The lessor objects to one of the conditions, that of supplying heat, as there is no radiator or riser in the room, but says that the room is perfectly comfortable for communitary purposes, as it is always at about the same temperature as the halls of the building.

Efforts are being made to locate this division in quarters at a less rental than is paid for the present premises.

I therefore respectfully recommend, the rent being reasonable and just and it being the same as previously paid, that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to pay to Wendell L. Sale at Public Auction of a Parcel of Land Situated in the Village of Mount Kisco, Town of Bedford, County of Westchester.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 21, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the Department of Water Supply, Gas and Electricity, in which they state that they have been negotiating with the Town of Bedford and the Village of Mt. Kisco, in relation to the construction of a sewer in Sutton's Row, in the Town of Bedford for the disposal of sewage from the houses on the lands abutting Sutton's Row.

The Commissioner states that this sewer is to connect with the sewer system of the Village of Mt. Kisco, and the sewage is to be disposed of at the disposal works operated by the Department of Water Supply, Gas and Electricity in the Village of Mt. Kisco. The said Department is endeavoring to bring about the construction and maintenance of the Sutton's Row sewer, at the expense of the Town of New Bedford. The Commissioner further states that to reach the nearest connecting point in the Mt. Kisco sewer system it will be necessary to pass through private property for a distance of approximately 180 feet, and that the department considers that that portion of the sewer connecting with the Sutton's Row sewer and the sewer system of the Village of Mt. Kisco should be installed and maintained at the expense of the City.

The property through which this portion of the sewer would be constructed is owned by William H. Nelson, of Mt. Kisco, New York. Intersecting other properties owned by Mr. Nelson southwesterly, the City owns a strip of land approximately 50 by 663 feet, extending from the highway westerly to the right-of-way of the New York Central & Hudson River Railroad. Located within this strip is a section of the sewer system, the construction of which was authorized by chapter 428 of the Laws of 1907. This strip of land the Commissioner of the Department of Water Supply, Gas and Electricity states is not required or necessary for the purposes of his Department, and Mr. Nelson has agreed to grant to the City a ten foot permanent easement through his property, in which as above stated, the connecting section of the sewer will be laid, providing the City will release to him the property owned by it above mentioned, the City retaining to itself a permanent easement of ten feet through the center thereof.

The property owned by the City contains an area of 0.722 acres, and has been appraised by the Division of Real Estate of this Department at \$300. The ten-foot easement which the City retains is valued at \$150. The strip across Mr. Nelson's land is approximately 10 by 180 feet, and has been appraised at \$164. In my opinion, this proposition of Mr. Nelson's is very advantageous to the City. In order to take advantage of the same it will be necessary, however, to have the Commissioners of the Sinking Fund authorize the sale at public auction of the premises to be released to him, and the Board of Estimate and Apportionment authorize the purchase by the City of the premises needed.

therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a sale at public auction of all that certain piece or parcel of land situated in the Village of Mt. Kisco, Town of Bedford, County of Westchester and State of New York, known as Parcel No. 2-Sb on Plate No. 165 of the "Atlas of Lands used for Water Supply Purposes in Westchester County," on file in the office of the Commissioner of Water Supply, Gas and Electricity, and bounded and described as follows:

Beginning at a point on the westerly side of lands of The City of New York, said point being on the northeasterly corner of Parcel No. 2-Sb, which corner is located 435 feet, more or less, southerly along said westerly property line of the lands of The City of New York, from the northerly line of the Village of Mt. Kisco; thence south 81 degrees 28 minutes west 610.10 feet to the easterly boundary of parcel No. 2-B on said plate No. 165; thence south 39 degrees 19 minutes west 74.5 feet along the easterly boundary of said parcel No. 2-B to the southerly boundary of lands of The City of New York; thence north 81 degrees 28 minutes east 648.03 feet to a point; thence northerly at right angles to the last mentioned course, a distance of 50 feet to the point or place of beginning, containing within said bounds 0.722 acre, more or less; it being understood that the City retains to itself an easement ten feet in width through the entire length of the above described premises for the reconstruction, maintenance and repair of the present sewer line.

—at a minimum or upset price of \$300, which I deem to be a fair appraisal of the value thereof, and upon the following terms and conditions:

The highest bidder will be required to pay ten per cent. (10%) of the amount of the bid, together with the auctioneer's fees at the time of the sale, and ninety per cent. (90%) upon the delivery of the deed, which shall be within sixty (60) days from the date of the sale.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That pursuant to the provisions of section 205 of the Greater New York Charter as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction, of all that certain piece or parcel of land situated in the Village of Mount Kisco, Town of Bedford, County of Westchester and State of New York, known as Parcel No. 2-Sb on Plate No. 165 of the "Atlas of Lands used for Water Supply Purposes in Westchester County," on file in the office of the Commissioner of Water Supply, Gas and Electricity, and bounded and described as follows:

—the minimum or upset price at which said property shall be sold be and is hereby appraised and fixed at the sum of three hundred dollars (\$300), and the Comptroller be and is hereby authorized and directed to take the necessary steps for conducting such sale upon the following terms and conditions.

The highest bidder will be required to pay ten per cent (10%) of the amount of the bid, together with the auctioneer's fees at the time of the sale and ninety per cent. (90%) upon the delivery of the deed, which shall be within sixty (60) days from the date of the sale.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

Sale at Public Auction of the Parcel of Land Located on the Northerly Side of Carroll Street Running Through to President Street from Hicks to Henry Streets, in the Borough of Brooklyn.

A representative of the Bureau of Municipal Research was heard in opposition to the sale of the property at this time, and a discussion followed as to the upset price fixed and as to its use as a playground.

The Chair put the question as to whether the Board desired to reserve the property for use as a playground or sell it, and it was the sense of the Board that the property should be sold.

The Deputy and Acting Comptroller then presented the following reports and offered the following resolution.

July 12, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The City of New York is the owner of a parcel of land located on the northerly side of Carroll Street, running through to President Street, between Hicks and Henry Streets, Borough of Brooklyn, being about 150 x 200 feet.

I am in receipt of an offer for the purchase of the same at public auction at an upset price of \$65,000, which, to my mind, is its fair and reasonable value.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a sale at public auction of the following described property:

All that certain piece or parcel of land with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on the northerly line of Carroll Street, distant 125 feet easterly from the corner formed by the intersection of the northerly line of Carroll Street with the easterly line of Hicks Street; running thence northerly and parallel with the easterly line of Hicks Street 200 feet to the southerly line of President Street; running thence easterly and along said southerly line of President Street 150 feet; running thence southerly and again parallel with Hicks Street 200 feet to the northerly line of Carroll Street; running thence westerly along the northerly line of Carroll Street 150 feet to the point or place of beginning.

—at a minimum or upset price of \$65,000, which I deem to be a fair appraisal of the value thereof, and upon the following terms and conditions:

The highest bidder will be required to pay ten per cent. (10%) of the amount of the bid, together with the auctioneer's fees at the time of the sale, and ninety per cent. (90%) upon the delivery of the deed, which shall be within sixty (60) days from the date of the sale.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

July 24, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—At the meeting of the Commissioners of the Sinking Fund held on July 13, 1916, I recommended the sale at public auction of certain premises located at President and Carroll Streets, near Henry Street, Borough of Brooklyn, at a minimum or upset price of \$65,000.

At the request of the Bureau of Municipal Research, the disposition thereof was laid over until the next meeting. The question raised was whether or not the upset

price was the market value of the premises to be sold. Since then I requested J. D. H. Bergen & Son, real estate brokers who have been in business in the neighborhood of these premises since 1881, to appraise the value thereof and have received from them the following report:

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—As requested in your letter of July 18th, 1916, we have examined the property described as follows, namely:

All that certain lot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows to wit:

Beginning at a point on the southerly side of President Street, distant 129 feet westerly from the southwesterly corner of President Street and Henry Street, running thence southerly and parallel with Henry Street 200 feet to the northerly side of Carroll Street; thence westerly and along the northerly side of Carroll Street 150 feet; thence northerly and again parallel with Henry Street 200 feet to the southerly side of President Street and thence easterly and along the southerly side of President Street 150 feet to the point or place of beginning.

Our value on this land is \$40,000, and for the buildings in their present condition would add \$23,500 to the value of the land. This makes a total value of sixty-three thousand five hundred (\$63,500) dollars.

There are three brown stone houses, each 16.8 front, and five brick houses, each 20 feet front, on the President Street frontage of this property. No. 158 President Street is occupied as a rooming house, and No. 164 President Street is occupied as a two-family house. All the other President Street houses are occupied by four families.

The buildings on the Carroll Street frontage are three brick stables and an old-fashioned one-family dwelling. The buildings are all in a very dilapidated condition, and owing to the great changes in the character of the neighborhood the buildings are not such as could be used to produce the most revenue. Cold-water flats would pay better.

For your information would say that our records show that No. 152 President Street sold for \$6,230; the City paid \$8,000 for this house. No. 154 sold in 1903 for \$4,450; the City paid for this \$8,000. No. 156 sold for \$6,250; for this the City paid \$9,800. No. 160 sold for \$7,500; the City paid \$9,900. No. 162 sold for \$7,000; the City paid \$9,900. In February, 1905, the Produce Exchange Building and Loan Association purchased the property No. 125 and No. 127 Carroll Street at auction for \$6,500. The City paid \$19,500. The prices given above as paid by the City are not authentic, but newspaper reports of prices the City paid when they took over the property. Yours truly,

(Signed) J. D. H. BERGEN & SON.

This report more than confirms my appraisal.

I therefore again recommend the sale of the premises in question.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction of a parcel of land located on the northerly side of Carroll Street running through to President Street, between Hicks and Henry Streets, Borough of Brooklyn, bounded and described as follows:

All that certain piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on the northerly line of Carroll Street, distant 125 feet easterly from the corner formed by the intersection of the northerly line of Carroll Street with the easterly line of Hicks Street; running thence northerly and parallel with the easterly line of Hicks Street 200 feet to the southerly line of President Street; running thence easterly and along said southerly line of President Street 150 feet; running thence southerly and again parallel with Hicks Street 200 feet to the northerly line of Carroll Street; running thence westerly along the northerly line of Carroll Street 150 feet to the point or place of beginning.

—the minimum or upset price at which said property shall be sold be and is hereby appraised and fixed at the sum of sixty-five thousand dollars (\$65,000), and the Comptroller be and is hereby authorized and directed to take the necessary steps for conducting such sale upon the following terms and conditions:

The highest bidder will be required to pay ten (10) per cent. of the amount of the bid, together with the auctioneer's fees at the time of the sale, and ninety (90) per cent. upon the delivery of the deed, which shall be within sixty (60) days from the date of the sale.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Department of Water Supply, Gas and Electricity—Communication from, Turning Over as no Longer Required, a Parcel of Land Described as Parcel 1 and Two Frame Buildings Thereon at Rockville Center, Nassau County.

The following communication was received:

February 1, 1916.

Commissioners of the Sinking Fund, Municipal Building, New York City, N. Y.:

Gentlemen—Owing to a change in the organization of the Watershed, Borough of Brooklyn, two buildings, "A" and "B," on attached map 10636-Z, formerly used as an office and storehouse at Rockville Center, are no longer required for any purpose by this department, neither have we use for parcel of land (No. 1 on said map), upon which the buildings are located. I, therefore, recommend that they be taken over by you for sale or other disposition, provided, however, that in disposing of parcel No. 1 the following condition be imposed:

"That The City reserves the right to lower the natural ground water level of the said land by the operation of any pumping station now in use or that may be constructed in the future."

I also desire to release a permanent easement for highway purposes across parcel No. 3 on the said map, with the suggestion that this easement be conveyed to the village of Rockville Center and the town of Hempstead for highway purposes. Of course, it is the intention that ample provision be made for perpetuating the City's right of maintaining the existing water pipe line and the right to install and maintain additional lines if need therefor should arise in the future.

Technical descriptions of the said parcels, "1" and "3," are enclosed.

Respectfully, WILLIAM WILLIAMS, Commissioner.

Refund of \$244.22 to the New York and New Jersey Produce Company, Being Part of Amount of Security Deposit.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 20, 1916.

In re. Application of the New York and New Jersey Produce Company.

Commissioners of the Sinking Fund:

Gentlemen—Application has been made by the New York and New Jersey Produce Company for \$340, amount of deposit made on its bid of December 29, 1915, for a contract to furnish vegetables to Bellevue and Allied Hospitals, Department of Charities, and Board of Health, which was awarded, but canceled before execution.

Under date of January 6, 1916, the claimant was notified that its bid was the lowest and had been accepted, subject to the approval of the Comptroller of The City of New York of the adequacy and sufficiency of sureties to be submitted.

It appears, however, that the sureties called for by the above notice never qualified and that the claimant never executed the proposed contract which had been prepared following its bid and the acceptance thereof.

On March 22, 1916, the claimant was notified in writing as follows:

"We hereby notify you that owing to the fact that you failed to comply with the law by submitting your sureties to the Finance Department as requested in your official notice of award, mailed to you on January 6, 1916, the deposit of \$340.25 submitted with your bid on stock vegetables on December 29, 1915, through the Central Purchasing Committee is declared forfeited.

"On the same date, March 22, 1916, a communication signed in a like manner as the aforesaid notice to the claimant, was transmitted to the Comptroller, among other things requesting that the deposit of \$340.25 submitted with claimant's bid be forfeited. The records of the security deposit clerk of this department show such deposit forfeited as of April 4, 1916."

In accordance with this the deposit of \$340.25 was withdrawn from the security deposit fund and deposited to the credit of the Sinking Fund for the redemption of City Debt No. 1.

After an examination made by the Bureau of Law and Adjustment of this department, it is recommended that the sum of \$244.22 be refunded, part of a security deposit of \$340.25 made on December 29, 1915, by the New York and New Jersey Produce Company.

As the full amount of the deposit viz.: \$40.25 has been deposited to the credit of the Sinking Fund for the redemption of City Debt No. 1, in order to comply with the recommendation of the Bureau of Law and Adjustment of this department, I attach hereto a resolution for adoption. Yours very truly,

ALBERT E. HADLOCK, Deputy Comptroller.

Resolved, That a warrant payable from the Sinking Fund for the Redemption of the City Debt No. 1 be drawn in favor of the New York and New Jersey Produce Company, refunding to it the sum of two hundred and forty-four 22-100 dollars (\$244.22), said amount being part of a security deposit of three hundred and forty 22-100 dollars (\$340.25), made by the New York and New Jersey Produce Company on December 29, 1915; and be it further

Resolved, That before payment be made, the New York and New Jersey Produce Company deliver to The City of New York a general release.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

Commissioners of the Sinking Fund:

Gentlemen—In the matter of the People of the State of New York, on com-

plaint of Charles H. Panther, against Edward Nimark, Harry Marcuse, Sigmund Goldbach et al., the defendants appealed at a term of the County Court of Kings County for the hearing of motions held in Part V thereof at the County Court House in the Borough of Brooklyn, Kings County, on the 5th day of June, 1916, from a judgment of conviction in the City Magistrates' Court of The City of New York, 2nd Division, 5th District, wherein the defendants were found guilty of a violation of section 1458 of the New York City Consolidation Act, chapter 410, of the Laws of 1892, and a fine of \$3 was imposed on each defendant, which was paid and subsequently deposited in the Sinking Fund for the Payment of the Interest on the City Debt.

The appeal was argued at a term of the County Court of Kings County for the hearing of motions, held in Part V thereof at the County Court House, in the Borough of Brooklyn, and the judgment of conviction was reversed, and it was ordered that the Comptroller of The City of New York refund to the defendants, Edward Nimark, Harry Marcuse, Sigmund Goldbach, each the sum of \$3.

I attach hereto a resolution for adoption to carry into effect the provisions of such order. Yours very truly,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That warrants, payable from the Sinking Fund for Payment of the Interest on the City Debt, be drawn in favor of Edward Nimark, Harry Marcuse, Sigmund Goldbach, each for the sum of three dollars (\$3.00), refunding them that amount paid as a fine in the City Magistrates' Court, 5th District, 2nd Division, pursuant to an order by the County Court of Kings County for the Hearing of Motions.

Bill of George R. Read & Co. for Appraisals.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 22, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Pursuant to a resolution adopted by the Commissioners of the Sinking Fund on March 10, 1915, I designated George R. Read & Company as appraisers to represent the City in the matter of the rental of the leases of premises 97-99 Park Row, 103 Park Row and 24-26 Peck Slip, Borough of Manhattan.

I present herewith bill submitted by George R. Read & Company in the sum of \$250, for their services in connection therewith, which amount I deem to be fair and reasonable.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the Comptroller to pay from the account known as "Sinking Fund Appropriation" the sum of \$250 to George R. Read & Company, for services rendered, as shown on bill submitted by them. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to George R. Read & Co. the sum of two hundred and fifty dollars (\$250), being amount of bill for services as Appraiser in the matter of the rental to be fixed in connection with the renewal of the leases of premises Nos. 97-99 Park Row, 103 Park Row and 24-26 Peck Slip, Borough of Manhattan—said payment to be made from the appropriation made to the Commissioners of the Sinking Fund, for the year 1915 for Contingencies.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

President, Borough of Manhattan—Communication from, in Regard to the Free Floating Baths Stored in Roger's Basin.

At meeting held July 13, 1916, a suggestion was made by a representative of the Bureau of Municipal Research that these baths be either sold or destroyed, in view of the fact that they were not being used because of the action of the Health Department in ordering the discontinuance of use of such baths. The Secretary was thereupon directed to submit the question of the sale or destruction of the baths to the President of the Borough.

The following communication was received.

July 19, 1916.

MR. JOHN KORB, JR., *Secretary, Sinking Fund Commission*, Municipal Building, N. Y.: My dear Mr. Korb—This is in response to your recent communication relative to the storage of floating baths. I am informed that the two baths in question cost about \$30,000, and that the expenditure of some \$8,000 would make them serviceable for several years.

In view of the fact that the floating baths are so widely patronized, and so necessary in a congested Borough like Manhattan, it would seem to me to be unwise to destroy them. There is a possibility that private parties may finance this repair in case the City should decline. We therefore deem it inadvisable to make any disposition of the baths at the present time.

With best wishes, yours very sincerely,

RALPH FOLKS, Acting President, Borough of Manhattan.

Which was ordered filed.

The Following Matters Not on the Calendar Were Brought Up by Unanimous Consent:**Street Cleaning Department—Communication from, Withdrawing Request for the Assignment of Plot of Land Situated at the Intersection of the Northerly Line of Neptune Avenue with the Westerly Line of West 12th Street, Borough of Brooklyn, Turned Over by the President of the Borough as No Longer Required.**

At meeting held July 13, 1916, the matter of this proposed assignment was referred to the Commissioner of Street Cleaning for consideration, in view of the objections raised to the proposed assignment.

The following communication was received:

July 21, 1916.

Hon. JOHN PURROY MITCHEL, *Mayor and Chairman of the Sinking Fund Commission, City of New York*:

Dear Sir—On May 25, 1916, request was made for the transfer to this department, for use as a garbage dumping board and relay station, the following described property, viz.:

"Beginning at the intersection of the northerly line of Neptune Avenue with the westerly line of West 12th Street; running thence northerly along the westerly line of West 12th Street to the southerly line of Coney Island Creek; running thence southeasterly along the southerly line of Coney Island Creek to its intersection with the center of a small creek that formed part of boundary line of the former town of Gravesend; running thence southwesterly along the center of said creek to the northerly line of Neptune Avenue produced; running thence westerly along said northerly line of Neptune Avenue produced to the point or place of beginning."

This transfer was approved by the Comptroller and appeared on the Calendar on Thursday, June 15, 1916, when objection was made by a representative of property owners in the vicinity of this land, that its use as a garbage dump would inconvenience them and be detrimental to their business.

Upon further investigation it appeared desirable to secure a site which would be less objectionable to the residents of the locality.

On July 13, 1916, the matter again appeared on the Calendar and was referred to me for report. In view of the circumstances, I desire to withdraw the request.

Yours truly,

J. T. FETHERSTON, Commissioner.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant, free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting bricks, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
