Hon. WILLIAM J. GAYNOR, Mayor of The City of New York, City Hall, New York City:

The salary of the County Detective in office is increased, pursuant to the provisions of the said chapter 598 of the Laws of 1911, from \$1,500 per annum to \$2,000 per annum, which increase from July 1, 1911, to and including December 31, 1911 (6 months) amounts to \$250. The total being \$1,066.86.

Therefore I respectfully request the issuance of revenue bonds for such sum of \$1,066.86. Respectfully submitted,

The Vice-Chairman laid before the Board the following communication from the Board of Health:

No. 4776.

Department of Health, City of New York, Southwest Corner 55th st. and 6th ave., Borough of Manhattan, Office of the Secretary, New York, October 30, 1911.
Hon. P. J. SCULLY, City Clerk, City Hall, N. Y.:

Sir—Enclosed herewith is a copy of a resolution adopted by the Board of Health at its meeting held October 24, 1911, petitioning the Board of Aldermen to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in the sum of \$7,520 for the purpose of employing additional Medical Inspectors, Nurses, Nurses' Assistants, Cleaners and Clerks to man 22 infants' milk stations, which the Board of Health is desirous of taking over from the Committee for the Reduction of Infant Mortality of the New York Milk Committee, for the balance of the year 1911. The Committee in question has announced its intention of discontinuing its milk stations in the Borough of Manhattan on and after the 1st day of November, 1911. If a break in the supervision of and the educational work now being conducted by the Committee among 5,000 mothers having babies registered at the milk stations in the Borough of Manhattan, is to be prevented, it will be necessary for the Department of Health to find some means to keep such stations going for the time specified.

The Budget for the year 1912 contains provision for the establishment of 22 additional infants' milk stations in the Borough of Manhattan, and in order to continue the work up to the time the new Budget becomes available, but \$7,520 will be needed. If the City will take over 22 stations on November 1, the Committee for the Reduction of Infant Mortality will place them, with all the equipment, at the disposal of the Department of Health until January 1, 1912, rent free.

It is believed that the provision of subdivision 8 of section 188 of the Greater New York Charter, limiting the amount of special revenue bonds issued in any one year to \$2,000,000, has not been violated for this reason: On July 18, the Board of Health requested the Board of Aldermen to authorize the issue of special revenue bonds to the amount of \$10,125 for the employment of additional help for three months from August 1, 1911. This was approved by the Board of Aldermen on July 31, but his Honor did not approve of it until August 30. The Board of Estimate and Apportionment did not act upon the request and the money was not, therefore, obtained. The \$7,520 could be taken from the above amount which now seems to be available for the purpose.

The bond issue above requested will have no connection whatever with the previous amount of money asked for, which was for emergency purposes for the stations already maintained by the Department of Health. It is essential that the appropriation be made in order to prevent undue loss of infant life and the immense waste of effort which would result from any lack of continuity in the work.
Very truly yours,
EUGENE W. SCHEFFER, Secretary.

Department of Health, City of New York, Southwest Corner 55th st. and 6th ave., Borough of Manhattan, Office of the Secretary, New York, October 30, 1911.
Hon. P. J. SCULLY, City Clerk, City Hall, N. Y.:

Sir—At a meeting of the Board of Health of the Department of Health, held October 24, 1911, the following resolution was adopted:

Resolved, That the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, be and is hereby respectfully petitioned to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to an amount not exceeding \$7,520, the proceeds whereof to be applied to provide means for the employment of the following additional help in the Department of Health for the year 1911:

Medical Inspectors, 8 at \$100 per month.....	\$1,600 00
Nurses, 22 at \$75 per month.....	3,300 00
Nurses' Assistants, 22 at \$40 per month.....	1,760 00
Cleaners, 11 at \$30 per month.....	660 00
Clerks, 2 at \$50 per month.....	200 00

\$7,520 00

A true copy.

The Vice-Chairman laid before the Board the following communication from the Board of Education:

No. 4777.

Department of Education, Board of Education, Park ave. and 59th st., New York, October 27, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on the 25th instant, relative to the issue of special revenue bonds to the amount of \$500 for the purpose of defraying the expenses of the centennial celebration of Public School 2, Manhattan. Respectfully yours,
A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that the Special Committee appointed to make arrangements for the centennial celebration of Public School 2, Borough of Manhattan, has requested an appropriation of \$500 for the purpose of defraying the necessary expenses. This item was not contemplated, and therefore not included in the estimate for the current year. There are no funds exhibiting a surplus from which a transfer might be made. Under these circumstances the Committee recommends that a request be made for an issue of special revenue bonds.

The following resolution is submitted for adoption:
Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of five hundred dollars (\$500), pursuant to the provisions of subdivision 8 of section 188 of the revised Charter, for the purpose of defraying the necessary expenses for the centennial celebration of Public School 2, Borough of Manhattan, to be held in November, 1911; and that the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize such issue upon the request of the Board of Aldermen.

A true copy of report and resolution adopted by the Board of Education on October 25, 1911.
A. E. PALMER, Secretary, Board of Education.

Which was referred to the Committee on Finance.
The Vice-Chairman laid before the Board the following communication from the Commissioner of Docks:

No. 4778.

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, October 24, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Sir—This Department is in receipt of a copy of the resolution adopted by the Board of Aldermen October 17, 1911, with reference to conditions at the foot of E. 123d st. and at the foot of E. 124th st., Harlem River, Borough of Manhattan.

On October 2, 1911, the Commissioner issued an order to this Department's Bureau of Engineering to proceed with the building of the bulkhead or river wall from the southerly side of E. 123d st. to the southerly side of E. 124th st. This work will be commenced at once by dredging over the bulkhead wall area commencing at the southerly side of E. 124th st. and working southerly. The bulkhead wall work will be carried on as rapidly as possible, and when completed will remedy the conditions complained of in the resolution. Very truly yours,
FRANCIS J. RYAN, Assistant Secretary.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Department of Water Supply, Gas and Electricity:

No. 4779.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, October 24, 1911.

To the Honorable, the Board of Aldermen, City Hall, New York:

Gentlemen—This Department is charged with the duty of issuing permits authorizing the construction of all subsurface work, except sewers, by companies or individuals holding franchises or other proper Municipal authority. For the care and protection of the water mains and appurtenances under the immediate control of the Department, it becomes necessary that the Department supervise the construction of all conduits and tunnels and the laying of all mains and pipes of every description. There is in charge of this work an Assistant Engineer, who has under his immediate direction Inspectors assigned to the different locations where work is in progress, and it is his duty to visit daily all these locations. This necessitates traveling over practically the entire Boroughs of Manhattan and The Bronx. The Assistant Engineer has the use of a horse and carriage, which is hired at a monthly rate, but he finds it almost impossible to cover the ground, except at great inconvenience and loss of time. It is proposed to assign to the use of the Engineer an automobile.

There is also required an automobile truck for the distribution of supplies for the line stations on the Brooklyn water shed. All of the small supplies required for the proper operation and maintenance of these stations are stored at Ridgewood, and, at the present time, are distributed from this point by means of horses and wagons. This method of transportation is expensive, and is at times slow, especially in the winter months. It is necessary, on certain occasions, that some of the fittings be delivered promptly, in order to avoid any possible collapse of the engines, and with the aid of an automobile truck the Department could dispatch these supplies quickly and also transport the Machinists or other help required to put them in position.

As the Department in a previous application has explained how impracticable, if not impossible, it is to purchase automobiles by competitive bidding, I would ask the honorable Board of Aldermen for authority to purchase on open market orders the automobile required by the Assistant Engineer and the automobile truck to be used for the distribution of supplies in the Borough of Brooklyn. I therefore attach a form of resolution, upon which I would ask favorable consideration.

Respectfully yours,
HENRY S. THOMPSON, Commissioner.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby authorized and empowered to purchase, without advertising for competitive bids or proposals, one passenger automobile and one automobile truck at an expense not to exceed four thousand dollars (\$4,000).

The Vice-Chairman laid before the Board the following communication from the Department of Parks, Manhattan and Richmond:

No. 4780.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, October 28, 1911.

To the Honorable, the Board of Aldermen, The City of New York:

Gentlemen—I hereby apply to your honorable Board for authorization under section 419 of the Greater New York Charter to enter into a contract, or contracts, without public letting, for the proposed work to be done in connection with the erection of the Carl Schurz Memorial, at 116th st. and Morningside Park, under the corporate stock appropriation of \$25,000, approved by your Board under date of July 25, 1911.

I enclose herewith copies of the estimates, respectively, for the granite and bronze work, which it is desired to contract for under the resolution I hereby submit to your honorable Body for your consideration. Very respectfully,
CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Resolved, That, pursuant to section 419 of the Greater New York Charter, the Commissioner of Parks for the Boroughs of Manhattan and Richmond be and he is hereby authorized to enter into a contract, or contracts, without public letting, for the proposed work to be done in connection with the erection of the Carl Schurz Memorial, at 116th st. and Morningside Park, under the corporate stock appropriation of \$25,000, approved by this Board under date of July 25, 1911.

Karl Bitter, 44 W. 77th St., New York, October 26, 1911.

Hon. CHARLES B. STOVER, Park Commissioner, New York City:

The Vice-Chairman laid before the Board the following communication from the Grand Jury of Kings County:

No. 4781.

Whereas, The members of the present outgoing Grand Jury were sworn in on the 11th day of September, 1911, presumably for service during that month only, and as had been the custom, so we understand, for labors which would require not more than three hours of our time daily; and

Whereas, Our services as Grand Jurymen extended beyond the month of September and into the present month of October to this day, the October panel having been dismissed; and

Whereas, Our labors have occupied not only the forenoon for five days of each week since the 11th of September to this date, but also very nearly every afternoon for the past seven weeks, sometimes until the hour of 7 o'clock p. m.; and

Whereas, The business of each and every one of us has suffered by reason of this protracted and unusual service, there being, so we understand, no precedent, and we have been put to a financial loss; and

Whereas, The services of Grand Jurymen in the County of Kings, State of New York, are paid for at the rate of but \$2 a day, the lowest, we believe, of any County in the State; therefore be it

Resolved, That we, the members of the Grand Jury for September and October, 1911, of the County of Kings, State of New York, hereby request of the proper authorities that some provision be made for compensation to cover the extra labors rendered; and

Resolved, That a copy of these resolutions be forwarded to the Mayor of The City of New York, to the Secretary of the Board of Estimate and Apportionment for submission to that Body, to the President of the Board of Aldermen as such, to the Governor of this State, to the District Attorney of this County, and to his Honor, Norman S. Dike, County Judge of Kings County, with whom we have served, and who has taken pains to express his opinion that our attitude in this matter is correct.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the De-

partment of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.
