Very respectfully,

Dated NEW YORK, July 7, 1890.

JOHN PARSONS, owner of the entire southerly front, from Broadway to Old Albany road.

GEORGE SHRADY, owner of the entire southerly front, from Old Albany road to Bailey avenue.

The following petition to open Inwood avenue, between Wolf place and One Hundred and Seventy-third street, and Wolf place, from Jerome avenue to Goble place, was presented and, on motion, was referred to the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards for report:

NEW YORK, January 28, 1892.

Hon. L. J. HEINTZ, Commissioner of Public Works for the Twenty-third and Twenty-fourth Wards, New York City:

DEAR SIR—We, the undersigned, most respectfully petition your Honor to have opened, regulated and graded Inwood avenue, between Wolf place and One Hundred and Seventy-third street, and also Wolf place, from Jerome avenue to Goble place.

B. S. Cleveland, lot 26, 25 x 130, Inwood avenue.

The following petition for a change of streets and the laying out of new streets, between Two Hundred and Sixteenth street and United States ship canal, in the Twelfth Ward, was presented and, on motion, was referred to the Commissioner of Public Works for report thereon:

To the Honorable the Board of Street Opening and Improvement:

The petition of Isaac M. Dyckman to your Honorable Board respectfully shows:

1. That your petitioner is the owner of the unincumbered fee of substantially all the land shown on the accompanying map, his northern, western and eastern boundary line being the United States ship canal, and his southern boundary line being shown on said map.

2. That in April, 1884, the Commissioners of Central Park filed in the several offices designated by law certain maps showing certain proposed streets, some of which said streets and parts of streets are uncolored, and the remainder are colored gray on the accompanying map, but that it does not appear from an inspection of said maps filed by said Commissioners, as your petitioner is informed, that the said streets so proposed by the Commissioners of the Central Park have been finally established by law, for the reason that the requisite figures to show the exact location of said streets are not given upon said Park Commissioners' maps.

3. That in the judgment of your petitioner said Central Park Commissioners' plan of streets is not only incomplete, but the streets proposed by them are in some cases unnecessarily wide, in other cases too far apart, and generally the plan of said proposed streets treats the whole territory owned by your petitioner in a way not practicable by reason of the topography of the land, and not calculated either to promote his interests as owner, or the convenience of the traveling public, or the financial interests of the city.

4. That your petitioner is desirous of having certain changes made in the lines of some of the streets and parts of streets shown on said Commissioners' maps, by narrowing some of said streets, by discontinuing others, and in several cases by laying out entirely new streets over the land owned by him, which, if done, will in his judgment largely contribute to the better ultimate use and occupation of your petitioner's land.

5. That accompanying this petition is a map which shows, properly distinguishing the same, all the streets proposed by said Central Park Commissioners, those which your petitioner wishes changed or discontinued, and such new streets as your petitioner desires to be finally established by your Honorable Board.

6. Your petitioner asks such changes as owner of all the land affected by said proposed changes in his own interest as well as in the interest of the public at large.

7. Your petitioner does not now ask your Honorable Board to establish the grades of any of the streets which they may adopt, for the reason that the final grade of the Kingsbridge road is not as yet determined, and it would be injudicious to fix the grades of the streets intersecting the Kingsbridge road before the grade of said road is finally determined, as the grades of said streets and said road must conform at their intersections.

Dated NEW YORK, March 4, 1892.

ISAAC M. DYCKMAN.

The following petition for a public park on the ground east of Edgecombe avenue, between One Hundred and Forty-eighth and One Hundred and Fifty-fifth streets, was presented and, on motion, was laid on the table:

NO. 61 PARK PLACE,
NEW YORK, February 9, 1892.

The Hon. HUGH J. GRANT, Mayor of the City of New York:

DEAR SIR—In the interest of the owners of property on Washington Heights, I desire to call your attention to the wish of those in the vicinity of Edgecombe avenue, that the land lying between One Hundred and Forty-eighth and One Hundred and Fifty-fifth streets, east of Edgecombe avenue, be converted into a public park. The means of access by the viaduct at One Hundred and Fifty-fifth street, when completed, will be somewhat circuitous for those desiring to go from Eighth avenue to the Heights. In the park a driveway could easily be constructed with a gradual ascent from Eighth avenue, at about One Hundred and Forty-ninth street, to Edgecombe avenue, at about One Hundred and Fifty-fourth street. If you will give this plan your consideration you will greatly oblige many residents of this part of the city.

Yours, very truly,

OCTAVE B. HEBERT.

Petitions from the New York, New Haven and Hartford Railroad Company to discontinue the proceedings to open Willis avenue and Brown place, were presented and, on motion, were laid on the table.

The following report from the Commissioners of Public Works, on a petition to change the location of Wadsworth avenue, was presented and read:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, February 17, 1892.

Hon. HUGH J. GRANT, Chairman, Board of Street Opening and Improvement:

DEAR SIR—In the matter of the annexed petition of R. W. Teller, Trustee, to change the location and grade of Wadsworth avenue, from One Hundred and Ninetieth street to Eleventh avenue, according to the accompanying maps, which petition and maps were referred to me at a meeting of your Board held on the 25th ultimo, I have the honor to submit the following:

Wadsworth avenue, as now on the map of the city, begins at the junction of One Hundred and Seventy-third street and Kingsbridge road, 300 feet west of Eleventh avenue, and runs thence northerly in a straight line parallel to Eleventh avenue to a point about 250 feet north of One Hundred and Ninetieth street, and thence by an easterly curve to Eleventh avenue. The width of the avenue throughout is 80 feet.

The petitioner asks that the portion of the avenue from One Hundred and Ninetieth street to Eleventh avenue, as now on the city map, be closed or taken from the map, and that in place of it a new avenue, 60 feet wide, and 200 feet west of Eleventh avenue, be laid out, running in a straight line parallel to Eleventh avenue for a distance of 760 feet from One Hundred and Ninetieth street northerly, and thence by a rectangular turn easterly to Eleventh avenue.

From this it will be seen that the proposed change involves the discontinuance of the avenue as now laid out at One Hundred and Ninetieth street; the shifting of the avenue to lines 100 and 120 feet respectively, east of its present lines, and the abandonment of the curved direction of the northerly end of the avenue by the substitution of a rectangular turn to Eleventh avenue.

The principal object of the petition appears to be to give the property represented by the petitioner advantageous frontage for twenty-two city lots on the westerly side of the avenue, as he proposes to have it laid out.

It is to be presumed that in determining the course, width and grades of the avenue as now established, the Commissioners of the Central Park, who laid out all the streets in that section of the city, duly considered the peculiar topographical features of the ground, the interests of the surrounding property along the whole line of the avenue from its starting point at One Hundred and Seventy-third street to its terminus 760 feet north of One Hundred and Ninetieth street, and the interests of the public at large. The interests of the property south of that represented by the petition would probably be affected to a considerable extent by the proposed radical change in the direction and width of the avenue, and it would appear to me that the proposed change should not be made until the views of the owners of the property south of the line of the petitioner's property are obtained.

Very respectfully,

THOS. F. GILROY, Commissioner of Public Works.

On motion, the matter was laid over for future consideration.

The following report from the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, relating to the application of the Board of School Trustees, for the opening of Kappock street and Johnson avenue, was presented and read:

CITY OF NEW YORK—COMMISSIONER OF STREET IMPROVEMENTS,
TWENTY-THIRD AND TWENTY-FOURTH WARDS,
NO. 2622 THIRD AVENUE, CORNER 141ST STREET,
COMMISSIONER'S OFFICE, February 25, 1892.

To the Honorable Board of Street Opening and Improvement:

GENTLEMEN—In relation to the communication enclosing resolutions of the Board of School Trustees of the Twenty-fourth Ward and of the Board of Education, requesting the opening of Kappock street and Johnson avenue, referred to me, I respectfully report as follows:

A petition for the opening of Kappock street, from Spuyten Duyvil Parkway to Johnson avenue, and Whiting street, from Spuyten Duyvil Parkway to Johnson avenue, was signed by this Board August 1, 1890. The Park Department subsequently made a change of the street system which affected these streets, and a resolution for the discontinuance of the proceedings was forwarded to the Park Department by the Topographical Engineer, but there is no record in this office that such a resolution was adopted.

I therefore recommend that this proceeding be discontinued, if not already done, and that a new proceeding for the opening of Kappock street, which is not materially affected by the said change of the street system, be commenced.

As to Johnson avenue, I find that this Board declined to open said street on the grounds that the same is irregularly laid out and that it is over one mile in length. The question of opening of this street may be properly postponed until the subject of final maps for that section is taken up.

Respectfully,

LOUIS J. HEINTZ, Commissioner.

On motion, the matter was referred to the President of the Department of Public Parks for his examination and report thereon.

The following report from the Comptroller, on the length of East One Hundred and Forty-fourth street, was presented and read, and, on motion, was ordered on file:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
February 5, 1892.

Hon. HUGH J. GRANT, Chairman, Board of Street Opening and Improvement:

SIR—At the meeting of the Board of Street Opening and Improvement, on January 25, 1892, "a petition to the Supreme Court for appointment of Commissioners of Estimate and Assessment, in the matter of the opening of East One Hundred and Forty-fourth street, from River avenue to St. Ann's avenue, in the Twenty-third Ward," was presented, and the question of the entire length of East One Hundred and Forty-fourth street, was referred to the Comptroller for investigation and report.

From the rule map in the possession of the Department of Street Improvements, Twenty-third and Twenty-fourth Wards, I find that the length of East One Hundred and Forty-fourth street, from the west side of River avenue to the west side of St. Ann's avenue, is 5,107.53 feet.

Respectfully,

THEO. W. MYERS, Comptroller.

The following report from the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, relating to the confirmation of proceedings for the opening of East One Hundred and Seventy-fifth street, was presented:

CITY OF NEW YORK—COMMISSIONER OF STREET IMPROVEMENTS,
TWENTY-THIRD AND TWENTY-FOURTH WARDS,
NO. 2622 THIRD AVENUE, CORNER 141ST STREET,
COMMISSIONER'S OFFICE, December 3, 1891.

To the Honorable the Board of Street Opening and Improvement:

GENTLEMEN—In relation to the petition protesting against the confirmation of proceedings for the opening of East One Hundred and Seventy-fifth street, referred to me for report, I hereby respectfully report as follows:

On the first of September, 1887, and on February 5, 1890, petitions were presented to your Board for the opening of East One Hundred and Seventy-fifth street, from Third to Carter avenue, signed by nine (9) different property-owners, namely:

W. A. Greve. Henry Mehies. Peter Dows.
George L. Hahn. Robert Conenhoven. Henry C. Meyer.
R. A. Joyce. John J. Hunt. W. A. Bedell.

Seven of these petitioners now appear as protesting against the completion of these proceedings. Two of the above-named, John J. Hunt and W. A. Bedell do not protest.

The Board of Aldermen, on January 28, 1890, gave the name of Fifth street to that portion of One Hundred and Seventy-fifth street lying between Carter and Third avenues, and on May 6, 1889, of Fairmount avenue to that portion lying between Third avenue and the Southern Boulevard.

If the names of those streets are now objectionable, the petitioners should address the Board of Aldermen on the subject.

I recommend that the said petition be denied for the following reasons:

First—That the principle to have streets not less than 60 feet wide ought to be adhered to.
Second—That the opening ought not to be delayed, because the sewerage of several streets and avenues east of Webster avenue depends on it.

Third—That if the cost of the proceedings is excessive, in the opinion of the protestants, the proper remedy is to apply to the Commissioners for opening the said street; the protestants certainly did not think so when they applied twice for the opening.

I therefore submit the accompanying resolution for adoption.

Very respectfully,

LOUIS J. HEINTZ,
Commissioner of Street Improvements of the
Twenty-third and Twenty-fourth Wards.

Whereupon the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards offered the following resolution:

Resolved, That the petition of W. E. Andrews and others protesting against the confirmation of the proceedings for the opening of East One Hundred and Seventy-fifth street be and the same is hereby denied.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Deputy Commissioner of Public Works, the President of the Department of Public Parks, the President of the Board of Aldermen and the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards—6.

The following report from the Comptroller and the President of the Department of Public Parks, relating to a petition to discontinue the proceedings now pending for the opening and widening of East One Hundred and Sixty-eighth street, was presented and read:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
COMMISSIONERS' OFFICE, NOS. 49 and 51 CHAMBERS STREET,
February 26, 1892.

Hon. HUGH J. GRANT, Chairman, Board of Street Opening and Improvement:

SIR—Pursuant to a resolution, adopted by your Board on February 5, by which the petition to discontinue the proceedings now pending for the opening and widening of East One Hundred and Sixty-eighth street was referred to the undersigned, we respectfully report that the records of the Department of Public Parks and of the Board of Street Opening and Improvement show as follows:

Resolution to initiate proceedings to open East One Hundred and Sixty-eighth street, between Webster and Franklin avenues, passed September 28, 1886.

Petition to Court, January 18, 1886.

Rule map asked for, October 9, 1886.

Rule map sent, September 4, 1888.

Damage map asked for, May 8, 1889.

Damage map sent, July 10, 1889.

Benefit map asked for, July 19, 1890.

Benefit map sent, September, 1890.

Final maps asked for, May 26, 1891.

Final maps sent, July 16, 1891.

Report prepared and filed in the Department of Public Works, November 16, 1891.

Report recalled, December 28, 1891.

One Hundred and Sixty-eighth street as it now exists starts at Webster avenue, and at Franklin avenue it runs southeasterly, ending at Union avenue. Apparently it is contemplated to extend it east of Union avenue, and on the west it may be necessary to extend it through the hill west of Webster avenue, notwithstanding the fact that the grade is so steep that there will be an unusual amount of rock excavation. Should these extensions be made, the street will be opened in three sections and will be nearly two miles long. Aside from this, however, the cost to the property-owners of the pending proceedings will be unreasonably great. The houses bordering on this street are evidently inhabited by people of moderate means, and this burden will fall upon them very heavily. At present the street is used as a thoroughfare and is in fair order, and in case slight attention was paid to the pavement in the way of resurfacing with gravel, it would be amply sufficient for the present needs of the vicinity. The protest against the confirmation of the proceedings is so unanimously concurred in by those who would be the greatest gainers were the proceedings confirmed, that we think that their representations should have more than ordinary weight. We do not, however, approve the discontinuance of the proceedings, but think that, in case any delay is to be had, this should be accomplished by a suspension of action by the Corporation Counsel rather than by any act of this Board, which would result in undoing what had been done; for it is probable that by-and-by the cost of opening this street as compared with the value of the abutting property will be much diminished.

We recommend that this Board instruct the Corporation Counsel to suspend the proceedings in this matter until further directed by this Board.

Very respectfully,

THEO. W. MYERS, Comptroller.
A. GALLUP, President, D. P. P.

After much discussion of the matter, the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards offered the following resolution:

Resolved, That the petition to discontinue the proceedings now pending for the opening and widening of East One Hundred and Sixty-eighth street be denied.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy Commissioner of Public Works, the President of the Department of Public Parks, the President of the Board of Aldermen and the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards—5.

Negative—The Comptroller—1.

The President of the Department of Parks voted aye and desired his explanation to be noted on the minutes as follows: Notwithstanding my concurrence in the report concerning the opening of One Hundred and Sixty-eighth street this day filed, recommending that the confirmation of the proceedings to open One Hundred and Sixty-eighth street be suspended, I now vote against a resolution suspending the same, on the ground that the matter was not fully presented by the property-owners at the time of the hearing before the Comptroller and myself, and that I was not aware that the amounts of the awards for benefit and the assessments for damage had been published. I do not approve of property-owners who have received awards for benefits which seem to them insufficient coming before the Board of Street Opening as a Court of Appeal. The matter should be settled by them before the Supreme Court.

In the matter of the widening of Riverside Drive, the President of the Department of Public Parks offered the following resolutions:

Resolved, That the Board of Street Opening and Improvement of the City of New York, deem it for the public interest to alter the map or plan of the City of New York, by widening Riverside avenue, on the easterly side, between One Hundred and Twenty-second and One Hundred and Twenty-seventh streets, in the Twelfth Ward of the City of New York, more particularly described as follows:

All that piece or parcel of land in the City of New York bounded and described as follows, to wit:

Parcel A—Beginning at a point on the easterly line of Riverside avenue, distant two hundred feet northerly from the northerly line of One Hundred and Twenty-second street, and running from thence northerly on the said easterly line of Riverside avenue, one hundred and seventy (170) feet to the intersection of the line of Riverside avenue, with the southerly line of Claremont place; thence easterly along the southern line of Claremont place, nine and fifty-two one-hundredths feet (9.52); thence southerly one hundred and seventy and twenty-seven one-hundredths feet (170.27) to the point of beginning.

Also all that piece or parcel of land in the City of New York bounded and described as follows, to wit:

Parcel B—Beginning at the intersection of the easterly line of Riverside avenue with the northerly line of Claremont place; running from thence northerly on the said easterly line of Riverside avenue, eight hundred and twenty-five feet two inches (825' 2") to the southerly line of One Hundred and Twenty-seventh street; thence easterly along the southerly line of One Hundred and Twenty-seventh street, fourteen feet (14'); thence southerly and parallel to the easterly line of Riverside avenue, eight hundred and twenty-five feet and two inches (825' 2") to the northerly line of Claremont place; thence westerly along the northerly line of Claremont place, fourteen feet (14') to the point of beginning.

Resolved, That such proposed action of this Board be laid before the Board of Aldermen of the City of New York, and that full notice of the same be published for ten days in the CITY RECORD.

Resolved, That the Secretary be and he is hereby directed to transmit to the Board of Aldermen a copy of the foregoing resolution, and to cause to be published the notice required by law.

Resolved, That the Department of Public Parks be requested to prepare for filing five similar maps, showing such proposed alteration and widening of Riverside avenue, and when the matter shall have been placed before the Board of Aldermen, and published as above described, that the said five similar maps be certified by this Board, and when so certified, that the Secretary be directed to file the same as provided by law, as follows: One in the office of the Department of Public Works, one in the office of the Counsel to the Corporation, one in the office of the Secretary of State, one in the office of the Register of the City and County of New York, and one in the office of the Department of Public Parks.

Which were adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Deputy Commissioner of Public Works, the President of the Department of Public Parks, the President of the Board of Aldermen—5.

The Board then signed petitions to the Supreme Court for the appointment of Commissioners of Estimate and Assessment in the following street opening proceedings:

One Hundred and Twenty-eighth street, between Amsterdam and Convent avenues.

One Hundred and Thirty-eighth street, between Amsterdam and Convent avenues.

One Hundred and Thirty-ninth street, between Eighth avenue and bulkhead of Harlem river.

One Hundred and Fortieth street, between Seventh avenue and bulkhead of Harlem river.

One Hundred and Fortieth street, between Seventh avenue and bulkhead of Harlem river.

One Hundred and Fiftieth street, between Bradhurst avenue and bulkhead of Harlem river.

One Hundred and Fifty-first street, between Bradhurst avenue and bulkhead of Harlem river.

One Hundred and Fifty-second street, between Bradhurst avenue and bulkhead of Harlem river.

One Hundred and Fifty-fourth street, between Bradhurst avenue and bulkhead of Harlem river.

All in the Twelfth Ward of the City of New York.

East One Hundred and Forty-fourth street, from River avenue to St. Ann's avenue, in the Twenty-third Ward of the City of New York.

The Board then adjourned.

BOARD OF REVISION AND CORRECTION OF ASSESSMENTS.

A meeting of the Board of Revision and Correction of Assessments was held at the Comptroller's office, on Tuesday, March 1, 1892, at 2.45 o'clock P. M.
 Present—Theodore W. Myers, Comptroller; William H. Clark, Counsel to the Corporation; Frederick Smyth, Recorder.

On motion, the reading of the minutes of the previous meetings not yet approved was dispensed with.

The Comptroller presented the following assessment lists, received from the Board of Assessors under date of February 26, 1892, viz.:

1. Sewer in Fifth avenue, between One Hundred and Thirty-sixth and One Hundred and Thirty-seventh streets, and in One Hundred and Thirty-seventh street, between Fifth and Sixth avenues, with alteration and improvement to existing sewer in Fifth avenue, between One Hundred and Thirty-fifth and One Hundred and Thirty-sixth streets.

2. Regulating, grading, curbing and flagging One Hundred and Forty-sixth street, from Boulevard to the tracks of the Hudson River Railroad.

3. Receiving-basins on southeast and northeast corners of One Hundred and Eighth street and southeast corner of One Hundred and Ninth street and First avenue.

4. Receiving-basin on the southwest corner of Ninety-ninth street and Third avenue.

Deering, attorney, were presented by the Comptroller, the same having been received from the Board of Assessors under date of February 10, 1892.

The said assessment list being in proper form and no objections having been filed, on motion, the same was confirmed, all the members of the Board voting in the affirmative.

H. Baldwin, attorney, in behalf of Dore Lyon, to the amount included in the assessment for the bills of the Consolidated and Standard Gas-light Companies, were presented by the Comptroller, the same having been returned by the Board of Assessors, under date of March 1, 1892, accompanied by a communication from the Commissioner of Public Works, dated February 25, 1892, in reply to the said objections.

Mr. Baldwin was heard in opposition to the assessment as apportioned by the Board of Assessors, and Col. Gilon, Chairman of the said Board, was heard in explanation.

Upon consideration, on motion, the objections filed were overruled, and the said assessment list was confirmed, all the members of the Board voting in the affirmative.

The Comptroller also presented the sworn statement of Michael Fitzgerald, the contractor for the work, that he paved the said street with the blocks called for by the terms of the contract, and that at no time did he use any stone other than new pavement, except for filling in, over which new stone-block pavement was laid.

The assessment list for paving Bank street, between West and Washington streets, with granite blocks, so far as the same is within the limits of grants of land under water, and objections of George F. Morgan, president, etc., laid over at meeting of February 4, 1892, on motion, were taken up.

Cleaning at the office of said Department, Room 189,
Stewart Building, No. 280 Broadway, in the City
of New York, until 12 o'clock M. March 14, 1892, at which
place and time they will be publicly opened by the
Commissioner of Street Cleaning and read.
All of the articles to be delivered at the Department
Stables, Seventeenth street and Avenue C, in such quan-
tities and at such times as may be directed.
No estimate will be received or considered after the
hour mentioned.

The form of the agreement, with specifications,
showing the manner of payment for the articles, may
be seen, and forms of proposals may be obtained at the
office of the Department.

Bidders will write out the amount of their estimate in
addition to inserting the same in figures.

The award of the contract will be made as soon as
practicable after the opening of the bids.

Any person making an estimate for the above shall
present the same in a sealed envelope to said Commis-
sioner of Street Cleaning, at said office, on or before the
day and hour above named, which envelope shall be
indorsed with the name or names of the person or per-
sons presenting the same, the date of its presentation,
and a statement of the work to which it relates.

The Commissioner of Street Cleaning reserves the
right to decline any and all bids or estimates if deemed
to be for the public interest. No bid or estimate will
be accepted from, or contract awarded to, any person
who is in arrears to the Corporation upon debt or con-
tract, or who is a defaulter, as surety or otherwise, upon
any obligation to the Corporation.

Each bid or estimate shall contain and state the
name and place of residence of each of the persons
making the same; the names of all persons interested
with him or them therein; and if no other person be
so interested, it shall distinctly state that fact; that
it is made without any connection with any other
person making an estimate for the same purpose, and
is in all respects fair, and without collusion or fraud;
and that no member of the Common Council, head of a
department, chief of a bureau, deputy thereof, or clerk
therein, or other officer of the Corporation, is directly
or indirectly interested therein, or in the supplies or
work to which it relates, or in any portion of the
profits thereof. The bid or estimate must be verified
by the oath, in writing, of the party or parties making
the estimate, that the several matters stated therein are
in all respects true. Where more than one person is in-
terested, it is requisite that the verification be made
and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders of
the City of New York, with their respective places of
business or residence, to the effect that if the contract
be awarded to the person making the estimate, they
will, on its being so awarded, become bound as
sureties for its faithful performance in the sum of
five thousand dollars (\$5,000); and that if he shall
omit or refuse to execute the same, they shall pay to
the Corporation any difference between the sum
to which he would be entitled on its completion,
and that which the Corporation may be obliged to
pay to the person or persons to whom the contract
may be awarded at any subsequent letting; the amount
in each case to be calculated upon the estimated amount
of the work by which the bids are tested. The consent
above mentioned shall be accompanied by the oath or
affirmation, in writing, of each of the persons signing the
same, that he is a householder or freeholder in the City
of New York, and is worth the amount of the security
required for the completion of this contract, over and
above all his debts of every nature, and over and above
his liabilities as bail, surety or otherwise; and that he
has offered himself as a surety in good faith and with
the intention to execute the bond required by law.
The adequacy and sufficiency of the security offered
is to be approved by the Comptroller of the City
of New York before the award is made and prior to the
signing of the contract.

No estimate will be considered unless accompanied by
either a certified check upon one of the banks of the
City of New York, drawn to the order of the Comptroller,
or money to the amount of two hundred and fifty
(\$250) dollars. Such check or money must not be inclosed
in the sealed envelope containing the estimate, but must
be handed to the officer or clerk of the Department who
has charge of the estimate-box, and no estimate can be
deposited in said box until such check or money has
been examined by said officer or clerk and found to be
correct. All such deposits, except that of the persons
making the same within three days after the contract is
awarded. If the successful bidder shall refuse or
neglect, within five days after notice that the contract
has been awarded to him, to execute the same, the
amount of the deposit made by him shall be forfeited
to and retained by the City of New York as liquidated
damages for such neglect or refusal, but if he shall
execute the contract within the time aforesaid, the
amount of his deposit will be returned to him.

Should the person or persons to whom the contract
may be awarded neglect or refuse to accept the contract
within five days after written notice that the same has
been awarded to his or their bid or proposal, or if he or
they accept but do not execute the contract and give
the proper security, he or they shall be considered as
having abandoned it, and as in default to the Corpora-
tion, and the contract will be readvertised and relet as
provided by law.

PROPOSALS FOR ESTIMATES FOR FURNISHING GRANITE STONES FOR BULKHEAD OR RIVER-WALL.

ESTIMATES FOR FURNISHING GRANITE stones for bulkhead or river wall will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock P. M. of

MARCH 17, 1892.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of Sixteen thousand Two Hundred Dollars.

The Engineer's estimate of the work to be done is as follows:

To be furnished, cut in accordance with specifications, 1,473 pieces of Granite, consisting of:

Class 1—681 Headers and 640 Stretchers, containing about 25,428 cubic feet.

Class 2—152 Coping-stones, containing about 12,160 cubic feet.

For further particulars, see the drawings referred to in the specifications forming part of the contract.

N. B.—As the above mentioned quantities of cubic feet, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1) Bidders must satisfy themselves by personal examination of similar stones now owned by the Department of Docks, and of the plans and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic foot, to be specified by the lowest bidder, shall be due or payable for the entire work.

The first delivery of granite under this contract will be made as soon as practicable after the date of the execution of this contract, and will proceed thereafter with reasonable dispatch, and all the work to be done under this contract is to be fully completed on or before the first day of September, 1892, and the amounts in each delivery are to be divided between the several classes, as ordered by the Engineer-in-Chief. The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates the price per cubic foot for the stones to be furnished, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Each estimate shall contain and state the name

and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No estimate for a sum in excess of SEVENTY-FIVE THOUSAND (75,000) DOLLARS can be considered.

Plans may be examined and specifications and blank estimates may be obtained by application to the undersigned, at his office in the Central Department.

By order of the Board.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature, chapter 449, Laws of 1889, which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property who shall also be the owners of a majority of the property in frontage on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repave, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works.

A bidder for a contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom a contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract, or such specific sum as may be mentioned in the proposal.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are

tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The forms of the contracts, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.
