### MUNICIPAL ASSEMBLY OF THE CITY OF NEW YORK.

#### THE COUNCIL.

[From the Proceedings of the Council of October 1, 1901.]

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The Vice-Chairman laid before the Council the following Departmental Estimate:  
No. 1406.

DEPARTMENT OF EDUCATION—CITY OF NEW YORK,  
BOARD OF EDUCATION, PARK AVENUE AND FIFTY-NINTH STREET,  
NEW YORK, September 30, 1901.

Hon. RANDOLPH GUGGENHEIMER, President of the Municipal Council:

DEAR SIR—In accordance with the circular letter issued by the Comptroller under date of July 3, 1901, I have the honor to transmit to you herewith, for the use of the Municipal Assembly, a certified copy of the Departmental Estimate of the Department of Education for the year 1902, as adopted by the Board of Education at a special meeting held on September 23, 1901.

Respectfully,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance presents herewith the estimate of the Department of Education for the year 1902, amounting to twenty millions four hundred and sixty-five thousand sixteen dollars and sixty-seven cents.

The Charter provides that all moneys raised for educational purposes in The City of New York shall be raised in two funds, to be known as the Special School Fund and the General School Fund, respectively. The estimate of the Department of Education for the year 1902 is, therefore, divided as follows:

|                          | ESTIMATE FOR<br>1902. | APPROPRIATED<br>FOR 1901. | INCREASE.      |
|--------------------------|-----------------------|---------------------------|----------------|
| General School Fund..... | \$15,664,534 89       | \$14,616,488 77           | \$1,048,046 12 |
| Special School Fund..... | 4,800,481 78          | 3,896,328 92              | 904,152 86     |
|                          | \$20,465,016 67       | \$18,512,817 69           | \$1,952,198 98 |

The second and third columns are added in order to facilitate comparison.  
The General School Fund, being the larger of the two funds, is presented first.

#### GENERAL SCHOOL FUND, 1902.

Chapter 466 of the Laws of 1901, an Act to amend the Greater New York Charter (chapter 378 of the Laws of 1897), provides as follows:

"The board of estimate and apportionment shall appropriate for the general school fund for the year 1902, and, annually, for each year thereafter, an amount equivalent to not less than four mills on every dollar of assessed valuation of the real and personal estate in The City of New York, liable to taxation."

The taxable valuation of property within The City of New York has been furnished by the Department of Taxes, and amounts, as stated, to..... \$3,787,970,873 00  
The product of four mills would therefore amount to..... 15,151,883 49  
The General School Fund, according to the requirements as hereinafter stated, amounts to..... 15,664,534 89  
Which is greater than the sum allowed for 1901 by..... 1,048,046 12  
And in excess of the product of the four mills tax by..... 512,651 40

The question of providing funds for Corporate Schools for the next ensuing year is of particular importance in connection with consideration of the requirements of the General School Fund.

Section 1152 names certain Corporate Schools, and provides that they, "shall participate, through the board of education, in the distribution of the common school fund in the same manner and degree as the common schools in The City of New York."

Section 1154 names certain Corporate Schools, and then provides that they "shall be entitled, through the said board, to participate in the apportionment of the school moneys, as provided for in this chapter."

Former section 1065, containing a prescribed form of apportionment, has been repealed in the new Charter: the Board of Education is, therefore, without light as to what method of apportionment, or distribution, or participation, is intended by the new Charter, none being specifically mentioned.

Under the circumstances, and in order to make an equitable division, it is recommended that the amount to be paid out of the school funds to the Corporate Schools be based upon the "average attendance" of their scholars, the figures appertaining to the public schools being used for arithmetical proportion in the computation.

The City Superintendent of Schools has furnished the following statistics of average attendance for the school year ending July 31, 1901:

|                              | PUBLIC<br>SCHOOLS. | CORPORATE<br>SCHOOLS. |
|------------------------------|--------------------|-----------------------|
| Manhattan and The Bronx..... | 230,953            | 14,970                |
| Brooklyn.....                | 135,978            | 3,804                 |
| Queens.....                  | 23,004             | .....                 |
| Richmond.....                | 8,456              | .....                 |
|                              | 398,391            | 18,774                |

Upon this basis of apportionment, the following would be the result so far as the Corporate Schools are concerned:

|                                          |              |
|------------------------------------------|--------------|
| For the Corporate Schools—               |              |
| Boroughs of Manhattan and The Bronx..... | \$527,359 28 |
| Borough of Brooklyn.....                 | 134,006 32   |
|                                          | \$661,365 60 |

These items are inserted in order that the City may avail itself of the grants of the money made by the Regents of the University of the State of New York. These grants are similar in character and principle to those made through the State Superintendent of Public Instruction for Public School Libraries, and may be said to bear the same relation to the High Schools as the apportionment of State moneys does to the elementary schools. Manhattan and The Bronx has three high schools, Brooklyn has five, Queens has seven schools and classes, and Richmond has some schools and classes which are registered by the Regents.

*Fire Escapes—Special.*

Attention is called to the fact that the Department of Buildings during the past two years has peremptorily ordered fire-escapes put up on several school buildings in this borough. Only very few of these orders could be complied with on account of lack of funds.

The equipment of the following school buildings is very important and will be done as soon as money is allowed for that purpose:

† Decrease.

The foregoing schedule of compensation for 1902 is the same as the estimate for 1901 was based upon, and contains the actual rates which were paid in the year 1900. Owing to the fact that the Board of Estimate and Apportionment failed to appropriate in the year 1900 for use in 1901 a sufficient sum to pay the then existing rates, it has been necessary to reduce the compensation of Janitors in the Borough of Queens for a portion of the current year, in order that the appropriation be not exceeded.
