Resolved, That the heads of the several departments of the Government of The City of New York be and they are hereby requested to close their offices on Saturday, December 26, 1903, and Saturday, January 2, 1904, and all other offices not by law required to be kept open for public business to be kept closed on the said days.
Adopted by the Board of Aldermen December 1, 1903.
Approved by the Mayor December 9, 1903.

P. J. SCULLY, City Clerk.

BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTE. BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, COUNCIL CHAMBER, CITY HALL, FRIDAY, NOVEMBER 20, 1903.

The Board met in pursuance of an adjournment.

Present—Seth Low, Mayor; Edward M. Grout, Comptroller; J. W. Stevenson, Deputy Comptroller; J. H. McInnes, Acting President, Board of Aldermen; Jacob A. Cantor, President, Borough of Manhattan; J. Edward Swannstrom, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; J. Bermel, Commissioner of Public Works, and Acting President, Borough of Queens; George Cromwell, President, Borough of Richmond.

Hon. Seth Low, Mayor, presiding.

The minutes of the meetings held July 15, 22, 29, 31, August 18, 19, September 2 and 9 were approved as printed, and the reading of the minutes of the meetings held September 16, 23, 30, October 5, 7, 8, 9, 12, 14, 15, 19, 22, 31 and November 13 was dispensed with.

The hearings on the application of the New York Central and Hudson River Railroad for a franchise to use Twelfth and Thirteenth avenues, between Twenty-seventh and Thirty-seventh streets, Borough of Manhattan, and on the application of the New York and Long Island Traction Company for a franchise to operate a street surface railway in the boroughs of Brooklyn and Queens were postponed until later in the meeting.

The Secretary presented a report of the Appraiser of Real Estate, Department of Finance, relative to the purchase of property opposite the Bronx Park, at the junction of the Southern Boulevard and Crotona avenue, as a site for a new Fordham Hospital, and the following resolution authorizing the issue of \$80,000 Corporate Stock to provide means for the purchase of same.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding eighty thousand dollars (\$80,000), to provide means for the purchase of four (4) acres of land opposite Bronx Park, at the junction of the Southern Boulevard and Crotona avenue, as a site for a new Fordham Hospital, Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to

an amount not exceeding eighty thousand dollars (\$80,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn and Richmond and Acting President of the Borough of Queens—13.

The Secretary presented the following resolution rescinding a resolution authorizing an issue of \$80,000 Corporate Stock for the purchase of a site for a new Fordham Hospital:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment November 20, 1903, which reads as follows:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding eighty thousand dollars (\$80,000), to provide means for the purchase of four (4) acres of land opposite Bronx Park at the junction of the Southern Boulevard and Crotona avenue, as a site for a new Fordham Hospital, Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eighty thousand dollars (\$80,000), the proceeds whereof to be applied to the purposes aforesaid be and the same is hereby rescinded.

Which was adopted by the following vote:

The Secretary presented the following communication from the Civil Service Commission, requesting a transfer of \$90 to its appropriation entitled "Civil Service of The City of New York, Expenses of":

MUNICIPAL CIVIL SERVICE COMMISSION OF THE CITY OF NEW YORK, No. 61 ELM STREET,
CORNER OF LEONARD STREET,

NEW YORK, October 20, 1903.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I submit herewith the bill of Pratt Institute, Brooklyn, dated January 27, 1903, though not received by us until August 12, for conducting certain trade examinations during the year 1902. The amount of the bill is \$90.

We are informed by the Department of Finance that it is necessary for us to obtain a transfer from some appropriation before the bill can be paid, in view of the fact that our appropriation for 1902 has been exhausted.

We therefore ask that you take such action as will make possible the payment of the bill, which is a just one.

Accompanying the bill are certain communications with reference thereto, containing all available information.

Respectfully yours,
S. WM. BRISCOE, Secretary.

The following resolution was offered:

Resolved, That the sum of ninety dollars (\$90) be and the same is hereby transferred from the appropriation made to the Mayoralty for the year 1902, entitled "Bureau of Licenses—Mayor's Office—Supplies and Contingencies," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Civil Service Commission for the year 1902, entitled "Civil Service of The City of New York, Expenses of," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, Richmond and Acting President of the Borough of Queens—13.

The Secretary presented the following communication from the Auditor of Accounts, Department of Finance, relative to the claim of Joseph D. Duffy, for work alleged to have been performed in 1901, under the direction of the Department of Docks and Ferries, in connection with the improvement of a small park at the foot of East Seventeenth street, Borough of Manhattan:

October 5, 1903.

In the matter of Claim No. 9049½ of Joseph D. Duffy, for \$1,590, for work alleged to have been performed in 1901 under the direction of the Department of Docks and Ferries, and in connection with the improvement of a small park at the foot of East Seventeenth street, Borough of Manhattan.

Hon. EDWARD M. GROUT, Comptroller:

SIR—This claim is presented by Joseph D. Duffy for labor and material furnished according to plans and specifications under a resolution adopted by the Board of Docks to authorize the laying out of the recreation ground between Seventeenth and Eighteenth streets, East river.

In his testimony before the Comptroller, transmitted herewith, claimant states that he did certain work under an order dated September 30, 1901, No. 21250 signed by Charles F. Murphy, Treasurer, by which he was required to deliver at site of the work, all labor and material for furnishing and erecting closet stalls in the women's and four closet stalls and five urinal stalls in the men's public comfort cottage in the park at East Seventeenth street, East river, including all necessary plumbing, closets, urinals, two wash basins and stall partitions, in accordance with accompanying plans and specifications; that the agreed price was \$1,590, and that the work was completed in accordance with the order.

Peter S. Doring, an Examiner of this Division, in a report transmitted herewith, has furnished a copy of the resolution of the Board of Docks under which the work is alleged to have been done, which resolution purports to have been adopted by the Board of Docks on May 31, 1901, and directed the Engineer-in-Chief of the Department to proceed with the work of building and erecting a recreation ground at the place mentioned, and that the labor and material not contracted for be purchased by the Treasurer otherwise than by contract.

In reference to this and other claims of a similar character, a communication under date of March 18, 1902, was sent to the Corporation Counsel, with a request for his advice as to the power of the Department of Docks and Ferries to authorize work to be performed for the improvement of a small park, and also as to whether or not an expenditure in excess of \$1,000 was properly incurred under a Treasurer's order. In an opinion, dated April 30, 1902, the Corporation Counsel stated that, in view of the fact that the Department of Docks and Ferries had no authority to lay out or improve a park, "the work in question was illegal, and the City is not liable therefor." In a subsequent communication to the Comptroller, dated May 15, 1903, the Corporation Counsel set forth in detail the provisions of chapter 93 of the Laws of 1903, passed March 25, 1903, showing thereby that "all the acts of the Department of Docks and Ferries in regulating, grading and improving" said park "are hereby ratified, confirmed, legalized and approved."

By chapter 509 of the Laws of 1903, passed May 9, 1903, a copy of which is herewith transmitted, the Board of Estimate and Apportionment was authorized and empowered "to examine, audit and allow the claims" of persons who furnished work, labor, and services or materials or supplies for the improvement of said park, provided, "that the total amount of alleged claims so audited or allowed shall not exceed the sum of \$7,500." And it was also enacted that "upon such audit and allowance by the Board of Estimate and Apportionment" the Comptroller was authorized and empowered to pay such sum as might be so audited and allowed by the said Board of Estimate and Apportionment. It would seem therefore that it was the intention of the Legislature to vest in the Board of Estimate and Apportionment the power to adjust the claim under consideration.

As regards the value of the services for which claim is made, Allen A. Spooner, Assistant Engineer in the Department of Docks and Ferries, under date of September 11, 1902, has certified that the quantity was correct and the quality was as called for, which certificate was approved by J. A. Seene, Chief Engineer of the Department of Docks and Ferries. Furthermore, Jackson Wallace, Deputy Commissioner of Docks, under date of February 15, 1902, in his certificate, transmitted herewith, states that he has examined the bills of the claimant, amounting to \$1,590, and that they are correct and just.

The full amount to be allowed, if the claim be approved, will be \$1,590.

In view therefore of the provisions of chapter 509 of the Laws of 1903, it is respectfully recommended that this report be transmitted to the Board of Estimate and Apportionment for its information and for such action in the premises as it may deem advisable.

Respectfully,

JOS. L. HANCE, Auditor of Accounts.

Approved: JAMES F. MCKINNEY, Chief of Division.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 509 of the Laws of 1903, the Board of Estimate and Apportionment hereby audits and allows as a charge against The City of New York the claim of Joseph D. Duffy, amounting to one thousand five hundred and ninety dollars (\$1,590), alleged to be due for work done and material furnished in connection with the improvement of a small park at the foot of East Seventeenth street, Borough of Manhattan, under the direction of the Department of Docks and Ferries.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, Richmond and Acting President of the Borough of Queens—13.

The President of the Borough of Manhattan appeared and took his place in the Board.

The Secretary presented the following communication from the Auditor of Accounts, Department of Finance, relative to the claim of George P. Smith and Thomas J. Loughlin, composing the firm of Smith & Loughlin, alleged to be due for certain work, labor and materials furnished in connection with the erection of an iron railing for the park at the foot of East Seventeenth street, Borough of Manhattan:

September 4, 1903.

In the matter of Claim No. 15014 of George P. Smith and Thomas J. Loughlin, composing the firm of Smith & Loughlin, for \$2,499.84, alleged to be due for certain work, labor and materials furnished in connection with the erection of an iron railing for the park at the foot of East Seventeenth street, Borough of Manhattan, City of New York.

Hon. EDWARD M. GROUT, Comptroller:

SIR—This division reported upon said claim under date of January 2, 1903. In said report reference was made to a communication dated June 16, 1902, transmitted to the Comptroller by the Secretary of the Department of Docks and Ferries. In said communication it was stated by said Secretary that the work done by Smith & Loughlin consisted in furnishing and erecting at the foot of East Seventeenth street about 896 linear feet of wrought-iron rail, in accordance with plans and specifications on file in the office of the Department; that this railing was delivered and put in place in strict accordance with the terms of an order issued by the Treasurer of the Department of Docks and Ferries, under date of August 15, 1901, in which the sum of \$2.79 per linear foot was set forth as the cost of said railing.

It appears, as set forth in the former report of this division, that this and various other bills for work done in connection with the park at the foot of East Seventeenth street, Borough of Manhattan, were not paid, owing to the fact that the Corporation Counsel has questioned the authority of the former Commissioner of the Department of Docks and Ferries to give orders for such work.

On April 30, 1902, in a communication to the Comptroller concerning a similar claim of Dunne & Co. for compensation for materials furnished and labor performed in the construction of said park at the foot of East Seventeenth street, the Corporation Counsel stated that the work, as performed by Dunne & Co., had been performed within the "marginal street wharf or place, which is most undoubtedly (Greater New York Charter, section 819) within the exclusive jurisdiction of the Department of Docks and Ferries"; that he was unable to find, however, any power in the Department of Docks and Ferries at the time this work was done to lay out a recreation ground; that it is impossible for him to say, from the facts before him, what the laying out of a recreation ground has to do with the improvement of the marginal wharf for the purpose of commerce; that the persons who did the work in question and furnished the materials under the orders issued by said Department have a right of action against the former Commissioner of Docks and Ferries personally, but no claim against The City of New York for work which the Commissioners of said Department had no jurisdiction to order.

In view of said opinion of the Corporation Counsel, rendered in the matter of the claim of Dunne & Co., it was recommended in the former report of this division, above referred to, that Claim No. 15014, of Smith & Loughlin, be likewise disallowed.

On May 15, 1903, in a communication to the Comptroller concerning the claim of Dunne & Co., the Corporation Counsel made reference to chapter 93 of the Laws of 1903, which is an act to legalize the acts of the Department of Docks and Ferries of The City of New York in laying out as a park and playground the plot in East Seventeenth street above referred to, and declaring such block of land to be a public park and playground. The Corporation Counsel stated that by the provisions of this act all the acts of the Department of Docks and Ferries in regulating, grading and improving said park are ratified, confirmed, legalized and approved.

It would therefore seem that the action of the Commissioners of the Department of Docks and Ferries in ordering the work done by Smith & Loughlin was covered by said act.

At the same session of the Legislature chapter 509 of the Laws of 1903 was enacted, permitting the Board of Estimate and Apportionment to examine, audit and allow the claims, if any, of persons who have heretofore, under the order or direction of the Department of Docks and Ferries for The City of New York, performed any labor or services or supplied materials for the regulation, grading and improvement as a public park and playground of the block of land previously referred to; provided, however, that the total amount of the claims audited or allowed shall not exceed the sum of \$7,500.

On August 28, 1903, John G. Moran, an Inspector employed in this Department, in a report to William McKinney, Esq., Chief Auditor of Accounts, stated that the price of \$2.79 per linear foot is a fair and reasonable price for the work that was done by Smith & Loughlin.

It would therefore seem that the claimants, Messrs. Smith and Loughlin, did render certain work in furnishing and erecting at the place in question about 896 linear feet of wrought iron railing in accordance with the plans and specifications of the Department of Docks and Ferries; that the price of \$2.79 per linear foot, charged by them and specified in the order to them, issued by said Department, is proper and reasonable. It would therefore seem that said claim should be settled and adjusted at the sum of \$2,499.84, and it is respectfully recommended that this report be transmitted to the Board of Estimate and Apportionment for action, pursuant to chapter 509 of the Laws of 1903.

Respectfully,

JEREMIAH T. MAHONEY, Auditor of Accounts.

Approved: JAMES F. MCKINNEY, Chief of Division.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 509 of the Laws of 1903, the Board of Estimate and Apportionment hereby audits and allows as a charge against The City of New York the claim of George P. Smith and Thomas J. Loughlin, composing the firm of Smith & Loughlin, for two thousand four hundred and ninety-nine and 84-100 dollars (\$2,499.84) alleged to be due for certain work done, labor and materials furnished in connection with the erection of an iron railing for the park at the foot of East Seventeenth street, Borough of Manhattan, City of New York.

The Secretary presented the following communication from the Chief Engineer of the Board of Estimate and Apportionment, transmitting report (No. 1617) in regard to the sanitary sewer basin cleaner; also communication from Mr. George C. Furman, attorney, relative thereto, which were referred to a committee composed of the Presidents of the several Boroughs:

REPORT No. 1617.

BOARD OF ESTIMATE AND APPORTIONMENT—OFFICE OF THE CHIEF ENGINEER, CITY HALL,
NEW YORK, October 31, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of October 8, 1903, the President of the Borough of Manhattan has forwarded to the Board of Estimate and Apportionment a communication from Mr. George C. Furman concerning an appliance for cleaning sewer basins, with the suggestion that the matter be referred to your engineer.

I have accordingly carefully read the letter of Mr. Furman, with the description of his appliance, and have also had a personal interview with him. The proposition contained in his letter is that the City purchase from him the right to use his appliance in all parts of the City for the unexpired term of the patent, which is twelve years, for the sum of \$35,000.

The appliance is a very simple one, and which could be attached to an ordinary dump cart, and is designed to prevent any handling of the matter taken from sewer basins, or the dropping of this matter upon the surface of the streets. It consists simply of a bucket which can be raised and lowered by means of a drum operated by a crank at the forward end of the cart, while the basket will dump itself after reaching a position over the cart box. It is said to be in use in the City of Yonkers, and Mr. Samuel L. Cooper, Commissioner of Public Works of that city, states that the cost of keeping clean 500 catch basins in that city with this appliance is about \$10 per day, while by the old method it cost \$18.50 per day to care for 400 basins, and that "the change has marked a decided advance over any previous method that I (he) have observed, and gives entire satisfaction."

I do not doubt that this method of cleaning sewer basins has a great advantage over that now in use. The work of cleaning sewer basins in each borough, however, is under the entire control of the Borough President, who has the power to employ such methods as he thinks best, and for the City to pay a large sum to the patentee of this device for the privilege of using it for a term of years, when the President of one or more of all the boroughs might not feel disposed to make use of it, appears unreasonable and not worthy of consideration.

In my judgment the proper method for Mr. Furman to pursue would be to present his invention to the different Borough Presidents, and if they were disposed to equip their force employed on the cleaning of sewer basins with his appliances, they could then apply to this Board, in accordance with the provisions of the Charter, to specify the conditions upon which bids could be asked so as to secure reasonable competition.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

No. 229 BROADWAY, NEW YORK CITY,
September 28, 1903.

Hon. JACOB A. CANTOR, President of the Borough of Manhattan:

DEAR SIR—Permit me to call attention to report of Commissioner Livingston to you of February last, in which he shows urgent need of better appliances for doing the work of his department. To help meet this want, and others, the "Sanitary Sewer Basin Cleaner," shown and described in the annexed booklet, is offered for use in Greater New York on very favorable terms to the City.

This cleaner may be made useful in many ways in the City work. Together with aid in sewer work, its use will have the approval of the Street Cleaning Department, by preventing cleanings from sewers being dumped or distributed on the streets; and also the Health Department, by making the work of men engaged in cleaning more easy and wholesome, and will not keep them and people in the neighborhood of the cleaning so long exposed to the noxious gases, as is the case by present primitive methods.

The sanitary and economic advantages in the use of this cleaner are many, and have been fully and most satisfactorily demonstrated by its use for several years past in our neighboring City of Yonkers, where but two cleaners have been needed. Many basins have to be cleaned after every heavy rain.

A very conservative estimate of the economy to the City by use of the cleaner is shown by the following figures:

Manhattan Borough, 500 miles, basins.	6,000
Brooklyn Borough, 700 miles, basins.	8,000
Brox Borough, 200 miles, basins.	2,137
Queens Borough, 147 miles, basins.	1,600
Richmond Borough, 55 miles, basins.	250
Total basins.	17,987
Cleanings per year.	2
Time saved four men.	35,974
Years' lease.	12
Saved to taxpayers.	\$431,688 00

Commissioners' report for 1901 shows that it cost for cleaning sewers and basins in Manhattan \$64,667 for the year, and for twelve years, at the same rate, the cost would be \$776,004.

This cleaner is easily applied to carts now in use, costs about thirty-five dollars and is offered for use in Greater New York for thirty-five thousand dollars for unexpired term of patent, about eight cents on the dollar of shown saving.

Believing that the sanitary and economic advantages by use of this cleaner are so many that they will gain favorable consideration, and the cleaner be approved for use in Greater New York, I ask that this proposal be brought before the Board of Estimate and Apportionment at an early day for its consideration and action.

Very respectfully yours,
GEO. C. FURMAN.

The consideration of the opinion of the Corporation Counsel as to the legality of locating a public building on the open space at the junction of White Plains road and Briggs avenue, Borough of The Bronx, instead of at another suggested location, was postponed until the arrival of the President of the Borough of The Bronx.

The Secretary presented the following communication from the City Clerk, requesting a transfer of \$300 to "Contingencies—City Clerk":

THE CITY OF NEW YORK—OFFICE OF THE CITY CLERK, CITY HALL,
NEW YORK, October 20, 1903.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Will you kindly transfer the sum of three hundred dollars (\$300) from the unexpended balance of appropriation for "Sealers and Inspectors of Weights and Measures, 1903," to the account of "City Clerk's Contingencies, 1903," for the reason that the amount appropriated is insufficient to cover the expenditures incurred during the year.

Respectfully,
P. J. SCULLY, City Clerk.

Approved: SETH LOW, Mayor.

The following resolution was offered:

Resolved, That the sum of three hundred dollars (\$300) be and the same is hereby transferred from the appropriation made for "Inspectors and Sealers of Weights and Measures" for the year 1903, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the office of the City Clerk, entitled "Contingencies—City Clerk" for the year 1903, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

The Secretary presented the following communication from the Commissioner of Correction, requesting a transfer of \$10,000 to "Borough of Manhattan—Supplies and Contingencies":

DEPARTMENT OF CORRECTION OF THE CITY OF NEW YORK—COMMISSIONER'S OFFICE, No. 148 EAST TWENTIETH STREET,

NEW YORK, October 9, 1903.

Hon. SETH LOW, Mayor, and Chairman Board of Estimate and Apportionment:

DEAR SIR—I would respectfully ask your Honorable Board to authorize the following transfers:

BOROUGH OF BROOKLYN.

From appropriation granted to this Department for "Supplies and Contingencies"	\$7,000 00
"Repairs of Buildings and Apparatus"	3,000 00
Total	\$10,000 00

—to "Supplies and Contingencies," Borough of Manhattan.

Both appropriations are for the year 1903.

Respectfully yours,

THOMAS W. HYNES, Commissioner.

The following resolution was offered:

Resolved, That the sum of ten thousand dollars (\$10,000) be and the same is hereby transferred from the following appropriations made to the Department of Correction for the year 1903, entitled and as follows:

BOROUGH OF BROOKLYN.

"Supplies and Contingencies"	\$7,000 00
"Repairs of Buildings and Apparatus"	3,000 00
Total	\$10,000 00

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said Department of Correction for 1903, entitled "Borough of Manhattan—Supplies and Contingencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

The Secretary presented the following communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting authority to employ an architect in connection with the alterations, changes and improvements in the Aquarium Building in Battery Park, Borough of Manhattan:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS, ARSENAL, CENTRAL PARK,
October 9, 1903.

To the Board of Estimate and Apportionment, New York City:

GENTLEMEN—Funds having been provided for making alterations, changes and improvements in the Aquarium Building in Battery Park, I respectfully request authority from your Honorable Board to employ an architect for that work at the usual compensation, payable from such funds.

Respectfully,

W. R. WILLCOX,

Commissioner of Parks, Boroughs of Manhattan and Richmond.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Commissioner of Parks, Boroughs of Manhattan and Richmond, to employ an architect in connection with the alterations, changes and improvements in the Aquarium Building in Battery Park, Borough of Manhattan, compensation to be paid in accordance with the schedule adopted by the American Institute of Architects.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

The Secretary presented the following communication from the Board of Education, requesting an appropriation of \$60 to be applied in payment of the extra cost of Charles H. Peckworth, contractor, for additional work on Public School 138, Borough of Brooklyn:

To the Executive Committee:

The Committee on Buildings respectfully reports that it is in receipt of an estimate amounting to \$60 from Charles H. Peckworth for additional work on his contract for the general construction of Public School 138, Borough of Brooklyn.

The additional work mentioned consists of placing a temporary leader on the roof to carry off the water, and was rendered necessary by reason of the fact that the contract for sanitary work had not been let.

The Superintendent of School Buildings recommended that Charles H. Peckworth be authorized to do this work, as the completion of this building would be considerably expedited thereby.

Your Committee has given the matter very careful consideration, and submits for adoption the following resolution:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of sixty dollars (\$60) be and the same is hereby appropriated from the proceeds of Corporate Stock, to be issued pursuant to section 48 of the Greater New York Charter, application for the issue of which is hereby made; said sum to be applied in full payment for extra cost to Charles H. Peckworth, contractor, for additional work in connection with the contract for the general construction of Public School 138, Borough of Brooklyn, —requisition for said sum being hereby made upon the Comptroller.

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on October 21, 1903.

A. EMERSON PALMER, Secretary, Board of Education.

Approved: EUG. E. McLEAN, Engineer, Department of Finance.

October 27, 1903.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education by resolution adopted October 21, 1903, for the appropriation of sixty dollars (\$60) from the proceeds of Corporate Stock of The City of New York, issued pursuant to the provisions of section 48 of the Greater New York Charter, said sum to be applied in full payment for extra cost to Charles H. Peckworth, contractor, for additional work in connection with the contract for the construction of Public School 138, Borough of Brooklyn.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

The Secretary presented the following communication from the Justice of the Second District Municipal Court, Borough of The Bronx, requesting the transfer of \$300 to the account entitled "Supplies and Contingencies":

MUNICIPAL COURT OF THE CITY OF NEW YORK, BOROUGH OF THE BRONX, SECOND DISTRICT, THIRD AVENUE AND ONE HUNDRED AND FIFTY-EIGHTH STREET,

October 7, 1903.

Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I respectfully request that the sum of \$300 be transferred from the appropriation for salaries in this Court for the year 1903 to the fund for Supplies and Contingencies. There is at present, and will be at the end of the year, more than this sum unexpended from the appropriation for Salaries for the current year, in consequence of the vacancy in the office of Attendant caused by the death of

Timothy J. Kelly on May 30, which vacancy has not been filled, because of the absence of an eligible list for the position. The sum now requested is designed to be used for the purchase of a chair for the Justice, a bookcase, a safe, and for rent of telephone. The sum of \$200 was allowed for Supplies and Contingencies for the year 1903. At the present time there remains unexpended of that fund the sum of \$19.67. Against this before the end of the year will be chargeable for the single item of telephone \$7.50 per month, and such extra charges as will accrue for messages to outlying boroughs. The telephone is an imperative necessity for public convenience, in consequence of the large amount of business transacted in this Court by litigants and attorneys living and having their offices in other boroughs. The chair now used by the Justice is in a dilapidated and unsafe condition, having been in use for upwards of fifteen years. The safe now in the Clerk's office is small, antiquated, cannot be locked, and is beyond repair. It affords no protection either against theft or fire, and came into the use of the City at the time of annexation in 1874. The Court is located in a building of private ownership and is non-fireproof. The law books in the Court, the property of the City, are scattered about because of lack of sufficient bookcases.

The Justice of this Court has been endeavoring for several years to obtain these articles, but no fund has been available. It is therefore most earnestly urged that this request be granted.

Respectfully yours,

JOHN M. TIERNEY, Justice.

The following resolution was offered:

Resolved, That the sum of three hundred dollars (\$300) be and the same is hereby transferred from the appropriation made to the Municipal Courts of The City of New York (Second District, Borough of The Bronx), for the year 1903, entitled "Salaries," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Courts for the year 1903, entitled "Supplies and Contingencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Acting President of the Borough of Queens—15.

The Secretary presented the following resolution amending resolution adopted October 22, 1903, relative to the Fire Commissioner advertising for bids for furnishing and delivering supplies:

Resolved, That the resolution adopted October 22, 1903, authorizing the Fire Commissioner to advertise for bids for furnishing and delivering all supplies heretofore enumerated, in accordance with the forms of "proposals for bids or estimates, bid or estimate, bond, contract and specifications" submitted by the Fire Department to the Board of Estimate and Apportionment, be and the same is hereby amended by inserting in Item 9, after the words "not more than 60 pounds per length," the following:

5,000 feet $1\frac{1}{2}$ -inch, inside diameter, three ply, rubber fire hose.

3,000 feet 3-inch, inside diameter, five ply, rubber fire hose.

100 feet $3\frac{3}{4}$ -inch, inside diameter, five ply, rubber fire hose.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

The Secretary presented the following communication from the Fire Department, denying the application of the Aqueduct Hose Company 4, of the Woodhaven Fire Department, for an appropriation of \$666.67, which was ordered on file:

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK, NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,

BOROUGH OF MANHATTAN, September 28, 1903.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—I beg to acknowledge the receipt of your communication of September 9 in regard to the proposed appropriation of \$666.67 for the use of Aqueduct Hose Company 4, of the Woodhaven Fire Department, and in reply I beg to inform you that I cannot give my approval to this application for an appropriation for the reason that Aqueduct Hose Company 4 was incorporated on July 27, 1903, and consequently does not become entitled, under the provisions of section 722 of the Greater New York Charter, to an allowance from the City until June 1 next following, which would be June 1, 1904.

I return herewith the papers which accompanied your communication.

Respectfully yours,

THOMAS STURGIS, Commissioner.

AQUEDUCT, N. Y., August 5, 1903.

Board of Estimate and Apportionment, Borough of Manhattan:

GENTLEMEN—In accordance with a resolution of this company I transmit herewith copy of a resolution adopted unanimously by the Aqueduct Hose Company 4, of the Woodhaven Fire Department, at a meeting held on Tuesday evening, August 4, 1903, together with a certified copy of a certificate of incorporation of said company from the County Clerk of the County of Queens.

Yours respectfully,

WM. H. SMITH, Secretary.

Introduced by Chairman of Board of Trustees, William S. Van Keuren:

Resolved, That the Secretary of the Aqueduct Hose Company 4, of the Woodhaven Fire Department, communicate to the Board of Estimate and Apportionment of The City of New York that they are one of the fire companies in the Borough of Queens entitled to an appropriation of eight hundred dollars (\$800) as a fire hose company, payable June 1 of each year, under section 722 of the Greater New York Charter; and be it further

Resolved, That the Board of Estimate and Apportionment of The City of New York be requested to pay to the treasurer of the said Aqueduct Hose Company 4 (William Smith, address, Aqueduct, Woodhaven, N. Y.), a pro rata payment on such eight hundred dollars (\$800) from the date of its incorporation on July 27, 1903, to the first day of June, 1904, which amounts to six hundred and sixty-six and sixty-seven one-hundredths dollars (\$666.67); be it further

Resolved, That the Secretary forward a certified copy of the certificate of incorporation of this Company to the Board of Estimate and Apportionment, and a copy of this resolution.

The above resolution was carried by a vote of 36 for, none against, out of a membership of forty which is now on the roll and all in good standing.

The Secretary presented the following communication from the Board of Education relative to an appropriation of \$325 for the payment of bills for services in the matter of acquiring title to No. 92 James street, Borough of Manhattan, and for examining title to property on One Hundred and Forty-fifth and One Hundred and Forty-sixth streets, Borough of The Bronx:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of eight hundred and fifteen dollars and fifty cents (\$815.50) from the Special School Fund of the Department of Education for the current year and from the item contained therein entitled "School Libraries," Board of Education, to the item also contained within the Special School Fund for the same year entitled "Recreation in Public School Buildings," Board of Education.

A true copy of resolution adopted by the Executive Committee of the Board of Education on October 21, 1903.

A. EMERSON PALMER, Secretary, Board of Education.

The following resolution was offered:

Resolved, That the sum of eight hundred and fifteen dollars and fifty cents (\$815.50) be and the same is hereby transferred from the appropriation made to the Department of Education for the year 1903, entitled "Board of Education, Special School Fund—School Libraries," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the year 1903 entitled "Board of Education, Special School Fund—Recreation in Public School Buildings," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

The Secretary presented the following communications from the Board of Education requesting the Board of Estimate and Apportionment to ratify the action of said Board of Education in fixing the salaries of certain Janitors:

To the Executive Committee:

The Committee on Care of Buildings respectfully reports that it has had under consideration a communication from the Supervisor of Janitors, relative to the rent allowance of the Janitor of Public School 69, Borough of Manhattan, and finds that, owing to the high rentals demanded for houses within 500 yards of the school building (the Janitor being required by the by-laws of the Board of Education to reside within the above-mentioned limit), the Janitor is entitled to additional compensation to the amount of \$24 per annum from October 1, 1903.

The following resolutions are offered for adoption:

Resolved, That the action of the Committee on Care of Buildings in increasing the salary attached to the position of Janitor of Public School 69, Borough of Manhattan, from \$2,548 to \$2,572 per annum, subject to the approval of the Board of Estimate and Apportionment and of the Board of Aldermen, to take effect from and after October 1, 1903, be and the same is hereby approved and ratified.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salary of the Janitor of

Public School 69, Borough of Manhattan, be increased from \$2,548 to \$2,572 per annum, for the reason above set forth, said increase to date from October 1, 1903, as above stated.

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on October 21, 1903.

A. EMERSON PALMER, Secretary, Board of Education.

To the Executive Committee:

The Committee on Care of Buildings respectfully reports that it has had under consideration a communication from the Supervisor of Janitors, submitting a report on an additional staircase in Public School 35, Borough of Brooklyn, and finds that the Janitor is entitled to additional compensation to the amount of \$57.60 per annum from September 1, 1903, the date on which the Janitor began to care for said staircase.

The following resolutions are offered for adoption:

Resolved, That the action of the Committee on Care of Buildings in increasing the salary attached to the position of Janitor of Public School 35, Borough of Brooklyn, from \$2,400 to \$2,457.60 per annum, subject to the approval of the Board of Estimate and Apportionment and of the Board of Aldermen, taking effect from and after September 1, 1903, be and the same is hereby approved and ratified.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salary of the Janitor of Public School 35, Borough of Brooklyn, be increased from \$2,400 to \$2,457.60 per annum, for the reason above set forth, said increase to date from September 1, 1903, as above stated.

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on October 21, 1903.

A. EMERSON PALMER, Secretary, Board of Education.

To the Executive Committee:

The Committee on Care of Buildings respectfully reports that it has had under consideration a communication from the Supervisor of Janitors, submitting a report on the new Annex to Public School 73, Borough of Manhattan, and finds that the Janitor is entitled to additional compensation to the amount of \$67.32 per annum from September 15, 1903, the date on which the Janitor began to care for said annex, containing two classrooms.

The following resolutions are offered for adoption:

Resolved, That the action of the Committee on Care of Buildings in increasing the salary attached to the position of Janitor of Public School 73, Borough of Manhattan, from \$1,833 to \$1,900.32 per annum, subject to the approval of the Board of Estimate and Apportionment and of the Board of Aldermen, taking effect from and after September 15, 1903, be and the same is hereby approved and ratified.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salary of the Janitor of Public School 73, Borough of Manhattan, be increased from \$1,833 to \$1,900.32 per annum, for the reason above set forth, said increase to date from September 15, 1903, as above stated.

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on October 21, 1903.

A. EMERSON PALMER, Secretary, Board of Education.

To the Executive Committee:

The Committee on Care of Buildings respectfully reports that it has had under consideration a communication from the Supervisor of Janitors, submitting a report on the additional paved yard space in Public School 36, Borough of The Bronx, and finds that the Janitor is entitled to additional compensation to the amount of \$424.40 per annum, from October 1, 1903, the date on which the Janitor began to care for said paved yard.

The following resolutions are offered for adoption:

Resolved, That the action of the Committee on Care of Buildings in increasing the salary attached to the position of Janitor of Public School 36, Borough of The Bronx, from \$2,431 to \$2,855.40 per annum, subject to the approval of the Board of Estimate and Apportionment and of the Board of Aldermen, taking effect from and after October 1, 1903, be and the same is hereby approved and ratified.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salary of the Janitor of Public School 36, Borough of The Bronx, be increased from \$2,431 to \$2,855.40 per annum, for the reason above set forth, said increase to date from October 1, 1903, as above stated.

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on October 21, 1903.

A. EMERSON PALMER, Secretary, Board of Education.

The following resolution was offered:

Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Board of Education taken and dated October 21, 1903, in fixing the salaries of the following positions in the Department of Education:

Janitor, Public School 69, Manhattan, at \$2,572 per annum, as of October 1, 1903

Janitor, Public School 35, Brooklyn, at \$2,457.60 per annum, as of September 1, 1903.

Janitor, Public School 73, Manhattan, at \$1,900.32 per annum, as of September 15, 1903.

Janitor, Public School 36, The Bronx, at \$2,855.40 per annum, as of October 1, 1903.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

Resolved, That the Board of Trustees of the College of The City of New York hereby consents to the transfer to the Department of Water Supply, Gas and Electricity, of the sum of three hundred dollars (\$300) from the appropriation allowed by the Board of Estimate and Apportionment for the support and maintenance of the college for the year 1903, said sum to be applied in payment of all bills for lighting the college buildings for the remainder of the year 1903.

A true copy of a resolution adopted by the Board of Trustees of the College of The City of New York, October 19, 1903.

CHAS. PUTZEL,

Secretary, Board of Trustees of the College of The City of New York.

The following resolution was offered:

Resolved, That the sum of three hundred dollars (\$300) be and the same is hereby transferred from the appropriation made to the College of The City of New York for the year 1903, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Department of Water Supply, Gas and Electricity for 1903, entitled "Boroughs of Manhattan and The Bronx—Lamps and Lighting," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen

and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

The Comptroller appeared and took his place in the meeting.

The Secretary presented the following communications from the Commissioner of Street Cleaning, Acting Corporation Counsel and the Engineer of the Department of Finance, all relative to a contract with the American Railway Traffic Company, as assignee of H. Milton Kennedy, for the final disposition of street sweepings, ashes and rubbish in the Borough of Brooklyn:

DEPARTMENT OF STREET CLEANING,
NEW YORK, October 15, 1903.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment:

SIR—I transmit herewith for approval by your Board of the terms and conditions thereof, pursuant to section 544 of the Greater New York Charter, form of agreement with the American Railway Traffic Company, as assignee of H. Milton Kennedy, to alter some of the details in the method of doing the work as described in the specifications submitted along with his bid for the contract for the final disposition of street sweepings, ashes and rubbish in the Borough of Brooklyn, by Mr. Kennedy when the contract was awarded to him, said details not being a part of the original contract itself.

These changes would be advantageous to both parties to the contract and are necessitated by the fact that at some of the places where it is proposed to construct receiving stations of the contractor, the difference in level between the ground on which the stations are to be built and the grade of the street would not admit of the contractor's method being literally carried out, etc.

This form of agreement has been approved as to form by the Corporation Counsel and is to be executed by all the parties in interest, including the sureties on the contract.

I enclose also a copy of the Corporation Counsel's opinion recommending that this agreement be approved by your Board.

Respectfully,

JOHN MCGAW WOODBURY, Commissioner.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, October 15, 1903.

Hon. JOHN MCGAW WOODBURY, Commissioner of Street Cleaning:

SIR—A communication from your Department, dated October 8, 1903, was received. It reads as follows:

Referring to your communication of the 7th instant, in reply to my question of September 24, 1903, in reference to certain proposed changes in some of the details of the work under the contract for the final disposition of street sweepings, ashes, etc., in the Borough of Brooklyn, I transmit herewith, for approval of the form thereof, form of agreement between the American Railway Traffic Company, the assignee of the Contractor under the said contract, and myself, on behalf of The City of New York, to effect these changes, together with the consents of the two sureties on the bond for the faithful performance of the work under the said contract, it being my intention to send these forms, after you have approved them as to form, to the Board of Estimate and Apportionment for approval by that Board.

The proposed modifying agreement is returned approved as to form. To be effective, it must be submitted to the Board of Estimate and Apportionment, as you suggest.

Respectfully yours,

JOHN L. O'BRIEN, Acting Corporation Counsel.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,
October 22, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. John McGaw Woodbury, Commissioner of Street Cleaning, in communication of October 15, 1903, submits for the approval of the Board of Estimate and Apportionment, a form of agreement, approved by the Corporation Counsel, modifying the contract made with H. Milton Kennedy on October 28, 1902, for the final disposition of street sweepings, ashes and rubbish in the Borough of Brooklyn.

The contract has since been assigned to the American Railway Traffic Company. The agreement covers modifications of the original contract, which may be briefly stated as follows:

The contractor may

First—Temporarily use wooden cars until steel cars are built;

Second—Dump mechanically or by hand, instead of by air dumping;

Third—Use in some or all stations a ramp or belt conveyor, instead of elevator;

Fourth—Dispense with use of hopper or bin on second floor;

Fifth—Use steel bins sunk below grade to be elevated on to wooden flat cars for removal, instead of an elevator;

Sixth—And the contractor may be required to increase the number of receiving stations from thirteen to a number not to exceed eighteen, in accordance with the requirements of the work.

The modifications proposed are mainly in reference to details and do not involve any of the principal features of the contract. I see no objection to the approval of the agreement by the Board of Estimate and Apportionment.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 544 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the terms and conditions contained in the modified form of contract submitted in quadruplicate by the Commissioner of Street Cleaning, under date of October 15, 1903, between the American Railway Traffic Company, as assignee of H. Milton Kennedy, and The City of New York, for the final disposition of street sweepings, ashes and rubbish in the Borough of Brooklyn.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

The Secretary presented the following communication from the Engineer of the Department of Finance, relative to the form of contract with the Sanitary Utilization Company for the final disposition of garbage in the Borough of The Bronx for a term of five years:

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE,
November 12, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. John McGaw Woodbury, Commissioner, Department of Street Cleaning, in communication to the Board of Estimate and Apportionment, November 10, 1903, states that "on the 29th ult., in answer to advertisement in the 'City Record,' one bid was received for the contract for the final disposition of garbage in the Borough of The Bronx, for a term of five (5) years, namely, that of the Sanitary Utilization Company, at the rate or sum to be paid to the Contractor as follows:

"First year.....	\$15,000 00
"Second year.....	16,000 00
"Third year.....	18,000 00
"Fourth year.....	21,000 00
"Fifth year.....	25,000 00"

The Commissioner states that "after fully considering the matter," he has "accepted the said bid, in accordance with section 544 of the Greater New York Charter, as" in his judgment, "it will best secure the efficient performance of the work," and

he transmits the said bid to the Board for its approval as part of the terms and conditions.

I am of the opinion that the bid may properly receive the approval of the Board of Estimate and Apportionment, and accepted as part of the terms and conditions, as prescribed in section 544 of the Charter.

My report on the contract was submitted October 6, 1903, and was favorable.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 544 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the terms and conditions contained in the form of contract submitted in duplicate by the Commissioner of Street Cleaning, under date of November 10, 1903, between The City of New York and the Sanitary Utilization Company for the final disposition of garbage in the Borough of The Bronx for a term of five years.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

The Board proceeded to consider the application of the New York Central and Hudson River Railroad Company for a franchise to use Twelfth and Thirteenth avenues, between Twenty-seventh and Thirty-seventh streets, Borough of Manhattan.

Mr. Ira A. Place, the general attorney for the said company, appeared and opposed the terms recommended for the compensation of said franchise.

The Secretary presented the following reports of the Engineer of the Department of Finance:

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE,
July 20, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Board of Aldermen, held April 7, 1903, the following resolution was adopted:

"Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the New York Central and Hudson River Railroad Company, a corporation, and the successor of the Hudson River Railroad Company, to lay, maintain, use and operate two (2) railroad tracks along Twelfth avenue, beginning at a point between West Twenty-seventh street and West Twenty-eighth street, and continuing northerly to a point at or near West Thirty-sixth street, with the turn-outs, switches and connections as shown and indicated by red shading upon the map marked 'New York Central and Hudson River Railroad. Proposed improvements west of Eleventh avenue, between Twenty-seventh and Thirty-seventh streets, New York City, office of Chief Engineer. Scale 1 inch to 100 feet. New York, February 6, 1903. H. Fernstarom. April 2, 1903. Chief Engineer'—a copy of which is annexed hereto, and which is made a part hereof, and such other turn-outs, switches and connections as may be necessary, and for which authority may be obtained from time to time from the President of the Borough of Manhattan; the rails used in laying said railroad tracks to be of a pattern approved by the President of the Borough of Manhattan, and to be laid and maintained flush with the surface of the street, so as not to interfere with the proper use thereof, all the work of laying the said tracks, paving between the tracks and two feet outside of the rails of the same, and maintaining the said tracks and pavement in good order and to the satisfaction of the President of the Borough of Manhattan, to be done at the expense of the said the New York Central and Hudson River Railroad Company, under the direction of the President of the Borough of Manhattan. All snow and ice shall be promptly removed from said tracks by the said railroad company. This consent and the permission granted by this ordinance shall continue only during the pleasure of the Board of Aldermen of The City of New York, and the said the New York Central and Hudson River Railroad Company shall pay to The City of New York such compensation therefor as shall be ascertained, fixed and determined by the Board of Estimate and Apportionment. And the Board of Aldermen of The City of New York may from time to time make such further reasonable rules and regulations in regard to the exercise of the above-mentioned privilege as it may be advised," and was approved by the Mayor on April 13, 1903.

It is claimed by the attorneys for the railroad company that the Charter of the New York Central and Hudson River Railroad Company (chapter 216, Laws of 1846) gives it the franchise to construct and operate a railroad on Twelfth and Thirteenth avenues, between Twenty-seventh and Thirty-seventh streets, subject to the consent of the municipal authorities, and in consequence no new franchise is required, such as was recently granted to the Erie Railroad Company.

Chapter 825 of the Laws of 1873 granted a franchise to certain individuals named, to construct and operate a street surface railway on Twelfth avenue, between Thirty-fourth and Forty-second streets. These individuals, I am informed, were succeeded by the Forty-second Street, Manhattanville and Saint Nicholas Avenue Railway Company.

Tracks were laid from the southerly side of Thirty-fourth street to the northerly side of Thirty-fifth street, but the Law Department of the City claims that the franchise is void upon the grounds that there is a virtual abandonment by non-use. No cars have ever been run over the tracks, which make no connection with any other tracks.

It would thus appear that the City had the right to grant the consent asked.

An inspection shows that Twelfth avenue, between Thirtieth and Thirty-third streets, and between Thirty-fifth and Thirty-seventh streets, is not physically opened, and is used almost exclusively by the New York Central and Hudson River Railroad Company as a freight yard for the storage and loading and unloading of cars.

The Dock Board, on January 18, 1889, granted temporary permission to the New York Central and Hudson River Railroad Company to lay tracks on the marginal street to the west of the westerly line of Twelfth avenue, between Thirtieth street and the northerly side of Thirty-third street, but the City is receiving no compensation for this privilege.

I would therefore propose as compensation, to be required by the City, the following terms, based upon a one-third occupation of so much of the street as lies between the outer rails of the tracks, and that 12 per cent. of the assessed valuation be taken as full rental value:

Annually, during the first five years.....	\$8,400 00
Annually, during the second five years.....	8,800 00
Annually, during the third five years.....	9,250 00
Annually, during the fourth five years.....	9,700 00
Annually, during the fifth five years.....	10,200 00

—after which the permission, unless sooner revoked, shall expire by limitation, and as further compensation, the usual conditions required by the Board of Estimate and Apportionment, and which I have incorporated in a form of resolution, which is herewith submitted.

Respectfully,

EUG. E. McLEAN, Engineer.

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE,
September 18, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment, held July 29, 1903, I presented a report upon the application of the New York Central and Hudson River Railroad Company for the consent of the City authorities to the use of Twelfth and Thirteenth avenues, between West Twenty-seventh and West Thirty-seventh streets.

The report was accompanied by a form of resolution to be passed by the Board of Estimate and Apportionment fixing the terms and conditions, including the money value of the consent.

Ira A. Place, attorney for the railroad company, in communication under date of September 16, 1903, submits:

First—That the form of resolution contains many provisions which are usually applied to street surface railroads, and are not at all applicable to the tracks proposed to be laid by the New York Central Railroad Company; and

Second—That the terms proposed, namely, an annual sum of \$8,400 for the first five years and gradually increasing to \$10,200 for the last five years of the twenty-five, are excessive, —and states further that an annual sum of \$2,400 is all that the company can afford to pay.

It is claimed by Mr. Place that the City has little or no use of Twelfth avenue at the present time except as a means of access to and from the railroad yard, and as the company is the lessee of the entire water front in this vicinity, for which it pays about \$80,000 per annum; and further, as it is entitled to a certain use of Twelfth avenue, it is unfair to charge the company upon the value of the street as real estate.

In explanation I would say that the basis upon which the annual charge was computed was an annual rental of only that part of the street to be occupied by the company, to wit: For one track, 10 feet out of the roadway of 60 feet; or for two tracks, 20 feet out of the same width of roadway; and for this 10 or 20 feet the company was to be considered as occupying it but one-third of the time.

From this it will be seen that the City is neither charging for the use of the entire street as real estate for any of the time, but only for that part of the roadway covered by the tracks for one-third of the time, assuming that the general public would have the use of it for the remaining portion. Under these conditions, I do not believe that the terms proposed are excessive.

In regard to the conditions imposed, I would state that they were only such as seemed to me to be reasonable, to leave the control of the street in the hands of the City authorities, and not turn it over bodily to the railroad company.

Another question which was raised by the attorney was that the Board of Estimate and Apportionment had no right to fix any other terms and conditions outside of the money value, and in reply to this I would state that the right of the Board to take cognizance of other conditions than the money value was decided by the Corporation Counsel in an opinion rendered early in the year.

At the last meeting of the Board, at which this application was considered and the proposition of the railroad company to pay an annual sum of \$2,400, instead of the sums proposed by the resolution, the representative of the railroad company was requested to advise the Board upon what basis the sum of \$2,400 was fixed, and the only reply to this in the communication of the attorney is that it is worth no more than this sum to the railroad company.

I have no amendments to offer to my former report.

Respectfully,

EUG. E. McLEAN, Engineer.

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE,
September 25, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In reply to the communication of Ira A. Place, general attorney of the New York Central and Hudson River Railroad, dated September 22, 1903, making objections to the conditions and compensation in the proposed form of consent of the City permitting said railroad to lay tracks in Twelfth and Thirteenth avenues, between Twenty-seventh and Thirty-seventh streets, I would report:

The attorney states that the most onerous condition possible was imposed by the original resolution of the Board of Aldermen, to wit, that the consent was revocable at the pleasure of said Board, in spite of the large expense which the company would be under to make the improvement.

This has been a time-honored condition, and probably more honored in the breach than otherwise, but was retained by me when drawing the proposed consent as no objection had been made to it by the representative of the company, who called in relation to the matter.

As it is considered by the company to be the most burdensome of the many conditions imposed, but in my opinion is not vital to the City's interests in any way, I would recommend to you that all reference to such revocation at the pleasure of the Board of Aldermen, as contained in clause 17 of the proposed resolution, be omitted, and that the same be given for a period of twenty-five years, subject to revocation on five years' notice in writing from the Board of Estimate and Apportionment, or its successor in authority. This condition will, I believe, be fair to the railroad and at the same time protect the City.

I do not agree with the attorney when he states that the following conditions are wholly impracticable, to wit:

First—That boxed or dummy engines only shall be used.

Second—That the number of cars to a train shall not exceed ten.

Third—That no trains shall remain stationary within the limits of Twelfth or Thirteenth avenues.

Without these conditions, I believe that the avenues would be wholly given over to the railroad company for use as a freight yard, and if omitted from the consent, the company would legally be entitled to such unrestricted use, and that it might restrict traffic between the cross streets and the docks, some of which are not leased to the railroad company, and thus materially interfere with the rights of the City's tenants, while the City was deprived from protecting such rights.

I am of the opinion that the ordinary type of locomotive should not be permitted to traverse any of the streets of the City, and those adjoining the water front are annually becoming more congested, and in consequence every precaution against accident should be taken.

If the number of cars on a train were permitted to be unlimited and the same allowed to be stationary in the avenues, it can easily be seen that traffic between the docks and cross streets might be sadly obstructed.

It would seem, from the statement of the attorney, that "the company in order to get the benefit desired out of these tracks would have to pave and take care of the avenue in such manner as would meet the requirements of its own work and the convenience of its shippers"; and again where he says: "It is exactly the case of an unproductive property which someone can take and use, and pay not a rental perhaps upon its full value, but something," that the general public had no interest in the avenues mentioned and would not have for some time to come. This I deny most emphatically, for these avenues are water-front streets, and the City is developing its water front as fast as its resources will permit, not only by building bulkheads and piers, but by opening wide wharf streets for the uninterrupted passage of freight by wagons and trucks from one point to another, and between Twenty-seventh and Thirty-fourth streets the land has already been acquired and the marginal street partially completed, the New York Central occupying the same between Thirtieth and Thirty-third streets, under a permit from the Dock Department granted January 18, 1880, without compensation.

I believe that Twelfth avenue will soon become a much needed thoroughfare, for it must be remembered that both Tenth and Eleventh avenues in the vicinity of the New York Central yards, are gridironed with tracks, and cannot be considered unimpeded thoroughfares.

This argument of unproductive property might have been used with much greater force by the Pennsylvania Railroad when the compensation demanded of it for privileges underground was decided upon, and I invite a comparison of the terms acceded to by the Pennsylvania Railroad with those now proposed for the New York Central and Hudson River Railroad.

Pennsylvania Railroad, underground, 50 cents per foot per annum first 10 years; \$1.00 per foot per annum for 15 years following.

New York Central & Hudson River Railroad, street surface, \$1.22 per foot per annum first five years; \$1.48 per foot per annum for last 5 years of 25-year term.

Finally, the statement that "the New York Central Railroad Company is amply able to meet its obligations as they become due" and in consequence should not be required to make a deposit with the Comptroller in the sum of \$10,000, is beside the question. The deposit required is for the purpose of saving the City needless expense in making collections by suits at law to enforce penalties, and is a condition, in my opinion which should in the future always be imposed.

I believe that I have now discussed the situation fully and at length, and it remains for the Board of Estimate and Apportionment to consider the situation as presented by the railroad company and by this department, and decide upon what conditions and what compensation it would exact.

Each member of the Board was forwarded a copy of the proposed resolutions before the meeting of July 29, and I would suggest that copies of Mr. Place's two

communications and the replies thereto be immediately furnished each member, and that the matter be made a special order for the meeting of the Board of Estimate and Apportionment of October 7, which I believe is the day of the next financial meeting, and that Mr. Place be duly notified to be present.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, having received from the Board of Aldermen, pursuant to a resolution of such Board, adopted April 7, 1903, and approved by the Mayor April 13, 1903, a proposed consent of the Corporation of The City of New York to the use of Thirteenth avenue between Twenty-seventh and Thirtieth streets, and Twelfth avenue between Twenty-ninth and Thirty-seventh streets, for the purpose of constructing and operating thereon a double railroad track, with certain turnouts, switches and connections, by the New York Central and Hudson River Railroad, does hereby, pursuant to the Greater New York Charter, fix the terms and conditions of the proposed consent, and the money value of such privilege or rights proposed as follows:

First—The New York Central and Hudson River Railroad Company, its successors and assigns, shall pay into the Treasury of The City of New York the following sums of money:

During the first five years the annual sum of \$8,400.

During the second five years the annual sum of \$8,800.

During the third five years the annual sum of \$9,250.

During the fourth five years the annual sum of \$9,700.

During the fifth five years the annual sum of \$10,200.

—after which the permission, unless sooner revoked, shall expire by limitation.

Second—The resolution granting such consent or right should be in substance, as to the terms and conditions of such consent, in the words and figures following:

Resolved, That the consent of the Corporation of The City of New York be, and the same is hereby given to the New York Central and Hudson River Railroad Company, a corporation, and the successor of the Hudson River Railroad Company, to lay, maintain and operate two (2) railroad tracks along Thirteenth and Twelfth avenues, beginning at a point between West Twenty-seventh and Twenty-eighth streets on Thirteenth avenue and continuing northerly to a point at or near West Thirty-seventh street on Twelfth avenue, with the turnouts, switches and connections as shown and indicated by red shading upon the map marked "New York Central and Hudson River Railroad. Proposed Improvements West of Eleventh Avenue, Between Twenty-seventh and Thirty-seventh Streets, New York City. Office of Chief Engineer. Scale, 1 inch=100 feet. New York, February 6, 1903. H. Fernstarom. April 2, 1903. Chief Engineer," a copy of which is annexed hereto, and which is made a part hereof, upon the following terms and conditions:

First—The New York Central and Hudson River Railroad Company, its successors or assigns, shall pay into the Treasury of The City of New York the following sums of money:

During the first five years the annual sum of \$8,400.

During the second five years the annual sum of \$8,800.

During the third five years the annual sum of \$9,250.

During the fourth five years the annual sum of \$9,700.

During the fifth five years the annual sum of \$10,200.

—after which the permission, unless sooner revoked, shall expire by limitation.

Second—Under the revocation or termination by limitation of this consent, the railroad company shall forthwith remove the plant and property, with its appurtenances, from the streets, and the surface of the streets shall be restored to a condition equal to that of the surrounding surface or pavement. In default of the performance of this condition by the railroad company, its successors or assigns, the proper local authorities may cause such property and plant to be removed from the streets aforesaid and the surface thereof to be restored in the manner above described at the expense of the railroad company, its successors or assigns, and such expense shall be recovered by The City of New York by action or otherwise.

Third—The consent hereby given shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever either by the act of the New York Central and Hudson River Railroad Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fourth—The said railroad may be operated by locomotive steam power or by any other motive power which may be approved by the Board of Railroad Commissioners, in accordance with the provisions of the Railroad Law, excepting overhead electrical power and horse power, provided, however, that the locomotive steam engines used shall be housed or boxed so as to conform to the type commonly known as the dummy engine.

The number of cars to be included in any train operated upon the railroad shall be limited to ten, and the speed of the engines and cars shall never exceed six miles per hour. No car or engine shall be permitted to remain stationary within the limits of Twelfth or Thirteenth avenues at any time.

Fifth—The railroad constructed under this consent shall be maintained and operated solely for the purpose of the transportation of goods, wares and merchandise, and for no other purpose, and especially for no purpose in connection with the passenger traffic as commonly understood.

Sixth—Such railroad shall be constructed and operated in the latest improved manner of street railroad construction and operation, and solely upon the terms and according to the lines and surveys and of the character of the rails and other parts of the construction approved by the President of the Borough of Manhattan. Such railroad of the railroad company, its successors or assigns, shall be maintained in good condition throughout the term of this consent.

Seventh—Said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York.

Eighth—The New York Central and Hudson River Railroad Company, its successors or assigns, shall at the time of the laying of the tracks hereby authorized to be laid, pave with granite blocks upon a good and sufficient foundation, the roadway between the rails and for a distance of two feet beyond the rails on either side thereof, under the supervision of the President of the Borough of Manhattan, and shall pay the cost and for the inspection thereof.

Ninth—The railroad company, its successors or assigns, shall keep in permanent repair the portion of the surface of the streets between its tracks, the rails of its tracks

and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of the street, and in that event, the railroad company, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper City officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Tenth—The railroad company, its successors or assigns, shall at all times keep the street between the tracks and for a distance of two feet beyond the rails on either side thereof free and clear from ice and snow.

Eleventh—The railroad company so long as it shall continue to use any of the tracks upon the said streets shall cause to be watered the entire roadway of each of the same at least three times in every 24 hours when the thermometer is above 35 degrees Fahrenheit.

Twelfth—This consent is upon the further and express condition that the provisions of the Railroad Law applicable thereto, and all laws or ordinances now in force or which may be adopted relating to surface railroads operating in The City of New York, shall be strictly complied with.

Thirteenth—The railroad company, its successors or assigns, shall commence the construction of the railroad under this consent and complete the same within one year from the date when it has obtained the necessary permits and resolutions of the City officials and departments and on or before September 1, 1904, otherwise this consent shall be forfeited forthwith and without any proceedings either at law or otherwise for that purpose, provided, however, that such time may be extended under and for causes specified in section 99 of the Railroad Law by the Board of Estimate and Apportionment for a period not exceeding six months.

Fourteenth—This consent is upon the express condition that the railroad company, within thirty days after it has been duly authorized to construct or operate its railroad hereunder and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of \$10,000, either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge for the consent, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railroad. In case default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company.

In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of ten thousand dollars, and in default thereof the consent hereby given may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Fifteenth—This consent shall not become operative until said railroad company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this consent fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty days after the signing of this resolution by the Mayor.

Sixteenth—The compensation herein reserved shall commence from the date of the signing of this resolution by the Mayor.

Seventeenth—The consent hereby granted is revocable at the pleasure of the Board of Aldermen.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn and Acting President of the Borough of Richmond—15.

The Board proceeded to consider the application of the New York and Long Island Traction Company for a franchise to operate a street surface railway in the boroughs of Brooklyn and Queens:

THE CITY OF NEW YORK—OFFICE OF THE CITY CLERK, CITY HALL,
NEW YORK, October 2, 1903.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Aldermen, held Tuesday, September 29, 1903, the enclosed petition of the New York and Long Island Traction Company for a franchise to operate a street railway in certain streets, avenues and highways in the Borough of Queens, together with an ordinance granting such right, was referred to the Board of Estimate and Apportionment for appropriate action thereon.

Respectfully,

P. J. SCULLY, City Clerk.

To the Honorable the Board of Aldermen of The City of New York:

The petition of the New York and Long Island Traction Company respectfully shows:

I. That your petitioner is a street surface railroad duly organized and incorporated under and in pursuance of the laws of the State of New York, having filed its certificate of incorporation in the office of the Secretary of State of New York on the 27th day of February, 1899.

II. That your petitioner desires to obtain from the Board of Aldermen of The City of New York its consent to and a grant of the right, privilege and franchise to use certain streets, avenues and highways in the Borough of Queens, in The City of New York, for street railway purposes, and for the construction, maintenance and operation of a street surface railroad, with the necessary appurtenances, as extensions of its present railroad from Mineola to Freeport and Rockville Centre, in the Town of Hempstead, Nassau County, New York.

A description of said streets, avenues and highways is as follows:

First—Beginning at a point on Fulton street (otherwise known as the Hempstead and Jamaica turnpike) at the easterly line of the Borough of Queens, in The City of New York; running thence northwesterly on and along said Fulton street to the intersection of said Fulton street and the Jericho turnpike at or near Queens, in the Borough of Queens.

Second—Beginning at the intersection of said Fulton street and Springfield road (at or near Queens, in the Borough of Queens); running thence southwesterly on and along said Springfield road to a road known as Old Country road; thence generally westerly on and along said Old Country road past the intersection of said Old Country road and South street to a point on said Old Country road about opposite Bryan avenue in Hollis Park; thence generally westerly on and along private property to Bryan avenue, in Hollis Park, at its intersection with Farmer avenue; thence westerly on and along said Bryan avenue to its intersection with South street; thence westerly on and along South street to Puntine street in Ja-

maica; thence northwesterly on and along Puntine street to Linden street; thence westerly on and along Linden street to New York avenue; thence northerly on and along New York avenue to a point on New York avenue opposite Centre street, south of the tracks of the Long Island Railroad; thence westerly on and over private property, crossing Union Hall street at a point nearly opposite Centre street; thence westerly on and along Centre street to Washington street, crossing Washington street and private property to Prospect street; thence northerly on and along Prospect street to and across the bridge over the tracks of the Long Island Railroad to Fleet street; thence running westerly on and along Fleet street from Washington street to Twombly place; thence westerly on and along Twombly place to Division street; thence northerly on and along Division street to Fulton street in Jamaica; also from the intersection of Twombly place and Church street, running thence northerly on and along Church street to Fulton street.

Third—Beginning at a point on the boundary line between The City of New York and the Town of Hempstead, Nassau County, New York, on private property contiguous to and lying north of the conduit of the Brooklyn City Water Works in the Borough of Queens; running thence westerly on and along private property contiguous to and adjoining the property of the Brooklyn City Water Works on the northerly side thereof; crossing Ocean avenue (otherwise known as the road to Wright's Mill), Rosedale avenue, Foster's Meadow road, the property of the Brooklyn City Water Works known as Conduit Branch, Springfield road, Farmer avenue and New York avenue to the Rockaway turnpike; running thence northerly on and along said Rockaway turnpike to the junction of said Rockaway turnpike and the Rockaway road (formerly known as the Rockaway Plank road); running thence northwesterly on and along said Rockaway road (formerly known as the Rockaway Plank road) to Broadway; running thence westerly on and along Broadway to Liberty avenue, in the Borough of Brooklyn; with a branch line from the intersection of said Rockaway road (formerly known as the Rockaway Plank road) and Water street; running thence westerly on and along Water street to and across Spruce street, also with a branch line from the intersection of said Rockaway road formerly known as the Rockaway Plank road and the Rockaway turnpike; running thence northerly on and along said Rockaway turnpike to Fulton street in Jamaica.

Fourth—Beginning at a point on the Jericho turnpike at the extreme easterly boundary line of The City of New York and the Town of Hempstead, Nassau County, New York, and running thence westerly on and along the Jericho turnpike to a point at the intersection of said Jericho turnpike and the Hempstead and Jamaica turnpike (otherwise known as Fulton street), all in the Borough of Queens.

Your petitioner further desires to obtain from your Honorable Board the right, privilege and franchise to cross the right of way or property devoted to the uses of the Brooklyn City Water Works, between Lynbrook and Valley Stream, in the County of Nassau, New York.

III. The said corporation expects to operate said railroad by the overhead trolley system, or any other motive power, except steam locomotive power, which may be permitted by the State Board of Railroad Commissioners, and consented to by property owners pursuant to law.

IV. That the section of the Borough of Queens through which the proposed route is projected, though fairly populous, is without ready means of transportation into Jamaica, where there is easy access into the boroughs of Kings and Manhattan, New York City.

Wherefore, Your petitioner prays that your Honorable Board will, by ordinance, grant to petitioner its consent to and a grant to the right, privilege and franchise to use the streets, avenues and highways above set forth in the Borough of Queens, in The City of New York, together with the right or franchise to cross such other streets and highways and bridges named and unnamed as may be encountered in the routes above set forth, for street railway purposes, and for the construction, maintenance and operation of a street surface railway, with the necessary appurtenances thereto, subject to the laws and ordinances applicable thereto, and upon terms of compensation to be fixed and determined in accordance with the provisions of the Greater New York Charter.

Dated September 25, 1903.

THE NEW YORK AND LONG ISLAND TRACTION COMPANY,
By JOHN E. ENSIGN, President.

STATE OF NEW YORK, COUNTY OF NEW YORK, ss.:

On this 25th day of September, 1903, before me personally came John E. Ensign, to me known, and who being by me duly sworn did depose and say that he resided in Hempstead, Nassau County, New York; that he is the president of the New York and Long Island Traction Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation, that the seal affixed to said instrument was such corporate seal, that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

JOHN E. ENSIGN.

Sworn to before me this 25th day of September, 1903.

EDW. E. KUPP, Notary Public, Kings County. Certificate filed in New York County.

A form of ordinance was likewise submitted.

The Secretary presented the following reports of the Engineer of the Department of Finance, relative to said application:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,
October 12, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—On May 1, 1903, the Board of Estimate and Apportionment took action upon the application of the New York and Long Island Traction Company, for a franchise to construct and operate a street surface railway upon certain streets and avenues and over certain private property, in the Boroughs of Queens and Brooklyn, and adopted resolutions fixing the compensation and other conditions which should be required by the Board of Aldermen in granting a franchise (see minutes of Board of Estimate and Apportionment, May 1, 1903, page 951).

The matter came up before the Board of Aldermen on June 16, 1903, and the ordinance was lost, a majority of the members voting for its rejection.

Under date of September 25, 1903, the New York and Long Island Traction Company presented to the Board of Aldermen, a new petition for the grant of a franchise and under date of September 29, 1903, an ordinance was introduced in the Board granting such right, and was referred to the Board of Estimate and Apportionment for appropriate action, pursuant to the provisions of sections 73 and 74 of the Charter.

I have examined the new application and find that the routes now applied for are slightly changed from those in the original petition, to wit:

Route No. 1—The branch line in Sherwood street is omitted.

Length of route applied for, 1.03 miles.

Route No. 2—There is a slight change in the Village of Jamaica, in that the line along South street, between New York avenue and Prospect street is omitted, and in place thereof the petition requests the use of Fleet street, between Prospect and Washington streets, and Division street, between Twombly place and Fulton street.

Length of route on private right of way, miles..... 0.36

Length of route on streets and avenues applied for, miles..... 3.66

Total, miles..... 4.02

Route No. 3—This is materially changed between the Rockaway turnpike and Liberty avenue, in the Borough of Brooklyn, in that while the first application covered the Old South road and private property, the new one asks for the use of Rockaway turnpike and the Rockaway plank road to Broadway, and thence along Broadway to Liberty avenue, in the Borough of Brooklyn, with two branches:

(a) Westerly from Rockaway plank road to and along Water street to Spruce street.

(b) From the Rockaway plank road, at its intersection with the Rockaway turnpike, northerly along the Rockaway turnpike to Fulton street, in Jamaica.

Length of route on private right of way, miles..... 2.74

Length of main line upon streets and avenues applied for, miles..... 4.68

Length of branch (a) upon streets and avenues applied for, miles..... .44

Length of branch (b) upon streets and avenues applied for, miles..... 2.14

Total, Route No. 3, miles..... 10.00

Route No. 4—This is not changed in any particular.

Length of route applied for, 2.18 miles.

Total length of streets and avenues applied for, miles..... 14.13

Line to be constructed on private right of way, miles..... 3.10

Total, miles..... 17.23

Upon the maps submitted herewith the franchises asked from The City of New York are shown in red; the existing lines of the company, outside of the City limits, are shown in yellow, and the franchises which the company now owns, but upon which no road has yet been constructed, are shown by green lines.

I see no reason to change the basis of compensation suggested in my former report, and which was adopted by the Board of Estimate and Apportionment on May 1, 1903, and is now incorporated in the ordinance as introduced in the Board of Aldermen, and referred to the Board of Estimate and Apportionment. The time for the completion of ten miles of roadway is extended to July 1, 1905.

I would therefore recommend that the Board of Estimate and Apportionment adopt resolutions fixing the terms and conditions as are contained in the ordinance as introduced with the correction of certain typographical errors which I have noted.

Respectfully,

EUG. E. McLEAN, Engineer.

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,
October 30, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Under date of October 12, 1903, I reported to you in regard to the application of the New York and Long Island Traction Company for a franchise to construct and operate a street surface railway in the Boroughs of Queens and Brooklyn, and presented a form of resolution for adoption by the Board of Estimate and Apportionment, prescribing the terms and conditions under which the grant should be made.

A copy of the report and proposed resolutions were sent to John E. Ensign, President of the Company, and in communication dated October 17, 1903, he asks for a modification of the franchise as proposed in two particulars:

First—That the hour at which the company shall be compelled to commence running cars in the morning shall be five (5) o'clock instead of four (4) o'clock, as provided in the form of ordinance.

I see no objection to this amendment, as the Board of Estimate and Apportionment has power to alter the time, if in its opinion the public convenience requires it. I would therefore recommend that this change be made in "Section 2, Eleventh" of the form of ordinance.

Second—That the amount of road to be completed and in operation by July 1, 1905, be reduced from ten miles to six miles.

On the first application, acted upon May 1, 1903, ten miles of single track railway were to be completed by July 1, 1904, and the new application now before the Board extends this time one year.

I am of the opinion that a compromise between the two propositions would be for the best interest of the City, to wit: that six (6) miles be required to be completed by January 1, 1905, and I would so recommend.

The changes would occur in section 5 of the form of ordinance.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, having received from the Board of Aldermen, pursuant to a resolution of such Board, adopted September 29, 1903, a proposed ordinance, granting to the New York and Long Island Traction Company (formerly the Mineola, Hempstead and Freeport Traction Company) the franchise or right to use certain streets and highways and bridges, for the purposes of a street surface railway, and having duly inquired into and considered the matter, does hereby, pursuant to the Greater New York Charter, fix the terms and conditions of the proposed grant of such franchise and the money value of such franchise or rights proposed to be granted as follows:

I. The New York and Long Island Traction Company, its successors and assigns, shall pay into the treasury of The City of New York for this franchise the following sums of money: During the first term of five years, an annual sum which shall in no case be less than \$1,000, and which shall be equal to 3 per cent. of the gross annual receipts of such railway company, derived from passenger and freight traffic, within the limits of The City of New York, if such percentage shall exceed the sum of \$1,000; during the remaining twenty years of the term, an annual sum which shall not be less than \$2,000, and which shall be equal to 5 per cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$2,000.

In computing the amount of the gross receipts derived from passenger traffic and above referred to, the routes hereinafter mentioned shall be considered, and the persons who are upon the cars of the company at any point upon such routes shall be deemed to have paid the fare provided to be paid by the ordinance granting the franchise aforesaid, whether they enter or leave the car upon such route or upon any other route upon which the grantee or its successors or assigns operates its cars.

The terms hereafter to be fixed for any renewal term of such franchise shall not in any event be less than the minimum amount fixed as the sum to be paid annually during the last five years of the original franchise, and no renewal of such franchise shall provide for a further renewal.

II. Upon the termination of the said franchise, right or privilege, whether original or renewal, if the Board of Estimate and Apportionment of The City of New York, or its successors in authority, shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the said streets and highways and bridges, and of the land in private ownership upon which the said railway shall be operated or the easements of right of way or other necessary easements in such lands as the case may be, including power-house, equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York at the option of the said Board of Estimate and Apportionment, or its successors in authority, on the termination of this grant and the payment to the grantee of such valuation. The valuation shall be based upon a fair appraisal of the property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment, or its successors in authority; provided that in the valuation of the land in private ownership, on which such railway is constructed or the easements affecting such land, as the case may be, their value shall not be fixed at an amount in excess of the original cost thereof to the grantee of said franchise, its successors or assigns. A sworn statement of such cost executed by such grantee and verified by the affidavit of one of its officers shall be filed with the Comptroller of The City of New York before any act is done by the grantee or its successors or assigns, in the construction or operation of the railway upon any route hereinafter mentioned which includes private property.

III. The ordinance granting such franchise or right should be in substance as to the terms and conditions of such grant, in the words and figures following:

AN ORDINANCE granting to the New York and Long Island Traction Company the right or franchise to construct and operate a street surface railway in, upon and along certain streets and highways and bridges in The City of New York.

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the New York and Long Island Traction Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track street surface railway, with all connections, turnouts, switches, crossovers and suitable stands necessary for the accommodation and operation of said railway, by the overhead system of electricity, or any other motive power which may be lawfully employed upon the same in, upon and along the following named streets and highways and bridges, all situated in the boroughs of Queens and Brooklyn, City and State of New York, set forth in the following descriptions of routes:

First—Beginning at a point on Fulton street (otherwise known as the Hempstead and Jamaica turnpike), at the easterly line of the Borough of Queens, in The City of New York; running thence northwesterly on and along said Fulton street to the intersection of said Fulton street and the Jericho turnpike at or near Queens, in the Borough of Queens.

Second—Beginning at the intersection of said Fulton street and Springfield road (at or near Queens, in the Borough of Queens); running thence southwesterly on and along said Springfield road to a road known as Old Country road; thence generally westerly on and along said Old Country road past the intersection of said Old Country road and South street to a point on said Old Country road about opposite Bryan avenue in Hollis Park; thence generally westerly on and along private property to Bryan avenue in Hollis Park at its intersection with Farmer avenue; thence westerly on and along said Bryan avenue to its intersection with South street; thence westerly on and along South street to Puntine street in Jamaica; thence northwesterly on and along Puntine street to Linden street; thence westerly on and along Linden street to New York avenue; thence northerly on and along New York avenue to a point on New York avenue about opposite to Centre street; thence westerly on and over private property, crossing Union Hall street at a point nearly opposite Centre street; thence westerly on and along Centre street to Washington street, crossing Washington street and private property to Prospect street; thence northerly on and along Prospect street to and across the bridge over the tracks of the Long Island Railroad to Fleet street; thence running easterly on and along Fleet street to Washington street; thence westerly on and along Fleet street to Twombly place; thence westerly on and along Twombly place to Division street; thence northerly on and along Division street to Fulton street in Jamaica. Also, from the intersection of Twombly place and Church street; running thence northerly on and along Church street to Fulton street.

Third—Beginning at a point at the boundary line between The City of New York and the Town of Hempstead, Nassau County, New York, on private property contiguous to and lying north of the conduit of the Brooklyn City Water Works, in the Borough of Queens; running thence westerly on and along private property contiguous to and adjoining the property of the Brooklyn City Water Works on the northerly side thereof; crossing Ocean avenue (otherwise known as the road to Wright's Mill), Rosedale avenue, Foster's Meadow road, the property of the Brooklyn City Water Works, known as Conduit Branch, Springfield road, Farmers avenue and New York avenue to the Rockaway turnpike; running thence northerly on and along said Rockaway turnpike to the junction of said Rockaway turnpike and the Rockaway road (formerly known as the Rockaway Plank road); running thence northwesterly on and along said Rockaway road (formerly known as the Rockaway Plank road) to Broadway; running thence westerly on and along Broadway to Liberty avenue, in the Borough of Brooklyn; with a branch line from the intersection of said Rockaway road (formerly known as the Rockaway Plank road) and Water street; running thence westerly on and along Water street to and across Spruce street; also with a branch line from the intersection of said Rockaway road (formerly known as the Rockaway Plank road) and the Rockaway turnpike; running thence northerly on and along said Rockaway turnpike to Fulton street in Jamaica.

Fourth—Beginning at a point on the Jericho turnpike at the extreme easterly boundary line of The City of New York and the Town of North Hempstead, Nassau County, N. Y., and running thence westerly on and along said Jericho turnpike to a point at the intersection of said Jericho turnpike and the Hempstead and Jamaica turnpike (otherwise known as Fulton street), all in the Borough of Queens.

And with the right or franchise to cross such other streets and highways and bridges (named and unnamed) as may be encountered in said routes.

Sec. 2. The grant of this franchise is subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets and highways and bridges to the construction and operation of said railway shall be obtained by the grantee, or in the event that such consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railway is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railway by itself, and shall not include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the determination of the said franchise, right or privilege, whether

original or renewal, if the Board of Estimate and Apportionment of The City of New York, or its successors in authority, shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the said streets and highways and bridges, and of the land in private ownership upon which the said railway shall be operated or the easements of right-of-way or other necessary easements in such lands, as the case may be, including power-house, equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York at the option of the said Board of Estimate and Apportionment, or its successors in authority, on the termination of this grant and the payment to the grantee of such valuation. The valuation shall be based upon a fair appraisal of the property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment, or its successors in authority; provided that in the valuation of the land in private ownership, on which such railway is constructed, or the easements affecting such land, as the case may be, their value shall not be fixed at an amount in excess of the original cost thereof, to the grantee of said franchise, its successors or assigns. A sworn statement of such cost executed by such grantee and verified by the affidavit of one of its officers shall be filed with the Comptroller of The City of New York, before any act is done by the grantee or its successors or assigns in the construction or operation of the railway upon any route hereinbefore mentioned, which includes private property.

Fourth—The New York and Long Island Traction Company, its successors or assigns, shall pay for this franchise to The City of New York, the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$1,000, and which shall be equal to three per cent. of its gross annual receipts derived from passenger and freight traffic, within the limits of The City of New York, if such percentage shall exceed the sum of \$1,000; during the remaining twenty years of the term, an annual sum which shall not be less than \$2,000, and which shall be equal to five per cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$2,000.

In computing the amount of the gross receipts derived from passenger traffic and above referred to, the routes hereinbefore mentioned shall be considered, and the persons who are upon the cars of the company at any point upon such routes shall be deemed to have paid the fare provided to be paid by the ordinance granting the franchise aforesaid, whether they enter or leave the car upon such route or upon any other route upon which the grantee or its successors or assigns operates its cars.

Such sums shall be paid into the treasury of The City of New York on November 1, in each year, provided, however, that the first payment shall only be for that proportion of the above sums as the time from the signing of this ordinance by the Mayor to September 30 next preceding, shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment and the provisions of the Railroad Law as it existed at the time of the adoption of this ordinance relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall, as to said railway, be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successors or assigns, for said franchise, of a percentage of gross receipts within the meaning of any general or special statute.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives, so far as this franchise is concerned, any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The rights and franchises granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Long Island Traction Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The said railway may be operated by overhead electrical power, substantially similar to the system of overhead electrical traction now in use by the New York and North Shore Railway Company, or by the underground electric system now in use by the Interurban Street Railway Company in the Borough of Manhattan, and by any other motive power, except locomotive steam power or horse power, which may be approved by the Board of Railroad Commissioners, and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Provided that the Board of Estimate and Apportionment, or its successors in authority, upon giving to the grantee, its successors or assigns, one year's notice, in writing, may require it or them to operate its railway upon the whole or upon any portion of its route by underground electrical power substantially according to the system now in use on the railways in the Borough of Manhattan above referred to, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and highways and bridges of The City of New York.

Eighth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of the City.

Ninth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Tenth—The rate of fare for any passenger upon said railway shall not exceed five cents within the limits of The City of New York; the said company shall not

charge any passenger more than said sum for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof within the limits of The City of New York. The rates for the carrying of property upon the cars of the grantee shall in all cases be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successors or assigns, and no greater sums shall be charged for such services than provided for by it.

Eleventh—The cars on the said lines as proposed shall run at intervals of not more than one hour, both day and night, and as much oftener as the reasonable convenience of the public may require or as may be directed by the City ordinances; provided, however, that said railway company during the first five years of this franchise shall not be required to operate its cars on any of its lines within The City of New York between the hours of twelve o'clock midnight and five o'clock a. m. each day, unless the Board of Estimate and Apportionment of said City shall determine after a hearing had thereon that public convenience requires the operation of its cars during said hours.

Twelfth—The said railway company shall apply to each car run over said railway a proper fender and wheelguard, in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Thirteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Piutsch gas system or by electricity, or by some system of lighting equally efficient.

Fourteenth—The said company shall at all times keep the street between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Fifteenth—The said railway company, as long as it shall continue to use any of the tracks upon said streets and highways and bridges, shall have and keep in permanent repair that portion of the surface of said streets and highways and bridges, between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street and highway and bridge, and in that event the grantee, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper city officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Sixteenth—The said railway company, its successors and assigns, so long as it shall continue to use any of the tracks upon the streets and highways and bridges hereby granted, shall cause the entire roadway of each of the same to be watered at least three times in every twenty-four hours when the thermometer is above 35 degrees Fahrenheit, except that when the width of any roadway between curb lines shall exceed 60 feet, then a roadway of but 60 feet shall be watered as above.

Seventeenth—In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York, by a suit brought by the Corporation Counsel on notice of ten days to the said railway company.

Eighteenth—If any of the streets and highways and bridges above referred to, or described, shall not now be open or in use as public highways, no right or franchise therein shall vest in the grantee by virtue of this ordinance until after such streets and highways and bridges shall be legally opened as a public highway, and such right or franchise shall expire at the end of the term created by this ordinance as above set forth. Nothing in this ordinance contained shall be construed as an obligation on The City of New York, in respect to the opening of such streets and highways and bridges, nor as in any manner granting property or rights of any kind in or upon its lands now owned or occupied by it under any title, except only the public streets and highways and bridges in the usual acceptance of such terms, which are specifically referred to above.

Sec. 3. This grant is also upon the further and express condition that the provisions of article 44 of the Railroad Law, as it existed at the time of the adoption of this ordinance applicable thereto, and all laws or ordinances now in force or which may be adopted hereafter affecting the surface railways operating in The City of New York shall be strictly complied with.

Sec. 4. This grant is also upon the further and express condition that at any time after five years from the commencement of the operation of any portion of the railway hereby granted, the Board of Estimate and Apportionment, or its successors in authority, if it deems it necessary in the public interest so to do, may require the grantee, its successors or assigns, in case the railway upon any portion of the routes above described shall consist of a single track, to construct and operate a second track upon any or all of the routes hereby granted, whether on streets, highways and bridges or upon any private property or right of way included in any of such routes so as to make a double-track railway.

Sec. 5. Said grantee shall commence construction within three months from the date when it has obtained complete legal authority to begin construction, including necessary permits from the City officials and Departments, and shall complete the construction of at least six miles of single track railway on or before January 1, 1905, otherwise this grant shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. If upon any of the routes above described, or upon any portion thereof, there shall not be constructed and in actual operation by July 1, 1906, a railway properly equipped and operated as provided by this ordinance, the said route or portion thereof shall be conclusively taken to have been abandoned by the company, and so much of the rights and franchises hereby granted as pertains to such routes, or parts of routes, not then constructed from and after July 1, 1906, shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. Provided that such time may be extended upon the same conditions as to forfeiture under and for causes specified in section 99 of the Railroad Law, as it now exists, and by a properly executed instrument in writing; and the Board of Estimate and Apportionment may similarly extend such time for a period or periods not exceeding one year, if, in their discretion, it seems best so to do, and that the City officials or Departments who or which shall at the time of such construction have authority over the said streets and highways and bridges, may similarly extend by properly executed instrument in writing, such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the City officials.

Sec. 6. If for any reason the right or franchise of the grantee in any of the streets, highways and bridges above described shall cease, or if for a period of six

successive months the railway tracks upon any of such streets, highways and bridges shall not be operated as provided for in this ordinance, the Comptroller of The City of New York may require the grantee, its successors or assigns, to remove its tracks and other structures upon such streets, highways and bridges within thirty days after notice, and in default of their removal pursuant to such notice, the proper local authorities having jurisdiction may cause them to be removed and The City of New York may recover the cost and expenses of such removal, either by deducting them from the fund deposited as required in section 7 hereof, or by action; and the rights and franchises of the grantee, its successors or assigns, in such portions of the streets, highways and bridges, in case any such exist, shall forthwith and immediately cease upon the removal of such tracks or structures and without judicial or other proceedings.

Sec. 7. This grant is upon the express condition that the New York and Long Island Traction Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of three thousand dollars, either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railway, and, in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headways of cars, fenders and wheel guards and the heating of the cars and the watering of the streets, the said company shall pay a penalty of \$50 a day for each day of violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to those matters. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of three thousand dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 8. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within ten days after the adoption of this ordinance.

Sec. 9. This ordinance shall take effect immediately.

NEW BRIGHTON, N. Y., October 28, 1903.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—I would call to your attention the fact that there remain small unexpended balances in the road funds of the former towns and villages in Richmond County and the County Road Fund. Against these balances no liabilities exist.

In order to enable me to use them for the improvement of roads throughout the borough, I request that said balances be transferred and consolidated into one account, entitled "Borough of Richmond, Unexpended Balances in Road Funds of Former Towns and Villages in Richmond County, Including the County Road Fund."

Sufficient authority for this action will be found in section 187 of the Greater New York Charter. Corporation Counsel also, in an opinion rendered last year, confirmed this authority by an explicit reference, upon request, to these particular funds in the Borough of Richmond. The balances are as follows:

County Road Fund	\$947 86
Town of Middletown Road Fund.....	1,949 07
Town of Northfield Road Fund.....	581 14
Town of Southfield Road Fund.....	211 23
Town of Westfield Road Fund.....	1,026 15
Village of Tottenville Road Fund.....	61 06
Town of Southfield Boulevard Fund.....	106 32
Total.....	\$4,882 83

Yours respectfully,

GEORGE CROMWELL, President of the Borough of Richmond.

The following resolution was offered:

Resolved, That the following unexpended balances of funds received from the sale of bonds issued by the former towns and villages now comprised within the territory known as the Borough of Richmond, viz.:

County Road Fund.....	\$947 86
Town of Middletown Road Fund.....	1,949 07
Town of Northfield Road Fund.....	581 14
Town of Southfield Road Fund.....	211 23
Town of Westfield Road Fund.....	1,026 15
Village of Tottenville Road Fund.....	61 06
Town of Southfield Boulevard Fund.....	106 32
Total	\$4,882 83

—be and the same are hereby transferred to and consolidated into one fund entitled "Borough of Richmond—Unexpended Balances in Road Funds of Former Towns and Villages in Richmond County, Including the County Road Fund."

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and Acting President of the Borough of Queens—15.

The Secretary presented the following communication from the President of the Borough of Manhattan requesting the Board to approve the terms and conditions contained in the contract and specifications submitted by said President, and authorizing the advertising for bids for furnishing and delivering patented street sign frames:

CITY OF NEW YORK—OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL,

October 24, 1903.

JAMES W. STEVENSON, Esq., Secretary of the Board of Estimate and Apportionment:

DEAR SIR—Inclosed herewith for the approval of the Board of Estimate and Apportionment you will please find contracts and specifications in duplicate and a resolution prepared by the Corporation Counsel authorizing this Department to advertise for bids for furnishing and delivering patented street sign frames.

Please return a certified copy of the resolution and one of the attached contracts and specifications to this office when approved by the Board of Estimate and Apportionment.

Yours respectfully,

JACOB A. CANTOR, President.

The following resolution was offered:

Whereas, The President of the Borough of Manhattan has presented to this Board a form of "proposals for bids or estimates, bid or estimate, bond, contract and specifications" for furnishing, erecting and maintaining (without lighting), for a period of three years, on the existing electric light poles and lamp-posts, or on any other posts and poles that may be erected, 300 street sign frames, with a reflector attachment, said sign boxes to have a reflector, deflector and radiator attachment similar to the sign manufactured by the Electrical Reflector Company, the said quantity to be increased 15 per cent. if the President of the Borough of Manhattan deems it advisable; and

Whereas, In Clause "I" of the specifications of said contract, and relating to style of street signs to be delivered and placed in position, it is provided as follows:

"The bidder may, at his option, offer to deliver, erect and maintain (without lighting) for a period of three years, on the existing electric light poles and lamp-posts, or on any other posts and poles that may be erected in one or other of the following two methods, separately described and designated herein as indicated":

Method A—The electrical reflector manufactured by the Electrical Reflector Company and having a reflector, deflector and radiator attachment.

Method B—Non-patented street sign frames, to be attached to electric light poles and gas lamp-posts and to be illuminated by reflection of the light of the poles or posts to which they are attached; and

Whereas, The specifications following the said clause separately describe and designate the said two kinds of reflectors in detail, the reflector made by the said Electrical Reflector Company being a patented article;

Resolved, That the President of the Borough of Manhattan be and he hereby is authorized to advertise for bids for furnishing, erecting and maintaining (without lighting) for a period of three years, on the existing electric light poles and lamp-posts or on any other posts and poles that may be erected, 300 street sign frames, of the kind known as "Reflector Street Sign Frames (non-patented)," or "Electrical Reflectors," to be erected where designated by the President of the Borough of Manhattan, in said Borough, in The City of New York, in accordance with the said form of "proposals for bids or estimates, bond, contract and specifications," this Board being of the opinion that the conditions set forth in said form of contract and specifications will secure a fair and reasonable opportunity for competition between the street sign made by the Electrical Reflector Company, a patented article, and other reflectors, and accordingly this Board prescribed that the conditions set forth in said form of "proposals for bids or estimates, bid or estimate, bond, contract and specifications" shall be conditions under which the said patented street sign frame shall be advertised for.

Resolved, further, That a copy of said form of "proposals for bids or estimates, bid or estimate, bond, contract and specifications," as presented to this Board, be annexed to form a part of this resolution.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Richmond and the Acting President of the Borough of Queens—15.

THE CITY OF NEW YORK—OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL.

Proposal for Bids or Estimates, Bid or Estimate, Bond, Contract and Specifications.
For furnishing, delivering, erecting and maintaining (without lighting) for a period of three (3) years on gas lamp-posts and electric light poles three hundred (300) reflector street sign frames.

To CONTRACTORS.

Proposals for Bids or Estimates.

Sealed bids or estimates will be received by the President of the Borough of Manhattan, Room No. 16, City Hall, in The City of New York, until — o'clock — m., on — day of —, 1902.

Ordinances, section 351.

For furnishing, delivering, erecting and maintaining (without lighting) for a period of three (3) years on gas lamp-posts and electric light poles three hundred (300) reflector street sign frames.

Title.

The time allowed for furnishing and erecting the said street sign boxes will be one hundred and twenty (120) days. The surety required will as follows:

Ordinances, section 354.

Twelve hundred dollars (\$1,200). A bond for maintenance will be required as provided for in specifications.

The person or persons making an estimate shall furnish the same in a sealed envelope, endorsed with the title given above, of the work for which the estimate is made, with his or their name or names and the date of presentation to the President of the Borough, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the President of the Borough and read, and the award of the contract made according to law, as soon thereafter as practicable.

Ordinances, section 346.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested directly or indirectly, as contracting party, partner, stockholder, surety or otherwise, in, or in the performance of the contract, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true.

Ordinances, section 347; Charter, section 1533.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

Ordinances, section 349.

No bid or estimate will be considered unless accompanied by a certified check or money to the amount of five per centum of the amount of the bond required, as provided by section 420 of the Greater New York Charter.

Charter, section 420.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the specifications and lists of materials, supplies and apparatus to be furnished, and to the plans on file at the office of the Borough President.

Ordinances, section 346.

The bidders will state the price of each sign box named and described in the specifications herein contained or hereto annexed, per sign box or other unit by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each contract.

Bidders will write out the total amount of their estimates in addition to inserting the same in figures.

The President of the Borough reserves the right to reject all bids or estimates if he deems it to be for the interest of the City so to do.

Charter, section 419.

The estimated quantities are given only to form a basis of comparison of bids, and are not guaranteed to be accurate and are not to be considered as a binding feature of this contract. Such as can be must be checked and verified by the bidders after a careful examination of the plans, specifications and the location or site of the work.

The items for which prices will be named upon the sum total of which the comparison of bids will be made, are as follows:

Method A—For furnishing, delivering, erecting and maintaining (without lighting) for a period of three (3) years on existing electric light poles and gas lamp-posts and other poles and posts that may be erected, three hundred (300) street sign frames, as per specifications, with reflector, deflector and radiator attachments, similar to the sign manufactured by the Electrical Reflector Company, or equal thereto.

Method B—For furnishing, delivering, erecting and maintaining (without lighting) for a period of three (3) years, three hundred (300) reflector street sign frames, as per specifications, on existing electric light poles and gas lamp-posts and other poles and post that may be erected.

The bids will be compared and the contract awarded at a lump or aggregate sum.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the President of the Borough of Manhattan, Room 16, City Hall.

JACOB A. CANTOR, President of the Borough of Manhattan.

THE CITY OF NEW YORK—OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN.
Contract.

For furnishing, delivering, erecting and maintaining (without lighting), for a period of three (3) years, on gas lamp posts and electric light poles, three hundred (300) reflector street sign frames.

Parties.

THIS AGREEMENT, made and entered into this day of in the year one thousand nine hundred and by and between The City of New York, parties of the first part, by the President of the Borough of Manhattan, and of said City, party of the second part, pursuant to the provisions of the Greater New York Charter, and the resolution of the Board of Estimate and Apportionment adopted 1903, assenting to, authorizing and approving this contract, of which the following is a copy:

Witnesseth, That the parties to these presents, each in consideration of the agreements on the part of the other herein contained, have agreed and hereby agree, the parties of the first part for itself, its successors and assigns, and the party of the second part for its heirs, executors and administrators, as follows:

Covenant.

(A) That wherever in this agreement the word "The City" or the word "President," or a pronoun in the place of it, him or them, it shall mean and be taken to mean and intend the party of the first part or the President hereinbefore described.

Parties described.

Wherever the word "Contractor," or a pronoun in the place of it, is used, the same shall be deemed and taken to mean and intend the party or parties (as the case may be) of the second part to this agreement.

(B) Whenever the word "Engineer" is used in the specifications or in this contract, it refers to and designates the Superintendent of Highways, Engineer, Architect or Inspector designated by the President to act in the premises, limited to the particular duties intrusted to him.

Engineer.

(C) The contractor will, at his or their own cost and expense and in strict conformity to the hereinafter contained or hereto annexed specifications and plans, furnish all the material and labor, and all the scaffolding, tools, derricks, tackle, implements and appliances necessary or proper for the purpose, and in a good, substantial and workmanlike manner provide, furnish and erect, at the points and places designated by the President of the Borough of Manhattan, street sign frames (including the maintenance without lighting thereof for a period of three (3) years), and in the number designated and described in said specifications and proposals for bids or estimates.

Subject matter.

and will accept in consideration thereof and as full compensation therefor the sum of sums per sign box set opposite the respective jobs or classes of work and materials named in the specifications herein contained or hereto annexed, the said sum(s) being the amount(s) at which the contract therefor was awarded to the contractor at the public letting thereof per sign box.

(D) The specifications, together with the advertisement and bid and the accompanying plans referred to, are and shall be taken to be parts of this contract.

Contract.

(E) Only competent, faithful and skillful men shall be employed to do the work, and whenever the Engineer shall inform the contractor, in writing, that any man on the work is, in his opinion, incompetent or unfaithful, he shall be discharged from the work and will not again be employed upon it.

Contractor's employees.

(F) All work and materials mentioned in the specifications and not shown on the plans, and all work and materials shown on the plans and not mentioned in the specifications, are to be furnished, performed and done as if the same were both mentioned in the specifications and shown on the plans.

Specifications and plans.

(G) To prevent all disputes and litigation, the Engineer shall in all cases determine the amount or the quantity of the several kinds of work which are to be paid for under this contract, and he shall determine all questions in relation to said work, and the construction thereof, and he shall in all cases decide every question which may arise relative to the execution of this contract on the part of the contractor, and his estimate and decision shall be final and conclusive; and such estimate and decision, in case any question shall arise, shall be a condition precedent to the right of the contractor to receive any money under this contract.

Engineer's decision.

(H) The Engineer shall inspect the labor and material furnished and delivered under this contract, and is authorized and empowered to reject and refuse all labor and material or method of application, or any part thereof, offered under or in fulfillment of this contract, that do not comply in kind, quality or quantity, with the said specifications and drawings.

Inspection.

(I) Any labor and material to be delivered or offered to be delivered under this agreement which shall be rejected by the Engineer as not conforming to the specifications shall be forthwith removed, and labor and material which do so conform shall be forthwith furnished and delivered in the place thereof.

Rejected materials.

(J) The contractor shall be responsible for any claims made against the parties of the first part for any infringement of patents, by the use of patented articles in the construction and completion of the work, and shall save harmless and to indemnify the City for all costs, expenses and damages which the City shall be obliged to pay by reason of any infringement of patents used in the construction and completion of the said work.

Patent rights.

(K) The contractor will give personal attention constantly to the faithful performance of this agreement, and will not assign or sublet this contract, or any part thereof, but will keep the same under his own control, without the previous consent of the President, to be signified by indorsement on this agreement, nor will he assign, by power of attorney or otherwise, any of the moneys payable under this agreement.

Assignments. Chapter 444, Laws 1897.

(L) If the work to be done under this agreement shall be neglected, or if this contract shall be sublet or assigned by the contractor otherwise than as herein specified, or if at any time the Engineer shall be of opinion, and shall so certify in writing to the President, that the said work or any part thereof is unnecessarily or unreasonably delayed, or that the contractor is willfully violating any of the conditions or covenants of this contract, or executing this contract in bad faith, or if the work to be done under this contract be not fully completed within the time herein stipulated for its completion, the President shall have the power to notify the contractor to discontinue all work or any part thereof under this contract, by a written notice to be served upon the con-

tractor, either personally or by leaving the same at his residence, or with his agent in charge of the work; and thereupon the contractor shall discontinue said work, or such part thereof as the President may designate, and the President shall thereupon have the power, in the manner prescribed by law, to contract for the completion of the work, or to place such and so many persons, and obtain by purchase or hire such men, implements and tools as he may deem necessary or proper, by contract or otherwise, as he may deem advisable, to work at and be used to complete the work herein described, or such part thereof as he may deem necessary, and to procure materials for the completion of the same, and to charge the expense of said labor and materials, implements and tools to the contractor; and the expense so charged shall be deducted and paid by the City out of such moneys as may be due or may at any time thereafter become due to the contractor under and by virtue of this agreement or any part thereof. And in case such expense is less than the sum which would have been payable under this contract if the same had been completed by the contractor, then the contractor shall forfeit all claim to the difference; and in case such expense shall exceed the said sum which would have been payable under this contract if the same had been completed by the contractor, then the contractor shall pay the amount of such excess to the City; and, further, that when any particular part of said work is being carried on by the President, by contract or otherwise, under the provisions of this clause of the contract, the contractor shall continue the remainder of the work in conformity with the terms of this agreement, and in such manner as in nowise to hinder or interfere with the persons or workmen employed, as above provided by the President, by contract or otherwise, to do any part of the said work, or to complete the same under the provisions of this clause of the contract.

Abandonment of job. Charter, section 419. Completion of job. Charter, section 419.

(M) If, before the completion of the work contemplated herein, it shall be deemed necessary for the President to do any other or further work in or about the construction of the building aforesaid than is provided for in this contract, the contractor will not in any way interfere with or molest such other person or persons as the President may employ to do such work, and will suspend such part of the work herein specified, or will carry on the same in such manner as to afford all reasonable facilities for doing such work; and no other damage or claim by the contractor therefor shall be allowed except such extension of the time specified in this contract for the performance thereof as the President may deem reasonable.

Other contractors.

(MM) The President reserves the right of reducing or increasing the quantity of materials or supplies herein provided to be furnished to the extent of fifteen per cent. (15 per cent.), if he shall deem it for the interest of the City so to do. In case of such increase or diminution in the quantity to be furnished, the prices for the materials or supplies delivered as herein provided shall be the same and only the same as herein agreed, and no claim for damage will be made by or allowed to the contractor by reason of such increase or diminution in the quantities of materials or supplies to be furnished and delivered hereunder.

Quantity may be increased or diminished.

(N) During the performance of said work the contractor will place proper guards upon and around the same for the prevention of accidents, and at night will put up and keep suitable and sufficient lights, and that he will indemnify and save harmless the parties of the first part from all suits and actions of every name and description brought against them, and all costs and damages to which they may be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from improper materials used in its construction, or by or on account of any act or omission of the contractor or his agents; and the whole or so much of the moneys due to the contractor under and by virtue of this agreement as shall be or may be considered necessary by the Comptroller of the City shall or may be retained by the said parties of the first part, at their sole and exclusive option, until all such suits or claims for damages as aforesaid shall have been settled, and evidence to that effect furnished to the satisfaction of the said Comptroller.

Accidents to be prevented. Ordinances, section 355.

(O) The contractor shall pay promptly, and in cash, for all labor employed upon and materials furnished and used in said work, and no lien or incumbrance shall be placed upon the property under any provision of any lien law, or in favor of or upon the suit of proceedings at law by any labor or material man, and that the work shall be done and managed by and at the cost of the contractor so as not to violate any law or ordinance in force in the City, and so as not to damage or injure the property of any other person.

Covenant against liens.

(P) If at any time before or within thirty days after the whole work herein agreed to be performed, and all the labor and material herein agreed to be delivered, have been performed or delivered or completed and accepted by the party of the first part, any person or persons claiming to have performed any labor or furnished any material toward the performance or completion of this contract shall file with the President, and with the Comptroller of The City of New York, any such notice as is described in the Lien Law or any act of the Legislature of the State of New York, then, and in every such case, the City shall retain, anything herein contained to the contrary thereof notwithstanding, so much of such moneys as shall be sufficient to pay off, satisfy and discharge the amount in such notice alleged or claimed to be due to the person or persons filing such notice, together with the reasonable costs of any action or actions brought to enforce such claim or the lien created by the filing of such notice. The moneys so retained shall be retained by the City until the lien thereon created by the said act and the filing of the said notice shall be discharged pursuant to the provisions of the said act.

Liens. Chapter 418, Laws 1897; chapter 169, Laws 1898.

(Q) The contractor shall furnish the President with satisfactory evidence that all persons who have done work or furnished labor and material under this agreement, and who may have given written notice to the said Department before or within ten days after the final completion and acceptance of the whole work under this contract, that any balance for such work, labor and material is due and unpaid, have been fully paid or satisfactorily secured; and in case such evidence be not furnished as aforesaid, such amount as may be necessary to meet the claims of the persons aforesaid shall be retained from the money due the contractor under this agreement until the liabilities aforesaid shall be fully discharged or such notice withdrawn.

Evidence that wages, etc., are paid. Ordinances, section 354.

(R) The contractor will begin the aforesaid work after the Comptroller of the City shall have indorsed upon this contract his certificate as is hereinafter provided; and within five (5) days after notice from the President or Engineer so to do, and will progress therewith so as to complete the same in accordance with this agreement, on or before the expiration of one hundred and twenty (120) days. In the computation of said time the length of time (expressed in days and parts of days) during which the work has been delayed by any act or omission of the party of the first part (all of which shall be determined by the President, who shall certify to the same in writing), and days on which the prosecution of the whole work is suspended by order, in writing, of the President, shall be excluded.

Time of completion. Ordinances, section 354.

(S) Neither an extension of time, for any reason, beyond the date fixed herein for the completion of the work, nor the doing and acceptance of any part of the work called for by this contract, shall be deemed to be a waiver by the President of the right to abrogate this contract for abandonment or delay in the manner provided for in this agreement.

Extension of time not a waiver.

(T) In case the contractor shall fail to fully and entirely and in conformity to the provisions and conditions of this agreement, perform and complete the said work, and each and every part and appurtenance thereof, within the time hereinbefore specified for such performance and completion, or within such further time as in accordance with the provisions of this agreement shall be fixed or allowed for such performance and completion, as provided in the aforesaid section of this contract, the contractor shall and will pay to the City the sum of ten dollars (\$10) for each and every day that he, the contractor, shall be in default, which said sum of ten dollars (\$10) is hereby agreed upon, fixed and determined by the parties hereto as the liquidated damages which the City will suffer by reason of such default, and not by way of penalty; and the City shall and may deduct and retain said sum out of any moneys that may be due or become due to the contractor under this agreement.

Liquidated damages for delay.

(U) The contractor shall not be entitled to demand or receive payment for any portion of the aforesaid work or materials until the same shall be fully com-

pleted in the manner set forth in this agreement, and such completion shall be duly certified by the Engineer, and until each and every of the stipulations herebefore mentioned are complied with and the work completed to the satisfaction of the President and accepted by him; whereupon the City will pay, and hereby binds itself and its successors to pay, to the contractor, in cash, on or before the expiration of thirty days from the time of the completion of the work and the acceptance of the same by the President, the whole of the moneys accruing to the contractor under this agreement, except such sum or sums of money as may be lawfully retained under any of the provisions herein contained for that purpose, or under any law of the State, or under any ordinance of The City of New York, passed prior to the date of this agreement, and now in force.

Payment.

(V) In order to enable the contractor to prosecute the work advantageously, the Engineer shall, from time to time, as the work progresses, but not oftener than once a month, make, in writing, an estimate, such as in his opinion shall be just and fair, of the amount of the material furnished and delivered and the work done by the contractor in the performance of this contract on his part, and of the value thereof under and according to the terms of this contract. The first such estimate shall be of the amount of work done and materials furnished and delivered since the contractor commenced the performance of this contract on his part, and every subsequent estimate, except the final one, shall be of the amount of work done and materials furnished and delivered since the last preceding estimate was made. Such estimates of amount and quantity shall not be required to be made by strict measurements, but they may be made by measurement or by estimation, or partly by one and partly by the other, and it shall be sufficient if they are approximate only, and estimates strictly so called; and upon each such estimate being made and certified in writing to the President, the City will pay to the contractor ninety per centum (90%) of the amount stated in such estimate or certificate to be the value of the materials therein certified to have been furnished and delivered, and work therein certified to have been done; provided the value of the work certified in such estimate shall amount to more than one thousand dollars; and provided that the party of the first part may at all times reserve and retain out of said installments, or any of them, all such sum or sums as by the terms hereof, or of any act of the Legislature of the State of New York, or of any ordinance of The City of New York, passed prior to the date hereof, they are or may be authorized to reserve or retain.

Partial payments.

(W) The contractor shall not be entitled to demand or receive payment for the aforesaid work and materials, or any portion thereof, except in the manner set forth in this agreement, nor unless each and every of the promises and agreements, stipulations, terms and conditions herein contained on his part to be performed, kept and observed, to entitle him to such payment, have been performed, kept and observed, and the Engineer has given his certificate to that effect.

Condition precedent to payment.

(X) The action of the Engineer by which the contractor is to be bound and concluded according to the terms of this contract, shall be that evidenced by his final certificate; all prior certificates upon which partial or progress payments may be made being merely estimates, and subject to the correction of such final certificate, which final certificate may be made without notice to the contractor thereof, or of the measurements upon which the same is based.

Final certificate to control.

(Y) The City shall not, nor shall any department or officer of the City be precluded or estopped by any return or certificate made or given by any Inspector or other officer, agent or appointee of the President, or of the City, under or in pursuance of anything in this agreement contained, from at any time showing the true and correct amount and character of the work which shall have been done and materials which shall have been furnished by the contractor, or any other person or persons under this agreement.

No estoppel.

(Z) The contractor will comply with the provisions of chapter 415 of the Laws of 1897, as amended, known as "The Labor Law," so far as it is constitutional and applicable hereto; and no laborer, workman or mechanic in the employ of the contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract shall be required to work more than eight hours in any one calendar day, except in cases of extraordinary emergency caused by fire, flood or danger to life or property.

Labor Law.

(AA) This contract shall not be binding or of any force unless the Comptroller of The City of New York shall indorse hereon his certificate that there remains unexpended and unapplied, as provided in the Greater New York Charter, a balance of the appropriation or fund applicable thereto sufficient to pay the estimated expense of executing this contract, as certified by the officers making the same.

Comptroller's certificate, Charter, section 149.

In witness whereof, the President of the Borough of Manhattan has hereunto set his hand and seal for and on behalf of The City of New York, and the contractor has also hereunto set his or its hand and seal the day and year herein first above written; and the President and contractor have executed this agreement in triplicate, one part of which is to remain with the President, one other to be filed with the Comptroller of The City of New York, and the third to be delivered to the contractor.

SPECIFICATIONS.

General.

A. The contractor will be required to furnish, deliver, erect and maintain (without lighting) for a period of three (3) years on existing gas lamp posts and electric light poles and on other posts and poles that may be erected, to be designated by the Borough President, three hundred (300) reflector street sign frames with dark blue glass street signs.

The signs are to be illuminated by the light of the posts or poles to which they are attached.

B. Bidders will be required, when requested, to submit their own models or drawings showing in detail the design of the box and manner of construction, which design must be approved by the Borough President.

C. The number of signs indicating the names of streets and avenues to be furnished with each frame shall not be less than three (3), and they shall all be so arranged in the frame that they may be seen distinctly either from the street or from the centre of the avenue while passing in either direction. The lettering on the glass signs must not be less than three (3) inches high and one-half inch bar with well defined white letters, of a design to be approved by the President.

D. If at any time during the period of maintenance the sign frame should become damaged or unfit for use, it must be immediately repaired; or if the glass sign should become broken or the letters blurred it must be immediately removed and another substituted in its place.

E. The prices bid shall include all the labor, service and materials necessary to furnish, deliver, erect and maintain (without lighting), for a period of three (3) years, street sign frames with glass signs on existing lampposts and electric light poles, as more fully hereinafter described. Bidders will state a price per unit at which they will furnish the above frames.

F. A price must be given for a rectangular and a price for a triangular form, to be erected on electric light poles, and a price for a rectangular form to be erected on gas lamp posts.

G. In addition to the amount of security required for the faithful performance of this contract, the contractor will be required to file a bond as a guarantee that he will faithfully carry out the conditions of this agreement during the term of maintenance, as follows:

H. On a contract for each 100 sign frames a maintenance bond of \$300 will be required. The estimated number of frames to be furnished is 25 rectangular and 25 triangular for electric light poles and 250 rectangular for gas lamp posts.

I. The bidder may, at his option, offer to deliver, erect and maintain (without lighting), for a period of three (3) years, on existing electric light poles and lamp-posts, or on any other posts and poles that may be erected in one or other of the following two methods separately described and designated herein as indicated.

J. Method A—Electrical reflector street sign frames with a reflector, deflector and radiator attachment, manufactured by the Electrical Reflector Company.

1. Rectangular frames to be attached to electric light poles. The frames are to be made of close grained cast iron, 19 inches long on each side by 11 inches high, with reflectors of 20 gauge white enameled iron 19 inches long and 9 inches high, to be attached to the inner side of the box; screws used in assembling the boxes to be countersunk. The frames are to be attached to electric light poles by 1-inch wrought iron collars and 3-inch bolts. When frames are attached to bishops' crook poles glass reflectors may be used. The frames are to have two (2) coats of brown paint. The glass signs are to be dark blue and ground on the inner side with clear cut white letters not less than three (3) inches high and one-half (1-2) inch bar indicating names of streets and avenues.

2. Triangular frames to be attached to electric light poles are to be of the same material and method of construction as the rectangular frames above described.

3. Rectangular frames to be attached to Welsbach gas lamps. The frames are to be made of band iron, 18 inches long on each side by 5 inches high, with white enameled reflector plates of 20 gauge iron, 17 inches long on each side by 6 1-2 inches high, to be attached to the inner side of the frame at an angle of reflection of about 40 degrees. The frames are to be attached to gas lamp posts with iron brackets, and to have two coats of dark green enamel paint. The glass signs are to be dark blue and ground on the inner side with letters not less than 3 inches high and 1-2 inch bar indicating name of streets and avenues.

4. The sign frames to be attached to Boulevard gas lamp posts are to be of the same design, construction and material as described in paragraph 3, except that the reflectors are to be made of glass.

K. The foregoing specifications are intended to describe the sign frame manufactured by the Electrical Reflector Company, even if not complying therewith in every detail.

L. Method B—Non-patented street sign frames, with dark blue glass signs, to be attached to electric light poles and gas lamp posts, and to be illuminated by the light of the poles or posts to which they are attached.

1. Rectangular and triangular frames to be attached to electric light poles. The frames are to be made of close grained cast iron 19 inches long on each side by 11 inches high; screws used in assembling the frames to be counter-sunk. The frames are to be attached to the poles by 1 by 3-16 inch wrought iron collars and brackets, and to have two coats of brown paint. The glass signs are to be dark blue and ground on the inner side with cut white letters not less than 3 inches high and 1-2 inch bar indicating name of streets and avenues.

2. Rectangular frames to be attached to gas lamp posts. The frames are to be made of band iron 18 inches long on each side by 5 inches high, and are to be adjustable to any size lamp post; they are to be attached to gas lamp posts by iron brackets, and to have two (2) coats of dark green enamel paint. The glass signs are to be dark blue and ground on the inner side with clear cut white letters not less than 3 inches high and 1-2 inch bar indicating names of streets and avenues.

M. The street sign frames described under Method B are to be attached to gas lamp posts and electric light poles at an angle or point so that the light of the post or pole will illuminate the glass sign without in any way interfering with the efficiency of the light for street illumination.

The Secretary presented the following communication from the Board of Education, requesting an appropriation of \$10,500 to pay for surveys, borings, draughting supplies, etc.:

To the Board of Education:

The Committee on Finance respectfully reports that the Committee on Buildings has requested, in writing, that the sum of \$10,500 be set aside from the proceeds of Corporate Stock for surveys, borings, draughting supplies, printing, etc., etc. In compliance with said request, the following resolution is submitted for adoption:

Resolved, That, subject to the Approval of the Board of Estimate and Apportionment, the sum of ten thousand five hundred dollars (\$10,500) be and the same is hereby appropriated from the proceeds of the Corporate Stock to be issued by the Comptroller, pursuant to sections 47 and 169 of the revised Charter, application for the issue of which is hereby made; said sum to be applied in payment of surveys, borings, draughting supplies, printing, etc., etc., requisition for said sum being hereby made upon the Comptroller.

The Secretary presented the following communication from the secretary of the League of American Wheelmen, submitting resolution adopted by that organization relative to a bicycle path across the new East River Bridge, which was ordered on file:

LEAGUE OF AMERICAN WHEELMEN, NEW YORK STATE DIVISION, HEADQUARTERS No. 132 NASSAU STREET, NEW YORK,

October 19, 1903.

Hon. SETH LOW, Chairman of Board of Estimate and Apportionment, City Hall, New York City:

DEAR SIR—At a meeting of the Executive Committee of the New York State Division, League of American Wheelmen, held at the Reform Club, in The City of New York, on Saturday, the 17th day of October, 1903, the following preamble and resolutions were adopted:

Whereas, For many years the bicycle riders of this City have labored earnestly to secure a safe and convenient means of transportation across the East river; and

Whereas, Through their efforts, the plans of the new East River Bridge, from Delancey street, Manhattan, to Broadway, Williamsburgh, were originally so drawn as to give them such means of transportation; and

Whereas, It has been reported that it is the intention of the authorities to so change said plans as to abolish the proposed way across said bridge for bicycles; therefore be it

Resolved, That in behalf of the thousands of bicycle riders of this City, whose interests would be vitally and injuriously affected by such proposed changes, this committee does most earnestly and strongly protest against said proposed change in said plans; and that this committee respectfully request those having the matter in charge adhere to the plans as originally prepared, so that a safe and convenient means of transportation may be provided for bicycle riders across said bridge; and be it further

Resolved, That a copy hereof be forwarded to Mr. Gustave Lindenthal, Commissioner of Bridges, and to his Honor May Low, as Chairman of the Board of Estimate and Apportionment, with a request that they take favorable action thereon, and that copies thereof be sent to the daily papers of this City.

(Attest, a true copy.)

JOHN F. CLARK, Secretary-Treasurer.

The Secretary presented a presentment from the Grand Jury of Queens County, relative to the Courthouse and adjacent buildings.

Referred to the President of the Borough of Queens.

The President of the Borough of The Bronx appeared and took his place in the Board.

The Secretary presented the following report of the Engineer of the Department of Finance, relative to the method of fastening the slate to the mansard roof of the new Hall of Records Building; also communication from Messrs. Horgan & Slattery relative thereto:

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE,
October 23, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In relation to communication from George W. Blake, Secretary to the President of the Borough of Manhattan, transmitting to the Board of Estimate and Apportionment a letter from Messrs. Horgan & Slattery, in relation to the method of fastening the slate to the mansard roof of the new Hall of Records Building, I would report,

In order to fully understand the subject, I quote the specifications, contract of John Peirce, for the erection of the Hall of Records Building, in relation to roof covering:

"The main pitch roof, the main deck, the sides and roofs of all dormers and the fronts of copper dormers, also any bulkheads and curbs, projecting above roofs will be filled in with hollow blocks 3 inches thick, laid up in mortar composed as for brick work."

"The main pitch roofs will be covered with the best quality of non-fading black slate from such quarry and the same as such sample as the architect will accept. All shall be laid to lines, and the joints properly broken, the slate will be 12 inches by 24 inches, with exposed edges sawn true and square and laid with a double 4 inch lap. Slate will be one-quarter inch thick, and be closely fitted to all hip, ridge and valley finish. Each is to be firmly nailed with two heavy copper nails."

The objection to this method of fastening the slate to the hollow terra-cotta blocks, is that the copper nails do not take hold, except when the nails are driven into the webs or ends of the hollow blocks. It will be readily seen that since the area of the hollow space is so much larger than the webs and ends, the majority of the nails will be loose and the slate insecure, as stated by the architects. The method of fastening the slate, as proposed by the architects, consists of fastening, by means of iron bolts through the full thickness of the terra-cotta blocks, wooden strips 7/8 inches thick, laid lengthwise on the mansard roof, 10 inches between centres; the space between the wooden strips to be filled up with cement mortar (one part cement and three parts sand) flush with the top of the strips; this forms a smooth surface upon which to lay the slate, and the copper nails holding the slate are driven into the wooden strips.

This method I consider the best way of fastening the slate, and think for the safety and durability of the roof that it should be substituted for the method called for in the specifications. The estimate, \$4,432, for this alteration or modification, I consider just and reasonable.

From an examination of the contract of John Peirce for the erection of the Hall of Records Building, this work can be done by John Peirce and paid for without an extra contract, if the authority be given him as specified on page 9 of the contract, namely:

"No extra work will be allowed unless ordered by resolution of the Board of Estimate and Apportionment upon the recommendation of the architect."

"It is further agreed that the contract may be modified or altered upon the consent, in writing, of the parties; such modification or alteration, however, in no case to involve or require an increased expense greater than five per centum of the whole expenditure provided for in said contract."

The contract, allowing the modification without public letting, I would recommend that the Board of Estimate and Apportionment order and authorize the President of the Borough of Manhattan to enter into an agreement with John Peirce to modify and alter his contract for the erection of the Hall of Records Building, in an amount not to exceed \$4,432 for placing 7/8-inch wooden strips (10 inches between centres) on the mansard roof, bolted through the terra-cotta blocks and filling in between the strips with one to three cement mortar (one part cement and three parts sand), and authorize the Comptroller, pursuant to section 47 of the amended Greater New York Charter, to issue Corporate Stock in the amount of \$4,432, to provide means for the construction of the same.

Respectfully,

EUG. E. McLEAN, Engineer.

HORGAN & SLATTERY, ARCHITECTS, NO. 1 MADISON AVENUE, NEW YORK,
October 14, 1903.

Honorable JACOB A. CANTOR, President of the Borough of Manhattan:

DEAR SIR—We find that the specification prepared by the late John R. Thomas for roofing of the new Hall of Records Building does not provide a proper method of fastening the slate to the mansard roof. We have made a test of the method specified, and the result was that if the slate were installed in the manner specified it would certainly come off inside of one year. We have erected on the roof a test sample showing how the slate should be installed according to the most approved method of slate roofing, and the contractor, Mr. John Peirce, has submitted the following estimate:

"Referring to the placing of wooden strips with cement mortar between same on the roof of the new Hall of Records, I beg to say that to cover mansard roof with nailed strips, bolted through terra cotta blocks, all as per sample erected at building, and fill in between strips with one to three cement mortar will cost the sum of forty-four hundred and thirty-two dollars (\$4,432)."

We beg to state that we find the above estimate is fair and reasonable in amount and we would recommend that this work be done.

As winter is rapidly approaching and it is very necessary that the building should be closed in, we would recommend that the question of the roof covering be decided at your earliest convenience.

Respectfully,

HORGAN & SLATTERY.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Manhattan to enter into an agreement with John Peirce to modify and alter his contract for the erection of the Hall of Records Building, in an amount not to exceed four thousand four hundred and thirty-two dollars (\$4,432), for placing 7/8-inch wooden strips (10 inches between centres) on the mansard roof, bolted through the terra-cotta blocks and filling in between the strips with one to three cement mortar (one part cement and three parts sand).

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented an opinion of the Corporation Counsel as to the legality of erecting a public building on the open space at the junction of White Plains road and Briggs avenue, Borough of The Bronx.

Referred to the Comptroller.

The Secretary presented a petition of the citizens of the Borough of The Bronx, relative to Court House Building in said Borough.

Which petition was ordered on file.

The Secretary presented the following communication from the Board of Education, relative to the transfer of \$5,000 to "Special School Fund, Incidental Expenses," 1903:

To the Board of Education:

The Committee on Finance, to which was referred a communication from the Committee on Supplies, requesting the Committee on Finance to take the necessary steps looking to the transfer of the sum of \$5,000 from any available account to the Incidental Fund of the Board of Education for the year 1903, respectfully reports: That the Committee on Lectures and Libraries is willing to permit of the transfer from the Lecture Fund of \$2,500. The Committee on Supplies is also willing that the sum of \$2,500 be transferred from the Fund for Supplies, Borough of Brooklyn, for the current year.

The following resolution is submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of five thousand dollars (\$5,000) from the Special School Fund for the current year, and from the following items:

"Lectures—Board of Education".....	\$2,500 00
"Supplies—Borough of Brooklyn".....	2,500 00
	<hr/> \$5,000 00

—which items are in excess of their requirements, to the item also contained within the Special School Fund for the current year, entitled "Incidental Expenses," Board of Education, which item is insufficient for its purposes.

A true copy of report and resolution adopted by the Board of Education on October 28, 1903.

A. EMERSON PALMER, Secretary, Board of Education.

The following resolution was offered:

Resolved, That the sum of five thousand dollars (\$5,000), be and the same is hereby transferred from the following appropriations made to the Department of Education for the year 1903, entitled and as follows:

"Special School Fund, Board of Education—Lectures".....	\$2,500 00
"Special School Fund, Borough of Brooklyn—Supplies".....	2,500 00

Total.....	<hr/> \$5,000 00
------------	------------------

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to the said Department of Education for 1903, entitled "Special School Fund, Board of Education—Incidental Expenses," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Public Administrator of New York County, requesting the transfer of \$175 to "Supplies and Contingencies":

BUREAU OF THE PUBLIC ADMINISTRATOR, NO. 119 NASSAU STREET, ROOM 1025.
NEW YORK, November 4, 1903.

The Honorable the Board of Estimate and Apportionment:

DEAR SIR—Owing to the fact that during the year there were certain vacancies in my Bureau, my appropriation for salaries for the current year will be \$175 in excess of the amount required. My appropriation for contingencies and supplies for 1903 will be, as it has been in several years heretofore, insufficient, and I shall require at least \$175 in addition to the amount already appropriated. I respectfully request your honorable Board to transfer from my salary appropriation to my contingency appropriation the above mentioned sum of \$175.

Yours respectfully,

WILLIAM M. HOES, Public Administrator.

The following resolution was offered:

Resolved, That the sum of one hundred and seventy-five dollars (\$175) be and the same is hereby transferred from the appropriation made to the Public Administrator, New York County, for the year 1903, entitled "Salaries," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Public Administrator for 1903, entitled "Supplies and Contingencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Aqueduct Commissioners, requesting an appropriation of \$500,000 to "defray the necessary and lawful expenditures of the said Commissioners":

AQUEDUCT COMMISSIONERS' OFFICE, STEWART BUILDING, NO. 280 BROADWAY,
NEW YORK, October 28, 1903.

Hon. EDWARD M. GROUT, Comptroller:

DEAR SIR—At a meeting of the Aqueduct Commissioners, held on October 27, 1903, the following preamble and resolution were adopted:

"Whereas, In the opinion of the Aqueduct Commissioners, the further sum of five hundred thousand dollars (\$500,000) will be required to defray the necessary and lawful expenditures of the said Commissioners; therefore

"Resolved, That the Comptroller of The City of New York be and he is hereby requested to raise the sum of five hundred thousand dollars (\$500,000) upon bonds of The City of New York, in conformity with the requirements of section 32, chapter 400, Laws of 1883, of the State of New York, for the uses and purposes of the Aqueduct Commissioners, as set forth in said chapter and section of said law."

Yours respectfully,

THE AQUEDUCT COMMISSIONERS.

By HARRY W. WALKER, Secretary.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 400 of the Laws of 1883, and sections 169 and 170 of the Greater New York Charter, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of five hundred thousand dollars (\$500,000), the proceeds thereof to be applied in accordance with the preamble and resolution

adopted by the Aqueduct Commissioners October 27, 1903, to defray the necessary and lawful expenditures of the said Commissioners.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Health Department and resolution approving of the audit of the claim of Thomas O'Hare for \$22.50 for "destruction of cattle affected with tuberculosis":

DEPARTMENT OF HEALTH, CITY OF NEW YORK, SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN.

NEW YORK, October 23, 1903.

Hon. EDWARD M. GROUT, Comptroller of The City of New York:

DEAR SIR—At a meeting of the Board of Health of the Department of Health, held October 21, 1903, on motion, the following preamble and resolution were adopted:

Whereas, The Department of Health of The City of New York, pursuant to the provisions of chapter 651 of the Laws of 1899, is authorized to hear, audit and determine all claims arising out of the destruction of cattle affected with tuberculosis or other diseases in The City of New York when such destruction is duly authorized by the owner or owners thereof; therefore be it

Resolved, That the Board of Health of the Department of Health does hereby audit and allow the following claim arising out of the destruction of cattle affected with tuberculosis in The City of New York:

Thomas O'Hare, Borough of The Bronx, 1 cow.....	\$22 50
---	---------

A true copy.

EUGENE W. SCHEFFER, Secretary.

The following resolutions were offered:

Resolved, That, pursuant to the provisions of chapter 651 of the Laws of 1899, the Board of Estimate and Apportionment hereby approves of the audit of the claim of Thomas O'Hare, Borough of The Bronx, for twenty-two dollars and fifty cents (\$22.50), arising out of the destruction of cattle affected with tuberculosis or other diseases, in The City of New York, as shown by resolution adopted by the Department of Health October 21, 1903; and

Resolved, That, for the purpose of providing means for the payment thereof, the Comptroller be authorized to issue Revenue Bonds of The City of New York to the amount of twenty-two dollars and fifty cents (\$22.50), redeemable from the tax levy of the year succeeding the year of their issue.

Which were adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented a communication of the Commissioners of Accounts, requesting the Board to recommend to the Board of Aldermen the fixing of the salaries of various positions in the office of said Commissioners.

Which was laid on the table.

The Board took a recess until 2 p. m.

2 p. m.

The Board reconvened in open session.

Present—Seth Low, Mayor; Edward M. Grout, Comptroller; James H. McInnes, Acting President, Board of Aldermen; Jacob A. Cantor, President, Borough of Manhattan; J. Edward Swannstrom, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Bermel, Commissioner of Public Works and Acting President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Secretary presented the following communication from the President of the Borough of Brooklyn, requesting the Board to confirm the action of said President, taken May 1, 1903, in fixing the salary of a Searcher in his office at \$1,200 per annum:

THE CITY OF NEW YORK—OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, November 9, 1903.

JAMES W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—In April last I applied to the Department of Taxes and Assessments for the transfer of Mr. John O. Farrell, Searcher, to this office. The Commissioners acquiesced, and on May 1, 1903, Mr. Farrell entered upon his duties here.

Subsequently, however, I was informed that the notification of his transfer which I received, signed by the Secretary of the Department of Taxes and Assessments, and by him alone, was insufficient, and that such notification should have embodied the assent of all the Commissioners over the signature of each.

To an application for such assent in writing to the Commissioners, reply was made by President Wells under date of August 24, 1903, that, owing to the absence of some of the Commissioners, the matter had not been taken up by them, but would be acted upon at their next meeting.

At a meeting of the Commissioners held September 9, 1903, the question was discussed, as I am informed, whether, owing to the informality of the transfer, Mr. Farrell's name could be certified upon the payroll, and the matter was referred to President Wells for conference with Hon. Willis L. Ogden. As a result of this conference it was intimated to the Commissioners of Taxes and Assessments that, if Mr. Farrell's name were placed on a supplementary payroll, payment of the amount due him would be approved by the Civil Service Commission; but this the Commissioners of Taxes and Assessments declined to do, on the ground that the work done in the interval between May 1 and June 7 had not been done for their Department.

On June 6, 1903, the position of Searcher in the office of the President of the Borough of Brooklyn was created by the Board of Estimate and Apportionment, and Mr. Farrell's name is now properly upon our payroll. But the unfortunate complication has resulted in depriving him of one month and some days' pay, faithfully earned.

To enable him to obtain this and to rectify the error, owing to which his money has been withheld, I inclose herewith form of resolution ratifying my action, which I will be obliged if you will have presented to the Board of Estimate and Apportionment at their meeting on Friday next.

Very truly yours,

J. EDW. SWANSTROM, President, Borough of Brooklyn.

The following resolution was adopted:

Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the President of the Borough of Brooklyn, taken and dated May 1, 1903, in fixing the salary of the position of Searcher in the office of the President of the Borough of Brooklyn at the rate of twelve hundred dollars (\$1,200) per annum, as of date May 1, 1903.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting the transfer of \$215 to "Music":

THE CITY OF NEW YORK—DEPARTMENT OF PARKS, ARSENAL, CENTRAL PARK,
November 10, 1903.

To the Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—I beg to request that your Honorable Board will transfer the sum of two hundred and fifteen dollars (\$215) from the appropriation made to the Department of Parks, Boroughs of Manhattan and Richmond, 1903, Labor, Maintenance and Supplies, to the appropriation for the same year, Music.

The appropriation for Music, as is well known, is made for the purpose of providing for concerts in the parks, and the entire amount was expended in this way during the summer months.

The Jumel property has been recently acquired by the City for park purposes, and it is proposed to have appropriate exercises on the occasion of formally taking possession, including a band concert similar to the ones rendered in the Central Park.

The above request is made in order that funds may be provided for this concert. There will be a sufficient balance in the Labor, Maintenance and Supplies appropriation to permit the transfer; and no balance will exist in the Music appropriation after the concerts already rendered have been paid for.

Respectfully,

W. R. WILLCOX, Commissioner.

The following resolution was offered:

Resolved, That the sum of two hundred and fifteen dollars (\$215) be and the same is hereby transferred from the appropriation made to the Department of Parks, boroughs of Manhattan and Richmond, for the year 1903, entitled "Labor, Maintenance and Supplies," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for 1903, entitled "Music," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented a report of the Engineer of the Department of Finance, relative to the request for Revenue Bonds to purchase certain land for an approach to bridge over the Bronx river to be built foot of Becker avenue in the Borough of The Bronx.

For the reason that the Board of Estimate and Apportionment should first change the map or plan of the City by laying out, upon proper application, a bridge approach, the request was referred back to the Local Board to proceed in the proper manner.

The Secretary presented the following communication from the President of the Borough of Brooklyn, requesting an appropriation of \$8,000 for maintaining and operating three all-the-year-round public baths and six public comfort stations in the Borough of Brooklyn:

THE CITY OF NEW YORK—OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, November 9, 1903.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—On June 23 last the Board of Aldermen passed a resolution requesting the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of \$36,000 for the purpose of maintaining and operating public baths and comfort stations in the Borough of Brooklyn during the current year. On July 16 last the Board of Estimate and Apportionment concurred in the resolution, and authorized an installment of \$15,000 in Special Revenue Bonds for the above purposes. The amount so authorized (to wit: \$15,000) is now exhausted, the amount expended thus far being as follows:

Coal contract	\$2,529 60
Bath supplies (contract)	4,497 00
Department orders issued	5,027 75
Salaries to October 31, 1903	2,687 86
Total	\$14,742 21

I would therefore request that a further installment of \$8,000 be authorized to meet the demands for the balance of the year. The estimated amount required is as follows:

Salaries for Attendants, etc., for four comfort stations and two baths November 1 to December 31, and for two comfort stations from December 1 to December 31	\$7,000 00
Contingencies	1,000 00
Total	\$8,000 00

Yours very truly,

J. EDW. SWANSTROM, President, Borough of Brooklyn.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted June 23, 1903, and approved by the Mayor June 30, 1903, in relation to an appropriation for the purpose of maintaining and operating three (3) all-the-year-round public baths and six public comfort stations in the Borough of Brooklyn, during the remainder of the year 1903, to the extent of eight thousand dollars (\$8,000), in addition to the issue of fifteen thousand dollars (\$15,000) Special Revenue Bonds authorized by the Board of Estimate and Apportionment July 15, 1903, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of eight thousand dollars (\$8,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The President of the Borough of The Bronx presented the following resolution authorizing the issue of Revenue Bonds to the amount of \$5,000 for the repairs to the surface drains in Van Nest:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted August 18, 1903, in relation to an appropriation for making necessary repairs to the surface drains existing in that portion of the Borough of The Bronx commonly known as Van Nest, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter,

to issue Special Revenue Bonds of The City of New York to the amount of five thousand dollars (\$5,000), in addition to the sum of five thousand dollars (\$5,000) authorized October 12, 1903, redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the President of the Borough of The Bronx, requesting an appropriation for street signs:

THE CITY OF NEW YORK—OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
November 11, 1903.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith resolution which I desire to have introduced providing for the issuance of Special Revenue Bonds to the amount of \$5,000 for the completion of the contract for the construction, erection and maintenance of street signs and posts for signs in the Borough of The Bronx.

Yours truly,

LOUIS F. HAFFEN, President of the Borough of The Bronx.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted February 4, 1902, in relation to an appropriation for the purpose of completing the contract for the construction, erection and maintenance of street signs and posts for signs, in the Borough of The Bronx, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of three thousand dollars (\$3,000), in addition to the sum of twelve thousand four hundred and ninety dollars (\$12,490), authorized June 27, 1902, redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following resolution of the Board of Aldermen, relative to an issue of Special Revenue Bonds to the amount of \$2,500, for the removal of ashes, waste material, etc., from the area of what was formerly Prospect avenue, between Eleventh avenue and the old City line, in the Borough of Brooklyn:

IN THE BOARD OF ALDERMEN.

Resolved, That, pursuant to the provisions of subdivision 7 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$2,500, to provide means for the removal of ashes, waste material, etc., from the area of what was formerly Prospect avenue, between Eleventh avenue and the old City line, in the Borough of Brooklyn, in accordance with an order of the Supreme Court directing the removal of the same.

Unanimously adopted by the Board of Aldermen November 10, 1903, three-fourths of all the members elected voting in favor thereof.

Approved by the Mayor November 18, 1903.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted November 10, 1903, and approved by the Mayor November 18, 1903, in relation to the expenditure of twenty-five hundred dollars (\$2,500) to provide means for the removal of ashes, waste material, etc., from the area of what was formerly Prospect avenue, between Eleventh avenue and the old City line, in the Borough of Brooklyn, in accordance with an order of the Supreme Court directing the removal of the same, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of twenty-five hundred dollars (\$2,500), redeemable from the tax levy of the year succeeding the year of their issue.

The Secretary presented the following report from the Appraiser of Real Estate, Department of Finance, relative to the request of the President of the Borough of The Bronx for an appropriation of \$8,000 for the purpose of making alterations and improvements in the Eighth District Court, Masonic Building, Main street, Westchester, Borough of The Bronx, together with resolution of the Board of Aldermen relative thereto:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,
October 21, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The President of the Borough of The Bronx, in a communication under date of August 13, requests action from the Board of Estimate and Apportionment in the matter of the issue of \$8,000 in Special Revenue Bonds, the amount necessary for the proposed alterations and improvements of the Eighth District Court, in the Masonic Building Main street, Westchester, Borough of The Bronx.

Inasmuch as the total value of the building does not exceed \$8,000, I would respectfully recommend that before the issue of bonds be authorized, plans and specifications showing the alterations and repairs intended to be done and approximate cost of the same be filed with the Board, and be referred to the Engineers of the Finance Department for a report thereon as to the cost of the work under the plans and specifications.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

THE CITY OF NEW YORK—OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, August 13, 1903.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I inclose for the information of the Commissioners of the Sinking Fund in the matter of the lease of the two floors in the Masonic Building, Main street, Westchester, Borough of The Bronx, authorized for the use of the Eighth District Court, which was referred to me by said Commissioners, at its meeting held on July 27, 1903, for report, a copy of letter which I have written to the President of the Board of Aldermen, together with resolution to be presented to the said Board at its meeting on next Tuesday, providing for an issue of eight thousand dollars (\$8,000), Special Revenue Bonds for the amount necessary, in my opinion, for proposed alterations and improvements for said court.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

THE CITY OF NEW YORK—OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,
NEW YORK, August 13, 1903.

Hon. C. V. FARNES, President, Board of Aldermen:

DEAR SIR—At the last meeting of the Commissioners of the Sinking Fund, held on July 27, 1903, a lease of the two floors in the Masonic Building, Main street, Westchester, Borough of The Bronx, was authorized for the use of the Eighth District Court.

At the said meeting the question of the amount of the appropriation necessary for the proposed alterations and improvements required to adapt the premises for Court purposes was referred to me for report, and to have a resolution for the issue of Special Revenue Bonds introduced in the Board of Aldermen. The said matter was referred by me to Mr. Reville, the Superintendent of Buildings in this borough, and he reports that "it is necessary to entirely remodel the plumbing and drainage system for the various toilets and branches, as shown, and change and enlarge the steam heating plant, also to erect the necessary toilet enclosures and cells, together with the iron grills and iron bar enclosures separating the public space and cutting new openings in easterly wall and protecting same with outside guards. In the court room it is necessary to build new platforms and to have general repairs made, also to remodel the present kitchen for use as Judges' private room, and to have all work properly painted and varnished; also to furnish all chairs and furniture, together with the necessary railings and enclosures, and to change the entire lighting system."

To do all this work and furnish all materials necessary it will require an expenditure of \$8,000.

I enclose resolution to be presented to the Board of Aldermen at its meeting on August 18, 1903, for an issue of Special Revenue Bonds in this amount, and respectfully urge its immediate passage.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

IN THE BOARD OF ALDERMEN.

Whereas, The Commissioners of the Sinking Fund, at its meeting held on July 27, 1903, adopted the following resolution:

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Frank Gass, Samuel A. Bernin and Fred A. Belmont, trustees, of the two floors in the Masonic Building, Main street, Westchester, Borough of The Bronx, for the Eighth District Court, for the period of two years, from the date of occupation, at the annual rental of one thousand dollars (\$1,000), payable quarterly, with the privilege of renewal for a further period of three years, at the rate of twelve hundred dollars (\$1,200) per annum, the lessors to furnish light and heat; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it will be to the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter; and

Whereas, It appears from the letter of the President of the Borough of The Bronx that the matter was referred to him for report as to the amount necessary for the proposed alterations and improvements, and to have a resolution for the issue of Special Revenue Bonds introduced in the Board of Aldermen; therefore be it

Resolved, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of eight thousand dollars (\$8,000), the proceeds thereof to be applied for the necessary alterations and improvements, and for fitting up the rooms so leased by said Commissioners of the Sinking Fund for court purposes for the use of the Eighth District Court.

Unanimously adopted by the Board of Aldermen August 18, 1903, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor August 26, 1903, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

The following resolution was offered:

Resolved, That, subject to the approval of the plans by the Comptroller, the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted August 18, 1903, in relation to an appropriation for making the necessary alterations and improvements, and for fitting up the rooms leased by the Commissioners of the Sinking Fund for court purposes for the use of the Eighth District Court, in the Masonic Building, Main street, Westchester, Borough of The Bronx, and that for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue

Bonds of The City of New York, to the amount of four thousand dollars (\$4,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following resolution, authorizing an issue of Revenue Bonds to the amount of \$25,000 for the purpose of purchasing fuel by contract for the public schools of The City of New York:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted September 8, 1903, and approved by the Mayor September 14, 1903, in relation to an appropriation for the purpose of purchasing by contract fuel for the public schools of The City of New York during the current year, and that, for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of twenty-five thousand dollars (\$25,000), in addition to the sum of fifty thousand dollars (\$50,000), authorized October 22, 1903, redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Secretary of the Fire Department relative to the request of the Clarenceville Hook and Ladder Company of Queens for an appropriation of \$360 per annum for rent of house for the accommodation of their apparatus, together with other papers relative thereto:

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK, NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,

BOROUGH OF MANHATTAN, September 10, 1903.

Hon. J. W. STEVENSON, Deputy Comptroller and Secretary, Board of Estimate and Apportionment, No. 280 Broadway, Borough of Manhattan:

SIR—This Department is in receipt of your communication of the 9th instant, transmitting communication from the Clarenceville Hook and Ladder Company of Queens, requesting an appropriation of \$360 per annum for rent of a house for the accommodation of their apparatus, which you state was presented at the meeting of the Board of Estimate and Apportionment on said day, and referred to the Fire Commissioner for consideration and approval.

A similar communication was received at this Department from this company September 3, and referred to the Headquarters of the Department, Boroughs of Brooklyn and Queens, for investigation, and returned this day with a report, dated the 9th instant, recommending that the request of the company for an allowance for rental purposes, be denied, which has been approved.

By direction of the Deputy and Acting Commissioner, a copy of said report is herewith forwarded for your information.

Papers forwarded by you are herewith returned.

Yours respectfully,
WILLIAM LEARY, Secretary.

The following resolution was offered:

Resolved, That the request of the Clarenceville Hook and Ladder Company of Queens for an appropriation of three hundred and sixty dollars (\$360) per annum for rent of house for the accommodation of their apparatus be and the same is hereby denied.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following report of the Engineer of the Department of Finance, relative to a resolution of the Board of Aldermen, adopted October 6, 1903, and approved by the Mayor October 27, 1903, granting permission to Swift & Co. and the United Dressed Beef Company to construct and maintain a tunnel under and across East Forty-fourth street, between First avenue and the East river, Manhattan:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,
November 6, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Aldermen, by resolution adopted on October 6, 1903, and approved by the Mayor October 27, 1903, grants permission

"To Swift & Co., of New York, and the United Dressed Beef Company, of New York, their successors and assigns to construct and maintain a tunnel under and across East Forty-fourth street, in the Borough of Manhattan, between First avenue and the East river, to connect the properties Nos. 400 and 401 East Forty-fourth street, which properties are owned by said Swift & Co., of New York, and the United Dressed Beef Company, of New York, the location, size and other details respecting the construction of said tunnel to be as shown in the diagram accompanying this resolution.

"Provided, That the said Swift & Co., of New York, and the said United Dressed Beef Company, of New York, shall pay jointly to The City of New York as compensation for the privilege such amount as may be determined as an equivalent therefor by the Board of Estimate and Apportionment."

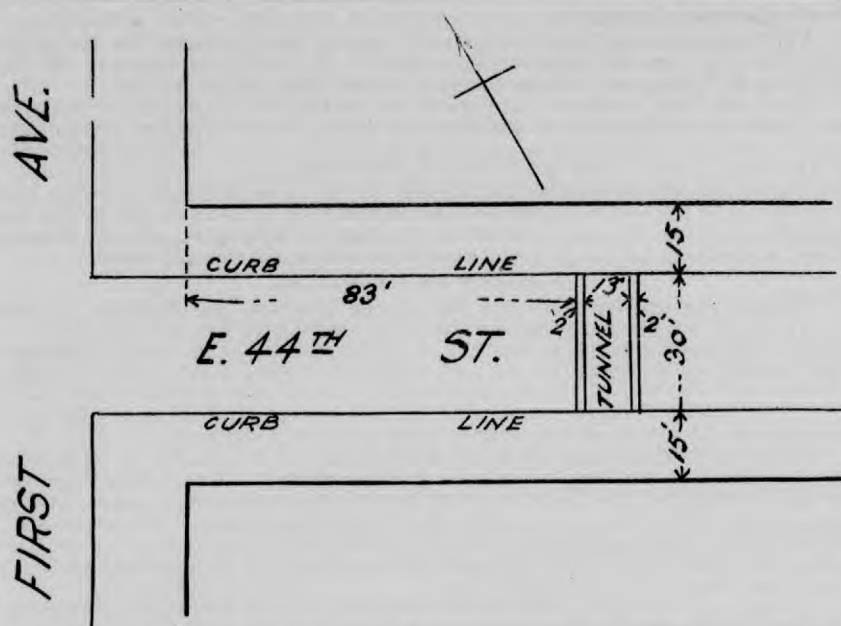

I would report, that, as shown on the accompanying diagram, it is proposed to construct a tunnel under the surface of East Forty-fourth street, from No. 400 East Forty-fourth to No. 401 East Forty-fourth street, being 83 feet easterly of First avenue.

The tunnel to be 17 feet wide, including walls 13 feet interior width. The top of the tunnel to be at the grade of the concrete foundation of the street paving blocks. Height of tunnel 10 feet in the clear; to be built above the sewer and to be so constructed as to allow the water main to pass beneath it. The distance between the curb lines at this point is 30 feet, and the area taken up by the tunnel is (17 feet by 30 feet) 510 square feet.

The annual compensation fixed for similar privileges heretofore has been determined by taking 5 per cent. of the assessed valuation per square foot of the abutting land exclusive of buildings; but no compensation for tunnel privileges has been fixed since the assessed valuation has been increased, therefore I would recommend that the basis of calculation be reduced to 4 per cent. of the assessed valuation per square foot of the abutting property, exclusive of buildings; at this point the assessed valuation is about \$3.25 per square foot, and 4 per cent. of this amount is 13 cents, the fair rate to charge annually per square foot for the privilege.

I think, therefore, that \$66.30 per annum is the correct charge for the privilege; and \$16.50 fee for opening the street.

Respectfully,
EUG. E. McLEAN, Engineer.

BOROUGH OF MANHATTAN.

New Public School 62.

This new school building is to be erected on the north side of Hester street, between Essex and Norfolk streets, in the Third School District, facing Seward Park.

The plot of ground has a frontage of 75 feet on Norfolk street, 200 feet on Hester street and 200 feet on Essex street, the latter street at the present time being but 50 feet wide. There is a movement on foot, however, to make this street 100 feet wide as an outlet to the new East River Bridge.

The style of the building is French Renaissance, six stories, basement and sub-basement.

The sub-basement will be used for ventilating apparatus and elevator machinery, extending only under a small portion of the building.

The basement proper will contain the main floor of the auditorium, 93 by 93 feet, which will seat 1,600 people, the main entrance to which will be from the park front. The balance of the space will be given over to heating apparatus, coal storage and other purposes.

The main entrances from the street to the first floor open directly on to the stairways leading to the auditorium, the gallery of which is on the first floor level.

As the school building will accommodate nearly 4,500 pupils it has been deemed wise to divide it into practically two schools, one for girls of all grades, with entrances from Norfolk and Hester streets, and one for boys of all grades, with entrances from Essex street. These entrances to the first floor connect directly with the stairways leading to the upper floors and the four elevators, two for boys and two for girls.

Not a small portion of the principals' duties lies in the necessity of granting interviews to the parents of the pupils; it has therefore been deemed wise to afford the public easy access to the principals' offices, which have been located on the first story instead of on the upper floors, as has been customary.

The second, third, fourth and fifth stories have been given over to twenty classrooms each.

The sixth floor has been divided into twenty classroom units, which have been subdivided into one gymnasium, one cooking room, one workshop, two baths, two locker rooms and seven classrooms.

Ample toilet accommodations for both pupils and teachers have been arranged for each story.

As it is proposed to form two separate schools in the building, one for boys, the other for girls, provision has been made for a vertical instead of a horizontal division, so that the girls will occupy the Norfolk and Hester street sides of the building, and the boys the Essex street side, each school having its own separate stairways and elevators.

The exterior of the building is to be of buff and blue Indiana limestone, gray brick and terra cotta, gray slate roof with copper flashings, ridge rolls, etc.

The interior will be finished in oak throughout.

The contract price of \$518,000 is considered very reasonable, being at the rate of less than 19½ cents per cubic foot, or a saving of 3½ cents per cubic foot over the last large contract let.

Some idea of the great size of the structure may be gained from a study of the gross cubical displacement, which is 2,683,850 cubic feet.

The building contains 100 classroom units, exclusive of the auditorium, which equals 12 units two stories high, or 24 units one story high.

To the Executive Committee:

The Committee on Buildings respectfully reports that, in response to a duly authorized advertisement, the following bids were received by the Superintendent of School Buildings:

For general construction (Contract No. 1) and plumbing and drainage (Contract No. 1) of addition to and alterations in Public School 165, on One Hundred and Eighth and One Hundred and Ninth streets, between Amsterdam avenue and Broadway, Borough of Manhattan:

Public School 165.

The main body of this building and the two north wings on the south side of One Hundred and Ninth street, between Amsterdam avenue and Broadway, were erected in 1899, the population of the district at that time not being sufficient to warrant the erection of the two southerly wings on One Hundred and Eighth street.

This now becomes necessary, especially since it is proposed to use the additional rooms, in part at least, to accommodate the overflow of the De Witt Clinton High School, now housed in three different buildings.

The plans provide for the erection of two wings, thus completing the original design of the building, with the addition of an auditorium in the south court between the two wings, for use not only of the high school pupils but also for evening lectures, it being level with the street and easy of access for grown people. It is also proposed to use this auditorium for the assembly of elementary pupils, and thus permit of making stationary the sliding doors now forming partitions of the classrooms in the present assembly rooms in the school.

The first story of each wing will be given over to entrances, etc., to the auditorium and the school building.

The second, third, fourth and fifth stories will contain two classrooms each, or a total of sixteen classrooms.

The plans also provide for alterations to the old building made necessary by the changes.

In order that the children may not be deprived of an outdoor play space, and at the same time make it possible to have the new auditorium, the plans provide for an outdoor playground on the roof, accessible to the primary children directly from the second story.

Contract price for general construction, \$133,333.

Public School 29.

This building is located on Cypress avenue and One Hundred and Thirty-sixth street, The Bronx, and was erected in 1897-98, at a time when the district was but sparsely settled.

Since that time the population has greatly increased, causing the overcrowding of the school and necessitating the hiring of additional quarters in the neighborhood. The City was in possession of land adjoining the school, and it was therefore deemed wise to erect an addition consisting of wings on either side, and thus afford additional accommodations without increasing the supervising force.

The basement of one of the wings will contain a cooking room, and in the other the heating apparatus, etc., will be placed.

The first, second, third and fourth stories will contain three classrooms each, or a total of twenty-four.

The plans also provide for alterations in the old building made necessary by the erection of the new wings, and also for enlarging the building containing pupils' toilets.

The contract was awarded by the Board of Education on November 11, 1903.

Contract price for general construction, \$113,900.

The Secretary presented the following communication from the Department of Docks and Ferries, relative to the institution of condemnation proceedings for the acquisition of title to the present pier near the foot of Hamilton avenue, Brooklyn: DEPARTMENT OF DOCKS AND FERRIES OF THE CITY OF NEW YORK, PIER "A," NORTH RIVER, NEW YORK, November 11, 1903.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—Whereas, Under section 822 of the Greater New York Charter, the Commissioner of Docks of The City of New York, with the approval of the Commissioners of the Sinking Fund, is authorized to acquire, in the name and for the benefit of the Corporation of The City of New York, any and all wharf property in The City of New York as constituted by chapter 378 of the Laws of 1897, as amended by chapter 466 of the Laws of 1901, to which the Corporation of The City of New York has no right or title, and any rights, terms, easements and privileges pertaining to any wharf property in The City of New York not owned by said Corporation, and, with the approval of the Commissioners of the Sinking Fund, to agree with the owners of said property upon a price for the same, and in case of failure to so agree, to institute legal proceedings to acquire the same for the City; and

Whereas, The Commissioner of Docks is desirous of acquiring, in the name and for the benefit of the Corporation of The City of New York, the land and land under water and bulkhead rights hereinafter described, and all rights, terms, easements and privileges appertaining thereto; and

Whereas, The Commissioners of the Sinking Fund of The City of New York, by virtue of a resolution, a copy of which is annexed hereto, did authorize the Commissioner of Docks to make and serve upon the owner of the property hereinafter described a written offer to purchase the same at a price of twenty-five thousand six hundred dollars (\$25,600); and

Whereas, It appears that the Atlantic Dock Company is the owner of the property hereinafter described; and

Whereas, On October 22, 1903, the Commissioner of Docks made, and on October 23, 1903, served upon the said Atlantic Dock Company an offer to purchase the following described property:

The present pier, near the foot of Hamilton avenue, in the Borough of Brooklyn, southerly and westerly of the Hamilton Ferry, together with the lands under water covered by said pier, said pier being 151 feet 8 inches long on the westerly side and varying in width from about 60 feet at the inner end to about 45 feet at the outer end, also the bulkhead adjoining said pier on the westerly side of said pier, and extending about 27 feet more or less in a westerly direction to a point which is 7 feet westerly of a line drawn in continuation of the centre line of a party wall between the building occupied by the Atlantic Dock Company as an office and the buildings next adjoining the same on the west; thence southerly to the building on the North Pier immediately adjoining the office building of the Atlantic Dock Company, at a point 7 feet westerly of the westerly line of said office building; thence easterly along building adjoining said Atlantic Dock Company's office building and along the said office building to the street area or approach

to the above-described pier, from Hamilton avenue, and also all right and title not now owned by The City of New York to the street area and approach to the above-described pier and bulkhead lying westerly of the Ferry building and ferry slip of the Hamilton Ferry, as it exists at the present time, and easterly of the easterly wall of the office building of the Atlantic Dock Company, and extending from the foot or northerly end of Hamilton avenue to the above described pier, together with the riparian rights and privileges and the right to collect wharfage and cramage at the bulkhead on said property, and all other rights, terms, easements and privileges appertaining thereto, and to pay the sum of twenty-five thousand six hundred dollars (\$25,600) for a good and sufficient title to the above-described property; and

Whereas, The said Atlantic Dock Company notified the Commissioner of Docks that it declines to convey its rights and interests in the premises above described for the price above mentioned, and it therefore deemed that no price can be agreed upon for said property between the owners thereof and the Commissioner of Docks, acting on behalf of The City of New York.

Now therefore I would respectfully request the Board of Estimate and Apportionment to consent to and authorize the commencement of proceedings by the Corporation Counsel for the acquisition of the above-described property, known as Lot No. 6, Block 497, Section 2, in the Borough of Brooklyn, which is assessed on the books of the Department of Taxes and Assessments at \$25,000.

Yours respectfully,

JACKSON WALLACE, Deputy and Acting Commissioner.

Approved: EUG. E. McLEAN, Engineer, Department of Finance.

November 13, 1903.

Resolved, That, pursuant to the provisions of section 822 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby authorize the Commissioner of Docks to make and serve upon the owner of the following described property an offer to purchase the same at a price of twenty-five thousand six hundred dollars (\$25,600):

The present pier near the foot of Hamilton avenue, in the Borough of Brooklyn, southerly and westerly of the Hamilton Ferry, together with the lands under water covered by said pier, said pier being 151 feet 8 inches long on the westerly side and varying in width from about 60 feet at the inner end to about 45 feet at the outer end; also the bulkhead adjoining said pier on the westerly side of said pier, and extending about 27 feet more or less in a westerly direction to a point which is 7 feet westerly of a line drawn in continuation of the centre line of a party wall between the building occupied by the Atlantic Dock Company as an office and the building next adjoining the same on the west; thence southerly to the building on the north pier immediately adjoining the office building of the Atlantic Dock Company, at a point 7 feet westerly of the westerly line of said office building; thence easterly along building adjoining said Atlantic dock company's office building and along the said office building to the street area or approach to the above-described pier, from Hamilton avenue; and also all right and title not now owned by The City of New York to the street area and approach to the above-described pier and bulkhead lying westerly of the ferry building and ferry slip of the Hamilton Ferry, as it exists at the present time, and easterly of the easterly wall of the office building of the Atlantic Dock Company, and extending from the foot or northerly end of Hamilton avenue to the above-described pier, together with the riparian rights and privileges and the right to collect wharfage and cramage at the bulkhead on said property.

—and in the event of said offer not being accepted, the Commissioner of Docks is hereby authorized to direct the Corporation Counsel to take legal proceedings to acquire the property as further provided in said section.

The following resolution was offered:

Resolved, That the Corporation Counsel be and is hereby authorized to institute condemnation proceedings for the acquisition of title in behalf of the Corporation of The City of New York, to the following-described property, situated in the Borough of Brooklyn, City of New York, and required for the improvement of the water front by the Department of Docks and Ferries, said property being assessed for the year 1903 at \$35,600:

The present pier near the foot of Hamilton avenue having a length of 151.8 feet on the westerly side, a width of 45 feet more or less on the outshore end, and a width of 60 feet on the bulkhead line, and the lands under water covered by said pier, together with all right, title and interest not now owned by The City of New York in the street approach thereto. And also the land, premises and bulkhead on what is known as North Pier, lying between the buildings erected on said North Pier and the waters of the East river, being a distance of 106 feet more or less westerly along said bulkhead, from the westerly side of the pier near the foot of Hamilton avenue, together with all the riparian rights and privileges and the right to collect wharfage and crantage at the bulkhead on said property.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented a communication from Mr. J. William Fosdick, secretary of the National Society of Mural Painters, relative to the mural decorations in the New Hall of Records.

The Mayor moved that the Secretary be instructed to reply to the communication, that it would be better to wait until the building is finished before decorating it.

Which motion was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following report of the Engineer of the Department of Finance, relative to the issue of Corporate Stock for the purpose of building a new headquarters for the use of the Police Department on the site of Centre Market:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,
October 19, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Police Commissioner on October 9, 1903,

"Ordered, That the proceedings of July 3, 1903, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Corporate Stock in the sum of \$500,000, for the purpose of building a new Headquarters for the use of the Police Department, such building to be erected on the site of Centre Market, at Grand and Centre streets, in the Borough of Manhattan, be and are hereby amended by substituting the amount \$750,000 instead of \$500,000 therein named."

Would report that full working drawings (scale $\frac{1}{4}$ inch to 1 foot) and complete specifications have been made by the architects, Messrs. Hoppin & Koen, and clearly show the design and construction of the building.

The dimensions of the site upon which it is proposed to erect this building are, fronting on Centre street 308 feet 9 inches, 311 feet 3 inches on Centre Market place, 88 feet 10 inches on Grand street and 47 feet on the north, or Broome street. The new building is to be five stories in height and two stories in the dome; a basement and cellar; total height from sidewalk at main entrance on Centre street to top of lantern in dome, 175 feet.

The construction is to be semi-steel skeleton frame, brick, stone, fireproof floors, partitions and roofs.

The exterior walls of the basement story where exposed above grade to be faced with an approved pink or white granite.

The walls of the first, second and third, and part of the fourth story, are to be faced and trimmed with an approved buff Indiana limestone.

The columns and pilasters on the fronts to be of similar material; also the main cornice balustrade, pediments, small towers and figures on the centre of the main front.

The low dome roofs at the north and south end are to be covered with 16-ounce sheet copper, laid with standing seams. The base columns and entablatures of the dome to be moulded white terra cotta.

The main dome to be supported on built-up steel columns running down to the foundation. The dome itself will be of lattice steel ribs and stiffened and braced at each tier of beams in the height of the dome. (To this construction the terra-cotta work will be secured and anchored.)

The areas on all sides of the building to have extra heavy gratings bolted to the masonry.

All stairs, except the flight at the main entrance leading to the first story, are to be of cast iron, with Vermont marble treads, strings moulded and ornamented.

The floor of the main entrance, also the first-story hall, to be laid in white Vermont marble, as indicated. Floors of all halls, etc., also all toilet rooms and lavatories, are to be of gray marble terrazzo.

The finish generally throughout the building to be of quartered white oak.

All floors, except as otherwise noted, are to be double, under floor of spruce. The upper or finish floor to be of the best quality comb-grained yellow pine, with one thickness of felt deafening laid between floors.

The roof of main building is to be covered with flat tiles. The roof of the central dome is to be of sheet copper. The curved surface of the dome from the top of its base to be gilded solid as approved. The roof of lantern to be terra cotta.

The building throughout will be fitted up with modern plumbing, with closets, basins, urinals, showers and sinks as indicated on the plans, and be supplied with hot and cold water.

The building to be heated by the direct and indirect system. A portion of the first story, the whole of the second, and part of the third is to be heated by the indirect heating stacks. The remainder of the building to be heated by the direct system by radiators located throughout that portion of the building.

A complete system of metal conduit is to be installed, and the building wired for electric lights.

Dynamos of an improved type and capacity are to be installed in the cellar to furnish the necessary electric power to operate the elevators, and current for lighting purposes. A storage battery is also to be furnished.

A complete approved system of telephones to be installed as required.

The cells for the prison to be constructed of steel, and to be of approved type, fitted with a toilet, hinge shelf, for bed, etc.

In the cellar there are to be two pistol ranges 50, 75 and 100 yards of an approved type, with firing pit, marker's pit, etc.

An approved system of mail chutes to be installed in the building.

The plans of the building call for a cellar basement and five stories as arranged for the purpose of the Police Department as follows:

Cellar Plan—Pistol range, heating apparatus, coal storage, Engineer's room, toilet, etc., elevator machinery, pumps, drying racks for uniforms, general storage space, ash hoist, coal chutes, etc.

Basement Plan—Detectives' assembly room, lockers, toilets, baths, male and female prisoners, cloth and equipment, supplies, repairs and stationery, supplies and storage for Bureau of Telegraph, toilets, main stairs, halls, property clerk, space under Porte Cochere, public elevators (2), prisoners' elevator (1), rear entrances, Centre Market place, prisoners' entrances, Centre Market place.

First Story Plan—Detective Bureau, public office, consultation rooms (4), Inspector's suite, office and private room, assembly room, rogues' gallery, criminal records, store room and vaults, sleeping rooms (3), toilets, etc., main entrance, public elevators (2), prisoners' elevator (1), Bureau of Information, boiler inspectors, application of engineers, etc., record room, main stairs, other stairs (2), private stairs (1), private elevator to Commissioner's room (1), Porte Cochere entrance (private), night Captain's room.

Second Story Plan—Main stairs, public stairs (2), private stairs (1), public elevators (2), private elevator (1) to Commissioner's room, prisoners' elevator (1), Commissioner's office, consultation room and Secretary's room, private office, toilets, Clerks, Clerks' private toilet, public waiting room, First and Second Deputy Commissioners, Third Deputy Commissioner, private bedroom and bath, private toilet, Chief Inspector, Borough Inspector, Clerks, Pension Bureau, Auditor, Bookkeepers and Clerks; Bureau Records and Complaints.

Third Story Plan—Large trial room, waiting room, retiring room and toilet; small trial room, waiting room; Treasurer, library, Treasurer's room and private room and vault, repairs and supplies, Chief Clerks, private consultation room, toilet, private toilet, lockers, vaults.

Fourth Story Plan—Assembly room and drill hall, gymnasium, shower baths and lockers, toilets, main stairs, other stairs (1), School of Instruction (3), Matron's quarters, lost children, Surgeon's room.

Fifth Story Plan—Waiting room for males, waiting room for females, photo gallery, Bertillon measuring system. Bureau of Telegraph, Chief's office, record, battery room; roof of gymnasium, roof space north and south, toilets.

The architects, Messrs. Hoppin & Koen, have furnished me with the following estimate of cost of the building, including architects' fees, viz.:

Estimated cost of building.....	\$685,000 00
Sculpture and carving.....	20,000 00
Decorative painting.....	5,000 00
Architects' fees.....	\$710,000 00
Contingencies.....	35,500 00
Total.....	\$750,000 00

In communication to me under date of October 14, 1903, the architects state:

"In appearing before you in July in regard to these plans, in our letter and original estimate we asked for six hundred and fifty thousand dollars (\$650,000), with architects' fees and sculpture included. This estimate was based upon the eighth scale drawings, with only two facades at that time actually drawn out and no cross sections completed or actual interior details shown. Our only way to obtain figures, of course, at that time was by computing the cubical contents and assuming a cost per cubical foot, which we did on the basis of 25 cents per cubic foot for a brick and stone structure, which we stated at that time.

"We find builders' estimates upon the working drawings to be a trifle over 36 cents a foot, which would therefore make a large increase in the cost upon our original figures; this price being exclusive of architects' fees, sculpture and decorative painting.

"In developing the drawings there were many details arose which would increase the cost necessarily which were not possible to realize in the preliminary drawings, there having been several changes and additions to the general subdivision of the spaces which has made the design more elaborate.

"In our specifications we have called for the very best of material and workmanship, and all of the most modern appliances which were applicable to a great municipal structure of this nature.

"All these details are included in our estimate. Therefore, in our best judgment as architects, and backed by the actual figures already obtained, we feel that it will not be safe to erect this building without an appropriation of seven hundred and fifty thousand dollars (\$750,000), to cover all necessary charges, inclusive of architects' fees, sculpture, experts' fees, surveys and all drawings necessary to the installation of the various plants. Of this amount, the sculpture, carving and decorative painting would approximate \$25,000, leaving the balance for the construction of the building and architects' commission."

As noted in the architects' communication, the original estimate was based on the cubical contents of the building at 25 cents per cubic foot, which is not a very reliable basis of estimating, especially for a building of this character, with its number of various appurtenances and equipments; in an office building this method of estimating by taking the cubical contents at so much per cubic foot can safely be used with a degree of accuracy on account of the similarity of the floors.

The general design, with a small dome on either end, a large massive dome in the centre, makes a very grand and imposing building.

The general layout of the floors and rooms is judiciously arranged, and well adapted for the purpose of the Police Department Headquarters. I concur in the architects' views that all the fronts should be built of limestone, instead of making the Centre Market Place of brick. (Building this of brick will save from \$10,000 to \$15,000.)

Reconsidering my report dated July 28, 1903, in relation to the request under date of July 3, 1903, of the Police Commissioner, for an appropriation of \$500,000 for the erection of the proposed building, I am now of the opinion and agree with the architects that the original estimate of \$500,000 was too low, and think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Charter, to issue Corporate Stock to the amount of \$750,000 for the purpose of a building for the new headquarters for the use of the Police Department, to be erected on the site of Centre Market, Grand and Centre streets, in the Borough of Manhattan.

Respectfully,

EUG. E. McLEAN, Engineer.

POLICE DEPARTMENT OF THE CITY OF NEW YORK, No. 300 MULBERRY STREET,
NEW YORK, October 9, 1903.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—The Police Commissioner this day

Ordered, That the proceedings of July 3, 1903, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Corporate Stock in the sum of \$500,000 for the purpose of building a new headquarters for the use of the Police Department, such building to be erected on the site of Centre Market, at Grand and Centre streets, in the Borough of Manhattan, be and are hereby amended by substituting the amount \$750,000 instead of \$500,000 therein named.

Very respectfully,

WM. H. KIPP, Chief Clerk.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding seven hundred and fifty thousand dollars (\$750,000) to provide means for a building for the new headquarters for the use of the Police Department, to be erected on the site of Centre Market, Grand and Centre streets, in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding seven hundred and fifty thousand dollars (\$750,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following report of the Engineer of the Department of Finance, relative to the issue of Corporate Stock to provide means for the erection of a station house, etc., for the 72d Precinct:

November 2, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. F. V. Greene, Police Commissioner, on October 27, 1903, reading and filing communication from Washington Hull, architect, for the new station house, prison and stable for the 72d Precinct, submitting estimates of approximate cost for the said building amounting to \$87,057.

"Ordered, That the same be placed on file and a copy submitted to the Board of Estimate and Apportionment; and be it further

"Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the issue of Corporate Stock of The City of New York, in the sum of \$90,000, for the erection of said buildings, instead of \$80,000, as requested by the Police Commissioner in communication of December 30, 1902."

On October 28, 1903, the Police Commissioner ordered that the plans prepared by Washington Hull, architect, for said building be approved, and together with the preliminary specifications be forwarded to the Commissioners of the Sinking Fund for approval.

I would report that the site for the proposed building is 100 feet by 100 feet, and located on the south side of Lawrence avenue 300 feet east of Third street, in the Borough of Brooklyn, being the site of old Public School 93, turned over to the Commissioners of the Sinking Fund July 13, 1903, by the Board of Education, and assigned to the Police Department for a station house by the Commissioners of the Sinking Fund on August 10, 1903 (see Minutes, page 780).

The plans, while not complete, give a clear idea of the general design and the preliminary specifications give a general description of the buildings and an outline of the materials of construction and finish to be employed in the work.

The proposed station house, etc., is to consist of a three-story building, with cellar 57 feet by 93 feet, one-story addition 13 feet by 93 feet for men and women's cells, and a one-story and loft stable, 24 feet 6 inches by 93 feet. The construction is fireproof throughout. All foundation walls, piers and all upper walls will be built of best common hard brick laid in cement mortar. The base course of the front of the building, from sidewalk level up to first-story window sills, and the entrance steps, platforms and buttresses will be light gray granite; the facing of the front walls up to top of second-story belt course, the window sills of all side and rear windows, and the parapet over front wall of stable will be Indiana limestone; the facing of upper part of front wall of building, the main cornice and parapet, all caps and bases of piers on front and copings of all parapet walls will be gray terra-cotta, of same color as limestone; the side walls, from second story to roof, to be faced with gray front brick, same color as limestone, and terra-cotta laid in gray mortar.

All floors of patrol wagon room, wash room and passage in stall room will be paved with yellow clinker brick; all walls and ceilings of main building and ceilings of prison and stable will be plastered with hard plaster with white finish; all floors of bath and toilet rooms will be marble mosaic; roof of main building will be vitrified flat waterproof tile; roofs of stable and prison will be waterproofed with felt and asphalt on top of fireproofing and finished with slag; all floors and roof construction of main building, stable and prison will consist of cast iron columns, steel beam girders and steel floor beams; all stairs to be constructed of iron; main stairs to have marble or slate treads and iron balustrades; lamp posts of main entrance to be wrought and cast iron.

All cells will be constructed of best steel plate with steel bar doors, cell fixtures, bunks, locks, etc., of approved pattern.

Main entrance doors and trim for main buildings and stable will be white quartered oak, as shown; all flooring in main building above cellar will be white maple laid on sleepers bedded in cinder concrete.

Stalls will have cast iron posts, yellow pine partitions with cast iron guards, iron mangers and hay racks; stable will also have feed chutes and bins, and hay chute from loft over stall room.

All plumbing work will be first-class throughout, using galvanized wrought iron pipe for all drainage pipes and water supply; all fixtures will be sanitary open fixtures of approved pattern; a special hot water heater and tank will be provided in cellar for hot water supply for building; the entire building will be piped for gas and connected with the street service.

The entire building will be heated by steam, using direct radiation for all parts except dormitories, where direct-indirect radiation will be used. A low pressure steam boiler will be provided in cellar with special coil in same for heating water for plumbing fixtures, stable, etc. There will be a drying room of ample size in basement, with heater coils, drying racks, etc.

The entire building will be wired for incandescent lights, using iron armored conduit and best quality wire. There will be all necessary switchboards, panel boards, switches, etc., all to be done according to City rules.

Arrangement of the Different Floors.

First Floor—Muster room, 39 feet 7 inches by 57 feet 6 inches; men's sitting room, Inspector's office, Inspector's Clerks' room, Captain's office, Captain's bedroom, Captain's bath and toilet, Matron's sitting room, examination room for prisoners, toilets, ten cells for men, four cells for women.

Second Floor—2 Sergeants' rooms, 1 Roundsmen's room, 3 dormitories for 44 men, toilet, showers and wash room.

Third Floor—1 Detectives' room, 2 Roundsmen's rooms, 3 dormitories for 44 men, toilets, showers and wash room.

Carriage House and Stable.

First Floor—Carriage room, 12 stalls, 1 box stall.

Loft or Second Floor—Storage for hay and feed.

The plans appear to be judiciously arranged, and the preliminary specifications call for a first-class building throughout.

The architect's estimate of \$87,067, I have been informed by Mr. Hull, is based on builder's estimates.

Main building	\$66,309 00	
Stable	9,934 00	
Prison	3,574 00	
Cell work	3,000 00	
		\$82,817 00
Surveys, etc.		100 00
Architect's fees		4,140 00
Total		\$87,057 00

This estimate I consider conservative, and the appropriation requested (\$90,000) cannot be called excessive; but since the Board of Estimate and Apportionment, on February 27, 1903, appropriated \$2,000 to provide means to pay the expenses of the preparation of the necessary plans and specifications, it will now only be necessary to appropriate \$88,000 to make the total of \$90,000 requested.

The plans I consider good and well adapted for a station house, and I think the Board of Estimate and Apportionment may properly authorize, pursuant to section 47 of the amended Greater New York Charter, the Comptroller to issue Corporate Stock to the amount of \$88,000 to provide means for the erection of a station house, etc., for the 72d Precinct, on Lawrence avenue, 300 feet east of Third street, in the Borough of Brooklyn, and would advise that the Commissioners of the Sinking Fund approve the plans and specifications, as required by chapter 350 of the Laws of 1892, as amended by chapter 495 of the Laws of 1895.

Respectfully,

EUG. E. McLEAN, Engineer.

POLICE DEPARTMENT OF THE CITY OF NEW YORK, No. 300 MULBERRY STREET,
NEW YORK, October 27, 1903.

To the Honorable the Board of Estimate and Apportionment:

SIRS—The Police Commissioner this day, on reading and filing communication from Washington Hull, architect for the new station house, prison and stable for the 72d Precinct, submitting estimates of approximate cost for the said buildings amounting to \$87,057.

Ordered, That the same be placed on file and a copy submitted to the Board of Estimate and Apportionment; and be it further

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the issue of Corporate Stock of The City of New York in the sum of \$90,000 for the erection of said buildings, instead of \$80,000, as requested by the Police Commissioner in communication of December 30, 1902.

Very respectfully,

WM. H. KIPP, Chief Clerk.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding eighty-eight thousand dollars (\$88,000) to provide means for the erection of a station house, etc., for the Seventy-second Precinct, on Lawrence avenue, 300 feet east of Third street, in the Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eighty-eight thousand dollars (\$88,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Secretary of the Department of Parks, requesting the transfer of \$100 to "Boroughs of Manhattan and Richmond—Music":

THE CITY OF NEW YORK—DEPARTMENT OF PARKS, ARSENAL, CENTRAL PARK,
November 14, 1903.

To the Board of Estimate and Apportionment, The City of New York:

DEAR SIRS—On October 25, 1903, a memorial tablet to Mary Lindley Murray will be unveiled, with proper ceremonies, in one of the Park avenue parks. A number of patriotic organizations will take part in this function, and Commissioner Willcox will accept the memorial on behalf of the City. It is desired that a band of music may be furnished for this occasion, according to the custom on similar occasions, and as the appropriation for music in the parks, boroughs of Manhattan and Richmond, is exhausted, Commissioner Willcox requests that the sum of one hundred dollars may be transferred from the appropriation "Salaries of Commissioners, Secretary and Employees of the Park Board, 1903," where the same will not be required, to the music appropriation for this year. The amount referred to was transferred to the former appropriation by your honorable Board to meet an increase in the salary of the Clerk of the Park Board. As his salary has not been increased, this amount will not be needed for the purpose, and is available for transfer to the music appropriation.

Respectfully,

GEO. S. TERRY, Secretary, Park Board.

The following resolution was offered:

Resolved, That the sum of one hundred dollars (\$100) be and the same is hereby transferred from the appropriation made to the Park Department for the year 1903, entitled "Salaries of Commissioners, Secretary and Employees of the Park Board," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Park Department for 1903, entitled "Boroughs of Manhattan and Richmond—Music," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the District Attorney of New York County, requesting the transfer of \$2,800 to "Supplies and Contingencies, including arrearages":

DISTRICT ATTORNEY'S OFFICE, COUNTY OF NEW YORK,
November 14, 1903.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I hereby request that the sum of \$2,800 be transferred from the appropriation for "Salaries for the year 1903, District Attorney's Office, New York County; Assistants, Deputy Assistants, Clerks, Stenographers, County Detectives, Messengers and other employees, including Stenographer to the Grand Jury, \$232,500" (the amount required to be transferred being in excess of the amount required for the purposes of the aforesaid "Salaries Account"), to the appropriation for "Supplies and Contingencies, including Arrearages," for the reason that the latter appropriation is insufficient to cover the estimated expenditures for the balance of the year.

I therefore respectfully request that your Honorable Board grant the desired transfer at your earliest convenience.

Yours very truly,

WM. TRAVERS JEROME, District Attorney.

Hon. SETH LOW, Chairman, Board of Estimate and Apportionment of The City of New York.

The following resolution was offered:

Resolved, That the sum of twenty-eight hundred dollars (\$2,800) be and the same is hereby transferred from the appropriation made to the District Attorney, New York County, for the year 1903, entitled "Salaries of Assistants, Deputy Assistants, Clerks, Stenographers, etc.," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said District Attorney, New York County, for 1903, entitled "Supplies and Contingencies, including Arrearages," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the County Clerk, requesting an appropriation of \$11,000, pursuant to chapter 536, Laws of 1893, for the purpose of reindexing all statutory notices of liens and claims upon land, which have been filed or recorded in the office of the County Clerk of the County of New York:

COUNTY CLERK'S OFFICE, COUNTY OF NEW YORK,
November 5, 1903.

The Board of Estimate and Apportionment:

GENTLEMEN—I beg to state that the sum of eleven thousand dollars (\$11,000) is the sum asked for by me to be appropriated for the use of this office for the year 1904, under chapter 536, Laws 1893, for the purpose of reindexing all statutory notices of liens and claims upon land which have been filed or recorded in this office, and respectfully ask that you appropriate said sum and authorize the Comptroller of

The City of New York to issue Revenue Bonds to provide for the payment of the amount so required.

Yours very respectfully,
THOS. L. HAMILTON, County Clerk.

Employees chargeable to the above appropriation:

Books, stationery and materials necessary for the performance of said work		400 00
Total		\$11,000 00

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 536 of the Laws of 1893, and the requisition made therefor by the County Clerk of the County of New York, the Board of Estimate and Apportionment hereby approves of the appropriation of eleven thousand dollars (\$11,000), for the year 1904, for the purpose of reindexing all statutory notices of liens and claims upon land which have been filed or recorded in the office of the County Clerk of the County of New York, and that for the purpose of providing means therefor, the Comptroller is hereby authorized to issue Revenue Bonds of The City of New York, from time to time as may be required, to the amount of eleven thousand dollars (\$11,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented a communication from the President of the Borough of Manhattan requesting the Board to recommend to the Board of Aldermen that the salary of the position of Clerk in his office be fixed at the rate of \$2,000 per annum.

Laid over.

The Secretary presented the following communication from the Justice of the Eighth District Municipal Court requesting the transfer of \$183.33 to "Supplies and Contingencies":

MUNICIPAL COURT OF THE CITY OF NEW YORK, BOROUGH OF MANHATTAN, EIGHTH DISTRICT, GRAND OPERA HOUSE HALL, NORTHWEST CORNER EIGHTH AVENUE AND TWENTY-THIRD STREET,

November 11, 1903.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—You would very greatly facilitate the proper conduct of the business of this Court by transferring to the Contingency Account the remaining unexpended balance of salary accruing through the resignation of William Heim as Attendant of this Court.

Mr. Heim's resignation took effect September 1, 1903, and the amount of his salary accrued since that time is \$333.33. Of this amount you have kindly granted to the Court the sum of \$150, which leaves a balance unaccounted for of \$183.33, and it is this balance that I now respectfully request that you transfer to our Contingency Account.

The special purpose which makes such a transfer most important and desirable is the proper filing and compiling of the records of this Court. At present there is no provision for their preservation, and they are kept in a heterogeneous mass in a dark, old-fashioned and inaccessible safe vault, which can only be entered by using a candle, and which may be set on fire at any time, to the total destruction of our records. Safe open, unlocked.

If you will make the transfer I request, every cent of this money will be applied under my supervision to the purpose of properly compiling and tabulating these records of our Court, and of providing for them proper accommodation in the shape of filing cabinets and so forth, so that the records can be kept safely and in such a way as to be readily accessible at all times without the danger of destruction by fire.

Trusting that you will realize the importance of this matter, and thanking you for past favors, I remain,

Respectfully,
JAMES W. McLAUGHLIN, Justice.

The following resolution was offered:

Resolved, That the sum of one hundred and eighty-three dollars and thirty-three cents (\$183.33) be and the same is hereby transferred from the appropriation made to the Municipal Courts (Eighth District), City of New York, for the year 1903, entitled "Salaries," the same being in excess of the amount required for the purpose thereof, to the appropriation made to said Municipal Courts (Eighth District), for the year 1903, entitled "Supplies and Contingencies," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the amending of a resolution adopted July 8, 1902, in regard to the approval of the selection of premises on the northerly side of Greenpoint avenue, Borough of Queens, and authorizing the purchase of same as a site for an engine house:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,
October 27, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting held July 8, 1902, the Board of Estimate and Apportionment adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of the premises 50 feet 4 inches by 100 feet 10 inches, on the northerly side of Greenpoint avenue, 75 feet 8 inches westerly of Gale street, in the Borough of Queens, as a site for an engine house, and hereby authorizes the Commissioner of the Fire Department to enter into an agreement for the purchase of said premises at a price not exceeding three thousand dollars (\$3,000), which agreement is to be submitted to the Comptroller for his approval, pursuant to the provisions of section 149 of the Charter."

The trustees of St. Patrick's Cathedral, in a communication, stated that when they executed the contract, they, believing that the property, instead of being 75 feet 8

inches westerly from Gale street, was 74 feet 9 inches, and that the depth of the same, as stated in the resolution, was 100 feet 10 inches, when it should have been 100 feet 11-4 inches to the centre line of the block.

Inasmuch as the original resolution as adopted interferes with the entire balance of the plot of land as owned by them, I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution amending their resolution of July 8, 1902, by inserting after the words "of the premises 50 feet 4 inches by 100 feet 10 inches," the words "50 feet 4 inches by 100 feet 11-4 inches," and after the words "Greenpoint avenue," the words "74 feet 9 inches," instead of the words "75 feet 8 inches."

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment July 8, 1902, relative to the approval of the selection of premises on the northerly side of Greenpoint avenue in the Borough of Queens, and the purchase of the same as a site for an engine house, be and the same is hereby amended to read as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of the premises 50 feet 4 inches by 100 feet 11-4 inches, on the northerly side of Greenpoint avenue, 74 feet 9 inches westerly of Gale street, in the Borough of Queens, as a site for an engine house, and hereby authorizes the Commissioner of the Fire Department to enter into an agreement for the purchase of said premises at a price not exceeding three thousand dollars (\$3,000), which agreement is to be submitted to the Comptroller for his approval, pursuant to the provisions of section 149 of the Charter.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond, and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Board of Education requesting the transfer of \$8,723.88 to various appropriations.

The Secretary presented the following communication from the Department of Taxes and Assessments, requesting an appropriation of \$6,000 for repairing new tax assessment maps:

THE CITY OF NEW YORK—DEPARTMENT OF TAXES AND ASSESSMENTS, STEWART BUILDING, No. 280 BROADWAY,
November 5, 1903.

The Honorable Board of Estimate and Apportionment, City of New York:

GENTLEMEN—I am directed to transmit for your consideration the following resolution, which was adopted at a meeting of the Board of Taxes and Assessments, held November 4, 1903:

Resolved, That requisition be and is hereby made, under the provisions of chapter 542 of the Laws of 1892, and certified to the Board of Estimate and Apportionment, for the sum of six thousand dollars (\$6,000), that amount being necessary and required to be expended to enable the Department of Taxes and Assessments to proceed with the work and procure materials necessary in providing new assessment maps.

Yours respectfully,

C. ROCKLAND TYNG, Secretary.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 542 of the Laws of 1892, and sections 169, 170 and 187 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the requisition made by the Board of Taxes and Assessments, by resolution adopted November 4, 1903, for six thousand dollars (\$6,000) to be expended in preparing new tax and assessment maps; and the Comptroller is hereby authorized to issue from time to time, as may be necessary, Revenue Bonds to an amount not exceeding six thousand dollars (\$6,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communications from the Department of Health, requesting an appropriation of \$16,000 for the preservation of the public health:

DEPARTMENT OF HEALTH—CITY OF NEW YORK, SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN,
NEW YORK, November 12, 1903.

Hon. EDWARD M. GROUT, Comptroller of The City of New York:

DEAR SIR—At a meeting of the Board of Health of the Department of Health, held November 11, 1903, the following preambles and resolution were adopted:

Whereas, Owing to the prevalence to an alarming extent of the contagious eye disease known as trachoma, among the school children of The City of New York, the Medical Inspectors were compelled to exclude the children so affected from the schools; and

Whereas, The public dispensaries were unable to provide treatment for the children so excluded, so that it was found necessary for the Department of Health to open its own dispensary; and

Whereas, The Trustees of Bellevue and Allied Hospitals placed at the disposal of this Department a portion of the old Gouverneur Hospital, and provided this Department with foods, drugs and the service of certain of its employees, and the Commissioner of Charities in like manner having supplied the Department with a nursing staff at said hospital, for all of which services and supplies, at a cost amounting to \$6,800, the Department of Health has been unable to make payment, no funds having been provided in the appropriation to the Department of Health for the year 1903 for such purposes; and

Whereas, The Department of Health has supplied medical treatment at this hospital from its own corps of physicians, which it is unable to continue for a like reason, and it having been found that the sum of \$3,200 is necessary to continue this medical attendance for the balance of the year; therefore be it

Resolved, That the Board of Health, pursuant to the provisions of chapter 535 of the Laws of 1893, hereby certifies to the Board of Estimate and Apportionment that the sum of ten thousand dollars (\$10,000) should be appropriated for the purpose of defraying the necessary expenses required to be incurred by the Board of Health for the preservation of the public health, for the payment to the Trustees of Bellevue and Allied Hospitals and the Department of Public Charities of the sums expended or to be expended by them during the year 1903, for furnishing supplies and help to the trachoma hospital and for the payment of salaries at a rate not to exceed \$100 per month of Medical Inspectors and Oculists employed in stamping out this contagious eye disease.

A true copy.

EUGENE W. SCHEFFER, Secretary.

DEPARTMENT OF HEALTH—CITY OF NEW YORK, SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN,
NEW YORK, November 12, 1903.

Hon. EDWARD M. GROUT, Comptroller of The City of New York:

DEAR SIR—At a meeting of the Board of Health of the Department of Health, held November 11, 1903, the following preambles and resolution were adopted:

Whereas, In the opinion of the Board of Health, the manufacture of diphtheria and other antitoxins for sale to parties outside of The City of New York, to the extent which it has been carried on, was a practice contrary to the spirit of the Greater New York Charter; and

Whereas, The Board having so expressed itself to his Honor the Mayor, discontinued said sales outside of the City, and now finds itself without sufficient funds to continue the manufacture and distribution of these antitoxins within the City limits, for the reason that the revenues which formerly came from these out-of-town sales are not now available; therefore be it

Resolved, That the Board of Health, pursuant to the provisions of chapter 535 of the Laws of 1893, hereby certifies to the Board of Estimate and Apportionment that the sum of six thousand dollars (\$6,000) should be appropriated for the purpose of defraying the necessary expenses required to be incurred by the Board of Health for the preservation of the public health, in providing means for the manufacture and distribution of diphtheria and other antitoxins for the cure and prevention of diphtheria and other contagious diseases in The City of New York, and for the payment of salaries, at a rate not to exceed \$100 per month each of Medical Inspectors employed in treating persons ill with diphtheria with antitoxin.

A true copy.

EUGENE W. SCHEFFER, Secretary.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 535 of the Laws of 1893, and section 170 of the Greater New York Charter, and the requisition of the Board of Health adopted November 11, 1903, the Comptroller be and hereby is authorized to issue Revenue Bonds of The City of New York to the amount of sixteen thousand dollars (\$16,000), the proceeds whereof shall be applied to defraying the necessary expenses required to be incurred by the Board of Health for the preservation of the public health, as follows:

For the payment to the Trustees of Bellevue and Allied Hospitals and the Department of Public Charities, of the sums expended or to be expended by them during the year 1903, for furnishing supplies and help to the trachoma hospital, and for the payment of salaries at a rate not to exceed \$100 per month, of Medical Inspectors and Oculists employed in stamping out this contagious eye disease.. \$10,000 00

For the manufacture and distribution of diphtheria and other antitoxins for the cure and prevention of diphtheria and other contagious diseases in The City of New York, and for the payment of salaries at a rate not to exceed \$100 per month each, of Medical Inspectors employed in treating persons ill with diphtheria with antitoxin..	6,000 00
Total	\$16,000 00

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Board of Education requesting the Board of Estimate and Apportionment to ratify and confirm the action of said Board of Education in fixing the salaries of certain Janitors in the boroughs of Manhattan and Brooklyn.

To the Executive Committee:

The Committee on Care of Buildings respectfully reports that it has had under consideration a communication from the Supervisor of Janitors submitting a report on the additional paved yard space in Public School 50, Borough of Manhattan, and finds that the janitor is entitled to additional compensation to the amount of \$47.76 per annum, from September 1, 1903, the date on which the Janitor began to care for said paved yard.

The following resolutions are offered for adoption:

Resolved, That the action of the Committee on Care of Buildings in increasing the salary attached to the position of Janitor of Public School 50, Borough of Manhattan, from \$1,677 to \$1,724.76 per annum, subject to the approval of the Board of Estimate and Apportionment and of the Board of Aldermen, taking effect from and after September 1, 1903, be and the same is hereby approved and ratified.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salary of the Janitor of Public School 50, Borough of Manhattan, be increased from \$1,677 to \$1,724.76 per annum, for the reason above set forth, said increase to date from September 1, 1903, as above stated.

A. EMERSON PALMER, Secretary, Board of Education.

The following resolution was offered:

Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Board of Education, taken and dated November 11, 1903, in fixing the salary of the following positions as follows:

Janitor, Public School 50, Borough of Manhattan, as of date September 1, 1903, per annum.....	\$1,724 76
Janitor, Public School 105, Borough of Brooklyn, as of date November 1, 1903, per annum.....	888 00

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following, setting aside and appropriating the sum of \$100,000, in addition to the sum of \$1,200,000 heretofore set aside and appropriated from water revenues received during the year 1903, for the maintenance, etc., of the water supply in the Borough of Brooklyn:

Whereas, By subdivision 1 of section 242 of the Greater New York Charter, the Board of Estimate and Apportionment has the power to appropriate, from time to time, for the maintenance, improvement and extension of the system of water supply of the Borough of Brooklyn, the moneys received from water rents in the said borough, subject, however, to the charges now imposed by law upon said revenues; and

Whereas, The Commissioner of the Department of Water Supply, Gas and Electricity has submitted an estimate of one million three hundred and eighteen thousand two hundred and eighty-nine dollars and seventy-one cents (\$1,318,289.71) as the amount required for the proper maintenance and distribution of the water supply of said borough; and

Whereas, The sum of five hundred and fifty-three thousand and twenty-one dollars and twenty-four cents (\$553,021.24) will be required for the year 1903 to meet the interest on outstanding bonds issued for the construction and extension of the water works of said borough, and the revenues to be received during the year 1903, based upon the revenues actually received during prior years, can safely be estimated at an amount in excess of two million five hundred thousand dollars (\$2,500,000); therefore be it

Resolved, That the Board of Estimate and Apportionment hereby determines that the sum of one hundred thousand dollars (\$100,000), in addition to the sum of one million two hundred thousand dollars (\$1,200,000), heretofore set aside and appropriated by said Board, be and hereby is set aside and appropriated from the water revenues received during the year 1903, if such revenues be sufficient, and if not, from the balance remaining in the Water Revenue Account on December 31, 1902, for the maintenance and distribution of said water supply in the Borough of Brooklyn, during a portion of the year 1903.

Which was adopted by the following vote:

The Mayor, Deputy Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented a report of the Chief Engineer of the Board of Estimate and Apportionment, relative to an appropriation for extending Eagle avenue, along the border of Hempstead Reservoir to the old Mill road.

Referred to the Commissioner of Water Supply, Gas and Electricity.

The Secretary presented a resolution authorizing the acquisition of a site located on Richmond terrace, Borough of Richmond, for stable purposes, storage yards and section stations, and a crematory site for the Department of Street Cleaning.

Laid over.

The Secretary presented the following communication from the Mayor, transmitting copy of communication to Harrison E. Gawtry, President Consolidated Gas Company, in reference to proceedings which have been begun to condemn for dock purposes property lying between Fifteenth and Eighteenth streets, near the North river, which was ordered spread upon the minutes of the Board for its information:

CITY OF NEW YORK—OFFICE OF THE MAYOR,
November 4, 1903.

HARRISON E. GAWTRY, Esq., President, Consolidated Gas Company, No. 4 Irving Place, New York:

DEAR SIR—Referring to the conversation with Mr. Addicks, Vice-President of your company, in reference to the proceedings which have been begun to condemn for dock purposes property lying between Fifteenth and Eighteenth streets, near the North river, I would say that I have consulted the Dock Commissioner as to what it will be necessary to take possession of in the near future. Mr. Hawkes advises me that the Engineer-in-Chief of the Dock Department has conferred with Mr. Bradley, your Chief Engineer, who states that the portion of your property which you desire to retain possession of is bounded by Eleventh avenue, the easterly side of the new marginal street, the southerly side of West Eighteenth street and the northerly side of West Seventeenth street. Mr. Hawkes states that this property is not immediately needed for the purposes of the Dock Department, and will not be needed during the coming winter and probably not during the year 1904.

The site cannot be taken possession of until the title vests either by the confirmation of the report of the Commissioners in Condemnation Proceedings or by a resolution of the Board of Estimate and Apportionment. There is no proposal now before that Board to vest title in the property above mentioned prior to the confirmation of the report of the Commissioners in Condemnation Proceedings, but I will see that this letter is spread upon the minutes of the Board, so that if the proposal to vest title should come before the Board hereafter, an opportunity may be given to you to appear before it and present any reasons you may have why such resolution should not be passed.

Yours, very truly,

(Signed) SETH LOW, Mayor.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, and resolution approving of the selection of a site as an addition to the present site on Wardwell avenue and Clinton B. Fisk avenue, Borough of Richmond, for school purposes:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,
November 16, 1903.

Hon. EDWARD M. GROUT, Comptroller:
SIR—At a meeting of the Board of Education held on the 28th day of October, 1903, the following resolution was adopted:

"Resolved, That the Board of Education hereby selects and determines as an addition to the site heretofore selected for school purposes on the Boulevard, Clinton B. Fisk and Wardwell avenues, at Prohibition Park, Borough of Richmond, the following described lands and premises in the rear thereof:

"Beginning at a point on the westerly line of Wardwell avenue distant one hundred and forty-five (145) feet southerly from the southerly line of the Boulevard, and running thence westerly and parallel with the Boulevard one hundred and fifty (150) feet to the easterly line of Clinton B. Fisk avenue; thence southerly along the easterly line of Clinton B. Fisk avenue forty (40) feet; thence easterly and again parallel with the Boulevard one hundred and fifty (150) feet to the westerly line of Wardwell avenue; thence northerly along the westerly line of Wardwell avenue forty (40) feet to the point or place of beginning.

"Assessed valuation of the lands and premises above described, as shown by the books of record on file in the Department of Taxes and Assessments, \$700.

"Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described."

Regarding the additional strip of land to be taken for a school site at Prohibition Park, Borough of Richmond, as mentioned in the resolution above recited, I have the honor to report as follows:

This strip, 40 feet by 150 feet, is Lots Nos. 235 and 243 in Block 13, and adjoins the site already selected at Broadway, Wardwell and Clinton B. Fisk avenues, making a total plot 150 feet by 185 feet. Lot No. 235 in Fisk avenue, 40 feet by 75 feet, was owned by J. F. Chalmers, of Richmond, Virginia, and is assessed at \$350. Lot No. 243 in Wardwell avenue, 40 feet by 75 feet, was owned by H. P. Goodman, of Whitewater, Wisconsin, and is also assessed at \$350.

The fair market value of these lots is \$500 each or \$1,000 for the strip. The taxes are paid through the National Prohibition Park Company.

I understand that Mr. B. F. Funk, the President of the Prohibition Park Company, from whom the City purchased the original site, has now control over these two lots and has agreed to sell them to The City of New York for school purposes at that price. I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the purchase of this strip, 40 by 150 feet, at a price not exceeding \$1,000.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of a site as an addition to the present site on Wardwell avenue and Clinton B. Fisk avenue, in the Borough of Richmond, bounded and described as follows:

Beginning at a point on the westerly line of Wardwell avenue distant one hundred and forty-five (145) feet southerly from the southerly line of the Boulevard, and running thence westerly and parallel with the Boulevard one hundred and fifty (150) feet to the easterly line of Clinton B. Fisk avenue; thence southerly along the easterly line of Clinton B. Fisk avenue forty (40) feet; thence easterly and again parallel with the Boulevard one hundred and fifty (150) feet to the westerly line of Wardwell avenue; thence northerly along the westerly line of Wardwell avenue forty (40) feet to the point or place of beginning, together with all the right, title and interest of the owners of said premises, of in and to the streets in front thereof to the centre thereof.

—and the Comptroller is hereby authorized to enter into a contract for the purchase of the same at a price not exceeding one thousand dollars (\$1,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Department of Bridges requesting the Board to amend resolution of July 29, 1903, fixing the salary of the position of Engineer in Charge of the Brooklyn Bridge by having title to said position changed to "Assistant Engineer":

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
November 17, 1903.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—On July 29 your Honorable Board adopted the following resolution: "Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen * * * that the salary of the position of Engineer in Charge of the Brooklyn Bridge, Department of Bridges, be fixed at the rate of four thousand dollars (\$4,000) per annum."

I beg to respectfully request that necessary action be taken to amend this resolution so that it will read "Assistant Engineer," Department of Bridges, etc.

In my communication to you, under date of July 23, 1903, in which I requested that a resolution be adopted so that the salary of Mr. McLean could be increased from \$3,500 to \$4,000, I used his office title "Engineer in Charge of Brooklyn Bridge," instead of his official title "Assistant Engineer."

In order to avoid the possibility of any question being raised in the future relative to his position, I therefore ask that amended resolution be adopted at earliest opportunity.

Respectfully,

G. LINDENTHAL, Commissioner of Bridges.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on July 29, 1903, and which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Engineer in Charge of the Brooklyn Bridge, Department of Bridges, be fixed at the rate of four thousand dollars (\$4,000) per annum,"

—be amended by striking out the words "Engineer in Charge of the Brooklyn Bridge" and inserting in place thereof the words "Assistant Engineer."

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented a communication from the Commissioner of Bridges, requesting the Board to recommend to the Board of Aldermen that the salary of the position of Clerk in said Department be fixed at the rate of \$2,250 per annum.

Laid on the table.

The Secretary presented the following communication from the Department of Docks and Ferries, relative to the rescinding of a resolution adopted June 19, 1903, for the acquisition of three water front properties at St. George, Port Richmond and Stapleton, Staten Island, Borough of Richmond, and resolution authorizing the institution of condemnation proceedings for the acquisition of property at St. George, Staten Island:

DEPARTMENT OF DOCKS AND FERRIES OF THE CITY OF NEW YORK, PIER "A," NORTH RIVER,
NEW YORK, November 7, 1903.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—I beg to request that the Corporation Counsel be authorized to begin condemnation proceedings for the acquisition of certain property at St. George, Staten Island, in the Borough of Richmond, for the purpose of the proposed ferry terminal at that point, the following being a technical description of same:

Beginning at a point in the bulkhead line established by the Secretary of War in 1889, where the centre line of South street intersects the same, and running thence westerly along the centre line of South street 546.91 feet to the southerly prolongation of the easterly line of Jay street; thence deflecting to the right through an angle of 69 degrees 39 minutes and 10 seconds and running northwesterly along the easterly line of Jay street 634.57 feet to the easterly prolongation of the northerly line of Dekalb street; thence easterly along the easterly prolongation of the northerly line of Dekalb street 50 feet; thence southeasterly 581.65 feet along a line drawn parallel with and 50 feet easterly from the easterly line of Jay street to a line drawn parallel with and distant 34 feet northerly from the northerly line of South street; thence deflecting to the left through an angle of 69 degrees 39 minutes 10 seconds and running easterly 183.88 feet; thence deflecting to the left through an angle of 43 degrees 48 minutes and 10 seconds and running northeasterly 374.88 feet; thence deflecting to the left through an angle of 90 degrees and running northwesterly 445 feet; thence deflecting to the right through an angle of 16 degrees 14 minutes and running northwesterly 177 feet; thence deflecting to the right through an angle of 108 degrees 38 minutes and running easterly 60 feet; thence deflecting to the left through an angle of 18 degrees 56 minutes and running still northeasterly 35 feet; thence deflecting to the left through an angle of 64 degrees 22 minutes 35 seconds and running northerly 119.28 feet to a point in the present bulkhead where a line drawn parallel with and 50 feet northerly from the northerly side of the present northerly pier at the St. George ferry intersects the same; thence deflecting to the right through an angle of 80 degrees no minutes 37 seconds and running northeasterly 482.25 feet to the pierhead line established by the Secretary of War in 1889; thence southeasterly along said pierhead line in the arc of a curve whose radius is 3,755.85 feet, through an angle of 5 degrees 24 minutes 32 seconds for a distance of 354.56 feet to a point in said pierhead line where the last mentioned curve compounds with a curve whose radius is 3,005.25 feet, and running still southeasterly and along said pierhead line in the arc of a curve whose radius is 3,005.25 feet through an angle of 13 degrees 33 minutes 11 seconds for a distance of 710.88 feet to a point of tangency in the said pierhead line; thence

southerly and still along said pierhead line in a straight line 271.55 feet to the easterly prolongation of the centre line of South street; thence deflecting to the right through an angle of 96 degrees 18 minutes and 28 seconds and running westerly along the prolongation of the centre line of South street 550.89 feet to the point or place of beginning.

Also an easement or right of way for a viaduct 77 feet wide, with curved approaches at each end extending from the fourth course, hereinbefore described, northeasterly and at right angles with the seventh course, hereinbefore described, the centre line of said right of way intersecting the said seventh course, at a distance of 296 feet northerly from the southerly end thereof. The curved approaches at the easterly end of said easement intersecting the said seventh course at points in said course, distant 240 and 352 feet respectively from the southerly end of said seventh course, measured northerly along said course, and the curved approaches at the westerly end of said easement being tangent to the fourth course, hereinbefore described, at points distant 70 and 335 feet respectively from the southerly end of said course measured northerly along said course.

Yours respectfully,

JACKSON WALLACE, Deputy and Acting Commissioner.

The Board of Estimate and Apportionment on June 19, 1903 (Minutes, page 1432), authorized the Corporation Counsel to institute condemnation proceedings for a ferry terminal at St. George, Borough of Richmond. Recently, on October 16, 1903, the Commissioners of the Sinking Fund approved an amended plan for the St. George terminal, and it is the land embraced in this amended plan for which authority is asked to initiate condemnation proceedings.

I am of the opinion that the Board of Estimate and Apportionment may properly rescind its resolution of June 19, 1903, and adopt a new resolution in accordance with the above.

EUG. E. McLEAN, Engineer, Department of Finance.

November 17, 1903.

DEPARTMENT OF DOCKS AND FERRIES OF THE CITY OF NEW YORK, PIER "A," NORTH RIVER,
NEW YORK, November 10, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Referring to our communication to you of November 7, 1903, requesting that the Corporation Counsel be authorized to begin condemnation proceedings for the acquisition of certain property at St. George, Staten Island, for the purpose of a ferry terminal, I beg to advise that the Department of Taxes and Assessment inform us that the lands described therein are assessed for the year 1903 at \$363,000, as apportioned by the Deputy.

Yours respectfully,

RUSSELL BLEECKER, Secretary.

Resolved, That the resolution adopted by this Board on June 19, 1903 (see Minutes, page 1432), authorizing the Corporation Counsel to institute condemnation proceedings for the acquisition of three water front properties at St. George, Port Richmond and Stapleton, Staten Island, Borough of Richmond, be and the same is hereby rescinded.

Resolved, That, in accordance with the request of the Deputy and Acting Commissioner of Docks and Ferries, dated November 7, 1903, the Board of Estimate and Apportionment hereby authorizes the Corporation Counsel to institute condemnation proceedings for the acquisition of the following-described property at St. George, Staten Island, Borough of Richmond, pursuant to the provisions of law; said property being assessed for the year 1903 at \$363,000:

Beginning at a point in the bulkhead line established by the Secretary of War in 1889, where the centre line of South street intersects the same, and running thence westerly along the centre line of South street 546.91 feet to the southerly prolongation of the easterly line of Jay street; thence deflecting to the right through an angle of 69 degrees 39 minutes and 10 seconds, and running northwesterly along the easterly line of Jay street 634.57 feet to the easterly prolongation of the northerly line of Dekalb street; thence easterly along the easterly prolongation of the northerly line of Dekalb street 50 feet; thence southeasterly 581.65 feet along a line drawn parallel with and 50 feet easterly from the easterly line of Jay street to a line drawn parallel with and distant 34 feet northerly from the northerly line of South street; thence deflecting to the left through an angle of 69 degrees 39 minutes 10 seconds, and running easterly 183.88 feet; thence deflecting to the left through an angle of 43 degrees 48 minutes and 10 seconds, and running northeasterly 374.88 feet; thence deflecting to the left through an angle of 90 degrees and running northwesterly 445 feet; thence deflecting to the right through an angle of 16 degrees 14 minutes, and running northwesterly 177 feet; thence deflecting to the right through an angle of 108 degrees 38 minutes, and running easterly 60 feet; thence deflecting to the left through an angle of 18 degrees 56 minutes, and running northeasterly 233 feet; thence deflecting to the left through an angle of 15 degrees 56 minutes, and running still northeasterly 35 feet; thence deflecting to the left through an angle of 64 degrees 22 minutes 35 seconds, and running northerly 119.28 feet to a point in the present bulkhead where a line drawn parallel with and 50 feet northerly from the northerly side of the present northerly pier at the St. George ferry intersects the same; thence deflecting to the right through an angle of 80 degrees no minutes 37 seconds, and running northeasterly 482.25 feet to the pierhead line established by the Secretary of War in 1889; thence southeasterly along said pierhead line in the arc of a curve whose radius is 3,755.85 feet through an angle of 5 degrees 24 minutes 32 seconds for a distance of 354.56 feet to a point in said pierhead line where the last mentioned curve compounds with a curve whose radius is 3,005.25 feet, and running still southeasterly and along said pierhead line in the arc of a curve whose radius is 3,005.25 feet through an angle of 13 degrees 33 minutes 11 seconds for a distance of 710.88 feet to a point of tangency in the said pierhead line; thence southerly and still along said pierhead line in a straight line 271.55 feet to the easterly prolongation of the centre line of South street; thence deflecting to the right through an angle of 96 degrees 18 minutes and 28 seconds, and running westerly along the prolongation of the centre line of South street 550.89 feet to the point or place of beginning.

Also an easement or right of way for a viaduct 77 feet wide, with curve approaches at each end extending from the fourth course, hereinbefore described, northeasterly and at right angles with the seventh course, hereinbefore described, the centre line of said right of way intersecting the said seventh course at a distance of 296 feet northerly from the southerly end thereof. The curved approaches at the easterly end of said easement intersecting the said seventh course at points in said course, distant 240 and 352 feet respectively from the southerly end of said seventh course, measured northerly along said course, and the curved approaches at the westerly end of said easement being tangent to the fourth course, hereinbefore described, at points distant 70 and 335 feet respectively from the southerly end of said course, measured northerly along said course.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Appraiser of Real Estate, Department of Finance, relative to the purchase of a site for the Fire Department:

ment, at Nos. 100, 102 and 104 Duane street, together with communication from the Fire Commissioner relative thereto:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,
November 17, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Hon. Thomas Sturgis, Commissioner of the Fire Department, in a communication under date of November 6, requests that the Board of Estimate and Apportionment approve of the acquisition of property known as Nos. 100, 102 and 104 Duane street, Borough of Manhattan, as a site for Engine Company 7 and Hook and Ladder Company 1, of his Department, the Chief of the Department having recommended the location as suitable for an apparatus house.

The acquisition of this property and the construction of the building will house the engine companies now located in the partly dismantled engine house in City Hall Park. The Hook and Ladder Company which was located in the City Hall Park is temporarily provided for in an old building a considerable distance away, as well as the fuel wagons. The interests of the City, the Commissioner states, urgently require a building for them, as near former location as possible, and as quickly as may be.

Some time last summer the Commissioner in a communication requested that the City acquire, either by condemnation proceedings or otherwise, a site located on Reade street. Negotiations were entered into with the owners of the premises, and it was found that it would be impossible to acquire the site or any site in the vicinity which would meet with the requirements of the Fire Department without the institution of condemnation proceedings, as the leases on nearly all of the properties in this section had a long term to run. After considerable investigation this location, Nos. 100, 102 and 104 Duane street, was selected, being 75 feet 9 inches in width in front, with a depth of 117 feet 3 inches on one side and 116 feet 8 inches on the other, and is now leased to the Merchants' Restaurant, which lease expires May 1, 1905.

The Fire Department informs me that it will not be necessary for them to obtain possession of the building before May 1, 1904, for the reason that in arranging for the plans and specifications, and the advertising and letting, will cover a period of at least three or four months.

I understand that the owner of the premises has had an offer from an outside party to make a long term lease, with the privilege of removing the building now thereon and constructing a new one, and if the City intends to do anything it will be absolutely necessary for it to do it now.

The price asked by the owners of the property, which would include the canceling of the lease on May 1, 1904, and giving possession to the City upon the vesting of the title, subject to a lease expiring at that time, is \$320,000.

If it were purely a question of the value of the ground and the building I would not recommend the purchase of the property at that price. The buildings have no intrinsic value; the value is in the land and the lease, and the ability of the City to acquire it within a month or so. I therefore recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition of Nos. 100, 102 and 104 Duane street, Borough of Manhattan, at a price not exceeding \$320,000, as a site for the Fire Department.

The rent being \$12,000 per annum, the City should receive a rental value in return, between the time that the title vests and the 1st day of May, 1904, a sum in the vicinity of \$4,000. This would make the cost of the property about \$316,000.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK, NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET.

BOROUGH OF MANHATTAN, November 10, 1903.

Hon. SETH LOW, Mayor, and Chairman Board of Estimate and Apportionment, City Hall, Borough of Manhattan:

SIR—I have the honor to request that pursuant to the provisions of section 47 of the Greater New York Charter your Honorable Board approve the issue of Corporate Stock to the amount of \$415,000 for the purpose of acquiring a site and erecting building for use as quarters of Engine Company 7 and Hook and Ladder Company 1, and also for a fuel depot.

Under date of the 6th instant, I addressed a communication to the Comptroller requesting that the property Nos. 100, 102 and 104 Duane street be purchased for the object in view, the Chief of Department having reported the same as a suitable location; and the Engineer of the Finance Department has since recommended acquiring the premises named, which he thinks can be accomplished for about the sum of \$325,000.

It is believed that the cost of the erection of a suitable structure would require an expenditure approximating \$90,000, making the total estimate for the site and building \$415,000, the amount of the issue of Corporate Stock requested.

Engine Company 7 is now temporarily located at No. 49 Beekman street, it having been compelled some few months since to vacate its quarters in the old building at the corner of Chambers and Centre streets, the operations of the contractor for building the tunnel for the proposed rapid transit railway having rendered its continued occupancy absolutely unsafe; the portion of the structure formerly occupied by it has since been removed, but the remainder is still occupied by Hook and Ladder Company 1, no other place being available therefor, and the fuel wagon is still further away, at Elm and White streets.

In view of the fact that the interests of the City urgently require the erection of a building for the engine and hook and ladder companies and for the fuel depot as near the original location in the City Hall Park as practicable, and with the least possible delay, I am constrained earnestly to request prompt and favorable action upon this application.

Yours respectfully,

THOS. STURGIS, Commissioner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection of property known as Nos. 100, 102 and 104 Duane street, in the Borough of Manhattan, as a site for a Fire Department apparatus house, which property is bounded and described as follows:

Beginning at a point on the southerly side of Duane street, distant one hundred and thirty (130) feet two (2) inches westerly from the southwesterly corner of Duane street and Broadway; running thence southerly parallel with Broadway one hundred and seventeen (117) feet three (3) inches; thence westerly parallel with Duane street seventy-five (75) feet nine (9) inches; thence northerly and again parallel with Broadway one hundred and sixteen (116) feet eight (8) inches to the southerly side of Duane street; thence easterly along the southerly side of Duane street seventy-five (75) feet nine (9) inches to the point or place of beginning, be the said several dimensions more or less, together with all the right, title and interest of the owners of said premises of, in and to the streets in front thereof to the centre thereof.

—and the Comptroller of The City of New York is hereby authorized to enter into a contract for the purchase of the above-described premises at a price not exceeding three hundred and twenty thousand dollars (\$320,000), said contract to be submitted to the Corporation Counsel for his approval.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following resolution, approving of the issue of Corporate Stock to the amount of \$415,000, to provide for the acquisition of a site and erection of a building for use as quarters of Engine Company 7, and Hook and Ladder Company 1, and also for a fuel depot:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the

issue of Corporate Stock of The City of New York, to an amount not exceeding four hundred and fifteen thousand dollars (\$415,000) to provide means for the acquisition of a site and erection of building for use as quarters of Engine Company 7 and Hook and Ladder Company 1, and also for a fuel depot, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding four hundred and fifteen thousand dollars (\$415,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following report of the Engineer of the Department of Finance relative to the Board of Estimate and Apportionment authorizing the President of the Borough of Manhattan to advertise for bids and award the contract for rebuilding the retaining wall on the easterly side of Edgecombe avenue, between One Hundred and Forty-seventh and One Hundred and Forty-eighth streets, Borough of Manhattan:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, COMPTROLLER'S OFFICE,
November 19, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Jacob A. Cantor, President of the Borough of Manhattan, in a communication under date of November 16, 1903, requests the Board of Estimate and Apportionment for the necessary authority to advertise for bids and award of contract for rebuilding a retaining wall on the easterly side of Edgecombe avenue, between One Hundred and Forty-seventh and One Hundred and Forty-eighth streets, in the Borough of Manhattan. The President further states that this wall was recently destroyed by the heavy rain storms which prevailed on October 8, 9 and 10, the facts of which are fully set forth in a copy of the Engineer's report. I would report:

That reports made to me by my assistant are substantially the same as stated by Chief Engineer G. R. Olney, that is, that the wall, as constructed by Concetta Marrone, the contractor for the regulating and grading, etc., Edgecombe avenue from One Hundred and Forty-seventh to One Hundred and Forty-eighth streets, was erected in accordance with the specifications, and the portion of the wall destroyed by rain storms on October 8, 9, and 10, was due to no poor work of his, but to the conditions of the old retaining wall; therefore the cost of rebuilding same should not be charged to the contractor or added to the assessment list to be paid by the property owners, but should be paid for by the City at large.

The Chief Engineer's estimate of cost of rebuilding this wall is \$27,450, as follows:

10,000 cubic yards of excavation (earth and stone), at \$1.....	\$10,000 00
3,000 cubic yards new cement masonry wall, at \$4.25.....	12,750 00
7,000 cubic yards filling to be furnished, at 50 cents.....	3,500 00
200 cubic yards concrete for foundation to wall, at \$6.....	1,200 00
Total estimated cost.....	\$27,450 00

The work being necessary, I would recommend that the Board of Estimate and Apportionment authorize the President of the Borough of Manhattan to advertise for bids, and award a contract for rebuilding the retaining wall on the easterly side of Edgecombe avenue, between One Hundred and Forty-seventh and One Hundred and Forty-eighth streets, in the Borough of Manhattan, charging the expense thereof to whatever fund may be proper.

Respectfully,

EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That the President of the Borough of Manhattan be and hereby is authorized to advertise for bids and award the contract for rebuilding a retaining wall on the easterly side of Edgecombe avenue, between One Hundred and Forty-seventh and One Hundred and Forty-eighth streets, Borough of Manhattan.

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the President of the Borough of The Bronx, relative to an appropriation to meet the additional cost in connection of the construction of the Melrose Viaduct across the Port Morris Branch of the New York and Harlem Railroad tracks:

THE CITY OF NEW YORK—OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,

NEW YORK, November 17, 1903.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—I inclose for your information a copy of a letter sent to me by Hubert L. Smith, Assistant Deputy Comptroller, in the matter of judgment entered in the Supreme Court of New York County on October, 1903, in favor of Stephens & O'Rourke, for the sum of \$55,892.34, for damages in connection with the contract for the construction of Melrose avenue viaduct across the Port Morris Branch of the New York and Harlem Railroad tracks. The letter explains the facts in relation to this case, and acting upon the suggestion therein contained, I respectfully request the Board of Estimate and Apportionment to authorize the issue of bonds, under chapter 680 of the Laws of 1897, to the amount of \$58,000, for the purposes of meeting the payment of the above judgment.

Respectfully

LOUIS F. HAFFEN, President of the Borough of The Bronx.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,

November 14, 1903.

Hon. LOUIS F. HAFFEN, President, Borough of The Bronx:

SIR—A judgment was entered in the Supreme Court of New York County on October 12, 1903, in favor of Stephens & O'Rourke, for the sum of \$55,892.34 for damages in connection with the contract for the construction of Melrose avenue viaduct across the Port Morris Branch of the New York and Harlem Railroad tracks. The judgment was entered upon report of Wheeler H. Peckham, referee appointed by the Supreme Court to hear and determine the issues.

At the time the contract was executed the City had not acquired the right of way over the tracks. On the day when the contract was executed, application was made to the Supreme Court for appointment of Commissioners of Estimate and Appraisal, but no action appears to have been taken upon the application until May, 1899. The delay seems to have been due to the failure of the Corporation Counsel to submit the moving papers and to suggest the names of the persons for Commissionerships.

The contractors protested that prices and materials entered into the construction of the viaduct had greatly increased since the execution of the contract, and claimed to be compensated for damages which they would sustain if compelled to perform the work at the contract prices. They proceeded under protest, and the present action is brought to recover the sum of \$63,000, representing the difference between what it would have cost them to do the work had they been enabled to proceed within a reasonable time after December 30, 1897, and what it actually did cost them by reason of the increased price of materials.

The referee awarded them a judgment of \$53,824.06, with interest, costs and extra allowance added, which brings the amount to the sum of \$55,892.34. The Cor-

poration Counsel has advised that the judgment has been properly obtained and is a legal charge against the City Treasury, and that no appeal will be taken therefrom.

Under chapter 680 of the Laws of 1897, the expense of constructing the viaduct with abutments was limited to \$300,000, for which sum the issue of bonds was authorized. It appears by the records of the Department of Finance that bonds were authorized for only \$200,000, and that an additional issue may now be authorized to cover the present judgment. I therefore have to ask that you request the Board of Estimate and Apportionment to authorize the issue of bonds, under chapter 680 of the Laws of 1897, to the amount of \$58,000, for the purpose of meeting the payment of the above judgment.

In view of the fact that the judgment is carrying interest at the rate of 6 per cent., I would request that you give the matter your immediate attention.

Yours truly,
(Signed) HUBERT L. SMITH, Assistant Deputy Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of sections 3 and 4 of chapter 680 of the Laws of 1897, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of fifty-eight thousand dollars, the proceeds whereof to be applied to the additional cost in connection with the construction of the Melrose avenue viaduct, over the tracks of the New York and Harlem Railroad and the Port Morris Branch of the New York and Harlem Railroad, in the Twenty-third Ward.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented the following communication from the Commissioner of Public Charities, relative to the date for vesting of title by the City of a site for an almshouse, in the Borough of Richmond:

DEPARTMENT OF PUBLIC CHARITIES OF THE CITY OF NEW YORK, FOOT OF EAST TWENTY-SIXTH STREET,

October 5, 1903.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—The Corporation Counsel having informed me that he has filed with the Clerk of Richmond County the oaths of the Commissioners appointed in the matter of acquiring land on the easterly side of the Manor road, in the Borough of Richmond, for almshouse purposes, as recommended in my letter to the Board of Estimate and Apportionment of June 2, 1903, I beg respectfully to recommend that action be taken by the Board of Estimate and Apportionment, under the provisions of section 1439 of the Greater New York Charter, vesting the title of the said property in The City of New York on October 10, 1903. I hereby certify that it is for the public interest that the title of such premises be vested in the City at the date named, in order that this Department may proceed with the preparation of the premises for the erection thereon of almshouse buildings. Plans and specifications for such buildings have been prepared for this Department, and have been approved by the State Board of Charities and by the head of this Department. The specifications therefor have been printed, and bids for the construction of such buildings will be opened by this Department on October 14, 1903. In order that the overcrowding of the almshouses at Blackwell's Island and Flatbush may be relieved at the earliest possible date, it is desirable that the construction of these buildings should be begun at once. The total value of the proposed property will probably not exceed \$10,000, and, while interest on the amount determined upon by the Commissioners will be due from the date of the vesting of title, this Department is prepared to proceed on that date to enter upon and make full use of the premises in question.

I beg to enclose herewith form of resolution for the vesting of title, prepared at my request by the Counsel to the Corporation.

I have the honor to remain,

Yours very truly,

HOMER FOLKS, Commissioner.

The following was offered:

Whereas, The Board of Estimate and Apportionment did, on July 29, 1903, adopt a resolution authorizing the acquisition, by condemnation proceedings, as a site for an almshouse, of certain property situated in the Borough of Richmond, in the City of New York, described as follows:

Beginning at a point in the easterly line of Manor road, said point being the northeasterly corner of land of Charles F. Schmidt, and running from said point of beginning along the land of said Schmidt south 34 degrees 17 minutes 30 seconds east 2,091 feet 9 inches to the southeasterly corner of said Schmidt's land; running thence along the lands of T. Morgan and I. T. Warren by the following courses: North 57 degrees 8 minutes east 177 feet 16 3/4 inches, north 59 degrees 43 minutes east 49 feet 4 inches, north 61 degrees 58 minutes east 39 feet 6 inches, north 56 degrees 28 minutes east 63 feet, north 54 degrees 13 minutes east 47 feet 9 inches, north 42 degrees 8 minutes east 94 feet 6 inches, north 32 degrees 28 minutes east 197 feet 6 inches, north 29 degrees 33 minutes east 65 feet, north 34 degrees 56 minutes 30 seconds east 56 feet 5 inches to land of T. L. Meinikhein; running thence along land of said Meinikhein north 47 degrees 41 minutes 40 seconds west 1,065 feet 10 inches, north 41 degrees 13 minutes 10 seconds east 380 feet 1 inch to land of the estate of Thomas R. Eagleson; running thence along land of said Eagleson estate by the following courses: North 35 degrees 35 minutes 30 seconds west 105 feet 8 inches, north 39 degrees 19 minutes west 162 feet 6 3/4 inches, north 47 degrees 40 minutes 40 seconds west 43 feet 1 1/2 inches, north 8 degrees 42 minutes 10 seconds east 141 feet 6 inches to land of Mary G. White; thence along land of Mary G. White, north 44 degrees 49 minutes 40 seconds west 659 feet 3 1/4 inches to Manor road; running thence along the easterly side of Manor road south 48 degrees 13 minutes 50 seconds west 119 feet 4 inches, south 39 degrees 3 minutes 30 seconds west 634 feet 11 1/4 inches, south 35 degrees 5 minutes 20 seconds west 81 feet 2 inches, south 33 degrees 3 minutes 20 seconds west 31 feet 3 inches to the place of beginning, containing 38 238-1,000 acres, be the said several dimensions more or less; and

Whereas, By an order of the Supreme Court entered in the office of the Clerk of the County of Richmond, dated September 8, 1903, Charles E. Griffith, Henry A. Guyon and T. A. Braniff were appointed Commissioners of Estimate and Appraisal in proceedings brought to acquire said property; and

Whereas, The oaths of the said Commissioners were filed in the office of the Clerk of the County of Richmond on the 26th day of September, 1903; therefore be it

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest that the title to the lands and premises above referred to and all interests therein should be acquired by The City of New York at a fixed or specified time, does hereby direct that on the tenth day of December, 1903, the title to said lands and premises and all interests therein shall vest in The City of New York.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Secretary presented a communication from the President of the Borough of Richmond requesting that the Corporation Counsel be authorized to commence condemnation proceedings for the acquisition of property at St. George, S. I., for the purpose of a ferry terminal at that point.

Referred to the Comptroller.

The President of the Borough of Richmond presented a copy of a communication sent by him to the Commissioner of Water Supply, Gas and Electricity, relative to the water supply of the Borough of Richmond.

Referred to the Comptroller.

The Secretary presented a communication from the Commissioner of Water Supply, Gas and Electricity, requesting various transfers within his Department.

Referred to the Comptroller.

The Mayor presented a communication recommending that the City take some steps toward acquiring the plant of the Manhattan Fire Alarm Telegraph Company, together with other papers relative thereto.

Referred to the Comptroller and a hearing ordered advertised for two weeks from this date.

The Secretary presented the following communication from the Board of Education, relative to the amending of a resolution adopted November 13, 1903, directing that title to a school site on East Third and East Fourth streets, Manhattan, vest in the City on December 1, 1903:

BOARD OF EDUCATION, PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, November 9, 1903.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—I wish to call the attention of the Board of Estimate and Apportionment to the very great importance of action at the earliest possible moment in the matter of the vesting of title to the school site on East Third and Fourth streets, between First avenue and Avenue A. This site is being acquired by condemnation. The Commissioners were appointed in February last, and I am informed that their oaths were filed on the 13th of April. There are buildings on this site, and under section 1439 of the Charter the Board of Estimate and Apportionment has power to direct by resolution that title to the site shall vest in the City two months after the passage of the resolution. Mr. Snyder, our Superintendent of School Buildings, has prepared plans for the new building to be erected on this site, but the contract cannot be let owing to the fact that the question of the vesting of title has been overlooked.

I inclose a form of resolution suitable for adoption by the Board of Estimate and Apportionment, similar to those adopted in like cases heretofore, and would urgently request that you secure the adoption of the same by the Board of Estimate and Apportionment at its next meeting.

Very truly yours,

H. A. ROGERS, President.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment at meeting held November 13, 1903, and which reads as follows:

"Whereas, The Board of Estimate and Apportionment on October 29, 1902, adopted a resolution approving the action of the Board of Education in selecting as a site for school purposes the following described lands and premises on East Third and East Fourth streets, two hundred and twelve (212) feet eleven (11) inches east of First avenue, in the Borough of Manhattan, and authorizing the Corporation Counsel to institute condemnation proceedings for the acquisition of title thereto:

"Beginning at a point on the northerly line of East Third street distant two hundred and twelve (212) feet eleven (11) inches easterly from the easterly line of First avenue, and running thence northerly and parallel with First avenue one hundred and ninety-two (192) feet to the southerly line of East Fourth street; thence easterly along the said southerly line of East Fourth street one hundred and fifty (150) feet; thence southerly and again parallel with First avenue one hundred and ninety-two (192) feet to the northerly line of East Third street; thence westerly along the northerly line of East Third street one hundred and fifty (150) feet, the point or place of beginning; and

"Whereas, There are buildings upon said site, and the Board of Education has prepared plans for the erection of a school building thereon and is ready to let a contract therefor; therefore be it

"Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest that the title to the above-mentioned site and all interests therein should be acquired by The City of New York at a fixed or specified time, does hereby direct that on December 1, 1903, the title to said lands and premises and all interests therein shall vest in The City of New York."

—be and the same is hereby rescinded.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The President of the Borough of Manhattan presented a request that the Board recommend to the Board of Aldermen that the salary of the position of Secretary of the Bureau of Sewers be fixed at the rate of \$3,500 per annum.

Laid over.

The President of the Borough of Brooklyn presented a request for an appropriation of \$1,500,000 for a new Municipal Building for the Borough of Brooklyn.

Laid over.

The Board adjourned, to meet Tuesday, December 1, 1903, for the consideration of public improvement matters.

J. W. STEVENSON, Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

The Board met in pursuance of an adjournment.

Present—Seth Low, Mayor; Edward M. Grout, Comptroller; Charles V. Fornes, President, Board of Aldermen; Jacob A. Cantor, President, Borough of Manhattan; Louis F. Haffen, President, Borough of The Bronx; George Cromwell, President, Borough of Richmond.

Hon. Seth Low, Mayor, presiding.

The reading of the minutes of meetings held September 16, 23, 30, October 5, 7, 8, 9, 12, 14, 15, 19, 22, 31, November 13 and 20 was dispensed with.

After disposing of public improvement matters the following financial matters were considered:

The Secretary presented the following communication from the President of the Borough of The Bronx, requesting the Board to ratify and confirm his action of November 4, 1903, in fixing the salary of the petitioner of Searcher, in his office, at \$1,200 per annum:

THE CITY OF NEW YORK—OFFICE OF PRESIDENT OF THE BOROUGH OF THE BRONX,
MUNICIPAL BUILDING, CROTONA PARK,

November 18, 1903.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—I respectfully request that a grade of Searcher be fixed by the Board of Estimate and Apportionment in the office of the President of the Borough of The Bronx, at an annual salary of \$1,200.

To take effect November 4, 1903.

Yours truly,

LOUIS F. HAFFEN, President of the Borough of The Bronx.

The following resolution was offered:

Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the President of the Borough of The Bronx, taken and dated November 4, 1903, in fixing the salary of the position of Searcher in the office of the President of the Borough of The Bronx at the rate of twelve hundred dollars (\$1,200) per annum.

Which was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Richmond—13.

The Secretary presented the following resolution of the Board of Aldermen, relative to an issue of \$200,000 Special Revenue Bonds for the payment of the salaries of the additional members of the Uniformed Force of the Fire Department and salaries of members of the Uniformed Force of the Borough of Queens, reinstated by the order of the Supreme Court:

IN THE BOARD OF ALDERMEN.

Resolved, That the resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of two hundred and fifty thousand dollars (\$250,000) for the benefit of the Fire Department, which was adopted by the Board of Aldermen April 21, 1903, and approved by his Honor the Mayor April 27, 1903, be and the same is hereby amended so as to read as follows:

Resolved, That upon the recommendation of the Fire Commissioner, transmitted this day to the Board of Aldermen by his Honor the Mayor, the Board of Estimate and Apportionment be and hereby is requested, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of two hundred and fifty thousand dollars (\$250,000), the proceeds thereof to be applied to the payment of salaries of additional members of the Uniformed Force of the Fire Department, pursuant to the said recommendation of said Commissioner, and to the payment of salaries of members of the Uniformed Force reinstated in the Borough of Queens by order of the Supreme Court.

Unanimously adopted by the Board of Aldermen November 24, 1903, three-fourths of all the members elected voting in favor thereof.

Approved by the Mayor November 30, 1903.

P. J. SCULLY, Clerk.

Which was laid over, the unanimous vote of all members being necessary.

The Secretary presented the following communication from the President, Board of Coroners, Borough of Manhattan, relative to the transfer of \$166.66 to "Salaries and Expenses of Coroners, in the Borough of Manhattan":

CORONERS' OFFICE, BOROUGH OF MANHATTAN, NEW YORK, CRIMINAL COURT BUILDING,
CENTRE STREET,

November 19, 1903.

Hon. JAMES W. STEVENSON, Deputy Comptroller:

DEAR SIR—The Board of Coroners for the Borough of Manhattan have under consideration the question of reinstatement of one John G. Kelly, formerly a clerk attached to this office. They are desirous of knowing in case such reinstatement takes place whether there are any funds at your disposal to pay for the salary of the said Kelly. Their appropriation for this year is entirely exhausted, and it would be impossible to use any of the present funds for the purpose of paying any part of his salary.

Very truly yours,

GUSTAV SCHOLER.

President, Board of Coroners, Borough of Manhattan.

Allowance to Veteran Association for Decoration Day Observances, Borough of Brooklyn, \$183.98.

The following resolution was offered:

Resolved, That the sum of one hundred and sixty-six and sixty-six one-hundredth dollars (\$166.66) be and the same is hereby transferred from the appropriation entitled "Allowance to Veteran Associations for Decoration Day Observances, Borough of Brooklyn, pursuant to chapter 13, Laws of 1897," for the year 1903, the same being in excess of the amounts required for the purposes thereof, to the appropriation made to Coroners for the year 1903, entitled "Salaries and Expenses of Coroners in the Borough of Manhattan," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

The Mayor, Comptroller, President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, The Bronx and Richmond—13.

The Secretary presented the following communications from the President of the Borough of The Bronx, requesting the transfer of \$8,500:

The Secretary presented the following communication from F. E. Owen, relative to condemnation proceedings brought to acquire No. 226 East Twenty-third street, as a site for a Carnegie Library, which was ordered on file:

NEW YORK, August 27, 1903.

To the Board of Estimate and Apportionment:

GENTLEMEN—On the 15th of July last your Honorable Board passed a resolution directing the Corporation Counsel to bring condemnation proceedings for the acquisition of Nos. 222, 224 and 226 East Twenty-third street, Borough of Manhattan, as a site for a Carnegie library.

No. 226 is owned by my two maiden sisters, and has been occupied as a home by them and their father before them for about fifty years. They have known no other home, and its associations are very dear to them. Father, mother and brother have died within its walls. Though time has brought many changes in the character of the neighborhood my sisters have steadfastly refused to make any change or to consider for a moment the sale of the place, as they intended to occupy it so long as they lived. My sisters are both in ill health, one of them has recently met with an affliction that may result in permanent injury to her eyesight. The proposal to take their home from them has had a depressing effect upon them, and I fear that if the present plan of the City is carried out it will result most seriously to their health.

This situation was presented to the representative of the library when the matter was first brought to the attention of my sisters. But his reply has been that the owner of Nos. 222 and 224 was willing to sell and that the library must have that particular site—no other would do—and that the City would give the same price for my sisters' house as for the house next door, and no more, and would not take into consideration the superior condition of my sisters' house, nor the fact that it meant to them the breaking up of their home, the loss of their furniture and fixtures which could not be made available in another location.

Nos. 222 and 224 were purchased as an investment and for speculative purposes by the present owner, and have never been occupied by her, and have not been kept in so good condition as my sisters' house, and are not worth so much intrinsically. And while the owner of that property not having realized so much as desired from her investment may be willing to sell on terms offered it does not seem just that such fact should be used as a club to force my sisters out of their home.

It surely would be as great a charity to allow my sisters to retain their home as to take it from them and build a library which can as well be established on another lot of ground even though it may be at a little greater cost to the City.

I would, therefore, respectfully request your Honorable Board to rescind your resolution so far as it concerns No. 226 East Twenty-third street, and so save to my sisters their home.

Yours respectfully,

F. E. OWEN, No. 27 Thames Street, City.

The Secretary presented the following communications from the Fire Department relative to the request for a transfer of \$34,600 to various appropriations and \$1,000 to "Municipal Explosives Commission—Expenses of":

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK, NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,

BOROUGH OF MANHATTAN, November 16, 1903.

The Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I have the honor to request that your Honorable Board will please authorize the transfer of the following amounts from the appropriation made to this Department, boroughs of Manhattan and The Bronx, for the year 1903, to wit:

From "Salaries—Engine and Hook and Ladder Companies' Payrolls," \$20,000, to the appropriation for the same boroughs for the year 1903, entitled "Apparatus, Supplies, etc.," the amount of which is insufficient.

From "Salaries—Bureau of Combustibles' Payroll," \$1,000, to the appropriation for the same boroughs for the year 1903, entitled "Municipal Explosives Commission—Expenses of."

Respectfully,

THOS. STURGIS, Commissioner.

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK, NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,

BOROUGH OF MANHATTAN, November 24, 1903.

The Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—I have the honor, upon recommendation of the Deputy Commissioner of the Boroughs of Brooklyn and Queens, to request that your Honorable Board authorize the transfer of the following amounts from appropriations made to this Department in said boroughs, for the year 1903, to wit:

From "Salaries—Bureau, Chief of Department"..... \$10,000 00

From "Salaries—Bureau, Fire Marshal Payrolls"..... 3,000 00

Total..... \$13,000 00

—to the appropriation for the same boroughs for the year 1903, entitled "Apparatus, Supplies, etc.," the amount of which is insufficient.

This additional appropriation is required for extraordinary repairs to the fire-boat "Seth Low," ordered by the United States Inspectors, and for the purchase of apparatus which are very much needed, and for which there was not sufficient money appropriated.

From "Salaries—Hospital and Training Stables' Payroll"..... \$1,600 00

—to the following appropriations for the same boroughs and year, to wit:
"Salaries—Fire Alarm Telegraph Payroll" \$800 00
"Salaries—Repair Shops' Payroll" 800 00
—the amounts of which are insufficient.

Yours respectfully,
THOS. STURGIS, Commissioner.

The following resolution was offered:

Resolved, That the sum of thirty-four thousand six hundred dollars (\$34,600) be and the same is hereby transferred from the appropriations made to the Fire Department for the year 1903, entitled and as follows:

Approved: JOSIAH A. BRIGGS, Chief Engineer, Bronx.

The City of New York—President of the Borough of The Bronx, One Hundred and Seventy-seventh Street and Third Avenue,

New York, October 1, 1903.

Mr. JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx:

Sir—In accordance with your instructions, I have the honor to submit the following report of work done under my charge during the months of July, August and September, 1903.

The Topographical Bureau of the President of the Borough of The Bronx is charged with the following duties:

- I. To make the topographical surveys.
- II. To prepare the design for the street system and to make the maps for adoption and filing.
- III. To define on the ground by stones and bolts the lines of the adopted street system, and to protect the said monuments when improvements are being made in the streets.
- IV. To prepare the design for the drainage and sewerage system and determine the grades of streets and sewers.
- V. To make surveys, searches, technical descriptions and maps for the Commissioners of Estimate and Assessments in the matter of acquiring title to avenues and streets.
- VI. To keep in custody the records and maps of all matters pertaining to the above mentioned five (5) items.
- VII. To make examinations, maps and reports on miscellaneous matters referred by the Chief Engineer of the Borough of The Bronx.

I. To Make the Topographical Survey.

The general topographical survey of the Borough of The Bronx having been completed, topographical surveying is done in connection with street opening matters, setting monuments, establishing grades, which will especially be mentioned under the respective heads.

The plotting of the topographical survey of the territory east of the Bronx river, on a scale of 80 feet to the inch, has been progressed; also the reduction of the same to a scale of 150 feet to the inch.

II. To Prepare the Design for the Street System, and to Make the Maps for Adoption and Filing.

A number of petitions were received by the Local Boards for amendments to the filed maps; on some of them action was taken and maps were forwarded to the Board of Estimate and Apportionment for adoption.

They were as follows:

1. Modified plan of drainage showing location of a receiving basin at the northwest corner of Decatur avenue and East Two Hundredth street (Southern Boulevard), as Sewerage District No. 33-W-W-W.
 2. Plan and profile showing changes of grades in Broadway, between Spuyten Duyvil creek and the northern boundary of The City of New York.
 3. Map or plan showing change of lines and the grades of Garrison avenue between Longwood avenue and Leggett avenue.
 4. Map or plan showing the change of grades of avenues and streets affected by the change of lines and the depression of tracks of the Port Morris Branch of the New York and Harlem Railroad, between East One Hundred and Fifty-sixth street and the East river, in the Twenty-third Ward, Borough of The Bronx, City of New York.
 5. Map or plan showing the widening of East One Hundred and Sixty-first street, from Jerome avenue to Walton avenue.
 6. Map or plan showing the locating, laying out and grades of Clason's Point road, from the East river to Westchester avenue.
 7. Map or plan showing an amendment of the map of the street system, easterly of the Bronx river, as adopted by the Board of Estimate and Apportionment May 29, 1903, in the area bounded by White Plains road, old road along the Catholic Protectory, Avenue E and Fourteenth street, in the Twenty-fourth Ward, Borough of The Bronx.
 8. Map or plan showing the change of grade of East One Hundred and Eighty-second street, from Belmont avenue to Crotona avenue and of Grote street, from Belmont avenue to Beaumont avenue.
 9. Map or plan showing the locating, laying out and grades of Gobel place, from Inwood avenue to Macomb's road.
 10. Map showing the widening of Tremont avenue across the New York and Harlem Railroad.
 11. Map or plan showing the change of grades of Longfellow street, from New York, New Haven and Hartford Railroad to Bancroft street; Whittier street, from New York, New Haven and Hartford Railroad to Whitlock avenue; Whitlock avenue, from Bryant street to Bancroft street, and of Aldus street, from Bryant street to Whitlock avenue.
 12. Plan of drainage showing location, sizes and grades of sewers in Sewerage District No. 43, being the outlet sewers southerly of Westchester avenue.
 13. Map of plan showing the locating and laying out and the grades of Waterloo place, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-sixth street.
- The following maps were forwarded for filing in triplicate:
1. Map or plan showing the locating and laying out of Orchard street, from the west shore to the east shore of City Island.
 2. Map or plan showing the locating, laying out and grades of East One Hundred and Ninety-third street, from Jerome avenue to the Grand Boulevard and Concourse.
 3. Map or plan showing change of lines of Westchester avenue, between Bronx river and Clason's Point road.
 4. Section 29 of the Final Maps of the Borough of The Bronx, amended under resolution of the Board of Estimate and Apportionment of January 9, 1903.
 5. Section 30 of the Final Maps of the Borough of The Bronx, amended under resolution of the Board of Estimate and Apportionment of January 9, 1903.
 6. Section 31 of the Final Maps of the Borough of The Bronx, amended under resolution of the Board of Estimate and Apportionment of January 9, 1903.
 7. Map or plan showing change of lines of Exterior street, between East One Hundred and Thirty-eighth street and East One Hundred and Thirty-fifth street, and change of grades of East One Hundred and Thirty-fifth street and Exterior street, between Park avenue and Cheever place.
 8. Map or plan showing the laying out of an approach to the East One Hundred and Thirty-eighth Street Bridge across the Harlem river, and the change of lines and grades of East One Hundred and Thirty-eighth street, between the New York and Harlem Railroad and the United States Pier and bulkhead line.
 9. Map or plan showing a modification of grades of White Plains road, from Morris Park avenue to the northerly boundary of The City of New York.
 10. Map or plan showing the locating and laying out of West Farms road, from the New York, New Haven and Hartford Railroad to the Westchester creek, and of a public place near the junction of Westchester avenue.
 11. Plan and profile showing change of grades in Van Cortlandt avenue, from Van Cortlandt Park south to Sedgwick avenue.
 12. Section 33 of the Final Maps of the Borough of The Bronx, amended under resolution of the Board of Estimate and Apportionment of January 9, 1903.

13. Modified plan of drainage showing location, sizes and grades of sewers in Sewerage District No. 42-o, bounded by East Two Hundred and Thirty-third street, Mount Vernon avenue, City of Yonkers and Bronx river.

14. Map or plan showing reduction of width of West One Hundred and Seventy-sixth street, from Popham avenue to Sedgwick avenue.

15. Map or plan showing change of lines of White Plains road, from Morris Park avenue to West Farms road, and showing the locating and laying out of Unionport road, from White Plains road to West Farms road.

16. Section 38 of the Final Maps of the Borough of The Bronx, prepared under resolution of the Board of Estimate and Apportionment of January 9, 1903.

17. Modified plan of drainage showing location of a receiving basin at the northwest corner of Decatur avenue and East Two Hundredth street (Southern Boulevard), Sewerage District No. 33-W-W-W.

18. Section 32 of the Final Maps of the Borough of The Bronx, amended under resolution of the Board of Estimate and Apportionment of January 9, 1903.

District East of the Bronx River.

The Board of Estimate and Apportionment on May 15, 1903, adopted a resolution deeming it for the public interest to change the map or plan of The City of New York by laying out and amending the street system in that part of the Borough of The Bronx lying easterly of the Bronx river, and a hearing was held on May 29, 1903, at 10.30 a. m.

The Board of Estimate and Apportionment on said May 29, 1903, passed a resolution to adopt the plans which had been presented by the President of the Borough of The Bronx, and which were drawn in two sections on a scale of 300 feet to the inch. One map covers the area bounded by the Bronx river, Bronx Park, Bronx and Pelham parkway, Pelham Bay Park, Eastern Boulevard, Westchester Creek and East River, and includes the widening of Fort Schuyler road, from Eastern Boulevard to Tremont avenue, the Town Dock road, from the Eastern Boulevard to Long Island Sound and Tremont avenue, from the Eastern Boulevard to Fort Schuyler road; the second map covers the area bounded by the Bronx river, the northern boundary of the City, the Pelham Bay Park and the Bronx and Pelham parkway.

These maps being drawn on a comparatively small scale, the Board of Estimate and Apportionment passed an additional resolution, as follows:

Whereas, The Board of Estimate and Apportionment, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest so to do, has approved the changes and amendments of the final map or plan of that part of the Borough of The Bronx lying east of the Bronx river, in so far as the same has been legally filed; also approved the design of the street system in that part of the Borough of The Bronx lying east of the Bronx river, where no final map or plan has heretofore been filed, which changes, amendments and new street system are shown on two maps entitled,

"General plan showing the amendments of the street system in that part of the Borough of The Bronx bounded by the Bronx river, the northern boundary of the City, the Pelham Bay Park, and the Bronx and Pelham parkway, prepared by the President of the Borough of The Bronx, in pursuance of a resolution passed by the Board of Estimate and Apportionment January 9, 1903"; also

"General plan showing the amendments of the street system in that part of the Borough of The Bronx bounded by the Bronx river, Bronx Park, Bronx and Pelham parkway, Pelham Bay Park, Eastern Boulevard, Westchester creek and East river; also showing the widening of Fort Schuyler road, from Eastern Boulevard to Tremont avenue, and of Town Dock road, from Eastern Boulevard to Long Island Sound, and showing the extension of Tremont avenue, from Eastern Boulevard to Long Island Sound, prepared by the President of the Borough of The Bronx, in pursuance of a resolution passed by the Board of Estimate and Apportionment January 9, 1903."

Resolved, That the President of the Borough of The Bronx cause to be prepared for submission to this Board, in suitable sections and drawn to a larger scale, three similar copies of the adopted general plan of the street system for certification and filing in the manner required by law, showing as nearly as possible in a general way the nature and extent of the proposed changes and amendments, laying out and extending of streets, roads, avenues, squares or places.

The whole district east of the Bronx river was subdivided in 35 sections, numbering from 29 to 64; the scale of the said section maps will be 150 feet to the inch. Six of these sections were forwarded in triplicate and all the other sections are in preparation.

The area covered by the maps adopted by the Board of Estimate and Apportionment does not, however, embrace the whole district east of the Bronx river.

Computations of the block dimensions and the establishing of grades are under way on a number of sections, and sections 29, 30 and 31 are nearly completed. Special cases have been taken up in addition.

Office work in connection with the above laying out has been done as follows:

 81. East One Hundred and Sixty-eighth street, from Webster to Clay avenue.
- During the quarter the resetting of monument points on Aqueduct avenue, which have been a long and perplexing problem to reset the points consistent with map, and at the same time harmonize the adjacent monuments, has been completed.

Traverses for setting monuments on Boston road east of the Bronx river were made.

Monuments on White Plains road, for the regulating and grading of that avenue, were accurately referenced, and many points were reset upon completion of the grading in accordance with the newest layout of streets.

Southern Boulevard has been accurately referenced for grading and setting of sewer basins. The balance of the work has been scattered over the borough.

IV. To Prepare the Design for the Drainage and Sewerage System and Determining the Grades of Streets and Avenues.

A—Sewers.

The following plans and studies were made:

1. Plan of drainage of Sewerage District No. 33-W-W-W, showing additional basin at northwest corner of Decatur avenue and Southern Boulevard.
2. Plan of drainage, showing location, sizes and grades of sewers in Sewerage District No. 43, being the outlet sewers southerly of Westchester avenue, of the following watersheds:
 - (a) Pugsley's creek.
 - (b) Westerly part of Westchester creek.
 - (c) Stony brook.
 - (d) Part of Black Dog creek.
 - (e) Part of Rattle Snake creek.
 - (f) Part of Bronx river.

This plan shows the trunk sewers for an area of about 6,576 acres in that part of the Borough of The Bronx lying easterly of the Bronx river.

It defines the sizes and grades of sewers in the following streets and avenues:

1. Westchester avenue, from Main street to Green lane.
2. Avenue A, from Westchester to Lafayette avenue.
3. Lafayette avenue, from Avenue A to Avenue B.
4. Avenue B, from Lafayette avenue to East One Hundred and Fifty-second street.
5. East One Hundred and Fifty-second street, from Avenue B to White Plains road.
6. Avenue E, from Westchester avenue to East One Hundred and Fifty-second street.
7. White Plains road, from East One Hundred and Fifty-second street to the East river; also the sizes and grades of the following overflows:
 - Overflow No. 1, in Pugsley's creek.
 - Overflow No. 2, in the Westchester creek at East One Hundred and Fifty-second street.
 - Overflow No. 3, in the Westchester creek at East One Hundred and Seventy-second street, and temporary overflow in the Westchester creek at East One Hundred and Sixty-third street.

3. Modified plans of drainage are being prepared for such portions of the Twenty-third and Twenty-fourth Wards for which the lay-out or grades were changed.

B—Grades.

1. Map or plan showing the grades in Classon's Point road, between Westchester avenue and the East river.
2. Map or plan showing change of grades in Garrison avenue, between Longwood avenue and Leggett avenue.
3. Map or plan showing change of grades in Longfellow street, Whittier street, Whitlock avenue and Aldus street.
4. Maps are in preparation showing the grades for the amended street system of sections 29, 30, 31, 33 and 38.

Leveling and cross-sectioning were done preparatory to making profiles of avenues and streets for the Commissioners of Estimate and Assessments in street opening matters, and in relation to other matters.

It was often necessary to locate the side lines of the streets, which took considerable time and work, before leveling and cross-sectioning could be begun, and field sketches had to be prepared.

Profiles, in duplicate, of the following streets and avenues, were prepared for the Commissioners of Estimate and Assessment, showing the present surfaces of the street at its centre and house lines, and their relation to the intended regulation as well as to any previously established grades, giving the dates of the establishment of the grades as well as the authority under which they are established.

1. Tremont avenue, from the Bronx river to Eastern Boulevard.
2. East One Hundred and Seventy-first street, from Jerome to Teller avenue.

Maps Furnished to Said Commissioners.

1. Copy of portion of the Morrisania maps, bounded by East One Hundred and Forty-ninth street, Eagle avenue, Westchester avenue and Robbins avenue.
2. Map or plan showing the present topography of the territory bounded by East One Hundred and Forty-ninth street, Eagle avenue, Westchester avenue and Robbins avenue.

Compilations of grades and their relation as to any previous established grades, giving dates of filing and authority under which they were filed, were made for the Board of Assessors.

For the general construction (Contract No. 1) and plumbing and drainage (Contract No. 1) of new Public School 112—	
Item 1—Clark & Stowe	\$146,735 00
Item 2—James Harley	342 00

This building will be situated on the southerly side of Fifteenth avenue, between Seventy-first and Seventy-second streets, on a site having a frontage of 200 feet on Fifteenth avenue and 195 feet on both Seventy-first and Seventy-second streets. The exterior of the building will be constructed of buff Indiana limestone, gray front brick and terra cotta trimmings. The design is somewhat in the style of the modern Renaissance, but of a plain and straightforward character and relieved of all ornamentation consistent with a good appearance.

The building is three stories and a basement in height, and in plan is arranged to accommodate ten classrooms on a floor. The basement is occupied by large playrooms for boys and girls and by rooms for the accommodation of the boiler and coal and the heating and ventilating apparatus.

On the first floor provision is made for a kindergarten room and nine classrooms, on the second floor for ten classrooms and on the third floor for four classrooms and an undivided assembly room, occupying the space of six classrooms.

Four single stairways are placed at convenient locations and extend from the basement to the third floor. Wardrobes are provided for each classroom and ample book and supply closets are placed in the classrooms and corridors.

The building will be heated by steam and ventilated by means of warm, fresh air forced into the rooms from fans in the basement, while the foul air is forced out through vents leading from each classroom to the roof.

The sanitary arrangements will be of the best and the furniture and equipments throughout of the most approved character.

Additional Work at Public School 138.

Requesting the Board of Estimate and Apportionment to transfer the sum of forty-five hundred dollars (\$4,500) from the Special School Fund for the current year and from the items contained therein, entitled "Rents," as follows:

Borough of Manhattan	\$1,700 00
Borough of The Bronx	400 00
Borough of Brooklyn.....	300 00
Borough of Queens.....	1,500 00
Borough of Richmond.....	600 00
Total.....	\$4,500 00

—which items are in excess of their requirements, to the item also contained within the Special School Fund for the same year, entitled "General Repairs," Borough of Manhattan, which item is insufficient for its purposes.

Requesting the Board of Estimate and Apportionment to transfer the sum of thirty-seven thousand dollars (\$37,000) from the Special School Fund for the current year, and from the items contained therein entitled "Supplies," as follows:

Borough of Brooklyn.....	\$30,000 00
Borough of Queens.....	7,000 00
Total.....	\$37,000 00

—which items are in excess of their requirements, to the item also contained within the Special School Fund for the current year, entitled "Incidental Expenses," Board of Education, which item is insufficient for its purposes.

The Committee on Finance herewith presented the following statement in relation to the estimate for 1904, adopted by the Board of Estimate and Apportionment, and available for the purposes of the Department of Education on January 1, 1904:

The following is a summary of the amounts granted:

	General School Fund.	Special School Fund.	Total.
Allowed for 1904.....	\$16,200,883 49	\$4,612,134 28	\$20,813,017 77
Increase of appropriation for 1904 as compared with 1903.....	301,265 01	202,382 95	503,647 96

Attention is called to the fact that the minimum amount authorized by the Charter for the purposes of the General School Fund would be \$16,297,196.75. The amount actually appropriated is \$16,200,883.49, or less than the minimum sum by \$96,312.26. This shortage will be offset by the transfer of \$100,000 of surplus of the General School Fund of 1903 to the same fund for 1904. The amount actually available will therefore be \$16,300,883.49, and applied against actual requirements will exhibit a shortage of \$964,091.06 in the General Fund. It is recommended that serious consideration be given to this subject by each Committee of the Board having jurisdiction or control over any part of said General School Fund, to the end that by curtailment of expenditures, the fund be kept within financial bounds. Of course, it must be understood that certain items of said General School Fund are mandatory and governed by statute, and therefore may not be reduced.

The expenditure of the Special School Fund for 1904 may be more readily controlled, although it is to be regretted that many important and necessary items, such as repairs, supplies, furniture, etc., will have to be diminished or excluded entirely.

John Wood, Public School 44, Queens, general repairs. . . . 150 00

(The storm of September 16, 1903, had done considerable damage at these schools, and immediate repairs were necessary.)

Amending the resolution adopted by the Board of Education on October 28, 1903 (see Journal, pages 2939-2940), by striking out the name William Lowe and inserting in lieu thereof the name of Emma Lowe; and requesting the Commissioners of the Sinking Fund to amend their resolution approving the lease of the above-named premises in accordance with the foregoing resolution.

The following report of the Committee on Care of Buildings of the Board of Education, in reference to the salaries of Janitors, etc., was approved, and it was ordered that copies of the same be regularly certified and transmitted to his Honor the Mayor, the Board of Estimate and Apportionment, the Corporation Counsel and the Municipal Civil Service Commission:

Under date of May 13, 1903, a communication was received from the President and Secretary of the Municipal Civil Service Commission (see Journal, pages 959-960), relative to the method of employing Janitors' Assistants in the public schools, to the effect that the said system was not in accordance with the provisions of the State Constitution and the Civil Service Law, and suggesting that such Assistants be appointed from the Civil Service lists. The communication stated that said Commission had conducted an investigation occupying three days, during which fifty witnesses were examined, principally Janitors of schools and their employees.

The above-mentioned communication was referred by the President to the Committee on By-Laws and Legislation, and by said Committee was submitted to the Corporation Counsel for an opinion. On May 28, 1903, the Corporation Counsel addressed a letter to the Chairman of the Committee on By-Laws and Legislation, the conclusion of which is as follows:

"The Janitors should be paid a salary which is really a salary and nothing more, and which may be based, if it is thought proper, upon the size of the school-houses, the nature of the duties involved, etc.

All the employees on their staff should be classified, as is the case in other departments of the City government, and the appointees thereto should be taken from the eligible Civil Service list.

"In fact, I do not know any reason why the Municipal Civil Service Commission cannot now classify the entire staff of the Janitors in the various public schools, and when the positions on that staff are once classified the Board of Education can see to it that the Civil Service Law is observed as regards employment and appointment thereto.

"If these places are once classified it would then be impossible (Beck vs. Belknap, 130 N. Y., 394) for the Janitors to make any private contracts with the employees, who must stand on the same footing as the other members of the City Civil Service."

In the meantime, under date of May 25, a letter was received by the President from his Honor the Mayor, relating to the same matter, reading as follows:

"* * * It seems to me that the question raised by this letter is one of great importance, and that the Board should take the matter up seriously and in the most fundamental manner. I venture the suggestion that, instead of paying Janitors so much per square foot, allowing them to contract for such service as they please, the amount of Janitor service for each building should be carefully worked out by the Bureau of Buildings; that the salaries to be paid for every kind of service so called for should be fixed at a uniform rate; and that every person so needed should be drawn from the Civil Service lists."

The matter of the employment of Janitors' Assistants was brought to the attention of the Board of Education on June 24, 1903 (see Journal, pages 1460-61), and was referred to the Committee on Care of Buildings. Your Committee considered it very carefully, and in preparing the estimate of Janitors' salaries for the year 1904 decided to make provision for the adoption of the plan proposed by the Municipal Civil Service Commission and approved by the Mayor and the Corporation Counsel. A schedule was prepared providing for Janitors of six grades with salaries from \$480 to \$1,200 per annum, Janitor-Engineers of six grades with salaries from \$1,050 to \$1,800, Firemen at \$912.50, Matrons at \$360, male Cleaners at \$480, female Cleaners at \$360, etc., and the number required in the several buildings was determined according to the size of the buildings, etc.

The total amount required for salaries of Janitors, et al., was found to be \$1,183,537.50 (see Journal, page 2479), of which \$101,636 was for new buildings to be opened in 1904, and \$235,199.37 was due to the change in the method of employment and the consequent equalization of salaries throughout all boroughs.

The amount allowed by the Board of Estimate and Apportionment for salaries of Janitors in all schools for the year 1904 is \$954,052.13. The appropriation for the current year is \$853,052.13. The increase of \$101,000 is substantially the amount stated in our Departmental Estimate (viz., \$101,636) as necessary for the care of buildings to be opened during the coming year. The Board of Estimate and Apportionment, therefore, has provided only for Janitor service for such new buildings, and its action will preclude the Board of Education from putting into operation in all schools the proposed new plan of employing Janitors' Helpers. It may be added

that this plan is now being tried in new Public School 188, Borough of Manhattan, and the Morris High School, Borough of The Bronx.

In view of the communications above mentioned from the Civil Service Commission, the Mayor and the Corporation Counsel, and in view of the reduction made by the Board of Estimate and Apportionment in the estimate for Janitors' salaries adopted by the Board of Education, it seems proper that a brief statement of the facts and circumstances, as already outlined, should be made, so that the position of the Board of Education may be clearly defined, and its inability to carry out the proposed plan, because the necessary funds have not been provided by the Board of Estimate and Apportionment, be accurately set forth. It is recommended that copies of this report be forwarded to the Mayor, the Board of Estimate and Apportionment, the Corporation Counsel and the Municipal Civil Service Commission.

The following minute was unanimously adopted by a standing vote and spread upon the records of the Board of Education:

It is not without an abiding sense of the loss sustained by the community at large, that the Board of Education here records its profound regret at the death of the Honorable Andrew H. Green, some time a member and President of the Board of Education of the old City of New York, and later, to enumerate only a few of his titles to civic remembrance, conspicuous as Park Commissioner, Comptroller of the City, and, finally, as the principal inspirer of the consolidation of the boroughs now forming the metropolis, "the Father of Greater New York." Mr. Green may be said to have begun his public career as a promoter of the cause of popular instruction, serving as a member of the Board of Education from 1855 to 1860 inclusive, and as President in the years 1856 and 1857. In the proceedings of the Board he displayed the same firm grasp of important questions, particularly those concerned with finance and taxation, and the same suggestive and fruitful energy which afterwards found illustration in his activities in other fields, and rendered his services to the public school system of high and enduring value. A man of wide and manifold interests and sympathies, his inherent force sought and found many avenues of expression in his subsequent career, but he never intermitted his interest in public education, and most of his later associations had a close relation to the intellectual and moral uplifting of his fellow citizens. Never unmindful of the amenities of life, he was a man of precise, not to say austere, mental habit and of clear and definite moral conceptions. His conduct was the expression of his convictions and he never shrank from standing alone in a minority. He has left the impress of his creative ability deep and strong upon the City park system and upon its public museums, gardens and libraries. Indeed, there is scarcely a direction in which unnamed monuments to his imaginative forecast and his constructive genius are not to be found. At the date of his untimely taking-off, he had long passed the Psalmist's span, but his life was crowded with activities to the last; and when his strivings ceased he had become in service, if not in fame, the first citizen of New York. The ear so long attuned to the hum of mighty workings in the life about him is stilled, and he has passed to where, beyond the voices, whether of controversy or of acclaim, there is peace; but he has left behind him, in the record of his achievements for his fellows, the memorial of a life passed in usefulness, dignity and honor, which the grateful citizens of the municipality will not willingly let die.

Approving and ratifying the action of the Committee on Care of Buildings in making the following appointments of Janitors and Fireman, said appointments having been made from eligible lists submitted by the Municipal Civil Service Commission:

John Boyle, Janitor, to Public School 12, Brooklyn; annual salary, \$1,392; taking effect December 1, 1903.

Cornelius F. Collins, Janitor, to Public School 18, Annex, Manhattan; annual salary, \$950; taking effect December 1, 1903.

Eugene P. Albie, Fireman, to Morris High School, Bronx; annual salary, \$912.50; taking effect November 24, 1903.

Approving and ratifying the action of the Committee on Care of Buildings in transferring the following-named Janitors to the schools indicated, said transfers to take effect December 1, 1903:

George E. Wolfe, from Public School 56, Manhattan, to Public School 7, Bronx; salary, \$1,807.

Samuel J. Bernhard, from Public School 37, Brooklyn, to Public School 51, Brooklyn; salary, \$1,200.

Daniel F. Keenan, from Public School 71, Brooklyn, to Public School 54, Brooklyn; salary, \$1,180.80.

Adolph E. Robinson, from Public School 20, Brooklyn, to Public School 71, Brooklyn; salary, \$1,430.40.

John Reilly, from Public School 51, Brooklyn, to Public School 56, Manhattan; salary, \$1,547.

Approving and ratifying the action of the Committee on Care of Buildings in assigning Henry Kares, Janitor of Public School 55, Brooklyn, to the care of Public School 54, Brooklyn, temporarily, from November 19, 1903; he to receive the salary of the position, less the rent allowance.

Approving and ratifying the action of the Committee on Care of Buildings in assigning John Lawlor, Cleaner in Public School 70, Borough of Queens, to the care of Public School Annex 70, Borough of Queens, at an annual salary of \$480, taking effect November 20, 1903.

Approving the action of the Auditor of the Board of Education in auditing the October payroll of Public School 141, Brooklyn, without deduction for absences on October 9 and 12, 1903.

Mr. Jonas asked and obtained unanimous consent to withdraw the charges preferred by him against the Superintendent of School Supplies, which were presented to the Board of Education on September 23, 1903.

The President announced that he had designated Hon. John J. Barry as a member of the Executive Committee on the Nautical School, and Hon. Frank D. Wilsey as a member of the Committee on Lectures and Libraries.

On motion, all absent members were excused for non-attendance at this meeting. On motion, the Board adjourned at 6.25 o'clock p. m.

A. EMERSON PALMER, Secretary.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon, on

MONDAY, DECEMBER 28, 1903.

for a lease of the following described wharf property, together with the privilege of erecting and maintaining a dumping board thereon, for a term of five years from a date thirty days after said lease shall be approved by the Commissioners of the Sinking Fund:

Beginning at a point where the southerly line of the pier at the foot of East Twenty-first street intersects the bulkhead wall; thence running easterly along the southerly side of said pier about 123 feet; thence northerly at right angles to the southerly side of said pier about 19 feet; thence westerly and parallel with the southerly side of said pier about 140 feet to a point on the line of the bulkhead wall; thence southeasterly along the line of said bulkhead wall about 25 feet to the point of beginning.

The dumping board to be 30 feet long, longitudinally with the pier, and 19 feet wide inshore from the pier, with an 18-foot overhang and a ramp 90 feet long.

TERMS AND CONDITIONS OF SALE.

No bid will be accepted which shall be less than the sum of \$3,000 per annum.

The lessee shall have the privilege of erecting and maintaining during the term of said lease, on wharf property contiguous to the above-described premises, the necessary runways, ramps and approaches to said dump, and the Commissioner of Docks agrees to set aside such wharf property under his jurisdiction as may be required for such runways, ramps and approaches necessary for the operation of said dump. The plans and specifications for said dump and runways, ramps and approaches to be submitted to and approved by the Engineer-in-Chief of the Department of Docks and Ferries.

There shall be kept posted in at least two conspicuous places on the pier, so that same can be readily seen by passers-by from the street, printed in large type, the prices to be charged by the lessee to the public for the privilege of dumping cellar dirt, which prices are also made a condition of the lease, to be not more than twenty-five cents per cubic yard, and also as follows:

For regular and ordinary dumping carts which contain two cubic yards, not exceeding fifty cents.

For an ordinary cellar digger's cart which contains one and one-half cubic yards, not exceeding thirty-five cents.

For brick trucks containing between two and one-quarter and two and one-half cubic yards, not exceeding sixty cents.

The lessee shall covenant and agree that he will at all times during said term keep true and correct books of account, showing moneys received, the quantity of material dumped thereat, rates charged therefor and names of persons using said dump; said books of account shall at all times during said term be open to inspection by the Commissioner of Docks.

The Commissioner of Docks expressly reserves the right to reject any and all bids; should a bid be received, the said Commissioner will prepare a form of lease and transmit same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners. The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department, except that the lessee shall covenant and agree that he will at all times do such dredging from time to time, during the term of said lease, as may be considered necessary or proper by the Commissioner of Docks, in the basins or slips or water adjacent to the said premises.

The successful bidder will be required to pay to the Department of Docks and Ferries at the time of the award five per cent. (5%) of the amount of annual rent bid, as security for the execution of the lease, which five per cent. (5%) will be applied to the payment of the rent first accruing under the lease, when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, and the said successful bidder will be required to agree that he will, upon three days' notice so to do, execute a lease, the form of which may be seen and examined upon application to the Secretary at the office of the Department, Pier "A," Battery place; and also to furnish a bond or obligation in the sum of double the annual rent for the faithful performance of all the covenants and conditions of the lease, the sureties on bond to be approved by the Commissioner of Docks.

Dated THE CITY OF NEW YORK, December 14, 1903.

The term of the lease to be for the term of ten years from the date of sale, with the privilege of a renewal term thereof for the further term of ten years, at an increased rental of ten per cent. on the amount bid for the lease of the said premises.

The minimum or upset price at which the lease for the premises above mentioned and described to be sold is appraised and fixed by the Commissioners of the Sinking Fund at the sum of one hundred dollars (\$100) annual rental therefor for a term of ten years from the date of sale, and if renewed for an additional term of ten years at an advance of ten per cent. on the amount bid for the first term.

The sale of the lease of the said premises is made on the following

Terms and Conditions:

The lease for the said premises will contain the following provisions, and the sale of the lease is made subject to and in accordance therewith:

First—All plans for the construction of the railway across city property hereby leased, shall be approved by the Commissioner of Water Supply, Gas and Electricity, before such construction is commenced.

Second—The city reserves the right of way through or across any of the parcels leased for the purposes of inspection, maintenance and repair as well as to lay any additional pipes or conduits that may be required, with the stipulation that during the progress of any work to be undertaken by the city under the tracks, the New York and Long Island Traction Company must and shall support and take care of their tracks at their own risk and expense while the work to be done by the City is in progress of construction.

Third—The grade of the railway shall be changed and such bridges or trestle work shall be built by and at the expense of the Traction Company across Parcel 4 at Valley Stream, as may be required, if the City should hereafter locate Filter Beds on its adjoining property. The maintenance of the bridges, trestles, and embankments shall be at the expense of the lessee.

Fourth—The lease to confer no right as to Parcel 2, which is within the limits of The City of New York, until a further franchise is granted by the city for the construction and operation of a street surface railway over the route for which an application is now pending in the Board of Aldermen, and no abatement of any part of the rental bid will be made by reason of the non-use of such parcel.

The annual rental of the said premises to be payable annually in advance during the term of the lease.

The highest bidder will be required to pay the Auctioneer's fees of twenty-five dollars at the time and place of sale, and also to pay the full amount of his bid or one year's rent of the premises in advance, and the amount so paid for one year's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

The lease for the premises to be delivered within thirty days from the date of sale, and the term thereof to commence from the day of such sale.

No person will be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid will be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Corporation as provided by law.

No alteration shall be made in the premises, except with the consent of the Comptroller and the Department of Water Supply, and all alterations which may be so permitted, are to be made at the expense of the lessee.

The lessee shall be required to make all repairs necessary to keep the premises in good tenable condition during his occupancy, and all taxes imposed or levied on the same during the term of the lease or renewal thereof.

The Comptroller shall have the right to reject any bid if deemed to be for the best interest of the City.

By order of the Commissioners of the Sinking Fund under and pursuant to a resolution adopted at a meeting of the Board held December 9, 1903.

EDWARD M. GROUT, Comptroller.
 City of New York, Department of Finance, Comptroller's Office, December 21, 1903.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears, of assessment for **OPENING AND ACQUIRING TITLE** to the following named street in the **BOROUGH OF BROOKLYN:**

TWENTY-NINTH WARD, SECTION 16.
EAST SEVENTH STREET—OPENING. From Church lane to Caton avenue. Confirmed November 14, 1903; entered December 14, 1903. Area of assessment includes all those lands, tenements and hereditaments and premises situated, lying and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Caton avenue and distant 124.75 feet, more or less, westerly of the westerly line of East Seventh street; running thence southerly and parallel with East Seventh street to the northerly side of Church lane; running thence easterly along the northerly side of Church lane to a point distant 139.9 feet, more or less, easterly of the easterly side of East Seventh street; thence northerly and parallel with East Seventh street to the southerly side of Caton avenue; running thence westerly along the southerly side of Caton avenue to the point or place of beginning.

The above-entitled assessment was entered on the date hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon as provided in section 106 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before February 17, 1904, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

EDWARD M. GROUT, Comptroller.

CORPORATION SALE OF REAL ESTATE.
PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on Friday, January 8, 1904, at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of the City of New York which it has by virtue of a lease from William V. B. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which lease is dated December 24, 1896, and recorded in the Kings County Register's Office on December 29, 1896, in

Section 21, Liber 3 of Conveyances, page 249, in and to all that certain lot, piece or parcel of land situate, lying and being in the Thirty-first Ward of the Borough of Brooklyn, known as and by the number 93 upon the assessment roll for the opening of Neptune avenue, between West Sixth street and Ocean parkway, in the late Town of Gravesend, Borough of Brooklyn, City of New York, which was sold to the Town of Gravesend at a sale for unpaid assessments held on the 24th day of December, 1896, for the sum of \$6.66, and which said lot is therefore leased to the City of Brooklyn for 100 years.

The minimum or upset price at which the interest of the City in and to the said premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund at the sum of ten dollars and thirty-seven cents (\$10.37); the purchaser to pay the auctioneer's fees and one hundred dollars (\$100) for the expenses of examination, advertising, etc. The sale of said premises is to be made on the following terms and conditions:

The highest bidder will be required to pay the full amount of his bid or purchase money and the auctioneer's fee at the time of sale, together with the further sum of one hundred dollars (\$100) for expenses of examination, advertising, conveyance, etc. The quit-claim deed for the above-described premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved.

Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held November 18, 1903.

EDWARD M. GROUT, Comptroller.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of the City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to close and discontinue Hawthorne street, between Kingston avenue and Albany avenue, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 29th day of December, 1903, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 11th day of December, 1903, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing Hawthorne street, between Kingston and Albany avenues, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the eastern line of Kingston avenue with the southern line of Hawthorne street, as the same are laid down on the map of the City:

1st. Thence northerly along the eastern line of Kingston avenue 60 feet to the northern line of Hawthorne street;

2d. Thence easterly along the northern line of Hawthorne street 700 feet to the western line of Albany avenue;

3d. Thence southerly along the western line of Albany avenue 60 feet to the southern line of Hawthorne street;

4th. Thence westerly along the southerly line of Hawthorne street 700 feet to the point of beginning.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places,

sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 29th day of December, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 29th day of December, 1903.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out an extension to Corlears Hook Park, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 29th day of December, 1903, at 10.30 a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 11th day of December, 1903, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out all that land to the east of South street, as now laid out, from Jackson street to Corlears street and the East river, as an extension to Corlears Hook Park, in the Borough of Manhattan, City of New York.

Resolved, That the President of the Borough of Manhattan cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places,

sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 29th day of December, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 29th day of December, 1903.

AQUEDUCT COMMISSION.

AQUEDUCT COMMISSIONERS' OFFICE, ROOM 207, STEWART BUILDING, No. 280 BROADWAY, NEW YORK, December 11, 1903.

SEALED BIDS OR ESTIMATES WILL BE received by the Aqueduct Commissioners at the above office until 12 o'clock noon, on

TUESDAY, JANUARY 5, 1904.

No. 1. FOR CONSTRUCTING AN OVERFLOW AND BLOW OFF PIPE LINE AND APPURTENANCES FROM GATE HOUSE No. 2 OF JEROME PARK RESERVOIR OF THE NEW CROTON AQUEDUCT, IN THE BOROUGH OF THE BRONX, THE CITY OF NEW YORK.

The security required will be \$25,000.

The work shall be entirely completed to the satisfaction of the Aqueduct Commissioners on or before July 1, 1904.

No. 2. FOR FURNISHING, ERECTING AND PLACING SLUICE GATES WITH THE NECESSARY LIFTING MACHINERY, LADDERS, FLOOR BEAMS AND FLOOR PLATES REQUIRED AT THE MUSCOOT DAM GATE HOUSE, IN THE TOWN OF BEDFORD, WESTCHESTER COUNTY, NEW YORK.

The security required will be (\$3,000) three thousand dollars.

The work shall be entirely completed to the satisfaction of the Aqueduct Commissioners on or before the 1st day of May, 1904.

The work is authorized by chapter 490, Laws of 1883 of the State of New York, and the amendments thereto.

The foregoing is a statement of the nature and extent of the work required. Bidders are required to submit their bids upon the following express conditions, which apply to and become a part of every bid or estimate received. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and they shall not, at any time after the submission of their bid, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the nature or amount of work to be done or the materials to be furnished.

The prices submitted are to cover the cost of furnishing all the necessary materials and labor and the performance of all the work set forth in the specifications and form of contract annexed to the contract.

Any bid which fails to name a price, both in writing and in figures, may be held to be informal and may be rejected, and in case of any discrepancy between the price written in the bid and that given in figures, the price in writing will be considered as the bid.

Bidders will be required to complete the entire work to the satisfaction of the Aqueduct Commissioners, and in strict accordance with the specifications annexed to the contract. No extra compensation beyond the amount payable for the work before enumerated, which shall be actually performed and furnished at the prices stated therefor, shall be due or payable for the entire work and materials.

No bid will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of ten per centum (10%) of the amount of the security required for the faithful performance of the contract.

Bidders are requested to make their bids or proposals upon the blank form prepared by the Aqueduct Commissioners, a copy of which (with the proper envelope in which to inclose the bid), together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Aqueduct Commissioners and any further information can be obtained at the office of the Aqueduct Com-

missioners, No. 280 Broadway, The City of New York, where the plans may be seen.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to amending its application heretofore made in the matter of acquiring title, wherever the same has not been heretofore acquired, to WESTCHESTER AVENUE (although not yet named by proper authority), from the Bronx river to Main street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, by excluding from said proceeding certain property not required for said avenue, and also by including therein certain additional pieces of land.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court to be held for the hearing of motions, in the County Courthouse, in the County of Kings, in the Borough of Brooklyn, in The City of New York, on the 31st day of December, 1903, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending the proceeding entitled "In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to Westchester avenue, from the Bronx river to Main street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," and the petitions and orders appointing Commissioners of Estimate and Assessment therein, heretofore duly entered and filed in the office of the Clerk of the County of Kings, in the Borough of Brooklyn, City of New York, on the 6th day of January, 1902, and in the office of the Clerk of the County of New York, in the Borough of Manhattan, in The City of New York, and in the office of the Clerk of the County of Westchester, in the Village of White Plains, on the 17th day of January, 1902, by excluding therefrom certain property not required for said avenue, and also by including therein certain additional pieces of land.

Parcel "X."

Being the portion of Westchester avenue to be omitted from the proceeding.

Beginning in the northern line of Westchester avenue as now being acquired, at an angle point which is about 2,600 feet east of the Bronx river; thence westerly on the westerly prolongation of Westchester avenue for 2,405.22 feet to the land required for the approach to the bridge over the Bronx river at Westchester avenue;

2d. Thence easterly along the northern line of land required for said approach and its easterly prolongation for 347.74 feet;

3d. Thence easterly deflecting 2 degrees 9 minutes 11.8 seconds to the left for 705.51 feet to the southern line of Westchester avenue as now being acquired;

4th. Thence easterly along said southern line of Westchester avenue as now being acquired for 716.46 feet;

5th. Thence easterly for 559.07 feet to the point of beginning.

Parcel "B."

Being the portion to be included in the proceeding for acquiring title to Westchester avenue. Parcel B is to take the place of Parcel X.

Beginning in the southern line of Westchester avenue as now being acquired, at an angle point which is about 2,650 feet east of the Bronx river:

1st. Thence westerly on the westerly prolongation of that portion of the southern line of Westchester avenue which lies east of said point of beginning for 778.22 feet;

2d. Thence westerly deflecting 14 degrees 40 minutes 3.5 seconds to the right for 1,316.37 feet;

3d. Thence westerly for 184.62 feet to the southeastern corner of land required for the approach to the Westchester Avenue Bridge over the Bronx river;

4th. Thence northerly along the eastern line of said land required for the approach to the Westchester Avenue Bridge over the Bronx river for 18.20 feet to the southern line of Westchester avenue as now being acquired;

5th. Thence easterly along said southern line of Westchester avenue as now being acquired for 984.05 feet;

6th. Thence easterly deflecting 4 degrees 21 minutes 49.7 seconds to the right for 506.11 feet to the westerly prolongation of the northern line of that part of Westchester avenue which lies east of the point of beginning;

7th. Thence easterly along said westerly prolongation for 215.29 feet to the southern line of Westchester avenue as now being acquired;

8th. Thence easterly for 559.07 feet to the point of beginning.

These changes in Westchester avenue are shown on a map entitled "Map or Plan showing change of line in Westchester avenue, between the Bronx river and Classon's Point road, prepared by the President of the Borough of The Bronx, under authority of chapter 466 of the Laws of 1901," which map was filed in the office of the President of the Borough of The Bronx; in the office of the Counsel to the Corporation of The City of New York, and in the office of the Register of the City and County of New York on or about the 29th day of July, 1903.

Dated New York, December 18, 1903.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.
The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
