An application submitted by Pulmonary and Sleep Medical, PC, pursuant to Sections 197-c and 201 of the New York City Charter, for a zoning map amendment to change properties, at the northwest corner of the intersection of Avenue O and East 26<sup>th</sup> Street, in Brooklyn Community District 14 (CD 14), from an R2 to an R3-2 district. An application submitted by Stars and Stripes Holding Company, pursuant to Sections 197-c and 201 of the New York City Charter, for a zoning map amendment to establish a C1-3 commercial overlay within an existing R5B district on the western side of 13<sup>th</sup> Avenue, at the southwest corner of the intersection, at 82<sup>nd</sup> Street, extending halfway to 81<sup>st</sup> Street. Such action would legalize an existing, non-conforming Use Group (UG) 6 law office, at 8118 13<sup>th</sup> Avenue in Brooklyn Community District 10 (CD 10).

Such actions would facilitate the development of 979-985 Pacific Street, a nine-story, approximately 56,000 square-foot mixed commercial and residential building with 64 dwelling units, of which 16 would be permanently affordable to households, at an average of 60 percent Area Median Income (AMI), pursuant to MIH Option 1.

**HHS ACCELERATOR**

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy

by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

**Participating NYC Agencies**

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)

■ NOTICE

**NOTICE OF ADOPTION OF RULE**

**NOTICE IS HEREBY GIVEN**, pursuant to the authority vested in the Commissioner of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adds a new Section 104-12 to Title 1 of the Rules of the City of New York, regarding qualifications for performing gas work, and hereby amends Section 101-03 of Subchapter A of Chapter 100 of Title 1 of the Rules of the City of New York regarding application fees for a gas work qualification and a limited gas work qualification.

This rule was first published on January 10, 2019 and a public hearing thereon was held on February 14, 2019. Comments on the rule were submitted prior to and during the hearing.

Dated: 10/28/19 /s/  
New York, New York Melanie E. La Rocca  
Commissioner

**Statement of Basis and Purpose**

The rule adds a new Section 104-12 to Title 1 of the Rules of the City of New York (RCNY) regarding gas work qualifications. This rule promotes public safety by specifying requirements for obtaining gas work qualifications required for performing gas work within the City of New York.

This rule includes provisions related to the following that are intended to give effect to Local Law 150 of 2016:

- Requirements for applications for a gas work qualification, including examination, experience and education requirements.
- Requirements for applications for a limited gas work qualification, including experience and education requirements.
- Requirements for documentation purporting to verify claimed education, training and experience submitted with applications for a gas work qualification or a limited gas work qualification.
- Requirements for demonstrating that a person holds a gas work qualification or a limited gas work qualification while engaged in gas work.
- Expiration and renewal of a gas work qualification and a limited gas work qualification.

DOB has made changes to the rule following the public comment period and public hearing. These changes include:

- Defining the terms "direct and continuing supervision," "personal and immediate supervision," and "direct employ" in order to provide clarity with respect to the operation of such terms for purposes of the rule.
- Specifying, in subparagraph (i) of paragraph (5) of subdivision (a), the requirements for proving personal and immediate supervision in order to provide clarity to supervising individuals.
- Clarifying that the application fee, where applicable, for a gas work qualification and a limited gas work qualification will be as specified in section 101-03 of the rules of the Department.
- Adding provisions under subdivision (e), regarding the issuance of gas work and limited gas work qualification cards and requirements for demonstrating that a person holds a gas work qualification or limited gas work qualification while engaged in gas work. These provisions were added to address enforcement considerations associated with implementation of the rule.

The Department of Buildings' authority for this rule is found in sections 643 and 1043 of the New York City Charter, Article 423 of Chapter 4 of Title 28 of the New York City Administrative Code and Local Law 150 of 2016.

New material is underlined.  
[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

**Section 1.** The table of fees payable to the department of buildings in Section 101-03 of Subchapter A of Chapter 100 of Title 1 of the Rules of the City of New York is amended by adding at the end of the table application fees for gas work qualification and limited gas work qualification, to read as follows:

Gas work qualification application fee \_\_\_\_\_ \$15.00  
Limited gas work qualification application fee \_\_\_\_\_ \$15.00
