Board of Education—Renewal of Lease for, of Premises at No. 67-69 Broadway, Flushing, Borough of Queens.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 18th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education in a communication to your Board under date of January 14, 1915, states that at a meeting of the Board of Education held January 13, 1915, a resolution was adopted requesting the Commissioners of the Sinking Fund to adopt a resolution approving of and consenting to the execution by the Board of Education of a renewal of the lease of the second floor of the premises Nos. 67-69 Broadway, Flushing, Queens, occupied by the Deputy Superintendent of School Buildings for said Borough for a period of three years from May 1, 1915, with the privilege of renewal for two years thereafter, at an annual rental of $1,500, and otherwise upon the same terms and conditions as contained in the existing lease.

These premises have a total floor area of approximately 2,500 square feet. The rent of $1,500 a year is therefore at the rate of 60 cents a square foot, including heat, light, water, janitor service and all repairs.

The Comptroller in a communication to your Board under date of May 16, 1913, recommended a renewal of this lease for a term of two years from May 1, 1913, at an annual rental of $1,500, the same as now asked, and said report was approved and renewal of lease authorized at a meeting of your Board held May 21, 1913.

In connection with the renewal of this lease, it has been suggested that the small building known as P. S. 21 will be available for use of the Deputy Superintendent of School Buildings and also the District Superintendent of the School Board when the new high school is finished, thereby effecting a saving in rent of $2,400 per annum.

In view of these facts, the Comptroller has negotiated with the result that the lessor has consented to renew this lease for a period of one year with the privilege of renewal for an additional year thereafter, at an annual rental of $1,500, payable quarterly.

I therefore respectfully recommend, the rent being reasonable and just and the same as previously paid, that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Board of Education of a renewal of the lease of the second floor of the premises Nos. 67-69 Broadway, Flushing, Borough of Queens, for use of the Department of Education, for a period of one year from May 1, 1915, with the privilege of renewal for one year thereafter upon the same terms and conditions, at an annual rental of $1,500, payable quarterly, and otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Isabel A. Lane; Agent, James V. Graham, No. 60 Liberty Street, Manhattan.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a renewal of the lease to the City, of the second floor of premises, Nos. 67-69 Broadway, Flushing, Borough of Queens, for use of the Board of Education for a period of one year from May 1, 1915, with the privilege of renewal for one year thereafter on the same terms and conditions, at an annual rental of One thousand five hundred dollars ($1,500), payable quarterly, and otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Isabel A. Lane; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

A true copy of a resolution adopted by the Board of Education on February 10, 1915. A. E. PALMER, Secretary, Board of Education.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 25th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

This is a new lease, to take the place of premises No. 239 Ninth Street, now occupied by the Department of Street Cleaning as a section station, at a rental of $360, and which lease is not to be renewed, as the lessor has requested an increased rental.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Board of Health at a meeting held February 26, 1915, adopted a resolution requesting the Commissioners of the Sinking Fund to authorize a lease of the corner store located at No. 621 Fourth Avenue, Brooklyn, for a period of two years from April 1, 1915, with the privilege of two renewals of one year each upon the same terms and conditions, at a rental of $300 per annum, payable quarterly.

The premises consist of a corner store 17 feet by 34 feet 2 inches and are to take the place of the present quarters occupied by the Department of Health at No. 660 Fourth Avenue as a monthly tenant at a rental of $26 a month. The City has been a tenant of the latter premises for the past three years and the lessor has refused to renew the lease except at a rental of $360 per annum, which was deemed excessive by the Division of Real Estate of this Department.

The rental of premises at 621 Fourth Avenue will affect a saving in rent of $60 a year over the premises at 660 Fourth Avenue, which would have to be paid if the City remained, as the continuance in occupation of said premises without a lease would be maifestly inadvisable.

For comparison, an inside store 12 feet by 30 feet, at 618 Fourth Avenue, rents for $240 a year.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the corner store, 17 feet by 34 feet 2 inches, with open space at southerly side of front part of cellar, size 6 feet wide by 10 feet long, of premises located at 621 Fourth Avenue, Borough of Brooklyn, for use of the Department of Health, for a period of two years from April 1, 1915, with the privilege of two renewals of one year each upon the same terms and conditions, at a rental of $300 per annum, payable quarterly; the lessor to overhaul and clean the plumbing fixtures and replace all defective parts with new where necessary; cause all glass to be cleaned and leave all glass clean and whole, and cause all other repairs to be made to floors, etc., as required. Have locks of all doors, including door of toilet repaired, or attach new locks and provide proper keys for same. Cause all open joints in partitions of toilet inclosure to be closed and the door provided with proper stops; set a metal fire board in rear chimney; erect a storage bin at southerly side of front part of cellar, size 6 feet wide by 10 feet long, with door and hinged hasp for securing same, and allow lessee to have access to same from public hall on first story and from street; remove unnecessary gas piping and defective lighting fixtures and provide new piping and an outlet for hot plate connection at location as directed; hang suitable and sufficient gas fixtures on store ceiling and overhaul present fixture in show window. Cause all wall paper to be removed from the walls of store, plastering to be repaired and repaint the walls and woodwork within the store, and the walls and ceiling within the toilet inclosure with white paint and repaper the ceiling of store; paint the outside of store front as required for occupancy. Lessor to pay taxes and water rates, the lessee to furnish heat, light and janitor service, and make such interior repairs and alterations (not to include the removal of partition) as it may deem necessary during occupancy. Lessor, Frederick H. Jolivette, 381 State Street, Brooklyn.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare lease to the City from Frederick H. Jolivette, of the corner store, 17 feet by 34 feet 2 inches, with open space at southerly side of front part of cellar, size 6 feet wide by 10 feet long, of premises located at No. 621 Fourth Avenue, Borough of Brooklyn, for use of the Department of Health for a period of two years from April 1, 1915, with the privilege of two renewals of one year each upon the same terms and conditions, at a rental of three hundred dollars ($300) per annum, payable quarterly; the lessor to overhaul and clean the plumbing fixtures and replace all defective parts with new where necessary; cause all glass to be cleaned and leave all glass clean and whole, and cause all other repairs to be made to floors, etc., as required. Have locks of all doors, including door of toilet, repaired, or attach new locks and provide proper keys for same. Cause all open joints in partitions of toilet inclosure to be closed and the door provided with proper stops; set a metal fire board in rear chimney; erect a storage bin at southerly side of front part of cellar, size 6 feet wide by 10 feet long, with door and hinged hasp for securing same, and allow lessee to have access to same from public hall on first story and from street; remove unnecessary gas piping and defective lighting fixtures and provide new piping and an outlet for hot plate connection at location as directed; hang suitable and sufficient gas fixtures on store ceiling and overhaul present fixture in show window. Cause all wall paper to be removed from the walls of store, plastering to be repaired and repaint the walls and woodwork within the store, and the walls and ceiling within the toilet inclosure with white paint, and repaper the ceiling of store; paint the outside of store front as required for occupancy. Lessor to pay taxes and water rates, the lessee to furnish heat, light and janitor service and make such interior repairs and alterations (not to include the removal of partition) as it may deem necessary during occupancy; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

Department of Public Charities—Lease for, of Premises at No. 670 Bushwick Avenue, Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 26th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of the Department of Public Charities, in a communication to your Board under date of February 17, 1915, requests that a lease be secured of the first floor of premises No. 670 Bushwick Avenue, Borough of Brooklyn, for use of the Bureau of Social Investigations of said Department.

The Bureau of Social Investigations represents a consolidation of the work formerly done in the Bureau of Dependent Adults, the Children's Bureaus and other related activities. It is intended to organize the investigations made in these several bureaus on a district plan, and the premises in question are to be the headquarters for the Sixth District, where applications will be received and investigations made for any kind of industrial or non-industrial care which the Department of Charities is in a position to give.

The premises proposed to be leased consist of six rooms on the first floor of the three-story brick residence located at the corner of Bushwick and Myrtle Avenues, Brooklyn. The rental asked is $600 per annum and includes steam heat.

There are no other similar premises for rent with which fair comparison may be made, and the character of the work of the Bureau in question is such that it is difficult to obtain suitable accommodations for same. In view of all these facts, I consider the rent of $600 per annum to be fair and reasonable.

I, therefore, respectfully recommend, the rent being reasonable and just under the circumstances, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the six rooms on the first floor of the premises No. 670 Bushwick Avenue, Borough of Brooklyn, for use of the Department of Public Charities, for a period of one year from March 15th, 1915, at a rental of $600 per annum, payable quarterly; the lessor to pay taxes and water rates, furnish steam heat, and make both inside and outside repairs; the lessee to furnish light and janitor service; lessor, Max Lacher, 670 Bushwick Avenue, Borough of Brooklyn. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Max Lacher, of the six rooms on the first floor of premises No. 670 Bushwick Avenue, Borough of Brooklyn, for use of the Department of Public Charities, for a period of one year from March 15, 1915, at a rental of six hundred dollars ($600) per annum, payable quarterly; the lessor to pay taxes and water rates, furnish steam heat and make both inside and outside repairs; the lessee to furnish light and janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

Sale at Public Auction of the Lease of Premises Known as No. 20 Eldridge Street, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 26th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The City is the owner of certain premises known as No. 20 Eldridge Street, Borough of Manhattan, which were used by the Fire Department as a storehouse, but turned over by said Department to the Commissioners of the Sinking Fund as no longer required.

I am in receipt of a communication from the Morrisania Wagon Works to the Commissioners of the Sinking Fund, offering to lease these premises for a term of ten years at an annual rental of $1,700, with the privilege of renewal for an additional period of ten years at an annual rental of $1,870 for the second term,

These premises have been appraised by the Division of Real Estate of this Department at $20,000, so the rental offered is to my mind reasonable.

As the property is not likely to be needed for City purposes for some time, and a better revenue can be derived by leasing it for a stated period, I respectfully recommend that the Commissioners of the Sinking Fund authorize the sale of a lease of the premises known as No. 20 Eldridge Street, being a plot of ground with the improvements thereon, located on the easterly side of Eldridge Street, distant about 100 feet southerly from the southeasterly corner of Canal and Eldridge Streets, Borough of Manhattan, for a period of ten years from May 1, 1915.

The minimum or upset price for which said lease is to be sold is $1,700 per annum, payable quarterly in advance, and said sale shall be made upon the following terms and conditions:

The highest bidder will be required to pay 25 per cent. of the amount of the yearly rental at the time and place of sale.

The amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

The successful bidder will also be required to give an undertaking in the amount of the annual rental bid, with two sufficient sureties to be approved by the Comptroller, for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property, and will contain in addition to other terms, covenants and conditions, as follows:

First—A clause providing that the lessee shall pay the usual rates for water, per meter measurements, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Second—A clause providing that the lessee shall not make any alterations or improvements on the property except with the consent and approval of the Comptroller.

Third—A clause providing that during the term of the lease the lessee shall keep the building in proper repair, both inside and outside, and shall comply with all the laws and ordinances of the City of New York.

Fourth—A clause providing that all repairs, alterations and improvements made on or to the property by the lessee during the period of the lease shall become the property of the City of New York at the expiration of the lease.

Fifth—A clause granting to the lessee the privilege of renewal for a further period of ten years from May 1, 1925, at an increased rental of 10 per cent, otherwise upon the same terms and conditions, upon ninety (90) days' written notice to the City.

The Comptroller shall have the right to reject any and all bids if deemed to be to the interest of the City of New York. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of Section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction of a lease of the premises known as No. 20 Eldridge Street, being a plot of ground with improvements thereon located on the easterly side of Eldridge Street, distant about 100 feet southerly from the southeasterly corner of Canal and Eldridge Streets, in the Borough of Manhattan, for a period of ten years from May 1, 1915.

The minimum or upset rental at which said lease shall be sold be and is hereby appraised and fixed at Seventeen hundred dollars ($1,700) per annum, and the Comptroller be and is hereby authorized and directed to take the necessary steps for conducting such sale upon the following terms and conditions:

The highest bidder will be required to pay 25 per cent. of the amount of the yearly rental, which is to be paid quarterly in advance, at the time and place of sale.

The amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

The successful bidder will also be required to give an undertaking in the amount of the annual rental bid, with two sufficient sureties, to be approved by the Comptroller, for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property and will contain in addition to other terms covenants and conditions, as follows:

First—A clause providing that the lessee shall pay the usual rates for water, per meter measurements, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Second—A clause providing that the lessee shall not make any alterations or improvements on the property except with the consent and approval of the Comptroller.

Third—A clause providing that during the term of the lease the lessee shall keep the building in proper repair, both inside and outside, and shall comply with all the laws and ordinances of The City of New York.

Fourth—A clause providing that all repairs, alterations and improvements made on or to the property by the lessee during the period of the lease shall become the property of the City of New York at the expiration of the lease.

Fifth—A clause granting to the lessee the privilege of renewal for a further period of ten years from May 1, 1925, at an increased rental of 10 per cent., otherwise upon the same terms and conditions, upon ninety (90) days' written notice to the City.

The Comptroller shall have the right to reject any and all bids if deemed to be to the interest of The City of New York.

The report was accepted and the resolution unanimously adopted.

Sale at Public Auction of Free Floating Baths by the Presidents of the Boroughs of Manhattan and Queens.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 23, 1915.

The Commissioners of the Sinking Fund, The City of New York:

Gentlemen—There are under the jurisdiction of your Commission four public floating baths, three of which were turned over by the President of the Borough of Manhattan and one by the President of the Borough of Queens. These baths are now moored at the foot of 22nd street, Brooklyn, and subject to an expense of $1.00 per day each for storage and a proportionate share of an additional $15 per day paid for the care and maintenance of all of these baths owned by the City now moored for the winter at this point.

The four baths surrendered to your Commission are reported to be in poor condition. Under the strictures of the Department of Health, the floating baths cannot be used for river bathing and I am advised the cost of converting the same into fresh water pools, as was done with some of those under the jurisdiction of the President of the Borough of Manhattan, would be prohibitive in the case of the four baths in question.

In the present condition of these baths no other practical use of the same suggests itself, and I would therefore recommend that they be returned to the jurisdiction of the President of the Borough of Manhattan and the President of the Borough of Queens, by whom they were surrendered, for disposal as provided in Section 1553 of the Charter. A resolution to that effect is submitted herewith for your adoption.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That it is the sense of the Commissioners of the Sinking Fund, that the four public floating baths surrendered by the President of the Borough of Manhattan and the President of the Borough of Queens—three by the former and one by the latter—be sold at auction, under the superintendence of the appropriate head of department, as provided in Section 1553 of the Greater New York Charter, and the said baths are hereby returned to the jurisdiction of the President of the Borough of Manhattan and the President of the Borough of Queens for that purpose.

The report was accepted and the resolution unanimously adopted.

Conveyances to Gertie A. Gorman, The Middleton Realty Company, Adolph Zeh, James P. Murray, Robert Hill and Emil Stohn, Trustee, of Strips of Land on the Southerly Side of 189th Street, Between Amsterdam and Wadsworth Avenues, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 27, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On November 4, 1914, the Commissioners of the Sinking Fund authorized a conveyance to Gertie A. Gorman of the City's interest in a strip of land 3½ inches wide on the southerly side of 189th Street, between Amsterdam and Wadsworth Avenues, Borough of Manhattan, in consideration of the sum of $1.00 and the additional charge of $12.50 for the preparation of the necessary papers, and a conveyance from Gertie A. Gorman to the City of a strip of land 3½ inches wide on the northerly side of 189th Street, between the same avenues, the conveyance to Gertie A. Gorman to contain the following condition: "That the grantee, Gertie A. Gorman, is the owner of the land fronting on the section of the street or avenue to be conveyed."

I am in receipt of a communication from John R. Van Horne, her attorney, in which he states that Mrs. Gorman is not the owner of the entire frontage of the premises conveyed to her, and that there are four different parcels each 100 feet in width, which are owned by other parties. It will therefore be necessary to correct the deed which was delivered to Mrs. Gorman by changing the description so as to make it cover only that portion of the land which abuts the property owned by her, and to authorize conveyances to the parties owning the properties abutting the remaining portions.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a conveyance to Gertie A. Gorman, correcting the description contained in a certain deed dated January 27, 1915, from the City of New York to Gertie A. Gorman, so as to make the description contained therein read as follows:

All those certain pieces or parcels of land situate, lying and being in the Borough of Manhattan, City of New York, and shown on the attached map as Parcel A, C and F; and

That they adopt a further resolution authorizing a conveyance to the Middleton Realty Company, Inc., of Parcel B, as shown on said map; and

That they adopt a further resolution authorizing a conveyance to Adolph Zeh of Parcel D, as shown on said map; and

That they adopt a further resolution authorizing a conveyance to James Murray and Robert Hill of Parcel E, as shown on said map; and

That they adopt a further resolution authorizing a conveyance to Emil Stohn of Parcel G, as shown on said map.

The above parcels being land 0.29 feet in width which was formerly included within the lines of West 189th Street, between Wadsworth and Amsterdam Avenues, Borough of Manhattan, but was excluded therefrom by resolution of the Board of Estimate and Apportionment adopted on July 30, 1914.

Each conveyance to be in consideration of the sum of $1.00, plus the additional charge of $12.50 for the preparation of the necessary papers, and to contain the following terms and conditions:

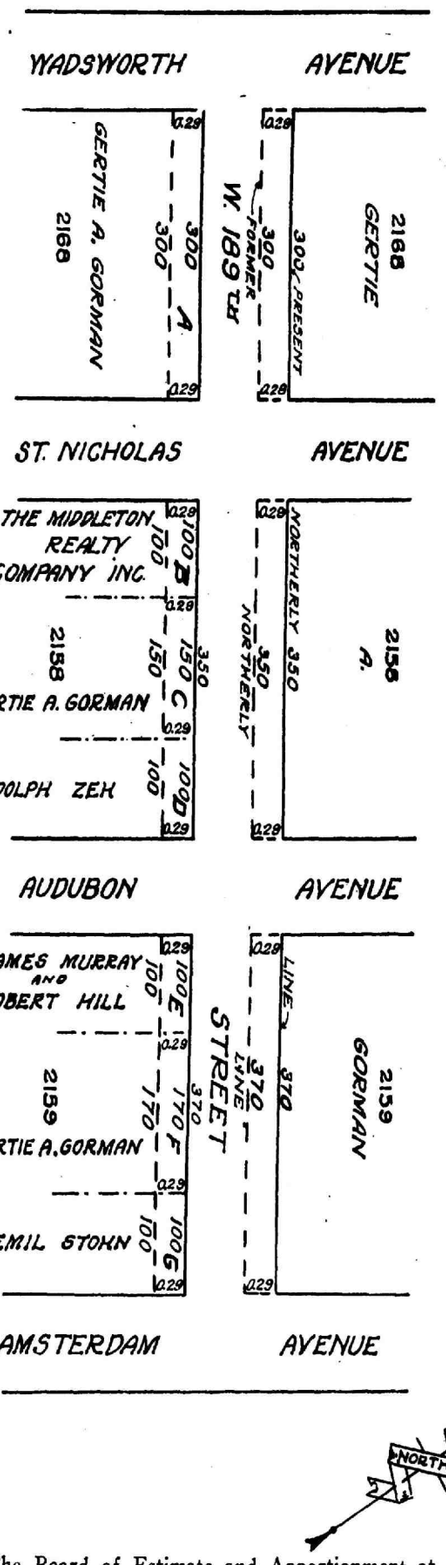

That the grantee waive any and all claim for damages arising out of the closing of the street or avenue.

That the grantee is the owner of the land fronting on the section of the street or avenue to be conveyed.

That before the delivery of the deed the grantee pay whatever taxes and assessments are liens against the premises to be conveyed by the City.

The deeds not to be delivered, however, until Gertie A. Gorman has reconveyed to the City those strips of land shown on the attached map as Parcels B, D, E and G, which were included in the conveyance made to her by the City, dated January 27, 1915.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Board of Estimate and Apportionment at meeting held July 30, 1914, adopted a resolution changing the lines of West 189th Street, between Wadsworth and Amsterdam Avenues, Borough of Manhattan, by shifting the line of West 189th Street 0.29 feet instead of that theretofore fixed; and

Whereas, The Commissioners of the Sinking Fund, at meeting held November 4, 1914, authorized a conveyance to Gertie A. Gorman, 226 Madison Avenue, Borough of Manhattan, of the City's interest in that portion of West 189th Street, 0.29 feet in width, between Wadsworth and Amsterdam Avenues, which was discontinued and closed as above set forth; said conveyance to be conditioned upon the fact that Gertie A. Gorman is the owner of the land fronting on the sections of the discontinued street or avenue conveyed to her; and

Whereas, A deed conveying the above mention discontinued portion of West 189th Street, 0.29 feet in width, was conveyed to her by deed dated January 27, 1915; and

Whereas, It now appears that the grantee is not the owner of the premises abutting those conveyed to her and that there are four different parcels each 100 feet in width which are owned by other parties. It is therefore necessary to correct the deed which was delivered to Gertie A. Gorman, by changing the description so as to make it cover only that portion of the land which abuts property own by her, and to authorized conveyances to the parties owning the properties abutting the remaining portions; therefore, be it

Resolved, That pursuant to the provisions of Section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize conveyances as follows:

Saviour's German Evangelical Lutheran Church, Borough of The Bronx—Petition of, for the Cancellation of Certain Assessments.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 23rd, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Saviour's German Evangelical Lutheran Church has presented to you a petition for the cancellation of certain assessments for public improvements and water charges affecting premises in the Borough of Bronx, designated on the official tax map as Section 11, Block 3184, Lot 30.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City, approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same in the month of June, 1905; that it has owned the above described premises continuously since said date and is still the owner thereof; and that the same now are and have always been exempt from local taxation, under said provision of the tax law, to the extent hereinafter set forth, during the periods when the liens hereinafter set forth accrued. Said premises since and including the year 1908 have been and now are used exclusively for church purposes. During the years 1906 and 1907 the same were used both as a church and parsonage.

It appears from an examination of the assessment rolls that the property has been wholly exempt from local taxation, under said provision of the tax law, for the year 1908 and since; but that for the years 1906 and 1907, when it was used partially as a church and partially as a parsonage, it was exempt, under said provision of the tax law, only to the extent of $5,500, the total valuation of the lot being $8,200 for those years. The valuation of the lot for the year 1915 is $18,000, wholly exempt.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Fordham Road Opening, from Harlem River to Jerome Avenue. (Confirmed March 26, 1906; entered April 28. 1906.) No. 478, Block 3184, Lot 30, $16.79.

Walton Avenue Sewer, between Fordham Road and 184th Street. (Confirmed and entered March 5, 1907.) No. 7, Block 3184, Lot 30, $293.46.

Walton Avenue, Reg.. Grad., etc., from 172nd Street to Fordham Road. (Confirmed and entered October 31, 1907.) No. 106, Block 3184, Lot 30, $296.89.

Acquiring Title to the Grand Boulevard and Concourse with Tranverse Roads, extending from E. 161st Street to Mosholu Parkway. (Confirmed December 8, 1909; entered December 30, 1909.) No. 17236, Block 3184, Lot 30 of 30 (now 30.). $40.90.

Morris Avenue., Reg., Grad., from Field Place to Fordham Road. (Confirmed and entered August 2, 1910.) No. 23, Block 3184, Lot 30, $85.40.

Walton Avenue Paving, Fordham Road to Burnside Avenue. (Confirmed and entered September 16, 1913.) No. 33, Block 3184, Lot 30, $177.27.

Morris Avenue Paving, 184th Street to Fordham Road. (Confirmed and entered December 30, 1913.) No. 7, Block 3184, Lot 30, $98.48.

As hereinbefore appears, during the years 1906 and 1907, when the first three assessments above set forth accrued and became liens, the property was used both as a church and a parsonage, but was known and described by a single lot number on the books of the Department of Taxes and Assessments, and although no apportionment of the lot had been made during those years, separate valuation were placed by said department on the part thereof used as a church and the part used as a parsonage.

Although the Commissioners of the Sinking Fund have no power, under section 221A of the Charter, to cancel said three assessments, so far as the same affect the part of the property used as a parsonage during the years 1906 and 1907 (when said assessments accrued and became liens thereon), for the reason that such part was not entitled to exemption from local taxation under article one, section four, subdivision seven of the tax law, as required by said section of the Charter, during said years, nevertheless, they have the power to cancel the proportionate part of such assessments against that part of the property then used for church purposes, and exempt under said provisions of the tax law, such proportionate part to be determined by the relative valuations placed on the church and parsonage respectively by the Department of Taxes and Assessments for the years 1906 and 1907. The valuation for both years on the part used as a church ($5,500) was approximately 67 per cent. of the total valuation ($8,200), and the valuation on the part used as a parsonage 33 per cent.

I recommend therefore that the three assessments first set forth above, which accrued and became liens during the years 1906 and 1907, be cancelled to the extent of 67 per cent. thereof upon payment by the petitioner of the balance of each of such assessments, viz., 33 per cent. thereof, together with the accrued interest on such balance.

As to the remainder of said assessments, set forth above, which accrued and became liens since the year 1908, I would recommend that the same be cancelled in full upon the payment of the nominal sum of $10.

Petitioner has included in its application certain assessments and water charges affecting the property known as Lot 57, Block 3184, but inasmuch as the records show that said Lot 57 is occupied as a parsonage, and has been so occupied since and including the year 1908, when it was created out of old Lot 30, and is not entitled to exemption from taxation under article one, section four, subdivision seven of the tax law, as required by said section of the Charter, I refuse to certify my approval of the application so far as respects the cancellation of the open charges against said Lot 57.

The records of this Department show no awards paid or payable to petitioner and no lease to The City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is $1,009.19. The property affected by these assessments is located in the Borough of Bronx, from Morris to Walton Avenues, south of Fordham Road.

Mr. Charles R. Esdorn, Treasurer, in response to a request, has submitted a financial statement for the year ending November 1, 1913, showing the total reecipts from all sources to be $2,328.45 and the expenditures for all objects $2,531.89, leaving a deficit of $203.44.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question (Lot 30) and entitled to have the same exempted from taxation under said provision of the tax law to the extent hereinbefore set forth during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to that part of certain of such liens which I have refused to certify for cancellation, and also except as to the open charges against Lot 57, which I have refused to certify for cancellation, and I would, therefore, certify my approval of the application of Saviour's German Evangelical Lutheran Church, to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the three assessments first set forth in the foregoing schedule of assessments be cancelled to the extent of 67 per cent. thereof upon the payment of the balance of each of such assessments, viz., 33 per cent. thereof, together with the accrued interest on such balance, and that the remaining assessments in said schedule be cancelled in full upon payment of the sum of $10, provided that payment be made within *ninety* days from the date of the resolution authorizing such payment; and also provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Church of the Redeemer, Borough of Queens—Petition of, for the Cancellation of Certain Assessments.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 23, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Rector, Church Wardens and Vestrymen of the Church of the Redeemer, in the Village of Astoria, has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Queens, designated on the official tax map as Section 12, Ward 1, Block 81, Lots 1 and 49, Lot 49 being also known as Lot 49 of 44.

This application is made pursuant to the provisions of Section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, sub-division seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired Lot 1 February 29, 1868, and Lot 49, March 25, 1881. That it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for public worship.

It appears from an examination of the assessment rolls that the property has been exempt from local taxation for the year 1894, and since, excepting Lot 49, which was taxed at $1,500 for 1910, and the assessed valuation for the year 1915, Lot 1, is $35,000; Lot 49, $2,100.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Regulating, etc., Temple Street, Boulevard to Crescent (confirmed and entered June 12, 1906). No. 124, Section 12, Block 81, Lot 1, Ward 1, $620.22. No. 204, Section 12, Block 81, Lot 49 of 44, Ward 1, $7.54.

Regulating, etc., "Crescent," Grand Avenue to Broadway (confirmed and entered June 11, 1908). No. 34, Section 12, Block 81, Lot 1, Ward 1, $263.31. No. 35, Section 12, Block 81, Lot 49 of Ward 1, $62.38.

Crescent Sewer, Grand Avenue, to Jamaica Avenue (confirmed and entered January 21, 1909). No. 22, Section 12, Block 81, Lot 1, Ward 1, $112.97. No. 23, Section 12, Block 81, Lot 49 of 44, Ward 1, $58.12.

Regulating, etc., Crescent, Jamaica Avenue to Newtown Avenue (confirmed and entered February 27, 1912). No. 22, Section 12, Block 81, Lot 1, Ward 1, $795.06. No. 23, Section 12, Block 81, Lot 49, Ward 1, $203.10.

Acquiring title to Van Alst Avenue from Nott Avenue to Hoyt Avenue (confirmed September 15, 1913; entered November 6, 1913). No. 4747, Section 12, Block 81, Lot 1, Ward 1, $11.53. No. 4766, Section 12, Block 81, Lot 49 of 44, Ward 1, $1.49.

Assessment No. 8215, Block 81, Lot 1—Third Instalment Year (1905), $10.98; Fourth Instalment Year (1906), $10.66; Fifth Instalment Year (1907), $10.34; Sixth Instalment Year (1908), $10.03; Seventh Instalment Year (1909), $9.71; Eighth Instalment Year (1910), $9.40; Ninth Instalment Year (1911), $9.09; Tenth Instalment Year (1912), $8.77; Eleventh Instalment Year (1913), $8.45; Twelfth Instalment Year (1914), $8.13.

The foregoing instalments for the years 1905 to 1914, inclusive, of the assessment described as "General Improvement Commission of Long Island City. Chapter 644, Laws 1893," were first levied in the year 1903, and said installments are the third to the twelfth, inclusive. In view of the fact that the property was acquired by the petitioner and was exempt from taxation prior to the year when the first installment of said assessment was levied it was owned by the petitioner and entitled to exemption from local taxation during the time that said installment assessment accrued and became a lien thereon, as required by said Section 221A of the Charter, and I would therefore certify my approval of the cancellation of the installments of said assessment set forth above.

The petitioner has included in its application certain open charges against the property known as Lot 44, Block 81, Ward 1, Borough of Queens, but inasmuch as it appears from the records of the Department of Taxes and Assessments that said Lot 44 is used and occupied as a parsonage, and was so used and occupied during the times that such charges accrued, and became liens thereon, and consequently is not entitled to exemption from local taxation under article one, section four, subdivision seven of the Tax Law, as required by said section of the charter, I refuse to certify my approval of the application so far as respects the cancellation of such open charges against said Lot 44.

The records of this department show no awards paid or payable to petitioner and no lease to the City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is $2,231.28. The property affected by these assessments is located in the Borough of Queens, northwest corner Crescent and Temple streets.

Mr. William Hanson, Clerk, in response to a request, has submitted a financial statement for the year ending April 30, 1914, showing the total receipts from all sources to be $7,027.58, and the expenditures for all objects $6,941.02, leaving a balance of $86.56.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question (Lots 1 and 49), and entitled to have the same exempted from taxation during the time when said assessments above mentioned accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of Section 221A of the Greater New York Charter, except as to the assessments against Lot 44, which I have refused to certify for cancellation, and I would, therefore, certify my approval of the application of the rector, church wardens and vestrymen of the Church of the Redeemer in the village of Astoria, pursuant to the provisions of such section of the Charter, and recommend that the liens, above set forth, as the ones which may properly be cancelled, be cancelled upon the payment of $10, provided that at the time of such payment the petitioner furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under conract of sale. ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of Ten Dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Rector, Church Wardens and Vestrymen of the Church of The Redeemer, in the Village of Astoria, Borough of Queens, provided that at the time of such payment said corporation furnish proof by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale:

The Salvation Army—Petition of, for the Cancellation of Certain Assessments.

February 23rd, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Salvation Army has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Manhattan, designated on the official tax map as Section 1, Block 251, Lot 61.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

Said records also show that in the proceeding in which the award last above-mentioned was paid, the assessment for benefit against Lot 53, Block 3226, amounting to $6,465.56, was paid on August 13, 1914, and that there was no assessment for benefit in such proceeding affecting Lot 1, Block 3227.

The total amount involved as principal in the above assessments is $9,102.01. The property affected by these assessments is located in the Borough of Bronx, Sedgwick Avenue, Tee Taw Avenue, and West 188th Street.

Mr. Stevenson Taylor, President, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $84,536.63, and the expenditures for all objects, $99,981.18, leaving a deficit of $15,444.55.

In connection with the foregoing statement of receipts and expenditures, Mr. Taylor states as follows:

"You will note that our expenditures for the year mentioned exceed our receipts $15,444.55. This is accounted for by the extraordinary improvements made on the grounds of the institution, which were in a great measure caused by the widening of Sedgwick Avenue, cutting off a large slice of our property.

It is proper for me to state here that no trustee receives any salary, that students pay absolutely nothing for tuition, board, lodging or supplies; that no admission fee is charged for either students or guests (as the old people harbored herein are called); in other words, no inmate is charged one cent for anything in the Academy and Home and further, in case there is no request for other action, inmates are suitably buried without cost to their friends in our lot in Mt. Hope Cemetery."

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessments above mentioned accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Webb's Academy and Home for Shipbuilders, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221A of the Charter, to cancel the following assessments levied and assessed against property owned by Webb's Academy and Home for Shipbuilders, in the Borough of The Bronx, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale:

The total amount involved as principal in the above water charges is $658.92. The property affected by these water charges is located in the Borough of Manhattan, southerly side of East Broadway, east of Clinton Street.

Mr. Mordecai Cohen, Secretary, in response to a request, has submitted a financial statement for the last fiscal year showing the total receipts from all sources to be $17,023.13 and the expenditures for all objects $17,582.94, leaving a deficit of $559.81.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said water charges, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of the City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Machzikei Talmud Torah School, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221A of the Charter, to cancel the following water charges against property owned by Machzikei Talmud Torah School, in the Borough of Manhattan, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

Barnard College—Petition of, for the Cancellation of Certain Assessments.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 27th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Barnard College has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Manhattan, designated on the official tax map as Section 7, block 1989, lots 1 and 27, and block 1992, lot 1.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of the City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same as follows: Lot 1, block 1992, on June 28, 1895, and lots 1 and 27, block 1989, on April 17, 1903; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used exclusively for the collegiate education of women.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation as follows: Lot 1, block 1992, in 1900 and since; lots 1 and 27, block 1989, in 1904 and since, and the assessed valuation for the year 1915 is as follows: Lot 1, block 1992, $750,000; lot 1, block 1989, $1,535,000; lot 27, block 1989, $550,000; total, $2,835,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessments.

Opening 120th Street (confirmed January 7, 1901, and entered January 25, 1901): No. 586, section 7, block 1992, lot 1, $24,016.45.

Paving Curb, etc., 120th Street, from Broadway to Riverside Drive (confirmed and entered April 29, 1913): No. 2, block 1992, lot 1, $1,717.46.

The records of this Department show an award made to the above named Corporation for the property described herein in the proceeding to open West 120th Street, between Morningside Avenue and Riverside Avenue, in the 12th Ward, Borough of Manhattan.

Parcel Damage No. 3—Award, $55,055.97; interest from July 14, 1897, to December 17, 1900, $11,314. Total, $66,369.97. Paid December 24th, 1900.

It appears that the assessment for benefit in the proceeding in which the foregoing award was paid was not entered for collection in the office of the Collector of Assessments and Arrears until January 25, 1901, subsequent to the payment of said award. Said assessment, the principal of which amounts to $24,016.45, still remains open and unpaid, and is included in the foregoing list of assessments which the petitioner requests to have cancelled.

In view of the fact that the petitioner has received an award amounting to $66,369.97, as above set forth, which award exceeds the assessment for benefit in the same proceeding, and also exceeds the aggregate amount of assessment sought to be cancelled (including the assessment in question), I would recommend that, as a condition to the cancellation of all of the foregoing assessments, including the assessment for benefit in said proceeding, the petitioner be required to pay an amount equal to the principal of said assessment, to wit, $24,016.45, together with interest thereon, at the rate of four (4) per cent. per annum from the date when the same became a lien, viz., February 4, 1901.

The records of this Department show no lease to the City of New York of any of the property hereinbefore described.

The total amount involved as principal in the above assessments is $36,618.12. The property affected by these assessments is located in the Borough of Manhattan, block bounded by Broadway, Claremont Avenue, West 116th and West 119th Streets; and block bounded by Broadway, Claremont Avenue, West 119th and West 120th Streets.

Mr. George A. Plimpton, Treasurer, in response to a request, has submitted a financial statement for the year ending June 30, 1913, showing the total receipts from all sources to be $130,339.52 and the expenditures for all objects $161,162.79, leaving a deficit of $30,823.27.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation, during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of the City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Barnard College, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $24,016.45, with interest thereon at the rate of four (4) per cent. per annum from February 4, 1901, provided that payment be made within sixty days from the date of the resolution authorizing such payment, and also provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That upon payment of the sum of twenty-four thousand and sixteen dollars and forty-five cents ($24,016.45), with interest thereon at the rate of four (4) per cent. per annum, from February 4, 1901, within sixty days from date, the Commissioners of the Sinking Fund by unanimous vote, hereby authorizes and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by Barnard College, in the Borough of Manhattan, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

Church of the Sacred Heart, Borough of Richmond—Petition of, for the Cancellation of Certain Assessments and Water Charges.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 27th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Church of the Sacred Heart has presented to you a petition for the cancellation of certain assessments for public improvements and water charges affecting premises in the Borough of Richmond, designated on the official tax map as Ward 1, District 3, Plot 5, Block 11, Lot 10D.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of the City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about January 2, 1904; that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used as a convent.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1910, and since, and the assessed valuation for the year 1915 is $17,400.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessment—Acquiring Title to Castleton Ave. (confirmed May 17, 1912, and entered June 28, 1912): No. 509, ward 1, district 3, plot 5, block 11, lot 10D, $31.03.

Water Charge—1911, ward 1, district 3, plot 5, block 11, lot 10D, $31.05.

The petitioner has included in its application a certain assessment for "Acquiring title to Knox St." amounting to $407.16, affecting the property known as Lot 9B, Block 7, Plot 3, District 3, Ward 1, Borough of Richmond, but inasmuch as it appears from the records of the Department of Taxes and Assessments that said property is used and occupied as a parsonage, and is not entitled to exemption from local taxation under article 1, section 4, subdivision 7 of the Tax Law, I refuse to certify my approval of the application so far as respects the cancellation of such assessment against said Lot 9B.

The records of this Department show no awards paid or payable to the petitioner, and no lease to the City of New York, affecting the property known as Lot 10D, Block 11, Plot 5, District 3, Ward 1 (the convent property); but such records show an unpaid award in favor of petitioner in the proceeding in re Knox and Market Street Opening, Borough of Richmond, in the sum of $455.84, affecting the property known as Lot 9B, Block 7, Plot 3, District 3, Ward 1 (the parsonage property), the assessment for benefit in which proceeding, amounting to $407.16, I have refused to certify for cancellation, as hereinbefore appears.

The records of this Department show no lease to the City of New York of the property hereinbefore described.

The total amount involved as principal in the above assessments is $62.08. The property affected by these assessments is located in the Borough of Richmond, southeast corner Castleton and Burgher Avenues.

The Rev. William C. Poole, Rector, Secretary and Treasurer, in resonse to a request, has submitted a financial statement for the year ending December 31, 1913, showing the total receipts from all sources to be $17,569.16 and the expenditures for all objects $15,732.04, leaving a balance of $1,837.12.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessment and water charge, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of the City of New York, under the provisions of section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Church of the Sacred Heart, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221A of the Charter, to cancel the following assessment and water charge levied and assessed against property owned by the Church of the Sacred Heart, in the Borough of Richmond, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale:

Church of St. Rose of Lima, Borough of Richmond—Petition of, for the Cancellation of Certain Assessments.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 27, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Church of St. Rose of Lima has presented to you a petition for the cancellation of certain assessments for public improvements, affecting premises in the Borough of Richmond, designated on the official tax map as Ward 1, District 3, Plot 3, Block 7, Lot 9.

This application is made pursuant to the provisions of Section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about July 1, 1892, that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for church purposes.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1910, and since, and the assessed valuation for the year 1915 is $87,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property and are now open and unpaid on the records of the Department, namely:

Assessment—Acquiring Title to Knox Street (confirmed February 19, 1914, and entered March 12, 1914). No. 136, Ward 1, District 3, Plot 3, Block 7, Lot 9, $733.05.

The records of this department show that in the proceeding in re. Knox and Market Streets opening, Borough of Richmond, an award was made to the Church of St. Rose of Lima, the petitioner herein, for Damage Parcels Nos. 99 and 99A, in the sum of $672.60, which award affected the property above described, and that the same still remains unpaid.

The above assessment, from which relief is sought, is the assessment for benefit in the same proceeding in which the foregoing award was made, and affects the same property. In view of such fact, and the further fact that said assessment exceeds the amount of said unpaid award, I would recommend that as a condition to the cancellation of said assessment, the petitioner be required to pay, in addition to the nominal sum of $10, a sum equal to the amount of said unpaid award, viz., $672.60, making the total sum to be paid $682.60.

The records of this department show no lease to the City of New York affecting the property hereinbefore described.

The total amount involved as principal in the above assessment is $733.05. The property affected by this assessment is located in the Borough of Richmond, westerly side Burgher Avenue, from Market Street to Castleton Avenue.

It appears that notwithstanding that the petitioner herein, the corporation of Church of St. Rose of Lima, is the owner in fee of the property which is the subject of this application, said corporation is not, and has not been for several years, actually engaged in carrying on the religious work for which it was organized, although never legally dissolved; and said property is and has been for some years actually occupied

and used by another religious corporation, known as the Church of the Sacred Heart, for its corporate purposes.

Rev. William C. Poole, the rector, secretary and treasurer of the corporation of Church of St. Rose of Lima, who is also the rector, secretary and treasurer of the corporation of the Church of the Sacred Heart, under date of February 19, 1915, states as follows:

"The reason why no annual report is submitted with petition for exemption from assessments by the Church of St. Rose of Lima is that during the past year there were no receipts and disbursements; therefore, no report was issued."

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said assessment, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of Section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Church of St. Rose of Lima, pursuant to the provisions of such section of the Charter, and recommend the lien, above set forth, be cancelled upon the payment of $682.60, provided that payment be made within sixty days from the date of the resolution authorizing such payment, and also provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of six hundred and eighty-two dollars and sixty cents ($682.60) within sixty days from date, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of section 221A of the Charter, to cancel the following assessments levied and assessed against property owned by the Church of St. Rose of Lima, in the Borough of Richmond, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected and that the same is not under contract of sale:

Acquiring Title to Knox Street (confirmed February 19, 1914, and entered March 12, 1914): No. 136, Ward 1, District 3, Plot 3, Block 7, Lot 9.. $733 05

First German Presbyterian Church of East Williamsburg—Petition of, for the Cancellation of Certain Assessments.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 27th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—First German Presbyterian Church of East Williamsburgh has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Queens, designated on the official tax map as Ward 2, Section 1, Block 67, Lots 27, 31, 35, 31 of 33 and 35 of 33.

This application is made pursuant to the provisions of section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate and entitled to such exemption, during the time when the taxes, assessments or Croton water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same in the year 1907 and prior; that it has owned the above described premises continuously since said date and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for religious and educational purposes, Lot 35 as a church, Lot 31 as a parish house and Lot 27 as a playground and for light and air.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1913, and since, and the assessed valuation for the year 1914 is as follows: Lot 27, $4,200; Lot 31, $4,800; Lot 35, $75,000. Total, $84,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said poperty and are now open and unpaid on the records of the Department, namely:

Assessments.

Acquiring title Prospect Ave. from Metropolitan Ave. to Putnam Ave. (confirmed January 6, 1913; entered February 15, 1913): No. 24, Section 1, Block 67, Lot 31 of 33, $15.84; No. 1, Section 1, Block 67, Lot 35 of 33, $57.

Troutman St. Sewer from Brooklyn Boro Line to Metropolitan Ave., Metropolitan Ave. Sewer from Troutman Street to Starr Street (confirmed and entered March 10, 1914): No. 591, Section 1, Block 67, Lot 27, $9.60; No. 595, Section 1, Block 67, Lot 31, $30.40; No. 597, Section 1, Block 67, Lot 35, $51.20.

Regulating, etc., Prospect Ave. from Metropolitan Ave. to Madison Street (confirmed and entered November 4, 1914): No. 1, Section 1, Block 67, Lot 27, Ward 2, $134.53; No. 2, Section 1, Block 67, Lot 31, Ward 2, $110.05; No. 4, Section 1, Block 67, Lot 35, Ward 2, $186.03.

Petitioner has included in its application certain assessments affecting Lot 33, Block 67, Ward 2, but inasmuch as it appears from the records of the Department of Taxes and Assessments that said lot is used and occupied as a parsonage, and is not entitled to exemption from local taxation under article 1, section 4, subdivision 7 of the Tax Law, as required by said section of the charter, I refuse to certify my approval of the aplication so far as respects the cancellation of such assessments against said Lot 33.

Petitioner has also included in its application certain assessments which accrued and became liens during the year 1911, affecting the property known as Lots 31 of 33 and 35 of 33.

It appears from the records of the Department of Taxes and Assessments that said Lots 31 of 33 and 35 of 33 were the result of an apportionment of original lot 33 by that Department for the year 1913 by which a part of the land from said Lot 33 (the parsonage) was taken, and the part so taken consolidated, some with Lot 35 (the church) and some with Lot 31 (the parish house). The land so taken, now a part of said Lots 31 and 35, has been exempt from local taxation under said article 1, section 4, subdivision 7 of the Tax Law, since and including the year 1913.

As to the assessments last above referred to, however, against said Lots 31 of 33 and 35 of 33, which accrued and became liens during the year 1911, I refuse to certify my approval of the cancellation thereof, for the reason that during said year 1911 the property subsequently known as Lots 31 of 33 and 35 of 33 was a part of original Lot 33, used and occupied as a parsonage as aforesaid, and therefore was not entitled, during said year, to exemption from taxation under said provision of the Tax Law, as required by said section of the charter.

The records of this Department show that a part of the church building erected on said Lot 35, to wit, the ground floor lecture hall, 50 by 90, and the rear class room, 21 by 45, and a part of the parish house erected on said Lot 31, to wit, the first floor thereof, 30 by 50, were leased by the petitioner to the Board of Education of The City of New York for the period from April 1, 1912, to July 1, 1914, with the privilege of renewal for an additional term of five years, at an annual rental of $2,100, but that said lease was not renewed by the City after July 1, 1914.

It appears, therefore, that during the aforesaid period said Lots 31 and 35 (including Lots 31 of 33 and 35 of 33) were not used exclusively for carrying out thereupon the purposes of the petitioning corporation, within the meaning of said subdivision 7, section 4, article 1 of the Tax Law. In view of this fact, in my opinion, the petitioner is not entitled to a total cancellation of the foregoing assessments against said Lots 31, 35, 31 of 33 and 35 of 33, which accrued and became liens prior to the termination of such lease, viz, July 1, 1914, but only to the cancellation of a proportionate part thereof, such proportionate part being based on the value of that portion of the property not leased, as compared with the value of the part leased. It being impossible to physically apportion the property, an equitable method of arriving at the respective valuations of the part rented and the part not rented would be to capitalize the yearly rent paid at 10 per cent., which would give $21,000 as the value of the part leased, and deducting said sum from the combined valuation of Lots 31 and 35, i. e., $79,800, gives $58,800 as the value of the part not leased. On this basis the respective proportions are as follows: Part leased, 26 per cent,; part not leased, 74 per cent. A fair adjustment of the matter, therefore, in my opinion, would be to cancel the total amount of the foregoing assessments against said Lots 31, 35, 31 of 33 and 35 of 33, which accrued and became liens prior to July 1, 1914, the principal of which is $154.44, upon the payment by petitioner of 26 per cent. thereof, or $40.15.

As to the remaining assessments set forth above, I would recommend that the same be cancelled upon the payment by petitioner of the nominal sum of $10.

The records of this Department show no awards paid or payable to petitioner and no lease to The City of New York, except as hereinafter described, affecting the property hereinbefore described.

The total amount involved as principal in the above assessments is $594.65. The property affected by these assessments is located in the Borough of Queens, southwest corner Metropolitan and Prospect Avenues, East Williamsburgh.

The Rev. John Deitz, Pastor, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $10,049 and the expenditures for all objects $10,502, leaving a deficit of $453.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question (Lots 27, 31, 35, 31 of 33 and 35 of 33) and entitled to have the same exempted from taxation to the extent hereinbefore set forth during the time when said assessments, above mentioned, accrued and became liens thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of section 221A of the Greater New York Charter, except as to the assessments which I have refused to certify for cancellation, and I would, therefore, certify my approval of the application of First German Presbyterian Church of East Williamsburgh, to the extent I have herein indicated as proper, pursuant to the provisions of such section of the Charter, and recommend that the liens, above set forth, as the ones which may properly be cancelled, be cancelled upon the payment of $5..15, provided that payment be made within sixty days from the date of the resolution authorizing such payment, and also provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of fifty dollars and fifteen cents ($50.15) within sixty days from date, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221A of the Charter, to cancel the following assessments levied and assessed against property owned by the First German Presbyterian Church of East Williamsburg, in the Borough of Queens, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected and that the same is not under contract of sale:

Olinville Methodist Episcopal Church, Borough of The Bronx—Petition of, for the Cancellation of Certain Assessments.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 27, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Olinville Methodist Episcopal Church has presented to you a petition for the cancellation of certain assessments for public improvements affecting premises in the Borough of Bronx, designated on the official tax map as Section 16, Block 4651, Lot 62.

This application is made pursuant to the provisions of Section 221A of the Greater New York Charter, which provides that the Commissioners of the Sinking Fund of The City of New York, upon the written certificate of the Comptroller of said City approving the same, may, in their discretion, and upon such terms as they may deem proper, by a unanimous vote cancel and annul all taxes, assessments and Croton water rents, and sales to said City of any and all of the same, which at the time said section became a law were, or might thereafter become, a lien against any real estate owned by any corporation, entitled to exemption of such real estate owned by it from local taxation under article one, section four, subdivision seven of the tax law, which was the actual owner of such real estate, and entitled to such exemption, during the time when the taxes, assessments or Croton Water rents, from which it seeks relief, accrued and became liens thereupon.

It appears from the petition submitted, which is duly verified, that the petitioner is a corporation incorporated under the Laws of the State of New York, and is the owner in fee simple of the above described premises, having acquired the same on or about March 1, 1894, that it has owned the above described premises continuously since said date, and is still the owner thereof, and that the same now are and have always been exempt from local taxation, under said provision of the tax law, during the periods when the liens hereinafter set forth accrued. Said premises are used for church purposes.

It appears from an examination of the Assessment Rolls that the property has been exempt from local taxation for the year 1910, and since, and the assessed valuation for the year 1915 is $90,000.

It further appears from the records of the Bureau for the Collection of Assessments and Arrears that the following assessments for local improvements were levied against said property, and are now open and unpaid on the records of the Department, namely:

Assessments.

Acquiring Title to East 222d Street from 7th Street to Hutchinson River (confirmed December 17, 1912; entered January 24, 1913). No. 21, Block 4651, Lot 62, $8.73.

Acquiring Title to East 222d Street from Bronx River to 7th Street (confirmed August 18, 1913, entered November 12, 1913). No. 424, Block 4651, Lot 62, $171.92.

Opening Bronx Boulevard from Old Boston Post Road to East 242d Street (confirmed January 12, 1914; entered February 26, 1914). No. 3367, Block 4651, Lot 62, $111.76.

The records of this department show the following award paid to the Olinville Methodist Episcopal Church on June 17, 1903: Manhattan "B" warrant No. 6134, dated June 12, 1903, in favor of the Chamberlain of The City of New York, in the matter of acquiring title to White Plains Road, from the northern boundary of The City of New York to Morris Park Avenue, in the 24th Ward, Borough of The Bronx: Parcel Damage No. 311, award $400, interest $39.67; interest from July 10, 1902, to May 12, 1903, on $400, $20.13; total, $459.80.

It appears from the records that on a former application made by the above named petitioner to the Commissioners of the Sinking Fund, pursuant to said Section 221A of the Charter, for the cancellation of certain assessments affecting the above described property, including the assessment for benefit in the same proceeding in which the foregoing award was paid, such award was taken into consideration by the Commissioners in determining the terms upon which said assessments should be cancelled; and that on May 22, 1912, a resolution was adopted by them authoriing the cancellation of said assessments, the principal of which aggregated $3,986.92, upon the payment by petitioner of the sum of $469.80, which sum represented the amount of said award,

plus the nominal sum of $10. (Minutes Sinking Fund Commissioners for 1912, pages 577-578).

It appears further from the records of this department that said resolution of May 22, 1912, was thereafter carried into effect, the assessments included therein cancelled, and the sum of $469.80 paid by the petitioner, as required thereby.

It is therefore necessary to consider said award in determining the extent of the relief, or the terms upon which such relief should be granted, in connection with the present application.

The records of this Department show no lease to the City of New York of the property hereinbefore described.

The total amount involved as principal in the above assessments is $292.41. The property affected by these assessments is located in the Borough of Bronx, westerly side of White Plains Road, between East 216th and East 219th streets.

Mr. W. L. Varian, treasurer, in response to a request, has submitted a financial statement for the last fiscal year, showing the total receipts from all sources to be $4,285.52, and the expenditures for all objects $4,245.48, leaving a balance of $40.04.

Said statement shows further, however, that in addition to the foregoing total of expenditures there are accounts payable aggregating $2,300.65.

It appearing, therefore, that the petitioner was the actual owner of the real estate in question and entitled to have the same exempted from taxation during the time when said liens, above mentioned, accrued and became a lien thereupon, I am of the opinion that the petitioner has presented a proper case for relief to the Commissioners of the Sinking Fund of The City of New York, under the provisions of Section 221A of the Greater New York Charter, and I would, therefore, certify my approval of the application of Olinville Methodist Episcopal Church, pursuant to the provisions of such section of the Charter, and recommend the liens, above set forth, be cancelled upon the payment of $10, provided that at the time of such payment, said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale.

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, upon payment of the sum of ten dollars ($10), the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize and direct the Comptroller, pursuant to the provisions of Section 221-A of the Charter, to cancel the following assessments levied and assessed against property owned by the Olinville Methodist Episcopal Church, Borough of The Bronx, provided that at the time of such payment said corporation furnish proof, by affidavit, that it is the actual owner of the property affected, and that the same is not under contract of sale:

Health Department—Assignment to, of the Ferryboat "Stapleton." (Brought Up by Unanimous Consent.)

The following communication was received from the Commissioner of Docks, turning over as no longer required the ferryboat "Stapleton," and recommending that it be transferred to the Health Department:

Pier A, North River, March 3, 1915.

Hon. JOHN PURROY MITCHEL, *Mayor, and Chairman of the Commissioners of the Sinking Fund:*

Sir—The ferryboat "Stapleton," now tied up at West 50th Stret pier, formerly used on the Municipal Ferry, is no longer required for the uses and purposes of this Department, and I desire to turn it over to the Commissioners of the Sinking Fund for such disposition as may be deemed proper, and recommend that it be transferred to the Health Department.

Before actually surrendering the boat, and in order to save time, I suggested to your Commission to-day the appointment of a Committee to determine:

(a) whether the brass and copper attachments, condenser tubes, condenser sheets. etc., should be removed and sold;

(b) whether the boilers should be removed as well as the salable metals.

The boilers were built in 1906 and are reported to be in good condition, but if removed would bring in their present uncut shape, as scrap metal, about $4 a ton. Unless required by some other City Department, it would seem wise to allow them to remain.

The engines, in my opinion, would bring little or nothing. The removal of the boiler and engine would necessitate the tearing away of parts of the deck, superstructure, center house, etc., and I believe would not pay the expense of removal, to say nothing of the cost of replacement of the woodwork disturbed and should be allowed to remain as they are to serve as ballast.

Yours respectfully, R. A. C. SMITH, Commissioner of Docks.

The following resolution was then offered for adoption:

Whereas, The Commissioner of Docks, in a communication dated March 3, 1915, having turned over as no longer required the ferry boat hereinafter named; it is

Resolved, That, pursuant to the provisions of Section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Department of Health the ferry boat "Stapleton," formerly used on the Municipal Ferry, subject to the sale of such of the material in the boat as this Commission may order.

Which resolution was unanimously adopted.

On motion, the Chair appointed a Committee, consisting of the Comptroller and the Commissioner of Docks, to determine:

(a) whether the brass and copper attachments, condenser tubes, condenser sheets, etc., should be removed and sold;

(b) whether the boilers should be removed, as well as the salable metals.

Board of Education—Amendment to Resolution Authorizing a Lease for, of Premises at No. 197 East Broadway, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 27th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Secretary of the Board of Education, in a communication to your Board under date of February 11, 1915, states that at a meeting of the Board of Education held February 10, 1915, the following resolution was adopted:

"Resolved, That the Commissioners of the Sinking Fund be, and they are hereby, respectfully requested, subject to financial ability, to further amend the resolution adopted by them on May 21, 1913, and amended on January 6, 1915, providing for the renewal of the lease of certain rooms in the Educational Alliance Building, No. 197 East Broadway, Manhattan, occupied as Public School 60, so as to permit of the use by the pupils of Public School 60 of the bath equipment located on the fifth floor of said building, consisting of nine shower baths and the locker rooms adjacent thereto, from 9 o'clock a. m. to 3 o'clock p. m., on all school days, with additional rental at the rate of $300 per annum, to take effect March 1, 1915, the owners to supply hot water and to keep the equipment in good condition."

There being urgent need for these shower baths and lockers at this school, and deeming the rent reasonable and just under the circumstances, I respectfully recommend that the resolution adopted by your Board on May 21, 1913, and amended on January 6, 1915, be further amended by including in said renewal the use by the pupils of Public School 60 of the bath equipment located on the fifth floor in the Educational Alliance Building, No. 197 East Broadway, Borough of Manhattan, consisting of nine shower baths and the locker rooms adjacent thereto, from 9 o'clock a. m. to 3 o'clock p. m. on all school days, with additional rental at the rate of $300 per annum to take effect March 1, 1915, the owners to supply hot water and to keep the equipment in good condition. Respectfully,

Police Department—Application of, for Assignment to, of Building at No. 261 Bedford Avenue, Borough of Brooklyn, Adjoining the 160th Precinct Police Station House.

The Deputy and Acting Comptroller presented the following report:

March 2nd, 1915.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—I am in receipt of a communication from the Police Commissioner, requesting the transfer to his jurisdiction of premises adjoining the 160th Precinct Police Station at 263 Bedford Avenue, Borough of Brooklyn. In connection therewith I desire to state that this building is known as Firemen's Hall and is located on Bedford Avenue, between Metropolitan Avenue and North First Street, Borough of Brooklyn. The same is occupied by the Exempt Firemen's Association, under a resolution of the Municipal Assembly of the old City of Brooklyn adopted February 23, 1898, such occupancy to be under the direction of the Commissioner of Public Buildings, Lighting and Supplies, and to continue during the pleasure of the Municipal Assembly.

This building has now been occupied by the Eastern District Exempt Firemen's Association, which consists of 184 members, for more than thirty years. It is used for meeting rooms, storage of records, engine relics, etc., and also as a place where the widows of volunteer firemen receive their pensions. The City pays for whatever light is used.

I therefore submit the request of the Police Commissioner to the Commissioners of the Sinking Fund for such action as they may deem necessary.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

On motion, the matter was referred to a committee consisting of the Chairman of the Finance Committee, Board of Aldermen, and the Comptroller.

Adjourned. JOHN KORB, Jr., Secretary.

SEC. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the grantees.

First—The said right to construct, maintain and operate said transmission line shall be held and enjoyed by the grantees from the date upon which this contract is signed by the Mayor until January 1, 1938, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the grantees shall determine to exercise the privilege of renewal they shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the grantees and the Board.

If the grantees and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the grantees shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the grantees; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquries and investigations, without the presence of either party. They shall have the right to examine any of the books of the grantees and their officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual compensation shall, in any event, be less than that required for the last year of the original term of this contract. If in any case the annual compensation shall not be fixed prior to the termination of the original term of this contract, then the annual compensation theretofore prevailing shall continue until the new rate shal be determined, and the grantees shall then make up to the City the amount of any excess of the annual compensation then determined over the previous annual compensation. The compensation and expenses of the said appraisers shall be borne jointly by the City and the grantees, each paying one-half thereof.

Second—As compensation for the privilege hereby granted the grantees jointly and severally agree to install equipment and furnish electrical current to the City without charge to it, as follows:

(*a*) Install, reserve and maintain for the exclusive use of the City, as an integral part of the generating and distributing systems of the grantees, generating machinery, sub-station apparatus, cables, switches and controlling apparatus up to the switchboards in the structures of the drainage chambers now or to be hereafter provided by the Board of Water Supply of the City for the unwatering of the pressure tunnels of the Catskill Aqueduct; said drainage chambers situated or to be situated

(1) At or near Croton Lake at the shaft known as the Croton Lake Drainage Shaft;

(2) At or near the intersection of Clinton and South Streets at the shaft known as No. 21 of the City Aqueduct; and

(3) In Morningside Park between West 120th and West 121st Streets, if the same were extended, at the shaft known as No. 11 of the City Aqueduct,

—sufficient in capacity to deliver 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 2200 volts at each of the shafts Nos. 11 and 21 and 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 40,000 volts at the Croton Lake Drainage Shaft.

(*b*) Furnish when called upon by the Board of Water Supply or its authorized representatives electrical energy up to the capacity of 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 2200 volts at each of the shafts Nos. 11 and 21 and up to the capacity of 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 40,000 volts at the Croton Lake Drainage Shaft.

(*c*) Install and maintain for the use of the City wires, cables or other conductors and controlling apparatus up to the switchboards in the buildings or other structures owned by the City and used in the operation of the Catskill Aqueduct; that is to say, gatehouses, offices, bridges and all other buildings and chambers used in the operation and maintenance of the aqueduct and aqueduct lands of the city which may be situated north of Battery Park in the Borough of Manhattan and south of the boundary line between the Counties of Westchester and Putnam.

(*d*) Furnish whenever required two-phase or three-phase alternating current having a frequency of sixty (60) cycles per second, at a pressure of 110 or more volts, sufficient for operating all motors and other apparatus as may be required for the maintenance and operation of the aqueduct.

(*e*) Furnish whenever required single-phase alternating current having a frequency of sixty (60) cycles per second, at a pressure of 110 or more volts, or direct current at a pressure of 120 or more volts, sufficient for lighting all said buildings, bridges and grounds as may be necessary, and for any and all other purposes as may be required in connection with the maintenance and operation of the aqueduct and appurtenant works and structures.

Any and all payments to be made or service to be rendered by the terms of this contract to the City by the grantees shall not be considered in any manner in the nature of a tax, but such payments shall be made and such service rendered in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, to operate upon a route upon all or any part of lands acquired for aqueduct purposes.

Fourth—The service hereby required to be rendered as payment for the rights hereby granted shall continue throughout the whole term of this contract (whether original or renewal), and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to service to be rendered as payment for the rights hereby granted, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—The consent hereby granted shall not be assigned, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the acts of any of the grantees, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Should the grantees at any time fail to supply the service herein required as payment for the privilege herein granted in an efficient manner satisfactory to the Board of Water Supply, then the right herein granted shall cease and determine, and all sums paid or deposited with the City shall be and become the property of the City.

Seventh—It is understood by the parties hereto that the right herein granted is subject to any and every limitation imposed by law upon the use of the aqueduct lands outside of the present limits of the City or by any and every condition upon which such lands were purchased or acquired. It is understood also that no rights of any kind whatsoever are herein granted to or in any of the aqueduct lands lying within the present limits of the City.

Eighth—The transmission line hereby authorized shall be used only for the transmission of electrical current to and within the Counties of Westchester and Putnam of the State of New York and shall not be used as a portion of or in connection with a transmission line extending into any portion of the State of New York nor into any portion of any other state; provided that the Board may by resolution authorize the use of such transmission line for the transmission of electrical current from, to and within districts outside of said Counties of Westchester and Putnam, but the Board may, upon the adoption of such resolution, require such compensation for the additional right and prescribe such terms and conditions to govern the same as in its discretion it may deem proper.

Ninth—The grantees shall immediately begin the construction of ducts, conduits, poles and towers and the installation therein or thereon of wires, cables or other conductors and complete so much of such construction and installation as shall be necessary to furnish the service herein required and stand ready to supply the current herein required for the purposes of the Board of Water Supply and the City of New York within five (5) months from the date upon which this contract is signed by the Mayor; otherwise this right shall cease and determine; provided that the time for completion of such construction and installation and the commencement of current supply, as required, may be extended by the Board, but the total extension of time shall not exceed twelve months; and provided further that when the completion of the construction or installation or the delivery of current shall be prevented by legal proceedings in any court or by works of public improvement or from other causes not within the control of the grantees, then such time may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the grantees and provided further that in no case shall such delay be deemed to begin until the grantees shall have given written notice to the Board of any such court proceedings or other occasion of delay and shall have delivered to the Board copies of any injuction or other orders and the papers upon which the same shall have been granted, and unless upon the request of the Board the grantees shall in writing consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, the conduits, poles, towers, fixtures, wires, cables and equipment of the grantees constructed pursuant to this contract shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the grantees shall, upon thirty (30) days' notice from the Board, remove any part or all of such conduits, poles, towers, fixtures, wires, cables and equipments constructed pursuant to this contract and the aqueduct lands shall be restored to a condition satisfactory to the Board of Water Supply at the sole cost and expense of the grantees.

Eleventh—The grantees shall comply with all laws, ordinances or rules of the local authorities having jurisdiction over the construction, maintenance or operation of the transmission line herein authorized.

Twelfth—The position of said transmission line upon said aqueduct lands shall be such as shall coincide with that designated and fixed by the Board of Water Supply. Before any work of construction or installation herein authorized shall be commenced, the grantees shall submit to the Board of Water Supply plans and specifications which shall show and specify in detail the character of the structure or structures proposed by the grantees and the location of the same upon City land. Said plans and specifications must be approved by the Board of Water Supply before such work shall be commenced. The work of construction and installation shall be under the supervision of the Board of Water Supply and any rules or directions given by said Board shall be complied with by the grantees. If in the opinion of the Board of Water Supply it shall become necessary to change at any time during the term of this contract the location or the character of the construction or installation of said transmission line for the protection of life or property or if in the opinion of said Board it shall become necessary for the City to use during said term any part or all of the lands upon which the structures herein authorized shall be situated for any of the purposes for which said lands were acquired, then the grantees shall make at their own expense such changes in the character of the construction or installation or changes in the position of such structures on said Aqueduct Lands as directed by the Board of Water Supply.

Thirteenth—All structures and appurtenances erected hereunder shall be kept in good and safe repair and in accordance with the instructions given by the Board of Water Supply.

Fourteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the grantees, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the ducts, conduits, poles, towers, wires, cables, conductors, fixtures and all structures, constructed or in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the grantees to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the grantees fail to appear, action may be taken by the Board forthwith.

Fifteenth—This grant is upon the express condition that the grantees, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of twenty-five thousand dollars ($25,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the grantees of all of the terms and conditions of this contract and compliance with all orders of the Board, or the Board of Water Supply, acting under the powers herein reserved, especially those which relate to the furnishing of service herein required for the privilege hereby granted, and the maintenance of the property in good and safe condition throughout the whole term of this contract; and in case of default in the performance by the grantees of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board or Board of Water Supply, acting hereunder, the grantees shall pay a penalty of fifty dollars ($50) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the grantees, directing their Presidents, or any one of them, or other officers to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the grantees should not be penalized in accordance with the foregoing provisions. If the grantees fail to make an appearance, or, after a hearing, appear in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the grantees shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of twenty-five thousand dollars ($25,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Sixteenth—The grantees shall assume all liability to persons or property by reason of the construction or operation of the transmission line and its appurtenances authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the grantees hereby agree to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the grantees. The grantees shall pay all taxes on all property constructed or maintained pursuant to this contract and shall reimburse the City for all taxes upon said property which the City may be required to pay and shall reimburse the City, its officers and agents for any and all costs or expenses whatsoever of every name and nature to which the City may be put by reason of the construction, operation or maintenance of the transmissoin line and its appurtenances and shall save the City, its officers and agents harmless therefrom.

Seventeenth—If at any time the powers of the Board or of the Board of Water Supply, or any other of the autherities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or the Board of Water Supply or other authorities, officer or officers.

SEC. 3. Nothing in this contract contained shall be construed as reviving or validating any lapsed or invalid franchise heretofore granted to any of the grantees herein or to their predecessors, or as enlarging or adding to the powers or privileges contained in said grants of franchises or as waiving any forfeiture thereto.

SEC. 4. Each of the parties of the second part, jointly and severally, promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

SEC. 5. This contract shall not become operatie unless and until the grantees shall procure and cause to be executed an agreement which shall be proved in proper form for record and duly delivered to the Board, by which the Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company shall agree with each other, with the Westchester Company and with the City to furnish, whenever called upon by either the Westchester Company or the City, such service as may be required by the Westchester Company in order to supply to the City the electrical current necessary to fulfill the terms of this contract, and by which the said Northern Westchester Lighting Company and the said Peekskill Lighting and Railroad Company shall further agree with each other, with the Westchester Company and with the City to permit the Westchester Company to use so much of their facilities as shall be necessary to carry out the provisions of this contract. Upon the failure of either or any of said Companies to furnish such service or to permit the use of said facilities for any reason at any time hereafter, the rights hereby granted shall cease and determine and this contract shall be null and void and of no effect.

IN WITNESS WHEREOF, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and each of the parties of the second part, by its officers, thereunto duly authorized, has its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
