COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 11 o'clock a. m., on Wednesday, December 18, 1907.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; James J. Martin, Chamberlain; Patrick F. McGowan, President, Board of Aldermen, and John R. Davies, Chairman, Finance Committee, Board of Aldermen.

The minutes of the meeting held December 4, 1907 were approved as printed.

The Comptroller brought up the matter of the request of the Commissioner of Docks, that the Commissioners of the Sinking Fund approve of the purchase of certain waterfront property lying in the vicinity of Jamaica avenue, Astoria, Borough of Queens, for the sum of \$85,000. A public hearing was had on this matter at the last meeting and action thereon laid over.

A representative of the Tax Payers' Association of the Borough of Queens, and the attorney for the owner of the property were heard in regard to the matter. On motion, the matter was laid over.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises, corner of Webster avenue and Two Hundred and First street, Borough of The Bronx, for the use of the Department of Water Supply, Gas and Electricity.

The Select Committee, to whom this matter was referred at the last meeting, unanimously reported in favor thereof.

November 7, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Frank J. Goodwin, Deputy Commissioner of the Department of Water Supply, Gas and Electricity, in a communication under date of October 17, 1907, requests a renewal of a lease of premises which have been occupied by the City for two years last past at an annual rental of \$720, at an increased rental of \$480 per annum, making a total of \$1,200 for each year.

The Deputy and Acting Commissioner states that the property has increased in value. The owner claims that the assessment is 300 per cent. greater than when the City first took charge, therefore his demand for the additional rent.

The premises are owned by Mr. W. J. Winghart, and are situated on the northwest corner of Webster avenue and Two Hundred and First street. They have been under a lease for two years last past, which lease will expire on December 31, 1907. The premises are occupied by several of the department repair shops of the Department of Water Supply, and cover a plot of ground 151.05 feet on Two Hundred and First street, 95.37 feet on Webster avenue, 130.73 feet on Moshulu parkway and 121.18 feet. Erected on this property is a large building which is used for shop purposes.

The owner is mistaken when he claims the assessment is 300 per cent. greater than when the City first took charge, for the records show that the City went into possession on January 1, 1904; that the tax valuation for that year was \$20,500, while for 1907 it is \$24,000, being a total increase of \$3,500 or about 16.2-3 per cent. However, the rental now asked, \$1,200 a year, for a period of two years is not excessive, as I believe that \$35,000 could readily be obtained for the property.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the Commissioner of the Department of Water Supply, Gas and Electricity, and authorize a renewal of this lease for a period of two years from January 1, 1908, at an annual rental of \$1,200, and on the same terms and conditions as are contained in the present existing lease.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from William J. Winghart, of premises on the northwest corner of Webster avenue and Two Hundred and First street, Borough of the Bronx, for use of the Department of Water Supply, Gas and Electricity, for a period of two years from January 1, 1908, at an annual rental of twelve hundred dollars (\$1,200), otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller brought up the matter of the proposed lease of a plot of ground on the north side of Forty-eighth street, 100 feet east of Second avenue, Borough of Brooklyn, for the use of the Department of Street Cleaning, which was laid over at the last meeting.

On motion, the matter was again laid over.

The Comptroller brought up the matter of the proposed lease of a plot of ground consisting of four lots, known as Nos. 5, 6, 7 and 8, on the north side of East One Hundred and Twenty-first street, beginning 98 feet east of Pleasant avenue, and the three lots known as Nos. 20, 21 and 22, on the south side of East One Hundred and Twenty-second street, beginning 123 feet east of Pleasant avenue, Borough of Manhattan, for the use of the Department of Street Cleaning, which was laid over at the last meeting.

On motion, the matter was referred to a select committee consisting of the Comptroller, the Chamberlain and the President of the Board of Aldermen.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises at No. 83 Chambers street, Borough of Manhattan, occupied by the City Paymaster:

November 27, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The City Paymaster has been occupying floor space in the premises No. 83 Chambers street, extending through to Reade street, in the Borough of Manhattan, for a number of years past, and on March 20, 1907, the Commissioners of the Sinking Fund authorized a renewal of the lease for a period of one year from May 1, 1907, at the same rental as heretofore approved of and paid.

Recently a fire occurred next door and a proposition was presented to the owners to lease one of the floors and in addition take over the rooms occupied by the City Paymaster upon the expiration of the lease on May 1, 1908. The owners of the property declined to consider the proposition at all on account of the long tenancy of the City until the City had been approached on the matter, as they consider themselves under moral obligation to give the City the first chance for the renewal of the lease.

While the City's lease expires on May 1, the lease of other parts of the building expires on February 1.

It is absolutely essential that the City should have separate occupation for the City Paymaster from that of any other public office, and it would be hard to locate in the vicinity of the City Hall an office for the City Paymaster as good as the one now occupied by him.

Under date of November 9, 1907, the owners desire to be informed whether the City will renew its lease for a period of two years and nine months from May 1, 1908, at the present rental, \$9,000 per annum, and state that the reason that they are desirous of ascertaining the City's ideas in the matter is that they have had an application for the entire building, which they are holding pending our decision.

I am of the opinion that the Commissioners of the Sinking Fund should adopt a resolution authorizing a renewal of the lease upon the same terms and conditions as contained in the present existing lease of the first loft, store, basement and sub-basement of the premises No. 83 Chambers street, Borough of Manhattan, for a period of two years and nine months from May 1, 1908, and I so recommend. Lessor, George G. De Witt, Trustee.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the first loft, store, basement and sub-basement of the premises No. 83 Chambers street, Borough of Manhattan, occupied by the City Paymaster of the Department of Finance, for a period of two years and nine months from May 1, 1908, at a rental of nine thousand dollars (\$9,000) per annum, and upon the same terms and conditions as contained in the existing lease; lessor, George G. De Witt, Trustee; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Water Supply, Gas and Electricity, relative to a lease of premises at No. 200 East Seventy-ninth street, Borough of Manhattan:

October 18, 1907.

Hon. N. TAYLOR PHILLIPS, Secretary, Sinking Fund Commission, New York City:

DEAR SIR—This department has occupied, for a number of years past, two small rooms in premises No. 231 East Seventy-ninth street, which were used as a laboratory for testing gas. The quarters are now too small to properly carry on this work as provided by the laws of 1905, and the department has selected the third floor of premises No. 200 East Seventy-ninth street, which the owners, Emanuel S. Cahn and Edward Lazansky, of No. 257 Broadway, will rent for \$50 monthly, including heat. These are larger quarters, and suitable for the purposes of this department. It will take considerable time to fit up this laboratory, and in order that there shall be no interruption in the inspection of the quality of illuminating gas in the district covered by this station, I would respectfully recommend that your Board authorize the making of lease for the third floor of building No. 200 East Seventy-ninth street for a period of one year.

The department will discontinue the old station at the expiration of the lease, which is December 31 of this year.

Respectfully,

FRANK J. GOODWIN, Deputy Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

October 22, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Deputy Commissioner Frank J. Goodwin of the Department of Water Supply, Gas and Electricity, in a communication addressed to the Commissioners of the Sinking Fund under date of October 18, 1907, requests that a lease be secured from Emanuel S. Cahn, of No. 257 Broadway, of the third floor of No. 200 East Seventy-ninth street, Borough of Manhattan, for a period of one year from January 1, 1908, at an annual rental of \$600, including steam heat and hot water service, these premises being needed as a laboratory for testing gas, to take the place of the two small rooms now occupied for that purpose at No. 231 East Seventy-ninth street, which are too small.

After an examination I have to report that this is the third floor flat of six rooms and bath in the 5-story brick building, 20 by 60 feet, at the southeast corner of Third avenue and Seventy-ninth street. These rooms have recently been rented for \$42 a month, but the owners claim that they have recently raised all the other rents in the building, and they refuse to accept less than \$50 a month for this flat.

The rent of this apartment is lower in comparison than the rent now paid at No. 231 East Seventy-ninth street, and is in my opinion reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the third floor of the premises No. 200 East Seventy-ninth street, Borough of Manhattan, for a period of one year from January 1, 1908, at an annual rental of \$600, payable quarterly; the lessor to furnish steam heat and hot water service. Lessor, Emanuel S. Cahn.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Emanuel S. Cahn, of the third floor of premises No. 200 East Seventy-ninth street, Borough of Manhattan, for use of the Department of Water Supply, Gas and Electricity, for a period of one year from January 1, 1908, at an annual rental of six hundred dollars (\$600), payable quarterly, the lessor to furnish steam heat and hot water service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to the hiring by the Board of Education of Amicitia Hall, at Princess Bay, or Pleasant Plains, Borough of Richmond:

December 6, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education transmits to this office a bill of the Amicitia Hook and Ladder Company of Richmond, for the use of their hall at Princess Bay, or Pleasant Plains, on the evening of June 25, 1907, where the graduating exercises of the schools of the district were held, and at a meeting of the Board of Education, held March 27, 1907, a resolution was adopted "that the request of the Principal of Public School No. 3, Borough of Richmond, for permission to rent Amicitia Hall for one evening for the sum of \$12, in order to hold the graduating exercises of the school therein, be and it is hereby granted."

Amicitia Hall is a large building, located at Princess Bay, and I am of the opinion that the amount charged, \$12, is reasonable and just, and I therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the Board of Education and authorize the payment of the sum of \$12 for the use of the hall of the Amicitia Hook and Ladder Company, where the graduating exercises of Public School No. 3, Borough of Richmond, were held on the evening of June 25, 1907.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring by the Board of Education of the hall of the Amicitia Hook and Ladder Company of Richmond, at Princess Bay, or Pleasant Plains, on the evening of June 25, 1907, and the Comptroller be and is hereby authorized to pay to the Amicitia Hook and Ladder Company of Richmond the sum of twelve dollars (\$12), being the rent of said hall for said evening, without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises on the northeast corner of Richmond avenue and Bennett streets, Port Richmond, Borough of Richmond, for the use of the Board of Education:

December 4, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education on April 24, 1907, adopted a resolution authorizing the Secretary to execute among others a renewal of the lease of the premises on Richmond avenue and Bennett street, Port Richmond, Borough of Richmond, occupied as an annex to Public School No. 20, for a period of one year, from January 1, 1907, with the privilege of renewal for an additional year, at an annual rental of \$720, and on August 21, 1907, the Commissioners of the Sinking Fund were requested to authorize said lease. The owners, however, declined to renew the lease for the period from January 1, 1908, to January 1, 1909, unless they received an annual rental of \$900, an increase of \$180 a year, or \$15 a month, and the Board deemed it advisable to rescind the former action taken on the matter and to request authority to enter into a lease for the year 1907 only. They, therefore, presented two resolutions for adoption, which read as follows:

"Resolved, That the former action in the matter of renewing the lease of premises at Richmond avenue and Bennett street, Port Richmond, Borough of Richmond, for a period of one year from January 1, 1907, with the privilege of renewal for an additional year (see Journal, pages 695 and 1430-1431), be, and the same is hereby, rescinded; and be it further

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a renewal of the lease of the front part of the second floor of the premises on the northeast corner of Richmond avenue and Bennett street, Port Richmond, Borough of Richmond, occupied as an annex to Public School 20, for a period of one year from January 1, 1907, at an annual rental of \$720, and on the same terms and conditions as contained in the lease heretofore existing. Owners, Richmond Lodge, No. 66, F. & A. M.

The Commissioners of the Sinking Fund, at a meeting held January 11, 1906, adopted a resolution authorizing the execution of a lease of the premises as an annex to Public School 20, for a period of one year from January 1, 1906, at an annual rental of \$720, payable monthly; the lessors to furnish heat and janitor service and to make outside repairs. The request of the Board of Education is for a renewal of that lease upon the same terms and conditions for a period from January 1, 1907, to January 1, 1908.

I would respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the Board of Education and authorize the renewal of the lease upon the same terms and conditions as contained in the last existing lease.

The City has been acquiring, by condemnation proceedings, property adjoining Public School 20 for school purposes. Upon the property, I have been informed, are two houses which can be utilized as an annex to the school, thus doing away with these rented quarters after January 1, 1908, and the Board of Estimate and Apportionment has been requested in a report to vest title on December 9, 1907, in The City of New York, to the property under condemnation proceedings, so that it will not be necessary to renew this lease after January 1, 1908.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a renewal of the lease to the City of the front part of the second floor of the premises on the northeast corner of Richmond avenue and Bennett street, Port Richmond, Borough of Richmond, occupied as an annex to Public School 20, for a period of one year from January 1, 1907, at an annual rental of seven hundred and twenty dollars (\$720), and on the same terms and conditions as contained in the lease heretofore existing; owners, Richmond Lodge, No. 66, F. & A. M.; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following was received from the Board of Education, relative to a renewal of the lease of premises at Stone and East New York avenues, Borough of Brooklyn:

November 29, 1907.

Hon. HERMAN A. METZ, Comptroller:

Dear Sir—I have the honor to transmit herewith a certified copy of preamble and resolutions adopted by the Board of Education at a meeting held on the 27th inst., relative to renewing the lease of the premises at Stone and East New York avenues, Borough of Brooklyn, occupied as an annex to Public School 84.

Respectfully yours,

A. EMERSON PALMER,

Secretary, Board of Education.

Whereas, On November 13, 1907 (see Journal, page 2305), the Board of Education adopted a resolution, requesting the Secretary to notify the owners of certain premises, occupied for school purposes, that the leases of the same would not be renewed on the expiration thereof; and

Whereas, One of these premises was the annex to Public School 84, located at Stone and East New York avenues, Borough of Brooklyn, the lease of which will expire December 9, 1907; and

Whereas, New Public School 150, Brooklyn, will not be ready for occupancy on January 1, 1908, as was anticipated, further occupancy of the above-mentioned premises being thus rendered necessary; therefore be it

Resolved, That so much of the resolution adopted by the Board of Education on November 13, 1907, as refers to requesting the Secretary to notify the owner of the premises at Stone and East New York avenues, Borough of Brooklyn, that the lease thereof, which will expire December 9, 1907, will not be renewed, be, and the same is hereby, rescinded; and be it further

Resolved, That the Commissioners of the Sinking Fund be, and they are hereby, requested to approve of and consent to the execution of a renewal of the lease to the City of premises at Stone and East New York avenues, Borough of Brooklyn, occupied as an annex to Public School 84, on a month to month basis for a period not to exceed twelve months from December 9, 1907, at a rental of \$30 per month, otherwise on the same terms and conditions as contained in the existing lease. Owner, Antonio Scoeca, Stone and East New York avenues, Brooklyn, N. Y.

A true copy of preamble and resolutions adopted by the Board of Education on November 27, 1907.

A. EMERSON PALMER,

Secretary, Board of Education.

In connection therewith the Comptroller presented the following report and offered the following resolution:

December 5, 1907.

Owing to the fact that new Public School 150, Brooklyn, will not be ready for occupancy on January 1, 1908, as was anticipated, further occupancy of the premises at Stone and East New York avenues, Borough of Brooklyn, occupied as an annex to Public School 84, will be necessary. The rent being the same as heretofore paid, I would respectfully recommend that the lease of the above-mentioned premises be renewed on a month to month basis, for a period not to exceed twelve months from December 9, 1907, at a rental of \$30 per month, otherwise on the same terms and conditions as contained in the existing lease. Lessor, Antonio Scoeca.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education, of a renewal of the lease to the City of premises at Stone and East New York avenues, Borough of Brooklyn, occupied as an annex to Public School 84 on a month to month basis, for a period not to exceed twelve months from December 9, 1907, at a rental of thirty dollars (\$30) per month, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Antonio Scoeca, the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to the hiring by the College of The City of New York of the Metropolitan Opera House for commencement exercises:

December 4, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—This office is in receipt of a voucher from the College of The City of New York showing a claim of the Conried Metropolitan Opera Company, Thirty-ninth street and Seventh avenue, in the sum of \$500 for the use of the Metropolitan Opera House for the commencement exercises of the College of The City of New York, held on June 20, 1907.

In 1905 the Commissioners of the Sinking Fund approved of the payment of a bill of \$400 for the use by the College of The City of New York on the evening of June 25, 1905, of Carnegie Hall, and at a meeting held September, 1907, approved of the payment of the bill of \$400 for the use of Carnegie Hall for the Normal College of The City of New York on the evening of June 20, and in addition thereto paid \$34 for extra labor of arranging the stage. The average rent for an evening for Carnegie Hall is \$400, but the College of The City of New York held their exercises on the same evening as the Normal College, and therefore could not use Carnegie Hall, but did use the Metropolitan Opera House.

I am of the opinion that under the circumstances the price charged is not excessive, and would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution approving of the request of the College of The City of New York and authorize the payment of the sum of \$500 to the Conried Opera Company for use by the College of The City of New York on the evening of June 20, 1907, of the building known as the Metropolitan Opera House.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring by the College of The City of New York, of the Metropolitan Opera House, on the evening of June 20, 1907, and that the Comptroller be and is hereby authorized to pay to the Conried Metropolitan Opera Company the sum of five hundred dollars (\$500), being the rental of the said hall for the said evening, without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented a report recommending certain amendments to the resolution adopted September 20, 1907, authorizing a lease of premises at No. 1962 Avenue A, Borough of Manhattan, for the use of the Department of Street Cleaning, which was referred back to the Comptroller.

The Comptroller presented the following report and offered the following resolution relative to an issue of \$3,000 of Corporate Stock to provide funds to pay the unsuccessful Architects and the Jury of Award in the competition for the new armory for the Twenty-second Regiment Engineers, N. G., N. Y.:

December 6, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of October 15, 1907, the Secretary of the Armory Board forwards to the Commissioners of the Sinking Fund the following resolution which was adopted by the Armory Board, October 7, 1907:

"Resolved, That the sum of three thousand dollars (\$3,000) be and is hereby appropriated for the purpose of providing funds to pay the unsuccessful Architects and the Jury of Award in the competition for a new armory for the Twenty-second Regiment Engineers, N. G., N. Y., at Fort Washington avenue, One Hundred and Sixty-eighth to One Hundred and Sixty-ninth street, in the Borough of Manhattan; that the Commissioners of the Sinking Fund be requested to concur in the same, and authorize the Comptroller to issue bonds to provide payment therefor."

The City has acquired the site for the proposed Twenty-second Regiment Armory at One Hundred and Sixty-eighth and One Hundred and Sixty-ninth streets and Fort Washington avenue, Borough of Manhattan, a contract has been awarded for removing rock from the site, and it is proposed to proceed in order with the erection of the new armory.

A competition among architects was held for the purpose of choosing the best plans for the erection of the armory, and in accordance with the agreement it is proper that the competing architects should be paid.

I therefore recommend that the Commissioners of the Sinking Fund may properly concur in the resolution of the Armory Board, and authorize the Comptroller to issue bonds to the amount of \$3,000 for the purpose of providing funds to pay the unsuccessful Architects in the competition for a new armory for the Twenty-second Regiment, in the Borough of Manhattan.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Whereas, The Armory Board at meeting held October 7, 1907, adopted the following resolution:

"Resolved, That the sum of three thousand dollars (\$3,000) be and is hereby appropriated for the purpose of providing funds to pay the unsuccessful architects, and the Jury of Award, in the competition for a new armory for the Twenty-second Regiment Engineers, N. G., N. Y., at Fort Washington avenue, One Hundred and Sixty-eighth to One Hundred and Sixty-ninth street, in the Borough of Manhattan; that the Commissioners of the Sinking Fund be requested to concur in same and authorize the Comptroller to issue bonds to provide payment therefor."

Resolved, That the Commissioners of the Sinking Fund hereby concur in said resolution, and that for the purpose of providing means for the payment thereof, the Comptroller be and is hereby authorized and directed pursuant to the provisions of Chapter 212 of the Laws of 1898 to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the amended Greater New York Charter to the amount of three thousand dollars (\$3,000), the proceeds whereof to be applied to the payment of the expenses aforesaid.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Borough of Richmond, turning over to the Commissioners of the Sinking Fund certain property at Castleton Four Corners, Borough of Richmond:

October 26, 1907.

Mr. N. TAYLOR PHILLIPS, Deputy Comptroller, No. 280 Broadway, New York City:

DEAR SIR—I have your letter of October 19, reading as follows:

"The Commissioners of the Sinking Fund at their meeting held September 17, 1902 (see Minutes, page 801), assigned to your use two parcels of land—one at Rossville and the other at Castleton Four Corners. Will you kindly advise me if you are in possession of both premises and if the same are now being used by your Department. If not, I would respectfully request that these premises be turned over to the Commissioners of the Sinking Fund."

In reply would say, that the property in Rossville is being used by us, that the old schoolhouse thereon we find very useful as a storehouse and repair shop, and it will continue to be a valuable factor in our work.

The property at Castleton Four Corners we have not used and I do not think we will ever have any use for it. I would therefore, request that it be taken over by the Commissioners of the Sinking Fund.

Yours truly,

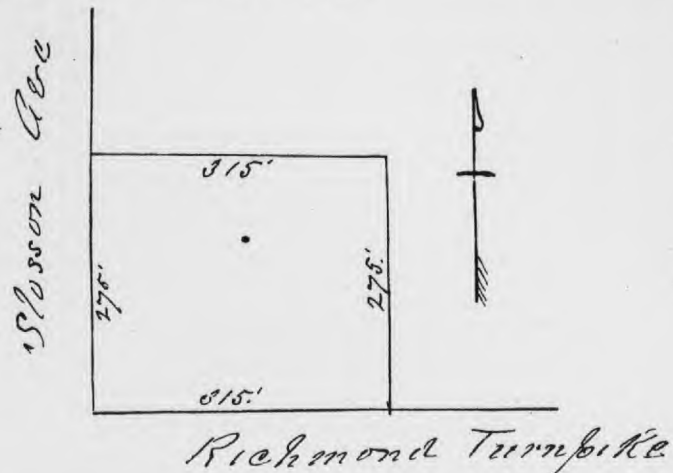

GEORGE CROMWELL, President of the Borough.

November 29, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of October 19, this office transmitted a letter to the Hon. George Cromwell, President of the Borough of Richmond, in relation to two parcels of land located in the Borough of Richmond, owned by The City of New York, which were assigned to his use by the Commissioners of the Sinking Fund at a meeting held September 17, 1902, one of the parcels being located at Rossville and the other at Castleton Four Corners, and he was asked whether his office was in possession of both parcels and if not, would he return whichever one he was not in possession of to the Commissioners of the Sinking Fund. Under date of October 26, he states that the property at Rossville is being used by him; that the old schoolhouse thereon he finds very useful as a storehouse and repair shop, and it will continue to be a valu-

able factor in the work of his Department. As to the property at Castleton Four Corners, he has no use for it and does not believe that he will ever have any use for it, and acting on our suggestion, he requests that the same be taken over by the Commissioners of the Sinking Fund for assignment to such department and for such purposes as they may deem necessary and proper.

I would therefore respectfully suggest that the request of the President of the Borough of Richmond be approved and the property be taken over by the Commissioners of the Sinking Fund.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

The following communication was received from the Comptroller transmitting for the information of the Board and for the purpose of having same printed in the minutes a series of reports dealing with the history of certain old roads:

December 10, 1907.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I transmit herewith for your information and for the purpose of including in the minutes of this Board, a series of reports dealing with the history of certain old roads.

Section 205 of the Greater New York Charter gives this Board jurisdiction of releasing the City's interest in such roads. It appears to be well settled in law that the City owns the fee of Dutch roads. Some lawyers hold that abutting owners hold a reversionary interest in English roads, but there is very able legal opinion to the contrary.

In view of the foregoing it became important to know something of the history of such roads, that the interests of the City might be fully protected. In July last I directed that a thorough investigation of the subject be made. The first fruits of that investigation I present herewith; reports dealing with other roads will follow in due course, but research among the remains of crumbled centuries is necessarily attended by many interruptions which must cause delay.

It is my purpose in directing the investigation to prove the City's title wherever possible, and to demand substantial sums for releases when the facts of the case justify it.

Respectfully submitted,

H. A. METZ, Comptroller.

November 6, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In order that tedious repetitions may be avoided in reporting on future releases, I propose, with your approval, to study the history of every road and write a special report concerning each, including available data which will tend to establish the origin or early existence of the road. Future applications on the same road can be referred to the general report for early data.

To illustrate: Following is a general sketch of the history of the old Woodpoint road. The materials were gathered by considerable research among the volumes of the Long Island Historical Society, the Brooklyn Public Library, files of old newspapers and local histories. I am especially indebted to the Commissioner of Records in Kings County for much valuable information on the subject, and desire to make proper acknowledgment of the same. If a copy of this report is filed with the Law Department it will not be necessary, in future applications on the old Woodpoint road, to rehash the whole subject, but merely to report on what I might term the modern points of each petition, evidence of correct ownership, etc., and refer back to this general report for all information concerning the road. The same procedure followed in other cases will, I believe, save considerable time and remove the identity of many old roads from the hazy realm of conjecture to the sphere of fact.

Following, then, is the story of the old Woodpoint road:

This road traversed the old Bushwick section. It began at about Conselyea and Humboldt streets and followed a crooked course to the head of Normans Kill (Bushwick Creek), which, in the early days, was at a point near the present intersection of North Fourteenth street and Driggs avenue.

Bushwick was one of the earliest settlements made within the present limits of Kings County. In order to trace the settlement from the very beginning, it will be necessary to refer briefly to conditions on the Continent of Europe in the early part of the seventeenth century.

Religious troubles had divided many countries, and the spirit of intolerance of religious freedom drove many from their native lands. In Holland the refugee found the greatest liberty, and consequently that country became the temporary home of many nationalities.

Among the refugees were a considerable number who had fled from Normandy to escape the rigors of religious persecution. When Henry Hudson's report of his voyage was made known in Holland, the commercial spirit of the Dutch was kindled and plans were advanced to settle the new possessions. The new world opened a field free from religious restraints, and so when the first Dutch expeditions started they carried many of the refugees.

At a very early date, the exact date has not been ascertained accurately, a party of the refugees left New Amsterdam and sailed up the East river to Bushwick creek. Entering here they made a landing and named the stream Norman's Kill, by which name it is referred to on old maps. No political community was formed at that time, each individual squatting on land that his eye fancied; but for protection against the Indians there was naturally a common tendency toward a centre, and that centre was afterward the heart of the Town of Bushwick. The exact spot is defined to-day by the Old Bushwick Reformed Church, Humboldt and Conselyea streets, which stands exactly where the first church building stood. The road leading from Norman's Kill to the centre of the settlement was the old Woodpoint road. It may have been the first road trodden by white men in that section.

While it is not known exactly when the first settlers landed on the shores of Norman's Kill, it was probably about 1636, and certainly before 1638. On August 1, 1638, Director General Keift purchased from the Indians for the West India Company all the land that was embraced within the old town of Bushwick, and a considerable portion of what is now commonly known as the Eastern District. The price paid was

eight fathoms of duffel cloth, eight fathoms of wampum, eight adzes, twelve kettles, eight axes and some knives, corals and awls.

I have treated this point at some length because the point has been raised that the West India Company and the Governors of New Amsterdam did not have jurisdiction over outlying settlements.

Below there is more convincing evidence of Dutch authority.

After the purchase the settlers took out patents from the Director General for the lands on which they had squatted.

In 1640 the Bushwick Church was erected, facing on the Woodpoint road. Close to this edifice, on the same side of Woodpoint road, was the school house, and just across the road was the town house. This section was called Het Dorp, or the town plot, of Bushwick.

On March 14, 1661, Governor Stuyvesant visited Bushwick, and after he had been properly regaled after the manner of the times, was asked to give a name to the place. The Governor called it "Boswijk," which meant Town of the Woods. Early histories spell the name in various ways and give different interpretations of its meaning, but all agree that the place derived its name from the dense woods that covered the section.

In 1661 the old Bushwick Church and the Town of Bushwick were incorporated by Governor Stuyvesant, and Bushwick became known as one of the five Dutch towns, and Governor Stuyvesant issued a patent or ground brief to it. The five Dutch towns were Brooklyn, Flatbush, Flatlands, New Utrecht and Bushwick. A register was especially commissioned by the Director General, whose duty it was to go to the towns and take proof of wills, marriage settlements and the like. The five Dutch towns had a further community of interest in that they formed one ecclesiastical congregation. These facts would seem to effectually dispose of any theory that the Director General was without authority in outlying towns. Evidence of such jurisdiction might be multiplied, but that is hardly necessary here.

The road had an interesting history in Revolutionary days, but it is not the purpose of this report to do more than establish that the old Woodpoint road was a Dutch road. There is no room for reasonable doubt that it was, although often referred to in official documents by various names, to wit: "The Road to the Woods," 1662; Village road, 1663; road to Woodpoint, 1663; road to Norman's Kill, 1663.

Portions of the old Woodpoint road are open to-day and are being used as public streets. From Maspeth avenue to Withers street the road is still in use, and in front of the old Bushwick Reformed Church the road is just as open to-day as it was two hundred and fifty years ago.

Respectfully submitted,

ROBERT JORDAN, Examiner.

November 25, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have the honor to present herewith, report on De Bruyn's lane.

De Bruyn's lane is a road that runs from the Kings Highway to Gravesend Bay. It is east of Bennett's lane, which has been treated in another report.

This lane is one of the earliest that existed in Kings County, and, like many other roads, was first probably an Indian trail leading to the water. The lane takes its name from one Francis Brown, known earlier as De Bruyn, whose name is impressed on the history of that locality because of a certain famous law suit over the ownership of a strip of meadow land claimed by both De Bruyn's successors and the town of Gravesend. An action to determine the respective rights was brought in the Supreme Court at Flatbush in 1789. Aaron Burr appeared as counsel for the town of Gravesend and secured a decision in favor of the town. For this service and all expenses, he received a fee of 35 pounds, which does not seem excessive when compared with some modern retainers.

Long before De Bruyn appeared upon the scene, the lane was in existence. It was the dividing line between a large tract of land that was patented in 1643 to Anthony Jansen and a series of nine lots known as "The Plantations," some of which were laid out as early as 1657. This tract of land and the plantation lots extended from the Kings Highway to the shore of Gravesend Bay, and the lane was the only means of reaching the interior plantation lots from the front.

As the settlement of New Utrecht grew, the lane became an important factor in the life of the community. In those days there was excellent fishing in Gravesend Bay, and shell fish of many kinds were abundant. Dankers and Sluyter, who traveled through the Kings County section in 1679, and kept a journal of their expedition, state that in the Gowanus district the oysters were particularly plentiful and were very frequently about one foot long.

Fishing was not the only privilege of value commonly enjoyed by the settlers. It was also a common privilege to rake the sedge grass that was washed on the shore, and this was a source of profit to many. The avenue through which they sought these fields was either Bennett's or De Bruyn's lane, and what may be said of one may also, in general, be said of the other, but Bennett's lane has been treated in another report.

Large fields of salt meadow land skirted the bay in some places and settlers of the surrounding towns were in the habit of driving their cattle through the Kings Highway and down either Bennett's or De Bruyn's lanes to the salt hay fields, all of which is cited to show that the lane dates from the days of the Dutch occupation here. Many transfers of the plantation properties and that tract across the road from them, might be scheduled bearing dates prior to 1664, when the English nominally assumed control.

There is no doubt whatever that De Bruyn's lane is a Dutch road. As such, according to legal authority, the fee of the roadbed is in the City.

Portions of the land have been closed by resolutions, but the resolutions did not clothe the abutting property owners with any right to fence in the lane without first getting a proper release from the city authorities. The lane was closed from Eighty-sixth street to Kings Highway by resolution July 21, 1891; from Eighty-sixth street to Benson avenue, December 23, 1897; from Benson avenue to Cropsey avenue—resolution of the Board of Estimate and Apportionment—June 14, 1907, printed 1492 of the minutes.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have the honor to present herewith report on Bennett's lane.

Bennett's lane is one of the oldest roads in Brooklyn. It was used by the Dutch during the period of their occupation here, and has been used as a highway since those days. It extends from the Kings Highway to Gravesend Bay, a short distance west of De Bruyn's lane.

During the Dutch occupation a patent for land lying at the intersection of Kings Highway and Bennett's lane was issued to one De Sille. While the roads were not then known by those names, the boundaries of the patent have been located and the identity of the roads established. The records of New Utrecht under date of January 22, 1660, refer to Bennett's lane as the Shore road.

Another evidence that Bennett's lane is a Dutch road may be gathered from a brief reference to the circumstances attending the surrender of New Amsterdam. The expedition sent out by the Duke of York to occupy the territory granted to him by Charles II. was carried in four ships of war which the King loaned for the enterprise. The expedition landed at Boston in order to give color to a fiction emanating from the Crown that the purpose of the affair was to look after certain religious matters in Massachusetts.

Colonel Nicols, who commanded the fleet, detached two ships and sailed for New Amsterdam, where he caused it to become known that while the Duke of York wanted the title to New Netherland, he was willing to let the Dutch continue in the enjoyment of customs and property. The Dutch rule had become irksome to the settlers and they were secretly glad to change rulers, so long as their private affairs were not disturbed.

Hence, when Governor Stuyvesant appealed to the Dutch towns on Long Island for help, they declined to grow enthusiastic, and Stuyvesant was compelled to look elsewhere. All of the foregoing may appear foreign to the subject of Bennett's lane, but the connecting link is here.

While Nicols was in Boston he arranged to have a detachment of English troops march down and rest at the Ferry Settlement (Fulton Ferry) in Brooklyn. Upon Stuyvesant's refusal to surrender, Nicols withdrew his ships to Gravesend Bay, and there landed a detachment, which marched up and joined the force at the ferry. There were at that time two roads connecting the bay with the main road or Kings Highway at the points where the expeditions would be most likely to land. One was Bennett's lane and the other De Bruyn's lane. By using Bennett's lane, the march might have included a peaceful demonstration in the town of New Utrecht, and would have placed the troops in a position to strengthen any wavering settlers in the towns intervening between that point and the ferry.

Under authority of a resolution adopted by the Board of Supervisors of Kings County on December 27, 1892, Sixteenth avenue was opened from Eighty-fourth street to Gravesend Bay. A part of this street was within the lines of Bennett's lane and part was not, with the result that in certain sections, a strip of Bennett's lane intervenes between the line of Sixteenth avenue and the property of abutting owners. On May 4, 1906, the Board of Estimate and Apportionment adopted a resolution closing Bennett's lane from Eighty-fourth street to Gravesend Bay. Since then several applications for releases of the intervening strip have been filed.

In the proceeding for the opening of Sixteenth avenue, as shown by papers on file in the County Clerk's office, the owners of property so situated received no award for damage, because none of their property was taken, but, on the other hand, the Commissioners took into consideration that owners on the northeast side of Sixteenth avenue (where the strip is) were not benefited to the same extent as those on the other side, so the portion of the assessment that would logically have been levied on property within the lines of Bennett's lane was distributed over the whole area of assessment. This arrangement was considered by the Commissioners to be the most equitable way of distributing the assessment, according to an affidavit made by Douglas Gubner, one of the Commissioners, on February 12, 1894, which is on file with the papers of the proceeding in the office of the County Clerk of Kings County.

Certain owners on the northeast side of the lane claim that they are entitled to either a frontage on Sixteenth avenue or to damages for the closing of Bennett's lane. Whether the action of the Commissioners in relieving such owners of a portion of the assessment may be regarded as sufficient to overcome this objection is a legal question that should be referred to the Corporation Counsel.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have the honor to present herewith a report on the Newtown and Bushwick turnpike, also called Brooklyn and Newtown road or turnpike.

History has not told how this road first came into existence, but, like many of the old roads, it was doubtless developed from an Indian path.

This road should be considered from two points of view, as the highway and as the turnpike; for what was known in later years as the Brooklyn and Newtown turnpike embraced an old highway in the Bushwick section and the Cripplebush road, which tapped the Bedford section. The road was one really connecting Newtown with Bedford and points on the Jamaica road, and names such as Cripplebush were localisms applied to certain sections. While the line between Bedford and Cripplebush was known as the Cripplebush road, the highway was continuous from Newtown to Bedford. This is a point that should be kept constantly in mind when considering the subject of old roads. Present or popular names applied to particular highways would lead to a hopeless end if one were to seek references in the early records to names that are familiar now. The reason is simple. Often a highway would have no special title and would be called merely "the road." At a later period some local name might be applied to the same highway, as, for instance, "Cripplebush," and thereafter it would be known as the Cripplebush road. From this it may be seen that a road is often very much older than its name. Hence, while this highway is often referred to as Cripplebush road and Brooklyn and Newtown turnpike, it is more accurate to describe it as the road from Bedford to Newtown.

The legal status of this road was recently considered by the Appellate Division of the Second Department in the case of Caminez & Goodman (Advance Sheets for September, 1907, pages 484 to 488). The Court held unanimously that if the road was Dutch the fee was in the City and the Court then decided from certain historical references that the road was Dutch. The opinion written by Mr. Justice Gaynor follows:

"If the old road was a Dutch road the fee of it was in the City, after the law of the Continent of Europe, and its conveyance to the plaintiff's predecessors was good (Dunham vs. Williams, 37 N. Y., 251). The capitulation of Long Island by the Dutch to the English was in 1664. If the road existed at that time the plaintiff's case is made out. It is mentioned in Riker's Annals of Newtown (pages 83 and 84) as having been repaired in 1670, showing it to have been of some age then; and in Ostrander's History of Brooklyn (Volume 1, pages 101 and 102) it is mentioned as existing in 1662, when the Village of Bedford was laid out. It is therefore called the 'Cripplebush road running to Newtown.' As Bedford was between Brooklyn and Newtown and Cripplebush road between Bedford and Newtown, and there was only one highway from Brooklyn to Newtown, the identity of the road seems not to be open to dispute."

There are other references which possibly escaped the attention of the learned Judge, for the ancient records show that this highway was known by the following titles: "Highway running from the Kill-Kulls," "Old Highway and Most Ancient Highway," 1648; "Valley or Highway," 1654; "Valley or Path," 1654-55; "Het Kenis Paot" (the cross roads), 1661; "The Road," 1662. If the road was regarded as "an old highway and most ancient highway" in 1648 it is hardly necessary to seek the origin.

The life of the turnpike appears to date from 1814. The following laws relating to it have been found:

General Provisions.

Date, March 25, Laws of 1814, Chapter 72.

Incorporated the Newtown and Bushwick Road Turnpike Company for the purpose of "making" a good and sufficient turnpike road from the west end of the road of the Flushing and Newtown Turnpike Bridge and Road Company, in the County of Queens, to the east end of the road of the Wallabout and Brooklyn Toll Bridge Company, in the County of Kings.

Date, April 12, Laws of 1815, Chapter 175.

Amended chapter 72 of 1814 as to rates of toll. The company complained that stock could not be sold with toll rates as they were originally fixed.

Date, April 12, Laws of 1816, Chapter 122.

Amended original act by authorizing the appointment of two new directors to replace two deceased.

Date, April 4, Laws of 1833, Chapter 104.

Amended original act by authorizing five directors instead of seven, three of the five to constitute a quorum.

To sum up: The road from Bedford to Newtown, variously known as the Brooklyn and Newtown turnpike, the Bushwick and Newtown turnpike, the Cripplebush road, etc., was a Dutch road, and has been so designated by the unanimous bench of the Appellate Division of the Second Department. In addition to the authorities cited in the opinion of the Court, there are others showing the road to be one of great antiquity.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have the honor to present herewith report on the Brooklyn, Jamaica and Flatbush turnpike.

This is the name commonly applied to a road that existed in certain parts before turnpikes became a business venture in Kings County. The road has a long checkered

history that is enmeshed in a web of special acts, mergers and the like, which have almost obscured its real identity.

The road was one of the first, if not the very first, that was used by those who settled Brooklyn and the outlying settlements at Flatbush and Jamaica. To describe it in general terms, the road began at the East river, substantially where Fulton Ferry is now, and followed the general line of Fulton street up to Flatbush avenue and thence up Flatbush to Atlantic. Near this point the road branched out in two directions, one generally following the line of Flatbush avenue and leading to the settlement at Flatbush, the other continuing up Atlantic avenue, cutting through again to Fulton street and making many turns and deviations from the present line, and terminating at Jamaica.

But long before white men settled in Kings County this path was used by the Indians. The headquarters of the Canarsie tribe was connected with this path by another that followed the line of the Hunterfly road. This was the course taken by the Indians to reach East river.

Some time between 1643 and 1647 a settlement was made near the site of the present Fulton Ferry. The location was determined upon because of its proximity to the ferry to New Amsterdam, a fact which shows that the transportation problem was calling for solution even in those dreamy days. This settlement, which was little more than a cluster of huts, was known as "The Ferry." Leading from the settlement and skirting the locality called by the Indians "Iphtetanga," known now as the Heights, was a road leading toward Flatbush. This was known as the Ferry road.

When settlers began what might be termed the first uptown movement, they located a town in the heart of the maize fields, between Wallabout and Gowanus, facing the road to Flatbush. This settlement was the beginning of Brooklyn. The locality is familiar now as the shopping district.

The Ferry road was the main artery of travel between "The Ferry," "Brooklyn" and Flatbush during the Dutch occupation. It was referred to in various documents by different names, sometimes as the "Wagon road," sometimes "The Highway at Brooklyn Church."

As early as 1634 portions of the road were in existence as Indian paths, and indeed there is abundant evidence to prove not only that this was a Dutch road, but, moreover, that it was a road before the Dutch exercised authority. This question has been discussed in an interesting opinion of the Court of Appeals (Dunham vs. Williams, 37 N. Y., 251), and also in Mott vs. Clayton (9 App. Div., 181), in which cases it was decided that the road was Dutch and that the City of Brooklyn in granting a release of its interest in the road passed a good title to the ground.

If it were necessary to establish only the fact that this was a Dutch road the report might end here, but another question having intimate relation to the rights of the City must be considered. The road afterward became a turnpike, operated by a private corporation, and this circumstance, connected as it is with a maze of mergers and other devices of the law, makes a further examination of the history quite necessary.

After the British took possession of the Dutch holdings the name of the road was changed to Kings highway, although the names of old roads varied with the caprice of local favor, and this was no exception to the rule. It was also known as the Queens road, Gravesend path, etc., according to locality or fancy.

The Kings highway (which will be treated in another report) was practically the same as the Flatbush and Jamaica turnpike up to certain points, beyond which the turnpike did not extend. The end of the turnpike on the Flatbush branch was at a point corresponding with the present intersection of Flatbush and Church avenues.

The popularity of the turnpike in this State dates from 1807. In that year a general act relative to turnpike companies was passed by the Legislature, and turnpike corporations sprang into general favor. This act provided, among other things, that when the income was equal to the expense incurred by the company, the State might dissolve the corporation, "and thereupon the right, interest and property of the said corporation shall be vested in the people of this State and be and remain at their disposal."

Following the incorporation, numerous statutes were enacted relative to the company. A brief reference to such acts follows, though it is not known that the list embraces all the enactments relating to the turnpike:

Date, March 17, Laws of 1809, Chapter 74.

Incorporated the Brooklyn, Jamaica and Flatbush Turnpike Company. Named John D. Dimars and others to make a good and sufficient turnpike road to begin on the highway at or near the old and new ferry stairs in the township of Brooklyn, in Kings County, running from thence through the village of Bedford to the dwelling house of Charles McNeil in the township of Jamaica, in Queens County; and also to make a further good and sufficient turnpike road, to begin on the highway in front of the church in the village of Flatbush and running from thence toward Brooklyn ferry until it meets the said road leading to Jamaica, near the dwelling of the late John Cowenhoven.

Laws of 1818, Chapter 59.

Authorized an increase of toll on "expensive pleasure wagons." The increase applied also to the Jericho turnpike.

Date, April 18, Laws of 1823, Chapter 116.

Passed April 18, amends original act of March 17, 1809. Authorized company to collect tolls, although no toll gate had been erected, "not less than 1/4 miles from the Episcopal church in Jamaica." Also authorized company to erect more toll gates.

Date, April 3, Laws of 1827, Chapter 155.

Incorporate Brooklyn as a village. Also set forth that road from the village line at Red Hook lane to the ferry was abandoned by the company. Brooklyn assumed all the expense of maintaining the road, but the company was authorized to continue collecting toll.

Date, March 3, Laws of 1830, Chapter 63.

Directors given the privilege of removing their easterly gate near Jamaica and "to place same on their road, between the house of Gideon Tooker and a point 80 rods easterly of the three-mile stake, near the Village of Bedford," when so removed to be subject to same restrictions and privileges as before.

Laws of 1832, Chapter 256.

Incorporated the Brooklyn and Jamaica Railroad Company. Upon payment the company immediately became entitled "to use" lands. Section 37 of the act directs the purchase of the stock of the Brooklyn, Jamaica and Flatbush Turnpike Company at \$26 per share in cash or \$23 per share in stock of the new company. Section 30 declared that at the end of ten years the State might purchase the property by paying cost of construction, maintenance, etc., plus 14 per cent. per annum.

The Turnpike Company conveyed to the Brooklyn and Jamaica Railroad Company on August 2, 1833 (Liber 53, page 271), and continued under such ownership until 1851.

Date, April 23, Laws of 1835, Chapter 132.

Authorized appointment of Commissioners to lay out "streets, avenues and squares in the City of Brooklyn." To open or close streets, highways, etc., in Sixth, Seventh, Eighth and Ninth Wards.

Date, May 9, Laws of 1837, Chapter 377.

Authorized Brooklyn and Jamaica Railroad Company to alter part of the route of the Brooklyn and Jamaica turnpike road between Parmentier's Garden and land of the heirs of A. Selover.

Date, April 18, Laws of 1838, Chapter 262.

"Whenever any turnpike corporation shall become dissolved or the road discontinued, its road shall become a public highway and be subject to all legal provisions regulating highways."

Date, April 26, Laws of 1839, Chapter 256.

Authorized a straightening of the road between the land of the heirs of A. Selover and the intersection of the Cripple Bush road. Provided further that the company might sell that portion of the old road when new road was opened and grantees or purchasers should become owners.

Date, May 13; Laws of 1846, Chapter 310.

Authorized Brooklyn and Jamaica Railroad Company to cede parts of Brooklyn and Jamaica turnpike and Brooklyn and Flatbush turnpike road belonging to said company "as lies within the limits of the City of Brooklyn, to Mayor and Common Council of City of Brooklyn, on terms and conditions to be agreed upon. And such cessions shall vest in the said Mayor and Common Council of the City of Brooklyn, all the right, title and interest of the said company in the parts of the roads so ceded and in the bed of said parts of said roads, and whenever any part or parts of said road shall be so ceded as aforesaid, the same shall thenceforth cease to be considered a road, and shall belong absolutely to the purchasers or grantees thereof free from any liability to be used as a road."

Provided further that company should continue to collect same toll after cession "whether said parts shall be kept open or closed, unless a lower rate of tolls shall be agreed upon," etc., or unless company waived the tolls.

After cession company was freed of liability for repair, etc., Brooklyn assumed it. Ceded parts might be closed by order of Mayor and Common Council, "if other streets or avenues convenient to and communicating with the other parts of said turnpike roads shall have been opened and regulated, and such proceedings shall in other respects be had as are provided by law for closing the streets or avenues in said city."

Year 1848, Chapter 373.

Brooklyn and Jamaica Railroad Company authorized to sell property and franchises to Jamaica and Brooklyn Plank Road Company, which was incorporated under the general laws about 1850.

The Brooklyn and Jamaica Railroad Company and Brooklyn, Jamaica and Flatbush Turnpike Company conveyed to Jamaica and Brooklyn Plank Road Company all interest, etc. (Liber 256, page 5.) This ownership continued until about 1879.

Date, April 25; Year 1864, Chapter 383.

Authorized Jamaica and Brooklyn Plank Road Company to change location of or erect any toll gate, house or other building authorized anywhere on the road, when ordered to by Board of Directors.

Date, May 7; Year 1863, Chapter 507.

William Durland, Martin I. Duryea and others created a body corporate known as "East New York and Jamaica Railroad Company." Possessed general powers of a turnpike company. Authorized to lay rails for "the passage of railroad cars to be drawn by horses on each side of the road now known as the Jamaica and Brooklyn plank road, from the terminus of the Fulton avenue road at the City line of the City of Brooklyn, Kings County, to any part of the Village of Jamaica, in Queens County." Corporation might agree for purchase of road, etc., "and after the same shall have been purchased or obtained, the provisions of this act shall apply to such plank road or right thus acquired. Empowered to collect tolls "in case they shall purchase the franchise of the Brooklyn and Jamaica Turnpike and Plank Road Company." In case unable to agree with Jamaica and Brooklyn Plank Road Company, authorized to purchase real estate over and along Liberty avenue in accordance with act of April 2, 1850. Provisions of "An act in relation to plank roads and turnpike roads," March 28, 1854, applied where not in conflict.

All rights, title and franchises, etc., of this road were acquired by the Jamaica, Woodhaven and Brooklyn Railroad Company by and from Edward M. Osborn and wife, August 25, 1872 (Liber Deeds 1920, p. 147).

Property acquired by Osborn through a conveyance by John H. Sutpin, January 16, 1872 (Liber 365, page 9, County Clerk, Queens), and (Liber 1031, page 107, Register, Kings) given in pursuance of a judgment of foreclosure of a mortgage on the property of the East New York and Jamaica Railroad Company.

The Jamaica, Woodhaven and Brooklyn Railroad, by virtue of this conveyance, claimed the right to construct, maintain and operate a railroad on the property.

Date, May 2, 1864; Chapter 520.

Authorized company to collect toll from funeral possessions same as of others, except that the hearse and four carriages should pass free.

Date, April 24, 1869; Chapter 310.

Date, April 21, 1871; Chapter 659.

Amended act of 1869, authorized company to sell to abutting owners or city land in front of premises.

Date, April 3, 1874; Chapter 119.

Authorize the Jamaica and Brooklyn Plank Road Company to increase capital stock to the amount "they have actually expended in constructing and completing their road." Required to file a certificate setting forth amount of increase with the County Clerk of Queens. Required to first obtain consent of 60 per cent. of shares of stock represented in company.

Date, 1879; Chapter 156.

Authorized consolidation of the Jamaica, Woodhaven and Brooklyn Railroad Company with the Jamaica and Brooklyn Plank Road Company. The new name was "the Jamaica and Brooklyn Road Company." To enjoy all the privileges and exemptions of the two companies "until the expiration of the charter of the said railroad company."

Date, May 2, 1893; Chapter 527.

Amends chapter 452, Laws 1892. Permits appointment of Commissioners to condemn if the company refuses to sell.

Date, May 8, 1895; Chapter 564.

Repeals chapter 452, Laws of 1892, and chapter 527, Laws of 1893, and declares all proceedings under said acts to be void. This act authorized the acquisition of the road by condemnation, expense and cost to be paid from Jamaica Plank road bonds and then assessed.

Chapter, 356; Year, 1897.

Amends chapter 564, Laws of 1895, as to amount of money, etc. Nothing about property going to adjacent owners.

Various portions of the old turnpike were sold to the City of Brooklyn. The data related to such sales has been gathered from various quarters, and the following schedule is not to be understood as indicating that these were the only purchases made. The records of the Register's office in Kings County show the following conveyances:

General Provisions Conveying to the City of Brooklyn.

Date, October 31, 1849; Liber 203, Page 422.

Conveys all that part of Brooklyn and Jamaica turnpike between the westerly line of Red Hook lane and the intersection of Fulton and Flatbush avenues.

Consideration \$1,200 00

Date, November 15, 1852; Liber 301, Page 141.

Confirming above deed.

Date, March 9, 1852; Liber 272, Page 341.

Conveys the road from Grand avenue to the Gowanus road (about the present Fifth avenue).

Consideration \$5,000 00

Date, September 29, 1852; Liber 308, Page 75.

Cedes all property, etc., of the Turnpike Company between a point 255 feet easterly from the southeasterly corner of Fulton avenue and New York avenue and the easterly side of Perry avenue (near the present Bedford avenue) and between the southerly side of Fulton avenue and a line drawn equi-distant from Fulton avenue and Herkimer street. Also that part between Nostrand and Bedford avenues north of the north line of Fulton street. Also all that part between the east side of New York avenue and Perry avenue south of a line drawn equi-distant from Fulton avenue and Herkimer street.

Consideration \$2,500 00

Classon avenue to Gowans road, 50 feet adjoining southerly side of Atlantic avenue. Agreement to convey recorded in Liber 395, page 245.

Date, August 20, 1855; Liber 412, Page 283.

It will be recalled that in the act incorporating Brooklyn as a village, chapter 155, Laws of 1827, noted above, declared that the turnpike company abandoned its road from the ferry to the village line at Red Hook lane. This, added to the conveyances so far discovered, would indicate that there is very small doubt about the City's ownership of the old turnpike from the ferry to New York avenue, except of course such portions as have been released by proper authority. That portion of the turnpike between New York avenue and the line of the old Twenty-sixth Ward presents another question. Between these points there is a shadow of uncertainty. Part of the road was Dutch and part came into existence at a later date. It would therefore be well to refrain from further discussion of this section until after a special investigation of conditions relative thereto. There may be direct conveyances of this property that have not yet been located, but the Brooklyn, Queens County and Suburban Railroad has executed releases for portions of this section and the question as to whether this conveyed a good title has been raised. That company charged substantial sums for the releases, in some cases at least. Between these points, the road had two branches. One was far more circuitous and very much older than the other. It was the more direct route that the turnpike followed. It has been suggested that this section was laid out by the turnpike company for its own convenience. If this were a fact, it would seem in the light of decisions of the Court of Appeals, that when the turnpike company merged with a railroad, the lands held by it in a corporate capacity reverted to the owner of the fee. Upon its abandonment as a turnpike, the land would revert to the fee owners automatically, so the fact that abutting owners paid for releases would not necessarily indicate fee ownership, but would seem to indicate that the company had abandoned the turnpike. The Court of Appeals in Mahon vs. New York Central and Hudson River Railroad Company (24 N. Y. 658) appears to cover the point. The Court in that case said:

"Although the general act relating to turnpike companies passed March 13, 1807, declares when the president and directors pay the owners of the lands the sums assessed and awarded by the appraisers in their inquisition, they shall have and hold to them and their successors and assigns forever, the lands and tenements described in their inquisition; yet it has always been held that this and the special act of incorporation vests in the company the title to the land over which the road passes only for the purposes of the road and when the road is abandoned, the land reverts to the original owners. The company only acquired such an estate in the land taken by it as was necessary to fulfill the end and interest of the corporation and could hold it to no other use, intent or purpose. Having ceased to occupy the land in question for the purpose of a turnpike road, the Mohawk Turnpike Company in transferring it, in effect abandoned it, and although they were authorized by the Legislature to transfer it to the Utica and Schenectady Railroad Company, this could not constitutionally deprive the original owners of the land of their right of reversion without compensation."

In view of acts executed under authority of chapter 132 of the Laws of 1835, there does not appear to be much room for doubt that all the lands used by the turnpike have reverted.

It was provided among old acts that "when Fulton avenue shall be opened and fit for travel, from Bedford avenue to the City line," the turnpike was to be deemed discontinued from Perry avenue (about Bedford avenue) to the City line, reserving the rights of the turnpike company.

When Fulton avenue shall be opened and fit for travel from Red Hook lane to Bedford avenue (reserving the rights of the turnpike company) turnpike closed from Red Hook lane to Perry avenue.

When "Flatbush avenue shall be opened from Atlantic street to the City line, reserving to the Flatbush Turnpike Company all their legal rights, turnpike closed from Jamaica Turnpike to City line."

What those "legal rights" were, in view of the decision of the Court of Appeals, is a legal question.

I desire again to call especial attention to that portion of the road between New York avenue and the boundary of the old Twenty-sixth Ward. If this section was laid out over an existing road, the City may hold a considerable interest; if, on the other hand, it was laid out on private property, it would seem that this was a transaction between the company and private owners in which the City has no substantial interest. If this be the case and the owners have seen fit to buy releases from the company, a nominal sum would doubtless be sufficient to compensate the City in such a situation.

This point should be distinctly understood, because without explanation, if the City were to charge a substantial sum for a release on one portion of the road and release for a nominal sum on the same road a few blocks distant, it would at once open the door for charges of favoritism and unfair dealing, and would further open alluring fields for the exercise of that genius peculiar to critics who are usually more active than accurate.

The City of Brooklyn purchased all that portion of the turnpike lying within the lines of the Twenty-sixth Ward and the people of the Greater City are paying 3½ per cent. interest on bonds to the amount of \$105,000, which were issued as a result of that transaction. The bonds will mature in 1917. It is not necessary to go into this matter at length, because the present highway in that section conforms with the line of the old turnpike.

To sum up in conclusion:

The bed of the Brooklyn, Flatbush and Jamaica Turnpike was originally an Indian path; it later became a Dutch road; then an English road, and later a turnpike road.

As new streets were opened, portions of the turnpike were abandoned, and in view of Court of Appeals decision, reverted to the original owners. Where the turnpike followed the old road, the owner was the City.

The turnpike followed an existing road for its entire length, save possibly that portion between New York avenue and the old Twenty-sixth Ward.

In this section there is some doubt, a point that should be emphasized.

From the Ferry to Red Hook lane, the road was abandoned to the Village of Brooklyn. From Red Hook lane to New York avenue, it was conveyed to the City of Brooklyn by deeds.

This report does not assume to complete or to touch upon all the features that have presented themselves in the course of a long search among statutes, histories and archives of local lore. I am especially indebted for much valuable information to the office of the Commissioner of Records in Kings County, and the Topographical Bureau of the Borough President's office in that Borough.

Hon. HERMAN A. METZ, Comptroller:

SIR—Pursuant to the provisions of section 1553 of the Revised Charter, the authority to sell buildings situated upon land owned by The City of New York is vested in the Commissioners of the Sinking Fund.

This office is in receipt of a communication from the Commissioner of Parks, Boroughs of Brooklyn and Queens, requesting the sale of buildings situated in the Town of Flatbush, Borough of Queens, known as Kissena Lake Park.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the sale of the above buildings, and a resolution for adoption is herewith transmitted.

Respectfully submitted for approval,

JOHN M. GRAY,
Collector of City Revenue.

Approved:

H. A. METZ, Comptroller.

Whereas, The Commissioner of Parks, Boroughs of Brooklyn and Queens, has requested the sale of all buildings, parts of buildings, etc., now standing upon property owned by The City of New York, located in the Town of Flushing, Borough of Queens, acquired by it for park purposes, said buildings being situated upon land more particularly described as follows:

Being all those buildings, parts of buildings, etc., in the Town of Flushing, known as Kissena Lake Park, and which was acquired by the Park Department for development, with the exception of one small house located in what was formerly Parson's Nursery, in the southwesterly portion of the lands belonging to the City, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale, for the highest marketable price, of all the buildings, parts of buildings, etc., upon the following

Terms and Conditions.

It being understood that the purchasers at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of the contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and contract. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security deposited. This security must be deposited within forty-eight hours after the sale, and may at any time after the expiration of the contract period be applied by the City to the cost of completing any work required under the contract but unfinished at the expiration of the contract period.

All the buildings, structures and parts thereof, their fixtures and foundations, of every class and description, within the described area, are to be torn down to the existing curb level, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings or appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will without notice to the purchaser cause the same to be removed and the costs and expenses thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they, or any of them, be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

And it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a sale at public auction, at the request of the Board of Education, of buildings situated upon property acquired on the southwest corner of Prospect avenue and One Hundred and Seventy-sixth street, Borough of The Bronx, and on the northeast corner of Hester and Baxter streets, Borough of Manhattan:

December 17, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

The Lehigh Valley Railroad Company to have the privilege of erecting upon the uncovered portion of said pier a shed, and it shall also have the privilege of erecting upon said bulkhead a shed extending from the bulkhead line inshore a distance of 50 feet; said sheds to be erected in accordance with plans and specifications to be submitted to and approved by the Commissioner of Docks.

The rental for the premises above described and for the sheds and appliances appurtenant thereto to be at the rate of \$65,000 per annum.

The lease to provide for one renewal term of ten (10) years, rental for the renewal term to be at an advance of 10 per cent. on the rental for the preceding term.

The lease to provide that the lessee shall keep said sheds, together with the appliances appurtenant thereto, in good condition and repair, to the satisfaction of the Commissioner of Docks.

The remaining terms and conditions of the lease to be similar to those contained in the printed form of lease now in use by this Department.

The remaining terms and conditions of the lease to be similar to those contained in the printed form of lease now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated December 17, 1907.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks recommending a lease to George E. Paul, of the privilege of erecting and maintaining a dumping board on the bulkhead between Ninety-fourth and Ninety-fifth streets, East river, Borough of Manhattan:

December 16, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—I beg to advise you that after advertisement in the CITY RECORD and various newspapers, sealed bids were this day received and opened for the leasing of the privilege of erecting and maintaining a dumping board on the bulkhead between Ninety-fourth and Ninety-fifth streets, East river, Borough of Manhattan, the bids received being as follows:

O'Brien Brothers, Incorporated, per annum.....	\$2,400 00
Albert H. Hastorf, per annum.....	3,925 00
T. A. S. Sheridan Company, per annum.....	4,175 00
George E. Paul, per annum.....	4,665 00

After due consideration I am of the opinion that the interests of the City will be best served by the granting of a lease to George E. Paul, of No. 120 Broadway, Borough of Manhattan, the highest bidder, and I therefore recommend that a resolution be adopted by the Commissioners of the Sinking Fund authorizing and approving of the execution of a lease to George E. Paul of the following described wharf property, to be used for dumping board purposes:

Beginning at a point near the intersection of the southerly line of East Ninety-fifth street with the bulkhead wall, thence running southerly along the face of the bulkhead wall, a distance of about 197 feet; thence running westerly at right angles to said wall a distance of about 22 feet; thence running northerly parallel to the bulkhead wall a distance of about 84 feet; thence running northeasterly a distance of about 6 feet to a point 18 feet westerly and at right angles from the bulkhead wall; thence running northerly and parallel with the bulkhead wall a distance of about 109 feet; thence running easterly a distance of about 18 feet to the point of beginning; together with an overhang to the southerly end of same, extending about 18 feet outshore or easterly from the face of the bulkhead wall, and extending from the southerly side of the aforesaid structure northerly and parallel with the bulkhead wall a distance of about 85 feet.

The lease to be for a term of five years, beginning on a date ten days after the approval of the lease by the Commissioners of the Sinking Fund, rental to be at the rate of \$4,665 per annum.

The lessee shall have the privilege of erecting and maintaining, during the term of the lease, on wharf property contiguous to the above described premises, the necessary runways, ramps and approaches to the dump, such wharf property, under the jurisdiction of this Department, as may be required for such runways, ramps and approaches necessary for the operation of the dump, to be set aside for the purpose. The plans and specifications for the dump, runways, ramps and approaches are to be submitted to and approved by the Engineer-in-Chief of this Department, and any and all structures erected under the terms of the lease shall revert to and become the property of The City of New York at the expiration or sooner termination of the lease.

The lease will contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department, including a covenant that the lessee shall, at all times do such dredging, from time to time, during the term of the lease, as may be considered necessary and proper by the Commissioner of Docks, in the basins or slips or waters adjacent to the leased premises, and that the lessee will maintain the structures erected under the provisions of the lease during the term of the lease in good condition, and will make repairs thereto whenever so ordered by the Commissioner of Docks.

The lessee will also be required to furnish a bond for the faithful performance of the covenants and conditions of the lease in the sum of double the annual rent.

A similar privilege was advertised in June, 1903, when bids were received ranging from \$2,750 per annum to \$3,650 per annum, the result of which was the granting of a lease to the Manhattan Transport Company, the highest bidder, at a rental of \$3,650 per annum for a term of five years to August 1, 1908, but the failure of said company to pay rent for the privilege necessitated the cancellation of the lease.

It will be noted that under the terms of the proposed lease to George E. Paul all structures erected by the lessee will become the property of The City of New York at the expiration or sooner termination of the lease.

Very respectfully, your obedient servant,

J. A. BENSEL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

December 17, 1907.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks, of a lease to the Ocean Steamship Company, of Savannah, of the following described property:

Lot No. 1. The bulkhead between Piers (new) 34 and 35, near foot of Canal street, North river.

Lot No. 2. Land under water on the southerly side of Pier (new) 35, North river, bounded and described as follows:

Beginning at a point in the present bulkhead line where the southerly side of Pier (new) 35, North river, intersects the same; running thence westerly along the southerly side of Pier (new) 35, North river, for a distance of 100 feet; thence south-

erly and parallel with said bulkhead line for a distance of 25 feet; thence easterly and parallel with the southerly side of said Pier (new) 35, North river, a distance of 100 feet to the said bulkhead line; thence northerly and along said bulkhead line to the point or place of beginning.

The lease to begin when Pier (new) 34, North river, is vacated by the present lessee and shall be for a period co-terminus with the existing lease to the Ocean Steamship Company of Pier (new) 35, North river, viz., May 1, 1913.

Upon the commencement of the lease hereby granted and the vacating of Pier (new) 34, North river, by the present lessee, the Ocean Steamship Company, of Savannah, shall have the entire use of the waters of the slip between Piers (new) 34 and 35, North river, it being understood and agreed that in the new lease of Pier 34, North river, to the Lehigh Valley Railroad, said Company shall not have the right to collect wharfage, nor to use the northerly side of said Pier (new) 34. The lessee shall have the privilege of erecting and maintaining during the term of the lease, or renewal thereof, a platform upon the land under water described above as Lot No. 2, and shall have the privilege of erecting and maintaining during the period of the lease, or any renewal thereof, upon said platform, and also upon the bulkhead described above as Lot No. 1, sheds, said sheds to be erected in accordance with plans and specifications to be submitted to and approved by the Commissioner of Docks; said sheds to revert to and become the property of The City of New York at the expiration or sooner termination of the lease.

The rental for the premises described as Lots Nos. 1 and 2 shall be at the rate of fifteen thousand dollars (\$15,000) per annum. The lessee shall have the privilege of renewal for a further term of ten years, rental for the renewal term to be at an advance of 10 per cent. over the preceding term. The remaining terms and conditions of the lease to be similar to those contained in the printed form of lease now in use by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated December 17, 1907.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a lease of premises at the junction of Manhattan street, Amsterdam avenue and One Hundred and Twenty-sixth street, Borough of Manhattan, for the use of the New Seventh District Municipal Court:

December 2, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In accordance with the provisions of an act passed by the last Legislature, known as chapter 603 of the Laws of 1907, the fourteen Municipal Court Districts in the Borough of Manhattan were reduced to nine.

The new First was made up of the old First, Second and Third.

The new Second was made up of the old Fourth, Fifth and Thirteenth.

The new Third was made up of the old Eighth and Tenth.

The new Fourth was made up of the old Sixth and Seventh.

The new Fifth was made up of the old Twelfth.

The new Sixth was made up of the old Seventh (part) and Ninth (part).

The new Seventh was made up of the old Eleventh.

The new Eighth was made up of the old Ninth.

The new Ninth was made up of the old Fourteenth.

Section 15 of said act reads as follows:

"The board of estimate and apportionment of the city of New York may meet at any time to provide for the increase of salary of the justices of the municipal court of the city of New York for the remainder of the year nineteen hundred and seven, for the expense of equipping the courts in the districts as rearranged by this act. The commissioners of the sinking fund of this city shall provide by purchase, lease or otherwise suitable quarters for the courts in such districts, and the comptroller of said city without the concurrence of any board, officer or authority in said city shall provide the necessary funds for the purpose aforesaid by the sale of revenue bonds of said city, to the end that the payment of the increased salaries aforesaid may be made and the said courts be fully provided for and equipped for full and effective operation on the first day of January, nineteen hundred and eight."

The new Seventh District is the old Eleventh District, and is located at Manhattan street, Amsterdam avenue and West One Hundred and Twenty-sixth street, Borough of Manhattan. There is already a court room in this building, the lease of which was approved by the Commissioners of the Sinking Fund on February 29, 1904, and on October 21, 1904. The area of the floor space approved by the Commissioners at that time was 5,000 square feet, at an annual rental of \$5,000, payable quarterly; the lessor to furnish light, heat and janitor service.

The proposition of the justices who are to preside in this court is to take the balance of the frontage along Manhattan street, extending from the present library down to, but not including, the office which is leased to other people, and which is at the junction of Amsterdam avenue and Manhattan street; also to take the additional room on the other side of the hall, fronting on West One Hundred and Twenty-sixth street, and to give up the room in the old lease which is used now as a clerk's private office. This will provide a very large clerk's room, rooms for the judges' chambers, a stenographer's room, and a rearrangement of the one court room into two large court rooms. The present record room is to be made a jury room and a new record room is to be made out of the janitor's quarters. It is also the intention of the judges to lease the present bath room attached to the janitor's quarters as their private toilet room. This would add to the present floor space about 1,317 square feet, and by the releasing of the present clerk's private office will practically release 220 square feet, or \$330.

The owners, who are to make all of the alterations and repairs, and to furnish light, heat and janitor service, as was done in the existing lease, state that the present rental that they receive for the rooms which are to be vacated for the use of the court room is \$160 a month, or \$1,920 per annum; that it is going to cost a great deal of money to make these alterations in the present court room and to take down and rearrange all the partitions in the clerk's room and the judges' chambers; that they think they should receive the sum of \$2,500 per annum as rent for these rooms and as compensation for these alterations and changes. From this should be deducted the sum of \$330 per annum for the room which the City will give up.

I am of the opinion that under the circumstances the price asked, while full value, is not excessive. I would therefore respectfully recommend that the Commissioners of the Sinking Fund approve of the lease of the entire second floor in the building on the southwest corner of Amsterdam avenue and One Hundred and Twenty-sixth street, Borough of Manhattan, with the exception of the office at the junction of Manhattan avenue and West One Hundred and Twenty-sixth street, and the room now occupied under the old lease as a clerk's private office, and the public toilet room, at an annual rental of \$7,170, payable quarterly; the lessors to alter the present arrangement of the rooms so as to make two court rooms, one jury room, one record room, one stenographer's room, proper judges' chambers and clerk's room, and to do all the necessary work, furnishing all labor and material at their own expense. The lessors to furnish light, heat and janitor service. The lease to run for a period of five years from January 1, 1908, with the privilege of renewal for a like period upon the same terms and conditions, and that when the present City lease in said building, which was approved by the Commissioners of the Sinking Fund at a meeting held February 29, 1904, and October 21, 1904, shall have been surrendered and cancelled, the Comptroller be directed to enter into a new lease upon the terms and conditions as hereinbefore mentioned.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the New York Operating Company, of the entire second floor in the building at the junction of Manhattan street and Amsterdam avenue and One Hundred and Twenty-sixth street, Borough of Manhattan, with the exception of the office at the junction of Manhattan street and West One Hundred and Twenty-sixth street, and the room now occupied under the old lease as a Clerks' private office and the public toilet room, for use of the new Seventh District Municipal Court, for a period of five years, from January 1, 1908, with the privilege of renewal for a like period upon the same terms and conditions, at an annual rental of seven thousand one hundred and seventy dollars (\$7,170), payable quarterly, the lessor to furnish light, heat and janitor service and to alter the present arrangement of the room so as to make two courtrooms, one jury room, one record room, one Stenographers' room, proper Judges' chambers and Clerks' room, and to do all the necessary work, furnishing of labor and material at their own expense. The lease to contain a clause providing for the surrendering and cancellation of the existing lease of the premises occupied in said building by the Eleventh District Municipal Court upon the execution and delivery of this lease; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller offered the following resolutions to designate the places where the First and Sixth District Municipal Courts shall be held on and after January 1, 1908:

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby designate the second floor of the building at the northwest corner of Third avenue and Eighty-third street, Borough of Manhattan, as the place for the holding of the new Sixth District Municipal Court on and after January 1, 1908.

Which resolutions were severally unanimously adopted.

The following communication was received from the Board of Education relative to a lease of premises at No. 544 East One Hundred and Forty-seventh street, Borough of The Bronx:

The following resolution is submitted for adoption:

In connection therewith the Comptroller presented the following report and offered the following resolution:

December 16, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education, in a communication addressed to this Department under date of December 12, 1907, requests that the Commissioners of the Sinking Fund authorize a lease of the store floor, yard and portion of the cellar of the premises No. 544 East One Hundred and Forty-seventh street, Borough of The Bronx, as an annex to Public School 27, at St. Ann's avenue, for a period from January 1, 1908, to July 1, 1909, with the privilege of renewal for either one or two years, at the option of the City, at a rental of \$51 a month, payable quarterly; the lessor to furnish light, make exterior repairs, leave cabinet and mirrors on east wall and be responsible for breakage of same, also take paper off walls and ceiling and give the walls and ceiling one coat of paint, and make such sanitary alterations as may be required by the Department of Health. Owner, John Kicherer, No. 544 East One Hundred and Forty-seventh street.

After an examination, I have to report that this is the store floor in a 3-story frame building 25 by 55 feet, on a lot 25 by 100 feet, on the south side of One Hundred and Forty-seventh street, opposite Public School 27, at St. Ann's avenue. The store is well lighted front and rear and has gas. The owner is to furnish light, but the City must provide heat and janitor service. The rental asked, \$51 a month, while full value, is not excessive, and I would respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the store floor, yard and front portion of the cellar of the premises No. 544 East One Hundred and Forty-seventh street, Borough of The Bronx, as an annex to Public School 27, for a period from January 1, 1908, to July 1, 1909, with the privilege of renewal for either one or two years, at the option of the City, at a rental of \$51 a month, payable quarterly; the lessor to furnish light, make exterior repairs, leave cabinet and mirrors on east wall and be responsible for breakage of same; also take paper off walls and ceiling, give the walls and ceiling one coat of paint, and make such sanitary alterations as may be required by the Department of Health. Owner, John Kicherer.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

of fifty-one dollars (\$51) per month, payable quarterly; the lessor to furnish light, make exterior repairs, leave cabinet and mirrors on the east wall and be responsible for breakage of same; also take paper off walls and ceiling, give the walls and ceiling one coat of paint and make such sanitary alterations as may be required by the Department of Health; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of four lots on West One Hundred and Thirtieth street, Borough of Manhattan, for use of the Department of Street Cleaning:

December 13, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Walter Bense, M. D., Commissioner of the Department of Street Cleaning, in a communication addressed to the Commissioners of the Sinking Fund under date of September 26, 1907, requests a renewal for one year from November 30, 1907, of the lease from Alexander Walker and Frank E. Wise (of No. 441 Columbus avenue) of the four lots on West One Hundred and Thirtieth street, numbered 56, 57, 58 and 59, in block 1996, Borough of Manhattan, at an annual rental of \$1,800, payable quarterly; the lessors reserving the right to use the fences or let them for advertising purposes, it being understood that the lessors will keep so much of the said fences in good repair as they so reserve, and that the City will keep the remainder of the fences in good repair, otherwise upon the same terms and conditions as contained in the existing lease.

After an examination I have to report that this is a vacant plot on the south side of West One Hundred and Thirtieth street, 125 feet east of Twelfth avenue, and measures 100 feet on One Hundred and Thirtieth street by 120 feet 11 inches by 111 feet 7 inches on Manhattan street, by 71 feet 8 inches, and is used as a storage yard by the Street Cleaning Department. The rent asked is an advance of \$300 a year, but is in my opinion fair and reasonable.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the vacant premises known as Lots Nos. 56, 57, 58 and 59, in Block 1996, Borough of Manhattan, for a period of one year from November 30, 1907, at an annual rental of \$1,800, payable quarterly; the lessors reserving the right to use the fences or let them for advertising purposes, it being understood that the lessors will keep so much of the said fences in good repair as they so reserve, and that the City will keep the remainder of the fences in good repair, the terms and conditions otherwise to be the same as contained in the existing lease. Lessors, Alexander Walker and Frank E. Wise.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

A communication was received from the President of the Department of Taxes and Assessments relative to the leasing of a building to be erected in Jamaica, Borough of Queens, for the use of the Department of Taxes and Assessments, the Receiver of Taxes and the Collector of Assessments and Arrears.

On motion, the matter was referred back to the Comptroller to be reported on at the next meeting and the Secretary was requested to inform the President of the Department of Taxes and Assessments that the Board views his propositions sympathetically.

The following communication was received from the Commissioner of the Department of Correction turning over to the Commissioners of the Sinking Fund the steam launch "The Bronx":

December 14, 1907.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund:

DEAR SIR—The Commissioner of the Department of Public Charities requests that the steam launch "The Bronx," now under the jurisdiction of and operated by the Department of Correction as a ferry-boat between Seventieth street, East river, and the Workhouse dock, Blackwell's Island, be transferred to his Department. The reason for such request is that the boat carries a greater number of passengers for the Department of Public Charities than for the Department of Correction, making it desirable to have the ferry service carried on by the Department of Public Charities.

I believe that the transfer of this boat, as requested by the Commissioner of Public Charities, will be in the interests of the City, and in order that the assignment may be made I hereby turn over to the Commissioners of the Sinking Fund the steam launch "The Bronx," the same being no longer required for the uses and purposes of the Department of Correction.

Respectfully yours,

JOHN V. COGGEY, Commissioner.

The Comptroller presented the following report and offered the following resolution relative to the assignment of the steam launch "The Bronx," to the Department of Public Charities:

December 4, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. John V. Coggey, Commissioner of the Department of Correction, requests the Commissioners of the Sinking Fund to transfer the steamer "The Bronx," now under charge of his Department, to the control of the Department of Public Charities, the transfer to be made on the condition that the ferry service is to be continued as at present, between the foot of East Seventieth street and the workhouse dock at Blackwell's Island, and Hon. R. W. Heberd, Commissioner of the Department of Public Charities, in a communication dated November 29, states that with the consent and approval of the Commissioner of Correction, he respectfully requests that the steam launch "The Bronx," now owned and operated by the Department of Correction on the ferry between Seventieth street, East river, and the storehouse dock at Blackwell's Island, be transferred to his Department, the reason for the request being that the boat carries a greater number of passengers for the Department of Public Charities than for the Department of Correction, making it seem desirable to have the ferry service carried on by the Department of Public Charities.

I would respectfully recommend that the Commissioners of the Sinking Fund accept the steam launch "The Bronx" from the Department of Correction, and assign the same to the Department of Public Charities, with the understanding that the ferry

service be continued as at present between the foot of East Seventieth street, East river, and the workhouse or storehouse dock, Blackwell's Island.

The reason for this request is that the boat carries a much greater number of passengers for this Department than for the Department of Correction, making it seem desirable to have the ferry service carried on by the Department of Public Charities.

Respectfully yours,
ROBERT W. HEBBERD, Commissioner.

Which resolution was unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to the designation of places where the several Municipal Courts shall be held on and after January 1, 1908:

December 23, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Prior to the adoption of chapter 603 of the Laws of 1907, there were fourteen municipal court districts in the Borough of Manhattan. Upon the approval of this act of the Legislature by the Governor, July 18, 1907, the fourteen municipal court districts in the Borough of Manhattan were reduced to nine, and additional judges were elected at the last general election. The new municipal court districts to take the place of the old are as follows:

The new First District is to occupy leased premises at Nos. 66 to 72 Lafayette street, and comprises the old First, Second and Third Districts. The new First District has already been designated by the Commissioners of the Sinking Fund at a meeting held December 18, 1907, and no further action need be taken thereon.

The new Second District comprises the old Fourth old Fifth and old Thirteenth Districts.

The new Third District comprises the old Eighth and old Tenth Districts.

The new Fourth District comprises the old Sixth and part of the old Seventh Districts.

The new Fifth District is the old Twelfth District.

The new Sixth District comprises part of the old Seventh and part of the old Ninth Districts, and is located on the northwest corner of Eighty-third street and Third avenue. The new Sixth District has already been designated by the Commissioners of the Sinking Fund at a meeting held December 18, 1907, and no further action need be taken thereon.

The new Seventh District is the old Eleventh District.

The new Eighth District comprises the balance of the old Ninth not included in the new Sixth.

The new Ninth District is the old Fourteenth District.

The judges of the Municipal Court of the Borough of Manhattan, at a meeting held December 9, 1907, adopted the following resolution:

"Resolved, That the Board of Justices of the Municipal Court of The City of New York do hereby certify that the public convenience requires additional space for holding Court in the First, Second, Third and Fourth Districts, as the same will be constituted on and after January 1, 1908, and do hereby respectfully request the Commissioners of the Sinking Fund to provide the present Third District Municipal Court Room in the Jefferson Market Building, likewise No. 30 First street, No. 154 Clinton street, the Grand Opera House Building, the present quarters of the Eighth District Municipal Court; also No. 407 Second avenue, corner of Twenty-third street and No. 128 Prince street, the present quarters of the Sixth District Municipal Court and the First District Municipal Court respectively, as such additional places for temporary purposes only; and be it further

"Resolved, That the Board of Justices respectfully request the Sinking Fund Commissioners as soon as possible to make provision for the establishment in each Municipal Court District in a central location of a proper and suitable Municipal Court Building to be owned or leased by the City, in which may be contained all the parts of the Municipal Courts in the respective districts."

It seems from the above resolution that although the old First District is included in the new First and new court rooms were provided, that the judges desire to still maintain rooms in several of the old court rooms.

I would therefore respectfully recommend that in accordance with the provisions of section 205 of the amended Greater New York Charter and section 17 of chapter 603 of the Laws of 1907, the Commissioners of the Sinking Fund adopt a resolution designating the southwest corner of Sixth avenue and West Tenth street, known as Jefferson Market, and No. 128 Prince street, as additional places where the new First District Municipal Court shall be held after January 1, 1908. That No. 264 Madison street, the northeast corner of Second avenue and First street, and No. 154 Clinton street, be designated as the place where the new Second District Municipal Court shall be held after January 1, 1908; that Twenty-third street and Eighth avenue, and No. 314 West Fifty-fourth street, be designated as the place where the new Third District Municipal Court shall be held after January 1, 1908; that No. 151 East Fifty-seventh street and Twenty-third street and Second avenue be designated as the places where the new Fourth District Municipal Court shall be held after January 1, 1908; that No. 2555 Broadway be designated as the place where the new Fifth District Municipal Court shall be held; that No. 70 Manhattan street be designated as the place where the Seventh District Municipal Court shall be held after January 1, 1908; that No. 170 East One Hundred and Twenty-first street be designated as the place where the new Eighth District Municipal Court shall be held after January 1, 1908; that No. 620 Madison avenue, corner of Fifty-ninth street, be designated as the place where the new Ninth District Municipal Court shall be held after January 1, 1908.

I would further recommend that a resolution be adopted that upon the vacation of the premises No. 59 Madison street, where the old Second District Municipal Court is designated to be held, the same shall be turned over to the Collector of City Revenue for the purpose of collecting such revenue as may be derived therefrom until the expiration of the said lease May 1, 1908.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraisal of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to a lease of the Penn-Fulton Hall, Nos. 29 and 31 Pennsylvania avenue, Borough of Brooklyn, for the use of the new Seventh District Municipal Court:

December 23, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—By an Act of the Legislature known as chapter 603 of the Laws of 1907, which became a law July 18, 1907, with the approval of the Governor, which Act was for the purpose of providing for the reorganization of the municipal courts in The City of New York and for changes in the district within the powers of said court in the practice therein and Clerks, and to regulate the salaries of the Justices thereof, one additional Justice was provided for the Second District of the Borough of Brooklyn as now constituted; one additional Justice for the Third District of the Borough of Brooklyn as now constituted; one additional Justice for the Sixth District of the Borough of Brooklyn as now constituted, and one additional Justice for the Seventh District as now constituted. Section 15 of said Act states:

"Section 15—The Board of Estimate and Apportionment of The City of New York may meet at any time to provide for the increase of salary of the Justices of the Municipal Court of The City of New York for the remainder of the year 1907, for the expense of equipping the courts in the districts as arranged by this Act. The Commissioners of the Sinking Fund of this City shall provide by purchase, lease or otherwise suitable quarters for the courts in such districts, and the Comptroller of said City, without the concurrence of any board, officer or authority in said City, shall provide the necessary funds for the purpose aforesaid by the sale of Revenue Bonds of said City, to the end that the payment of the increased salaries aforesaid may be made and the said courts fully provided for and equipped for full and effective operation on the 1st day of January, 1908."

It is proposed to supply three additional court rooms in the Borough of Brooklyn; one for the First District, located on Court and State streets, in the Borough, in a leased building; one for the Third District, No. 6 Lee avenue, Borough of Brooklyn, located in a City building; one for the Seventh District, located in a leased building, Nos. 29 and 31 Pennsylvania avenue.

In the building owned by the City there is now a Magistrate's court and a municipal court, and the Justice presiding in the Magistrate's court has agreed to make arrangements with the new municipal court Judge so that it will not interfere with the business of the court after January 1 next. It will then only be necessary to hire rooms for the Sixth and Seventh Districts.

Wherever practicable, it has been found more convenient to lease court rooms where the other courts are now carried on, and as to the Seventh District, Nos. 29 and 31 Pennsylvania avenue, the owners have offered to lease the entire first floor of the Penn-Fulton Building, comprising 4,760 square feet. The northerly half of the above floor space will be occupied as a court room for the trial of cases which will be sent to that Part from Part I., held upstairs; the southerly half, together with the annex, to be used as Clerks' rooms and record rooms.

The north room, now known as No. 29 Pennsylvania avenue, has a floor space of.....	2,050 square feet
The southerly half, known as No. 31 Pennsylvania avenue, has a floor space of.....	2,050 square feet
The annex has a floor space of.....	660 square feet

Total	4,760 square feet
-------------	-------------------

The owners of the building agree to change the two windows now in the northerly wall of the north half and make them four feet in width and seven feet in height, and also make two additional windows in the same north wall of like size, subject to the approval of the Building Department. In the easterly or rear wall of the north building, and directly behind the Judge's bench, they propose to place a glass door with proper storm shed, and to change the windows now in the said wall to make as large a single window with iron girder as the Building Department will approve. They also propose to construct a stairway from four to five feet wide from the court room directly above to the court room below, with the proper corridor space for the passage of the Judge from his chambers to the court below; also for the litigants and witnesses who will be sent to Part II. for the trial of their cases. They will also make in the wall now dividing the northerly and southerly half two entrances with swinging doors, providing four exits from the court room; also construct toilets for the Clerks and for the public. They will erect a storm door on No. 29 Pennsylvania avenue, at which place there will be an exit on the street from the court room, and will construct such ventilating windows as will be necessary. The present Clerk's room is now located on the second floor of the adjoining building, connecting with this building, and the owners propose to change this Clerk's room, after the Clerks have been removed to the new Clerks' room, into three rooms for the Justice; also a consulting room, and to provide a door connecting the exit on Fulton street with the entrance to the annex, so that it will not be necessary to pass out into the street to get into the rooms upstairs. They propose to furnish heat, light and janitor service for the premises and rent the same to the City at an annual rental of \$2,200. The rent now paid by the City for 5,875 square feet is \$2,500 per annum, or a trifle less than 43 cents per square foot, which lease was authorized by the Commissioners of the Sinking Fund December 13, 1905. The price named by the owners for the new addition is about 45 cents a square foot, and with the alterations and repairs and work to be done and the general increase in the rental value of property in this vicinity the price asked is not excessive. I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution that upon the surrender and cancellation of the lease authorized by the Commissioners of the Sinking Fund at a meeting held December 13, 1905, entered into January 15, 1906, for the use of the second floor of the premises Nos. 29 and 31 Pennsylvania avenue, Borough of Brooklyn, that the Comptroller be directed to enter into a lease with the Penn-Fulton Company for the entire second floor, size 54 by 110 feet, with the common use of the public hallway and stairway, in the building known as the Penn-Fulton Hall, Nos. 29 and 31 Pennsylvania avenue, and the adjacent ante-rooms in the annex building, No. 2649 Fulton street, Borough of Brooklyn, containing in area 5,875 square feet together with the north half of the first or street floor of the Penn-Fulton Building, known as No. 29 Pennsylvania avenue, having a floor space of 2,050 square feet; the southerly half of the same floor, known as No. 31 Pennsylvania avenue, containing 2,050 square feet, and the annex or store floor, No. 2643 Fulton street, containing 660 square feet, the owner to make all of the alterations and repairs necessary to fit the building for court room purposes, and to rearrange the rooms upstairs for the Justice's chambers and consultation rooms, and that when the rooms are placed in suitable condition to keep the same in tenantable condition for a period of five years from January 1, 1908, at an annual rental of \$4,700, payable quarterly, and in addition thereto to furnish light, heat and janitor service. Lessor, Penn-Fulton Company.

I would further recommend that the Commissioners of the Sinking Fund adopt a resolution in accordance with section 205 of the amended Greater New York Charter and section 17 of chapter 603 of the Laws of 1907 that the Penn-Fulton Hall

be designated as the place where the Seventh District Municipal Court shall be held after January 1, 1908.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Penn-Fulton Company, of the entire second floor, size 54 by 110 feet, with the common use of the public hallway and stairway in the building known as the Penn-Fulton Hall, Nos. 29 and 31 Pennsylvania avenue, and the adjacent ante-rooms in the annex building, No. 2649 Fulton street, Borough of Brooklyn, containing in area 5,875 square feet, together with the north half of the first or street floor of the Penn-Fulton Building, known as No. 29 Pennsylvania avenue, having a floor space of 2,050 square feet, the southerly half of the same floor, known as No. 31 Pennsylvania avenue, containing 2,050 square feet, and the annex or store floor at No. 2643 Fulton street, containing 660 square feet, for the use of the new Seventh District Municipal Court, Borough of Brooklyn, for a period of five years from January 1, 1908, at an annual rental of forty-seven hundred dollars (\$4,700), payable quarterly; the owner to make all of the alterations and repairs necessary to fit the building for court purposes, and to rearrange the rooms upstairs for the Justices' chambers and consultation rooms, and that when the rooms are placed in suitable condition, to keep the same in tenable condition, and in addition thereto to furnish light, heat and janitor service; the lease to contain a clause providing for the surrendering and cancellation of the lease authorized by the Commissioners of the Sinking Fund at meeting held December 13, 1905, entered into January 15, 1906, for the use of the second floor of premises Nos. 29 and 31 Pennsylvania avenue, Borough of Brooklyn, upon the execution of this lease; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, and section 17 of chapter 603 of the Laws of 1907, the Commissioners of the Sinking Fund hereby designate the Penn-Fulton Hall, known as Nos. 29 and 31 Pennsylvania avenue, Borough of Brooklyn, as the place where the Seventh District Municipal Court, Borough of Brooklyn, shall be held on and after January 1, 1908.

The report was accepted and the resolutions severally unanimously adopted.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission, First District, No. 320 Broadway, New York City:

DEAR SIR—Referring to the public hearing before your Honorable Commission on Thursday, July 18, in regard to the removal of the tracks of this company from the grade of the streets and avenues on the west side of the Borough of Manhattan, I beg to relate, for the information of the Commission, the recent history of this matter.

In January, 1906, Senator Saxe introduced in the Legislature a bill having for its object the removal of these tracks from grade. The bill passed both houses and in due course was placed upon the statute books as chapter 109 of the Laws of 1906. With the provisions of this law the Commission is undoubtedly familiar. It might be stated, however, that the railroad company, while conceding that the professed purpose of the bill (the removal of the tracks from the grade of streets and avenues) was good and should be accomplished, insisted that the bill itself was bad in form

and substance, and that under it the company would not be protected in making the large investment which would be required. On these grounds it opposed the bill vigorously, not only in the Legislature, but before the Mayor of The City of New York and the Governor of the State. Although the bill received the executive approval of both these officials, that they were not wholly convinced of its soundness is indicated by their comment in extending such approval. Mayor McClellan, in accepting the bill for the City, said:

"While many of the provisions of the proposed bill are open to criticism, and while there are some doubts as to whether its enactment will accomplish the object which is sought, I consider that it is a step in the right direction, and therefore have no hesitation in accepting it on behalf of The City of New York."

The late Governor Higgins, in the memorandum filed upon signing the bill, apparently concedes that it is unconstitutional in some respects, and says that he is "not seriously concerned with the engineering problems presented in the plan for the proposed subway." Senator White, Chairman of the Committee on Affairs of Cities, which had charge of the bill in the Senate, in reporting it said:

"This bill was framed to meet a public emergency, but it is a very radical bill. On account of its drastic terms I fear it will lead to endless litigation. This will delay the improvement that is so much needed. Also, I believe that in passing this bill we are establishing a dangerous precedent—that the Legislature should arbitrarily determine how a great piece of engineering work must be done. We have not sufficient competent engineering knowledge to be able to determine such a purely technical question. However, it seemed impossible to amend the bill, and I shall not oppose it."

Chapter 109 of the Laws of 1906 became a law on March 26, 1906. On June 11, 1906, William H. Newman, the President of this company, wrote to Hon. Alexander E. Orr, President of the Board of Rapid Transit Railroad Commissioners, to which body was committed the execution of the provisions of that law, assuring him that the attitude of the company and its officers would be to at all times facilitate the work of the Board in carrying out the duties imposed upon it by the statute in question, and offering the cooperation of the company.

The Board having directed its Chief Engineer, Mr. George S. Rice, to proceed with the work of making the plans mentioned in the Act, he undertook that work, the railroad company cooperating in every possible way, and on November 14, 1906, his report was presented to the Board. In that report he substantially found that it was both impracticable and undesirable to carry out the provisions of chapter 109. With reference to that part of the line between Seventy-second street and Spuyten Duyvil, where the railroad is on its own private right-of-way, Mr. Rice said:

"It would be a far more practicable method of dealing with the subject to have the tracks remain at the present elevation, except at the crossing of Manhattan Valley, between One Hundred and Twenty-ninth and One Hundred and Thirty-eighth streets, where I should propose to elevate the tracks. At the other street crossings of this portion of the route, I should propose to elevate the streets and have the same cross above the railroad tracks, and from the west side of the railroad each street would go down on an incline parallel to the railroad until it reached the level of the wharves or piers along the river front. The above seems to be the most practical mode of avoiding any grade crossing of streets and railroad tracks for this portion of the route, although it will require an amendment to the Act; but such amendment would not appear to be inconsistent with the main purpose of the Legislature.

"Subways at these crossings could be built, but the expense would be very great, and it does not seem to be a desirable thing to do, as the main object of the Act can be obtained at a much lower expense."

Concerning the tracks south of Fifty-ninth street, where the railroad company desired to build an elevated structure, Mr. Rice said:

"The reason for this preference is obvious, as besides being cheaper to build, such a road would offer opportunities for convenient connections to the river piers, involving better facilities for taking care of the river traffic than any other way.

"Mr. William Barclay Parsons recommended an elevated railroad along the river front in his report to the Rapid Transit Board dated February 19, 1903."

Some of the disadvantages of the subway plan may be learned from the following comment in Mr. Rice's report:

"In considering the practical working of a subway railroad in connection with the piers along the Hudson river, it is to be observed in every case, except at the railroad yard near Thirtieth street, the number of cars that can be operated in connection with any one pier must necessarily be governed by the length of the tracks located upon private property acquired for this purpose. The best method of getting up from the grade of the subway to the surface of the piers would be by a switch curving easterly into private property, and there forming a Y with a track leading westerly back towards the pier and over the surface of the subway and upon the surface of the street.

"In the lower part of the City, south of Bloomfield street, the blocks at right angles to the river are about 360 feet in length or less. With this length at our disposal, it would not be practicable to operate more than two cars at a time in connection with the piers, which, of course, would be slow and expensive.

"Connections with private enterprises along the road would be by a subway siding from the main line, and in many cases it would be necessary to acquire private property for this purpose. To connect such a subway siding with the surface, elevators would have to be used."

Upon the receipt of a copy of this report from the Rapid Transit Commissioners by the railroad company, the matter immediately became a subject of careful study and earnest consideration, and the position of the railroad company in respect thereto was stated in a letter written by President Newman to Mr. Orr on January 7, 1907. This letter is printed in full in the pamphlet inclosed.

Thereupon the Rapid Transit Commissioners appointed a Committee, consisting of Mayor, Mr. Morris K. Jesup and Mr. Charles Stewart Smith, to consider the subject with the representatives of the railroad company. This Committee, with Mr. George L. Rives, Counsel of the Board, and Mr. J. A. Bensch, Commissioner of Docks, took up with the officials of the railroad company the discussion of the subject of the removal of the tracks in Eleventh Avenue, and after numerous interviews agreed upon a plan whereby the tracks between Thirtieth and Sixtieth streets were to be placed in a subway; north of Sixtieth street yard, from Seventy-second street to Spuyten Duyvil, in accordance with the plan suggested by Chief Engineer Rice, the tracks were to remain at their present grade, except across Manhattan Valley, where they were to be elevated; and the situation south of Thirtieth street was reserved for further consideration. This Committee reported its agreement to the full Board on February 25, 1907, and its report was unanimously adopted.

On February 19, 1907, the Mayor, in a letter addressed to the President of the railroad company, after stating that the general features of the plan agreed upon seemed to be satisfactory and fair to the City, asked for assurance that in case of the enactment of proper legislation the railroad company would promptly proceed with the execution of the work contemplated. Such assurance was contained in the letter of President Newman to the Mayor, dated February 20, 1907.

A bill designed to authorize the plan thus agreed upon was drafted by Mr. Rives and submitted to the Rapid Transit Board on March 14, 1907, and on that date the Board, having previously held several public hearings, and being assured by the representatives of the so-called Committee of Fifty that it was satisfactory to their association, unanimously approved the said draft. On March 18, 1907, the bill, so approved, was introduced in the Senate by Senator Saxe, as No. 871, and in the Assembly by Assemblyman Bohan, as No. 1621. After various amendments offered had been rejected, the bill was passed by the Senate in substantially the same form in which it had been introduced, but as No. 1598. When the bill was sent to the Assembly, opposition from the so-called Committee of Fifty and from other organizations developed, and because of that opposition it was not reported by the Committee having it in charge, and so it failed to become a law.

The Public Service Commission is the successor of the Rapid Transit Board, and it now devolves upon it to take up the Eleventh Avenue problem for consideration and solution. The Act which establishes the Commission provides that the Commission shall make recommendations to the Legislature as to legislation as, in its judgment, may be required to meet the different conditions with which it has to deal. If, therefore, after looking into the matter, the Commission and the railroad company shall agree as to what should be done, the Commission may, pursuant to the statute, recommend to the Legislature at its next session the enactment of such a statute as will authorize the carrying out of the agreement.

The solution of the problem is of vital importance to a great many interests and should be arrived at only after the most thorough investigation and full and intelligent consideration of the facts and conditions as they exist.

Commercial Interests.

It is a well known fact that the facilities for handling the commerce of this, the greatest seaport on the continent, are entirely inadequate and inferior to those of other ports. And by reason of that very fact the Port of New York is daily losing to other ports a great deal of business which should properly be its own. Too much stress cannot be laid upon the importance of providing New York with adequate terminal facilities, and the proper solution of the question now before your Commission would be a long stride in that direction.

Industrial Interests.

Entering into the situation, also, are the many large industries served by the tracks in question. These industries, employing thousands of men, have, at the expense of millions of dollars, established themselves where they are, solely because they either could get a side track to their plant or because of the advantageous facilities afforded by the tracks of the railroad company in receiving their raw materials and in shipping their finished products. These large investments were made in full faith that these facilities would continue to be afforded to them.

Municipal Interests.

That public safety and convenience require the removal of these tracks from the grade of the streets and avenues is at once conceded by all interests. That this end should be sought in an arbitrary manner, without reference to the requirements of the varied interests involved, is quite another matter. Any action which will not conserve all the interests involved will not be in the truly municipal interest. From the standpoint of municipal interest, a great many reasons might be advanced why an elevated line would be more advantageous than a subway. It could be completed in much less time than a subway, thereby affording earlier relief from the condition sought to be remedied; it would, in a considerable degree, obviate the confusion to street traffic necessarily attendant upon the tearing up of streets in subway construction, and it would undoubtedly enhance the value of adjacent property for warehouse and manufacturing purposes, affording, as it would, convenient shipping and receiving facilities.

Railroad Interests.

Some of the railroad interests to be considered are these:

(1) Engineer Questions—While the construction of a subway along the water front is not from an engineering standpoint impossible, the physical conditions along the water front south of Thirtieth street would render such construction exceedingly difficult and costly. Connections with the yards of the railroad and with the piers and private industries would not only be very difficult, but must necessarily be made at the grade of the streets by expensive construction.

(2) Traffic Questions—That the best interests of the vast traffic which is now moved over these tracks, would undoubtedly be better served by an elevated structure than by a subway is apparent. An elevated would require less investment on construction account, lower fixed charges, lower cost of maintenance and operation, and therefore less burden upon traffic. Such construction would facilitate the interchange of freight between land and water carrier and warehouseman than would be possible with subway operation. The present congested condition of the piers and water front generally would be relieved to a great extent by elevated construction by permitting the switching of cars from the main tracks onto an elevated spur track extending out over the pier, from which level freight might be loaded directly into the hold of the vessel. This would result in the saving of much needed space on the ground floor of the pier. This result, however, could not be obtained in subway construction; on the contrary, it would, in this already congested district, very materially complicate the handling of traffic.

(3) Operating Questions—In the handling of freight traffic, with its numerous switching operations, shunting of cars and the necessity of having trainmen located at different portions of the train, where they can give signals and examine cars and freight, their marks, numbers, etc., with reference to their disposition, an elevated line offers much better facilities for the efficient and safe handling of the business. Another very substantial objection to a subway for the handling of freight traffic, is the absence of proper facilities in the matter of space, light and air to enable the trainmen to promptly and safely handle this class of traffic. A further serious objection is that in the district mentioned, operation in a subway would be more or less subject to serious interruption and damage to freight in cars from floods on account of sewer and water main troubles, and from the fact that West street is periodically flooded throughout a foot or more in depth with water during abnormal high tides. This is liable (especially with the electrical operation contemplated) to result in very serious and protracted interruption to traffic, and there is a possibility of extensive damages to freight and to structure in general.

Much more might be said upon this whole subject, but the above set forth briefly a few of the more important considerations to be dealt with, and will, I trust, be of service to the Commission.

I take this opportunity of assuring the Commission of the continued co-operation of the railroad company and its officials, and to express the hope that the solution of this problem will result in an improvement which will meet the requirements of the many interests involved.

Yours respectfully,

(Signed) ALBERT H. HARRIS, General Counsel.

NEW YORK, July 25, 1907.

Public Service Commission for the First District, No. 320 Broadway, New York City:

GENTLEMEN—I desire to call your attention to the condition of what is known as the Coney Island and Bensonhurst and Fourth Avenue Subway.

Some two months ago the Board of Estimate and Apportionment, at a special meeting, passed a resolution authorizing the construction of this line from Chrystie street, Manhattan, over the Manhattan Bridge, through the Flatbush extension to Fourth avenue and down Fourth avenue to a point at or near Fortieth street, where two tracks diverge through Fortieth street to New Utrecht avenue; thence through Eighty-sixth street to Coney Island, and two tracks going from Fortieth street and Fourth avenue, down Fourth avenue to Fort Hamilton.

The Board authorized the construction of these routes at an expense not to exceed twenty-three million dollars (\$23,000,000), and pledged The City of New York to construct this subway.

At a meeting of the Rapid Transit Commission on June 27, 1907, the Chief Engineer reported that he had divided for the convenience of contractors the entire route into fourteen sections, of which five sections were all ready to advertise for public hearing upon the form of contract.

The Board thereupon ordered all the contracts to be prepared at the earliest possible date.

This has been done, and your Board is now advertising in the CITY RECORD for public hearing, the first five contracts.

I understand from the office of the Chief Engineer that the other nine contracts covering the entire route are ready. It is important that construction upon this route should all be under way at the same time so that practical relief will follow, and that the operation of trains can be speedily accomplished.

Therefore, in view of the fact that these other contracts are ready to go to the printer, I would suggest that your Board take such action upon the remaining contracts of the route as you have taken upon the first five, and order their completion

and advertise for public hearing, so that bids may be called for upon all the contracts at the same time.

Thanking you, I remain

Very respectfully yours,

(Signed) F. A. HUTSON,

President, Brooklyn, Bath Beach, Borough Park and Coney Island Improvement Association.

NEW YORK, July 23, 1907.

Public Service Commission, TRAVIS H. WHITNEY, Esq., Secretary, No. 320 Broadway, New York, N. Y.:

DEAR SIR—Yours, replying to my complaint relative to certain poles of the Union Railway Company on Jerome avenue, came duly to hand. I have also received this day a communication from the president of the Union Railway Company, agreeing to make this particular point safe. As soon as this is done, I shall be very glad to write the Commission, advising them that my complaint has been attended to. Meantime, I wish to express my great satisfaction at the prompt and efficient action taken on this matter by the Commission.

Yours very truly,

(Signed) W. W. NILES.

The following communications from Hermann G. Friedmann as to retransfers from One Hundred and Thirty-third, One Hundred and Thirty-eighth and One Hundred and Forty-third streets, Third avenue elevated, to One Hundred and Forty-ninth street subway; inadequate station platforms, One Hundred and Thirty-eighth and One Hundred and Forty-ninth streets, Third avenue elevated; St. Ann's avenue (The Bronx) trolley, and Southern boulevard (The Bronx) trolley service, were received:

Public Service Commission, No. 320 Broadway, Borough of Manhattan, City:

GENTLEMEN—In behalf of the South Bronx Property Owners' Association, of which I am counsel, I am requested to take up the matter with you of compelling the Interborough Rapid Transit Company to issue transfers on a five-cent fare from One Hundred and Thirty-third, One Hundred and Thirty-eighth and One Hundred and Forty-third streets, Third avenue elevated stations, to the One Hundred and Forty-ninth street subway at Third avenue, running west into Manhattan. At the present time a traveler desiring to go from any point in the Borough of The Bronx south of One Hundred and Forty-ninth street to a section accessible to the subway along Lenox avenue, and south in Manhattan, must either walk to One Hundred and Forty-ninth street and Third avenue subway station, or else pay eight cents fare (by taking Third avenue elevated south and then transferring to Third avenue surface railroad system), or pay a double fare of ten cents (Third avenue elevated north to One Hundred and Thirty-third street and there an additional five-cent subway fare). This is a discrimination against the public in the southern part of The Bronx; since a traveler can travel from any portion of The Bronx north of One Hundred and Forty-ninth street and pass hence, via the subway, into Manhattan for a five-cent fare. Sometime ago the executive committee of this association took up this matter with the Interborough officials, and they advanced some ludicrous reasons why this could not be done.

A different colored transfer would solve the whole problem of protecting the railway company in every way.

I respectfully request, therefore, in behalf of the said association, that your Commission direct the Interborough Rapid Transit Company to issue such transfers at as early a date as possible.

Will you please be good enough to have me informed of the action your Commission has taken on this letter, and oblige,

Yours respectfully,

(Signed) HERMANN G. FRIEDMANN.

NEW YORK, July 25, 1907.

Public Service Commission, No. 320 Broadway, Manhattan:

GENTLEMEN—In behalf of the South Bronx Property Owners' Association, of which I am counsel, I am requested to call your attention to the inadequate station platforms at One Hundred and Thirty-eighth and One Hundred and Forty-ninth streets of the Third avenue elevated railroad. At One Hundred and Thirty-eighth street station there is only one stairway with two turns by which passengers can enter and leave the station. The traffic at this station is very heavy, more than 100 persons at times leaving each train at this station, and this large number, meeting an equal or perhaps larger number trying to reach the station platform, all by means of the one comparatively narrow, turning stairway, unnecessarily causes a great deal of inconvenience to the public. The railway company could easily provide adequate means of entrance and exit to the station by constructing an exit at the One Hundred and Thirty-seventh street end of the present platform, and if necessary, by extending the platform north from the southerly side of One Hundred and Thirty-eighth street to the northerly side of the street, and if necessary, to the southerly side of One Hundred and Thirty-ninth street, and put another entrance or exit on the northerly side of One Hundred and Thirty-ninth street, and if required, on the southerly side of One Hundred and Thirty-ninth street.

Similar improvement should be made at One Hundred and Forty-ninth street station, since the overcrowding and delay, by reason of inadequate entrances to and exits from the station platforms, cause there, as well as at One Hundred and Thirty-eighth street, serious delay, overcrowding and inconvenience to the public.

I would be much obliged if you would kindly notify me, in due course, what action your Commission has taken on this letter.

Respectfully yours,

(Signed) HERMANN G. FRIEDMANN.

NEW YORK, July 25, 1907.

Public Service Commission, No. 320 Broadway, Manhattan:

GENTLEMEN—About five years ago, the Union Railway Company laid trolley tracks in St. Ann's avenue, from the Southern Boulevard, where it operates the Southern boulevard trolley line, north to One Hundred and Sixty-first street and Third avenue, where it operates the Third avenue trolley line. Sometime after laying the said tracks, the company made application to the City Department of Water Supply, Gas and Electricity for permission to erect poles and string trolley wires along St. Ann's avenue. The Commissioner of that department referred the matter to the Corporation Counsel, who rendered an opinion to the effect that the Union Railway Company had no franchise, or, at any rate, had no right to operate a trolley line on this avenue, and the Commissioner was, consequently, not authorized to issue a permit to erect poles and string wires. Since the laying of these tracks, the above named association has been unremitting in its efforts to induce the Union Railway Company either to cure, if possible, any defects in its alleged franchise in said avenue, or to make application for a new franchise, so that it might operate its said line. The association met with a courteous reception of the officials of the Union Railway Company and various promises were given, but so far as I have been able to learn, the company has not taken any steps to put this line into operation, although its tracks are still located in the avenue.

Public necessity and convenience require that this line should be put into operation without delay, since it traverses a thickly populated section which is substantially dependent for transit facilities on the Southern boulevard and Third avenue trolleys and the Third avenue "L" system, which at many points along St. Ann's avenue are considerable distance away.

Pursuant to resolution and in behalf of said association, I respectfully request that your Commission look into this matter and direct the Union Railway Company to take such action as will permit it to obtain the consent of the proper authorities for the erection of poles and the stringing of wires along the avenue, and thereupon with due speed to erect such poles and to commence the operation of this line.

Kindly inform me what action the Commission has taken on this letter, and oblige,
Yours respectfully,
(Signed) HERMANN G. FRIEDMANN.

Public Service Commission, No. 320 Broadway, Manhattan:

GENTLEMEN—In behalf of the South Bronx Property Owners' Association, I desire to bring to your attention the poor service maintained by the Union Railway Company on its Southern boulevard (Bronx) line. Complaint is made that far too few cars are in use, and those which are being operated are run very irregularly. I am informed that the period between cars is sometimes 25 to 30 minutes, and that cars are invariably overcrowded.

Will you kindly look into this matter and advise me at your earliest convenience what action you have taken on this letter, and oblige,
Yours respectfully,

The Secretary presented the following communication from Hermann G. Friedmann as to inadequate means of transit between the Boroughs of Manhattan and The Bronx via existing elevated railroads, which, on motion, was referred to the Committee of the Whole:

2773
New York, July 24, 1907.

Public Service Commission, No. 320 Broadway, New York City:

GENTLEMEN—Pursuant to resolution of the South Bronx Property Owners' Association, composed of more than 250 real estate owners in the Borough of The Bronx, and of which association I am counsel, I am directed to call your attention to the very inadequate means of transit between the Boroughs of Manhattan and The Bronx via the existing elevated railroads. The overcrowding of stations and trains during the so-called rush hours in the morning and in the late afternoon is indecent and dangerous, and the Commissioners are respectfully requested to examine this problem as soon as possible and afford the people of The Bronx some adequate relief. I might add that the above association repeatedly brought to the attention of the Rapid Transit Commissioners the crying need of The Bronx for immediate relief in this regard, and if such relief can be more quickly obtained by permitting the third tracking of the existing east side elevated structures, the association is in favor of having that done, provided that action is promptly taken for the construction of at least one east side subway; since the present rate of increase of population in the Borough of The Bronx will, by the time a new subway is constructed and ready for operation, have so increased the number of travelers that the traffic will test to their fullest capacity the present elevated structure third tracked, and also any new subway or subways.

The lack of proper transit facilities above referred to is a very serious matter for property owners of The Bronx, because the present facilities are so poor that it has become difficult to secure tenants for houses there, and in many cases tenants have moved back to Manhattan from The Bronx, or else to New Jersey, rather than put up with the present disgraceful conditions of travel in The Bronx.

I respectfully request, therefore, that your Commission take up this matter without delay, and if you should think a public hearing necessary or require any further information, I shall be glad to co-operate with you in every possible way.

Please inform me in due course what action the Commission will take on this letter, and oblige,

Yours respectfully,

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, First District, No. 320 Broadway, New York City:

DEAR SIR—In respect to your letter of the 24th, beg to advise that the information contained in our letter of July 22 includes the Staten Island Railway as well as the Staten Island Rapid Transit Railway. The time table, daily, Sunday and Saturday special, of July 1, 1907, includes both lines. The passenger equipment is also used between the two lines as the business requires.

DEAR SIR—In response to your favor of the 24th, beg to advise that your letter of July 18 applies to the Staten Island Railway as well as the Staten Island Rapid Transit Railway, the same method of accounts and the same forms being used by both companies.

The Secretary presented the following communication from Louis Heaton Pink, which, on motion, was referred to the Committee of the Whole:

1014
New York, July 25, 1907.

To the Secretary of the Public Service Commission, No. 320 Broadway, New York City:

DEAR SIR—For two years the University Settlement, the East Side Civic Club and other East Side organizations have sought to secure the electrification of the numerous horse car lines which make slim pretence of serving the needs of that most congested section. In the spring of 1906 we appealed to the State Board of Railroad Commissioners. After a thorough investigation and a public hearing, that Board ordered the electrification of three of the four crosstown horse car lines below Fourteenth street (see pages 34-37, Report of Railroad Com., 1906). The railroad company refused to comply with the recommendations of the Railroad Commission. The Commission was powerless to enforce its orders.

Since your Board is the direct successor to the State Railroad Commission and is clothed with ample power to order a change in motive power, we desire to have you take up the matter of the electrification of these lines, and as soon as may be, remedy a disgraceful and intolerable situation.

The Franchise Bureau, upon our request, investigated into the validity of the franchises of these lines and its report, sent to the Corporation Counsel in January, 1907, may be of assistance to you.

Shall we prepare a formal petition or will your Board act on the matter as it now stands?

Very truly yours,
(Signed) LOUIS HEATON PINK.

The Secretary presented the following communications from Chief Engineer Rice, relative to stairways, which, on motion, were referred to the Committee of the Whole:

New York, July 25, 1907.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—Pursuant to the invitations to contractors covering the construction of the subway loop lines connecting the Brooklyn, Manhattan and Williamsburg bridges, it is provided:

"Entrances to the stations are intended to be placed within private property, rights in which will be acquired for the purpose." The contract and plans covering the station work have been prepared accordingly.

Herewith is a copy of a letter addressed to me under date of July 2, 1907, with reference to the entrance of Franklin and Leonard streets station, at the southeast corner of Franklin and Centre streets.

Several plans have been prepared indicating the different methods of providing for the entrance at this point, in order to meet the views of Mr. J. M. Jones, as far as practicable, within the terms of the plans and specifications. None of these plans are satisfactory to Mr. Jones. He desires that the stairway entrances be constructed on the sidewalk surface on Franklin street, immediately adjacent to his building, instead of through his property.

While it is entirely practicable to do this, the result will be to reduce the width of the sidewalk, between the stairway and the curb line, available for the use of pedestrians, to about six or seven feet.

Will you please inform me if it is the pleasure of the Commission to provide for the stairways, as suggested by Mr. Jones.

For your further information regarding this matter, I beg to refer you to Contract Drawings for Route No. 9-0-2.

I might add that if the plans are modified to meet Mr. Jones' views, the same question is likely to arise in connection with all other station entrances where the same are constructed through private property.

If the policy of constructing the entrances through private property is to be adhered to, the necessary steps will have to be taken to secure the easements required or to condemn the property to be used.

Respectfully,
(Signed) GEORGE S. RICE, Chief Engineer.

July 25, 1907.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—At a meeting of the Board of Rapid Transit Railroad Commissioners, held on April 18, 1907, a supplementary contract was authorized between John B. McDonald and The City of New York, covering the construction of an additional stairway entering the subway station at the southeast corner of One Hundred and Forty-ninth street and Third avenue.

Subsequently, to meet the views of Borough President Haffen of The Bronx, plans T-357 and T-361 were prepared showing another stairway entering the station at the southeast corner of One Hundred and Forty-ninth street and Third avenue, thereby providing for two new stairways at this point.

It is necessary that a new agreement be entered into between The City of New York and John B. McDonald providing for the construction of this second stairway. The money necessary to pay for both of these new stairways has already been provided for by authorization of the Rapid Transit Board on February 14, 1907, and the Board of Estimate and Apportionment on April 12, 1907.

Blue prints of plans covering the above mentioned stairways are attached hereto.

Respectfully,
(Signed) GEORGE S. RICE, Chief Engineer.

On motion, duly seconded, Commissioner Bassett offered the following:

Resolved, That the Rapid Transit Subway Construction Company, the contractor, under the terms of the contracts of The City of New York, dated July 21, 1902, and June 9, 1905, for the construction and operation of the Brooklyn-Manhattan Rapid Transit Railroad, be required to prosecute its work on and after July 29, 1907, both during the day and night on that portion of the route in Brooklyn between the intersection of Fulton street and Hanover place, and the intersection of Flatbush and Atlantic avenues, and to prosecute its work during the night only in so far as it involves the restoration of the street surface on Fulton street, between the westerly side of Adams street and the easterly side of Boerum place.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
MONDAY, JULY 29, 1907,
AT 320 BROADWAY,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis.

The following matters were considered:

The Secretary presented a communication from George S. Rice, Chief Engineer, with regard to telephone substation at Nos. 66-72 Lafayette street, which, on motion, was referred to the Committee of the Whole.

The Secretary presented a communication from H. L. Moxley & Company with regard to compensation for additional service rendered by employees of the building, No. 320 Broadway, to the Public Service Commission, which, on motion, was referred to the Committee of the Whole.

The Secretary presented the following communication from Harry Robitzek, Corresponding Secretary of the Taxpayers' Alliance of the Borough of The Bronx, relative to fares on the New York Central and New York, New Haven and Hartford railroads, which, on motion, was referred to the Committee of the Whole:

TAXPAYERS' ALLIANCE OF THE BOROUGH OF THE BRONX,
MASONIC TEMPLE BUILDING, No. 1931 WASHINGTON AVENUE, THE BRONX,
NEW YORK CITY, July 25, 1907.

Public Service Commission, Second District, Albany, N. Y.:

GENTLEMEN—We have been requested by the Taxpayers' Alliance of the Borough of The Bronx, the largest representative association in the Borough, to communicate with you in regard to reduction of fares on both the New York Central and New York and New Haven Railroads.

This matter has been thoroughly gone over by the committee with the representative railroad officials, but outside of the numerous promises received no attention has been paid to our request. Now that both roads are equipped with electricity there seems to be no reason why further delay should be made in the matter, and on behalf of the alliance we request you to give this matter your serious consideration.

We believe that the fare from Grand Central Depot to the City limits should be no more than five cents for one continuous passage. This is not an unreasonable rate, in view of the fact that the New York and Port Chester and the New York and Westchester railroads have both obtained franchises and agreed to run trains a like distance for a similar rate.

Expecting that this will receive your earliest consideration and desiring to be informed as to what your commission intends doing in the matter, we are,

Yours very sincerely,

(Signed) HARRY ROBITZEK,

Transportation Committee of Freight, Transportation and Railroads,
No. 132 Nassau Street, New York City.

The Secretary presented communications from F. M. Weiss and George Costar, protesting against the construction of the Fourth avenue subway, which, on motion, were referred to the Committee on Fourth Avenue Subway.

The Secretary presented the following communication from James C. Smith, Secretary, with regard to complaint as to "Williamsbridge Cars," Union Railway Company, and "New Rochelle Express Cars," which, on motion, was referred to the Committee of the Whole:

WAKEFIELD, NEW YORK CITY, July 25, 1907.

To the Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission:

DEAR SIR—I beg to call your attention to the fact that the Union Railway Company have established a transfer point at the corner of East Two Hundred and Thirty-third street and White Plains avenue, which is less than one-half mile south of the northern boundary line of The City of New York, and have failed to provide a shelter station of any kind, which is in direct violation of the laws of Greater New York, compelling the passengers from the "Williamsbridge Cars," operated only from the elevated station at One Hundred and Seventy-seventh street and Third avenue to Two Hundred and Thirty-third street and White Plains avenue, to remain exposed to all kinds of weather for a period of from five to twenty minutes waiting for a car from One Hundred and Twenty-eighth street to take them further on to their destinations, as the only other cars passing that point, the "New Rochelle Express Cars," absolutely refuse to accept transfers.

The "Williamsbridge Cars" were until a short time ago run to South street, Mount Vernon, and were of great convenience to the public of this section, as we could always procure a seat and ride in comfort, but now we are compelled to walk six or eight blocks to get this car, or else hang on to the bumper or running board of the through, on One Hundred and Twenty-eighth street cars, which are packed to suffocation before they are allowed to leave the terminal at Mount Vernon.

There is a law regulating the number of cattle to be packed in a car, but there seems to be no law concerning the Human Being, and we ask your Honorable Commission to investigate this matter and compel the Union Railway Company to give us our just rights, i. e., run their "Williamsbridge Cars" to the City line as heretofore.

We also ask your Commission to look into the matter of the New Rochelle Express Cars, which run as locals in New Rochelle and Mount Vernon, but make but four stops at designated points after getting into The City of New York, which means that we, the taxpayers of New York City, should pay for the regulating, grading, curbing, widening, etc., of the streets of New York, after which they will be utilized for the benefit of the residents of New Rochelle and Mount Vernon.

The above mentioned cars are given the preference of the road over the regular (local) car, which, if overtaken en route, is run at an illegal speed, not stopping for any passenger for fear of delaying the "express" car closely following, until the first switch is reached, where the regular or local car is sidetracked until the "express" car has passed by.

These "express" cars accept no transfers of any kind from any line in New York City, and as far as we can learn, the Union Railway Company have no franchise to operate such cars within the limits of The City of New York.

Hoping your Commission will take proper and immediate steps to put a stop to this unlawful monopoly of the public street of New York City, I remain

Yours very respectfully,

(Signed) JAMES C. SMITH, Secretary.

Commissioner Eustis, to whom had been referred the matter of the complaint of the Merchants' Association against the New York Edison Company, with regard to "break-down service," reported progress.

On motion, duly seconded, it was

Resolved, That the Commission agree to pay \$40 per month for time actually used for Room 513, building No. 320 Broadway, New York City, to be used by the Counsel, with rent to begin July 24, 1907, and that the Commission agree to the charge at the rate of \$75 per month for the actual number of days that extra service, including elevator, electric lights, attendance, etc., is rendered by the building during the evening hours.

2158

NEW YORK, July 30, 1907.

The Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District, No. 320 Broadway, New York City:

DEAR SIR—The Van Cortlandt Park Extension of the present subway is nearing completion. The work on Two Hundred and Thirty-first street and Two Hundred and Thirty-eighth street stations has been delayed on account of the change of the street layout at the intersection of these two streets with Broadway. The change in the layout of the streets in this neighborhood was adopted by the Board of Estimate and Apportionment a few weeks ago, and the modified plans for these stations are now completed.

The property for the new street layout has not yet been acquired, and it is likely that several months will pass before the City will take the necessary steps to acquire it. As several of the columns supporting the station structure are located on this private property which will eventually become part of the streets, it is important that permission should be acquired at this time to enter said property to do the necessary work for the building of the stations, and thereby avoid delay in completing this extension.

I would suggest that arrangements be made with the private owners of the property in question to give the Commission the necessary access for construction.

The ownership of the properties is as follows:

At Two Hundred and Thirty-first Street Station—Block 3404, Lot No. 1 is assessed against Charles E. and A. L. Manierre, according to the tax books of the Borough of The Bronx. Block 3266, Lot No. 40, is owned by John Gilbert, according to the Title Guarantee and Trust Company.

At Two Hundred and Thirty-eighth Street Station—Block 3406, Lot No. 708, and Block 3406, Lot No. 709, are, according to the Title Guarantee and Trust Company, owned respectively by Jessie H. Piper, wife of William Piper, and by Harry M. Austin. Block 3270, Lot No. 46, is assessed against A. Van Cortlandt, according to The Bronx tax books.

Very respectfully yours,

(Signed) GEORGE S. RICE, Chief Engineer.

NEW YORK, July 29, 1907.

The Secretary presented the following communication from C. R. Place:

1193

NEW YORK, July 25, 1907.

Public Utilities Commission, New York City:

GENTLEMEN—Your attention is respectfully called to the method of operation of the two (2) elevators at the One Hundred and Sixty-eighth Street Station of the Broadway subway during a "rush hour" and ball game periods.

Last evening, about 6 o'clock, upon my return from business, the easterly elevator, packed with people, could not be controlled on its descent at the regular landing but slid to the bottom of the shaft and there stuck. This is what happened:

While the people returning from business were waiting for an elevator to carry them to the street, this elevator came down loaded with people returning from a ball game. Instead of the car stopping at its usual landing, it slid about four (4) feet below. The machine was then reversed and the car started up and was stopped about eighteen (18) inches above its landing. It was then started down again but could not be stopped until it reached the bottom of the shaft and there it remained with the people unable to get up. The second elevator by this time was ready to go

up and so I boarded this car and was carried to the street. I do not know how long the people in the first car had to remain there before they were released but from my familiarity with the operation of elevators, I should judge that a number of minutes elapsed before they were able to get out.

This incident not only seriously inconvenienced the travel at this time at the station, but showed that a dangerous condition existed for people traveling on these elevators while such conditions were allowed to exist from an apparent inefficient operation.

The primary control of electric elevators of which these are a type is in the brake on the machine. If this is not in proper operation or not strong enough to stop and hold the elevator, prompt attention must be given to this mechanism to rectify this unsatisfactory condition. Elevators, especially those used to carry a great number of people, should not be allowed to over travel their usual limit of run, for the attendant mechanism is liable to become disordered, and serious accidents have been known to result therefrom. In the case in question the capacity of the elevator is shown to be 8,000 pounds. Considering each person at 150 pounds, this allowed about fifty-four (54) persons in the car. I have no hesitancy in saying that there were many more than this packed into the car at this time, and from an article in the "Engineering Record" of July 20, 1907, it states as follows:

"A load of seventy-three men and boys has been safely carried in one of these cars in a period of heavy traffic."

These cars, from the dimensions given in this article, would have been about 100 square feet, and with the above number of persons (i. e., 73), there would be less than 1.5 square feet per person. It is customary in elevator practice to allow about 2 square feet per person for comfort, and it will be noted that, with a capacity of 8,000 pounds and 150 pounds per person, that this space (i. e., 2 square feet), is given for each person in the car when the car is loaded to its rated capacity; that is, 8,000 pounds.

Apparently it was a plain case of overloading this elevator in question, and the machine incapable of handling this load.

While I know of no serious result from this incident, my familiarity with elevators causes me to bring these important facts to your respectful attention and consideration.

Very truly yours,

(Signed) CLYDE R. PLACE.

On motion, duly seconded, it was

Resolved, That a copy of the communication be sent to the Interborough Rapid Transit Company for reply.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented the following communication from Chief Engineer Rice, which, on motion, was referred to the Committee of the Whole:

NEW YORK, July 29, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission for the First District:

DEAR SIR—Your letter of July 27, in reference to acceptance of the permit by the Pennsylvania Tunnel and Terminal Railroad Company on Thirty-third street, near Sixth avenue, is at hand. The permit really covered 500 feet of Thirty-third street, 460 feet of which was west of Sixth avenue. The company obtained the permit with the idea that they would be obliged to open the street through the greater part of these 500 feet. They have run an experimental drift through this section, and it is now their intention to open up about 200 feet of the street, the beginning of which is about 180 feet west of Sixth avenue. They do not intend to open east of Sixth avenue.

Yours very truly,

(Signed) GEORGE S. RICE, Chief Engineer.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
THURSDAY, AUGUST 1, 1907,
AT 320 BROADWAY,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis.

The Secretary presented the following communication from the East Side Civic Club, which, on motion, was referred to Chairman Willcox in connection with the investigation under his charge:

NEW YORK, July 30, 1907.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District, No. 320 Broadway, City:

DEAR SIR—The members of the East Side Civic Club are deeply interested in the investigation which you are conducting relative to the unsatisfactory transportation facilities in The City of New York, in general, and in the Borough of Manhattan, in particular.

This club for four years carried on an agitation for better street car service on the East Side, but so far with very little success.

On January 12, 1903, a written protest was filed with the State Railroad Commission complaining of "the woeful lack of cars" and the unsanitary condition of the cars that are used on the East Side cross town lines. The club asked that more cars be ordered on the downtown lines, and that they be better heated, ventilated and lighted.

To this protest the Railroad Commission officially replied under date of January 13, 1903, that it "appreciates the care and intelligence with which the grievances are formulated, and realizes that the complaints are just and the improvements asked for are reasonable."

Subsequently, at the request of this club and of the Merchants' Association, a public hearing was held by the Railroad Commission, at which representatives of the Metropolitan Street Railway appeared and promised to do everything possible to give the East Side better car service.

As a matter of fact nothing was done. About a year afterward the club took the matter up again with Mr. Root, and a committee called on him by appointment, but with the exception of the electrification of the Grand street line, on account of the opening of the Williamsburg Bridge, nothing more was accomplished.

In March, 1906, this club again appeared before the Railroad Commission and complained that the street car conditions on the East Side were as bad as ever. The Commission ordered that more cars be run on the Spring and Madison street lines, that the lights in all cars be equipped with reflectors and kept clean, and that some of the cross town lines on the East Side be electrified. These orders have not been carried out. We suffer just as much now as ever from a "woeful lack of cars," and those cars that are run are small, dirty, badly lighted and not ventilated.

It is a sad commentary on the transportation facilities of New York City that when the elevated railroad installed electricity on its lines the only place in the wide world where it could dispose of its old cars was poor China. I know of no place where the cars run on the East Side at present can be used when they are finally laid at rest.

Until the further electrification of the East Side car lines, this club respectfully recommends that your Commission order the City Railway Company to run more cars on Spring, Delancey and Madison streets, that the cars be cleaned at the end of every trip, and that the electric system on Canal street be extended to the East river, with a connection across Essex or Clinton street to Brooklyn across Williamsburg Bridge. This can be done in short time, at a small expense, and will remedy the terrible overcrowding now going on during rush hours on the Grand street line.

Respectfully,

EAST SIDE CIVIC CLUB,

LOUIS LENDE, Chairman,

Local Needs Committee.

The Secretary presented the following matters pending before the former Railroad Commission and not decided at the time that Commission went out of office, which were referred by the Public Service Commission for the Second District to the Public Service Commission for the First District.

I.

1521

Application of The City of New York, under section 61 of the Railroad Law, for a determination as to whether East One Hundred and Sixty-seventh street in The Bronx, will cross the New York and Harlem Railroad (leased and operated by the New York Central), over, under or at the grade of said railroad.

Under date of October 11, 1905, the Railroad Board determined that East One Hundred and Sixty-seventh street should cross the tracks by a foot bridge only, but that was not constructed. Subsequently, application was made by the City for a modification of the determination so that the bridge should be for teams as well as pedestrians. A hearing was given on this on March 12, 1907.

The last action appears to have been a letter from the Railroad Commission, asking the company to consider the plans of the City and submit revised plans.

II.

1272

Complaint by the Property Owners' Association of the Twenty-third Ward, of The Bronx, and certain other associations, against the Union Railway Company as to service rendered the City, and against the New York City Interborough Railway Company as to One Hundred and Forty-ninth street. A hearing was given on November 23, 1906, and a subsequent one set for March 12, 1907, but postponed.

III.

1700

Complaint by the Property Owners' Association of the Twenty-third Ward against the New York City Railway Company, the Union Railway Company and the New York City Interborough Company as to service rendered by these companies.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
