## DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE  
FRIDAY, MAY 3, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

CHARLES L. CRAIG, Comptroller.

**Bellevue and Allied Hospitals.**

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Thursday, April 4, 1918, at 3.30 p. m.

Present—Mr. Sachs, Trustee, in the chair; Messrs. O'Keeffe, Farley and Sterr, Trustees, and Mr. Coler, Commissioner of the Department of Public Charities, Ex-officio. Excused—Dr. Brannan, the President, and Mr. Paulding and Mr. Wright, Trustees.

Dr. O'Hanlon, the General Medical Superintendent, reported as follows: I am in receipt of a request from Miss Stowers that Drs. Kaplan, Kleiner and Freeman, internes at Gouverneur Hospital, be permitted to ride ambulance. These men were appointed to the staff Feb. 1, 1918. Dr. T. J. Vosburgh, who resigned as Assistant Alienist in October, makes application for reinstatement to his former position. As Drs. Taylor and Miller of the Psychopathic Service have commissions, and will be called within a few days, I recommend that Dr. Vosburgh be reinstated.

On separate motion, duly seconded and carried in each instance action was taken upon the report of the General Medical Superintendent as follows: Drs. Kaplan, Kleiner and Freeman, internes at Gouverneur Hospital, were authorized to ride on ambulance, although they do not meet the hospital requirement of six months residence on the house staff. The reinstatement of Dr. T. J. Vosburgh as Assistant Alienist was approved.

**COMMITTEE REPORTS.**

On behalf of Dr. Brannan, who attended the openings, tabulations of bids received at the office of the Central Purchase Committee on March 28, April 1, and April 3, were presented for (a) stock fruits and vegetables; (b) meats and poultry; (c) canned goods and groceries; (d) oils, greases and lubricants; (e) paints, oils and varnishes; (f) clothing, dry goods, notions, etc. On the recommendation of the Committee on Supplies, contracts were awarded to the low formal bidders in all cases except as hereinafter mentioned. As there was not sufficient funds in the budget code for laundry, cleaning and disinfecting supplies to permit the award of all the lines advertised, the following were rejected: Lines 9, 21, 40, 46 and 48. Bids on line No. 1 were rejected on account of the high prices. On paints, oils and varnishes, bids on lines 29 to 32, inclusive, for turpentine, were rejected on account of the high prices, and purchase authorized in the open market. On canned goods and groceries, line No. 47 was rejected on account of the high price and lack of competition. Bids on line No. 50 were rejected on account of the high prices. Bids on line No. 53 were rejected as the sample submitted did not conform with the kind of tea called for in the specifications. Clothing and dry goods: bids on line No. 5 were rejected for the reason that it appeared that the low bidder did not bid on the samples submitted by the department. Bids received on line No. 18 were rejected on account of the high prices. Bids received on lines Nos. 23, 25, 27, 30 and 32 were rejected on account of the high prices and purchase authorized in the open market. The tie bids received on lines Nos. 58 and 59 were rejected. Bids received on line No. 63 were also rejected. The readvertising for bids on lines Nos. 23, 25, 27, 30, 32 and 63 was authorized.

Mr. Farley reported that on that afternoon he was in conference with Murray Hulbert, Commissioner of the Department of Docks and Ferries, in regard to providing a mooring place for the camp boat "Huddleston," and reported that the Dock Commissioner has obtained the consent of the contractor for the seawall at Corlears Hook Park to moor the boat at that park as shown in detail on the blue print Mr. Farley presented, and that he, the Dock Commissioner, would provide the necessary spiles and build the required cradle for the protection of the boat, and that he would also arrange for the towing of the boat from Bellevue to the new mooring place. All that it is necessary to do further is to obtain from the Department of Parks formal consent

to have the boat moored at that place. After discussion, it was moved, seconded and carried to extend a vote of thanks to the Dock Commissioner for his assistance, and request the Park Department for its consent to have the boat moored at this place. The Committee, consisting of Mr. Farley and Mr. O'Keeffe, appointed to find a proper docking place for the boat "Huddleston," was discharged, with thanks of the Board.

Mr. Farley, on behalf of the Building Committee, reported that the architect was instructed to inquire into and present estimates on the cost of one or two story hollow tile buildings at Fordham Hospital. This subject was continued with the Committee.

The Building Committee reported that they had requested Joseph H. Freedlander, the architect, to furnish an estimate and sketch plan for enlarging the nursery in connection with the maternity ward at Harlem Hospital, which subject the Building Committee has under consideration.

Mr. Farley referred to the need of providing a site for the new building for the Out Patient Department of Harlem Hospital. After discussion, this subject was referred to the Corporate Stock Budget Committee to make provision for the place in the corporate stock budget upon the receipt of an estimate of cost from the architect.

The Finance and Building Committees presented a tentative estimate of the corporate stock requirements of the department for buildings for the years 1918, 1919, 1920 and 1921, and authorized requests for such funds from the Board of Estimate and Apportionment upon the receipt of revised estimates of costs from the architects.

Under date of April 1, 1918, Dr. Brannan presented a request to the Corporation Counsel to take measures to obtain an amendment to the law regarding the payment of salaries to Internes of Bellevue and its allied hospitals, by omitting the words "without pay" from the law which sets forth that "Internes shall serve without pay." On motion, duly seconded and carried, the action of Dr. Brannan was approved.

On motion, duly seconded and carried, the transfer of the following equipment to the Department of Public Charities through the Commissioners of the Sinking Fund was approved: 5 horse ambulances, 1 lot of miscellaneous harness; 1 bay horse, "Mike."

The subject of the shortage of Nurses at the present time was discussed. After consideration, the General Medical Superintendent was instructed to confer with the General Superintendent of Training Schools, with a view to adopting such measures as may be necessary to meet the situation. The following suggestions were made, with this end in view: shortening the term of general training, providing a separate short term course, arranging for a course in practical nursing, if necessary to substitute some of the nursing work by the employment of Attendants, if such can be obtained, for the tuberculosis, psychopathic, alcoholic or other services; providing rapid promotion for hard-working students or bright pupils, and, if necessary, to increase salaries, for which representations will be made to the City authorities, or provide any other proper means to obtain the required number of Nurses.

**COMMUNICATIONS.**

A letter, dated March 14, from the Director of the Tuberculosis Service of Gouverneur Hospital, transmitting the manuscript copy of the report of that Division for 1916 and 1917, which was presented at the last meeting, but action thereon deferred, was considered. After discussion, it was moved, seconded and carried to authorize the transmission of this report, although voluminous, to the City Record for printing, with a few modifications and exclusive of section 7, which is made up primarily of a report of a survey of the clinics made by the Bureau of Municipal Research. There is no record on file that the Department has ever given that Bureau such permission.

Three communications, dated March 26 and April 1, were presented from the

Board of Estimate and Apportionment, transmitting copies of resolutions approving (a) franchise to maintain and use a 12-inch pipe across Gouverneur slip; (b) transfer of funds from City Fund; amendment to salary schedules; employment of measures for Bellevue and Fordham Hospitals; revision of salary sched-

For the removal and final disposition of the ashes and rubbish from steam tugs and other vessels in the harbor, at a price or sum for seven months beginning June 1, 1918.

These prices must be written in full and also be given in figures, and all the materials that are more or less than the quantity as estimated in the "Information to Bidders" shall be received and properly disposed of by the Contractor without any extra or other compensation than the said prices, which said prices shall cover all and every cost of transportation and final disposition, however incurred, from the time that the materials are delivered to the contractor.

In the comparison to ascertain the lowest bid, the following method will be used: Multiply the price or sum bid per cartload for ashes and street sweepings by the total cartloads as shown in the table for the last seven months of the year 1917 in the "Information to Bidders"; multiply the price or sum per cartload for rubbish by the total of cartloads, as shown in the said table, during the same seven months; to the sum of these two items add the prices or sums bid for seven months commencing June 1, 1918, for the ashes from Blackwell's and Randall's Islands, and for the ashes and rubbish from steam tugs and other vessels in the harbor.

Each bid or estimate must be accompanied by certified check on a solvent banking corporation in the City of New York, payable to the order of the Comptroller of the City of New York, for five (5) per centum of the estimated amount for which the work bid for is proposed to be performed during the seven months commencing June 1, 1918, as computed by the method above shown, to ascertain the lowest bid. This check must not be enclosed, but must be handed in separately from the bid.

The Commissioner of Street Cleaning reserves the right to select from the bids or estimates that bid or estimate the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids or estimates.

A special deposit of Ten Thousand Dollars (\$10,000) in cash will be required to be made to the Comptroller of the City of New York on or before the signing, sealing and delivery of the contract; this amount, or the unexpended portion thereof, to be returned to the contractor at the completion of the contract or other termination thereof.

The amount of security required is Two Hundred Thousand Dollars (\$200,000). Blank forms and further information may be obtained at the office of the Department of Street Cleaning, Room 1244, Municipal Building, Manhattan, A. B. MACSTAY, Commissioner.

Dated, May 2, 1918.

The Commissioner of Docks reserves the right to reject, by or before noon on Friday, May 17, 1918, any bid, if in his judgment he deems it to be for the interest of The City of New York so to do, and to return the deposit which accompanied the bid to the bidder who submitted same.

##### TERMS AND CONDITIONS:

The rent shall be payable in four equal quarterly payments in advance.

If, by reason of total or partial destruction from any cause, the premises hereby leased or the structures thereon, including the shed, shall require to be rebuilt, the same shall be so rebuilt under the direction of the Commissioner of Docks, in like manner and similar to the premises destroyed, by and at the expense of the lessee and in accordance with plans and specifications submitted to and approved by the Commissioner of Docks.

In case the lessee shall make default or neglect to make repairs or rebuilding, or to do such painting or dredging for the space of ten (10) consecutive calendar days after notice so to do shall have been given by the Commissioner of Docks, or any proper officer, agent or employee of the Department of Docks and Ferries, then the lease shall be null and void and the lessee shall pay to The City of New York such damages as it may have sustained, or the Commissioner of Docks may, at his option, make such repairs and rebuilding, or do such dredging or painting, and the full cost and expense thereof shall and will be paid by the lessee, on demand, to The City of New York, and no claim for damages or for reduction of rent shall be made by the lessee by reason thereof.

The premises demised, or any part thereof, shall not be used as a stable nor for the sorting or storage of rags, barrels, boxes or refuse of any kind, and the premises shall at all times be kept in a clean and sanitary condition to the satisfaction of the Commissioner of Docks.

The establishment of violation of any of the terms and conditions herein contained as fact, in the judgment of the Commissioner of Docks, shall be sufficient ground for the cancellation of the lease, and in such event the lessee shall make no claim of any kind whatsoever for damages against The City of New York.

The lessee will be required to agree that if at any time during the term hereby created the Commissioner of Docks shall determine to proceed with the work of building or rebuilding wharves, piers, bulkheads, basins, docks or slips within a section or district of the waterfront which shall include the premises hereinbefore described, according to any plan or plans now adopted or approved, or which may hereafter be adopted and approved, and pursuant to any existing or future law, and if the said Commissioner of Docks shall determine that for the purpose of such building or rebuilding it will be necessary to terminate the interest of the lessee in the property hereby leased, or any part thereof, then upon service upon the lessee of written notice from the Commissioner of Docks to that effect the interest of the lessee in the said property or part thereof shall be thereby terminated, and the rent hereby reserved shall cease from the date specified in said notice, and no claim for damages or compensation in favor of the lessee by reason

of the termination of such interest, or to or on account of any construction or improvement that may have been erected by the lessee shall at any time be made by the lessee or by any person or persons acting for him.

The remaining terms and conditions of the lease shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, copies of which may be seen and examined at the office of the Department, Pier "A," foot of Battery pl., North River, Borough of Manhattan.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in full of the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rent or other revenue from the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or less which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.
