DEAR SIR—The enclosed copy of letter, addressed this day to the Honorable Comptroller of New York, is inclosed that it may be attached to our estimate submitted for the year 1901, made under date of September 4.

HOUSE OF S. GILES THE CRIPPLE,
NO. 419 CLINTON STREET,
BROOKLYN, N. Y., October 4, 1900.

To the Honorable Comptroller of The City of New York:

HONORABLE AND DEAR SIR—In submitting the estimate for this house for the year 1901, sent you under date of September 4, by an oversight we failed, as we are informed we should have done, to make a suggestion as to the amount that should be appropriated for the committed children of this house, supported by The City of New York, for the prospective period in question, our former communication being an estimate for the entire family, concluding your Board would determine the proportion.

The present capacity of those that can be placed as patients in this house is 85. Taking the past and present month, the average of committed children has been about 50, and we suggest that this, or say 55, be taken as the basis for the number of committed children to be supported during next year. The estimate made in our previous communication as to an aggregate of \$11,320 did not represent the full cost of maintaining the house upon the number stated, for the items of interest upon the premises which we pay (or which would represent a rental) of repairs or necessary improvements, insurance and other expenditures, are not included; and then there is a large amount of provisions, groceries, clothing, etc., given, which the committed children have the benefit of, not included in this estimate. The average of cost for each child would be fully up to \$150 per annum; therefore a sum of \$8,250 (55 children at \$150 each) is asked for; at least as much as was allowed in the Budget of 1900 plus the sum you in May last directed to be transferred to finish out the year.

Yours very respectfully,

GEO. WESTAR HIKE, Vice-President.

To the Municipal Assembly:

RESPECTED GENTLEMEN—Not knowing whether you wanted to have the estimate sum to be used for our Dispensary separately, as nothing was stated in the other resolution regarding the Hospital patients, I herewith notify you that we would estimate about the sum of \$1,500 for our Dispensary annually. Trusting this will answer your request, I am

ST. JOHN'S LONG ISLAND CITY HOSPITAL,
JACKSON AVENUE AND TWELFTH STREET,
LONG ISLAND CITY, N. Y.,
FIRST WARD, BOROUGH OF QUEENS,
August 15, 1900.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—As you are aware, the Borough of Queens is without any public hospital, like those in the boroughs of Brooklyn, Manhattan and The Bronx, which are maintained solely by the City.

Your Honorable Body has heretofore, in your wisdom and kindness for the pauper sick of the Borough of Queens, deemed it advisable to make an appropriation for this hospital to enable us to supply the deficiency and carry on this necessary charity. For your generous assistance in the past, in the names of those poor creatures who have benefited by it, and in the names of the Sisters of St. Joseph and myself, who are working in this good cause, I thank you most sincerely.

Prior to consolidation, as I made known to your Honorable Body in a previous communication, by agreement with Long Island City St. John's Hospital took care of the indigent sick and injured of that city, and when Long Island City became incorporated with The City of New York it was indebted to the hospital in the sum of \$7,540, which, in consequence of the complications which afterwards arose, the hospital was unable to obtain. Long Island City also provided other means for caring and treatment of its pauper sick. The Astoria Hospital was then being and performed a part of the work. Outside of Long Island City, in the Borough, now the County of Queens, the towns and villages provided different ways and means for doing hospital work and caring for their indigent sick. Since we have become a part of the greater city practically the whole of the burden has fallen on St. John's Hospital, as it is the only fully equipped hospital in the borough.

In Flushing and Jamaica, it is true, they have hospitals, but they are only for emergency calls and but a small portion of the hospital work falls to their lot.

Last year, in your goodness of heart in the performance of a noble duty, you appropriated to this hospital the sum of \$16,000 for the care and treatment of a very deserving class of our citizens in the Borough of Queens whom sickness and misfortune had overtaken.

If our institution were of sufficient means we would gladly perform the whole work without seeking assistance. Unfortunately it is not, and we are obliged to look for help.

If you, gentlemen, would consider the large territory included in the Borough of Queens and its population you would to some extent realize to what numbers we are called upon to minister; and when you further consider that Queens Borough is made up chiefly and almost entirely of the poor working classes, who work in factories and such places where their employment is extra hazardous, you would see the urgent necessity which our hospital fills. Long Island City, with its population of 50,000 souls, is composed almost entirely of factories, oil yards, sugar refineries, stone yards, foundries, boiler works, iron and steel works, glass works, gas plants, varnish works, box factories and various other such concerns. Then there are thousands of working people who come from Brooklyn and elsewhere to work at these factories. Night and day our ambulances are kept running. A little ways down from us are the termini of several lines of trolley cars, which reach away out on the island, and the terminus of the Long Island Railroad connecting with Thirty-fourth street and other ferries, all of which inevitably increase the number of accidents and the number of calls upon us, and owing to our proximity to the termini of these railroads we are made the recipients of nearly all the cases on the line of the road, and especially serious accident cases.

Exceedingly few, indeed, are our pay patients; but people are too poor. As I said, the population is a population of working people and mechanics who earn their livelihood by hard, manual labor, and when sickness or other misfortune overtakes them they are in sore need indeed. Thus you see, gentlemen, how necessary here is a hospital like ours and what a want it fills for that class of our citizens who stand most in need of it, and I beg you to believe that in helping us in this good cause you are performing a noble work. Other causes for the large demands on our hospital are the number of summer resorts in our vicinity, or to which we are very accessible, from which are sent to us at this time of the year numbers of persons with one form of sickness or other, or in a disabled or maimed condition, mostly excursionists or pleasure-seeking people from other parts of the city.

The work is growing more and more every year, the field is a large one, and with our limited resources, as we are at present circumstanced, we are unable to keep up with it. Hence I make this appeal to you that you may further aid us.

Last year our total expenses amounted to \$27,200.40. Our revenue that year was \$25,267.56, of which \$16,000 was from the City and \$9,257 from all other sources, leaving a deficiency of about \$2,000. The mortgage indebtedness is \$63,000 at 4 per cent. The number of patients last year was 1982. This year the number has increased by one-third more, numbering 2,415.

Since consolidation we have built our new hospital, furnished and equipped with all the modern hospital improvements, and appliances, and to-day in this respect it is inferior to no hospital in the city. We have an able and efficient staff of surgeons and doctors and a competent staff of nurses and attendants.

The new hospital is 140 feet long by four and five stories high. Before its erection we could accommodate only about 50 persons and now we are able to accommodate about 250, and every ward is occupied almost continuously.

With the completion of our new building our expenses are largely increased. About two-thirds of our cases have been operative cases, to which is attached considerable expense for dressing, etc. While there are no salaries, except to the help, attendants and nurses on probation and head nurse, the Sisters give their services without compensation of any kind, we have had, nevertheless, to increase our expenses for insurance on the buildings, for services of watchmen, engineers and other employees.

Trusting that I have not encroached on your precious time, you will pardon me if I repeat, that mostly all our patients are the indigent sick and poor, working people who have met with injuries in factories, on railroads, or such like cases, which need the City's help, and people who are not able to help themselves. As you will perceive the appropriation you have heretofore given the hospital has been well and properly applied for a good and holy cause. This work in which we are engaged is now more in need of your help than ever. It has largely increased in volume, and it is daily growing more and more, and therefore I appeal to you, gentlemen, that you will this year increase the appropriation for this grand work of charity commensurate with the labors to be performed.

My appeal is in behalf of suffering humanity for those poor creatures who cannot appeal in their own behalf; for those poor unfortunates who have met, or unfortunately may meet, with some sad accident in our borough and who are sent to our hospital for medical care and treatment and mayhap are restored to health and strength again.

Gentlemen, our hospital is greatly needed here. Help us to maintain it, and the Almighty God will reward you for performing one of the noblest of His works, one of the greatest of His charities—the care and treatment and nursing back to life and strength of the indigent sick.

I am, dear sirs,

Very respectfully yours,
SISTER MARY DAVID, Superintendent.

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, October 3, 1900.

Hon. RANDOLPH GUGGENHEIMER, President of the Municipal Assembly:

SIR—I have the honor to transmit herewith a certified copy of report and resolutions adopted by the Board of Trustees of the Normal College of The City of New York approving the action of the Executive Committee in transmitting to the Board of Estimate and Apportionment and the Municipal Assembly the Estimate of the Normal College for the year 1901.

Respectfully yours,

A. E. PALMER,
Secretary, Board of Trustees of the Normal College.

To the Board of Trustees of Normal College:

The Executive Committee for the care, government and management of the Normal College of The City of New York respectfully submits the following report:

In order to comply with the requirements of section 1142 of the Greater New York Charter, the Executive Committee, at a meeting held on September 19, 1900, adopted the following resolutions, and copies of the same were duly certified and transmitted to the Board of Estimate and Apportionment and to the Municipal Assembly:

Resolved, That, subject to the approval of the Board of Trustees, the Executive Committee for the care, government and management of the Normal College hereby declares that there will be required for the support and maintenance of the College, during the year 1901, the sum of two hundred thousand dollars (\$200,000).

Resolved, That the following report be submitted to the Board of Estimate and Apportionment:

To the Board of Estimate and Apportionment and the Municipal Assembly:

The Executive Committee for the care, government and management of the Normal College of The City of New York, subject to the approval of the Board of Trustees, hereby reports to your Honorable Body that there will be required for the payment of the salaries of the professors and officers of the said College, for the obtaining and furnishing of scientific supplies, for repairing and altering the College buildings, and for the support, maintenance and general expenses of the said College, during the year 1901, the sum of two hundred thousand dollars (\$200,000) in accordance with the accompanying schedule.

In order that the College may successfully conduct the education and training of teachers for the public schools of The City of New York it is absolutely necessary that the appropriation should be increased to \$200,000, and for the following reasons:

First—The attendance, owing to the rapid growth of the city and the constant pressure of students for admission, has increased to 2,700, that is to say, 200 above the attendance of last year.

Second—To provide for the education of these 200 students, the College needs at least five additional teachers, together with books and other appliances.

Third—The Board of Trustees must construct new rooms to accommodate these 200 students. Fourth—It is the intention of the Board of Trustees to provide living apartments for the janitors outside the building in order to convert their quarters into class rooms.

Fifth—Out of the present appropriation the sum of \$35,000 is taken out to support the training Department, leaving the small sum of \$140,000 to support the College. This Training Department is, to all intents and purposes, a public school whose pupils would otherwise be educated at the cost of the Board of Education.

Sixth—The College buildings are old and require constant repairs to maintain them in a tenable condition.

EDWIN HAYWARD,
PLUMBING AND GAS FITTING, NO. 150 FLATBUSH AVENUE,
BROOKLYN, N. Y., December 12, 1899.

James H. McInnes, Esq., Alderman, Eighth District:

MY DEAR SIR—I send you petition for change of name of present Vernon avenue, Twenty-ninth Ward.

The petitioners are in the main heads of households. Several are business people of the four corner stores of the street. I believe that the petitioners are a majority by quite a number of all the heads of households of the street. I found only one person that objected to the change, nearly all expressing satisfaction in the step taken by me.

The object of the change is to avoid a continuation of the trouble due to mail matter being delayed in its delivery to us, and to packages being sent to Vernon avenue, Eastern District, when they should come direct to us. We want to prevent the distress which follows the very frequent mistakes made by strangers coming to Vernon avenue, Flatbush, to find friends, when they should have gone to Vernon avenue elsewhere to be found. This trouble is the more frequent due to the street cars, many of them which run to Flatbush having signs upon them "Vernon avenue only." Strangers are often told to take that car, conductors and many other people not knowing of another street so named. Often we learn of poor people being in difficulty by that circumstance, and having to ask some one to give them car fare to take them back from where they came or to the Vernon avenue they wished to go to.

If you will kindly act in this matter to obtain the desired change we will all rise up and call you blessed.

Truly yours,

(Signed) EDWIN HAYWARD.

NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,
BOROUGH OF MANHATTAN, January 22, 1900.

Hon. P. J. SCULLY, City Clerk, City Hall, Borough of Manhattan:

SIR—I am in receipt of a report from the Chief of Department, under date of the 20th instant, recommending as a result of an investigation by him of recent apartment and tenement-house fires at which several lives have been lost, and also from the fact of the receipt by me of numerous letters from occupants of apartment and tenement-houses stating that the halls of said buildings are in darkness after 10 o'clock at night, and compelling tenants upon entering the premises after that hour to light a match in order to see their way has, in my opinion, been the origin of many of these accidents, for when a fire is discovered in such a building the tenants rush to the hallways, and when they are found to be in darkness a panic is invariably the result.

I am therefore constrained to suggest that the Municipal Assembly of The City of New York should adopt an ordinance compelling the owners of all flats and tenement-houses occupied by more than three families to have lights burning on every floor from sunset to sunrise each day, and I respectfully request that you will please cause a suitable ordinance to be prepared embodying the views herein set forth for submission for adoption by said body.

I am convinced that a strict observance of such a law will prevent a recurrence of many similar calamities.

Yours respectfully,

JOHN J. SCANNELL, Commissioner.

ADOLPH C. HOTTENROTH, FRANCIS F. WILLIAMS, FRANK J. GOODWIN, DAVID L. VAN NOSTRAND, Committee on Law Department.

Which was adopted.

No. 1206.

Resolved, That the Board of Education be and hereby is authorized to expend a sum not to exceed fifteen hundred dollars (\$1,500) for the purpose of giving outings to the children attending the summer schools and playgrounds for the season of 1900 in the boroughs of Manhattan and The Bronx.

BOARD OF EDUCATION, PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, June 28, 1900.

P. J. SCULLY, Esq., City Clerk:

DEAR SIR—Inclosed herewith please find certified copy of preamble and resolution adopted by the Board of Education at a meeting held on June 27, 1900, requesting the Municipal Assembly to authorize the Board of Education to expend a sum not to exceed \$1,500 for the purpose of giving outings to children attending the summer schools and playgrounds in the boroughs of Manhattan and The Bronx.

Respectfully,

A. E. PALMER, Secretary, Board of Education.

The Committee on Special and High Schools for the boroughs of Manhattan and The Bronx is desirous of giving outings to children attending the summer schools and playgrounds, and believes that the best results can be obtained by engaging barges for conveying them to points along the water-fronts around and about New York City. Excursions of this kind were given to the children attending the summer schools and playgrounds last season.

The following resolution is therefore offered for adoption:

Resolved, That the Board of Education hereby requests the Municipal Assembly to authorize this Board to expend a sum not to exceed fifteen hundred dollars (\$1,500) for the purpose of giving

outings to the children attending the summer schools and playgrounds for the season of 1900, in the boroughs of Manhattan and The Bronx.

A true copy of report and resolution adopted by the Board of Education on June 27, 1900.
A. E. PALMER, Secretary, Board of Education.

Councilman Goodwin moved that this resolution be taken from the list of special orders and placed on file.

Which was adopted.

At this point a call of the house was ordered, which resulted as follows:

Present—The Vice-Chairman, Councilmen Conly, Doyle, Ebbets, Engel, Foley, Francisco, Goodwin, Hart, Hester, Hyland, Leich, Mundorf, Murphy, Murray, O'Grady, Ryder, Williams, Wise, and the President—20.

Report of the Committee on Legislation—

No. 1797.

The Committee on Legislation, to whom was referred the annexed preamble and resolution of the Board of Aldermen to provide funds for necessary disbursements of the Committees on Legislation of both bodies from time to time at Albany, respectfully

REPORT:

That, having examined the subject, they believe the proposed allowance to be necessary, but in view of the fact that the estimate of the City Clerk has already been presented to the Board of Estimate and Apportionment, and existing conditions thereby changed, they therefore recommend that the accompanying preamble and resolution be substituted and adopted.

ADOLPH C. HOTTENROTH, JOHN T. OAKLEY, ADAM H. LEICH, Committee on Legislation.

Whereas, The contemplated revision of the Charter will necessitate more frequent appearances before the committees of the Senate and Assembly at Albany of the Committees on Legislation of the Council and Board of Aldermen; and

Whereas, The question of available funds to meet the necessary disbursements of such committees has been heretofore raised;

Resolved, That the City Clerk be requested to present the matter before the Board of Estimate and Apportionment, and to request an allowance of not less than one thousand (\$1,000) dollars for the purposes indicated in addition to the estimate already submitted for the general expenses of the Municipal Assembly.

Whereas, There will be occasion for the Legislative Committees of the Council and of the Board of Aldermen to give special attention and devote much of their time to their respective duties next year, in consequence of the contemplated revision of the Charter, necessitating appearance before Legislative Committees at Albany; and

Whereas, The question of available funds to incur the legitimate expenses of the Legislative Committees in the performance of duty has been raised heretofore; therefore

Resolved, That the City Clerk be and he is respectfully requested to add to the annual budget for the coming fiscal year at least one thousand dollars more than has been asked for heretofore, in order that the contingent fund may be adequate for all proper requisitions thereon.

To the Honorable the Board of Aldermen of The City of New York, Hon. T. F. Woods:

We undersigned, property owners and merchants residing and doing business in the neighborhood of the proposed "Little Italy" Park, at One Hundred and Eleventh to One Hundred and Fourteenth streets, east of First avenue, in the Borough of Manhattan, City of New York, do respectfully petition your Honorable Body to hear our complaint concerning the occupancy of the streets and sidewalks of said neighborhood by push-carts, vendors and hawkers, and represent the same to be a detriment to our peace, our comfort, our health and our business, and the comfort and welfare of all who are obliged to make use of said neighborhood.

We respectfully represent that such vendors and hawkers, beside obstructing the sidewalks and streets, deposit all manner of refuse and garbage in the empty lots of the proposed park.

Therefore your petitioners respectfully and earnestly urge your Honorable Board to take such action and pass such ordinances as will result in the abatement of this nuisance.

UNFINISHED BUSINESS.

By unanimous consent the Vice-President called up G. O. 26, being a report of the Committee on Finance, as follows:

No. 733.

The Committee on Finance, to whom was referred the annexed resolution in favor of authorizing an issue of Corporate Stock, \$521,636.30, to pay awards for lands required for Park (Minutes of April 24, 1900), respectfully

REPORT:

That, having examined the subject, they believe the proposed issue to be necessary. They therefore recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment on April 20, 1900, adopted the following resolution:

"Resolved, That, subject to the concurrence herewith by the Municipal Assembly, the Comptroller be authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of five hundred and twenty-one thousand six hundred and thirty-six dollars and thirty cents (\$521,636.30) to provide for the payment of awards in the fourth separate report of the Commissioners of Estimate in the proceedings to acquire title to lands required for a public park bounded by One Hundred and Eleventh and One Hundred and Fourteenth streets, First avenue and East river, as provided by section 746 of the Laws of 1894."

Resolved, That the Municipal Assembly hereby concurs in said resolution, and that the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of five hundred and twenty-one thousand six hundred and thirty-six dollars and thirty cents (\$521,636.30) for the purpose of providing for the payment of said awards.

Whereas, It appears to us, from the petition of Thomas T. Taber, verified on the 1st day of October, 1900, that The City of New York is indebted to said Thomas T. Taber, the relator, in the sum of twenty-four thousand two hundred and thirty-two dollars and thirty-eight cents (\$24,232.38), subject to the amount remaining unpaid on a certain mortgage, and also in the further sum of twelve thousand one hundred and fifty-seven dollars and nine cents (\$12,157.09), the amount of the awards made to the said relator in and by the Fourth Separate Report of the Commissioners of Estimate and Appraisal, appointed under chapter 746 of the Laws of 1894, in said petition referred to, and that, nevertheless, you have unjustly refused to forthwith concur with the resolution of the Board of Estimate and Apportionment, set forth in said petition, to authorize the Comptroller of The City of New York by resolution to issue Corporate Stock of The City of New York necessary to pay the awards of the said relator, made and filed as in said petition set forth, and which petition we have adjudged to be true, as appears to us of record.

Now therefore we, being willing that full and speedy justice be done in this behalf to him the said Thomas T. Taber, as it is just, command you, Randolph Guggenheimer, President; John T. Resolved, That, subject to the concurrence herewith by the Municipal Assembly, the Comptroller be authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to the amount of five hundred and twenty-one thousand six hundred and thirty-six dollars and thirty cents (\$521,636.30) to provide for the payment of awards in the Fourth Separate Report of the Commissioners of Estimate in the proceedings to acquire title to lands required for a public park bounded by One Hundred and Eleventh and One Hundred and Fourteenth streets, First avenue and East river, as provided by chapter 746 of the Laws of 1894;

Which was accepted and ordered on file.

The President then put the question whether the Board would agree with said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

They therefore recommend that the said ordinance be adopted.

WILLIAM F. SCHNEIDER, JR., ROBERT F. DOWNING, HENRY GEIGER, FRANCIS J. BYRNE, Committee on Bridges and Tunnels.

(Papers referred to in preceding Report.)

The Committee on Bridges and Tunnels, to whom was referred on July 31, 1900 (Minutes, page), the annexed ordinance in favor of authorizing the Commissioner of Bridges to contract without public letting for construction of bridge over the Harlem river between First and Willis avenues, respectfully

REPORT:

That, having examined the subject, they recommend that the said ordinance be adopted.

AN ORDINANCE authorizing the Commissioner of Bridges to contract, without public letting, for the construction of the bridge over the Harlem river, between One Hundred and Twenty-fifth street and First avenue and One Hundred and Thirty-fourth street and Willis avenue.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

The Commissioner of Bridges of The City of New York is authorized to contract without public letting with John C. Rodgers, the contractor for constructing the bridge over the Harlem river, between One Hundred and Twenty-fifth street and First avenue and One Hundred and Thirty-fourth street and Willis avenue, under contract dated October 8, 1897, executed in pursuance of chapter 147, Laws of 1894, for additional work and materials necessary to complete said bridge according to plans and specifications approved by the Board of Estimate and Apportionment July 24, 1900, at an expense not to exceed nineteen thousand six hundred dollars, to be paid from the funds provided by the sale of bonds pursuant to said act.

WILLIAM F. SCHNEIDER, JR., HENRY GEIGER, ROBERT F. DOWNING, FRANCIS J. BYRNE, BERNARD SCHMITT, EMIL NEUFELD, Committee on Bridges and Tunnels.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
COMMISSIONER'S OFFICE, PARK ROW BUILDING,
MANHATTAN, NEW YORK CITY, N. Y., July 30, 1900.)

To the Honorable the Municipal Assembly:

GENTLEMEN—The Honorable Board of Estimate and Apportionment on July 24, 1900, passed a resolution, as provided for in chapter 147, Laws of 1894, approving plans and specifications for certain additional work on the bridge over Harlem river, between First and Willis avenues, at a cost not to exceed \$19,600, and also authorizing the Comptroller, with the consent of the Municipal Assembly, to issue Corporate Stock of The City of New York to the amount of \$182,155.17 for the completion of said bridge. This sum of \$182,155.17, which includes the \$19,600 mentioned above, is the difference between the amount of Corporate Stock heretofore issued and the total \$2,000,000 authorized by law, and is needed to pay for the cost of land and for the construction of the bridge, which is now nearing completion.

The plans and specifications which have just been approved by the Board of Estimate and Apportionment provide for certain work not contemplated in the original contract, but which has been proved necessary by the experience of this Department, and the three items of work with the cost of each are as follows:

A. Substitution of arc for incandescent lights, furnishing boilers of increased power, and engine and dynamo of increased power.....	\$10,000 00
B. Four houses, one on each end of two rest piers, to be used, three for Bridge Tenders and one for a toilet-room.....	7,600 00
C. Additional work and material on end-lifting devices.....	2,000 00
Total.....	\$19,600 00

This additional work cannot be done except in connection with the general work of construction and by the contractor whose contract covers the whole structure, without considerable extra cost to the City and serious delay and inconvenience to the public, and I therefore transmit herewith a form of ordinance, granting me the power to enter into contract with the present contractor, John C. Rodgers, for this work, without public letting, and beg that you will pass it without delay.

I also inclose a copy of the specification and form of contract. The prices therein, which are as stated above, have been reported by the Chief Engineer of this Department and the Consulting Engineer for the Willis Avenue Bridge to be just and reasonable.

Respectfully,

JOHN L. SHEA, Commissioner of Bridges.

The President put the question whether the Board would agree with said report and adopt said ordinance.

Which was decided in the negative by the following vote, three-fourths of all the members elected having failed to vote in favor thereof:

Affirmative—Aldermen Bridges, Byrne, Calkin, Delano, Dowling, Dunn, Fleck, Flinn, Gaffney, Gass, Geiger, Goodman, Holler, Keegan, Keely, Kennedy, McGrath, McInnes, Metzger, Muh, Neufeld, Parsons, Schmitt, Schneider, Twomey, Vaughan, Wirth, and Wolf—28.
Negative—Aldermen Alt, Cardani, Diemer, Gledhill, Kenney, Ledwith, Marks, Mathews, McCaul, McEneaney, Murphy, Oatman, Rottmann, Smith, Wafer, Welling, the Vice-President, and the President—18.

The following communication being read in connection with the foregoing report of the Committee on Bridges and Tunnels, was, on motion of Alderman McInnes, ordered printed in the minutes and made a part of the S. O. 77.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
COMMISSIONER'S OFFICE, PARK ROW BUILDING,
MANHATTAN, NEW YORK CITY, N. Y., September 21, 1900.)

Hon. WM. F. SCHNEIDER, JR., Chairman, Committee on Bridges and Tunnels of the Board of Aldermen:

SIR—By reference to the CITY RECORD at page 5657, I find that the proposed ordinance authorizing the Commissioner of Bridges to contract, without public letting, for additional work on the construction of a bridge over the Harlem river between One Hundred and Twenty-fifth street and First avenue and One Hundred and Thirty-fourth street and Willis avenue, was, on motion, recommended to the Committee on Bridges and Tunnels by the Board, at its meeting on the 18th instant, "with instructions to find out the probable cost of the proposed improvement;" and, inasmuch as this is a matter calling for immediate action, I take the liberty of sending this communication to you, to the end that the ordinance mentioned may be adopted at the earliest possible date, in the interests of the City.

The work of constructing said bridge is now progressing very rapidly towards completion, and in order that delay may be avoided it is necessary that the work for which this ordinance is intended to provide should be carried on by the contractor for constructing said bridge, at the same time with the other work.

The cost of the additional work for which this ordinance provides is \$19,600. That is the sum that the contract will be made for, as shown in my communication addressed to the Municipal Assembly under date of July 30, and published in the RECORD at the page mentioned. This sum has been fixed for the three items mentioned by the Chief Engineer and Consulting Engineer of this Department, after due investigation, as shown by the Chief Engineer's report on file, from which I quote:

"The contractor, Mr. John C. Rodgers, has offered to do all of the above work at the prices I have stated, according to our plans and specifications, and his letters to that effect are on file in this Department. I have carefully gone over the prices with Mr. Clarke, and compared them with the cost of similar work elsewhere, and believe them to be reasonable."

The plans and specifications for said work will be transmitted for examination by the Committee if desired.

I respectfully request that the matter be disposed of by your Honorable Board at its next meeting. Any additional information or explanation that may be desired I shall be most happy to give your Committee, either in person or by representative from this office.

Respectfully,

JOHN L. SHEA, Commissioner of Bridges.

Alderman Schneider then moved that the vote by which S. O. 77 was lost be reconsidered.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

The paper was then, on motion of Alderman Schneider, made a special order for the next meeting at 2 o'clock.

The hour of 2 o'clock having arrived, Alderman Fleck called up S. O. 23, being a report of the Committee on Finance of the Council, as follows:

No. 1420.—(S. O. 23.)

The Committee on Finance, to whom was referred the annexed resolution in favor of the application of the sum of \$144,649 for the purchase of new stock and plant for the Department of Street Cleaning, boroughs of Manhattan and The Bronx (page 248, Minutes, February 6, 1900), respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment on February 1, 1900, adopted the following resolution:

Resolved, That, subject to concurrence herewith by the Municipal Assembly, the Board of Estimate and Apportionment hereby approves of the application of the sum of one hundred and forty-four thousand six hundred and forty-nine dollars (\$144,649) for the purchase of new stock and plant for the Department of Street Cleaning, in the boroughs of Manhattan and The Bronx, from the proceeds of bonds issued pursuant to a resolution of this Board, concurred in by a resolution of the Municipal Assembly, approved by the Mayor April 25, 1899, said amount to be taken from the authorizations in the boroughs of Queens and Richmond, as follows:

Borough of Queens.....	\$80,000 00
Borough of Richmond.....	64,649 00
	\$144,649 00

Resolved, That the Municipal Assembly hereby concurs in said resolutions.

Resolved, That, subject to concurrence herewith by the Municipal Assembly, the Board of Estimate and Apportionment hereby approves of the application of the sum of one hundred and forty-four thousand six hundred and forty-nine dollars (\$144,649) for the purchase of new stock and plant for the Department of Street Cleaning, in the boroughs of Manhattan and The Bronx, from the proceeds of bonds issued pursuant to a resolution of this Board, concurred in by a resolution of the Municipal Assembly, approved by the Mayor April 25, 1899, said amount to be taken from the authorizations in the boroughs of Queens and Richmond, as follows:

Resolved, That a copy of the letter of the Commissioner of Street Cleaning to this Board, dated January 23, 1900, be transmitted to the Municipal Assembly, and that the attention of that Honorable Body be called to the fact that its concurrence with the foregoing resolution will enable a proper use to be made of money which would otherwise lie idle in the City Treasury, and thereby obviate the necessity for an additional issue of bonds.

A true copy of resolution adopted by the Board of Estimate and Apportionment February 1, 1900.

BOARD OF ESTIMATE AND APPORTIONMENT,
NEW YORK, February 2, 1900.

Hon. P. J. SCULLY, City Clerk:

DEAR SIR—Herewith I transmit a copy of a communication from the Department of Street Cleaning, dated January 23, 1900, containing an estimate for new stock (Bond Account) for the present year for the boroughs of Manhattan and The Bronx, also a resolution of the Board of Estimate and Apportionment adopted February 1, 1900.

Very respectfully,

CHAS. V. ADEE, Clerk.

DEPARTMENT OF STREET CLEANING,
NEW YORK, January 23, 1900.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I have the honor to transmit herewith my estimate for New Stock (Bond Account) for the present year. In my opinion the items enumerated will be necessary to supply and properly equip the boroughs of Manhattan and The Bronx. I find that there is a sufficient surplus left over in the Bond Accounts for the other boroughs to suffice for 1900, and therefore the estimate is confined to the two boroughs named.

In submitting this estimate I earnestly desire that it may be allowed just as submitted, as I have gone over each of these items and find that the quantities and prices are both as low as the prevailing conditions will admit.

The sum total, as will be seen, amounts to \$144,649, and in this connection I desire to call attention to the fact that in my estimate for Bond Account for 1899, for the Borough of Queens, there was allowed four (4) crematories for the destruction of refuse at \$30,000 each, amounting to \$120,000, and for the Borough of Richmond three (3) crematories, also at \$30,000, amounting to \$90,000.

After these sums were allowed, it was for potent reasons considered inadvisable at the time to appropriate the money for the purpose indicated in these two boroughs, consequently the money so allowed has not been used. It is quite within the possibilities that a portion of these amounts for crematories in these two boroughs may be expended in the near future, but even if the contemplated amounts are expended, it will still leave a balance in those two accounts for the boroughs of Queens and Richmond sufficient for the needs of the boroughs of Manhattan and The Bronx for the present year.

Therefore if the \$144,649 could be transferred from the \$220,000 appropriated for crematories in Queens and Richmond, to the Bond Account of the boroughs of Manhattan and The Bronx, in the following manner—\$80,000 from the \$120,000 in the Bond Account for Queens, and \$64,649 from the \$90,000 in the Bond Account for Richmond—it would provide the necessary \$144,649 in the Bond Account for the boroughs of Manhattan and The Bronx, thus obviating the necessity for a bond issue for that purpose.

This request is made subject to the action of the Board of Public Improvements and consent of the Municipal Assembly, if such action and consent are legal requirements.

The following are the items with their prices, which, in my judgment, are necessary:

BOROUGH OF MANHATTAN AND THE BRONX.

200 horses, at \$210 each.....	\$42,000 00
150 sets cart harness, at \$25 each.....	3,750 00

Total	\$144,649 00

Respectfully,
(Signed) JAMES McCARTNEY, Commissioner.

The Committee on Sewers, to whom was referred on September 25, 1900, the annexed ordinance of the Council in favor of authorizing the modification of a contract for sewer in Morris avenue, Borough of The Bronx, respectfully

REPORT:

That, having examined the subject, they have ascertained that no pecuniary advantage over the City will be gained by the contractor by passing the ordinance, but that he will receive what he has earned, but without fault of his own cannot obtain unless authorized by this ordinance.

They therefore recommend that the said ordinance be concurred in.

AN ORDINANCE authorizing the modification of a contract.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

That, in pursuance of the provisions of the Greater New York Charter, the following resolution of the Board of Public Improvements, adopted by that Board on the 22d day of August, 1900, be and the same hereby is approved, and the modification of contract therein provided for is hereby authorized, viz.:

"Whereas, The Commissioner of Sewers has reported that under a contract entered into between The City of New York and M. J. Leahy, contractor, dated the 17th day of March, 1898, a sewer has been building in East One Hundred and Seventy-fifth street, from the existing sewer in Jerome avenue to Morris avenue; in Morris avenue, between East One Hundred and Seventy-fifth street and the summit south of East One Hundred and Seventy-first street; in East One Hundred and Seventy-fourth street, between Eden avenue and Topping avenue; in Eastburn avenue, between East One Hundred and Seventy-fifth street and Belmont street; in Weeks avenue, between East One Hundred and Seventy-fifth street and Belmont street; in Monroe avenue, between East One Hundred and Seventy-sixth street and summit south of East One Hundred and Seventy-fourth street; and

Whereas, All of the sewer intended by said contract to be built has been completed with the exception of about 206.6 linear feet of brick sewer, 475.5 linear feet of 18-inch pipe sewer, and 250.8 linear feet of 12-inch pipe sewer, all on Morris avenue, south of Manhole No. 24, which is located between East One Hundred and Seventy-second street and Teller avenue; and

Whereas, It has been ascertained and determined that, in the said portion of Morris avenue, south of East One Hundred and Seventy-second street, and for a considerable extent, there exists a swamp across which Morris avenue is in process of being regulated and graded, and it has been ascertained and determined after careful examination that the nature of the said swamp is such that there is a constant settling of material deposited therein along the line of said Morris avenue, through which the said sewer would have to be constructed, and that such settlement is likely to continue for a period of at least two years, subsequent to the completion of the regulating and grading of said Morris avenue at the said point; and

Whereas, It has been further ascertained that it would not be feasible to drive across said swamp for the foundation of the said sewer, for all of which reasons it is deemed advisable that the said sewer should not be constructed along said Morris avenue at the present time, since said construction might result in a total loss of the work through the breaking and sinking of the sewer it constructed; and

Whereas, The Commissioner of Sewers has recommended that the said portion of said sewer in Morris avenue be omitted from the work required of the contractor under the said contract, and that the rest of the sewer contemplated by the said contract having been finished to the satisfaction of the said Commissioner, of accepted by the City and the contractor be discharged from all obligations under said contract with respect to the said portion of the sewer in Morris avenue proposed to be omitted; and

Whereas, An agreement has been executed by the said Commissioner in behalf of The City of New York and the said contractor, the execution thereof by the latter having been agreed to by the sureties upon his undertaking annexed to the said contract and for the completion thereof, the purpose of the said agreement being to provide for the omission from the contract of the portion of the sewer referred to and the release of the contractor from his obligations with respect to said portion under the said contract; the acceptance by the City of the rest of the sewer and the release of the City by the contractor from all claims or demands whatsoever by reason of the omission from the said contract of the said portion of the said sewer; said agreement having been made subject to the approval of this Board or other proper authority; wherefore

Resolved, That the said agreement between The City of New York by the Commissioner of Sewers and M. J. Leahy, contractor, dated the 9th day of August, 1900, be and the same hereby is approved, and that the contract and plan for the building of the said sewer be modified and changed so as to omit therefrom the construction of that portion of the brick sewer extending about two hundred and six and six-tenths linear feet and that portion of the pipe-sewer extending about seven hundred and twenty-six and three-tenths linear feet, all on Morris avenue, south of Manhole No. 24, which is located between East One Hundred and Seventy-second street and Teller avenue, and that upon the completion of the rest of the sewer mentioned in said contract and plans, in accordance with the specifications and plans and the terms and conditions of said contract, the obligation of the said M. J. Leahy, under said contract, with respect to the said portion of the said sewer in Morris avenue, shall cease and determine, and that thereupon the Commissioner of Sewers may accept the work and file with the Comptroller a final certificate of the completion and acceptance thereof, signed by the Chief Engineer or head of his Department, and that thereupon the contractor shall be entitled to payment of the amount shown to be due him by the said final certificate, except as to so much thereof as may be lawfully retained or deducted therefrom under any of the provisions of said contract between The City of New York and the said contractor, dated the 17th day of March, 1898.

DEPARTMENT OF CORRECTION.

DEPARTMENT OF CORRECTION,
October 3, 1900.

PROPOSALS FOR MATERIALS AND WORK REQUIRED FOR COMPLETING THE INSTALLATION OF A COMPLETE HIGH-PRESSURE STEAM PLANT IN THE WORKHOUSE, AND A COMPLETE PUMPING OUTFIT FOR THE STONE QUARRY, BLACKWELL'S ISLAND.

SEALED BIDS OR ESTIMATES FOR MATERIALS AND WORK required for completing the installation of a complete high-pressure steam plant in the Workhouse, Blackwell's Island, and a complete pumping outfit for the Stone Quarry, Blackwell's Island, New York City, in conformity with specifications, will be received at the office of the Department of Correction, No. 148 East Twentieth street, in The City of New York, until 12 o'clock M. of

OCTOBER 18, 1900.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for completing the installation of a High-pressure Steam Plant for Workhouse and Pumping Outfit for the Stone Quarry, Blackwell's Island, New York City," with his or their name or names and the date of presentation, to the head of said department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner, or his duly authorized agent of said department, and read.

The Commissioner of the Department of Correction reserves the right to reject all bids or estimates if deemed to be for the public interest.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND (2,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence or place of business of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York or of a guaranty or surety company duly authorized by law to act as surety, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety

in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of One Hundred Dollars (\$100) being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications.

The work and materials must conform in every respect to the printed specifications and plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Commissioner, No. 148 East Twentieth street, and by Horgan & Slattery, architects, No. 1 Madison avenue, New York City, where the plans and drawings, which are made a part of the specifications, can be seen. Bidders are cautioned to examine each and all of the provisions of the contract and specifications, as the Commissioner of the Department of Correction will insist upon its absolute enforcement in every particular.

FRANCIS J. LANTRY,
Commissioner.

Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, trust, bond or surety companies in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of

New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of seven hundred and fifty (750) dollars, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and the plans. The work and materials must conform in every respect to such printed specifications and plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payments will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The form of the contract, including specifications and plans, and showing the manner of payment, will be furnished at the office of the Department, No. 148 East Twentieth street, and Horgan & Slattery, architects, No. 1 Madison avenue, Borough of Manhattan, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner of Correction will insist upon its absolute enforcement in every particular.

shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Department. Such references are cause for rejecting bids wherever they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders must state the price of each article per pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the footings, and awards made to the lowest bidder on each item or class.

All estimates not conforming to these requirements may be considered as informal.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioner may determine.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in The City of New York, with their respective places of business or residence, or of a responsible guaranty or surety company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person making the estimate, they will, on it being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by the Revised Ordinances if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute or perform the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal, but if he shall execute or perform the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

For particulars as to quantity and quality of supplies, or the nature of the work required, bidders are referred to the printed specifications.

The quantity and quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders must state the price of each article per pound, dozen, gallon, etc., (unless otherwise specified and grouped in a class), by which the bids will be tested. The extensions must be footed up, as the bids will be read and recorded from the total footing. Awards will be made to the lowest bidder on each class or item, as the case may be.

All estimates not conforming to these requirements may be considered as informal.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine.

All bids must be based upon the description furnished or samples exhibited by this Department and not on samples furnished by the bidder.

A deposit will be required on all bids.

Surety blanks and information regarding all formalities connected therewith may be obtained at the Central Office of this Department.

Samples will be on exhibition at the office of Purchasing Agent, foot of East Twenty-sixth street, during office hours, until the bids are opened.

Blank forms of bid or estimates, the proper envelopes in which to inclose the same, the specifications and agreement approved as to form by the Corporation Counsel, and any further information desired, can be obtained at the office of the General Bookkeeper and Auditor, foot East Twenty-sixth street.

THURSDAY, THE 11th DAY OF OCTOBER, 1900.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Copies of Enrollment Books," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and

read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the quantity and kind of copies required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price for the work and materials furnished in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity is to be delivered as stated in the specifications and as shall be directed by the Superintendent of Elections of The City of New York.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, in the manner prescribed by law, in the sum of Ten Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as a surety, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interests of the City so to do, and to readvertise until satisfactory bids or proposals shall be received.

Blank forms of bid or estimate and also the proper envelopes in which to inclose the same, together with the form of agreement, including the specifications approved as to form by the Corporation Counsel, and showing the manner of payment, can be obtained upon application therefor at the office of the Superintendent of Elections of The City of New York, at his office in the Central Department.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of Forty Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person, other than sub-contractors, be so interested, it shall distinctly state that fact.

The estimate shall state that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, Chief of a

Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two (2) surety companies, householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons or surety companies signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to the approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

For particulars as to the quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and the plans. Such work and materials must conform in every respect to printed specifications and plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates. Plans may be examined and specifications and blank estimates may be obtained by application to the undersigned at his office in the Central Department.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the amount of Four Thousand Dollars (\$4,000).

Each bid or estimate shall contain and state the name and place of residence or place of business of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, or of a guaranty or surety company duly authorized by law to act as surety in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct.
