I hereby certify that the foregoing is a correct and true abstract of account of the expenditures and liabilities of the Aqueduct Commissioners for the month of August, 1886, the said account being on file in the office of the Comptroller of the City of New York.

JOHN C. SHEEHAN, Secretary.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Wednesday, September 8, 1886, at 2 o'clock P. M.

Present—Commissioners Spencer, Dowd, Commissioner of Public Works, Commissioners Baldwin, Barnes, Ridgway, and Fish; also Chief Engineer Church, and Chief Engineer Birdsall, of the Department of Public Works.

The meeting was opened for public hearing, pursuant to the public notice:

Mr. Miller, District Attorney of Putnam County, on behalf of the people of the town of South East, was heard in relation to a proposed change in the highway through that town, and his remarks were recorded by the Stenographer of the Commission.

No one else desiring to be heard, the public hearing was then ordered closed, and the subject-matter thereof ordered to be considered in executive session, and the regular order of business taken up.

The minutes of the Stated Meeting of September 1 were read and approved.

The Committee of Finance and Audit reported their examination and audit of bills contained in Vouchers 1,990 to 2,005, inclusive, and on motion of Commissioner Dowd, the action of the Committee was approved, and the vouchers ordered certified to the Comptroller for payment.

The Secretary submitted a communication from Messrs. O'Brien & Clark, contractors, notifying the Commissioners that they had purchased the land for the site of a shaft granted them between Shafts 16 and 17 on their work.

On motion of Commissioner Barnes, the same was referred to the Committee on Construction.

The Secretary then submitted a communication received from the Comptroller, under date of the 4th instant, showing the drawing of warrants for the payment of vouchers in favor of Spencer G. McNary, for \$217.61, Henry Hilton, for \$300, chargeable to the Westchester County Section, and not certified to by the Aqueduct Commissioners.

On motion of Commissioner Dowd, the same was received and ordered placed upon file, and entered upon the books of the Commission.

The Chief Engineer submitted a communication received from Messrs. O'Brien & Clark, stating that they had arranged for a site of an extra shaft between Shafts 16 and 17 on Section 8, and had obtained the land for that purpose.

In connection therewith the Chief Engineer submitted a communication recommending that O'Brien & Clark be allowed to construct the said shaft between Stations 990 and 1025, at a cost not to exceed \$5,000.

Commissioner Ridgway moved that the recommendation be approved.

Commissioner Baldwin moved, as an amendment, that the matter be referred to the Committee on Construction; and the same was unanimously adopted.

The Chief Engineer next submitted a communication recommending that Charles E. Taft, Inspector of Masonry, be granted an indefinite leave of absence without pay; and on motion of Commissioner Barnes, the same was granted.

The Chief Engineer next submitted the resignation of Rodman Roland G. Rood, to take effect on September 15.

Commissioner Ridgway moved that the same be referred to the Committee on Construction; and it was unanimously adopted.

Commissioner Dowd then presented a letter received from Royal Chapin, referring to back pay which he claims to be due him.

On motion of Commissioner Barnes, the matter was referred to the Committee on Construction. Commissioner Dowd next offered the following resolution:

Whereas, By a majority vote of the Commissioners, authority was heretofore given for the payment for keep of horses belonging to some of the Division Engineers, and by them used more or less in the performance of their official duties; and

Whereas, Experience has shown that such allowances are open to objections of greater or less weight; therefore

Resolved, That from and after this date no allowance be made or bills paid for the keep of horses belonging to members of the Engineer Corps.

Commissioner Barnes moved that the resolution be referred to the Committee on Construction; and the same was lost.

Commissioner Baldwin moved that the resolution be adopted as read; and the same was unanimously adopted.

Commissioner Dowd then offered the following resolution:

Resolved, That the minutes of the Committee on Construction be read at the regular meetings of this Board for their information.

And on his motion, the consideration of said resolution was laid over for one week.

On motion of Commissioner Barnes, the Commissioners then adjourned, and went at once into Executive Session.

JOHN C. SHEEHAN, Secretary.

Minutes of Special Meeting of the Aqueduct Commissioners, held at their office, No. 209 Stewart Building, on Wednesday, September 8, 1886, at 4 o'clock P. M.

Present—Commissioners Spencer, Dowd, Commissioner of Public Works, Commissioners Baldwin, Barnes, Ridgway, and Fish.

The Chief Engineer submitted the following report:

NEW YORK, September 8, 1886.

To the Hon. the Aqueduct Commissioners:

GENTLEMEN—I herewith respectfully report the following progress in the lighting and ventilation of the aqueduct tunnels.

On Brown, Howard & Co.'s contracts some preparation of foundations for electric dynamos have been made at Shafts 4 and 5, and I learn that electric apparatus has been ordered and is nearly ready. At Shaft 9, South Portal, from four to five electric lights have been in use for some months.

One ten-light power dynamo with engine is being erected at Shaft 10 to give three electric lights in each tunnel, which is hardly sufficient.

The same conditions have existed at Shaft 11 B for some months.

At Shafts 1, 2, 3, 6 and 7, no preparations have yet been made to improve the light and ventilation on Brown, Howard & Co.'s work.

On O'Brien & Clark's and Heman Clark's contracts good light and ventilation have been secured in all the tunnels.

On John Brunton & Co.'s contracts no preparations have been made as yet for electric lights and ventilation. Their headings will soon be sufficiently advanced to require it.

The light and ventilation on Brown, Howard & Co.'s tunnels is still vitiated by the use of gasoline and numerous miners' lamps.

Very respectfully,

(Signed)

B. S. CHURCH, Chief Engineer.

In connection therewith Commissioner Barnes offered the following resolution, which was unanimously adopted:

Resolved, That the Chief Engineer be and he is hereby authorized and directed to advertise in three newspapers, published in the City of New York, for proposals for the necessary apparatus to provide electric lights and ventilation for all the shafts and headings where proper lighting and ventilation has not been provided by the contractors, said advertisement to be published ten days; and the proposals which may be received shall be reported at the next ensuing stated meeting of the Commissioners, provided the Chief Engineer shall first ascertain that the contractors have not completed arrangements for lighting and ventilating the shafts and headings which he has this day reported as not being properly lighted and ventilated, and report his action at the next stated meeting of the Commissioners.

The Commissioners then adjourned.

JOHN C. SHEEHAN, Secretary.

No. 2 For Paving with Granite-block Pavement the Roadway of East One Hundred and Fiftieth street, from Mott avenue to Walton avenue, and Laying Crosswalks at the terminating avenues.

Special notice is given that the works must be bid for separately, that is, both works must not be included in the same estimate or envelope.
The nature and extent of each of the works, as near as it is possible to state them, in advance, is as follows :

NUMBER 1, ABOVE MENTIONED.

7,850 linear feet of new curbstone finished and set.
7,930 linear feet of new gutter-stone furnished and laid.
30,000 square feet of new flagging furnished and laid.
Also, the time required for the completion of the whole work, which will be tested at the rate of \$3 per day.

NUMBER 2, ABOVE MENTIONED.

885 square yards of new granite-block pavement.
200 square feet of new bridge-stones for crosswalks.
Also, the time required for the completion of the whole work, which will be tested at the rate of \$3.50 per day.
As the above-mentioned quantities, though stated with as much accuracy as is possible in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received.

1. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and shall not at any time after the submission of an estimate dispute or complain of such statement nor assert that there was any misunderstanding in regard to the depth of the excavation to be made or the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Department of Public Parks, and in substantial accordance with the specifications for the work and the plans therein referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The person making any bid or estimate must furnish the same inclosed in a sealed envelope, to the head of said Department, at his office, on or before the day and hour above mentioned.

The envelope must be indorsed with the name or names of the person presenting the same, the date of its presentation, and a statement of the work to which it relates.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the several contracts is as follows:

For No. 1, above mentioned, \$9,000 00

" 2, " " 1,500 00

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the city so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contracts when awarded will in each case be awarded to the lowest bidder.

Blank forms for proposals and forms of the several contracts which the successful bidders will be required to execute, can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Department, Nos. 27 and 29 Reade street.

M. of Tuesday, the 21st day of September, 1886.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Building a Station-house, Lodging-house and Prison," and with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars of the nature and extent of the work to be done, reference must be made to the plans and specifications on file in the office of the Chief Clerk of the said Department.

Bidders will state in writing, and also in figures, a price for the work complete. The price is to cover the furnishing of all the materials and labor and the performance of all the work called for by the specifications, plans, drawings and form of agreement.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire work is to be completed within seven months from the date of the contract.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of twenty thousand dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an

estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No estimate for a sum in excess of ninety thousand dollars can be considered.

Plans may be examined and specifications and blank estimates may be obtained by application to the undersigned, at his office in the Central Department.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
