Awards for damages for changes of grade included in assessments in accordance with section 951 of the Charter—Number of claims filed, 408; amounts claimed, \$582,877.81; amounts awarded, \$95,959.50; total cost of work, \$672,116.01.

Damages Under Special Acts.

On January 1, 1910, seventy-nine claims were pending in this office under special acts for damages due to change of grade and this number was pending on January 21, 1910, the date of your Honor's appointment of the undersigned as Board of Assessors.

Fifty-eight of these seventy-nine claims have been disposed of. Forty-eight were dismissed. Ten awards were made aggregating \$4,850. Some of the cases pending involve claims for a large amount. One relates to the Third Avenue bridge approach in The Bronx, one to 138th street change of grade in The Bronx and one to Willis Avenue bridge approach in Manhattan. Large plots of property are affected.

In some of the more important cases testimony was taken by former Boards of Assessors but no final disposition was made, due, it has been represented, as far as the last Board of Assessors is concerned, to a resolution of the Board of Estimate and Apportionment, dated December 6, 1907, directing all heads of departments "not to incur any new or additional indebtedness payable from the funds provided by the issue of corporate stock heretofore authorized, without further approval of this Board."

The hearings upon what is perhaps the most important claim have been nearly concluded. About four hundred pages of testimony have been taken in this particular proceeding thus far. Two other proceedings similar in importance have been concluded as far as the taking of testimony is concerned. The determination of the larger claims is not confined simply to a question of mere damage but questions of law are involved as affected by prior condemnation proceedings.

The phraseology of each act is somewhat different and other proceedings on appeal also affect the situation. In all hearings on special acts the Board has been assisted by a representative of the Corporation Counsel.

Budget Appropriations.

The salary account for this office for 1910 was \$42,500. For 1911 it is \$40,250. The Board is emphatically of the opinion that the force ought to be increased instead of diminished on the theory that by keeping the assessment lists in the office down to the lowest number possible, a most important saving in interest to the City will be effected.

In this connection the Board calls to the attention of your Honor the statement of Chief Engineer Nelson P. Lewis in his report to the Board of Estimate and Apportionment under date of March 31, 1910, page 180:

"Through the application of the new rules of the Board which ensure the carrying out of improvements without delay and the immediate return of the assessment list to the Board of Assessors, it is believed that any further modification in procedure needed for expediting the operations of the Street Improvement Fund must come through an increase of the facilities of the Board of Assessors and the decrease in the time interval which now elapses between the presentation of the assessment list and its confirmation."

Assessment Lists Pending in the Corporation Counsel's Office, December 31, 1910.

twenty-five (25) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than three (3) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract. If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company. These two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate thereafter prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of said appraisers shall be borne jointly by the City and the Company, each paying one half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five thousand dollars (\$5,000) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted, and the further sum of five thousand dollars (\$5,000) within twelve (12) months after the date upon which this contract is signed by the Mayor.

(b) During the first term of five (5) years an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500) and which

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, nor shall the Company in any manner consolidate or pool its stock, business or interests or enter into any agreement for a division of business, interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such person or corporation without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Fifth—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires, electrical conductors and other property of the Company within the streets and avenues of the City constructed pursuant to this contract for the generation and distribution of music electrically, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual. If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall on thirty (30) days' notice from the Board remove any and all of its wires, electrical conductors and other property, or any portion thereof constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—Said telharmonic system shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said telharmonic system shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

Seventh—All wires or other electrical conductors of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan or the Bronx River the Company hereby agrees to lay its wires and electrical conductors in such subways, and the City agrees to lease to the Company such space as may be required for its telharmonic system herein authorized.

Eighth—The Company shall file with the Board, on the first day of November in each year, a map or plan upon which shall be plainly indicated the number of wires which are used by the Company on the thirtieth day of September next preceding, and the streets and avenues in which the same are located and also those which were put in use during the preceding year.

Ninth—The Company shall commence the construction of its lines or the distributing of music hereunder within nine (9) months from the date of the signing of this contract by the Mayor and within five (5) years thereafter shall either have in operation not less than 2,500 music outlets or else shall have not less than \$500,000 invested in plant in The City of New York, otherwise the Board may, after three (3) months' notice and if the default is not remedied in such three (3) months, declare all rights under this contract forfeited.

Tenth—The Board may, by resolution, direct the Company to install, free of charge, music outlets and necessary appurtenances thereto in any or all of the free wards of Bellevue and Allied Hospitals, situated in the portion of the City for which a franchise is hereby granted. Upon the application of the Board of Education to the Board, the Board may, by resolution, direct the Company to install, at one-half its usual rates for such installation, music outlets and necessary appurtenances thereto, in the assembly halls in public schools within the territory of The City of New York for which a franchise is hereby granted. Upon notice by the Board to the Company that such resolutions have been adopted, the Company shall install such apparatus, provided that the Company shall not be required to extend its wires for the purpose of connecting with such schools a distance greater in any case than one thousand (1,000) feet, and provided further, that no more than ten (10) schools need be equipped by the Company in any one year, but any school situated within a block bounded by portions of streets or avenues in which the Company has its wires shall be equipped when so ordered by the Board in addition to the ten (10) schools which may be required to be equipped in any one year, and provided further that the Company shall not be required to install more than ten (10) music outlets in any one hospital or school. Upon notice of the Board to the Company that a resolution directing such installation has been adopted by the Board, the Company shall install such apparatus and shall furnish music in Bellevue and Allied Hospitals free of charge, and in public schools at one-half the regular rates charged by the Company, or similar service.

Eleventh—It is agreed that the Board shall have absolute power to regulate all charges or rates for services rendered by the Company to subscribers, pursuant to this contract, provided such rates shall be reasonable and fair.

Twelfth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of the cost to it of apparatus leased or furnished to the subscriber on his premises and of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills shall never be charged against property unless due from the owner thereof, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Thirteenth—The wires of the Company shall be employed for no other purpose than those expressly set forth herein, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes.

Fourteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system author-

ized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Fifteenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Sixteenth—If the Company shall fail to give efficient public service and maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give written notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time, and upon failure of the Company to remedy said default within a reasonable time the Company shall for each day thereafter during which the default or defect remains pay to the City a sum of fifty dollars (\$50), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets and avenues, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Seventeenth—If, for a period of three (3) consecutive months, the telharmonic system of the Company shall not be operated, or if the same shall not be operated for a period of six (6) months out of any consecutive twelve (12) months, the Board may, after three (3) months' notice and failure by the Company to give to the Board satisfactory security for the future against further breach, declare the right and franchise and this contract terminated without further proceedings in law or in equity, provided that in case of the destruction by fire or otherwise of any of the Company's central stations or of the machinery thereat, the Company shall be allowed a year in which to restore, rebuild or replace the same, unless the Board shall extend such time for a further period for cause shown.

Eighteenth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company pursuant to this contract for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the telharmonic system hereby authorized from all subscribers served by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Nineteenth—The Company shall submit to the Board a report not later than November 1 of each year, for the year ending September 30 next preceding, and at any other time upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. Total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of subscribers served by the Company.
16. Total receipts of the Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses of operation.

—and such other information in regard to the business of the Company as may be required by the Board.

For failure to comply with the foregoing the Company shall pay a penalty of one hundred dollars (\$100) per day until such statement is rendered, which may be collected by the Comptroller without notice.

Twentieth—This grant is upon the express condition that the Company, within three (3) months after the execution of this contract, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of the contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, in default of which payment of the annual charge the City shall collect same with interest from the said fund after ten (10) days' notice to the Company. In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements and the commencement and increase of construction, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws or ordinances now or hereafter in force, in such case, and in any of these events the Company shall pay to the City a penalty of one thousand dollars (\$1,000) for each violation, and in case of any violation of the provisions relating to the illegal use of wires, the Company shall pay to the City for each violation a penalty of not less than one hundred dollars (\$100) and not more than five hundred dollars (\$500), to be fixed by the Board.

The procedure for the imposition and collection of the penalties provided in the grant shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day, not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or, where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of five thousand dollars (\$5,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other

legal rights, remedies or causes of action belonging to the City.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board, acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the wires, electrical conductors and other property within the streets and avenues of the City constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-third—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct, maintain and operate wires or other electrical conductors.

Twenty-fourth—The words "notice or direction," wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the city, postage prepaid, addressed to the Company at The City of New York. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fifth—Whenever the term "outlet" or "music outlet" is used in this contract it shall be deemed to mean one diaphragm or music transmitting device such as is used by the Company on the premises of the subscriber.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

IN WITNESS WHEREOF the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and the year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereon will be sold to the highest bidder, who must pay cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant, free or rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.
