COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the President, Borough of Queens:

No. 982.

President of the Borough of Queens—Request for Special Revenue Bonds, \$122,571.75, Being the Estimated Cost of Repairing and Rendering Sanitary an Open Drain from Water St. to Beaver St. to South St. and Thence to Baisley's Pond, in the Jamaica Section of Said Borough.

The City of New York, Office of the President of the Borough of Queens, Long Island City, October 8, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—I hereby request your approval in accordance with subdivision 8 of Section 188 of the Greater New York Charter of an issue of Special Revenue Bonds amounting to \$122,571.75, the estimated cost of repairing and rendering sanitary an open drain from Water Street to Beaver Street to South Street and thence to Baisleys Pond in the Jamaica section of this Borough.

The Department of Health on May 5, 1913, submitted a detailed report regarding the offensive condition of this drain and recommended that it be declared a public nuisance. The drain is almost continually obstructed and is a receiving basin for rubbish and dead animals and when it is obstructed and a storm occurs the foul smelling liquid filth from the same flows over low adjoining lands and after the water recedes deposits of filth are left in many small depressions on the land, where it remains until it is dried up by the sun, the heat of which on the same adds to the nuisance.

Not only is this open drain a nuisance and a detriment to health but it is also a menace to the small house owners south of South Street, whose homes adjoin it for the reason that the cellars become flooded when it overflows, causing foul odors within.

The estimate submitted contemplates the building of a covered drain or wooden flume from Beaver Street to South Street at a cost of \$17,424.75.

From South Street to Baisleys Pond, a distance of 6,730 feet, it is proposed to grade and clean this ditch and replace the existing culverts, which are too small, with larger ones, and put the ditch in a sanitary and slightly condition, the estimated cost of which is \$105,147.00.

The estimate is based upon a careful survey of the conditions by the Bureau of Sewers of this department and I would be pleased to have them appear before you or your committee at any time, and would be pleased to furnish you with any additional information you may desire. Very truly yours,

JAMES DAYTON, Commissioner of Public Works.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the President, Borough of Manhattan:

The President laid before the Board the following communications from the Board of Estimate and Apportionment.

No. 984.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Multigraph Operator in the Office of the Board of Estimate and Apportionment.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, October 13, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of three resolutions adopted by the Board of Estimate and Apportionment October 9, 1914, relative to the establishment of grades of positions as follows:

Department and Position.	Rate of Compensation.	Number of Incumbents.
Cal. No. 11 Board of Estimate and Apportionment (Bureau of Standards)—		
Multigraph Operator	Per Day. \$3 00	1
Cal. No. 12 Municipal Civil Service Commission—	Per Annum.	
Custodian	\$1,260 00	1
Tabulator	1,050 00	1
Attendant	900 00	1
Investigator	1,500 00	1
Cal. No. 13 Fire Department—		
Draftsman	1,200 00	1

I transmit herewith copies of reports of the Committee on Salaries and Grades relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Board of Estimate and Apportionment of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Multigraph Operator	\$3 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment October 9, 1914.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, September 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On September 16, 1914, the Director of the Bureau of Standards requested the establishment, for his office, of the grade of position of Multigraph Operator, at \$3 per day, for one incumbent. He states as follows:

"To turn out promptly the great number of work specifications for all classes of City service now being prepared by this bureau, there is need of the services of either several additional Typewriting Copyists and the purchase of typewriting machines, or a well operated printing machine. The latter is the more economical. The multigraph machine now owned by the bureau is the best adapted machine in general commercial use to turn out clean copies of specifications in sufficient numbers. To operate this machine, however, the services of a specially trained man are necessary. The rate of \$3 per day is the minimum generally paid in private employment for this type of work. The bureau does not need the services of an operator permanently, but periodically for limited time."

In view of the foregoing, we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

No. 985.

Board of Estimate and Apportionment—Resolution to Establish Various Grades of Positions in the Office of the Municipal Civil Service Commission.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Municipal Civil Service Commission, in addition to those heretofore established, of the following grades of positions:

Title.	Rate Per Annum.	No. of Incumbents.
Custodian	\$1,260 00	1
Tabulator	1,050 00	1
Attendant	900 00	1
Investigator	1,500 00	5

A true copy of resolution adopted by the Board of Estimate and Apportionment October 9, 1914.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, October 6, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On September 1, 1914, the Municipal Civil Service Commission requested the establishment for its office of certain additional grades of positions in accordance with Section 56 of the Greater New York Charter. On September 21, 1914, the request was referred to the Committee on Salaries and Grades. The Bureau of Standards reports thereon, under date of October 6, 1914, as follows:

"It is requested that the following additional grades be established:

Title.	Rate Per Annum.	No. of Incumbents.
"Custodian	\$1,500 00	1
"Tabulator	1,050 00	1
"Attendant	900 00	1
"Investigator	1,500 00	5

"The purpose of these establishments is not to increase the present force of the Commission but to provide appropriate titles for the employees filling these positions who had the title of Monitors and were paid on a per diem basis.

"The position of Custodian at \$1,500 is requested for Mrs. Hahn who is now receiving \$5 per day. Mrs. Hahn is in charge of the Question Room. She gives sample questions to applicants and is responsible for the safe keeping of examination papers while in the hands of applicants who have asked permission to review them. A salary of \$1,260 is the maximum allowed for this work.

"The position of Tabulator at \$1,050 is requested for Miss Rivola, who is now receiving \$3.50 per day. Miss Rivola computes the final marks on examination papers and tabulates them. The requested compensation of \$1,050 is reasonable.

"The position of Attendant at \$900 is requested for Mr. Cavanaugh, who is now receiving \$3 per day as a Monitor. The position of Monitor is temporary. Mr. Cavanaugh, however, is steadily employed and it is therefore desired to put him into the regular service under an appropriate title. The requested compensation of \$900 is reasonable.

"The five positions of Investigator at \$1,500 are requested in order to enable the Commission to appoint five men in place of Monitors who have formerly performed this work and who have been laid off. The function of these employees is to inves-

tigate the statements of experience of all applicants and to make such other investigations as may be deemed necessary to ascertain whether or not applicants are eligible to take examinations. The Commission at the present time has seven regular Investigators and the additional five are necessary to properly perform this work. The requested compensation of \$1,500 is reasonable."

In view of the foregoing statement we recommend the adoption of the attached resolution recommending to the Board of Aldermen the establishment, for the office of the Municipal Civil Service Commission, of the following additional grades of positions:

Title.	Rate Per Annum.	No. of Incumbents.
Custodian	\$1,260 00	1
Tabulator	1,050 00	1
Attendant	900 00	1
Investigator	1,500 00	5

Respectfully,

ALEX. BROUGH, Deputy Acting Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

No. 986.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Draftsman in the Fire Department.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	No. of Incumbents.
Draftsman	\$1,200 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment October 9, 1914.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, September 24, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On August 26, 1914, the Deputy and Acting Fire Commissioner requested establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Draftsman, at \$1,200 per annum, for an additional incumbent. The request was referred to the Committee on Salaries and Grades on September 21, 1914. The Bureau of Standards reports thereon as follows:

"The 1914 Budget salary schedule for the Fire Alarm Telegraph Bureau, No. 1659C, Corporate Stock Force, provides for three Architectural Draftsmen at \$1,200 and two Draftsmen at \$1,200 per annum. One of the positions of Architectural Draftsman is vacant and the Commissioner desires to appoint a Draftsman with a mechanical and electrical knowledge, as the work called for will be general in character. The grade of position of Draftsman at \$1,200 per annum is established in the department for two incumbents only, and the present salary schedule provides for this number. No increase in force or appropriation is involved."

In view of the foregoing we recommend the adoption of the attached resolution providing for the establishment of the grade of position of Draftsman at \$1,200 per annum, for one additional incumbent. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

Which were severally ordered on file.

No. 82—(Int. No. 869).

Report of the Committee on Finance in Favor of Adopting a Resolution for \$10,000 Special Revenue Bonds for Celebration Under Auspices of N. Y. Commercial Tercentenary Commission.

The Committee on Finance, to which was referred on September 22, 1914 (Minutes, page 289), the annexed communication from the New York Commercial Tercentenary Commission, respectfully

REPORTS:

That, having carefully examined the subject, it believes the City should participate in the proposed celebration. In view, however, of the present condition of city finances, and the acknowledged need for economy, it feels that if the City should appropriate \$10,000 for this purpose it will be all that can properly be allowed, and should be sufficient to help materially in the plans for the celebration.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Ten Thousand dollars (\$10,000), the proceeds whereof to be used under the direction of a joint committee of the Board of Estimate and Apportionment and Board of Aldermen for the purpose of aiding in the completion of the New York Commercial Tercentenary celebration to be held in The City of New York during the week of October 25th to 31st, inclusive, all expenses incurred to be checked in advance by the Department of Finance.

All obligations contracted for hereunder to be incurred on or before December 31, 1914.

Report of the Committee on Finance in Favor of Adopting Resolution for \$5,047.88 Special Revenue Bonds for Maintenance of Bureau of Attendance, Board of Education.

The Committee on Finance, to which was referred on September 22, 1914 (Minutes, page 331), a request from the Board of Education for \$13,615.13 Special Revenue Bonds to defray cost of maintaining Bureau of Attendance during the year 1914, respectfully

REPORTS:

That, at the request of the Committee, the Department of Finance and Board of Education were requested to ascertain if this sum could not be procured from other sources. The attached reports show that this procedure obtained for nearly two-thirds of the original amount asked for, leaving \$5,047.88 remaining, which the Committee believes necessary, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of five thousand and forty-seven 88-100 dollars (\$5,047.88), the proceeds whereof to be used by the Board of Education for the maintenance of the Bureau of Attendance during the year 1914.

All obligations contracted for hereunder to be incurred on or before December 31, 1914.

City of New York, Department of Finance, September 26, 1914.
Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, New York City.

Dear Sir—Under date of September 8, 1914, I addressed a communication to you relative to a request of the Board of Education dated August 12, 1914, for special revenue bonds in the sum of \$13,615.13 for the purpose of defraying the additional cost of maintaining the Bureau of Attendance for the year 1914.

In connection therewith I wish to report that a part of the funds requested have been provided from other sources, and the amount necessary to provide by the issue of special revenue bonds has consequently been reduced to \$5,000. As will appear from the attached copy of a letter from the Director of the Bureau of Attendance to Commissioner John W. Greene, Chairman of the Committee on Finance, Department

of Education, this sum is urgently needed to replenish Account No. 1082, Office Supplies, to provide for printing and stamps. Respectfully,
WM. A. PRENDERGAST, Comptroller and Chairman, Committee on Education.

(Copy.)

Department of Education, The City of New York, Bureau of Attendance, 154-156 East 68th Street, New York, September 15, 1914.
Hon. JOHN GREENE, Chairman, Committee on Finance, Board of Education, 500 Park Avenue, New York City:

Dear Sir—As I stated to the Committee on Finance yesterday, the Bureau of Attendance is in urgent need of funds to carry on its regular routine. The more pressing needs are for postage and printing, for which at present there are no funds that can be applied to these purposes. For printing, approximately \$3,000 will be required until January 1, 1915, and \$2,400 for postage.

The Board of Estimate will act next week on a request to transfer \$1,150 to the necessary order for printing. The transfer of children from school to school will be at its height for the next two months, and even now the necessary blanks have not yet been received. When received, these blanks will last only through the first week in October. Stamps we are now compelled to borrow. For September and October at least \$1,250 should be available for postage.

The items needed under each account are as follows:

Code No.	Title of Account.	Amount Needed.	Amount Available.
1082	Office Supplies—		
	Ice	\$40 00	
	Postage	2,400 00	
	Printing	3,000 00	
		\$5,440 00	
1082	Motorcycle Supplies	70 00	\$119 27
1083	Purchase of Equipment	316 00	\$1,316 12
1084	Furniture, Chairs, Typewriters, Etc.	650 00	
1085	Transportation—		
	Carfare	\$250 00	
	Storage, motorcycles	18 00	
	Moving	185 00	
	Expressage	10 00	
		463 00	124 34
1086	Communication—		
	Telephone	110 00	111 61
1087	General Plant Service—		
	Correction of Maps	\$430 00	
	Repairs to:		
	Motorcycles	50 00	
	Typewriters	10 00	
	Furniture	25 00	
	Emergencies	40 00	
		555 00	888 17
1088	Contingencies	30 00	26 61
		\$7,634 00	\$2,586 12
	Amount needed		\$5,047 88

The figures are approximately accurate but cannot be absolutely determined until all bills are rendered. You will notice, of course, that the total amount needed is less than the sum I mentioned before the committee. This is due to the fact that a revision of the figures this morning revealed that allowance should be made for balances of certain accounts of the former Permanent Census Board. This offset will reduce the amount required to about \$5,000 and will, I trust, make it easier to obtain. This amount is exclusive of the transfers already requested of the Board of Estimate and Apportionment.

Respectfully, (Signed) JOHN W. DAVIS, Director.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Boschen, Bosse, Burden, Burns, Carberry, Carroll, Chorosh, Cole, Colne, Cunningham, Curran, Delaney, Diemer, Dixon, Donnelly, Dostal, Dotzler, Dowling, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Eagan, Gaynor, Hamilton, Igstaedter, Kenneally, Kenney, Kochendorfer, Lein, Levy, McCann, McCourt, McGarry, McNally, Molen, Moore (Chas. Report of the Committee on Finance in Favor of Adopting Resolution for \$2,500 Special Revenue Bonds for an Automobile Hearse for Department of Public Charities.

The Committee on Finance, to which was referred on September 22, 1914 (Minutes, page 359), the annexed request from the Department of Public Charities for \$2,500 special revenue bonds for the purchase of an automobile hearse, respectfully

REPORTS:

That the reasons for this application are fully set forth in the letter of request. The Committee believes this convenience to be an immediate necessity and it therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of two thousand five hundred dollars (\$2,500), the proceeds whereof to be used by the Department of Public Charities for the purpose of purchasing an automobile hearse.

All obligations contracted for hereunder to be incurred on or before December 31, 1914.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, August 28, 1914.

Re: Special Revenue Bonds, \$2,500.

To the Honorable Board of Aldermen:

Dear Sirs—On or about August 10, 1914, a deed from the City of New York to the State of New York of the premises on Clarkson Avenue, Borough of Brooklyn, upon which the Long Island State Hospital is built, including also Potter's Field, for the burial of unclaimed dead for the Boroughs of Brooklyn and Queens, adjoining on the east, was executed, delivered and recorded. On August 11, 1914, we received notice from Dr. Elbert M. Somers, Superintendent of the Long Island State Hospital, that in view of the transfer of title of these premises to the State, for whom he was acting, he would ask this Department to cease burying bodies in this Potter's Field. This notice was wholly unexpected to us, and we do not know what provision was made in the prior negotiations for the exchange of this land as to future burials of pauper dead for these Boroughs; but, by negotiation with Dr. Somers, we succeeded in getting him to extend the time when this prohibition should take effect to September 1st, and we are endeavoring to get him to grant us a further extension to October 1st. An immediate inquiry satisfies us that the only way in which this service can be taken care of is to transport the bodies from the City Morgue, Brooklyn Division, to the City Morgue, Manhattan Division, for transportation thence and burial in the Potter's Field on Harts Island, like bodies coming from the Boroughs of Manhattan and The Bronx. In view of the small size and inadequate accommodations of the City Morgue, Brooklyn Division, on Clarkson Avenue, which must act as a collecting place for these bodies, it will be necessary for us to arrange for the transportation of bodies to Manhattan not less than three days a week. At the present moment the Department is without a single piece of equipment, vehicle, automobile or horse, which is not in full service, and which could be diverted to or required also to take care of this transfer service. Under the circumstances, therefore, I see no solution except to ask for funds sufficient to purchase an automobile hearse, which, I am satisfied, would be the most serviceable and economical method of con-

ducting this service, and which, I understand, can be purchased of a suitable character for approximately \$2,500. I think that in view of the unanimous experience of City Departments and the reasons which customarily have influenced your Committee to grant the necessary permission, it will be cheaper, as it certainly will be quicker, to permit us to make the purchase of this automobile hearse without requiring advertisement and the submission of bids therefor.

Will you please, therefore, kindly grant an issue of Special Revenue Bonds in the sum of \$2,500 for the purpose of purchasing, without public letting, for the use of the Department of Public Charities, one automobile hearse? Very truly yours,
JOHN A. KINGSBURY, Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Report of the Committee on Finance in Favor of Adopting Resolution for \$7,500 Special Revenue Bonds for Supplies and Equipment of Athletic Centres Under Board of Education.

The Committee on Finance, to which was referred on September 22, 1914 (Minutes, page 361), the annexed request from the Board of Education for \$7,500 Special Revenue Bonds for supplies and equipment for athletic centres for the remainder of the year 1914, respectfully

REPORTS:

That it appears that a teaching staff was provided for this purpose in the 1914 Budget, but that in some manner the amount for the necessary equipment was reduced from \$12,500 to \$5,000. No tuition can be imparted without the necessary paraphernalia, and the Committee therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of seven thousand five hundred dollars (\$7,500), the proceeds whereof to be used by the Board of Education for the purpose of providing supplies and equipment for athletic centres during 1914.

Report of the Committee on Finance in Favor of Adopting Resolution to Reduce an Issue of \$10,000 Corporate Stock for a Class Room for Anaemic Children to \$9,000.

That the \$1,000 obtained by this reduction is to be used for a similar class room at a public school in this vicinity, and may obviate the necessity for the one at the bath.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment at a stated meeting held September 21, 1914:

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary.

It, therefore, recommends that the accompanying resolution be adopted.

AN ORDINANCE providing for an issue of Corporate Stock of The City of New York to an amount not exceeding one thousand dollars (\$1,000), to provide means for the construction of an open air classroom for anaemic children at Public School 135, Borough of Manhattan, under the jurisdiction of the Department of Education.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment September

21, 1914, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one thousand dollars (\$1,000), to provide means for the construction of an open air classroom for anaemic children at Public School 135, Borough of Manhattan, under the jurisdiction of the Department of Education, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds whereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, July 23, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On June 19, 1914, the President of the Borough of Manhattan requested the amendment of the resolution adopted by the Board of Estimate and Apportionment on June 26, 1913, authorizing the issue of \$10,000 corporate stock for the construction of a roof classroom for anaemic children at the Public Bath in East 54th street, Manhattan, by reducing the authorization to \$9,000. He also requested that the amount of the reduction, \$1,000, be made available to the Board of Education for the construction of an open air classroom for anaemic children at Public School 135, Manhattan.

An investigation made by the Bureau of Contract Supervision has developed the following facts:

The title of the fund to be reduced is "CPM-25E, Public Bath in East 54th street, Borough of Manhattan, Roof Classroom for Anaemic Children." The authorization was concurred in by the Board of Aldermen on July 15, 1913. On July 13, 1914, the fund remained intact.

No plans have been prepared for the roof classroom. The estimate of \$10,000 was approximate only. The work necessary to provide the roof classroom can be completed for \$9,000.

Public School 135 is located at East 51st street and First Avenue. It is proposed to alter the corner room on the third floor into an open air classroom by constructing a window on the 51st street side and enlarging the window on the First Avenue side. The sum of \$1,000 will be sufficient to cover the cost of this work and provide the necessary equipment and furniture.

It is quite probable that the construction of this classroom will render unnecessary the construction of the roof classroom on the Public Bath Building which is located at East 54th street, between First and Second Avenues, little more than three blocks distant.

We recommend the adoption of the attached resolutions, one reducing the authorization for the East 54th street bath to \$9,000 and the other authorizing \$1,000 for the construction of an open air classroom at Public School 135, Manhattan. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE MCANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Burns, Carberry, Carroll, Chorosh, Colne, Cunningham, Curran, Delaney, Diemer, Dixon, Donnelly, Dostal, Dotzler, Dowling, Duggan, Dujat, Eichhorn, Ferguson, Ferrand, Eagan, Gaynor, Hamilton, Igstaedter, Kenney, Kochendorfer, Lein, Levy, McCann, McCourt, McGarry, McNally, Moore (Chas. PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The Kings County Refrigerating Company has by a petition verified July 25, 1914, applied to this Board for the right, privilege and franchise to construct, maintain and operate conduits along certain streets and avenues in the Borough of Brooklyn for the purpose of supplying refrigeration to consumers in Wallabout Market and the streets immediately adjacent thereto and for the consent of this Board to the surrender and cancellation of a certain contract dated August 13, 1907, by and between The City of New York and said Kings County Refrigerating Company, granting said Company a franchise for the construction, maintenance and operation of conduits in and along certain streets in the Borough of Brooklyn; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Kings County Refrigerating Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Kings County Refrigerating Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

PROPOSED FORM OF CONTRACT.
 This contract, made and executed in duplicate this day of , 1914, by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the KINGS COUNTY REFRIGERATING COMPANY (hereinafter called the Company), party of the second part, WITNESSETH:

WHEREAS, By contract dated August 13, 1907, by and between The City of New York and the Kings County Refrigerating Company, that Company was granted a franchise to construct, maintain and operate a conduit along certain streets in the Borough of Brooklyn for the purpose of supplying refrigeration to consumers located in such streets and in the lands of the Wallabout Market; and

WHEREAS, The Company, pursuant to said contract, deposited with the Comptroller of the City the sum of five hundred dollars (\$500) as security for the performance of the terms and conditions of said contract; and

WHEREAS, The said Company has exercised its rights under the franchise so granted up to the present time; and

WHEREAS, The Company under date of July 25, 1914, applied to the Board for its consent to the surrender and cancellation of said franchise and for the grant of a franchise in substitution thereof;

Now, THEREFORE, in consideration of the premises and of the mutual covenants herein contained, the parties hereto do hereby covenant and agree, as follows:

SECTION 1. The said contract dated August 13, 1907, is hereby declared by the parties hereto to be null and void and of no effect as of November 1, 1914, and the City, upon the payment to it of all compensation up to November 1, 1914, at the rate fixed by said contract, regardless of the date when such payments are due and payable as provided in said contract, shall surrender and deliver to the Company the sum of five hundred dollars (\$500), deposited as security under the said contract.

The grant herein contained, with the conditions thereof, shall in all respects be substituted for and take the place of all the rights and privileges granted by said contract of August 13, 1907, and the Company agrees to release and hereby does release to the City any and all rights acquired by the Company under said contract.

SECTION 2. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate certain pipes and conduits with the necessary branches and extensions therefrom, leading directly into private property and into property of the City in Wallabout Market, for the sole purpose of supplying refrigeration to consumers, provided that such conduit shall not be of greater size or dimension than shall be necessary to contain therein not more than two (2) pipes of an inside diameter not to exceed six (6) inches each, and the necessary insulation or covering for such pipes. Such pipes and conduits to be constructed and operated only beneath the surface of such of the streets, avenues and highways situate within the Borough of Brooklyn, City of New York, as are included within the districts bounded and described as follows:

District Number 1.

bers 30, 35, 36, 37, 38, 39, 40, 41 and a portion of Lot 20 in Block Number 1874; thence along said center line of Flushing Avenue to its intersection with the center line of Clinton Avenue.

Bounded on the west by the center line of Clinton Avenue and the westerly boundary line of the lands of Wallabout Market.

The block and lot numbers referred to above are those shown on the tax maps of the City. Provided, however, that upon written application to the Board by the Company, the Board may, by resolution, extend the lines of District Number 1 hereinabove described to all or any part of a district bounded and described as follows:

District Number 2.

Bounded on the north by the boundary line of the Wallabout Market lands.

Bounded on the east by the boundary line of the Wallabout Market lands and the center line of Ryerson Street.

Bounded on the south by the center line of Park Avenue and the center line of Flushing Avenue.

Bounded on the west by the center line of Waverly Avenue, the center line of Clinton Avenue and the westerly boundary line of the Wallabout Market lands.

"Map showing districts applied for by the Kings County Refrigerating Company, Brooklyn, N. Y., to accompany petition dated July 25, 1914, to the Board of Estimate and Apportionment, City of New York."

—signed by P. M. Sayford, Treasurer, a copy of which is hereto annexed and made a part of this contract.

Should District Number 1 be extended as hereinbefore provided, then the terms and conditions of this contract shall apply to such extended district; provided that the Company shall without further consent of the Board and at the present time have the right and hereby agrees to construct, maintain and operate in and through District Number 2 such conduits and pipes as may be necessary to supply with refrigeration the premises of the Steel Drake Baking Company, known as Nos. 42-44-45-159-160 and 162 Wallabout Market, and to supply such premises.

The Company shall also have the right to supply such other applicants as may have premises abutting on streets in which said conduits and pipes may be laid for the purpose of supplying said premises of the Steel Drake Baking Company.

SECTION 3. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—That said right to construct, maintain and operate said pipes and conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from November 1, 1914, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

Such right and privilege to be valued as if the Company had not exercised the same for the said period of fifteen (15) years, and no allowance shall be made to the Company in such valuation by reason of such exercise.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate thereafter prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of two hundred and fifty dollars (\$250) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years an annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than five hundred dollars (\$500).

During the second term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than six hundred dollars (\$600).

During the third term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than seven hundred dollars (\$700).

The gross annual receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(c) In addition to the above payments the Company shall pay to the City an annual payment of ten cents (\$0.10) for each linear foot of pipe (where separately constructed) or conduit

constructed within the limits of any street, avenue, highway or other property belonging to the City, excepting, however, such pipes or conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of any street, avenue, highway or other property belonging to the City.

The annual charges shall commence from November 1, 1914.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between November 1, 1914, and December 31, 1914, shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of the City providing for the payment of charges for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the streets and avenues mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues, or within the districts hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything therein contained to the contrary notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the pipes, conduits and appurtenances of the Company constructed pursuant to this contract within the streets, avenues or other property of the City shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days notice from the Board, remove any and all of its pipes, conduits and appurtenances constructed pursuant to this contract and the said streets, avenues or other property of the City shall be restored to their original condition at the sole cost and expense of the Company.

Should the Company at any time discontinue the use of any pipes or conduits at any time constructed or used by it within either of the districts specified in this contract, the Company shall, at its own expense, immediately on such discontinuance remove such pipes or conduits from the streets and restore the surface of the streets to its original condition.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said pipes or conduits, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues or other property of the City in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the pipes or conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City and should the said pipes or conduits in any way interfere with the construction of public works in the streets, avenues or other property of the City, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the pipes, conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the pipes or conduits and the appurtenances thereof.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall cause a test to be made of the pipes hereby authorized whether laid within conduits or separately whenever required by and under the supervision of the Commissioner of Water Supply, Gas and

Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fourteenth—The Company shall not charge consumers more than the following rates for refrigeration to be furnished to boxes properly insulated at a temperature not lower than 32 degrees Fahrenheit:

Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet.

Two (2) cents per month per cubic foot for boxes of over 500 cubic feet, but less than 1,500 cubic feet.

One (1) cent per month per cubic foot for boxes of 1,500 cubic feet and over.

These rates shall not apply to boxes located above the first floor of any building.

During the term of this contract the Board shall have absolute power to regulate the minimum and maximum rates, provided that such rates shall be reasonable and fair.

Fifteenth—The Company, upon the application for refrigeration of any person, firm or corporation whose premises are located within District Number 1, or if such district be extended as hereinbefore provided, then within such extended district, shall extend its pipes or conduits to such premises and furnish to said applicant refrigeration at the rates herein prescribed or at such rates as may be hereafter fixed by the Board as herein provided. The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

Nothing contained in this subdivision shall affect the obligations of the Company, as hereinbefore contained, to extend its conduits and pipes outside the present boundaries of District Number 1, so as to furnish refrigeration to the premises of the Steel-Drake Baking Company, known as 42, 43, 44, 45, 159, 160 and 162 Wallabout Market.

Sixteenth—A correct map shall be furnished to the Board by the Company on the first day of February, 1915, showing the exact location of all pipes, conduits and manholes constructed, with reference to the street lines, the curb lines and the street surface, together with a statement of the total length of such pipes and conduits. On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished to the Board showing all pipes and conduits laid during the preceding year.

Seventeenth—The pipes and conduits hereby authorized shall be used only by the Kings County Refrigerating Company, and for no other purpose than supplying refrigeration.

Twenty-third—This grant is upon the express condition that the Company, before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five hundred dollars (\$500), either in money or securities, to be approved by him, which fund shall be security for the performance of the Company of all of the terms and conditions of this contract and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force in such case and in any of these events, the Company shall pay to the City a penalty of one hundred dollars (\$100) for each violation, which sums may be deducted from said fund.

If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars (\$500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of penalties are in addition to the right to forfeit the franchise conferred by Section 3, Twentieth, of this contract.

Twenty-fourth—The grant of this franchise, so far as it shall affect the Wallabout Market lands, is and shall be subject to such further conditions, restrictions, agreement or consent as the Comptroller may see fit to impose or require, pursuant to the authority and control over the lands of the Wallabout Market vested in him by the Charter of the City.

Twenty-fifth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-sixth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property which the City has title or over which the public has an easement," included in the districts hereinabove described, and under the surface of or in which authority is hereby given to the Company to construct or maintain its pipes or conduits.

Twenty-seventh—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

SECTION 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
