NEW YORK, August 20, 1895.

*To the Honorable the Board of Aldermen:*

The Committee on Finance, to whom was referred the assessment rolls of the estates, real and personal, subject to taxation, of and within the City and County of New York, for the year 1895, together with communications from the Comptroller of the City of New York, transmitting to the Board of Aldermen the Final Estimate made and adopted by the Board of Estimate and Apportionment for said year 1895, accompanied by his certificate of the amount of the appropriations authorized by law to be raised by tax in and for the said year 1895, and a statement of the amount required to be inserted in the tax levy for 1895, pursuant to chapter 1003 of the Laws of 1895, respectfully submits the following

### REPORT:

The assessed valuation of the real and personal estates subject to taxation within the City and County of New York for the year 1895, as shown by the assessment rolls submitted to the Board of Aldermen by the Commissioners of Taxes and Assessments and referred on July 1, 1895, amounts to the sum of two thousand and sixteen million nine hundred and forty-seven thousand six hundred and sixty-two dollars (\$2,016,947,662), which sum is a net increase of thirteen million six hundred and fifteen thousand six hundred and twenty-five dollars (\$13,615,625) over the amount of the assessed valuation for the preceding year, 1894.

As shown by the Comptroller's certificate, submitted to the Board of Aldermen and referred on May 28, 1895, the aggregate amount of the appropriations included in the Final Estimate for the year 1895, made and adopted by the Board of Estimate and Apportionment on the 31st day of December, 1894, is thirty-nine million nine hundred and seventy-six thousand nine hundred and sixty dollars and four cents (\$39,976,960.04), from which sum is deducted the sum of two million five hundred thousand dollars (\$2,500,000) for and on account of the estimated revenues of the General Fund available for the reduction of taxation in said year 1895, leaving the sum of thirty-seven million four hundred and seventy-six thousand nine hundred and sixty dollars and four cents (\$37,476,960.04) as the amount to be raised by tax under the Final Estimate, as adopted by the Board of Estimate and Apportionment on said December 31, 1894. To this amount, however, must be added the sum of one hundred thousand dollars (\$100,000), being the amount added by the Board of Estimate and Apportionment on June 28, 1895, to the appropriation for the Commissioners of Accounts, pursuant to chapter 1003 of the Laws of 1895, making the total of the Final Estimate as thus amended thirty-seven million five hundred and seventy-six thousand nine hundred and sixty dollars and four cents (\$37,576,960.04).

By section 830 of the New York City Consolidation Act of 1882, the Board of Aldermen is directed to provide for deficiencies in the actual product of taxes that may arise from insolvencies, discounts or rebates, for prompt payment, errors in assessed valuations, etc., as follows:

"Section 830. It shall be the duty of the said Board of Aldermen to include in any and every ordinance or resolution passed by them, imposing and levying taxes for any purpose or purposes authorized by law, such sum in addition to the aggregate amount required for such purposes as they shall deem necessary, not exceeding three per cent. of said aggregate amount, to provide for deficiencies in the actual product of the amount imposed and levied therefor."

Your Committee has conferred with the Comptroller in regard to the amount that will be required to provide for and meet such deficiencies as may occur in the actual product of the taxes to be imposed and levied in and for the year 1895, and it has concluded to recommend that the sum of eight hundred and twenty-six thousand eight hundred and one dollars and fourteen cents (\$826,801.14) be added to and included in the sum necessary to be raised by tax for the support of the Government of the City and County of New York, and for other purposes, as authorized and provided by law, which sum is less than three per centum of the amount so required to be raised by tax, after deducting the estimated amount of the revenues of the General Fund for the reduction of taxation, the addition of which sum makes the total amount of taxes to be imposed and levied upon the real and personal estate subject to taxation within the City and County of New York in and for the said year 1895, the sum of thirty-eight million four hundred and three thousand seven hundred and sixty-one dollars and eighteen cents (\$38,403,761.18).

Section 10 of Article VIII. of the Constitution of the State of New York provides as follows:

"\* \* \* The amount hereafter to be raised by tax for county or city purposes in any county containing a city of over one thousand inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt."

As the assessed valuation of the real and personal estate of and within the City and County of New York for the year 1895 is two thousand and sixteen million nine hundred and forty-seven thousand six hundred and sixty-two dollars (\$2,016,947,662), and two per centum of this sum is \$40,338,953.24, the total amount of the tax to be raised for city and county purposes for the year 1895, after providing for the principal and interest of existing city and county debt, and deducting also the amount of the State tax to be raised in said year 1895, is less than the limit prescribed by the State Constitution, as shown in the following statement:

Amount of Taxes to be raised as per Final Estimate, adopted December 31, 1894,	
and pursuant to chapter 1003, Laws of 1895	\$37,576,960 04
Amount added for deficiencies	826,801 14
Total	\$38,403,761 18
Deduct:	
State Taxes	\$3,554,319 24
Principal of the City Debt and Installments on account of Redemption of Water Bonds, as per Final Estimate for 1895	1,974,143 31
Interest on the City Debt, as per Final Estimate of 1895	5,087,141 63
	10,615,604 18
Remainder	\$27,788,157 00

This sum is less than two per centum of the said assessed valuation of the real and personal estate of the City and County of New York, subject to taxation for the year 1895, which percentage amounts, as above stated, to the sum of \$40,338,953.24, leaving a very large margin within the limitation of taxes prescribed by the provisions of the State Constitution above cited.

Sections 3 and 8 of chapter 361 of the Laws of 1881 provide, as follows:

"Section 3. Every corporation, joint stock company or association whatever, now or hereafter incorporated or organized under any law of this State, or now or hereafter incorporated or organized by or under the laws of any other State or country, and doing business in this State, except savings banks and institutions for savings, life insurance companies, banks and manufacturing corporations carrying on manufacture within this State, which exception shall not be taken to include gas companies or trust companies, shall be subject to and pay a tax, as a tax upon its corporate franchise or business, into the treasury of the State, annually, etc."

"Section 8. The corporations, joint stock companies and associations mentioned in this act as taxable shall hereafter be exempt from assessment and taxation for State purposes, except upon their real estate, and as herein provided, but they shall in other respects be liable to assessment and taxation as heretofore."

The total amount of the assessed valuation of the personal estate of corporations, joint stock companies or associations doing business in the City of New York, which are found to be exempt under this statute from assessment and taxation on their personal estate for "State purposes" in the year 1895, as appears by a detailed statement thereof on file in the Finance Department, is sixty-five million eight hundred and twenty-eight thousand three hundred and three dollars (\$65,828,303).

The above-cited provision of the law requires, therefore, a special rate of tax to be imposed upon the personal estates of corporations which are exempt from taxation for State purposes, differing from and less than the general tax rate upon real and personal estate subject to taxation for City and County purposes.

The total amount of taxes to be raised in 1895 is as follows:

Total appropriation as per Final Estimate, December 31, 1894	\$39,976,976 04
Deduct amount of Estimated Revenues of General Fund, as per Final Estimate, December 31, 1894	2,500,000 00
	\$37,476,976 04
Amount to be added under chapter 1003, Laws of 1895	100,000 00
	\$37,576,976 04
Amount to be added for deficiencies, as above stated	826,801 14
Total amount of tax	\$38,403,761 18

The rates of taxation which will produce this sum are a general rate upon the valuation of real and personal estate, subject to taxation for all City and County purposes, and a special rate upon the valuation of the personal estate of corporations exempt from taxation thereon for State purposes as follows:

General rate for City and County purposes:

Valuation, \$1,951,119,359, at 1.91 per cent.	\$37,266,379 76
Special rate for corporations:	
Valuation, \$65,828,303, at 1.7278 per cent.	1,137,381 42

Total tax.....\$38,403,761 18

An ordinance to impose the taxes and fix the rates of taxation which will produce the total amount of taxes required to be raised in and for the year 1895, for the objects and purposes therein set forth, is respectfully submitted herewith for the approval and adoption of the Board of Aldermen.

WILLIAM M. K. OLCOTT, Chairman, JOHN P. WINDOLPH, FRANK J. GOODWIN, ROBERT MUH, FREDERICK L. MARSHALL, Committee on Finance.

AN ORDINANCE to provide the necessary means for the support of the Government of the City of New York and the Board of Education, and for the payment of the quota of the State taxes, and for other purposes, pursuant to the provisions of law, in and for the year 1895.

The Mayor, Aldermen and Commonality of the City of New York do ordain as follows:

Section 1. There shall be and is hereby imposed and levied upon the estates, real and personal, subject to taxation of and within the City and County of New York, the sum of thirty-seven million five hundred and seventy-six thousand nine hundred and sixty dollars and four cents (\$37,576,960.04), to pay the expenses of conducting the public business of the said city and county, in each department and branch thereof, and of the Board of Education, for the year 1895, also such sum as is necessary to be raised by tax to pay the principal of any bonds and stocks which become due and payable during the said year, which is not otherwise provided for; also the amount to be raised by tax annually, which, with the accumulations of interest thereon, will be sufficient to redeem the stocks and bonds issued to provide for the supply of water, pursuant to the provisions of section 10 of article VIII. of the Constitution of the State of New York, and also so much as may be necessary to pay the proportion of the State tax required to be paid by the City and County of New York in said year 1895, as provided by the Board of Estimate and Apportionment, which sum of thirty-seven million five hundred and seventy-six thousand nine hundred and sixty dollars and four cents (\$37,576,960.04), so imposed and levied by this ordinance, is that portion of the amount appropriated for such purposes as estimated by the Board of Estimate and Apportionment of said city and county in its Final Estimate for the fiscal year 1895, made and adopted on Monday, December 31, 1894, amounting in the aggregate to thirty-nine million nine hundred and seventy-six thousand nine hundred and sixty dollars and four cents (\$39,976,960.04), remaining after deducting therefrom the sum of two million five hundred thousand dollars (\$2,500,000) supplied by the General Fund for the reduction of taxation, and adding one hundred thousand dollars (\$100,000) pursuant to chapter 1003 of the Laws of 1895, as stated by the Comptroller of the City of New York, in a communication dated May 27, 1895, submitted to the Board of Aldermen May 28, 1895, together with his certificate of the amount of the appropriations made in the Final Estimate for the said year 1895, and in a communication from the Deputy Comptroller, dated August 6, 1895, copies of which communications and certificate and of the said Final Estimate are as follows:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE, May 27, 1895.

*To the Honorable the Board of Aldermen of the City of New York:*

Section 212 of the New York City Consolidation Act of 1882 provides as follows: "It shall be the duty of the Comptroller of said city to prepare and submit to the Board of Aldermen, at least four weeks before their annual meeting in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year on account of the Corporation of the City of New York, or for city purposes within said city; and also an estimate of the probable amount of receipts into the City Treasury during the then current year, from all the sources of revenue of said general fund, including surplus revenues from the Sinking Fund, available in accordance with law, other than the surplus revenues of the Sinking Fund for the Payment of the City Debt, and the said Board of Aldermen are hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year for the purposes aforesaid, and to cause to be raised, by tax only the balance of said aggregate amount after making such deductions."

Bidders will be required to complete the entire work to the satisfaction of the Commissioners of the Department of Public Parks, and the Architects appointed by them, and in accordance with the drawings and directions given or which may be given by the Architects, and in conformity with the specifications hereunto annexed. The time allowed to complete the whole work will be THREE HUNDRED AND FIFTY DAYS, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are fixed at FIFTY DOLLARS per day.

The amount of the security required is SEVENTY-FIVE THOUSAND DOLLARS.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

N. B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded in each case will be awarded to the lowest bidder.

Blank forms for proposal and forms of the several contracts which the successful bidders will be required to execute can be had at the office of the Department and the plans can be seen and information relative to them can be had at the office of the Architects, Cady, Berg & See, No. 31 East Seventeenth street.

The lease will contain the usual covenants and conditions, in conformity with the provisions of law and the ordinances of the Common Council relative to ferries, and shall provide that the lessees will maintain and operate the ferry during the whole term, and will provide ample accommodations in the way of safe and capacious boats and sufficiency of trips, as to the sufficiency of which accommodations the decision of the Mayor and Comptroller shall be final; also conditions that the lessees shall dredge the ferry slips, as required by the Department of Docks, and that during the term of the lease they will erect and build, at their own expense, and will, at all times, well and sufficiently repair, maintain and keep in good order all and singular the floats, racks, tenders, bridges and other fixtures at the landing places; and in the event of any damage to the bulkhead or piers, from collision by the ferry-boats or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous condition, free of cost to the City of New York; also, that at any time during the term of the lease the Department of Docks shall require any of the wharf property used for ferry purposes in order to proceed with the water-front improvements in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises, without any claim upon the City for any damages whatever, upon written notice being given to the lessees three months in advance, of the intention of said Department; also that the rates of ferrage and charges for vehicle and freight shall not exceed the rates heretofore charged by the Pavia Ferry, of which schedule is attached to the form of proposed lease now on file in the Comptroller's Office; also that sworn returns of the amounts of ferry receipts shall be made to the Comptroller, when required by him, and the books of account of the ferry shall be subject to his inspection.

The lease shall also contain a covenant providing for the purchase, at a fair valuation, of the boats, buildings and other property of the lessees used in and actually necessary for the operation of said ferry, upon the termination of the lease and the surrender and delivery up of the premises by the lessees if the lessees shall not become the purchasers for another term; but The Mayor, Aldermen and Commonalty of the City of New York shall not be deemed thereby to covenant to purchase said property in any event.

The right to reject any bid is reserved if it is deemed for the interest of the City.

The term of lease which the purchasers will be required to execute can be seen at the office of the Comptroller and is made part of these terms of sale.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor for the entire work, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after the date of the contract, and the delivery of the materials will be continued in such manner and quantities and at such times and places as may be ordered from time to time by the Engineer, and the entire work is to be fully completed on or before the 10th day of October, 1895, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for doing the entire work, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a household or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTERESTS OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
