NOTICE

DETERMINATION AND FINDINGS BY THE CITY OF NEW YORK PURSUANT TO SECTION 204 OF THE NEW YORK STATE EMINENT DOMAIN PROCEDURE LAW

Whereas, the New York City Department of Design and Construction ("DDC"), on behalf of the New York City Department of Environmental Protection ("DEP") and the City of New York ("City"), has proposed the acquisition of certain street properties known as portions of South Railroad Street from North Pine Terrace to Annadale Road and Sneden Avenue from Eagan Avenue to Arden Avenue (Capital Project SER002181) in the Borough of Staten Island; and

Whereas, the New York State Eminent Domain Procedure Law ("EDPL") sets forth uniform procedures for condemnations by municipalities throughout the State of New York, which also govern over this acquisition; and

Whereas, pursuant to the EDPL, the City is required to hold a public hearing to determine whether the public would be better served by the proposed acquisition of the above-mentioned properties and the impact of such an acquisition on the neighborhood where the project is to be constructed; and

Whereas, the City held a public hearing pursuant to EDPL Section 204 in relation to this acquisition on Friday, August 8, 2008 in the Borough of Staten Island. Having given due consideration to the complete hearing record, which includes, among other things, all documents submitted and all public comments, the City makes the following determination and findings concerning the above and below described acquisitions and project:

(1) The public use and benefit of this project is for the installation of storm and sanitary sewers and water mains at certain portions of South Railroad Street from North Pine Terrace to Annadale Road and Sneden Avenue from Eagan Avenue to Arden Avenue in the Borough of Staten Island (the "Project").

(2) The properties to be acquired are shown on the City's Tax Map for the Borough of Staten Island and include the following properties:

South Railroad Street

- Block 6249, part of Lots 260, 431, 433, 530; and
Bed of the street for South Railroad Street from North Pine Terrace to Annadale Road.

Sneden Avenue

- Block 6205, part of Lot 200;
Block 6209, part of Lots 1, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 30;
Block 6211, part of Lots 24, 32, 33; and
Bed of the street for Sneden Avenue from Eagan Avenue to Arden Avenue.

The proposed acquisition shall consist of the following locations in the Borough of Staten Island:

- South Railroad Street from North Pine Terrace to Annadale Road; and Sneden Avenue from Eagan Avenue to Arden Avenue.

The City selected these locations based on a need for the installation of storm and sanitary sewers and water mains.

(3) The general effect on the neighborhood will be to improve current living conditions. The proposed Project involves sewer and water main construction and will have no significant adverse effect on the environment. The Project was also the subject of a

complete Environmental Impact Statement ("EIS") in November 1999. Based on the recommendations contained in the EIS, necessary mitigation measures are included in the design for this Project and were also incorporated in other projects in the area covered by the EIS.

(4) Comments and concerns raised by the property owners at the public hearing and through subsequent written submissions are currently being reviewed by the City. Issues and concerns raised by the property owners include: 1) the amount of property the City plans to acquire; 2) the proximity of the project to the property owners' homes and the effect of the construction on their homes; 3) the preservation of trees; 4) the preference of another possible alternate location, as a few property owners suggested that the City move the Project beside railroad property in the area; and 5) the effect of the construction on a telephone pole that is leaning towards the property located at Block 6211 and Lot 24. The City will work with all public and private parties involved in the project to minimize the impact of construction activities on the street, residents and environment. The City has also reviewed all potential alternate locations and has determined that no other sites are feasible for the Project. The City continues to review its plans and will make modifications addressing these issues whenever possible. DDC will also work with DEP, other agencies and the community in order to review the situations and address the concerns.

DETERMINATION: Based upon due consideration of the record and the foregoing findings, it is determined that the City of New York should exercise its power of eminent domain to acquire the above-described properties in order to promote and permit the purposes of the project to be achieved.

NOTICE: Pursuant to EDPL Section 207, property owners have thirty (30) days from completion of the publication of this "Determination and Findings" to seek judicial review of this determination. Expected dates of publication are October 20, 2008 to October 22, 2008. The exclusive venue for the judicial review of this determination pursuant to EDPL Sections 207 and 208 is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

A copy of this Determination and Findings by the City is available without cost upon written request to:

LANDMARKS PRESERVATION COMMISSION

NOTICE

ADVISORY REPORT

Table with columns: ISSUE DATE, DOCKET #, SRA #, ADDRESS, BOROUGH, BLOCK/LOT. Includes address: STUYVESANT SQUARE PARK, MANHATTAN, 922 / 1.

To the Mayor, the Council, and the Commissioner of the Department of Parks and Recreation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal to replacing a pair of existing metal chain link gates at the entrance on the eastern side of Stuyvesant Square Park, near the intersection of East 16th Street and Perliman Place, with new decorative cast iron gates, matching the previously removed historic gates, as described in written specifications, dated September 5, 2008, and shown in four current condition photographs of the park entrances, with notations; four photographs of sample castings; drawings 1, 2 and 4 through 14, dated February 27, 2008; and drawing 3, dated February 26, 2007, all submitted by Paul Rube, R.L.A., as components of the application.

The Commission notes that Stuyvesant Square Park is a public park laid out in 1846; that a Commission Report (LPC 80-354) was issued July 14, 1980 for the rehabilitation of Stuyvesant Square Park; and that Staff Report 86-0019 (LPC 86-0736) was issued December 2, 1985 for the restoration of the fence and sidewalk.

With regard to the proposal, the Commission finds that the existing gates to be removed are not an original feature of the park or a significant later alteration; that, in accordance with the provisions set forth in Title 63 of the Rules of the City of New York, Section 2-17, the restoration will not cause the removal of significant historic fabric which serves as evidence of the history and development of site; that the basis for the design of the proposed restoration's authenticity is documented by a remaining set of the park's historic gates at the entrance, near East 16th Street and 2nd Avenue; that the new gates will be fabricated, utilizing

patterns and molds created from the existing historic gates, thereby helping to accurately replicate the dimensions, profiles and details of the historic gates; and that the work will support the special architectural and historic character of the park.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Bernadette Artus.

## READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

### NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at [www.comptroller.nyc.gov](http://www.comptroller.nyc.gov), click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

### CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

### VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists-free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at [NYC.gov/selltonyc](http://NYC.gov/selltonyc)
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

### Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application. If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

### SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

### PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

### NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

### PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. ### ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

### PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

### HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
