On motion of Alderman Richter further reading was dispensed with, and the minutes were approved as printed.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Schloss, by unanimous consent, moved that resolution No. 2076, calling for an investigation into the conditions of West Washington Market, be taken from the table and returned to the introducer.

Which motion was adopted.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 2164.

City of New York—Office of the Mayor, }
June 15, 1907.

To the City Clerk, City of New York:

Sir—The Mayor directs me to transmit to you for your attention the enclosed communication from John F. Schultz.

Respectfully,

WILLIAM A. WILLIS, Executive Secretary.

The communication, among other things, made suggestions as to regulation of pushcarts, fire-escapes, etc.

Which was referred to the Committee on Laws and Legislation.

PETITIONS AND COMMUNICATIONS.

No. 2165.

By Alderman Keely—

No. 16 Bedford Avenue, Brooklyn, New York, }
June 14, 1907.

To the Honorable the Board of Aldermen, New York City:

Gentlemen—We hereby make application for a permit to lay and maintain a narrow-gauge hand truck track, crossing Freeman street, Seventeenth Ward, 170 feet easterly from Franklin street, Borough of Brooklyn, New York City.

This is to be laid at our expense, under the supervision of the proper authorities, and to be used only in connection with our business between the foundry and storehouse.

Very respectfully yours,

GREENPOINT METALLIC BED COMPANY.

Frank & Trounstone, Proprietors.

Which was referred to the Committee on Railroads.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting resolutions:

No. 2166.

Board of Estimate and Apportionment, City of New York, }
Office of the Secretary, No. 277 Broadway, }
June 15, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 14, 1907, recommending to the Board of Aldermen the establishment of an additional grade of position of Attendant to the Assistant in charge of the Corporation Counsel's office, Brooklyn, with salary at the rate of \$1,350 per annum, for one incumbent, together with copy of a report of the select committee, consisting of the Comptroller and President of the Board of Aldermen, to which, on May 24, 1907, was referred the request of the Corporation Counsel for the fixing of the salary of said position, relative thereto.

I also inclose form of resolution by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

June 4, 1907.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Gentlemen—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics of the Department of Finance, under date of June 4, 1907, relative to the request of the Corporation Counsel for an increase in the salary of the Attendant to the Assistant in charge of the Brooklyn office, from \$1,000 to \$1,350 per annum, which matter, through an oversight, was not included in the report of the Select Committee to the Board of Aldermen.

In view of the facts contained in said report, it is respectfully recommended that the resolution attached thereto be adopted.

Respectfully yours,

H. A. METZ,

Comptroller;

P. F. McGOWAN,

President, Board of Aldermen;

Select Committee.

June 4, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—In regard to the Corporation Counsel's request of May 14, 1907, for an increase in the salary of the Attendant to the Assistant in charge of the Brooklyn office from \$1,000 to \$1,350 per annum, referred by the Board of Estimate and Apportionment to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen for examination, and by you to the Bureau of Municipal Investigation and Statistics, I beg to report as follows:

In his application for said increase the Corporation Counsel states that the Attendant in the main office receives a salary of \$1,600 per annum, and that there seems to be no reason for such a disparity in the salaries of the two positions. He also states that the Attendant in the Brooklyn office does considerable work, which is not included in the particular line of his duty. The Assistant Corporation Counsel in charge of the Brooklyn office speaks in the highest terms of the Attendant in that office, and states that he has no hesitation in saying that his services are worth much more than the figures at which it is proposed to fix his salary.

It would seem that the request should be granted, and I would suggest that the proposed establishment of the new grade be recommended.

Respectfully yours,

(Signed) R. B. McINTYRE,

Acting Supervising Statistician and Examiner.

Whereas, The Board of Estimate and Apportionment at a meeting held June 14, 1907, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Attendant to the Assistant in Charge of the Corporation Counsel's office, Brooklyn, in addition to those already existing therein, with salary at the rate of thirteen hundred and fifty dollars (\$1,350) per annum, for one incumbent."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the above position as set forth therein.

No. 2167.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
June 15, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 14, 1907, recommending to the Board of Aldermen the amendment of the schedule of positions and salaries in the Law Department in accordance with the suggestions of the Chairman of the Committee on Salaries and Offices of the Board of Aldermen, and approved by the Select Committee, consisting of the Comptroller and President of the Board of Aldermen, copy of whose report is transmitted herewith.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

June 13, 1907.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—Pursuant to a request of the Corporation Counsel, on May 17, 1907, your Honorable Board adopted a resolution relative to the establishment of new grades of positions in the Law Department, which matter is now pending before the Board of Aldermen.

As, however, the Corporation Counsel, in a further communication, under date of June 12, 1907, requests that said resolution be amended to conform with the suggestions of the Chairman of the Committee on Salaries and Offices of the Board of Aldermen, we would respectfully recommend that the request of the Corporation Counsel be approved by the Board of Estimate and Apportionment by the adoption of the preamble and resolutions hereto appended.

Respectfully yours,

H. A. METZ,

Comptroller,

P. F. McGOWAN,
President, Board of Aldermen,
Select Committee.

May 16, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of a communication addressed to the Board of Estimate and Apportionment by the Corporation Counsel, under date of April 29, 1907, relative to the establishment of certain additional grades of positions in the Law Department, which communication was presented to said Board on May 3, 1907, referred to a Select Committee consisting of the Comptroller and President of the Board of Aldermen for consideration, and by you referred to the Bureau of Municipal Investigation and Statistics for examination, I beg to submit the following report:

Under date of May 8, 1907, the Corporation Counsel addressed a further communication to the Committee on Salaries of the Board of Estimate and Apportionment amending his original request. From these two communications it appears that the new grades of positions which the Corporation Counsel desires to establish are:

Assistant, at \$7,000 per annum, for four incumbents.
Assistant, at \$6,500 per annum, for four incumbents.
Assistant, at \$5,500 per annum, for four incumbents.
Assistant Chief Clerk, at \$4,500 per annum, for one incumbent.

And also the increasing of the number of incumbents in the position of Assistant at \$4,000 per annum from four incumbents to seven incumbents.

The Corporation Counsel states that the salaries in force in the Law Department (not including the Bureau of Street Openings) on April 27, 1907, were in part as follows:

	Per Annum.
4 Assistant, at, each.....	\$10,000 00
4 Assistants, at, each.....	7,500 00
10 Assistants, at, each.....	6,000 00
13 Assistants, at, each.....	5,000 00
2 Assistants, at, each.....	4,500 00
4 Assistants, at, each.....	4,000 00
5 Assistants, at, each.....	3,500 00
8 Assistants, at, each.....	3,000 00
5 Assistants, at, each.....	2,500 00
4 Assistants, at, each.....	2,000 00
3 Assistants, at, each.....	1,500 00
1 Chief Clerk, at.....	5,000 00
1 Assistant Chief Clerk, at.....	4,000 00

—and that to fill the vacancies caused by recent resignations among the Assistants in his department he desires to make certain promotions of other Assistants in lower grades.

It appears that among said resignations are those of Hon. Arthur C. Butts, former Assistant Corporation Counsel, at \$7,500 per annum, and Hon. Charles N. Harris, former Assistant Corporation Counsel, at \$6,000 per annum, both of whom have been appointed City Magistrates. The Corporation Counsel states that instead of making a few promotions at increases of \$1,000 or \$1,500 in annual salary he prefers to make a larger number of promotions with increases of but \$500 each.

The present number of Assistants (including the Bureau of Street Openings) is seventy-five, and the Corporation Counsel states that the State Civil Service Commission will not permit him to increase the number of said positions, and that therefore it is not his purpose to fill all of the positions he desires to establish by promotion, but that such schedule being more elastic than that at present in force it will enable him to arrange the salaries of his Assistants upon a more equitable basis.

Since the Budget appropriation for the Law Department for 1907 provides ample funds to meet all the changes in salaries contemplated by the Corporation Counsel, and since in his opinion such changes will make the compensation of his Assistants more equitable, it would appear to your Examiner that the desired changes should be made.

In regard to the new grade of Assistant Chief Clerk, at \$4,500 per annum, it appears that Andrew T. Campbell, Chief Clerk of the Law Department, at a salary of \$5,000 per annum, has been in the City's employ for nearly half a century, and that he will celebrate his fiftieth anniversary in such service on June 1, 1907. The present Assistant Chief Clerk, J. H. Greener, has been in the City's employ for about twenty-two years, and it would appear to your Examiner that the important nature of the duties performed by him and the long service he has rendered properly entitle him to the increased compensation contemplated.

Your Examiner would therefore respectfully recommend that the amended request of the Corporation Counsel receive approval at the hands of the Board of Estimate and Apportionment by the adoption of the resolution hereto attached.

Yours respectfully,

(Signed) R. B. MCINTYRE,
Acting Supervising Statistician and Examiner.

June 12, 1907.

Board of Estimate and Apportionment of The City of New York:

Gentlemen—On May 17, 1907, your Board adopted a resolution creating several intermediate grades of positions in this department, and the matter is now pending before the Board of Aldermen.

The Chairman of the Committee on Salaries and Offices has suggested a different form of resolution, which is attached hereto. The changes affected by this resolution are the same as those provided for by the former one, the only difference consisting of the insertion of a provision that where a vacancy occurs in one grade, additional appointments may be made in the lower grades, provided the number of Assistants and the total amount of salaries be not increased. This seems to be a very

practical remedy for one of the greatest difficulties in connection with our salary schedule. Under the present system if a vacancy occurs it is necessary for me to either fill it by appointment or to make promotions from the lower grades, or to apply for a revision of the salary schedule. Under the plan suggested by the Chairman of the Committee on Salaries I will be saved the necessity of these frequent applications to the Board of Estimate and Apportionment and the Board of Aldermen, and when vacancies occur will be able to make appointments and promotions among the lower grades, provided I do not increase the number of Assistants or the total amount of their salaries.

I will be very pleased if your Board would, at your earliest convenience, adopt this resolution in place of the one already passed.

Respectfully yours,

WILLIAM B. ELLISON, Corporation Counsel.

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the schedule of positions and salaries in the Law Department, including all bureaus and branch offices thereof (excepting the Bureau of Street Openings), be and the same is amended as follows:

(1) By substituting in place of the present schedule of salaries of Assistants the following:

4 Assistants at.....	\$10,000 00
5 Assistants at.....	7,500 00
2 Assistants at.....	7,000 00
1 Assistant at.....	6,500 00
5 Assistants at.....	6,000 00
2 Assistants at.....	5,500 00
10 Assistants at.....	5,000 00
2 Assistants at.....	4,500 00
7 Assistants at.....	4,000 00
7 Assistants at.....	3,500 00
6 Assistants at.....	3,000 00
6 Assistants at.....	2,500 00
6 Assistants at.....	2,000 00

(2) By granting permission to the Corporation Counsel to fill any vacancy which may occur in the foregoing schedule by increasing the number of Assistants at any lower salary, provided that the total number of Assistants and the total amount of salaries thereof, as hereby established, be not increased.

(3) By adding to the schedule of clerical positions the additional grade of Assistant Chief Clerk (one incumbent), at \$4,500 per annum.

Whereas, The Board of Estimate and Apportionment at a meeting held June 14, 1907, adopted the following resolution:

Whereas, The Board of Estimate and Apportionment, on May 17, 1907, adopted the following resolution, to wit:

“Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the amended Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following new grades of positions in the Law Department, in addition to those already existing therein, viz.:

“Assistant at \$7,000 per annum, four incumbents.
“Assistant at \$6,500 per annum, four incumbents.
“Assistant at \$5,500 per annum, four incumbents.
“Assistant Chief Clerk at \$4,500 per annum, one incumbent.

—and that the number of incumbents in the position of Assistant at \$4,000 per annum in said department be increased from four incumbents to seven incumbents;” and

Whereas, The Corporation Counsel has requested that the form of said resolution be amended to more adequately cover the needs of his office.

Resolved, That the resolution adopted on May 17, 1907, be and the same is hereby rescinded; and

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the schedule of positions and salaries in the Law Department, including all bureaus and branch offices thereof (excepting the Bureau of Street Openings), be and the same is hereby amended as follows:

(1) By substituting in place of the present schedule of salaries of Assistants the following:

4 Assistants at.....	\$10,000 00
5 Assistants at.....	7,500 00
2 Assistants at.....	7,000 00

10 Assistants at.....	5,000 00
2 Assistants at.....	4,500 00
7 Assistants at.....	4,000 00
7 Assistants at.....	3,500 00
6 Assistants at.....	3,000 00
6 Assistants at.....	2,500 00
6 Assistants at.....	2,000 00

(2) By granting permission to the Corporation Counsel to fill any vacancy which may occur in the foregoing schedule by increasing the number of Assistants at any lower salary, provided that the total number of Assistants and the total amount of salaries thereof, as hereby established, be not increased.

(3) By adding to the schedule of clerical positions the additional grade of Assistant Chief Clerk (one incumbent), at \$4,500 per annum.

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions as set forth therein.

Which were severally referred to the Committee on Salaries and Offices.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting ordinances:

No. 2168.

Board of Estimate and Apportionment—City of New York,
Office of the Secretary, No. 277 Broadway,
June 15, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 14, 1907, approving of the issue of Corporate Stock to the amount of \$50,000 for the purpose of providing means for the construction of a comfort station and shelter on the Williamsburg Bridge Plaza, Borough of Brooklyn, together with copy of report of the Comptroller, to whom on April 5, 1907, was referred the request of the President of the Borough of Brooklyn for an issue of \$50,000 Corporate Stock for the above purpose, relative thereto.

I also transmit herewith form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

June 13, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Bird S. Coler, President of the Borough of Brooklyn, in communication under date of March 26, 1907, requests the Board of Estimate and Apportionment to authorize an issue of Corporate Stock to the amount of \$50,000 for the construction of a public comfort station and shelter on the Williamsburg Bridge Plaza, Borough of Brooklyn.

I would report that in my opinion a public comfort station and shelter is greatly needed in this neighborhood.

I think, if the financial condition of the City warrants the expenditure, that the Board of Estimate and Apportionment, may properly authorize the Comptroller, pursuant to section 47 of the Amended Greater New York Charter, to issue Corporate Stock to the amount of \$50,000 for the purpose of constructing a comfort station and shelter on the Williamsburg Bridge Plaza, Borough of Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

(Signed) H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifty thousand dollars (\$50,000) to provide means for the construction of a comfort station and shelter on the Williamsburg Bridge Plaza, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 14, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty thousand dollars (\$50,000), for the purpose of providing means for the construction of a comfort station and shelter on the Williamsburg Bridge Plaza, Borough of Brooklyn, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars (\$50,000) the proceeds whereof to be applied to the purposes aforesaid."

No. 2169.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
June 17, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 14, 1907, authorizing the issue of \$6,500 Corporate Stock for the purchase of two steam rollers for use in the Borough of The Bronx, together with copy of report of the Comptroller, to whom on June 7, 1907, was referred the resolution of the Board of Aldermen requesting the issue of Special Revenue Bonds for this purpose.

I also transmit form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

June 12, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—The Board of Aldermen, by resolution adopted May 14, 1907, received from his Honor the Mayor May 28, 1907, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

"Resolved, That, in pursuance to subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and hereby are requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand five hundred dollars (\$6,500), the proceeds whereof to be applied to the purchase of two steam rollers for use in the Borough of The Bronx."

I would report that at the present time there are about 104 miles of streets in the Borough of The Bronx paved with macadam. This pavement is composed of broken stone, thoroughly compacted with heavy steam road rollers. Constant repairs and renewals must be made, which necessitates the use of these machines.

Mr. Josiah A. Briggs, Chief Engineer of the Borough of The Bronx, states that at the present time seven of these machines are owned and operated under the direction of the President of the Borough. Of these seven, however, two are old and in bad order, and one is at the present time in the shop.

I would also state that under a resolution of the Board of Estimate and Apportionment passed on April 5, 1907, the sum of \$130,000 was transferred from the fund provided for repaving streets and avenues, the said sum to be used in remacadamizing certain streets and avenues which had already been macadamized and paid for by assessments, and it is partly for the purpose of making this fund available in performing the work contemplated when the said transfer was asked for that the two steam rollers now become necessary.

In view of the life of a steam roller, I suggest that the Board take no action upon this resolution adopted by the Board of Aldermen, but authorize the Comptroller, pursuant to section 47 of the amended Greater New York Charter, to issue Corporate Stock to the amount of \$6,500 to provide for the purchase of two steam rollers for use in the Borough of The Bronx.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

(Signed) H. A. Metz, Comptroller.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 14, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding six thousand five hundred dollars (\$6,500), for the purpose of providing means for the purchase of two steam rollers for use in the Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding six thousand five hundred dollars (\$6,500), the proceeds whereof to be applied to the purposes aforesaid."

June 17, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of the Board of Estimate and Apportionment, June 14, 1907, authorizing the issue of \$12,000 Corporate Stock for the building of a new brick or masonry fence to enclose the Queens County jail, together with copy of report of the Select Committee, consisting of the Comptroller and the President, Borough of Queens, to which, on April 12, 1907, this matter was referred.

I also transmit form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

June 13, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—The undersigned, your Committee appointed on April 12, 1907, to consider the request for the Borough of Queens, for an appropriation of \$16,000 for repairs, etc., to the Queens County jail, would report:

After considering reports, the urgent request of the different grand juries of the County of Queens recommend that the Board authorize the Comptroller, pursuant to section 47 of the amended Greater New York Charter, to issue Corporate Stock in the amount of \$12,000 to provide for building a new brick or masonry fence to enclose the Queens County jail.

Respectfully,

H. A. METZ, Comptroller.

JOSEPH BERMELE, President, Borough of Queens.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twelve thousand dollars (\$12,000) to provide means for building a new brick or masonry fence to enclose the Queens County jail.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 14, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding twelve thousand dollars (\$12,000) for the purpose of providing means for building a new brick or masonry fence to enclose the Queens County jail, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twelve thousand dollars (\$12,000), the proceeds whereof to be applied to the purposes aforesaid."

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Bridges:

No. 2171.

Department of Bridges, City of New York,
Nos. 13 to 21 Park Row,
Manhattan, New York, June 11, 1907.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—On July 1, 1907, a complete working force must be organized for the operation and maintenance of the Williamsburg Bridge. This I propose to do by transferring painters, iron workers, etc., now engaged in finishing up the construction work on the main structure, which is now about completed, to the maintenance and operation of the bridge.

I therefore submit the following detailed estimate of the cost of maintaining and operating the bridge for the six months ending December 31, 1907, and also a statement of the condition of the "Williamsburg Bridge Maintenance Fund" account as of July 1, 1907, to which is added an estimate of the receipts for the six months ending December 31, 1907, which shows a deficit of \$25,032.90.

In order that the bridge may be kept in a safe and serviceable condition, I respectfully request your Honorable Board, pursuant to subdivision 8 of section 188 of the Greater New York Charter, to request the Board of Estimate and Apportionment to authorize and direct the Comptroller of The City of New York to issue and sell Special Revenue Bonds of said City in the sum of \$25,032.90, to meet the deficit above referred to.

Expenditures.

Estimated cost of operating the Williamsburg Bridge for six months ending December 31, 1907:	
Supervision and labor.....	\$98,594 90
Supplies—Paints, oils, lumber, electrical supplies, street cleaning implements, etc.....	18,000 00
Rent of offices.....	2,030 00
Total.....	\$118,624 90

Receipts.

Balance to credit of Williamsburg Bridge Maintenance Fund account, as of July 1, 1907, after providing for all outstanding obligations.....		\$15,592 00
Estimated receipts for tolls and fares on roadways and surface railroads, for six months ending December 31, 1907, at \$13,000 per month.....		78,000 00
		\$93,592 00
Deficit.....		\$25,032 90

Respectfully,

J. W. STEVENSON, Commissioner of Bridges.

The President laid before the Board the following communication from the Department of Taxes and Assessments:

No. 2172.

The City of New York, Department of Taxes and Assessments,
Hall of Records, No. 31 Chambers Street,
June 14, 1907.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I beg to request that a resolution may be adopted by your Honorable Board providing, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, that the Board of Estimate and Apportionment be requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of \$14,800, the proceeds of the same to be applied to the payment of salaries of the following additions to the force of this Department:

10 Deputy Tax Commissioners, at \$2,000 per annum, for six months.....	\$10,000 00
8 Clerks, at \$1,200 per annum, for six months.....	4,800 00
Total.....	\$14,800 00

Such an increase in the force of this Department is necessary for the proper discharge of the new duties imposed by chapter 303 of the Laws of 1907, which requires the Department to apportion the assessments on divided parcels of real estate.

An appropriate resolution is attached.

Yours respectfully,

LAWSON PURDY, President.

Resolved, That the Board of Estimate and Apportionment hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed fourteen thousand eight hundred dollars (\$14,800), the proceeds whereof shall be applied to the payment of the salaries of an additional force in the Department of Taxes and Assessments.

The President laid before the Board the following communication from the Board of City Record:

No. 2173.

The City of New York,
Board of City Record, Office of the Supervisor,
June 15, 1907.

Hon. PATRICK F. McGOWAN, President of the Board of Aldermen:

Sir—I respectfully request that, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, your Honorable Board authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-seven thousand dollars

(\$27,000), the proceeds to be applied to meet the liabilities incurred and to be incurred by the Board of City Record for printing, stationery and blank books for the City departments and offices during the year 1906.

The necessity for this amount is caused by extraordinary and unforeseen demands made upon this office by certain City departments, namely:
 Department of Finance—Printing the Annual Report of the Comptroller, and Catalogues of Tax Sales, estimated cost..... \$20,000 00
 Commissioners of the Sinking Fund—Reprinting and binding minutes of the meetings of the Commissioners of the Sinking Fund for the years 1898 and 1903, as originally printed, estimated cost..... 7,000 00
 \$27,000 00

It was impossible to foresee and make provision in the Budget for 1906 for the expense of the printing required in connection with these matters, and I respectfully ask that my application be placed upon the Calendar for the next meeting.

Respectfully submitted,

PATRICK J. TRACY, Supervisor of the City Record.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Board of City Magistrates:

No. 2174.

City Magistrate's Court, First District, Second Division, City of New York,
 No. 318 Adams Street,
 Borough of Brooklyn, June 15, 1907.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—At the last meeting of the Board of City Magistrates of the Second Division of The City of New York, held this day, a resolution, of which the following is a copy, was offered by Magistrate Alexander H. Geismar and unanimously adopted:

"Resolved, That the Board of Aldermen of The City of New York be requested to issue Special Revenue Bonds to the amount of eighteen thousand dollars (\$18,000) for the purpose of paying the salaries of fifteen male probation officers, one to be attached to the City Magistrate's Court in the Second Division of The City of New York, the salary of each such officer to be twelve hundred dollars per annum."

I would therefore ask that this application be introduced in your body and trust that same will receive favorable consideration.

Respectfully yours,

FRANK E. O'REILLY,

President, Board of City Magistrates, Second Division, City of New York.

The President laid before the Board the following communication from the Department of Water Supply, Gas and Electricity:

No. 2175.

Department of Water Supply, Gas and Electricity,
 Commissioner's Office, Nos. 13 to 21 Park Row,
 New York, June 17, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen, City Hall:

Dear Sir—The Bureau of Water Register, Borough of Manhattan, has secured additional quarters in this building by the removal of the Engineer's Bureau to the ninth floor, which change was authorized by the Sinking Fund Commission.

The records kept by the Water Register contain the items and charges of liens against properties in this borough, and if they were destroyed by fire or other causes it would take many years to duplicate them and the City, without underestimating the value of these records would, in my opinion, lose thousands, and perhaps millions of dollars as the exact amount of revenue derived from the sale of water could not be ascertained, and it is to guard against this danger that I believe the records should be secured. The books are at present stored on wooden shelves and in cabinets and are open to these dangers and, while they thus far escaped injury, the possibility of loss is always present.

I believe it is the duty of the City to preserve its records, especially these books, which contain items of the revenue and this can be accomplished by equipping the entire office with a complete system of steel filing desks and cabinets, which are now used generally by large corporations and mercantile houses for the storage of their valuable papers. To equip the Water Register's Bureau with this system of steel cabinets and desks would cost \$17,000.

In addition to this expense it will be necessary to remove several partitions, giving free access from one room to another, and this work is done through the owners of the building, who will not permit any outside contractors to alter the rooms. It necessarily follows that the department is compelled to issue the order for this work direct to the owners. This work will cost \$200. The department will also require \$300 for taking down and removing all the old wooden desks and cabinets, making a total expense of \$17,500.

This money I would respectfully ask that your Board provide for by the issue of Special Revenue Bonds, and you will kindly present this communication for the consideration of the Board of Aldermen at its next meeting.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Water Supply, Gas and Electricity:

No. 2176.

Department of Water Supply, Gas and Electricity,
 Commissioner's Office, Nos. 13 to 21 Park Row,
 New York, June 14, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen, New York City:

Dear Sir—The department finds it necessary, in order to carry out the recommendations made by a special committee of the New York Fire Insurance Exchange and of the National Board of Fire Underwriters, who have given their special attention to the installation of the high-pressure fire service system in the Borough of Manhattan, to procure 230 hydrants more than contracted for, to be used in this service.

There is being manufactured under contract, by the A. P. Smith Manufacturing Company, 1,050 four-nozzle hydrants and 40 two-nozzle dock hydrants. The contract for the furnishing of these hydrants was awarded some time before the receipt of the recommendations of the Fire Underwriters to place additional ones along the line of this improved fire-fighting system. This hydrant of a special design and pattern was selected after a very thorough test, which placed upon the City quite an expense to conduct. The sample hydrants submitted by the several manufacturers were subjected to a very severe test, the City employing the fireboats to pump against said hydrants, in order to determine if they could withstand the pressure called for in the specifications which were drawn with a view of obtaining the best hydrant.

The A. P. Smith hydrant was the one selected. The engineers who conducted the test in the presence of the then Commissioner of this Department and the representatives of the several bidders, certified that the Smith hydrant was the only one that conformed to the requirements of this department, and the contract for same was subsequently awarded. A few of the bidders contested the award of this contract, but the courts sustained the department in the selection of the hydrant made by the A. P. Smith Company.

The bid price for these hydrants was \$100.70 each. It is agreeable to the manufacturers to construct and furnish 230 additional hydrants at an increased cost of \$16.65 each over the contract price. This advance is accounted for by the increase in labor and materials since the letting of the contract in 1905. The total cost of the extra hydrants will be \$26,990.50, and the department desires to obtain same, with the approval of your Board, without the necessity of advertising for competitive bids and proposals, thereby saving considerable time and a large amount of expense which would necessarily follow the employment of the same forces and help which the department was obliged to secure in making the selection of this special hydrant,

and it is deemed for the best interest of the City that the same manufacturer be authorized to furnish these additional hydrants on an open order.

I request that you submit this communication to your Board and ask the adoption of the enclosed resolution authorizing the expenditure of this money without public letting.

Yours respectfully,

JOHN H. O'BRIEN, Commissioner.

Resolved, That the Commissioner of Water Supply, Gas and Electricity, be and is hereby authorized and empowered to purchase without competitive bids and proposals, 230 high-pressure fire service hydrants from the A. P. Smith Manufacturing Company, at the rate of \$117.35 per hydrant, to be of the same pattern and style, and constructed of the same materials and to comply in every detail with the specifications under which the A. P. Smith Manufacturing Company was awarded the contract for the furnishing of 1,050 four-nozzle hydrants; the total expense of these hydrants to be \$26,990.50.

The President laid before the Board the following communication from the Fire Department:

No. 2177.

Headquarters, Fire Department, City of New York,
 Nos. 157 and 159 East Sixty-seventh Street,
 Borough of Manhattan, June 17, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Sir—A report has been submitted to me by the Cashier of this Department, the same reading as follows:

"Borough of Manhattan, June 12, 1907.

"Hon. Francis J. Lantry, Fire Commissioner:

"Sir—I have the honor to state that I have this day received a communication from the Chief of Department, stating that it is the intention to disband sixteen volunteer companies in the Borough of Queens, and organize ten new paid companies, with quarters for two Chiefs of Battalion in lieu thereof, at 8 o'clock a. m., July 5, 1907, and stating that all necessary furniture, supplies, etc., should be supplied and in readiness at that time.

"The prison authorities state that they will be unable to furnish the necessary furniture by July 5, 1907, and, as the time is too short to advertise for other necessary supplies that will be required, I would respectfully recommend that a request be made of the Board of Aldermen to allow this Department the privilege of purchasing in the open market, without public letting, the necessary supplies required to equip these quarters of the eight new companies and the quarters of one Chief of Battalion; the amount of said purchases not to exceed the sum of \$15,000.

Respectfully,

(Signed) "JOHN P. BURNS, Cashier."

I have the honor to state that I have approved the above report, and to request that the Board of Aldermen, pursuant to the provisions of section 419 of the Greater New York Charter, authorize this Department, to purchase in the open market instead of by contract at public letting, the necessary furniture and supplies, to accomplish the object in view.

Draft of resolution to meet the necessities of this case is herewith inclosed, with the request that the same may receive prompt and favorable action.

Respectfully,

FRANCIS J. LANTRY, Commissioner.

The President laid before the Board the following communication from the President Borough of Queens:

No. 2178.

The City of New York,
 Office of the President of the Borough of Queens,
 Long Island City, June 12, 1907.

P. J. SCULLY, Esq., City Clerk and Clerk of the Board of Aldermen:

Dear Sir—At the direction of President Bermel, I transmit herewith copy of resolution which was adopted on May 28, 1907, at a joint meeting of the Local Boards of the Newtown and Jamaica Districts of the Borough of Queens, to establish a ferry connecting the Borough of Queens with the Borough of The Bronx.

Respectfully,

HERMAN RINGE,
 Secretary of the Borough of Queens.

New York City, Borough of Queens, May 28, 1907.

To the Board of Aldermen of The City of New York:

Gentlemen—You are hereby notified that at a meeting of the Local Boards of the Newtown and Jamaica Districts held May 28, 1907, a resolution, of which the inclosed is a copy, was adopted and approved as required by law.

HERMAN RINGE,

Secretary of the Local Boards of the Newtown and Jamaica Districts.

Whereas, The residents of the Borough of Queens, through their respective civic associations, are endeavoring to have The City of New York establish a ferry connecting the Borough of Queens with the Borough of The Bronx; and

Whereas, An improvement such as establishing a ferry from the former Village of Whitestone of the Borough of The Bronx, will be beneficial in its results to the whole Borough of Queens, as it will open another avenue of business and will connect these two great boroughs; therefore be it

Resolved, At a joint meeting of the Local Boards of the Newtown and Jamaica Districts of the Borough of Queens, that the said Local Boards do heartily indorse and approve the establishing of a ferry from Whitestone, in the Borough of Queens, to the Borough of The Bronx, and that they will do each and everything in their power to further this project; and be it further

Resolved, That a copy of these resolutions be forwarded to the Board of Estimate and Apportionment and to the Board of Aldermen of The City of New York; also to the Department of Docks and Ferries of The City of New York and to the President of the Borough of The Bronx.

Adopted by the Local Boards of the Newtown and Jamaica Districts on the 28th day of May, 1907, Aldermen Clifford, Herold and Bunting, and Joseph Bermel, President of the Borough of Queens, voting in favor thereof.

Approved this 28th day of May, 1907.

JOSEPH BERMEL,

President of the Borough of Queens.

Attest:

Herman Ringe, Secretary.

The President laid before the Board the following communication from the Corporation Counsel:

No. 2179.

Law Department,
 Office of the Corporation Counsel,
 New York, June 11, 1907.

To the Honorable Board of Aldermen:

Gentlemen—I am in receipt of the communication of the City Clerk, dated May 31, 1907, enclosing report and resolution granting permission to the O'Neill-Adams Company to erect two awnings in front of their premises on West Twenty-first street. I am requested by your Board to give an opinion as to the legality of the resolution.

Section 50 of the Charter provides:

"Subject to the constitution and laws of the State, the board of aldermen shall have power * * * to regulate the use of the streets for * * * awnings * * *."

"The board of aldermen shall not pass any special ordinance in relation to any of the matters mentioned in this section. All ordinances in relation thereto shall be general ordinances which may either apply throughout the whole or throughout specified portions thereof * * *"

The Board of Aldermen has legislated on the subject of awnings as to the Borough of Manhattan, sections 252, etc., subdivision 5 of article 10 of chapter 5 of General Ordinances and Ordinances of a general character, Code of Ordinances of The City of New York.

I am of the opinion and beg to advise you that the Board of Aldermen has no power to pass the resolution in question.

Yours respectfully,

G. L. STERLING, Acting Corporation Counsel.

No. 1932.

The Committee on Streets, Highways and Sewers, to which was referred on April 30, 1907 (Minutes, page 680), the annexed resolution in favor of permitting the O'Neill-Adams Company to erect two awnings, respectfully

REPORTS:

That having examined the subject they recommend that the said resolution be adopted.

Resolved, That permission be and the same is hereby given to the O'Neill-Adams Company to place and keep two awnings of iron and glass, one in front of their premises on the north side and the other in front of their premises on the south side of West Twenty-first street, each respectively about fifty feet west of Sixth avenue, in the Borough of Manhattan, provided that said awnings shall be erected so as to conform in all respects with the provisions of the ordinance in such case made and provided; the work to be done at their own expense, under the direction of the President of the Borough, such permission to continue only during the pleasure of the Board of Aldermen.

FRANK L. DOWLING, HARRY L. LEVERETT, MAX S. GRIFENHAGEN, C. D. NOONAN, PATRICK S. KEELY, THOMAS D. DINWOODIE, Committee on Streets, Highways and Sewers.

On motion of Alderman Freeman this report and resolution was referred to the Corporation Counsel, with a request for his opinion as to the legality of the same.

Which was ordered on file.

No. 2003.

The Committee on Finance, to whom was referred on May 14, 1907 (Minutes, page 776), the annexed ordinance in favor of an issue of Corporate Stock, \$200,000, for rebuilding the Queens County Court House, respectfully

REPORTS:

The details of this appropriation are set forth in the annexed report of the Board of Estimate and Apportionment, and President Bermel appeared before the Committee and urged its adoption. During the spring of 1906 this Board appropriated \$250,000 for the purpose of reconstructing the Queens County Court House, which had been badly injured by fire, and it was understood at that time that this appropriation was to cover the cost. However, under the Charter it was necessary to have the Municipal Art Commission approve the plans, and the Municipal Art Commission threw the proposed plans out and made recommendations which necessitate this additional appropriation. The Comptroller's Engineer states that he has gone carefully over the application and has cut it down as much as he can without going against the recommendations of the Municipal Art Commission. The Committee believes that in the future, as long as the statute requires the consent of the Municipal Art Commission, this consent should be obtained before application is made for funds, so that the matter can then be gone over thoroughly and not piecemeal, as was done in this case. The Committee believes that in view of the recommendations of the Municipal Art Commission, and as this Court House is a great necessity, that this amount should be granted, and therefore recommends the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred thousand dollars (\$200,000), to provide means for the completion of the rebuilding of the Queens County Court House, Long Island City, Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment May 10, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding two hundred thousand dollars (\$200,000), for the purpose of providing means for the completion of the rebuilding of the Queens County Court House, Long Island City, Borough of Queens, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred thousand dollars (\$200,000), in addition to the amount heretofore authorized, the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, A. L. KLINE, JAMES W. REDMOND, THOS. J. MULLIGAN, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Clifford, Davies, Diemer, Dinwoodie, Doull, Ellery, Everson, Freeman, Fried, Haggerty, C. Hahn, Herold, Jacobson, Keely, Kenneally, Krulish, Kuck, Markert, Moffitt, Morris, Mulligan, Murphy, Noonan, Olvany, O'Neill, Potter, Reardon, Redmond, Rendt, Schloss, Sturges, Torpey, Wafer, Wentz; President Haffen and the Vice-Chairman—40.

Nos. 1924 and 2008—(G. O. No. 314).

The Committee on Finance, to whom was referred on April 23, and May 14, 1907 (Minutes, pages 599, 818), the annexed resolutions in favor of an issue of Special Revenue Bonds to pay increased salaries to Public Bath Attendants, respectfully

REPORTS:

The committee has held several hearings upon these resolutions at which, besides committees representing the Bath Attendants, Alderman Leverett has appeared and earnestly urged the adoption of same. This committee has frequently gone on record in advocating an investigation and proper adjustment of the wages of laborers and other per diem men, and it still holds firmly to this position. About two months ago it reported favorably upon a raise of salary for the laborers in the sewer departments, and this Board adopted its recommendations. The Board of Estimate and Apportionment, however, upon that matter refused to concur in the Aldermen's recommendation, stating its position to be that it was opposed to the borrowing of money by Special Revenue Bonds for raises of salary which were not provided for by the Budget, and which did not involve any emergency. The committee has, within the past week, consulted with the Comptroller upon this present proposition and he stated that so far as he was concerned the Board of Estimate and Apportionment would adhere to the position it took in the other matter, and would continue to do so, as he believes that any of these requests should be laid before the Commissioners of the De-

partments involved, and if the Commissioner favors same he can request action in the estimates which are now being made up for the 1908 Budget. Inasmuch as this is the settled policy of the Board of Estimate and Apportionment, the committee believes that it would be trifling with the Bath Attendants for this Board to adopt a resolution of this character, and it therefore recommends that these resolutions be placed on file, and copies of same go with this report to the Presidents of the Boroughs of Manhattan and Brooklyn.

Whereas, The salaries paid to the male and female Attendants in the public baths and comfort stations of The City of New York varies, males receiving respectively \$2.50 and \$3 per day, and females respectively \$2 and \$2.50 per day; and

Whereas, The hours of labor and duties to be performed are in each instance the same and there should therefore be equal compensation; and

Whereas, The compensation paid to male Attendants about ten years ago was \$3 per day, and it appears that with the increased cost of living and other expenses the salaries of such employees ought to be to-day at least what they were then; therefore

Resolved, with a view to an equalization of compensation, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-five thousand dollars (\$25,000), the proceeds whereof shall be applied to the benefit of the office of the President of the Borough of Manhattan to meet the requirements of the increase of compensation of the male and female Attendants in the public baths and comfort stations for the remainder of the year, beginning May 1, 1907.

Whereas, The salaries paid to the male and female Attendants in the public baths and comfort stations of the Borough of Brooklyn, The City of New York, vary, male Attendants receiving respectively \$750 to \$900 per annum and female Attendants respectively \$600 to \$750 per annum; and

Whereas, The compensation paid to male Attendants about ten years ago was \$3 per day, and it appears that with the increased cost of living and other expenses the salaries of said male Attendants ought to be at least \$1,095 per annum; therefore

Resolved, with a view to an equalization of compensation, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of twenty-five thousand dollars (\$25,000), the proceeds whereof shall be applied to the benefit of the office of the President of the Borough of Brooklyn, to meet the requirements of the increase of compensation of the male and female Attendants in the public baths and comfort stations for the remainder of the year, beginning May 1, 1907.

The Committee on Finance, to whom was referred, on June 11, 1907 (Minutes, page 1155), the annexed request from the Tenement House Department for \$5,000 Special Revenue Bonds for repairs, respectfully

REPORTS:

Deputy Commissioner Darwin appeared before the Committee and stated, as set forth in the Commissioner's letter, the Department had unexpectedly been able to obtain additional quarters on the floor immediately below their present ones. That the lease of these additional quarters had been approved by the Sinking Fund Commission, and that the City is now paying rent on same. That under the terms of the lease the Department must do all of the partitioning and electric wiring, and that to do this the Commissioner has had many estimates submitted, and finds that he will probably be able to squeeze through with \$5,000. It is a well known fact that this Department was very much crowded, and was in great need of this extra space. The Committee, therefore, recommends the adoption of the annexed resolution.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed five thousand dollars (\$5,000), the proceeds whereof to be applied to the purpose of making certain repairs and changes to the additional floor space acquired for use of the Tenement House Department.

New York, June 6, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen, City Hall, N. Y.:

Dear Sir—Last year, when preparing my Budget for the year 1907, I did not make any provision for an increased amount for rent nor for the reorganization and equipment of the offices in the Manhattan division, for the reason that there was no space available in the building, and I had been informed that there was not likely to be any. Although the Department was then and still is seriously inconvenienced for lack of room, the employees being so crowded in some divisions of the office as to be within a few inches of each other, I did not deem it advisable to provide additional space in a separate building, for the reason that it would be very difficult to do so and conduct the business of the Department to advantage.

Within a short time an opportunity occurred to take over the lease of a tenant in the building, who occupied part of the floor directly beneath our offices. His lease ran concurrently with that of the Department, and the price per foot for the floor space was so much below that demanded in this neighborhood that I immediately referred the matter to the Sinking Fund Commission and they have since closed with the lessee and the owners of the building. The said space is now available for use, and in order to properly arrange for its use it will be necessary to connect the two floors within the office, to construct considerable partition work and rearrange all the partition work of the old office, besides making changes in the lighting system.

Estimates have been procured from several persons with the idea of getting an approximate figure as to the cost of these changes, and these estimates show that the work will aggregate in cost about five thousand dollars (\$5,000).

As I have already stated, I did not anticipate this need and have made no provision to meet such an expense, and I am therefore obliged to apply, in accordance with the requirements of subdivision 8 of section 188 of the Charter, to your Honorable Body for the authority to provide for the payment of the proposed expenses hereinbefore set forth. As the City is now chargeable with the rent of said premises, you will realize the necessity for facilitating this matter, in order that we may get the repairs done and receive the benefit of the additional space at as early a date as possible.

Thanking you for your kind co-operation in this matter, I am,

Yours very truly,

EDMOND J. BUTLER, Commissioner.

Which was laid over and made a special order for 2.15 o'clock p. m.

At that hour the President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Carter, Clifford, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Ellery, Everson, Farrell, Freeman, Fried, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. No. 2084.

The Committee on Finance, to whom was referred, on May 28, 1907 (Minutes, page 929), the annexed petition from employees, Department of Water Supply, Gas and Electricity, for transportation, respectfully

REPORTS:

That having examined the subject, they believe the matter to be one for the consideration of the Commissioner of Water Supply, Gas and Electricity, and not for your Committee.

They therefore recommend that the said petition be referred to him.

To the Honorable Board of Aldermen, City of New York:

Sirs—We, the undersigned employees of the Department of Water Supply, Gas and Electricity, engaged in the various watersheds on Long Island, from Matawa to Massapequa, and classified as Engineers and Firemen, respectfully petition your Honorable Board to request the Commissioner of Water Supply, Gas and Electricity to furnish us with transportation to and from the city limits to our respective places of employment on Long Island.

We submit herewith a monthly individual outlay in railroad expenses, as follows:

To Massapequa	\$9 20
To Seaford	9 00
To Wantagh	8 85
To Agawa	8 75
To Merrick	8 75
To Matawa	8 50

These high rates of transportation serve to considerably diminish our well earned and lawful income, naturally are the first and direct causes for many deprivations, and often result in the elimination of many necessities in our households.

Aside from this, it will be seen that, even among our own workers, discrimination in the matter of railroad rates is shown in favor of all those employed in towns west of Massapequa.

It might also be stated that other employees in this Department, comprising Engineers, Surveyors, etc., all commanding emoluments of greater proportions, are now enjoying the privileges from the City which your humble servants, in their belief, rightfully petition for.

Praying for a favorable and early consideration of this appeal to your honorable assembly, and that the relief we seek may soon be granted, we respectfully submit our respective names hereto:

JOHN J. HAHN, JACOB BARTSCHERER, THOS. D. DINWOODIE, THOS. J. MULLIGAN, Committee on Fire.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman J. J. Hahn moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said substitute resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Callahan, Carter, Clifford, Cronin, Davies, Diemer, Dinwoodie, Doyle, Ellery, Everson, Farrell, Grifenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Herold, Jacobson, Keely, Kenneally, Krulish, Kuck, Markert, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Noonan, Olvany, O'Neill, Potter, Reardon, Rendt, Richter, Schloss, Sturges, Torpey, Wafer, and Wentz—44.

GENERAL ORDERS.

Alderman Herold called up General Order No. 278, being a report and resolution, as follows:

No. 1674.

The Committee on Finance, to whom was referred, on March 12, 1907 (Minutes, page 639), the annexed request of the President of the Board of Trustees of Bellevue

and Allied Hospitals for \$32,400 to pay salaries of Nurses for new hospitals, respectfully

REPORTS:

Dr. Brannan appeared before the Committee and urged the adoption of this resolution. The Committee has received the annexed report from the Comptroller's Bureau of Investigation, which recommends the allowance of \$30,000 for these purposes. Inasmuch as it was expected at the time the Budget was adopted that the hospital department would be able to obtain sufficient Student Nurses at \$8 per month to supply these two hospitals, the Budget allowance was made upon this basis. The Department, however, has not been able to obtain any such Student Nurses, but has been compelled to engage the services of sixty-five Graduate Nurses, at a cost of \$50 per month; therefore the Committee believes it proper that additional provision should be made. The hospitals are expected to be opened in the course of two or three weeks, and will start with 300 beds, and Dr. Brannan states that they have a capacity for that many more when required.

The Committee therefore recommends the adoption of the resolution providing for \$30,000 Special Revenue Bonds for these purposes.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty thousand dollars (\$30,000), the proceeds whereof to be applied to pay salaries of nurses for new hospital under the jurisdiction of the Trustees of Bellevue and Allied Hospitals.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, A. L. KLINE, THOS. J. MULLIGAN, J. E. BUNTING, JAMES W. REDMOND, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Collins, Cronin, Davies, Diemer, Dinwoodie, Doull, Downing, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Harnischfeger, Hatton, Herold, Jacobson, Keely, Kenneally, Kline, Krulish, Kuck, Markert, Meyers, Moffitt, Monahan, Morris, Mulligan, Murphy, Noonan, Olvany, O'Neill, Potter, Reardon, Redmond, Rendt, Richter, Schloss, Smith, Stapleton, Sturges, Sullivan, Torpey, Wafer, Wentz, President Cromwell, President Bermel, President Haffen, the Vice-Chairman and the President—62.

Alderman Herold called up General Order No. 282, being a report and resolution, as follows:

No. 1970.

The Committee on Finance, to whom was referred on May 7, 1907 (Minutes, page 694), the annexed request of the President of the Borough of Queens for \$4,000 Special Revenue Bonds for repairs to the Queens County Jail, respectfully

REPORTS:

The bad condition of the locks and bars in this jail have become notorious, and as immediate measures must be taken to better conditions, the committee recommends the adoption of the annexed resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of four thousand dollars (\$4,000), the proceeds whereof to be applied by the President of the Borough of Queens to repairing locks and levers, replacing steel bars where necessary, providing new heavy window screens, repairing stairways and ceilings and repainting the interior of the Queens County Jail.

JOHN R. DAVIES, B. W. B. BROWN, J. E. BUNTING, JOHN DIEMER, PH. HARNISCHFEGGER, THOS. J. MULLIGAN, JAMES W. REDMOND, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Downing, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Grifenhagen, Gunther, Haggerty, C. Alderman Jacobson called up General Order No. 256, being a report and resolution, as follows:

No. 1509.

The Committee on Streets, Highways and Sewers, to which was referred on January 29, 1907 (Minutes, page 140), the annexed resolution in favor of fixing the width of the roadway of the new street known as Flatbush avenue extension, respectfully

REPORTS:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said resolution be adopted.

Resolved, That the width of the roadway of the new street known as Flatbush avenue extension, from Nassau street to Fulton street, be and is hereby fixed at eighty (80) feet; the curb lines to be forty (40) feet distant from and parallel with the line of centre of said street, and the sidewalks to be twenty (20) feet in width from curb line to building line.

ROBERT F. DOWNING, FRANK L. DOWLING, MAX S. GRIFENHAGEN, CORNELIUS D. NOONAN, LEWIS M. POTTER, HARRY L. LEVERETT, Committee on Streets, Highways and Sewers.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Callahan, Collins, Cronin, Davies, Dinwoodie, Doull, Ellery, Everson, Farrell, Grifenhagen, Gunther, Haggerty, Harnischfeger, Herold, Jacobson, Krulish, Kuck, Lawlor, Levine, Markert, Meyers, Mulligan, Murphy, Noonan, Olvany, Potter, Reardon, Redmond, Rendt, Sturges, Sullivan, Torpey, Wafer, Wentz, Wright, President Haffen and the Vice-Chairman—40.

Alderman Jacobson called up General Order No. 261, being a report and resolution as follows:

No. 1388.

The Committee on Public Letting, to which was referred on December 21, 1906 (Minutes, page 1629), the annexed resolution in favor of authorizing the Commissioner of Water Supply, Gas and Electricity to enter into an agreement without public letting with the Columbia University for the testing of electrical meters, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That, in accordance with the provisions of section 419 of the Greater New York Charter, the Commissioner of Water Supply, Gas and Electricity is hereby authorized and empowered to enter into an agreement without advertising for competitive bids or proposals with Columbia University for the testing of electrical meters on the premises of private consumers where complaint is received that the amount charged for electric current is excessive, at an expense not to exceed the sum of fifteen hundred dollars (\$15,000), for the year 1907.

A. L. KLINE, WM. CLIFFORD, JOSEPH SCHLOSS, JACOB BARTSCHERER, MAX S. LEVINE, Committee on Public Letting.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Bartscherer, Brown, Bunting, Callahan, Carter, Clifford, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Downing, Doyle, Ellery, Everson, Freeman, Fried, Grifenhagen, Gunther, C. Alderman Kenneally called up General Order No. 274, being a report and resolution as follows:

No. 1813—(G. O. No. 274).

The Committee on Public Letting, to which was referred on April 2, 1907 (Minutes, page 53), the annexed resolution authorizing the President of the Borough of The Bronx to purchase a steam roller without public letting, respectfully

REPORTS:

That at a hearing on the above matter John F. Murray, Commissioner of Public Works, for the Borough of The Bronx, appeared before the committee and explained that to purchase a steam roller after public letting was as impracticable as the purchase of a horse by the same method. There is a vast amount of paving to be done in The Bronx this year, all macadam to be done by the department. The department at present has two steam rollers, one of which is 21 years old and the other 24 years old—both are almost entirely worn out and need constant repairing. Your committee believing that the best interests of the City would be advanced, recommends the adoption of said resolution.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming it in the public interest, hereby authorizes and empowers the President of the Borough of The Bronx to purchase in the open market, instead of by contract at public letting, one steam roller, at an expense not to exceed the sum of three thousand dollars (\$3,000).

A. L. KLINE, F. J. O'NEILL, WILLIAM CLIFFORD, JOSEPH SCHLOSS, JACOB BARTSCHERER, Committee on Public Letting.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Ahner, Bartscherer, Bunting, Callahan, Carter, Clifford, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Downing, Doyle, Everson, Farrell, Fried, Grifenhagen, Haggerty, C. Hahn, J. J. Hahn, Harnischfeger, Hatton, Herold, Kenneally, Kline, Krulish, Lawlor, Leverett, Linde, Moffitt, Monahan, Morris, Mulligan, Murphy, Olvany, O'Neill, Potter, Reardon, Redmond, Rendt, Richter, Schloss, Smith, Stapleton, Sullivan, Torpey, Wafer, Wentz, Wright; President Bermel, President Haffen, President Coler and the Vice-Chairman—55.

Negative—Aldermen Brown, Freeman and Gunther—3.

On motion of Aldermen Harnischfeger the above vote was reconsidered, and the paper was restored to the list of General Orders.

REPORTS OF STANDING COMMITTEES RESUMED.

Report of Committee on Public Letting—

No. 2107—(G. O. No. 315).

The Committee on Public Letting, to whom was referred on June 4, 1907 (Minutes, page 1129), the annexed resolution in favor of authorizing the Trustees of the College of The City of New York to contract for mural decorations in the new Townsend Harris Hall without public letting at a cost of \$3,500, respectfully

REPORTS:

That William S. Post, of the firm of George B. Post & Sons, architects, for the new College of The City of New York, appeared before the committee and explained the nature of the proposed mural decoration for certain rooms in Townsend Harris Hall and showed why the work would be more surely in conformity with the Architect's design if it were done without public letting. Your committee is of the opinion that the best interests of the City and the College would be subserved by adopting the annexed resolution.

Whereas, The Board of Aldermen by resolution adopted on the 16th day of May, 1906, authorized the Board of Trustees of the College of The City of New York to have performed, without public letting, the work of certain mural decorative painting of the great hall of the City College; and

Whereas, For the completion of certain rooms, to wit: The assembly hall in Townsend Harris Hall, reading room, faculty room and executive offices, it is necessary to have certain decorative painting of their walls and ceilings done in accord with the other work of the rooms and in the manner directed by the Architect so that the color scheme shall be harmonious with the design and details of the rooms; and

Whereas, It is deemed important that such additional work should be executed by some one specially trained in that work to be chosen by such Board of Trustees rather than by competitive bidding; therefore it is

Resolved, Pursuant to section 419 of the Greater New York Charter, that the Board of Trustees of the College of The City of New York be and it hereby is authorized, without publicly inviting competition and awarding the contract to the lowest bidder, giving security for its performance, to award a contract or contracts to provide for the decorative painting of the walls and ceilings of the assembly hall in the Townsend Harris Hall, reading room, faculty room and executive offices, in accordance with and in the manner directed by the Architect, so that color scheme shall be harmonious to the design and details of the rooms, in an amount not to exceed three thousand five hundred dollars (\$3,500), the said amount to be charged to and paid out of an appropriation duly made by the Board of Estimate and Apportionment, January 13, 1905.

A. L. KLINE, MAX S. LEVINE, JACOB BARTSCHERER, JOSEPH SCHLOSS, Committee on Public Letting.

Which was laid over.

Resolved, That The City of New York, by and through the Department of Health of said City, is authorized to apply the sum of two thousand dollars (\$2,000) in the abatement of public nuisance of certain dogs having rabies, and of other certain dogs running loose and at large in The City of New York; and, further, that the said sum of two thousand dollars be charged against the fund to be created by the issue of Corporate Stock to an amount not exceeding two thousand dollars; and it is further ordered, pursuant to the provisions of section 419 of the Greater New York Charter, that contract or contracts be made by the said Department of Health for abating the said nuisances, and such contracts need not be founded on sealed bids or proposals, and said sealed bids and proposals and advertising are hereby ordered dispensed with.

Which was referred to the Committee on Finance.

No. 2190.

By the same—

Section 51 of the Charter gives power to the Board of Aldermen, among other things, as follows:

"* * * shall have power to regulate or forbid the keeping of dogs," and the following City ordinance is respectfully proposed for adoption:

Proposed City Ordinance.

No dog not having a collar about its neck bearing the number of the license attached thereto or thereon, or the name of its owner, shall be allowed by any person to be at large in any of the public streets or highways of The City of New York, unless such dog shall be securely held by the owner or other person by a cord or chain not more than four feet long fastened to a collar around the neck of the animal, under the penalty of ten dollars for each offense, to be recovered against the owner, possessor or other person who knowingly harbors such dog.

The Police Commissioner of The City of New York is hereby directed to cause complaint to be made to the Corporation Counsel against the owner or possessor of every dog permitted to go loose or at large in The City of New York without such collar as aforesaid, if the name of such owner or other person in charge of said animal can be ascertained; the said Police Commissioner is also hereby required to cause any such dog to be seized and forwarded to the society maintaining a shelter for lost and strayed animals, and if no such shelter has been provided in the borough where any such dog is at large, then to cause any such dog to be sent to the public pound to be held until claimed. If any such dog is not claimed within three days a notice shall be published in the CITY RECORD for one day requiring the owner to appear and remove such dog, and thereafter if not removed any such dog shall be destroyed and disposed of.

Which was referred to the Committee on Laws and Legislation.

No. 2191.

By the same—

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two thousand dollars (\$2,000), the proceeds whereof to be used by the Department of Health in abating the public nuisance of dogs having rabies and of certain dogs without licenses, or the names of the owners on the collar, or when not held by a cord or chain, running loose and at large in The City of New York.

Which was referred to the Committee on Finance.

By Alderman Sullivan—

AN ORDINANCE in relation to the erection of warning signs to preserve the peace and quietude of persons confined in hospitals and like places in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The several Borough Presidents are hereby authorized to erect, within their discretion, on lamp-posts, or, in the absence of lamp-posts, on such posts as they may find occasion to erect, at corners of intersecting streets, avenues or thoroughfares on which may be located a hospital, lying-in asylum, sanatorium or other institution reserved for the treatment of the sick, a sign or signs displaying the words "Notice—Hospital Street" and such other warning or admonition to pedestrians and drivers to refrain from making any or such noises or fast driving as may tend to disturb the peace and quietude of any or all of the inmates of any such institution.

Sec. 2. Any person guilty of making any unnecessary noise or a failure to drive at a speed not faster than a walk on any of the streets, avenues or thoroughfares which have hereunder been designated as "hospital streets" and for which such warning signs as described in the preceding section have been erected shall, upon conviction thereof by a City Magistrate, or upon confession of guilt, be fined in a sum not exceeding ten dollars (\$10), and upon a failure to pay such fine to imprisonment in the City Prison for a term not to exceed ten days.

Sec. 3. This ordinance shall take effect immediately.

Which was laid over.

Alderman Wentz moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

The Secretary called the attention of the Commission to a peremptory writ of mandamus issued by the Supreme Court, Kings County, directing the Civil Service Commission to re-rate the record of John Hughes, candidate for promotion to Foreman in the Fire Department by giving him credit for the Bennett Medal, awarded him on the 17th day of October, 1900, and to revise his final average accordingly, placing his name on the eligible list in the order determined by such revised percentage.

On motion, it was

Resolved, That the Chief Examiner be and he hereby is directed to re-rate the record of John Hughes, candidate for promotion to Foreman in the Fire Department, by giving him credit for the Bennett Medal, awarded him on the 17th day of October, 1900, and to revise his final average accordingly.

On motion, it was

Resolved, That the Chief Examiner be and he hereby is directed to examine the papers of all candidates remaining on the list for promotion to Foreman, Fire Department, to ascertain if there are any cases similar to that of Hughes, and, if so, to re-rate the papers of said candidates to conform to the order of the Supreme Court.

On motion, it was

Resolved, That the eligible list for Inspector of Masonry Construction, Board of Water Supply, resulting from the examination held on March 7, 1907, be and the same hereby is established as of May 20, 1907, the date on which the rating of the papers was completed.

On motion, it was

Resolved, That the eligible list of Court Stenographer, resulting from the examination held on February 18, 26 and 28, 1907, be and the same hereby is established as of May 15, 1907, the date on which the rating of the papers was completed.

A communication was presented from the Chief Examiner, dated May 20, presenting, for the consideration of the Commission, and without his approval, the certificate of examination and appointment of candidates for Mate in the Department of Docks and Ferries, and stating that an inspection of the stenographic report of the examination showed that in no case did it appear that the candidate had a license; that some of them seemed to have no experience of any sort whatever on boats, and that the experience of those who claimed such was set forth so vaguely that it was impossible to determine what was its character. The Secretary stated that, under date of May 18, he had addressed a communication to the Department of Docks and Ferries, setting forth the foregoing facts, and requesting a report from the Commissioner of Docks and Ferries, which, to the present date, had not been forthcoming. The matter was laid over.

A report was presented from Mr. Rafferty, Examiner, dated May 20, relative to the case of George T. Leonard, of No. 1168 Simpson street, The Bronx, a candidate for Attendant, which was referred to him for investigation, and recommending that the candidate be qualified for appointment.

On motion, it was

Resolved, That the disqualification appearing against the name of George T. Leonard upon the eligible list of Attendant be and the same hereby is removed, and the Secretary is hereby directed to certify the said name in the regular order of percentage.

A report was presented from Mr. Rafferty, Examiner, dated May 21, with reference to the case of John F. McDonald, of No. 135 Devoe street, Brooklyn, a candidate for the position of Attendant, which case had been referred to him for investigation, recommending that the candidate be qualified for appointment.

On motion, it was

Resolved, That the disqualification appearing against the name of John F. McDonald, of No. 135 Devoe street, Brooklyn, on the eligible list of Attendant, be and the same hereby is removed, and the Secretary is hereby directed to certify the said name in the regular order of percentage.

A report was presented from Mr. Rafferty, Examiner, dated May 20, with reference to the case of William F. Greene, of No. 161 State street, Brooklyn, a candidate for Office Boy, which case, owing to an apparent dissimilarity in the handwriting in the several papers of the candidate, had been referred to him for investigation. The Examiner furnished an affidavit of the candidate to the effect that he took the examination, and that the handwriting in all the papers connected with the examination was executed by him. The report of the Examiner was accepted and the papers were ordered filed.

The Secretary called the attention of the Commission to an amended record transmitted by the Fire Commissioner on May 4, in the case of Michael Nugent, Engine Company 60, candidate for promotion to Engineer of Steamer, in which was set forth an award received by the candidate on March 22, 1904, for a meritorious act performed at a fire at No. 223½ East Twenty-third street, on March 5, 1904, mention of which was omitted from the record when originally furnished to the Commission for rating in the said examination. The amended record was accepted, and the increase in the candidate's mark on record to 88 per cent., and the consequent increase in his general average to 82.28 per cent., were approved.

The Secretary reported to the Commission that the following vouchers for payment of salary to persons not regularly employed by The City of New York, for special services rendered to the City during the year 1906, had been certified by him in accordance with the resolution of the Commission adopted December 19, 1906:

The action of the Secretary was approved.

The Secretary called the attention of the Commission to vouchers in favor of Mr. and Mrs. John Schroeder in the amounts of \$126 and \$63, respectively, for salary due them as Cleaners in the Municipal Court of The City of New York, Twelfth District, Borough of Manhattan, from June 11, 1903, to August 12, 1903, without interest, and requested instructions in the matter of certifying same. Accompanying the vouchers was a certified copy of chapter 655 of the Laws of 1906, authorizing the Board of Estimate and Apportionment to pass upon the claim of Mr. and Mrs. Schroeder, together with reports of the Bureau of Law and Adjustment of the Finance Department, dated March 9 and April 11, 1907, an opinion of Acting Corporation Counsel Sterling, dated March 22, 1907, and a certified copy of a resolution adopted by the Board of Estimate and Apportionment on April 26, 1907, auditing and allowing the said claim as a proper charge against The City of New York. The Secretary was directed to attach the certificate of the Commission to the payroll.

The Secretary called the attention of the Commission to vouchers in favor of Mr. Henry G. Opdyke, for services as expert surveyor and map maker in the Board of Education, and stated that Mr. Opdyke was exempted from examination under the provisions of Rule XII., paragraph 6, on February 15, 1907, at a compensation not to exceed \$750 in any one year; but that vouchers amounting to nearly \$750 had already been certified, and that those last submitted were in excess of the amount specified by the Commission. After due consideration of the matter the Secretary was directed to continue to certify the vouchers for such services, attaching certificate No. 3.

The Secretary called the attention of the Commission to a voucher in favor of R. I. Brown's Sons, real estate appraisers, amounting to \$75, for services rendered to the Department of Bridges. The Secretary was directed to attach certificate No. 3 to the vouchers for such services.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to summon the following named persons for a non-competitive examination to qualify them for provisional appointment to the position of Inspector of Regulating, Grading and Paving, in the office of the President of the Borough of The Bronx, in accordance with Rule XII., paragraph 3:

Joseph R. Mannefeld, No. 786 East One Hundred and Fifty-sixth street.

John S. Leahy, No. 1446 Prospect avenue.

George L. Ronner, No. 830 East One Hundred and Sixty-ninth street.

Albert D. Bunner, No. 769 Trinity avenue.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to summon the following named persons for a non-competitive examination to qualify them for provisional appointment to the position of Inspector of Sewer Construction, in the office of the President of the Borough of The Bronx, in accordance with Rule XII., paragraph 3:

E. S. Woods, No. 847 Union avenue.

F. J. McCauless, No. 1738 Washington avenue.

Fred. J. Arctander, No. 994 Grant avenue.

Richard M. McDermott, Bedford Park.

A letter was presented from the Commissioner of Correction, dated May 14, requesting authority to appoint Mr. Timothy W. Saunders to the recently created position of Instructor of Industries in that department under the provisions of Rule XII., paragraph 5, and setting forth Mr. Saunders' qualifications for the work.

On motion, it was

Resolved, That, in accordance with the provisions of Rule XII., paragraph 5, the requirement of competition be and the same hereby is waived so far as it applies to the position of Instructor of Industries in the Department of Correction, and the appointment of Mr. Timothy W. Saunders in that capacity is hereby approved.

Letters were presented from the President of the Borough of Brooklyn, dated May 16 and 20, requesting approval of the "emergency" appointment of the following named persons as Inspectors of Sewer Construction in the Bureau of Sewers of that department, for a period of fifteen days, beginning May 22, 1907, at a compensation of \$4 a day:

John Dunphy, No. 41 Manhasset place, Brooklyn.

Frank J. McLaughlin, No. 216 York street, Brooklyn.

David M. Stone, No. 471 State street, Brooklyn.

Horace M. Mildenberg, No. 290 Marion street, Brooklyn.

Edward C. Cassidy, No. 65 Columbia street, Brooklyn.

Thomas E. Reed, No. 77 St. Mark's avenue, Brooklyn.

Also that the following named persons be summoned for a non-competitive examination to qualify them for provisional appointment to the position of Inspector of Sewer Construction in that department, in accordance with Rule XII., paragraph 3:

Edward C. Cassidy, No. 69 Columbia street, Brooklyn.

Horace Mildenberg, No. 290 Marion street, Brooklyn.

Frank J. McLaughlin, No. 216 York street, Brooklyn.

David M. Stone, No. 457 State street, Brooklyn.

The emergency appointments were approved under the provisions of Rule XII., paragraph 4, and, on motion, it was

Resolved, That the Secretary be and he hereby is directed, at such time as the President of the Borough of Brooklyn shall have reported the disposition made by him of the appropriate list of Inspector of Masonry Construction certified to his department, to summon the following named persons for a non-competitive examination to qualify them for provisional appointment to the position of Inspector of Sewer Construction in that department, under the provisions of Rule XII., paragraph 3:

Edward C. Cassidy, No. 69 Columbia street, Brooklyn.

Horace Mildenberg, No. 290 Marion street, Brooklyn.

Frank J. McLaughlin, No. 216 York street, Brooklyn.

David M. Stone, No. 457 State street, Brooklyn.

The Secretary was directed to advertise a public hearing on the request of the Board of Water Supply of The City of New York for an amendment of the classification of exempt positions in that department by including therein five (5) additional Designing Engineers, in accordance with Rule III.

The reassignment to duty of Owen Foley, Watchman in the Department of Docks and Ferries, who had been absent from duty since March 26, owing to illness, was approved, a satisfactory certificate having been furnished.

A letter was presented from the Police Commissioner, dated May 16, stating that the compensation of Mr. Horace See, Consulting Engineer, of No. 1 Broadway, whom is was desired to employ in that department to supervise the work of repairs and alterations to the steam vessel "Patrol," would not exceed five per cent. of the amount of the contract (\$1,460), or \$73.

On motion, it was

Resolved, That Mr. Horace See, consulting engineer, of No. 1 Broadway, be and he hereby is exempted from examination to be employed in the Police Department to supervise the work of repairs and alterations on the steam vessel "Patrol," it appearing that the services are professional, expert, and of an occasional and exceptional character; provided, however, that his compensation shall not exceed \$73.

The following appointments in the Board of Water Supply were approved under the provisions of Rule XII., paragraph 7:

Nathan Eckert, West Shokan, N. Y., Gage Keeper, at a salary of \$5 a month.

Oliver A. Dunnagan, Cornwall-on-Hudson, Cleaner, at a salary of \$2 a week.

John Lynch, Cornwall-on-Hudson, Messenger, at a salary of \$5 a month.

Tracy Sherman, High Falls, N. Y., Cleaner, at a salary of \$1 a day.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to summon the following named persons for a non-competitive examination to qualify them for provisional appointment to the position of Assistant Engineer (Designer), in the Board of Water Supply of The City of New York, in accordance with Rule XII., paragraph 3:

William H. Yates, No. 449 West One Hundred and Twenty-third street.

Lewis S. Benton, No. 540 West One Hundred and Fifty-ninth street.

C. P. E. Peugnet, No. 311 West Ninety-fifth street.

Anthony E. Steere, De Graaf Building, Room 67, Albany, N. Y.

On motion, it was

Resolved, That the "emergency" appointment of the following named persons as Assistant Engineers (Designers), in the Board of Water Supply of The City of New York, with salary at the rate of \$175 a month, be and the same hereby is approved for a period of fifteen days, in accordance with the provisions of Rule XII., paragraph 4:

William H. Yates, No. 449 West One Hundred and Twenty-third street.

Lewis S. Benton, No. 540 West One Hundred and Fifty-ninth street.

On motion, it was

Resolved, That the "emergency" appointment of Henry J. Doody, of No. 235 East Forty-eighth street, and William S. Riordan, of No. 179 Carroll street, Brooklyn, as Telegraph Operators in the Fire Alarm Telegraph Bureau of the Fire Department (Boroughs of Manhattan, The Bronx and Richmond), with salary at the rate of \$1,200 per annum, be and the same hereby is approved for a period of fifteen days from May 15, 1907, in accordance with the provisions of Rule XII., paragraph 4.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to summon Messrs. Henry J. Doody, of No. 235 East Forty-eighth street, and William S. Riordan, of No. 179 Carroll street, Brooklyn, for a non-competitive examination to qualify them for provisional appointment as Telegraph Operators in the Fire Alarm Telegraph Bureau of the Fire Department (Boroughs of Manhattan, The Bronx and Richmond), with salary at the rate of \$1,200 per annum, under the provisions of Rule XII., paragraph 3.

On motion, it was

Resolved, That the leave of absence, without pay, from April 1 to May 31, 1907, granted Dr. May Murray Lowden, Bacteriologist in the Department of Health, be and the same hereby is approved, it appearing from the certificate furnished that the same is required owing to illness.

A letter was presented from the Supervisor of the City Record, dated May 16, requesting authority to employ Mrs. Ellen D. Kelly as Typewriting Copyist and Clerk for a period of three months, with salary at the rate of \$15 a week, under the provisions of Rule XII., paragraph 6. The request was denied, and the Secretary was directed to certify from the eligible list of Typewriting Copyist for a temporary appointment.

On motion, it was

Resolved, That, in accordance with the provisions of Rule XII., paragraph 6, Miss H. A. Manard, of No. 700 Park avenue, New York City, be and she hereby is exempted from examination to be employed as an Attendant at the Children's School Farm, De Witt Clinton Park, Borough of Manhattan, at a compensation of \$2.50 a day, it appearing that the services are educational, and of an occasional and exceptional character; provided, however, that her compensation shall not exceed \$750 in any one year.

A letter was presented from the Secretary of the Rapid Transit Railroad Commission, dated May 18, requesting authority to continue the employment of Messrs. William H. Bressler and Walter W. Miller, Rodmen, until September 1, 1907, and stating that because of the hazardous nature of the work on which they were engaged it was impossible to secure persons from an eligible list to perform the same. The Secretary stated that certification had been made to the department from appropriate eligible lists, but that it was unable to secure the services of persons willing to work under compressed air. The request was granted, for the reason that there was no eligible list of Rodman in existence, and for the additional reasons set forth in the department's letter.

The request of the President of the Borough of Richmond, under date of May 20, that he be authorized to employ Messrs. Daniel Low Bridgman, of Clifton, N. Y., and Archibald Fulton, of No. 97 John street, Port Richmond, New York, as Rodmen, pending the announcement of the eligible list for that position, in accordance with Rule XII., paragraph 3, was denied, for the reason that the list was near completion; and, on motion, it was

Resolved, That the "emergency" appointment of Messrs. Daniel Low Bridgman, of Clifton, N. Y., and Archibald Fulton, of No. 97 John street, Port Richmond, N. Y., as Rodmen in the office of the President of the Borough of Richmond, for a period of fifteen days, be and the same hereby is approved, under the provisions of Rule XII., paragraph 4.

The following reports of Boards of Examiners for positions in the non-competitive class were approved on the recommendation of the Chief Examiner:

Office of the President of the Borough of Brooklyn, May 17.
Department of Public Charities, May 20.

The voucher for payment of M. Light as Phonograph Operator in the Board of Education, from March 22 to April 22, 1907 (forty-seven hours, at \$1 an hour), amounting to \$47, was approved, under the provisions of Rule XII., paragraph 4.

On motion, it was

Resolved, That, in accordance with the provisions of Rule XII., paragraph 6, Mr. James R. Ryan be and he hereby is exempted from examination to be employed as a Special Investigator in the office of the Commissioner of Licenses for a period of four weeks, with salary at the rate of \$4 a day.

On motion, it was

Resolved, That, in accordance with the provisions of Rule XII., paragraph 6, the following-named persons be and they hereby are exempted from examination to be employed in Bellevue and Allied Hospitals in the capacity indicated, it appearing that the services are professional and of an occasional and exceptional character; provided, however, that in no case shall the compensation exceed \$750 in any one year:

Dr. George M. Creevey, Anaesthetist.
John A. Quinlan, Special Nurse.
T. D. Lockwood, Special Nurse.
F. S. Acton, Special Nurse.
Gertrude McCutcheon, Special Nurse.
Earl Axtell, Special Nurse.
Joseph A. Muhlbauer, Special Nurse.
James S. Norris, Special Nurse.

On motion, it was

Resolved, That, in accordance with the provisions of Rule XII., paragraph 6, Mr. H. D. Collins, of No. 119 East Thirty-fifth street, New York City, be and he hereby is exempted from examination to be employed as a Lecturer (visceral anatomy) in the Department of Public Charities, with compensation at the rate of \$5 a lecture, it appearing that the services are professional and of an occasional and exceptional character; provided, however, that his compensation shall not exceed \$750 in any one year.

On motion, it was

Resolved, That, in accordance with the provisions of Rule XII., paragraph 6, Dr. J. Schnurmacher, of No. 312 East Sixty-seventh street, be and he hereby is exempted from examination, to be employed as a Veterinary Surgeon in the Bureau of Buildings, Borough of Manhattan, it appearing that the services are professional and of an occasional and exceptional character; provided, however, that his compensation shall not exceed \$750 in any one year.

On motion, it was

Resolved, That, in accordance with the provisions of Rule XII., paragraph 6, Dr. H. Amling, Jr., and Dr. Robert W. McCully, Veterinary Surgeons, be and they hereby are exempted from examination, to be employed from time to time in Bellevue and Allied Hospitals, it appearing that the services are professional, expert and of an occasional and exceptional character; provided, however, that their compensation shall not exceed \$750 each in any one year.

The following vouchers for payment of salary to persons not regularly employed by The City of New York, for special services rendered to the City during the periods indicated, were certified to as being exempt from the provisions of the Civil Service Rules, and the Secretary was directed to attach certificate No. 3:

April 4 to 8, 1907—Minturn Hospital, care and treatment of Dr. Lindsay, at the rate of \$15 a week, Bellevue and Allied Hospitals.....	\$10 71

The applications of William C. Stoll for Assistant Engineer (Designer) and Ralph Lewis for Topographical Draughtsman were rejected, the candidates being under the minimum age fixed for those examinations.

The Commission then considered the case of Mr. Livingston Leeds, of Pelham Manor, New York City, who, on May 11, mailed a postal card to the office of the Commission, applying for entrance to the examination for Topographical Draughtsman, thinking the word "application" in the advertisement meant any written application for permission to compete. The Secretary stated that a blank application form was immediately forwarded to the candidate, who filled the same out and filed it in the office of the Commission on May 14, but as the receipt of applications for that examination closed on May 13 he had given the candidate a conditional notice for the examination, pending the decision of the Commission in his case. The action of the Secretary was approved and the application was accepted.

The Secretary called the attention of the Commission to the case of Patrick W. O'Grady, No. 169 Saratoga avenue, Cohoes, N. Y., candidate for Assistant Engineer (Designer), who telegraphed on May 16, 1907 (the closing date), for permission to compete in the examination. It appeared that a blank application form had been at once mailed to the candidate and that the same had been filed in the office of the Commission on May 18, 1907. After due consideration of the matter, the candidate's application was accepted as of the date upon which he first applied for entrance to the examination.

A communication was presented from Joseph A. Scarinzi, No. 24 City Hall place, New York City, protesting against the employment of Michael Tandlich and Joseph Rinaldi as Interpreters in the Court of Special Sessions, First Division, on the ground that their names were not taken from the civil service eligible list for that position. The Secretary stated that Mr. Tandlich had been exempted from examination in accordance with Rule XII., paragraph 6, to be employed from time to time to render expert service in the said Court, but that there was no record of the appointment of Joseph Rinaldi, nor had the Commission authorized his temporary employment. The Secretary was directed to communicate with the Justices of the Court of Special Sessions and request a report on the matter.

The following requests for restoration to the eligible lists indicated were granted: Charles Strauss, No. 248 East Seventy-eighth street, Senior Clerk, for certification at not less than \$1,050. Was out of town when certified to the Board of Education on April 9 and the Tenement House Department on April 6, 1907.

Emil E. Fischer, No. 115 Second street, preferred list of temporary Clerk. Submitted letter from the Receiver of Taxes and a doctor's certificate to the effect that he resigned his position in the Department of Finance on September 29, 1906, on account of illness.

The request of Bertram J. Ahearn, No. 79 Henley street, Charlestown, Mass., that his name be restored to the list of Rodman, Board of Water Supply, was denied, the eligible list for that position having been exhausted and a new list about to be announced.

The request of Hayden Hamilton, No. 332 Convent avenue, New York City, that he be restored to eligibility for appointment as Transman and Computer in the Borough of Queens, was denied, he having declined appointment in that Borough on October 23, 1906, on the score of "location."

A letter was presented from the Secretary of the International Union of Steam Engineers, dated May 20, stating that the complaint of that union against the employment of John Dooley in the Bureau of Sewers, Borough of Queens, was made under a misapprehension of the facts. The communication was ordered filed.

A letter was presented from Edward Owens, No. 875 Tremont avenue, New York City, dated May 20, requesting that his name be removed from the blacklist, and that the disqualification appearing against it on the eligible list of Attendant be removed. The Secretary stated that the candidate passed the recent examination for Attendant with a percentage of 84.31, but that he had been directed not to certify the name,

pending the decision of the Court in the suit brought by Mr. Owens for reinstatement in the position of Keeper in the Department of Correction, from which he had been dismissed on August 12, 1903. It appeared from the candidate's letter that in July, 1905, his suit for reinstatement had been discontinued. After due consideration of the facts in the case, on motion, it was

Resolved, That the name of Edward Owens, of No. 875 Tremont avenue, New York City, be and the same hereby is removed from the "blacklist," and the Secretary is hereby directed to certify the candidate's name for appointment to the position of Attendant, in the regular order of percentage.

The request of Thomas Clendaniel, One Hundred and Forty-fourth street and Mott avenue, Borough of The Bronx, that his name be restored to the preferred list of Climber and Pruner, was granted on the recommendation of the Labor Clerk, his declination of appointment in the Department of Parks, Borough of Manhattan, on April 16, 1907, having been due to location.

The request of Mary McNamara, No. 537 West Fifty-second street, that her name be restored to the preferred eligible list of Cleaner, Borough of Manhattan, was granted on the recommendation of the Labor Clerk, her failure to report for duty in the office of the President of the Borough of Manhattan on January 28, 1907, having been due to the fact that she failed to receive the notice of her appointment.

The Commission then adjourned to meet Wednesday, May 29, 1907, at 10 o'clock in the forenoon.

F. A. SPENCER, Secretary.

STATEMENT No. 2.

REPORT OF CHIEF ENGINEER LOOMIS.

April 12, 1907.

Hon. WILLIAM J. BOYHAN, Superintendent of Sewers:

Dear Sir—In compliance with instructions, I hand you herewith a report of the work done and in course of construction under my supervision for the quarter ending March 31, 1907, with a statement of work done by mechanics and laborers:

The present total length of the sewerage system in the Borough of Manhattan is 2,715,273 linear feet, or 514.25 miles, with 6,207 receiving basins, making the amount completed of new sewer during the quarter, 2,568 linear feet and four receiving basins.

The following sewers have been completed during the quarter:

Sewer in West One Hundred and Sixty-fourth street, between St. Nicholas avenue and Broadway.

Sewer in West Two Hundred and Thirteenth street, between the Harlem river and Tenth avenue.

*Sewer in West One Hundred and Seventy-fourth street, between Amsterdam and Audubon avenues.

*Sewer in West One Hundred and Seventy-first street, between Fort Washington and Haven avenues.

*Sewer in West Two Hundred and Fourth street, between Harlem river and Ninth avenue.

*Sewer in Two Hundred and Third street, between Harlem river and summit west of Ninth avenue, and in Ninth avenue, between Two Hundred and Second and Two Hundred and Fourth streets.

There are now in active progress fifteen (15) contracts payable from Street Improvement Fund, amounting to \$181,670.50. There are also four reconstruction contracts now in progress, payable from appropriation, Reconstruction of Sewers, Borough of Manhattan, amounting to \$59,405.75. A detailed statement of the above works appears in schedule annexed.

The following contracts are advertised, and as soon as they are awarded to the successful bidders, dates will be set for the commencement of work:

Outlet sewer under Pier 61, North river, and in marginal street, east side, between Eighteenth and Twenty-first streets, with connections in Nineteenth and Twentieth streets.

Sewer in Tenth avenue, between Two Hundred and Ninth and Two Hundred and Eleventh streets, and between Two Hundred and Thirteenth and Two Hundred and Sixteenth streets.

Sewer in Tenth avenue, between Two Hundred and Eleventh and Two Hundred and Thirteenth streets, and in Two Hundred and Thirteenth street, between Tenth avenue and Broadway.

Sewer in West Two Hundred and Fourteenth street, between the Harlem river and Tenth avenue.

The following special contracts will be prosecuted as soon as dates are set for the commencement of same:

Receiving basin on the southeast corner of One Hundred and Forty-fifth street and Broadway.

*Returned as completed by Inspectors but not accepted.

Receiving basin on the southeast corner of One Hundred and Eighteenth street and Lenox avenue.

Receiving basin on the southeast corner of One Hundred and Forty-fourth street and Broadway.

Receiving basin on the southwest corner of One Hundred and Twenty-eighth street and Seventh avenue.

Extension of sewer in West Sixty-first street, between Central Park West and Broadway.

The following have been petitioned for by property owners, and preliminary steps toward building the same have been taken:

Sewer in Bennett avenue, between Broadway and One Hundred and Eighty-first street.

Sewer in Broadway, both sides, from Two Hundred and Fourteenth street to Ship Canal Bridge.

Sewers in Ninth avenue, between Two Hundred and Tenth and Two Hundred and Fifteenth streets, and between Two Hundred and Eighteenth street and Broadway.

Sewer in Two Hundred and Twelfth street, between Harlem river and Broadway.

Sewer in Sherman avenue, between Tenth avenue and Emerson street, and between Dyckman street and Broadway; in Isham street, between Broadway and Tenth avenue, and in Emerson street, between Post avenue and summit west of Sherman avenue.

Sewers in Vermilyea avenue, between Two Hundred and Eleventh and Dyckman streets, and in Hawthorne street, between Broadway and summit east of Vermilyea avenue.

Sewer in West One Hundred and Ninety-first street, between Wadsworth and St. Nicholas avenues.

Sewer in Fairview avenue, between Broadway and St. Nicholas avenue.

Extension of sewer in Ninety-seventh street, between Madison and Park avenues.

Sewer in Fletcher street, between South and Front streets.

Sewer in One Hundred and Fifty-eighth street, between Edgecombe road and St. Nicholas avenue.

Sewer in Scammel street, between Water and Cherry streets.

Extension of sewer in One Hundred and Twenty-fourth street and Harlem river.

Sewer in One Hundred and Forty-sixth street, between Eighth and Bradhurst avenues.

Extension of sewer in One Hundred and Eleventh street, between Eighth and Manhattan avenues.

Extension of sewer in One Hundred and Twentieth street at East river.

Receiving basin on the northwest corner of One Hundred and Thirty-ninth street and Lenox avenue.

Receiving basin on the southwest corner of One Hundred and Twentieth street and St. Nicholas avenue.

Receiving basins on the north and south sides of Seventy-second street at retaining wall of Exterior street.

Receiving basin south side of Fourth street, near East river.

Receiving basin on northeast corner Avenue A and Twenty-second street.

West One Hundred and Seventy-seventh street (Depot lane), Haven avenue to Riverside drive.

Sewer in Seaman avenue, between Academy and Emerson streets.

One Hundred and Seventy-seventh street, between Audubon and St. Nicholas avenues.

Basin south side One Hundred and Eighteenth street, between Lenox and Fifth avenues.

Reconstruction of the following sewers is proposed and preliminary steps are being taken towards preparing same:

Reconstruction of outlet sewer under Pier (new) 58, North river, and in marginal street, east side, between Fourteenth and Eighteenth streets, with connections in Fourteenth, Fifteenth, Sixteenth and Seventeenth streets.

Reconstruction of outlet sewer under Pier (new) 15, East river, and in South street, between Maiden lane and Burling slip.

Reconstruction of outlet sewer at the foot of Seventy-fourth street, East river.

Reconstruction of outlet sewer, between Forty-second and Forty-third streets, with overflow at the foot of Forty-second street, North river.

Reconstruction of outlet sewer at the foot of Seventy-ninth street, East river.

Outlet sewer, Harlem river, between One Hundred and Thirty-fourth and One Hundred and Thirty-fifth streets, and in Park avenue, between One Hundred and Thirty-fourth and One Hundred and Thirty-fifth streets.

Reconstruction of outlet sewer at the foot of Market street, East river.

Reconstruction of sewer at Hudson river and Albany street.

Rebuilding of sewer in Twenty-sixth street, between Fifth and Sixth avenues.

Rebuilding of sewer in Liberty street, Greenwich to West street.

Rebuilding of sewer in Liberty street, between Nassau street and Maiden lane.

Rebuilding of sewer in John street, Broadway to Pearl street.

Rebuilding of sewer in Cedar street, between Broadway and Nassau street.

The work in this Bureau has been prosecuted as expeditiously as possible during the past season, but it has been attended with many difficulties. The severe weather of the past three months has prevented earth excavation to any great extent and materials taken from trenches and piled on the sides for the purpose of back-filling have been frozen so that they could not be used for the purpose at the time when needed. Nevertheless, there have been six sewer contracts completed, all of which were in the northern part of the City. This section is now in a fair way to have sewers in every street and avenue, where needed, completed within a short time. A glance at the foregoing lists of works advertised for and contemplated will show that there is considerable reconstruction of all sewers to be done in various parts of the City. All the necessary reconstructions in the marginal street on the west side, known as the "Chelsea Improvement," are now ready to be contracted for and it is expected that the work will be finished during the coming season. There is also considerable of the same class of work, which will be put under contract during the present season, along the water front of the East river.

The most serious problem which confronts the Department regarding the existing system are the many changes and alterations which are proposed by the Rapid Transit Commission and other corporations building railroads underneath the public streets.

A careful study of this question is likely to show that the piecemeal construction by these corporations will involve so much confusion that in the end the entire reconstruction of the sewer system in the lower part of the City will be necessary. Such a proposition has been given some consideration, but it does not appear at the present time that any funds will be available for such a purpose, and the only thing that is possible will be such studies of the situation as will lead to adoption some time in the future of a proper plan.

Sewer Permits.

Eighty permits issued for new connections and 147 permits issued for repairs.

Engineers' Fees.

Amount of Engineers' fees assessed on property benefited and charged to Street Improvement Fund was \$1,495.86.

Yours respectfully,

HORACE LOOMIS, Chief Engineer of Sewers.

The grates were made of heavy pattern material 7¼ feet wide and 6 feet deep, in which all kinds of coal could be used, giving a 40 per cent. air space and perfect combustion. The valve gear on the Corliss engine was repaired and left in good condition. A supply of incandescent lamps was also furnished for use in the building. About 35 feet of wood partition 8 feet high was furnished and erected in Room 5; two panels were furnished and installed in Room 2; the elevator gates repaired throughout the building, and rubber buffers installed where required. The door locks and door frames were thoroughly repaired so the same were left in perfect condition. The governor ropes on elevators repaired, the automatic cut-offs adjusted, pistons repacked, the operating valves repacked and the lifting cables shortened. A testing set was furnished for use of the Bureau's Electrician. About fifty signs of a selected design were furnished and installed throughout the building. Six rugs were furnished for the record room, also two brush mats; eighteen yards of Wilton velvet carpet for runners were furnished and laid, and one fancy brush mat; two mahogany roll top desks and one plate glass for flat top desk in the Armory Board. Three Wilton velvet rugs 4 feet 6 inches by 7 feet, 4 feet 6 inches by 6 feet, and 16 feet by 9 feet. 39½ yards of inlaid linoleum

were furnished and cemented to floor in Room 5. An additional switch was installed to control two chandeliers in Room 5 in the basement, and alterations made in the wiring in Room 16 and Surrogates' Court. Lights on desks in Rooms 1, 4 and 34 of the Corporation Counsel's office were removed, and all changes made in the directories of panel board so as to correspond with changes made in the wiring of the building. The push button system was wired so as to ring in Room 129; the desk light in Room 4 moved, and all the wiring for telephone in Room 19 put in. Electrical cables were installed in the elevators, and telephone wires provided on the interior of the building, and electric lighting of desks of the record room in the basement provided for. One typewriter desk for Room 129, with marble base and electric wiring for same was furnished; wooden base taken off and locks changed in this room to permit the use of a master key. A movable platform was installed under the witness chair in both courtrooms; two desks moved in Room No. 7, the Clerk's desks in both rooms disconnected, and several other desks moved to meet the requirements of the office. Necessary supplies for Janitor and Engineer, such as tools, oils, packing, cleaning supplies, etc., were furnished from time to time as required.

West Washington Market—Supplies for cleaning, etc., were furnished from time to time, and repairs made to the roofs at stands Nos. 3 to 31 Loew avenue, and Nos. 4 to 24 Loew avenue; Nos. 16 to 20 Hewitt avenue; Nos. 13 to 23 Hewitt avenue; Nos. 17 to 25 Thompson avenue; Nos. 16 to 36 Bloomfield street. The gutters were repaired on the south side of Grace avenue, between Lawton and Thirteenth avenues, and on the north side of Thompson avenue, between Lawton and Thirteenth avenues. Repairs were made to the gutters at stands Nos. 32, 34 and 35 Lawton avenue; Nos. 28, 30 and 32 Hewitt avenue, all of which were damaged by fire. The new work was painted with metallic roof paint. It was necessary, owing to fire which destroyed one of the buildings, to tear out all of the dangerous parts of the building burned, and clean up all the dirt and rubbish caused therefrom.

Jefferson Market, Washington, Gansevoort, Tompkins and Fulton—These markets were maintained and cleaned as usual, and small supplies furnished as required.

County Jail—Janitor's supplies were furnished as required, and about thirty 2-inch new boiler tubes, 7 feet long, that were burned out, were installed. A new gasket put in on hand hole boiler, and the boiler left in complete working order.

Offices of the Commissioner of Public Works—Telephone service was furnished as usual for the use of the Commissioner. About fifty yards of plain linoleum were furnished and laid in rooms 1801 and 1802, also one metal filing case for use of the general office. A supply of ice was delivered to the various bureaus connected with the Department.

Bureau of Public Buildings and Offices—Janitor's and Engineer's supplies for cleaning were furnished and delivered from the store room to the various public buildings and offices as required. The order for the use of horse, wagon and driver for the Superintendent was renewed each month. The windows on the various public buildings were cleaned as usual under contract. The following supplies were distributed as needed: Coal and wood for heating, ice, brooms, pails, soap, soap powder, waste paper baskets, sapolio, sponges, mop handles, feather dusters, scrubbing brushes, ash cans, etc. Among the many items of repair made to the various courts and offices not hereinbefore mentioned, were plumbing, steam fitting, carpentering, roofing, plastering, mason work, painting, electrical work, repairs to safes, repairs to machinery, elevators and office furniture. The work mentioned was done on the monthly orders as required. For the use of the mechanics in the employ of the Bureau supplies of lumber, hardware, paints, varnish, etc., were furnished.

Respectfully submitted,

JOHN H. STEWART,

Acting Superintendent, Public Buildings and Offices.

Papers Presented in Favor of the Petition Advertised.

North Manhattan Taxpayers' Association, Daniel F. McElkenney, secretary, at their meeting May 13, 1907, passed resolutions in favor of having this avenue opened.

Petition in favor of Corlear avenue and Tibbett avenue, signed by John Bradley, Robert Bradley, John F. McNally and seventeen others, dated May 6, 1907. Petition of favor signed by J. A. Briggs dated March 28, 1907. Also petition in favor by Mary Alice Dean, 515 feet north side, Mary A. W. Heaton, letter in favor dated May 9, 1907.

Winthrop & Stimson, attorneys for A. E. Putnam, owns 200 acres, and in favor of the opening of this avenue.

E. J. Gallagher appeared in favor, as did also Peter Trinton, Archibald M. Schrady, Patrick Freehill, James C. Larkin, John Bradley for J. Flanagan, Frank Bortlik and Wm. Soenneken.

On motion, duly seconded, the matter was laid over for executive session, and the President of the Borough informed those present that there would be no further hearing before the Local Board.

No. 624. Constructing driving bridges over the tracks of the New York Central and Hudson River Railroad and the Harlem Railroad at St. Paul's place and at East One Hundred and Seventy-first street.

The President of the Borough explained to the large delegation that was present, that if bridges were erected for vehicles, that it would necessitate very great expense, owing to the changes of grade that would necessarily have to be made to meet the new conditions.

After further discussion it was respectfully

Resolved, That the Local Board of Morrisania, Twenty-fourth District, in regular meeting assembled, does hereby recommend to the favorable consideration of the Board of Estimate and Apportionment that it initiate proceedings to have the New York and Harlem Railroad Company construct foot bridges across its tracks at St. Paul's place and at East One Hundred and Seventy-first street, in the Borough of The Bronx, in pursuance of the agreement between the New York and Harlem Railroad Company and The City of New York, made under the provisions of chapter 721 of the Laws of 1887; and be it further

Resolved, That a copy of this resolution be forwarded to the New York and Harlem Railroad Company.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 29th day of May, 1907.

Unanimously adopted.

No. 625. Constructing a sewer and appurtenances in East One Hundred and Eighty-first street, between Valentine avenue and Ryer avenue.

Petition of Mrs. A. Van Wagner was read, also the report of the Engineer in charge of sewers. No opposition.

Estimated cost, \$2,450; assessed value of the real estate, with improvements, included within the probable area of assessment is \$16,700.

On motion, duly seconded, it was

Resolved, That proceedings be and the same are hereby initiated for constructing a sewer and appurtenances in East One Hundred and Eighty-first street, between Valentine avenue and Ryer avenue.

Unanimously adopted.

No. 626. Constructing a sewer and appurtenances in Anderson avenue, between One Hundred and Sixty-fourth street and Shakespeare avenue.

Petition of Wm. N. Clark and others was read, also report of the Engineer in charge of sewers.

Estimated cost, \$25,900. Assessed value of the real estate, with improvements, included within the probable area of assessment is \$163,450.

There being no opposition, it was

Resolved, That proceedings be and the same are hereby initiated for constructing a sewer and appurtenances in Anderson avenue, between One Hundred and Sixty-fourth street and Shakespeare avenue.

Unanimously adopted.

No. 627. Regulating and grading, setting curbstones and flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in West One Hundred and Ninety-second street, between the Croton Aqueduct and Aqueduct avenue.

Petition of Walter E. Brown and another was read. No one appeared in opposition.

Laid over awaiting report.

No. 628. Regulating, grading, and paving with asphalt blocks East One Hundred and Ninety-second street, between Creston avenue and Kingsbridge road.

No one appeared in opposition.

Petition of A. O. Salter and others. Laid over awaiting report of Chief Engineer as to estimated cost, etc.

No. 610. Acquiring title to Fox street, between Leggett avenue and Longwood avenue, and between its southerly intersection with Intervale avenue and Barretto street; also Simpson street, between Barretto street and Westchester avenue.

Petition of Bronx Borough Realty and Construction Company, by Jacob Leitner, agent, was read, as was also letter dated May 21, 1907, signed by American Real Estate Company, by W. B. Hinckley, secretary, in which the latter stated that it was the owner of all land lying within the bed of Simpson street, between Dongan street and Westchester avenue, and intends to cede and convey the same to The City of New York.

In view of this fact, the following was adopted:

Resolved, That the Local Board of Morrisania, Twenty-fourth District, hereby initiates proceedings for acquiring title to the lands necessary for Fox street, between Leggett avenue and Longwood avenue, and between its southerly intersection with Intervale avenue and Barretto street; also Simpson street, between Barretto street and Dongan street.

Unanimously adopted.

No. 593. Laying out a street 60 feet in width, parallel to Kingsbridge avenue and 200 feet easterly therefrom, southerly of West Two Hundred and Thirty-fourth street.

Under date of May 17, 1907, the Chief Engineer of the Borough reported "that a map was in preparation for amending the street system in Kingsbridge, on which this proposition will be taken care of."

The tentative map was presented to the Local Board at this meeting, and the following appeared in opposition:

A. N. Silber, Singer estate, by C. I. Winegard; Mrs. E. M. Geer, represented by T. C. Larkin, John Bradley, Frank Bortlik.

Manierre Brothers appeared and withdrew objection to plan they made heretofore. They believed that the time had come when this section should be opened, and that this additional outlet was necessary, and that owners there should know where the new street was to be located, and that the present conditions there were retarding the growth of Kingsbridge.

E. J. Gallagher spoke in favor also.

On motion, the matter was laid over until June 20, 1907.

Plan of the Kingsbridge Section.

For the information of the property owners and members of the Local Board, President Haffen presented a general tentative sketch, as prepared by the Topographical Bureau, of the street system of Kingsbridge, and after discussion it appeared that none of the persons present were opposed to the layout, and were in favor of

having West Two Hundred and Thirty-first street 80 feet wide, from Bailey avenue west to Riverdale avenue; West Two Hundred and Thirty-eighth street, 80 feet wide, from Albany Post road to Spuyten Duyvil parkway, and Kingsbridge avenue, 70 feet wide, from West Two Hundred and Thirtieth street to Broadway, at West Two Hundred and Thirty-eighth street.

Secretary directed to notify Rapid Transit Railroad Commission of the Local Board's approval of the sketch submitted, and to send a copy of same showing the proposed widening of the intersections of West Two Hundred and Thirty-first street, West Two Hundred and Thirty-eighth street with Broadway, to the said Commission. Unanimously adopted.

On motion, the Board adjourned until June 6, 1907, at 3.30 p. m.

HENRY A. GUMBLETON, Secretary.

NOTICE OF SALE AT AUCTION.

ON TUESDAY, JUNE 25, 1907, at 11 o'clock a. m., the Department of Water Supply, Gas and Electricity will sell at public auction to the highest bidder, by William H. Smith, auctioneer, at the Gowanus Pipe Yard, Butler and Nevins streets, Borough of Brooklyn, N. Y., the following parcels of scrap iron:

"A."

125 tons, more or less, scrap iron. The above material is stored on the grounds of the Gowanus Pipe Yard, and will be sold on the spot.

"B."

50 tons, more or less, scrap iron. The above material is stored on the grounds of the Western District Repair Yard, North Portland avenue, Borough of Brooklyn, N. Y.,

but will be sold at the Gowanus Pipe Yard, Butler and Nevins streets, Borough of Brooklyn, N. Y.

TERMS OF SALE.

The upset price at which this material will be sold is as follows: \$8 per ton for scrap iron.

No bid below this price will be considered or accepted.

The sale of the material will be based on delivery on the ground, but the purchaser or purchasers must agree to have the material weighed at the nearest public scale to the point where the material is sold.

Successful bidders must make cash payment in bankable funds at the time and place of sale.

Bids will be received for one or both lots of this material, but no bid will be considered or accepted for less than the entire quantity in each case.

The purchaser or purchasers must remove all the material within thirty days after the sale, otherwise he or they will forfeit the money paid at the time of sale and the ownership to the material, which will thereafter be resold for the benefit of the City. The purchaser or purchasers must remove the material under the supervision of an employee of the Department, and will not be allowed to select material for removal at will.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8. AUDUBON AVENUE—SEWER, between One Hundred and Sixty-fifth and One Hundred and Sixty-sixth street. Area of assessment: Triangle bounded by St. Nicholas avenue, West One Hundred and Sixty-sixth street and Audubon avenue, and east side of Audubon avenue, from One Hundred and Sixty-sixth street to One Hundred and Sixty-seventh street.

—that the same was confirmed by the Board of Assessors on June 18, 1907, and entered on June 18, 1907, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such

assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room H, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 17, 1907, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., acquired for street opening purposes in the

Borough of The Bronx.

Being all those certain buildings, parts of buildings and fences on West Farms Road from Bronx river to Morris Park avenue, Borough of The Bronx, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 13, 1907, the sale of the above described buildings and appurtenances thereto will be held by the direction of the Comptroller, on

TUESDAY, JUNE 25, 1907,

at 10.30 a. m., on the premises, on the following

TERMS AND CONDITIONS. It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with the City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for bonds or stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a solvent banking corporation, two per cent. of the par value of the bonds or stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the bonds or stock awarded to him or them at its or their par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury by the persons whose bids are accepted, of the amounts due for the bonds or stock awarded to them respectively, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of bonds or stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however, that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the bonds to the bidder offering the highest price for all or none of said bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision, the condition that the bidder will accept only the whole amount of bonds or stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the bonds or stock offered for sale.

7. Bonds or stock issued in Coupon form can be converted at any time into Registered Bonds or Stock, and Bonds or Stock issued in Registered form can be converted at any time into Coupon Bonds or Stock in denominations of \$1,000.

8. The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York. (No special form of proposal is required, therefore no blanks are furnished.)

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Manhattan, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired for street opening purposes, in the

Borough of Manhattan.

Being the buildings within the area of the proposed Delancey street extension located between Broome and Spring streets, and extending from the Bowery to Elm street, Borough of Manhattan, and which is more particularly described on a map on file in the office of the Collector of City Revenue.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held June 5, 1907, the sale of the above-described buildings and appurtenances thereto will be held by the direction of the Comptroller on

MONDAY, JUNE 24, 1907,

at 10 o'clock a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, planks, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against them and from all damages and costs to which they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made

watertight, where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out streets and fix grades for same within the territory comprised by Sections 1, 2, 13, 14, 15, 16, 29, 30 and 31 of the final maps of the Borough of Queens, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 28, 1907, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on June 7, 1907, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out streets and fixing grades for the same within the territory comprised by Sections 1, 2, 13, 14, 15, 16, 29, 30 and 31 of the final maps of the Borough of Queens, in the Borough of Queens, City of New York, more particularly described as follows:

The streets affected by this change are located within the territory bounded by the Brooklyn borough line, boundary line between the First and Second Wards of the Borough of Queens, Thomson avenue, Betts avenue, Maspeta avenue, Grand street, the Mt. Olivet and Lutheran cemeteries, Fosdick avenue, Myrtle avenue, Epsilon place, Fresh Pond road, Cypress avenue and Vermont avenue.

The streets comprise a portion of those shown upon a map of that portion of the Second Ward (Town of Newtown) bounded by Jackson avenue, Kelly avenue, Woodside avenue, Fisk avenue, Grand street, Long Island Railroad, Dry Harbor road, Cooper avenue, Myrtle avenue, Manhattan Beach Railroad, Brooklyn Borough line and First Ward boundary line, adopted by the Board of Estimate and Apportionment on November 13, 1903, and upon a map of that portion of the Second Ward (Town of Newtown) bounded by Myrtle avenue, Forest Park drive, boundary of the Second Ward and Manhattan Beach Railroad, adopted by the Board of Estimate and Apportionment on March 31, 1905.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 28th day of June, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 28th day of June, 1907.

Dated June 15, 1907.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held in the Old Council Chamber, City Hall, Borough of Manhattan, on Friday, June 7, 1907, the following proceedings were had:

Whereas, The Kings County Refrigerating Company has, under date of July 13, 1905, made application to this Board for a grant of a right, privilege and franchise to construct, maintain and operate a pipe line under and along Hall street and across Flushing avenue to the lands of the Wallabout Market, in the Borough of Brooklyn, for the purpose of supplying refrigeration to consumers therein; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on July 14, 1905, fixing the date for public hearing thereon as September 29, 1905, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Kings County Refrigerating Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Kings County Refrigerating Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Kings County Refrigerating Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

KINGS COUNTY REFRIGERATING COMPANY.

Proposed Form of Contract.

This contract, made this day of 1907, by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and Kings County Refrigerating Company, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a conduit not to exceed twelve inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, and also into the lands of the Wallabout Market, for the sole purpose of supplying refrigerant to consumers, said conduits and branches to be beneath the surface of each of the following-named streets, avenues and highways, between the points

described in the following route, all situate in the Borough of Brooklyn, City of New York, to wit:

Route—Beginning at a point in Hall street, about 325 feet north of the northerly line of Park avenue; thence northerly in, under and along Hall street to Flushing avenue; thence still northerly in, under and across Flushing avenue to the lands of the Wallabout Market, together with such branches from the pipes laid in the above-described route leading directly into private property or lands for the purpose of supplying patrons of the Company with cold air or refrigerant, said route being shown on a map entitled "Map showing the proposed pipe line of the Kings County Refrigerating Company, to accompany petition to the Board of Estimate and Apportionment, dated July 13, 1905," signed by James J. Phelan, Secretary, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The said right to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessee or successors, for a term of fifteen years from the date of the signing of this contract, with the privilege of renewal of said grant for a further period of ten years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and the Board of Estimate and Apportionment, or such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board or such other authority in its place) or the Company shall be bound upon request of the other to enter into a written agreement with such other authority, fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the Board of Estimate and Apportionment or its successors in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same is renewed, then at the termination of the said renewal term or upon the termination of the rights hereby granted, or for any other cause, all conduit lines and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of The City of New York, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as aforesaid, the City, by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove, at its own expense, said conduit line and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay for this privilege to The City of New York the following sums of money, to wit:

1. Five hundred dollars (\$500) in cash within thirty (30) days after the signing of the contract.

2. During the first five years of this contract an annual sum which shall in no case be less than seven hundred and fifty dollars (\$750), and which shall be equal to 5 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of seven hundred and fifty dollars (\$750).

During the second five years of this contract an annual sum which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to 6 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

During the third and remaining five years of this contract an annual sum which shall in no case be less than thirteen hundred dollars (\$1,300), and which shall be equal to 7 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of thirteen hundred dollars (\$1,300).

The gross receipts of the Company from the business of furnishing refrigerant to consumers outside of its warehouse at No. 30 Hall street, and outside of the lands of the Wallabout Market. The minimum sums provided to be paid annually shall include the percentages of such gross receipts as above and also such sums as may be paid under any agreement made with the Comptroller for privileges in the lands of the Wallabout Market.

3. An annual payment of twenty-five (25) cents for each linear foot of conduit line and two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway. The sums due shall be calculated from the day when permit is obtained to open the streets for any section of the work.

All sums herein provided for shall be paid into the Treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner

in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lienor, but shall apply to any purchaser upon foreclosure, or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to, or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—The Company shall complete the entire conduit line along the route hereinbefore described, and have the same in operation within one (1) year from the date of the signing of this contract; otherwise this grant shall cease and determine.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said pipe line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the route.

Ninth—The said Company shall bear the expense of keeping in repair for one year after it has been replaced all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the pipe line and its appurtenances.

Tenth—The said Company shall bear the expense of inspection, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said pipe line, which shall be done under this grant.

Eleventh—The Company shall cause a test to be made of the pipes laid under this grant before said pipes shall be used for the conveyance of gas or fluid under pressure for refrigerating purposes. The pipes so tested shall be submitted to a pressure of 450 pounds per square inch, and such test shall be made under the supervision of the Commissioner of Water Supply, Gas and Electricity. A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company indorsed by the Commissioner of Water Supply, Gas and Electricity and filed with the Board of Estimate and Apportionment.

Twelfth—During the term of this contract the Board of Estimate and Apportionment or its successor in authority shall have absolute power to regulate the maximum rates, provided that such rates shall be reasonable and fair.

The Company, upon the application for refrigeration of any person or corporation located along the routes herein authorized, shall extend its conduit to such premises and furnish to said applicant refrigerant at the prices which may be hereafter fixed; otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment.

Thirteenth—A correct map shall be furnished to the Board of Estimate and Apportionment by the Company, showing the exact location of all the conduit lines and manholes laid with reference to the curb lines of the streets and the street surface, and the same shall be furnished on the first day of November of each year until all pipe lines which are authorized by this grant are constructed, or until the right hereby authorized to construct pipe lines along the routes described have ceased by limitation, as herein provided.

Fourteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Fifteenth—The Company shall assume all liability by reason of the construction and operation of the conduit line, and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant the Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successor or assigns.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, except as otherwise herein specifically provided, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Seventeenth—The conduit line hereby authorized shall be used only by the Kings County Refrigerating Company, and for no other purpose than for supplying refrigeration by the ammonia process, or such other process as may be consented to by the Board of Estimate and Apportionment.

Eighteenth—The Company shall at all times keep accurate books of accounts of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigerant to consumers outside of its warehouse at No. 30 Hall street, together with such other information and in such detail as the Comptroller may require.

The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Nineteenth—The Company shall comply with the existing provisions of Article V. of chapter 566 of the Laws of 1890, and future amendments thereto, except in so far as the same are inconsistent with the provisions of this contract, and provided that all powers of the Company shall be limited by the provisions of this contract.

Twentieth—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed or fails to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board of Estimate and Apportionment of The City of New York may give written notice to the said Company specifying any default on the part of said Company and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy the said default within a reasonable time, said Company shall, for each day thereafter during which the default or defect remains, pay to The City of New York a sum of \$50, as fixed or liquidated damages, or the said City, in case such structures, which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

Twenty-first—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five hundred dollars (\$500), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges, shall collect the same, with interest from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund, the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five hundred dollars (\$500), and in default thereof, the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Twenty-second—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

[SEAL.] THE CITY OF NEW YORK,
By..... Mayor.
THE KINGS COUNTY REFRIGERATING COMPANY,
By..... President.

Attest:
[SEAL.]..... Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provision as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right;

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Kings County Refrigerating Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to July 8, 1907, in the City Record, and at least twice during the ten days immediately prior to July 8, 1907, in the Brooklyn "Daily Eagle" and the Brooklyn "Citizen," two daily newspapers designated by the Mayor therefor, and published in The City of New York, at the expense of the Kings County Refrigerating Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Kings County Refrigerating Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on July 8, 1907, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Dated June 7, 1907. JOSEPH HAAG,
Secretary,

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held in the Old Council Chamber, Room 16, City Hall, Borough of Manhattan, on Friday, May 24, 1907, the following proceedings were had:

Whereas, The Nassau Electric Railroad Company has, under date of May 29, 1905, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate a street surface railroad upon and along Livingston and other streets, in the Borough of Brooklyn; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 2, 1905, fixing the date for public hearing thereon as June 30, 1905, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," newspapers designated by the Mayor, and in the City Record for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Nassau Electric Railroad Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Nassau Electric Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Nassau Electric Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract, made this day of 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Nassau Electric Railroad Company, incorporated for the purpose of building, maintaining and operating a railroad (hereinafter called the Nassau Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Nassau Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double-track street surface railroad, with the necessary wires and equipment, crossovers, switches and turnouts, for the purpose of conveying persons and property in the Borough of Brooklyn, City of New York, upon the following route:

Commencing at the intersection of Livingston street and Court street; thence through and along Livingston street to Flatbush avenue; thence through and along Flatbush avenue to Lafayette avenue; thence through and along Lafayette avenue to Fulton street, together with the right to connect the aforesaid tracks with the existing tracks of the Brooklyn City Railroad Company upon Court street, Flatbush avenue and Fulton street; with the existing tracks of the Nassau Electric Railroad Company upon Boerum place, and with the existing tracks of the Brooklyn City and Newtown Railroad Company upon Smith street.

The said route, with crossovers, switches and turnouts, is illustratively shown upon the plan and profile herewith attached, entitled "Map showing plan of tracks of Nassau Electric Railroad Company on application for franchise from City of New York," dated May 29, 1905, and signed E. W. Winter, President; approved, Eugene Keapp, Chief Engineer; which plan and profile are to be deemed and hereby are made a part of this franchise. Provided that deviations therefrom and additional crossovers, switches and turnouts which are consistent with the foregoing description and other provisions of this franchise, may be permitted by resolution of the Board of Estimate and Apportionment.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Nassau Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railroad shall be obtained by the Nassau Company within six months of the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained, the Nassau Company shall, within two months thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railroad ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate a double track street surface railroad and the connections as herein described shall be held and enjoyed by the Nassau Company, its successors or assigns, for the term of ten (10) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of ten (10) years upon a fair revaluation of such right and privilege. Such revaluation shall be of the right and privilege to maintain and operate the said railroad by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the Nassau Company, its successors or assigns.

If the Nassau Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Nassau Company and the Board.

If the Nassau Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board) or the Nassau Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall

be chosen by the Nassau Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgments upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Nassau Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Nassau Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expense of the said appraisers shall be borne jointly by the City and the Nassau Company, each paying one-half thereof.

Third—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, the tracks and appurtenances, including sub and superstructure, poles, wires and subways for electrical conduits, constructed pursuant to this contract, within the streets and highways hereinbefore described, may be acquired by the City in the manner hereinafter described, and, if so acquired, the same may be used or disposed of by the City for any lawful purpose whatsoever, or may be leased to any company or individual. In case the City should decide, by resolution of the Board, to acquire said tangible property constructed in connection with and pertaining to the franchise herein conferred, a certified copy of the resolution of the Board declaring such intention shall be served upon the Nassau Company at least six months prior to the termination of this contract; or, if the same be renewed, then at least six months prior to the termination of the said renewal term; or, in case of the termination of this contract for any other cause than by expiration, within thirty days after such termination. If the City (by the Board) and the Nassau Company, after the declaration of such intention by the Board and the receipt of said resolution by the Nassau Company, can agree as to the then value of such tangible property, the amount thus agreed upon shall thereupon be paid by the City to the Nassau Company, and the property thus acquired shall become the property of the City from and after the date of termination of this contract or any renewal thereof. Nothing shall be included in such amount for any value derived from the franchise. In case, however, the City (by the Board) and the Nassau Company shall not agree as to the then value of said property within a reasonable time, such value shall be determined by appraisal in the manner hereinbefore described in connection with the revaluation of the terms of this franchise in case of a renewal thereof. If, however, within the time or times hereinabove mentioned, the City shall not declare its intention of acquiring said tangible property, the Nassau Company shall, at the termination of this contract or of any renewal thereof, remove any and all of its tracks and appurtenances constructed pursuant to this contract in said streets and avenues, and said streets and avenues shall be restored to their original condition, at the sole cost and expense of the Nassau Company. In case the Nassau Company shall neglect, after due notice from the City (by the Board) to remove said tracks and appurtenances after the expiration of this contract or any renewal thereof, then the City shall have the right to make such removal and to collect the expense thereof from the Nassau Company.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways and the right to make the requisite and necessary connections with the tracks of the Nassau Company, its successors or assigns, which shall be constructed under this contract.

The use of the railroad which shall be constructed and maintained in the streets, avenues and highways under this contract including the tracks, wires and other equipment used in connection therewith, shall be permitted by the Nassau Company, its successors or assigns, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways for street railroad purposes, upon payment of an annual sum by such individual or corporation to the Nassau Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railroad, and such proportion of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation, and such proportion of the cost of laying and repairing of pavement and removal of snow and ice, and of all the other obligations imposed upon the Nassau Company by the terms of this contract, in connection with the maintenance or the operation of the said railroad so used, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies using the same. And, in addition to the said annual sum, computed as aforesaid, the Nassau Company shall have the right to charge such corporation or individual a portion of the original cost of said railroad—the amount so charged to be in proportion to the respective use of said railroad, and to be also based upon that proportion of such part of the original cost as the unexpired portion of the franchise shall bear to the entire period thereof.

If at any time during the terms of this contract the City shall operate a street surface railroad over the whole or any portion of the railroad which shall be constructed under this contract, the Nassau Company shall allow the City to use the whole or any part of the track and track equipment upon payment by the City of an annual sum, which shall be no greater in proportion to the use than is provided above in the case of the use of said tracks and track equipment by other street railroad companies.

Each individual and corporation shall be charged by the Nassau Company a rental for the use of the aforesaid railroad tracks and appurtenances thereof that shall be uniform in proportion to use with that which the Nassau Company charges any other individual or corporation.

Fifth—The Nassau Company, its successors or assigns, shall pay for the right to construct, maintain and operate the tracks hereby authorized and described for and during the first five years after the commencement of the operation

of this extension, into the treasury of the City, to the credit of the Sinking Fund thereof, three per cent. (3%) of its gross receipts for and during the year ending September 30 next preceding; and after the expiration of such five years make a like annual payment into the treasury of the City, to the credit of the Sinking Fund, of five per cent. (5%) of its gross receipts, such percentages to be paid only upon such portion of the Nassau Company's gross receipts as shall bear the same proportion to its whole gross receipts as the length of its extension shall bear to the entire length of its railroad.

The president and the treasurer of the Nassau Company shall, on or before November 1 in each year, make a verified report to the Comptroller or chief fiscal officer of the City of the gross amount of its receipts for the year ending September 30 next preceding, and the books of such corporation shall be open to inspection and examination by such Comptroller or officer, or his duly appointed agent, for the purpose of ascertaining the correctness of its reports as to its gross receipts, and shall state in such report the total mileage of its extension herein authorized and the total mileage of the Company.

All payments provided for under this paragraph shall be made on or before November 1 in each year.

The annual charges of payments shall continue throughout the whole term of the contract hereby granted, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of any parts thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, anything in the statute or in the charter of such assignee or lessee to the contrary notwithstanding; and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim, by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this contract.

The rights and privileges granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by act of the Nassau Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding. And the granting, giving or waiving of any two or more of such consents shall not render unnecessary any subsequent consent or consents.

Nothing in this contract shall interfere with or prevent the Nassau Company making traffic arrangements for cars of the Brooklyn Rapid Transit system, and shall not be construed to prevent other companies or the City operating over the tracks of this extension hereby granted.

All compensation received by the Nassau Company from other railroad companies or from the City for the use of the tracks covered by this agreement shall be included in the amount of gross receipts upon which the Nassau Company is required to pay to the City annually the percentage provided above.

Sixth—The Nassau Company shall commence construction of the railroad herein authorized within three months from the day upon which the consents of the property owners are obtained, or from the decision of the Appellate Division of the Supreme Court, that such railroad ought to be constructed, and shall complete the construction of the same within six months from the same date, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that if the commencement or completion of said construction shall be prevented by legal proceedings in any Court, or by works of public improvement or from any other different cause not within the control of the Nassau Company, the time for the commencement or completion of such construction shall be extended for a period covered by such prevention.

Seventh—The said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City, who have jurisdiction in such matters, as provided in the Charter of the City.

Eighth—The said railroad shall be constructed and operated in the latest improved manner of street railway construction and operation for overhead trolley railroads, and the railroad and property of the Nassau Company shall be maintained in good condition throughout the term of this contract.

Ninth—The rate of fare charged for any passenger upon such railroad by any corporation operating thereon not to exceed the rate lawfully chargeable by such corporation for any passenger for one continuous ride from any point on the railroad, or of any road, line or branch operated by it or under its control, to any other point thereof, or of any connecting line or branch thereof within the limits of the City.

Tenth—The cars of each of the lines of the Nassau Company shall be run both day and night, as often as the reasonable convenience of the public may require, or as directed by the Board.

Eleventh—The Nassau Company shall attach to each car run over the said railroad proper fenders or safeguards, in conformity with such laws and ordinances as are now enforced, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Twelfth—All cars which are operated on said railroad shall be heated during the cold weather, in conformity with such laws and ordinances as are now enforced, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Thirteenth—The Nassau Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which the railroad shall be constructed under this contract, shall cause to be watered the entire roadway of such streets and avenues, at least three times in every twenty-four hours, when the temperature is above 35 degrees Fahrenheit, and shall provide for such purpose at least one tank car, to be propelled by electric power, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Fourteenth—All cars operated on said railroad shall be well lighted by electricity or by some lighting system equally efficient, or as may be required by the Board.

Fifteenth—The Nassau Company shall at all times keep the streets, avenues or highways upon

which the said railroad is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Nassau Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season or part thereof to clean an equivalent amount of street surface from curb line to curb line.

Sixteenth—The Nassau Company shall pave and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railroad is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities and whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the corporation to make pavements or repairs after the expiration of thirty days' notice to do so, the local authorities may make the same at the expense of such corporation. The Company agrees that notice printed in the City Record shall constitute sufficient notice within the meaning of this contract. And the City shall have the right to change the material or character of the pavement of any such street, avenue or highway, and in that event the Nassau Company, its successor or assigns, shall be bound to replace the pavement on the portion of the street it is responsible for in the manner directed by the proper City officer at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Seventeenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, where not otherwise provided by self-executing penalties, this contract may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Nassau Company, or at the option of the Board by resolution of said Board.

Eighteenth—If the Nassau Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed or to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Nassau Company, specifying any default on the part of the Nassau Company, and requiring the Nassau Company to remedy the same within a reasonable time; and upon failure of the Nassau Company to remedy such default within a reasonable time the Board of Estimate and Apportionment shall, after the hearing hereinafter provided for, fix such an amount that said Nassau Company shall pay as a penalty as shall seem just and fair to said Board, or the Board, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Nassau Company, in which case the Nassau Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Nineteenth—The Nassau Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Nassau Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twentieth—This grant is based upon the expressed condition that the Nassau Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of ten thousand dollars (\$10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Nassau Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the removal of snow and ice and the quality of the construction of the railroad; and in case of default in the performance by the Nassau Company of such terms and conditions, the City shall have the right to cause the work to be done and material to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceeding; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund, after ten days' notice in writing to the Nassau Company. Or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty to be fixed by the Board of Estimate and Apportionment after the hearing hereinafter provided for.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Nassau Company, through its president, to appear before the Board of Estimate and Apportionment on a certain day, not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Nassau Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board of Estimate and Apportionment to be in fault, said Board of Estimate and Apportionment shall forthwith impose such an amount as a penalty as appears to it to be just and fair, and without legal procedure instruct the Comptroller to withdraw the said amount of such penalty from the security fund deposited with the Comptroller. In case of any drafts made upon the security fund the Nassau Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars, and in default thereof this contract shall be canceled and null, at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any of the legal rights, remedies or causes of action belonging to the City.

The Company agrees to make application to the Commissioner of Water Supply, Gas and Electricity for permission to string and maintain its electrical conductors in the streets covered by this grant.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right;

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Nassau

Electric Railroad Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to June 28, 1907, in the CITY RECORD and at least twice during the ten days immediately prior to June 28, 1907, in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," two daily newspapers designated by the Mayor therefor and published in The City of New York, at the expense of the Nassau Electric Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Nassau Electric Railroad Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 28, 1907, at 10:30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

PUBLIC NOTICE.

AT A MEETING OF THE BOARD OF Estimate and Apportionment held May 10, 1907, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, The City of New York by an ordinance adopted by the Board of Aldermen March 16, 1903, and approved by the Mayor March 31, 1903, granted to the New York City Interborough Railway Company the right to construct, maintain and operate a street surface railroad upon certain routes particularly set forth in Section I. of said ordinance, and which ordinance, including all the terms and conditions thereof, was accepted by said Company by an instrument in writing duly filed with the Comptroller of The City of New York on April 3, 1903; and

Whereas, The said Company has petitioned the Board of Estimate and Apportionment under dates of June 26, 1905; June 21, 1906, and March 12, 1907, for the consent of The City of New York to certain modifications and alterations in said routes, as is fully set forth in said petitions; and

Whereas, The Board of Estimate and Apportionment has, in accordance with the provisions of law, held public hearings on the several petitions, to wit: On September 15, 1905; September 28, 1906, and on April 12, 1907, respectively; due notice of such applications and of such dates for public hearings having been published according to law; and

Whereas, It was provided by Section VI. of said ordinance that the said Company should complete the construction of at least twenty-four miles of double-track railroad on or before July 1, 1905; and

Whereas, Said Company has petitioned this Board under date of May 18, 1906, for an extension of time in which to complete the construction of said twenty-four miles of railroad; and

Whereas, This Board has made inquiry as to the proposed modifications and alterations in the said routes of said Company, and as to the extension of time applied for, and has reached the conclusion that certain of such modifications and alterations are desirable and in the public interest, and that an extension of time is warranted in order to permit of the construction of twenty-four miles of double-track railroad, including such modified or altered routes; now therefore it is

Resolved, That the following form of resolution for the consent or right applied for by the New York City Interborough Railway Company containing the form of proposed contract for the grant of such right be hereby introduced and entered in the minutes of this Board, as follows:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications and alterations in the route of the New York City Interborough Railway Company as granted by an ordinance adopted by the Board of Aldermen on March 16, 1903, and hereby consents to an extension of time in which to complete twenty-four miles of double-track railroad, including such modified or altered routes, such modifications and alterations in said routes and such extension of time being fully set forth and described in the following form of proposed contract for the granting thereof, embodying such terms and conditions as modify or alter said ordinance as approved March 31, 1903; which said ordinance otherwise remains unchanged as to all the other terms and conditions expressed therein; and be it further

Resolved, That the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

NEW YORK CITY INTERBOROUGH RAILWAY COMPANY.

Proposed Form of Contract for Alterations in Routes and Extension of Time for Completion of Construction.

This contract, made the day of 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York City Interborough Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, A certain ordinance, entitled: "An ordinance granting to the New York City Interborough Railway Company the right or franchise to construct and operate a street surface railroad in, upon and along certain streets, avenues, parkways, highways and bridges of The City of New York," was heretofore adopted by the Board of Aldermen, March 16, 1903, and approved by the Mayor of The City of New York on March 31, 1903; and

Whereas, Thereafter the Company on April 3, 1903, filed with the Comptroller of said City a written acceptance, executed March 31, 1903, of said ordinance, and of the terms, conditions and provisions thereof, and an agreement to perform and observe the same; and

Whereas, In and by said ordinance the consent of the corporation of The City of New York was granted to the Company for the construction, maintenance and operation of the railroad of said railway company upon certain enumerated streets, avenues, highways, etc., within said City, and across certain streets, avenues, highways, etc., as may be encountered in its route; and

Whereas, On the 10th day of April, 1905, on the 20th day of June, 1906, and on the 11th

day of March, 1907, the Board of Directors of the said Company at meetings of said Board duly held on said dates, and by a vote of two-thirds of all the directors of the said Company passed resolutions amending said routes as are more particularly shown on maps filed on April 25, 1905, on the 20th day of June, 1906, and on the 12th day of March, 1907, respectively, in the office of the Clerk of New York County; and

Whereas, It is the intention of said railway company when the consent of the City has been obtained to relinquish part of the routes as originally granted by the ordinance above referred to, and to substitute such changed or altered routes therefor; and

Whereas, The said Company has applied to the Board of Estimate and Apportionment as the local authorities of The City of New York by verified petitions dated June 26, 1905, June 21, 1906, and March 12, 1907, for the consent of such local authorities for such alterations and for the modification of the said ordinance in accordance therewith; and

Whereas, The Company has presented a petition dated May 18, 1906, for an extension of time in which to complete twenty-four miles of double-track railroad;

Now, therefore, in consideration of the premises, and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the provisions and conditions hereinafter set forth, the right to relinquish routes as heretofore granted to said Company, and to the substitution in the place thereof of certain other routes, all of which are shown on a map entitled: "New York City Interborough Railway Company," signed, Alfred Skitt, President; A. And further grants an extension of time in which to complete the construction of twenty-

four miles of double-track railroad upon the routes of the Company as heretofore granted, and hereby modified, from July 1, 1905, to a time eighteen months after the execution of this contract by the Mayor.

Section 2. The grant of this franchise, right and privilege is subject to the following conditions:

First—That all the terms, provisions and conditions contained in said ordinance approved March 31, 1903, except only the description of the routes which are hereby modified, and excepting so much of said ordinance as related to the completion of twenty-four miles of double-track railroad on or before July 1, 1905, shall apply to the routes of the said Company as described herein with the same force and effect as when they applied to the routes described in said ordinance approved March 31, 1903, and as though said altered routes had been specifically described in said ordinance.

Second—That the Company covenants and agrees to abandon and relinquish, and does hereby abandon and relinquish to The City of New York all its right and franchise to construct, maintain and operate a street surface railroad over the routes marked "Routes Relinquished" in the paragraphs entitled Change First, Change Second, Change Third, Change Fourth, Change Fifth, Change Sixth and Change Seventh in Section One hereof.

Third—That the company covenants and agrees to complete the construction and put in operation twenty-four miles of double-track railroad upon the route described in the ordinance approved March 31, 1903, and as herein modified, within eighteen months from the date of the execution of this contract by the Mayor of the City.

Fourth—That this contract shall not become operative until the Company shall procure to be executed and approved, in proper form for record, and duly deliver to the Board of Estimate and Apportionment an agreement wherein the Union Railway Company of New York City shall agree to waive any right it may have to exclusive franchises by former grants to or now owned by the said Union Railway Company in streets or avenues for which authority to construct railways therein is hereby given, and in which agreement the said Union Railway Company shall further agree to allow the use of its tracks in such streets and avenues by the said New York City Interborough Railway Company, its successors or assigns, The City of New York and any other company to which the City may hereafter grant or lease rights.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation similar rights or privileges upon the same or other terms and conditions in or upon which a railway is herein authorized.

Sixth—That this contract shall not become operative until the Company shall duly execute under its corporate seal an instrument in writing, to be first approved by the Corporation Counsel, and shall file the same in the office of the Comptroller of the said City within thirty days from the execution of this contract by the Mayor, in and by which said instrument in writing said Company shall covenant and agree that the consent of the Board of Estimate and Apportionment to the change of route shall not in any way change, alter or amend any of the terms, conditions and requirements in said ordinance approved March 31, 1903, fixed and contained and heretofore duly accepted by said Company by an instrument filed with the Comptroller of The City of New York on April 3, 1903, except only the description of the routes which are hereby modified, and excepting so much of said ordinance which relates to the time for the completion of twenty-four miles of double-track railroad, and that said ordinance approved March 31, 1903, shall remain in full force and effect, and said Company shall further covenant and agree, in said instrument, to abide by and perform all the conditions and requirements of this contract.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to the dock or wharf property known as GOUVERNEUR SLIP PIER, EAST, formerly known as Pier (old) 52, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier or any portion thereof not now owned by The City of New York, for the improvement of the waterfront of The City of New York, on the East river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

WE, THE UNDERSIGNED COMMIS- sioners of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands, pier or wharf property, and all persons interested therein, or in any rights, privileges or interests pertaining thereto, affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment and that all persons interested in this proceeding or in any of the uplands, lands, lands under water, premises, buildings, tenements, hereditaments, pier and wharf property affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us, at our office, Room No. 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York, on or before the 8th day of July, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 10th day of July, 1907, at 11 o'clock in the forenoon of that day.

Second—That the abstract of our said estimate and assessment, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, at the office of said Bureau, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 17th day of July, 1907.

Third—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held in the County Court House in the Borough of Manhattan in The City of New York, on the 25th day of July, 1907, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, June 17, 1907.

A. WELLES STUMP,

The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York to certain lands and premises, with the buildings thereon and the appurtenances thereto belonging, situated on the easterly side of Clinton street, between Broome street and the southerly clearance line of the Williamsburg Bridge, in the Borough of Manhattan, in The City of New York, in fee simple absolute, the same to be converted, appropriated and used as a site for buildings for police purposes, according to law.

Said lands and premises so to be acquired are described as follows:

Beginning at a point on the easterly side of Clinton street distant one hundred and nineteen (119) feet five (5) inches northerly from the northeasterly corner of Clinton and Broome streets; running thence easterly and nearly parallel with Broome street ninety-nine (99) feet ten and one-half (10½) inches to a point in the centre line of the block between Clinton and Attorney streets distant one hundred and nineteen (119) feet eleven (11) inches northerly from the northerly line of Broome street, measured on a line drawn at right angles thereto; thence northerly and parallel, or nearly so, with Clinton street eighty-one (81) feet three and one-quarter (3¼) inches to the southerly clearance line of the Williamsburg Bridge; thence westerly along said last-mentioned line ninety-nine (99) feet eleven and one-quarter (11¼) inches to the easterly line of Clinton street, and thence southerly along the easterly line of Clinton street eighty-one (81) feet eleven and one-half (11½) inches to the point or place of beginning.

FIRST JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to certain real estate, tenements, hereditaments, corporeal or incorporeal rights in the same, and any and all rights and interests therein, including unexpired terms of leases thereof, not now owned by The City of New York, situated in the Borough of Manhattan, in The City of New York, duly selected and specified by the Commissioner of Bridges of The City of New York, with the approval of the Board of Estimate and Apportionment of said City, pursuant to the provisions of chapter 712 of the Laws of 1901, as amended by chapter 90 of the Laws of 1907, for the reconstruction of the westerly or Manhattan terminal of the New York and Brooklyn Bridge, for the better accommodation of pedestrians, vehicles and railroad passengers using said bridge or terminal.

PURSUANT TO THE PROVISIONS OF chapter 712 of the Laws of 1901, as amended by chapter 90 of the Laws of 1907, and all other statutes in such case made and provided, notice is hereby given that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court, at a Special Term of said Court to be held in Part III, thereof, at the County Court House, in the Borough of Manhattan, in The City of New York, on the 28th day of June, 1907, at the opening of Court on that day or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Appraisal in the above-entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee simple absolute by The City of New York, for the use of the public, to such portions of the following described real estate, tenements, hereditaments, corporeal or incorporeal rights in the same, and any and all rights and interests therein, including unexpired terms of leases thereof, as are not now owned by The City of New York, situated in the Borough of Manhattan, in The City of New York, duly selected and specified by the Commissioner of Bridges of The City of New York, with the approval of the Board of Estimate and Apportionment of said City, pursuant to the provisions of chapter 712 of the Laws of 1901, as amended by chapter 90 of the Laws of 1907, for the reconstruction of the westerly or Manhattan terminal of the New York and Brooklyn Bridge, for the better accommodation of pedestrians, vehicles and railroad passengers using said bridge or terminal, namely:

All those certain arches and vaults forming part of the New York and Brooklyn Bridge terminal, situated in and under the New York and Brook-

lyn Bridge, in the Borough of Manhattan, in The City of New York, and known and designated on a certain map or plan entitled "Map of a portion of the Manhattan end of the New York and Brooklyn Bridge, showing the location of the arches and vaults in and underneath said structure, selected and specified on the 15th day of April, 1907, by the Commissioner of Bridges, subject to the approval of the Board of Estimate and Apportionment, under the provisions of chapter 712 of the Laws of 1901, as amended by chapter 90 of the Laws of 1907, for the reconstruction of the Manhattan terminal of the New York and Brooklyn Bridge," dated April 15, 1907, and signed by James W. Stevenson, Commissioner of Bridges, and C. M. Ingersoll, Chief Engineer, as follows:

Arches 5 and 6, in Block B, between Pearl street and Cliff street.

Arches 7, 8, 9, 10 and 11, in Block C, between Cliff street and Vandewater street.

Arches 12, 13, 14, 15, 16 and 17, in Block D, between Vandewater street and Rose street.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of JOHNSON AVENUE (although not yet named by proper authority), from the Spuyten Duyvil road to West Two Hundred and Thirtieth street, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 6th day of July, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 9th day of July, 1907, at 2 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 9th day of July, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly pierhead and bulkhead line of Spuyten Duyvil creek formed by the intersection of a line parallel with and 100 feet northerly from the northwesterly side of Tibbett avenue; thence northwesterly along said parallel line to its intersection with the southwesterly side of West Two Hundred and Thirtieth street; thence northwesterly along said southwesterly side of West Two Hundred and Thirtieth street and its prolongation to its intersection with the southerly prolongation of a line parallel with and 100 feet easterly from the easterly side of the northwesterly portion of West Two Hundred and Thirtieth street lying between Riverside avenue and Cambridge avenue; thence northerly along said southerly prolongation and parallel line and its northerly prolongation to a point distant 100 feet northerly from the northerly side of Cambridge avenue; thence northwesterly along a line at right angles to the line of Oxford avenue to the middle line of the blocks between Johnson avenue and Netherland avenue; thence southerly along said middle line of the blocks between Johnson avenue and Netherland avenue to its intersection with the middle line of the blocks between West Two Hundred and Thirtieth street and West Two Hundred and Thirtieth street; thence northwesterly along said middle line between West Two Hundred and Thirtieth street and West Two Hundred and Thirtieth street to its intersection with the middle line of the blocks between Netherland avenue and Arlington avenue; thence southerly along said middle line between Netherland avenue and Arlington avenue to its intersection with the middle of the blocks between West Two Hundred and Twenty-seventh street and West Two Hundred and Thirtieth street; thence southerly along said middle line between West Two Hundred and Twenty-seventh street and West Two Hundred and Thirtieth street to its intersection with the middle line of the blocks between Spuyten Duyvil road and Netherland avenue; thence southwesterly along said middle line of the blocks between Netherland avenue and Spuyten Duyvil road and Kappock street and Johnson avenue to the junction of Johnson avenue and Kappock street; thence southerly along a line at right angles to the United States pierhead and bulkhead line; thence northeasterly and easterly by said pierhead and bulkhead line to its intersection with a line parallel with and 100 feet northerly from the northwesterly side of Tibbett avenue, being the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 3d day of September, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of HAWKSTONE STREET (although not yet named by proper authority), from Walton avenue to the Grand Boulevard and Concourse, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 24th day of June, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 26th day of June, 1907, at 12 o'clock m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 26th day of June, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northerly line of East One Hundred and Seventy-second street with the middle line of the block between Townsend avenue and Walton avenue; running thence northerly along said middle line of the block to its intersection with the southerly line of Belmont street; thence easterly along the southerly line of Belmont street to its intersection with the middle line of the block between the Grand Boulevard and Concourse and Sheridan avenue; thence southerly along said last-mentioned middle line of the block to its intersection with the northerly line of East One Hundred and Seventy-second street; thence westerly along the northerly line of East One Hundred and Seventy-second street to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 25th day of July, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, May 6, 1907.

SECTION No. 6.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court to be held in and for the Third Judicial District, at the City Hall, City of Albany, N. Y., on June 29, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said act and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Hurley, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map.

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to.

All those certain pieces or parcels of real estate situated in the Town of Hurley, County of Ulster, and State of New York, shown on a map entitled "Reservoir Department, Section No. 6, Board of Water Supply of The City of New York. Map of real estate situated in the Town of Hurley, County of Ulster, and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir, south of railroad," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, New York, on the 8th day of May, 1907, and is bounded and described as follows:

Beginning at the most westerly point of Parcel No. 223, in the southerly property line of the Ulster and Delaware Railroad Company, where the same is intersected by the line between the Towns of Hurley and Olive, and running thence along the said southerly railroad property line and the northerly lines of said Parcel No. 223 and of Parcels Nos. 227, 230, 231, 229, 233, 234, 235, 236, 240, 239, 241 and 248, north 52 degrees 28 minutes east 8,399.9 feet and on a curve of 5,697 feet radius to the right 1,281.6 feet, crossing and recrossing Beaver Kill to the most northerly point of before mentioned Parcel No. 248, in the centre of a road leading from Ashton Post Office to West Hurley; thence along the centre of said road, the northerly line of said Parcel No. 248, partly along the northerly line of Parcel No. 249 and still continuing along the before

mentioned southerly railroad property line, south 67 degrees 44 minutes east 193 feet, to the most westerly point of Parcel No. 251; thence along the northerly lines of said parcel and of Parcels Nos. 252, 257, 258, 260, 264 and 268, and still continuing along the before mentioned southerly railroad property line the following courses, distances and curves: North 48 degrees 15 minutes east 47.3 feet, north 64 degrees 27 minutes east 801.4 feet, north 71 degrees 31 minutes east 349.1 feet, north 76 degrees 33 minutes east 3,286.3 feet and on a curve of 2,898 feet radius to the left 1,036.2 feet to the northeast corner of Parcel No. 268;
