## DEPARTMENT OF HEALTH.

### REPORT FOR THE WEEK ENDING NOVEMBER 15, 1913.

### SUPERSTITIONS AND PREJUDICES WHICH HAMPER THE WORK OF THE SCHOOL INSPECTOR.

Among the many difficulties encountered by the Inspectors and Nurses of the Health Department when urging parents to have the various physical defects found in school children treated or corrected, the numerous traditions, prejudices and superstitions existing among the different elements which go to make up the population of our cosmopolitan city stand out prominently.

When the Inspector or Nurse suggests that an operation or other treatment be instituted some racial or religious prejudice or superstition will frequently be raised against such intervention. When glasses are suggested for defective vision, they are often told that eyeglasses are a luxury, that they make the child look old, that they are worn for style, that the child will get used to them, that they will become a habit, that they will cause the eyes to grow weaker or that they will interfere with the matrimonial chances of the daughter. When the parents are informed that the children do not hear well as a result, perhaps, of running ears, the Inspector is informed that this discharge allows the poison to escape and thus purifies the blood, and the statement is frequently made that at home the child hears too much. Difficulty of breathing due to enlarged tonsils and adenoids results in the doctors and nurses being told by various elements of the population that God put the tonsils and adenoids there; that if the tonsils are removed, the throat will be too wide and air will rush into the lungs, subjecting the child to inflammation of the chest; that removal of the tonsils will interfere with the speech, the singing voice and the procreative power, or that the children will become nervous and depressed, possibly with suicidal tendencies.

Voodooism is quite frequently met with amongst the negro population, and cases have been encountered where different colored yarns have been employed for the cure of contagious and other diseases of the skin and eyes.

A request that hair matted by dirt and lice be cut frequently brings the retort that to cut the hair will prevent the growth of the child and diminish its strength. A request to have the defects of teeth remedied meets with the statement that pulling the teeth gives the children sore eyes; that it is bad luck for any poor child to have gold or silver in the mouth, or a mother will exhibit her toothless jaw and say, "I haven't any teeth and still I am alive." The "evil eye" is guarded against in some sections by the mother hastily licking the child's eyes and face, expectorating while she does so, or by sewing some salt in the child's shirt or by tying red ribbon around its wrist or neck. The weakness of the child's memory is frequently attributed to the fact that the child eats the ends of the bread loaves, while bed wetting is not uncommonly ascribed to the fact that the child always plays at the fire or with matches before he goes to bed.

Among some of the people wine, beer and coffee are considered as tonics and used to strengthen the child. Many mothers call their children to task for describing how a neighbor's child was operated upon, fearing that a similar operation will be performed upon their own.

In spite of these difficulties it is gratifying to note that the records of the examination of school children by the Department of Health show that the percentage of children requiring treatment for defects other than those of the teeth alone has declined from 44.20 in 1909 to 30.1 in 1913 and that the percentage of children requiring dental treatment has declined from 57 in 1909 to 49.4 in 1912. The percentage of defective vision has declined from 13.4 in 1909 to 7.3 in 1912, defective nasal breathing from 18.7 in 1909 to 7.6 in 1912, enlarged tonsils from 22 in 1909 to 10.4 in 1912, and malnutrition from 3.14 in 1909 to 2.8 in 1912. It is also encouraging to note that as the result of persistent follow-up work in the homes the percentage of glasses procured has increased from 27 in 1909 to 50.5 in 1912, and the percentage of operations for the removal of hypertrophied tonsils has increased from 22 in 1909 to 28.0 in 1912.

### PROPOSED ACTION IN RELATION TO THE SALE OF BICHLORIDE OF MERCURY.

On account of the numerous cases of poisoning from bichloride of mercury (corrosive sublimate) which have recently occurred in this city, the Department of Health has had under consideration for some time the advisability of adding a section to the Sanitary Code, controlling the sale of bichloride of mercury. The following tentative resolution was submitted at the last meeting of the Board:

Resolved, That the Sanitary Code be and the same is hereby amended by the adoption of an additional section to read as follows, and to take effect on and after January 1, 1914:

Sec. 67a. Bichloride of mercury, otherwise corrosive sublimate, shall not be offered for sale or sold at retail in dry form except in a flat, triangular or three-cornered tablet, colored blue, and the same shall be dispensed in a blue or amber colored corrugated bottle conspicuously labeled "Poison" in red letters.

As an alternative to the above indicated plan, the following resolution was also submitted for consideration:

Resolved, That the Sanitary Code be and hereby is amended by the adoption of an additional section to read as follows:

Bichloride of mercury, otherwise corrosive sublimate, shall not be offered for sale or sold at retail except upon the prescription of a regularly licensed practitioner.

The Board of Health now has these two resolutions under advisement and is considering which of the two plans will be the more effective in accomplishing the

protection of the public against accidental poisoning by bichloride of mercury tablets. Bichloride of mercury is usually dispensed in the form of tablets containing seven grains, which were originally intended to make a disinfecting solution for surgical use when added to a pint of water. With the development of aseptic, as opposed to antiseptic surgery, the use of these tablets by surgeons has steadily decreased while, at the same time, their use by the laity has steadily increased, so that at the present time the statement made by the Governor of Pennsylvania that bichloride of mercury "is a household commodity" is altogether too true, particularly of the tablets, pounds, if not tons, of which are sold annually for other than medicinal purposes.

In the Public Health Reports of November 14, Martin I. Wilbert, of the United States Public Health Service, suggests that "in addition to specific agitation for the proper labeling of all preparations containing poisonous substances, the most promising innovation is the suggestion that a type form of corrosive mercuric chloride tablet or pastille be introduced in the Pharmacopoeia of the United States, with a view of providing adequate safeguards to prevent accidental poisonings. While the suggestions that have been made for this purpose are many and varied, it would appear that in view of the rapidly growing intercourse between the different countries of the world it might be desirable to secure international uniformity in regard to preparations of this type. It has been proposed, unless specific and valid objections could be offered, to adopt for inclusion in the Pharmacopoeia of the United States the description of mercuric chloride pastilles included in the German Pharmacopoeia. This latter Pharmacopoeia provides that pastilles of mercuric chloride consist of equal parts of corrosive mercuric chloride and sodium chloride, and requires that the pastilles be colored bright red with aniline dye, have a cylindrical shape, and be twice as long as thick. These tablets or pastilles must be wrapped individually in black paper, bearing the German equivalent of the word poison in white letters. The weight of a tablet must be stated, and the wrapped tablet is to be dispensed only in suitable glass bottles or tubes."

"As an argument for including in the Pharmacopoeia of the United States an official tablet of corrosive mercuric chloride, rather than enacting legislation to compel uniformity in the shape, size, color and odor of all tablets containing corrosive mercuric chloride, it has been pointed out that inclusion in the Pharmacopoeia would not in any way interfere with the legitimately established trade of manufacturers, but would tend to discourage the sale and use of such preparations and bring about the gradual popularization of the official tablet. If, in addition to this, it were practicable to induce manufacturers properly to label all of their preparations so as to indicate the presence of any highly toxic substance, and then to suggest to purchasers of tablets of this kind the need for keeping them apart or in such a way that they could not readily be mistaken for other nontoxic preparations, little or no additional legislation would be necessary, unless it were to restrict newspapers from publishing unnecessary details in regard to the nature and kind of poison used in cases of accidental or intentional poisonings."

#### DEATH RATE FOR THE WEEK.

There were 1,250 deaths and a death rate of 12.14 per 1,000 of the population reported during the past week as against 1,216 deaths and a rate of 12.26 during the corresponding week in 1912, an increase of 34 deaths, and a decrease of .12 of a point in the weekly rate. If the increase in population be taken into consideration in lieu of an increase there is a decrease of 12 deaths. The following causes showed a decreased mortality: scarlet fever, cerebro-spinal meningitis, diarrhoeal diseases under five years of age, lobar pneumonia, broncho-pneumonia, Bright's disease and nephritis. The causes showing increases were whooping cough, typhoid fever, diphtheria and croup, organic heart diseases, pulmonary tuberculosis, diseases of the nervous system. The number of deaths reported from measles was 5, the same as in 1912.

Viewed from the point of age grouping there were 19 fewer deaths of children under one year of age, 16 of children under five years of age. There was an increased mortality between the ages of five and sixty-five of 43 deaths, and at sixty-five years and over 7 deaths.

The death rate for the first forty-six weeks of this year was 13.81 per 1,000, as against 14.12 for the corresponding period of 1912, a decrease of .31 of a point.

DEPARTMENT OF WATER SUPPLY, GAS AND  
ELECTRICITY.

FIRST QUARTERLY REPORT, 1913.

REPORT OF THE CHIEF ENGINEER.

June 6, 1913.

Hon. HENRY S. THOMPSON, Commissioner:

Dear Sir—I beg to submit herewith report showing condition of the water supply in the various Boroughs and the work done in connection therewith for the quarter ending March 31, 1913.

*Manhattan and The Bronx.*

## Condition of Supply.

The average rainfall on the Croton watershed for the quarter was 12.70 inches, which is slightly above the average for the same period for the past twenty-five years. The condition of the ground was such that the greater portion of the rainfall was run off and as there was a large amount in storage at the beginning of the year, the reservoirs soon filled and the water wasted over the new Croton dam on March 16, from which date to the end of the quarter the waste amounted to 16,717 million gallons, or an average of about 1,100 million gallons a day. While it was not expected that the full reduction made by the water waste work in 1911 would continue in subsequent years, the effect of this work is still shown in the consumption for this quarter. Thus, although the average daily consumption for this quarter has slightly increased over that for the same period in 1912, owing to the increase in population, yet it shows a reduction of 22 million gallons per day compared with the average daily consumption for the corresponding period in 1911 or 54 million gallons per day less than it would have been, taking the 1910 figures as a basis and allowing 3 per cent. increase per annum as the normal increase in consumption due to the growth of the City.

The treatment of the supply with hypochlorite of lime has been continued. The quality of the water supplied, compared with the corresponding period of last year, shows a decrease in turbidity, color and bacteria and a slight increase in microscopic organisms.

The chlorinating plants at Lake Gleneida and Katonah which were completed last year, were used this quarter, the former one only whenever water is being drawn from Lake Gleneida. The pumping station and disposal works for the Mt. Kisco sewerage plant which were completed in 1911 were put in operation on February 1, with satisfactory results. At present the plant is handling only about one-third of the total sewerage owing to the town not having completed the repairs to mains.

## Collection System.

Work on the contract for the rebuilding of portions of the Old Aqueduct has progressed rapidly, about 10 per cent. being completed to date. It is estimated that this work will be entirely completed by the fall of the present year.

On January 13, three days before the date set for the opening of the bids for the Jerome Park filters, this Department received a copy of a memorandum of objections to the plans and specifications submitted to the Comptroller by the Bureau of Municipal Research. The Comptroller prepared a report embodying these objections, together with other analogous information, and recommending the rescindment of the original appropriation of \$8,690,000, and this report he proposed to submit to the Board of Estimate and Apportionment. A copy of this proposed report was submitted to the Commissioner of this Department, and a conference was held with the Comptroller. In order to provide an opportunity to all concerned to receive a further hearing in the matter, the receiving of bids was postponed until January 23, before which date a hearing was to be held. This conference was held at the Comptroller's office on the 21st and was attended by the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, a representative of the President of the Borough of The Bronx, the Commissioner of this Department, the Chief Engineer of the Board of Estimate and Apportionment, the principal Assistant Engineer of the Finance Department, the Chief Engineer and Deputy Chief Engineer of this Department, and an expert on mechanical filtration, whom the Comptroller had invited to be present. The representatives of the Bureau of Municipal Research and the Citizens' union failed to appear and after all the questions asked by the members of the Board of Estimate present were fully answered, it was decided that the opening of bids should no longer be withheld, but that the award of the contract would be postponed in order to provide additional time to finally look up the question, it being understood at the time that any points in question would be settled in a very short time.

Meanwhile the bids for this work of which there were nine, were opened and were found to be as follows:

Keystone State Construction Company.....	\$5,139,015 00
Luke A. Burke Sons Company, Inc.....	5,672,145 00
MacArthur Bros. and Mason Hanger Company.....	5,783,170 00
Carter Construction Company.....	5,885,875 00
J. F. Cogan Company.....	5,934,955 00
Booth & Flinn, Ltd.....	6,094,855 00
Oscar Daniels Company.....	6,160,410 00
E. E. Smith Company.....	6,619,960 00
The T. A. Gillespie Company.....	6,752,500 00

The Engineer's estimate for this work was \$5,916,700. Of the nine bids received four were lower than the Engineers' estimate and five were higher, the average of the nine bids being \$6,004,765, which is about 1½ per cent. higher than the Engineers' estimate. The low bid, that submitted by the Keystone State Construction Company, amounting to \$5,139,015, is 13 per cent. below the Engineers' estimate, while the high bid, that of the T. A. Gillespie Company, amounting to \$6,752,500, is 14 per cent. above the Engineers' estimate. For the Hill View Reservoir, which the Keystone State Construction Company are successfully building, their bid was 28 per cent. lower than the Engineers' estimate. The bids both in number and amount confirmed the sufficiency of the contract, specifications and plans to accurately define and describe the work to be done and the reasonableness of the Engineer's estimate for this work. They also showed that there had been fair competition.

Under date of January 25, this Bureau recommended that the contract for the construction of the Jerome Park filters be awarded to the low bidder, the Keystone State Construction Company.

This Department was ready to award the contract for this work when it was advised on February 13, 1913, of the appointment of an Advisory Board by the Corporate Stock Budget Committee of the Board of Estimate and Apportionment. This Advisory Board consisted of five Engineers, who were to study this matter and at the same time the Board of Estimate and Apportionment expressed a wish that the awarding of the contract be deferred pending the report of the Corporate Stock Budget Committee.

This Advisory Board of Engineers consisted of Messrs. Nicholas Hill, Jr., Chairman, Consulting Engineer; John H. Gregory, Consulting Engineer; E. P. Goodrich, Consulting Engineer to the Borough President of Manhattan; Amos L. Schaeffer, Consulting Engineer to the Borough President of The Bronx, and John H. Frazee, Assistant Engineer, Department of Finance. It held meetings at the office of the Advisory Commissioner, 280 Broadway, on February 14, 24, 26, March 3, 10, and 24, at which various members of this Bureau were present at the request of the Board, and they also made a trip of inspection of the Croton watershed on February 17, under the auspices of this Department. The Engineers of this Department were at

the services of this Board at all times, answered all questions asked, and at their request furnished them with a mass of data, embodying detailed and exhaustive information, the preparation of which required considerable time and work.

As the Comptroller had submitted to the Advisory Commission a list of seventy-six questions, of which many were irrelevant, others trivial, others such as could not be answered in three or more years, and still others that could not be correctly answered at all, while, furthermore, no conclusion was asked from the Advisory Commission, the Department drafted a substituted set consisting of fourteen questions, so as to bring the inquiry within practical limits and produce definite results. These latter questions, if answered, were sufficient to satisfactorily decide every point at issue, and, with the data and information furnished by this Department, it would be reasonable to expect a report from the Advisory Commission before the middle of April.

## Pumping Stations.

Tests made on pumps at Jerome Avenue Station to obtain more economical and efficient operation of same showed satisfactory results. All the stations responded to all demands throughout the quarter, statistics of operation being shown on Table No. 8.

## Distribution System.

The installation of the high pressure fire service mains south of Chambers st. has been actively carried on during the quarter, about 75 per cent. of this work having been completed to date.

Work of improving the distribution system has been continued by the Department force, especially in the matter of replacing obsolete types of hydrants with the standard type.

## Borough of Brooklyn.

The house to house water waste investigation which was commenced last July did not show its maximum results until January of this year, when the consumption for the month averaged 122 M. G. D., which showed a saving of 34.1 m. d. g. compared with January 1912, or a saving sufficient to supply a city of 350,000 inhabitants. The average daily consumption for January would give a per capita consumption of 73 gallons, which is the lowest for any January since 1894, or for the past 19 years. In connection with the house to house inspection, the amount of water flowing into the various sections into which the Borough was divided before and after inspection, was determined by pitometer measurements, and the following table shows the result of this work to date:

Districts.	Consumption Before Inspection.	Consumption After Inspection.	Saving.
	Gallons.	Gallons.	Gallons.
One and Two.....	23,884,000	21,547,000	2,337,000

Total.....	125,191,000	.....	24,125,000
Saving, equals 19 per cent.....	.....	.....	24,125,000
			125,191,000
Cost of pitometer gaugings.....			\$7,200 00
Cost of Inspectors, Clerks, etc.....			29,500 00
			<b>\$36,700 00</b>

\* Indicates districts in which the saving has been estimated.

From the above table it will be seen that the total saving is over 24 m. g. d., and taking the estimated value of the water saved as \$25 per m. g., which is the mean between the value of the water based upon maintenance and operating charges and the estimated cost of an additional supply, the saving would be worth over \$600 per day, whereas the cost of this work is about \$150 per day.

## Pumping Stations.

At the Ridgewood Station the four Davis & Farnum pumps were ready for the final test to be made in accordance with agreement entered into in February, 1912, between the Contractor and the City, but up to the present time the test has not been made, as there remain some points raised by the contractors which have to be settled.

Repairs have been made as required at the Borough and Line Stations.

## Distribution.

Changes have been made in the distribution system towards the improvement of the same, old type of hydrants being replaced by the standard type.

## Borough of Queens.

There has been no difficulty in meeting the requirements of the consumers during the quarter. It is anticipated that the supply from the Borough of Brooklyn for the 1st Ward will soon be available when Pumping Stations Nos. 1 and 3 can be closed down. Repairs of a miscellaneous and routine nature have been made during the quarter to the pumping stations and the distribution system. The Bayside filter was in operation during the quarter.

## Borough of Richmond.

The supplies from the various sources were of a satisfactory sanitary quality, and no difficulty has been experienced in meeting all demands of the consumers, and owing to the additional pumping equipment, which has been installed at the temporary plant on the Southfield Boulevard, an increased supply can be obtained from that point.

The attached tables give the more important statistics in relation to the water supply system. Respectfully submitted,

I. M. DE VARONA, Chief Engineer.

#### BUREAU OF WATER REGISTER, MANHATTAN.

Hon. HENRY S. THOMPSON, Commissioner of Water Supply, Gas and Electricity:  
Sir I beg to submit herewith report of transactions of this Bureau for the first quarter of the year 1913, ending March 31.

Collections—The frontage rate collections were unusually heavy this year, the total, \$2,174,504.67, comparing with \$2,108,704.35 in 1911, and \$2,006,880.70 in 1910. Comparison is not made with 1912 for the reason that the charge for that period covered only two-thirds of the year. For the month of March the receipts were \$1,748,225.14, as against \$1,469,682 for the month of July, 1911, and \$1,382,816.11 for the month of July, 1910, the period of heaviest payment in those years. The inserting of notices in the various New York daily papers, calling the attention of taxpayers to change in water year to conform to calendar year, and urging them to make payment prior to April 1, to avoid penalty, undoubtedly helped swell the receipts for the month of March materially; and the saving in penalties to taxpayers, who otherwise would not have known of the change, was no doubt considerable. The total collections for March 31 were \$865,314.42, probably the greatest amount collected on one day.

In this connection it might be interesting to note the effect of the new legislation providing for the imposition of penalty for non-payment of meter bills at certain times. The amount of meter charges returned as arrears for 1912 was only \$178,170.07 compared with \$639,748.13 for 1911. The total returns for 1912 were \$324,147.54, compared with \$864,325.24 for the previous year. The penalties imposed for unpaid meter accounts during the quarter amounted to \$16,346.82.

Inspection Division—The average number of Inspectors during the quarter was 99, and their work may be summarized as follows:

Meter readings .....	64,557
Examinations, inspections and special reports.....	23,243
Uncompleted assignments .....	6,872

Total reports to Water Registrar..... 94,772

Complaint Division—During this quarter 925 complaints were received for consideration. Of these and others already in hand 796 were settled during the period with a gross allowance of \$6,513.03, or 10.29 per cent. of amount claimed. Allowances were made on 251 of the complaints and increases were awarded on 18.

Frontage Division—The total number of active accounts on the frontage books at the beginning of the quarter was 61,378; number of accounts on the books at the end of the quarter, 61,680.

Meter Rate Division—Total number of accounts on books at the end of the quarter was 52,095.

Permit Division—During the quarter 225 taps and connections were granted and 173 old taps plugged. The number of premises reported "not properly metered" was 262. The total number of violations reported was 166 and the total number of wastes reported was 1,769. The following permits were issued: 304, to repair or replace service pipes; 231, for building purposes; 54, for demolition purposes; 68, for miscellaneous purposes; 212, for boilers; 34, for use of hose (unmetered premises, \$5 each); 177, to set new meters in unmetered premises; 145, to set additional meters; 414, to set new meters in place of old ones removed; 2,929, to repair meters; 91, to change metered portion of building; 128, to remove meters; 83, to repair meters on premises; 4, to City Plumber to set new meters in unmetered premises; 5, to City Plumber to set additional meters; 6, to City Plumber to set new meters in place of old ones removed; 63, to City Plumber to repair meters; 15, to City Plumber to remove violations and properly meter premises.

During the quarter meter glasses on 193 meters were replaced at a charge of \$1 each.

Testing Station—At the meter testing station during the quarter 4,072 meters were received and tested, 3,513 meters distributed on permits; 493 meters rejected on test. The outside work may be summarized as follows: 971 meters tested on premises at an average cost of \$2.06, 8 test tees installed at an average cost of \$4.49 for each set, 6 watering troughs repaired or set during the quarter at a total cost of \$22.99.

Shipping Division—Number of permits issued during the quarter for vessels and floating boilers, 256. Total number of violations reported during the quarter, 44, of which 24 were picked up by the patrol boat "Croton," and the balance, 20, were turned in by the water-front Inspectors. Respectfully submitted,

BENJ. A. KEILEY, Water Registrar.

#### BUREAU OF WATER REGISTER, BOROUGH OF RICHMOND.

Hon. HENRY S. THOMPSON, Commissioner of Water Supply, Gas and Electricity:

Sir—Herein I beg to make report of transactions of this Bureau in condensed form for the first quarter of 1913.

Collections—Statement of collections for the quarter is attached hereto. The total, \$91,120.80 is the largest quarter's collections on record—approximately half the normal receipts for twelve months. Of the above amount, \$62,005.89 represents 1913 frontage rate collections—also a larger amount than we have ever before collected in a similar period for a similar purpose.

Previous to the final postcard reminders mailed against open frontage accounts about the middle of March, we had issued several local press notices regarding the advance of the opening of the frontage year from May 1 to January 1, and are gratified that the public so promptly adapted themselves to the change of dates. Large numbers of taxpayers will have occasion to visit the building in May and June to settle their real estate taxes, and we shall at that time probably be paid the greater part of the \$35,000 still open on our frontage books for the current year.

Meter rate collections have also increased over the corresponding quarter of 1912, and, as a result, we can report total meter rate collections by this office for the twelve

months ending March 31, 1913, amounting to \$104,204.27; \$6,928.72 more than for the twelve months of 1912, which was the record year.

Meter accounts receivable at the close of the quarter amount to \$20,458.77.

Arrears—The amount of unpaid charges sent to the Finance Department after the close of February's business for collection is but half that of the preceding year, which in turn reduced previous records, shows a material reduction in every item and indicates a prompter settlement of accounts on the part of the local public. Comparison with previous year follows:

	1913.	1912.
Frontage .....	\$11,721 15	\$20,757 92
Meter .....	3,415 46	9,197 13
Meter setting.....	243 33	568 73
Total.....	\$15,379 94	\$30,523 78

Inspection Division—The average number of inspectors during the quarter was 15, and their work may be summarized as follows:

Meter readings.....	4,121
Examinations, inspections and special reports.....	3,975
Uncompleted assignments.....	*123

Total reports to Deputy Commissioner..... 8,219

\*All new buildings, not ready for final examination.

Frontage Division—The total number of active accounts on the frontage books at the beginning of the quarter was 9,554. Number of accounts closed out or transferred to meter books during the quarter, 136. Number of accounts added during the quarter, 233. Number of accounts on the books at the end of the quarter, 9,651.

Meter Rate Division—Total number of accounts on books at beginning of quarter, 3,854. Number of accounts added during the quarter, 120; number of accounts closed out or transferred to frontage books during the quarter, 6. Total number of accounts at the end of the quarter, 3,968.

Permit Division—During the quarter 102 taps and connections were granted and 13 old taps plugged. The number of premises reported "not properly metered" was 4. The total number of violations reported was 32 and the total number of wastes reported

was 79. The following permits were issued: 63 to repair or replace service pipes; 66 for building purposes; 10 for miscellaneous purposes; 5 for boilers; 8 for use of hose (unmetered premises, \$5 each); 122 to set new meters in unmetered premises; 3 to set additional meters; 11 to set new meters in place of old ones removed; 166 to repair meters, 1 to change metered portion of building; 1 to repair meters on premises; 6 to City Plumber to set new meters in unmetered premises.

During the quarter meter glasses on 7 meters were replaced at a charge of \$1 each. 19 meters have been tested on premises. Respectfully submitted,

JOHN E. BOWE, Deputy Commissioner.

## VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE THURSDAY, NOVEMBER 20, 1913.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date in which is shown the Department of Finance voucher number, the date or dates of the invoices or bills, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher, the dates of the earliest and latest are given.

If the vouchers are found to be correct, and properly payable to the respective claimants, it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto, then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WM. A. PRENDERGAST, Comptroller.

Beginning at a point on a line midway between Hoe ave. and Faile st. where it is intersected by a line at right angles to Faile st. and passing through a point on the center line of the said Faile st. located on the southerly line of the land heretofore conveyed to the City by deed of cession, and running thence easterly along the said line at right angles to the line of Faile st. to a point midway between Faile st. and Bryant ave.; thence southerly along a line midway between Faile st. and Bryant ave., as laid out northerly from Whitlock ave. and the prolongation thereof to the intersection with the prolongation of a line midway between Faile st. and Bryant ave., as laid out southeasterly from Whitlock ave.; thence southeasterly along the last-mentioned line midway between Faile st. and Bryant ave., and the prolongation thereof, to a point distant 100 feet southeasterly from the southeasterly line of Garrison ave., the said distance being measured at right angles to the line of Garrison ave.; thence southeasterly and parallel with Garrison ave. to the intersection with the prolongation of a line midway between Hunts Point road and Faile st., as laid out between Garrison ave. and Whitlock ave.; thence northwesterly along the said line midway between Hunts Point road and Faile st., and the prolongation thereof, to the intersection with the prolongation of a line midway between Hoe ave. and Faile st., as laid out northerly from Whitlock ave.; thence northwesterly along the said line midway between Hoe ave. and Faile st., and the prolongation thereof, to the point or place of beginning.

**TWENTY-FOURTH WARD, SECTION 16.**  
**EAST TWO HUNDRED AND SEVENTEENTH STREET—OPENING**, from White Plains road to Oakley st., formerly Ash ave. Confirmed October 6, 1913; entered November 12, 1913. Area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line always midway between E. 217th st. and E. 218th st., and by the prolongation of the said line; on the south-east by a line distant 100 feet southeasterly from and parallel with the southeasterly line of Oakley st., the said distance being measured at right angles to the line of Oakley st.; on the south by a line always midway between E. 216th st. and E. 217th st., and by the prolongations of the said line; and on the west by a line always distant 100 feet westerly from and parallel with the westerly line of White Plains road, the said distance being measured at right angles to the line of White Plains road.

**TWENTY-FOURTH WARD, ANNEXED TERRITORY.**

**EAST TWO HUNDRED AND TWENTY-SECOND STREET—OPENING**, from the Bronx River to 7th st. Confirmed August 13, 1913; entered November 12, 1913. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the easterly line of the Bronx River with a line parallel to and distant 2,000 feet northerly from the northerly line of E. 222d st.; running thence

easterly and parallel to E. 222d st. and always distant 2,000 feet northerly therefrom, to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Boston road; thence southerly along said line parallel to Boston road to its intersection with a line parallel to and distant 2,000 feet southerly from the southerly line of E. 222d st.; thence westerly and parallel to E. 222d st., and always distant 2,000 feet southerly therefrom, to its intersection with the easterly line of the Bronx River; thence northerly along the easterly line of the Bronx River to the point or place of beginning.

The above entitled assessments were entered on the date hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit of any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of 177th st. and 3d ave., Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before January 12, 1914, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

Part of three-story brick house, No. 84 Carmine st.; cut 3.01 feet on south side by 1.75 feet on north side.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 25th of November, 1913, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be enclosed in properly sealed envelopes, marked "Proposals to be opened November 25, 1913," and must be delivered or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

**THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."**

### PUBLIC SERVICE COMMISSION.

#### Proposals.

### INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

THE PUBLIC SERVICE COMMISSION FOR the First District (hereinafter called "the Commission") invites proposals to construct Section No. 2 of Routes 4 and 38, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2. Beginning at a point under Greenwich st., in the Borough of Manhattan, near the intersection of West Broadway, about seventy (70) feet south of the southerly building line of Vesey st., and extending thence northerly under Greenwich st., West Broadway and Varick st. to a point about one hundred (100) feet south of the southerly building line of Beach st.

Also a branch to this line, beginning at a point under Park place, in the Borough of Manhattan, about one hundred and seventeen (117) feet east of the easterly line of West Broadway and curving thence northwesterly under Park place, private property and West Broadway to a connection with the main line.

The general plan of construction calls for a subsurface railroad having two and four tracks. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary of all buildings, monuments, surface and elevated railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the

work; also the restoration of the sidewalks and roadways.

The method of construction will be by trench excavation under cover, unless otherwise permitted by the Commission, as set forth in the form of contract.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The City and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction, as provided in the contract dated March 19, 1913, between The City of New York, acting by the Commission, and Interborough Rapid Transit Company for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five (95) per centum of the aggregate sum arrived at by multiplying the estimated approximate quantities by the Unit Prices as contained in the Schedule of Unit Prices in the contractor's proposal. The contractor is to accept the obligation of the Interborough Rapid Transit Company to make payments to the amount and in the manner provided in the contract and is to agree not to look to the City, except to the extent that the amounts earned under the contract may exceed the amount for which the Interborough Rapid Transit Company is liable.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River or along the North River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Department of Docks and Ferries, with whom all arrangements must be made with respect to utilizing such docks and bulkheads as may be available.

Partial payments to the Contractor will be made monthly as the work proceeds, as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of thirty-six (36) months from the date of the delivery of the contract.

**Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 2d day of December, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.**

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route Nos. 4 and 38, Section No. 2," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand dollars (\$15,000). Such check must not be enclosed in the envelope containing the proposal.

*The unit prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.*

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the Contractor will be required to furnish security to the City by giving a bond for seventy-five thousand dollars (\$75,000). At the option of the successful bidder, cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security, fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the unit prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amount so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

#### INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

The Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section 1 of Route 16, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section 1. Beginning at a point in property owned by the City on the easterly side of River avenue, in the Borough of The Bronx, about one hundred and twenty (120) feet south of the southerly building line of East 157th street and extending thence northerly along and over private property, River avenue and Jerome avenue to a point about forty-five (45) feet north of the northerly building line of East 182d street.

The general plan of construction calls for an elevated railroad. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay any tracks or ties, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections, along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

Bidders must examine the form of contract and specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The City of New York (hereinafter called the "City") and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between The City of New York, acting by the Commission, and Interborough Rapid Transit Company for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five per centum (95%) of the aggregate sum arrived at by multiplying the estimated approximate quantities by the UNIT PRICES as contained in the SCHEDULE OF UNIT PRICES in the contractor's proposal. The contractor is to accept the obligation of the Interborough Rapid Transit Company to make payments to the amount and in the manner provided in the contract and is to agree not to look to the City except to the extent that the amounts earned under the contract may exceed the amount for which the Interborough Rapid Transit Company is liable.

Partial payments to the contractor will be made monthly as the work proceeds as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of eighteen (18) months from the date of the delivery of the contract.

**Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 28th day of November, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.**

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the contractor's

proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 16, Section No. 1," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand (\$15,000) dollars. Such check must not be enclosed in the envelope containing the proposal.

*The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.*

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten (10) days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond for one hundred thousand (\$100,000) dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under the contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the Unit Prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract.

In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten (10) days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five (5) days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

PUBLIC SERVICE COMMISSION OF THE FIRST DISTRICT. By EDWARD E. McCALL, Chairman.

#### INVITATION TO CONTRACTORS.

PART OF THE WHITE PLAINS ROAD, RAPID TRANSIT RAILROAD.

The Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section No. 2 of Route 18, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2. Beginning at a point in White Plains Road, in the Borough of The Bronx, about two hundred and eighty-five (285) feet north of the centre line of Burke avenue and extending thence northerly along and over White Plains road to a point about one hundred and forty-five (145) feet north of the centre line of East 241st street.

The general plan of construction calls for an elevated railroad. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay any tracks or ties, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections, along or off the route of

the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The City and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between The City of New York, acting by the Commission, and Interborough Rapid Transit Company for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five (95) per centum of the aggregate sum arrived at by multiplying the estimated approximate quantities by the unit prices as contained in the schedule of unit prices in the contractor's proposal. The contractor is to accept the obligation of the Interborough Rapid Transit Company to make payments to the amount and in the manner provided in the contract and is to agree not to look to the City except to the extent that the amounts earned under the contract may exceed the amount for which the Interborough Rapid Transit Company is liable.

Partial payments to the contractor will be made monthly as the work proceeds as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of eighteen (18) months from the date of the delivery of the contract.

**Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 28th day of November, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.**

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 18, Section No. 2," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand (\$15,000) dollars. Such check must not be enclosed in the envelope containing the proposal.

*The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.*

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten (10) days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond for one hundred thousand (\$100,000) dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under the contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the Unit Prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and de-

liver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten (10) days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to make the required deposit, then the invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five (5) days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

New York, October 31, 1913.  
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By EDWARD E. McCALL, Chairman.

#### INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE RAPID TRANSIT RAILROAD.

Part of Route No. 19 and 22. The Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section No. 1-A of Route 19 and 22, a part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section 1-A. Beginning at a point under Southern boulevard in the Borough of The Bronx about two hundred and seventy (270) feet north of the northeast corner of East 147th street and extending thence northerly under Southern boulevard, Hunts Point road, the public park, Dongan street and Whitlock avenue to a point over Whitlock avenue about one hundred and thirty (130) feet south of the southerly building line of Bancroft street.

The general plan of construction calls for a subsurface and elevated railroad having three tracks. The details of the construction and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks, ties, or ballast, nor to do station finish work.

The work of construction under the contract will include the construction of all necessary sewers and connections, along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning or the maintaining, protecting and securing where necessary, of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

The method of construction, unless otherwise permitted by the Commission, will be partly by trench excavation under cover and partly by open trench excavation without cover as set forth in the form of contract.

Bidders must examine the form of contract and specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The City and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between The City of New York, acting by the Commission, and Interborough Rapid Transit for the equipment, maintenance and operation of additional rapid transit railroads. The liability of Interborough Rapid Transit Company under the contract for which bids are now invited will be limited to an amount equal to ninety-five per centum (95%) of the aggregate sum arrived at by multiplying the estimated approximate quantities by the UNIT PRICES as contained in the SCHEDULE OF UNIT PRICES in the contractor's proposal. The contractor is to accept the obligation of the Interborough Rapid Transit Company to make payments to the amount and in the manner provided in the contract and is to agree not to look to the City except to the extent that the amounts earned under the contract may exceed the amount for which the Interborough Rapid Transit Company is liable.

Partial payments to the contractor will be made monthly as the work proceeds as provided in the form of contract.

The contractor will be required to complete the work as soon as practicable and within a period of thirty (30) months from the date of the delivery of the contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 1st day of December, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by

the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposals for Constructing Part of Rapid Transit Railroad—Route No. 19 and 22, Section No. 1-A," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of fifteen thousand (\$15,000) dollars. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten (10) days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the contractor will be required to furnish security to the City by giving a bond for one hundred and fifty thousand (\$150,000) dollars. At the option of the successful bidder, cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under the contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Commission.

The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security, fifteen (15) per centum of the amounts certified from time to time to be due to the contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the Unit Prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the contractor. The contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten (10) days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to make the required deposit, then the invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five (5) days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

#### INVITATION TO CONTRACTORS.

PART OF THE BROADWAY-FOURTH AVENUE RAPID TRANSIT RAILROAD.

THE PUBLIC SERVICE COMMISSION FOR the First District (hereinafter called "the Commission") invites proposals to construct Section No. 2 of Route No. 39, a part of the Broadway-Fourth Avenue Rapid Transit Railroad.

The points within The City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 2—Beginning at a point near the intersection of 10th ave. and 39th st., in the Borough of Brooklyn, and extending thence southwesterly over and along 10th ave. to New Utrecht ave., thence southerly over and along New Utrecht ave. to a point therein at or near 81st st., and thence extending southerly over private property, 84th st., private property, 18th ave., private property, 85th st., private property and 86th st. to a point in 86th st. near 19th

ave.; thence southeasterly over and along 86th st. to a point at or near the intersection of 86th st. with Bay 41st st., thence curving southeasterly into Stillwell ave.; continuing thence along and over Stillwell ave. to a point about one hundred and fifty (150) feet north of the center line of Avenue Y, where a connection may be made with a railroad which will be provided and kept available for use by the New York Municipal Railway Corporation.

The general plan of construction calls for an elevated railroad. The details of the construction of the railroad and appurtenances are more particularly indicated on the contract drawings.

Bidders will not be required to provide or lay tracks or ties, nor to do station finish work. The work of construction under the contract will include the construction of all necessary sewers and connections along or off the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care of all buildings, monuments, surface railroads and other surface, subsurface and overhead structures of any kind, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and roadways.

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof, and make their own estimates of the facilities and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated, in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, No. 154 Nassau st., Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders on payment of five dollars (\$5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

Partial payments to the Contractor will be made monthly as the work proceeds, as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of eighteen (18) months from the date of the delivery of the contract.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau street, Borough of Manhattan, City of New York, until the 21st day of November, 1913, at twelve fifteen (12.15) o'clock p. m., at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement based upon estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedule forming a part of the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposals for Constructing Part of Rapid Transit Railroad—Route No. 39, Section No. 2," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York, for the sum of fifteen thousand dollars (\$15,000). Such check must not be enclosed in the envelope containing the proposal.

The unit prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five (5) days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten (10) days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract the Contractor will be required to furnish security to the City by giving a bond for one hundred thousand dollars (\$100,000). At the option of the successful bidder, cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under the contract, they must be of the character of securities in which savings banks may invest their funds, and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security, fifteen (15) per centum of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten (10) per centum of the sum of the amounts resulting from the product of the estimated approximate quantities and the unit prices as contained in the schedule of unit prices in the contractor's proposal. Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor. The Contractor may from time to time withdraw portions of the amounts so retained upon depositing in lieu thereof corporate stock of The City of New York equal in market value to the amount so withdrawn.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract

with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten (10) days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to make the required deposit, then the invitation to Contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damage.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five (5) days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

**NOTICE IS HEREBY GIVEN THAT AT THE** meeting of the Board of Estimate and Apportionment held on November 6, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by the said Board on May 1, 1913, for acquiring title to Lambertville avenue (Pacific street and Packard avenue), from Sutphin road to Merrick road, excepting the right of way of the Long Island Railroad, Borough of Queens, so as to conform to a map or plan adopted by the Board of Estimate and Apportionment October 23, 1913, and approved by the Mayor October 31, 1913, under which a slight change was made in the lines and angles of said Lambertville avenue, between Belleville street and Spangler street, the proceeding as amended providing for the acquisition of title to Lambertville avenue (Pacific street and Packard avenue), from Sutphin road to Merrick road, as said Lambertville avenue is now laid out, subject to the easement of the Long Island Railroad Company for the operation of its railroad across this street.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the prolongation of a line distant 950 feet northerly from and parallel with the northerly line of Lambertville avenue, as this street is laid out between New York avenue and Globe avenue, the said distance being measured at right angles to Lambertville avenue, distant 100 feet northerly from the northerly line of Lakewood avenue (Lincoln avenue), the said distance being measured at right angles to Lakewood avenue and running thence eastwardly along the said line parallel with Lambertville avenue and along the prolongations of the said line to a point distant 800 feet easterly from the easterly line of Merrick road, the said distance being measured at right angles to Merrick road; thence southwardly and always distant 800 feet easterly from and parallel with the easterly line of Merrick road to the intersection with the prolongation of a line distant 950 feet southerly from and parallel with the southerly line of Lambertville avenue, as this street is laid out between New York avenue and Globe avenue, the said distance being measured at right angles to Lambertville avenue; thence westwardly along the said line parallel with Lambertville avenue and along the prolongations of the said line to a point distant 800 feet westerly from the westerly line of Sutphin road (Rockaway turnpike), the said distance being measured at right angles to Sutphin road; thence northwardly and always distant 800 feet westerly from and parallel with the westerly line of Sutphin road to a point distant 100 feet northerly from the northerly line of Lakewood avenue (Lincoln avenue), the said distance being measured at right angles to Lakewood avenue; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Lakewood avenue to the point or place of beginning.

(The lines of the streets hereinbefore referred to which have not been incorporated upon the City plan are intended to be those as in use and as commonly recognized.)

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 4th day of December, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 4th day of December, 1913.

**NOTICE IS HEREBY GIVEN THAT AT THE** meeting of the Board of Estimate and Apportionment held on November 6, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Ulster avenue, from Smith street to Westchester avenue; Westchester avenue, from Ulster avenue to 117th avenue; 117th avenue, from Westchester avenue to Dearborn avenue; Dearborn avenue,

from 117th avenue to the City line, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in these proceedings:

Beginning at a point on the prolongation of a line midway between Tuckahoe avenue (Remsen street) and Bergenfields street (Baiseley street), as these streets adjoin Sweet street (Sweet avenue) on the west, distant 100 feet southwesterly from the southwesterly line of New York avenue, the said distance being measured at right angles to New York avenue, and running thence northwesterly along the said line midway between Tuckahoe avenue (Remsen street) and Bergenfields street (Baiseley street) and along the prolongations of the said line to the intersection with the prolongation of a line midway between Quencer street (Estelle street) and Tioga street (Cedar street), as these streets adjoin Mexico street (Morris avenue) on the west; thence eastwardly along the said line midway between Quencer street (Estelle street) and Tioga street (Cedar street) and along the prolongations of the said line to the intersection with the prolongation of a line midway between 115th road (Hilton avenue) and 115th drive (Fletcher avenue), as these streets adjoin 194th street (Kenmore avenue) on the west; thence northwesterly along the said line midway between 115th road (Hilton avenue) and 115th drive (Fletcher avenue), and along the prolongations of the said line to a point distant 1,000 feet northerly from the prolongation of the northerly line of Dearborn avenue, as this street is laid out in the second tangent east of 117th avenue, the said distance being measured at right angles to Dearborn avenue; thence eastwardly and always distant 1,000 feet northerly from and parallel with the northerly line of Dearborn avenue, and with its westerly prolongation as laid out in the second tangent east of 117th avenue, to the intersection with the City line; thence southwardly along the City line to a point distant 1,000 feet southerly from the prolongation of the southerly line of Dearborn avenue, as this street is laid out where it adjoins the City line, the said distance being measured at right angles to Dearborn avenue; thence westwardly and always distant 1,000 feet southerly from and parallel with the southerly line of Dearborn avenue, and with its westerly prolongation as laid out in the second tangent east of 117th avenue, to the intersection with the prolongation of a line midway between 118th avenue (St. Albans avenue) and 119th avenue (St. Marks avenue), as these streets adjoin 201st street (Bank street) on the east; thence southwesterly along the said line midway between 118th avenue (St. Albans avenue) and 119th avenue (St. Marks avenue) and along the prolongations of the said line to the intersection with a line midway between 196th street (Morton street) and 197th street (Clove street), as these streets adjoin 118th avenue (St. Albans avenue) on the south; thence southeasterly along the said line midway between 196th street (Morton street) and 197th street (Clove street) to a point distant 100 feet northwesterly from the northwesterly line of 119th avenue (St. Marks avenue), the said distance being measured at right angles to 119th avenue; thence southwesterly and always distant 100 feet northwesterly from and parallel with the northwesterly line of 119th avenue (St. Marks avenue) to the intersection with the easterly line of Farmers avenue; thence southwesterly in a straight line to a point on the southwesterly line of Farmers avenue where it is intersected by a line distant 100 feet southerly from and parallel with the southerly line of Sonn place (Allan street), as this street adjoins Riverfront street (Roosevelt avenue), the said distance being measured at right angles to Sonn place; thence westwardly along the said line parallel with Sonn place (Allan street) and along the prolongation of the said line to the intersection with the westerly right of way line of the Montauk Division of the Long Island Railroad; thence northwardly along the said right of way line to the intersection with a line distant 1,000 feet southerly from and parallel with the southerly line of Westchester avenue, as this street is laid out immediately west of Farmers avenue, the said distance being measured at right angles to Westchester avenue; thence westwardly along the said line parallel with Westchester avenue and along the prolongation of the said line to the intersection with the prolongation of a line distant 900 feet southeasterly from and parallel with the southeasterly line of Ulster avenue, as this street is laid out between Smith street and Merrick road, the said distance being measured at right angles to Ulster avenue; thence southwesterly along the said line parallel with Ulster avenue and along the prolongations of the said line to a point distant 100 feet southwesterly from the southwesterly line of New York avenue, the said distance being measured at right angles to New York avenue; thence northwesterly and always distant 100 feet southwesterly from and parallel with the southwesterly line of New York avenue to the point or place of beginning.

(The lines of the streets hereinbefore referred to which have not been incorporated upon the City plan are intended to be those as in use or as commonly recognized.)

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 4th day of December, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 4th day of December, 1913.

**NOTICE IS HEREBY GIVEN THAT AT THE** meeting of the Board of Estimate and Apportionment held on November 6, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board on April 25, 1912, for acquiring title to Atlantic avenue, from the Brooklyn Borough line to Van Wyck avenue, excluding all land which may fall within the limits of the right of way of the Long Island Railroad Company, and all land actually occupied by railroad buildings, Borough of Queens, so as to conform to a map or plan upon which the Board of Estimate and Apportionment will hold a public hearing November 20, 1913, and under which the width of said Atlantic avenue is to be decreased on the northerly side of the Long Island Railroad from 35.28 feet to 35 feet.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the northeast by a line distant 100 feet northeasterly from and parallel with the northeasterly line of 86th street; on the south-

east by a line midway between Delaplane street and 12th avenue, and by the prolongation of the said line; on the southwest by the northeasterly boundary line of Dyker Beach Park, and on the northwest by a line midway between Morrison street and Delaplane street and by the prolongations of the said line.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 4th day of December, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

## SUPREME COURT—FIRST DEPARTMENT.

### Filing Preliminary Abstracts.

#### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of VAN CORTLANDT PARK SOUTH, from Broadway to Moshulu Parkway, excluding the right of way of the New York and Putnam Railroad, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 8th day of December, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 9th day of December, 1913, at 2 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 8th day of December, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 10th day of December, 1913, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line bisecting the angle formed by the intersection of the prolongations of the center line of West Two Hundred and Thirty-eighth street and Van Cortlandt Park South, as these streets are laid out between Broadway and Review place, distant 100 feet westerly from the westerly line of Broadway, the said distance being measured at right angles to Broadway, and running thence northwardly and parallel with Broadway to the intersection with the prolongation of a line distant 300 feet northerly from and parallel with the northerly line of Van Cortlandt Park South, the said distance being measured at right angles to Van Cortlandt Park South; thence eastwardly along the said line parallel with Van Cortlandt Park South and along the prolongations of the said line to a point distant 100 feet easterly from the prolongation of the easterly line of Moshulu Parkway South, the said distance being measured at right angles to Moshulu Parkway South; thence southwardly along a line always distant 100 feet easterly from and parallel with the easterly line of Moshulu Parkway South and its prolongation to the intersection with a line bisecting the angle formed by the intersection of the prolongation of the southerly line of Van Cortlandt Park South and the northerly line of Sedgwick avenue as these streets are laid out between Dickinson place and Hillhouse avenue; thence westwardly along the said bisecting line to the intersection with the bisecting line hereinbefore described as passing through the point of beginning; thence westwardly along the said bisecting line to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 9th day of December, 1913.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in the City of New York, on the 29th day of January, 1914, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

#### Filing Preliminary Abstracts.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the widening of FLATBUSH AVENUE EXTENSION, from

Concord street to Nassau street, in the Fourth Ward, Borough of Brooklyn, The City of New York.

**NOTICE IS HEREBY GIVEN TO ALL PERSONS** interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 28th day of November, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 1st day of December, 1913, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague street in the Borough of Brooklyn, in the City of New York, on or before the 28th day of November, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 2d day of December, 1913, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 7th day of March, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly line of Bridge street where it is intersected by a line midway between High street and Nassau street, and running thence easterly along the said line midway between High street and Nassau street to the intersection with the prolongation of a line midway between Bridge street and Duffield street; thence southwardly along the said line midway between Bridge street and Duffield street and along the prolongation of the said line to the intersection with a line always distant 100 feet easterly from and parallel with the easterly line of Flatbush avenue, the said distance being measured at right angles to Flatbush avenue; thence southwardly along the said line parallel with Flatbush avenue and always distant 100 feet therefrom to a point distant 100 feet southwestwardly from the southwesterly line of Fulton street, the said distance being measured at right angles to Fulton street; thence northwardly and always distant 100 feet southwestwardly from and parallel with the southwesterly line of Fulton street to the intersection with a line always distant 100 feet westerly from and parallel with the westerly line of Flatbush avenue, the said distance being measured at right angles to Flatbush avenue; thence northwardly along the said line parallel with Flatbush avenue and always distant 100 feet therefrom to the intersection with a line midway between Chapel street and Cathedral place; thence westwardly along the said line midway between Chapel street and Cathedral place to the intersection with the prolongation of a line midway between Jay street and Bridge street, as these streets are laid out immediately south of Cathedral place; thence northwardly along the prolongation of the said line midway between Jay street and Bridge street to the intersection with a line midway between Concord street and Chapel street; thence westwardly along the said line midway between Concord street and Chapel street to the intersection with a line midway between Pearl street and Jay street; thence northwardly along the said line midway between Pearl street and Jay street to the intersection with a line midway between High street and Nassau street; thence eastwardly along the said line midway between High street and Nassau street to the intersection with the westerly line of Jay street; thence southwardly along the westerly line of Jay street to the intersection with the northerly line of Nassau street; thence eastwardly along the northerly line of Nassau street to the intersection with the easterly line of Bridge street; thence northwardly along the easterly line of Bridge street to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said city, there to remain until the 8th day of December, 1913.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in the City of New York, on the 30th day of December, 1913, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases, to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1904.

Dated Borough of Brooklyn, New York, November 8, 1913.

### SUPREME COURT—THIRD JUDICIAL DISTRICT.

#### Application for Appointment of Commissioners.

##### THIRD JUDICIAL DISTRICT.

In the matter of the application of Charles Strauss, Charles N. Chadwick and John F. Galvin, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905 and the acts amendatory thereof, in the Towns of Olive and Hurley, County of Ulster, New York, for the purpose of providing an additional supply of pure and whole-

some water for the use of The City of New York.

#### ASHOKAN RESERVOIR, RAILROAD SECTION No. 5.

##### Notice of Application for the Appointment of Commissioners of Appraisal.

**PUBLIC NOTICE IS HEREBY GIVEN THAT** it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905 and the acts amendatory thereof.

Such application is to be made at a Special Term of the said Court, to be held in and for the Third Judicial District, at the Court House, in the City of Kingston, Ulster County, New York, on the 3d day of January, 1914, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard.

The object of this application is to obtain an order of the Court appointing three disinterested and competent freeholders, at least one of whom shall reside in the County of New York, and at least one of whom shall reside in the county in which the real estate hereinafter described is situated, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners of and persons interested in the real estate, and discharge the duties required by said act and the acts amendatory thereof.

The real estate taken or affected is situated in the Towns of Olive and Hurley, County of Ulster, New York.

The real estate sought to be acquired under these proceedings, which is situated in the Towns of Olive and Hurley, County of Ulster and State of New York, is all the real estate formerly owned or occupied by the Ulster & Delaware Railroad Company from the easterly boundary of the Ashokan reservoir taking at West Hurley to a point near the old Boiceville station; the possession of which is required by reason of the construction of the Ashokan reservoir, and is shown on a map entitled: "Board of Water Supply of The City of New York. Map of real estate right of way of Ulster and Delaware Railroad Co., from Stony Hollow to Boiceville, situated in the Towns of Hurley and Olive, County of Ulster and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan reservoir and appurtenances," which map was prepared by the Board of Water Supply on August 5, 1913, and adopted by the Board of Estimate and Apportionment on August 28, 1913, and is bounded and described as follows:

All that portion of real estate formerly occupied by the Ulster and Delaware Railroad, situated in the Towns of Hurley and Olive, and which lies between the real estate sections heretofore acquired by The City of New York for the construction of the Ashokan reservoir and its appurtenances, shown on the above entitled map as Parcels 937 to 1007, inclusive, and more particularly described as follows:

Beginning at a point in the northerly bounds of the Ulster & Delaware Railroad, as located prior to June 15, 1913, which point is in the centre of the old Vandale road (now a part of the substituted highways around the Ashokan reservoir), and is the southwest corner of Parcel No. 827 of Section 17 of the Ashokan reservoir taking, and running thence along the northerly bounds of the right of way north 83 degrees 09 minutes east 60.9 feet to the northeast corner of Parcel No. 1007; thence south 6 degrees 51 minutes east 66 feet across the right of way, being the easterly limit of the taking and the easterly bounds of Parcel No. 1007; thence south 83 degrees 09 minutes west 47.4 feet to a point in the centre of the highway; thence south 36 degrees 21 minutes east 72 feet; thence south 83 degrees 09 minutes west 311 feet; thence north 39 degrees 03 minutes east 63.5 feet to the southeast corner of Parcel No. 1004; thence south 83 degrees 09 minutes west 908.5 feet; thence on a curve with a radius of 988.4 feet to the right along Parcels 1004 and 1003 988.5 feet; thence north 39 degrees 33 minutes west 64.2 feet; thence on a curve with a radius of 1,370 feet to the left 1,035.6 feet along Parcels 1003, 1002 and 1001; thence north 82 degrees 52 minutes west 416.3 feet; thence south 7 degrees 08 minutes west 42 feet; thence north 82 degrees 52 minutes west 1,880.6 feet along Parcels Nos. 1001 and 999; thence north 7 degrees 08 minutes east 42 feet; thence north 82 degrees 52 minutes west 3,433.9 feet along Parcels Nos. 999, 998 and 997; thence on a curve with a radius of 11,426 feet to the left 409.2 feet; thence north 84 degrees 53 minutes west 1,326.7 feet along Parcels Nos. 997 to 994, inclusive; thence on a curve with a radius of 1,113 feet to the left 772.2 feet; thence south 55 degrees 19 minutes west 457.1 feet along Parcels Nos. 994 and 993; thence south 63 degrees 30 minutes west 109.3 feet; thence south 48 degrees 59 minutes west 133.2 feet along Parcels Nos. 993 and 992; thence south 55 degrees 19 minutes west 707.4 feet; thence on a curve with a radius of 2,898 feet to the right 1,074.2 feet along Parcels Nos. 992, 991 and 990; thence south 76 degrees 33 minutes west 3,286.3 feet along Parcels Nos. 990 to 986, inclusive; thence south 71 degrees 31 minutes west 349.1 feet; thence south 64 degrees 27 minutes west 801.4 feet; thence south 48 degrees 15 minutes west 47.3 feet; thence north 67 degrees 44 minutes west 193.1 feet to a point in the southerly boundary of the right of way; thence on a curve with a radius of 5,697 feet to the left 1,281.6 feet; thence south 52 degrees 28 minutes west 10,817.9 feet along Parcels Nos. 985 to 972, inclusive (crossing the town line between the Towns of Hurley and Olive, between Parcels Nos. 973 and 974); thence on a curve with a radius of 2,832 feet to the left 1,455.6 feet along Parcels Nos. 972, 971 and 970; thence south 22 degrees 59 minutes west 761.4 feet; thence on a curve with a radius of 1,943 feet to the right 1,061.5 feet; thence on a curve with a radius of 2,325 feet to the right 1,014.4 feet along Parcels Nos. 970 and 969; thence on a curve with a radius of 5,763 feet to the right 84.9 feet; thence south 54 degrees 20 minutes east 92.9 feet; thence on a curve with a radius of 5,830 feet to the right 687.3 feet; thence south 41 degrees 10 minutes west 130.8 feet; thence north 59 degrees 33 minutes west 52.1 feet; thence north 41 degrees 10 minutes east 181.7 feet to the southerly bounds of the right of way; thence on a curve with a radius of 5,763 feet to the right 200.2 feet; thence south 88 degrees 17 minutes west 1,518 feet along Parcels Nos. 968 and 967; thence on a curve with a radius of 1,943 feet to the right 612.5 feet along Parcels Nos. 967 and 966; thence north 73 degrees 39 minutes west 1,179.3 feet along Parcels Nos. 966 and 964 to the easterly bounds of Parcel No. 965; thence south 9 degrees 51 minutes west 373 feet to the southwest corner of said parcel; thence north 10 degrees 33 minutes east 355 feet to the southerly bounds of the right of way; thence north 73 degrees 39 minutes west 1,329.3 feet along Parcels Nos. 964, 963 and 962; thence on a curve with a radius of 1,670 feet to the right 1,138.1 feet; thence north 34 degrees 33 minutes west 315.8 feet along Parcels Nos. 962 and 961; thence on a curve with a radius of 1,943 feet to the right 372.9 feet; thence on a curve with a radius of

### SUPREME COURT—NINTH JUDICIAL DISTRICT.

#### Application for Appointment of Commissioners.

##### NINTH JUDICIAL DISTRICT.

In the matter of the application of CHARLES STRAUSS, CHARLES N. CHADWICK and JOHN F. GALVIN, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905, and the acts amendatory thereof, in the Towns of Mount Pleasant, Harrison and North Castle, Westchester County, New York, for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

#### KENSICO RESERVOIR (Highways).

##### Notice of Application for Commissioners of Appraisal.

**PUBLIC NOTICE IS HEREBY GIVEN THAT** it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905 and the laws amendatory thereof.

Such application will be made at a Special Term of said Court to be held in and for the Ninth Judicial District, at the Chambers of Mr. Justice Keogh, in the City of New Rochelle, Westchester County, New York, on the 29th day of November, 1913, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard.

The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, at least one of whom shall reside in the County of New York, and at least one of whom shall reside in the county in which the real estate hereinafter described is situated, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners of and all persons interested in the real estate (as the term real estate is defined by said act) hereinafter described, as proposed to be taken or affected in connection with the construction of the dam and reservoir on the Bronx River, to be known as Kensico Reservoir, for the purpose of supplying The City of New York with an additional supply of pure and wholesome water, as provided for in said act.

The real estate sought to be taken or affected is situated in the Towns of Mount Pleasant, Harrison and North Castle, County of Westchester, and State of New York.

The real estate used for public highway purposes, the fee of which has been heretofore taken by The City of New York, and the possession of which is required and its use for public highway purposes discontinued by reason of the construction of said dam and reservoir, is shown on a map entitled "Board of Water Supply of The City of New York. Map showing highways to be discontinued and real estate to be substituted therefor situated in the Towns of Mount Pleasant, Harrison and North Castle, County of Westchester and State of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, in connection with the construction of Kensico Reservoir and appurtenances," prepared June 10, 1913, which map was duly filed in the office of the Register of the County of Westchester on the 7th day of October, 1913, as aforesaid, as parcels 1 to 22, inclusive, and more particularly described as follows:

All those portions of public highways situated in the Towns of Mount Pleasant, Harrison and North Castle, which lie within the exterior boundaries of the real estate heretofore acquired by The City of New York for the construction of Kensico Reservoir and its appurtenances, shown and designated on the above entitled map filed in the office of the Register of the County of Westchester on the 7th day of October, 1913, as aforesaid, as parcels 1 to 22, inclusive, and more particularly described as follows:

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
