The Secretary called the attention of the Commission to the fact that a number of vouchers had been forwarded from the Finance Department for the purpose of having the certificate of the Municipal Civil Service Commission attached before payment; that these vouchers represented bills from persons not in the service of The City of New York, who had been employed from time to time to do work of a special character, and that the records of the Commission showed that no application ever had been made to it to authorize their employment. It having developed, through an investigation of the matter, that it had been the practice of the Finance Department to pass and approve a very large number of such vouchers without the certificate of the Civil Service Commission, but upon the certificate of the appointing officer or his representative, as follows:

I.

"I hereby certify that this bill is from a person or concern carrying on a general business for services rendered under an agreement or contract to perform certain specified work of a temporary character, and is not from a person regularly or continuously employed by The City of New York, and that it was not practicable to secure a person on the certification of the Municipal Civil Service Commission to perform the services."

II.

"I hereby certify that this bill is for services of a professional, scientific, technical or expert character of an occasional and exceptional nature and is from a person or concern carrying on a general business; the services have been rendered under an agreement or contract to perform certain specified temporary work; the claimant is not regularly or continuously employed by The City of New York, and it has not been found practicable to secure a person to perform the services on the certification of the Municipal Civil Service Commission."

On motion, it was

Resolved, That the President be authorized to bring the matter to the attention of the Comptroller and request an explanation.

A communication was presented from the Chief Examiner, dated November 10, stating that the application of Walter E. Schmenkel for the position of Fireman had been rejected for the reason that it did not appear that the candidate was a citizen. The action of the Chief Examiner was sustained.

A communication was presented from the Chief Examiner, dated November 10, forwarding a report of Examiner Rafferty on the case of Ellen Tiernan, Cleaner. It appeared that at a meeting of the Commission held October 24, the Examiner was directed to investigate the hours of duty and the character of services rendered by that employee and report thereon to the Commission in connection with the request of the Superintendent of the Bureau of Public Buildings and Offices, Brooklyn, that her title be changed to Attendant. After consideration of the statements contained in the report, it was

Resolved, That the title of Ellen Tiernan, now employed in the Bureau of Public Buildings and Offices, Brooklyn, be and the same hereby is changed to Attendant, it appearing that the said employee was formerly appointed to perform the duties of an Attendant in the Hall of Records, Borough of Brooklyn, and has continued to perform duties appropriate to that title, which, however, could not be given her at the time of her appointment for the reason that it was not classified.

Baltzer, of No. 256 Union avenue, Brooklyn, candidate for Patrolman, and that he had received an answer to the effect that the certificate was genuine. The Secretary was directed to notify the candidate to call at the office of the Commission and correct the date of birth set forth on his application to correspond with that in the certificate.

The application of Harold B. Catlin, of No. 343 West Twentieth street, candidate for Topographical Draughtsman, was accepted, it appearing that he would be twenty-one years of age on December 24, 1906, before the promulgation of the eligible list.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to remove the name of Dennis J. Shelley from the eligible list for Inspector of Foods, a certificate having been forwarded from the Department of Health to the effect that the said applicant died on October 29, 1904.

Communications were presented from Messrs. Ihlseng and Collingwood, Examiners, dated November 11, with reference to the appeal of candidate No. 47 for Inspector of Sewer Construction for a rerating of his experience paper. It appeared from the reports that an error was made in rating the said paper, and that the candidate was entitled to a mark of 78. The Chief Examiner was directed to increase the candidate's mark on Experience from 68 to 78, in accordance with the recommendation of the Examiners.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the period of employment of Mr. J. B. Poore, appointed in the Department of Water Supply, Gas and Electricity, under the authority of Rule XII., paragraph 6, to examine the pumping machinery and appurtenances at the various pumping stations for a period of six months, with compensation at the rate of \$225 per month, be and the same hereby is extended for an additional four months, at the same rate of compensation; it appearing that the work for which Mr. Poore was appointed is not yet completed, and that the services to be rendered are professional, scientific and expert.

A communication was presented from the Comptroller, dated November 5, asking approval of the exemption from examination of the following-named persons, under the provisions of Rule XII., paragraph 6:

Mrs. Mathilde Coffin Ford. Mr. Thomas M. Nolan.
Mr. Wilbur R. Kimball. Mr. Patrick J. McEnroe.
Mr. John Beet. Mr. Emanuel Lowenstein.

—and setting forth his reasons for requesting such action on the part of the Commission.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, Mr. Wilbur R. Kimball, residing at No. 140 West Ninety-first street, be and he hereby is excepted from competitive examination under the provisions of Rule XII., paragraph 6, to render expert services to the Comptroller in connection with the analysis of the bills of electric lighting companies covering the years 1903, 1904 and 1905, wherein no contracts existed for the electric lights furnished; it appearing that Mr. Kimball is a person engaged in private business, and that the services to be rendered are professional, scientific, expert, and of an occasional and exceptional character; provided, however, that his compensation shall not exceed the sum of one thousand dollars (\$1,000).

On motion, it was

Resolved, That the request of the Comptroller that Mrs. Mathilde C. Ford, Messrs. John Beet, Thomas M. Nolan, Patrick J. McEnroe and Emanuel Lowenstein be ex-

empted from examination under the provisions of Civil Service Rule XII., paragraph 6, be and the same hereby is denied.

On motion, it was

Resolved, That the leave of absence without pay, for two months, granted Mr. Eric King, Assistant Engineer in the Board of Water Supply, be and the same hereby is approved in order that he may render expert services to the Metropolitan Sewerage Commission for that length of time, the said leave of absence being without prejudice to Mr. King's completing his period of probation in the Board of Water Supply upon his return to duty in that Department.

On motion, it was

Resolved, That Mr. Eric King, of No. 42 Market street, Poughkeepsie, N. Y., Assistant Engineer, be and he hereby is excepted from examination, under the provisions of Rule XII., paragraph 6, to render expert services to the Metropolitan Sewerage Commission for a period of two months, it appearing that the services of an Assistant Engineer having a knowledge of chemistry and bacteriology are required in that department, and that certification from an eligible list is impracticable; provided that his compensation shall not exceed the sum of \$250.

On motion, it was

Resolved, That the emergency appointment of Emmet Kelly as Engineer in the Brooklyn Disciplinary Training School for Boys, be and the same hereby is approved for seven days from November 6, under the provisions of Rule XII., paragraph 4.

A communication was presented from the Superintendent of the Brooklyn Disciplinary Training School for Boys, stating that application had been made to the Board of Estimate and Apportionment for the establishment of the grade of Stationary Engineer in that institution, with salary at the prevailing rate, inasmuch as it had been impossible to get an Engineer from the Civil Service eligible list for that position at the salary heretofore fixed, namely, \$2.50 a day, and stating that as soon as the new grade was established a permanent appointment would be made, and it would then no longer be necessary to ask approval of emergency appointments to that position. The communication was ordered filed.

A communication was presented from the Secretary of the Department of Health, dated November 9, requesting the Commission to hold an open competitive examination for Inspector of Foods (milk), and stating that there was a number of vacancies in that Department that should be filled at an early date, and suggesting that, prior to the holding of the examination, an Examiner confer with Dr. Bensel, Assistant Sanitary Superintendent, or Mr. Raynor, Sanitary Inspector in Charge of the Division of Inspections. The Chief Examiner was directed to proceed with an open competitive examination for Inspector of Foods (milk) at an early date, and to comply with the Department's request that an Examiner confer with it before the holding of the examination.

A communication was presented from the Superintendent of Public Buildings and Offices, Borough of Manhattan, dated November 8, requesting the Commission to approve a supplementary payroll containing the names of thirty (30) Bath Attendants that had been deducted from the regular payroll of his Bureau for the weeks ending October 31 and November 7. It appeared that the names had been deducted for the reason that the President of the Borough of Manhattan had retained in the service a number of Attendants who had not completed their probationary period, while the services of other Attendants who had completed their period of probation were dispensed with for lack of work. The communication stated that the duties of the Attendants that had been laid off had ceased at the close of the summer season, while, for the reason that the duties of the others still continued, they were retained in the service; that, if he were obliged to remove the latter persons for the reason that they had not completed their period of probation, and transfer the others to their places, it would result in a serious disorganization of the force and cause a great deal of embarrassment and confusion. The Secretary was directed to attach the certificate of the Commission to the payroll.

A communication was presented from the Fire Commissioner, dated November 7, requesting an amendment of the classification of positions in the Labor Class, Part II., by including therein the title:

November 9, 1906—Charles Smith, Fireman; Ditlef Hoie, Deckhand; Joseph Driscoll, Marine Engineer; Louis Pilger, Fireman.

The reports of the following Boards of Examiners for positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Brooklyn Disciplinary Training School, October 31, November 5.

Department of Docks and Ferries, October 30, November 2.

Department of Correction, November 7.

The reassignment to duty of George S. Gaylord, Watchman in the Department of Docks and Ferries, was approved, it appearing from the doctor's certificate furnished that his absence from August 30 was due to illness.

On motion, it was

Resolved, That the emergency appointment of Charles G. Hannock, Rodman in the Jamaica Bay Improvement Commission, be and the same hereby is approved for a period of seven days from November 7, under the provisions of Rule XII., paragraph 4.

The request of Joseph Horwich, No. 3 Willow street, Brooklyn, that his name be restored to the list for Temporary Clerk, was granted, he having declined an appointment on October 3 on account of illness, and having furnished a doctor's certificate to that effect.

The request of Walter E. Eckert, No. 66 South Elliot place, Brooklyn, that his name be restored to the list for Clerk, was granted upon his statement that his reason for declining appointment in the Department of Docks and Ferries on November 2 from that list was that he would have been assigned to duty as a ticket seller.

The request of John J. Murphy, No. 1454 Amsterdam avenue, that his name be restored to the list of Janitor (Steam Heating), was then considered. The Secretary was directed to request the candidate to embody his statements in an affidavit.

The request of John F. McDonough, No. 617 East One Hundred and Thirty-eighth street, that his name be restored to the list of Stationary Engineer, was denied for laches.

The request of James F. McDonald, No. 430 West Forty-eighth street, that his name be restored to the list of Temporary Clerk, was granted, he having declined appointment on August 26 owing to illness and having submitted a certificate to that effect.

The request of W. H. Jordan, No. 216 St. Mark's avenue, Brooklyn, that his name be restored to the list of Court Attendant, Borough of Brooklyn, was granted, he having declined appointment on January 6, 1906, on account of illness, and having furnished the certificate of a physician to the effect that the candidate had been under his professional care from such time until the date of his application for restoration to the list.

The request of Charles T. Wells, No. 100 East One Hundred and Twenty-eighth street, that his name be restored to the list of Janitor (Steam Heating) was granted upon his affidavit that he never declined an offer of appointment in the Board of Education, as reported by that Department.

The request of Charles H. Levy, No. 32 West One Hundred and Twelfth street, that his name be restored to the list of Topographical Draughtsman, was granted. It appeared that the candidate was certified to the Board of Water Supply on August 16, but was unable to report for the reason that that time was his vacation period and he was out of the City.

The request of William Mackenzie, No. 53 Elton street, Brooklyn, that his name be restored to the list of Junior Clerk, was granted, he having declined appointment in the Department of Public Charities on October 17 for the reason that he expected to be out of the City for a period of two weeks.

The request of Samuel W. Berliner, No. 1426 Franklin avenue, The Bronx, that his name be restored to the list of Axeman, was granted, he having declined an appointment in the Board of Water Supply on August 21 because of "temporary inability," due to illness, and having submitted a certificate to that effect.

The request of Charles Paton, No. 339 East Twenty-fourth street, that his name be restored to the list of Janitor (Steam Heating), was granted, he having declined an appointment in the Board of Education on October 29 on account of illness, and having submitted a certificate to that effect.

An affidavit was presented from Raymond J. Gilliar, No. 1132 Second avenue, to the effect that he was an applicant for the position of Patrolman, that he passed the physical examination, but never received a notice from the Commission to attend the mental, and was not aware that the same had been held until he saw the fact mentioned in a newspaper; and requesting that he be given a special mental examination. The request was denied.

The request of Joseph Scadron, No. 252 East Broadway, that he be restored to eligibility for temporary employment from the list of Clerk, was granted upon his statement that he had reconsidered his declination of temporary employment and would accept the same if offered.

The request of Abraham F. Hazen, Market House, New York City, that his name be restored to the list of Temporary Clerk, was granted upon his statement that when he declined an appointment in the month of September he was employed as an Attendant, from which position he had since been suspended owing to lack of work.

The request of Edward J. Kelly, One Hundred and Sixty-ninth street and Park avenue, that he be granted a hearing before the Commission for the purpose of protesting against his recent removal from the position of Deputy Superintendent in the Department of Public Charities, was denied, and the Secretary was directed to inform Mr. Kelly that his protest should be addressed to the head of the Department from which he was dismissed.

The request of Alexander H. Fox, No. 215 Montague street, Brooklyn, that he be permitted to enter the coming examination for Topographical Draughtsman, was denied for the reason that he was not a citizen.

A communication was presented from A. Arrent, Esq., and seven others, representing the Axemen in the employ of the City, requesting that the examination for promotion from Axeman to Rodman, which had been ordered upon the request of several City Departments, be extended to all Departments for the reason that there had been no such examination for the past year and a half, and appointments to the position of Rodman, therefore, had necessarily been made from the open competitive list for that position. After consideration of the matter, on motion, it was

Resolved, That the Chief Examiner be, and he hereby is, directed to extend the examination for promotion from Axeman to Rodman to all City Departments.

A communication was presented from Abraham Davis, Esq., City Magistrate's Court, Fourth District, Second Division, City of New York, dated November 13, protesting against the payment of salary to Charles Price for services rendered as Interpreter in the Municipal Court, Seventh District, Borough of Brooklyn. The communication was ordered filed.

The Commission then considered an affidavit of George Joiner, Jr., No. 767 East One Hundred and Thirty-fourth street, dated November 14, to the effect that he made an error in his application for Patrolman in stating the date of his birth to be May 5, 1878; that the correct date of his birth was May 5, 1876, and requesting that he be permitted to make the necessary correction in his application. The request was granted.

General Theodore A. Bingham, Police Commissioner, and William L. Mathot, Esq., Third Deputy Police Commissioner, appeared before the Commission, in accordance with its request, to consider the method of rating the penalties on the records of candidates for promotion to Captain. After some discussion, the matter was laid over for further consideration.

The Commission then adjourned to meet Wednesday, November 21, 1906, at 10 o'clock in the forenoon.

FRANK A. SPENCER, Secretary.

The Secretary called the attention of the Commission to the fact that eleven (11) Laborers appointed in the non-competitive class in the Health Department, presumably for employment in Riverside Hospital, had, in fact, been assigned to duty in the Borough of Richmond on the department's work of mosquito extermination, which assignment constituted a violation of the rules, as, in view of the location and character of the work, the appointments should have been made from the list of Laborer. The Secretary also informed the Commission that he had been notified by the Health Department that Mr. Eugene Winship, who was exempted from examination by the Commission on September 29, 1905, under Rule XII., paragraph 6, to render expert services in connection with the work of exterminating mosquitoes in the Borough of Richmond, and whose employment was extended by the Commission on June 6, 1906, for a period of sixty-six days, had been appointed a Laborer by resolution of the Board of Health dated October 10 at a salary of \$1,200 per annum. The Secretary was directed to withhold the certificate of the Commission from the payrolls of the said persons, and the President was requested to carefully investigate the matter.

A communication was presented from the Chief Examiner, dated November 15, stating that the application of Bertram C. Carhart of No. 245 Brook avenue, Borough of The Bronx, for the position of Fireman, had been rejected for the reason that on

A communication was presented from the Chief Examiner, dated November 17, stating that the application of George Flanagan of No. 1338 Second avenue, for the position of Fireman (20141) had been rejected under Rule VII. for the reason that he made a false statement in regard to the date of his birth. The action of the Chief Examiner was approved.

A communication was presented from the Chief Examiner, dated November 17, stating that from a report handed to him it appeared that the following departments had failed to transmit to the office transcripts of the efficiency records of graded employees for the six months ending September 30, 1906, as required by the rules:

The Secretary was directed to note such fact on the eligible list.

A communication was presented from the Certification Clerk, dated November 17, stating that the following persons whose names had been certified from the list of Senior Clerk to the Department of Finance, had accepted temporary employment therein on the dates opposite their names:

The Secretary was directed to remove the names from that list under the provisions of Rule VII., paragraph 14.

A communication was presented from the Comptroller, dated November 14, requesting that the promotion of Mr. James Dempsey, Clerk in the Brooklyn office of the Bureau for the Collection of Taxes, from \$1,350 to \$1,500 per annum, be approved. The Secretary stated that the last promotion examination in which Mr. Dempsey qualified was one for promotion to the fourth grade, to which grade he had been promoted on July 25, 1904. The Secretary was directed to inform the Comptroller that before the increase in salary to \$1,500 could be approved, it would be necessary for the candidate to pass an examination for promotion to the fifth grade.

A communication was presented from Edward B. Shallow, Esq., Associate City Superintendent, Department of Education, dated November 14, requesting authority to continue the employment of the three (3) Typewriting Copyists, whose appointment for a period not to exceed thirty days the Commission had authorized, until Saturday, November 24. It appeared that the thirty days had expired on November 16, but that Mr. Shallow had been unable to make three appointments from the eligible list of Typewriting Copyist certified by the Commission before that time owing to the temporary character of the work. The request was granted.

A communication was presented from the Secretary of the Borough of Manhattan, dated November 15, requesting that the ruling of the Commission in the case

of Louis Jacobs be reconsidered, and that his employment as an Attendant in that department again be authorized. It appeared that Mr. Jacobs had been employed in the dual capacity of Attendant and Temporary Clerk, serving in the latter position in the day time, and as a Bath Attendant in the office of the President of the Borough of Manhattan at night; that when the fact had been brought to the attention of the Commission, it ruled that his employment in one position must cease at once, and as the summer season was over, inferred that he would prefer to retain his standing as Temporary Clerk, and therefore directed that his name be dropped from the roster as Attendant. It appearing from Secretary Downing's communication, however, that it was the desire of President Ahearn to retain the said employee in his department as an Attendant, on motion, it was

The President stated that he had authorized the Commissioner of Bridges to proceed with the organization of the necessary force, and to employ, in addition to such persons as had signified their willingness to accept the employment offered them, a sufficient number of men to do the work described. The action of the President was approved.

A communication was presented from the President of the Borough of The Bronx, dated November 13, asking that the name of Timothy J. McLaughlin be recertified for employment as Inspector of Regulating, Grading and Paving in his department, and submitting a certificate from Dr. Gerald Sheil of No. 348 Willis avenue, New York City, to the effect that Mr. McLaughlin had been ill since April 15, 1906, and therefore unable to report for duty when certified from the preferred list of Inspector of Regulating, Grading and Paving on September 8, 1906. PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
