HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- · Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS) Department for the Aging (DFTA)

Department of Consumer Affairs (DCA)

AGENCY RULES

HEALTH AND MENTAL HYGIENE

■ NOTICE

COMMISSIONER OF HEALTH AND MENTAL HYGIENE

NOTICE OF ADOPTION OF AMENDMENTS TO TITLE 24 OF THE RULES OF THE CITY OF NEW YORK

A notice of public hearing and opportunity to comment on proposed amendments to Title 24 of the Rules of the City of New York to create a new Chapter 31 (Water Tank Inspections) was published in the City Record on January 23, 2015 and a public hearing was held on February 24, 2015. No written comments were received and 1 individual testified in support of the proposed amendments. On its own initiative and for purposes of clarity, the Department has changed the title of the adopted Chapter 31 and internal references therein from "Water Tank Inspections" to "Drinking Water Tank Inspections," and made other clarifications to these rules.

Statement of Basis and Purpose

Background

The Administrative Code requires that any owner of a building that has a water tank as part of its drinking water delivery system must have the drinking water tank inspected at least once a year. The inspection must comply with all applicable laws and regulations, including provisions of the Health Code. The results from these inspections must be recorded in a manner set out by the Department's Commissioner and maintained for at least five years.

Water for thousands of New York City buildings is kept in drinking water storage tanks. The Health Code sets out requirements for maintaining the purity and sanitary condition of the City's drinkable water supply. The Health Code requires that these drinking water tanks be inspected annually and that the person in control of a building serviced by a drinking water storage tank keep copies of the inspection records and make them available to the Department upon

request.

Building owners with drinking water tanks must report annually to the Department after the tanks have been inspected that the inspection has occurred. Annual reporting promotes building owner compliance with the inspection requirement and facilitates the Department's ability to monitor compliance. The Department will make data from the reports publicly available. These rules specify how the recording and reporting of the drinking water tank inspection must be communicated to the Department.

New Chapter 31 will:

- Allow for both electronic and paper-based reporting of annual drinking water tank inspection results through either an interactive online form or a printable form available on the Department's website.
- Set the deadline for annual drinking water tank inspection result submissions to be no later than January 15 of the following calendar year for which the inspection is due.
- Make drinking water tank inspection documents filed with the Department available to the public.

Statutory Authority

The Department of Health and Mental Hygiene is authorized to amend Title 24 of the Rules of the City of New York by sections 556 and 1043 of the New York City Charter, section17-194 of the Administrative Code of the City of New York, and section 141.07 of the New York City Health Code. Section 556 of the Charter provides the Department jurisdiction to regulate all matters affecting health in the City of New York, and specifically to supervise and regulate the purity and public health aspects of the water supplied in the City. Section 1043 of the Charter gives the Department rulemaking powers. Subdivision (b) of section17-194 of the Administrative Code authorizes rulemaking by the Commissioner of the Department with regard to annual drinking water tank inspection recording. Subdivision (b) of section141.07 of the Health Code requires the Department to collect reports of such inspections in accordance with its Rules.

Underlined matter is new; [deleted material is in brackets].

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this Department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Title 24 of the Rules of the City of New York is amended by adding a new Chapter 31 (Drinking Water Tank Inspections), to read as follows:

All definitions and terms used in this Chapter must have the same meaning as specified in \$17-194 of the Administrative

NOTE:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E70, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.
