Financial Plan Statements for New York City July 2016

This report contains the Financial Plan Statements for July 2016 which have been prepared in accordance with the New York State Financial Emergency Act for the City of New York.

The fiscal year plan reflects the Financial Plan as submitted to the Financial Control Board on June 14, 2016.

The forecast of revenues and expenditures reflects actual revenue and expenditure performance to date and expected activity for the remainder of the fiscal year.

The actuals and projections in the forecasts are based on the best information available to the City at the date of preparation and certain assumptions and methods of estimation, which are considered reasonable and appropriate for purposes of the report as of such date.

NOTES TO FINANCIAL PLAN STATEMENTS

I. <u>Summary of Significant Financial Policies, Procedures and Development</u>

A. Financial Plan Statements

The City's Financial Plan Statements (FPS) represents the accounts of the General Fund and certain transactions of the Capital Projects Fund of the City, including the Department of Education and the City University of New York. They do not include the total operations of the New York City Health + Hospitals but do include the City's subsidy to the system.

The FPS incorporates the policies and procedures discussed in Note B. Such data are unaudited. Prior years' balances for cash, accounts receivable and outstanding obligations are derived from preliminary FY 2016 balances and are subject to audit adjustments. Amounts reported may be subject to reclassification or adjustments arising from management review and audits of the City's FY 2016 and FY 2017 Financial Statements. The Financial Plan on which these statements are based was prepared in accordance with generally accepted accounting principles (GAAP), except for the application of GASB 49 which prescribes the accounting treatment of pollution remediation costs.

B. Basis of Accounting

1. Revenues

Real estate tax revenue is recorded on the modified accrual basis of accounting, which recognizes as revenue payments received against the current year levy, late payments received within the first two months of the following year, and prior year levies received in the current year. Real estate tax revenue is reduced by actual tax refunds to be made in the period.

Taxpayer assessed revenues (e.g. sales, income and certain excise taxes), net of estimated refunds, are recorded on a modified accrual basis. Revenues are susceptible to accrual if they are both measurable and available to be used to finance governmental operations during the year.

All other revenues are recorded when received in cash.

Federal categorical grants except as noted below are recognized as revenue as claims are filed during the year and adjusted at year-end for revenues earned but not claimed. State grants are recognized in the same manner. Advances provided to the City in anticipation of filing of claims by the City for federal and state reimbursement of Medicaid and welfare expenditures are recognized as revenue when received.

Page 1 July 2016 FPS

2. Expenditures

(a) Debt Service

Debt Service expenditures on general obligation issuances are recorded when City real estate tax collections are deposited into the Debt Service fund in advance of the actual debt service payment. Debt Service expenditures for the Transitional Finance Authority (TFA) are recorded when City personal income tax collections are retained by the TFA. Lease debt expenditures are recorded when the respective lease agreement requires City payment in advance of a payment to bondholders.

(b) Fixed Assets

Acquisitions of fixed assets having a useful life of more than five years and costing more than \$35,000 are treated as capital expenditures. All other acquisitions of fixed assets are treated as operating expenditures.

(c) Encumbrances

Encumbrances entered during FY 2017 for OTPS purchase orders and contracts expected to be received by June 30, 2017 are treated as expenditures.

(d) Risk Management

The City generally assumes the risk of its own losses with respect to most types of risks, including, but not limited to, property damage (both claims against the City and damage to the City's own property), personal injury, and workers' compensation; any losses incurred are paid out of the City's budget. The City's budgets and financial plans include estimates of judgments and claims to be settled annually, but there are no cash reserves for estimated losses incurred. Settlements reached or judgments entered during FY 2017 are recorded when paid and adjusted at year-end for any additional unpaid settlements reached or judgments entered during FY 2017.

(e) Vacation and Sick Leave

The annual costs of actual vacation and sick leave are recorded on a cash basis.

Page 2 July 2016 FPS

(f) Materials and Supplies

Purchases of materials and supplies are treated as expenditures when encumbered. No inventory accounts are included in the financial statements.

(g) General Reserve

The General Reserve provides for shortfalls in revenues and overruns in uncontrollable expenditures.

3. Capital Commitments

The reporting of actual capital commitments, as well as sources and uses of capital expenditures, are based upon the accounting period of the transaction.

C. Pension Plans

The City sponsors or participates in pension plans covering all eligible employees. Most plans require employee contributions. The plans provide pension benefits based on salary and length of service. In the event of disability during employment, participants may receive retirement allowances based on satisfaction of certain service requirements and other plan provisions. The City's main pension systems are the five major actuarial systems - The New York City Employees' Retirement System, The Teachers Retirement System, The Board of Education Retirement System, The New York City Police Pension Fund, Article 2 and the Fire Department Pension Fund Article 1-B.

The City also contributed to two other actuarial systems and sponsors two non-actuarial retirements' systems for certain employees, retirees and beneficiaries not covered by any of the five major actuarial systems. In addition, the City provides cost-of-living and other supplemental pensions to certain retirees of the actuarial and non-actuarial systems.

NOTES TO REPORTS NO. 4 AND 4A

The current month, year-to-date and fiscal year data in Reports No. 4 and 4A are based on the Financial Plan submitted to the Financial Control Board on June 14, 2016. The actuals and projections in the forecasts are based on the best information available to the City at the date of preparation and certain assumptions and methods of estimation, which are considered reasonable and appropriate for purposes of the report as of such date. In some instances prior year charges are reflected in FY 2017 year-to-date expenses. These will be journaled back to prior years at a later date.

<u>Fire:</u> The \$(17) million year-to-date variance is primarily due to:

- \$(29) million in accelerated encumbrances, including \$(19) million for contractual services and \$(8) million for supplies and materials, that was planned to be obligated later in the fiscal year.
- \$11 million in delayed encumbrances, primarily for other services and charges, that will be obligated later in the fiscal year.
- \$1 million in personal services.

Sanitation: The \$23 million year-to-date variance is primarily due to:

- \$(17) million in accelerated encumbrances, primarily for supplies and materials, that was planned to be obligated later in the fiscal year.
- \$36 million in delayed encumbrances, including \$33 million for contractual services and \$3 million for other services and charges, that will be obligated later in the fiscal year.
- \$4 million in personal services.

Social Services: The \$37 million year-to-date variance is primarily due to:

- \$(6) million in accelerated encumbrances, primarily for supplies and materials, that was planned to be obligated later in the fiscal year.
- \$37 million in delayed encumbrances, including \$15 million for medical assistance, \$12 million for other services and charges, \$7 million for contractual services and \$3 million for social services.
- \$6 million in personal services.

Page 11 July 2016 FPS

Homeless Services: The \$24 million year-to-date variance is primarily due to:

- \$(2) million in accelerated encumbrances, including \$(1) million for other services and charges and \$(1) million for property and equipment, that was planned to be obligated later in the fiscal year.
- \$26 million in delayed encumbrances, primarily for contractual services, that will be obligated later in the fiscal year.

Health and Mental Hygiene: The \$13 million year-to-date variance is primarily due to:

- \$11 million in delayed encumbrances, including \$7 million for other services and charges and \$3 million for supplies and materials, that will be obligated later in the fiscal year.
- \$2 million in personal services.

Environmental Protection: The \$(44) million year-to-date variance is primarily due to:

- \$(64) million in accelerated encumbrances, including \$(50) million for contractual services and \$(14) million for supplies and materials, that was planned to be obligated later in the fiscal year.
- \$19 million in delayed encumbrances, primarily for other services and charges, that will be obligated later in the fiscal year.
- \$1 million in personal services.

Transportation: The \$23 million year-to-date variance is primarily due to:

- \$(22) million in accelerated encumbrances, including \$(17) million for supplies and materials and \$(4) million for property and equipment, that was planned to be obligated later in the fiscal year.
- \$44 million in delayed encumbrances, primarily for contractual services, that will be obligated later in the fiscal year.
- \$1 million in personal services.

Parks and Recreation: The \$13 million year-to-date variance is primarily due to:

- \$11 million in delayed encumbrances, including \$8 million for contractual services and \$3 million for property and equipment, that will be obligated later in the fiscal year.
- \$2 million for personal services.

Page 12 July 2016 FPS

<u>Citywide Administrative Services:</u> The \$56 million year-to-date variance is primarily due to:

- \$(4) million in accelerated encumbrances, primarily for supplies and materials, that was planned to be obligated later in the fiscal year.
- \$60 million in delayed encumbrances, including \$39 million for other services and charges, \$18 million for contractual services and \$3 million for property and equipment, that will be obligated later in the fiscal year.

<u>City University:</u> The \$14 million year-to-date variance is primarily due to:

- \$(21) million in accelerated encumbrances, primarily for other services and charges, that was planned to be obligated later in the fiscal year.
- \$42 million in delayed encumbrances, including \$34 million for fixed and miscellaneous charges and \$8 million for supplies and materials, that will be obligated later in the fiscal year.
- \$(7) million in personal services.

Month and year-to-date variances for City funds are reported against the authorized FY 2017 Executive Capital Commitment Plan of \$15,300 million rather than the Financial Plan level of \$13,526 million. The additional \$1,774 million of commitments is included to help the City meet its overall Financial Plan target. Aggregate commitments are not expected to exceed the approved plan level as it may be modified from time to time.

NOTES TO REPORT #6

1. **Beginning Balance**

The July 2016 beginning balance is preliminary and subject to the FY 2016 audited Comprehensive Annual Financial Report (CAFR).

2. **Ending Balances**

The actual monthly ending cash balances are subject to restatement after the completion of bank reconciliations and the FY 2016 audited Comprehensive Annual Financial Report (CAFR). The June 2017 ending balance includes deferred revenue from FY 2018 prepaid Real Estate Taxes.

3. **Long Term Borrowings**

Long Term Borrowings are comprised of proceeds of City general obligation bonds, NYC TFA debt and Water Authority revenue bonds, exclusive of bonds issued for refunding.

4. Restricted Cash Bond Proceeds

In certain instances a portion of the proceeds from each bond issuance is for capital expenditures to be made in succeeding months. Restricted cash bond proceeds accounts have been set up for this purpose. Balances in these accounts are excluded from the cash balances that are reflected in Report #6.

5. Cash Flow Realignment

Taxes reflect revenue net of refunds which may result in a negative cash flow in certain months. For Federal, State and Other Categorical Grants, a negative cash flow may result from corrections to certain grants that occur after the monthly accounting close in which cash is moved between grants and/or between current year/prior year classification. These negative cash flow transactions are accounting transactions reflected in the City's Financial Management System. For Debt Service, the negative cash flow represents real estate tax collections transferred from the Debt Service fund due to an over-retention in the prior year.
