The papers were referred to the Copporation Commet.

In the matter of changing the map of The City of New York by laying not Andrews avenue and Weigand place, the following report from the Secretary was read:

To the Board of Public Improvements of The City of New York by

To the Board of Public Improvements of The City of New York :

To the Board of Public Improvements of The City of New York ?

Six:—I have to report that on the 25th day of May, 1898, I cound to be delivered to the Supervisor of the City Record, for publication in the City Record for ten days continuously, sundays and local locidays excepted, prior to the Sth day of June, 1898, a copy of certain resolutions adopted by the Board of Public Improvements on the 25th day of May, 1898, proposing to alter the map or plan of The City of New York by laying out and extending Andrews agence, from East One Hundred and Eightieth street to the south line of the New York University, and laying out Weignand place, from East One Hundred and Eightieth street in the south line of the New York University, in the Borough of The Bronz, City of New York, and for a menting of the said Board, in the office of the said Board, at No. 340 Broadway, on the 8th day of June, 1808, at 2 o'clock c. a. of that day, at which such proposed laying out and extending would be considered by the said Board, and for a notice to all persons affected thereby, of the aforesaid time and place at which each proposed laying out and extending would be considered, together with a notice that said laying out and extending would be considered, together with a notice that said laying out and extending would be considered, together with a notice that said laying out and extending would be considered, together with a notice that said laying out and extending would be considered, together with a notice that said laying out and extending would be considered, together with a notice that said resolutions and said active, a capy of which is hereauth annexed, have been published in the City Record, which is herewith submitted.

Dated New York, June 8, 1895.

Dated New York, June 8, 1898.

JOHN H. MOONEY, Secretary.

After bearing Captain Moyniban, one of the property-owners, in favor of such laying out and extending, and no one appearing in opposition, the following resolutions were ununincostly

Aborton, It appears from the report of the Secretary to this Board that he has caused the resolutions adopted by this Board on the zeth day of May, 1898, proposing to alter the map or plan of The City of New York by laying out and extending Andrews avenue, from East One Hundred and Eightieth street to the south hase of the New York University, and laying out Weigand place, from East One Hundred and Eightieth street to the south line at the New York University, in the Borough of The Bronz, City of New York, and he a meeting of this Board to be held in the office of this Board is No. 340 Bloodway, on the Std day of Jane, 1898, at 2 o'clock r.M., at which said proposed laying out and extending would be considered by this Board, and for a notice to all persons affected thereby, of the aforesaid time and place at which such proposed laying out and extending would be considered, to be published in the City Richard for at least ten days continuously, excisely of Sandays and legal holidays, prior to the 8th day of June, 1898, and

ten days continuously, exclusive of Sandays and legal holidays, prior to the 8th day of June, 1595, and

Whereas, D appears from the stindayst of the Supervisor of the City Record that the aforesaid resolutions and notice, a copy of which is thereto annexed, have been published in the City Record for ten days continuously. Sandays and legal holidays excepted, prior to the 8th day of June, 1898, and

Whereas, At the aforesaid time and place, a public hearing was given to all persons affected by such proposed laying out and extending who have appeared, and such proposed laying out and extending was doly considered by this Board, now, therefore, he it

Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of section 436 of chapter 378, Laws of 1897, deeming 0 for the public interest to alter the map or plan of The City of New York by laying out and extending Andrews avenue, from East One Hundred and Eightieth street to the outh line of the New York University, in the Borough of The Broax, City of New York, does hereby favor and approve of the sand, so as to lay out and extend the aforesaid street as follows:

Analysis Arome.

Beginning at a point in the northern line of East One Hundred and Eightisth street, distant 400.29 leet westerly from the intersection of said line with the western line of Aqueduct avenue.

1st. Thence westerly along the northern line of East One Hundred and Eightieth street for 50,35 feet.

50.35 feet.

2d. Thence northerly deflecting 96 degrees 11 minutes to the right for 371.40 feet to the lands of the University of The City of New York.

3d. Thence easterly deflecting \$2 degrees 25 minutes 38 seconds to the right for 50.53 feet along the southern line of the lands of the University of The City of New York.

4th. Thence southerly for 372.88 feet to the point of beginning. Andrews avenue is to be 60 feet wide.

Weigana Plan.

Beginning at a point in the northern line of East One Hundred and Eightieth street, distant 177.48 feet westerly from the intersection of the northern line of East One Hundred and Eightieth street with the western line of Aqueduct avenue.

18t. Thence westerly along the northern line of East One Hundred and Eightieth street for

ad. Thence northeasterly deflecting \$10 degrees 4 minutes 40 seconds to the right for 239.70

feet.

3d. Thence northerly deflecting 35 degrees 24 minutes 50 seconds to the left for 155.25 feet to the southern line of the lands of the University of The City of New York.

4th. Thence easterly deflecting 103 degrees, 50 minutes 48 seconds to the right along said line for 51.52 feet.

5th. Thence southerly deflecting 76 degrees 3 minutes 12 seconds to the right for 158.78 feet.

6th. Thence southwesterly for 237.39 feet to the point of logunning.

Resulved, That the foregoing resolution, approving of the above-named proposed change in the map or plan of The City of New York by laying out and extending the above-named streets, adopted by this Board, together with 2 statement of its reasons therefor, he transmitted to the Municipal Assembly for its action thereon.

In the matter of altering the map of The City of New York by changing the grade of King-bridge road, between Decatur avenue and East One Hundred and Nincty-account street, and of Foulkant road, from King-bridge road to Valentine avenue, after reading the report of the Sexretary flat the resolutions adopted by this Board on May 25 had been published in the City Riccoan as required by law, and no one appearing in opposition to the change of grade, the following resolutions were unanimously adopted:

Whereas, It appears from the report of the Secretary to this Board that he has caused the resolutions adopted by the Board on the 25th day of May, 1898, proposing to after the map or plan of The City of New York, by changing the grade of Kingsbridge road, between Decator avenue and East One Hundred and Ninely second street, and of Fordham road, from Kingsbridge road to Valentine avenue, in the Board of Ninely second street, and of Fordham road, from Kingsbridge road to Valentine avenue, in the Board of Ninely second street, and of Fordham road, from Kingsbridge road to Valentine avenue, in the Board of the Board of No. 340 Broadway of the Str day of June, 1898, at 2 o'clock r. M., at which such proposed change of grade would be considered by this Board, and for a notice to all persons affected thereby, of the aforesaid time and place at which such proposed change of grade would be considered, to be published in the City Riccom for at least ten days continuously, exclusive of Sundays and legal holidays, prior to the Sth day of June, 1898; and
Whereas, It appears from the affulavit of the Supervisor of the City Record that the aforesaid resolutions and notice, a copy of which is thereto annexed, have been published in the City Riccom for the Sth day of June, 1898; and

RECURT for ten days continuously, Sundays and legal hondars excepted, prior to the Sta day of Jane, 1505; and

Whereas, At the aforesaid time and place a public hearing was given to all persons affected by such proposed change of grade who have appeared, and such proposed change of grade was duly considered by this Board; now therefore be it

Resolved. That the Board of Public Loprovements of The City of New York, in pursuance of the providing of section 446 of chapter 478, Laws of 1897, deeming it for the public interest to after the map or plan of The City of New York by changing the grade of Kingsbridge road, between Docatur accome and Law Cone Hundred and Ninety-second street, and of Fordham road, from Kingsbridge road to Valentine avenue, in the Borough of The Bronx, City of New York, these hereby fover and approve of the same, so as in change the grade of the aforesaid street, as follows:

"A." King bridge Road.

1st. Beginning at the intersection of the western curb of Decatur avenue and the northern curb of Kingsbridge road, elevation of the established grade 67.5 feet above high-water datum, as

heretofore.

Thence westerly to the intersection of the easiern curb of Marion avenue and the northern curb of a ingalacidge road, the elevation is he 83.5 feet above high-water datum.

30. Thence westerly to the intersection of the western curb of Marion avenue and southern curb of kingsheidge road, clevation to be 85.5 feet above high-water datum.

4th. Thence westerly to the intersection of the earlern curb of Bainbrudge avenue and the northern curb in Kingsbridge road, elevation to be 93.5 feet above high-water datum.

5th. Thence 25 feet northerly on the eastern curb of Bainbridge avenue, the elevation to be 95.0 feet above high-water datum.

5th. Thence westerly to the intersection of western curb of Bainbridge avenue, the elevation to be 95.0 feet above high-water datum.

of the above high-water datum.

This Thence westerly to the intersection of western curb of trainbridge avenue and northern curb of Kingsbridge read, elevation to be 95.5 lect above high-water datum.

7th. Thence westerly along a curve on the southern curb of kingsbridge road to a point opposite the point of tangency of reversed house line curves, the radius of which is 301.45 feet, elevation to be 103.0 feet above high-water datum.

8th. Thence metherly to the intersection of the northern curb of Fordiam road and the watern curb of Kingsbridge road, the elevation to be 103.0 feet above high-water datum.

9th. Thence exterity to a point in the entern curb of Kingsbridge road, distant 80 feet southerly from the transcale point opposite a mouse-line curve whose radius is 501.45 feet, elevation to be 107.0 feet above high-water datum.

10th. Thence norther above high-water datum.

10th. Thence norther are distant to be 115.5 feet above high-water datum.

10th. Thence northers are the intersection of the southern curb of Briggs avenue and the extern curb of Kingsbridge road, the deviation to be 115.5 feet above high-water datum.

10th. Thence westerly to the intersection of the northern curb of Briggs avenue, elevation to be 110.0 feet above high-water datum.

10th. Thence westerly to the intersection of the northern curb of Briggs avenue and the extern curb of Kingsbridge road, the elevation to be 124.0 feet above high-water datum.

10th. Thence westerly to the intersection of the northern curb of Briggs avenue and the extern curb of Kingsbridge road, the elevation to be 124.0 feet above high-water datum.

10th. Thence northerly to the intersection of the northern curb of Briggs avenue and the extern curb of Kingsbridge road, the elevation to be 134.0 feet above high-water datum.

10th. Thence of the feet above high-water datum.

10th. Thence of the feet above high-water datum.

10th. Thence of the feet above high-water datum.

"H." Findaam Noad.

1st. Regioning at a point on the southern cart of Fordham road, apposite the western targent point of house-interaction of the elevation of the entern turn of Tiebout avenue and the southern carb of Fordham road, the elevation to be \$13.5 feet above high-water datum.

3d. Themes southerly to the intersection of the western early of Tiebout avenue and the southern carb of Fordham road, the elevation to be \$13.5 feet above high-water datum.

3d. Themes westerly to the intersection of the western early of Tiebout avenue and the southern carb of Fordham road, the elevation to be \$15.0 feet above high-water datum.

3th. Theore westerly to the intersection of the eastern curb of Valentine avenue and the 5th. Theore westerly in the intersection of the eastern curb of Valentine avenue and the

5th. Theore we serily to the intersection of the eastern curb or Valentine avenue and the northern curb of Furdham mad, elevation to be 128,0 above high-water datum, is heretofore. Resolved, Thus the energoing resolution, approving of the above-named proposed change in the map or plan of The City of New York by changing the grade of the above-named streets, adopted by this Heart, together with a statement of the reasons therefor, he transmitted to the Manicipal Assembly for its action thereon.

The following communication from the Engineer in Charge of Street Openings was read : BOARD OF PUBLIC IMPROVEMENTS BORDERS OF MANHATPAN, No. 346 BROADWAY

New York, June 7, 1898.

Hon. MAURICE E. HOLAIRAN, Propinent, Board of Public Improvements :

Size—The polition of Basic of Fluch N. Camp, D. C. Overhauch, and others, for the change of grade on Van Corlear place, from Jacobia place in Kingdondge avenue, presented or the freeling of the Board Mry 18, 1858, and reteried to the Engineer of Street Openings, etc., for examination

and report.

I would respectfully report, upon personal examination of the locality, that the total frontage of the property upon the street, from Jacobsa place to King-thidge avenue, is 1,500 feet, of which 1,205 feet have perithened for the change of grade. The locases facing upon the street were built apone a grade had out by the former owners at the property, and not upon the filed grade of November 4, 1892. If the street be regulated and graded upon the lines faid out under date of November, 1893, it would greatly depreciate the value of the property, and render access to the bouses almost problemary.

Accompanying the petition is a proposed grade submitted by the owners of the property, a

Accompanying the petition is a proposed grade submitted by the owners of the property, a part of which grade calls for a rise of 13,69 feet par hundred, for a distance of 175 feet long. This grade is unusually a steep one, and as the street is a very short one, and occupied by private residences only, this high percentage in grade care be used without detriment to the traveling

public.

I indose a diagram modifying the grade of November 4, 1892, and would recommend its adoption as less saided to the interests of all the owner, of the property abuting upon the street.

Respectfully,

JOS. D. B. WEISTER, Engineer of Street Opening.

Thereupon the following resolution was ununimously adopted:
Whoreas, The Board of Street Opening and Improvement did heretofore, on or about November 1, 1892, lay out and extend Kingsbridge avenue, Van Cortear place and Jacobus place and Whereas, The Board of Public Improvements of The City of New York deems it necessary for the perfecting of such Kingsbridge avenue, Van Cortear place and Jacobus place, that the grade thereof is changed; now, therefore,

Resolved, That the Board of Public Improvements of The City of New York deems it necessary

thereof be changed; now, therefore,
Resolved, That the Board of Public Improvements of The City of New York, deeming it for
the public interest so to do, proposes to after the map or plan of The City of New York by
changing the grade of Kingsbridge avenue, from Terenoc View avenue to near Wieler place; of
Vas Corlear place, from Kingsbridge avenue to a point one hundred and sixty-four and ninesythree one-hundredths feet northerly and westerly from Jacobus place, and of Jacobus place, from
Terracu View avenue to Van Corlear place, in the Twelfith Ward of the Borough of Manhattan,
City of New York, more particularly described as follows:

Kingsbridge Avenue.

Beginning at a point in the centre line of Terrace View avenue and the centre line of Kings-bridge avenue, elevation 41.14 feet above city datum, thence northerly along the centre line of Kingshridge avenue, distance 544.48 feet, elevation 44.04 feet; thence mortherly along said centre line, distance 137.30 (cet, elevation 56 feet; thence still along said centre line, distance 130 feet, elevation to feet.

Van Corlear Place.

Beginning at a point in the westerly line of Kingsbodge avenue and the omitte line of Van Corlear place, elevation 56 teet; thence southerly along the centre line of Van Corlear place, distance 175, 30 feet, elevation 80 feet; thence still southerly along said line, distance 75 feet, elevation 81.23 feet; thence still along said line, distance 353-30 feet, to the sentre line of Jacobus place, elevation 86 feet; thence northerly and westerly and along the centre line of Van Corlear plane, distance 161.05 feet, elevation 89.24 feet.

January Flor

Beginning at a point in the centre line of Van Corlear place, elevation 50 feet above city datum; thence southerly along the centre line of Janobus place, distance 325,47 feet, to the centre line of Terrace View avenue, elevation 52 feet.

Resolved, That this Board consider the proposed change of grade of the above-named streets at a meeting of this Board, to be held in the other of this Board at No. 340 Broadway, on the 22d day of June, 1898, at 2 o'clack v. M.

Resolved, That the Secretary of this Board cause these resolutions, and a notice to all persons affected thereby, that the proposed change of grade of the above-named areas will be annothered at a meeting of this Board to be held at the afore-aid time and place, to be published in the Cett Recomb for ten days combinuously, Sundays and legal holidays excepted, prior to the 22d day of June, 1898.

June, 1898.

The following resolution was submitted by the Fresident:

Whereas, In the regulating, grading, etc., of Terrace View avenue, the grade of said avenue was raised about twelve feet at its junction with King-bridge avenue, thus dopping all travel across the Harlem river by way of King-bridge, no approach basing been built at that point; now

Resolved. That this Board do hereby recommend to the Commissional of Hudways the building of an approach at that point at as early a date a possible, and the contact now under construction at this point be modified, if possible, to include this work, as the same to absolutely necessary for the convenience of travel in that locality.

Affirmative—Commissioners of Water Supply, Flighways, Street Cleanog, Sowers, Briston, President of the Board of Manhattan, and President of the Board.

Negative - Now.

The resolution was adopted and was referred to the Commissioner of Highways with a request (hat he obtain an opinion from the Conjugation Counsel in the matter to day or homorrow

The following teport from the third Topographical Engager was read and the matter referred book to the polithoners to use it they will agree with the components suggested in said

CITY OF NEW YORK, PRESIDENT OF BOARD OF PURES PARADORNIUS OF TOPOGRAPHICS BUREAU-BORDORN OF THE BOARD AVENUE ONE HUNDRED AND SEVENTY-SEVENTH STREET AND THREE AVENUE OF THE PROPERTY OF THE PROPERTY OF THE PURE AND THREE THR Jane 6, 1898.

Col. Jone H. Moorry, Secretary, Board of Public Improvements :

Sig.—In accordance with the action taken by the local of Public Improvements reterring to me for report a resolution from the President of the Bornagh of The Brows, recommending that Jennings street, from Engewater read to the Borns river, by discontinuous and remove action 11 of the final maps of the Twenty-third and Twenty-fronts Wards, I report a following street was taid out on section 11 of the final maps and profiles of the Twenty-third and Twenty-fourth Wards, made another sudversity of chapter 545 of the Laws of 1500, in a straight line from the Southern Budlevard on the Brows river; the little to the section of at Fedgewater road vested in the City on March 5, 1500, and there a no proceeding pending for acquiring title to that portion between Edgewater road and the Brows river.

The actions are the triangular transfer to the Brows river.

The peditioners request that this partion be taken from the map in order to give it up entirely to business, thereby preventing access to the Home river to all people except these invinc-

property thereas.

While Mr. Norman Program and others polition to remove Jeruinus attract from the mop. Mrs. Margaret A. S. Frieman, one of the owners most affected by soal street, petitions that the removal of said Januings street would serlously injure her property.

Available water-from for the one of the public in that neighborhood to state, and I would consider it a british mittake it seems to the water is dealed to all but those who own the water-from

front.
While there is a decided objection to removing fermings stress from the map, it can be started. that in order to obvious the objection that irregular gare lost are lost after the operator of terminals street, the street could be deflected northerly, and to the encoulde a the could observed be made. The northerly line of fennings street could be made to conside a the the could ris meant. The would give a difficult water-front to the property on the south order and would not injure the property on the north side.

Should this meet with the sanction of the perittioners, I would suggest that their perittion be could be accordingly.

muclified accordingly

I recommend that the petition to discontinue the said Jennings street be deviate.

Respectfully,
LOUIS A. E155E,
Chief Topographical Engineer and Engineer of Concounte.

The following resolution, submitted by the Commissioner of Bridges, was adopted:
Resolved, That the Commissioner of Bridges be and is hereby authorized in enter late a contract, by public letting, for making the uscessory improvements and repairs to bridge crossing Newtown Crook at Grand street, in the Boroughs of Brooklyn and Guerns, at an expense not to exceed five thousand dollars, in he paid from appropriations heretofore made by the Board of Estimate and Apportionment for maintenance and repair of bridges over Newtown Creek, in the City of New York, and that an ardinance for same be prevared to the Municipal Assembly for adoption. for adoption.

Alternative—Commissioners of Water Supply, Highways, Street Cleaning, Sewers, Bridger, President of the Boungh of Queens and the President of the Board.

Negative—None.

The following communication from the Commissioner of Water Supply was read:

DEPARTMENT OF WATER SUPPLY-COMMISSIONER'S OFFICE, NO. 150 NASSAU STREET, NEW YORK, June 3, 1898.

Hon. MAURICE V. HULAHAN, President, Board of Public Improvements:

Dear Sir—The Chief Engineer of this Department reports that, in order to increase the supply and improve the circulation of water in the Fire Ward of the Borough of Queens, it is necessary that water-mains be laid in Newtown road, from Jackson avenue to Broadway; in Broadway, from Newtown road to Layster street - in Borden avenue, from Laurel Hill Boulevard to Hunter's Point avenue, and in Hunter's Point avenue, from Borden avenue to Greenpoint avenue, the total distance being 4,500 lineal feet, and the estimated cost of furnishing and laying the mains, \$7,000, to be charged to the appropriation for "Supplying Water to Long Island City," for 1808.

for 1898.

These mains are specially necessary to meet the main- to be laid by the Citizen's Water Company of Newtown at the boundary line of the First Ward, formerly Long Island City, under the contract signed on the 19th instant, and to utilize and distribute the additional water supply which will be received under that contract.

which will be received under that sources.

I therefore submit herewith, for the approval of your Board, the draft of a resolution to authorize me to make a contract for said work, and to recommend to the Municipal Assembly the accoption of an ordinance, a draft of which is also kerewith submitted, authorizing the same.

Very respectfully,

WILLIAM DALTON, Commissioner of Water Supply.

And the following resolution was thereupon adopted:

Resolved, That, in pursuance of sections 413 and 416 of the City Charter, chapter 378 of the Laws of 1807, the Board of Fuhlic Improvements hereby authorizes and approves the making of a contract, by the Commissioner of Water Supply, for the laying of water-mains to increase the supply and improve the circulation of water in the Borough of Queens, as follows:

In Newtown road, none Jackson avenue to Broadway ; to broadway, from Newtown road to Luyson areas ; in Bordon a ombo, from Laured Thil Bodievard to Hunter's Foun avenue, and in Hunter's Foun avenue, from Bordon avenue to Corconomic avenue, at an estimated voc of overa throughd Johns to be charged to the appropriation for "Supplying Water as Long Island City."

Chening, at the Warren-Scharff Asphale Paving Company, in which is nated that the monuments at Edge-conte avenue and One Hundred and Fifty-several street, in the Borough of Manualtan, need researcing before their removal on account of grading, etc., I wish to state that and monuments have been referenced, and are monuments which relate to the lines of the Gid Aquature and not to Edgecomic avenue. The lever is barewith resurned.

Respectfully, LOUIS A, RISSE, Chief Topographical Engineer and Engineer of Concourse.

The following transmissation from the Chief Topographical Engineer was read; CITY OF NEW YORK

PRESIDENT OF BOARD OF PUBLIC IMPROVEMENTS,
TOPOGRAPHICAL BUREAU, BOROUGH OF THE BRONK,
OSE HUNDRED AND SEVENTY-SEVENTH STREET AND THIRD AVENUE, June 6, 1898,

How. Mausers F. Hugarian, President, Board of Public Improvements

Sur-In re-ordered P. Hucanas, President, Board of Patent Improvement.

Sur-In the ordered with year request to report on the inclosed communication from A. Fieley, Chief Engineer to the Aquadusi Commissioners, wherein it is stated that said Commissioners desire to build a sewer in Two Hundred and Fourth street (Potter place) for the drainage of Jerone Farit Reservoir, but that it has occurred to them that inaument as the Sewer Department has planned a sewer in the same street, the two Departments might unite and divide the expense and avoid having two sewers in the same street, and that the Aquaduct Commissioners will contribute as much of the expenditure as is above the original estimated cost, \$5,000, and if this arrangement cannot be made the Aquaduct Commissioners to decide whether they will

build an entirely separate structure in addition to the redinary structure, at their own expense, thereby exempting the abutters from all payments of assessments. I report as follows:

The map or plan of the sewerage and drainage district of the Twenty-third and Twenty-tourit Wards as legally filed show a contemplated sever late out in Two Hundred and Fourth street Potter place) with a diameter of \$2.5 feet at Jerome avenue and \$7 feet at Missholo Purkway, south. At Jerome avenue the flow line of the sever is shown as 20% feet and the surface grade as \$121 feet above high-water datam, or a difference of \$13 feet between the street surface and the bottom of the sever.

The Bestiant Park Tanapayers' Association have petitioned the Local Board of the Borough of The Brook for the construction of a sewer in Two Hundred and Fourth street, which petition was referred to the Board of Public Improvements, together with the action of the Local Board on the smaller.

To 1897, as I am informed, the Chart Engineer of the Aqueduct Commissioners requested the permission of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards to construct a sensor of four feet diameter from Jerome avenue through Two Hundred and Fourth street (Potter place) at the expense of the Aqueduct Commissioners and connect the amount the existing sewer to Mashota Parkway, South. Acting on this application a plan was prepared by the Department of Street Improvements, which is herewith submitted, showing a sewer of two feet diameter in Two Hundred and Fourth street, from Jeroms avenue to Mashota Parkway. The flow line of this sever at Jerome avenue was placed at 101 feet above 1 igh water or seven feet hower than is shown on the filed plans. The title on this plan result of To be constructed by the Aqueduct Commissioners under permit from the Department of Street Improvements of the Twenty-third and Twenty fourth Wards."

The constitution at issue is, then as follows:

The question at issue is, then, as follows: Shall the Sewer Department construct the awar in that arrest as qualificate by the propertyawners, and according to the plans and grains filled, and she expense levial by assessment; as shall so Asperdage Commissioner; construct a separate arrayment in an arrivance with the modifical plan, and at their awn expense, or alread the two Departments under and modifical commissioners by contribute as much of the expenditure as is along the cost of

the original plan?

I dis not think it advisable is compared into separate anatimes in that sievet, when one common sewer will inswer the purp section I to not believe that the cost of construction can legally be divided between the purpercy owners and the Apodust Commissioners for the relieving

ref. The aswer proposed is 'arror in one than it regulard for the purpose originally intended, and no benefit could across to advanta owners.

The following resolution from the President of the Borough of The Brons, was read and the matter was referred to the President of the Borough of The Brons and the London monor of Highways, is apply to the Board of Estimate and Apportionment for an appropriation?

Whereas, The Grand Boulevard and Concourse was laid out on the map system of the Twenty-third and Twenty-fourth Words (Borough of The Brons) under special legislative authority and with the implied understanding that the actual work at construction would be commenced as soon as the Cure had appropriately in the large second and the large second and the large second as soon. as the City had required title to the hand embraced within the Grand Boulevard and Concourse, and the approach thereto; and

Whereas, The City has acquired such title, and all of the buildings on the line of said Grand Boulevard and Concourse have been said; and

Whereas, The strip of land involved, more than four order long and one hundred and eighty-two feet wide, pays no taxes and is haven to the City in its present condition for all practical

purposes, and Wereas. The removal of houses from the line of this proposed thoroughfare, in anticipation of its construction, has left both unsightly and dangerous excavations ;

Resolved. That it is the sense of the Board of Public Improvements that the said Grand Boalevard and Concourse should be, at least, made passable to ordinary travel; and to accomplish this purpose, the Board of Estimate and Apportionness is hereby respectfully requested to approve by resolution a proposition hereby made to appropriate the sum of two hundred and fifty thousand dollars to be provided for by ordinance of the Muomipal Assembly, under section 48 of chapter 378 of the Laws of 1897, for the grading of said Grand Boalevard and Concourse; and be it Resolved. Further, that the proposed ordinance therefor be forwarded to the Muomipal Assembly immediately after approval by the Board of Fallmate and Apportionment of the proposition contained in the above resolution.
