Robert Dobruskin, AICP, Director (212) 720-3423 Environmental Assessment and Review Division New York City Department of City Planning

The City Planning Commission (CPC), acting as lead agency, issued a Notice of Completion on September 18, 2015, for a Draft Environmental Impact Statement (DEIS) for the East New York Rezoning Proposal in accordance with Article 8 of the Environmental Conservation Law. A public hearing on the DEIS will be held on Wednesday, January 6th, 2016, at 10:00 A.M., in the Courtroom Auditorium at Brooklyn Borough Hall, 209 Joralemon Street, Second Floor, Brooklyn, NY 11201, in conjunction with the CPC's citywide public hearing pursuant to ULURP. Comments are requested on the DEIS and will be accepted until Tuesday, January 19th, 2016.

The New York City Department of City Planning (DCP), together with the Department of Housing Preservation and Development (HPD), is proposing a series of land use actions (collectively the "Proposed Actions") to implement recommendations of the East New York Community Plan, which is the subject of an ongoing community process, to create opportunities for housing, including affordable housing, community facilities, including a new proposed public school facility, economic development and other services for an approximately 190-block area of East New York, Cypress Hills and Ocean Hill neighborhoods of Brooklyn, Community Districts 5 and 16, respectively. The affected area within East New York and Cypress Hills is generally bounded by Sheffield Avenue to the west, Lincoln Avenue to the East, Fulton Street to the north and Pitkin Avenue to the south. The affected area within Ocean Hill is generally bounded by Eastern Parkway Extension to the west, Van Sinderen Avenue to the east, Broadway to the north and East New York Avenue to the south.

DCP is proposing zoning map and text amendments that would affect a total of approximately 190 blocks in East New York, Cypress Hills and Ocean Hill. The proposed rezoning would replace all or portions of existing M1-1, M1-2, M1-4, C8-1, C8-2, R5, and R6 districts with M1-4/R6A, M1-4/R7A, M1-4/R8A, M1-4/R7D, R5, R5B, R6B, R6A, R7A, R7D, R8A, C4-4D, C4-4L and C4-5D districts. The proposed rezoning would also replace or eliminate portions of existing C1-2, C1-3, C2-2, and C2-3 overlays mapped within the existing R5 and R6 districts with C2-4 overlays and establish new C2-4 overlays. The proposed zoning text amendments would apply a new Mandatory Inclusionary Housing program (MIH) to portions of the proposed rezoning area plus establish an Enhanced Commercial District and a Special Mixed Use District within the rezoning area. HPD is proposing an amendment to the Dinsmore-Chestnut Urban Renewal Plan to conform land use restrictions to zoning, to refresh the urban renewal plan's general provisions, and to allow disposition of the urban renewal sites in accordance with the urban renewal plan. The preceding discretionary actions are subject to review under the Uniform Land Use Review Procedure (ULURP), Section 200 of the City Charter, and the City Environmental Quality Review (CEQR) process. In addition, as the proposed 1,000 seat school planned as part of the East New York Community Plan is intended to be a new public school facility, approval and site selection by the School Construction Authority (SCA) would be required. The SCA approval and site selection are not subject to ULURP.

The DEIS identifies significant adverse impacts with respect to community facilities (public schools and child care services), open space, shadows, historic and cultural resources (architectural), transportation (traffic, transit, and pedestrians), air quality, noise, and construction activities related to historic and cultural resources, and noise. The DEIS identifies measures and/or potential measures that

would fully or partially mitigate several of the significant adverse impacts; some impacts would remain unmitigated. Between DEIS and FEIS, potential mitigation measures will be studied further to determine whether they are feasible and whether any significant adverse impacts would remain unmitigated.

The DEIS considers three alternatives to the Proposed Actions: a No-Action Alternative, a No Unmitigated Significant Adverse Impact Alternative, and a Lower Density Alternative.

Copies of the DEIS may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, N.Y. 10271-3100, Robert Dobruskin, Director (212) 720-3423; or from the New York City Mayor's Office of Sustainability, 253 Broadway, 7th Floor, New York, NY 10007, Nilda Mesa, Director (212) 676-3290; and on the New York City Department of City Planning's website located at http://www.nyc.gov/html/dcp/html/env_review/eis.shtml.

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related

services that appear in the individual agency listings below reflect that commitment to excellence.

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Pregualification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Department for the Aging (DFTA) Department of Consumer Affairs (DCA) Department of Corrections (DOC)

Department of Health and Mental Hygiene (DOHMH)

Department of Homeless Services (DHS)

Department of Probation (DOP)

Department of Small Business Services (SBS)

Department of Youth and Community Development (DYCD)

Can I review the comments made on the proposed rules? A few days after the hearing, a transcript of the hearing and copies of the written comments will be available to the public at the Office of Legal Affairs.

What authorizes the Commission to make this rule? Sections 1043 and 2303 of the City Charter and section 19-503 of the City Administrative Code authorize the Commission to make these proposed rules. These proposed rules were not included in the Commission's regulatory agenda for this Fiscal Year because the need for these rules was not contemplated when the Commission published the agenda.

Where can I find the Commission's rules? The Commission's rules are in title 35 of the Rules of the City of New York.

What rules govern the rulemaking process? The Commission must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043(b) of the City Charter.

STATEMENT OF BASIS AND PURPOSE OF RULES

The TLC is amending its rules to streamline renewal compliance deadlines for drivers of Taxicabs and For-Hire Vehicle, lengthen license periods from two to three years for all types of driver licenses, eliminate probationary licenses for drivers of Taxicabs and For-Hire Vehicles, change specifications for driver protection markings, remove the option of paying fines and settlements in cash, require all license applicants to provide an e-mail address, and require all applicants whose driver's license have been issued in other states to provide an abstract of their driving record from the other state. Together, these rule changes will reduce significantly the regulatory burden on taxi drivers.

Streamlining Renewal Compliance Deadlines for Driver Licenses

In addition to continuous DMV and criminal record monitoring and annual drug testing, each time a driver is up for a license renewal there are several requirements he or she must satisfy and TLC must review to ensure that the driver is fit to remain licensed. To allow drivers sufficient time to satisfy these renewal requirements, the TLC mails the renewal application package to licensees 90 to 120 days prior to the expiration date of the license.

While drivers can complete some requirements shortly after receiving the renewal application, others cannot be completed until the driver is no more than 30 or 60 days away from his or her license expiration date. In particular, the short 30-day window for some requirements makes it harder for drivers to complete all requirements on time and for TLC to review the completed application and return a renewal license to the driver before the license expires.

The proposed rule creates a uniform 90-day window for completing all renewal requirements. Drivers have frequently and specifically requested that the TLC align the time periods of these requirements, and the TLC believes this streamlined compliance deadline process will better enable renewing applicants to meet their driver license renewal deadlines

Streamlining and Extending the Driver License Cycle Currently, qualified Drivers of Taxicabs and For-Hire Vehicles are first issued one-year probationary licenses and thereafter are issued two-year licenses. Drivers of Paratransits and Commuter Vans do not receive one-year probationary licenses and are issued two-year licenses at initial licensure. The Administrative Code of the City of New York (Administrative Code), \$19-505(g) states that driver licenses may be issued for terms up to three years.

These proposed rules create a standard three-year license term for all drivers. The TLC believes that increasing the license term from two to three years will result in greater convenience for drivers because they would need to go through the steps associated with renewing a license less frequently. The three-year term also aligns the renewal process with the defensive driving course requirement, which drivers must satisfy every three years.

Eliminating Probationary Licenses for Drivers

Upon reviewing the probationary license program, TLC concluded that it is of limited utility relative to the administrative burdens it imposes on drivers and TLC. For example, in July 2015 TLC reviewed renewal applications from 6,062 probationary licensees and only one was disqualified from renewal based on probationary license criteria. In the first eleven months of 2015, only 65 probationary licensees—of the tens of thousands reviewed-were not renewed based on the probationary license review criteria.

Since TLC has many other programs in place that continually monitor licensees and ensure they remain fit for licensure, the probationary period is unnecessary. These programs include: (1) ongoing DMV record and serious crash monitoring (which trigger license suspensions and revocations under the Critical Driver program and other local laws); (2) TLC violation monitoring (which triggers license suspensions and revocations under the Persistent Violator program);, (3) criminal record monitoring through the New York State Division of Criminal Justice (which triggers a Fitness Review process); and (4) annual drug testing. In addition, any action, including but not limited to many specifically listed in TLC's Rules, that calls into question a driver's ability to safely interact with the public prompts a Fitness Hearing that can result in revocation of the driver's license. The TLC has and will continue to monitor licensee behavior and to remove unsafe drivers from the road through all available means. Whether a driver has been on the road for two months or twenty years, if the driver does not meet TLC's standards, TLC has the necessary tools to suspend or revoke the license and prevent the driver from transporting the public.

Protecting Licensed Drivers

On October 22, 2014, the City Council passed Local Law 55 of 2014, otherwise known as the Driver Protection Act, which requires that signs be placed in the rear compartments of taxicabs and for hirevehicles informing passengers of penalties for assaulting drivers. This law was designed to address the unfortunate reality that driving a taxi or livery vehicle can be dangerous work. Mayor de Blasio signed the bill on November 5, 2014, and it went into effect on May 4, 2015.

To comply with this law, the TLC amended its rules on March 19, 2015 so that each licensed vehicle, except for black cars and luxury limousines, is required to display a mandatory "Taxi and Livery Driver Protection" sticker in its rear passenger compartment. The stickers inform passengers that assaulting a driver is punishable by up to 25 years in prison.

This proposed rule will alter the dimensions and design of these stickers to make them more noticeable, and will provide for an optional sticker designed that may be placed outside of the vehicle to further communicate that TLC-licensed drivers are protected by the law.

Removing the Option of Paying in Cash

In order to streamline TLC operations and help reduce wait times at TLC's facilities, the proposed rules will remove the option of paying fines and settlements in cash. The TLC currently accepts payment in cash for fines and settlements. With many other payment options available, including online payment by credit/debit card and e-check and in-person payment by credit cards, PIN-less debit cards, bank or certified checks, and corporate checks, the TLC believes it is feasible to eliminate the exposure to drivers and employees associated with cash payment and transition to an entirely cashless payment system.

Requiring All License Applicants to Provide an E-mail Address The proposed rule requires that all vehicle and driver license applicants, including renewal applicants, file an e-mail address with the TLC. Only FHV vehicle owners are currently required to provide an e-mail address. Requiring all licensees to file e-mail addresses with the TLC will ensure additional means of contacting licensees are available to TLC, enabling better and easier communication of important licensing information.

Out of State Driver's License Abstracts

Finally, the proposed rule will require all TLC driver license applicants that possess a driver's license issued by a state other than New York to submit an abstract of his or her driving record from his or her state of residence. This is currently required of all Taxi Driver license applicants and the rule will extend that requirement to all driver license applicants to ensure that all TLC licensed drivers, not just those driving taxis, have a history of safe driving prior to TLC licensure.

These rules are authorized by Section 2303 of the Charter and Sections 19-503 of the Administrative Code.
