<u>§8-03 Filing of Applications</u>

Applications accepted for filing in accordance herewith shall be stamped by the Department with the date and time of filing.

§8-04 Certification for Permitted Parking Spaces

(a) Filing Date. Review of applications for certification for permitted parking spaces shall be made, in accordance with the provisions of ZR Section 93-82, in the order of application filing date and time, except as provided in paragraph (b) hereof. If, pursuant to ZR Section 93-82, fewer permitted parking spaces are available than the number of spaces requested in an application, the Chairperson or the Commission, as applicable, shall only grant a certification for the number of spaces as are available at the time, and shall issue subsequent certifications for such application at such time as additional spaces become available in accordance with ZR Section 93-82. Except as provided in paragraph (b) below, certification of parking spaces shall not be made with respect to an application with a later filing date and time until the entire number of parking spaces requested in an application with an earlier filing date and time has been certified.

(b) Applicant Reduces Existing Spaces On Site. Notwithstanding the provisions of paragraph (a), if an applicant intends to eliminate existing parking spaces at the site that is the subject of the application, a certification for permitted parking spaces may be granted to the extent that elimination of existing parking spaces allows such determination to be made pursuant to ZR Section 93-821 (e)(1) and (2), provided: (i) that such existing parking spaces shall be eliminated prior to issuance of the certification. The elimination of such existing parking spaces shall be evidenced by: (aa) an acknowledgement from the New York City Department of Consumer Affairs that license(s) issued by such agency for the operation of public parking at the site have been surrendered or, if such license(s) are pending renewal at the time, that the licensee has stated to the New York City Department of Consumer Affairs in writing that the license(s) will not be renewed; or (bb) if the licensee is no longer in control of the premises, in the form of an affidavit from the owner or applicant attesting to the fact that the licensee is not in control of the premises and is not authorized to operate at the premises; and (ii) a restrictive declaration executed by all parties-in-interest, as such term is defined in ZR Section 12-10, providing that any resumption of use of the eliminated spaces prior to or during construction shall be prohibited, has been recorded in the office of the City Register. If the number of parking spaces requested in the application exceeds the number of permitted spaces available by reason of the elimination of existing spaces, any subsequent certifications with respect to additional spaces shall be made in accordance with the provisions of paragraph (a) above.

New York City Zoning Resolution (Zoning Resolution). The zoning text pertaining to permitted parking was adopted in April of 2010.

Within the "Hudson Yards parking regulations applicability area", as such term is defined in Section 93-81 of the Zoning Resolution, no permitted accessory off street parking spaces may be provided without certification by the Chairperson of the City Planning Commission. Under the zoning text, it is possible that no parking spaces or only a limited number of parking spaces will be available for approval by the Chairperson or the Commission at the time of application.

The proposed amendment establishes a procedure for the preliminary review, filing and processing of applications in order of application filing date and time, in order to ensure that parking spaces are approved in a fair and orderly fashion under circumstances where no parking spaces or only a limited number of parking spaces are available for approval at a given time, and applicants must await the availability of some or all of the requested additional spaces at a later date. The procedure provides that the application with the earliest filing date and time be considered in advance of subsequently filed applications. In addition, if the number of spaces sought is not available in its entirety at the time of application, approvals would be granted serially for such application as additional spaces become available, over time, until the number sought has been provided. Once the number of spaces requested in an application has been provided, subsequently filed applications may then be processed in order of filing date and time.

An application may be processed without regard to its position in the 'queue' where the applicant proposes to eliminate existing parking spaces at the site that is the subject of the application in order to achieve the number of spaces sought in accordance with the requirements of the zoning text. The proposed rule would ensure that such existing parking spaces have actually been eliminated by requiring proof thereof prior to approval. This proof could be in the form of an acknowledgement from the New York City Department of Consumer Affairs that license(s) issued by such agency for the operation of public parking at the site have been surrendered or, if such license(s) are pending renewal at the time, that the licensee has stated to the New York City Department of Consumer Affairs in writing that the license(s) will not be renewed. If the licensee is no longer in control of the premises or authorized to operate there, this proof could take the form of an affidavit from the owner or applicant attesting to that fact. Finally, the rules would require the recordation at the City Register of a restrictive declaration prohibiting any resumption of use of the eliminated spaces prior to or during construction.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers. workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at http://nyc.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers: Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at $\left(212\right)$ 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP New and experienced vendors are encouraged to register for

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

at (212) 788-0010.

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of prequalified lists.
