 for said Department, for the year 1912, providing for an increase in the salary of an Assistant Engineer, for the addition of an Assistant Engineer and a Stenographer and Typewriter, for eliminating certain positions and for correction of typographical errors in line items, etc., to take effect January 1, 1912:

Respectfully, ARTHUR J. O'KEEFFE, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 9, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 28 and 29, 1911, the Commissioner of Bridges requested modification of nine schedules for salaries and wages of regular and temporary employees in his department for 1912. In connection therewith, I report as follows:

In the schedule for Construction, Engineering, Salaries, Regular Employees, Corporate Stock Force, it is proposed to drop an Assistant Engineer at $5,000, one at $3,000; two at $2,700 each, two at $2,100 each, two at $1,800 each, a Rodman at $1,200, and an Electrical Engineer at $1,200, giving a total decrease of $23,600. An Electrical Engineer at $2,400 is to be added, and a Leveler increased from $1,200 to $1,350. The proposed schedule decrease, therefore, is $21,050.

The grade of position of Electrical Engineer, at $2,400, has not been established for the Department, pursuant to the provisions of section 56 of the Greater New York

Charter. The request in this item, therefore, cannot be approved at this time, thereby giving a net schedule decrease of $22,250.

In the schedule for Construction, Engineering, Wages, Regular Employees, Corporate Stock Force, it is proposed to strike out an Axeman at $4.50, for 314 days, and a Laborer at $2.50, for 314 days. Two Watchmen at $2.50, for 366 days, are to be added. The extension of the line item for Machinist, at $4.50, for 279 days, is to be changed from $1,269 to $1,255.50, to correct a typographical error. The net decrease in the schedule total is $381.50.

In the schedule for Construction, Engineering, Wages, Temporary Employees, Corporate Stock Force, the number of days for Inspector of Masonry at $5 is reduced from 1,000 to 721, and a provision added for Laborer at $2.50, for 558 days.

The necessary line item changes for the two corporate stock schedules are as follows:

Line Item.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
Salaries, Regular Employees, Corporate Stock Force—				
Assistant Engineer, 2 at $5,000	$5,000 00	.....	$5,000 00	.....
Assistant Engineer, 3 at $3,000	3,000 00	.....	3,000 00	.....
Assistant Engineer, 3 at $2,700	5,400 00	.....	5,400 00	.....
Assistant Engineer, 7 at $2,100	4,200 00	.....	4,200 00	.....
Assistant Engineer, 9 at $1,800	3,600 00	.....	3,600 00	.....
Leveler, at $1,350	.....	$1,350 00	.....	$1,350 00
Leveler, at $1,200	1,200 00	.....	1,200 00	.....
Rodman, 5 at $1,200	1,200 00	.....	1,200 00	.....
Wages, Regular Employees, Corporate Stock Force—				
Axeman, 1 at $4.50 per day (314 days)	$1,413 00	.....	$1,413 00	.....
Watchman, at $2.50 per day	.....	$1,830 00	.....	$1,830 00
Machinist, 1 at $4.50 per day (279 days)	13 50	.....	13 50	.....
Laborer, 5 at $2.50 per day (314 days)	785 00	.....	785 00	.....
Wages, Temporary Employees, Corporate Stock Force—				
Inspector of Masonry, at $5 per day (1,000 days)	1,395 00	.....	1,395 00	.....
Laborer, at $2.50 per day	.....	1,395 00	.....	1,395 00
	$27,206 50	$4,575 00	$27,206 50	$4,575 00

In the schedule for Operation and Maintenance, Supervision, No. 101, Salaries, Regular Employees, an Assistant Engineer is to be decreased from $5,000 to $4,000, and one at $2,700, and a Steel Inspector at $1,650, are to be dropped. It is also proposed to increase an Assistant Engineer from $2,700 to $3,000, and add an Assistant Engineer at $2,100, and a Stenographer and Typewriter at $900. The net decrease of $2,050 is to be scheduled as unassigned.

In Operation and Maintenance, General, No. 104, Wages, Temporary Employees, a Mechanic's Helper, at $3, for 12 days, is substituted for a Machinist's Helper at the same rate and number of days. The number of days for Laborer, at $2.50, is changed from 623 to 595 days to correct a typographical error. The schedule total is unchanged.

The necessary line item changes, in detail, for these schedules, are as follows:

Account No.	Line Item.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
101	Assistant Engineer, 5 at $5,000	$5,000 00	.....	$5,000 00	.....
	Assistant Engineer, at $4,000	.....	$4,000 00	.....	$4,000 00
	Assistant Engineer, at $3,000	.....	3,000 00	.....	3,000 00
	Assistant Engineer, 2 at $2,700	5,400 00	.....	5,400 00	.....
	Assistant Engineer, at $2,100	.....	2,100 00	.....	2,100 00
	Steel Inspector, 4 at $1,650	1,650 00	.....	1,650 00	.....
	Stenographer and Typewriter, at $900	.....	900 00	.....	900 00
	Unassigned	.....	2,050 00	.....	2,050 00
104	Machinist's Helper, at $3 per day (12 days)	36 00	.....	36 00	.....
	Mechanic's Helper, at $3 per day	.....	36 00	.....	36 00
		$12,086 00	$12,086 00	$12,086 00	$12,086 00

The request in the other schedules is for the correction of typographical errors in line items.

The attached resolution, if adopted, will grant the request, with the exception of the proposed modification for an Electrical Engineer, at $2,400, as previously noted.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Modifications are required because in many cases there are inconsistencies between the schedules as set up and the payrolls, and early action is necessary in order that the payrolls for the current month may be passed.

Attention is called to the official promulgation of the Budget for 1912 by the Mayor, the Comptroller and the City Clerk, pursuant to the provisions of section 226 of the Charter, appearing in the CITY RECORD of December 28, 1911, pages 11001-11026, and to the fact that no salary schedules are included therein or attached thereto.

The modifications herewith requested are based upon the schedules printed in the CITY RECORD of December 18, 1911, as a part of the proceedings of the Board of Estimate and Apportionment held on October 31. Whether they are correct or not we have no means of knowing. There has been, so far as we are informed, no official publication of the schedules as finally adopted. Kindly furnish this Department with a copy of the same, if adopted, at your earliest convenience.

Copies of the schedules, as modified, are enclosed. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.
HENRY R. M. COOK, Auditor, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1912, the Board of Education requested the modification of 1912 salary schedules Nos. 1138, Office of the Secretary; 1140, Office of the City Superintendent of Schools; 1141, Offices of District Superintendents, and 1142, Office of the Superintendent of School Supplies. In connection therewith I report as follows

In addition to certain line items changes necessary to make the schedules conform to payroll conditions as of the present date, it is proposed to make promotions, all possible within the several appropriations involved and without decreasing the total number of positions provided for in each, as follows

Code No.	Incumbent and Title.	Present Rate per Annum.	Proposed Rate per Annum.
1138	Office of the Secretary—		
	Francis J. Canning, Clerk	$300 00	$480 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the President of the Borough of The Bronx requesting, and report of the Comptroller recommending, the modification of Salary Schedules Nos. 1858 and 1862, supporting the appropriation made in the Budget for the year 1912, for said Borough President, to make the schedules conform to the present payroll conditions, involving the transfer of $1,050, to take effect January 1, 1912:

City of New York, President of the Borough of The Bronx, Third avenue and 177th street, Office of the President, January 5, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Request is hereby respectfully made, for a modification of the schedule lines supporting the appropriation made to the office of the President of the Borough of The Bronx for the year 1912, entitled

Personal Service.

General Administration, Administration—

1858	Salaries, Regular Employees—Said modification to take effect as of January 1, 1912:	
	President of the Borough	$7,500 00
	Commissioner of Public Works	5,500 00
	Assistant Commissioner of Public Works	4,500 00
	Consulting Engineer	6,000 00
	Assistant Engineer	2,400 00
	Secretary	4,000 00
	General Bookkeeper	4,000 00
	Secretary to Commissioner of Public Works	3,000 00
	Clerk, to President	2,700 00
	Clerk	2,700 00
	Clerk	2,400 00
	Clerks, 3 at $2,100	6,300 00
	Clerk	1,800 00
	Clerks, 2 at $1,650	3,300 00
	Clerk	1,500 00
	Clerk	1,200 00
	Clerk	900 00
	Clerk	600 00
	Stenographers and Typewriters, 3 at $1,200	3,600 00
	Typewriting Copyist	900 00
	Stenographer to President	1,500 00
	Attendant	1,500 00
	Messenger	1,350 00
	Attendant	1,200 00
	Unassigned Balance	1,950 00
		$72,300 00

The above proposed modification consists of the following changes, viz.: The elimination of the provision for one clerk at $1,350, one clerk at $1,050, and one messenger at $1,350, whose services are not required, making a total decrease of $3,750.

Other changes involving a total increase of $750, are the substitutions of the rates above shown of the following-named, for the rates scheduled in the Budget:

Clifford M. Pinckney, Assistant Engineer, $2,250 to $2,400, $150.
Henry L. Bridges, Clerk, $1,950 to $2,100, $150.
John J. Cotter, Clerk, $1,800 to $2,100, $300.
Carrie Altmann, Typewriting Copyist, $750 to $900, $150.

The persons affected having received the same compensation since October, 1911, and accordingly scheduled on the October, November and December payrolls of 1911, must therefore be provided for at the same rate for 1912.

This change produces a net decrease of $3,000 from the 1912 appropriation for Code 1858, from which it is proposed to transfer the sum of $1,050 to Code 1862—Highways, Maintenance, Road Force, Salaries, Regular Employees, in order to provide in the latter schedule, for substitutions similar and for the same reasons as the substitutions proposed in Code 1858. This transfer will leave an unassigned balance in Code 1858 of $1,950.

The following proposed modification is therefore also requested:

Highways, Maintenance.

Road Force—

1862	Salaries, Regular Employees—	
	Assistant Engineer	3,000 00
	Mechanical Draughtsman	1,800 00
	Transitman	1,350 00
	Rodman	1,350 00
	Typewriting Copyist	900 00
	Inspectors, Regulating, Grading and Paving, 13 at $1,350	17,550 00
	Foreman	1,800 00
	Foremen, 2 at $1,500	3,000 00
	Messenger	1,200 00
		$31,950 00

The substitution of the rates on this schedule for those on the present schedule, consists of the following, a total of $1,050, and are as follows:

John Martin, Assistant Engineer, $2,400 to $3,000	$600 00
George A. Ritchie, Jr., Mechanical Draughtsman, $1,650 to $1,800	150 00
Martin J. Green, Promoted from Rodman, at $1,200, to Transitman, at $1,350	150 00
Mabel K. Bassford, Typewriting Copyist, $750 to $900	150 00
	$1,050 00

These additions to the present schedule produce a total of $31,950 as modified, and in order to meet the conditions created by the foregoing modifications, request is hereby respectfully made for the transfer of the sum of $1,050 from the appropriation made to the President, Borough of The Bronx for the year 1912, entitled Personal Service, General Administration, Administration, Code 1858, Salaries, Regular Employees, the amount of said appropriation being in excess of the purposes required, to the appropriation made to said President for the same year, entitled Highways, Maintenance, Road Force, Code 1862, the amount of said appropriation being insufficient.

Your early attention will oblige, respectfully,

CYRUS C. MILLER, President, Borough of The Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 5, 1912, the President of the Borough of The Bronx requested modification of two salary schedules in his office for the year 1912. In connection therewith I report as follows:

In General Administration, Administration, No. 1858, Salaries, Regular Employees, it is proposed to strike out a Clerk, at $1,350, one at $1,050, and a Messenger at $1,350, a total decrease of $3,750. Of this amount, $1,050 is to be transferred to the Bureau of Highways, Maintenance, Road Force, No. 1862, Salaries, Regular Employees, and $750 is to be used to increase the compensation of four incumbents, as follows:

Clifford H. Pinckney, Assistant Engineer, from $2,250 to $2,400.
Henry L. Bridges, Clerk, from $1,950 to $2,100.
John J. Cotter, Clerk, from $1,800 to $2,100.
Carrie Altman, Typewriting Copyist, from $750 to $900.

These rates were approved in the 1911 schedule for the incumbents, and have been paid since October 1, 1911. The changes give an unassigned balance in the account of $1,950.

In No. 1862 the following increases are proposed:

	Per Annum Increase.
John Martin, Assistant Engineer, from $2,400 to $3,000	$600 00
George A. Richie, Jr., Mechanical Draftsman, from $1,650 to $1,800	150 00
Martin J. Green, from Rodman, at $1,200, to Transitman at $1,350	150 00
Mabel K. Bassford, Typewriting Copyist, from $750 to $900	150 00
	$1,050 00

These increases are to be covered by the transfer from No. 1858. The increases also were approved in the 1911 schedule as of October 1, 1911, and have been paid since that date.

In view of the fact that the proposed changes have been paid since a date prior to the resolution of your Board, adopted October 5, 1911, with reference to salary increases, I recommend the approval of the request by the adoption of the attached resolutions. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the office of the President of the Borough of The Bronx for the year 1912, to take effect as of January 1, 1912, as follows:

Which was adopted by the following vote

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of transfer of funds appropriated to the office of the President of the Borough of The Bronx for the year 1912, as follows:

FROM

Personal Service, General Administration—Administration.

1858	Salaries, Regular Employees	$1,050 00

To

Highways, Maintenance, Road Force.

1862	Salaries, Regular Employees	$1,050 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond requesting, and report of the Comptroller recommending, the modification of Salary Schedules Nos. 910, 913, 921, 925, 926, 951, 952, supporting the appropriation made in the Budget for the year 1912, for said Department, to make the schedules conform to the present payroll conditions:

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, January 4, 1912.

Hon. WM. A. PRENDERGAST, *Comptroller:*

Sir—I respectfully request a modification of the following schedules supporting the appropriations made for the Department of Parks, Manhattan and Richmond, in the Budget for the year 1912:

No. 910. Administration, Personal Services.
No. 913. Maintenance, Parks and Boulevards, Salaries, Regular Employees.
No. 921. Maintenance of Bath Houses and Comfort Stations, Salaries, Regular Employees.
No. 925. Children's School Farms, Salaries, Regular Employees.
No. 926. Children's School Farms, Wages, Temporary Employees.
No. 951. Administration and Maintenance, Personal Services, Salaries, Regular Employees, Jumel Mansion.
No. 952. Administration and Maintenance, Jumel Mansion.

The changes requested entail no increase in compensation, and are made to enable me to comply with conditions that have arisen since the estimate for the year 1912 was submitted.

The following treats upon the modification requested in each schedule, giving the necessity for same.

The modification of Schedule No. 910, Administration, Salaries, Regular Employees, consists of the elimination of the line item which reads, Clerk, at $600 per annum, and in changing the line item now reading, Clerk, 2 at $300, to read, Clerk, 4 at $300. This change is requested to comply with the modification of the same line items requested in December last, providing two Clerks, at $300, in place of one at $600.

The schedule as revised will read as follows:

Parks, Manhattan and Richmond.

Personal Service, Administration, Executive—

910	Salaries, Regular Employees:	
	Examiner	$4,000 00
	Superintendent	4,000 00
	Architect	2,500 00
	Secretary to Commissioner	2,500 00
	Assistant Superintendent of Parks	2,500 00
	Purchasing Agent	2,000 00
	Clerk, 2 at $2,250	4,500 00
	Clerk, 2 at $1,800	3,600 00
	Clerk, 2 at $1,500	3,000 00
	Clerk, 2 at $1,200	2,400 00
	Clerk, 2 at $1,050	2,100 00
	Clerk, 7 at $900	6,300 00
	Clerk, 4 at $300	1,200 00
	Storekeeper	1,200 00
	Stenographer and Typewriter	1,350 00
	Stenographer and Typewriter, 2 at $1,200	2,400 00
	Stenographer and Typewriter	1,080 00
	Stenographer and Typewriter, 3 at $900	2,700 00
	Telephone Operator	750 00
	Auto Engineman	1,500 00
		$51,580 00

The modification of Schedule No. 913, Maintenance, Parks and Boulevards, Salaries, Regular Employees, entails the elimination of one Auto Engineman, at $1,200 per annum, and the addition of one Driver, at $1,200.

In making up the Budget for the year 1912, the Committee, of which you were Chairman, provided money for the purchase of an automobile. This, however, was cut out by the Board of Aldermen, and it will now be necessary to keep the Driver in place of employing an Auto Engineman, as intended. The line item as revised will read as follows:

Driver, 6 at $1,200	$7,200 00
Automobile Engineman	1,200 00

The modification requested for Schedule No. 921, Maintenance of Bath Houses and Comfort Stations, Salaries, Regular Employees, entails only a change in the title of two Cottage Attendants, to Bath Attendants. They were appointed in the Department under that title, and have been rendering service as such, but through an error were included among the Cottage Attendants, their compensation being the same. The schedule as revised will read as follows:

921	Bath Houses and Comfort Stations, Salaries, Regular Employees—	
	Cottage Attendant, 38 at $600	$22,800 00
	Bath Attendant, 2 at $600	1,200 00
	Cleaner, 15 at $600	9,000 00
	Attendant	900 00
		$33,900 00

The modification of Schedule No. 925, Children's School Farms, Salaries, Regular Employees, and No. 926, Children's School Farms, Wages, Temporary Employees, entails only a change in title in No. 925, the line item reading Head Gardener, 2 at $1,200, is changed to read, Head Attendant, 2 at $1,200. This is to enable me to comply with the requirements of an examination to be held by the Municipal Civil Service Commission for Head Attendants. In submitting the estimate, the title "Head Gardener" was used in error.

The modification of No. 926 entails only the changing of the line item reading, Gardener, at $2.50 per day, for 732 days, to read Laborer, at $2.50 per day, for 732 days. As revised the schedule will read as follows:

Children's School Farms.

925	Salaries, Regular Employees—	
	Director	$1,000 00
	Assistant Director	1,500 00
	Stenographer	750 00
	Head Attendant, 2 at $1,200	2,400 00
		$5,650 00
926	Wages, Temporary Employees—	
	Attendant, at $3 per day (3,200 days)	$9,600 00
	Laborer, at $2.50 per day (732 days)	1,830 00
		$11,430 00

The modification requested in Schedules No. 951 and 952, Jumel Mansion, Salaries, Regular Employees, is a change in title of Caretaker to Cottage Attendant, and of Night Watchman to Laborer. This is made necessary for the reason that one incumbent was appointed under the Civil Service title of Cottage Attendant, and the other as a Laborer.

In previous years no schedule was required for the employees of the Jumel Mansion, and no thought was given to Civil Service titles; the incumbents became known as Caretaker and Night Watchman, and were included in the estimate as such. The change requested will enable me to comply with the Civil Service rules.

I respectfully request immediate action upon the modifications requested, as they affect the pavroll for the present month. Respectfully yours,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested modification of the following schedules of Salaries and Wages for his Department for the year 1912:

No. 910, Personal Service, Administration, Executive, Salaries, Regular Employees.
No. 913, Maintenance, Parks and Boulevards, Salaries, Regular Employees.
No. 921, Maintenance, Bathhouses and Comfort Stations, Salaries, Regular Employees.
No. 925, Children's School Farms, Salaries, Regular Employees.
No. 926, Children's School Farms, Wages, Temporary Employees.
No. 951, Jumel Mansion, Administration and Maintenance, Salaries, Regular Employees.
No. 952, Jumel Mansion, Administration and Maintenance, Wages, Regular Employees.

In No. 910 it is proposed to strike out a Clerk, at $600 per annum, and add two at $300 each, to conform to a similar modification of the 1911 schedule in December.

In No. 913 it is proposed to change the title of an Auto Engineman, at $1,200 per annum, to Driver, at the same rate. The change is proposed for the reason that a request for funds for an automobile was denied in the Budget of 1912. The incumbent, therefore, is to work as a Driver. There are five Drivers at the $1,200 rate in the schedule.

In No. 921 it is proposed to change the title of two Cottage Attendants to Bath Attendants, without change in compensation. The Commissioner states that the incumbents work as Bath Attendants, and that through an error they were included in the Cottage Attendants.

In No. 925 it is proposed to change the title of two Head Gardeners to Head Attendants, without change in compensation. The Commissioner states that the new title is requested to comply with the requirements of an examination to be held by the Municipal Civil Service Commission for Head Attendant.

In No. 926 the title of a Gardener, at $2.50, for 732 days, is to be changed to Laborer at the same rate and number of days. The Commissioner states the new title is to conform to the work done by the incumbents.

In No. 951 it is proposed to change the title of a Caretaker to Cottage Attendant, and in No. 952 of a Night Watchman to Laborer. The compensation in both items

is to remain the same. The Commissioner states that these new titles are to comply with a ruling of the Municipal Civil Service Commission.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
910	Clerk, at $600	$600 00	.....	$600 00	.....

		$9,660 00	$9,660 00	$9,660 00	$9,660 00

No increase in compensation is involved.

I recommend the adoption of the attached resolution approving the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Tenement House Department requesting, and report of the Comptroller recommending, the modification of Schedules Nos. 177 and 178, supporting the appropriation made in the Budget for the year 1912 for said Department, to be effective as of January 1, 1912, providing for the transfer of employees from one schedule to another, involving a transfer of $390:

Tenement House Department of The City of New York, Borough of Manhattan, 44 East 23d street, New York, January 5, 1912.

To the Board of Estimate and Apportionment, 277 Broadway, City:

Gentlemen—I respectfully request that the following Budget appropriations for the year 1912 for this Department be revised as of January 1, 1912, as follows:

Transfer from Personal Service, Administration, Executive, 177, Salaries Regular Employees, 1 Clerk at $750, 1 Clerk at $480, 1 Clerk at $300, 1 Typewriting Copyist at $900. Total, $2,430.

Transfer to General Office, 178, Salaries Regular Employees, and the transfer from General Office, 178, Salaries Regular Employees, 1 Clerk at $600, 1 Clerk at $540, 1 Stenographer and Typewriter at $900. Total, $2,040.

Transfer to Personal Service, Administration, Executive, 177 Salaries Regular Employees.

This revision requires a transfer of $390 from Administration, Executive, 177, Salaries Regular Employees, to General Office, 178, Salaries Regular Employees.

This revision is in order that I may arrange the employees in a more advantageous manner. Respectfully, JOHN J. MURPHY, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 5, 1912, the Commissioner of the Tenement House Department requested the modification of two schedules of salaries in that Department for the year 1912, involving the transfer of $390. In connection therewith I report as follows:

It is proposed to transfer a Clerk, at $750 per annum; one, at $480; one, at $300, and a Typewriting Copyist, at $900 per annum, from No. 177, Personal Service, Administration, Executive, to No. 178, Personal Service, Administration, General Office. It is also proposed to transfer a Clerk, at $600 per annum; one, at $540, and a Stenographer and Typewriter, at $900 per annum, from No. 178 to No. 177.

The Commissioner states that the changes have been planned as of advantage to the work of the Department.

The following table shows the line item changes in detail:

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Tenement House Department for the year 1912, as follows:

FROM

177	Personal Service, Administration, Executive— Salaries, Regular Employees	$390 00

TO

178	Personal Service, Administration, General Office— Salaries, Regular Employees	$390 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the President of the Borough of Queens requesting, and report of the Comptroller recommending, the modification of Salary Schedule 1999, supporting appropriation made in the Budget for the year 1912 for the office of said Borough President, providing for an additional Assistant Engineer at $2,550 per annum and an additional Typewriting Copyist at $750 per annum, and for the elimination of two Inspectors of Street Openings at $1,200 per annum, and Stenographer and Typewriter at $900 per annum, to take effect January 1, 1912:

The City of New York, office of the President of the Borough of Queens, Long Island City, January 5, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman Board of Estimate and Apportionment, City of New York:*

Sir—Pursuant to resolution, prefacing Budget, application is hereby made for revision of the schedule lines within the appropriation made to this office for the year 1912, entitled:

This revision is made necessary to provide for the salary of one Assistant Engineer at $2,550 per annum, appointed and assigned to the Bureau of Highways as of the 1st inst. Yours respectfully,

MAURICE E. CONNOLLY, President of the Borough of Queens.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 5, 1912, the President of the Borough of Queens requested modification of the schedule for Highways, Engineering, No. 1999, Salaries, Regular Employees, Tax Levy and Special Trust Fund, in his office for the year 1912. In connection therewith I report as follows:

The request is to provide for an additional Assistant Engineer at $2,550 per annum. The necessary amount is to be made available by dropping two Inspectors of Street Openings, at $1,200 per annum each, and a Stenographer and Typewriter, at $900, and adding a Typewriting Copyist, at $750 per annum.

The President states that there is more need for the services of an Assistant Engineer than there is for Inspectors.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Increase.
1999	Assistant Engineer, 2 at $2,550	.....	$2,550 00
	Inspector of Street Openings, 10 at $1,200	$2,400 00	.....

	Typewriting Copyist, 1 at $750	.....	750 00
		$3,300 00	$3,300 00

I recommend the adoption of the attached resolution approving of the request.
Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the office of the President of the Borough of Queens for the year 1912, to take effect as of January 1, 1912, as follows:

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Bridges requesting, and report of the Comptroller recommending, the approval of the schedule as revised for said Department for the year 1912, to be effective as of January 1, 1912, for the Corporate Stock Force Personal Service, Construction Engineering, providing for the decrease in the allowance for Draftsman and increasing the allowance for Foreman Painter and Assistant Engineer:

Department of Bridges, City of New York, 13-21 Park Row, Manhattan, N. Y., January 6, 1912.

Hon. WILLIAM A. PRENDERGAST, *Comptroller,* 280 Broadway, Manhattan:

Sir—I have to request a modification of the schedule supporting the Corporate Stock allowance made for this Department and that said schedule be revised to read as follows and to be effective as of January 15, 1912:

Construction, Engineering, Salaries, Temporary Employees, Corporate Stock Force: Drop line item reading Draftsman at $1,800 (72 months), $10,800; add line items reading Draftsman at $1,800 (42 months), $6,300, and Foreman Painter at $1.500 (36 months), $4,500, $10,800.

The above revision of schedule does not increase the allowance made for this Department and is requested so that the large force of Painters now employed in painting the Queensboro and Manhattan bridges may be under adequate supervision.

Respectfully, ARTHUR J. O'KEEFFE, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 6, 1912, the Commissioner of Bridges requested modification of a schedule for salaries of temporary employees in his Department for 1912. In connection therewith I report as follows:

The request is in the schedule for Personal Service, Construction, Engineering, Salaries, Temporary Employees, Corporate Stock Force. It is proposed to decrease the allowance for Draftsman, at $1,800, from 72 to 30 months, and add an allowance for Foreman Painter, at $1,500, for 36 months, and Assistant Engineer, at $1,800, for 12 months.

The Foreman Painters are required to supervise the gangs of Painters employed in finishing the original painting of the Queensboro and Manhattan Bridges. The Assistant Engineer is required for the preparation of plans for new construction work.

The line item changes, in detail, are as follows:

Line Item.	Schedule Transfer. Decrease.	Increase.	Cash Transfer. Decrease.	Increase.
Draftsman, at $1,800 (72 months)	$6,300 00	.....	$6,300 00	.....
Foreman Painter, at $1,500	.....	$4,500 00	.....	$4,500 00
Assistant Engineer, at $1,800	.....	1,800 00	.....	1,800 00
	$6,300 00	$6,300 00	$6,300 00	$6,300 00

I recommend the adoption of the attached resolution granting the request.
Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Department of Bridges for the year 1912, to be effective as of January 1, 1912, as follows:

DEPARTMENT OF BRIDGES.

Personal Service, Construction, Engineering, Salaries, Temporary Employees, Corporate Stock Force.

Assistant Engineer, at $1,800 (12 months)	$1,800 00
Draftsman, at $1,800 (30 months)	4,500 00
Foreman Painter, at $1,500 (36 months)	4,500 00
Schedule total	$10,800 00
Corporate stock allowance	10,800 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Fire Department requesting, and report of the Comptroller recommending, approval of the schedule for the Fire Alarm Telegraph Bureau, Borough of Richmond, under the jurisdiction of said Department, providing for the employment of 9 Linemen for one month, at the rate of $1,000 each per annum:

Fire Department of The City of New York, Office of the Commissioner, December 21, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller,* 280 Broadway, New York City:

Sir—On December 12 this Department received bids at public letting for installing an extension of the Fire Alarm Telegraph System in the Borough of Richmond, in accordance with specifications, form of contract and estimate of cost approved by the Board of Estimate and Apportionment, as follows:

1. James O'Brien, 31 Burger avenue, W. N. Brighton, S. I. $1,775 00
2. Anderson-Martin Electric Co., 1 Madison avenue 3,865 00

The lowest bid submitted is too high for the amount of work to be performed, and as you were advised in a letter from this Department on December 14, it was considered for the best interests of the City to reject these bids.

The Department's estimate for the cost of this work, which consists in stringing about 65 miles of line wire, all material to be furnished by this Department, was $924, which is considered ample for the work to be done.

If this Department is enabled to employ 9 Linemen to work under the supervision of the Department's Foreman, this entire work can be completed in not over one month's time, at a cost of $750, and to enable the work to be done in this manner I beg to request that the Corporate Stock salary list be revised so as to include the following positions for a temporary period, the salaries to be charged to C. F. D.—5-A, "For the Purpose of Providing Means for the Equipment of the Fire Alarm Telegraph System in the Borough of Richmond."

Title.	Incumbents.	Salary per Annum.
Lineman	9	$1,000 00

Respectfully, JOS. JOHNSON, Fire Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 21, 1911, the Fire Commissioner requested the establishment of a corporate stock schedule for the Fire Alarm Telegraph Bureau, Borough of Richmond. In connection therewith I report as follows:

On November 16, 1911, this Board approved the plans and specifications, form of contract, and estimated cost of $1,300 for installing sixty miles of overhead fire alarm telegraph circuits in the Borough of Richmond. The cost of installation was to be charged against a corporate stock authorization of $7,000 for the equipment of the fire alarm telegraph system, Richmond (C. F. D.—5A). Included in the estimated cost was an item of $376 to be paid to the Western Union Telegraph Company for providing cross arms and pins on its pole line. The lowest bid received for the work, exclusive of the amount to be paid to the Western Union Telegraph Company, was $1,775, which was rejected on the ground that it was excessive.

The Electrical Engineer of the Department states that if he is permitted to employ nine Linemen for one month, at the rate of $1,000 per annum, the work can be completed at a cost of $750. The Commissioner therefore requests the establishment of a corporate stock schedule for the nine Linemen, their compensation to be paid from corporate stock authorized for the equipment of the fire alarm system, Richmond.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the schedule for the Fire Department for the year 1912, as follows:

FIRE DEPARTMENT.

Personal Service, Maintenance, Manhattan, The Bronx and Richmond, Fire Alarm Telegraph, Richmond, Salaries, Temporary Employees, Corporate Stock Force.

Lineman at $1,000 per annum (9 months)	$750 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Bridges requesting, and report of the Comptroller recommending, approval of the schedule, as revised, for said Department, for the year 1912, to be effective as of January 1, 1912, Salaries, Regular Employees, Brooklyn Bridge, Bridge Revenue Force, providing for the transfer of a Foreman Riveter from the Brooklyn Bridge to a vacancy in the Manhattan Bridge Force, and for the transfer of a Steel Inspector from the Construction Division to the Brooklyn Bridge Force:

Department of Bridges, City of New York, 13-21 Park Row, Manhattan, N. Y., January 10, 1912.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, The City of New York,* 280 Broadway, New York City:

Sir—I have to request the following modification of the schedules of the Brooklyn Bridge, Salaries, Regular Employees, Bridge Revenue Force:

Drop line item reading Foreman Riveter, $1,800; add line items reading, Steel Inspector, $1,650; unassigned, $150. Total, $1,800.

This request is made necessary by the transfer of a Foreman Riveter to the Manhattan Bridge, allowance for which was provided in the 1912 Budget, and to replace this employee with a Steel Inspector, thereby placing this structure on the same plane as the other East River Bridges.

Copy of revised schedule herewith. Respectfully,

ARTHUR J. O'KEEFFE, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 10, 1912, the Commissioner of Bridges requested modification of a schedule for salaries of regular employees in his Department for 1912. In connection therewith I report as follows:

The request is in schedule for Brooklyn Bridge, Salaries, Regular Employees, Bridge Revenue Force. It is proposed to drop a Foreman Riveter at $1,800 and add a Steel Inspector at $1,650, the balance of $150 to be scheduled as unassigned.

The changes are stated to be necessary to provide for the transfer of a Foreman Riveter from the Brooklyn Bridge to a vacancy in the Manhattan Bridge force, and for a Steel Inspector transferred from the Construction Division to the Brooklyn Bridge.

The line item changes, in detail, are as follows:

Line Item.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
Foreman Riveter, 1 at $1,800	$1,800 00	.....	$1,800 00	.....
Steel Inspector at $1,650	.....	$1,650 00	.....	$1,650 00

The Secretary presented the following communication from the Court of General Sessions, New York County, requesting, and report of the Comptroller recommending, the modification of Salary Schedule 2188, supporting the appropriation made in the Budget for the year 1912, for said Court, to make the schedule conform to the present payroll conditions:

Court of General Sessions of the Peace, County of New York, Clerk's Office, January 12, 1912.

Hon. WILLIAM A. PRENDERGAST, *Comptroller of The City of New York,* 280 Broadway, New York City:

Dear Sir—Request is hereby made for a modification of the schedule of salaries (No. 2188), supporting the Budget for the year 1912, for the Court of General Sessions, by changing the line "Record Clerk, 9 at $2,000, $18,000," to read "Record Clerk, 8 at $2,000, $16,000"; by inserting a line "Record Clerk, at $1,500, $1,500"; by changing the line "Attendants, 62 at $1,800, $111,600," to read "Attendants, 56 at $1,800, $100,800"; by inserting a line "Attendants, 5 at $1,500, $7,500"; by inserting a line "Attendant, 1 at $1,200, $1,200"; and by inserting a line "Balance unassigned, 2,600."

This request is made for the purpose of having the schedule conform to the actual payroll conditions of this Department. Very respectfully yours,

EDWARD R. CARROLL, Clerk of Court.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 19, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 12, 1912, the Clerk of the Court of General Sessions requested modification of a salary schedule for the Court for the year 1912. In connection therewith I report as follows:

The request is in Administration, No. 2188, Salaries, Regular Employees. It is proposed to strike out a Record Clerk at $2,000, six Attendants at $1,800, and to add five Attendants at $1,500, a Record Clerk at $1,500, an Attendant at $1,200 and to carry an unassigned balance of $2,500.

The Clerk states that the change is necessary to conform to the actual payroll conditions of the Court. A vacancy in the position of Record Clerk at $2,000 has been filled by a transfer appointment of $1,500. The five Attendants at $1,500 and the one at $1,200 are to be paid at those rates until the Judges decide that their experience and services entitle them to receive the maximum rate of $1,800.

The following table shows the line changes in detail:

Account No.	Line Items.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
2188	Record Clerk, 9 at $2,000	.....	$2,000 00	.....	$2,000 00
	Record Clerk, 1 at $1,500	$1,500 00	.....	$1,500 00	.....
	Attendant, 62 at $1,800	.....	10,800 00	.....	10,800 00
	Attendant, 5 at $1,500	7,500 00	.....	7,500 00	.....
	Attendant, 1 at $1,200	1,200 00	.....	1,200 00	.....
	Unassigned balance	2,600 00	.....	2,600 00	.....
		$12,800 00	$12,800 00	$12,800 00	$12,800 00

No increase in salaries or appropriation is involved.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 12, 1911, the Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans, specifications and estimate of cost in the sum of $16,000 for furnishing and delivering double nozzle fire hydrants.

Under the proposed contract 500 double nozzle fire hydrants are to be furnished and delivered at the pipe yard, Butler and Nevins streets, Borough of Brooklyn, and 50 at the pipe yard at West New Brighton, Borough of Richmond.

The cost is to be paid to the extent of $14,545.45 from a corporate stock fund, from which there have been no expenditures, of $45,000, authorized by the Board of Estimate and Apportionment on July 17, 1911, and entitled, "C. D. W. 26A—Water Supply System, Borough of Brooklyn, Furnishing and Setting 500 Additional Double Nozzle Hydrants"; and to the extent of $1,454.55 from a corporate stock fund of $28,000 authorized by the Board of Estimate and Apportionment on July 17, 1911, and entitled, "C. D. W. 38B—Water Supply System, Borough of Richmond, Supplies and Materials for Labor Construction Force." There is an unencumbered balance of $26,541.35 in this fund.

Corrections have been made in section 41 of the specifications at the suggestion of the Department of Finance.

The form of contract, plans and specifications, as amended, are satisfactory. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving of the form of contract, plans, specifications and estimate of cost, with the amendments noted.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract, plans and specifications as amended; and the estimate of cost in the sum of sixteen thousand dollars ($16,000), for furnishing and delivering double nozzle fire hydrants under the jurisdiction of the Department of Water Supply, Gas and Electricity, the cost to the extent of fourteen thousand five hundred and forty-five dollars and forty-five cents ($14,545.45), to be charged to the corporate stock fund entitled, "C. D. W.—26A, Water Supply System, Borough of Brooklyn. Furnishing and Setting 500 Additional Double Nozzle Hydrants," and to the extent of one thousand four hundred and fifty-four dollars and fifty-five cents ($1,454.55), to the corporate stock fund entitled, "C. D. W.—38B, Water Supply System, Borough of Richmond, Supplies and Materials for Labor Construction Force."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

Department of Docks and Ferries, City of New York, Pier "A," North River, January 2, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman Board of Estimate and Apportionment:*

Sir—On November 16, 1911, a resolution was adopted by the Board of Estimate and Apportionment approving form of contract No. 1287, Class 2, specifications and estimate of cost, for laying asphalt pavement over the deck of pier at the foot of Jamaica avenue, Astoria, Borough of Queens, the approved estimate being $984.38. The submission of this contract was based upon an estimated cost of $1.25 per square yard. The area to be covered on the pier at the foot of Jamaica avenue is 750 square yards.

Bids were received and opened on this contract on December 19, 1911; the bids being as follows:

	Per Sq. Yd.
Uvalde Contracting Company	$2 25
Barber Asphalt Paving Company	1 95
Cranford Company	1 45
Warner-Quinlan Asphalt Company	1 65

The expense is to be charged against C. D. D.—28, in which fund the sum of $7,700 has been appropriated. Class 1 of Contract 1287 for laying asphalt deck over the pier at Whale Creek, Brooklyn, has been awarded to the Uvalde Contracting Company at 98 cents per square yard. Class 1 is also charged against the same fund, but the balance is ample to meet the cost of Class 2 at the low bid, $1.45 per square yard.

Class 1 of the contract called for 4,780 square yards of pavement, while Class 2 calls for but 750 square yards.

The Chief Engineer of this Department in reporting on this matter states as follows

"This pier at Jamaica avenue is distant from any other asphalt work where a contractor might combine the work of repairing it with other asphalt in the same locality and thereby concentrate his plant over several jobs, and therefore the cost of maintenance during the time called for in the maintenance clause of the contract would be in all probability in excess of what the same cost would be to the contractor under different circumstances and in other localities. Conditions such as these have evidently influenced all of the four bidders in figuring on this contract as the highest bid received was $2.25. I consider the price stated, $1.45, as fair and reasonable and would recommend that the contract be awarded to the Cranford Company. In this connection I desire also to state that it is absolutely necessary for the life and preservation of this pier that the deck should be asphalted at as early a date as possible, and for this reason I also think it advisable to award the contract at the price given in preference to delaying for readvertising and submission of new bids, as in all probability they would not be less than those already received."

After consideration of the above, the small area to be paved and the points brought out in the Chief Engineer's report, I feel that the low bid received is a fair one, and that it is to the interest of the City to award the contract. Accordingly, I request that a new resolution be adopted by the Board of Estimate and Apportionment authorizing the award of Contract 1287, Class 2, to the Cranford Company at $1.45 per square yard. Yours respectfully,

CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 16, 1911, the form of contract, plans and specifications for laying an asphalt pavement over the deck of pier at the foot of Jamaica avenue, Borough of Queens, were approved at an estimated cost of $884.38. On January 2, 1912, the Commissioner of Docks requested the approval of $1,087.50, as a new estimate of cost, for the reason that it was the lowest of the four bids received, at the opening on December 19, 1911. The cost is reasonable, and funds are available to cover the increase of $103.72.

I recommend, therefore, the adoption of the attached resolution approving the new estimate of cost. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on November 16, 1911, as follows:

> "Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract (No. 1287), specifications and estimates of cost for work, under the jurisdiction of the Department of Docks and Ferries as follows:
>
> "Class 1. For preparing for and paving with asphalt the deck of pier at Whale Creek, Borough of Brooklyn, at an estimated cost of six thousand two hundred and seventy-three dollars and seventy-five cents ($6,273.75).
>
> "Class 2. For preparing for and paving with asphalt the deck of pier at Jamaica avenue, Borough of Queens, at an estimated cost of *nine hundred and eighty-four dollars and thirty-eight cents* ($984.38).
>
> —"provided that the form of contract and the specification be amended by eliminating therefrom all reference to a proposed work, described as Class 3; and that section (C C), page 13 of the form of contract, requiring that new bonds be furnished by the contractor, be omitted, and that there be substituted in lieu thereof a paragraph to provide that five per cent of the amount earned under Classes 1 and 2 be retained for a period of five (5) years from the date of the completion of the contracts, as security for the maintenance guarantee."

—be amended to make the estimate of cost for Class 2 read *one thousand and eighty-seven dollars and fifty cents* ($1,087.50).

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Bellevue and Allied Hospitals requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the amended form of contract with McKim, Mead and White, architects, and the estimate of cost ($2,000), for the preparation of preliminary sketches and specifications and an estimate of cost for a Dispensary Building at Gouverneur Hospital, under the jurisdiction of said Department:

Bellevue and Allied Hospitals, November 10, 1911.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the approval of the Board of Estimate and Apportionment to the proposed preliminary contracts covering the services of architects for new buildings to be erected by this Department, as follows:

McKim, Mead and White, new out-patient department, Gouverneur Hospital.
J. H. Freedlander, extension, Harlem Hospital.
Raymond F. Almirall, nurses' residence, Harlem Hospital.
Raymond F. Almirall, roof wards, Fordham Hospital.

These are preliminary contracts. Enclosed, also for approval, is a copy of the proposed form of final contract with Raymond F. Almirall, covering his services as architect for the enlargement and enclosure of the balconies at Fordham Hospital.

Respectfully, JAMES K. PAULDING, Secretary, Board of Trustees.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 10, 1911, the Trustees of Bellevue and Allied Hospitals requested approval of the form of preliminary contract with McKim, Mead and White for services as architects for a new Dispensary building at Gouverneur Hospital, Borough of Manhattan.

The total cost of the building, including architects' fees, is estimated at $200,000, the amount of the appropriation for the purpose approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911. There have been no expenditures from the fund, which is entitled, "C. B. H.—7B. Gouverneur Hospital, Construction of a new Dispensary."

The form of contract requires the architect to furnish the City with preliminary studies and specifications and an estimate of the cost of construction. The proposed fees are $750, when the preliminary studies and specifications are submitted to the Board of Trustees, and $1,250 when the studies and specifications are finally approved.

The form of contract submitted required the architects to do the work upon the terms of the schedule of "Proper and Minimum Charges" of the American Institute of Architects. This schedule calls for a fee of 6 per cent. At the suggestion of the Department of Finance the Trustees of Bellevue and Allied Hospitals have submitted the form of contract generally used by the City and approved by the Corporation Counsel without any alteration. This form calls for a fee of 5 per cent.

I recommend that this form of contract be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the amended form of proposed contract with McKim, Mead and White and the estimate of cost in the sum of two thousand dollars ($2,000), for the preparation of preliminary sketches and specifications and an estimate of cost for a Dispensary Building at Gouverneur Hospital, Borough of Manhattan, under the jurisdiction of the Department of Bellevue and Allied Hospitals, the cost to be charged to the corporate stock fund entitled, "C. B. H.—7B, Gouverneur Hospital, Construction of a New Dispensary."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Bellevue and Allied Hospitals requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the amended estimate of cost ($2,500), and amended form of contract with J. H. Freidlander, architect, for the preparation of preliminary sketches and specifications and an estimate of cost for an additional ward wing to Harlem Hospital, under the jurisdiction of said Department:

Bellevue and Allied Hospitals, November 10, 1911.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

SIR—The Trustees of Bellevue and Allied Hospitals have the honor to request the approval of the Board of Estimate and Apportionment to the proposed preliminary contracts covering the services of architects for new buildings to be erected by this Department, as follows:

McKim, Mead and White—New out patient department, Gouverneur Hospital;
J. H. Freedlander, extension, Harlem Hospital;
Raymond F. Almirall, Nurses' Residence, Harlem Hospital;

These are preliminary contracts. Enclosed, also for approval, is a copy of the proposed form of final contract with Raymond F. Almirall, covering his services as architect for the enlargement and enclosure of the balconies at Fordham Hospital.

Respectfully, JAMES K. PAULDING, Secretary, Board of Trustees.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 10, 1911, the Trustees of Bellevue and Allied Hospitals requested approval of the form of preliminary contract with J. H. Freidlander for services as Architect for a proposed additional ward wing at Harlem Hospital, Borough of Manhattan.

The total cost of the building, including architect's fees, is estimated at $250,000, the amount of the appropriation for the purpose, approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911. There have been no expenditures from the fund, which is entitled, "C. B. H.—13C, New Harlem Hospital, Construction of an Additional Ward Wing."

The form of contract requires the architect to furnish the City with preliminary studies and specifications and an estimate of the cost of construction. The proposed fees are $1,000, when the preliminary studies and specifications are submitted to the Board of Trustees, and $1,500, when the studies and specifications are finally approved.

As originally submitted the payments were fixed at $1,000 and $2,000, and the printed form of contract generally used by the City and approved by the Corporation Counsel was changed from a fee basis of 5 per cent. to the 6 per cent. called for in

the schedule of "Proper and Minimum Charges" of the American Institute of Architects. At the suggestion of the Department of Finance, the Trustees of Bellevue and Allied Hospitals have changed the form of contract and the amount of compensation to the 5 per cent. usually paid by the City.

I recommend that the amended form of contract and estimate of cost be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST. Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the amended estimate of cost, two thousand five hundred dollars ($2,500) and the amended form of proposed contract with J. H. Freidlander for the preparation of preliminary sketches and specifications and an estimate of cost for an additional ward wing at Harlem Hospital, Borough of Manhattan, under the jurisdiction of the Department of Bellevue and Allied Hospitals, the cost to be paid from the corporate stock fund entitled, "C. B. H.—13C, New Harlem Hospital, Construction of an additional ward wing."

The Secretary presented the following communication from the Fire Department requesting, and report of the Comptroller, recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of forms of preliminary contracts with Frank J. Helmle, architect, for services in the preparation of preliminary drawings and specifications for building two new fire houses in the Borough of The Bronx, and two in the Borough of Queens, under the jurisdiction of the said Department:

Fire Department of The City of New York, Office of the Commissioner, December 18, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller of The City of New York:*

Sir—On August 4, 1911, I submitted a request for authority to enter into contracts with F. J. Helmle, architect, 190 Montague street, Brooklyn, for the preliminary and final plans and specifications and the supervision of the construction of five proposed buildings for this Department, and on September 23 received a reply reading as follows:

"September 19, 1911.

Hon. JOSEPH JOHNSON, *Fire Commissioner:*

Sir—Replying to your communication dated August 4, 1911, requesting authority of the Board of Estimate and Apportionment to enter into contracts with J. M. Helmle for Architect's services, in connection with the construction of buildings, as follows:

Borough of The Bronx:

Southwest corner of Seneca avenue and Faile street; estimated fees, $3,333.34.

West side of Washington avenue, south of 172d street; estimated fees, $3,428.58.

West side of Nelson avenue, south of 166th street; estimated fees, $2,142.86.

Borough of Queens:

Westerly side of Fifth avenue, south of Newport avenue, Rockaway Park; estimated fees, $1,904.76.

Easterly side of Oakley avenue, south of Belmont avenue, Woodhaven; estimated fees, $2,380.94.

I would state that funds for all the items are available. The estimated fees, based on 5 per cent. of the estimated cost of the construction of the buildings, are correct, with the exception of that for the buildings to be erected on the easterly side of Oakley avenue, south of Belmont avenue, Woodhaven. For this building the sum of $25,000 is available and the Architect's fees should be estimated at $1,190.48.

Before awarding contracts or making final agreements with the Architect, it will be necessary to obtain approval of the forms of contracts, in accordance with the resolution of the Board of Estimate and Apportionment on July 17, 1911, as amended August 31, 1911.

Yours truly, WM. A. PRENDERGAST, Comptroller.

Assuming that your letter conferred all the authority necessary, agreements were entered into with Mr. Helmle for the preparation of the preliminary drawings and specifications for the following proposed buildings:

Southwest corner of Seneca avenue and Faile street, Borough of The Bronx; fees, $1,666.67.

West side of Nelson avenue, south of 166th street, Borough of the Bronx; fees, $1,071.43.

Westerly side of Fifth avenue, south of Newport avenue, Rockaway Park, Borough of Queens; fees, $952.38.

Easterly side of Oakley avenue, south of Belmont avenue, Woodhaven, Borough of Queens; fees, $595.24.

On November 16, 1911, the originals of these contracts, with advice of awards, were forwarded to the Department of Finance for validation. In answer to the communication forwarded on the 8th inst., I am informed that they are now awaiting the approval of the Board of Estimate and Apportionment.

As the first communication relating to the employment of Mr. Helmle was transmitted after the adjournment of the Board for the summer, and as the terms of the resolution adopted by that Board on August 31, 1911, appear to apply only to the final agreement with the Architect, I have the honor to request that the four preliminary agreements with Mr. Helmle, above named, forwarded to the Department of Finance on November 16, 1911, be submitted to the Board of Estimate and Apportionment for favorable consideration and approval. Respectfully,

JOS. JOHNSON, Fire Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 18, 1911, the Fire Commissioner requested approval of forms of preliminary contracts with Frank J. Helmle, of No. 190 Montague street, Brooklyn, for Architect's services for the preparation of preliminary drawings and specifications for fire houses at the following locations:

Southwest corner of Seneca avenue and Faile street, Borough of The Bronx; estimated fees, $1,666.67.

West side of Nelson avenue, south of 166th street, Borough of The Bronx; estimated fees, $1,071.43.

Westerly side of 5th avenue, south of Newport avenue, Rockaway Park, Borough of Queens; estimated fees, $952.38.

Easterly side of Oakley avenue, south of Belmont avenue, Woodhaven, Borough of Queens; estimated cost, $595.24.

The proposed fees amount to 2½ per cent. of the estimated costs for the several items.

Paragraph 12, in the form customarily in use by the City for final contract for Architect's services, provides that upon completion of the drawings and specifications a payment shall be made of one-quarter of the estimated total cost of the Architect's services, less the total amount paid under the preliminary contract. On a basis of 5 per cent. for full services, one-quarter of the total fee amounts to 1¼ per cent., which is 1½ per cent. less than the total fee proposed in this preliminary contract.

More work is required in the final contract to earn the 1¼ per cent. payment than is required to complete the preliminary contract. The total fee allowed in the preliminary contract should, therefore, be less than the first payment of 1¼ per cent. provided in the final contract.

I am of the opinion that a fee of 1 per cent. of the total amount the Architect must not exceed in the preparation of his plans, etc., as the cost of the improvement, including Architect's fees, should be allowed as a total fee for the preliminary work, as follows:

(1) The sum of one-half of 1 per cent. of the total amount the Architect must not exceed in the preparation of his plans, etc., as the cost of the improvement, including Architect's fees when the preliminary studies and specifications are submitted.

(2) The sum of one-half of 1 per cent. of the total amount the Architect must not exceed in the preparation of his plans, etc., as the cost of the improvement, including Architect's fees, when the preliminary studies and specifications are finally approved.

In order to avoid unnecessary delay in the approval of the preliminary contracts, I requested the Fire Department to change the amounts of the fees to agree with the percentage above mentioned. This has been done, and, in their amended form, the forms of preliminary contracts are satisfactory. The amended amount of each contract and the account from which it is payable is as follows:

For the proposed building on the southwest corner of Seneca avenue and Faile street, The Bronx: Estimated fees, $700, to be charged to the Corporate Stock Fund, "C. F. D.—25B, Fire Department, Borough of The Bronx, Erection of Building on Site in Vicinity of Southern Boulevard and Westchester Avenue." The sum of $70,000 was approved for the fund by the Board of Estimate and Apportionment on June 3, 1910, and by the Board of Aldermen on June 28, 1910. The resolution for the appropriation was amended by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911. There have been no expenditures from the fund.

For the proposed building on the west side of Nelson avenue, south of 166th street, The Bronx: Estimated fees, $450, to be charged to the Corporate Stock Fund, "C. F. D.—25G, Fire Department, Borough of The Bronx, for the Erection of a Building on a Site at Ogden Avenue, Highbridge." The sum of $45,000 was approved for the fund by the Board of Estimate and Apportionment on June 3, 1910, and by the Board of Aldermen on June 28, 1910. The resolution for the appropriation was amended by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911. There have been no expenditures from the fund.

For the proposed building on the westerly side of 5th avenue, south of Newport avenue, Rockaway Park, Borough of Queens: Estimated fees, $400, to be charged to the Corporate Stock Fund, "C. F. D.—27B, Fire Department, Borough of Queens, Erection of a Building on Site in Vicinity of 5th and Washington Avenues, Rockaway Park." The sum of $40,000 was approved for the fund by the Board of Estimate and Apportionment on June 3, 1910, and by the Board of Aldermen on June 28, 1910. The resolution for the appropriation was amended by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911. There have been no expenditures from the funds.

For the proposed building on the easterly side of Oakley avenue, 150 feet south of Belmont avenue, Woodhaven, Borough of Queens: Estimated fees, $250, to be charged to the Corporate Stock Fund, "C. F. D.—27H, Fire Department, Borough of Queens, Erection of Building on Site in Vicinity of Belmont and Hatch Avenues, Woodhaven." The sum of $25,000 was approved for the fund by the Board of Estimate and Apportionment on June 3, 1910, and by the Board of Aldermen on June 28, 1910.

I recommend the adoption of the attached resolution approving the forms of contracts with the amendments, as previously noted. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the forms of preliminary contracts for Architect's services for the preparation of preliminary drawings and specifications for buildings under the jurisdiction of the Fire Department, at the following locations:

Southwest corner of Seneca avenue and Faile street, Borough of The Bronx; estimated fees, seven hundred dollars ($700), to be charged to the corporate stock fund, "C. F. D.—25B, Fire Department, Borough of The Bronx, Erection of building on site in the vicinity of Southern Boulevard and Westchester avenue."

West side of Nelson avenue, south of 166th street, Borough of The Bronx; estimated fees, four hundred fifty dollars ($450), to be charged to the corporate stock fund, "C. F. D.—25G Fire Department, Borough of The Bronx, for the erection of a building on a site at Ogden Avenue, Highbridge."

Westerly side of Fifth avenue, south of Newport avenue, Rockaway Park, Borough of Queens; estimated fees four hundred dollars ($400), to be charged to corporate stock fund, "C. F. D.—27B, Fire Department, Borough of Queens, Erection of a building on site in vicinity of 5th and Washington avenues, Rockaway Park."

Easterly side of Oakley avenue, 150 feet south of Belmont avenue, Woodhaven, Borough of Queens; estimated fees two hundred and fifty dollars ($250), to be charged to the corporate stock fund, "C. F. D.—27H, Fire Department, Borough of Queens, Erection of building on site in vicinity of Belmont and Hatch avenues, Woodhaven."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond, requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, plans and specifications for constructing a bulkhead along the easterly boundary of the driveway, where required, between 165th and Dyckman streets, Manhattan, at an estimated cost of $105,000, under the jurisdiction of said Department:

The City of New York, Department of Parks, Arsenal, Central Park, January 6, 1912.

Hon. WILLIAM A. PRENDERGAST, *Comptroller,* 280 Broadway, New York City:

Dear Sir—At a meeting of the Park Board held on the 4th inst., the resolution adopted December 14, 1911, authorizing the preparation of plans, etc., for rebuilding in reinforced concrete certain defective sections of the bulkhead along the Harlem River Driveway, where required, between 165th and Dyckman streets, was rescinded and the folowing resolution was adopted in lieu thereof:

Resolved, That the Commissioner of Parks for the Boroughs of Manhattan and Richmond be, and he hereby is authorized to cause to be prepared plans, specifications, and form of contract for constructing a bulkhead along the easterly boundary of the Public Driveway, where required, between 165th street and Dyckman street, Manhattan, and when so prepared, and the form of contract shall have been approved by the Corporation Counsel, to publish an advertisement inviting proposals for doing the work.

Respectfully, CLINTON H. SMITH, Secretary, Park Board.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, December 22, 1911.

To the Honorable The Board of Estimate and Apportionment, The City of New York:

Gentlemen—Herewith I beg to forward, for the approval of your Honorable Board, as required, plans, specifications and form of contract covering work proposed to be done by this Department in rebuilding in reinforced concrete certain defective sections of the bulkhead along the Harlem River Drivway, where required, between 165th and Dyckman street, Manhattan.

The proposed work is estimated to cost $105,000 and will be chargeable against the fund provided by Corporate Stock issue designated as C. D. P.—75A.

Respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1912, the Park Board adopted a resolution requesting approval of the form of contract, plans and specifications for constructing a bulkhead along the easterly boundary of the public driveway, where required, between 165th and Dyckman streets, Borough of Manhattan, at an estimated cost of $105,000.

The cost of the improvement is to be paid out of an unencumbered balance of $112,483.30 in the corporate stock fund entitled "C. D. P.—75A, Parks, Department of, Manhattan and Richmond, Reconstruction of Bulkhead, Easterly Wall of Speedway, Between 155th Street and Dyckman Street."

The Estimate of cost includes engineering and inspection, and is reasonable. The form of contract is correct, and the plans and specifications are satisfactory.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, plans and specifications for constructing a bulkhead along the easterly boundary of the public driveway, where required, between 165th street and Dyckman street, Borough of Manhattan, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, at an estimated cost of one hundred and five thousand dollars ($105,000), the cost to be paid from the corporate stock fund entitled, "C. D. P.—75A, Parks, Department of, Manhattan and Richmond, reconstruction of bulkhead, easterly wall of Speedway, between 155th and Dyckman streets."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Board of Education requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the plans, specifications, form of contract and estimates of cost for Items 1 and 2, amounting to $3,555, for fire-stops in the attics of various public schools in The Bronx, under the jurisdiction of the Department of Education:

Board of Education, of The City of New York, Office of the Secretary, Park Avenue and 59th street, December 28, 1911.

Hon. W. A. PRENDERGAST, *Comptroller:*

Dear Sir—I beg to advise you of the receipt of a communication from Mr. C. B. J. Snyder, Superintendent of School Buildings, under date of December 27, 1911, reading as follows:

"I am forwarding herewith detail, specifications and form of contract for fire-stops in the attics of various schools in the Borough of The Bronx, for transmission to the Comptroller, to be presented to the Board of Estimate and Apportionment, in compliance with the resolution adopted by that Board on January 5, 1911.

"Approximate Cost—Item 1, $1,990; Item 2, $1,565."

The specifications and form of contract referred to in the above-quoted communication from Superintendent Snyder are transmitted herewith.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 28, 1911, the Board of Education requested approval of plans, specifications, form of contract, and estimate of cost in the sum of $1,990 for Item 1, and $1,565 for Item 2, for fire-stops in the attics of various schools in the Borough of The Bronx.

The plans, specifications and form of contract are satisfactory and the estimates of cost are reasonable.

The cost of the work is to be charged to the corporate stock fund entitled, "C. D. E.—9A, School Building Fund, All Boroughs, Providing Fire Protection." The sum of $450,000 was approved for this purpose by the Board of Estimate and Apportionment on July 27, 1911, and by the Board of Aldermen on July 31, 1911. There have been no expenditures from the fund.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the plans, specifications, form of contract, and estimates of cost for fire-stops in the attics of various public schools, under the jurisdiction of the Department of Education, in the Borough of The Bronx, as follows:

Item 1. Estimated cost, one thousand nine hundred and ninety dollars ($1,990)

To the Board of Estimate and Apportionment:

Gentlemen—On December 27, 1911, the Commissioner of Parks, Borough of Brooklyn, requested the approval of plans, specifications, form of contract and estimate of cost (including Architect's fees) in the sum of $14,960, for the erection and completion of additional exhibition and storage cases and other equipment in the Central Museum of the Brooklyn Institute of Arts and Sciences.

The specifications have been amended in several minor details and are now satisfactory. The form of contract and plans are complete and satisfactory. The estimate of cost is reasonable.

The cost of the work is to be charged against the corporate stock fund entitled, "C. D. P.—243D, for the installation of museum cases and library stacks in the Institute Museum Building, under the jurisdiction of the Department of Parks." The authorization, amounting to $15,000, was approved by the Board of Estimate and Apportionment on June 3, 1910, and by the Board of Aldermen on June 28, 1910. There have been no expenditures from the fund.

I recommend the adoption of the attached resolution approving the request with the amendments noted above. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

The Secretary presented the following communication from the Fire Department requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, plans and specifications for the erection of a fire house on the corner of Smith and Lorraine streets, Brooklyn, at an estimated cost of $66,095.05, under the jurisdiction of said Department:

Fire Department of The City of New York, Office of the Commissioner, December 27, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller,* City of New York:

Sir—I beg to transmit to you, for the approval of the Board of Estimate and Apportionment, forms of contract, plans, specifications and estimates of cost for the erection of fire house on the following site in the Borough of Brooklyn.

Corner Smith and Lorraine streets.....$69,400 00

A messenger has already left these plans with Mr. Adamson of your office.

Respectfully, JOS. JOHNSON, Fire Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics January 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 27, 1911, the Fire Commissioner requested approval of revised form of contract, plans and specifications for the erection of a fire house on the corner of Smith and Lorraine streets, Brooklyn, at an estimated cost of $66,095.05.

The revised plans and specifications are substituted for one of the plans and specifications for twenty-one fire houses, approved by the Board of Estimate and Apportionment on April 6, 1911, and which have since been withdrawn by the Fire Commissioner.

The cost of the improvement is to be paid out of an unencumbered balance of $67,763.10 in the corporate stock fund entitled, "C. F. D.—26A, Fire Department, Construction of a Fire House at Smith and Lorraine streets, Brooklyn."

The estimate of cost is reasonable. The form of contract is correct and the plans and specifications are satisfactory.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, plans and specifications for the erection of a fire house on the corner of Smith and Lorraine streets, Borough of Brooklyn, at an estimated cost of sixty-six thousand and ninety-five dollars and five cents ($66,095.05), under the jurisdiction of the Fire Department; the cost of the proposed improvement to be paid from the corporate stock fund entitled, "C. F. D.—26A, Fire Department, Construction of a Fire House at Smith and Lorraine Streets, Brooklyn."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Clerk of the Supreme Court, First Department, requesting an issue of $20,000 special revenue bonds, to meet the salaries of eight additional Assistant Special Deputy Clerks, at $2,500 each per annum, in the Supreme Court, First Department, for the year 1912, together with a report of the Comptroller, stating that as this is a mandatory county charge, it will be paid by the Comptroller from special revenue bonds issued pursuant to subdivision 7, section 188 of the Charter, and submitting with said report a resolution modifying the 1912 schedules for the Supreme Court, First Department, to include the additional force:

(On January 11, 1912, the above request was referred to the Comptroller.)

County Clerk's Office, County of New York, New County Court House, New York, January 4, 1912.

The Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—I am directed by Presiding Justice Ingraham of the Appellate Division of the Supreme Court, to make application to your Board for an issue of "Special Revenue Bonds," to the amount of twenty thousand dollars ($20,000), to meet the salaries of eight (8) additional "Assistant Special Deputy Clerks" at two thousand five hundred dollars ($2,500) per annum each, in the Supreme Court, First Department, for the year 1912.

As these appointments were not anticipated at the time of submitting the Departmental Estimate for the year 1912, they were not included in the estimate.

These Clerks will be appointed during the month of January, 1912 (four have already been appointed), and as the charge is mandatory, I solicit your prompt action so that funds may be available for the payment of the January payroll.

Respectfully,

WM. F. SCHNEIDER, Clerk of the Supreme Court, First Department.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1912, the Justices of the Supreme Court, First Department, requested an appropriation of $20,000 to meet the salaries of eight additional Assistant Special Deputy Clerks in the Court, for the year 1912.

This matter is a mandatory County charge, and will be paid by the Comptroller, pursuant to the provisions of subdivision 7 of section 188 of the Charter.

The attached resolution, if adopted, will modify a 1912 schedule for the Court to include the additional force. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented a report of the Comptroller recommending approval of the terms and conditions of proposed contract (with the omission of clause "X") for the final disposition of garbage in the Boroughs of Manhattan, The Bronx and Brooklyn, for a period of five years, beginning September 1, 1912, and a communication from the Chairman, Committee on Streets, Woman's Municipal League of The City of New York, relative to the renewal of the contract by The City of New York with the New York Sanitary Utilization Company for the final disposition of garbage.

William H. Edwards, Esq., Commissioner of Street Cleaning, appeared and requested early action on the proposed form of contract.

Joseph M. Price, representing the City Club, appeared in favor of early action on the form of contract, but for a shorter period than five years.

The President of the Borough of Manhattan presented a resolution providing for the appointment of a committee of two members of the Board to study the matter of the final disposition of garbage, ashes and city refuse, to report to the Board its recommendations as to the future policy and plan to be followed in passing upon contracts involving the appropriation of moneys for these purposes.

The entire matter was laid over one week, February 1, 1912.

(On January 4, 1912, the request of the Commissioner of Street Cleaning, for approval of the above contract, was referred to the Comptroller.)

The Secretary presented the following communication from the President of the Borough of The Bronx, requesting, and report of the Committee on Salaries and Grades recommending, the establishment in the office of said Borough President of the following grades of positions for an unlimited number of incumbents:

Searcher, $1,500 per annum.

Engineering Inspector, $1,200 per annum.

Axeman, $720 per annum.

(On January 4, 1912, the request of the President of The Bronx for the establishment of the above grades was referred to said Committee.)

City of New York, President of the Borough of The Bronx, Third Avenue and One Hundred and Seventy-seventh Street, December 28, 1911.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—I would respectfully request that the Board of Estimate and Apportionment establish the grade of Searcher at a salary of $1,500 per annum in the Engineering Division of this Department. In support of this request, I beg to state that the records in the Topographical Bureau have accumulated to such an extent that, in order to carry on the business of the bureau, it is necessary to have them properly recorded, indexed and filed. It is also necessary to search the records at White Plains and in the Comptroller's office for deeds, conveyances, etc., in the annexed district east of the Bronx River.

I would also request that the grade of Engineering Inspector at $1,200 per annum be established in this office for an unlimited number of incumbents.

Under the present system it is necessary on all work to detail an engineering corps as well as an inspector, to construct and inspect the work. This practice is equitable on large works, but on small works fees are so high in proportion to the actual construction cost that the final cost of the work is almost double what it should be. In order to eliminate this unnecessary expense, it has been deemed advisable to secure the services of an inspector who can perform the duties of the engineer as well as of the inspector, and thus reduce the cost.

In the schedule supporting the appropriation for the Engineering Division, the grade of Axeman at $720 per annum was established for three incumbents. I would request that the number of incumbents for this grade be made unlimited, for the reason that the number, as established, will not permit the proposed increase in force under that title. Yours truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 28, 1911, the President of the Borough of The Bronx requested the establishment, in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Searcher, at $1,500 per annum; Engineering Inspector, at $1,200, and Axeman, at $720, for an unlimited number of incumbents. In connection therewith we report as follows:

It is proposed by the President to employ a Searcher in the Engineering Division to make a systematic record system of the records in the Topographical Bureau. In addition, a search is to be made of the records in the office of the County Clerk at White Plains, Westchester County, for documents and other records that affect the annexed district east of the Bronx River.

In reference to the proposed grade of Engineering Inspector the President states the following:

Under the present system, it is necessary on all work to detail an engineering corps, as well as an Inspector, to construct and inspect the work. This practice is equitable on large works, but on small works fees are so high in proportion to the actual construction cost that the final cost of the work is almost double what it should be. In order to eliminate this unnecessary expense, it has been deemed advisable to secure the services of an Inspector who can perform the duties of the Engineer as well as of the Inspector, and thus reduce the cost.

The grade of Axeman, at $720, is established for three incumbents. It is proposed by the President that the number of incumbents be made unlimited for the reason that $720 is the minimum rate for Axeman in the Department, and it is desirable to employ new appointees at the lowest rate possible.

We recommend the approval of the request by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of The Bronx of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Searcher	$1,500 00	Unlimited
Engineering Inspector	1,200 00	Unlimited
Axeman	720 00	Unlimited

The Secretary presented the following communications from the Commissioner of Jurors, New York County and report of the Committee on Salaries and Grades recommending the retirement, pursuant to chapter 669 of the Laws of 1911, of Andrew Doyle, Liable Register Clerk in the office of the Commissioner of Jurors, New York County, on an annuity of $750:

(On November 23, 1911, the communication of the Commissioner of Jurors recommending the retirement of Mr. Doyle, was referred to the above Committee.)

Office of Commissioner of Jurors, County of New York, Stewart Building, Room 127, New York, November 17, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor:*

Sir—I herewith transmit to you the application of Andrew Doyle of 121 Varick street, Borough of Manhattan, City of New York, Liable Register Clerk in this office, for retirement pursuant to chapter 669 of the Laws of 1911, together with my request and recommendation to the Board of Estimate and Apportionment that his application be granted with a pension. I also transmit the certificate of the Chief Clerk of the Police Department and the certificate of his doctor.

I understand that the rules of the Board require that such applications shall be presented to the Board by some member thereof, and this is my reason for sending them to you. I hope you will present the same to the Board and urge it to grant the petition.

Mr. Doyle has been in the service of this City and County since June 15, 1880, a period of thirty-one years and over, with the exception of about fourteen months and twenty-four days, having been actually in service for over thirty years, over twenty-eight years and five months of which service has been in this office. I have been Commissioner of Jurors in this County very nearly ten years, and he was here when I entered upon my duties and has so remained ever since. He has been a faithful, competent and deserving clerk and with the exception of the last year, when his sickness interfered, he has always been diligent in the performance of his duties. In my opinion he is deserving of a retirement with a pension under the Act mentioned and sorely in need thereof. Very respectfully,

THOMAS ALLISON, Commissioner of Jurors, New York County.

Office of Commissioner of Jurors, County of New York, Stewart Building, Room 127, New York, November 17, 1911.

To the Honorable the Board of Estimate and Apportionment, 277 Broadway, New York City.

Gentlemen—I transmit herewith the application of Mr. Andrew Doyle of 121 Varick street, Borough of Manhattan, City of New York, Liable Register Clerk in

the office of the Commissioner of Jurors of the County of New York, for retirement, pursuant to chapter 669 of the Laws of 1911.

Mr. Doyle was born in New York City on June 12, 1852, and is now therefore within a few days of fifty-nine years and six months of age, and according to the certificate of his physician herewith submitted he has suffered from what is commonly called progressive paralysis since May, 1903, and during the past year this has incapacitated him from any kind of work and he now is wholly incapacitated for work and his disease has become incurable.

I give below his record in the public service:

He was appointed a Patrolman in the Police Department of this City on June 15, 1880, and resigned from that position on February 6, 1882. On July 1, 1883, he was appointed as a Clerk in the office of the Commissioner of Jurors in this City and still is a Clerk therein. From July 1, 1883, until April 1, 1895, his salary was $1,400 per annum; from the latter date till January 1, 1899, his salary was $1,200 per annum and from the latter date until the present time his salary has been and still is $1,500 per annum.

Mr. Doyle is undoubtedly physically unable to perform his duties as Liable Register Clerk in this office, and I recommend his retirement on a pension equal to half his present annual salary of $1,500. Very respectfully,

THOMAS ALLISON, Commissioner of Jurors, New York County.

121 Varick street, New York, November 11, 1911.

Hon. THOMAS ALLISON, *Commissioner of Jurors:*

Dear Sir—On or about November 10, 1911, I have completed thirty years' service in the City Government, and as I am now physically unable to go to the office to perform the duties as Register Clerk, and according to my physician's opinion, I shall never be able to resume those duties, I request to be retired on a pension under the provisions of a recent act of the Legislature. Respectfully yours,

ANDREW DOYLE.

Dr. J. Ramsay Hunt, 20 West 50th Street, New York, November 11, 1911.

The Hon. THOMAS ALLISON, *Commissioner of Jurors:*

Dear Sir—Mr. Andrew Doyle has been under my professional care off and on since May, 1903. The disease from which he suffers has been clearly progressive, especially during the past year, and has incapacitated him for any kind of work. He is unable to walk without assistance, and the muscles of his hands and arms are so wasted that he has to be dressed and cared for in every detail of his life. This condition is incurable, in my opinion. He is suffering from "spastic paraplegia and progressive muscular atrophy." Very truly,

J. RAMSAY HUNT, Associate Professor of Nervous Diseases, College of Physicians and Surgeons, New York City.

Police Department of The City of New York, November 1, 1911.

Mr. FREDERICK O'BYRNE, *Secretary, Commissioner of Jurors,* 280 Broadway.

Dear Sir—Replying to yours of the 30th ult., I am directed by the Police Commissioner to inform you that Andrew Doyle was appointed a Patrolman June 15, 1880, and resigned February 6, 1882. Respectfully,

WM. H. KIPP, Chief Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 11, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 17, 1911, the Commissioner of Jurors, County of New York, requested the retirement on half pay of Andrew Doyle, employed as Liable Register Clerk in his office. In connection therewith, we report as follows:

The request is made in compliance with the following provision of chapter 669 of the Laws of 1911:

Section 165. Any member of the board of estimate and apportionment is hereby authorized, whenever in his judgment it shall be to the interest of the public service, to recommend to said board the retirement from active service of any officer, clerk or employee who shall have been in the employ of the city of New York * * * for a period of thirty years and upwards, and who shall have become physically or mentally incapacitated for the further performance of the duties of his position.

Section 166. The board of estimate and apportionment is hereby authorized and empowered to retire from active service any person recommended for retirement, as provided by section one hundred and sixty-five of this act.

Section 167. Any person retired from active service pursuant to sections one hundred and sixty-five and one hundred and sixty-six of this act shall be awarded and granted by the board of estimate and apportionment an annual sum or annuity to be fixed by said board not exceeding, however, one-half of the amount which his annual salary or compensation averages for the period of three years immediately prior to the time of his retirement.

Mr. Doyle was born in New York City on June 12, 1852, and is therefore in his sixtieth year, according to the certificate of his physician, herewith submitted; he has suffered from what is commonly called progressive paralysis since May, 1903; during the past year this has incapacitated him from any kind of work, and at the present time is considered incurable.

The Physician to the Department of Finance states the following:

Upon examination I find Mr. Doyle is suffering from chronic degenerative changes in the spinal cord, known as spastic and ataxic paraplegia, with an additional complication of a "progressive muscular atrophy" involving the upper extremities. He is permanently incapacitated, and, while he may live for some time, he will be bedridden for the rest of his life.

Mr. Doyle entered the employ of the City on June 15, 1880, as Patrolman in the Police Department, and resigned February 6, 1882. On July 1, 1883, he was appointed as a Clerk in the office of the Commissioner of Jurors, and is still a Clerk therein. His periods of service, therefore, exceed thirty years. From July 1, 1883, until April 1, 1895, his salary was $1,400 per annum; from the latter date till January 1, 1899, his salary was $1,200 per annum. From 1899 up to the present time his salary has been $1,500 per annum.

It is stated by the Commissioner that he has been a faithful, competent and deserving Clerk, and with the exception of the last year, when his sickness interfered, he has always been diligent in the performance of his duties.

Therefore, we recommend that the application for retirement of Andrew Doyle, employed as Liable Register Clerk in the office of Commissioner of Jurors, New York County, be approved, and that he be retired on an annuity equal to one-half of the average of his salary for the last three years, viz, $750 per annum, as per resolution attached hereto. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of sections 165, 166 and 167 of the Greater New York Charter, as amended by chapter 669 of the Laws of 1911, and the recommendation of the Comptroller and the Acting President of the Board of Aldermen, hereby retires from active service Andrew Doyle, Liable Register Clerk, in the office of the Commissioner of Jurors, County of New York, for the reason that he is physically incapacitated to further perform his duties as Liable Register Clerk in the said office, and that the interests of the public service require such retirement, and hereby awards and grants to said Andrew Doyle an annual sum or annuity of seven hundred and fifty dollars ($750), to take effect February 1, 1912; and be it further

Resolved, That the Comptroller of The City of New York be and is hereby directed to pay said annuity to said Andrew Doyle during his lifetime, in monthly installments, out of the receipts of excise money or liquor taxes belonging to The City of New York.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following report of the Committee consisting of the Comptroller, the President of The Bronx and President of Richmond, relative to the maintenance of home telephones by the City, stating that from an estimate submitted by the New York Telephone Company of the annual cost of maintaining telephones in 171 instances under the switchboard plan, it would appear that the cost would be considerably more than under the present system, and that as a matter of economy, the present plan is the better one, but that care should be taken in making the contracts, so that in each case the City receives the best possible service at a minimum cost, and in accordance with the resolution of the Board adopted on November 18, 1910, all home telephones maintained at the expense of the City should be listed in the Telephone Directory under the caption "The City of New York," and the subcaption of the Borough administration or City department in which the officer or employee is engaged, with a title descriptive of the function in City work for which he is available in emergency, etc., and that such listing should not be under the individual name of the person, and further stating that during the preparation of the 1912 Budget a list was utilized of the home telephones certified to as necessary by the various City officials as a result of this inquiry.

Which was ordered printed in the Minutes, filed, and the Secretary directed to transmit copies thereof to the departments affected.

(On March 16, 1911, the report of the Comptroller relative to the above matter was referred to a Committee consisting of the President of The Bronx and the President of Richmond.)

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 28, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 18, 1910, the Board of Estimate and Apportionment adopted a resolution requiring each President of a Borough and head of a City Department to submit to this Board at its meeting on December 9, 1910, a list of officers and employees whose work is of such character as to justify, upon the basis of "urgent public need," the maintenance of a home telephone at the expense of the City. On the same date a second resolution was adopted, providing that such telephones, when approved by the Board of Estimate and Apportionment, should be listed in the telephone directory under the caption "The City of New York," with certain descriptive information, but not the individual name of the persons.

On November 23, 1910, a communication embodying the resolutions was sent to the Borough Presidents and the heads of the City Departments and County offices. The replies made to the communication were referred to the Comptroller for examination and report. On March 16, 1911, a report was presented to your Board by the Comptroller, with lists, as certified by the heads of offices and departments, of the names of City employees in whose homes telephones should be maintained at the City's expense. The matter was referred to a Committee consisting of the Comptroller, the President of the Borough of The Bronx and the President of the Borough of Richmond. In connection therewith we report as follows:

The Comptroller's report of March 16, 1911, set forth that the various offices and departments had certified that in December, 1910, because of urgent public necessity, telephones were maintained at the expense of the City in the homes of 228 of its employees. Requests were made for two more, giving a total of 230 certified as necessary.

At a meeting of your Committee on April 6, 1911, it was decided that as these home telephones were certified as public necessities their use might be limited to the purpose of their maintenance by connecting them with the switchboard of the department in which the employee served, except that where the connection was possible during business hours only, it should be made through the switchboard of the nearest department in which telephone switchboard service was maintained the full twenty-four hours. This plan was found to be feasible in the case of 171 telephones, and at the request of the Comptroller, on behalf of your Committee, the New York Telephone Company has submitted an estimate of the annual cost. The total of the estimate is $29,160.50 per annum, which includes the cost for the maintenance and use of the instrument and line and all messages to the departmental switchboard connected therewith. Any outside messages going through the telephone company's exchange are to be charged at the schedule rate. This would add considerable extra cost to the telephones not connected directly with the department employing the holders. Under the present plan the annual cost of these 171 telephones, including all local messages, is $6,857.39, or $22,303.11 less than the estimated cost under the departmental switchboard plan. It would appear, therefore, that as a matter of economy the present plan is the better one, but care should be used in making the contracts, so that in each case the City receives the best possible service at a minimum cost. In accordance with the resolution of the Board of Estimate and Apportionment on November 18, 1910, all home telephones maintained at the expense of the City should be listed in the Telephone Directory, under the caption "The City of New York," and the subcaption of the Borough administration or City department in which the officer or employee is engaged, with a title descriptive of the function in City work for which he is available in emergency, with the geographical district in which his work lies indicated wherever possible. The same resolution provides that such listing of City maintained telephones shall not be under the individual name of the person.

The Bureau of Municipal Investigation and Statistics of the Department of Finance made an inquiry into the "urgent public necessity" of the home telephones certified to as necessary by the various City officials. A list was prepared as a result of this inquiry and utilized in the preparation of the 1912 Budget. Respectfully,

WM. A. PRENDERGAST, Comptroller; CYRUS C. MILLER, President of the Borough of The Bronx; GEORGE CROMWELL, President of the Borough of Richmond; Committee on Home Telephones.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 27, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 18, 1910, the Board of Estimate and Apportionment adopted a resolution requiring each President of a Borough and head of a City Department to submit to this Board at its meeting on December 9, 1910, a list of officers and employees whose work is of such character as to justify, upon the basis of "urgent public need," the maintenance of a home telephone at the expense of the City. The resolution provided further that such telephones, when approved by the Board of Estimate and Apportionment, should be listed in the telephone directory under the caption "City of New York," with certain specific description of their purpose.

On November 23, 1910, a letter, embodying this resolution, was sent to the executives of the City Departments and Borough and County offices. The responses to the resolution were referred to me for examination and report.

In examining the lists submitted by the various City and County officials, I discovered conditions which appeared to warrant a thorough investigation. In some cases the need for telephones maintained at public expense was questionable. In order to determine justly and correctly whether or not such telephones were used to supply an "urgent public need" it would have been necessary to go into a minute inquiry involving an examination of the Telephone Company's records of calls charged to each telephone in question.

This would have carried the examination to a broader scope than was contemplated in the resolution of November 18.

Therefore, I am not including in this report any evidence concerning the public need for any telephone, except to comment on one case and to call attention to the controversy between the Coroners in The Bronx.

Coroner Shongut and Coroner Schwannecke disagree absolutely concerning the public need for five telephones in the homes of employees in their office. Coroner Schwannecke maintains that the five telephones are necessary. Coroner Shongut declares they are not necessary and he has gone so far as to instruct the New York Telephone Company to discontinue the service.

In another case a telephone in the home of a female employee of the Department of Health was on the records as a City telephone, but it developed that this was done merely to give the employee the benefit of the 25 per cent. reduction allowed to the City. That there was no public need for this telephone was admitted, and it was stated that the employee reimbursed the City for the rental of the telephone.

I have had an examination made to ascertain which telephones in the lists submitted are classified as City telephones. In many instances it appears that telephones are listed just as if they were paid for by private subscribers. The following is a simple classification of the lists of telephones certified by heads of Departments and offices as necessary:

Offices That Do Not Allow Home Telephones.

The following Departments and offices certified that no telephones were maintained in the homes of employees at the expense of the City:

Commissioner of Accounts.

Art Commission of The City of New York.
City Chamberlain.
City Record.
College of The City of New York.
Board of Elections.

The Secretary presented the following communication from the Department of Bellevue and Allied Hospitals, requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the amended form of proposed contract with Raymond F. Almirall, for services in preparing preliminary sketches and specifications, and an estimate of cost ($1,750), for the construction of a nurses' residence for Harlem Hospital, under the jurisdiction of said Department:

Bellevue and Allied Hospitals, November 10, 1911.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the approval of the Board of Estimate and Apportionment to the proposed preliminary contracts covering the services of architects for new buildings to be erected by this Department, as follows:

McKim, Mead and White—New out-patient department, Gouverneur Hospital.
J. H. Freedlander—Extension, Harlem Hospital.
Raymond F. Almirall—Nurses' residence, Harlem Hospital.
Raymond F. Almirall—Roof wards, Fordham Hospital.

These are preliminary contracts. Enclosed, also for approval, is a copy of the proposed form of final contract with Raymond F. Almirall, covering his services as architect for the enlargement and enclosure of the balconies at Fordham Hospital.

Respectfully, JAMES K. PAULDING, Secretary Board of Trustees.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 10, 1911, the Trustees of Bellevue and Allied Hospitals requested approval of the form of preliminary contract with Raymond F. Almirall, for services as architect for a proposed Nurses' residence for Harlem Hospital, Borough of Manhattan.

The total cost of the building, including architect's fees, is estimated at $175,000, the amount of the appropriation for the purpose, approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911. There have been no expenditures from the fund, which is entitled "C. B. H.—13D, New Harlem Hospital, Construction of Nurses' Residence."

The form of contract requires the architect to furnish the City with preliminary studies and specifications and an estimate of cost. The proposed fees are $750, when the preliminary studies and specifications are submitted to the Board of Trustees, and $1,000 when the studies and specifications are finally approved. The architect also agrees to furnish his entire services, including supervision of construction, for 5 per cent. of the cost of the work.

As originally submitted this form of contract allowed the architect a first payment of $2,350 and a second payment of $1,102.98, making a total of 2 per cent. on the amount of money available for the construction of the building. At the suggestion of the Department of Finance, these payments have been reduced to conform with the usual practice of the City in similar cases.

The form of contract is similar to others which have been used by the City and have been approved by the Corporation Counsel.

I recommend that it be approved by the adoption of the attached resolution.

The following resolution was offered:

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the amended form of proposed contract with Raymond F. Almirall, for the preparation of preliminary sketches and specifications for the construction of a Nurses' Residence for Harlem Hospital, Borough of Manhattan, and the estimate of cost in the sum of one thousand seven hundred and fifty dollars ($1,750), under the jurisdiction of the Department of Bellevue and Allied Hospitals, the cost to be charged to the corporate stock fund entitled, "C. B. H.—13D, New Harlem Hospital, Construction of Nurses' Residence."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Bellevue and Allied Hospitals requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract with Raymond F. Almirall, for services as architect, in preparing

preliminary sketches and specifications, and an estimate of cost, for the construction of Roof Ward at Harlem Hospital, under the jurisdiction of said Department, provided, however, that the total compensation under said contract shall not exceed $350, etc.:

Bellevue and Allied Hospitals, November 10, 1911.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the approval of the Board of Estimate and Apportionment to the proposed preliminary contracts covering the services of architects for new buildings to be erected by this Department, as follows:

McKim, Mead and White—New out-patient department, Gouverneur Hospital.
J. H. Freedlander—Extension, Harlem Hospital.
Raymond F. Almirall—Nurses' residence, Harlem Hospital.
Raymond F. Almirall—Roof wards, Fordham Hospital.

These are preliminary contracts. Enclosed also for approval, is a copy of the proposed form of final contract with Raymond F. Almirall, covering his services as architect for the enlargement and enclosure of the balconies at Fordham Hospital.

Respectfully, JAMES K. PAULDING, Secretary, Board of Trustees.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 10, 1911, the Trustees of Bellevue and Allied Hospitals requested approval of the form of preliminary contract with Raymond F. Almirall, for services as architect for the construction of a roof ward at Fordham Hospital. An amended form was substituted on January 13, 1912.

The total cost of the work, including architect's fees, is estimated at $35,000, the amount of the appropriation for the purpose, approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911. There have been no expenditures from the fund, which is entitled "C. B. H.—12A, New Fordham Hospital, Construction of Roof Ward."

The form of contract requires the architect to furnish the City with preliminary studies and specifications and an estimate of the cost of construction. The proposed fees are $500, when the preliminary studies and specifications are submitted to the Board of Trustees, and $200 when the studies and specifications are finally approved.

The total allowance under the preliminary contract would therefore be $700, or 2 per cent. of the proposed cost of construction, including architect's fees. It is the usual practice of the City to allow a total payment of one per cent. on preliminary contracts, and to conform to this practice the first payment should be reduced from $500 to $150.

In the form submitted, the architect also agrees to furnish his entire services, including supervision of construction, for 7½ per cent. of the cost of construction. It is the usual practice of the City to allow a fee of 7½ per cent. to architects for alteration work involving an accurate survey of the building to be altered, and a calculation of the strength of old walls, beams, etc. In this case the building was recently constructed from the plans, and under the supervising of this architect, hence there are available all plans and necessary information relating to the building. The work, too, is more in the nature of an adition than an alteration. It appears, therefore, that an allowance of 6 per cent. for this work would be reasonable.

I recommend that the form of contract be approved upon condition that the first payment be reduced from $500 to $150, and that the compensation agreed upon for entire architect's services, including supervision of construction, be reduced from 7½ to 6 per cent.

The attached resolution, if adopted, will carry out the above recommendation.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract with Raymond F. Almirall, for the preparation of preliminary sketches and specifications and an estimate of cost for the construction of Roof Ward at Fordham Hospital, under the jurisdiction of the Department of Bellevue and Allied Hospitals; provided however that the total compensation under the contract shall not exceed three hundred and fifty dollars ($350), and provided that the compensation agreed upon for entire architect's services, including supervision of construction, shall not exceed six (6) per cent.; the cost to be charged to the corporate stock fund entitled, "C. B. H.—12A, New Fordham Hospital, Construction of Roof Ward."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Health requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, plans, specifications and estimates of cost (as amended) for the following work, under the jurisdiction of said Department:

A—Reinforcing and paving with stone the existing dam, and dredging and cleaning the bottom of Bear Swamp Reservoir, at the tuberculosis sanatorium, Otisville, at an estimated cost of $24,794.

B—Constructing gate house and furnishing and laying a 12-inch cast iron water pipe line from Bear Swamp Reservoir to the buildings on the ground of the tuberculosis sanatorium at Otisville, at an estimated cost of $22,706.

Department of Health, City of New York, S. W. Corner 55th street and Sixth avenue, Borough of Manhattan, Office of the Secretary, New York, December 21, 1911.

WILLIAM A. PRENDERGAST, Esq., *Comptroller, City of New York:*

Sir—At a meeting of the Board of Health of the Department of Health, held December 19, 1911, the following resolutions were adopted:

Resolved, That the final plans and specifications as prepared and submitted by Charles H. Smith, a Civil Engineer, of No. 16 East Main street, Middletown, N. Y., for reinforcing and paving with stone the existing dam and dredging and cleaning the bottom of the present Bear Swamp Reservoir at the Municipal Sanatorium at Otisville, Orange County, N. Y., be and the same are hereby approved.

Resolved, That the final plans and specifications as prepared and submitted by Charles H. Smith, a Civil Engineer, of No. 16 East Main street, Middletown, N. Y., for constructing a gate house and furnishing and laying a twelve inch (12") cast iron pipe water line to conduct water from the present Bear Swamp Reservoir to buildings on the grounds of the Municipal Sanatorium at Otisville, Orange County, New York, be and the same are hereby approved.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve of the final plans and specifications for reinforcing and paving with stone the existing dam and dredging and cleaning the bottom of the present Bear Swamp Reservoir at the Municipal Sanatorium at Otisville, Orange County, N. Y., and for constructing a gate house and furnishing and laying a twelve inch (12") cast iron pipe water line to conduct water from the present Bear Swamp Reservoir to building on the grounds of the Municipal Sanatorium at Otisville, Orange County, New York, at a total cost of $50,000, to be charged to Corporate Stock described as C. D. H.—7B.

A true copy, EUGENE W. SCHEFFER, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 17, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 21, 1911, the Board of Health requested approval of plans, specifications, form of contract and estimate of cost in the sum of $50,000 for the following work:

Proposition A—Reinforcing and paving with stone, the existing dam and dredging and cleaning the bottom of Bear Swamp Reservoir at the Tuberculosis Sanatorium, Otisville, New York.

Proposition B—Constructing a gate house and furnishing and laying a 12-inch cast-iron water pipe line to conduct water from Bear Swamp Reservoir to the buildings on the grounds of the Tuberculosis Sanatorium, Otisville, New York.

Bids for the work are to be submitted on an item basis, the estimated quantities being used for the purpose of comparison of the bids. Since the submission of the plans and specifications, the form of contract and specifications have been amended in thirty items and the plans have been amended in several particulars. The estimate of cost has been subdivided as follows:

Proposition A	$24,794 00
Proposition B	22,706 00

As amended, the plans, specifications and form of contract are satisfactory. The estimates of cost are reasonable.

The cost of the work is to be charged to the Corporate Stock Fund, "C. D. H.—7B, Department of Health, Sanatorium at Otisville, N. Y., additional water supply and water lines." The appropriation was approved by the Board of Estimate and Apportionment on July 2, 1909, and July 17, 1911, and by the Board of Aldermen on July 13, 1909, and July 31, 1909. There is an unencumbered balance of $50,785.96 in the funds.

I recommend the adoption of the attached resolution approving the amended form of contract, plans, specifications and estimates of cost. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, plans, specifications and estimates of cost, all as amended, for the following work to be performed under the supervision of the Department of Health.

Proposition A—For reinforcing and paving with stone the existing dam, and dredging and cleaning the bottom of Bear Swamp Reservoir, at the Tuberculosis Sanatorium, Otisville, New York; estimated cost, twenty-four thousand seven hundred and ninety-four dollars ($24,794).

Proposition B—For constructing a gate house and furnishing and laying a twelve-inch cast iron water pipe line to conduct water from Bear Swamp Reservoir to the buildings on the grounds of the Tuberculosis Sanitorium, Otisville, New York; estimated cost, twenty-two thousand seven hundred and six dollars ($22,706); the cost of the work under Propositions A and B to be chargeable to the corporate stock fund entitled, "C. D. H.—7B, Department of Health, Sanatorium at Otisville, N. Y., additional water supply and water lines."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the President of the Borough of The Bronx requesting, and report of the Comptroller recommending, the modification of salary schedule 1868, supporting the appropriation made in the Budget for the year 1912, for the office of said Borough President, providing for the elimination of an Automobile Engineman, at $900, and the substitution of a Driver at the same rate:

City of New York, President of the Borough of the Bronx, Third avenue and 177th street, Office of the President, January 8, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Request is hereby made for a modification of the schedule lines supporting the appropriation made to the President of the Borough of The Bronx for the year 1912, as follows:

Sewers—Maintenance.

Code 1868.

Foreman of stable and yard	$2,100 00
Foreman	1,800 00
Foreman	1,500 00
Driver	900 00
	$6,300 00

The only change in the above from the present schedule is the substitution of "Driver" for "Automobile Engineman," as the Department is unable just now to obtain the latter named from the Civil Service Commission, the list of Auto Enginemen not being ready. Respectfully,

CYRUS C. MILLER, President, Borough of The Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 8, 1912, the President of the Borough of The Bronx requested modification of a salary schedule in his office for the year 1912. In connection therewith I report as follows: The request is in the Bureau of Sewers, Maintenance, No. 1868, Salaries, Regular Employees. It is proposed to strike out an Automobile Engineman at $900, and substitute a Driver at the same rate. The President states that the change is necessary for the reason that the Civil Service Commission has no list of eligibles ready for certification as Automobile Engineman.

The line item changes in detail are as follows:

Code No.	Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
1868	Driver	$900 00	.....	$900 00	.....
	Auto. Engineman at $900	.....	$900 00	.....	$900 00

I recommend that the request be granted by the adoption of the attached resolution. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the office of the President of the Borough of The Bronx for the year 1912, as follows:

PRESIDENT OF THE BOROUGH OF THE BRONX.

Personal Service.

Sewers, Maintenance—

1868—Salaries, Regular Force:

Foreman of Stable and Yards	$2,100 00
Foreman	1,800 00
Foreman	1,500 00
Driver	900 00
	$6,300 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Fire Department requesting, and report of the Comptroller recommending, the modification of salary schedules 881, 882, supporting the appropriation made in the Budget for the year 1912, for said Department, providing for the salary of a Chief Medical Officer at $3,600 per annum, involving the transfer of $300, to be effective as of January 1, 1912:

Headquarters, Fire Department, City of New York, 157-159 East 67th Street, Borough of Manhattan, January 9, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman of Board of Estimate and Apportionment:*

Sir—By an act of the Legislature in 1911 the position of Chief Medical Officer in this Department was created, but no specific salary for the position was fixed. The Board of Aldermen and the Board of Estimate and Apportionment fixed the salary of the position at $3,600 per annum, which became effective December 12, 1911. A modification of the 1911 budget was approved, to take effect on that date, providing only for the year 1911.

In the departmental estimate for the year 1912 provision was made for a Chief Medical Officer, but on the recommendation of the Committee on Salaries was not allowed. It will therefore be necessary to modify the 1912 budget allowance to provide for the salary for the current year. Request is therefore made for the necessary transfer as per attached schedule. Respectfully,

JOS. JOHNSON, Fire Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 9, 1912, the Fire Commissioner requested the modification of two salary schedules in his department for the year 1912, involving the transfer of $300. In connection therewith I report as follows:

Chapter 392 of the Laws of 1911, provides for the appointment of a Chief Medical Officer in the Fire Department at a salary not to exceed $6,000 per annum, the appointee to be taken from the Medical Officers of the department, whose annual salary is at the rate of $3,300.

The grade of position of Chief Medical Officer at $3,600 per annum was established on December 12, 1911, pursuant to the provisions of section 56 of the Greater New York Charter. From December 12, to December 31, 1911, the incumbent in the position was paid at the rate of $3,600, the necessary funds having been provided through transfer. The position is not provided for in the Budget of 1912. It is proposed to eliminate one of the eleven positions of Medical Officer at $3,300 in No. 881, Bureau of Chief of Department, and substitute a Chief Medical Officer at $3,600. The additional $300 necessary is to be provided by a transfer of $300 from No. 882, Engine and Hook and Ladder Companies, Salaries, Fireman, all grades.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
881	Medical Officer, 11 at $3,300..	.....	$3,300 00	.....	$3,300 00
	Chief Medical Officer	$3,600 00	.....	$3,600 00	.....
882	Fireman, all grades, including mandatory increases	.....	300 00	.....	300 00
		$3,600 00	$3,600 00	$3,600 00	$3,600 00

I recommend the adoption of the attached resolutions approving the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the Fire Department, for the year 1912, to be effective as of January 1, 1912, as follows:

The Secretary presented the following communication from the Commissioner of Public Works, Borough of The Bronx requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, plans and specifications for the construction of the transverse road at Bedford Park Boulevard, in connection with the Grand Boulevard and Concourse, Borough of The Bronx, at an estimated cost of $116,700, under the jurisdiction of the President of the Borough of The Bronx:

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the Commissioner of Public Works, December 23, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller,* No. 280 Broadway, New York City.

Dear Sir—I forward herewith, for the approval of the Board of Estimate and Apportionment, one copy each of the plans and specifications for constructing the Transverse road at Bedford Park Boulevard, in connection with the Grand Boulevard and Concourse; also detailed estimate of cost. Respectfully,

THOMAS W. WHITTLE, Commissioner of Public Works.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 16, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 23, 1911, the Commissioner of Public Works for the President of the Borough of The Bronx transmitted for approval form of contract, plans and specifications for the construction of the Transverse road at Bedford Park boulevard, in connection with the Grand Boulevard and Concourse, at an estimated cost of $116,700.

The proposed improvement is to be paid out of an unencumbered balance of $150,178.70 in the corporate stock fund entitled, "C. P. X.—29A, Grand Boulevard and Concourse, Construction of Transverse Roads at Bedford Park Boulevard, 170th and 174th Streets." The fund was approved by the Board of Estimate and Apportionment on June 3, 1910; and amended on April 13, 1911.

The estimated cost includes engineering and inspection, and is reasonable. The form of contract is correct and the specifications are satisfactory.

I recommend the adoption of the attached resolution granting the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, plans and specifications for the construction of the Transverse road at Bedford Park boulevard, in connection with the Grand Boulevard and Concourse, Borough of The Bronx, at an estimated cost of one hundred and sixteen thousand seven hundred dollars ($116,700), under the jurisdiction of the President of the Borough of The Bronx, the cost of the improvement to be charged against the corporate stock fund entitled, "C. P. X.—29A, Grand Boulevard and Concourse, Construction of Transverse Roads at Bedford Park Boulevard, 170th and 174th Streets."

Which was adopted by the following vote:

The Secretary presented the following communication from the Department of Bridges requesting, and report of the Comptroller recommending, approval of the schedule, as revised, for Wages of Temporary Employees, for said Department, Bridge Revenue Force, for the year 1912, to be effective as of January 1, 1912, providing for the services of departmental laborers when employed on Emergency Snow Removal:

Department of Bridges, City of New York, 13-21 Park Row, Manhattan, N. Y., January 16, 1912.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, The City of New York,* 280 Broadway, New York City:

Sir—I have to request a modification of the schedule of the Williamsburgh Bridge division of the Department of Bridges for the year 1912, which schedule was adopted by the Board of Estimate and Apportionment on December 23, 1911, effective as of January 1, 1912, as follows:

From "Emergency Snow Removal, Wages, Temporary Employees, Bridge Revenue Force"—drop line item reading Laborer, at $2 per day (2,100 days), $4,200;—add line items to read Laborer, at $2 per day (1,800 days), $3,600; Laborer, at $2.50 per day (174 days), $435; Laborer, at $3 per day (55 days), $165, $4,200.

This request is made to provide for overtime on Snow Removal by Departmental employees, whose services are necessary on this work. Respectfully,

ARTHUR J. O'KEEFFE, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 22, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 16, 1912, the Commissioner of Bridges requested modification of a schedule for wages of temprory employees in his Department for 1912. In connection therewith I report as follows:

The request is in the schedule for Personal Service, Williamsburg Bridge, Emergency Snow Removal, Wages, Temporary Employees, Bridge Revenue Force. It is proposed to decrease the allowance for Laborers at $2 from 2,100 to 1,800 days, and add an allowance of 174 days for Laborers, at $2.50, and of 55 days for Laborers at $3 per day.

It is stated that this modification is necessary to provide for the services of departmental Laborers when employed on emergency snow removal, which provision, through an oversight, was not included in the departmental estimate for 1912.

The line item changes, in detail, are as follows:

Line Item.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
Laborer, at $2 per day (2,100 days).	$600 00	.....	$600 00	.....
Laborer (Departmental), at $2.50 per day	.....	$435 00	.....	$435 00
Laborer (Departmental), at $3 per day	.....	165 00	.....	165 00
	$600 00	$600 00	$600 00	$600 00

Departmental Laborers are assigned as Temporary Foremen over the gangs of non-departmental Laborers hired for emergency snow removal, and a provision for their employment, at such times, is included in the 1912 Budget schedules for the other bridges in the Department.

I recommend, therefore, the adoption of the attached resolution granting the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for employees of the Department of Bridges paid from other than budgetary accounts for the year 1912, to be effective as of January 1, 1912, as follows:

DEPARTMENT OF BRIDGES.

Personal Service, Williamsburg Bridge, Emergency Snow Removal.

Wages, Temporary Employees, Bridge Revenue Force—		
	Laborer, at $2 per day (1,800 days)	$3,600 00
	Laborer (Departmental), at $2.50 per day (174 days)	435 00
	Laborer (Departmental), at $3 per day (55 days)	165 00
	Schedule Total	$4,200 00
	Bridge Revenue Allowance	4,200 00

Which was adopted by the following vote:

The Secretary presented the following communication from the Department of Docks and Ferries requesting, and report of the Comptroller recommending, the modification of Salary Schedules 126, 128 and 130, supporting the appropriation made in the Budget for the year 1912, for said Department, providing for a change in the title of Stenographer and Typewriter to that of Clerk:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, December 28, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman of Board of Estimate and Apportionment:*

Sir—I desire to promote Edward D. J. McMenamin, Howard B. Smith and George M. Avent from the position of Stenographer and Typewriter to the position of Clerk, to take effect January 1, 1912; salary in each case to remain at the same rate as is now paid, viz: $1,500 per annum. These promotions, it will be noted, amount simply to a change in title. The three men have passed civil service examination for promotion from the position of Stenographer and Typewriter to that of Clerk.

In order to effect these changes it will be necessary to modify the salary schedules in this Department's 1912 Budget.

In the salary schedule for General Administration—Executive, provision is made for 3 Stenographers and Typewriters at $1,500 per annum. I request that this be

modified to provide for 1 Clerk at $1,500 per annum and for 2 Stenographers and Typewriters at $1,500 per annum, to take effect January 1, 1912.

In the salary schedule for General Maintenance—Engineering, provision is made for 3 Stenographers and Typewriters at $1,500 per annum. I request that this be modified to provide for 2 Clerks at $1,500 per annum and for 1 Stenographer and Typewriter at $1,500 per annum, to take effect January 1, 1912.

Your respectfully, CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 22, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 28, 1911, the Commissioner of Docks requested modification of two salary schedules in the Department of Docks and Ferries for the year 1912. On January 11, 1912, a substitute request was made including three salary schedules. In connection therewith I report as follows:

The request is in General Administration, Executive, No. 126, Salaries, Regular Employees; Purchase and Storage of Supplies, No. 128; Salaries, Regular Employees, Tax Levy and Corporate Stock Force; and General Maintenance, Engineering, No. 130, Salaries, Regular Employees, Tax Levy and Corporate Stock Force. In each account it is proposed to change the title of a Stenographer and Typewriter at $1,500 per annum to Clerk at the same rate, to conform to the present payroll conditions.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
126	Stenographer and Typewriter, 3 at $1,500	$1,500 00	.....	$1,500 00	.....
	Clerk at $1,500	.....	$1,500 00	.....	$1,500 00
128	Stenographer and Typewriter, 1 at $1,500	1,500 00	.....	1,500 00	.....
	Clerk, 1 at $1,500	.....	1,500 00	.....	1,500 00
130	Stenographer and Typewriter, 3 at $1,500	1,500 00	.....	1,500 00	.....
	Clerk, 1 at $1,500	.....	1,500 00	.....	1,500 00
		$4,500 00	$4,500 00	$4.500 00	$4,500 00

No increase in compensation is involved.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment*, 277 Broadway:

Sir—At a meeting of the Board of Health of the Department of Health, held November 21, 1911, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve of the following further changes and modifications in the schedules supporting the appropriations made to the Department of Health for salaries for the year 1911:

Supporting Schedule to No. 364, Administration, Division of Food Inspection, Salaries—Change item "Inspectors of Foods, 25 at $1,200, $30,000," to read, "Inspectors of Foods, 26 at $1,200, $31,200." Strike out item "Sanitary Inspector, $1,200."

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 12, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to a request of the Board of Health on December 19, 1911, for modification of 16 schedules of salaries in the Department of Health for the year 1912, involving the transfer of $110,654, I report as follows:

It is proposed to transfer a Medical Inspector, at $2,550 per annum, from No. 319, Hospital Clinics for Contagious Eye Diseases, to No. 291, Office of the Commissioner, for special investigations under the direction of the Commissioner. The services of the Inspector are to be still available for special operations at the eye clinics.

The entire regular force in No. 296, Division of the Chief Clerk, is proposed for transfer to No. 292, office of the Secretary. Similar request was made in the departmental estimate for 1912, but no action thereon was taken by this Board. The plan is to include in the Office of the Secretary all the force under his jurisdiction, as provided in section 1182 of the Greater New York Charter, as follows:

> The Department of Health shall have a Secretary, who shall, subject to the direction of the Board of Health, keep and authenticate the acts, records, papers and proceedings of the Department of Health, preserve its books and papers, conduct its correspondence and aid generally in accomplishing the purposes of this chapter.

An office of information has been in operation for several months, under the Secretary, with employees detailed from other divisions. In order to provide permanently for the staff in this office, transfer is requested to No. 292 of one Clerk, at $1,200 per annum, from No. 293, Office of the Sanitary Superintendent; one at $900 from No. 295, Records; one at $300 from No. 305, Communicable Diseases, and one at $600, one at $540 and one Typewriting Copyist at $600 per annum from No. 310, Milk Inspection, City and country.

In No. 301, Infants' Milk Stations, a Medical Inspector at $1,500 per annum is to be substituted for a Director of Milk Stations at the same rate. The Medical Inspector is to have charge of the milk stations.

The transfer is asked for of a Disinfector, at $1,050 per annum, from No. 303, Contagious Diseases, to No. 316, Hospitals, Willard Parker and Reception. A Driver, at $720 per annum, and a Laborer, at $600, are to be transferred from No. 316 to No. 303.

In No. 305 a Medical Inspector, at $1,500 per annum, is to be substituted for a Radiographer at the same rate. In a reorganization of the Division of Communicable Diseases it is proposed to drop two Clerks, at $900 per annum each, and five, at $300 each. Eight Laboratory Assistants, at $600 each, and one Hospital Clerk, at $900 per annum, are to be provided for by the striking out of one Clerk, at $750 per annum; eight Laborers, at $600 each, and four Laborers, at $480 each. The positions to be stricken out were allowed in the Budget for 1912. New positions requested for the account are two Bacteriological Diagnosticians, at $1,200 per annum each, and two Hospital Physicians, at $1,200 each. A Hospital Clerk, at $1,200 per annum, is to be transferred to No. 316. The changes leave an unassigned balance of $270 in No. 305.

A position of Domestic, at $360 per annum, is to be substituted for a Domestic, at $480, in No. 306, Communicable Diseases, and the difference of $120 added to a Helper now receiving $600 per annum.

In No. 309, Food Inspection, a Sanitary Inspector, at $1,200 per annum, is to be replaced by an Inspector of Foods at the same salary. An Inspector of Foods, at $3,000 per annum, is to be dropped, and the funds used to provide for a Clerk at $1,500, two at $600 each, and one at $300 per annum; a clerical force needed in this Division.

A Helper at $720 is to be substituted for a Carpenter at the same rate, in No. 313, Laboratories, Research and Vaccine. The line items for Helpers are to be readjusted to conform to the present payroll.

To correct a typographical error it is proposed to change the budget title of Clerk to Hospital Clerk, in the $600, $480, $420 and $300 grades, in No. 329, Tuberculosis Sanatorium, Otisville.

In No. 330, Tuberculosis Sanatorium, Otisville, the line items for Nurses, Domestics and Helpers are to be changed to conform to the payroll of December, 1911.

The following table shows the line item changes in detail:

D—Construction of sewer mains, Kings County Hospital..... 6,000 00

Department of Public Charities of The City of New York, foot of East 26th Street, December 23, 1911.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—In accordance with the resolution adopted by the Board of Estimate and Apportionment directing that all City Departments authorized by the Board of Estimate and Apportionment to incur obligations and execute contracts payable out of corporate stock submit to the Board for its approval, plans, specifications and estimates of cost, prior to advertising for bids upon public works payable out of corporate stock, I beg to submit for your approval plans and specifications for the following:

Buildings.	Chargeable D. P. C. Building Fund.	Estimate of Cost.
1—Erection and equipment of addition to heating and power plant, Kings County Hospital.....	C-CH-39F	$45,000 00
2—For the purchase and installation of electric feeders for power and light, Kings County Hospital.....	C-CH-39G	15,000 00
3—Extension to main heating tunnel, Kings County Hospital.	C-CH-39H	17,000 00
4—Construction of sewer mains, Kings County Hospital..	C-CH-39J	6,000 00

Plans and specifications for this work are sent only to Mr. Joseph Haag, Secretary. Respectfully yours, M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 22, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 23, 1911, the Commissioner of Public Charities requested the approval of plans, specifications, form of contract and estimates of cost (including Architect's fees) for work as follows:

(a) Erection and equipment of addition to heating and power plant, Kings County Hospital $45,000 00
(b) For the purchase and installation of electric feeders for power and light, Kings County Hospital..... 15,000 00
(c) Extension to main heating tunnel, Kings County Hospital..... 17,000 00
(d) Construction of sewer mains, Kings County Hospital..... 6,000 00

The specifications have been amended in several details and are now satisfactory. The form of contract and plans are complete and satisfactory. The estimates of cost are reasonable.

The cost of Item A is to be charged against the corporate stock fund of $45,000 entitled "C. C. H.—39F, Erection and Equipment of Addition to Heating and Power Plant, Kings County Hospital."

The cost of Item B is to be charged against the corporate stock fund of $15,000 entitled "C. C. H.—39G, For the Purchase and Installation of Electric Feeders for Power and Light, Kings County Hospital."

The cost of Item C is to be charged against the corporate stock fund of $6,000 entitled "C. C. H.—39H, Extension to Main Heating Tunnel, Kings County Hospital."

The cost of Item D is to be charged against the corporate stock fund entitled "C. C. H.—39J, Construction of Sewer Mains, Kings County Hospital."

The authorizations were approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911. There have been no expenditures from the funds.

I recommend the adoption of the attached resolution approving the request with the amendments noted above. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the specifications (as amended) plans, form of contract and estimates of cost (including architect's fees) for work, under the jurisdiction of the Department of Public Charities, as follows:

A. Erection and equipment of addition to heating and power plant, Kings County Hospital, at an estimate of cost in the sum of forty-five thousand dollars ($45,000); the cost of the work to be charged against the corporate stock fund entitled "C. C. H.—39F, Erection and equipment of addition to heating and power plant, Kings County Hospital."

B. For the purchase and installation of electric feeders for power and light, Kings County Hospital, at an estimate of cost in the sum of fifteen thousand dollars ($15,000); the cost of the work to be charged against the corporate stock fund entitled, "C. C. H.—39G, For the Purchase and Installation of Electric Feeders for Power and Light, Kings County Hospital."

C. Extension to main heating tunnel, Kings County Hospital, at an estimate of cost in the sum of seventeen thousand dollars ($17,000); the cost of the work to be charged against the corporate stock fund entitled. "C. C. H.—39H, Extension to Main Heating Tunnel Kings County Hospital."

D. Construction of sewer mains, Kings County Hospital, at an estimate of cost in the sum of six thousand dollars ($6,000); the cost of the work to be charged against the corporate stock fund entitled, "C. C. H.—39J, Construction of Sewer Mains, Kings County Hospital."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, plans, specifications and estimate of cost ($750,000), for furnishing, delivering and laying high-pressure fire service mains and appurtenances in various streets south of Chambers street, Borough of Manhattan, under the jurisdiction of said Department:

January 4, 1912.

Hon. WM. A. PRENDERGAST, *Comptroller:*

Dear Sir—I transmit herewith, for report by you to the Board of Estimate and Apportionment in accordance with resolutions adopted by said Board on July 17 and August 31, 1911, forms of contract, etc., for the following, viz.:

(1) Furnishing, delivering and laying water mains in 1st, 5th and Park avenues; in East 23d, East 24th, East 25th, East 29th, East 84th, East 93d and Exterior streets, Borough of Manhattan; estimated cost, $112,000.

(2) Furnishing, delivering and laying high pressure fire service mains and appurtenances in Ann, Barclay, Beaver, Beekman, Bridge, Broad, Cedar, Centre, Chambers, Cortlandt, Dey, Edgar, Frankfort, Front, Fulton, Greenwich, Hanover, John, Liberty, Mail, Moore, Morris, Murray, Nassau, New, Pearl, Pine, Rector, South, South William, State, Stone, Thames, Vesey, Wall, Warren, Washington, Water, West, Whitehall and William streets, and in Battery place, Broadway, Coenties alley, Coenties slip, Exchange place, Maiden lane, Mill lane, Old slip, Park place, Park row, Trinity place, Tryon row and West Broadway; estimated cost, $750,000.

As the present rising market of cast iron pipe will materially affect the cost of these contracts, I would respectfully request that they be returned at the earliest possible date, in order that bids may be advertised for. Yours truly,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 22, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1911, the Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans, specifications and estimate of cost in the sum of $750,000, for furnishing, delivering and laying high-pressure fire service mains in Ann, Barclay, Beaver and other streets, alleys, slips and places, etc., south of Chambers street, in the Borough of Manhattan.

The cost is to be paid from a corporate stock fund of $800,000, from which there have been no expenditures, approved by the Board of Estimate and Apportionment on July 1, 1910, and by the Board of Aldermen on July 19, 1910, and entitled: C. D. W.—13C, Water Fund, Borough of Manhattan, Laying High-pressure Mains.

The form of contract, plans and specifications are satisfactory. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, plans, specifications and estimate of cost in the sum of seven hundred and fifty thousand dollars ($750,000), for furnishing, delivering and laying high pressure fire service mains and appurtenances in Ann, Barclay, Beaver, Beekman, Bridge, Broad, Cedar, Centre, Chambers, Cortlandt, Dey, Edgar, Frankfort, Front, Fulton, Greenwich, Hanover, John, Liberty, Mail, Moore, Morris, Murray, Nassau, New, Pearl, Pine, Rector, South, South William, State, Stone, Thames, Vesey, Wall, Warren, Washington, Water, West, Whitehall and William streets, and in Battery place, Broadway, Coenties alley, Coenties slip, Exchange alley, Exchange place, Hanover square, Liberty place, Maiden lane, Mill lane, Old Slip, Park place, Park row, Trinity place, Tryon row and West Broadway, under the jurisdiction of the Department of Water Supply, Gas and Electricity, the cost to be paid from a corporate stock fund entitled, "C. Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Board of Education requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contracts, specifications, plans and estimates of cost, for work on new Public School 61, Manhattan, as follows:

A—Installing heating and ventilating apparatus..... $45,400 00
B—Installing temperature regulation..... 4,000 00

Board of Education of The City of New York, office of the Secretary, Park avenue and 59th street, January 10, 1912.

Hon. W. A. PRENDERGAST, *Comptroller:*

Dear Sir—I beg to advise you of the receipt of a communication from Mr. C. B. J. Snyder, Superintendent of School Buildings, under date of January 9, 1912, reading as follows:

"I am forwarding herewith plans, specifications and form of contract for Item 1, Installing Heating and Ventilating Apparatus, and Item 2, Installing Temperature Regulation, in new Public School 61, Borough of Manhattan, for transmission to the Comptroller, to be presented to the Board of Estimate and Apportionment, in compliance with the resolution adopted by that Board on January 5, 1911.

"Approximate cost, Item 1..... $45,000 00
"Approximate cost, Item 2..... 4,000 00"

The plans, specifications and form of contract referred to in the above-quoted letter are transmitted herewith. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 10, 1912, the Board of Education requested approval of the form of contract, specifications, plans and estimates of cost, for work at New Public School 61, Borough of Manhattan, as follows:

Item 1. Installing heating and ventilating apparatus; estimated cost, $45,400.

Item 2. Installing temperature regulation; estimated cost, $4,000.

The plans, specifications and form of contract are in the usual form, and are satisfactory.

The cost of the work is to be charged to the corporate stock fund of $60,750 entitled "C. D. E.—65G, School Building Fund, Interior Construction and Equipment, Manhattan, Subtitle 19." The appropriation was approved by the Board of Estimate and Apportionment on June 3, 1910, and by the Board of Aldermen on June 28, 1910. No expenditures have been made from this fund.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, specifications, plans and estimates of cost for work at New Public School 61, Borough of Manhattan, under the jurisdiction of the Department of Education, as follows:

Item 1, Installing Heating and Ventilating Apparatus, estimated cost, forty-five thousand four hundred dollars ($45,400).

Item 2, Installing temperature regulation, estimated cost, four thousand dollars ($4,000).

—the cost of the work to be charged to the corporate stock fund entitled, "C. D. E—65G, School Building Fund, Interior Construction and Equipment, Manhattan, Subtitle 19."

Which was adopted by the following vote:

The Secretary presented the following communication from the Department of Street Cleaning requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the forms of preliminary contracts for services of Aymar Embury, 2d, as Architect, in preparing and furnishing preliminary studies, specifications and detailed estimates of cost for the following construction work under the jurisdiction of said Department:

A—Erection of dumping board at Clinton street and East River, Manhattan, at a cost not to exceed $125.

B—Erection of a dumping board at foot of Lincoln avenue and Harlem River, Borough of The Bronx, at a cost not to exceed $64.

Department of Street Cleaning of The City of New York, 13-21 Park row, New York, January 11, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman Board of Estimate and Apportionment, 277* Broadway, New York City:

Sir—I transmit herewith to your Board for its approval, prior to advertising for bids, a preliminary form of contract, in triplicate, with an Architect, one for the construction of a dumping board at the foot of Clinton street, East River, Borough of Manhattan at an estimated cost of $12,500, to be paid for by the issue of corporate stock, pursuant to section 540 of the New York Charter, in accordance with a resolution of your Board, adopted July 17, 1911, and an ordinance of the Board of Aldermen, adopted July 25, 1911.

I submit likewise in the same way to your Board a preliminary form of contract, in triplicate, for the construction of a dumping board at the foot of Lincoln avenue and Harlem River, Borough of The Bronx, at an estimated cost of $6,400, to be paid for by the issue of corporate stock, pursuant to section 540 of the New York Charter, in accordance with a resolution of your Board, adopted July 17, 1911, and an ordinance of the Board of Aldermen, adopted July 25, 1911. Respectfully,

WM. H. EDWARDS, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 20, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 11, 1912, the Commissioner of Street Cleaning requested approval of the following forms of preliminary contracts:

(A) With Aymar Embury, 2d, as architect, for preparing and furnishing preliminary studies, specifications and detailed estimate of cost, for the erection of a proposed dumping board at Clinton street and East River, Borough of Manhattan.

(B) With Aymar Embury, 2d, as architect, for preparing and furnishing preliminary studies, specifications and detailed estimate of cost, for the erection of a proposed dumping board at the foot of Lincoln avenue and the Harlem River, Borough of The Bronx.

The cost of the proposed preliminary contract for the dumping board at the foot of Clinton street is to be paid out of the unencumbered balance of $13,000 in the corporate stock fund entitled, "C. D. S.—9, Department of Street Cleaning, Construction of dumping board at foot of Clinton street, Manhattan." The fund was approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911.

The cost of the proposed preliminary contract for the dumping board at the foot of Lincoln avenue is to be paid out of the unencumbered balance of $7,000 in the corporate stock fund entitled, "C. D. S.—8, Construction of Dumping Board at Foot of Lincoln Avenue, The Bronx." The fund was approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911,

The proposed compensation fixed in each contract is reasonable. The forms of contracts are the same as that prepared by the Corporation Counsel for all preliminary architects' contracts.

I recommend the adoption of the attached resolution approving the requests.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of preliminary contract for services of Aymar Embury, 2d, as architect, for preparing and furnishing to the City, preliminary studies, specifications and detailed estimates of cost, for the erection of a dumping board at Clinton street and East River, Borough of Manhattan, under the jurisdiction of the Department of Street Cleaning, at an amount not to exceed one hundred and twenty-three dollars ($123), the cost to be paid from the corporate stock fund entitled, "C. D. S.—9, Department of Street Cleaning, Construction of Dumping Board at Foot of Clinton Street, Manhattan."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of preliminary contract for services of Aymar Embury, 2d, as architect, for preparing and furnishing to the City preliminary studies, specifications and detailed estimates of cost, for the erection of a dumping board at the foot of Lincoln avenue and the Harlem River, Borough of The Bronx, under the jurisdiction of the Department of Street Cleaning, at an amount not to exceed sixty-four dollars ($64), the cost to be paid from the corporate stock fund entitled, "C. D. S.—8, Department of Street Cleaning, Construction of Dumping Board at Foot of Lincoln Avenue, The Bronx."

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Acting President of the Borough of Brooklyn requesting, and report of the Comptroller recommending, approval of the schedule for the Street Improvement Fund, office of the President of the Borough of Brooklyn, for the year 1912, to provide for twenty-five Inspectors for Sewer Construction, at $4 per diem, to supervise the work on sewer contracts now under way:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, January 19, 1912.

Hon. WM. A. PRENDERGAST, *Comptroller, Department of Finance, City of New York:*

Dear Sir—The Board of Estimate and Apportionment, on March 27, 1911, adopted a resolution providing for a schedule for the office of the President of the Borough of Brooklyn, for the year 1911, for Inspectors of Sewer Construction.

To pay the number of Sewer Inspectors which we have, out of the Street Improvement Fund, it will be necessary to continue this schedule. I therefore respectfully request you recommend to the Board of Estimate and Apportionment the adoption of a resolution approving schedule for this office, as follows:

"President of the Borough of Brooklyn, S. A. 5, Street Improvement Fund, Inspectors of Sewer Construction, 25 at $4 per diem."

To have our payrolls pass promptly in your Department I respectfully request you to give this matter your early consideration. Yours very truly,

L. H. POUNDS, Acting Borough President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 19, 1912, the Acting President of the Borough of Brooklyn requested approval of a schedule for S. A.—5, Street Improvement Fund, for the year 1912. In connection therewith I report as follows:

The schedule is for twenty-five Inspectors of Sewer Construction, at $4 per diem, to supervise work on sewer contracts which are now under way. The schedule is similar to one for 1911 adopted by the Board of Estimate and Apportionment on March 27, 1911.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of a schedule for wages for the office of the President of the Borough of Brooklyn for the year 1912, as follows:

PRESIDENT OF THE BOROUGH OF BROOKLYN.

Personal Service.

Sewers, Engineering, Wages, Temporary Employees, Special and Trust Fund Force—Inspectors of Sewer Construction, at $4 per day (9,000 days).....	$36,000 00
Special and Trust Fund Allowance.....	$36,000 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the President of the Borough of Brooklyn requesting, and report of the Committee on Salaries and Grades recommending, the establishment in the office of said Borough President of the position of Inspector of Plastering, at $1,200 per annum, for two incumbents:

(On January 18, 1912, the request of the President of the Borough of Brooklyn for the establishment of the above position was referred to said committee.)

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, January 13, 1912.

Honorable The Board of Estimate and Apportionment, City of New York:

Gentlemen—I respectfully request your honorable body to adopt a resolution recommending to the Board of Aldermen the establishment of a grade, in this Department, in addition to the grades already existing therein, the following:

Inspector of Plastering, at $1,200 per annum, 2 incumbents.

Section 156 of the Laws of 1911, compel the employment of an Inspector of Plastering, in our Bureau of Buildings, this Department. Through oversight this matter was left out of the Budget for 1912, and I therefore ask your honorable body to give this matter favorable and early consideration. Yours very respectfully,

ALFRED E. STEERS, President of the Borough.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 13, 1912, the President of the Borough of Brooklyn requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Inspector of Plastering, at $1,200 per annum for two incumbents. In connection therewith we report as follows:

The request is in order to meet the requirement of section 50, chapter 156, Laws of 1911, as follows:

The building department of every city of the first class shall have jurisdiction over all plastering except where it conflicts with the duties of any other department or conflicts with any law conferring on any other department supervision of any portion of plastering. For such purpose there shall be appointed in each building department in a city of the first class by the head thereof a sufficient number of inspectors to perform such work as is necessary in the enforcement of this article who, in addition to such qualifications as may be required by the civil service law, shall be competent plasterers of at least ten years' practical experience.

Through an oversight no request was made by the Borough President in the budget for 1912 for the purpose of conforming with the requirements of this law.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Brooklyn, of the position, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Inspector of Plastering.....	$1,200 00	2

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond requesting, and report of the Committee on Salaries and Grades recommending, the establishment in said Department, of the grade of position of Horseshoer, at $4.50 per diem, for two incumbents:

(On January 11, 1912, the request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, for the establishment of the above grade, was referred to said committee.)

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, January 4, 1912.

To the Honorable the Board of Estimate and Apportionment, The City of New York:

Gentlemen—I respectfully request the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Horseshoer, at the rate of $4.50 per day, for two incumbents, in the Department of Parks, Manhattan and Richmond.

The grade for two incumbents is necessary to enable me to comply with the rules of the Municipal Civil Service Commission, and entails no additional cost to the City. The incumbents are now rendering services as Blacksmiths, and I desire to have their titles changed to Horseshoer, so that no question can be raised regarding the nature of services they render.

In previous years Blacksmiths were allowed to shoe horses, but under a new ruling, one shoeing horses must be classified as a Horseshoer.

I therefore request the establishment of the grade so that I can request a modification of the schedule to comply with the requirements of the Civil Service Commission, and the card index system of the Department of Finance. Yours respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Horseshoer, at $4.50 per diem, for two incumbents. In connection therewith we report as follows:

The grade is requested to enable the Commissioner to comply with the rules of the Municipal Civil Service Commission. There are two incumbents employed under the title of Blacksmiths at the $4.50 rate, and the Commission has ruled that Horseshoer is their proper title. The request involves no additional appropriation.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Parks, Boroughs of

Manhattan and Richmond, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Diem.	Number of Incumbents.
Horseshoer	$4 50	2

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary presented the following resolution from the Board of Education requesting the establishment of the grades of positions of Inspector of Heating and Ventilating, at $2,355 per annum, for one incumbent, Mechanical Draftsman, at $1,570, for one incumbent, Junior Draftsman, at $1,046.67, for four incumbents, and Draftsman's Helper, at $1,046.67, for one incumbent, together with a report of the Committee on Salaries and Grades recommending that said request be disapproved, as this request is for the purpose of increasing salaries and there are no funds available, except by decreasing the present staff of Inspectors and Draftsmen in the Bureau of Buildings, which does not appear advisable:

(On January 4, 1912, the above request was referred to said Committee.)

Resolved, That the Board of Estimate and Apportionment be, and it is hereby, requested to recommend to the Board of Aldermen the establishment of the following positions in the Department of Education, in addition to the grades of positions already established:

Mechanical Draftsman, at $1,570 per annum, for one incumbent.
Junior Draftsman, at $1,046.67 per annum, for four incumbents.
Draftsman's Helper, at $1,046.67 per annum, for one incumbent.

A true copy of resolution adopted by the Board of Education on January 10, 1912. A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 27, 1911, and January 10, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Charter, of grades of positions, as follows

	Rate per Annum.	Number of Incumbents.
Inspector of Heating and Ventilating	$2,355 00	1
Mechanical Draftsman	1,570 00	1
Junior Draftsman	1,046 67	4
Draftsman's Helper	1,046 67	1

The grades are requested for the purpose of increasing salaries. There are no funds available for this purpose, and it is stated that the proposed increases could only be effected by decreasing the present staff of Inspectors and Draftsmen employed in the Bureau of Buildings. The Superintendent of the Bureau at various times has complained that his staff is inadequate, and a decrease in force, therefore, does not appear advisable.

In view of the foregoing, we recommend that the requests be not approved.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the requests of the Board of Education, as contained in resolutions adopted December 27, 1911, and January 10, 1912, for the establishment of the grades of positions in the Department of Education as follows:

Position.	Rate per Annum.	Number of Incumbents.
Inspector of Heating and Ventilating	$2,355 00	1
Mechanical Draftsman	1,570 00	1
Junior Draftsman	1,046 67	4
Draftsman's Helper	1,046 67	1

—be and the same are hereby *disapproved.*

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and the Acting President of the Borough of Richmond—13.

The Secretary was directed to transmit a copy of the report of the Committee on Salaries and Grades to the Board of Education.

The Secretary presented a report of the Corporate Stock Budget Committee, referring to the resolution of the Board of Aldermen, requesting that corporate stock be authorized for the purpose of providing means for improving the lighting system in the South Bronx portion of the Borough of The Bronx, and stating that corporate stock cannot be authorized for the purpose of paying operating expenses of the City, and as the cost of street lighting in the several boroughs is provided for by appropriations in the Annual Budget under the title of Street and Park Lighting, the proper procedure, if the appropriation for said purpose is insufficient, is for the Commissioner of the Department of Water Supply, Gas and Electricity to apply to the Board of Aldermen for an issue of special revenue bonds, pursuant to subdivision 8, section 188 of the Charter, to meet said deficiency. It is recommended, therefore, that the resolution of the Board of Aldermen be returned, together with a copy of this report, and that a copy of the report be transmitted to the Commissioner of the Department of Water Supply, Gas and Electricity.

Which was ordered filed and the Secretary directed to transmit copies thereof to the Board of Aldermen and to the Department of Water Supply, Gas and Electricity.

(On January 4, 1912, the above resolution was referred to said Committee.)

The Secretary presented a communication from the Register of Kings County, requesting the establishment of the following grades of positions:

Chief Custodian, at $1,200 per annum.
Supervisor of Copyists, $1,200 per annum,

—also requesting the modification of the Budget schedule lines for 1912 to include said positions.

The request for the establishment of positions was referred to the Committee on Salaries and Grades, consisting of the Comptroller and the President of the Board of Aldermen.

The request for the modification of the salary schedule was referred to the Comptroller.

On motion of the Comptroller, the Board adjourned to meet Thursday, February 1, 1912, at 10.30 o'clock a. m. JOSEPH HAAG, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission of The City of New York, 299 Broadway, 11th floor, New York, December 30, 1911.

Hon. WILLIAM J. GAYNOR, Mayor:

Sir—We have the honor to submit herewith the annual report of the Municipal Civil Service Commission of New York for the year 1911.

The Commission notes with regret the death of Mr. James D. Dunlap, who had served the City for fifteen years, and of Mr. Joseph J. Skelding, whose service covered a period of nine years. The Commission also has had the misfortune to lose through death the services of Mr. Francis Collingwood, who for sixteen years had served with ability as an Engineering Examiner.

During the year just closed 21,991 applications were filed for competitive examination. The number would no doubt have been much greater but for the fact that during the first three months of 1911 the Commission was without sufficient funds for examination purposes, and only such examinations were ordered as were necessary for the immediate needs of the service.

The volume of the business of the Commission continues to increase steadily, and with the establishment of new boards and commissions through legislative action the Commission finds difficulty in satisfying the demands of the service and keeping within its appropriation.

During the year 36,130 persons were notified for examination.

The detail figures for the competitive class are as follows:

Examinations.	Candidates.	Total.
75 mental, competitive	12,204	
129 mental, non-competitive	413	
96 mental, promotion	1,470	
298		14,087
18 oral	647	
38 physical, competitive	3,319	
354		18,053

In the Labor Class 17,148 applications were filed during the year.

The detail figures for the Labor Class are as follows:

Number of examinations held	238
Number of candidates notified	15,151
Number of candidates examined	11,433
Number passed	10,410
Number rejected	1,023
Number who failed to appear	3,718

The number of employees of The City of New York under the jurisdiction of the Municipal Civil Service Commission is 52,929, as compared with 52,978 in 1910, divided as follows:

Unclassified	263
Exempt Class	753
Competitive Class	29,204
Non-Competitive Class	5,231
Labor Class	17,478

There were checked and certified during the year 21,618 payrolls for city employees, as compared with 18,382 during 1910. The number of individual names certified was 1,364,467.

There were also recorded on the roster of employees changes in status to the number of 2,524, as follows:

Exempt and Competitive Class.

Resignations	848
Dismissals	602
Transfers	236
Deaths	321
Retirements	442
Reinstatements	75
Appointments from competitive eligible lists	2,016
Appointments from promotion lists	712
Appointments from preferred lists (section 1543 of the Charter)	450
Exceptions from competitive examination under rule XII., 7	219
Exceptions from competitive examination under rule XII., 5	2
Exceptions from competitive examination under rule XII., 6 (requiring approval of Mayor and State Board)	77

Labor Class.

Appointments from regular eligible lists	4,480
Appointments from preferred lists (section 1543 of the Charter)	1,512
Number of suspensions for lack of work or lack of appropriation	1,527
Number of reinstatements	684
Number of transfers (departmental)	67
Changes in title	472
Resignations	763
Dismissals for cause	3,744
Deaths	3,641

By the introduction of oral and practical tests conducted at the New York Trade School, at Pratt Institute and by our own examiners, at the Fire Department and the Bridge Department Repair Shops, the several Departments have been enabled to procure the services of expert artisans and mechanics in their respective lines. These examinations cost less than $2 per capita, including the materials used, and are much cheaper than the employing of untried mechanics for even one day's probation.

In the recently established Bureau of Investigation for the investigation of character and statements of previous employment and experience of candidates, we are undertaking to do for all branches of the service what has been done in the Police Department alone by its own force. The examiners in that Department alone consisted of a Lieutenant and four Patrolmen, which cost the City for this work $7,850 per annum. We hope to man our Bureau for about $10,000 and examine for all Departments. This inquiry into character and experience, in our opinion, is of more importance to the City service than the testing of candidates as to their mental fitness. When it is realized that the City employees now number nearly 55,000 under our own jurisdiction the importance of this is manifest.

One great abuse in the civil service system of New York which was corrected this year was the practice among candidates on the eligible lists of writing out waivers of their rights in order that particular favorites, whose names were farther down on the lists, might be appointed. This was an old and widespread evil. The Commission declined to recognize the right of a candidate to waive his position on the list. It treated a waiver as a declination. The candidate, when summoned for appointment, had to accept or decline. No other course was open to him. If he declined the position and salary for which he was examined, his name, under the rules, could not be so certified again by the Commission. In one week that evil had come to an end in every department of the City government.

The results of the enforcement of the promotion system in New York are impressive. The competitive promotion examinations ordered in the last two months amount to something like thirty per cent. more than were ordered in the whole of last year. The Commission's examiners estimate that more than three hundred civil employees will have entered promotion examinations by the end of the year who would have been kept away under the now-ended "waiver" method of defeating the law.

Not only that, but the Commission has further protected the promotion system by refusing to allow any department to alter the efficiency records set down to the credit of its employees. The ratings are made when the facts are fresh in the minds of superior officers. It would make a farce of these ratings if it were possible for an administrative officer or his representatives to go back over efficiency records and alter them in order to give the advantage to their favorite in promotions. To make certain that efficiency records are kept continuously and with absolute uniformity throughout all departments of the City the Commission has decided that wherever the records are not maintained properly and subject to frequent inspection by its examiners, no promotion will be allowed in that department and vacancies will have to be filled from open competitive lists.

The promotion examination through which the position of Chief of the Fire Department of New York was filled by fair competition this year was intended to be a test of the possibilities of the competitive merit system. The safeguards which surrounded the examination were, many of them, new. The tests were intended to bring out knowledge, experience, technical training and strategy. The medical tests, also, were severe. The result of that examination was the selection of the man who is admittedly the most competent executive fireman in the country. It is acknowledged generally that this is the most important position ever filled by competitive examination in this or any other country, and the experiment, costly and exhaustive though it was, shows that practically any public office that does not involve the creation of and responsibility for administrative policies may be satisfactorily filled by intelligent and just competition.

Whatever may be said about the difficulty of ascertaining the actual efficiency of candidates through written examination for original entrance to the service, no such criticism applies to promotion examinations. Every public employee in the City has his efficiency record entered in a book by his superiors once every three months. It shows the kind and quantity of his work, his general conduct and punctuality. To this is added his length of service. The whole public service is thus on record every three months as satisfactory, more than satisfactory, and less than satisfactory. As these records have a weight of one-half of the whole weight in all promotion examinations, it will be seen that nothing could be fairer and nothing better adapted to show a public servant's real worth. Such a promotion system is intended to keep alive hope and ambition and to stimulate a spirit of self-improvement. Every candidate knows that his ability to rise in the service depends on his own merits. This is a splendid device for good government and for the recognition of ability and faithful service.

The recently established Board of Inebriety and Bureau of Fire Prevention indicate that the burdens laid upon the Commission are entirely out of proportion to its available resources.

In this great cosmopolitan and polyglot community are problems common to no other city. Many established positions which on their face seem to call only for general intelligence or special training, in future will require that the incumbents speak and read foreign languages. This adds to the problems that the Commission will be called upon to meet.

On November 21, 1911, practically the entire force of Drivers in the Department of Street Cleaning went out on strike, and, as a result, the Commission was called upon for lists of eligibles from which to fill the vacancies. The Labor Bureau was able to furnish the names of nearly ten thousand persons for emergency appointment as Drivers, and in addition, has examined and certified 3,681 persons for regular employment.

Under the authority of clause 5 of Rule XII, the requirement of competitive examination was waived in two instances: One, the appointment of Miss Leslie F. Spencer to the position of Librarian in the Bureau of Lectures of the Department of Education, at a salary of $900 per annum, and the other the appointment of Mr. John F. Mead, as Superintendent of Repairs in the Department of Water Supply, Gas and Electricity, at $3,600 per annum. These positions required exceptional qualifications, one of an educational, the other of a scientific, character. In view of the low rate of compensation offered and the exceptional qualifications demanded, the Commission determined that competition was impracticable. The candidates presented by the departments possessed the highest qualifications. Miss Spencer was graduated in 1907, with the degree of A.B., from the Woman's College of Baltimore. After graduation she taught privately until May, 1909, from which time to the date of her appointment in the Department of Education she was employed in the New York Public Library. Mr. Mead served in the Department of Water Supply, Gas and Electricity for a period of ten years, in connection with the distribution system. He then resigned to accept the position of Superintendent of the National Water Main Company, working in connection with the distribution systems of large cities throughout the country, from which position he resigned to return to the service of The City of New York.

Respectfully submitted,

JAMES CREELMAN, President; RICHARD WELLING, ALEXANDER KEOGH, Commissioners.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 265.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, January 29, 1912.

Hon. JOHN PURROY MITCHEL, President Board of Aldermen:

Dear Sir—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment December 14, 1911, recommending the establishment of the grade of position of Photographer in the Department of Education, with salary at the rate of $1,500 per annum, for one incumbent, in addition to those already existing therein.

This resolution was not acted upon by the Board of Aldermen prior to January 1, 1912, and is recertified upon request of the Secretary of the Board of Education and in accordance with the action of the Board of Estimate and Apportionment at its meeting held January 25, 1912, directing me to recertify the same.

Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Department of Education of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Photographer	$1,500 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 25, 1912. JOSEPH HAAG, Secretary.

No. 266.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, January 29, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of three resolutions adopted by the Board of Estimate and Apportionment January 25, 1912, recommending the establishment of positions and additional grades of positions, as follows:

Calendar No.	Department.	Position.	Rate per Annum.	Incumbents.
52	Office President, Borough of The Bronx	Searcher	$1,500 00	Unlimited
	Office President, Borough of The Bronx	Engineering Inspector	1,200 00	Unlimited.
	Office President, Borough of The Bronx	Axeman	720 00	2
70	Office President, Borough of Brooklyn	Inspector of Plastering	1,200 00	2
71	Department of Parks, Boroughs of Manhattan and Richmond	Horseshoer	per diem, 4 50	2

I also enclose copies of reports of the Committee on Salaries and Grades relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 15, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On December 28, 1911, the President of the Borough of The Bronx requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Searcher, at $1,500 per annum; Engineering Inspector, at $1,200, and Axeman, at $720, for an unlimited number of incumbents. In connection therewith we report as follows:

It is proposed by the President to employ a Searcher in the Engineering Division to make a systematic record system of the records in the Topographical Bureau. In

addition a search is to be made of the records in the office of the County Clerk at White Plains, Westchester County, for documents and other records that affect the annexed district east of the Bronx River.

In reference to the proposed grade of Engineering Inspector the President states the following:

"Under the present system it is necessary on all work to detail an enginering corps, as well as an Inspector, to construct and inspect the work. This practice is equitable on large works, but on small works fees are so high in proportion to the actual construction cost that the final cost of the work is almost double what it should be. In order to eliminate this unnecessary expense it has been deemed advisable to secure the services of an Inspector who can perform the duties of the Engineer as well as of the Inspector and thus reduce the cost."

The grade of Axeman, at $720, is established for three incumbents. It is proposed by the President that the number of incumbents be made unlimited, for the reason that $720 is the minimum rate for Axeman in the Department, and it is desirable to employ new appointees at the lowest rate possible.

We recommend the approval of the request by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Select Committee.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of The Bronx of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Searcher	$1,500 00	Unlimited
Engineering Inspector	1,200 00	Unlimited
Axeman	720 00	Unlimited

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 25, 1912. JOSEPH HAAG, Secretary.

No. 267.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1912, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Horseshoer, at $4.50 per diem, for two incumbents. In connection therewith we report as follows:

The grade is requested to enable the Commissioner to comply with the rules of the Municipal Civil Service Commission. There are two incumbents employed under the title of Blacksmiths at the $4.50 rate, and the Commission has ruled that Horseshoer is their proper title. The request involves no additional appropriation.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen, Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Parks, Boroughs of Manhattan and Richmond, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Diem.	Number of Incumbents.
Horseshoer	$4 50	2

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 25, 1912. JOSEPH HAAG, Secretary.

No. 268.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 23, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On January 13, 1912, the President of the Borough of Brooklyn requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Inspector of Plastering, at $1,200 per annum for two incumbents. In connection therewith we report as follows:

The request is in order to meet the requirement of section 50, chapter 156, Laws of 1911, as follows:

The building department of every city of the first class shall have jurisdiction over all plastering except where it conflicts with the duties of any other department or conflicts with any law conferring on any other department supervision of any portion of plastering. For such purpose there shall be appointed in each building department in a city of the first class by the head thereof a sufficient number of inspectors to perform such work as is necessary in the enforcement of this article who, in addition to such qualifications as may be required by the civil service law, shall be competent plasterers of at least ten years' practical experience.

Through an oversight no request was made by the Borough President in the budget for 1912 for the purpose of conforming with the requirements of this law.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; A. L. KLINE, Acting President, Board of Aldermen; Committee on Salaries and Grades.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Brooklyn, of the position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Inspector of Plastering	$1,200 00	2

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 34—(S. O. No. 11).

The Committee on Finance, to which was referred on January 9, 1912 (Minutes, page 20), a request from the President, Borough of Queens, for $2,750 Special Revenue Bonds to pay the salary of a Secretary to the President at $3,000 per annum during 1912, respectfully

REPORTS:

That, it is assured by Mr. Murphy, Chief Clerk to the Borough President, that the services of such an employee are greatly needed in this rapidly growing Borough, and that there is a grade of Secretary established in this office. As money under Special Revenue Bonds could not, in the regular order of business, be made available until March 1, the Committee has reduced the amount asked for, and recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two thousand five hundred dollars ($2,500), the proceeds whereof to be used by the President of the Borough of Queens, for the purpose of paying the salary of a Secretary from March 1, 1912, at the rate of $3,000 per annum.

No. 124—(S. O. No. 12).

The Committee on Finance to which was referred on January 16, 1912 (Minutes, page 100), a request from the Commissioner of Street Cleaning for $50,000 Special Revenue Bonds to replenish budget appropriation for hired horses and vehicles, respectfully

REPORTS:

That, Commissioner Edwards appeared before the Committee and submitted the attached statement of actual expenditures for this purpose up to and including January 24. The budget allowance was $30,000 for the three Boroughs, and this has been already exceeded by about $9,000, due, the Commissioner stated to two reasons: First, the inexperienced employees who have taken the places of the force which severed its connection with the department by the recent strike; second, the weather handicap which has materially lowered the number of loads hauled by the department. The Committee believes that funds must be supplied for this purpose, but feels that $35,000 should carry the department over this emergency, and, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Thirty-five Thousand Dollars ($35,000) the proceeds whereof to be used by the Commissioner of Street Cleaning for the purpose of meeting deficit in the budgetary account entitled, "Administration, Vehicular Transportation, Horses and Vehicles with Driver," as follows:

Manhattan	$17,500 00
Brooklyn	10,500 00
The Bronx	7,000 00
	$35,000 00

Amounts of payrolls for hired trucks on ash removal, up to and including January 24, 1912:

No. 178—(S. O. No. 13).

January 29, 1912.

Hon. FRANK W. MEYER, Chairman, Committee on Care of Buildings:

Dear Sir—Referring to the application of this Department for an additional issue of $13,000 special revenue bonds to make good a deficit in Janitors' salaries for the year 1911, I beg to advise you that the shortage arises by reason of the fact that it cost about $5,000 in addition to the amount estimated for janitorial services in evening high, elementary and trade schools, for vacation schools, vacation playgrounds, evening recreation centres, evening roof playgrounds, playgrounds for mothers and babies, baths, etc. The balance of the deficit, $8,000, is made up of amounts added to Janitors' payrolls by reason of the opening of new buildings, new additions to old buildings, the installation of items of machinery, etc.

As you know, Janitors' salaries are governed and controlled by a stated allowance for extra activities, such as evening and vacation schools, etc., and by reason of certain fixed rates per thousand feet of floor and paved surface cleaned, as well as by fixed rates for boilers, furnaces, engines, dynamos and other items of machinery.

It is impossible to maintain the special activities referred to, such as evening schools, vacation schools, etc., without paying for the extra janitorial services required: neither is it possible to open a new school building or an addition to an old building, without employing and paying a Janitor; so also the increased work placed upon Janitors by reason of the installation of new items of machinery must be paid for.

The principal item contained in the $8,000 referred to above consists of the proposed enlargement of compensation of the Janitor of the Erasmus Hall High School. I believe you are familiar with this case and it has been the subject of an extensive report by Charles G. Armstrong & Son, engineers, to Hon. John Purroy Mitchel, President of the Board of Aldermen.

The amount recommended by the Board of Education, $16,250, was reduced in resolutions of the Board of Estimate and Apportionment and the Board of Aldermen to $14,480, and the total request for revenue bonds of $13,000 may be reduced to $11,230.

There is no item in the list composing the deficit which does not arise on account of additional work thrown upon the Janitors, and, indeed, in some cases it is an entirely new building which has to be cared for. Yours truly,

Auditor of the Board of Education.

The Committee on Finance, to which was referred on January 23, 1912 (Minutes, page 147), a request from the Department of Education for $13,000 special revenue bonds for compensation of Janitors, 1911, respectfully,

REPORTS:

That Commissioner Meyer appeared before the Committee and stated that this addition to the amount of $66,000 appropriated in 1911 for the same purpose should have been included at the time of the prior application, but that in figuring ahead at that time the Auditor could not anticipate the many changes in janitorial assignments, which made additional funds necessary. The Commissioner filed the Auditor's statement, hereto attached, reducing the amount to $11,230.

The Committee recommends that the accompanying resolution be adopted:

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eleven thousand two hundred and thirty dollars ($11,230), the proceeds whereof to be used by the Department of Education for the purpose of meeting deficiency in the appropriation for compensation of Janitors for the year 1911.

HENRY H. CURRAN, C. AUGUSTUS POST, ROBERT F. DOWNING, JOHN S. GAYNOR, JOHN DIEMER, HENRY F. GRIMM, JAMES HAMILTON, FRANK L. DOWLING, FRANCIS P. KENNEY, Committee on Finance.

Which were severally laid over under the rule.

No. 128 (G. O. No. 30).

The Committee on Finance, to which was referred on January 16, 1912 (Minutes, page 103), a resolution in favor of amending issue of $450,000 corporate stock for construction of high school building, Borough of Brooklyn, respectfully

REPORTS

That this reduction, amounting to $30,000, is to be applied to equipment of new schools, a saving having been effected in the construction account.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a meeting held January 11, 1912:

Resolved, That the following resolution adopted by the Board of Estimate and Apportionment December 9, 1910:

"Resolved, That the following resolution, adopted by the Board of Estimate and Apportionment February 18, 1910:

"'Resolved, That, pursuant to the provisions of section 169 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding four hundred and fifty thousand dollars ($450,000), for the con-

struction of a high school building at Irving and Putnam avenues and Madison street, Borough of Brooklyn, and the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding four hundred and fifty thousand dollars ($450,000), the proceeds whereof to be applied to the purposes aforesaid.'"

—be and hereby is amended to read as follows:

"Resolved, That, pursuant to the provisions of section 169 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of the City of New York to an amount not exceeding four hundred and fifty thousand dollars ($450,000), for the construction of a high school building at Irving avenue, between Madison and Woodbine streets, Borough of Brooklyn, and the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding four hundred and fifty thousand dollars ($450,000), the proceeds whereof to be applied to the purpose aforesaid."

—be amended to make the amount read *four hundred and twenty thousand dollars* ($420,000).

The Committee on Finance, to which was referred on January 16, 1912 (Minutes, page 103), a resolution in favor of amending an issue of $1,439,000 corporate stock for construction of schools, respectfully

REPORTS

That the amount saved in construction is to be applied to equipment.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a meeting held January 11, 1912:

Resolved, That, subject to concurrence herewith by the Board of Aldermen, the following resolution, adopted by the Board of Estimate and Apportionment on January 26, 1911, and approved by the Board of Aldermen on February 7, 1911:

"Resolved, That, subject to concurrence herewith by the Board of Aldermen, the following resolution, adopted by the Board of Estimate and Apportionment on May 6, 1910, and approved by the Board of Aldermen on May 10, 1910:

Reports of Committee on Laws and Legislation—

No. 84—(G. O. No. 39).

The Committee on Laws and Legislation, to which was referred on January 9, 1912 (Minutes, page 82), the annexed ordinance relative to emblems of identification for City-owned automobiles respectfully

REPORTS:

That it held a public hearing on this proposed ordinance, at which no one appeared in opposition thereto. It believes this method of identification to be an excellent means of halting unauthorized use of City machines, and, therefore, recommends that the said ordinance be adopted.

AN ORDINANCE, Relative to emblems of identification for City-owned automobiles.

Be it Ordained, By the Board of Aldermen of The City of New York, as follows:

Section 1. The words "City of New York" shall be painted plainly visible on the outside of the back of the body of each automobile owned by The City of New York. The letters of said words shall be at least five inches in the least dimension, and the color shall contrast with the color of the body of the car.

Section 2. Any person or officer using an automobile owned by The City of New York not lettered as prescribed in this ordinance shall be subject to a penalty of ten dollars ($10) for each and every offense, provided, however, that automobiles used by the Department of Police in the detection and the suppression of crime shall be exempt from the provisions of this ordinance.

Section 3. This ordinance shall take effect March 1, 1912.

Reports of Committee on Public Letting—

No. 31—(S. O. No. 14).

The Committee on Public Letting, to which was referred on January 9, 1912 (Minutes, page 17), a request from the Trustees of Normal College for authority to purchase books, scientific apparatus and general supplies, during 1912, to an amount not exceeding $15,000, without public letting, respectfully

REPORTS:

That this permission is an annual one, it being understood that, so far as possible, all supplies, books, etc., purchased under this authorization are taken from the list framed by the Board of Education after competitive bidding, so that the expense of separate advertising is saved to the City.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Board of Trustees of the Normal College of The City of New York be and they are hereby authorized and empowered to procure, without public letting, such books, chemical, physical and scientific apparatus and material, and such other supplies as may be purchased from the advertised list of the Board

of Education, for the purposes of the Normal College, the High School and the Model School, or Training Department, during the year 1912, at an expense not to exceed fifteen thousand dollars ($15,000).

No. 39 (S. O. No. 15).

The Committee on Public Letting, to which was referred on January 9, 1912 (Minutes, page 23), the annexed resolution in favor of authorizing the Commissioner of Water Supply ,Gas and Electricity to expend $30,000, without public letting, for work and material required in connection with the repair of engines, pumps and boilers, respectfully

REPORTS:

That, having examined the subject, it believes the proposed permission to be necessary, so that repairs may be made at once and by the nearest competent smithy. Deputy Commissioner Bennett stated that competitive bidding would take up from 125 to 150 days' time, and would make no material reduction in price. There are about half a dozen pumps in use, including the Snow, Blake, Worthington and Davis & Farnum, and some parts of these are patented and must be replaced by the makers. The Committee recommends that the said resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity is hereby authorized to expend, on open market orders for work and material required in connection with the repair of engines, pumps, boilers or other appurtenances connected with the water supply system, an amount not to exceed thirty thousand dollars ($30,000), this expenditure to be apportioned as follows:

Manhattan and The Bronx	$10,000 00
Brooklyn	15,000 00
Queens	2,000 00
Richmond	3,000 00

JOHN DIEMER, P. L. DAVIS, NILES R. BECKER, JOHN F. WALSH, W. AUGUSTUS SHIPLEY, JACOB J. VELTON, JESSE D. MOORE, FRED. H. WILMOT, J. W. HAGENMILLER, Committee on Public Letting.

No. 119—(S. O. No. 16).

The Committee on Public Letting, to which was referred on January 16, 1912 (Minutes, page 96), a request from the Commissioner of Water Supply, Gas and Electricity for authority to contract with Columbia University for testing electric meters during 1912, at a cost of $1,500, without public letting, respectfully

REPORTS:

That Deputy Commissioner Bennett and Engineer Lacombe appeared before the Committee and stated that this contract was an annual one, was extremely reasonable in cost, and was highly acceptable to all whose complaints had been referred to this laboratory, as well as to the Department. That advertising in this case would prove of no possible benefit.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized and empowered to enter into contract with Columbia University for testing electric meters, at an expenditure of fifteen hundred dollars ($1,500), without advertising for competitive bids or proposals, in accordance with the provisions of section 419 of the Greater New York Charter.

No. 143—(S. O. No. 17).

The Committee on Public Letting, to which was referred on January 16, 1912 (Minutes, page 116), the annexed resolution in favor of authorizing the President, Borough of Manhattan, to remove, relocate and alter subway entrances and exits at Lafayette st., south of Astor place station, at a cost not to exceed $17,000, and at northwest corner of 23d st. and 4th ave., at a cost not to exceed $10,000, respectfully

REPORTS:

That Consulting Engineer Goodrich appeared before the Committee and stated that the work was going to be done by the Interborough Railway Company under the terms and conditions given out in the letter of request. That owing to the fact that this work was so intimately connected with the work of said Company, that there was no possibility of legitimate competition.

The Committee recommends that the said resolution be adopted.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the President of the Borough of Manhattan be and he hereby is authorized and empowered to enter into a contract, without public letting, for the removal, relocation and necessary alterations and reconstruction of all subway entrances and exits at the intersection of Lafayette st., south of Astor place station, at a cost not to exceed $17,000; and at the northwes corner of 23d st. and 4th ave., at a cost not to exceed $10,000; the work to be done by the Rapid Transit Subway Construction Company, in accordance with plans approved by the Consulting Engineer of the Borough of Manhattan and the Chief Engineer of the Public Service Commission, the said construction company to be paid for the actual cost of the labor and materials used in the work, plus ten (10) per centum.

JOHN DIEMER, PERCY L. DAVIS, NILES R. BECKER, W. AUG. SHIPLEY, JOHN F. WALSH, JACOB J. VELTEN, JESSE D. MOORE, F. H. WILMOT, J. W. HAGENMILLER, Committee on Public Letting.

Which were severally laid over under the rule.

SPECIAL ORDERS.

No. 7—Int. No. 48.

The Committee on Finance, to which was referred on January 9, 1912 (Minutes, page 33), a request from the Department of Health for $15,000 special revenue bonds to provide means necessary for the employment of 50 Medical Inspectors for a period of three months, respectfully

REPORTS:

That the reasons for this request are set forth in the letter of application. While the Committee feels that there is merit in this application, it does not believe that the entire amount is needed, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of ten thousand dollars ($10,000), the proceeds whereof to be used by the Department of Health for the purpose of paying salaries of Medical Inspectors, to be temporarily employed for the purposes of vaccination.

HENRY H. CURRAN, JOHN DIEMER, JOHN S. GAYNOR, FRANCIS P. KENNEY, BRYANT WILLARD, C. AUGUSTUS POST, JAMES HAMILTON, ROBERT F. DOWNING, THOS. J. MULLIGAN, Committee on Finance.

In connection therewith Alderman Folks presented the following communication from the Health Commissioner:

City of New York, Department of Health, Office of the Commissioner of Health, January 30, 1911.

Hon. P. J. SCULLY, City Clerk, City of New York, City Hall, N. Y.:

Sir—I regret that the scheduled meeting of the Board of Health prevents my making a personal appeal to-day to your Honorable Board to approve of the request of the Department of Health for the issue of $15,000, special revenue bonds to employ a special corps of physicians to perform vaccination. I am informed that action on this request which was reported favorably by the Finance Committee at the meeting of your Honorable Board on January 23d was deferred until to-day. In addition to the statistics and data furnished with the original application, I beg to call your attention to the fact that since January 1, 1912, there have occurred nine cases of smallpox in the City, all in the Borough of Brooklyn. The gravity of the situation is indicated by the fact that one of these cases was that of a girl who had been suffering from a mild attack of the disease for thirty days and not only had not been attended by a physician but had been at work in a candy factory during this time. The regular staff of medical inspectors is entirely insufficient for the permormance, in addition to their regular duties, of the great number of vaccinations required under these conditions.

During the last outbreak of smallpox in this City in 1902 a total of $115,000 was appropriated for a special vaccination fund. I consider the present conditions very serious and again urge that funds for vaccination be immediately supplied.

Very truly yours, ERNST J. LEDERLE, Commissioner.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

Affirmative—Aldermen Bedell, Bolles, Boschen, Bosse, Coleman, Curran, Davis, Devine, Diemer, Downing, Esterbrook, Folks, Gaynor, Gelbke, Grimm, Hagenmiller, Hamilton, Herbst, Lieberman, McGarry, Marks, Moore, Mulligan, Nicoll, Pendry, Post, Stevenson, Weil, Weston, Wilmot; President Miller, by Thomas W. Whittle, Commissioner of Public Works; President Steers, President McAneny, by E. V. Frothingham, Commissioner of Public Works, and the Vice-Chairman—34.

Negative—Aldermen Carberry, Cole, Cummuskey, Delaney, Dixson, Dowling, Drescher, Fink, Kenneally, McGrath, O'Rourke, Reardon—12.

No. 9—Int. No. 126.

The Committee on Finance, to which was referred on January 16, 1912 (Minutes, page 101), a request from the Borough President of Brooklyn for $2,400 special revenue bonds for salaries of two Inspectors of Plastering, respectfully

REPORTS:

That Secretary Powers appeared before the Committee and explained that these positions were mandatory, under the provisions of section 156 of the Laws of 1911, but application was inadvertently omitted from the departmental estimate for these positions. The Committee believes that this money should be provided, but as it cannot be made available before March 1, has reduced same by two months' allowance, and, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand dollars ($2,000), the proceeds whereof to be used by the President of the Borough of Brooklyn for the purpose of paying salaries of two Inspectors of Plastering during 1912, at the rate of $1,200 each per annum.

Which was, on motion of Alderman Curran, laid over for one week.

No. 10—Int. No. 142.

The Committee on Finance, to which was referred on January 16, 1912 (Minutes, page 116), a request from the Borough President of Brooklyn for $6,000 special revenue bonds for printing, stationery, etc., Supreme Court, Second Department, respectfully

REPORTS:

That this matter of supplies for this court was heretofore a city charge, but chapter 834, Laws of 1911, provided that it should be more equitably distributed among the various counties composing the Second Department. It was, therefore, cut out of the 1912 Budget appropriation for the Supervisor of the City Record. The Superintendent of Buildings and Offices, Brooklyn, calculates that the amount which Kings County will be called upon to furnish is $2,900. The Committee, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand nine hundred dollars ($2,900), the proceeds whereof to be used by the President, Borough of Brooklyn, for the purpose of furnishing supplies for the Supreme Court, Second Department.

HENRY H. CURRAN, BRYANT WILLARD, ROBERT F. DOWNING, JOHN DIEMER, JOHN S. GAYNOR, FRANCIS P. KENNEY, HENRY F. GRIMM, THOS. J. MULLIGAN, JAMES HAMILTON, FRANK L. DOWLING, C. AUGUSTUS POST, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Carberry, Cole, Coleman, Cummuskey, Curran, Davis, Delaney, Devine, Diemer, Dixson, Dowling, Downing, Drescher, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hagenmiller, Hamilton, Herbst, Kenneally, Kenney, Levine, Lieberman, McCann, McCourt, McGarry, McGrath, Marks, Meagher, Molen, Moore, Mulligan, Nicoll, Nugent, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Smith, Stevenson, Walsh, Weil, Wendel, Weston, White, Wilmot; President Miller, by Thomas W. The Committee on Finance, to which was referred on January 16, 1912 (Minutes, page 95), the annexed resolution in favor of authorizing the Commissioner of Correction to draw from time to time on the fund for Donations to Discharged Prisoners, to an amount not exceeding $1,000 at a time; respectfully

REPORTS:

That Secretary Fitzgerald appeared before the Committee and explained that this permission was granted annually to enable a cash fund to be at the disposal of the Department for this purpose. The Committee recommends that the said resolution be adopted.

Resolved, That for the purpose of enabling the Commissioner of the Department of Correction to carry out the provisions of chapter 471, Laws of 1879, and section 108 of chapter 429, Laws of 1896, relative to Donations to Discharged Prisoners, the said Commissioner of Correction may, by requisition, draw upon the Comptroller for a sum not exceeding one thousand dollars ($1,000), and may in like manner renew the draft as often as he may deem necessary, to the extent of the appropriation set apart for Donations to Discharged Prisoners during the year 1912; but no such renewal shall be made until the money paid upon the preceding draft shall have been accounted for to the Comptroller by the transmittal of a voucher certified by the said Commissioner of Correction, covering the expenditure of the money paid thereon.

The Committee on Finance, to which was referred on January 16, 1912 (Minutes, page 96), a communication from the Fire Commissioner in relation to request for special revenue bonds for hose, respectfully

REPORTS:

That this matter having been acted upon by the Committee in its report presented to the Board on January 16 (Minutes, page 126), it therefore recommends that the said communication be placed on file.

Fire Department of The City of New York, Office of the Commissioner, January 11, 1912.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—May I call your attention to the need of urgent action upon the Fire Department's request for special revenue bonds in the amount of $309,680, with which to purchase hose for the Fire Department.

The matter was referred to the Finance Committee at the meeting of the Board of Aldermen on January 9.

I am of the opinion that the annual replacement of hose should be a budgetary charge, but, in so much as my request was stricken out of the last Budget, the matter is now in the hands of the Board of Aldermen.

By the time that this hose is advertised and contracted for the Fire Department will be in very great distress for hose. Respectfully.

JOS. JOHNSON, Fire Commissioner.

The Committee on Finance, to which was referred on January 16, 1912 (Minutes, page 101), the annexed resolution in favor of an issue of $19,500 corporate stock for costs in connection with proceeding to acquire certain real estate in Nassau County for purposes of water supply, respectfully

REPORTS:

That, having examined the subject, it believes the proposed issue to be necessary, the resolution for same having been passed by the Board of Estimate and Apportionment upon the advice of the Corporation Counsel. It, therefore, recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of nineteen thousand five hundred dollars ($19,500), to provide means for the payment of the bill of costs and expenses in connection with the proceeding to acquire certain real estate in the County of Nassau for purposes of water supply.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment January 11, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That pursuant to the provisions of section 178 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to the amount of nineteen thousand five hundred dollars ($19,500), for the purpose of providing means for the payment of the bill of costs and expenses taxed in favor of the Commissioners of Appraisal by an order of the Appellate Division of the Supreme Court, in the Second Department, dated December 8, 1911, in connection with the proceeding to acquire certain real estate at Valley Stream, Lynbrook, Rockville Centre, Baldwin, Freeport, Merrick, Bellmore and Seaford, in the Town of Hempstead, in the County of Nassau, for purposes of water supply, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in addition to the amounts heretofore authorized, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding nineteen thousand five hundred dollars ($19,500), the proceeds whereof to the amount of the par value thereof to be applied to the purposes aforesaid.

HENRY H. CURRAN, BRYANT WILLARD, ROBERT F. DOWNING, JOHN DIEMER, JOHN S. GAYNOR, FRANCIS P. KENNEY, HENRY F. GRIMM, THOS. J. MULLIGAN, JAMES HAMILTON, FRANK L. DOWLING, C. AUGUSTUS POST, Committee on Finance.

The Committee on Finance, to which was referred on January 16, 1912 (Minutes, page 106), the annexed resolution in favor of reducing an issue of $1,450,000 corporate stock for Madison Avenue Bridge to $1,340,000, respectfully

REPORTS:

That Bridge Commissioner O'Keeffe appeared before the Committee and stated that after completion of this bridge across the Harlem River there was a remainder of $110,000. This amount, together with other sums, it is proposed to utilize in improving the Brooklyn approach to the Brooklyn Bridge. The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution, adopted by the Board of Estimate and Apportionment at a meeting held January 11, 1912:

Resolved, That, subject to the concurrence herewith of the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment June 3, 1910, and approved by the Board of Aldermen June 21, 1910, as follows:

"Resolved, That, subject to the concurrence herewith of the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment April 26, 1907, and approved by the Board of Aldermen May 14, 1907, which resolution reads as follows:

"'Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one million six hundred thousand dollars ($1,600,000), for the purpose of providing means for completing the construction of the bridge across the Harlem River at Madison ave. and the approaches thereto, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one million six hundred thousand dollars ($1,600,000), the proceeds whereof to be applied to the purposes aforesaid.'

—"be and the same is hereby amended to read as follows:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding *one million four hundred and fifty thousand dollars* ($1,450,000), for the purpose of providing means for completing the construction of the bridge across the Harlem River at Madison ave. and the approaches thereto, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding *one million four hundred and fifty thousand dollars* ($1,450,000) the proceeds whereof to be applied to the purposes aforesaid."

—be further amended to make the amount read *one million three hundred and forty thousand dollars* ($1,340,000).

The Committee on Finance, to which was referred on January 16, 1912 (Minutes, page 107), the annexed resolution in favor of an issue of $160,000 corporate stock for improvements at Brooklyn approach to the Brooklyn Bridge, respectfully

REPORTS:

That Bridge Commissioner O'Keeffe appeared before the Committee and stated that this sum, which is obtained by reductions in two other corporate stock accounts, is proposed to be expended as cited in the resolution for a number of useful buildings, for which the need is imperative, and which will in no way interfere with any future plan of improvement in the main approach. The Committee recommends that the accompanying ordinance be adopted.

AN ORDINANCE, providing for an issue of corporate stock of The City of New York in the sum of one hundred and sixty thousand dollars ($160,000), to provide means for the construction, at the Brooklyn approach of the Brooklyn Bridge, between the anchorage and the East River, of a boiler house, shops, stable, laboratory and buildings for storage and administrative purposes.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1—The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment January 11, 1912, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York, to an amount not exceeding one hundred and sixty thousand dollars ($160,000), to provide means for the construction, at the Brooklyn approach of the Brooklyn Bridge, between the anchorage and the East River, of a boiler house, shops, stable, laboratory and buildings for storage and administrative purposes in connection therewith, including the purchase and installation of the necessary equipment thereof, for the use of the Department of Bridges, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

The Committee on Salaries and Offices, to which was referred on January 9, 1912 (Minutes, page 38), the annexed resolution in favor of fixing the compensation of certain Janitors and Janitor-Engineers in the Department of Education, respectfully

REPORTS:

That this resolution contemplates certain transfers as set forth in the report of the Select Committee of the Board of Estimate and Apportionment already printed. Under section 56 of the Charter this must be approved by the Board of Aldermen. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 4, 1912:

Whereas, By opinions of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provisions of section 56 of the Charter is now in the hands of a Special Committee of the Board of Estimate and Apportionment; therefore, be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said Committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Title.	School.	Rate of Compensation.
Janitor	119, Brooklyn	$2,628 per annum.

The Committee on Salaries and Offices, to which was referred on January 9, 1912 (Minutes, page 41), the annexed resolution in favor of establishing the grade of Bookkeeper, Department of Parks, Borough of Queens, at $1,650 per annum, respectfully

REPORTS:

That, having examined the subject, it believes the proposed position to be necessary. This is a new department, and at present the bookkeeping is being done by an employee loaned by the Comptroller. It therefore recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 4, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Parks, Borough of Queens, of the grade of position, in addition to those heretofore established, as follows:

Title, Bookkeeper; rate per annum, $1,650; number of incumbents, one.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

P. L. DAVIS, NILES R. BECKER, MICHAEL CARBERRY, ROBERT H. BOSSE, JACOB WEIL, JAS. R. WESTON, EDWARD EICHHORN, JAMES F. MARTYN, HUGH J. CUMMUSKEY, WILLIAM D. BRUSH, Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Becker, Bedell, Bolles, Boschen, Bosse, Brush, Carberry, Coleman, Cummuskey, Cunningham, Curran, Davis, Devine, Dixson, Dowling, Downing, Drescher, Eichhorn, Esterbrook, Fink, Folks, Gaynor, Gelbke, Gilmore, Grimm, Hagenmiller, Hamilton, Herbst, Kenney, Levine, Lieberman, Loos, McCann, McCourt, McGarry, McGrath, Molen, Moore, Nicoll, Nugent, O'Connor, O'Neil, O'Rourke, Pendry, Post, Reardon, Shipley, Stapleton, Stevenson, Walsh, Wendel, Wilmot; President Miller, by Thomas W. The Committee on Salaries and Offices, to which was referred on January 9, 1912 (Minutes, page 42), the annexed resolution in favor of establishing the position of Confidential Inspector of Weights and Measures, at $1,200 per annum, respectfully

REPORTS:

That, Commissioner Walsh appeared before the Committee and stated that this position was for the purpose of appointing a female inspector to act in a supervisory capacity and to assist in investigating cases of violation turned in by the regular staff, so that merchants would get the benefit of a most thorough investigation of alleged disobedience to the statute before being haled to court. He further stated that no additional funds would be required as this appointee would take the place of an inspector who died recently. The Commissioner explained that inasmuch as this position was a confidential one it was exempt from the operation of civil service, but that the person whom he proposed to appoint was possessed of considerable experience gained from a previous service in the Bureau. The Committee believes the work of such an employee would be of value to the City, and recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 4, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Bureau of Weights and Measures, office of the Mayor, of the position, in addition to those heretofore established, as follows:

Title, Confidential Inspector of Weights and Measures; rate per annum, $1,200; number of incumbents, one.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

The Committee on Salaries and Offices, to which was referred on January 16, 1912 (Minutes, page 110) the annexed resolution in favor of fixing the compensation of the Janitor-Engineer of Erasmus Hall High School, Borough of Brooklyn, at $14,480 per annum, respectfully

REPORTS:

That this resolution comes from the Board of Estimate and Apportionment with an exhaustive report covering the duties of this official and a list of help required to properly perform same. The Committee agrees with the findings of the Select Committee of the Board of Estimate and Apportionment, and recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 11, 1912:

Whereas, By opinion of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries under the provisions of section 56 of the Charter is

now in the hands of a Special Committee of the Board of Estimate and Apportionment; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said Committee, that the compensation of the Janitor-Engineer of Erasmus Hall High School, Borough of Brooklyn, be fixed temporarily, and until further modified, at the rate fourteen thousand four hundred and eighty dollars ($14,480) per annum.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of the said position as set forth therein,

P. L. DAVIS, NILES R. BECKER, MICHAEL CARBERRY, ROBERT H. BOSSE, JACOB WEIL, EDWARD EICHHORN, JAS. R. WESTON, JAS. F. MARTYN, HUGH J. CUMMUSKEY, WM. D. BRUSH, Committee on Salaries and Offices.

The Committee on Salaries and Offices, to which was referred on January 16, 1912 (Minutes, page 113) the annexed resolution in favor of establishing in the Department of Health of the grades of positions of Messenger, at $720 and $1,000 per annum, respectfully

REPORTS:

That Chief Clerk Miller appeared before the Committee and stated that these new grades do not involve any increases in salaries, but on the contrary this readjustment of titles will save $50 per annum. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 11, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Department of Health of the grades of position, in addition to those heretofore established, as follows:

	Per Annum.	Number of Incumbents.
Messenger	$720 00	Unlimited.
Messenger	1,000 00	Unlimited.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

P. L. DAVIS, MICHAEL CARBERRY, ROBERT H. BOSSE, JACOB WEIL, JAS. R. WESTON, EDWARD EICHHORN, JAS. F. MARTYN, HUGH J. CUMMUSKEY, WM. D. BRUSH, Committee on Salaries and Offices.

The Committee on Salaries and Offices, to which was referred on January 16, 1912 (Minutes, page 113), the annexed resolution in favor of establishing in the Department of Water Supply, Gas and Electricity the grade of position of Auditor at $4,500 per annum, respectfully

REPORTS:

That Deputy Commissioner Bennett appeared before the Committee and supplemented the report of the Select Committee of the Board of Estimate and Apportionment already printed by stating that the efficiency methods installed by Mr. James, the present auditor, who is to get this increase of $1,000 per annum, have resulted in increased annual collections of over $2,000,000. The Committee believes this increase in salary well merited, and therefore recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 11, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the grade of position, in addition to those heretofore established, as follows:

Title of Position.	Compensation Per Annum.	Number of Incumbents
Auditor	$4,500 00	One

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

The Committee on Salaries and Offices, to which was referred on January 16, 1912 (Minutes, page 114), the annexed resolution in favor of establishing the grade of position in the Department of Finance of Adding and Billing Machine Operator, at $900 per annum, respectfully

REPORTS:

That Comptroller Prendergast appeared before the Committee and stated that a grade for this position was already established at $1,050 per annum, but that he had found it acceptable to those on the list for this position to start at $900, and by paying this rate he will be able to hire ten operators instead of eight, leaving the higher grade for purposes of promotion. The Committee recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 11, 1912:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Comptroller in the Department of Finance of the grade of position, in addition to those heretofore established, as follows:

Corporation Sales.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for street opening purposes, in the

Borough of The Bronx,

Being the buildings, parts of buildings, etc., standing within the lines of W. 174th st., from Aqueduct ave. to Undercliff ave., W. 175th st., from Aqueduct ave. to Undercliff ave., and Montgomery ave., from W. 174th st. to W. 176th st., in the Borough of The Bronx, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held January 10, 1912, the sale by sealed bids at the upset or minimum prices named in the description of each parcel of the above buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, FEBRUARY 8, 1912,

at 11 a. m., in lots and parcels and in manner and form and at upset prices as follows:

Parcel No. 1. Part of two story and basement stone stable at W. 174th st. and Aqueduct ave. Cut 47 feet on west side by 15.9 feet, on east side of extension by 53 feet. Also part of two and one-half story frame house on the north side of W. 174th st., near Undercliff ave. Cut 7 feet on west side by 10 feet on east side by 28.5 feet. Upset price, $250.

Parcel Nos. 4 and 20. Part of one story brick hothouse on the northwest corner of W. 175th st. and Montgomery ave. Cut 24.4 feet on south side by 6.2 feet on north side of Montgomery ave. (east) end. Also cut 62.1 feet on south side by 15.4 feet on north side of W. 175th st. (west) end. Upset price, $20.

Parcel No. 19. Part of two story stone house on th east side of Montgomery ave., between W. 174th st. and W. 175th st. Cut 9.2 feet on west side by 0.7 feet on north side. Upset price, $25.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 8th day of February, 1912, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened February 8, 1912," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment, held this day, the following resolutions were adopted:

Whereas, The Postal Telegraph Cable Company has, under date of January 13, 1911, made application to this Board for the consent of The City of New York under section 102 of the Transportation Corporations Law (chapter 219 of the Laws of 1909) to the re-location of two conduits and cables (at present owned by The Commercial Cable Company) in the Boroughs of Brooklyn and Queens and the laying of two additional conduits and cables from the junction of Dover and Water sts., Borough of Manhattan, across the East River and through the Boroughs of Brooklyn and Queens to the Beach at Far Rockaway; and

Whereas, The above petition was withdrawn at the meeting of this Board held February 9, 1911, and a new petition dated February 4, 1911, presented; and

Whereas, The Corporation Counsel has advised this Board that public notice should be given of the proceedings looking to the granting of this consent, in accordance with the provisions of section 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905; and

Whereas, In pursuance of such laws this Board adopted a resolution on January 19, 1911, fixing the date for a public hearing thereon as March 2, 1911, at which citizens were entitled to appear and be heard, said date being continued for the second petition at the meeting of February 9, 1911, and publication was had for at least two (2) days in "The Sun" and "The Commercial," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of the hearing, and the public hearing was duly held on such date; now, therefeore, it is

Resolved, That the following form of the resolution for the grant of the consent applied for by the Postal Telegraph Cable Company, containing the form of proposed contract for the grant of such consent, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Postal Telegraph-Cable Company the consent of The City of New York as more fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made and entered into this day of , 191 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Postal Telegraph-Cable Company, a corporation formed under and pursuant to the Laws of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The Company on or about the 10th day of August, 1883, filed a certificate of incorporation in the office of the Secretary of State as the New England Telegraph Company; and

Whereas, The said New England Telegraph Company on or about July 26, 1884, filed with the Postmaster-General of the United States of America a certificate of acceptance of the restrictions and obligations imposed on telegraph companies by an Act of Congress of the United States, passed July 24, 1866, entitled, "An Act to aid in the construction of telegraph lines and to secure to the government the use of the same for postal, military and other purposes," and by title 65 of the Revised Statutes of the United States; and

Whereas, The said New England Telegraph Company on or about April 20, 1910, assumed the name of Postal Telegraph-Cable Company, by which it is now known, pursuant to an order of the Supreme Court of the State of New York, authorizing it so to do; and

Whereas, The Company has now applied for the consent of the City to the laying of certain underground conduits between the Borough of Manhattan and Far Rockaway Beach, Borough of Queens, which consent, the Board is advised, is required under the provisions of section 102 of the Transportation Corporations Law (chapter 219 of the Laws of 1909); now, therefore, in consideration of the mutual covenants and conditions herein contained, the City and the Company covenant and agree as follows:

Section 1. The City hereby consents to the construction, erection, maintenance and operation by the Company of the following:

1. Two (2) conduits, each not more than three (3) inches inside diameter with the necessary junction boxes, manholes and appurtenances for the purpose of placing cables and conductors therein from a point at the intersection of Dover and Water sts., Borough of Manhattan; through and along Dover st. to South st.; thence through and along South st. to a point situated near the northerly boundary of the property belonging to the City at the foot of Roosevelt st., now leased to the Clyde Steamship Company, and known as Pier (new) 22; thence underneath said property to the easterly extremity of the pier occupied by the Clyde Steamship Company; thence under the East River to a point near the northwestern extremity of the wharf belonging to the City at the foot of the tower of the Brooklyn end of the Brooklyn Bridge; thence beneath said wharf to a point in Water st., Borough of Brooklyn, near the northeastern corner of the aforesaid property; thence through and along Water st. to Dock st.; thence through and along Dock st. to Front st.; thence through and along Front st. to a point where they will join the route of the present conduits of The Commercial Cable Company; thence through and along Front st. to Hudson ave.; thence through and along Hudson ave. to Park ave.; thence through and along Park ave. to Vanderbilt ave.; thence through and along Vanderbilt ave. to Plaza st.; thence along Plaza st. to St. Johns place.

Together with the privilege of constructing and maintaining one (1) small cable house on the wharf or pier on each side of the East River for the purpose of connecting the underground land cables with the two cables to be laid under the East River.

2. Four (4) conduits, each not more than three (3) inches inside diameter, with the necessary junction boxes, manholes and appurtenances for the purpose of placing cables and conductors therein, from a point at the intersection of Plaza st. and St. Johns place, Borough of Brooklyn; thence through and along St. Johns place to East New York ave.; thence through and along East New York ave. to Liberty ave.; thence through and along Liberty ave. to Linwood st.; thence through and along Linwood st. to Belmont ave.; thence through and along Belmont ave. to Railroad ave.; thence through and along Railroad ave. to Pitkin ave.; thence through and along Pitkin ave. to the property, formerly of the Brooklyn City Water Works, now known as the conduit lands (Conduit ave.); thence through and along the said conduit lands (Conduit ave.) to the boundary line between the Boroughs of Brooklyn and Queens; thence continuing along the conduit lands (about 4½ miles) to the point of intersection of the said conduit lands with the Rockaway turnpike; thence through and along the Rockaway turnpike to the boundary line between The City of New York and the County of Nassau.

Also beginning at the intersection of Central ave. and McNeil ave., Far Rockaway, Borough of Queens; thence through and along McNeil ave. to Broadway; thence through and along Broadway to its intersection with Oak st., Rockaway turnpike and Jarvis lane; thence through and along Jarvis lane to a point where it joins or intersects Grand View ave.; thence through and along Grand View ave. and in a line therewith to the beach at Far Rockaway, there to connect with the ocean cables of The Commercial Cable Company, which are to be brought to a land connection at this point.

All as shown on a map or plan entitled: "Map or plan to accompany the petition of the Postal Telegraph-Cable Company, dated February 4, 1911, to the Board of Estimate and Apportionment, for permission to construct conduits and draw cables therein from a point at the intersection of Dover and Water sts., Borough of Manhattan, through the Boroughs of Brooklyn and Queens to the beach at Far Rockaway, as more specifically set forth in the petition of the Company," and signed by C. C. Adams, as Vice-President, a copy of which is attached hereto, and is to be deemed a part of this contract.

Sec. 2. The consent hereby given is in consideration of and subject to the following provisions and conditions:

First—This contract is entered into on the mutual and express understanding and agreement by and between the parties hereto that the Company will not use the said conduits or conductors for which consent is hereby granted for any other purpose than as a telegraph line in connection with the cable lines of the Postal Telegraph-Commercial Cable system, so-called.

Second—The said consent to construct, maintain and operate said conduits and their appurtenances shall continue and extend for the period of the duration of the Company and any renewals of its chartered existence in accordance with the laws of the State of New York.

Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over or through the same route, hereinbefore described, or any portion thereof.

Fourth—The consent hereby granted shall not be assigned, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—The Company shall commence construction of the conduits herein consented to within six (6) months from the date upon which this contract is signed by the Mayor and complete the construction of the same, and have the necessary cables and conductors drawn into the same and commence operation within two (2) years therafter, otherwise this consent shall cease and determine; provided that the period for commencement and the period for completion, here specified, may be extended by the Board; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvements, or from other causes not within control of the Company, the time for the commencement or completion of such construction shall be considered extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Sixth—Said conduits shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said conduits shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Upon completion of the work the grantee shall furnish to the Presidents of the Boroughs plans of such character as they may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structure installed; also the location and dimensions of all substructures encountered during the progress of the work. The depth below the street surface of the new structures and substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb line intersection.

Seventh—The Company where it has opened any street or avenue for the purpose of laying or repairing the conduits and cables herein consented to, shall properly restore said pavement and maintain the same for a period of one year, all at its own expense. If the Company shall, after five (5) days' notice from either the President of the Borough of Brooklyn or the President of the Borough of Queens, or any other proper City official, neglect to so restore or maintain said pavement, then the said Presidents, or either of them, or such other proper official, shall be authorized to do so at the expense of the Company, and the cost of such restoration and maintenance shall be a proper charge against the Company. No street or avenue which shall be opened for the purpose of this construction or for any repairs subsequent to the completion of such construction shall be kept open for a longer period than the local authorities may prescribe, or where no period is prescribed, not longer than is reasonably necessary.

Eighth—The Company shall not construct any overhead wires, conductors or cables or erect any poles upon or along the route for which consent is herein granted, or any part of the same, and it is distinctly understood and agreed that such conduits and cables, and every portion thereof shall be placed and constructed underneath the surface of the streets and avenues and other public places and property on such route.

Ninth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken under the consent granted.

Tenth—Any alteration to the sewerage or drainage systems or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the conduits, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Eleventh—It is agreed that the consent hereby granted to construct and operate these conduits and conductors shall not be in preference or in hindrance to public work of the City, and should the said conduits and conductors in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits, conductors and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twelfth—Should the grades or lines of the streets and avenues in which the conduits are laid be changed at any time after the same have been constructed and during the term of this contract, the Company shall at its own expense, change said conduits and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the conduits and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Thirteenth—The wires, cables, conductors and conduits to be laid shall be employed for no other purpose than that explicitly set forth herein, except by consent of the Board, and the Company binds itself not to lay, use, lease or operate the said wires, cables, conductors and conduits for illegal purposes or to illegal places.

Fourteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fifteenth—If the Company shall fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, and in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, the City shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon.

Sixteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the conduits to be laid, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

The Company shall not, without the permission and consent of the lessee, enter into or use any wharves or piers or other public property affected by this contract, but which is leased by the City to any person or corporation.

Seventeenth—This consent is upon the express condition that the Company within thirty (30) days after the signing of this contract by the Mayor and before anything is done in exercise of the consent hereby granted shall file with the Comptroller of the City the joint and several bond of the Company and The Commercial Cable Company in the sum of twenty-five thousand dollars ($25,000) conditioned that the Company will perform all the terms and conditions of this contract and each and every one thereof, and

comply with all orders of the Board or other local authority acting under the powers herein reserved, especially those which relate to the repairs of street pavement, quality of construction of the conduits and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions or upon its failure to comply with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from said Companies or either of them.

Eighteenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Nineteenth—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean "streets, avenues, highways, boulevards, concourses, driveways, bridges, tunnels, parks, parkways, waterways, docks, bulkheads, wharves, piers or public grounds or waters," the City Aqueduct or Conduit Lands within and belonging to the City and any other property to which the City has title or over which the public has an easement, encountered in the route hereinabove described, and through or in which this contract shall operate.

Twentieth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights, and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-first—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues affected by this consent.

Sec. 3. Nothing contained herein shall be deemed to authorize the Company to use the land, formerly of the Brooklyn City Water Works, now generally known as the Conduit Lands or the City Aqueduct, without the consent of the Board of Commissioners of the Sinking Fund first had and obtained in the manner and in accordance with the procedure for such consent required by "The Greater New York Charter." And nothing contained herein shall be deemed nor is anything contained herein intended or to be construed as giving to the said Postal Telegraph-Cable Company the consent of this Board, under its authority conferred by "The Greater New York Charter," to the use of the said Conduit Lands for a further or longer term than the Board of Commissioners of the Sinking Fund is authorized to grant either by permission or lease or otherwise, or to the use of any other property of the City as above for a longer period than the local authority or authorities having the control and management of the same are empowered to authorize. And the said right to use the said Conduit Lands and other City property shall be subject to such conditions and provisions as may be imposed by the Board of Commissioners of the Sinking Fund.

Sec. 4. This contract shall not take effect nor shall the Postal Telegraph-Cable Company exercise its privilege of constructing the underground conduits for which consent is herein granted, unless and until The Commercial Cable Company shall execute and file with the Board an instrument under seal, wherein it shall agree in consideration of the grant of the consent to be given by the Board of Commissioners of the Sinking Fund to the use of the City Aqueduct or Conduit Lands, to transfer to the City free of all cost and expense that portion of the present conduits, belonging to the said Commercial Company between Plaza st., Borough of Brooklyn, and the cable landing at Manhattan Beach, Coney Island, which is to be abandoned and through which no further operations in connection with the Atlantic cables will be conducted when the conduits hereinbefore referred to are completed and placed in operation, such portion to be so transferred being shown on the map or plan attached hereto. In said instrument The Commercial Cable Company shall agree and bind itself to make such transfer to the City within six (6) months after the completion of the conduits herein consented to and the placing of the same in operation.

Sec. 5. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 6. The consent herein granted is subject to the jurisdiction of the United States of America over navigable streams and waters.

Sec. 7. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part by its Mayor thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part by its officers thereunto duly authorized has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

PUBLIC NOTICE.

BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day, the public hearing on the form of contract for a change in the main line of the route of the New York, Westchester & Boston Railway Company from that described in contract dated January 29, 1909, between the southerly terminus of the route and the Harlem River and a point between 134th and 135th streets, east of Willow avenue, in the Borough of The Bronx, was continued until the meeting of said Board to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, February 29, 1912, at 10.30 o'clock a. m.

JOSEPH HAAG, Secretary.
Dated New York, January 18, 1912. j20,f29

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment held January 4, 1912, the following petition was received:

To the Board of Estimate and Apportionment of the City of New York:

The Dry Dock, East Broadway and Battery Railroad Company respectfully shows, on information and belief:

1. That it is a street surface railroad corporation, owning a double track in Canal st., terminating at or near Broadway, authorized by and constructed under chapter 512 of the Laws of 1860 of the State of New York. By said act a connection was authorized from a double track in Canal st. at Broadway, with a single track across Broadway to Lispenard st., thence with a single track through and along Lispenard st. to West Broadway.

2. It hereby applies for the consent of The City of New York for a grant or franchise authorizing it to construct a single track extension upon the following route, in the Borough of Manhattan, City of New York:

"Commencing with the tracks of the company in Canal st., at the easterly side of Broadway, running thence westerly across Broadway; through and along Canal st. to Church st.; thence southerly upon and along Church st. to a connection with the company's tracks at the intersection of Church st. and Lispenard st.

3. Petitioner shows that if said franchise be granted, that it proposes to take action to abandon the crossing of Broadway into Lispenard st. and in Lispenard st. to Church st., and, if authorized so to do, to operate its cars through Canal st. and Church st. in lieu of operating over the present crossing of Broadway and in that part of Lispenard st. above mentioned, such operation to be by a storage battery system of electrical operation.

Wherefore, the petitioner prays that the consent of The City of New York be given to the construction, maintenance and operation of the extension above referred to.

Dated New York, December 12, 1911.
DRY DOCK, EAST BROADWAY AND BATTERY RAILROAD COMPANY,
(SEAL) By F. W. WHITRIDGE, Receiver.
ARTHUR COPPELL, President.
Attest: MIDDLETON S. BORELAND, Secretary.

City and County of New York, ss.:

F. W. Whitridge, being duly sworn, deposes and says, that he is the receiver of the Dry Dock, East Broadway and Battery Railroad Company; that he has read the foregoing petition, and knows the contents thereof; and that the same is true to his knowledge, except as to the matters therein stated to be alleged upon information and belief, and as to such matters, he believes it to be true.

F. W. WHITRIDGE.

Sworn to before me this 12th day of December, 1911.

JAS. S. WILLIAMS, Notary Public, New York County.

And the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Dry Dock, East Broadway and Battery Railroad Company, dated December 12, 1911, was presented to the Board of Estimate and Apportionment at a meeting held January 4, 1912.

Resolved, That in pursuance of law this Board sets Thursday, the 1st day of February, 1912, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in the City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Bronx Traction Company has under date of November 24, 1911, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double track street surface railway as an extension to its existing system upon and along Westchester Avenue from Westchester Square to Eastern Boulevard, Borough of the Bronx; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on November 29, 1911, fixing the date for public hearing thereon, as December 21, 1911, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The New York Press" and "The New York Times," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Bronx Traction Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, that the following form of the resolution for the grant of the franchise or right applied for by the Bronx Traction Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Bronx Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This Contract, made this day of 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Bronx Traction Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of The Bronx, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing double track railway of the Company at or near the intersection of West Farms road with Westchester avenue; thence in, upon and along Westchester avenue to its intersection with Eastern boulevard, and to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled: "Map showing proposed extension of The Bronx Traction Company in the Borough of The Bronx, City of New York, to accompany petition dated November 24, 1911, to the Board of Estimate and Apportionment," and signed by Edward A. Maher, President, and T. F. Mullaney, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor, until January 19, 1936, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one thousand five hundred dollars ($1,500) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than one thousand five hundred and fifty dollars ($1,550), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of one thousand five hundred and fifty dollars ($1,550).

During the second term of five (5) years an annual sum which shall in no case be less than two thousand eight hundred dollars ($2,800), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of two thousand eight hundred dollars ($2,800).

During the third term of five (5) years an annual sum which shall in no case be less than three thousand one hundred dollars ($3,100), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of three thousand one hundred dollars ($3,100).

During the fourth term of five (5) years an annual sum which shall in no case be less than three thousand four hundred dollars ($3,400), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of three thousand four hundred dollars ($3,400).

During the remaining term expiring January 19, 1936, an annual sum which shall in no case be less than three thousand seven hundred and fifty dollars ($3,750), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of three thousand seven hundred and fifty dollars ($3,750).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding, provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law, as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any laws of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions over the route hereinbefore described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment or any structures used in connection therewith in streets and avenues hereinbefore described shall be permitted by the Company, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets and avenues for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and structures, and additions and betterments thereto, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments thereto, such proportion of laying and repairing of pavement and removal of snow and ice and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation. Provided, however, that if, in the opinion of the Company, the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board and the Board may fix a percentage upon the cost to be paid to the Company, at a sum in excess of the legal rate of interest, if, in its opinion, such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes

relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without costs, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court made pursuant to section 174 of the Railroad Law confirming the determination of the Commissioners appointed thereunder, that such railway ought to be constructed, and shall complete the construction and place the same in full operation within three (3) months from the date of filing such consents or the date of such order; otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City, provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Twelfth—Upon six (6) months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control, to any other point thereof, or of any connecting branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Department of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on said railway shall run at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Provided, however, that the Company during the first five (5) years of this contract shall not be required to operate its cars between the hours of one (1) o'clock a. m. and five (5) o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Nineteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall, if directed by the President of the Borough of The Bronx, cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twentieth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of The Bronx, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—The Company shall submit to the Board a report not later than November 1, of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-sixth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City, and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-seventh—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-eighth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-ninth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—This grant is upon the express condition that any and all sums of money or any and all securities heretofore deposited with the Comptroller by the Company under and pursuant to franchises heretofore granted to it by the City as a fund for the security for the performance by the Company of the terms and conditions of the franchises so granted, shall likewise be a fund for the security for the faithful performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the headway, heating and lighting of cars, fenders, wheel-guards and watering of street pavements, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of a violation of the provisions relating to those matters, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount, and in default thereof this contract shall be canceled and annulled at the option of the Board acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City, as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," encountered in the route hereinabove described, and upon or in which authority is hereby given the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. This grant is also upon the further and express condition that the provisions of article 5 and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By.....Mayor.
[CORPORATE SEAL.]
Attest.....City Clerk.

BRONX TRACTION COMPANY,
By.....President.
[SEAL.]
Attest.....Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Bronx Traction Company, and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, February 1, 1912, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thurrsday, February 1, 1912, in two (2) daily newspapers to be designated by the Mayor therefor, and published in the City of New York, at the expense of the Bronx Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Bronx Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, February 1, 1912, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of GRAHAM AVENUE (although not yet named by proper authority), from Jackson avenue to Vernon avenue, in the First Ward, Borough of Queens, in The City of New York.

We, the undersigned, Commissioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, in the Municipal Building, Court House Square, Long Island City, Borough of Queens, in The City of New York, on or before the 6th day of February, 1912, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 5th day of March, 1912, at 11 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 7th day of February, 1912.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the easterly line of Eighteenth avenue prolonged southerly with the northerly line of Graham avenue prolonged easterly, as the same is laid down on the Commissioners' map of Long Island City, filed at City Clerk's office, December 31, 1875.

Thence northerly along the easterly line of Eighteenth avenue 250 feet; thence westerly and at all times 250 feet distant and parallel with the northerly line of Graham avenue to the easterly line of Vernon avenue; thence southerly along the easterly line of Vernon avenue to a point 250 feet south of the southerly line of Graham avenue; thence easterly at a distance of 250 feet south of the southerly line of Graham avenue and at all times parallel to the said south line of Graham avenue to a point where it intersects the easterly line of Eighteenth avenue produced southerly; thence northerly along the easterly line of Eighteenth avenue produced southerly to the point or place of beginning.

Fourth—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, Long Island City, Borough of Queens, in The City of New York, on the 4th day of May, 1912, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of supplemental and amended estimate of assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, January 22, 1912.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of AVENUE J, from West street to Ocean parkway, in the Thirtieth and Thirty-first Wards, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at their office, 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 15th day of February, 1912, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 16th day of February, 1912, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 15th day of February, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of February, 1912, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 24th day of September, 1909, and that the said area of assesment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line midway between Avenue J and Avenue I, and by the prolongation of said line; on the east by a line midway between Ocean parkway and East Seventh street; on the south by a line midway between Avenue J and Avenue K, as laid out east of Ocean parkway and by the prolongation of said line; and on the west by a line distant 100 feet westerly from and parallel with the westerly line of West street, the said distance being measured at right angles to West street.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, 166 Montague street, in the Borough of Brooklyn, in said city, there to remain until the 26th day of February, 1912.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 25th day of March, 1912, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, January 26, 1912.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
