

Report on Senior Center Metrics (2020)

Local Law 140: Provider Sponsor Contract Information

Local Law 140: Provider Address

Local Law 140: Days and Hours of Operation

Local Law 140: Provider Budget and Personnel Information

Local Law 140: Meal and Expenditure Information

Local Law 140: Participants and Units

In reviewing the following report on senior center metrics required under Local Law 140, please take the following into consideration:

1. A number of the metrics are shaped by one or more underlying factors, so that discussion with DFTA concerning such factors prior to undertaking data analyses is recommended.
2. The column entitled "Kosher Raw Food/Disposables" provides the food budgets for kosher meals.
3. The column entitled "Meal Prep" designates meals as "Catered," "Meal Prep On-Site," or alternatively, as "Both" in those cases where a site both makes use of catered meals and meals prepared on site. Centers that prepare some meals for other centers are denoted with a "Yes" in the "Prep for Others" column.
4. The part-time staff figures include cases where a staff member is split between two sites, devoting a portion of his or her weekly hours to each site.
5. In the "Weighted Service Utilization" column, "NA" refers to sites providing meals but not the other services comprising the service utilization figure, or where contract registration delays prevent collection of this data currently.

Local Law 140 requires the provision of several definitions, as follows:

I&A (Information and Assistance) includes the following:

1. **Case Assistance** services provide assistance for older consumers to obtain services, benefits/entitlements, and other resources to address an identified need(s). The service is delivered on an individual basis and includes assisting the individual in defining concerns, needs and capacities; providing direction or guidance relative to identified needs; and assisting with referrals and linkages to appropriate services and opportunities. Where a referral has been initiated, the service includes follow-up to determine whether the service/benefit has been, or is being, provided. Case assistance addresses a specific issue(s) and usually results in a specific outcome, e.g., application for an entitlement; receipt of a service; linkage to a program; and/or translation of a document. Case assistance is usually a short-term or time-limited service. Unit of service: One contact with or on behalf of a client.
2. **Information and Referrals** include information for seniors and/or their representatives to enable them to locate and obtain needed services, benefits, entitlements and other resources on their own. Referrals to appropriate agencies/organizations is part of the service. This service is provided one-on-one. It is delivered in person, by telephone, email or mail. It does not include assisted referrals on behalf of the client or follow-up on a referral; instead, these are Case Assistance activities. Unit of Service: One contact with or on behalf of a client.
3. **Education/Recreation** consists of scheduled and organized activities designed to foster the well-being of older persons through: 1) satisfying use of leisure time; 2) social interaction; 3) development/enjoyment of interests, skills, talents, and creative expression; and 4) participant leadership. Unit of service: One session of a group scheduled activity.

4. Health Promotion Services are provided in a group setting to promote physical and mental health, aid in the prevention of conditions that negatively impact health and facilitate participants' ability to manage their own health. They help participants improve or maintain their quality of life and increase their awareness and understanding of healthy lifestyles. Programming can be offered directly by the program (using staff, volunteers or consultants) or through linkages with community partners. Unit of Service: Each participant or attendee of a group session, class or event.
