United National Association of Post Office Clerks—Letter of Thanks for Efforts in Behalf of Legislation.

New York State Branch, United National Association of Post Office Clerks, Office of Secretary, Clark Wilcox, Elmira N. Y., Oct. 1, 1916.

Hon. Board of Aldermen, New York, N. Y.

Gentlemen—The New York state convention of this Association, held at Elmira, N. Y., on May 30, last, instructed me to thank you for your efforts in behalf of legislation for the improvement of working conditions of Postal employees.

We realize that without such help we would not have been able to effect the reforms that have been put into operation.

Again thanking you, I am, Very respectfully,

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President pro tem. laid before the Board the following communication from the Board of Inebriety:

No. 1007.

Board of Inebriety—Request for Authority to Draw on Account of Petty Disbursements.

Board of Inebriety of The City of New York, 300 Mulberry Street, New York, November 22nd, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen, New York City:

Dear Sir—The Department of Finance has requested that a new resolution of the Board of Aldermen be obtained, so that the authority for the advance payment for petty cash disbursements may be of more recent date. The one now in use was passed December 12th, 1911. Under the circumstances, we should be obliged if the Board of Aldermen would adopt the attached resolution. Very truly yours,

CHAS. SAMSON, Executive Secretary.

In connection with the foregoing communication Aldermen Kenney offered the following resolution and moved that the same be made a General Order for the day: Resolved, That for the purpose of defraying incidental expenses for postage stamps and other incidental expenses applicable to the offices of the Board of Inebriety, the Executive Secretary of said Board may, by requisition, draw upon the Comptroller for a sum not exceeding \$100, and may in like manner renew the draft as often as may be necessary, to the extent of the appropriation set apart to cover such expenses, but no such renewal shall be made until the money received on the pending draft shall be accounted for to the Comptroller by the transmittal of voucher or vouchers, certified by the said Executive Secretary, covering the expenditure of the money paid thereon.

The President pro tem. then put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen, Bassett, Bent, Burns, Burden, Browne, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Cunningham, Curley, Curran, Daly, Delaney, Diemer, Donnelly, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Friedlander, Gaynor, Gilmore, Goetz, Gutman, Hannon, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGarry, McGillick, McKee, McManus, Martin, Moore, Moran, Mullen, O'Rourke, Palitz, Post, Quinn, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Sullivan, Stapleton, Stevenson, Tolk, Walsh, Williams, Wirth, Wise; President Van Name; President Connolly, by James A. Dayton, Commissioner of Public Works; President Mathewson, by John G. Borgstede, Commissioner of Public Works—70.

The President pro tem. laid before the Board the following communication from the President, Borough of Manhattan:

No. 1008.

President, Borough of Manhattan—Request for Authority to Purchase Two Steam Rollers Without Public Letting.

City of New York, President of the Borough of Manhattan, Municipal Building, November 17, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York, N. Y.:

Dear Sir—Request is hereby made for permission to purchase in the open market, without public letting, two steam rollers at an estimated cost not to exceed \$5,000. The rollers are to be used in street repair work in connection with the asphalt plant, and the department desires to purchase two additional rollers of similar make to those now in use. It is almost impossible to write a specification which will obtain this object, and the rollers can be purchased direct from the manufacturers at a lower price than by contract. Considerable time in the delivery can be saved by this method which is also an advantage.

Your favorable consideration is respectfully requested. Yours very truly,

RALPH FOLKS, Acting President, Borough of Manhattan.

Which was referred to the Committee on Public Letting.

The President pro tem. laid before the Board the following communication from the Board of Education:

No. 1009.

Board of Education—Request for Authority to Purchase Two Auto Trucks or Auto Busses Without Public Letting.

Copy of Resolution Transmitted November 9, 1916.

(d) Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, as amended, the Board of Aldermen be, and it is hereby, requested to authorize and empower the Committee on Supplies of the Board of Education to purchase in the open market, without public letting, two auto trucks or auto busses, to be used for the transportation of crippled children and for the delivery of supplies, at a cost not to exceed \$6,000 for the two.

A true copy of a resolution adopted by the Board of Education on Nov. 8, 1916.

FRED. M. JOHNSON, Assistant Secretary, Board of Education.

Which was referred to the Committee on Public Letting.

The President pro tem. laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 1010.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Patrolman in the Police Department.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, November 27, 1916.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of two resolutions adopted by the Board of Estimate and Apportionment November 24, 1916, recommending the establishment of various grades of position, as follows:

Department and Position	Rate Per Annum.
Cal. No. 29A Police Department—Patrolman	\$1,450 00

I also enclose copy of report of the Committee on Salaries and Grades relative thereto. Respectfully,

JAMES MATTHEWS, Assistant Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Police Department of the grade of position, in addition to those heretofore established, as follows:

No. 1011.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Fireman in the Fire Department.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the

Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.
Fireman	\$1,450 00

A true copy of resolution adopted by the Board of Estimate and Apportionment November 24, 1916. JAMES MATTHEWS, Assistant Secretary.

The City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, November 22, 1916.

To the Board of Estimate and Apportionment:

Gentlemen—The Bureau of Standards has called the attention of the Committee on Salaries and Grades to the fact that, while the Budget for 1917 provides for increasing the salaries of first grade Firemen and Patrolmen from \$1,400 to \$1,450, no provision has been made for the establishment of the latter rate in accordance with section 56 of the Greater New York Charter.

We recommend the adoption of the attached resolutions recommending to the Board of Aldermen the establishment in the Police Department of the additional grade of Patrolman at \$1,450 and in the Fire Department of the additional grade of Fireman at \$1,450. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, Mayor; E. W. VOORHIES, Acting President, Borough of Brooklyn, Committee on Salaries and Grades.

Which was referred to the Committee on Salaries and Offices.

The President pro tem. laid before the Board the following communication from the Board of Trustees, Bellevue and Allied Hospitals:

No. 1012.

Trustees, Bellevue and Allied Hospitals—Request for Permission to Purchase Medical and Surgical Supplies Without Public Letting.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, November 27, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen for permission to buy in the open market, without public letting, medical and surgical supplies and equipment at an estimated cost of \$12,000, required in the hospitals of the department for the months of November and December. This request is made as the special revenue bonds to meet the deficits in these appropriations for 1916 have not become available in time to enter into a contract for these supplies. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Which was referred to the Committee on Public Letting.

The President pro tem. laid before the Board the following communication from the Public Administrator, New York County:

AN ORDINANCE regulating the sale and prescribing the weight and quality of bread in the loaf, and prescribing a standard loaf, sold or offered for sale within The City of New York.

Be It Ordained by the Board of Aldermen of The City of New York, as follows:
 Section 1. All bread made or procured for the purpose of sale, sold, offered or exposed for sale in The City of New York, shall be made in a clean and sanitary place, of good and wholesome flour or meal, and shall contain no deleterious substance or material.

Section 2. Every loaf of bread made or procured for the purpose of sale, sold, offered or exposed for sale in The City of New York shall weigh a pound avoirdupois (except as hereinafter provided), and such loaf shall be considered to be the standard loaf in The City of New York. Bread may also be made or procured for the purpose of sale, sold, offered or exposed for sale in half, three-quarter, double, triple, quadruple, quintuple or sextuple loaves, and in no other way.

Every loaf of bread made or procured for the purpose of sale, sold, offered or exposed for sale in the city, shall have affixed thereon in a conspicuous place a label at least one inch square, or, if round, at least one inch in diameter, upon which label there shall be printed in plain type, the letters and figures of which label shall be printed in black ink upon white paper, the weight of the loaf in pounds, or fraction of a pound, avoirdupois, whether the loaf be a standard loaf or not. The business name and address of the maker, baker or manufacturer of the loaf shall also be printed plainly on each label.

Section 3. Every maker, baker or manufacturer of bread, every proprietor of a bakery or bakeshop, and every seller of bread in The City of New York, shall keep scales and weights suitable for the weighing of bread in a conspicuous place in his bakery, bakeshop or store, and shall, whenever requested by the buyer, and in the buyer's presence, weigh the loaf or loaves of bread sold or offered for sale.

City of New York, Mayor's Bureau of Weights and Measures, Municipal Building, September 19, 1916.

Board of Aldermen, City of New York, City Hall, Manhattan:

Gentlemen—The within proposed ordinance is submitted to you for such consideration as you may deem appropriate.

The economic situation concerning flour and bread is of such a character that the people of New York City should have the advantages of an ordinance regulating the sale of bread through such a method as to deal fairly with them, as well as to relieve purveyors of bread of existing perplexities under existing laws with which they are obliged to meet.

In the opinion of Weight and Measure Officials in the United States as well as in Europe, bread should be sold on the basis of a standard weight loaf, using the pound—sixteen (16) ounces, as the standard; the public to buy their bread by the pound, or any part of the pound, or any excess of the pound, suiting their purchases to the quantity desired as well as the price they can afford. The people of this City should have an ordinance which will permit of their being convenience to buy what bread they please at a weight according to the price they can afford.

An ordinance of similar character is in existence in many large cities of the United States, and has proven satisfactory to the consumer as well as to the baker.

No more equitable method exists than that of establishing a standard weight from which divisions of that weight may be established, and upon which weight the price may be regulated through competition in the trade.

I most respectfully urge upon you the enactment of this ordinance as part of the organic law of the City of New York.

Very truly yours,

JOSEPH HARTIGAN, Commissioner.

§21. Property owners' duties. 1. Must clear sidewalks. Every owner, lessee, tenant, occupant, or other person having charge of any building or lot of ground in the city, abutting upon any street or public place where the sidewalk is paved, shall within [4] 24 hours after the snow ceases to fall, or after the deposit of any dirt or other material upon said sidewalk, remove the snow and ice, dirt or other material from the sidewalk and gutter, the time between 9 P. In the event that any of the persons above named shall fail to comply with the provisions of any ordinance of the city for the removal of snow and ice, dirt, or other material from the sidewalk and gutter in the street, on the side of the street on which such building or lot abuts, the president of the borough in which such building or vacant lot is located may cause such removal to be made, meeting the expense thereof from any suitable street cleaning or highway fund, and thereafter the expense of such removal as to each particular lot of ground shall be ascertained and certified by the said borough president to the comptroller, and the board of estimate and apportionment may authorize such additional expenditures as may be required for the said removal of such snow and ice [and snow], dirt or other material, to be repaid to the fund from which the payments were made, with proceeds from the issue and sale of revenue bonds which shall be sold by the comptroller, as provided by law.

Reports of Committee on Public Letting—

No. 992.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the President of the Borough of Richmond to Purchase Highway Material for the Maintenance and Repair of Roads, Without Public Letting.

The Committee on Public Letting, to which was referred on November 21, 1916 (Minutes, page 640), the annexed request of the President of the Borough of Richmond to purchase highway materials for maintenance and repair of roads, without public letting, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authority to be necessary, as the time is too short to permit of preparation of specifications and advertising for bids before the end of the current year. It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Richmond be and he is hereby authorized and empowered to purchase highway material for the maintenance and repair of roads during the year 1916, to the extent of four thousand dollars (\$4,000), in the open market without public letting.

The City of New York, Office of the President of the Borough of Richmond, Bureau of Highways, Borough Hall, New Brighton, New York City, November 18, 1916.

Hon. Board of Aldermen, City of New York:

Gentlemen—On October 31, 1916, your Honorable Board adopted a resolution that in pursuance with the provisions of section 419 of the Greater New York Charter the President of the Borough of Richmond be and is hereby authorized and empowered to purchase highway material for the maintenance and repair of roads during the year 1916 to the extent of four thousand dollars (\$4,000) in the open market without public letting.

This is in connection with the concurrence and adoption by the Board of Estimate and Apportionment of the issuance of special revenue bonds to the amount of eleven thousand dollars (\$11,000) for the maintenance and repair of roads during the year 1916 in the Borough of Richmond.

In furnishing the Bureau of Contract Supervision a supporting schedule for the purchase of highway material (1½-inch broken stone and screenings) we estimate that it will be necessary to purchase one thousand three hundred dollars (\$1,300) worth of additional stone to carry on the activities on the various streets as prescribed in the resolution of the Board of Estimate and Apportionment, and I therefore request that, pursuant to the provisions of section 419 of the Greater New York Charter, the President of the Borough of Richmond be and is hereby empowered and authorized to purchase said highway material in the open market instead of by contract and public letting, in the sum of one thousand three hundred dollars (\$1,300).

In view of the short space of time permitted to make the necessary repairs I will feel deeply grateful if you will give this matter prompt consideration.

Very truly yours, HENRY P. MORRISON, Commissioner of Public Works.

Which, on motion of Alderman McCourt, was made a Special Order for the day. The President pro tem. put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Burden, Browne, Carroll, Cardani, Cassidy, Cole, Collins, Colne, Cox, Crane, Daly, Delaney, Diemer, Donnelly, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Goetz, Gutman, Hannon, Haubert, Heyman, Hilkemeier, Hogan, Kenneally, Kenney, McCann, McCourt, McGillick, McKee, McManus, Martin, Molen, Moore, Moran, Mullen, O'Rourke, Palitz, Post, Quinn, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Sullivan, Stapleton, Stevenson, Tolk, Trau, Walsh, Williams, Wirth, Wise—63.

The Honorable Board of Aldermen, City Hall, City of New York:

Gentlemen—Your approval is hereby requested, in accordance with the provisions of section 419 of the Charter of the City of New York, of entering into a contract, without public letting, for the expense incidental to the purchase of three (3) steam asphalt rollers, not exceeding in cost the sum of \$5,000 for the three.

This request is made for the reason that our experience in the past has shown that it takes considerable time to secure these articles by inviting bids at public letting and that it is a very difficult matter to write an open specification which will permit the various roller concerns to bid, and it is as economical, if not more so, to secure the rollers without public letting.

Some of our rollers are well worn and need overhauling, and, in order that we may not be compelled to lay off any of our gangs, it is essential that we secure substitute rollers to keep the men steadily engaged.

Your kind attention to this matter, as promptly as possible, will oblige,

Yours very truly, E. W. VOORHIES, Acting Borough President.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the County Clerk of New York County to Purchase Steel Filing Cases, Office Equipment, Etc., Without Public Letting.

The Committee on Public Letting, to which was referred on November 21, 1916 (Minutes, page 644), the annexed request of the County Clerk of New York County, for authority to purchase steel filing cases, office equipment, furniture, etc., without public letting, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authority to be necessary, as the time is too short to permit of preparation of specifications and advertising for bids before the end of the current year. It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the County Clerk of the County of New York be and he is hereby

authorized and empowered to purchase, in the open market, without public letting, steel filing cases, equipment, furniture, etc., to the extent of seventy-five hundred dollars (\$7,500).

County Clerk's Office, County of New York, New County Court House, New York, November 21, 1916.

To the Honorable the Board of Aldermen, City of New York:

Sirs—In accordance with the provisions of section 419 of the Greater New York Charter, your approval is hereby requested of the purchase of steel filing cases, office equipment, furniture, etc., to the extent of seventy-five hundred dollars (\$7,500), without public letting. It is absolutely necessary that I immediately order seventy-five steel filing cases for the proper custody of the records of the Supreme Court; also that I make exchange of some thirty typewriting machines used in recording work, the present machines being in very bad order; also the purchase of chairs, etc., which cannot be furnished by the State Prison authorities.

No provision was made for either of these items in either the 1915 or 1916 budget; and upon my request, the Presiding Justice of the Appellate Division of the Supreme Court, First Department, consented to, and the Board of Estimate and Apportionment by resolution adopted November 17, 1916, has transferred the amount of \$7,500 from appropriation made to the Supreme Court in the First Judicial District to the appropriation "Purchase of Equipment," made to this office for the year 1916.

In view of the short space of time in which to secure estimates and give the orders so that they will be chargeable to 1916 appropriations, it would be impracticable to secure these items by public letting.

I have the honor to remain, very respectfully yours,

WM. F. SCHNEIDER, County Clerk, New York County, Clerk, Supreme Court, First Judicial District.

Which, on motion of Alderman McCourt, was made a Special Order for the day. The President pro tem. put the question whether the Board would agree with said report and adopt such resolution.

S. O. No. 163 (Int. No. 962).

Report of the Committee on Finance in Favor of Adopting Resolution Authorizing an Issue of Special Revenue Bonds, \$14,495, to Meet Deficiencies in Various Appropriations for 1916 in the Police Department.

The Committee on Finance, to which was referred on November 14, 1916 (Minutes, page 591), the annexed request of the Police Commissioner for special revenue bonds, \$17,980, to meet deficiencies in various appropriations for year 1916, respectfully

REPORTS:

That, having examined the subject and being advised by Deputy Commissioner O'Daniel that this request is due to the increased cost of supplies, and basing its conclusions on the annexed report of the Bureau of Contract Supervision, it recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of fourteen thousand four hundred and ninety-five dollars (\$14,495), the proceeds whereof to be used by the Police Commissioner for the purpose of meeting deficiencies in various appropriations for the year 1916.

City of New York, Police Department, Office of the Commissioner, November 2, 1916.

The Honorable the Board of Aldermen, City of New York:

Gentlemen—Request is hereby made for the authorization of special revenue bonds in the sum of \$17,980 to meet deficiencies in the following appropriations made to the Police Department for the year 1916:

Code No. 1611—Fuel Supplies	\$2,630 00
Code No. 1612—Office Supplies	5,000 00
Code No. 1615—Motor Vehicle Supplies	4,800 00
Code No. 1617—Office Equipment	250 00
Code No. 1624—General Plant Materials	1,500 00
Code No. 1632—General Plant Service	1,000 00
Code No. 1633—Motor Vehicle Repairs	1,000 00
Code No. 1621a—Motor Vehicles and Equipment—Miscellaneous Equip-ment	1,800 00
	\$17,980 00

The above estimated deficiencies are due to increased costs of supplies and materials over the prices at which allowances were made in the budget for 1916, and also to additional expenditures incurred because of the traction strikes.

Respectfully,
A. WOODS, Police Commissioner.
City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, November 20, 1916.

No. 962, Police Commissioner, Request for Special Revenue Bonds, \$17,980, to Meet Deficiencies in Various Appropriations for the Year 1916.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—The Bureau of Contract Supervision, to which this request was referred on November 16, 1916, reports thereon as follows:

On November 2, 1916, the Police Commissioner requested the Board of Estimate and Apportionment to transfer accruals in the sum of \$17,260 to meet estimated deficiencies in many of the same accounts for which revenue bonds are here requested. It is therefore necessary to consider these two requests together.

A careful examination of the accounts, the stock records and the actual stock on hand, indicates that the supplies and materials necessary for the remainder of the year are as follows:

Code.	Title of Appropria- tion.	Requested by Department.			Recommended.		
		Amount Re- quested by Trans- fer of Accrual.	Amount Requested by Special Revenue Bonds.	Total Amount Re- quested.	Total Amount Estimated as Needed.	Amount by Transfer.	Amount by Special Revenue Bonds.
1611	Fuel Supplies ...	\$325 00	\$2,630 00	\$2,955 00	\$2,955 00	\$390 00	\$2,565 00

1621a	Motor Vehicles and Equipment.	1,800 00	1,800 00	1,500 00	1,500 00
1622	Gen. Plant Equip.	400 00	400 00	400 00	400 00
1623	Building Material	865 00	865 00	800 00	800 00
1624	Gen. Plant Mate- rial	970 00	1,500 00	2,470 00	2,000 00	970 00	1,030 00
1632	Gen. Plant Serv..	3,900 00	1,000 00	4,900 00	4,600 00	3,900 00	700 00
1633	Motor Vehicle Re- pairs	1,300 00	1,000 00	2,300 00	2,300 00	1,300 00	1,000 00
Totals		\$17,260 00	\$17,980 00	\$35,240 00	\$31,755 00	\$17,260 00	\$14,495 00

The deficiency in these accounts is mainly due to the increased cost of all kinds of supplies and material. There has also been an increased consumption of many of the different kinds of supplies on account of the carmen's strike.

The accounts to be credited in the issue of special revenue bonds, with the total amount requested in both transfer and revenue bonds, together with the facts in each case, are as follows:

Code 1611, Fuel Supplies, \$2,955. The deficiency in this code is due to the increased cost of gasoline used in the Police launches and the increased cost of coal used in the steamer "Patrol."

On November 9, 1916, this account showed a balance of \$6,939.14 unencumbered, but this will be hardly sufficient to buy the necessary coal for precinct station houses for the remainder of the year. The sum of \$2,955 is reasonable for gasoline for launches and coal for steamer "Patrol."

Code 1612, Office Supplies, \$11,000. The deficiency in this code is due to the increased cost of this class of supplies generally, and especially paper.

On November 9, 1916, there was an unencumbered balance of \$336.96 in this account. However, it has been necessary to already obtain forms, record books and paper which were absolutely essential in the police procedure and there are many supplies of a like nature that will be necessary before the end of the year, such as paper for finger print forms, typewriter paper and ribbons, and photo plates for the Detective Bureau, all of which will cost approximately \$9,500.

Code 1615, Motor Vehicle Supplies, \$8,100. The deficiency in this code is due to the increased cost of gasoline and to the additional equipment which has been put into service since August of this year.

On November 9, 1916, there was an unencumbered balance of only \$31.80 and gasoline, lubricating oil, batteries, grease, patches, etc., amounting to approximately \$7,500, will be needed for operation till the end of the year.

Code 1617, Office Equipment, \$250. The deficiency in this code is due to the increased cost of filing cabinets for which the special revenue bonds were authorized on September 29, 1916.

On November 9, 1916, there was an unencumbered balance of \$771 in this account. There is no urgent need for funds in this account.

Code 1621a, Motor Vehicles and Equipment, \$1,800. The deficiency in this code is due to the increase in motor equipment put into service since August, 1916.

On November 9, 1916, there was an unencumbered balance of approximately \$300, and there will be needed in addition to this before the end of the year approximately \$1,500 for tires for motorcycles and automobiles.

Code 1624, General Plant Material, \$2,470. The deficiency in this code is due to the high cost of materials and to the increased number of motor vehicles put into service.

On November 9, 1916, there was an unencumbered balance of \$21.62. The sum of \$2,000 will be needed for parts for automobiles, motorcycles and bicycles which will have to be overhauled before the end of the year.

Code 1632, General Plant Service, \$4,900. The deficiency in this code is principally due to the maintenance of gas lights by the Welsbach Co., which was not provided for in the budget. It was presumed by the budget examiner that this maintenance was unnecessary—should be discontinued and the department maintain the lights with their own employees. The Police Commissioner states that he was advised at the budget making that the Department of Water Supply, Gas and Electricity would look after the lights, but that when requested to do so they did not act in the matter and therefore outside service was continued.

There is no reason why the police employees should not maintain these lights at much less expense than the outside service is now costing and the department has agreed to do this after November 30, 1916. The sum of \$4,600 is needed for past service bills, rentals of premises, storage of motor patrols, storage of motorcycles to the end of the year.

Code 1633, Motor Vehicle Repairs, \$2,300. The deficiency in this code is due to the increase in equipment put into service and the extra amount of service constantly maintained since August, 1916. There is a balance of only \$2.34 in this account. The sum of \$2,300 is needed for repairs to two cars which have already been repaired on account of emergency at a cost of approximately \$500 each, two cars which are now under repair at an estimated cost of \$800, and several cars that will have to undergo repairs during November and December.

It will be seen from the foregoing that there appears to be need for an authorization of special revenue bonds to the extent of \$14,495, as follows:

Code 1611 Fuel Supplies	\$2,565 00
Code 1612 Office Supplies	3,500 00
Code 1615 Motor Vehicle Supplies	4,200 00
Code 1621a Motor Vehicles and Equipment	1,500 00
Code 1624 General Plant Material	1,030 00
Code 1632 General Plant Service	700 00
Code 1633 Motor Vehicle Repairs	1,000 00
Total	\$14,495 00

An examination of the salary and wage accounts failed to reveal further accruals for these purposes. It is possible that further accruals will be available before the end of the year, but these will probably be required for other purposes.

Yours very truly,
TILDEN ADAMSON, Director.

No. 962, Police Commissioner, Request for Special Revenue Bonds, \$17,980, to Meet Deficiencies in Various Appropriations for the Year 1916.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:
Sir—The Bureau of Contract Supervision, to which this request was referred on November 16, 1916, reports thereon as follows:

On November 2, 1916, the Police Commissioner requested the Board of Estimate and Apportionment to transfer accruals in the sum of \$17,260 to meet estimated deficiencies in many of the same accounts for which revenue bonds are here requested. It is therefore necessary to consider these two requests together.

A careful examination of the accounts, the stock records and the actual stock on hand, indicates that the supplies and materials necessary for the remainder of the year are as follows:

Code.	Title of Appropria- tion.	Requested by Department.			Recommended.		
		Amount Re- quested by Trans- fer of Accrual.	Amount Requested by Special Revenue Bonds.	Total Amount Re- quested.	Total Amount Estimated as Needed.	Amount by Special Transfer.	Amount by Special Revenue Bonds.

The deficiency in these accounts is mainly due to the increased cost of all kinds of supplies and material. There has also been an increased consumption of many of the different kinds of supplies on account of the carmen's strike.

The accounts to be credited in the issue of special revenue bonds, with the total amount requested in both transfer and revenue bonds, together with the facts in each case, are as follows:

Code 1611, Fuel Supplies, \$2,955. The deficiency in this code is due to the increased cost of gasoline used in the Police launches and the increased cost of coal used in the steamer "Patrol."

On November 9, 1916, this account showed a balance of \$6,939.14 unencumbered, but this will be hardly sufficient to buy the necessary coal for precinct station houses for the remainder of the year. The sum of \$2,955 is reasonable for gasoline for launches and coal for steamer "Patrol."

Code 1612, Office Supplies, \$11,000. The deficiency in this code is due to the increased cost of this class of supplies generally, and especially paper.

On November 9, 1916, there was an unencumbered balance of \$336.96 in this account. However, it has been necessary to already obtain forms, record books and paper which were absolutely essential in the police procedure and there are many supplies of a like nature that will be necessary before the end of the year, such as paper for finger print forms, typewriter paper and ribbons, and photo plates for the Detective Bureau, all of which will cost approximately \$9,500.

Code 1615, Motor Vehicle Supplies, \$8,100. The deficiency in this code is due to the increased cost of gasoline and to the additional equipment which has been put into service since August of this year.

On November 9, 1916, there was an unencumbered balance of only \$31.80 and gasoline, lubricating oil, batteries, grease, patches, etc., amounting to approximately \$7,500, will be needed for operation till the end of the year.

Code 1617, Office Equipment, \$250. The deficiency in this code is due to the increased cost of filing cabinets for which the special revenue bonds were authorized on September 29, 1916.

On November 9, 1916, there was an unencumbered balance of \$771 in this account. There is no urgent need for funds in this account.

Code 1621a, Motor Vehicles and Equipment, \$1,800. The deficiency in this code is due to the increase in motor equipment put into service since August, 1916.

On November 9, 1916, there was an unencumbered balance of approximately \$300, and there will be needed in addition to this before the end of the year approximately \$1,500 for tires for motorcycles and automobiles.

Code 1624, General Plant Material, \$2,470. The deficiency in this code is due to the high cost of materials and to the increased number of motor vehicles put into service.

On November 9, 1916, there was an unencumbered balance of \$21.62. The sum of \$2,000 will be needed for parts for automobiles, motorcycles and bicycles which will have to be overhauled before the end of the year.

Code 1632, General Plant Service, \$4,900. The deficiency in this code is principally due to the maintenance of gas lights by the Welsbach Co., which was not provided for in the budget. It was presumed by the budget examiner that this maintenance was unnecessary—should be discontinued and the department maintain the lights with their own employees. The Police Commissioner states that he was advised at the budget making that the Department of Water Supply, Gas and Electricity would look after the lights, but that when requested to do so they did not act in the matter and therefore outside service was continued.

There is no reason why the police employees should not maintain these lights at much less expense than the outside service is now costing and the department has agreed to do this after November 30, 1916. The sum of \$4,600 is needed for past service bills, rentals of premises, storage of motor patrols, storage of motorcycles to the end of the year.

Code 1633, Motor Vehicle Repairs, \$2,300. The deficiency in this code is due to the increase in equipment put into service and the extra amount of service constantly maintained since August, 1916. There is a balance of only \$2.34 in this account. The sum of \$2,300 is needed for repairs to two cars which have already been repaired on account of emergency at a cost of approximately \$500 each, two cars which are now under repair at an estimated cost of \$800, and several cars that will have to undergo repairs during November and December.

It will be seen from the foregoing that there appears to be need for an authorization of special revenue bonds to the extent of \$14,495, as follows:

Code 1611 Fuel Supplies	\$2,565 00
Code 1612 Office Supplies	3,500 00
Code 1615 Motor Vehicle Supplies	4,200 00
Code 1621a Motor Vehicles and Equipment	1,500 00
Code 1624 General Plant Material	1,030 00
Code 1632 General Plant Service	700 00
Code 1633 Motor Vehicle Repairs	1,000 00
Total	\$14,495 00

An examination of the salary and wage accounts failed to reveal further accruals for these purposes. It is possible that further accruals will be available before the end of the year, but these will probably be required for other purposes.

Yours very truly,
TILDEN ADAMSON, Director.

Department of Street Cleaning of The City of New York, Municipal Building, 12th Floor, New York, November 6, 1916.

Hon. FRANK L. DOWLING, President of the Board of Aldermen, City of New York:

Sir—On October 26, 1915, the Board of Aldermen adopted a resolution authorizing the Comptroller to issue special revenue bonds for Hose and Sprinkler Systems for dumping boards to the amount of \$32,738, as follows:

Borough of Brooklyn.....	\$1,450 00
Borough of The Bronx.....	3,048 00
Borough of Manhattan.....	28,240 00

On December 10, 1915, the Board of Estimate and Apportionment approved of and concurred in the said resolution.

The amount authorized for the Borough of Manhattan was not sufficient to include the installation of the system at East 46th Street dump, and as it is not deemed advisable to install the system at Wallabout dump, in Brooklyn, I respectfully request that the resolution be modified to read, viz:

Borough of Brooklyn.....	\$50 00
Borough of The Bronx.....	3,048 00
Borough of Manhattan.....	29,640 00

\$32,738 00

This modification will allow for the installation of the system at the East 46th Street dump, which is urgently required.

Yours very truly, A. E. KALBACH, Acting Commissioner.

REPORTS:

That, having examined the subject, the committee finds that these machines were purchased for emergency work, due to the street car strike. It, therefore, recommends that the accompanying resolution be adopted.

The Honorable the Board of Aldermen, New York City, N. Y.:

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the President, Borough of The Bronx, to Purchase an Auto Truck Without Public Letting.

The Committee on Public Letting, to which was referred on November 14, 1916 (Minutes, page 591), the annexed request of the President of the Borough of The Bronx for authority to purchase an automobile truck without public letting, respectfully

REPORTS:

That, having examined the subject and being informed that it is desired to purchase this truck before the end of the year, and not having sufficient time in which to prepare specifications and advertise for bids, the Committee concludes that the request is reasonable. It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of The Bronx be and he is hereby authorized and empowered to purchase a five-ton automobile truck in the open market without public letting, at a cost not to exceed five thousand one hundred and fifty dollars (\$5,150).

JOHN McCANN, JOHN F. McCOURT, ALEXANDER S. DRESCHER, EDWARD W. COX, PATRICK H. SULLIVAN, WM. P. McGARRY, JAMES J. BROWNE, Committee on Public Letting.

City of New York, President of the Borough of The Bronx, Third Avenue and 177th Street, October 19, 1916.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, Borough of Manhattan, City:

Dear Sir—Provision was made in the budget request of this office for the year 1917 for \$5,150 to purchase a five-ton automobile truck, to be used in the Bureau of Sewers and Highways, Maintenance, for hauling asphalt from the asphalt plant operated by that bureau. While the need for this truck was admitted, it has been eliminated from the 1917 budget request by the examiners, they recommending that we use accruals and unexpended balances out of this year's budget to purchase it.

As there is hardly sufficient time to prepare the necessary specifications and make the award before the end of this year, if we advertise for bids, permission is hereby requested, in accordance with the provisions of section 419 of the Greater New York Charter, for authority to purchase, without public letting, an automobile truck of five tons, the cost of which will not exceed five thousand one hundred and fifty dollars (\$5,150).

Very truly yours, DOUGLAS MATHEWSON, President of the Borough of The Bronx.

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing Police Commissioner to Make Repairs to 69th Precinct Station House Without Public Letting.

The Committee on Public Letting, to which was referred on November 14, 1916 (Minutes, page 591), the annexed request of the Police Commissioner for authority to make repairs to the 69th Precinct Station House, without public letting, respectfully

REPORTS:

That Deputy Commissioner O'Daniel advised the Committee that the owner of these premises has failed to make certain repairs which he agreed to, and acting under the advice of the Corporation Counsel, the department desires to arrange for the completion of the work. The cost to be deducted from the rental due from the City, and as it is difficult to prepare specifications on account of the conditions of the building, the Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Police Commissioner be and he is hereby authorized and empowered to enter into contract for certain repairs to be made at the 69th Precinct Station House, 1415-1417 Williamsbridge Road, Borough of The Bronx, in the open market, without public letting, at a cost not to exceed twelve thousand dollars (\$12,000).

JOHN McCANN, JOHN F. McCOURT, ALEXANDER S. DRESCHER, EDWARD W. COX, PATRICK H. SULLIVAN, WM. P. McGARRY, JAMES J. BROWNE, Committee on Public Letting.

City of New York, Police Department, Office of the Commissioner, November 4, 1916.

The Honorable the Board of Aldermen, City of New York:

Gentlemen—It is respectfully requested that an authorization be granted to this Department, to contract, without public letting, for certain repairs, at a cost not to exceed \$12,000, to be made at the 69th Precinct Station House, 1415-1417 Williamsbridge Road, Bronx.

This is a leased building. In accordance with the terms of the lease the owner was required to make certain repairs, which he has failed to make. Acting upon advice of the Corporation Counsel the Department desires to arrange for the completion of the work, the cost of same to be subsequently deducted from the rental due from the City. As part of the work has been started by the owner it is difficult to prepare specifications, and because of the condition of the building it is essential that the work be completed without any further delay.

Respectfully, A. WOODS, Police Commissioner.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations will be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All turrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale, at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sink and Land, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may be seen there.
