Hon. EDWARD M. GROUT, Comptroller:

Dear Sir—Replying to your favor of the 29th ult. I beg to enclose herewith copy of my communication to the Corporation Counsel of December 31, 1902, and of his reply thereto.

The Corporation Counsel advised me that I had the right to reject Mr. Carlin's bid. As to my reasons for so doing I beg to refer you to the present condition of certain buildings erected within the past few years by Mr. Carlin in connection with the Kings County Hospital and Almshouse—namely, the hospital for consumptives, the drug building and two pavilions, one at either end of the main hospital. I beg also to refer you to the architect who had the oversight of the execution of these contracts, Mr. G. J. Voss.

I have the honor to remain,

Yours very truly,
HOMER FOLKS, Commissioner.

(Copy.)

Law Department—Office of the Corporation Counsel,
New York, January 10, 1903.

Hon. HOMER FOLKS, Commissioner of Public Charities:

Sir—A communication from your Department, dated December 31, 1902, has been received.

You state that on November 25, 1902, the Department of Public Charities opened bids for four jobs in connection with the installation of a heating and lighting plant for the Kings County Hospital and the Kings County Almshouse. The advertisement in the "City Record" states among other things as follows:

"Bidders for this work must be engaged in and known to be well prepared to execute same in accordance with the plans and specifications, and upon demand by the Commissioner must produce proof satisfactory to the said Commissioner that they possess the necessary plant, tools, materials, etc., etc., which will be required in the erection and completion of the work."

The lowest bidder on Job H, "for furnishing all the labor and material for the installation of a heating and power plant, Kings County Buildings, Borough of Brooklyn," appeared to be Thomas G. Carlin. Shortly after opening the said bids you state that you received a protest from the James Curran Manufacturing Company to the effect that Thomas G. Carlin is not now nor never has been in the business of erecting heating and power plants, to the best of their knowledge and belief. Also a similar protest from the Steam and Hot Water Fitters' Association.

It appears from certain communications from Mr. Carlin, which are fully set forth in your letter and his answers thereto, that he is the holder of twenty shares at \$100 each in the Cooke Heating and Power Company, which has issued in all eighty shares.

Mr. Carlin in his communication of December 11 states that while the said company is not within his control he contends that his interest is sufficient to warrant you in awarding the contract to him.

You request my opinion as to whether you are required and at liberty to declare Mr. Carlin's bid invalid, on the ground that he does not possess the necessary plant,

tools, material, etc., etc., and whether you are at liberty to award the bid to the next lowest bidder without readvertisement and without bringing the matter before any other board or officer for action.

In my opinion Mr. Carlin has not produced the necessary proof that he possesses the plant, tools, materials, etc., which will be required in the erection and completion of the work, and the fact that he holds stock in a company that does, in no way better his position.

The bid in question may be treated as invalid and of no effect and the contract may be awarded to the next lowest bidder, should you so desire, without readvertisement and without bringing the matter before any other board or officer for action.

Respectfully,
(Signed) G. L. RIVES, Corporation Counsel.

December 31, 1902.

Hon. GEORGE L. RIVES, Corporation Counsel:

Dear Sir—On Tuesday, November 25, 1902, this Department opened sealed bids for four jobs in connection with the installation of a heating and lighting plant for the Kings County Hospital and the Kings County Almshouse. The advertisement in the "City Record" stated among other things, as follows:

"Bidders for this work must be engaged in and known to be well prepared to execute the same in accordance with the plans and specifications, and upon demand by the Commissioner must produce proof satisfactory to the said Commissioner that they possess the necessary plant, tools, material, etc., etc., which will be required in the erection and completion of the work."

The lowest bidder on No. 2, Job H, "For furnishing all the labor and material for the installation of a heating and power plant, Kings County Buildings, Borough of Brooklyn," appeared to be Thomas G. Carlin. Shortly after opening the said bids I received a protest from the James Curran Manufacturing Company stating that Thomas G. Carlin is not now nor never has been in the business of erecting heating and power plants, to the best of their knowledge and belief. I also received from the Steam and Hot Water Fitters' Association a similar protest against awarding the contract to Thomas G. Carlin and for the same reason.

I addressed a communication to Mr. Carlin, asking him to furnish me with proof that he possessed the necessary plant, tools, material, etc., and was engaged in the business of installing heating and power plants. After some correspondence, in which Mr. Carlin made no direct answer to my question, I addressed to him the following communication:

December 6, 1902.

Mr. THOMAS G. CARLIN, No. 215 Montague Street, Brooklyn:

Dear Sir—If you will refer to my favor of the 28th ult. you will see that the only charge made against you was to the effect that you were not engaged in the business of installing heating and power plants, and you will see that I call upon you to produce proof that you are engaged in this line of work and prepared to execute this job. I will await a further reply from you by Tuesday next before making an award.

Yours very truly,
(Signed) HOMER FOLKS, Commissioner.

In reply to this, Mr. Carlin addressed me as follows:

December 9, 1902.

Department of Public Charities, Mr. HOMER FOLKS, Commissioner, Foot of East Twenty-sixth Street, Manhattan:

Dear Sir—As per your request of recent date, I submit for your inspection No. 30 East Twentieth street, the "Cooke Heating and Power Company."

Of the many steam heating contracts executed by me in connection with the above concern I would mention those of recent date: Sixty-fifth Precinct Station House, at Liberty and East New York avenues, this borough; new Bakery Building, Kings County Hospital, and now on hand "Watson Theatre," this borough.

Believing the plant above described will prove to your satisfaction, I am,

Yours respectfully,
(Signed) THOMAS G. CARLIN.

I thereupon addressed to Mr. Carlin a letter dated December 10, as follows:

December 10, 1902.

THOMAS G. CARLIN, Esq., No. 215 Montague Street, Brooklyn:

Dear Sir—Replying to your communication of the 9th inst. I must call your attention to the fact that you offer no evidence that the "Cooke Heating and Power Company" is an integral part of your plant or that it is under your ownership or control I am,

Yours very truly,
(Signed) HOMER FOLKS, Commissioner.

His two replies, dated December 11, are as follows:

Brooklyn, December 11, 1902.

Department of Public Charities, HOMER FOLKS, Commissioner:

Dear Sir—In relation to the Cooke Heating and Power Company and as per your request of this date, I would say: This company was incorporated under the laws of the State of New York on August 22, 1901, with an authorized capital of ten thousand dollars (\$10,000); total amount of stock issued is eighty (80) shares at one hundred dollars (\$100) per share, of which I hold twenty (20) shares, certificate number eight (8), dated September 17, 1901, which was shown you this day.

Hoping this will be to your satisfaction, believe me

Yours respectfully,
(Signed) THOS. G. CARLIN.

Brooklyn, December 11, 1902.

Department of Public Charities, Hon. HOMER FOLKS, Commissioner:

Dear Sir—Herewith is handed you a statement of my interest in the Cooke Heating and Power Company. While not having the control of the company, still you will readily see my interest is quite sufficient to warrant either the Cooke Heating and Power Company or myself in assuming a contract, always with the vote or understanding of a majority of shareholders, which was done in this case.

Yours respectfully,
(Signed) THOMAS G. CARLIN.

I have examined the certificate of stock and am satisfied that Thomas G. Carlin holds twenty shares of stock in the Cooke Heating and Power Company, but this, as stated by himself in his letter of December 11, does not give him control of the company.

I ask for an opinion as to whether I am required and am at liberty to declare Mr. Carlin's bid invalid, on the ground that he does not possess the necessary plant, tools, material, etc., etc., and whether I am at liberty to award the bid to the next lowest bidder, the James Curran Manufacturing Company, without readvertisement and without bringing the matter before any other board or official for action.

I have the honor to remain,

Yours very truly,
(Signed) HOMER FOLKS, Commissioner.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
