November 1, 1904.

Respectfully submitted,

CHARLES H. GRAHAM, Engineer in Charge Sewers, The Bronx.

Approved:

Josiah A. Briggs, Chief Engineer, Borough of The Bronx.

The City of New York,  
President of the Borough of The Bronx,  
Office of Topographical Engineer,  
One Hundred and Seventy-seventh Street and Third Avenue,  
New York, October 1, 1904.

Mr. JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx:

Sir—In accordance with your instructions I have the honor to submit the following report of work done under my charge during the months of July, August and September, 1904:

The Topographical Bureau of the President of the Borough of The Bronx is charged with the following duties:

I.—To Make the Topographical Surveys, Computations, Maps or Plans and Profiles and Reports in Connection with the Following Three (3) Divisions of Work:

A. The preparation of a design for the street system in those parts of the Borough where a design is not adopted as yet, and the making of surveys, maps, etc., showing changes of adopted street systems and grades; also the preparation of three copies for filing of all matters which have been adopted by the Local Boards or approved by the Board of Estimate and Apportionment.

B. The actual demarcation on the ground by monument stones and copper bolts of the lines of adopted avenues, streets, public squares, places, etc., and the protection of the same when improvements are being made.

C. The making of surveys, searches, maps, technical descriptions, profiles, etc., for the Commissioners of Estimate and Assessments, in the matter of acquiring title by the City to avenues, streets and other public property.

II.—To Keep in Custody the Records and Maps of All Matters Pertaining to Work Under the Jurisdiction of the Topographical Bureau; Also Keeping in Custody All Maps Filed in Relation to the Borough of The Bronx Under the Department of Public Parks, the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, and the President of the Borough of The Bronx.

III.—To Make Examinations, Maps and Reports on Miscellaneous Matters Referred by the Chief Engineer of the Borough of The Bronx.

I-A. Preparation of the Design of a Street System, Maps Showing Changes of Adopted Street Systems, etc.

The Board of Estimate and Apportionment on May 29, 1903, approved a tentative plan of the street system, east of the Bronx river, which amended previously filed plans and laid out streets over such areas, which had not been taken up.

A resolution was passed as follows:

Resolved, That the President of the Borough of The Bronx cause to be prepared for submission to this Board in suitable sections and drawn to a larger scale, three similar copies of the Adopted General Plan of the Street System for certification and filing in the manner required by law, showing as nearly as possible in a general way, the nature and extent of the proposed changes and amendments, laying out and extending of streets, roads, avenues, squares or places.

Computations for this purpose are in progress and sections 33, 35, 36, 42, 44, 45, 47 and 52 are completed, and sections 39, 40, 43 and 46 are under way.

Draughting of all the above sections is in progress, but none of them has been submitted as yet in complete form to the Board of Estimate and Apportionment.

Computations were also made for all the changes or establishing of new street lines, grades, etc., which had been before the Local Boards and for which maps were forwarded to the Board of Estimate and Apportionment for adoption and filing.

The following is a tabular statement of office work in relation to computations:

The City of New York,  
Office of the President of the Borough of The Bronx,  
Municipal Building, Crotona Park,  
October 5, 1904.

JOSIAH A. BRIGGS, Esq., Chief Engineer of the Borough of The Bronx:

Sir—In compliance with your instructions, I herewith transmit the report of the work performed by the Bureau of Public Buildings and Offices during the quarter ending September 30, 1904.

Among the items of work done by the Bureau, I have the honor to submit the following:

The cleaning and keeping in order of the buildings and offices in care of this Bureau, comprising the Municipal Building, the First District Court-house, Westchester; the Second District Court-house, Third avenue and One Hundred and Fifty-eighth street; the Coroner's Office, corner of Tremont and Third avenues; the Branch Office, Bureau of Highways, Bank Building, Tremont avenue; the Department Yard, at One Hundred and Forty-fourth street and College avenue; the stable, Bureau of Highways, One Hundred and Forty-third street and College avenue; the stable, Bureau of Highways, at One Hundred and Seventy-fifth street and Anthony avenue; the Yard and Office, Bureau of Sewers, Tremont avenue and Mount Hope place; the Office and Stable of the Bureaus of Sewers and Highways, at Williamsbridge; the Branch Office of Bureau of Regulating, Grading and Paving on Kingsbridge road; the office of the Board of Health, on Franklin avenue and One Hundred and Sixty-eighth street, and the Free Floating Bath, located at Port Morris (foot of One Hundred and Thirty-fifth street).

All these buildings and offices are kept clean and necessary repairs made, whenever required or needed, by the employees of this Bureau.

The following is a statement in detail of the work done on the several buildings and offices:

#### The Municipal Building, Crotona Park.

The work of renovating the exterior of the building has been commenced and is now progressing as rapidly as the nature of the work will permit.

The west front of the building is nearly completed, and from the improved appearance it presents, an idea may be formed of the necessity of the work, and the effect it will have in beautifying the building when finished.

The brick work has been pointed up with cement mortar and the work given three coats white lead and oil paint.

The rough rock faced masonry of the basement story has been dressed down, defective joints removed and repaired and the surface plastered with Portland cement mortar and jointed to represent cutstone ashlar.

The plastering in the offices of the Superintendent of Highways, and Clerks, has been repaired, and also the walls of the first floor toilet rooms; the walls were then painted and the wood work thoroughly cleaned and varnished.

The following is a summary of repairs made throughout the building in the several rooms and offices:

- 4 file cases were made, stained and varnished.
- 1 wood and glass partition put up.
- 3 instrument cases made, stained and varnished.
- 1 picture frame case made.
- 3 toilet room doors repaired.
- 19 lights of window glass put in.
- 2 safe shelves put up.
- 4 desks repaired.
- 52 fibre cases removed and reset.
- 4 shade fixtures repaired.
- 3 hose brackets made and put up.
- 2 iron gates repaired.
- 10 feet iron railing repaired.
- 12 feet iron skylight repaired.
- 2 desk locks repaired and put on.
- 12 desks removed, repaired and set up.
- 1 work bench, with drawer, screw and stop, made and set up.
- 5 glass office doors lettered.
- 12 metal and wooden signs lettered and put in place.

The Second District Court-house, Third Avenue and One Hundred and Fifty-eighth Street.

The tin roof of this building repaired and painted, new flashing put on, and the coping pointed up with Portland cement mortar. The materials used on this work was 163 sheets roofing tin, 5 pounds roofing nails, 24 wall hooks, 25 pounds solder, 2 bags charcoal, 50 pounds metallic paint and 20 gallons boiled linseed oil. Repairs were made to the windows, the sashes eased up where needed, sash cord put in and shades put in order. The two stoves were cleaned, repaired and put up ready for use.

#### The First District Court-house, Westchester.

The work of repairing the basement and area walls of the building was suspended on August 6, and the men transferred to the Municipal Building to assist in the work being done there, as it was a matter of greater necessity.

The material used up to the time the work was suspended was: 2 barrels of Portland cement, 3 loads of sand and 100 hard brick.

The chimneys were cleaned and repaired and 2 galvanized iron chimney tops put on, 6 feet of 6-inch and 8 feet of 8-inch galvanized iron smoke pipe were furnished, and the stove repaired and made ready for use.

#### The Coroner's Office, Corner Tremont and Third Avenues.

- 2 fiber cases were furnished and set up.
- 2 lights of glass put in telephone booth.
- 3 arm chairs, the witness chair, 10 hard wood chairs and 2 desks were repaired.

Branch Office, Bureau of Highways, No. 767 Tremont Avenue.  
33 feet of white wood partition, 7 feet 6 inches high, was made, stained and varnished.

14 panels of wood and glass and 1 sash door put up.  
6 instrument racks and 6 rod racks were made and set up. The material used was 160 feet square 1½-inch white wood, 100 square feet ¾-inch white wood, 300 feet of ¾-inch beech moulding.

3 document cases, each 2 feet 2 inches by 1 foot 6 inches by 5 feet 9 inches were built and placed in position. The materials used for them was 110 feet of lumber, 200 feet raised moulding, 36 feet of base moulding, 3 locks and keys, 12 ball castors and 7 pair brass hinges.

Yard, Bureau of Lighting, College Avenue and One Hundred and Forty-fourth Street.

Tar roofs on three of the sheds were repaired, the material used, 415 square feet of tar paper and 5 pounds tinned nails and buttons.

The Roof of the Stable, Bureau of Highways, at One Hundred and Forty-third Street and College Avenue.

Square feet of roof repaired, 1,200, for which 10 pounds of tinned nails and buttons were required.

Stable, Bureau of Highways, One Hundred and Seventy-fifth street and Anthony Avenue.

One new galvanized iron chimney top was put up, the stove repaired and 30 feet of galvanized iron stove-pipe with 2 elbows and taper joints furnished and put up, 11 lights of glass furnished and put in.

#### Williamsbridge Office and Stable, Highway and Sewer Bureau.

One No. 21 Scorching stove with new guard ring, 40 feet 5-inch black iron stove-pipe with 1 taper joint and 9 square feet of No. 9 zinc were furnished and put up.

Office, Grand Boulevard and Concourse, One Hundred and Eightieth Street and Kingsbridge Road.

Four lights of glass put in and the water-closet on first floor repaired and reset.

#### The Public Free Bath No. 11.

Repairs made, about 12 feet of the roof repaired, 3 lights of glass put in, 3 pontoon pumps repaired, 2 doors and 2 staircases repaired and 6 galvanized iron door hinges furnished.

The bathing season having closed, the bath has now made ready and will be towed to winter quarters in a few days.

#### The Sixth District Police Court.

The ceiling in the detention pen in the basement was repaired, about five square yards of new work being required to replace the part that had fallen.

Three stoves were repaired and put up, 26 feet of stove-pipe, 1 elbow and 27 square feet of zinc furnished.

Respectfully submitted,

J. BYRNE,

Superintendent, Bureau of Public Buildings and Offices.

Approved:

Josiah A. Briggs, Chief Engineer, Borough of The Bronx.

## BOROUGH OF RICHMOND.

## LOCAL BOARD—STATEN ISLAND DISTRICT.

Meeting Tuesday, March 21, 1905, 10.30 A. M.

Present—Alderman Collins, Alderman Gillies and Alderman Shea, the Commissioner of Public Works (presiding).

The minutes of the meeting of March 7 were approved.

## Petition 514.

To extend Mersereau avenue and Union avenue, from Richmond terrace to the pier line, in the Third Ward, for the construction of outlet sewers. Second hearing.

Mr. L. W. Freeman, of the Bureau of Sewers, addressed the Board in support of the proposal of the Commissioner of Public Works to open Mersereau avenue to the water-front, and against the opposition of the Burlee Dry Dock Company as advanced by counsel at the first hearing. He referred to old petitions and complaints relating to need of sewers in Mersereau avenue and other streets in the same watershed; to the abandonment, on account of property opposition, of a previous plan to extend Andros avenue for an outlet sewer, and to the extra cost and difficulty which would attend the construction of an outlet sewer directly east or west of the foot of Mersereau avenue; he stated that the estimated cost of grading, etc., for an extension of Mersereau avenue for an outlet sewer was \$16,514, and the estimated cost at the foot of Post lane, the other available point, was \$25,907; he exhibited plans and profiles showing the comparative changes of grade at the two points, and argued that, while the borough officials had no desire to interfere with a local industry, he could not see why the street should not be extended through land thus far unoccupied.

Mr. Charles H. Ingalls, member of the Board of Education for the Forty-fifth District, urged the immediate construction of a sewer in Mersereau avenue, whatever point of outlet might be decided on, as a public school, now in course of erection, would be completed for the fall term, and sewer connection was necessary.

Alderman Gillies and Alderman Collins refused to concur in any action which would result in condemnation of land embraced in water-front, bought by the Burlee Dry Dock Company for a shipbuilding plant, the construction of which was already under way.

The Commissioner of Public Works proposed that a Committee, to consist of himself and Alderman Shea, of the Seventy-third Aldermanic District, in which Mersereau avenue is situated, make a report which should be final and on which the Local Board should act at the next meeting.

Alderman Gillies and Alderman Collins assented to the Committee, but reserved their right to consider the report without prejudice.

The same disposition was made of the proposal to extend Union avenue.

## Petition 516.

To construct sanitary sewers in Holland place and Crescent avenue, in the First Ward. First hearing. Referred to the Commissioner of Public Works to report.

## Petition 517.

To widen John street to 50 feet, to extend John street to Franklin street, to regulate and grade John street as extended, to lay a sanitary sewer in John street and to construct a temporary storm water-sewer in John street, Franklin street and adjacent territory. First hearing.

The Commissioner of Public Works stated that his proposals, as above, were based on existing conditions and on an old petition for the extension of John street to Franklin street; and stated later that the street lines indicated had already been adopted on the map or plan of The City of New York, and that as soon as surveys now in progress were completed, and other street lines in the same watershed placed on the map, he would ask for further street openings and sewers.

Former County Clerk James Wheeler stated that most of the signers of the old petition were now dead or opposed to the limited improvement proposed; that such improvement would be ineffective and to some owners injurious; that John street must be opened, at least to Henderson avenue, and other work done to relieve the present conditions of grades, etc., which he described in detail; that the owners who would be assessed for the limited improvements proposed would be again assessed, as their property would be deemed to be again benefited, when the later improvements were made; and that they preferred to wait and be assessed in full for the larger improvement which they desired; and he cited the costs of successive commissions as unjust to the owners.

Mr. James Campbell, owning property on two streets, indorsed Mr. Wheeler.

The Commissioner of Public Works assured Mr. Wheeler and asked him to take it from him as a statement of fact, that the property involved in the present proposals would not be assessed a second time in street opening proceedings, and that the cost of drainage would be assessed over the whole area spoken of.

Alderman Collins approved the proposal for a sanitary sewer in John street, but, in view of the opposition of the people who would be assessed, moved that the whole matter be referred to the Commissioner of Public Works, to report to the Board when the new street layout should be ready.

Which was carried.

## Petition 519.

To straighten Ennis street before laying sewers in the Elm Park district, in the Tihrd Ward. First hearing. Referred to the Commissioner of Public Works by assent of the petitioners.

## Petition 518.

To extend Castleton avenue westward from its terminus at Columbia street, in the First Ward, to the easterly terminus of Grace Church place, in the Third Ward, and Grace Church place to Richmond avenue, to meet the easterly terminus of Hatfield avenue. First hearing.

The Commissioner of Public Works exhibited a tentative map of the street layout proposed by him as above, and stated that his object was to provide a thoroughfare which might be carried still farther westward by a future extension of Hatfield avenue, and that his proposed street was based on former petitions and requests for the extension of Castleton avenue.

Mr. Sidney F. Rawson, of the law firm of De Groot, Rawson & Stafford, speaking for himself and the people of Port Richmond, many of whom were present, said that the petition on which the present proposal of the Commissioner was based asked definitely for an extension of Castleton avenue to Jewett avenue at Bond street; that thirty years ago he had tried to obtain such an extension, but that, on the west side of the marsh lying between Columbia street and Jewett avenue, the proposed lines left the Town of Castleton and entered the Town of Northfield, and it would have been necessary for the Village of Port Richmond to open a street 30 feet wide and 10 feet long, which it would not do; that this would have been then and would be now one of the greatest, most needed and most popular street extensions or openings that could be made in the Borough of Richmond; and that it would, without going farther, open direct communication between two populated sections and give the people a chance by affording them a needed outlet in all directions.

He was opposed, however, to the Commissioner's plan to cross the marsh to the southward, which the people had not petitioned for and did not wish. He stated that the crossing of Heberton avenue, as proposed, would destroy the residential character of the attractive and handsome neighborhood in which he and others had built houses for themselves, and would injure much property and benefit none; and that the scheme had originated with the Borough officials and was contrary to the interests of the people.

Mr. De Witt Stafford read the people's petition, naming Bond street as the objective point of the extension asked for, and claimed that four-fifths of those who would be assessed for the Commissioner's new street knew nothing of such a scheme.

Mr. Hubbard, of Port Richmond, filed a protest against the Commissioner's plan, and spoke against the idea of a continuous street from the Kill to the Bay.

Mr. John S. Warde, representing the Staten Island Water Supply Company, favored an extension of Castleton avenue but protested against the lines shown on the Commissioner's map; the company would not oppose an extension to Bond street, notwithstanding the consequent trouble and expense of rearranging its supply pipes at Columbia

street, as was distinctly understood at the hearing on the original petition, but would oppose in every way possible the other plan, which would bring the street close to and perhaps through its chief receiving well, which had cost \$20,000, and would have the effect of shutting off water from the residences and manufacturing and business establishments.

Mr. Rawson suggested that this would run up the damages to an enormous sum, which must be paid by property deemed to be benefited but really injured.

Mr. J. T. Rourke, who had been urging the extension of Castleton avenue for twenty years, did not care how far it went, but the Bond street terminus, as petitioned for, was good enough for him.

Mr. E. H. Seehusen, Superintendent of Sewers, spoke as a resident of twenty-five years and a fireman of long experience, and declared that the only interest the people of West New Brighton have is to get across the pond instead of going a long way round, and a block one way or the other after they get across is of no consequence.

Mr. William A. Drinnan, of the Bureau of Buildings, and others were present to oppose the Commissioner's plan and to support the Bond street petition.

The matter was referred to the Commissioner.

## Petition 518.

To extend Henderson avenue from Broadway to Taylor street, in the First Ward. First hearing. Tentative map exhibited. Endorsed by James Wheeler, W. A. Drinnan and others, and referred to the Commissioner.

## Petition 478.

To lay an intercepting sewer in Bay street, to open Elizabeth street for an outlet sewer, and to lay trunk sewers in the Second Ward, Sewer District No. 2A. First hearing. Referred to the Commissioner.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission  
No. 61 Elm Street,  
New York City, February 3, 1905.

A meeting of the Municipal Civil Service Commission was held at the Commission's offices, No. 61 Elm street, on Friday, February 3, 1905, at 9.30 A. M. There were present—President Baker and Commissioners Appleton and Talley.

A public hearing was held on the request of the Department of Health that the classification of positions in that Department be amended by including in the exempt class the title of "Examiner of Supplies." Dr. Thomas C. Darlington, Commissioner of Health, addressed the Commission in behalf of the proposed amendment. Elliott H. Goodwin, Esq., Secretary of the Civil Service Reform Association, and Mr. John H. Tregaskis, representing the Association of Civil Employees, appeared in opposition to the same. The hearing then closed.

A public hearing was held on the request of the Commissioner of Licenses that the classification of positions in his Department be amended by including in the exempt class the positions of Secretary, Chief Inspector and Deputy Chief Inspector. There were no appearances in behalf of the proposed amendment. Nelson S. Spencer, Esq., representing the Civil Service Reform Association, Elliot H. Goodwin, Esq., Secretary of that Association, and John H. Tregaskis, Esq., representing the Association of Civil Employees, addressed the Commission in opposition to the amendment. After the foregoing persons had been heard in opposition to the proposed exemptions, the hearing was adjourned until such time as the Commissioner of Licenses might appear and state his reasons for requesting the inclusion of the positions of Secretary, Chief Inspector and Deputy Chief Inspector in the exempt class.

The public hearing on the proposition to include in the exempt class in the Department of Parks the title "Architect, Boroughs of Manhattan and Richmond," was postponed for the reason that no one appeared in behalf of the same.

Deputy Police Commissioner Lindsley, William Howell, Esq., Secretary to the Police Commissioner, and William A. Jones, Sergeant in charge of school for revolver practice, in the Police Department, addressed the Commission in behalf of the application of the Police Commissioner that proficiency and skill in the use of the revolver be considered and points allowed for same in future examinations for promotion in the Police Department.

Final action on the matters discussed in the various hearings was postponed pending further consideration, and the Commission then adjourned for the day.

Attest:

HENRY BERLINGER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

New York, February 7, 1905.

A meeting of the Municipal Civil Service Commission was held at the Commission's offices, No. 61 Elm street, on Tuesday morning, February 7, 1905, at 10 o'clock. All the Commissioners were present.

The Committee on Transfers recommended that the following requests for transfer in the City service be approved:

John S. Billings, Jr., M. D., from the position of Assistant Director of the Diagnosis Bacteriological Laboratory in the Department of Health to that of Medical Inspector in that Department;

George A. Monsees, from the position of Patrolman in the Police Department to that of fourth grade Fireman in the Fire Department, he having formerly held the latter position;

Peter McGrath, from the position of Gardener in the Department of Parks, Borough of Brooklyn, to a similar position in the Department of Parks, boroughs of Manhattan and Richmond;

Michael Naughton, Jr., from the position of Rodman in the office of the President of the Borough of Richmond to a similar position in the Department of Parks, Borough of The Bronx;

Floyd F. McDowell, from the position of Rodman in the Rapid Transit Railroad Commission to a similar position in the office of the President of the Borough of The Bronx;

—and that the following requests be denied:

Mrs. Jennie Keegan, from the position of Nurse to that of Matron in the Department of Correction, there being a preferred eligible list for the latter position.

Andrew J. Hughes, from the position of Clerk in the Department of Public Charities to the position of Clerk in the Bureau of Buildings, Borough of Brooklyn, he not having qualified for the latter position.

Harry P. Nichols, from the position of Assistant Engineer in the Department of Finance to that of Principal Assistant Engineer, same Department, there being a preferred eligible list for the latter position.

James F. Clark, Inspector of Masonry to Foreman of Laborers in the Bridge Department, there being a preferred eligible list for the latter position.

The recommendation of the Committee on Transfers was adopted.

The Committee on Reinstatements recommended that the following requests for reinstatement in the City service be approved:

Joseph Gilbert, in the position of Attendance Officer, Department of Education, he having resigned from a similar position in that Department on October 8, 1904.

George P. Schmitt, in the position of Laboratory Assistant in the Department of Health, he having resigned from a similar position in that Department on October 8, 1904.

Harry J. Hamill, in the position of Keeper in the Department of Correction, he having resigned from a similar position in that Department on December 6, 1904.

Clarence E. Raynor, in the position of Topographical Draughtsman in the Bureau of Highways, Department of Public Works, Brooklyn, he having resigned from a similar position in the Law Department on April 4, 1904.

Arthur B. Irving, in the position of Junior Clerk (Grade B) in the Department of Health, he having resigned from a similar position in that Department on January 1, 1905.

The recommendation of the Committee on Reinstatements was adopted.

A letter was presented from the Police Department, dated February 6, 1905, requesting that the Commission proceed with an examination for promotion from the position of Captain to that of Inspector in that Department.

On motion, the request was granted, and the Secretary was instructed to set the dates of the physical and mental tests of such examination.

The Commission then adjourned, to meet February 8, at 9 A. M.

Attest:

HENRY BERLINGER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

New York, February 9, 1905.

A meeting of the Municipal Civil Service Commission was held at the Commission's offices, No. 61 Elm street, on Thursday, February 9, at 10 o'clock in the forenoon. All the Commissioners were present.

A letter was presented from the Labor Clerk, recommending that the classification of positions in the Labor Class, Part I, as fixed by the Civil Service Rules, be amended by substituting for the title "Foreman of Laborers" the following:

Foreman of Laborers, Common.

Foreman of Park Laborers, Department of Parks.

Foreman of Dock Laborers, Department of Docks and Ferries.

The Secretary was instructed to arrange a public hearing on the proposed amendment to the rules in accordance with the provisions of Rule III.

A letter was presented from the Mayor, dated January 30, transmitting a copy of a letter and a brief presented to him by Charles T. Terry, Esq., Attorney for David H. Ray, Examiner, who was recently dismissed from the service of the Municipal Civil Service Commission, requesting that the said David H. Ray be reinstated in his position. The letter from the Mayor was referred to Commissioner Talley for a reply.

A letter was presented from the Mayor, dated January 20, returning the resolution of the Municipal Civil Service Commission increasing the number of Chaplains in the Exempt Class in Bellevue and Allied Hospitals from 2 to 3, with his approval. The Secretary stated that the resolution had been forwarded to the State Commission for its approval, the same being necessary before the amendment could become operative. The letter was ordered filed.

A letter was presented from the Commissioner of Parks, Borough of The Bronx, dated February 8, in answer to the letter of the Municipal Civil Service Commission, dated February 6, requiring that certain employees of that Department be immediately assigned duties appropriate to their respective titles, it having been alleged that they were not so employed. The letter from the Commissioner of Parks stated that William Lang, Mortimer L. Schuyler, Fred Eisen and James F. Tobin, Park Laborers, and Eugene C. Ross, Wheelwright, the employees complained of, had been relegated to perform duties properly belonging to their titles, and requested that a certification of names be made from which to select a person for appointment to the position of Telephone Operator, in order to obviate the necessity of detailing other employees of the Department to perform such duties. In view of the statements contained in the Commissioner's letter, the Secretary was instructed to attach the certificate of the Commission to the pay-rolls of the Department of Parks, Borough of The Bronx (which certificate had been withheld pending receipt of the Commissioner's letter); also to certify from the eligible list for Telephone Operator.

A letter was presented from the Secretary of the Department of Docks and Ferries, dated January 30, requesting approval of the action of the Commissioner in rescinding the dismissal of Nicholas Brickfield, Stationary Engineman, and reinstating him in the Department as of October 10, 1904, the date of his original appointment. It appearing that Mr. Brickfield was regularly appointed to the position of Stationary Engineman, but through an error failed to receive any notice of his appointment and was subsequently dismissed for failing to report for duty, which was clearly an injustice, on motion, the request of the Department was granted, with the understanding that the employee waive all claim to salary for the time between October 10 and the date upon which he actually began his duties in the Department, his compensation to begin from that date only.

A letter was presented from the Department of Health, dated February 6, requesting approval of a leave of absence without pay, from February 1 to July 31, 1905, granted Havens B. Bayles, M. D., Medical Inspector, because of illness. It appearing from the records of this office that Dr. Bayles was granted a leave of absence from December 1 to February 1, and that therefore the further leave asked for would be in excess of the six months allowed by the rules, the Secretary was instructed to inform the Department of Health that the Commission is without power to grant the same at this time and that therefore the request was denied, but without prejudice to the Department's amending its letter by asking approval of a leave of absence until June 1.

A letter was presented from the Department of Health, dated December 30, requesting that a leave of absence without pay, to February 28, 1905, granted James T. Gallagher, M. D., because of illness, be approved. It appearing that Dr. Gallagher was granted a leave of absence on August 1, 1904, which expired on February 1, 1905, and that the Civil Service Rules provide that leaves of absence may be extended beyond a period of six months only in "exceptional cases," the Secretary was instructed to inform the Department of Health that the Commission is without power to grant their request.

A letter was presented from the Comptroller, dated February 4, requesting approval of the temporary appointment of Mr. E. B. St. John Henriques, of No. 133 West One Hundred and Fortieth street, New York, as Topographical Draughtsman (\$1,200 per annum), pending the establishment of the eligible list for that position. On motion, the request was granted, and the Secretary was instructed to arrange a non-competitive examination for the candidate at an early date, in accordance with Civil Service Rule XII, paragraph 3.

A letter was presented from the Commissioner of Bridges, dated January 28, requesting that the Commission exempt from competitive examination Mr. H. de B. Parsons, Consulting Engineer, who is to supervise the mechanical and electrical details of the lighting of the Williamsburg Bridge, for the reason that the services to be performed are of a scientific and professional character and it would not be practicable to procure the services of an expert through competitive examination. The letter further stated that the compensation proposed to be furnished Mr. Parsons was 5 per cent. on the actual cost of construction concerning which he acts in a consulting capacity. On motion, it was

Resolved, That, subject to the approval of the Mayor and the State Civil Service Commission, Mr. H. de B. Parsons, Consulting Engineer, employed in the Department of Bridges of The City of New York, be and hereby is excepted from examination under the provisions of Municipal Civil Service Rule XII, paragraph 6, it appearing that Mr. Parsons is a person engaged in private business, and that the services to be rendered are professional, scientific, technical or expert, and of an occasional and exceptional character; and further

Resolved, That with the consent of the Mayor and the State Civil Service Commission, the limit of compensation fixed by Rule XII., paragraph 6, be suspended.

A letter was presented from the Commissioner of Bridges, dated February 2, 1905, requesting that the Municipal Civil Service Commission re-submit to the State Commission its resolution of March 30, 1904, amending the classification of positions in the Bridge Department, in the exempt class, by including therein the position of Stenographer to the Commissioner, in view of the fact that the requirement of the State Board that the position be established by the Board of Estimate and Apportionment and the Board of Aldermen has now been complied with. After considering the matter the Secretary was instructed to transmit a copy of Commissioner Best's letter to the Secretary of the State Commission, with the request that he present the matter to that body at its next meeting for reconsideration.

A letter was presented from the Commissioner of Docks and Ferries, dated February 1, 1905, requesting approval of the reassignment to duty of Thomas J. O'Loughlin, Laborer, who has been unable to report for duty since November 8, on account of illness. It appearing from the Doctor's certificate furnished that Mr. O'Loughlin is now able to resume his duties, on motion, the reassignment was approved.

The Secretary called the attention of the Commission to a letter from the Department of Parks, Manhattan and Richmond, dated January 31, 1904, stating that Mortimer McKim, who had been certified to that Department for the position of Keeper of Menagerie, had appeared twice under the influence of liquor, and was therefore deemed unsuitable for employment. The Secretary was instructed to request Mr. McKim to call at this office and present an explanation of the statements made in the letter of the Park Department if he wished to have his name retained on the eligible list.

A letter was presented from the Pay-roll Clerk, asking for instructions as to whether or not the pay-roll of the Change of Grade Damage Commission for the month of January might be passed, in view of the fact that the same contains the name of one Edgar A. Martin, Messenger, who was not appointed from the Civil Service Eligible List. On motion, the Secretary was instructed to remove the name of Edgar A. Martin from the pay-roll, pending receipt of further information regarding the circumstances surrounding his appointment, and to attach the certificate of the Commission to the same and forward it to the Department of Finance.

The following emergency appointments in the Department of Street Cleaning were approved under the provisions of Rule XIX., paragraph 11:

Henry J. Naylor, Machinist (Automobile Repairist), 5 days from January 23 and 5 days from January 28.

Henry J. Naylor, Machinist (Automobile Repairist), 5 days from February 2.

On motion, it was

Resolved, That Dr. Louis W. Schultz, residing at No. 260 Lenox avenue, New York City, and Dr. Henry Altshul, residing at No. 153 West Seventy-sixth street, be and are hereby appointed Experts to conduct the coming examination for the position of Medical Officer, Fire Department, the amount of their compensation for conducting the said examination to be fixed by the Commission at a later date.

The Commission then adjourned for the day.

Attest:

HENRY BERLINGER, Secretary.

## BOARD OF ELECTIONS.

Meeting of the Board of Elections held Monday, March 27, 1905, at 12 o'clock M. Present—Commissioners Voorhis, Maguire and Dady.

On motion, Commissioner Dady was elected Secretary pro tempore.

On motion, the minutes of the meeting of the Board held on the 20th inst. were read and approved.

The following communications were received and disposed of as stated, viz.:

From the City Clerk, a communication addressed to him by Charles McCarthy, Librarian, Legislative Reference Department, Wisconsin Free Library Commission, dated Madison, Wisconsin, March 12, 1905, requesting to be furnished with a statement of the vote cast at the primary elections held in New York City since the enactment of the Primary Law now in force in this State, and to be informed whether the system of direct nomination has at any time been used in this State. Filed, having been answered by the President.

From Charles McCarthy, Librarian, etc., dated the 26th inst., acknowledging receipt of communication from the President under date of the 23d inst., and requesting to be furnished with further information. Filed, and referred to the President for answer.

From Thomas B. Lowerre, Deputy Chief Clerk, Queens Borough Office, Board of Elections, dated the 24th inst., tendering his resignation as said Deputy Chief Clerk, to take effect March 31, 1905. Communication filed and resignation accepted.

From Eugene N. L. Young, Secretary, Queens County Republican Committee, dated the 17th inst., transmitting copy of resolution adopted by said committee at its meeting held on said date recommending H. Homer Moore, of Jamaica, L. I., for appointment as Deputy Chief Clerk in the branch office of the Board of Elections in the Borough of Queens. Filed.

From Edward De Bevoise, a clerk in the Queens Borough Office of the Board of Elections, dated the 25th inst., applying for promotion to the position of Deputy Chief Clerk in said office, made vacant by the resignation of Thomas B. Lowerre. Filed.

From Frank E. Losee, A. C. Combes, Gilbert B. Voorhees, Joseph H. De Bragga, Edward G. Jockers, James H. Lee, J. W. L. Van Siclen and George H. Sweeney, members of the Queens County Republican Committee, recommending and endorsing Edward De Bevoise for promotion to the position of Deputy Chief Clerk in the Queens Borough Office of the Board of Elections. Filed.

From Edward T. Kassel, Secretary, Republican Organization, Fortieth Election District, Second Assembly District, Queens County, dated the 20th inst., transmitting copy of resolutions adopted by said organization endorsing Edward De Bevoise for promotion to the position of Deputy Chief Clerk in the Queens Borough Office of the Board of Elections. Filed.

From the Chief Clerk of the Board and the Chief Clerks of The Bronx, Brooklyn, Queens and Richmond Borough Offices of the Board, dated the 25th inst., and the Chief Clerk of the Manhattan Borough Office, dated the 27th inst., reporting in relation to the attendance of the clerical force in their respective offices for the preceding week. Filed.

The President reported that a writ of mandamus in the proceeding entitled People ex rel. Smith vs. Voorhis et al., commanding the enrollment of the Relator as a Republican in the enrollment books for the Eleventh Election District, Twelfth Assembly District, Kings County, was served upon him on the 23d ult.; that the Chief Clerk of the Brooklyn Borough Office was directed to comply and has complied with the mandate of the writ, and that the writ was transmitted to the Corporation Counsel to make the return required therein to be made.

The following pay-rolls for the month of March, 1905, were approved and ordered to be transmitted to the Municipal Civil Service Commission for certification and thence to the Comptroller for payment, viz.:

Commissioners .....	\$1,666 64
Clerks and employees of the Board .....	1,858 29

Morgan & Bro., rent .....	\$237 50
A. B. Yetter, rent .....	125 00
A. Simms, rent .....	112 50
Total .....	\$475 00

The Board then proceeded with the hearing accorded to Harry L. Ryan, to show cause why he should not be removed from his position as a clerk in the employ of the Board of Elections and assigned for duty in the branch office of the Board for the

Borough of Brooklyn, because of his repeated and prolonged absences from duty without leave, particularly on the 3d, 4th, 6th, 7th, 8th, 9th, 10th, 11th, 13th, 14th, 15th, 16th, 18th, 21st and 22d days of March, 1905. Mr. Ryan appeared and stated that sickness had been the cause of his absence a portion of the time prior to the 17th inst., and presented a certificate dated the 17th inst., signed by Frank C. Skinner, M. D., No. 69 Arlington avenue, Borough of Brooklyn, stating that he had treated Ryan since the early part of March and that he was at that date convalescent and competent to perform the duties of his position. The Board reserved decision.

The Board then adjourned.

MICHAEL J. DADY, Secretary pro tempore.

## FILLING-IN PRIVILEGE.

DEPARTMENT OF DOCKS AND FERRIES, FOOT OF BATTERY PLACE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

SATURDAY, APRIL 15, 1905.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT AT THE SOUTHERLY END OF THE CHELSEA SECTION, AND ALSO BEHIND THE CLOSE ROW OF PILES ALONG THE NORTHERLY SIDE OF BLOOMFIELD STREET, ON THE NORTH RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the southerly side of West Fourteenth street extended southerly along the bulkhead line to the northerly side of Bloomfield street, and extending along the northerly side of Bloomfield street westerly to about the westerly side of Thirteenth avenue.

The filling will extend from the rear of the bulkhead wall or coping easterly a distance of about from 50 to 100 feet to the face or bank,

as excavated in the recent dredging, or from the inshore close row of piles easterly a distance of from about 15 to 60 feet to the face or bank before mentioned. Along the northerly side of Bloomfield street the filling will extend from the close row of piles southerly a distance of about from 5 to 25 feet to the bank, as excavated in the recent dredging.

The filling will be brought to a grade level with the top of the coping of the bulkhead wall and will extend inshore on a regular grade to the top of the ground at the adjacent or inshore bank.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to 29,500 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the area between the southerly side of West Fourteenth street extended and Bloomfield street, and along the northerly side of Bloomfield street, as above described.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 40 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall or close row of piles.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 300 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within one hundred days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

## NOTICE OF SALE OF LANDS AND TENEMENTS WITHIN THAT PART OF THE CITY OF NEW YORK NOW KNOWN AS THE BOROUGH OF MANHATTAN, FOR UNPAID TAXES AND WATER RENTS.

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES, ASSESSMENTS AND WATER RENTS, STEWART BUILDING, No. 280 BROADWAY, BOROUGH OF MANHATTAN, NEW YORK CITY, February 15, 1905.

UNDER THE DIRECTION OF EDWARD M. GROUT, Comptroller of The City of New York, the undersigned hereby gives public notice, pursuant to the provisions of section 1027 of the Greater New York Charter:

That the respective owners of the lands and tenements within that part of The City of New York now known as the Borough of Manhattan, on which taxes have been laid and confirmed according to law, for the years 1886, 1887, 1888, 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1898, 1899, 1900, and which now remain due and unpaid, are required to pay the amount of the said taxes and water rents so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assessments and Arrears, at his office in the Department of Finance, Room No. 85, Stewart Building, No. 280 Broadway, in the Borough of Manhattan, in The City of New York;

And also the respective owners of all lands and tenements in The City of New York, situated in the borough aforesaid on which the water rents have been laid according to law for the years 1885, 1886, 1887, 1888, 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1898, 1899, 1900, and which now remain due and unpaid, are required to pay the amount of the said taxes and water rents so remaining due and unpaid, with the interest thereon at the rate of seven (7) per centum per annum, from the time when the same became due to the time of payment, together with the charges of this notice and advertisement, to the Collector of Assessments and Arrears, at his office in the Department of Finance, Room No. 85, Stewart Building, No. 280 Broadway, in the Borough of Manhattan, in The City of New York;

And that, if default shall be made in such payment, such lands and tenements will be sold at public auction in the Aldermanic Chamber, in the City Hall, in the Borough of Manhattan, in The City of New York, on

WEDNESDAY, JUNE 14, 1905.

at ten o'clock in the forenoon of that day, for the longest term of years at which any person shall offer to take the same, in consideration of advancing the said tax or water rents, as the case may be, and the interest thereon as aforesaid, to the time of sale, together with the charges of this notice and advertisement, and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all the lands and tenements so advertised for sale shall be sold.

Notice is hereby further given, that a detailed statement of the taxes and water rents, and the ownership of the property taxed and on which the taxes and water rents remain unpaid, is published in a pamphlet, and that copies of the said pamphlet are deposited in the office of the Collector of Assessments and Arrears, and will be delivered to any person applying for the same.

#### CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

THURSDAY, APRIL 20, 1905.

at 12 o'clock M., at the Comptroller's Office, No. 280 Broadway, New York City, the following-described real estate belonging to the Corporation of the City of New York, viz.:

All the right, title and interest of The City of New York in and to all that certain piece or parcel of land located in the Borough of Manhattan, bounded and described as follows:

Beginning on the southerly side of East One Hundred and Thirty-fourth street at a point distant 215 feet westerly from the southwesterly corner of Park avenue (formerly Fourth avenue as widened) and East One Hundred and Thirty-fourth street, and running thence southerly parallel to the westerly side of Park avenue 99 feet 11 inches to the center line of the block between One Hundred and Thirty-fourth and One Hundred and Thirty-fifth streets; thence westerly along said center line 75 feet; thence northerly again parallel with the westerly side of Park avenue 99 feet 11 inches to the southerly side of One Hundred and Thirty-fourth street, and thence easterly along the southerly side of One Hundred and Thirty-fourth street 75 feet to the point or place of beginning.

The minimum or upset price at which the said premises are to be sold is fixed and appraised by the Commissioners of the Sinking Fund at the sum of one thousand six hundred and fifty-one dollars and sixty-five cents (\$1,651.65), and the sale is made upon the following

#### TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid, together with the sum of \$25 for the Auctioneer's fees, at the time of the sale; also the further sum of \$100 for the expenses of advertising and drawing the necessary papers, etc. The purchaser, in addition thereto, to produce such evidence as may be satisfactory, that all taxes, assessments and water rates, with accrued interest, due to The City of New York on the above-described property, have been paid before the delivery of the deed.

The quit-claim deed for the above-described premises to be delivered within thirty days from the date of the sale.

The Comptroller may, at his option, resell the property, if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held March 22, 1905.

EDWARD M. GROUT, Comptroller.

#### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for ACQUIRING TITLE to the following-named public place or square in the BOROUGH OF THE BRONX:

#### TWENTY-THIRD WARD, SECTION 9.

ACQUIRING TITLE TO PUBLIC PLACE OR SQUARE lying southerly of East One Hundred and Thirty-eighth street, bounded by EAST ONE HUNDRED AND THIRTY-EIGHTH STREET, MOTT AVENUE AND RAILROAD AVENUE, EAST. Confirmed January 30, 1903, and August 3, 1904; entered March 27, 1905. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of the Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line drawn parallel to the southerly line of that portion of East One Hundred and Thirty-eighth street, lying east of Mott avenue and distant 100 feet southerly from the southerly apex of the Public Place at East One Hundred and Thirty-eighth street and Park avenue with a line drawn parallel to and distant 100 feet westerly from the westerly line of Mott avenue; thence northerly along said parallel line to its intersection with the southerly line of East One Hundred and Thirty-eighth street; thence on a straight line to a point 100 feet north of the northerly line of East One Hundred and Thirty-eighth street and midway between Walton and Mott avenues; thence easterly along a line parallel to and distant 100 feet northerly from the northerly line of East One Hundred and Thirty-eighth street to its intersection with the northerly prolongation of the westerly line of Canal street west; thence southerly along said prolongation and line of Canal street west to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly line of that portion of Park avenue (Railroad avenue, East) lying west of East One Hundred and Thirty-eighth street; thence southerly along said parallel line to its intersection with aforesaid line parallel to that portion of East One Hundred and Thirty-eighth street lying east of Mott avenue; thence westerly along said parallel line to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides . . . "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of the Bronx, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before May 29, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessments became liens to the date of payment.

## SUPREME COURT.

### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND SEVENTY-THIRD STREET (although not yet named by proper authority), from Broadway to Fort Washington avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 27th day of April, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 28th day of April, 1905, at 11 o'clock A. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 8th day of May, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the easterly side of Buena Vista avenue with the westerly prolongation of the middle line of the blocks between West One Hundred and Seventy-fourth street and West One Hundred and Seventy-fifth street; running thence easterly along said prolongation and middle line and its easterly prolongation to its intersection with a line parallel to and 100 feet easterly from the easterly line of Amsterdam avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of the middle line of the blocks between West One Hundred and Seventy-first street and West One Hundred and Seventy-second street; thence westerly along said prolongation and middle line and its westerly prolongation to its intersection with the easterly side of Buena Vista avenue; thence northerly along the easterly side of Buena Vista avenue to the point or place of beginning; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon or benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court-house, in the Borough of Manhattan, in the City of New York, on the 22d day of June, 1905, at the opening of the Court on that day.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
