MESSAGES FROM THE MAYOR.

The Vice-Chairman laid before the Board the following message from his Honor, the Acting Mayor:

No. 1765.

Message of His Honor the Mayor Relative to an Issue of Special Revenue Bonds, \$22,198.50, with Respect to the Operation of Pumping Stations in the Boroughs of Queens and Richmond by the Department of Water Supply, Gas and Electricity.

City of New York, Office of the Mayor, May 25th, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I am sending herewith a communication received from Mr. Williams, Commissioner of Water Supply, Gas and Electricity, in which he states that a serious situation confronts the Department in relation to the operation of the several pumping stations in Queens and Richmond. Mr. Williams states that it will be necessary for him to secure special funds to the amount of \$22,198.50.

I have requested Mr. Williams to attend your meeting this afternoon, so that he will be available to explain the details and the urgent necessity of the appropriation of the money he requests.

As the situation is urgent, and one that requires prompt attention, I would respectfully request, on behalf of the Commissioner, that you waive your rules and give unanimous consent for immediate consideration. Respectfully,

GEORGE McANENY, Acting Mayor.

City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York City, May 22, 1915.

Hon. GEORGE McANENY, Acting Mayor, City of New York:

Sir—A very serious situation confronts the Department and I am appealing to you to lend your aid in relieving this situation. Unforeseen difficulties in the Borough of Richmond made it necessary to continue in operation several pumping stations which the Department had not anticipated would be in service this year, and it also became imperative to resume pumping operations in several of the stations in Queens in the early part of the year by reason of increased consumption. The force employed on these works has exhausted the funds appropriated for temporary emergency help. I have recommended to the Board of Estimate a modification of one of the wage schedules which will, if approved, provide funds to continue the operations in Richmond until about June 30. The employment of the major part of this temporary force will continue for several months later, and to provide for their wages I submitted to the Board of Aldermen on May 12, 1915, an application for special revenue bonds in the sum of \$22,198.50. There was also included in this same request funds for temporary help during the vacation of the regular per diem employees.

You will appreciate that I wish to avoid any inconvenience or hardship to the employees who are effected. No doubt a large number of them are in circumstances which compel them to arrange for their household necessities and conveniences of their families from week to week, and they naturally look forward for their wages when they become due.

The urgency of this matter compels me to ask that you kindly send to the Board of Aldermen a special message, urging their immediate and favorable consideration of the Department's application. I attach hereto a copy of my letter of May 12.

Respectfully,

WILLIAM WILLIAMS, Commissioner.

The City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York City, May 12, 1915.

Hon. GEORGE McANENY, Acting Mayor and President of the Board of Aldermen, City Hall, New York City.

Dear Sir—The demands of the Borough of Queens in the early part of the year became so urgent that the Department had to put into service two of the pumping stations which had been temporarily abandoned. In providing for the payment of the wages of the force assigned for their operation it was necessary to draw upon the temporary wage account which had been appropriated for services to be rendered in Richmond. In the latter Borough certain delays were encountered in the construction of the new Southfield Boulevard station, causing the Department to keep in service certain old stations which it had expected would be discontinued. The expense of the labor thus employed has resulted in reducing the Department's appropriations. To replenish these accounts and to provide funds for the payment of temporary help during the vacation period of the regular Department employees, the sum of \$22,198.50 will be required. The basis for this estimate is set forth fully in the attached schedules. I therefore respectfully request that this money be provided by an issue of special revenue bonds.

Respectfully,

WILLIAM WILLIAMS, Commissioner.

No. 1768.

New York City 4th of July Committee—Request for the Payment of a Bill of Annin & Co.

New York City Fourth of July Committee, Office of the Secretary, May 15, 1915.

Hon. GEORGE MCANENY, President of the Board of Aldermen, City Hall, City:

Dear President McAneny—In behalf of the Mayor's Fourth of July Committee of 1914, may I ask the Board of Aldermen through you to make provision for the payment of a just bill of Annin & Co., amounting to \$195, which remains unpaid through an unusual concurrence of events.

On June 24, 1914, Dr. Edward W. Stitt, who is a District Superintendent in the office of the City Superintendent of Schools, and who was Chairman of the Schools Committee of the Mayor's Fourth of July Committee, ordered from Annin & Co., "for the Fourth of July Celebration in the School":

6 banners at \$2	\$12 00
70 bolts of flag ribbon at \$1.35	94 50
70 bolts of tricolor at \$0.90	63 00
50 gross silk flags, 2 in., by 3 in., on sticks at \$0.75.....	37 50

\$207 00

He signed himself "Edw. W. Stitt, District Superintendent, Chairman Schools Committee."

The first item above mentioned could not be supplied. The last three items amounting to \$195 were duly delivered to Dr. Stitt and used for the celebration conducted by the Mayor's Committee.

Annin & Co., receive frequent orders from the Board of Education and on account of the fact that Dr. Stitt wrote on a Board of Education letterhead—as he did all of his letters for his work in behalf of the Mayor's Committee—and also on account of his signing as "District Superintendent" as well as "Chairman, Schools Committee," the goods were charged by the clerks of Annin & Co., to the "Department of Education."

The bookkeeper of Annin & Co. duly rendered the bill to Dr. Stitt, who forwarded it with his approval for payment as one of the obligations of the Mayor's Committee and it was in the hands of the Department of Finance on or about Sept. 24, 1914, when I checked up with someone in that Department the unpaid bills for the purpose of calculating the deficiency to be supplied by the City. It was also on a statement of unpaid bills supplied by me to the Comptroller September 24, 1914. The bill, however, appears to have gone astray somehow and when the examiner of the Department of Finance came to check up my statement, item by item, he called up Annin & Co., and asked if they had any unpaid bill against the Mayor's Committee, and the bookkeeper replied that only \$21 (another approved bill) remained charged against the Mayor's Committee. Mr. Pangborn of the Department of Finance therefore told me that Annin & Co. had no such bill against the Mayor's Committee as I had on my statement. Consequently he and I crossed it off the list and no provision was made in the special bond issue for paying it.

The bill therefore remains unpaid for lack of funds. It is a perfectly just bill, and would have been included in the statement prepared by the Finance Department for the Board of Aldermen, I assume, if it had not been for the very natural misunderstanding which led to its being charged by Annin & Co., to the Board of Education instead of to the Mayor's Committee.

I trust, therefore, you will see your way clear to recommend a resolution by the Board of Aldermen authorizing a bond issue for the payment of this bill.

Yours truly,

E. H. HALL, Secretary.

New York, May 12, 1915.

We the undersigned property owners and storekeepers of Watkins Avenue, petition your Honorable Board to relieve us from a nuisance of peddlers. Peddlers

with horses and wagons, peddlers with push-carts, peddlers with bundles and packages have taken up the business of selling all kinds of merchandise for about two blocks from Freeman street to East 170th street on Wilkins Ave. It is impossible for us to keep tenants in our apartments, and the store-keepers cannot pay the rent if the peddlers are allowed to do all the business.

Notice Relative to Public Hearing of the Committee on Counties, Towns and Villages of the Constitutional Convention of the State of New York.

The Constitutional Convention of the State of New York, Albany, May 19, 1915.

Notice is hereby given that the Committee on Counties, Towns and Villages, their Organization, Government, etc., will hold its first public hearing in the Senate Chamber, Wednesday, June 2nd, beginning at 11 a. m., on the subject matter embodied in the various proposed constitutional amendments now before this Committee. The following questions, among others, are presented by these amendments:

(1) Should the constitution be changed in order to provide a uniform system of county government different in character from that now in existence?

(2) Should the constitution be changed in order to provide that residents of each county be given the power to choose such form of government as they may see fit?

(3) Should the constitution be changed to authorize the Legislature to formulate certain definite optional forms of county government, to be adopted by referendum in each county?

It is expected that the Committee will hear discussion of topics kindred to the foregoing.

By direction of the Committee, you are respectfully invited to be present and to express your views on these matters. Respectfully yours,

The President laid before the Board the following communication from the President of the Borough of Manhattan:

No. 1773.

President, Borough of Manhattan—Request That Ordinance Be Adopted Designating Site for Addition to Carmine Street Bath.

City of New York, President of the Borough of Manhattan, Municipal Building, May 6, 1915.

HON. GEORGE MCANENY, President, Board of Aldermen, City Hall.

Dear Sir—I would respectfully request that an ordinance be adopted by the Honorable Board of Aldermen, selecting and designating a site for the addition to the Carmine Street Bath described as follows:

Beginning at a point on the westerly line of 7th Avenue, distant 27.33 feet measured northerly along the westerly line of 7th Avenue from the intersection of the northerly line of Carmine Street and the westerly line of 7th Avenue as extended; thence northerly along the division line of the properties of the City of New York known as lot No. 50, block No. 582, and the private property known as lot No. 49 block No. 582, a distance of 65.47 feet; thence easterly and in a straight line a distance of 29.22 feet to the westerly line of 7th Avenue at a point distant 98.76 feet measured northerly along the westerly line of 7th Avenue from the intersection of the northerly line of Carmine Street and the westerly line of 7th Avenue; thence southerly along the westerly line of 7th Avenue a distance of 71.43 feet to the point of the beginning.

All these lands to be found in Section 2, Block 582 of the land map of the City of New York forming the triangular plot adjoining the public bath at No. 83, 85 Carmine Street, in accordance with the four maps herewith submitted, and that the Corporation Counsel be directed to bring condemnation proceedings looking toward the acquiring of the said land for the purpose above mentioned.

This resolution is in accordance with that made for the issue of Corporate Stock in the sum of \$35,000 for making repairs, alterations and acquiring title to land adopted by the Board of Aldermen January 4, 1915, and approved by the Board of Estimate and Apportionment December 11, 1914, and I would ask that it be introduced by unanimous consent, in that it does not require the provision of funds, in order that the delay of two or three weeks may be avoided.

Respectfully, MARCUS M. MARKS, President, Borough of Manhattan.

City of New York, President of the Borough of Manhattan, Municipal Building, May 24, 1915.

HON. GEORGE MCANENY, Acting Mayor, City of New York.

Dear Sir—I beg to transmit herewith copy of a letter I have this day addressed

to Mr. Ralph Folks, Assistant Commissioner of Public Works, conferring upon him, in the absence of the Commissioner of Public Works, certain administrative duties of the Borough President, and designating him with full authority to represent me in the Board of Estimate and Apportionment and the Board of Aldermen whenever, on account of absence, illness, or otherwise I shall be prevented from attending.

Very truly yours, MARCUS M. MARKS, President, Borough of Manhattan.
Office of the President, Borough of Manhattan, May 24, 1915.

Mr. RALPH FOLKS, Assistant Commissioner of Public Works, Municipal Building, N. Y.

Dear Sir—Pursuant to the authority vested in me by Section 383 of the Greater New York Charter, I hereby confer upon you as Assistant Commissioner of Public Works, in addition to powers heretofore conferred upon you, all of the administrative powers of the President of the Borough in relation to streets, sewers, public buildings and supplies, including the power of appointment, promotion, transfer or removal of subordinate officers or employees, excepting only those officers or employees classified in the exempt class under civil service rules; and I hereby designate you as Acting President of the Borough of Manhattan to act in my place and stead as a member of the Board of Estimate and Apportionment of the City of New York, and as a member of the Board of Aldermen of the City of New York, whenever on account of absence, illness or otherwise, I shall be prevented from attending meetings of the said boards; such authority as herein set forth to be vested in you from May 24, 1915, and to continue until revoked by me.

Truly yours,
MARCUS M. MARKS, President, Borough of Manhattan.

The President laid before the Board the following communication from the Commissioner of Parks for the Borough of Queens:

No. 1775.

Commissioner of Parks for the Borough of Queens—Request for Special Revenue Bonds, \$9,000, to Pay Wages of Pruners and Climbers and the Hiring of Teams.

The City of New York, Department of Parks, Borough of Queens, May 21, 1915.
The Honorable, The Board of Aldermen, City of New York:

Sirs—Application is hereby made for an issue of Revenue Bonds in the amount of Nine thousand (\$9,000) dollars to be used as follows:

3000 days Pruners and Climbers at \$2.50.....	\$7,500 00
300 days teams at \$5.00 per day.....	1,500 00
	\$9,000 00
On February 2nd this Department applied to your Honorable Board for an issue of Revenue Bonds to be used—	
4000 days Laborers at \$2.50.....	\$10,000 00
4000 days Climbers and Pruners at \$2.50.....	10,000 00
1000 days Teams at \$5.00.....	5,000 00
	\$25,000 00

This appropriation was passed by your Honorable Board on February 9th and was forwarded to the Board of Estimate and Apportionment. On May 13th the Board of Estimate and Apportionment authorized only \$8,875 of the \$25,000 which your Honorable Board requested on Feb. 9th. Of this sum \$6,285 was appropriated for 2,750 days of Labor and 400 days of teams at \$5.00 per day. You will notice that no allowance was made for Climbers and Pruners. The greatest necessity exists in this Department for Climbers and Pruners to transplant upwards of 12,000 trees in the Forest Park nurseries.

During the month of April 12,000 trees were transferred from the Forest Park nursery to a new model nursery which is being established in the police training ground at Kissena Park. There remain in the Forest Park nursery in the neighborhood of 10,000 Oaks and 5,000 Austrian Pines which must be removed this year if they are to be saved for the City.

Failure on the part of the Board of Estimate and Apportionment to appropriate only part of the \$25,000 granted by your Honorable body leaves this Department in a position where fifteen men must be laid off in the immediate future in order to keep within the appropriation.

This would leave the Forestry Division with only twenty-five men and would make it quite impossible to undertake any tree planting next Fall.

I have the honor to remain,

Respectfully,

JOHN E. WEIER, Commissioner.

The President laid before the Board the following communication from the Municipal Civil Service Commission:

No. 1776.

Municipal Civil Service Commission—Communication Relative to Application of Commissioner of Public Charities for Special Revenue Bonds to Pay Salaries of Help Needed to Replace Hospital Helpers.

Municipal Civil Service Commissioner of The City of New York, Municipal Building, Center and Chambers Streets, New York, May 17, 1915.

Honorable Board of Aldermen of the City of New York:

Gentlemen—We have been informed that on April 30th, the Commissioner of Public Charities requested the Board of Aldermen for an issue of special revenue bonds in the sum of \$20,070 to pay salaries from July 1st to December 31, 1915, of help needed to replace Hospital Helpers employed in central offices of the department.

The Municipal Civil Service Commissioner is not able to pass upon the question of whether the particular sum requested is the proper sum to appropriate for this purpose. It directs me, however, to urge that the necessary action be taken in order to permit the Department of Public Charities to pay the salaries of the help needed to replace these Hospital Helpers. The action of the department is taken at the request of the Municipal Civil Service Commission, the Commission after investigation having reached the conclusion that the assignment of Hospital Helpers to the services covered in the request of the Commissioner of Public Charities dated April 30th were improper assignments and contrary to the provisions of the Civil Service Law. The Commission is empowered under the Civil Service Law to refuse to certify the payrolls of any employees who are improperly assigned. It has, however, allowed the Department of Public Charities, as it has other departments, a reasonable length of time to secure the necessary budget appropriations to provide for such corrections.

It will not, however, approve the payrolls of any of the Hospital Helpers assigned to work outside of institutions after July 1st, 1915.

Respectfully,

ROBT. W. BELCHER, Secretary.

The President laid before the Board the following communication from the Board of Education:

No. 1777.

Board of Education—Request for Special Revenue Bonds, \$87,600, to Cover Cost of Making Formal Promotions from Eligible Lists.

Department of Education, City of New York, Board of Education, Park Avenue and 59th Street, New York, May 13, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on May 12, 1915, requesting the Board of Aldermen to request the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of \$87,600, for the purpose of providing means to cover cost of making formal promotions from eligible lists to grades of the last two years in day elementary schools for the period from September 10 to December 31, 1915. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it is desirable at this time to consider the matter of formal promotions to the grades of the last two years in day elementary schools, and to make financial arrangements so that such promotions may be effective at the opening of the schools in September, 1915.

Briefly, the reasons for the present situation are as follows: On May 27, 1908, the license for promotion to the 7A, 7B and 8A grades was abolished, and new qualifications were provided for the license to teach a graduating class. On April 13, 1910, the promotion license was re-established. The By-Law was subject to the then rights, if any, of persons eligible to teach in grades 7A, 7B, 8A and 8B. Unsuccessful actions were brought by certain teachers who claimed the right to teach in graduating classes. In the meantime (June 12, 1912), the Board of Education following opinions of the Corporation Counsel, adopted a resolution directing the City Superintendent and the Board of Examiners to place upon appropriate lists for promotion those holders of licenses 1 and 2, who were found to be eligible.

From this direction of the Board of Education the City Superintendent appealed to the State Commissioner, who set aside the resolution in November, 1914. Pending the result of the several legal actions, vacancies in the grades of the last two years have been temporarily filled by teachers who have signed waivers. Since the decision of the State Commissioner, a course of procedure has been outlined for preparing eligible lists and making promotions. At the time of the consideration of the departmental estimate for 1915, the item for promotions was stricken out by the financial authorities, with the understanding, however, that when the matter was finally settled an application for funds should be made.

Your Committee has been advised by the Acting City Superintendent that during the fall term there will be some 1,050 vacancies in the grades of the last two years, and the cost of making formal promotions from the eligible lists will be about \$87,600 from September 10 to December 31, 1915. There is need for prompt action for the reason that a great amount of detailed work is necessary in arranging the grade changes, transfers, etc., which will follow the promotions.

There is offered for adoption the following resolution:

Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of eighty-seven thousand six hundred dollars (\$87,600), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, for the purpose of providing means to cover the cost of making formal promotions from eligible lists to grades of the last two years in day elementary schools for the period from September 10 to December 31, 1915; and that the Board of Estimate and Apportionment be and it is hereby respectfully requested to authorize such issue upon request of the Board of Aldermen.

A true copy of a report and resolution adopted by the Board of Education on May 12, 1915.

The President laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 1778.

Department of Street Cleaning—Request for Issue of Revenue Bonds (\$17,240.89) to Cover Expense of Placing Cart Covers on Ash Cans and Garbage Carts.

Department of Street Cleaning of The City of New York, Office of the Commissioner, Municipal Building, New York City, May 17, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, City of New York:

Dear Sir—I respectfully request that the Board of Aldermen pass a resolution authorizing the issuance of revenue bonds amounting to seventeen thousand two hundred and forty dollars and eighty-nine cents (\$17,240.89), pursuant to section 188, subdivision 8, of the Greater New York Charter, to cover the expense of placing cart covers on 735 ash and garbage carts of this department.

There are 2,271 steel ash and garbage carts in the department, distributed by boroughs as follows:

Manhattan, 1,164; Brooklyn, 818; The Bronx, 289.

To date, provision has been made for covering 1,536 carts with funds saved in 1914 and a budget appropriation to cover 1,061 carts in 1915. Of the 1915 appropriation for this purpose \$17,868.55 has been expended, and the remainder of this fund (\$6,121.16), will be used to purchase and install additional covers, thus leaving 735 carts unprovided with covers.

The last contract price received for furnishing parts and fitting covers, per cart, was \$22.34.

From information received it has become apparent that the total cost (\$22.34) has not allowed a sufficient margin of profit to the contractors, and it is estimated that \$23.46 per cart will be needed to fit out the additional vehicles.

Attached hereto is a statement showing, in detail, the manner in which this figure is reached, also the number of carts already fitted out with covers, and the cost of same.

The demand for an improvement in the present methods of refuse collection has been widespread, and the covers proposed are the most economical and satisfactory that have yet been tried. It is desirable that all of the carts be fitted with covers before the end of this year, and for that purpose I would ask that your honorable Board approve of this request at an early date.

Respectfully,

J. T. FETHERSTON, Commissioner.

No. 1779.

District Attorney, Queens County—Application to Fix Compensation of Temporary Process Servers at \$3.50 Per Day.

District Attorney's Office, Queens County, N. Y., Long Island City, May 20, 1915.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—Application is hereby made to your honorable body to fix the per diem compensation of the temporary process servers in the office of the District Attorney of Queens County, at the sum of \$3.50 per day. I have but four permanent process servers attached to the office of the District Attorney of Queens County, whose compensation is fixed by the Board of Estimate at the sum of \$1,000 per annum, but with a territory covering nearly 400 square miles, with two parts of the County Court, holding criminal term, with Special Session subpoenas to be served, and other messenger work to be performed, it is hardly possible for four men to serve the processes of this office, and it is therefore necessary from time to time to employ temporary services of other men for the purpose of serving subpoenas and other process.

This has been done and vouchers have been filed against an appropriation contained in the budget for the District Attorney's office for the year 1915, under the head of contingent expenses, in which said vouchers, after investigating the amounts paid during the term of office of my predecessor, and the services to be performed, I fixed the per diem payment at the rate of \$3.50 per day, as these men doing such temporary service are very often employed for much longer hours than other men in the employ of this office, and in many instances are required to perform these services at night, at long distances from their homes.

The necessity of their employment existed and still exists, and in view of the foregoing, I request your Honorable body to pass a resolution fixing the per diem compensation of temporary process servers in this office at the rate of \$3.50 per day, as above set forth. Yours respectfully,

DENIS O'LEARY, District Attorney of Queens County.

No. 1780.

Department of Public Charities—Request for Issue of Special Revenue Bonds, \$1,500, to Provide Funds to Purchase Portable Houses for the New York City Home for Aged and Infirm, Brooklyn.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, April 29, 1915.

Re Portable Houses for New York City Home for Aged and Infirm, Brooklyn Division.

To the Honorable the Board of Aldermen:

Gentlemen—The undersigned Commissioner respectfully requests an issue of Special Revenue Bonds to the amount of \$1,500, to provide funds necessary to purchase three portable houses for the New York City Home for the Aged and Infirm, Brooklyn.

These portable houses are to replace the present frame building known as "The Ship," which is to be torn down to make room for the new laundry to be built, plans and specifications for which are about ready to be advertised for public bids.

If these portable buildings are not erected there will be no place for the female help now housed in "The Ship" to sleep, and no place for the Trade School inmates and inmates mechanics also located in this frame building, as every available space at this institution is at present occupied.

This is an important matter and should receive your prompt and favorable action. Respectfully yours,

JOHN A. KINGSBURY, Commissioner.

Department of Public Charities—Request for Special Revenue Bonds, \$60,000, to Provide Funds to Equip Windows and Doors of Buildings of Department with Fly Screens.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, May 12, 1915.

Re Special Revenue Bonds for Fly Screens, Various Buildings of this Department.

To the Honorable Board of Aldermen:

Gentlemen—The undersigned Commissioner would respectfully request that Special Revenue Bonds be issued to the amount of sixty thousand dollars (\$60,000) to provide the funds necessary to equip all the doors and windows of the buildings of this Department (which are not at present screened) with fly screens.

The State Board of Charities has emphatically pointed out repeatedly, and others who have visited the institutions have frequently criticised this Department for lack of screens on the windows and doors of our different institutions.

The absence of screens causes a condition far from sanitary and adds discomfort to the patients and inmates.

To correct such conditions, I make this request for Special Revenue Bonds, and trust that you will give such request your prompt and favorable consideration. Yours respectfully,

JOHN A. KINGSBURY, Commissioner.

Hon. P. J. SCULY, City Clerk, and Clerk of the Board of Aldermen:

Sir—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment May 7, 1915, denying the request of the Board of Aldermen as set forth in a resolution adopted on February 16, 1915, for an issue of special revenue bonds in the sum of \$62.70, the proceeds whereof to be used by the Department of Correction for the payment of wages of an electrician from June 6, 1914, to December 31, 1914.

No. 1783.

President, Borough of Brooklyn—Suggestion for Changing the Name of Ralph Street to Emmeline Street, Borough of Brooklyn.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, May 13, 1915.

Board of Aldermen, City Hall, N. Y. City:

Dear Sirs—I hand you herewith a suggestion for changing the name of Ralph Street to Emmeline Street in the Borough of Brooklyn.

This communication has been acknowledged and the writer has been informed that the card has been placed in your hands. Yours very truly,

JOHN B. CREIGHTON, Secretary.

Born and brought up in Brooklyn, I have not lived there for many years. A recent visit to my birthplace makes me proud of my splendid city and glad to feel I am giving in taxes a tidy portion of the amount needed to run my city—it is not the "Borough of Brooklyn" to me.

We lived on a farm bounded two ways by Wyckoff and Myrtle Avenues. Bleeker Street runs through it now, and Irving Avenue and Ralph Street. I am told the name of the last is to be changed. Have always supposed the street was named for my grandfather, Ralph Lane, a resident on the farm who knows how many years. Please, why must the name go? If to distinguish between it and Ralph Avenue, let me suggest renaming the street "Emmeline"; there is a good reason.

To the Board of Estimate and Apportionment:

Gentlemen—On February 20, 1915, the Trustees of Bellevue and Allied Hospitals requested the segregation of Account No. 2094, Sea Breeze Hospital, \$20,000, for 1915, in accordance with a submitted list of employees. The Bureau of Standards reports thereon as follows:

"On March 1, 1915, the Trustees of Bellevue and Allied Hospitals assumed the maintenance and management of the Sea Breeze Hospital at Rockaway Beach, which is to be used for the sole purpose of the treatment of children afflicted with bone tuberculosis, in accordance with an agreement entered upon between the City of New York and the Association for Improving the Condition of the Poor.

"The appropriation is made conditionally that no charge shall be made against the account until formally released and schedules have been approved by the Board of Estimate and Apportionment.

"The Night Watchman, Carlo Delefino, employed by the contractor at \$40 per month, was engaged for the same purpose and at the same rate of compensation, his services with the City starting on March 1, 1915. "The Trustees of Bellevue and Allied Hospitals have appointed employees at practically the same rates as paid at old hospital under private management.

"The schedule as submitted will care for the hospital on present census, but in order that the same may be properly manned it will be necessary that additional positions be established under section 56 of the Greater New York Charter, as follows:

Hospital Clerk	\$300 per annum
Storekeeper	\$720 per annum

Board of Estimate and Apportionment—Certified Copy of Resolution Relative to the Establishment of the Grade of Position of Janitor of Various Public Schools, at Rates Set Forth in Resolution, Department of Education.

Whereas, By opinions of the Corporation Counsel as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, that the compensation of janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor, Public School 56, The Bronx, per annum.....	\$2,328 00
Janitor, Public School 170, Brooklyn, per month.....	100 00
Janitor, Public School 179, Brooklyn, per month.....	100 00
Janitor, Public School 46, Brooklyn, per annum, less \$221.....	1,800 00

A true copy of resolution adopted by the Board of Estimate and Apportionment, May 21, 1915.

JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Committee on Education, May 10, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On April 28, 1915, the Board of Education requested establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of rates of compensation for janitors of Public Schools 38, 98 B and C and 98 E, Manhattan; 56, The Bronx; 46, 70, 170 and 179, Brooklyn; also for the DeWitt Clinton High School, Brooklyn Training School for Teachers, Jamaica Training School for Teachers and the New York Training School for Teachers.

In connection therewith we report as follows:

For new public school 56, 207th Street (Hull and Decatur Avenues), The Bronx, a rate of \$2,328 per annum, based upon the adopted measurement schedule, is requested, taking effect March 15, 1915, the date upon which the building was fully occupied. For new public schools Nos. 170 (6th and Stewart Avenues, 71st and 72d Streets) and 179 (Avenue C, East 2d and 3d Streets), Brooklyn, a temporary rate of \$100 per month is requested for each school to compensate the janitors who have been assigned to the buildings to prepare them for occupancy.

Temporary rates, which are the regular rates less rent allowance, are requested for each of the following schools:

	Regular Rate.	Rent Allowance.	Temporary Rate.
Public School 70, Brooklyn.....	\$2,604 00	\$221 00	\$2,383 00
Public School 46, Brooklyn.....	1,800 00	221 00	1,579 00

A reduction in the rates of compensation of the janitor of public schools 98 B and C, Manhattan, from \$1,140 to \$900 is proposed, owing to the abandonment of public school 98C for school purposes; a reduction in the rate of compensation of the janitor of public school 98E from \$900 to \$600 is also proposed because this building has been entirely abandoned for school purposes, and the janitor is serving now merely as watchman.

For public school 38, Manhattan, it is proposed to pay the janitor the sum of \$2.25 for cleaning the snow and ice from the sidewalks of the site of old public school 38, Manhattan, on March 8, 1915.

For the following named schools special rates of compensation are proposed for the janitors for services rendered in connection with activities conducted therein other than regular day schools:

Name of School.	For Activity.	Rate of Compensation Proposed.
DeWitt Clinton High School.....	Evening High School.....	\$9 50
Brooklyn Training School for Teachers..	Social Centres for Teachers.	8 50
Jamaica Training School for Teachers....	Social Centres for Teachers.	4 50
New York Training School For Teachers	Social Centres for Teachers.	2 50

The present method of compensating janitors for evening school service, which has been in vogue for many years, is based upon a schedule of rates varying with the number of rooms used a night and allowing a maximum of \$4 per night for 36 or more rooms used. In addition the sum of \$1 is allowed the janitor for the use of a gymnasium, an auditorium or the baths in connection with the evening school.

The following shows the rooms used during the month of March in the evening high school conducted in the DeWitt Clinton High School Building and the compensation which is allowed the janitor based on the aforementioned schedule.

Rate of Compensation Per Night

67 Class rooms	
4 Teachers' rooms	
1 Principal's office	
6 Pupils' Toilets	
78 units used	\$4 00
1 gymnasium used	1 00
21 shower baths used.....	1 00
Total, compensation per night.....	\$6 00

It should be noted in this connection that had there been 36 rooms used, the janitor would have received the same compensation under the adopted schedule as he receives when 78 rooms are used, notwithstanding the fact that the latter calls for the cleaning of 42 more rooms.

It will be apparent from the foregoing that in the case of very large evening schools the present schedule of janitorial compensation does not afford adequate pay for the work involved, owing to the fact that while the schedule of janitorial compensation has remained unchanged since its adoption the use of school buildings for evening activities has been considerably extended. In view of the above facts and the further fact that the DeWitt Clinton High School houses the largest evening school in this city, when making the 1915 budget for the Department of Education, your Board approved the request of the Board of Education to allow a flat rate of \$9.50 per evening to the janitor of the DeWitt Clinton High School for evening school service, and funds for this purpose were appropriated.

We recommend the adoption of the attached resolution granting the request with the exception of the rates proposed for the after school activities conducted in the three training schools upon which your Committee is not yet prepared to submit recommendations. Respectfully,

WM. A. PRENDERGAST, Comptroller; O. GRANT ESTERBROOK, Acting President, Board of Aldermen; Committee on Salaries and Grades.

Board of Estimate and Apportionment—Certified Copy of Resolution Relative to the Establishment of Grade of Position of Probation Officer (Male), \$1,200 Per Annum, Court of Special Sessions.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the Court of Special Sessions, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Probation Officer, male.....	\$1,200 00	3

A true copy of resolution adopted by the Board of Estimate and Apportionment, May 21, 1915.

JAMES MATTHEWS, Assistant Secretary.

Department of Finance, Bureau of Municipal Investigation and Statistics, May 4, 1915.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In accordance with a resolution adopted by the Board of Justices of the Court of Special Sessions on April 15, a request that provision be made for three additional Probation Officers in the Children's Courts of Kings, Queens and Richmond counties, at annual salaries of \$1,200, was presented to your Board at the meeting of April 20th, and referred to the Committee on Salaries and Grades. Investigation establishes the following facts:

It has long been recognized that justice demands fuller knowledge of the environment and previous character of the individual prisoner than the evidence presented in court supplies. An understanding of home conditions is especially essential in children's cases. The Society for the Prevention of Cruelty to Children has hitherto investigated all cases of children awaiting sentence, except in the New York court, where this is among the duties of the regular probation officers.

The purpose of the creation and existence of this society is, however, the protection of children illtreated by adults, and the volume of work of such nature and the limited amount of funds available now compel withdrawal from that part of the investigational work relating to juvenile delinquents. Investigation of improper guardianship cases and others involving adults will be continued, as also the care of children under detention, the maintenance of waiting rooms in the courts, and the collection of payments for institutional charges.

The number of investigations made for the Children's Court, Kings County, from January 1, 1914, to September 30, 1914, was 1,446. An examination of the nature of the cases and the time devoted to them for ten weeks of this period indicates that an average of somewhat more than the full time of one examiner was devoted to delinquency cases. Though the number of cases in the courts of Queens and Richmond is considerably less, poorer transportation facilities make the time and the volume of work for these two counties combined about the same as for Kings County. While the average has been rather less than the full time of three investigators, there are two reasons why three should be allowed: (1) The volume of work is very variable and delay means that children must be held in custody, and (2) the superintendent of the Brooklyn society states that an insufficient staff has for some time made them unable to do this work to their satisfaction. All the present officers paid by the City now have a large number of cases under this supervision, and can undertake no extra duties.

As the records show that the probation officers on the schedule now in force make up the entire number authorized by the Board of Aldermen, the creation of three new positions under that title would have to precede any appointment. Unencumbered balances sufficient in amount having been found in certain salary appropriations of the Department of Finance, and the need for the officers requested being immediate, your committee advise the adoption of the three resolutions appended.

Respectfully submitted. WM. A. PRENDERGAST, Comptroller; O. GRANT ESTERBROOK, President, Board of Aldermen, Committee on Salaries and Grades.

Board of Estimate and Apportionment—Certified Copy of Resolution Relative to the Establishment of the Grades of Position of Clerk, \$1,650 and \$1,260 Per Annum, Register, New York County.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen, the establishment in the office of the Register of New York County, of the grades of position, in addition to those heretofore established, as follows:

Title	Rate Per Annum.	Number of Incumbents.
Clerk	\$1,650 00	1
Clerk	1,260 00	1

JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, May 15, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On January 15, 1915, the Register of New York County requested the establishment, pursuant to the provisions of Section 56 of the Greater New York Charter, of the additional grades of positions for the office of Clerk at \$1,650 per annum and Clerk at \$1,260 per annum for one incumbent in each position. The Bureau of Standards reports thereon as follows:

"The request of the Register is for the establishment of two additional grades of position of Clerk at \$1,650 and \$1,260 per annum, respectively, for one incumbent in each position. In the 1915 budget for the office, the positions of Bookkeeper at \$1,650 per annum and Receiving Clerk at \$1,260 per annum were set up for the purpose of enabling the Register to designate appropriately the position of Patrick H. McKenna as Bookkeeper, and Fred H. Schied as Receiving Clerk. Mr. McKenna has performed

the duties of a bookkeeper in the office for the past fifteen years, and Mr. Sheid has acted as Receiving Clerk for the last five years, the titles of both being that of Clerk. The 1915 budget for the office provided a salary of \$1,650 per annum for Mr. McKenna, and \$1,260 per annum for Mr. Sheid. On account of the refusal of the State Civil Service Commission to change the titles of these employees, it was necessary for the Board of Estimate and Apportionment on February 5, 1915, to modify the salary schedule to include positions of Clerk at \$1,500 and \$1,200 per annum, respectively, and carry \$210 in balance unassigned pending establishment of grades of positions at the salary rates allowed in the 1915 budget."

In view of the fact that the salary rates for both incumbents were particularly determined in the 1915 budget it appears to be only equitable to establish the grades required by the State Civil Service rules to permit payment. We therefore recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; O. GRANT ESTERBROOK, Acting President, Board of Aldermen; Committee on Salaries and Grades.

Amending resolution adopted June 26, 1913, which authorized the issue of \$60,000 corporate stock to provide means for remodeling main hospital, Kings County Hospital, to provide for additional dispensary facilities, and toilets for roof garden, including equipment, under the jurisdiction of the Department of Public Charities—by providing that \$5,000 of said issue shall be used for the above purpose, and the balance—\$55,000—shall provide for the construction and equipment of an addition to Nurses' Home, Kings County Hospital.

Cal. No. 99B. Authorizing the issue of \$20,000 corporate stock for the construction and equipment of an addition to Nurses' Home, Kings County Hospital, under the jurisdiction of the Department of Public Charities.

I also enclose copies of reports of the Committee on Corporate Stock Budget relative thereto. Respectfully,

JAMES MATTHEWS, Assistant Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding ten thousand dollars (\$10,000) to provide means for fire protection work at Willard Parker Hospital, under the jurisdiction of the Department of Health, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller be and is authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, maturing not more than fifteen (15) years after date of issue, the proceeds thereof to the amount of the par value of the stock to be applied to the purpose aforesaid; provided, however, that no encumbrance or expenditure by contract shall be made against the proceeds of corporate stock herein authorized, nor shall bids upon such contracts be advertised for, until after approval by the Board of Estimate and Apportionment of the plans, specifications, estimates of cost and forms of such contracts which shall be submitted to said Board by the Commissioner of Health, nor shall any architect, engineer, expert or departmental employee be engaged or employed as a charge against such proceeds, except after approval by said Board of such employment and of the fee or wage to be paid by preliminary and final contract, voucher, or budget schedule which are to be similarly submitted, unless in the case of departmental employees, such employment is in accordance with schedules approved by said Board.

JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, April 9, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On March 19, 1915, you referred to the Corporate Stock Budget Committee a request from the Commissioner of Health for immediate authorization of \$10,000 corporate stock for the erection of fire escapes on the Research Laboratory building.

The request is not only for the above purpose but also to furnish means to make the changes indicated by the Fire Department as necessary in order to render safe the various buildings of the Willard Parker Hospital.

The Research Laboratory is a six-story building, with one elevator and a stairway winding around the elevator shaft as the only means of exit from the three upper floors. There is a narrow stairway at the east end of the building from the third to the ground floor.

There are about 125 people working in the building, mainly in the upper floors. In case of fire or explosion of chemicals, with resulting acid fumes, there would be grave danger of loss of life, due to panic and probable inability, under present conditions, to use the one means of exit as either fire or fumes would spread rapidly through the elevator shaft and stairways.

It is estimated that the fire escapes, one at each end of the building, will cost about \$3,000, and an enclosure of fire retarding material around stairway and elevator about \$2,500. The remainder of the work required in the building will cost about \$500.

The balance of \$4,000 is necessary to reduce the fire hazard in the Scarlet Fever, Diphtheria, Measles and other buildings of the hospital. The main items consist of fireproof partitions on stairway landings, the replacing of present wood sash by Kalem sash at entrance to fire escapes, and a tank on the Administration building to supply standpipes.

We recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; GEORGE MCANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Committee.

A true copy of resolution adopted by the Board of Estimate and Apportionment, May 21, 1915.

JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, May 3, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On March 12, 1915 you referred to the Corporate Stock Budget Committee a request from the Commissioner of Charities to amend an authorization of June 26, 1913 for \$60,000 of corporate stock by eliminating the words "remodeling Main Hospital, Kings County, to provide for additional dispensary facilities and toilets for roof gardens" and substituting therefor the words "the erection, completion and equipment of an addition to Nurses' Home, Kings County Hospital."

It is proposed to add four stories to the two wings of the present Nurses' Home, making it a five story building throughout, thereby increasing the capacity so as to provide for ninety-eight additional persons. The foundations were built with this end in view.

The bed capacity of the present house is 160, of which 39 have to be used for domestics, leaving 121 for nurses. The bed capacity of the hospital is 1,222, and the average census is over 1,100. In 1914 there were 16,882 cases. This means that, under the most favorable circumstances, with no nurses on sick list and no cases of extreme sickness necessitating constant attendance, each nurse has to take care, on a general average, of about 20 patients. As a rule there are from five to ten nurses sick, as a result of overwork. At the present time there are nineteen sick due to an outbreak of diphtheria.

The report of the Committee on Hospital Inquiry, 1913, states that on the basis of 1,200 beds and 18,000 admissions there should be 240 nurses. Kings County Hospital with 1,222 beds, and 16,882 admissions in 1914, has only 121 nurses. The proposed addition will permit the housing of 98 more.

It has been impossible to take full advantage of the appropriation allowed in the 1915 budget for nursing, on account of the lack of housing facilities.

For the purpose of the original authorization, an architect's contract was entered into, on which \$600 has been paid, and for which a contract liability remains of \$3,586.05. The unencumbered balance in the account is \$55,813.95.

The estimated cost of the proposed addition is \$75,000. The Commissioner of Charities on March 3, 1915, requested an authorization of \$20,000 corporate stock for this purpose, which with the \$55,000 to be made available by transfer will furnish sufficient funds for the desired addition to the Nurses' Home.

We recommend that both requests be granted by the adoption of the attached resolutions, one amending the authorization of \$60,000 so as to make \$55,000 available and the other approving the authorization of \$20,000 for the construction and equipment of the addition of the Nurses' Home, Kings County Hospital. Respectfully,

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 4, 1915.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—At the meeting of your board on February 26, 1915, his Honor the Mayor presented, with his approval, a request from Rosslyn M. Cox, President of the Conference of Mayors of the State of New York, that New York City contribute \$500 to the expenses of that conference and the State Bureau of Municipal Information for the year 1915. The matter was referred to the Comptroller for examination and report.

This city's annual contribution to the conference has been \$50. The officers and members having become convinced of the urgent need of systematic, continuous, cooperative work throughout the year, it is proposed to establish a State Bureau of Municipal Information having a permanent director and supervised by a council of five mayors. The bureau will gather and distribute to city officials of New York State statistical information on municipal questions, including important reports, details of pending legislative bills, plans for new departments, and the practical results of their application. It will also aim at a uniform system of accounting, the codification and standardization of municipal laws and ordinances, legislation in favor of absolute local self government, and the stimulation of public interest in

municipal questions. The reference library of the State will give every assistance possible. The cooperation of city officials, civic organizations, corporations, utility managers, public service commissions and individual experts will be sought.

The expenses for the first year are estimated at \$10,000, the principal items being: Salaries, \$6,400; rent and furniture, \$800; postage, stationary, clippings and multi-graphing, \$1,000. The plan apportions \$500 as the share of cities of the first class and the bureau will not be established until \$10,000 has been pledged.

An arrangement by which our cities may profit more immediately and directly by one another's experience is certainly to be desired and the discussions of the conference during the last five years have emphasized the need of just such services as the bureau proposes to render. It is desirable that New York City should participate in this movement.

Another somewhat analogous plan was outlined by Hon. Rudolph Blankenburg, Mayor of Philadelphia, in a letter addressed to the Mayor of this city on March 4 last, requesting New York City's membership in the Utilities Bureau recently established under the auspices of the Conference of American Mayors. The conference, without committing itself for or against municipal ownership or operation, or between state and local regulation of public service corporations, advocates a local franchise making power and control of any municipally owned utilities. The bureau aims at a concerted and comparative study of the problem of public utilities and as efficient a combination of public officials as now exists among corporate interests.

It is believed that the conduct of the bureau for the first year will entail a minimum expense of \$30,000, which has been apportioned among the larger cities on a basis of population, New York City's share being \$2,000. The general information collected will be furnished on request, but there will be a fee for special researches or such assistance as representation of a city before public service commissions, etc. It is thought that after a few years the bureau will be largely self-supporting.

The organization will be purely non-partisan. The sponsors are the Mayors of Philadelphia, New York, Chicago, Cleveland and Dayton. Messrs. Louis D. Brandeis, Frederick A. Cleveland and Charles R. Van Hise, President of the University of Wisconsin, are among the trustees, as was also the late Frederick W. Taylor.

It has seemed well before advising New York City's subscription to either of these agencies for united municipal action, to obtain assurance of the legal soundness of such application of public moneys. I therefore requested an opinion from Mr. Frank L. Polk, Corporation Counsel, whether the municipal empowering act, chapter 247 of the Laws of 1913, would be an authorization, or article 8 of section 10 of the State Constitution a prohibition. As Mr. Louis H. Hahlo, Acting Corporation Counsel, has expressed the opinion that there is no legal impediment, I recommend the adoption of the resolution attached to this report. Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

The President laid before the Board the following communication from the President of the Borough of Manhattan:

No. 1799.

President, Borough of Manhattan—Request to Amend Resolution Authorizing President, Borough of Manhattan, to Enter Into Contract for Rehabilitation of Additional Parts of City Hall.

City of New York, President of the Borough of Manhattan, Municipal Building, May 17, 1915.

Hon. GEORGE McANENY, President, Board of Aldermen.

Dear Sir—Under date of April 7, 1915, request was made for permission to contract without public letting for the rehabilitation and refurnishing of the City Hall, to the extent of \$47,000.

At a subsequent date your Honorable Board acted upon the request, and on April 27, 1915, a resolution was adopted "authorizing and empowering the President of the Borough of Manhattan to enter into a contract or contracts for the rehabilitation of additional parts of the City Hall," etc., etc.

The resolution omitted the words, "without public letting," which makes it inoperative for the purpose for which it was adopted.

Will you therefore kindly have it amended so as to include the words omitted, and also have added thereto the words "and refurnishing" after the word "rehabilitation."

Your early consideration will oblige, Yours very truly,

E. V. FROTHINGHAM, Acting President, Borough of Manhattan.

Which was referred to the Committee on Public Letting.

The President laid before the Board the following communication from the Commissioner of Public Works of the Borough of Queens:

No. 1800.

Commissioner of Public Works—Request for Issue of Special Revenue Bonds, \$1,250, to Provide Funds for the Purchase of an Automobile for the Use of the Topographical Bureau.

The City of New York, Offices Commissioner of Public Works of the Borough of Queens, Long Island City, May 24, 1915.

To the Honorable, The Board of Aldermen of The City of New York:

Gentlemen—Your approval is hereby requested, in accordance with the provisions of Subdivision 8 of Section 188 of the Charter, of the authorization of an issue of special revenue bonds, amounting to \$1,250, to provide funds for the purchase of an automobile for the use of the Topographical Bureau of this office.

There has been assigned to that bureau for the past two years a five-passenger touring car which has been in constant use by the field force in the various parts of the Borough.

On May 15th, while in the repair shops undergoing an overhauling, the car took fire and was practically destroyed. It is essential that the car be replaced as soon as possible and it is the judgment of the experts who have examined the car that repairs cannot be made with any assurance that it is practical to do so.

I therefore request that your Board pass upon the matter as soon as possible.

Yours very truly,

JAMES A. DAYTON, Commissioner of Public Works, Borough of Queens.

The President laid before the Board the following communication from the Commissioners of the Sinking Fund:

Hon. GEORGE McANENY, President, Board of Aldermen.

Dear Sir—I transmit herewith a certified copy of resolution adopted by the Commissioners of the Sinking Fund at meeting held this day, requesting the Board of Aldermen to recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue Special Revenue Bonds to the amount of \$10,000, the proceeds to be used for making alterations in the Criminal Courts Building, rendered necessary through the establishment of an additional part of the Court of Special Sessions. Very truly yours,

JOHN KORB, JR., Secretary.

A true copy of resolution adopted by the Commissioners of the Sinking Fund, May 19, 1915.

JOHN KORB, JR., Secretary.

MESSAGES FROM THE ACTING MAYOR RESUMED.

The Vice-Chairman laid before the Board the following communication from his Honor the Acting Mayor:

No. 1751.

Communication from the Mayor Disapproving Resolution No. 1751, Entitled "Resolution Authorizing Borough Presidents to Issue Stand Permits."

City of New York, Office of the Mayor, May 25, 1915.

To the Honorable The Board of Aldermen:

Gentlemen—I am returning herewith disapproved proposed Resolution No. 1751, entitled: "Resolution authorizing Borough Presidents to issue stand permits."

This proposed resolution would authorize the Borough Presidents to issue permits for stands or platforms "in connection with religious and civic celebrations" on the streets or sidewalks of the city except where the same have been widened under the direction of the city officials.

Mayor Mitchel vetoed a similar resolution on April 19, 1915, except that the former one did not contain the restriction that no such stands should be erected on streets widened and from which all encroachments had been taken away. I note that Mr. Mitchel in vetoing the previous resolution stated that the size of the stands to be erected was not restricted, and gave this as one of the reasons why he deemed the matter unwise. He also stated that two weeks seemed to be a long time to permit these stands to remain in the highway. I note that neither of these two points raised by the Mayor have been corrected in the resolution now before me.

In talking the matter over with the Police Commissioner he informs me that the Police Department now issues all the permits to ministers or others who desire to speak on religious topics in the streets. As the stands mentioned in the proposed resolution would, to a certain extent, interfere with the traffic controlled by the Police Department, would it not be better to have the issuance of permits, both for the preachers and the stands, emanate from the one department.

For the reasons above set forth I return this proposed resolution disapproved. Respectfully,

GEORGE McANENY, Acting Mayor.

No. 1751.

Resolved, That the presidents of the respective boroughs be and they hereby are authorized, in their discretion, to grant permits for the temporary erection in public streets and places under their respective jurisdictions, of stands, platforms and decorations, for purposes of use in connection with religious and civic celebrations, and upon issuing such permits, to require such security as may be proper to indemnify the City against loss, either during the construction and maintenance of such stands, platforms and decorations, or because of their non-removal, such stands, platforms and decorations to be of such size and style as may be fixed upon the granting of the permit, and such permit to permit such stands, platforms and decorations to exist for a time therein specified, but not exceeding two weeks; provided, that such permits shall only be issued when conducive to the general public welfare, and provided further, that no such permit shall be issued for any stand, platform or decoration which shall interfere with the general use by the public through and over such streets and public places, and that no such permit shall be issued for the erection of any such stand, platform or decoration in any street or public place where the removal of encroaching obstructions has heretofore been compelled by competent authority.

Which was laid over, ordered published in the minutes and printed in full in the CITY RECORD.

ORDINANCES AND RESOLUTIONS.

Alderman Squiers moved that the vote by which Int. No. 1731, S. O., No. 187, a resolution providing for Special Revenue Bonds in the sum of \$10,000 to pay the expenses of the Special Committee appointed to investigate proceedings with respect to the acquisition of real property for all purposes, other than street purposes, was lost, be reconsidered.

Which was adopted.

Whereupon, on motion of Alderman Squiers, the paper was restored to place on the list of Special Orders.

Invitation to Contractors.

Part of the Eastern Parkway Rapid Transit Railroad.

The Public Service Commission for the First District (hereinafter called the "Commission") invites proposals to construct Section No. 1 of Route No. 29, a part of the Eastern Parkway Rapid Transit Railroad.

The points within the City of New York between which the said part is to run and the route or routes to be followed are briefly as follows:

SECTION No. 1. Beginning at a point under Eastern Parkway, in the Borough of Brooklyn, about one hundred and ninety-two (192) feet west of the westerly building line of Nostrand Avenue, curving thence southerly under Eastern Parkway and private property into Nostrand Avenue and extending thence southerly under Nostrand Avenue to a point about two hundred and twenty (220) feet south of the southerly building line of Church Avenue.

The general plan of construction calls for a subsurface railroad having two tracks.

The Contractor will not be required to provide or lay tracks, ties or ballast nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic and the restoration of pavements and other surfaces.

The method of construction will be partly by trench excavation under cover and partly by open trench excavation without cover, as set forth in the form of contract.

Bidders must examine the form of contract and the specifications and contract drawings; must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this Invitation.

The City of New York (hereinafter called the "City") and the Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between the City and said Company for additional rapid transit railroads. The liability of Interborough Rapid Transit Company will be limited to an amount equal to ninety-five per centum (95%) of the total estimated amount to be paid to the Contractor under the Contract.

Partial payments to the Contractor will be made as the work proceeds as provided in the contract.

The Contractor must within twenty-one (21) months from the delivery of the contract complete the Railroad and such other work covered

by the contract as may be necessary to put the Railroad in condition for operation and must complete all other work covered by the contract within twenty-five (25) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of two hundred thousand dollars (\$200,000). As further security fifteen per centum (15%) of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal ten per centum (10%) of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the Contractor.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either of any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
