SEALED BIDS OR ESTIMATES WILL BE

received by the Aqueduct Commissioners at the above office until 12 o'clock noon, on

THURSDAY, NOVEMBER 5, 1903.

FOR CUTTING TIMBER AND CLEARING GROUNDS ON THE CROTON RIVER DIVISION OF THE NEW CROTON AQUEDUCT.

The security required will be four thousand dollars (\$4,000).

The work shall be entirely completed to the satisfaction of the Aqueduct Commissioners on or before October 1, 1904.

The work is authorized by chapter 490, Laws of 1883, of the State of New York, and the amendments thereto.

The area to be cleared extends from Pine's Bridge to the Putnam County line at Croton Falls, N. Y., and includes all lands in the valley of the Croton river and its tributaries that lay below a contour line of two hundred and six feet of the Croton base, containing about 2,000 acres.

The foregoing Engineer's estimate of the nature and extent of the work required, though stated with as much accuracy as possible in advance, is approximate only. Bidders are required to submit their bids upon the following express conditions, which apply to and become a part of every bid or estimate received. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and they shall not, at any time after the submission of their bid, dispute or complain of such statement or estimate of the Engineer, nor assert that there was any misunderstanding in regard to the nature or amount of work to be done or the materials to be furnished.

The prices submitted are to cover the cost of furnishing all the necessary materials and labor and the performance of all the work set forth in the specifications and form of contract annexed to the contract.

Any bid which fails to name a price, both in writing and in figures, may be held to be informal and may be rejected, and in case of any discrepancy between the price written in the bid and that given in figures, the price in writing will be considered as the bid.

Bidders will be required to complete the entire work to the satisfaction of the Aqueduct Commissioners, and in strict accordance with the specifications annexed to the contract. No extra compensation beyond the amount payable for the work before enumerated, which shall be actually performed and furnished at the prices stated therefor, shall be due or payable for the entire work and materials.

No bid will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of ten per centum (10%) of the amount of the security required for the faithful performance of the contract.

Bidders are requested to make their bids or proposals upon the blank form prepared by the Aqueduct Commissioners, a copy of which (with the proper envelope in which to inclose the bid), together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Aqueduct Commissioners, and any further information can be obtained at the office of the Aqueduct Commissioners, No. 280 Broadway, The City of New York, where the plans may be seen.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon, on

THURSDAY, NOVEMBER 5, 1903.

for the right to dump and fill in behind the new bulkhead wall between the northerly side line of West One Hundred and Thirty-first street and the southerly side line of West One Hundred and Thirty-third street, on the North river, Borough of Manhattan, beginning at a point in the rear of the bulkhead wall near the northerly side of the pier at the foot of West One Hundred and Thirty-first street, North river; thence extending northerly along the rear of the bulkhead wall to the southerly side of West One Hundred and Thirty-third street; thence inshore or westerly along the southerly side of West One Hundred and Thirty-third street about 67 feet to the face of the old crib bulkhead thereat; thence extending southerly along the face of the old crib bulkhead to a point where said crib bulkhead intersects the bulkhead near the northerly side line of West One Hundred and Thirty-first street; thence extending westerly about 78 feet along said crib bulkhead, or close row piles, approximately along the northerly side of West One Hundred and Thirty-first street, to the point of beginning.

TERMS AND CONDITIONS OF SALE.

The filling will be put in to a height of about 5 feet or less above mean high-water mark over the above-described area.

The privilege to fill in the said described area will be sold to the highest bidder, one-half the price for such right or privilege must be paid at the time of sale and the remaining half when one-half of the work of filling in has been completed.

The total estimated quantity to be filled in is about 23,750 cubic yards, more or less. This total estimated quantity of 23,750 cubic yards is approximate only and is estimated without allowance for shrinkage or settlement below the mud line. The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in

the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall, and no allowances will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 20 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling may be commenced from the shore toward the crib.

All material must be dumped and filled in only in such manner, at such points and in such order or procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and whenever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the top of the coping at such section, and no higher, unless otherwise directed, and will be placed at such grade at its inshore end as may be directed by the Engineer.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, and shall be completed within one hundred and fifty days from the date of the receipt of said notification. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling by the reason of the non-completion of the bulkhead wall, or for any other cause that the Commissioner of Docks may deem fit and proper, the time for the completion of said filling shall be extended so much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner may at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper.

The purchaser shall, during the work of filling in and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

The Commissioner reserves the right to reject all bids or estimates if he shall deem it to be for the interest of the City so to do.

Dated THE CITY OF NEW YORK, October 1, 1903.

The lease will contain the usual covenants and conditions, in conformity with the provisions of law and the ordinances of the Board of Aldermen relative to ferries, and shall provide that the lessees will maintain and operate the ferries during the whole term, and will provide ample accommodations in the way of safe and capacious boats and sufficiency of trips; that if at any time during the term hereof the Commissioner of Docks, or the person or persons then performing the duties now exercised by the Commissioner of Docks, shall be of the opinion that the boat or boats furnished by the party of the second part, or that the number of trips do not conform to the requirements of this lease, he may direct the party of the second part to make such improvements, construct such new boat or boats, or increase the number of trips as in his opinion the service demands; and in the event of the failure of the party of the second part to comply with such directions within a reasonable time, a commission shall be appointed, composed of the Mayor, the President of the Borough of Queens and the Commissioner of Docks, on behalf of the City, and three other persons selected by the party of the second part, which commission shall be known as the Arbitration Commission, and in case of their failure to agree as to the improvements to be made in the service, they shall appoint a seventh person to act as umpire, and if they are unable to agree within five days upon such umpire, then, at the request of either of the parties hereto, he shall be appointed by the Presiding Justice of the Appellate Division of the Supreme Court of the State of New York, First Department, and the decision of four of said seven persons so selected shall be conclusive and binding upon both of the parties to this lease; also conditions that the lessees shall dredge the ferry slips, etc., as required by the Commissioner of Docks; that during the term of the lease they will erect and build, at their own expense, and will at all times well and sufficiently repair, maintain and keep in good order, all and singular the floats, racks, fenders, bridges and other fixtures of the landing places, and in the event of any damage to the bulkheads or piers from collision by the ferry boats or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous condition free of cost to The City of New York; that if at any time during the term of the lease the Commissioner of Docks shall require any of the wharf property used for ferry purposes in order to proceed with the water front improvements in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any damages whatever, upon written notice being given to the lessees three months in advance of the intention of said Commissioner; shall, by the said notice, terms of description, or by reference to the plans and specifications of the proposed work of improvement, specify the character of the alterations and improvements to be made in regard to said water front, affecting the property and rights hereby authorized to be demised, and upon receiving such notice the lessee may elect to terminate the lease of said ferry privilege or franchise by serving notice of such election upon the Commissioner of Docks within one month after receiving such notice from the Commissioner of Docks of his intention to improve the water front in the vicinity of the ferry landings; also that in case only a portion of said wharf property shall be required for the purposes aforesaid, then a reasonable reduction will be made from the rent reserved by said lease; that sworn returns of the amounts of ferry receipts shall be made to the Commissioner of Docks when required by said Commissioner, and that the books of accounts of the ferry shall be subject to the inspection of said Commissioner, or to any person designated by him in writing.

The lease will contain a covenant providing that upon the expiration or sooner termination of the said term of ten years the lessee may, and upon demand, in writing, by the Commissioner of Docks, or other proper officer or Department of The City of New York thereto duly authorized shall, at the cost and expense of the lessee, forthwith and at the utmost practicable speed wholly remove from the premises hereinafter described buildings, platforms, floats, bridges, ferry racks, piling and fixtures which shall have been erected or placed by the lessee, its successors or assigns, upon or within the limits of the wharf property leased, so that there shall be in the slip adjacent to the hereinbefore described wharf property used for the purposes of said ferry, and in every part thereof, from the bulkhead out, at least ten feet of water at mean low water.

The rates of ferrage and charges for vehicles and freight shall not exceed the rates now charged on the ferry to and from the foot of East Ninety-ninth street, Borough of Manhattan, from and to College Point, Borough of Queens.

The lessees shall provide such lifeboats, floats, racks and life preservers as may be directed by the Commissioner of Docks.

The form of lease which the purchaser shall be required to execute can be seen at the office of the Commissioner of Docks.

The right to reject all bids is reserved, if deemed by the Commissioner of Docks to be for the best interests of the City so to do.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS. The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
